The Sprint Retirement Savings Plan for Bargaining Unit Employees:

We have audited the accompanying statements of net assets available for benefits of the Sprint Retirement Savings Plan for Bargaining Unit Employees (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at year end) as of December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

SPRINT RETIREMENT SAVINGS PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2005

1. DESCRIPTION OF THE PLAN

The following brief description of the Sprint Retirement Savings Plan for Bargaining Unit Employees (the Plan) provides only general information. For more complete information participants should refer to the Plan document and the Summary Plan Description, which can be obtained by calling the Employee Solutions Network at 800-697-6000.

General

On August 12, 2005, the Plan sponsor, Sprint Corporation, merged with Nextel Communications, Inc. (Nextel). As a result of the merger, Nextel became a subsidiary of Sprint Corporation, which changed its name to Sprint Nextel Corporation (Sprint Nextel or the Company).

The Plan is a defined contribution plan originally established by Sprint Nextel and adopted by a number of its subsidiaries that provide local telecommunications services. The Plan is a qualified cash or deferred arrangement as defined in section 401(k) of the Internal Revenue Code (Code) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Participation in the Plan is voluntary. Individuals who are employed by one of the Company s adopting subsidiaries and who are represented by a collective bargaining unit that has negotiated for benefits under the Plan are eligible to participate upon date of hire. Employees of the Company or one of its subsidiaries who are not eligible to participate in the Plan may be eligible to participate in one of the other similar plans established by the Company.

Contributions

Participants may contribute a portion of their salary or wages to a pre-tax account up to the maximum amount designated in their collective bargaining agreement under which they are covered. This amount is referred to as the basic contribution. Federal income taxes are deferred on the amount contributed to the pre-tax accounts until the funds are withdrawn from the Plan. Pre-tax participant contributions may not exceed annual limitations defined in the Code of \$14,000 for the 2005 plan year, \$13,000 for the 2004 plan year and \$12,000 for the 2003 plan year. The amount that may be contributed by participants who meet the definition of a highly compensated employee as defined in the Code is periodically recalculated in order to maintain compliance with the nondiscrimination provisions of the Code. Previously, certain participants were allowed to make after-tax contributions when so provided. Currently, contributions are allowed to only the pre-tax account. Subject to certain limitations and restrictions, the Plan permits participants to make rollover contributions from other plans qualified under Section 401 of the Code.

The Company makes a matching contribution to the Plan in an amount which, together with forfeitures of the Company contribution due to individual participants not meeting the vesting guidelines (see the section below titled Vesting), equals the total Company contribution as required under the applicable collective bargaining agreements. Contributions are made in Sprint Nextel common stock with a market value equal to the Company contribution requirement.

In February 2004, Sprint Corporation s board of directors decided to recombine the FON and PCS tracking stocks and return to a single common stock. As a result, on April 23, 2004, each share of PCS stock automatically converted to 0.50 shares of FON stock. Concurrently, the Sprint FON Stock Fund and the Sprint PCS Stock Fund were combined. Since that date, Company contributions are made only in Sprint Nextel common stock to the Company Stock Fund.

SPRINT RETIREMENT SAVINGS PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2005

Prior to the recombination of FON and PCS common stock effective April 23, 2004, allocation of the Company matching contribution between FON and PCS shares was subject to change quarterly based on the relative market capitalization of FON and PCS common stocks. From January 1 to April 23, 2004, the Company matching contribution was invested 74% in FON stock and 26% in PCS stock. During the 2003 plan year, the Company matching contribution invested in FON stock ranged from 69% to 81% and the Company matching contribution invested in PCS stock ranged from 31% to 19%.

If so provided in the applicable collective bargaining agreement, the Plan provides that the Company may make an optional additional Company contribution. The amount of this additional contribution, if any, is based on a comparison of the performance of the Company's common stocks with the performance of the Dow Jones Total Market Telecom Index.

Participants may choose to receive annual taxable dividend payments on vested applicable Company matching contributions and pre-2002 employee contributions to the Company Stock Fund.

In 2002, catch-up contributions were made available to collective bargaining units that negotiated for this benefit. To be eligible to make catch-up contributions, a participant must be age 50 by the end of the applicable plan year and must contribute the maximum elective contribution for that plan year. The pre-tax catch-up contribution limit was \$4,000 for the 2005 plan year, \$3,000 for the 2004 plan year and \$2,000 for the 2003 plan year.

Investment Funds

Participants may direct their contributions into any of 29 actively or passively invested funds, which include a Money Market Fund, four Fixed Income funds, an Emerging Market Debt Fund, three Small Capitalization stock funds, two Mid-capitalization stock funds, three Large Capitalization Growth Stock funds, two Large Capitalization Value Stock funds, a Large Capitalization Blended stock fund, five International and Emerging Market stock funds, an S&P 500 Index fund, the Company Stock fund, and five pre-mixed portfolio investment options. The pre-mixed portfolios range from the Conservative Growth Portfolio with an 80%/20% mix of bonds/stocks to the Aggressive Growth Portfolio with 100% stocks.

Participants may, at their discretion, alter the array of funds in which their payroll contributions are invested. Participants may also execute a transfer of funds on any day the New York Stock Exchange is open. Daily fund exchanges in the Company stock fund are limited to participant contributions and the diversification provisions for Company matching contributions described below if so provided in the applicable collective bargaining agreement.

Other limitations on transfers between funds apply in certain circumstances.

Certain collective bargaining units have negotiated for the diversification of Company matching contributions. Effective January 1, 2004, participants represented by those collective bargaining units may diversify their Company matching contributions as follows:

For Company matching contributions made prior to January 1, 2004, 20% of the Company matching contributions balance may be diversified and transferred each year to other investment options in the Plan.

Company matching contributions made on or after January 1, 2004, may be diversified beginning on the last day of the third year after the year the contributions are made. For example, Company matching contributions made in 2004 may be diversified beginning on December 31, 2007.

SPRINT RETIREMENT SAVINGS PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2005

In addition, effective January 1, 2004, all employees age 55 or older may choose to fully diversify all Company matching contributions once each year. The previous age requirement was 60.

Concentration of Risk

At December 31, 2005 and December 31, 2004, a portion of the Plan's assets were in shares of Sprint Nextel common stock. The value of this common stock is subject to fluctuations related to corporate, industry, economic and market factors. At year-end 2005 and 2004, Sprint Nextel common stock closed at \$23.36 per share and \$24.85 per share, respectively.

The Plan's other investment options include a variety of stocks, bonds, mutual funds, and other securities. Investment securities subject participants to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is likely that changes in the values of investment securities will occur in the near term and that such changes could adversely affect participants account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Vesting

Participants are 100% vested in their participant contribution account balances at all times.

The vesting of Company matching contributions is based on a graded vesting schedule which is: 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service and 100% vested after five years of continuous service with the Company. If a participant's employment with the Company terminates, the participant has unvested amounts in the Plan and the participant is rehired by the Company as an employee within five years from the termination date, that participant can return to the same point in the vesting schedule as at the time of employment termination if the participant maintained their account balance in the Plan the entire time they were not employed by the Company. Also, if a participant left the Company while participating in the Plan, received a distribution of their vested amount which was less than the full amount, and is rehired, any Company matching contributions the participant forfeited will be restored if the participant repays to their account in the Plan the full amount of their previous distribution no later than five years after the date the distribution was made.

Earlier vesting may occur if, while an employee of the Company, a participant (1) attains age 65, (2) incurs a permanent and total disability, or (3) dies.

Withdrawing participants who do not meet these vesting guidelines forfeit the non-vested portion of the Company contribution. At December 31, 2005, 2004 and 2003, forfeited non-vested accounts totaled \$567,000, \$186,000 and \$82,000, respectively. These forfeited accounts can be used to reinstate forfeited balances for rehired employees and to pay reasonable and approved Plan expenses, including to reduce future Company contribution requirements. In 2005, 2004 and 2003, forfeited non-vested amounts of \$0, \$0 and \$105,000, respectively, were used to reduce Company contributions.

Withdrawals

Participants may withdraw the vested value of their account when they retire, terminate employment with the Company, reach age 59 1/2, meet hardship requirements defined in the Code, or become permanently and totally disabled. In-service withdrawals may also be made from the after-tax portion of their account and the vested portion of their Company contribution account that has been held by the Plan for two full calendar years following the year of contribution. These withdrawals may not be made more often than twice per year. The minimum in-service withdrawal is the lesser of \$1,000 or 50% of the maximum amount that may be withdrawn.

DECEMBER 31, 2005

Participant Loans

Participants may borrow up to the lesser of (1) one-half of the total value of their vested account balance, (2) \$50,000 reduced by the highest outstanding balance of the participant's loan from the Plan during the one year period ending on the date the loan is made, or (3) the total value of their pre-tax account. The minimum loan is \$1,000.

Participants may have no more than two loans outstanding from the Plan at a time. Amounts borrowed by participants must be repaid within 5 years and no sooner than 6 months. In the event that the proceeds of the loan are used to acquire a participant's principal residence, the maximum repayment period may be as much as 25 years. Loans are secured by the balances in the participant's accounts. The interest rate charged on loans is set by the Sprint Nextel Employee Benefits Committee. As of December 31, 2005 outstanding loans were being charged interest rates between 4.0% and 9.5%.

Dividends

Dividends earned on shares held in the Company Stock account are reinvested quarterly into the Company Stock fund, unless the participant elects to receive the dividends in cash, which is distributed annually.

Participant Accounts

A separate account is maintained for each participant in the Plan. Each participant's account is adjusted for (a) Company contributions on behalf of the participant, (b) the participant's contributions to the Plan, including rollover contributions, (c) the participant's share of any investment income or loss, (d) withdrawals, (e) loans, and (f) forfeitures of Company contributions due to the participant's withdrawal.

Administration and Plan Expenses

The Plan is administered by the Sprint Nextel Employee Benefits Committee. Administrative and investment expenses are expenses of the Plan and, except to the extent paid by the Company, are paid out of the trust. Certain administrative charges for review of domestic relations orders are borne by the participant submitting the domestic relations order.

The Employee Benefits Committee is the named fiduciary of the Plan and has responsibility for the administrative and financial activities of the Plan.

Termination

The Plan may be terminated at any time. Should the Plan terminate, the accounts of all participants will become non-forfeitable as of the date of termination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies of the Plan:

Valuation of Investments

Investments of the Plan are valued at fair value. The fair value of Sprint Nextel common stock is based on the value of the last reported sale in the active market in which the stock is traded on the last business day of the year. Equity mutual funds and bond mutual funds are valued at the redemption price on the last business day of the year. The fair value of the short term investments is estimated at cost plus accrued interest.

Loans to participants are valued at their principal balance.

Table of Contents**SPRINT RETIREMENT SAVINGS PLAN FOR BARGAINING UNIT EMPLOYEES****NOTES TO FINANCIAL STATEMENTS (Continued)****DECEMBER 31, 2005***Interest and Dividend Income*

Dividend income is recorded on the ex-dividend date. Investment income is recorded as earned on an accrual basis.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from these estimates.

Income Tax Status

The Plan received a determination letter from the Internal Revenue Service dated June 12, 2003, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of this determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Withdrawals

Withdrawals are recorded at the fair value of the assets on the date of distribution.

3. INVESTMENTS

Combined contributions to the Company Stock Fund approximated \$7 million in 2005 and \$8 million in 2004. In 2003 combined contributions approximated \$6 million and \$4 million to the FON and PCS stock funds, respectively.

6. LEGAL PROCEEDINGS

In 2003, certain participants in the Plan and in the Sprint Retirement Savings Plan and in the Centel Retirement Savings Plan for Bargaining unit Employees filed suit in the U. S. District Court for the District of Kansas against Sprint Nextel, the committees that administer these plans, the plan trustee, and various current and former officers and directors of Sprint Nextel. The consolidated lawsuit alleges that defendants breached their fiduciary duties to the plans and violated ERISA by making the matching contributions in Sprint Nextel common stock and by including Sprint Nextel common stock among the investment options offered to plan participants. The lawsuit seeks to recover any decline in the value of the FON and PCS tracking stocks during the class period. A settlement agreement has been filed with the court and is subject to final court approval. The settlement calls for certain changes to be made to the plans, the vesting of certain amounts of Sprint Nextel common stock in the accounts of certain former employees and the distribution of \$4 million in cash to former employees who no longer have accounts in the plans.

7. SUBSEQUENT EVENTS

Effective January 1, 2006, the Plan was amended to provide that no additional purchases (other than the reinvestment of dividends or as required by collective bargaining agreements) were permitted in the Company Stock Fund.

Effective May 17, 2006, Sprint Nextel spun-off to its shareholders its wholly-owned subsidiary, Embarq Corporation, which operates the assets comprised of Sprint Nextel's local telecommunications business prior to the spin-off. In conjunction with this spin-off, the Plan sponsor changed from Sprint Nextel to Embarq Corporation and the Plan name changed to Embarq Retirement Savings Plan for Bargaining Unit Employees.

Effective May 17, 2006, the Plan was amended (subject to respective collective bargaining agreements) to permit participants to fully diversify their Company matching contributions regardless of when the contributions were made or the participant's age.
