**NOTE 1:- GENERAL**

- a. Pointer (Eden Telecom Group) Ltd. ( the Company or Pointer ) was incorporated in Israel in 1993. The Company is engaged in providing motor vehicle locating services through a communications network spread throughout Israel. Through the aforesaid communications network, the Company commenced providing additional services that include: people locating services, motor vehicle fleet management, command and controls services, telemetrics, bi-directional command and wireless data transfer. The motor vehicle locating services are provided through a special license (that is renewed periodically) to provide communications services in the State of Israel, granted to the Company by the Ministry of Communications.

On June 29, 2004, Nexus Telocation Systems Ltd. ( Nexus ) and the shareholders of the Company announced the closing of a definitive agreement, pursuant to which Nexus purchased 86% of the issued share capital of the Company (which together with 14% that Nexus held prior to the agreement, constitutes 100% of the issued share capital of the Company) and the assignment of loans, as described below, in exchange for shares and warrants of Nexus in an amount equal to approximately 26% of the issued share capital of Nexus on a fully diluted basis, post transaction. The warrants are exercisable at an exercise price of \$ 0.044 per share and are exercisable during the period, which is the earlier of (i) April 6, 2006; or (ii) a merger or consolidation of Nexus into any other corporation or corporations where Nexus is not the surviving entity, or the sale of substantially all of the assets of Nexus, in which the shareholders of Nexus hold less than 33% of the outstanding voting power of the successor or surviving corporation immediately following such consolidation, merger, sale of assets or reorganization.

The Company's shareholders that provided loans to the Company in the past assigned these loans to Nexus in consideration for 10,430,087 shares of Nexus. Nexus also undertook to indemnify the Sellers that provided the Company with guarantees in respect of Company's loans to banks in the event the banks will exercise such guarantees, in consideration for 3,288,889 of the Nexus shares. In order to secure such indemnification undertaking, Nexus will issue to such shareholders options to purchase; at no consideration, the equivalent number of Guarantee Shares, in the event Nexus does not meet its indemnification obligations.

Pursuant to the agreement, the options held by the Company's employees were converted into fully vested options to purchase Ordinary shares of Nexus, constituting an aggregate of 2.7% of Nexus' share capital, on a fully diluted basis.

- b. As of June 30, 2004, the Company has a shareholders' deficiency in the amount of approximately NIS 46 million, and a working capital deficiency in the amount of approximately NIS 18 million. In addition, the Company has continuing losses from operations. These conditions raise substantial doubt about the Company's ability to continue as a going concern. In November 2001, the Company's Board of Directors ratified a comprehensive cost cutting plan for the Company, the principal elements of which are: a significant reduction in the Company's entire costs, intensified efforts for collections from customers and increasing the number of customers. In the assessment of the Company's Board of Directors and management, the sustained implementation of the aforesaid cost cutting plan and the continued support of its shareholders will enable the Company to continue its business activities in the foreseeable future.

**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 1:- GENERAL (Cont.)**

These financial statements do not include any adjustments relating to the recoverability of assets amounts and the amounts of liabilities that might be necessary, should the Company be unable to continue as a going concern.

- c. The Company has adopted accounting principles generally accepted in the United States ( U.S. GAAP ) in the preparation of these financial statements. Previously, the Company's financial statements were prepared in accordance with accounting principles generally accepted in Israel.
- d. During the reported period, an agreement for the sale of equipment and the provision of services was reached between the Company and Nexus for expanding the Company's network and to supply products. In accordance with the agreement, the Company committed to Nexus, as determined in the aforesaid agreement, to exclusively purchase a minimum amount of products

## Edgar Filing: NEXUS TELOCATION SYSTEMS LTD - Form 6-K

each year, until the end of 2007. In the event it does not purchase the minimal amount as it committed, the Company shall pay Nexus the difference between the minimal amount and the amount actually purchased. As of the date of these financial statements, the Company is meeting its minimal purchase commitment as it undertook in the aforesaid agreement.

### NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES

- a. The significant accounting policies applied in the annual financial statements of the Company as of December 31, 2003, are applied consistently in these financial statements.
- b. Convenience translation into U.S. dollars:

The adjusted financial statements as of June 30, 2004, have been translated into U.S. dollars using the representative exchange rate of the U.S. dollar as of June 30, 2004 (U.S. \$ 1 = NIS 4.497). The translation was made solely for the convenience of the reader.

The U.S. dollar amounts presented in these financial statements should not be construed to represent amounts receivable, payable or convertible into dollars, unless otherwise indicated in these statements.

### NOTE 3:- COMMITMENTS AND CONTINGENT LIABILITIES

- a. During 2001, the Company entered into a risk-hedging agreement ( the agreement ) with a customer who is the owner of a motor vehicle fleet ( the customer ), according to which, in exchange for the payment for the Company's products and the payment of monthly subscriber fees, the Company will bear the costs in respect to the theft of motor vehicles exceeding a rate of theft as determined in the agreement ( the agreement costs ).

During 2003, the customer claimed that the Company did not meet its commitments in respect of the agreement costs. The Company's management claimed that there was no basis to the customer's claims. In light of this dispute, the parties referred the matter to arbitration.

- b. Several additional lawsuits were filed against the Company in 2004, in a total amount of NIS 1.2 million in respect of malfunctions that occurred in the ordinary course of business. At present, it is impossible to estimate the prospects of these lawsuits to prevail. The Company's management estimates that no material costs will derive to the Company from said lawsuits.
- c. On January 20, 2004, a lawsuit in the amount of NIS 750 thousand was filed against the Company and two additional defendants, alleging that a truck, in which a tracking system was installed, was stolen and was not tracked. The court dismissed this lawsuit. On September 9, 2004, Pointer received a third party notice from one of the additional defendants, seeking indemnification or compensation from Pointer if the court determines that it must pay compensation to the plaintiff in respect of the truck's theft.

The Company must respond to the third party notice by November 15, 2004.

Shagrir will loan approximately \$ 10 million of the purchase price. Shagrir is one of the leading companies in Israel in the field of automobile repair and towing services.

**NOTE 1:- GENERAL**

- a. Nexus Telocation Systems Ltd. ( the Company ) was incorporated in Israel and commenced operations in July 1991. The Company is engaged in the development, production and marketing of low energy and cost effective wireless communications and location based information systems through the application of digital spread spectrum technologies, deployed in Stolen Vehicle Retrieval Applications. The Company shares are traded on the OTC Bulletin Board.
  
- b. On June 29, 2004, the Company announced the closing of a definitive agreement with the shareholders (the Sellers ) of Pointer (Eden Telecom Group) Ltd. ( Pointer ) pursuant to which it purchased all of the outstanding and issued share capital of Pointer not already held by the Company (which together with the Company s 14% prior holding in Pointer (which was accounted for under the equity method from date of acquisition) constitutes 100% of the issued share capital of Pointer) in exchange for shares and warrants of the Company in an amount equal to approximately 26% of the issued share capital of the Company on a fully diluted basis, post transaction. The warrants are exercisable at an exercise price of \$ 0.044 per share and are exercisable during the period which is the earlier of (i) April 6, 2006; or (ii) a merger or consolidation of the Company into any other corporation or corporations where the Company is not the surviving entity, or the sale of substantially all of the assets of the Company, in which the shareholders of the Company hold less than thirty-three percent (33%) of the outstanding voting power of the successor or surviving corporation immediately following such consolidation, merger, sale of assets or reorganization.

The Sellers that provided loans to Pointer in the past assigned these loans to the Company in consideration for 10,430,087 shares of the Company. The Company also undertook to indemnify the Sellers that provided Pointer with guarantees in respect of Pointer s loans to banks in the event the banks will exercise such guarantees, in consideration for 3,288,889 of the Company s shares (the Guarantee Shares ). In order to secure such indemnification undertaking the Company will issue to such Sellers options to purchase, at no consideration, the equivalent number of Guarantee Shares, in the event the Company does not meet its indemnification obligations.

In addition, pursuant to the agreement, a number of options in Pointer, held by its employees, were converted into options to purchase the Ordinary shares of the Company, constituting an aggregate of 2.7% of the Company s share capital on a fully diluted basis.

The consideration comprises the following:

Issuance of 42,915,405 shares of Common Stock	\$ 7,424
Issuance of 24,778,091 warrants	3,221
Issuance of 7,589,620 employees stock options	607
Direct transaction costs	33
	\$ 11,285

Pointer has suffered recurring operating losses and has a working capital deficiency. These conditions raise substantial doubt about Pointer s ability to continue as a going concern.

NOTE 5:- COMMITMENTS

- a. As collateral for its liabilities, the Company has placed floating charges on all of its assets, including the intellectual property and property and equipment in favor of short-term bank credit and long-term loans amounting to \$ 11,464.
- b. In September 2000, the Argentinian subsidiary of the Company entered into a 30-month contract with a third party. Pursuant to the contract, the subsidiary committed to ordering from the third party a minimum level of unit installations and thus make minimum payments. In October 2001 and thereafter, the subsidiary ceased to make minimum payments to the third party. A lawsuit was filed against the subsidiary for payment of the potential debt and, based on a legal opinion, the subsidiary recorded a provision in the amount of \$ 151. The third party sought to secure its claim and in October 2003, an Argentinian court ordered a lien on \$ 86 of accounts receivable owed by a customer to the Argentinian subsidiary to secure part of the potential debt. Such accounts receivable are classified as other accounts receivable.
- c. During 2001, Pointer entered into a risk-hedging agreement ( the agreement ) with a customer who is the owner of a motor vehicle fleet ( the customer ), according to which, in exchange for the payment for Pointer s products and the payment of monthly subscriber fees, Pointer will bear the costs in respect to the theft of motor vehicles exceeding a rate of theft as determined in the agreement ( the agreement costs ).

During 2003, the customer claimed that Pointer did not meet its commitments in respect of the agreement costs. Pointer s management claimed that there was no basis to the customer s claims. In light of this dispute, the parties referred the matter to arbitration.

During the reported period, a settlement was reached between Pointer and the customer, pursuant to which, the customer shall transfer to Pointer the amounts that he owed to Pointer (and which he offset for the alleged non-compliance to the terms of the agreement), whereas Pointer committed to bear the costs in the same amount related to the upgrading and installation of systems in customer vehicles.

- d. Several additional lawsuits were filed against Pointer in 2004, in a total amount of NIS 1.2 million in respect of malfunctions that occurred in the ordinary course of business. At present, it is impossible to estimate the prospects of these lawsuits to prevail. The Company s management estimates that no material costs will derive to Pointer from said lawsuits.
- e. On January 20, 2004, a lawsuit in the amount of NIS 750 was filed against Pointer and two additional defendants, alleging that a truck, in which a tracking system was installed, was stolen and was not tracked. The court dismissed this lawsuit. On September 9, 2004, Pointer received a third party notice from one of the additional defendants, seeking indemnification or compensation from Pointer if the court determines that it must pay compensation to the plaintiff in respect of the truck s theft.

Pointer must respond to the third party notice by November 15, 2004.

On July 20, 2004, the Company's board of directors approved, in principle, the purchase, either directly by the Company or through one of its subsidiaries, of the activities and assets of Shagrir Towing Services Ltd. and Shagrir (1985) Ltd., in consideration for approximately \$ 44,000. Shagrir will loan approximately \$ 10,000 of the purchase price. Shagrir is one of the leading companies in Israel in the field of automobile repair services and towing services. Shagrir has approximately 730,000 subscribers throughout Israel and its fleet of vehicles includes approximately 130 service cars, mobile garages and towing vehicles.

The Company is currently negotiating with financial institutions and strategic investors in order to raise the required funds for the purchase of Shagrir's activities and assets.

The completion of the transaction is subject to achieving of definitive agreements; the completion of due diligence review to the Company's satisfaction; obtaining financing for the transaction; receipt of regulatory approvals; and achieving of service agreements with insurance companies.

- b. In September 2004, a group of investors lead by Gandyr Investments (2004) Ltd., controlled by Dr. Israel Yovel and Mrs. Judith Yovel Recanati, entered into a term sheet with the Company and with Pointer for the purchase of up to 49.9% of the shares of Pointer. The completion of the investment is subject to the completion of the acquisition of Shagrir as well as the completion of a due diligence review satisfactory to the investors, the execution of a definitive agreement and obtaining all regulatory approvals required.
- c. In July 2004, 860,000 warrants were exercised by an investor by way of cashless exercise into 618,576 Ordinary shares.
- d. On November 26, 2002, the Company filed a claim with the Tel-Aviv Magistrate's Court for a permanent injunction against Bank Hapoalim B.M and the China National Electronics Import Export Beijing Company, or CEIEC. In the claim the Company requested that the court prohibit Bank Hapoalim from paying CEIEC any sums pursuant to a guarantee in the amount of \$300 in favor of CEIEC provided to it in the framework of a previous transaction, and to prohibit CEIEC from requesting Bank Hapoalim to pay it any sums pursuant to the guarantee. The Company requested the injunction as a result of unlawful requests made by CEIEC that Bank Hapoalim will pay it the guarantee. Following a hearing, which CEIEC did not attend, on December 31, 2002, the Tel-Aviv Magistrate's Court ruled in the Company's favor and thereby permanently prohibited Bank Hapoalim from paying any funds to CEIEC pursuant to the guarantee and prohibited CEIEC from requesting Bank Hapoalim to pay it any funds pursuant to the guarantee. The Company understands that, sometime in 2003, CEIEC commenced proceedings in China, to which the Company is not a party, for the payment of the guarantee plus interest, at a rate of 0.5% per week, commencing March 2002, and has since received interim judgments in the matter, the exact nature of which is not currently clear to the Company. In August 2004, Bank Hapoalim informed the Company that it may pay to CEIEC the guaranteed sum plus interest and, in such an event, will request that the Company indemnify it for the amount paid. In light of the permanent injunction ordered in the Company's favor in 2002, the Company expects to reject any requests by Bank Hapoalim for indemnification.
