**Changes in Control**

We are not aware of any or a party to arrangements, including any pledge by any person of our securities, the operation of which may at a subsequent date result in a change of control.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Act), requires our executive officers and directors and persons who beneficially own more than 10% of our common stock to file initial reports of beneficial ownership and reports of changes in beneficial ownership with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms filed by such persons. To the Company's knowledge, no person who, during fiscal year 2012 and during the three-month transition period ended March 31, 2013, was a director or officer of the Company, or beneficial owner of more than 10% of the Company's common stock (which is the only class of securities of the Company registered under Section 12 of the Act), failed to file on a timely basis reports required by Section 16 of the Act, except that Sharon C. Presnell, Chief Technology Officer and Executive Vice President of Research and Development, filed late one Form 4 on August 8, 2012 that reported the acquisition of shares of common stock upon the exercise of stock options. This late filing was due to an administrative oversight by the Company. The foregoing is based solely upon a review by the Company of Forms 3 and 4 relating to the most recent fiscal year as furnished to the Company under Rule 16a-3(d) under the Act, and Forms 5 and amendments thereto furnished to the Company with respect to its most recent fiscal year, and any representation received by the Company from any reporting person that no Form 5 is required.

## COMPENSATION DISCUSSION AND ANALYSIS

The following compensation discussion and analysis is designed to provide stockholders with an understanding of the Company's compensation philosophy and objectives as well as an overview of the analysis that our Compensation Committee performed in setting the compensation for our executive officers. This compensation discussion and analysis summarizes the Compensation Committee's determination of how and why, in addition to what, compensation actions were taken for each person serving as our chief executive officer, our chief financial officer and our three other most highly compensated executive officers (our named executive officers), who were as follows:

Keith Murphy, our Chief Executive Officer and President;

Barry Michaels, our Chief Financial Officer and Corporate Secretary;

Sharon Presnell, our Chief Technology Officer and Executive Vice President of Research & Development;

Eric David, our Chief Strategy Officer; and

Michael Renard, our Executive Vice President of Commercial Operations.

On March 31, 2013, our Board approved the change of our fiscal year end from December 31st to March 31st in alignment with the Company's intention to apply for an initial listing on the NYSE MKT stock exchange. In connection with this change, we are providing information in this compensation discussion and analysis for both the three-month transition period ended March 31, 2013, or the Transition Period, as well as for the 12-month period ended December 31, 2012.

### *Overview of Executive Compensation Program*

On February 8, 2012, Organovo, Inc., a privately held Delaware corporation, merged with and into Organovo Acquisition Corp., a wholly-owned subsidiary of the Company, with Organovo, Inc. surviving the merger as a wholly-owned subsidiary of the Company. Following our reverse merger transaction in February 2012, we formed a Compensation Committee to oversee our executive compensation programs and to determine executive compensation.

Our compensation programs are intended to align our executive officers' interests with those of our stockholders by rewarding their achievement of the specific Company and individual goals established by our Compensation Committee. Our compensation approach is tied to our early stage of development, with the performance goals established by the Compensation Committee focused on advancing our product development and commercialization objectives and, thereby, increasing long-term stockholder value.

In an effort to ensure our compensation practices are comparable to those of similar public biotech companies, the Compensation Committee engaged Compensia, Inc., an independent, national compensation consulting firm (Compensia), in April 2012. Compensia's services included the following:

an assessment of our executive compensation philosophy and plan structures and objectives;

the development of a peer group of companies for compensation comparison purposes;

the collection of competitive compensation levels for our executive positions;

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 8-K

an assessment of our executives' base salaries, cash incentives and equity compensation levels; and

a review of board of director compensation market practices among public biotech companies of comparable size and/or stage. Compensia completed its assessment of our executive compensation program in April 2012 and its assessment of our director compensation program in July 2012.

The Compensation Committee reviews and approves all compensation decisions relating to our executives, including our named executive officers, and oversees and administers our executive compensation programs and plans. Our compensation programs and plans are designed to attract, retain, and incentivize talented executives, to motivate them to achieve our key financial, operational, and strategic goals, and to reward them for superior performance. As we continue to focus on meeting our product development and commercialization milestones, we expect that the specific direction, emphasis, and components of our executive compensation programs will continue to evolve.

During fiscal 2012 and the Transition Period, the objectives of our compensation programs included:

a program structure to attract and retain the most highly qualified executive officers;

appropriate guiding principles, including a comparative peer group and targeted market positioning for different compensation elements;

harmonization of salary, short-term cash incentives, long-term equity incentives, and other compensation benefits for executive officers hired under significantly different circumstances;

alignment of executive compensation, individually and as a team, to the long-term interests of stockholders;

program flexibility to permit the accommodation of appropriate individual circumstances; and

clear, aligned and easily measured performance goals.

Our Compensation Committee implemented changes to our compensation program during fiscal 2012 in connection with our transition from a private to a publicly-traded company. Our Compensation Committee intends to evaluate our compensation philosophy and programs as circumstances require in the future. At a minimum, our Compensation Committee will review executive compensation annually.

### ***Compensation Process***

Beginning in April 2012, our Compensation Committee was responsible for establishing our compensation philosophy and setting the compensation levels for our executive officers. To assist the Compensation Committee, our Chief Executive Officer prepares a report recommending the base salaries, short-term cash incentive targets, and long-term equity incentives for each executive officer. In addition to this report, our Compensation Committee considers relevant market compensation data. The Compensation Committee in its sole discretion may accept or adjust the compensation recommendations it is provided. No executive officer is allowed to be present at the time his or her compensation is being discussed or determined by the Compensation Committee.

***Benchmarking.*** As part of its services, Compensia developed and recommended a peer group of fifteen (15) biotech companies to be used by the Compensation Committee for benchmarking the Company's compensation programs. Each member of the peer group was selected based on an evaluation of the nature of its operations, including its revenues, net income, market capitalization and number of employees. The selected peer group averaged as follows: \$16 million in annual revenues, \$20 million in annual net losses, a market value of \$75 million and 48 employees.

The following companies comprised our peer group (the peer group) for fiscal 2012 and the Transition Period:

Astrom Biosciences  
BioMimetic Therapeutics  
CytRx  
InVivo Therapeutics  
Neuralstem

Arrowhead Research  
Cytokinetics  
Fibrocell Science  
Lpath  
Peregrine Pharmaceuticals

Athersys  
Cytori Therapeutics  
Insmed  
Maxygen  
Rexahn Pharmaceuticals

The Compensation Committee has determined to use the same peer group for fiscal 2013 for purposes of benchmarking the Company's compensation programs.

**Evaluation of Executive Compensation.** At the Compensation Committee's request, in April 2012, Compensia conducted an executive compensation review to benchmark our executive compensation relative to our peer group and to supplemental data from published market surveys. The Compensation Committee used this report to evaluate whether our executive compensation levels, including base salary, short-term cash incentives and long-term equity incentives, were within industry norms. Based on this report, the Compensation Committee determined that the Company's executive compensation programs were more aligned with pre-IPO practices than public company practices, and that the total compensation for all executives was substantially below peer practices due to low base salaries and the lack of cash and equity incentives.

**Determination of Executive Compensation.** In setting compensation for our executive officers, our Compensation Committee's philosophy is to consider market levels of compensation. During 2012, with the assistance of Compensia, the Compensation Committee established a philosophy to target total compensation for our named executives at the 50<sup>th</sup> percentile of market, based on our peer group. Total compensation for this purpose comprises base salary, annual short-term cash incentives and long-term equity incentives.

In addition to market benchmarking, the Compensation Committee reviews the compensation recommendations of our Chief Executive Officer (other than with respect to determining his own compensation), considers the Company's overall performance during the prior fiscal year, each executive's individual contributions during the prior fiscal year, the individual's annual performance reviews based on achievement of annual goals, industry research, and other relevant market data. With respect to new hires, our Compensation Committee considers an executive's background and historical compensation in lieu of prior year performance.

#### **Components of Executive Compensation**

Our current executive compensation program consists of the following components:

base salary;

short-term cash incentives;

long-term equity-based incentives; and

other benefits.

The Compensation Committee endeavors to combine these elements to develop a compensation package that provides competitive pay, rewards the achievement of financial, operational, and strategic objectives and aligns the interests of our executive officers and other senior personnel with those of our stockholders.

**Base Salary:** The Compensation Committee has provided, and will continue to provide, our executive officers with a base salary to compensate them for services provided during the fiscal year. In setting base salaries, our Compensation Committee considers, and will continue to consider, the executive's position, our success in achieving our prior year corporate goals, the individual's contribution and performance during the prior fiscal year, relevant market data, and benchmark levels. The evaluations and recommendations proposed by our Chief Executive Officer are also considered. With respect to new hires, the Compensation Committee considers an executive's background and historical compensation in lieu of prior year performance. Our Compensation Committee evaluates and sets the base salaries for our executives following annual performance evaluations, as well as upon a promotion or other change in responsibility. We expect our Compensation Committee to continue these policies going forward.

In setting the base salaries for our executives for 2012, our Compensation Committee initially did so subjectively based on their research, informal benchmarking, and personal knowledge of companies in the biotech industry. Following the assessment of our compensation programs by Compensia, which was completed in April 2012, the Compensation Committee adjusted certain base salaries effective July 2012 to be more in line with the philosophy to target compensation at the 50<sup>th</sup> percentile of market. The bases salaries of our executive officers for fiscal 2012 and for the Transition Period and fiscal 2013 are set forth in the following table:

Name and Title	2012	Revised 2012	Transition Period and Fiscal 2013
	Base Salary	Base Salary(1)	Base Salary
Keith Murphy, <i>Chief Executive Officer and President</i>	\$ 302,500	\$ 321,000	\$ 330,630
Barry Michaels, <i>Chief Financial Officer and Corporate Secretary</i>	\$ 230,022	\$ 262,500	\$ 270,375
Sharon Presnell, <i>Chief Technology Officer and Executive Vice President of Research &amp; Development</i>	\$ 248,000	\$ 262,500	\$ 270,375
Eric David, <i>Chief Strategy Officer</i>	\$ 270,010	\$ 270,010	\$ 278,110
Michael Renard, <i>Executive Vice President of Commercial Operations</i>	\$ 240,006	\$ 240,006	\$ 247,206

(1) Salary increases effective July 2012.

**Short-Term Cash Incentive Awards.** We did not have a formal cash incentive program prior to July 2012. For the year ended December 31, 2011, the Compensation Committee awarded discretionary bonuses to Messrs. Murphy and Michaels and Ms. Presnell based on their services during fiscal 2011. The Compensation Committee also approved a signing bonus payment for Mr. David upon his acceptance of employment with the Company.

During 2012, with the assistance of Compensia, the Compensation Committee developed and adopted an annual cash incentive plan, which provides executive officers an incentive opportunity as a percent of their base salary based upon the achievement of corporate performance goals evaluated and approved by the Compensation Committee.

For fiscal 2012, the Compensation Committee determined that each named executive officer's annual incentive base, target and stretch bonus opportunity expressed as a percentage of their base salary would be equal to 15%, 30% and 45%, respectively; subject to satisfaction of the applicable performance criteria required for the achievement of the base, target and stretch performance levels. Under the annual cash incentive plan, the Compensation Committee has discretion to determine the actual percentage of the annual incentive award the executives will receive for partial achievement of the performance objectives. For example, if the Company achieves one or more (but not all) of the target performance objectives, the Compensation Committee can award an annual incentive bonus between 15% and 30% of the executive officer's base salary.

Following the conclusion of fiscal 2012, the Compensation Committee evaluated the Company's performance and determined that the annual incentive bonus payable to each of the executive officers would be 29.5% of the executive officer's base salary, resulting in the following payments made in March 2013:

Name and Title	2012 Bonus Potential	2012 Bonus Award	% of Target Potential
	at Target		
Keith Murphy, <i>Chief Executive Officer and President</i>	\$ 92,204	\$ 90,667	98.3
Barry Michaels, <i>Chief Financial Officer and Corporate Secretary</i>	\$ 75,221	\$ 73,967	98.3
Sharon Presnell, <i>Chief Technology Officer and Executive Vice President of Research &amp; Development</i>	\$ 78,851	\$ 77,537	98.3
Eric David, <i>Chief Strategy Officer</i>	\$ 48,290	\$ 47,486	98.3
Michael Renard, <i>Executive Vice President of Commercial Operations</i>	\$ 47,078	\$ 46,293	98.3

**Equity-Based Incentive Awards.** In addition to base salaries and annual cash incentives, the Compensation Committee provides long-term, equity-based incentive awards to our executive officers. These equity-based incentive awards generally consist of options to purchase shares of our common stock and restricted stock units ( RSUs ). The Compensation Committee believes that stock option and RSU awards help further the Company's compensation objectives by encouraging executives to remain with the Company through at least the vesting period for these awards and providing them with an incentive to continue to focus on the Company's long-term financial performance and increasing stockholder value.

The Compensation Committee has and plans to continue to grant long-term equity incentive awards to the Company's executive officers in connection with their initial hire, following promotions and on an annual basis. The guidelines for initial grants are based on the executive's position and the guidelines for annual grants are designed to partially replace the number of options initially granted to the executive at hiring that vest after one year. With respect to new hires, the Compensation Committee will also consider the executive's background and historical compensation when determining the number of options or RSUs to grant to the executive. The actual number of options or RSUs for an executive may be higher or lower than these guidelines, based on their individual performance or extraordinary achievements.

The Compensation Committee approved the following equity awards during fiscal 2012 and the Transition Period:

**2012 Annual Equity Awards.** On April 18, 2012, Mr. Michaels and Ms. Presnell were granted options to purchase 62,500 and 175,000 shares of our common stock, respectively, at an exercise price of \$2.25, the closing price of our common stock on the date of grant.

On August 6, 2012, Mr. Murphy was granted 200,000 time-based RSUs and 200,000 performance-based RSUs. The time-based RSUs vest over four (4) years in equal annual installments. The performance-based RSUs vest upon the achievement of certain performance objectives on or prior to December 31, 2014, including assuring that the Company has adequate working capital to support its business plan, the entry into certain commercial arrangements, the satisfaction of all required qualifications for listing of the Company's common stock on one of the national stock exchanges and certain analyst coverage of, and reports on, the Company. The actual number of shares that vest may be 0% to 100% of the 200,000 performance-based RSUs granted, depending on the achievement of these performance measures.

**New Hire Equity Awards.** On July 23, 2012, Messrs. Renard and David were each granted options to purchase 600,000 shares of our common stock at an exercise price of \$1.65 per share, the closing price of our common stock on the date of grant. 25% of the option shares vest 12 months from the vesting start date, and the remaining options vest on a quarterly basis over the next 12 quarters (for a total vesting period of 48 months from the date of grant).

**Initial Equity Award.** Mr. Michaels did not receive an equity-based award when he joined the Company in 2011. On August 6, 2012, Mr. Michaels was granted 750,000 time-based RSUs. The time-based RSUs vest over four (4) years in equal annual installments.

**Executive Incentive Award Agreements.** In connection with the issuance of the time-based RSUs to Messrs. Murphy and Michaels in August 6, 2012, the Compensation Committee approved executive incentive award agreements for these executive officers. Under the executive incentive award agreements, Messrs. Murphy and Michaels will be allowed to pay applicable federal and state withholding taxes by returning an equivalent number of vested RSUs to the Company for cancellation on the applicable vesting date. If they elect to return shares to the Company for cancellation on an annual vesting date to cover their respective federal and state withholding taxes, these executive officers will automatically be issued on such vesting date a stock option. The number of shares of common stock subject to the stock option will be equal to the number of shares the executive officer

returns to the Company as payment for applicable federal and state withholding taxes and will be fully vested. The exercise price of the stock option will be equal to the closing sale price of the Company's common stock on the applicable vesting date.

**2013 Transition Period Equity Awards.** On March 12, 2013, the Compensation Committee granted each of the named executive officers stock options for fiscal 2013, including an option for 215,000 shares for Mr. Murphy and options for 100,000 shares for each of Ms. Presnell and Messrs. Michaels, David and Renard. Each of the stock options have an exercise price of \$3.93 per share, the closing price of our common stock on the date of grant. The stock options vest over a four year period, with 25% of the shares vesting on January 1, 2014, and the remaining shares vesting quarterly over the next three years.

**Stock and Option Grant Practices.** All long-term equity incentives to our executives, employees, consultants and directors have been granted at no less than the fair market value on the date of the award or grant. The amount of realizable value related to such grants and awards is determined by our stock price on the dates of vesting and, therefore, will be determined by our financial performance in the time after the award but prior to vesting. Whether the stock price moves up or down shortly after the award date is largely irrelevant for purposes of the long-term equity incentives.

The exercise price of any option grant and the value of any RSU award are determined by reference to the fair market value of the underlying shares, which our 2012 Equity Incentive Plan (the Plan) defines as the closing price of our common stock on the date of grant. However, because options have been, and will continue to be, granted at fair market value, such options only have cash value to the holder to the extent that the stock price of our common stock increases during the term of the option. RSUs generally have cash value equal to the current stock price.

Under the Plan, stock option grants generally vest over four years, with 25 percent of the option shares vesting on the one-year anniversary of the vesting commencement date and the remaining option shares vesting on a quarterly basis over the next 12 quarters (for a total vesting period of 48 months from the date of grant). All vesting is subject to continued service to the Company. All options have a 10-year term. Additional information regarding accelerated vesting following a change in control is discussed below under Potential Payments upon Termination or Change in Control.

**Other Benefits.** In order to attract and retain qualified individuals and pay market levels of compensation, we have historically provided, and will continue to provide, our executives with the following benefits:

**Health Insurance** We provide each of our executives and their spouses and children the same health, dental, and vision insurance coverage we make available to our other eligible employees.

**Life and Disability Insurance** We provide each of our executives with the same life and disability insurance as we make available to our other eligible employees.

**Pension Benefits** We do not provide pension arrangements or post-retirement health coverage for our executives or employees, nor do we currently offer a 401(k) plan to employees.

**Nonqualified Deferred Compensation** We do not provide any nonqualified defined contribution or other deferred compensation plans to any of our employees.

**Perquisites** We limit the perquisites that we make available to our executive officers. Our executives are entitled to relocation expenses on their initial hire and other benefits with de minimis value that are not otherwise available to all of our employees.

**Employment Agreements and Severance and Change of Control Benefits**

**Employment Agreement.** We entered into an employment agreement with Mr. Murphy in February 2012. The terms of Mr. Murphy's employment agreement provide for him to receive a base salary per year as determined by the Board or a committee of the Board. The term of the employment agreement expired after one year from the effective date, and automatically renews thereafter, unless we provide Mr. Murphy advanced notice of nonrenewal. Mr. Murphy is also eligible to participate in our annual bonus plan and other short-term incentive compensation plans established for our senior executives by our Board or the Compensation Committee. Mr. Murphy is also entitled to participate in our equity-based incentive plans. Mr. Murphy is not entitled to any severance payments under his employment agreement.

**Severance Benefits.** Pursuant to the terms of their respective offer letters, Mr. Michaels, Ms. Presnell and Mr. Renard are entitled to certain severance benefits in the event of termination for any reason other than cause. Provided that Mr. Michaels, Ms. Presnell or Mr. Renard execute the Company's form Release and Non-Disparagement Agreement in connection with any such termination, each is entitled to three months of his or her respective salary and benefits plus an additional two weeks of salary and benefits for each fully completed year of employment, up to a maximum of six months of total salary and benefits paid. See Potential Payments upon Termination or Change of Control below.

**Change of Control Benefits.** The outstanding equity awards held by the Company's named executive officers provide such named executive officers with accelerated vesting upon the named executive officer's involuntary termination without cause or their voluntary termination for good reason within 12 months of a change in control of the Company.

**REPORT OF THE COMPENSATION COMMITTEE**

## DIRECTOR COMPENSATION

Our directors play a critical role in guiding our strategic direction and overseeing the management of the Company. Ongoing developments in corporate governance and financial reporting have resulted in an increased demand for such highly qualified and productive public company directors. The many responsibilities and risks and the substantial time commitment of being a director of a public company require that we provide adequate incentives for our directors' continued performance by paying compensation commensurate with our directors' workload. Our non-employee directors are compensated based upon their respective levels of Board participation and responsibilities, including service on Board Committees. Mr. Murphy, our President and Chief Executive Officer, receives no separate compensation for his service as a director.

The following table sets forth compensation earned and paid to each non-employee director for service as a director during the three-month transition period ended March 31, 2013 and the fiscal year ended December 31, 2012.

Adam Stern(1)	3 Mo. Transition Period	12,000		12,000
	2012	33,000	52,340	85,340

(1) Mr. Stern resigned from the Board effective June 6, 2013.

(2) These amounts represent the grant date fair value of equity-based awards granted by the Company during the periods presented, determined in accordance with FASB ASC Topic 718. All awards are amortized over the vesting life of the award. For the assumptions used in our valuations, see Note 7 Stockholders' Equity of our notes to consolidated financial statements in the transition report on Form 10-K for the three months ended March 31, 2013, as filed with the SEC.

Our director compensation is overseen by the Compensation Committee, which makes recommendations to the Board of Directors on the appropriate amount and structure of our programs in light of then-current market practice. The Compensation Committee receives advice and recommendations from Compensia, its compensation consultant, with respect to its recommendation on director compensation matters. In September 2012, the Board, based on the recommendation of the Compensation Committee, adopted our current non-employee director compensation policy, pursuant to which nonemployee directors are compensated for their

services on our Board of Directors. With the assistance of Compensia, the Compensation Committee established a philosophy to target total compensation for our non-employee directors at the 50<sup>th</sup> percentile of market, based on our peer group.

Pursuant to this policy, our non-employee directors will receive (i) an annual cash retainer of \$24,000, (ii) an annual cash retainer for service as a Committee Chair, as follows: Audit Committee Chair \$10,000; Compensation Committee Chair \$6,000; and Nominating & Governance Committee Chair \$5,500; and (iii) a fee of \$2,000 per Board meeting attended (whether in person or by telephone) and \$1,000 per Committee meeting attended (whether in person or by telephone). In addition, in the event we appoint a non-employee director to serve either as a Non-Executive Chairman or a Lead Director, such director will receive an annual retainer of \$30,000 if serving as the Non-Executive Chairman or \$18,000 if serving as the Lead Director.

Upon their initial election to the Board, each non-employee director will receive a stock option to acquire that number of shares of the Company's common stock equal to 0.07% of the outstanding shares of common stock of the Company, as of the end of the most recently completed fiscal quarter prior to such director's initial election, with the number of shares subject to the option rounded to the nearest 500 shares (the Initial Option Grant). The Initial Option Grant vests quarterly over three years, subject to accelerated vesting in the event of a change of control. The Initial Option Grant will have an exercise price equal to the fair market value of the Company's common stock on the date of grant. Each of the non-employee directors received an Initial Option Grant in September 2012, except for Ms. Howson who received an Initial Option Grant in June 2013.

In addition, pursuant to this policy, each non-employee director continuing in office after the date of an annual meeting of stockholders will receive a stock option grant with an exercise price equal to the fair market value of a share of the Company's common stock on the day after the annual meeting of stockholders (the Annual Option Grant). The number of shares subject to the Annual Option Grant will be equal to 0.04% of the outstanding shares of common stock of the Company, as of the end of the most recently completed fiscal quarter prior to the date of the annual meeting, with the number of shares subject to the option rounded to the nearest 500 shares and vesting quarterly over three years. Each such Annual Option Grant will vest in full on the earlier of (i) one year from the date of grant or (ii) the next annual meeting of stockholders held by the Company, subject to acceleration in the event of the change of control.

#### **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

As of June 30, 2013, the Compensation Committee consisted of Robert Baltera, Jr., James Glover (Chair) and Tamar Howson. All of the members of the Compensation Committee are non-employee directors. No members of the Compensation Committee have a relationship that would constitute an interlocking relationship as defined by SEC rules.

## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

From January 1, 2012 (the beginning of our 2012 fiscal year) through March 31, 2013, there have not been any transaction or series of similar transactions to which we were or are a party in which the amount involved exceeded or exceeds the lesser of \$120,000 or one percent of the average of our total assets at the applicable year-end and in which any of our directors or executive officers, any holder of more than 5% of any class of our voting securities or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than the compensation arrangements described in Executive Compensation and the transactions set forth below. We believe that we have executed all of the transactions set forth below on terms no less favorable to us than we could have obtained from unaffiliated third parties.

### Forward Split, Split-Off and Share Cancellation

On January 31, 2012, the common stock of Real Estate Restoration and Rental, Inc. ( RERR ), the predecessor of Organovo Holdings, Inc., was forward-split on a 10.5913504 for 1 basis. As a result of this stock split and the subsequent reincorporation of RERR into Delaware, there were approximately 6,000,000 shares of Organovo Holdings, Inc. s ( Holdings Delaware ) common stock issued and outstanding as of January 31, 2012.

In connection with the closing of the reverse merger of Organovo, Inc. (a private Delaware corporation) into Holdings-Delaware on February 8, 2012 (the Merger ), Holdings-Delaware transferred all of its operating assets and liabilities to Organovo Split Corp., a Delaware corporation ( PSOS ), and split-off PSOS (the Split-Off ) through the sale of all of the outstanding capital stock of PSOS to the executive officers, directors and the affiliates of Holdings-Delaware (the Split-Off Shareholders ). In connection with the Split-Off, 5,000,000 shares of common stock held by the Split-Off Shareholders were surrendered and cancelled without further consideration, other than the receipt of PSOS shares. An additional 1,236,000 shares of common stock were cancelled by other shareholders of Holdings-Delaware for no or nominal consideration. Concurrently with the closing of the Merger and in contemplation of the Merger, we completed the initial closing of a private offering (the Offering ) of our securities ( Units ), at a price of \$1.00 per Unit. Each Unit consisted of one share of common stock and a warrant to purchase one share of common stock.

### Transactions with the Placement Agent and its Related Parties

We retained Spencer Trask Ventures, Inc. to serve as our placement agent (the Placement Agent ) in connection with the Bridge Financing (as defined below), the Merger and the Offering as described herein. Adam Stern, one of former directors, was a Senior Managing Director of the Placement Agent when we completed these transactions.

The Placement Agent acted as finder to Organovo in connection with our bridge financing, in which Organovo issued \$1,500,000 in principal amount of its 6% convertible promissory notes due March 31, 2012 (the Bridge Notes ) and warrants to purchase an aggregate of 1,500,000 shares of Organovo s common stock at a price of \$1.00 per share (the Bridge Warrants ) to accredited investors (the Bridge Financing ). The Placement Agent was issued warrants to purchase Organovo warrants that automatically converted into warrants to purchase 20% of the shares of Holdings-Delaware common stock underlying the Units (as defined below) issued upon the conversion of the Bridge Notes in the Offering at a price of \$1.00 per share as compensation for acting as a finder in the Bridge Financing. These warrants were exchanged at the initial close of the Offering for warrants (which are identical to the Placement Agent Warrants (as defined below) discussed below) to purchase 610,155 shares of common stock at an exercise price of \$1.00 per share.

During 2012, concurrently with the closing of the Merger and in contemplation of the Merger, the Company completed three closings of a private placement financing of Units at a purchase price of \$1.00 per Unit (the Offering ). Each Unit consisted of one share of common stock and one warrant to purchase one share of common stock, with an exercise price of \$1.00 per share. In the Offering, the Company raised total gross

proceeds of \$13,722,600 and total net proceeds of \$11,593,066. The Company issued 13,722,600 shares of its common stock and warrants to purchase 15,247,987 shares of its common stock (including warrants to purchase 1,525,387 shares to former holders of the Bridge Notes) exercisable at \$1.00 to investors in the Offering.

We engaged the Placement Agent as our exclusive placement agent in connection with the Offering. For its services, we paid the Placement Agent and its selected dealers total cash commissions of \$1,372,260, paid the Placement Agent an expense allowance of \$411,678 and issued the Placement Agent and its selected dealers five-year warrants (the Placement Agent Warrants ) to purchase 6,099,195 shares of common stock (including 610,155 warrants issued in connection with issuance of the Bridge Notes and subsequently exchanged for new warrants in the Merger).

Prior to the initial closing of the Offering, several related parties to the Placement Agent purchased an aggregate of 219,705 shares of Holdings-Delaware s common stock (2,326,974 shares on a post stock split adjusted basis) from various shareholders of Holdings-Delaware. The aggregate purchase price paid to such shareholders by the related parties for such shares was approximately \$155,000.

The price of the Units was determined following our discussions with the Placement Agent. Among the factors considered in the negotiations were our limited operating history, our history of losses, an assessment of our management and our proposed operations, our current financial condition, the prospects for the industry in which we operate, the prospects for the development of our business with the capital raised in the Offering and the general condition of the securities markets at the time of the Offering. The Offering price of the Units or the exercise price of the Investor Warrants did not necessarily bear any relationship to our assets, book value or results of operations or any other generally accepted criterion of value.

As a result of these transactions, as of April 13, 2012, Mr. Stern reported holding 741,395 shares of common stock and warrants to purchase 360,000 shares of common stock. He also reported indirect beneficial ownership of 158,870 shares owned by ST Neuroscience Partners, LLC, 211,827 shares owned by Pavilion Capital Partners, LLC; and 132,392 shares owned by Piper Venture Partners, LLC.

We have agreed to indemnify the Placement Agent and other broker-dealers who are FINRA members selected by the Placement Agent to offer and sell Units, to the fullest extent permitted by law for a period of four (4) years from the closing of the Offering, against certain liabilities that may be incurred in connection with the Offering, including certain civil liabilities under the Securities Act, and, where such indemnification is not available, to contribute to the payments the Placement Agent may be required to make in respect of such liabilities. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to the Placement Agent, pursuant to the foregoing provisions or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

#### **Warrant Tender Offer**

The Company retained Aegis Capital Corp. to act as its warrant agent for a tender offer in which the Company offered to amend warrants to purchase an aggregate of 14,510,928 shares of common stock to: (i) reduce the exercise price of the warrants from \$1.00 per share to \$0.80 per share of common stock in cash, (ii) shorten the exercise period of the warrants so that they expire concurrently with the tender offer, (iii) delete the price-based anti-dilution provisions contained in the warrants, (iv) restrict the ability of the holder of shares issuable upon exercise of the amended warrants to sell, make any short sale of, loan, grant any option for the purchase of, or otherwise dispose of any of such shares without the prior written consent of the Company for a period of time following the completion of the tender offer. Adam K. Stern, one of former directors, was the Head of Private Equity Banking at Aegis Capital at the time of the tender offer. The Company completed the tender offer on December 21, 2012, resulting in the amendment and exercise of an aggregate of 9,578,344 warrants for an aggregate exercise price of approximately \$7.7 million. As consideration for serving as warrant agent, the Company paid Aegis Capital approximately \$188,000, including \$15,000 in legal fees.

### **Warrant Redemption**

We also agreed to engage Spencer Trask Ventures, Inc. as our warrant solicitation agent in the event the warrants issued to investors in the Offering (the Investor Warrants ) were called for redemption. On February 5, 2013, the Company announced its intention to redeem two classes of outstanding warrants, including the Investor Warrants (the Warrant Redemption ). The Company paid Spencer Trask Ventures, Inc. \$114,780 upon completion of the Warrant Redemption.

### **Related Party Transaction Policy and Procedures**

Pursuant to our Related Party Transaction and Procedures, our executive officers, directors, and principal stockholders, including their immediate family members and affiliates, are prohibited from entering into a related party transaction with us without the prior consent of our Audit Committee or our independent directors. Any request for us to enter into a transaction with an executive officer, director, principal stockholder, or any of such persons' immediate family members or affiliates, in which the amount involved exceeds \$120,000 must first be presented to our Audit Committee for review, consideration and approval. In approving or rejecting the proposed agreement, our Audit Committee will consider the relevant facts and circumstances available and deemed relevant, including, but not limited to, the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products, and, if applicable, the impact on a director's independence. Our Audit Committee shall approve only those agreements that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our Audit Committee determines in the good faith exercise of its discretion.

**PROPOSAL ONE**

**ELECTION OF DIRECTORS**

At the Annual Meeting, our stockholders will vote on the election of two Class II directors to serve for a three-year term until our 2016 Annual Meeting and until their successors are elected and qualified. The Board has unanimously nominated Tamar Howson and Richard Heyman, PhD for election to the Board as Class II directors.

***Vote Required and Board Recommendation***

Under our Certificate of Incorporation and Bylaws, the Class II directors will be elected by a plurality of the votes cast in person or by proxy at the Annual Meeting assuming a quorum is present, which means that the director nominees receiving the highest number of FOR votes will be elected. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum, but will not have any effect on the outcome of the proposal.

Both of the nominees have indicated their willingness to serve if elected, but if either should be unable or unwilling to stand for election, the shares represented by proxies may be voted for a substitute as the Company may designate, unless a contrary instruction is indicated in the proxy.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR AND SOLICITS PROXIES IN FAVOR OF TAMAR HOWSON AND RICHARD HEYMAN, PHD (ITEM 1 ON THE ENCLOSED PROXY CARD).**

Unless otherwise instructed, it is the intention of the persons named in the proxy card to vote shares represented by properly executed proxy cards for the election of each of Ms. Howson and Richard Heyman, PhD.

**PROPOSAL TWO****RATIFICATION OF APPOINTMENT OF MAYER HOFFMAN MCCANN, P.C. AS****THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

In the event our stockholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company's stockholders.

The charter of the Audit Committee requires advance approval of all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by our independent registered public accounting firm, subject to any exception permitted by law or regulation. The Audit Committee has delegated to the Chair of the Audit Committee authority to approve permitted services, provided that the Chair reports any decisions to the Audit Committee at its next scheduled meeting.

**Vote Required and Board Recommendation**

Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote.

Submission of the appointment to stockholder approval is not required. However, the Audit Committee will reconsider the appointment if it is not approved by stockholders.

**PROPOSAL THREE**

**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The Board of Directors is providing stockholders with the opportunity to cast an advisory vote on the compensation of our named executive officers. This proposal, commonly known as a Say on Pay proposal, gives you, as a stockholder, the opportunity to endorse or not endorse our executive compensation programs and policies and the compensation paid to our named executive officers as reported in the Proxy Statement.

The Say on Pay vote is advisory, and therefore not binding on the Compensation Committee or the Board. Although the vote is non-binding, the Compensation Committee and the Board will review the voting results, seek to determine the cause or causes of any significant negative voting, and take them into consideration when making future decisions regarding our executive compensation programs.

The Compensation Committee and the Board have designed the Company's executive compensation programs to implement its core objectives of providing competitive pay, pay for performance, and alignment of management's interests with the interests of our stockholders. Stockholders are encouraged to read the Compensation Discussion and Analysis and Executive Compensation sections of this Proxy Statement for a more detailed discussion of how our compensation programs reflect the Company's core objectives.

**Voting and Board of Directors Recommendation**

The Board believes the Company's executive compensation programs use appropriate structures and sound pay practices that are effective in achieving our core objectives. Accordingly, the Board recommends that you vote in favor of the following resolution:

**RESOLVED**, that the stockholders of Organovo Holdings, Inc. approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules, including the Compensation Discussion and Analysis and Executive Compensation sections of this Proxy Statement.

If a quorum is present, the proposal to approve, on an advisory basis, the compensation of the Company's named executive officers requires the affirmative vote of a majority of the votes cast at the 2013 Annual Meeting. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS (ITEM 3 ON THE ENCLOSED PROXY CARD).**

**PROPOSAL FOUR**

**ADVISORY VOTE ON FREQUENCY OF ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The Company is seeking an advisory vote from its stockholders on the frequency of the advisory vote on executive compensation. The choices are every year, every other year or every third year. In other words, stockholders can recommend how often a proposal like Proposal Three is included in the matters subject to a stockholder vote at an annual meeting.

We believe that our stockholders should have the opportunity to vote on our executive compensation program every year. An annual vote lets our Board and our Compensation Committee know whether our stockholders have concerns about the Company's executive compensation programs on the most timely basis possible. As a result, our Board and our Compensation Committee will be able to evaluate and consider stockholder feedback each year.

The frequency of future stockholder votes on executive compensation is nonbinding. But our Board and Compensation Committee will carefully consider the opinion expressed by our stockholders on this proposal in choosing the frequency of future advisory votes on executive compensation.

**Vote Required and Board Recommendation**

Please mark your proxy card to reflect your preference on this proposal or your decision to abstain. A plurality of votes cast on this proposal will determine the frequency selected by stockholders. Our Board and Compensation Committee both recommend that you select "one year" as the frequency for the advisory vote on executive compensation. If you submit your proxy card but fail to select a preference, your shares will be treated as though you chose a frequency of one year on this proposal.

The approval of this proposal is not a condition to the approval of any other proposals submitted to the stockholders.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE, ON AN ADVISORY BASIS, FOR HOLDING AN ADVISORY VOTE ON EXECUTIVE COMPENSATION EVERY YEAR (ITEM 4 ON THE ENCLOSED PROXY CARD).**

**PROPOSAL FIVE**

**APPROVAL OF AN AMENDMENT TO THE ORGANOVO HOLDINGS, INC.**

**2012 EQUITY INCENTIVE PLAN**

Our Board and stockholders adopted the Organovo Holdings, Inc. 2012 Equity Incentive Plan (the *Plan*) in January 2012. The Plan was later amended with the approval of our Board and our stockholders in October 2012 to revise the performance criteria and existing award limitations on performance awards. On July 10, 2013, our Board approved an amendment to the Plan (the *Plan Amendment*), subject to stockholder approval, to increase the number of shares of our common stock available for issuance under the Plan by 5,000,000 shares. Approval of the Plan Amendment will allow us to continue providing the appropriate equity incentives that are critical to attracting and retaining the best personnel. As of July 1, 2013, 1,569,255 shares of common stock remain available for future awards issued under the Plan.

**Key Features Designed to Protect Stockholders' Interests**

The Plan's design reflects our commitment to strong corporate governance and our desire to preserve stockholder value as demonstrated by the following Plan features:

***Independent Administrator.*** The Compensation Committee of our Board, which is comprised solely of independent, non-employee directors, is the Plan administrator.

***No Evergreen Feature.*** The Plan expires by its terms on a specified date. In addition, the maximum number of shares available for issuance under the Plan is fixed and cannot be increased without stockholder approval. This is why we are requesting stockholder approval for the Plan Amendment.

***Repricing and Reloading Prohibited.*** Stockholder approval is required for any repricing, replacement, or buyout of underwater awards. In addition, no new awards are granted automatically upon the exercise or settlement of any outstanding award.

***No Discount Awards; Maximum Term Specified.*** Stock options and stock appreciation rights must have an exercise price or base price no less than the closing price of our common stock on the date the award is granted and a term no longer than ten years duration.

***Per-Participant Limits on Awards.*** The Plan limits the size of awards that may be granted during any one year to any one participant.

***Award Design Flexibility.*** Different kinds of awards may be granted under the Plan, giving us the flexibility to design our equity incentives to complement the other elements of compensation and to support our attainment of strategic goals.

***Performance-Based Awards.*** The Plan permits the grant of performance-based stock awards that are payable only upon the attainment of specified performance criteria.

***No Liberal Definition of Change in Control.*** The Plan's definition of a change-in-control transaction provides that any award benefits triggered by such a transaction are contingent upon the actual consummation of the transaction, not merely its approval by our Board or stockholders.

Our Compensation Committee has full discretion to determine the number of awards to be granted to participants under the Plan, subject to an annual limitation on the total number of awards that may be granted to any one person. No awards have been granted contingent upon stockholder approval of the Plan Amendment.

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form 8-K

The following is a summary of the principal features of the Plan, as proposed to be amended by the Plan Amendment, but it is qualified in its entirety by reference to the full text of the Plan, as amended, a copy of which is available to any stockholder upon request, and the Amendment, which appears as Appendix A to this Proxy Statement.

### **Background and Purpose of the Plan**

We adopted the Plan to attract and retain the best available personnel for positions of substantial responsibility, to provide incentives to individuals who perform services for us, and to promote the success of our business.

### **Shares Available Under the Plan**

Currently, there are 6,533,986 shares of common stock reserved for issuance under the Plan. The Plan Amendment would increase the number of shares available for issuance by 5,000,000 shares, for an aggregate of 11,533,986 shares of common stock. If an incentive award granted under the Plan expires, terminates, is unexercised or is forfeited, or if any shares are surrendered to us in connection with an incentive award, the shares subject to such award and the surrendered shares will become available for further awards under the Plan. Additionally, shares used to pay the tax or exercise price of an award will become available for future grant or sale under the Plan. To the extent an award under the Plan is paid out in cash rather than shares, the cash payment will not result in reducing the number of shares available for issuance under the Plan. The maximum number of shares subject to awards that may be granted to any individual during any calendar year is 2,000,000 and the maximum aggregate amount of cash that may be paid in cash during any calendar year with respect to awards payable in cash is \$2,000,000.

The number and class of shares of our common stock subject to the Plan, the number and class of shares subject to any numerical limit in the Plan, and the number, price and class of shares subject to awards will be adjusted in the event of any change in our outstanding common stock by reason of any stock dividend, spin-off, split-up, stock split, reverse stock split, recapitalization, reclassification, merger, consolidation, liquidation, business combination or exchange of shares or similar transaction.

### **Administration**

The Compensation Committee of the Board currently administers the Plan (the Administrator). Subject to the terms of the Plan, the Compensation Committee has complete authority and discretion to determine the terms of awards under the Plan.

### **Eligibility and Participation**

Participation in the Plan is open to all of our employees and directors and any person (including an advisor) engaged by us to render services to the Company, as the Administrator may select from time to time. As of the date of this Proxy Statement, three (3) non-employee directors and approximately forty-four (44) employees and other persons rendering services to the Company or any of its affiliates are eligible to participate in the Plan.

### **Grants**

The Plan authorizes the grant to Plan participants of incentive stock options, non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units, performance units, performance shares, and other stock or cash awards intended to comply with Section 162(m) of the Internal Revenue Code (as amended, the Code), as described below:

**Stock Options.** Stock options entitle the participant, upon exercise, to purchase a specified number of shares of common stock at a specified price for a specified period of time. The Administrator may grant incentive and/or non-statutory stock options under the Plan. The exercise price for each stock option shall be determined by the Administrator but shall not be less than 100% of the fair market value of the common stock on the date of grant. The fair market value means, if the stock is listed on any established stock exchange or national market system (e.g., the NYSE MKT), the closing sales price of the stock, or, if the common stock is regularly quoted by a recognized securities dealer, but the selling prices are not reported, the mean between the high bid and low asked prices for the common stock on the day of determination, or in the absence of an established market for the stock, or if the stock is not regularly quoted or does not have sufficient trades or bid prices which would reflect the

stock's actual fair market value, the fair market value of the common stock will be determined in good faith by the Administrator upon the advice of a qualified valuation expert. As of July 1, 2013, the fair market value of a share of our common stock was \$3.95 per share.

Any stock options granted in the form of an incentive stock option will be intended to comply with the requirements of Section 422 of the Code. Only options granted to employees qualify for incentive stock option treatment.

Each stock option shall expire at such time as the Administrator shall determine at the time of grant. No stock option shall be exercisable later than the tenth anniversary of its grant. A stock option may be exercised in whole or in installments. A stock option may not be exercisable for a fraction of a share. Shares of common stock purchased upon the exercise of a stock option must be paid for in full at the time of exercise in cash or such other consideration determined by the Administrator.

**Stock Appreciation Rights.** A stock appreciation right ( SAR ) is the right to receive a payment equal to the excess of the fair market value of a specified number of shares of common stock on the date the SAR is exercised over the exercise price of the SAR. The exercise price for each SAR shall not be less than 100% of the fair market value of the common stock on the date of grant, and the term of an SAR shall be no more than ten years from the date of grant. At the discretion of the Administrator, the payment upon an SAR exercise may be in cash, in shares equivalent thereof, or in some combination thereof.

Upon exercise of a SAR, the participant shall be entitled to receive payment from the Company in an amount determined by multiplying the excess of the fair market value of a share of common stock on the date of exercise over the exercise price of the SAR by the number of shares with respect to which the SAR is exercised.

**Restricted Stock and Restricted Stock Units.** Restricted stock and restricted stock units may be awarded or sold to participants under such terms and conditions as shall be established by the Administrator. Restricted stock and restricted stock units shall be subject to such restrictions as the Administrator determines, including a prohibition against sale, assignment, transfer, pledge or hypothecation, and a requirement that the participant forfeit such shares or units in the event of termination of employment. A restricted stock unit provides a participant the right to receive payment at a future date after the lapse of restrictions or achievement of performance criteria or other conditions determined by the Administrator.

**Performance Stock.** The Administrator shall designate the participants to whom long-term performance stock/units are to be awarded and determine the number of shares, the length of the performance period and the other vesting terms and conditions of each such award. Each award of performance stock/units shall entitle the participant to a payment in the form of shares/units of common stock upon the attainment of performance criteria and other vesting terms and conditions specified by the Administrator. The Administrator may, in its discretion, make a cash payment equal to the fair market value of shares of common stock otherwise required to be issued to a participant pursuant to a performance stock award.

All awards made under the Plan may be subject to vesting and other contingencies as determined by the Administrator and will be evidenced by agreements approved by the Administrator which set forth the terms and conditions of each award.

If performance stock/units are intended to qualify as performance-based compensation under Section 162(m) of the Code, the award must specify a predetermined amount of cash or shares that may be earned by the covered employee to the extent that one or more of the following predetermined performance criteria are attained within a predetermined performance period: (i) earnings per share; (ii) operating cash flow; (iii) operating income; (iv) profit after-tax; (v) profit before-tax; (vi) return on assets; (vii) return on equity; (viii) return on sales; (ix) revenue; and (x) total shareholder return; (xi) return on capital, including but not limited to return on invested capital against a weighted average cost of capital; (xii) return on net assets; (xiii) economic value added; (xiv) market share; (xv) customer service; (xvi) customer satisfaction; (xvii) safety;

(xviii) total stockholder return; (xix) free cash flow; (xx) net operating income; (xxi) operating cash flow; (xxii) return on investment; (xxiii) employee satisfaction; (xxiv) employee retention; (xxv) balance of cash, cash equivalents and marketable securities; (xxvi) product development; (xxvii) research and development expenses; (xxviii) completion of an identified special project; (xxix) completion of a joint venture or other corporate transaction; (xxx) filing of patents; (xxxi) submission and/or publication of scientific works; (xxxii) execution or expansion of strategic partnerships or relationships; or (xxxiii) such other measures as determined by the Compensation Committee consistent with the terms of the Plan.

Performance criteria may be expressed on an absolute basis or relative to a standard specified by the Compensation Committee. Performance criteria have the same meanings as used in our financial statements, or, if such terms are not used in our financial statements, they shall have the meaning applied pursuant to generally accepted accounting principles, or as used generally in our industry. Performance criteria are calculated with respect to the Company and each subsidiary corporation consolidated therewith for financial reporting purposes or such division or other business unit as may be selected by the Compensation Committee. For purposes of the Plan, the performance criteria applicable to an award of performance stock/units is calculated in accordance with generally accepted accounting principles, but prior to the accrual or payment of any award of performance stock/units for the same performance period and excluding the effect (whether positive or negative) of any change in accounting standards or any extraordinary, unusual or nonrecurring item, as determined by the Compensation Committee, occurring after the establishment of the performance criteria applicable to the award of performance stock/units. Each such adjustment, if any, is made solely for the purpose of providing a consistent basis from period to period for the calculation of performance criteria in order to prevent the dilution or enlargement of a covered employee's rights with respect to an award of performance stock/units.

#### **New Plan Benefits and Previously Awarded Options**

Awards that may be granted to eligible persons under the Plan are subject to the discretion of the Compensation Committee, so we cannot currently determine the benefits or amounts that will be received or allocated to our current named executive officers, executive officers as a group, directors who are not executive officers as a group, and employees, including all current officers who are not executive officers, as a group. Consequently, no New Plan Benefits Table is included in this Proxy Statement.

We granted equity awards under the Plan during our fiscal year ended December 31, 2012 and during the three-month period ended March 31, 2013 to our named executive officers, non-employee directors, and other eligible employees. Grants made during our last fiscal year to our named executive officers are reflected in the Grants of Plan-Based Awards table in the Executive Compensation section of this Proxy Statement. Likewise, grants made to our non-employee directors are reflected in the Director Compensation Table in the Director Compensation section of this Proxy Statement. The number of shares subject to awards granted under the Plan during our fiscal year ended December 31, 2012 to all employees (including all current officers who are not executive officers) and consultants as a group was 1,219,940 shares. The number of shares subject to awards granted under the Plan during our the three-month period ended March 31, 2013 to all employees (including all current officers who are not executive officers) and consultants as a group was 343,291 shares.

The following are the number of shares subject to stock options or vendor warrants received by the following persons or groups since the inception of the Plan through March 31, 2013: (i) Keith Murphy: 615,000 shares; (ii) Barry D. Michaels: 912,500 shares; (iii) Sharon Presnell: 275,000 shares; (iv) Eric David: 700,000 shares; (v) Michael Renard: 700,000 shares; (vi) all current executive officers as a group (5 persons): 3,202,500 shares; (vii) all current directors, who are not executive officers, as a group (4 persons): 93,000 shares; and (viii) all employees (including all current officers who are not executive officers) and consultants as a group (approximately 33 persons): 1,532,231 shares.

### **Duration, Amendment, and Termination**

Unless sooner terminated by the Board, the Plan will terminate ten years after its adoption. The Board may amend, alter, suspend or terminate the Plan at any time or from time to time without stockholder approval or ratification, unless necessary and desirable to comply with applicable law. However, before an amendment may be made that would adversely affect a participant who has already been granted an award; the participant's consent must be obtained.

### **Federal Income Tax Consequences**

The following is a general summary of the federal income tax treatment of stock options, which are authorized for grant under the Plan, based upon the provisions of the Code as of the date of this Proxy Statement. Non-U.S. residents should consult with their tax adviser regarding the specific tax consequences as a result of the grant of awards under the Plan in their country of origin. This summary is not intended to be exhaustive and the exact tax consequences to any award holder depend upon his or her particular circumstances and other facts. Plan participants should consult their tax advisor with respect to any state, local and non-U.S. tax considerations or relevant federal tax implications of options granted under the Plan.

***Incentive Stock Options.*** An option holder recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option that qualifies under Section 422 of the Code. Option holders who neither dispose of their shares within two years of the date that the option was granted or within one year following the exercise of the option, normally recognize a capital gain or loss on the sale of the shares equal to the difference, if any, between the sale price and the purchase price of the shares. If an option holder satisfies these holding periods, on the sale of the shares, we are not entitled to any deduction for federal income tax purposes. Where an option holder disposes of shares within two years after the date of grant of those options or within one year after the date of exercise (a disqualifying disposition), the difference between the fair market value of the shares on the exercise date and the option exercise price (which is not to exceed the gain realized on the sale, if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) is taxed as ordinary income at the time of disposition. Any gain in excess of that amount is a capital gain. If a loss is recognized, there is no ordinary income, and such loss is a capital loss. Any ordinary income recognized by the option holder on the disqualifying disposition of the shares generally results in a deduction by us for federal income tax purposes.

***Non-statutory Stock Options.*** Options not designated or qualifying as incentive stock options are non-statutory stock options having no special tax status. An option holder generally recognizes no taxable income as a result of the grant of the option. On the exercise of a non-statutory stock option, the option holder normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the exercise date. Where the option holder is an employee, such ordinary income generally is subject to withholding of income and employment taxes. On the sale of shares acquired by the exercise of a non-statutory stock option, any gain or loss (based on the difference between the sale price and the fair market value on the exercise date), is taxed as a capital gain or loss. No tax deduction is available to us with respect to the grant of a non-statutory stock option or the sale of the stock acquired pursuant to such grant. We should generally be entitled to a deduction equal to the amount of ordinary income recognized by the option holder as a result of the exercise of a non-statutory stock option.

***Deductibility of Compensation.*** The Code allows publicly held corporations to deduct compensation that is in excess of \$1 million paid to the Company's chief executive officer and or any of its three most highly compensated executive officers (other than the chief executive officer and the chief financial officer) if the compensation is payable solely based on the attainment of one or more performance criteria and where certain statutory requirements are satisfied. It is intended that compensation arising from awards granted under the Plan that are based on performance criteria, and stock options and stock appreciation rights, are to be deductible by us as qualified performance-based compensation not subject to the \$1 million limitation on deductibility under the Code. Despite this, we reserve the right to grant awards under the Plan that do not result in qualified performance-based compensation and, as such, may not entitle us to a tax deduction.

**Vote Required and Board Recommendation**

If a quorum is present, approval of the Plan Amendment requires the affirmative vote of a majority of the votes cast at the 2013 Annual Meeting. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote.

#### **PROXY SOLICITATION**

The Company will bear the expenses of calling and holding the Annual Meeting and the soliciting of proxies therefor. This Proxy Statement and the accompanying materials are being made available to stockholders, in accordance with SEC rules, by providing access to these documents on the internet instead of mailing printed copies. If you would like to receive a printed or email copy of our proxy materials, please follow the instructions for requesting the materials in the notice. The Company may consider the engagement of a proxy solicitation firm. Our directors, officers and employees may also solicit proxies by mail, telephone and personal contact, but they will not receive any additional compensation for these activities.

#### **STOCKHOLDER PROPOSALS FOR 2014 ANNUAL MEETING**

Stockholders interested in submitting a proposal for consideration at our 2014 Annual Meeting must do so by sending such proposal to our Corporate Secretary at Organovo Holdings, Inc., 6275 Nancy Ridge Dr., Suite 110, San Diego, California 92121. Under the SEC's proxy rules, the deadline for submission of proposals to be included in our proxy materials for the 2014 Annual Meeting is March 14, 2014. Accordingly, in order for a stockholder proposal to be considered for inclusion in our proxy materials for the 2014 Annual Meeting, any such stockholder proposal must be received by our Corporate Secretary on or before March 14, 2014, and comply with the procedures and requirements set forth in Rule 14a-8 under the Securities Exchange Act of 1934, as well as the applicable requirements of our Bylaws. Any stockholder proposal received after March 14, 2014 will be considered untimely, and will not be included in our proxy materials. In addition, stockholders interested in submitting a proposal outside of Rule 14a-8 must properly submit such a proposal in accordance with our Bylaws.

Our Bylaws require advance notice of business to be brought before a stockholders' meeting, including nominations of persons for election as directors. To be timely, notice to our Corporate Secretary must be received at our principal executive offices not less than 45 days but not more than 75 days prior to the one-year anniversary of the date on which the Company first mailed its proxy materials or a notice of availability of proxy materials (whichever is earlier) for the 2013 Annual Meeting (i.e., July 12, 2014) and must contain specified information concerning the matters to be brought before such meeting and concerning the stockholder proposing such matters. Therefore, to be presented at our 2014 Annual Meeting, such a proposal must be received by the Company on or after April 28, 2014 but no later than May 28, 2014. If the date of the 2014 Annual Meeting is advanced by more than 30 days, or delayed by more than 60 days, from the anniversary date of the 2013 Annual Meeting, notice must be received not earlier than the 120th day prior to such Annual Meeting and not later than the close of business on the later of (i) the 90th day prior to such Annual Meeting or (ii) the 10th day following the day on which the public announcement of the date of such Annual Meeting is first made.

### HOUSEHOLDING OF ANNUAL MEETING MATERIALS

We have adopted householding, a procedure approved by the SEC under which stockholders who share an address will receive a single copy of the Annual Report, Proxy Statement and Notice. This procedure reduces printing costs and mailing fees, while also reducing the environmental impact of the distribution of documents related to the Annual Meeting. If you reside at the same address as another Organovo Holdings, Inc. stockholder and wish to receive a separate copy of the Annual Meeting materials, you may do so by making a written or oral request to: Organovo Holdings, Inc., 6275 Nancy Ridge Dr., Suite 110, San Diego, California 92121, Attn: Corporate Secretary, telephone (858) 550-9994. Upon your request, we will promptly deliver a separate copy to you. The Proxy Statement, the Notice and our Annual Report are also available at [www.proxyvote.com](http://www.proxyvote.com).

Some brokers household proxy materials, delivering a single proxy statement or notice to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, please notify your broker directly. You may also write to: VStock Transfer, LLC, 77 Spruce Street, Suite 201, Cedarhurst, NY 11516, Attention Yoel Goldfelder, and include your name, the name of your broker or other nominee, and your account number(s). Any stockholders who share the same address and currently receive multiple copies of the Annual Report, Proxy Statement and Notice who wish to receive only one copy in the future may contact their bank, broker, or other holder of record, or Organovo Holdings, Inc. at the contact information listed above, to request information about householding.

### ANNUAL REPORT

The Company filed an Annual Report on Form 10-K for the year ended December 31, 2012 and a Transition Report on Form 10-KT for the transition period ended March 31, 2013 with the Securities and Exchange Commission. A copy of the Company's Annual Report on Form 10-K and Transition Report on Form 10-KT will also be made available (without exhibits), free of charge, to interested stockholders upon written request to Organovo Holdings, Inc., 6275 Nancy Ridge Dr., Suite 110, San Diego, California 92121, Attention: Corporate Secretary. Neither the Annual Report on Form 10-K nor the Transition Report on Form 10-KT (which is defined herein as the Annual Report) is incorporated into this Proxy Statement and is not considered proxy-soliciting material.
