PROXY STATEMENT

Annual Meeting of Stockholders

To Be Held April 29, 2004

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Cabot Oil & Gas Corporation (the "Company") of proxies for use at its 2004 Annual Meeting of Stockholders, to be held at the Company's corporate headquarters, 1200 Enclave Parkway, Houston, Texas, on Thursday, April 29, 2004, at 8:30 a.m., or any adjournment or postponement thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. You may revoke your proxy at any time prior to its use by a written communication to Ms. Lisa A. Machesney, Corporate Secretary of the Company, or by a duly executed proxy bearing a later date.

Stockholders attending the Annual Meeting may vote their shares in person even though they have already executed a proxy. Properly executed proxies not revoked will be voted in accordance with the specifications thereon at the Annual Meeting and at any adjournment thereof. Proxies on which no voting instructions are indicated will be voted **FOR** the election of the candidates named herein and **FOR** Proposals II and III and in the best judgment of the proxy holders on any other matters that may properly come before the meeting.

Only holders of record of the Company's Common Stock, par value \$.10 per share ("Common Stock"), as of the close of business on March 11, 2004, are entitled to vote at the Annual Meeting. As of that date, the Company had outstanding and entitled to vote 32,461,878 shares of Common Stock. Each share of Common Stock is entitled to one vote per share. There is no provision for cumulative voting. A quorum for the consideration of business at the Annual Meeting consists of a majority of all outstanding shares of stock entitled to vote at the Annual Meeting. The Proxy Statement and form of Proxy are being first sent or given to shareholders on or about March 19, 2004.

In accordance with Delaware law, a stockholder entitled to vote for the election of directors can withhold authority to vote for all nominees for director or can withhold authority to vote for certain nominees for director. Abstentions and broker non-votes (proxies submitted by brokers that do not indicate a vote for a proposal because they do not have discretionary voting authority and have not received instructions as to how to vote on that proposal) are counted as present in determining whether the quorum requirement is satisfied. For purposes of determining the outcome of any question as to which the broker has physically indicated on the proxy that it does not have discretionary authority to vote, these shares will be treated as not present and not entitled to vote with respect to that question, even though those shares are considered entitled to vote for quorum purposes and may be entitled to vote on other questions. Because the vote required for approval of Proposals II and III is a majority of the shares present in person or by proxy at the meeting and entitled to vote on the proposal, abstentions will have the same effect as votes against the proposal, but broker non-votes will not generally affect the outcome of the voting on the proposal. Because New York Stock Exchange rules require the total votes cast on Proposal II to constitute a majority of the outstanding Common Stock in order for Proposal II to be approved, broker non-votes could prevent the adoption of Proposal II if they were to result in less than a majority of the outstanding Common Stock being voted on the proposal.

PROPOSAL I.

ELECTION OF DIRECTORS

The Board of Directors is divided into three classes of directors serving staggered three-year terms. Robert F. Bailey and John G. L. Cabot have been nominated for election at the Annual Meeting for terms of three years, each to hold office until the expiration of his term in 2007 and until his successor shall have been elected and shall have qualified. Messrs. Bailey and Cabot are currently directors of the Company. In March 2003, Mr. C. Wayne Nance resigned from the Board of Directors and in September 2003 he was re-elected to the Board of Directors by the Board of Directors.

It is the intention of the persons named in the enclosed form of proxy to vote such proxies **FOR** the election of Messrs. Bailey and Cabot for terms of three years. If any one of the nominees is not available at the time of the Annual Meeting to serve, proxies received will be voted for substitute nominees to be designated by the Board of Directors or, in the event no such designation is made by the Board, proxies will be voted for a lesser number of nominees. In no event will the proxies be voted for more than the number of nominees set forth below.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF MESSRS. BAILEY AND CABOT TO THE BOARD OF DIRECTORS.

Certain Information Regarding Nominees and Directors

CORPORATE GOVERNANCE MATTERS

Board of Directors Independence

The Company's Corporate Governance Guidelines require that at least a majority of the Company's directors be independent under by the New York Stock Exchange (NYSE) listing standards and all other applicable legal requirements. Additionally, all members of the audit committee, compensation committee and corporate governance and nominations committee are required to be independent.

As contemplated by NYSE listing standards, the board has adopted categorical standards to assist it in making independence determinations, under which relationships that fall within the categorical standard are not required to be disclosed in the proxy statement and their impact on independence need not be separately discussed. The board, however, considers all material relationships with each director and all facts and circumstances it deems relevant in making its independence determinations. A relationship falls within the categorical standard if it:

Is a type of relationship addressed in Section 303A 2 (b) of the NYSE Listed Company Manual, but under those rules does not preclude a determination of independence;

Is a type of relationship or transaction addressed in Item 404 of Regulation S-K, but under that regulation does not require disclosure; or

Consists of charitable contributions by the Company to an organization where a director is an executive officer and does not exceed the greater of \$1 million or 2% of the organization's gross revenue in any of the last 3 years.

The Board of Directors has determined that each director's relationship with the Company, with the exception of Mr. Dinges, Chief Executive Officer, falls within the categorical standard and that all directors, with the exception of Mr. Dinges, are independent. Further, the Board of Directors has determined that all members of the audit committee, compensation committee and corporate governance and nominations committee are independent.

Corporate Governance Guidelines

In 2003, the Board of Directors adopted the Cabot Oil & Gas Corporation Corporate Governance Guidelines. These guidelines outline the functions and responsibilities of the board, director qualifications, and various processes and procedures designed to ensure effective and responsive governance. The guidelines are reviewed from time to time in response to changing regulatory requirements and best practices and are revised accordingly. The full text of the Corporate Governance Guidelines can be found on the Company's website [at www.cabotog.com](http://www.cabotog.com) under the Corporate Governance section and a copy will be provided, without charge, to any shareholder upon request.

Code of Business Conduct

All employees, officers and directors are required to comply with the Company's long-standing Code of Business Conduct to help ensure that the Company's business is conducted in accordance with the highest standards of moral and ethical behavior. The Code of Business Conduct covers

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

all areas of professional conduct including, conflicts of interest, customer relationships, insider trading, financial disclosure, intellectual property and confidential information, as well as requiring strict adherence to all laws and regulations applicable to the Company's business. Employees, officers and directors annually are required to reply to a Code of Conduct Questionnaire, which is designed to elicit information related to any known or possible violation of the Code. The full text of the Code of Business Conduct can be found on the Company's website at www.cabotog.com under the Corporate Governance section and a copy will be provided, without charge, to any shareholder upon request.

Executive Sessions of the Board of Directors

The Board of Directors holds an executive session of the non-management directors during each of its regularly scheduled meetings. The executive sessions are presided over by each director, on a rotating basis, in alphabetical order.

Communications between Shareholders and the Board of Directors

The Company's Board of Directors has a process for shareholders to send communications to the board. That process can be found in Item 9 of the Company's Corporate Governance Guidelines found at the Company's website [at www.cabotog.com](http://www.cabotog.com). Communications should be sent as follows:

Vice President and Corporate Secretary

Corporate Legal Department

(281)589-4808 (fax)

(Outside the U.S. or U.S. long distance-call collect)

lisa.machesney@cabotog.com (email)

All communications received as described above and intended for the Board of Directors, a committee of the Board of Directors, an individual director, or the non-management directors as a group will be relayed to the appropriate directors.

Annual Meeting Attendance

The Company's policy is that it expects all members of the Board of Directors to attend the Company's annual meetings. In 2003, all members of the board attended the annual meeting.

Board of Directors and Committee Meeting Attendance

The board of directors held four meetings during 2003. All directors attended 100% of the meetings of the Board of Directors and of the committees held while they were members during 2003.

Director Compensation

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

During 2003 directors who are not employees of the Company received an annual fee of \$50,000 (\$53,000 for committee chairmen), payable quarterly, for their services on the Company's Board of Directors and its committees. With the exception of the executive committee members, directors are further compensated \$500 for telephonic special meetings of the Board of Directors or its committees, \$1,000 for in-person special meetings of the Board of Directors or its committees and \$1,000 for attendance at business meetings when requested by the Chairman of the Board of Directors. Members of the executive committee are compensated \$1,000 per meeting.

Non-employee directors currently receive nondiscretionary automatic grants of non-qualified options to purchase 10,000 shares of the Common Stock at a price equal to 100% of the fair market value on the date first elected to the Board of Directors under the Second Amended and Restated 1994 Non-employee Director Stock Option Plan. In addition, non-employee directors currently receive a nondiscretionary automatic grant of a non-qualified option to purchase an additional 5,000 shares of Common Stock at each annual meeting of stockholders under the Second Amended and Restated 1994 Non-employee Director Stock Option Plan. Directors who are employees of the Company receive no additional compensation for their duties as directors. All directors were reimbursed for travel expenses incurred for attending all Board and committee meetings. (See Proposal II regarding the 2004 Incentive Plan.)

Director Mandatory Retirement

It is the policy of the Board of Directors that directors of the Company retire at the Annual Meeting following a director's 73rd birthday.

Information on Standing Committees of the Board of Directors

The Board of Directors has five standing committees: the corporate governance and nominations committee, the audit committee, the compensation committee, the safety and environmental affairs committee and the executive committee. Membership on each committee during 2003 is as discussed below. All standing committees, with the exception of the executive committee, are composed entirely of non-employee and independent directors.

Corporate Governance and Nominations Committee - The corporate governance and nominations committee (the CGN committee) is composed of four members: Messrs. Floyd (Chairman), Nance, Peacock and Vititoe. During 2003, the CGN committee held five meetings. Each member of the CGN committee satisfies the independence requirements of the NYSE listing standards. The CGN committee charter is available to shareholders on the Company's website at www.cabotog.com and a copy will be provided, without charge, to any shareholder upon request.

The CGN committee will consider director candidates recommended by shareholders. Under its charter, the CGN committee seeks out and evaluates qualified candidates to serve as board members as necessary to fill vacancies or the additional needs of the board, and consider candidates recommended by shareholders and management of the Company. Any stockholder desiring to propose a nominee to the Board of Directors should submit such proposed nominee for consideration by the CGN committee, including the proposed nominee's qualifications, to Ms. Lisa A. Machesney, Corporate Secretary, Cabot Oil & Gas Corporation, 1200 Enclave Parkway, Houston, Texas 77077.

The CGN committee seeks to select candidates who have personal and professional integrity, who have demonstrated ability and judgment and who shall be effective, in conjunction with the other nominees and board members in collectively serving the long-term interests of the shareholders.

The CGN committee generally identifies nominees through recommendations made by incumbent directors. A resume is reviewed and if merited, an interview follows. A qualified candidate identified by a shareholder follows the same committee process. There are no differences in the manner in which the CGN committee evaluates nominees for director based on whether the nominee is recommended by a shareholder or recommended by the incumbent directors.

Audit Committee - The audit committee is composed of four members: Messrs. Cabot (Chairman), Bailey, Kelley and Peacock. During 2003, the audit committee held four meetings. Each member of the audit committee satisfies the financial literacy and independence requirements of the NYSE listing standards. The Board has determined that Messrs. Cabot and Kelley meet the requirements of an audit committee financial expert as defined by the Securities and Exchange Commission. The audit committee charter, adopted in December 2003 is attached to this proxy statement as Appendix A and is available to shareholders on the Company's website at www.cabotog.com.

The function of the audit committee is to review and report to the Board of Directors with respect to various auditing and accounting matters, including overseeing the integrity of the financial statements of the Company, the compliance by the Company with legal and regulatory requirements, the selection, independence, qualifications, performance and compensation of the Company's independent auditors and the performance of the Company's internal audit function.

It is the policy of the audit committee to pre-approve all audit, review or attest engagements and permissible non-audit services, including the fees and terms thereof, to be performed by the independent auditors, subject to, and in compliance with, the *de minimis* exception for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934 and the applicable rules and regulations of the SEC.

The audit committee has delegated to any member of the audit committee authority to pre-approve permissible services to be performed by the independent auditors. Decisions of a member to pre-approve permissible services must be reported to the full audit committee at its next scheduled meeting.

Compensation Committee - The compensation committee is composed of four members: Messrs. Vititoe (Chairman), Cabot, Floyd and Kelley. During 2003, the compensation committee held two meetings. Each member of the compensation committee satisfies the independence requirements of the NYSE listing standards. The compensation committee charter is available to shareholders on the Company's website at

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

www.cabotog.com and a copy will be provided, without charge, to any shareholder upon request.

The function of the compensation committee is to recommend to the Board of Directors the annual compensation of the Chief Executive Officer, to provide counsel and oversight of the annual compensation of the other officers of the Company, to review the annual compensation of the directors, to oversee and make recommendations to the Board of Directors with respect to incentive compensation plans and equity based plans and other executive benefit plans, and to provide guidance in the area of employee benefits.

-7-

Safety and Environmental Affairs Committee The safety and environmental affairs committee is composed of three members: Messrs. Bailey (Chairman), Floyd and Vititoe. During 2003, the safety and environmental affairs committee held two meetings. Each member of the safety and environmental affairs committee satisfies the independence requirements of the NYSE listing standards.

The function of the safety and environmental affairs committee is to review the Company's safety and environmental management programs and evaluate major hazard analyses. From time to time, it also reviews the nature of and extent of Company spending for safety and environmental compliance and consults with outside and internal advisors regarding the management of the Company's safety and environmental programs.

Executive Committee The executive committee is composed of four members: Messrs. Peacock (Chairman), Cabot, Dinges and Nance. During 2003, the executive committee held one meeting.

The function of the executive committee is to exercise all power and authority of the Board of Directors, except as limited by the Company's by-laws or applicable law.

PROPOSAL II.

2004 INCENTIVE PLAN

APPROVAL OF 2004 INCENTIVE PLAN

On February 17, 2004 the Board of Directors approved, subject to stockholder approval, the Cabot Oil & Gas Corporation 2004 Incentive Plan (the "2004 plan"). The Board has elected to propose this new incentive compensation plan at this time in order to:

present stockholders with the opportunity to assess and approve incentive compensation provided by the Company;

enable certain compensation agreements to meet the requirements of Section 162(m) of the Internal Revenue Code necessary for the deductibility of certain performance-based compensation; and

authorize additional shares for issuance pursuant to the Company's equity incentive compensation strategy, since as of March 1, 2004, only 220,115 shares remain available for awards under the Company's existing equity compensation plans.

The 2004 plan is intended to strengthen the Company's ability to attract and retain talented employees, consultants, and directors and to reward them for making contributions to the success of the Company. The 2004 plan should also align the interests of the Company's employees, consultants, and directors to the interests of stockholders.

If stockholders approve the 2004 plan, then no additional awards will be granted under the Company's existing equity compensation plans (the Cabot Oil & Gas Corporation Second Amended and Restated 1994 Long-Term Incentive Plan and Second Amended and Restated 1994 Nonemployee Director Stock Option Plan) from and after the date of the stockholder meeting. Any previously granted awards that are

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

outstanding under the existing equity plans will remain outstanding in accordance with their terms.

The 2004 plan is intended to provide a means to pay annual incentive compensation as well as long-term equity incentive compensation to our employees, consultants, and directors. The Company expects that the types of awards that will be used for officers under the 2004 plan will initially be primarily performance shares and restricted stock. See 2004 Performance Share Grants below.

The 2004 plan will provide automatic stock option awards to new nonemployee directors, as well as discretionary awards to nonemployee directors as described below under Description of 2004 Plan Nonemployee Director Awards.

Description of the 2004 Plan

The following is a summary of the material terms of the 2004 plan and is qualified in its entirety by reference to the complete text of the 2004 plan, which is attached to this proxy statement as Appendix B.

Eligibility. Employees and consultants of the Company and its subsidiaries are eligible to be considered for awards under the 2004 plan. All nonemployee directors are also eligible to be considered for awards under the 2004 plan. We currently have approximately 350 employees and seven nonemployee directors.

Shares Available for Awards. Up to 1,700,000 shares of Common Stock may be issued under the 2004 plan, together with the shares reserved but not subject to outstanding awards under the Company's existing equity compensation plans (220,115 additional shares as of March 1, 2004). No more than 600,000 of these shares may be used for stock awards that are not subject to the achievement of performance based goals, and no more than 1,000,000 of the shares may be issued pursuant to incentive stock options. Shares of Common Stock will be made available either from authorized but unissued shares or from treasury shares that have been issued but reacquired by the Company. The closing price per share of the Common Stock on March 11, 2004 as reported on the NYSE composite transaction reporting system was \$29.75.

Shares subject to awards under the 2004 plan or the Company's existing equity compensation plans that are forfeited, terminated, expire unexercised, settled in cash, withheld to satisfy tax obligations or otherwise lapse will become available for awards under the 2004 plan. In addition, shares tendered to satisfy the purchase price of an award or satisfy tax withholding obligations under the 2004 plan or the Company's existing equity compensation plans will become available for awards under the 2004 plan. Shares delivered in settlement, assumption, or substitution of awards granted by another entity as a result of an acquisition or under an acquired entity's plan will not reduce the number of shares available under the 2004 plan to the extent allowed under the rules of the New York Stock Exchange.

The Board of Directors may make appropriate adjustments in the number of shares available under the 2004 plan to reflect any stock split, stock dividend, recapitalization, reorganization, consolidation, merger, combination or exchange of shares, distribution to stockholders (including cash dividends that the Board of Directors determines are not in ordinary course of business but excluding normal cash dividends) or other similar event.

Administration. The compensation committee has initially been designated by the Board of Directors to administer all employee and consultant awards under the 2004 plan. The compensation committee has the discretion to determine the employees and consultants who will be granted awards, the sizes and types of such awards, and the terms and conditions of such awards, subject to the limitations set forth in the 2004 plan. In addition, the compensation committee has full and final authority to interpret the 2004 plan and may, from time to time, adopt rules and regulations in order to carry out the terms of the 2004 plan.

Subject to certain restrictions contained in the 2004 plan, the compensation committee has the discretion to extend the exercisability of an award, accelerate the vesting or exercisability of an award, or otherwise amend the award in a manner that is not adverse to, or is consented to by, the recipient of the award.

The Board of Directors will administer all director awards under the 2004 plan and will have the same powers, duties, and authority with respect to director awards as the compensation committee retains with respect to employee awards.

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

To the extent allowed by applicable law, the Board of Directors or the compensation committee may delegate to another subcommittee of the board of directors or to our chief executive officer or another senior officer the authority to grant awards out of a specified pool of cash or shares under the 2004 plan. The Board of Directors or the compensation committee may also delegate to our chief executive officer and other executive officers its administrative duties under the 2004 plan (excluding its granting authority).

Employee Awards. At the discretion of the compensation committee, employees may be granted awards under the 2004 plan in the form of stock options, stock appreciation rights, stock awards, cash awards or performance awards. Such awards may be granted singly, in combination, or in tandem.

Stock Options. The 2004 plan provides for the granting to employees of incentive stock options, which are intended to comply with Section 422 of the Internal Revenue Code, and non-qualified stock options.

A stock option is a right to purchase a specified number of shares of Common Stock at a specified grant price. All stock options granted under the 2004 plan must have an exercise price per share that is not less than the fair market value (as defined in the 2004 plan) of the Common Stock on the date of grant (and must also be greater than the par value of the Common Stock). All stock options granted under the 2004 plan must have a term of no more than ten years. The grant price, number of shares, terms and conditions of exercise, whether a stock option is intended to qualify as an incentive stock option under the Internal Revenue Code, and other terms of a stock option grant will be fixed by the compensation committee as of the grant date. **However, stock options may not include provisions that reload the option upon exercise, and, without stockholder approval, stock options may not be repriced, including by means of a substitute award.**

The exercise price of any stock option must be paid in full at or before the time the stock is delivered to the optionee. The price must be paid in cash or, if permitted by the compensation committee and elected by the participant, by means of tendering (either by actual delivery or by attestation) previously owned shares of Common Stock or shares issued pursuant to an award under the 2004 plan or another equity compensation plan.

Stock Appreciation Rights. The 2004 plan also provides for the granting of stock appreciation rights, or SARs, to employees. A SAR is a right to receive a payment, in cash or Common Stock, equal to the excess of the fair market value of a specified number of shares of the Common Stock over a specified grant price. A SAR may be granted to the holder of a stock option with respect to all or a portion of the shares of Common Stock subject to such stock option (a tandem SAR) or may be granted separately. The holder of a tandem SAR may elect to exercise either the stock option or the SAR, but not both. All stock appreciation rights granted under the 2004 plan must have a grant price per share that is not less than the fair market value (as defined in the 2004 plan) of a share of Common Stock on the date of grant and a term of no more than ten years. Stock appreciation rights may not include provisions that reload the stock appreciation rights upon exercise.

Stock Awards. The 2004 plan also provides for the granting of stock awards, restricted stock and stock units to employees that consist of grants of Common Stock or units denominated in Common Stock. The terms, conditions and limitations applicable to any stock award will be decided by the compensation committee. At the discretion of the compensation committee, the terms of a stock award may include rights to receive dividends or dividend equivalents.

Cash Awards. The 2004 plan also provides for the granting of cash awards to employees. The terms, conditions and limitations applicable to any cash awards granted pursuant to the 2004 plan will be determined by the compensation committee.

Performance Awards. At the discretion of the compensation committee, any of the above-described employee awards may be made in the form of a performance award. A performance award is an award that is subject to the attainment of one or more future performance goals. The terms, conditions and limitations applicable to any performance award will be decided by the compensation committee.

At the discretion of the compensation committee, certain awards under the 2004 plan will be intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. Section 162(m) generally disallows deductions for compensation in excess of \$1,000,000 for some executive officers unless the compensation qualifies as performance-based compensation. The 2004 plan contains provisions consistent with the Section 162(m) requirements for performance-based compensation.

In making qualified awards, the compensation committee may base a performance goal on one or more of the following business criteria that may be applied to the employee, one or more business units or geographic regions of the Company, or to the Company as a whole: revenue, net income, stock price, market share, earnings per share, other earnings measures, return on equity, return on assets, costs, shareholder value, EBIT, EBITDA, funds from operations, cash flow, cash from operations, net cash flow, net cash flow before financing activities, other cash flow measures, total shareholder return, return on capital, return on invested capital, operating income, after-tax operating income, reserve additions, proceeds from dispositions, production volumes, reserve replacement measures, finding and development costs, total market value, petroleum

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

reserve measures and safety and environmental performance measures. Performance goals need not be based upon an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses. Performance goals may also be based on performance relative to a peer group of companies.

Employee Award Limitations. Under the 2004 plan, no employee may be granted during any calendar year:

stock options and/or SARs covering more than 500,000 shares of Common Stock;

stock awards covering more than 200,000 shares of Common Stock; or

cash awards (including performance awards) in respect of any calendar year having a value determined on the grant date in excess of \$5,000,000.

Consultant Award. The compensation committee may make any of the types of awards available under the 2004 plan to a consultant providing services to the Company or one of its subsidiaries.

Nonemployee Director Awards. Under the 2004 plan, each new nonemployee director is automatically granted an option to purchase 10,000 shares of Common Stock on the date the person first becomes a nonemployee director. The initial grant to a new director will have an exercise price equal to the fair market value of a share of Common Stock on the date of grant, will vest in one-third annual increments on each of the first three anniversaries following the date of grant, and will have a five year term. Additionally, at the discretion of the Board of Directors, nonemployee directors may be granted awards under the 2004 plan in the form of stock options or stock awards. These discretionary awards to directors may be granted singly, in combination, or in tandem. No nonemployee director may be granted discretionary awards consisting of stock options or stock awards covering or relating to more than 7,000 shares of Common Stock during any calendar year.

Deferred Payment. At the discretion of the compensation committee, amounts payable in respect of awards granted under the 2004 plan may be deferred. Any deferred payment may be forfeited if and to the extent that the terms of the applicable award so provide.

Amendment, Modification, and Termination. The Board of Directors may amend, modify, suspend, or terminate the 2004 plan at any time for the purpose of addressing changes in legal requirements or for other purposes permitted by law. However, no amendment shall be effective prior to approval by stockholders of the Company if such approval is required by law or the requirements of the exchange on which the Common Stock is listed. Furthermore, without the prior approval of stockholders of the Company, stock options issued under the 2004 plan will not be repriced.

Effective Date; Term. The 2004 plan will be effective as of the date of approval by stockholders. No awards may be made following the tenth anniversary of the date of stockholder approval.

Performance Share Grants

In February 2004, the compensation committee granted an aggregate of 104,500 shares of restricted Common Stock and 161,500 performance shares to 96 employees under the Company's existing 1994 Long-Term Incentive Plan. The compensation committee expects to continue this compensation philosophy under the 2004 plan.

The awards of restricted stock will vest one-third on February 16, 2005 and one-third on each of the next two one-year anniversaries of February 16, 2005. If a participant is not an employee on the vesting dates, no shares of Common Stock shall be issued in respect of the participant's

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

restricted stock award unless otherwise determined by the compensation committee. Prior to the issuance of shares of Common Stock in respect of a restricted stock award, the participant will have no right to vote or receive dividends on such shares.

The performance shares have a three year performance period which runs from January 1, 2004 to December 31, 2006. Each performance share represents the right to receive, after the end of the performance period, from 0 to 200% of a share of Common Stock (with amounts over 100% paid in cash), based on the Company's performance. The performance criteria that determines the payout per performance share is the relative total shareholder return on the Company's Common Stock as compared to the total shareholder return on the common equity of each company in a comparator group. For this purpose, total shareholder return is expressed as a percentage equal to common stock price appreciation as averaged for the first and last month of the performance period plus dividends (on a cumulative reinvested basis). The comparator group consists of Chesapeake Energy Corporation, EOG Resources, Inc., Forest Oil Corporation, Magnum Hunter Resources, Newfield Exploration Company, Noble Energy Corporation, Patina Oil & Gas Corporation, Pioneer Natural Resources Company, Pogo Producing Company, Southwestern Energy Company, Spinnaker Exploration Company, St. Mary Land and Exploration Company, Tom Brown, Inc., Vintage Petroleum, Inc., Westport Resources Corporation and XTO Energy Inc. If any member of the comparator group ceases to have publicly traded common stock, it will be removed from the comparator group. After the end of the performance period, the Company will issue shares of Common Stock and pay cash in respect of

each performance share award based on the relative ranking of the Company versus the comparator group for total shareholder return during the performance period using the following scale:

Company Relative Placement	Percent Performance Shares
1-2 (highest)	200%
3-4	167%
5-6	133%
7-8	100%
9-10	75%
11-12	50%
13-14	25%
15-17 (lowest)	0%

As noted above, in the event of a relative ranking of 1 through 6, corresponding to a percentage payout above 100%, a performance share will entitle the participant to receive one full share of Common Stock with respect to the first 100% of the payout and the balance of the payout in cash, in an amount based on the fair market value of a share of Common Stock at the end of the performance period and the remaining balance of the payout percentage.

If a participant is not an employee on the last day of the performance period, no shares of Common Stock will be issued in respect of the participant's performance share award unless otherwise determined by the compensation committee. Prior to the issuance of shares of Common Stock in respect of a performance share award, the participant will have no right to vote or receive dividends on the shares. In the event the Company ceases to have publicly traded Common Stock as a result of a business combination or other extraordinary transaction, the performance period will be terminated effective upon the date of such cessation.

The performance shares are intended to constitute qualified performance based compensation as defined under Section 162(m) of the Internal Revenue Code, with the effect that the deduction disallowance of Section 162(m) should not be applicable to compensation paid to covered employees under the performance share provisions.

Federal Income Tax Consequences

The following is a brief summary of the federal income tax aspects of awards that may be made under the 2004 plan based on existing U.S. federal income tax laws. This summary is general in nature and does not address issues related to the tax circumstances of any particular participant. This summary is not complete and does not attempt to describe any state, local or non-U.S. tax consequences.

Stock Options and SARs. Participants will not realize taxable income upon the grant of a non-qualified stock option or SAR. Upon the exercise of a non-qualified stock option or SAR, the participant will recognize ordinary income (subject, in the case of employees, to withholding) in an amount equal to the excess of: the fair market value on the date of exercise of the Common Stock received (plus the amount of any cash received) over the exercise price paid upon the exercise of the non-qualified stock option or SAR. The participant will generally have a tax basis in any shares of Common Stock received on the exercise of a SAR, or on the cash exercise of a non-qualified stock option, that equals the fair market value of such shares on the date of exercise. Subject to the discussion under Certain Tax Code Limitations on Deductibility below, the Company will be entitled to a deduction for U.S. federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by the participant.

Employees will not have taxable income upon the grant of an incentive stock option. Upon the exercise of an incentive stock option, the employee will not have taxable income, although the excess of the fair market value of the shares of Common Stock received upon exercise of the incentive stock option over the exercise price will increase the alternative minimum taxable income of the employee, which may cause such employee to incur alternative minimum tax. The payment of any alternative minimum tax attributable to the exercise of an incentive stock option would be allowed as a credit against the employee's regular tax liability in a later year to the extent the employee's regular tax liability is in excess of the alternative minimum tax for that year.

Upon the disposition of stock received in connection with the exercise of an incentive stock option that has been held for the requisite holding period (generally, at least two years from the date of grant and one year from the date of exercise of the incentive stock option), the employee will generally recognize capital gain or loss equal to the difference between the amount received in the disposition and the exercise price paid by the employee for the stock. However, if an employee disposes of stock that has not been held for the requisite holding period, the employee will recognize ordinary income in the year of the disqualifying disposition to the extent that the fair market value of the stock at the time of exercise of the incentive stock option (or, if less, the amount realized in the case of an arm's-length disqualifying disposition to an unrelated party) exceeds the exercise price paid by the employee for such stock. The employee would also recognize capital gain (or, depending on the holding period, additional ordinary income) to the extent the amount realized in the disqualifying disposition exceeds the fair market value of the stock on the exercise date. If the exercise price paid for the stock exceeds the amount realized in the disqualifying disposition (in the case of an arm's-length disposition to an unrelated party), such excess would ordinarily constitute a capital loss.

The Company will generally not be entitled to any federal income tax deduction upon the grant or exercise of an incentive stock option, unless the employee makes a disqualifying disposition of the stock. If an employee makes such a disqualifying disposition, the Company will then, subject to the discussion below under *Certain Tax Code Limitations on Deductibility*, be entitled to a tax deduction that corresponds as to timing and amount with the compensation income recognized by the employee under the rules described in the preceding paragraph.

Cash Awards; Stock Unit Awards; Stock Awards. An employee will recognize ordinary compensation income upon receipt of cash pursuant to a cash award or performance award or, if earlier, at the time such cash is otherwise made available for the employee to draw upon it. An employee will not have taxable income upon the grant of a stock award in the form of units denominated in Common Stock but rather will generally recognize ordinary compensation income at the time the employee receives Common Stock or cash in satisfaction of such stock unit award in an amount equal to the fair market value of the Common Stock or cash received. In general, a participant will recognize ordinary compensation income as a result of the receipt of Common Stock pursuant to a stock award or performance award in an amount equal to the fair market value of the Common Stock when such stock is received; *provided, however*, that if the stock is not transferable and is subject to a substantial risk of forfeiture when received, the participant will recognize ordinary compensation income in an amount equal to the fair market value of the Common Stock when it first becomes transferable or is no longer subject to a substantial risk of forfeiture, unless the participant makes an election to be taxed on the fair market value of the Common Stock when such stock is received.

An employee will be subject to withholding for federal, and generally for state and local, income taxes at the time the employee recognizes income under the rules described above with respect to Common Stock or cash received pursuant to a cash award, performance award, stock award or stock unit award. Dividends that are received by a participant prior to the time that the Common Stock is taxed to the participant under the rules described in the preceding paragraph are taxed as additional compensation, not as dividend income. The tax basis of a participant in the Common Stock received will equal the amount recognized by the employee as compensation income under the rules described in the preceding paragraph, and the employee's holding period in such shares will commence on the date income is so recognized.

Subject to the discussion under *Certain Tax Code Limitations on Deductibility* below, the Company will be entitled to a deduction for U.S. federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by the participant under the foregoing rules.

Certain Tax Code Limitations on Deductibility. Section 162(m) of the Internal Revenue Code provides that certain compensation received in any year by a covered employee in excess of \$1,000,000 is non-deductible by the Company for federal income tax purposes. Section 162(m) provides an exception, however, for performance-based compensation. The 2004 plan permits the compensation committee to structure grants and awards made under the 2004 plan to covered employees as performance-based compensation that is exempt from the limitations of Section 162(m). However, the Compensation Committee may award compensation that is or may become non-deductible, and expects to consider whether it believes such grants are in the best interest of the Company, balancing tax efficiency with long-term strategic objectives.

Required Vote and Recommendation of the Board of Directors

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

A majority of the votes cast is required for approval of the 2004 plan, provided that the total vote cast on the proposal represents over 50% of all outstanding shares entitled to vote. Brokers do not have discretion to vote on this proposal without instruction. If you do not instruct your broker how to vote on this proposal, your broker will deliver a non-vote on this proposal. Abstentions will have the effect of a vote against the proposal. Because New York Stock

-13-

Exchange rules require the total votes cast on the proposal to constitute a majority of the outstanding Common Stock in order for the proposal to be approved, broker non-votes could prevent the adoption of proposal if they were to result in less than a majority of the outstanding Common Stock being voted on the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ADOPTION OF THE 2004 PLAN.

Pension Plan Table

Company employees are covered by the Company's Pension Plan (the "Pension Plan"), a noncontributory defined benefit plan that provides benefits based generally upon the employee's compensation levels during the last years of employment. In addition, the Company has entered into agreements to supplement the benefits payable to certain officers to the extent benefits under the Pension Plan are limited by provisions of the Internal Revenue Code of 1986, as amended (the "Code"), or the Employee Retirement Income Security Act of 1974, as amended. The following table sets forth estimated annual benefits payable for eligible employees (including executive officers) who retire at age 65 under the Pension Plan (and, where applicable, such supplemental agreements) for specified earnings and years of service classification.

Compensation under the Pension Plan generally consists of taxable income, before the employee's participation in voluntary pre-tax benefit plans, and decreased by nondeductible moving expenses, disability pay, severance pay, income arising from the exercise of a stock option or from the receipt of a restricted stock award, taxable group term life insurance benefits and other taxable fringe benefit payments. The Pension Plan provides for full vesting after five years of service. Benefits are payable for the life of the employee on a single-life annuity basis and are not subject to any deductions for Social Security or other offset amounts. The Pension Plan Table includes amounts attributable to Nonqualified Pension Arrangements which are payable as a lump sum actuarially equivalent to a single-life annuity. Lump sum conversions are based on the 1994 Group Annuity Reserves Table projected to 2003 with rates blended 50% for males and females and an interest rate equal to the 30-year Treasury rate for the month of November in the year preceding the year of payment. Covered Compensation under the Pension Plan in 2003 for the executive officers named in the Summary Compensation Table are the amounts under the Salary and Bonus and the taxable amount of All Other Compensation columns set forth in such table. For purposes of the Pension Plan, D.O. Dinges, M.B. Walen, S.C. Schroeder, T.S. Liberatore and J.W. Hutton had 2.25, 16.67, 8.17, 1.92 and 18.75 years of credited service, respectively, as of December 31, 2003.

COMPENSATION COMMITTEE**REPORT ON EXECUTIVE COMPENSATION****Introduction**

The compensation committee of the Board of Directors administers the Company's compensation programs. The compensation committee (the Committee) is comprised of four independent and non-employee directors. The function of the compensation committee is to recommend to the Board of Directors the annual compensation of the Chief Executive Officer, to provide counsel and oversight of the annual compensation of the other officers of the Company, to review the annual compensation of the directors, to oversee and make recommendations to the Board of Directors with respect to incentive compensation plans and equity based plans and other executive benefit plans, and to provide guidance in the area of employee benefits.

The objectives of the executive compensation program are to align compensation with business strategy, to create value for the stockholders, to attract, retain, motivate and reward highly qualified executives and to support a performance-based culture throughout the Company. The Committee also believes that executive compensation should be subject to

objective review. Consequently, the Committee retains the services of an independent consultant, who on a regular basis evaluates the compensation programs and practices for the Company's executive officers against an industry peer group. The companies chosen for the peer group generally are not the same companies that comprise the Dow Jones Secondary Oils Index, shown in the Performance Graph included in this proxy statement. The peer group companies represent direct competitors for the Company in its core areas of operation both for business opportunities and for executive talent, while the Dow Jones Secondary Oils Index is an amalgamation of many companies designed simply to provide a market barometer for the entire energy sector's performance. The current peer group used for compensation programs and practices is the same peer group used for determining the results related to the 2004 performance share grants as described under Proposal II - Performance Share Grants.

Components of Compensation

The components of the Company's executive compensation program are base salary, annual incentive bonus and long-term incentives. In determining each component of compensation, the Committee considers competitive data from the peer group, the overall value of the total compensation package and the Company's and the executive's performance. The Committee believes that the total compensation package should be competitive and targeted at the median level of compensation for the peer group and that superior performance should produce a corresponding increase in value for annual and long-term incentives.

Base Salaries

The Committee reviews each executive's base salary annually. Base salaries are targeted at market levels and are adjusted by the Committee to recognize varying levels of responsibility, prior experience, breadth of knowledge, internal equity issues and external pay practices. Overall, base salaries in 2003 for the executive officers named in the Summary Compensation Table as a group are below the 50th percentile of the predicted competitive market base salary for similar positions in the peer group. Based on 2003 competitive data, Mr. Dinges' 2003 base salary of \$425,000 is below the 50th percentile of the competitive market.

Annual Incentive Bonus

The Annual Target Cash Incentive Plan (the "Plan") is founded upon the Company's pay-for-performance philosophy. The Plan provides executives, as well as other key employees, with incentives in the form of annual cash bonuses to achieve corporate business and individual performance goals. Annual bonus opportunities allow the Company to communicate specific goals that are of primary importance during the coming year and motivate executives to achieve these goals. The current measurement criteria used in the Plan are designed to recognize that certain factors that affect performance are controllable, while others are not controllable, and to reward executives for superior performance against those factors that are deemed controllable. These factors measure both short-term success and long-term value creation.

For 2003, the bonus pool that can be generated under the Plan is subject to a two-part threshold. For each threshold test that is met, one-half of the bonus potential becomes available. The two threshold tests are: (i) annual cash flow for the Company must equal or exceed two times debt service, with debt service including interest and dividend payments, but excluding originally scheduled principal payments unless the Company's total borrowing capacity is diminished at the time of the principal repayment; and (ii) the Company must achieve positive earnings, after the inclusion of an accrual for a potential bonus payment. These thresholds are approved annually by the Committee in conjunction with its approval of each Plan participant's incentive target.

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

If one or both of the two threshold tests is met, the bonus pool is funded in accordance with each business unit's performance and the total Company performance against two factors: (i) 75% of the bonus earned is measured on budgeted discretionary cash flow targets adjusted for non-controllable items, such as commodity prices, interest rates and non-recurring items and (ii) 25% of the bonus earned is measured through an assessment of overall reserve replacement. The Chief Executive Officer has discretion to adjust this factor from 0 to 50% based upon an evaluation of reserve replacement and reserve replacement costs. The Committee then has the discretion to adjust, on a subjective basis, the final overall bonus pool for any business unit and the final bonus payment for any participant to reflect its assessment of performance. If a bonus pool is funded based upon achievement of the established Company goals, executives earn bonuses to the extent of the performance of their primary business unit and the Company's overall performance. Individual incentive targets are set at the median of market levels based on peer data and at a level considered by the compensation committee to be appropriate.

In 2003, both bonus threshold tests were met. Based upon total Company performance, and the performance of each business unit, the formula in the plan produced bonuses ranging from 11% to 133% of the pre-established bonus targets for the executive officers of the Company, including the executives named in the above tables. Mr. Dinges received a cash bonus of \$346,000. This represents 96% of Mr. Dinges' target and reflects several achievements. Under Mr. Dinges' leadership in 2003, the Company reduced debt by \$95 million and had record discretionary cash flow of \$266.4 million. In 2003 the Company organically replaced 127% of its reserves at a competitive finding cost of \$1.46 per Mcfe. The Company exceeded production expectations in its East Region, met expectations in the West Region, but fell short of expectations in the Gulf Coast Region as a result of accelerated decline rates in certain Gulf Coast wells.

Long Term Incentives

In 2003, the Committee employed a combination of stock options and restricted stock to provide long-term incentives to the Company's executives. The Committee's objective was to deliver approximately 60% of the long-term incentive value via stock options and approximately 40% in the form of restricted stock. The size of the long-term incentive awards is based primarily on competitive practice and is generally targeted to be at the 50th percentile of competitive long-term incentive awards of the peer group. The Committee does not typically consider the amount of options previously granted and outstanding, or the number of shares owned, when determining annual long-term incentive awards.

Stock options were granted in 2003 under the Second Amended and Restated 1994 Long-Term Incentive Plan at an option price not less than the fair market value of the Common Stock on the date of grant. Accordingly, stock options have value only if the stock price appreciates after the date the options are granted. This design focuses executives on the creation of stockholder value over the long-term. The Committee believes stock options also serve as a retention tool to the Company.

Restricted stock awards were granted in 2003 under the Second Amended and Restated 1994 Long-Term Incentive Plan. The Company's restricted stock awards to executives in 2003 consisted of grants of Common Stock, the restrictions on which lapse in full three years from the date of the grant. These awards provide a retention tool to the Company and encourage equity ownership in the Company. The restricted stock will be forfeited if, during the three-year restrictive period, the executive leaves the Company for any reason other than retirement, termination without cause, death or disability. Prior to the lapse of such restrictions, the participant has no right to vote or receive dividends on such shares. The restricted stock award may not be assigned or transferred except by will or the laws of descent and distribution. In the event of a Change of Control (as defined), the restrictive period shall lapse and a stock certificate representing the shares of restricted stock shall be issued to the executive. In the event of any merger, reorganization, recapitalization, separation, liquidation, stock dividend, share combination or other change in the corporate structure of the Company affecting the shares of restricted stock, the number of shares of restricted stock shall be equitably adjusted by the committee to prevent dilution or enlargement of rights.

In 2003 Mr. Dinges was granted an option to purchase 90,000 shares of Common Stock at an exercise price of \$22.98 and received a restricted stock award of 25,600 shares.

The Company's stock options are intended to constitute qualified performance based compensation as defined under Section 162(m) of the Code, with the effect that the deduction disallowance of Section 162(m) of the Code should not be applicable to compensation paid to covered employees under the stock option provisions. It is the Committee's intent that the majority of long-term incentive awards will qualify under Section 162(m) of the Internal Revenue Code. To date the Company has experienced no loss of tax deduction as a result of 162(m).

Conclusion

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

The Committee believes these executive compensation policies and programs effectively serve the interests of stockholders and the Company. We have attempted, with the assistance of our compensation consultant, to provide a total compensation and incentive program that motivates key personnel and contributes to the Company's overall success.

SECTION 16(a) BENEFICIAL OWNERSHIP

REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors to file initial reports of ownership and reports of changes in ownership of Company Common Stock with the Securities and Exchange Commission and, pursuant to rules promulgated under Section 16(a), such individuals are required to furnish the Company with copies of Section 16(a) reports they file. Based solely on a review of the copies of such reports furnished to the Company and written representations that those reports accurately reflect all reportable transactions and holdings, the Company is aware of one failure to comply with the Section 16(a) reporting requirements during 2003. Mr. C. Wayne Nance rejoined the Board of Directors on September 1, 2003. His Form 3, reporting initial beneficial ownership, which was due by September 10, 2003, was filed 22 days late on October 2, 2003.

EMPLOYMENT AGREEMENTS

AND CHANGE IN CONTROL ARRANGEMENTS

The Company has entered into Change in Control Agreements (the "Agreements") with the current executive officers named in the Summary Compensation Table, and with eight other officers of the Company. The Agreements are intended to encourage such employees to remain in the employ of and to carry out their duties with the Company. In 2001 the Board of Directors made certain revisions to the program initially implemented in 1995. The term of the Agreements is three years from July 17, 2001 (from September 17, 2001 for Mr. Dinges), subject to automatic one-year extensions on the second and each subsequent anniversary thereof unless prior to such anniversary the Company gives written notice that the term shall not be so extended. The Agreements provide that in the event of a change in control or in the event deemed to be in anticipation of a change in control, such individuals will receive certain benefits in the event of a termination of their employment within two years of such event. A "change in control" is generally defined as occurring if (i) any person becomes the beneficial owner, of securities of the Company representing 35% or more of Common Stock or of the combined voting power of the then outstanding voting securities of the Company, with certain exceptions; (ii) individuals who, as the date of the Agreement, constitute the Board, together with individuals nominated with the approval of those directors (other than in connection with an election contest) (collectively, the "Incumbent Board") cease to constitute at least a majority of the Board; (iii) a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company (a "Business Combination") is consummated, unless, following the Business Combination (a) all or substantially all of the individuals and entities who were the beneficial owners of the Common Stock and outstanding voting securities immediately prior to the

Edgar Filing: CABOT OIL & GAS CORP - Form DEF 14A

Business Combination beneficially own, directly or indirectly, more than 50% of the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the entity resulting from the Business Combination in substantially the same proportions as their ownership, immediately prior to the Business Combination, of the Common Stock and outstanding voting securities, (b) no person (excluding any entity resulting from such Business Combination) beneficially owns, directly or indirectly, 35% or more of the then outstanding shares of common equity of the entity resulting from such Business Combination or the combined voting power of the then outstanding voting securities of such entity except to the extent that such ownership existed prior to the Business

Combination and (c) at least of majority of the members of the Board of Directors of the corporation, or the similar managing body of a non-corporate entity, resulting from such Business Combination were members of the Incumbent Board at the time of execution of the initial agreement, or of the action of the Board, providing for such Business Combination; or (iv) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Benefits are provided under the Agreements unless such termination of employment is (i) for cause (as defined in the Agreements), (ii) voluntary by the executive and does not constitute a constructive termination without cause (as defined in the Agreements), or (iii) because of the death or disability of the executive.

Generally, benefits payable under the terms of the Agreements include (i) a lump-sum cash payment equal to three times the sum of (a) base salary in effect immediately prior to the change in control or, if greater, immediately prior to the executive's termination and (b) the greater of (1) 100% of the executive's target bonus with respect to the fiscal year during which the change in control occurred or, if greater, the fiscal year during which the executive's termination occurred or (2) the executive's actual bonus paid in the fiscal year immediately preceding the change in control or if termination of employment occurs prior to a change in control, termination of employment, (ii) payment with respect to any performance shares granted to the executive, such payment to be prorated based on actual service completed at the time of the executive's termination, and valued according to the percentage of goal attainment on the date of termination, (iii) immediate vesting and exercisability of all of the executive's options to purchase securities of the Company, (iv) immediate vesting and lapse of restrictions on any restricted stock grants outstanding at the time of the executive's termination, (v) subject to the payment of the applicable premiums, continued medical, dental and life insurance coverage for three years following the date of the executive's termination, (vi) effective crediting of an additional three years of service in the Company's retirement plans in which the executive is participating at the time of the change in control and (vii) outplacement assistance in an amount not to exceed 15% of the executive's base salary in effect on the date of a change in control (the Termination Benefits). In the event the excise tax relating to Section 280G of the Code applies to payments by the Company, the Company will make an additional payment to the executive in an amount such that after payment of income and excise taxes, the executive retains an amount equal to the Termination Benefits. No payments have been made under the Agreements.

The Company has entered into both an employment agreement and a Change in Control Agreement with Mr. Dan O. Dinges, Chairman, President and Chief Executive Officer of the Company. The employment agreement provides that if Mr. Dinges terminates his employment for good reason (as defined in the agreement) or the Company terminates his employment for any reason other than cause (as defined in the agreement), Mr. Dinges shall receive (i) a lump sum cash payment equal to two times his annual base salary plus two times his annual target bonus, (ii) a 24 month continuation of medical and life insurance programs at the premium rate applicable to active executives, (iii) full vesting of all of his restricted stock awards and (iv) full vesting of all of his stock option awards. Under the terms of Mr. Dinges' Change in Control Agreement, in the event of a termination, Mr. Dinges will be required to elect between receiving the Termination Benefits or the amounts payable to Mr. Dinges under his employment agreement.

Employee Awards may consist of those listed in this Paragraph 7 and may be granted singly, in combination or in tandem. Employee Awards may also be granted in combination or in tandem with, in replacement of (subject to Paragraph 12), or as alternatives to, grants or rights under this Plan or any other employee plan of the Company or any of its Subsidiaries, including the plan of any acquired entity. An Employee Award may provide for the grant or issuance of additional, replacement or alternative Employee Awards upon the occurrence of specified events. All or part of an Employee Award may be subject to conditions established by the Committee, which may include, but are not limited to, continuous service with the Company and its Subsidiaries, achievement of specific business objectives, items referenced to in clause (v) below, and other comparable measurements of performance.

(i) *Stock Option.* An Employee Award may consist of a right to purchase a specified number of shares of Common Stock at a specified price that is not less than the greater of (i) the Fair Market Value of the Common Stock on the date of grant and (ii) the par value of the Common Stock on the date of grant. A Stock Option may be in the form of an Incentive Stock Option or a Nonqualified Stock Option. The term of the Stock Option shall extend no more than 10 years after the date of grant. Stock Options may not include provisions that reload the Stock Option upon exercise. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Stock Options awarded to Employees pursuant to this Plan, including the exercise price, the term of the Stock Options, the number of share subject to the Stock Option and the date or dates upon which they become exercisable, shall be determined by the Committee.

(ii) *Stock Appreciation Right.* An Employee Award may consist of a right to receive a payment, in cash or Common Stock, equal to the excess of the Fair Market Value or other specified valuation of a specified number of shares of Common Stock on the date the Stock Appreciation Right is exercised over a specified strike price (which may be no less than the Fair Market Value of the Common Stock on the date of grant) as set forth in the applicable Award Agreement. The holder of a tandem SAR may elect to exercise either the option or the SAR, but not both. The exercise period for an SAR shall extend no more than 10 years after the date of grant. SARs may not include provisions that reload the SAR upon exercise. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any SARs awarded to Employees pursuant to this Plan, including the exercise price, the term of any SARs and the date or dates upon which they become exercisable, shall be determined by the Committee.

(iii) *Stock Award.* An Employee Award may be in the form of a Stock Award. The terms, conditions and limitations applicable to any Stock Awards granted pursuant to this Plan shall be determined by the Committee, subject to the limitations set forth below. Any Stock Award which is not a Performance Award shall have a minimum Restriction Period of three years (including vesting ratably over such three years) from the date of grant, provided that (i) the Committee may provide for earlier vesting upon a termination of employment by reason of death, disability or retirement, or upon a change in control, and (ii) such three-year minimum Restriction Period shall not apply to a Stock Award that is granted in lieu of salary or bonus.

(iv) *Cash Award.* An Employee Award may be in the form of a Cash Award. The terms, conditions and limitations applicable to any Cash Awards granted pursuant to this Plan shall be determined by the Committee.

(v) *Performance Award.* Without limiting the type or number of Awards that may be made under the other provisions of this Plan, an Award may be in the form of a Performance Award. The terms, conditions and limitations applicable to any Performance Awards granted to

Participants pursuant to this Plan shall be determined by the Committee, subject to the limitations set forth below. Any Stock Award granted as an Employee Award which is a Performance Award shall have a minimum Restriction Period of one year from the date of grant, provided that the Committee may provide for earlier vesting upon a termination of employment by reason of death, disability or retirement, or upon a change in control. The Committee shall set Performance Goals in its discretion which, depending on the extent to which they are met, will determine the value and/or amount of Performance Awards that will be paid out to the Participant and/or the portion of an Award that may be exercised.

(A) *Nonqualified Performance Awards.* Performance Awards granted to Employees that are not intended to qualify as qualified performance-based compensation under Section 162(m) of the Code, or that are Stock Options or SARs, shall be based on achievement of such goals and be subject to such terms, conditions and restrictions as the Committee or its delegate shall determine.

(B) *Qualified Performance Awards.* Performance Awards granted to Employees under the Plan that are intended to qualify as qualified performance-based compensation under Section 162(m) of the Code shall be paid, vested or otherwise deliverable solely on account of the attainment of one or more pre-established, objective Performance Goals established by the Committee prior to the earlier to occur of (x) 90 days after the commencement of the period of service to which the Performance Goal relates and (y) the lapse of 25% of the period of service (as scheduled in good faith at the time the goal is established), and in any event while the outcome is substantially uncertain. A Performance Goal is objective if a third party having knowledge of the relevant facts could determine whether the goal is met. Such a Performance Goal may be based on one or more business criteria that apply to the Employee, one or more business units, divisions or geographic regions of the Company, the Company as a whole, or, if desired by the Committee, by comparison to a peer group of companies, and may include one or more of the following: revenue, net income, stock price, market share, earnings per share, other earnings measures, return on equity, return on assets, costs, shareholder value, EBIT, EBITDA, funds from operations, cash flow, cash from operations, net cash flow, net cash flow before financing activities, other cash flow measures, total shareholder return, return on capital, return on invested capital, operating income, after-tax operating income, reserve additions, proceeds from dispositions, production volumes, reserve replacement measures, finding and development costs, total market value, petroleum reserve measures and safety and environmental performance measures. Unless otherwise stated, such a Performance Goal need not be based upon an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses (measured, in each case, by reference to specific business criteria). In interpreting Plan provisions applicable to Performance Goals and Qualified Performance Awards, it is the intent of the Plan to conform with the standards of Section 162(m) of the Code and Treasury Regulation § 1.162-27(e)(2)(i), as to grants to those Employees whose compensation is, or is likely to be, subject to Section 162(m) of the Code, and the Committee in establishing such goals and interpreting the Plan shall be guided by such provisions. Prior to the payment of any compensation based on the achievement of Performance Goals applicable to Qualified Performance Awards, the Committee must certify in writing that applicable Performance Goals and any of the material terms thereof were, in fact, satisfied. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Qualified Performance Awards made pursuant to this Plan shall be determined by the Committee.

(b) Notwithstanding anything to the contrary contained in this Plan, the following limitations shall apply to any Awards made hereunder:

(i) no Participant may be granted, during any calendar year, Awards consisting of Stock Options or Stock Appreciation Rights (including Stock Options and SARs that are granted as Performance Awards) that are exercisable for more than 500,000 shares of Common Stock;

(ii) no Participant may be granted, during any calendar year, Stock Awards (including Stock Awards that are granted as Performance Awards) covering or relating to more than 200,000 shares of Common Stock (the limitation set forth in this clause (ii), together with the limitation set forth in clause (i) above,

(iii) no Participant may be granted Employee Awards consisting of cash (including Cash Awards that are granted as Performance Awards) in respect of any calendar year having a value determined on the date of grant in excess of \$5,000,000.

A Participant may be granted Awards in combination such that portions of the Award are subject to differing limitations set out in the clauses of this Paragraph 7(b), in which event each portion of the combination Award is subject only to a single appropriate limitation in clauses (i), (ii) or (iii). For example, if a Participant is granted a Performance Award that is in part a Stock Award and in part a Cash Award, then the Stock Award shall be subject only to the limitation in clause (ii) and the Cash Award shall be subject only to the limitation in clause (iii).

(c) Subject to Paragraph 7(d), the Committee shall have the sole responsibility and authority to determine the type or types of Consultant Awards to be made under this Plan and the terms, conditions and limitations applicable to such Awards.

(d) Stock Awards, other than those awards which are subject to specific grant limitations under the Plan, shall be in lieu of, and have a Fair Market Value on the date of grant equal to, other compensation that the Company would otherwise have awarded to the Participant.

8. *Director Awards.*

(a) The Board may grant Director Awards to Nonemployee Directors of the Company from time to time in accordance with this Paragraph 8. Director Awards may consist of those listed in this Paragraph 8 and may be granted singly, in combination or in tandem. Each Director Award may, in the discretion of the Board, be embodied in an Award Agreement, which shall contain such terms, conditions and limitations as shall be determined by the Board in its sole discretion and, if required by the Board, shall be signed by the Participant to whom the Director Award is granted and signed for and on behalf of the Company.

(i) *Stock Options.* An Director Award may consist of a right to purchase a specified number of shares of Common Stock at a specified price that is not less than the greater of (i) the Fair Market Value of the Common Stock on the date of grant and (ii) the par value of the Common Stock on the date of grant. A Stock Option granted as a Director Award may not be in the form of an Incentive Stock Option. The term of the Stock Option shall extend no more than 10 years after the date of grant. Stock Options may not include provisions that reload the Stock Option upon exercise. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Stock Options awarded to Nonemployee Directors pursuant to this Plan, including the strike price, the term of the Stock Options, the number of share subject to the Stock Option (subject to Paragraph 8(b)) and the date or dates upon which they become exercisable, shall be determined by the Board.

(ii) *Stock Awards.* A Director Award may be in the form of a Stock Award. Any terms, conditions and limitations applicable to any Stock Awards granted to a Nonemployee Director pursuant to this Plan, including but not limited to rights to dividend equivalents, shall be determined by the Board.

(iii) *Automatic Director Grants.* Each individual who becomes a Nonemployee Director on or after the effective date of this Plan shall automatically be granted a Stock Option to purchase 10,000 shares of Common Stock (subject to adjustment as provided in Paragraph 15) on

B-7

the date such person first becomes a Nonemployee Director. The exercise price per share of Common Stock that is subject to a Stock Option granted pursuant to this Paragraph 8(a)(iii) shall be the Fair Market Value of the Common Stock on the date of grant. Each Stock Option granted pursuant to this Paragraph 8(a)(iii) shall terminate and be of no force and effect with respect to any shares of Common Stock not purchased by the Participant upon the earliest to occur of the following: (a) the expiration of five years following the date upon which the Stock Option is granted; (b) the expiration of one year following the date upon which the Participant ceases to be a Nonemployee Director by reason of death, disability or mandatory retirement; or (c) the expiration of three months following the date on which the Participant ceases to be a Nonemployee Director for any reason other than death, disability or mandatory retirement. A Stock Option granted pursuant to this Paragraph 8(a)(iii) shall be exercisable, on a cumulative basis, with respect to 33 1/3% of the total number of shares of Common Stock initially subject to such Stock Option, on each of the first, second and third anniversaries of the date of grant, so that on such third anniversary such Stock Option is fully exercisable.

(b) Except as otherwise provided in Paragraph 8(a)(iii) above, no Participant may be granted, during any calendar year, Director Awards consisting of Stock Awards or Stock Options covering or relating to more than 7,000 shares of Common Stock.

(c) At the discretion of the Board, Director Awards may be settled by a cash payment in an amount that the Board shall determine in its sole discretion is equal to the fair market value of such Director Awards.

9. Payment of Awards.

(a) *General.* Payment of Awards may be made in the form of cash or Common Stock or combinations thereof and may include such restrictions as the Committee shall determine, including in the case of Common Stock, restrictions on transfer and forfeiture provisions. If such payment is made in the form of Restricted Stock, the Committee shall specify whether the underlying shares are to be issued at the beginning or end of the Restriction Period. In the event that shares of Restricted Stock are to be issued at the beginning of the Restriction Period, the certificates evidencing such shares (to the extent that such shares are so evidenced) shall contain appropriate legends and restrictions that describe the terms and conditions of the restrictions applicable thereto. In the event that shares of Restricted Stock are to be issued at the end of the Restricted Period, the right to receive such shares shall be evidenced by book entry registration or in such other manner as the Committee may determine.

(b) *Deferral.* With the approval of the Committee, amounts payable in respect of Awards may be deferred, either in the form of installments or a future lump sum payment. The Committee may permit selected Participants to elect to defer payments of some or all types of Awards in accordance with procedures established by the Committee or the Board. Any deferred payment, whether elected by the Participant or specified by the Award Agreement or by the Committee, may be forfeited if and to the extent that the Award Agreement so provides.

(c) *Dividends, Earnings and Interest.* Dividends or dividend equivalent rights may be extended to and made part of any Stock Award, subject to such terms, conditions and restrictions as the Committee may establish. The Committee may also establish rules and procedures for the crediting of interest or other earnings on deferred cash payments and dividend equivalents for deferred payment for Stock Awards.

(d) *Substitution of Awards.* Subject to Paragraphs 12 and 15, at the discretion of the Committee, a Participant who is an Employee or Consultant may be offered an election to substitute an Employee Award or Consultant Award for another Employee Award or Consultant Award or Employee Awards or Consultant Awards of the same or different type.

(e) *Cash-out of Awards.* At the discretion of the Committee, an Award that is a Stock Option or Stock Appreciation Right may be settled by a cash payment equal to the difference between the Fair Market Value per share of Common Stock on the date of exercise and the exercise price of the Award, multiplied by the number of shares with respect to which the Award is exercised.

B-8

10. *Stock Option Exercise.* The price at which shares of Common Stock may be purchased under a Stock Option shall be paid in full at the time of exercise in cash or, if permitted by the Committee and elected by the optionee, the optionee may purchase such shares by means of tendering Common Stock or surrendering another Award, including Restricted Stock, valued at Fair Market Value on the date of exercise, or any combination thereof. The Committee shall determine acceptable methods for Participants who are Employees or Consultants to tender Common Stock or other Employee Awards or Consultant Awards to exercise a Stock Option as it deems appropriate, provided that any Common Stock that is or was subject to an Award may be so tendered only if it has been held by the Participant for six months unless otherwise determined by the Committee. If permitted by the Committee, payment may be made by successive exercises by the Participant. The Committee may provide for procedures to permit the exercise or purchase of such Awards by use of the proceeds to be received from the sale of Common Stock issuable pursuant to an Award. Unless otherwise provided in the applicable Award Agreement, in the event shares of Restricted Stock are tendered as consideration for the exercise of a Stock Option, a number of the shares issued upon the exercise of the Stock Option, equal to the number of shares of Restricted Stock used as consideration therefor, shall be subject to the same restrictions as the Restricted Stock so submitted as well as any additional restrictions that may be imposed by the Committee. The Committee may adopt additional rules and procedures regarding the exercise of Options from time to time, provided that such rules and procedures are not inconsistent with the provisions of this Paragraph 10.

An optionee desiring to pay the exercise price of a Stock Option by tendering Common Stock using the method of attestation may, subject to any such conditions and in compliance with any such procedures as the Committee may adopt, do so by attesting to the ownership of Common Stock of the requisite value in which case the Company shall issue or otherwise deliver to the optionee upon such exercise a number of shares of Common Stock subject to the Stock Option equal to the result obtained by dividing (a) the excess of the aggregate Fair Market Value of the shares of Common Stock subject to the Stock Option for which the Stock Option (or portion thereof) is being exercised over the exercise price payable in respect of such exercise by (b) the Fair Market Value per share of Common Stock subject to the Stock Option, and the optionee may retain the shares of Common Stock the ownership of which is attested.

11. *Taxes.* The Company or its designated third party administrator shall have the right to deduct applicable taxes from any Award payment and withhold, at the time of delivery or vesting of cash or shares of Common Stock under this Plan, an appropriate amount of cash or number of shares of Common Stock or a combination thereof for payment of taxes or other amounts required by law or to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for withholding of such taxes. The Committee may also permit withholding to be satisfied by the transfer to the Company of shares of Common Stock theretofore owned by the holder of the Employee Award with respect to which withholding is required. If shares of Common Stock are used to satisfy tax withholding, such shares shall be valued based on the Fair Market Value when the tax withholding is required to be made.

12. *Amendment, Modification, Suspension or Termination.* The Board may amend, modify, suspend or terminate this Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law except that (i) no amendment or alteration that would impair the rights of any Participant under any Award previously granted to such Participant shall be made without such Participant's consent and (ii) no amendment or alteration shall be effective prior to approval by the Company's stockholders to the extent such approval is required by applicable legal requirements or applicable requirements of the securities exchange on which the Company's Common Stock is listed. **Notwithstanding anything herein to the contrary, without the approval of the Company's stockholders, Stock Options issued under the Plan will not be repriced, replaced, or regranted through cancellation or by decreasing the exercise price of a previously granted Stock Option, except as expressly provided by the adjustment provisions of Paragraph 15.**

13. *Termination of Employment.* Upon the termination of employment by a Participant, any unexercised, deferred or unpaid Awards shall be treated as provided in the specific Award Agreement evidencing the Award. In the event of such a termination, the Committee may, in its discretion, provide for the extension of the exercisability of an Award, accelerate the vesting or exercisability of an Award, eliminate or make less restrictive

any restrictions contained in an Award, waive any restriction or other provision of this Plan or an Award or otherwise amend or modify the Award in any manner that is either (i) not adverse to such Participant or (ii) consented to by such Participant.

14. *Assignability.* Unless otherwise determined by the Committee and provided in the Award Agreement or the terms of an Award, no Award or any other benefit under this Plan shall be assignable or otherwise transferable except by will, by beneficiary designation or the laws of descent and distribution or pursuant to a qualified domestic relations order as defined by the Code or Title I of the Employee Retirement Income Security Act, or the rules thereunder. In the event that a beneficiary designation conflicts with an assignment by will, the beneficiary designation will prevail. The Committee may prescribe and include in applicable Award Agreements or the terms of an Award other restrictions on transfer. Any attempted assignment of an Award or any other benefit under this Plan in violation of this Paragraph 14 shall be null and void.

15. *Adjustments.*

(a) The existence of outstanding Awards shall not affect in any manner the right or power of the Company or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the capital stock of the Company or its business or any merger or consolidation of the Company, or any issue of bonds, debentures, preferred or prior preference stock (whether or not such issue is prior to, on a parity with or junior to the existing Common Stock) or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding of any kind, whether or not of a character similar to that of the acts or proceedings enumerated above.

(b) In the event of any subdivision or consolidation of outstanding shares of Common Stock, declaration of a dividend payable in shares of Common Stock or other stock split, then (i) the number of shares of Common Stock reserved under this Plan and the number of shares of Common Stock available for issuance pursuant to specific types of Awards as described in Paragraph 4, (ii) the number of shares of Common Stock covered by outstanding Awards, (iii) the exercise price or other price in respect of such Awards, (iv) the appropriate Fair Market Value and other price determinations for such Awards, and (v) the Stock Based Awards Limitations shall each be proportionately adjusted by the Board as appropriate to reflect such transaction. In the event of any other recapitalization or capital reorganization of the Company, any consolidation or merger of the Company with another corporation or entity, the adoption by the Company of any plan of exchange affecting Common Stock or any distribution to holders of Common Stock of securities or property (including cash dividends that the Board determines are not in the ordinary course of business but excluding normal cash dividends or dividends payable in Common Stock), the Board shall make appropriate adjustments to (i) the number of shares of Common Stock reserved under this Plan and the number of shares of Common Stock available for issuance pursuant to specific types of Awards as described in Paragraph 4, (ii) the number of shares of Common Stock covered by Awards, (iii) the exercise price or other price in respect of such Awards, (iv) the appropriate Fair Market Value and other price determinations for such Awards, and (v) the Stock Based Awards Limitations to reflect such transaction; provided that such adjustments shall only be such as are necessary to maintain the proportionate interest of the holders of the Awards and preserve, without increasing, the value of such Awards. In the event of a corporate merger, consolidation, acquisition of assets or stock, separation, reorganization or liquidation, the Board shall be authorized (x) to assume under the Plan previously issued compensatory awards, or to substitute new Awards for previously issued compensatory awards, including Awards, as part of such adjustment; (y) to cancel Awards that are Options or SARs and give the Participants who are the holders of such Awards notice and opportunity to exercise for 15 days prior to such cancellation; or (z) to cancel any such Awards and to deliver to the Participants cash in an amount that the Board shall determine in its sole discretion is equal to the fair market value of such Awards on the date of such event, which in the case of Options or SARs shall be the excess of the Fair Market Value of Common Stock on such date over the exercise or strike price of such Award.

16. *Restrictions.* No Common Stock or other form of payment shall be issued with respect to any Award unless the Company shall be satisfied based on the advice of its counsel that such issuance will be in compliance with applicable federal and state securities laws. Certificates evidencing shares of Common Stock delivered under this Plan (to the extent that such shares are evidenced) may be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any securities exchange or transaction reporting system upon which the Common Stock is then listed or to which it is admitted for quotation and any applicable federal or state securities law. The Committee may cause a legend or legends to be placed upon any such certificates to make appropriate reference to such restrictions.

17. *Unfunded Plan.* This Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Participants under this Plan, any such accounts shall be used merely as a bookkeeping convenience, including bookkeeping accounts established by a third party administrator retained by the Company to administer the Plan. The Company shall not be required to segregate any assets for purposes of this Plan or Awards hereunder, nor shall the Company nor the Board nor the Committee be deemed to be a trustee of any benefit under this Plan. Any liability or obligation of the Company to any Participant with respect to a an Award under this Plan shall be based solely upon any contractual obligations that may be created by this Plan and any Award Agreement or terms of the Award, and no such liability or obligation of the Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company. Neither the Company nor the Board nor the Committee shall be required to give any security or bond for the performance of any obligation that may be created by this Plan.

18. *Right to Employment.* Nothing in the Plan or an Award Agreement shall interfere with or limit in any way the right of the Company to terminate any Participant's employment or other service relationship at any time, or confer upon any Participant any right to continue in the capacity in which he or she is employed or otherwise serves the Company.

19. *Successors.* All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

20. *Governing Law.* This Plan and all determinations made and actions taken pursuant hereto, to the extent not otherwise governed by mandatory provisions of the Code or the securities laws of the United States, shall be governed by and construed in accordance with the laws of the State of Delaware.

21. *Effective Date and Term of Plan.* The Plan will be submitted to the stockholders of the Company for approval at the 2004 annual meeting of the stockholders and, if approved, shall be effective as of the date of such approval. No Award shall be made under the Plan ten years or more after such approval. As of the date of stockholder approval of this Plan, no further awards shall be made under the Prior Plans, provided, however, that any and all outstanding awards granted under the Prior Plans shall continue to be outstanding and shall be subject to the appropriate terms of the Prior Plan under which such award was granted and as are in effect as of the date this Plan is effective.
