Comments of Management

Commenting on the results, Arnon Toussia-Cohen, President and CEO of RADCOM, said, "We are pleased to report increased revenues and decreased losses compared to the second quarter, together with a slight improvement in our cash position. The improved results reflect the stronger performance of our channels in the Far East, together with relatively stronger sales of Voice Over IP products in all regions. Our successful cost-cutting initiatives continue to significantly reduce all of our operating expenses, resulting in approximately 43% reduction of operating and net losses. Given today's extremely difficult markets, we continue to search out revenue opportunities while improving our technologies, closely managing our expenses, and conserving our cash reserves."

A teleconference to discuss the quarter will be held on Tuesday, October 22, 2002, at 9:00 a.m. EDT. A live broadcast is available through the Company's website, <http://www.radcom.com/>
