EXPLANATORY NOTE - AMENDMENT

ArvinMeritor, Inc. (the “company” or “ArvinMeritor”) is filing this Form 10-K/A to include in its Annual Report on Form 10-K for the fiscal year ended September 30, 2007 (the “Annual Report”), pursuant to Rule 3-09 of Regulation S-X under the Securities Exchange Act of 1934, financial statements and related notes of Meritor WABCO Vehicle Control Systems (“Meritor WABCO”), an unconsolidated joint venture in which the company owns a 50% interest.

Rule 3-09 of Regulation S-X provides that if a 50% or less owned person accounted for by the equity method meets the first or third condition of the significant subsidiary tests set forth in Rule 1-02(w), substituting 20% for 10%, separate financial statements for such 50% or less owned person shall be filed. Meritor WABCO did meet such test as of and for the years ended October 1, 2006 and October 2, 2005 and the company has included in this Form 10-K/A the required audited financial statements for those periods. However, as Meritor WABCO did not meet the significance test as of and for the year ended September 30, 2007, ArvinMeritor is only required to file unaudited financial statements for that period. ArvinMeritor has included in this Form 10-K/A Meritor WABCO’s unaudited financial statements for the year ended September 30, 2007. Item 15 is the only portion of the Annual Report being supplemented or amended by this Form 10-K/A.

Additionally, in connection with the filing of this Form 10-K/A and pursuant to Securities and Exchange Commission (“SEC”) rules, ArvinMeritor is including currently dated certifications. This Form 10-K/A does not otherwise update any exhibits as originally filed and does not otherwise reflect events occurring after the original filing date of the Annual Report. Accordingly, this Form 10-K/A should be read in conjunction with ArvinMeritor’s filings with the SEC subsequent to the filing of the Annual Report.

PART IV

Item 15. Exhibits and Financial Statement Schedules.

(a) Financial Statements, Financial Statement Schedules and Exhibits.

(1) Financial Statements.

The following financial statements and related notes were filed as part of the Annual Report filed with the SEC on November 19, 2007 (all financial statements listed below are those of the company and its consolidated subsidiaries):

Consolidated Statement of Operations, years ended September 30, 2007, 2006 and 2005.

MERITOR WABCO VEHICLE CONTROL SYSTEMS

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEAR ENDED SEPTEMBER 30, 2007 (Unaudited)

1. FORMATION AND OWNERSHIP STRUCTURE

Description of the Business — Meritor WABCO Vehicle Control Systems (the “Company”) (formerly Rockwell WABCO Vehicle Control Systems) was formed on December 7, 1989, as a joint venture between WABCO Automotive Control Systems, Inc. (“WABCO”), a subsidiary of American Standard Inc., and Rockwell Brake Systems, Inc. (“Rockwell”), a subsidiary of Rockwell International (“Corporation”) (together, the “Partners”), and began operations on February 1, 1990. In 1997, Meritor Automotive, Inc. (“Meritor”) was spun out of Rockwell. As a part of this transaction, Rockwell’s partnership interest in the Company was transferred to Meritor Brake Systems, Inc. On July 31, 2007, Wabco Holdings Inc. was spun off by American Standard Inc. Wabco Holdings Inc. is now the parent of WABCO. The Company’s principal business is the sale of antilock braking and conventional air systems and other vehicle control systems for use on medium and heavy-duty trucks, buses, and trailers. Capital contributions and returns are made in equal proportions to maintain each Partner’s interest in the Company at 50%. All items of income or expense are allocated to the Partners in proportion to their respective cumulative capital contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Inventories — Inventories are stated at the lower of cost or market, using standard costing, which approximates actual cost on a first-in, first-out basis. Inventory at September 30, 2007, consists principally of components held for resale and includes approximately \$8,260,000 of inventory in transit.

Property and Equipment — Property and equipment is stated at cost. Depreciation on property and equipment is calculated using the straight-line method over the estimated useful lives of the assets, which are 3 to 25 years. Expenditures for maintenance and repairs are charged to operations. Expenditures for betterments or major renewals are capitalized and depreciated over their useful lives.

Foreign Currency — The Company purchases a significant portion of productive inventory from related parties in Europe. The Company has an agreement with certain of these related parties whereby if the difference between the currency exchange rate at the time of purchase and an agreed-upon currency exchange rate exceeds 3%, the Company and the related party share the foreign currency gain or loss equally. The Company settles significant currency fluctuations with certain related parties through the payable owed to those parties (see Note 3). The Company uses the U.S. dollar as its functional currency. The Company’s share of foreign currency gains or losses is reflected in income currently. The Company had foreign currency losses of approximately \$1,221,700 in 2007.

Revenue Recognition — The Company recognizes revenue upon shipment of product to customers when title and risk of loss pass to the customer.

Income Taxes — No provision for income taxes has been made as it is the Partners’ responsibility for federal, state, and local income taxes.

Warranty — Substantially all warranty claims are the responsibility of the product supplier. The Company processes claims on behalf of the product supplier. Certain warranty claims presented by customers that do not meet the warranty coverage terms provided by the product supplier may be paid by the Company. Payment of these claims is based on approval of the Company and is discretionary as the Company has not warranted such products. Amounts paid are recorded as expense in the period that the Company approves of such claims.

Estimates — The preparation of the Company’s financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. RELATED-PARTY TRANSACTIONS

The Company has no employees, but purchases employee and other services from the Partners. Total expenses for services from related parties during the year ended September 30, 2007 recorded in cost of goods sold and other operating expenses were as follows:

Meritor Brake Systems, Inc.	\$20,111,037
American Standard Inc.	<u>1,855,242</u>
Total	\$21,966,279

Additionally, during the year ended September 30, 2007, the Company purchased approximately \$137,632,666 in productive inventory from related parties and recorded sales of approximately \$31,771,840 to related parties.

4. SALES AND ACCOUNTS RECEIVABLE

The Company had significant sales to five major customers in 2007. Sales made to these customers in total and as a percentage of total sales made by the Company during 2007 are disclosed in the table below. In addition, accounts receivable from these customers as of September 30, 2007 is disclosed in the table.

2007

Customer	Percentage of		Accounts Receivable
	Total Sales	Sales	
		(In millions)	
1	24	% \$ 50	\$ 2
2	24	50	7
3	13	27	2
4	12	25	3
5	7	15	2

A majority of the Company's sales are to manufacturers of heavy-duty trucks and trailers. Many of the Company's automotive industry customers are unionized, and work stoppages or slowdowns experienced by them could have an adverse effect on the Company's results of operations. Substantially, all of the receivables are from companies operating in the domestic transportation equipment industry.

5. CONTINGENCIES

The Company is involved in various legal proceedings, which arose in the ordinary course of its business. Although it is reasonably possible that the cases and the unasserted claim could have judgments rendered against the Company, the Company believes it has valid defenses against such proceedings and has instructed its legal counsel to contest these matters vigorously. No estimates of potential liability to the Company can be determined at this time. No amounts have been recorded as a liability for these proceedings as of September 30, 2007.

6. PARTNERS' CAPITAL

The summary of partners' capital accounts for the year ended September 30, 2007, is as follows:

	Meritor	WABCO	Total
Balance — September 30, 2006	16,331,724	16,331,724	32,663,448
Net income for the year	5,916,714	5,916,714	11,833,428
Distributions	<u>(10,000,000)</u>	<u>(10,000,000)</u>	<u>(20,000,000)</u>
Balance — September 30, 2007	\$12,248,438	\$12,248,438	\$24,496,876

7. COMMITMENTS

The Company leases its principal operating facility, a warehouse located in Hebron, Kentucky. The lease commenced on October 1, 1999. The initial lease term was for a period of five years. In 2004, the Company exercised an option to extend the lease term through October 31, 2009. Upon expiration, the Company will have the option to renew for an additional period of five years through October 31, 2014. The lease agreement requires current monthly rentals plus the tenant's share of property taxes and operating expenses. In addition, the Company leases office space in Troy, Michigan, from one of the joint venture partners on a month-to-month basis. Lease payments are made monthly. Total rental expense was approximately \$1,223,264 for the year ended September 30, 2007. Future minimum lease payments for the years ending September 30, 2008 and 2009 are \$415,000 and \$439,000, respectively.

and Independent Auditors' Report

INDEPENDENT AUDITORS' REPORT

To the Members of the Partnership Committee of

Meritor WABCO Vehicle Control Systems:

We have audited the accompanying balance sheets of Meritor WABCO Vehicle Control Systems (the "Company") as of September 30, 2006 and 2005, and the related statements of net income and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Company as of September 30, 2006 and 2005, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Inventories—Inventories are stated at the lower of cost or market, using standard costing, which approximates actual cost on a first-in, first-out basis. Inventory at September 30, 2006 and 2005, consists principally of components held for resale and includes approximately \$15,131,000 and \$15,893,000, respectively, of inventory in transit.

Property and Equipment—Property and equipment is stated at cost. Depreciation on property and equipment is calculated using the straight-line method over the estimated useful lives of the assets, which are 3 to 25 years. Expenditures for maintenance and repairs are charged to operations. Expenditures for betterments or major renewals are capitalized and depreciated over their useful lives.

Foreign Currency—The Company purchases a significant portion of productive inventory from related parties in Europe. The Company has an agreement with certain of these related parties whereby if the difference between the currency exchange rate at the time of purchase and an agreed-upon currency exchange rate exceeds 3%, the Company and the related party share the foreign currency gain or loss equally. The Company offsets significant currency gains with certain related parties against the payable owed to those parties (see Note 3). The Company uses the U.S. dollar as its functional currency. The Company’s share of foreign currency gains or losses is reflected in income currently. The Company had foreign currency losses of approximately \$738,076 and \$5,459,377 in 2006 and 2005, respectively.

Revenue Recognition—The Company recognizes revenue upon shipment of product to customers when title and risk of loss pass to the customer.

Income Taxes—No provision for income taxes has been made as it is the Partners’ responsibility for federal, state, and local income taxes.

Warranty—Substantially all warranty claims are the responsibility of the product supplier. The Company processes claims on behalf of the product supplier. Certain warranty claims presented by customers that do not meet the warranty coverage terms provided by the product supplier may be paid by the Company. Payment of these claims is based on approval of the Company and is discretionary as the Company has not warranted such products. Amount paid are recorded as expense in the period that the Company approves of such claims.

Estimates—The preparation of the Company’s financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. RELATED-PARTY TRANSACTIONS

The Company has no employees, but purchases employee and other services from the Partners. Total expenses for services from related parties during the years ended September 30, 2006 and 2005, recorded in cost of goods sold and other operating expenses, were as follows:

	2006	2005
Meritor Brake Systems, Inc.	\$20,487,640	\$20,463,529
American Standard Inc.	<u>1,528,790</u>	<u>1,993,174</u>
Total	\$22,016,430	\$22,456,703

Additionally, during the years ended September 30, 2006 and 2005, the Company purchased approximately \$158,522,218 and \$176,878,905, respectively, in productive inventory from related parties and recorded sales of approximately \$29,592,000 and \$23,426,000 to related parties, respectively.

4. SALES AND ACCOUNTS RECEIVABLE

The Company had significant sales to five major customers in 2006 and five in 2005. Sales made to these customers in total and as a percentage of total sales made by the Company during 2006 and 2005 are disclosed in the table below. In addition, accounts receivable from these customers as of September 30, 2006 and 2005 is disclosed in the table.

Customer	2006			2005		
	Percentage of Total Sales	Sales (In millions)	Accounts Receivable	Percentage of Total Sales	Sales (In millions)	Accounts Receivable
1	24 %	\$ 60	\$ 9	22 %	\$ 59	\$ 11
2	27	68	2	26	69	3
3	12	30	5	11	30	5
4	11	28	6	11	29	3
5	11	27	2	8	22	4

A majority of the Company's sales are to manufacturers of heavy-duty trucks and trailers. Many of the Company's automotive industry customers are unionized, and work stoppages or slowdowns experienced by them could have an adverse effect on the Company's results of operations. Substantially, all of the receivables are from companies operating in the domestic transportation equipment industry.

During the years ended September 30, 2006 and 2005, the Company wrote off accounts receivable of \$799,315 and \$439,020, respectively, and had collections on amounts previously reserved for of \$112,817 and \$364, respectively. There was no balance in allowance for doubtful accounts at September 30, 2004.

5. CONTINGENCIES

The Company is involved in various legal proceedings, which arose in the ordinary course of its business. The proceedings involve plaintiffs with various physical injuries including fatalities. There are multiple defendants involved in the cases. In addition, the Company has an unasserted claim made against it related to patent infringement. Although it is reasonably possible that the cases and the unasserted claim could have judgments rendered against the Company, the Company believes it has valid defenses against such proceedings and has instructed its legal counsel to contest these matters vigorously. No estimates of potential liability to the Company can be determined at this time. No amounts have been recorded as a liability for these proceedings as of September 30, 2006.

7. COMMITMENTS

The Company leases its principal operating facility, a warehouse located in Hebron, Kentucky. The lease commenced on October 1, 1999. The initial lease term was for a period of five years. In 2004, the Company exercised an option to extend the lease term through October 31, 2009. Upon expiration, the Company will have the option to renew for an additional period of five years through October 31, 2014. The lease agreement requires current monthly rentals plus the tenant's share of property taxes and operating expenses. In addition, the Company leases office space in Troy, Michigan, from one of the joint venture partners on a month-to-month basis. Lease payments are made monthly. Total rental expense was approximately \$1,164,529 and \$1,143,450 for the years ended September 30, 2006 and 2005, respectively.

Future minimum lease payments for the fiscal years ending September 30, are as follows:

**Years Ending
September 30**

2007	\$415,000
2008	415,000
2009	415,000
