Proxy Statement Annual Meeting of Stockholders April 17, 2006

The Board of Directors of Cathay General Bancorp is furnishing this proxy statement to the holders of record of Bancorp's common stock to solicit proxies, including the proxy granted by the enclosed proxy card, for use at the 2006 annual meeting of stockholders of Bancorp and any adjournments or postponements of the meeting. In this proxy statement, Bancorp, we, us, and our refer to Cathay General Bancorp.

At the meeting, our stockholders will be asked to:

Elect four Class I directors to serve until the 2009 annual meeting of stockholders and their successors have been elected and qualified; and

Transact such other business as may properly be brought before the meeting or any adjournments or postponements of the meeting. Please vote by completing the enclosed proxy card and returning it signed and dated in the enclosed postage-prepaid envelope. If you properly complete the proxy card and Bancorp receives it before the voting, the proxy holders named in the proxy card will vote your shares of common stock as you direct on the proxy card. If you give no direction on the proxy card, the proxy holders will vote your shares in favor of the election of Michael M.Y. Chang, Anthony M. Tang, Thomas G. Tartaglia, and Peter Wu as directors. Under Delaware law, the inspector of elections for the meeting may consider evidence deemed to be reliable to reconcile proxies and ballots submitted by banks, brokers, their nominees, or similar persons that represent more votes than the holder of a proxy is authorized by the record holder to cast or more votes than the stockholder holds of record.

The Board of Directors knows of no other proposal to be presented for consideration at the meeting. The proxy holders named in the enclosed proxy card reserve the right to vote your shares in accordance with their best judgment on any proposal that does properly come before the meeting or to vote your shares for other persons if any nominee for director becomes unavailable to serve.

You may revoke your proxy at any time before it is exercised by filing a written notice of revocation with Bancorp's Secretary or delivering to Bancorp's Secretary a later signed and dated proxy card. You may also revoke your proxy if you are present at the meeting and vote in person. This proxy statement and the enclosed proxy card were first mailed to stockholders on or about March 20, 2006.

QUORUM AND VOTING

The Board of Directors has fixed March 1, 2006, as the record date for the meeting. Only holders of record of Bancorp's common stock at the close of business on the record date are entitled to notice of and to vote at the meeting. On the record date, 50,274,713 shares of Bancorp's common stock were outstanding. Each stockholder of record is entitled to one vote for each share of common stock registered in the stockholder's name. Cumulative voting is **not** available for the election of directors.

It is important that stockholders be represented in person or by proxy at the meeting. The presence in person or by proxy of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum for the transaction of business. If the shares represented at the meeting are not sufficient to constitute a quorum or to elect the nominees for director, we may adjourn or postpone the meeting to permit further solicitation of proxies.

Persons receiving a plurality of the votes cast at the meeting will be elected directors. Plurality means that the persons who receive the largest number of votes cast are elected as directors up to the maximum number of directors to be chosen at the meeting.

Abstentions and broker non-votes are counted for purposes of establishing a quorum. The term "broker non-votes" refers to shares held by a broker in street name that are present by proxy but are not voted on the matter pursuant to rules prohibiting brokers from voting on non-routine matters without instructions from the beneficial owners. With respect to the election of directors, abstentions and broker non-votes have no effect in determining whether a nominee or nominees have been elected.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Based on the contents of reports filed with the Securities and Exchange Commission pursuant to Sections 13(d) and 13(g) of the Securities Exchange Act of 1934, the entity listed below is the beneficial owner of more than five percent of our common stock as of December 31, 2005.

Name and Address of Beneficial Owner	Amount and Nature of	Percentage of Common
	Beneficial Ownership of	Stock Beneficially
	Common Stock	Owned ^{1/}
FMR Corp.	4,466,809 ^{2/}	8.89%
82 Devonshire Street, Boston, MA 02109		

^{1/} The ownership percentage is determined by dividing the number of shares shown in this table by 50,263,655, which is the number of shares of Bancorp common stock issued and outstanding as of February 15, 2006.

^{2/} The number of shares in this table and the information in this footnote is derived from the Schedule 13G dated as of February 14, 2006, filed with the Securities and Exchange Commission by FMR Corp. According to this Schedule 13G filing, Fidelity Management & Research Company, a wholly-owned subsidiary of FMR Corp. and an investment adviser registered under Section 203 of the Investment Advisers Act of 1940, is the beneficial owner of 4,319,422 shares of the outstanding common stock of Bancorp as of December 31, 2005, as a result of acting as investment adviser to various investment companies registered under Section 8 of the Investment Company Act of 1940. The ownership of one investment company, Fidelity Low Priced Stock Fund, amounted to 2,750,000 shares of the outstanding common stock of Bancorp as of December 31, 2005. Fidelity Low Priced Stock Fund has its principal business office at 82 Devonshire Street, Boston, Massachusetts 02109. In addition, Fidelity Management Trust Company, a wholly-owned subsidiary of FMR Corp. and a bank as defined in Section 3(a)(6) of the Securities Exchange Act of 1934 is the beneficial owner of 147,387 shares of the outstanding common stock of Bancorp as of December 31, 2005, as a result of its serving as investment manager of its institutional account(s).

As of February 15, 2006, our directors and executive officers named in this proxy statement, and their affiliates, including the Cathay Bank Employee Stock Ownership Trust (the "ESOPT"), were entitled to vote approximately 5,957,623 shares of our common stock. These shares represent approximately 11.85% of the outstanding shares of our common stock as of February 15, 2006. If shares held by the ESOPT that have been allocated to persons other than our directors and executive officers named in this proxy statement are excluded from this total, as of February 15, 2006, our directors and named executive officers were entitled to vote approximately 4,293,112 shares of our common stock. These shares represent approximately 8.54% of the

outstanding shares of our common stock as of February 15, 2006. The individual security ownership of our directors and named executive officers can be found in the section of this proxy statement entitled Security Ownership of Nominees, Continuing Directors, and Named Executive Officers. Our directors and executive officers have informed us that they intend to vote for the election of Michael M.Y. Chang, Anthony M. Tang, Thomas G. Tartaglia, and Peter Wu.

Shares of our common stock beneficially owned by the ESOPT have been allocated among the participants of the Cathay Bank Employee Stock Ownership Plan. Each participant has the power to direct the vote of his or her allocated shares. The ESOPT Committee has the sole power to vote and dispose of all unallocated shares of our common stock beneficially owned by the ESOPT. As of February 15, 2006, the ESOPT held approximately 1,876,295 shares of Bancorp common stock, of which there were no unallocated shares. Dunson K. Cheng, Peter Wu, Kelly L. Chan, Joseph C.H. Poon, and Anthony M. Tang are members of the ESOPT Committee.

ELECTION OF DIRECTORS

Under our certificate of incorporation, the Board of Directors may consist of between 3 and 25 directors. Our Board currently consists of eleven directors, each of whom is also a director of Cathay Bank, a California-chartered bank and wholly-owned subsidiary of Bancorp. Our Board has three classes of directors and our bylaws provide that the number of directors in each class should be as nearly equal in number as possible. The term of office of each class of directors is three years. The current term of the Class I directors will expire at the 2006 annual meeting of stockholders and, if elected at the 2006 annual meeting, the term will expire at the 2009 annual meeting. The current term of the Class II directors will expire at the 2007 annual meeting of stockholders. The current term of the Class III directors will expire at the 2008 annual meeting of stockholders.

Stockholders are being asked to elect four Class I directors. The Class I directors will hold office until the 2009 annual meeting of stockholders and their successors have been elected and qualified. Our Board, based on the recommendation of the Nomination Committee, has nominated Michael M.Y. Chang, Anthony M. Tang, Thomas G. Tartaglia, and Peter Wu to serve as Class I directors. All of the nominees are currently directors of Bancorp and Cathay Bank, and have served continuously in these capacities since the dates indicated in the table below. If any nominee named in this proxy statement becomes unavailable for any reason, or if any vacancy on the Board of Directors occurs before the election, the shares represented by any proxy voting for that nominee will be voted for the person who may be designated by the Board of Directors to replace that nominee or to fill that vacancy on the Board. However, the Board of Directors does not believe that any nominee will be unavailable or that any vacancy will occur.

The Board of Directors recommends a vote **FOR** the election of Michael M.Y. Chang, Anthony M. Tang, Thomas G. Tartaglia, and Peter Wu as Class I directors.

As of February 15, 2006, there were 435,460 Series A Shares issued and outstanding. The Series A Shares vote on a share for share basis with the common shares of the REIT and are not convertible into common stock of the REIT or common stock of Cathay Bank or Bancorp. The REIT intends to continue to operate as a real estate investment trust under the Internal Revenue Code of 1986, as amended, by investing primarily in participation interests in a portion of Cathay Bank's portfolio of loans secured, in whole or in part, by real estate and leasehold improvements which generate net income.

The information below sets forth the number of Series A Shares beneficially owned as of February 15, 2006, by each of the current directors, the nominees recommended by the Board of Directors for election as directors, each of the individuals included in the Summary Compensation Table in the section titled Executive Compensation below, and all current directors, nominees, and executive officers as a group. Equity Incentive Plan Committee

During 2005, the Equity Incentive Plan Committee consisted of Joseph C.H. Poon (Chairman), Thomas C.T. Chiu, Michael M.Y. Chang, Wing K. Fat (member until February 25, 2005), and Nelson Chung (member since June 16, 2005). This committee selects participants receiving awards under Bancorp's 2005 Incentive Plan. It has broad discretion to determine the amount and types of awards, and the terms and conditions of individual awards. Awards to executive officers of Bancorp are made by the Executive Compensation Committee. The Equity Incentive Plan Committee met 5 times during 2005, and each committee member attended all meetings of this committee during the time that such person served on that committee except Mr. Fat, who was absent for one meeting.

Audit Committee

During 2005, the Audit Committee consisted of Kelly L. Chan (Chairman), Ting Y. Liu, and Thomas G. Tartaglia. This committee oversees Bancorp's financial reporting on behalf of its Board of Directors. It appoints and evaluates Bancorp's independent auditors, and reviews with the independent auditors the proposed scope of, fees for, and results of the annual audit. It reviews the system of internal accounting controls and the scope and results of internal audits with the independent auditors, the internal auditors, and Bancorp management. It considers the audit and non-audit services provided by the independent auditors, the proposed fees to be charged for each type of service, and the effect of non-audit services on the independence of the independent auditors. The Audit Committee met 18 times during 2005. Each committee member attended all of the meetings of this committee.

The Board of Directors has adopted a written charter for the Audit Committee, which was revised and restated in 2004 to reflect changes determined necessary and appropriate in response to the Sarbanes-Oxley Act and its related regulations and to amendments to the Nasdaq listing standards established by the National Association of Securities Dealers. The written charter of the Audit Committee was included as Appendix A to Bancorp's 2004 annual meeting proxy statement.

The Audit Committee does not have a policy for pre-approving services to be provided by Bancorp's independent auditors without review by the Audit Committee. All services to be provided to Bancorp by its independent auditors are subject to review and approval by the Audit Committee in advance of the performance of the services, provided that the Audit Committee will not approve any non-audit services proscribed by Section 10A(g) of the Exchange Act in the absence of an applicable exemption. The Audit Committee may delegate to a designated member or members of the Audit Committee the authority to approve such services so long as any such approval is reported to the full Audit Committee at its next scheduled meeting.

The Board of Directors conducted a review regarding whether each member of the Audit Committee qualifies as independent and determined that, during 2005, Messrs. Chan, Liu, and Tartaglia were each independent as defined in the Nasdaq listing standards of the National Association of Securities Dealers in effect during their membership on the Audit Committee. Bancorp's Board of Directors also conducted a review regarding whether any members of the Audit Committee meet the criteria to be considered an audit committee financial expert and determined that at least one of the three members of the Audit Committee, Kelly L. Chan, its Chairman, qualifies as an audit committee financial expert, as defined in Item 401(h) of Regulation S-K of the Securities Exchange Act of 1934, as amended.

Nomination Committee

During 2005, the Nomination Committee consisted of Joseph C.H. Poon (Chairman), Kelly L. Chan, and Ting Y. Liu. All members of the committee are independent as defined in the Nasdaq listing standards established by the National Association of Securities Dealers. This committee identifies and evaluates candidates qualified to serve as members of the Board and makes recommendations to the Board regarding such candidates. Nominees for this 2006 annual meeting of stockholders were recommended by the Nomination Committee and approved by the Board including a majority of its independent directors. The Nomination Committee met 3 times during 2005 and each committee member attended all meetings of this committee.

The policy of our Nomination Committee is to consider candidates properly recommended by our stockholders. In evaluating any such candidates, our Nomination Committee will consider the criteria described below. Any such recommendations should include the nominee's name and qualifications for membership on our Board of Directors and should be directed to Michael M.Y. Chang, Secretary, Cathay General Bancorp, 777 North Broadway, Los Angeles, California 90012. In addition, our bylaws permit stockholders to nominate directors for election at stockholder meetings. To nominate a director, stockholders must give timely notice to our Secretary in accordance with our bylaws, which require that the notice be received by our Secretary within the time periods described under the section of this proxy statement captioned "Stockholder Proposals for 2007 Annual Meeting of Stockholders".

The Board and Nomination Committee consider potential nominees based on such criteria as depth and breadth of relevant experience, intelligence, personal character, integrity, commitment to the community and to Bancorp, knowledge of the business of banking, compatibility with the current Board culture, and prominence all in the context of the perceived needs of the Board at the point in time of the consideration. Nominees must also be acceptable to banking regulators. Bancorp seeks to insure that at least a majority of the directors are independent under the Nasdaq listing standards and that members of Bancorp's Audit Committee meet Nasdaq and the Federal Deposit Insurance Corporation requirements and that at least one of them qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission.

The process for identifying and evaluating candidates is commenced by the Board upon its determination of a need to fill a new position or vacancy. At the request of the Board, the Nomination Committee then seeks to identify potential candidates who meet the specific criteria given by the Board at the time of the request based on input from members of the Board and, if the Board deems appropriate, a third-party search firm. The process begins with the Nomination Committee conducting inquiries into the backgrounds and qualifications of such candidates. If the Nomination Committee determines that a candidate is qualified to serve as a director and that he or she should be recommended to the Board, the Board will then review the recommendation and the accompanying information. If the Board is interested in a proposed candidate, it will designate a member to contact the candidate to discuss the proposed nomination, and determine if the candidate is interested in the nomination and if there is any reason why the Board should not proceed with the nomination. Depending on the outcome, the next step in the process is for the candidate to meet with all members of the Board. Following these meetings, and using the input from such interviews and the information obtained by the Nomination Committee, the Nomination Committee will evaluate whether the candidate meets the requisite qualifications and criteria and should be recommended to the Board. Candidates recommended by the Nomination Committee are then

presented to the Board for selection as nominees for election by the stockholders or by the Board to fill a vacancy. The Nomination Committee expects that a similar process will be used to evaluate nominees recommended by stockholders. The Nomination Committee has a written charter. The written charter of the Nomination Committee is not available on Bancorp's website but was included as Appendix B to Bancorp's 2004 annual meeting proxy statement.

Investment Committee

During 2005, the Investment Committee consisted of Dunson K. Cheng (Chairman), Peter Wu, Joseph C.H. Poon, Kelly L. Chan, and Thomas C.T. Chiu. This committee oversees Bancorp's investment and funds management policies at the holding company level. This committee exists alongside the Investment Committee at Bancorp's subsidiary, Cathay Bank. The Bancorp Investment Committee met 5 times during 2005. Each committee member attended all of the meetings of this committee while he was a member, except for Mr. Poon and Mr. Chan, who were each absent from one meeting.

Compensation of Directors

The current directors of Bancorp are also the current directors of Cathay Bank.

From January 1, 2005 to November 30, 2005, the policy for compensation of directors is that Bancorp or Cathay Bank, as applicable, pays each director who is not also a full-time officer of Bancorp, Cathay Bank, or Cathay Investment Company a monthly fee of \$1,500 plus \$300 for each Board committee meeting (other than the Cathay Bank Board loan committee meetings) and \$350 for each Cathay Bank Board loan committee meeting attended by the director. In 2005, Cathay Bank also paid each Cathay Bank non-employee director \$10,000 as a bonus, except for Mr. Chang, who received \$10,200. Cathay Investment Company currently pays each of its directors who is not a full-time officer of Bancorp, Cathay Bank, or Cathay Investment Company a fee of \$200 for each of its Board of Directors meetings attended. Bancorp, Cathay Bank, and Cathay Investment Company reimburse directors for out-of-pocket expenses incurred in attending meetings of the Boards of Directors and Board committees and in traveling on company business. Bancorp pays Mr. Chang \$1,500 per month for his services as Secretary of Bancorp and Cathay Bank.

A new policy for compensation of directors became effective on December 1, 2005, and provides that Bancorp or Cathay Bank, as applicable, pays each director who is not also a full-time officer of Bancorp, Cathay Bank, or Cathay Investment Company a fee of \$1,500 for each Bancorp or Bank Board meeting attended and \$1,000 for each Bancorp or Bank meeting not attended. Bancorp and Bank Board meetings that are held on the same day count only as one meeting. In addition, Cathay Bank pays each Cathay Bank director who is not also a full-time officer of Bancorp, Cathay Bank, or Cathay Investment Company a fee of \$500 for each Cathay Bank Board loan committee meeting attended by the director and \$450 for attending each meeting of any other committees of Bank or Bancorp. In addition to regular fees payable for attending committee meetings, the chairman of these Bancorp or Bank Board committees receive the following monthly retainers: Audit Committee (\$500), Equity Incentive Plan Committee (\$300), Building Committee (\$300), Bank Secrecy Act Committee (\$300) and Executive Compensation Committee (\$250). Bancorp, Cathay Bank, and Cathay Investment Company reimburse directors for out-of-pocket expenses incurred in attending meetings of the Boards of Directors and Board committees and in traveling on company business. Bancorp pays Mr. Chang \$1,500 per month for his services as Secretary of Bancorp and Cathay Bank.

Profit Sharing Plan

Salaried employees of Bancorp's subsidiary, Cathay Bank, who have completed three months of service and have attained the age of 21 are eligible to participate in Bancorp's 401(k) Profit Sharing Plan. Enrollment dates are on January 1st, April 1st, July 1st, and October 1st of each year. In 2005, participants were allowed to contribute up to 75% of their eligible compensation for the year, not to exceed the dollar limit set by the Internal Revenue Code. Participants may change their contribution election on the enrollment dates. In 2005, after a participant has completed one year of service, Cathay Bank matched 100% of the first 5% of compensation contributed per pay period by the participant. The vesting schedule for the matching contribution is 0% for less than two years of service, 25% after two years of service and from then on, at an increment of 25% each year until 100% is vested after five years of service. In 2005, Cathay Bank's contribution amounted to approximately \$1,199,000. The 401(k) Plan allows participants to withdraw all or part of their vested amount due to certain financial hardships set forth in the Internal Revenue Code and Treasury Regulations. Participants may also borrow up to 50% of the vested amount, up to a maximum of \$50,000. The minimum loan amount is \$1,000.

Employee Stock Ownership Plan

Bancorp's Amended and Restated Cathay Bank Employee Stock Ownership Plan (the "ESOP") provides that Bancorp can make annual contributions to a trust (the "Trust") in the form of either cash or common stock of Bancorp for the benefit of eligible employees and to pay administration expenses for the ESOP and Trust. Employees of Cathay Bank are eligible to participate in the ESOP after completing two years of service for salaried full-time employees or 1,000 hours for each of two consecutive years for salaried part-time employees.

The amount of the annual contribution is discretionary except that it must be sufficient to enable the Trust to meet its current obligations. Each participant's share of the annual contribution to the Trust, including the share of each participating executive officer, is calculated by dividing the participant's total units by the total units of all ESOP participants for that year. Each ESOP participant is granted one unit for each year of service and one unit for each one hundred dollars of eligible compensation.

Bancorp did not make contributions to the Trust in 2005 and does not plan to make any contributions to the Trust in 2006. In prior years, the Board of Directors determined the amount of the annual contribution to the Trust in light of Bancorp's earnings in the prior plan year. To date, such contributions have been made in cash. The cash contributed to the Trust is invested by its trustees in shares of Bancorp's common stock. Each participant's benefits under the ESOP consist of the cash (or cash equivalents) and shares of Bancorp's common stock allocated to the participant's ESOP account in accordance with the above-described formula. Under the ESOP, each participant's benefits are fully vested and without risk of forfeiture. Benefits under the ESOP are distributed to the participant in accordance with the rules of the ESOP and generally begin when the participant attains the age of 65 (or upon death or disability) or after the lapse of three years following termination of employment.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

In 2005, the Executive Compensation Committee consisted of Joseph C.H. Poon (Chairman until March 17, 2005), Ting Y. Liu (Chairman since March 17, 2005), Kelly L. Chan, Thomas G. Tartaglia (member until March 17, 2005), and Nelson Chung (member from June 16, 2005, until January 19, 2006), each of whom is an independent director under the Nasdaq listing standards. No persons who were members of the Executive Compensation Committee during 2005 had any relationships requiring disclosure under this section.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Bancorp established an Executive Compensation Committee in 2004, comprised solely of independent directors. The compensation of the Chief Executive Officer and all other executive officers is subject to approval by this Executive Compensation Committee. The Executive Compensation Committee establishes general policies on executive compensation as well as actual salary, bonus, equity incentive grants, and discretionary benefits of the President and Chief Executive Officer of Bancorp and Cathay Bank and all other executive officers of Bancorp including the executive officers named in this proxy statement.

The Bancorp Equity Incentive Plan Committee selects participants receiving awards under the 1998 Incentive Plan (the 1998 Incentive Plan) and the 2005 Incentive Plan (the 2005 Incentive Plan and collectively with the 1998 Incentive Plan, the Incentive Plans) and has broad discretion to determine the amounts and types of awards and the terms and conditions of individual awards. Upon the approval of the 2005 Incentive Plan by Bancorp's stockholders in May 2005, Bancorp ceased granting and making future awards under the 1998 Incentive Plan. Awards to executive officers of Bancorp are made by the Executive Compensation Committee.

The compensation program for executive officers, including the President and Chief Executive Officer, currently consists of base salary, annual cash bonus, participation in Bancorp's ESOP, certain matching contributions under the 401(k) Plan, life insurance in an amount equal to three times base salary (with a \$300,000 cap), and the same medical, dental, and disability benefits as provided to other Cathay Bank employees. Such officers are also eligible to participate in the Incentive Plans.

The Executive Compensation Committee believes that to reward, provide incentives to, and retain capable management, each of the executive officers should receive compensation that is both competitive and reflective of Cathay Bank's and Bancorp's performance. In addition, the Executive Compensation Committee believes that individual compensation should reflect the experience, performance, and responsibility level of that individual.

Publicly held corporations generally are not permitted a Federal income tax deduction for compensation paid to certain officers to the extent that such officer's compensation exceeds \$1 million in a taxable year. An exception may apply to performance-based compensation that meets certain requirements, including approval of material terms by stockholders in advance of payment. The Executive Compensation Committee has structured Bancorp's compensation programs for 2005 to qualify certain compensation payments for tax deductions to the extent possible while reserving the discretion to make payments which are not tax deductible as circumstances warrant.

Base Compensation

As part of the process of establishing base salaries, the Executive Compensation Committee reviews the performance of each executive officer in relation to the overall performance of Cathay Bank, and considers factors such as the experience and responsibility of each individual, including performance of special projects and assignments. Because the Executive Compensation Committee believes that the evaluation of performance should not be reduced to a formula, the Committee considers a wide range of performance criteria. These criteria include objective factors, such as earnings and profits, and subjective factors, such as the measurement of individual performance.

In establishing each executive officer's base salary, the Executive Compensation Committee generally gives the most weight to the subjective evaluation of the performance of the individual in relation to the performance of Cathay Bank, followed by a consideration of the officer's level of responsibility and experience, and then an evaluation of objective performance factors, without any particular weight being assigned to these factors. The amount of the base salary for each executive officer is determined by the above-mentioned subjective evaluation of the individual's performance, a comparison of the compensation levels paid to the individual in past years in relation to the individual's performance in those years, and Bancorp's and Cathay Bank's general financial condition, profitability, and results of operations. Consideration is also given to changes in the cost of living.

In 2004, Bancorp's total assets increased by approximately 10.0% over 2003 levels, deposits increased by approximately 3.8%, gross loans increased by 15.9%, stockholders' equity increased by approximately 15.6% over 2003 levels, return on average assets was 1.51%, net income increased approximately 56.12%, from \$55.6 million in 2003 to \$86.8 million in 2004, and earnings per diluted share increased from \$1.42 in 2003 to \$1.72 in 2004. The Executive Compensation Committee considered this financial performance data and each executive officer's level of responsibilities in giving named executive officers an increase in base salaries of approximately 4.60% to 7.00% effective April 1, 2005. The Executive Compensation Committee further noted the substantial growth of Bancorp, and the increased responsibilities of its executive officers, as a result of the merger with GBC Bancorp.

The Executive Compensation Committee reviews objective data on the financial condition, profitability, and results from operations of Bancorp and Cathay Bank in light of the financial performance of other similar banks, Bancorp's and Cathay Bank's relative advantages and disadvantages in the banking industry, and the obstacles and challenges presented to the particular executive officer in attempting to achieve the goals of Bancorp and Cathay Bank. The Executive Compensation Committee also reviews the base compensation of executive officers in equivalent positions paid by banks considered competitive with Cathay Bank and by other banks of similar size across the United States.

In addition to these reviews, the Executive Compensation Committee considers data comparing the percentage change in cumulative total stockholder return on Bancorp's common stock with the percentage change in cumulative total stockholder return on the Standard & Poor's 500 and the SNL Western Bank Index. See the Comparative Stock Performance section below for a graph comparing cumulative stockholder return data for Bancorp, the Standard & Poor's 500 Index, and the SNL Western Bank Index. The SNL Western Bank Index is a market-weighted index including every publicly traded bank located in Alaska, California, Hawaii, Montana, Oregon, and Washington.

Annual Cash Bonus

The annual cash bonus paid to each executive officer, except for those officers that are participants in the 2005 Incentive Plan, is determined, in the discretion of the Executive Compensation Committee, on the basis of the overall performance and profitability of Cathay Bank and Bancorp in the fiscal year then ending, and the Committee's subjective evaluation of the individual officer's performance and responsibility in relation to company performance. Overall performance and profitability is determined with reference to the following factors listed in order of importance: net income, return on average assets, return on stockholders' equity, and percentage increase or decrease in total assets, loans, and deposits.

Cash awards granted under the 2005 Incentive Plan are generally made to individuals who are, or who Bancorp anticipates may be, one of our five most highly compensated officers (such individuals being those employees whose compensation may not be fully deductible by Bancorp under Code Section 162(m) if it exceeds with respect to a given year the limits imposed by that section). Each cash award granted under the 2005 Incentive Plan is subject to Qualifying Performance Criteria as that term is defined in the 2005 Incentive Plan and includes provisions regarding (1) the target and maximum amount payable to the participant as a cash award, (2) the Qualifying Performance Criteria and level of achievement versus the criteria that will determine the amount of such payment, (3) the period as to which performance shall be measured for establishing the amount of any payment, (4) the timing of any payment earned by virtue of performance, (5) restrictions on the alienation or transfer of the cash award prior to actual payment, (6) forfeiture provisions, and (7) such further terms and conditions, in each case not inconsistent with the 2005 Incentive Plan, as may be determined from time to time by the Executive Compensation Committee. The maximum amount payable as a cash award may be a multiple of the target amount payable. The maximum amount payable pursuant to a cash award granted under the 2005 Incentive Plan for any fiscal year that is intended to comply with Section 162(m) of the Code may not exceed \$3,000,000. Nothing in the 2005 Incentive Plan prevents Bancorp from granting cash awards outside of the 2005 Incentive Plan to any individual.

Currently, as determined by the Executive Compensation Committee, the only participants in the cash award portion of the 2005 Incentive Plan are the Bancorp's current President and Chief Executive Officer, Dunson K. Cheng, and its Executive Vice Chairman and Chief Operating Officer, Peter Wu. For the year ending December 31, 2005, which it selected as the measurement period, the Executive Compensation Committee determined that the specific business criteria for such measurement period would be the net income of Bancorp (as shown in Bancorp's 2005 audited financial statements adjusted upward for any write-downs of Bancorp's refunds receivable from the State of California) and payments, if any, would be made based on the specific performance targets, formula, and percentages of base salary established prior to March 31, 2005, by the Executive Compensation Committee.

Mr. Cheng's annual base salary as of January 1, 2005, was \$800,000, and Mr. Wu's annual base salary as of January 1, 2005, was \$367,500. Based on the performance criteria established prior to March 31, 2005, by the Executive Compensation Committee, Mr. Cheng and Mr. Wu were each eligible to receive a cash award equal to up to 140% of their January 1, 2005, base salary, provided each of Mr. Cheng and Mr. Wu, as applicable, was continuously employed by Bancorp throughout the entire 2005 calendar year. Notwithstanding the foregoing, the Executive Compensation Committee had the right to reduce or eliminate such compensation in its sole discretion. On January 25, 2006, based on a review of the performances of Mr. Cheng and Mr. Wu during 2005, and applying the performance criteria it established prior to March 31, 2005, the Executive Compensation Committee approved granting a cash award of \$940,000, to Mr. Cheng, which is 117.5% of Mr. Cheng's January 1, 2005, base salary and a cash award of \$435,000 to Mr. Wu, which is 118.37% of Mr. Wu's January 1, 2005, base salary. These awards are payable by March 15, 2006.

The amount of the annual bonus for each officer other than Mr. Cheng and Mr. Wu is determined by the above-mentioned evaluation of the performance of Bancorp and Cathay Bank in relation to the contributions, as perceived by the Executive Compensation Committee, made by the executive officer to achieve the overall level of financial performance of Bancorp and Cathay Bank, and by a comparison of the size of annual bonuses paid to the executive officer in past years with respect to the individual's performance in those years, the base salaries of the executive officers and the length of employment with Bancorp and Cathay Bank, and the overall performance and profitability of Bancorp and Cathay Bank in those years. Based on these factors, the Executive Compensation Committee increased the bonuses paid to two named executive officers other than Mr. Cheng and Mr. Wu by 6.20% to 7.43%, and reduced it for another named executive officer by 1.25%.

The 1998 Incentive Plan

Bancorp's 1998 Incentive Plan authorizes the issuance of up to 7,000,000 shares of Bancorp's common stock under awards granted under the 1998 Incentive Plan. Awards may be granted in the form of stock options or restricted stock. The 1998 Incentive Plan is intended to strengthen Bancorp by providing selected employees and directors of Bancorp and its subsidiaries, including Cathay Bank, an opportunity to participate in Bancorp's future by offering them an opportunity to acquire common stock in Bancorp so as to retain, attract, and motivate them.

As of February 15, 2006, there are 140 participants in the 1998 Incentive Plan. The Equity Incentive Plan Committee has the discretion to determine the number and type of awards granted, and awards generally increase as a function of higher positions of responsibility in Bancorp or its subsidiaries. Awards are generally based on a subjective analysis of the individual's performance, the general performance of Bancorp and Cathay Bank, and a review of option grants made at other banks of comparable size and complexity. Consideration is also given to the estimated dilutive effect of such awards on Bancorp's stockholders.

In 2005, the Equity Incentive Plan Committee or the Executive Compensation Committee (as to executive officers) approved granting nonqualified options to purchase 967,540 shares of our common stock under the 1998 Incentive Plan. Of these options, options on 722,480 shares were granted in February, 2005, and options on 245,060 shares were granted in March 2005. The February 2005 grants included an option granted to Mr. Cheng

to purchase 154,940 shares and have an exercise price of \$37.00 per share, which was equal to the closing price of a share of Bancorp common stock on the Nasdaq National Market on the date of grant. The options from the February 2005 grants become exercisable in 20% increments over a five-year period and terminate ten years from the date of the grant, subject to early termination in the event of termination of employment, disability, or death.

The March 2005 grant was made to Mr. Cheng on the approval of the Executive Compensation Committee to purchase a total of 245,060 shares of common stock at an exercise price of \$32.47 per share, which was equal to the closing price of a share of Bancorp common stock on the Nasdaq National Market on the date of grant. These options are exercisable to the extent of 30% of the shares immediately, 10% on November 20, 2005, and 20% on each November 20th of the following three years, subject to early termination on termination of employment, disability, or death, and having a term of 10 years. In granting this option to Mr. Cheng, and a subsequent grant in May 2005 under the 2005 Incentive Plan, the Executive Compensation Committee took into account an agreement by Mr. Cheng to waive his rights to purchase 391,730 shares under an option granted in 2003 after it was determined that the 2003 option grant exceeded a limitation in the 1998 Incentive Plan as to the number of shares that could be subject to awards made to any one participant in any calendar year.

The Bancorp ceased making grants under the 1998 Incentive Plan upon approval of the 2005 Incentive Plan in May, 2005.

The 2005 Incentive Plan

The 2005 Incentive Plan was adopted by the Board in March, 2005 and approved by the stockholders at the 2005 annual meeting. The 2005 Incentive Plan provides that 3,131,854 shares of Bancorp common stock will be reserved and available for future awards. This is the same number of shares that was available for future awards under the 1998 Incentive Plan. Upon the approval of the 2005 Incentive Plan in May 2005, Bancorp ceased granting awards under the 1998 Incentive Plan. Shares that are issuable on exercise of outstanding options granted under the 1998 Incentive Plan, of which there were 3,624,586, as of March 22, 2005, may also potentially become available for future awards under the 2005 Incentive Plan if and to the extent these options terminate or expire or become unexercisable for any reason without having been exercised after March 22, 2005, just as they would be under the 1998 Incentive Plan. Thus, approval of the 2005 Incentive Plan did not increase the number of shares of common stock available for future awards by Bancorp under its plans.

The 2005 Incentive Plan permits Bancorp to issue stock options (both incentive stock options designed to comply with Code Section 422 and nonstatutory stock options which will not so comply), stock awards (including shares, stock units, stock appreciation rights, and other similar awards), and cash awards. The purpose of granting awards under the 2005 Incentive Plan is to compensate eligible participants for their contributions to our business and to provide incentives for such persons to exert maximum efforts for the success of Bancorp by giving them, in the case of options and stock awards, an opportunity to benefit from increases in value of the common stock of Bancorp and thereby align participants and stockholders interests.

In May 2005, the Executive Compensation Committee approved granting Mr. Cheng an option to purchase 264,694 shares of common stock at an exercise price of \$33.54 per share, the closing price of the common stock on the Nasdaq National Market on that date. This option is exercisable to the extent of 40% on November 20, 2005, 20% on November 20, 2006, 20% on November 20, 2007, and the remaining 20% on November 20, 2008, subject to early termination in the event of termination of employment, disability, or death, and having a term of 10 years. In granting this option to Mr. Cheng, the Executive Compensation Committee took into account an agreement by Mr. Cheng to waive his rights to purchase 391,730 shares under an option granted in 2003 after it was determined that the 2003 option grant exceeded a limitation in the 1998 Incentive Plan as to the number of shares that could be subject to awards made to any one participant in any calendar year.

In June 2005, the Equity Incentive Committee also granted nonqualified options to purchase 3,000 shares of our common stock each to two newly hired officers, with an exercise price of \$33.81, which was the closing price of a share of our common stock on the date of grant. These June 2005 options become exercisable in 20% increments over a five-year period, and they terminate ten years from the date of the grant, subject to early termination in the event of termination of employment, disability, or death.

As of February 15, 2006, there are 144 participants in the 2005 Incentive Plan. The Equity Incentive Plan Committee has the discretion to determine the number and type of awards granted, and awards generally increase as a function of higher positions of responsibility in Bancorp or its subsidiaries. Awards are generally based on a subjective analysis of the individual's performance, the general performance of Bancorp and Cathay Bank, and a review of option grants made at other banks of comparable size and complexity. Consideration is also given to the estimated dilutive effect of such awards on Bancorp's stockholders.

CEO Compensation

The Executive Compensation Committee increased Mr. Cheng's annual base salary by approximately 7.00% to \$856,000 effective April 1, 2005. The Executive Compensation Committee also awarded him a \$940,000 cash bonus (an increase of approximately 12.57% from the bonus paid for 2004). Mr. Cheng's total salary and bonus for 2005 was \$1,782,000, up from \$1,610,000 in 2004. Generally, the Executive Compensation Committee sets Mr. Cheng's base salary primarily on the basis of its subjective evaluation of his performance in the immediately preceding year, the percentage increase or decrease in total assets, loans, and deposits in the immediately preceding year, the percentage increase or decrease in net income in the immediately preceding year, and a comparison of his level of compensation with chief executive officers at other banks of a similar size operating in California, particularly those banks that operate in the same markets as Cathay Bank. In 2004, Bancorp's total assets increased by approximately 10.0% over 2003 levels, deposits increased by approximately 3.8%, gross loans increased by 15.9%, stockholders equity increased by approximately 15.6% over 2003 levels, return on average assets was 1.51%, net income increased approximately 56.12%, from \$55.6 million in 2003 to \$86.8 million in 2004, and earnings per diluted share increased from \$1.42 in 2003 to \$1.72 in 2004.

Beginning in 2005, Mr. Cheng's bonus is determined in accordance with performance-based criteria pursuant to the terms of the 2005 Incentive Plan. For the year ending December 31, 2005, which it selected as the measurement period, the Executive Compensation Committee determined that the specific business criteria for such measurement period shall be the net income of Bancorp (as shown in Bancorp's 2005 audited financial statements adjusted upward for any write-downs of Bancorp's refunds receivable from the State of California) and payments, if any, would be made based on the specific performance targets, formula, and percentages of base salary established prior to March 31, 2005, by the Executive Compensation Committee. Based on this performance criteria, Mr. Cheng was eligible to receive a cash award equal to up to 140% of his January 1, 2005 base salary, provided Mr. Cheng was continuously employed by Bancorp throughout the entire 2005 calendar year. On January 25, 2006, based on a review of the performance of Mr. Cheng during 2005 and applying the performance criteria it established prior to March 31, 2005, the Executive Compensation Committee approved granting a cash award of \$940,000, to Mr. Cheng, which is 117.5% of Mr. Cheng's January 1, 2005, base salary.
