BROOKMOUNT EXPLORATIONS INC.
(A Pre-exploration Stage Company)
NOTES TO THE INTERIM FINANCIAL STATEMENTS
February 29, 2004
(Stated in US Dollars)
(Unaudited)

Note 1 Interim Reporting

While the information presented in the accompanying interim three month financial statement is unaudited, it includes all adjustments which are, in the opinion of management, necessary to present fairly the financial position, results of operations and cash flows for the interim periods presented. All adjustments are of a normal recurring nature. It is suggested that these financial

Edgar Filing: BROOKMOUNT EXPLORATIONS INC - Form 10QSB

statements be read in conjunction with the company's November 30, 2003 annual financial statements.

Note 2 Continuanance of Operations

The financial statements have been prepared using generally accepted accounting principles in the United States of America applicable for a going concern which assumes that the Company will realize its assets and discharge its liabilities in the ordinary course of business. At February 29, 2004, the Company had a working capital deficiency of \$20,670, which is not sufficient to meet its planned business objectives or to fund mineral property expenditures and ongoing operations for the next twelve months. The Company has accumulated losses of \$305,111 since its commencement. Its ability to continue as a going concern is dependent upon the ability of the Company to obtain the necessary financing to meet its obligations and pay its liabilities arising from normal business operations when they come due.

Note 3 Commitments

Abitibi West County, Quebec, Canada

The Company acquired five mineral claims located in the Chazel Township, in the Province of Quebec. The Company must file assessment work with a minimum value of CDN\$6,000 not later than November 14, 2004.

Mercedes Property, Junin, Peru

Pursuant to a property acquisition agreement dated for reference July 3, 2003, the Company may acquire a 100% interest in 2,611 hectares located in Central Peru for consideration of \$20,000 cash and 5,000,000 common shares. As at February 29, 2004, the Company has not paid the cash or issued the shares and the agreement has not closed.

Note 4 Capital Stock

Pursuant to an offering memorandum dated July 23, 2003, the Company undertook to sell a minimum of 1,000,000 common shares at \$0.50 per share. At February 29, 2004, the Company had sold 378,114 common shares for proceeds of \$189,526. This amount has been included in share capital at February 29, 2004.

Item 2. Management's Discussion and Analysis or Plan of Operation

FORWARD LOOKING STATEMENTS

This quarterly report contains forward-looking statements that involve risks and uncertainties. We use words such as anticipate, believe, plan, expect, future, intend and similar expressions to identify such forward-looking statements. You

Edgar Filing: BROOKMOUNT EXPLORATIONS INC - Form 10QSB

should not place too much reliance on these forward-looking statements. Our actual results are likely to differ materially from those anticipated in these forward-looking statements for many reasons, including the risks faced by us described in this Risk Factors section and elsewhere in this annual report.

Item 3. Controls and Procedures

As required by Rule 13a-15 under the Exchange Act, within the 90 days prior to the filing date of this report, the Company carried out an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures. This evaluation was conducted by the sole director of the Company, who also acts as the Company's President, the Chief Executive Officer, and the Chief Financial Officer.

Based upon that evaluation, the Company concluded that the disclosure controls and procedures are effective. There have been no significant changes in the Company's internal controls or in other factors, which could significantly affect internal controls subsequent to the date the Company carried out its evaluation.

Plan of Operation

Our plan of operations for the twelve months following the date of this annual report is to complete initial exploration programs on the Brookmount and Mercedes properties. We anticipate that these programs will cost \$10,000 and \$220,000 respectively.

In addition, we anticipate spending \$17,200 on professional fees, \$99,000 on salaries and wages, \$10,000 on travel costs, \$15,000 on promotional expenses and \$50,000 on other administrative expenses.

Total expenditures over the next 12 months are therefore expected to be \$421,200. We will not be able to proceed with either exploration program, or meet our administrative expense requirements, without additional financing.

We will not be able to complete the initial exploration programs on our mineral properties without additional financing. We currently do not have a specific plan of how we will obtain such funding; however, we anticipate that additional funding will be in the form of equity financing from the sale of our common stock. We may also seek to obtain short-term loans from our directors, although no such arrangement has been made. At this time, we cannot provide investors with any assurance that we will be able to raise sufficient funding from the sale of our common stock or through a loan from our directors to meet our obligations over the next twelve months. We do not have any arrangements in place for any future equity financing.

Results Of Operations for Three-Month Period Ended February 29, 2004

We incurred operating expenses in the amount of \$74,351 for the three-month period ended February 29, 2004, as compared to \$5,884 for the comparative period in 2003. At quarter end, we had cash on hand of \$33,703. Our liabilities at the same date totalled \$69,503 and consisted of accounts payable of \$15,575 and \$53,928 due to related parties.
