LLOYDS TSB GROUP - INVESTOR PRESENTATION

## Edgar Filing: LLOYDS TSB GROUP PLC - Form 6-K

Lloyds TSB Group will today hold a series of presentations for investors and analysts, to outline business strategies for the Group's three main divisions: UK Retail Banking and Mortgages, Insurance and Investments, and Wholesale and International Banking.

The content of the presentations will address the Group's plans to deliver organic growth over the next few years, by developing the Group's core retail and corporate franchises and key distribution strengths. The Group considers that its clearer focus on organic growth and new business operating model will start delivering improved performance by the second half of 2004. Over the next few years, this will support the Group's objective to build a strong customer franchise, grow its earnings and thereby increase its dividend cover.

The Group's capital planning to support anticipated business growth aims to ensure a minimum total capital ratio of 9 per cent, and the Group expects its capital ratio requirements for 2003-2004 to be met without business disposals. Continued growth in risk-weighted assets, of mid-to-high single digit percentage growth per annum, can be financed from expected retentions and debt issuance.

Live and recorded webcasts of the presentations will be available on the Group's website [www.lloydstsb.com](http://www.lloydstsb.com). The live webcast will commence at 9.30 a.m.
