In accordance with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, the Company notes that certain statements set forth in this Current Report on Form 8-K provide other than historical information and are forward looking. The actual achievement of any forecasted results, or the unfolding of future economic or business developments in a way anticipated or projected by the Company, involve numerous risks and uncertainties. Among those risks and uncertainties, many of which are beyond the control of the Company, include, without limitation, fluctuations in oil and gas prices; level of fleet additions by competitors and vessel overcapacity; changes in capital spending by customers in the energy industry for exploration, development and production; changing customer demands for different vessel specifications which may make some of our vessels technologically obsolete for certain customer projects or in certain markets; acts of terrorism; significant weather conditions; unsettled political conditions, war, civil unrest and governmental actions, especially in higher risk countries of operations; foreign currency fluctuations; and environmental and labor laws. Readers should consider all of these risk factors as well as other information contained in this report.

On July 20, 2006, the company issued a press release announcing that (1) the company's Board of Directors declared a quarterly dividend of \$.15 per share on Tidewater's approximately 56.3 million shares of common stock outstanding which excludes shares held by the Company's grantor stock ownership trust and (2) the company's Board of Directors authorized a new program for the company to spend up to \$157.9 million to repurchase shares of its common stock in open-market or privately-negotiated transactions. The company intends to use its available cash and, when considered advantageous, borrowings under its revolving credit facility, to fund the share repurchases. The repurchase program will end on the earlier of the date that all authorized funds have been expended or June 30, 2007, unless extended by the Board of Directors.

The press release is filed as Exhibit 99.1 to this Current Report and is incorporated herein by reference as if fully set forth.
