## SECTION 2 FINANCIAL INFORMATION

### Item 2.02 Results of Operations and Financial Condition

On October 18, 2006, Gilead Sciences, Inc., a Delaware corporation (the Company), issued a press release announcing the financial results for the quarter ended September 30, 2006. A copy of the press release is filed as Exhibit 99.1 to this report.

Non-GAAP earnings and earnings per diluted share are presented excluding the impact of the purchased in-process research and development charge incurred in connection with the acquisition of Corus Pharma, Inc. Gilead's management believes this non-GAAP information is useful for investors, in conjunction with its GAAP financial statements, because it facilitates the comparison of current and prior period operating results after eliminating the effect of expense components that are individually material in the current period but were not present in the prior period. Non-GAAP financial information no longer excludes stock-based compensation expense resulting from Gilead's adoption of Financial Accounting Standards Board's Statement No. 123 (revised 2004), Share Based Payment, on January 1, 2006, as Gilead's management believes that investors have gained a better understanding of stock-based compensation expense and are now including such expense in their evaluation of the Company; however, note 1 to the condensed consolidated statements of operations on page 6 of the press release included in this report continues to enable Gilead management and investors to understand the comparative impact of stock-based compensation expense on the various captions of the statements of operations in 2006. Non-GAAP information is not prepared under a comprehensive set of accounting rules and should only be used to supplement an understanding of Gilead's operating results as reported under GAAP.

The information in this Form 8-K and the exhibit attached hereto shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities under that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, regardless of any general incorporation language in such filing.
