Management Comment

Zwi Williger & Joseph Williger, Co-Chairmen of Willi-Food, commented: "We are pleased to present fiscal year 2017 financial report which shows improvements in sales and net profit. Sales increased by 6% versus fiscal year 2016, and net profit increased by 94%. During the second half of 2017, we began integrating a new senior management team which initiated the introduction of management systems, routines and procedures. These management changes and new management's initiatives allow for organizational stability and provide a solid basis for enhanced future growth. The result for the second half of 2017, since the ownership of the company has been changed, the new management appointed, and the new management's initiatives were introduced, shows improvements in sales, gross profit, operation profit and net profit. Sales in the second half of 2017 increased 12.8% versus sales in the second half of 2016, gross profit in the second half of 2017 increased 13.2% versus second half of 2016, operating profit in the second half of 2017 increased 70.3% versus the second half of 2016 and net profit in the second half of 2017 was NIS 15.2 million as opposed to a loss of NIS1.6 million in second half of 2016."

Fiscal 2017 Summary

Sales for fiscal year 2017 increased by 6.0% to NIS 311.9 million (US\$ 89.9 million) from NIS 294.2 million (US\$ 84.9 million) in fiscal year 2016. The increase in sales was primarily due to an increase in personnel in the sales and trade department and due to a strike at the Ministry of Health in the third quarter of 2016 which limited release of goods from the port and caused a decrease of NIS 6 million in sales in 2016.

Gross profit for fiscal year 2017 decreased by 3.0% to NIS 74.3 million (US\$ 21.4 million) compared to NIS 76.6 million (US\$ 22.1 million) recorded in fiscal year 2016. Gross margins for fiscal year 2017 decreased by 8.5% to 23.8% compared to gross margins of 26% for fiscal year 2016. The decrease in gross margin was primarily due to reductions in the prices of certain of our products as a result of an inventory with a short expiration date that the Company had to sell with lower prices and due to an increase of inventory-storage expenses.

Selling expenses in fiscal year 2017 increased by 6.8% compared to fiscal year 2016 primarily due to an increase in salary expenses resulting from the increase in personnel in the sales and trade department and due to an increase in distribution expenses related to the increase in sales. Selling expenses as a percentage of sales were 13.5%, equal to the selling expenses percentage in fiscal year 2016.

General and administrative expenses increased by 8.7% from fiscal year 2016 to NIS 15.8 million (US\$ 4.6 million) compared to NIS 14.6 million (US\$ 4.2 million). This was mainly due to a NIS 1.3 million (US\$ 0.3 million) write-off in 2016 which was canceled in 2017, with respect to the Company's estimated exposure to Mega Retail Ltd. debts.

As a result, operating profit for fiscal year 2017 decreased by 26.3% to NIS 16.8 million (US\$ 4.8 million) compared to NIS 22.7 million (US\$ 6.6 million) recorded in fiscal year 2016.

Income before taxes for fiscal year 2017 increased by 66.7% to NIS 27 million (US\$ 7.8 million) compared to NIS 16.2 million (US\$ 4.7 million) in fiscal year 2016.

Net profit for fiscal year 2017 increased by 94% to NIS 21 million (US\$ 6.0 million), or NIS 1.58 (US\$ 0.46) per share, from NIS 10.8 million (US\$ 3.1 million), or NIS 0.82 (US\$ 0.23) per share, in fiscal year 2016.

Willi-Food ended fiscal year 2017 with NIS 256.6 million (US\$ 74 million) in cash and securities with no short-term debt. Net cash from operating activities in fiscal year 2017 was NIS 13.0 million (US\$ 3.8 million). Willi-Food's shareholders' equity at the end of December 2017 was NIS 411.6 million (US\$ 118.4 million).

Note regarding a notice of the end of Exclusive Distribution Agreement

On October 19, 2017, the Company's wholly owned subsidiary, Gold Frost Ltd. ("Goldfrost"), received a notice from its Danish producer of dairy products, Arla Foods a.m.b.a ("Arla"), to end their Exclusive Distribution Agreement effective as of December 31, 2017.

As announced by the Company on October 19, 2017, the termination of the Exclusive Distribution Agreement with Arla may have a significant negative impact on the Company's operating results although the Company believes that it will be able to enter into agreements in the near future with alternative suppliers for a portion of the products currently purchased from Arla.

Representatives of Goldfrost and representatives of Arla have met several times and have agreed that Goldfrost may place new orders for additional dairy products produced by Arla to be sold by Goldfrost during the first half of 2018.
