Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of

DuPont 401(k) and Profit Sharing Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of DuPont 401(k) and Profit Sharing Plan (the Plan) at December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DuPont 401(k) and Profit Sharing Plan

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the DuPont 401(k) and Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which was effective January 1, 2003, is a defined contribution plan sponsored by E. I. du Pont de Nemours and Company (Plan Sponsor). Any eligible employees of the Plan Sponsor's subsidiaries or general partnerships, which have adopted the Plan with the Plan Sponsor's approval, are eligible to participate in the Plan. Currently, eligible employees, as defined in the Plan, of DuPont Holographics, Inc., DuPont Displays Solutions, Inc. (formerly known as Polar Vision, Inc.), and DuPont Displays, Inc. (formerly known as Uniax, Inc.), (collectively the Employer or the Company) are covered under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The purpose of the Plan is to encourage and assist employees in following a systematic savings program suited to their individual financial objectives, and to provide an opportunity for employees to become stockholders of the Plan Sponsor. In May and August 2003, the DuPont Holographics, Inc. 401(k) and Profit Sharing Plan, the Polar Vision, Inc. 401(k) Retirement Savings Plan, and The DuPont Displays, Inc. 401(k) Plan were merged into the DuPont 401(k) and Profit Sharing Plan.

The designated trustee of the Plan is Merrill Lynch Trust Co., FSB, (Merrill Lynch).

Eligibility

All employees of the Company are eligible to participate except any employee whose compensation and conditions of employment are covered by a collective bargaining agreement to which the Company is a party unless the agreement calls for the employee's participation in the Plan or an employee whose services are leased from another company. Participation begins the first day of employment.

Contributions

Eligible employees may participate in the Plan by authorizing the Company to make before-tax payroll deductions of between 1 percent to 75 percent of their eligible earnings for deposit in the Plan. Participants who are or will attain age 50 by the end of the plan year may elect to contribute an additional amount as before tax catch-up contributions, in the amount permitted by law. Contributions to the Plan are subject to certain limits imposed by the Internal Revenue Service (IRS) and the Plan terms. A participant may change his or her deferral election at any

time.

The Company provides a matching contribution of 100 percent of the participant's before-tax contributions that do not exceed 3 percent of their eligible compensation plus an additional matching contribution of 50 percent of any before-tax contributions that exceed 3 percent but do not exceed 5 percent of the participant's eligible compensation.

DuPont 401(k) and Profit Sharing Plan

Notes to Financial Statements

In addition, the Plan permits the Company to make a discretionary Profit Sharing Contribution. No such contribution was made for the years ended December 31, 2004 or 2003.

Upon enrollment in the Plan, a participant may direct employee, matching, and Profit Sharing contributions to certain investment options available. Participants may allocate the contributions among these investment options in multiples of 1 percent. Amounts earned for a participant's account are credited to such participant's current investment option.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the ratio of the balance of that participant's investment option account to the sum of the balances of all participants' investment option accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants have a fully and immediately vested interest in the portion of their accounts contributed by them, the Company's Matching Contribution and in the earnings of such contributions. A participant's vested interest in the Company's Profit Sharing contributions and the related earnings are determined using the following table:

<u>Years of Service</u>	<u>Vested Percent</u>
immediately upon participation	0%
1	33%
2	66%
3 or more	100%

In addition, a participant becomes 100 percent vested in all contributions upon attainment of normal retirement age (age 59 1/2) or disability or death while employed by the Employer.

Forfeited Accounts

Forfeitures of the Profit Sharing contributions may occur if a participant terminates or withdraws his or her Profit Sharing Contributions prior to the full vesting period. These forfeitures will be used, as defined in the Plan, to pay administrative expenses and may reduce the amount of

future Employer contributions. There were no such forfeited amounts during the plan years ended December 31, 2004 and 2003.

DuPont 401(k) and Profit Sharing Plan

Notes to Financial Statements

Participant Loans

Participants may borrow from their vested 401(k) and Matching fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator on a monthly basis. At December 31, 2004, the rates range from 5% to 11.5%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

In the case of normal retirement, retirement due to permanent disability or termination of employment, participants may elect to receive the value of their vested balances, in accordance with the provisions of the Plan, in a lump-sum distribution or in installments payable in cash or in kind, or part in cash and part in kind over a period not to exceed the expected future lifetime, or the joint expected future lifetime (based on actuarial tables) of the participant and their spouse.

Withdrawals

A withdrawal of all or a portion of a participant's account may be made under certain conditions including election by the participant after attaining age 59½, separation from service, death or disability, or Plan termination. Withdrawals of employee contributions for undue financial hardship are also permitted. Withdrawals are subject to federal income taxes.

Administrative Expenses

Reasonable expenses of administering the Plan, at the election of the Company, may be paid by the Plan. For the years ended December 31, 2004 and 2003, the Plan paid \$520 and \$240 in administrative expenses, respectively. Brokerage fees, transfer taxes, investment fees and other expenses incident to the purchase and sale of securities and investment shall be included in the cost of such securities or investments or deducted from the sales proceeds.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form 11-K

The investments of the Plan are carried at fair value. Shares of registered investment companies (mutual funds) are valued at the net asset value of shares held by the Plan at year-end. Shares of common and collective trust funds are valued at net unit value, which is based upon the value of the underlying securities as determined by the trustee at year-end. The DuPont Stock Fund is valued at its year-end unit closing price (defined as the year-end market price of common stock plus the uninvested cash position). Participant loans and short-term investments are valued at cost which approximates fair value.

Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Realized gains and losses on the sale of the DuPont Stock Fund securities are based on average cost on the securities sold. Purchases and sales of investments are recorded on a trade-date basis. Capital gain distributions are included in dividend income.

DuPont 401(k) and Profit Sharing Plan**Notes to Financial Statements****Payment of Benefits**

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the profit sharing contributions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
