Without limiting the foregoing, the words "believes," "plans," "intends," "expects," "goals" and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these words. Actual results may differ materially from those projected in the forward-looking statements due to various uncertainties and risks, including without limitation risks associated with the effects of general economic and market conditions, lessening demand in the information technology market, successful integration of acquisitions, difficulty managing operations and difficulty in keeping pace with rapid industry, technological and market changes, as well as those described in Item 1A of Part I (Risk Factors) of our Annual Report on Form 10-K. We disclaim any obligation to update any forward-looking statements contained herein after the date of this Proxy Statement.

EMC CORPORATION

PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of EMC Corporation, a Massachusetts corporation ("EMC" or the "Company"), for the Annual Meeting of Shareholders of EMC to be held on May 3, 2007, and any adjournments thereof, for the purposes set forth in the attached Notice of the Annual Meeting of Shareholders (the "Notice of Annual Meeting"). EMC was incorporated in 1979, and its principal executive offices are located at 176 South Street, Hopkinton, Massachusetts 01748. This Proxy Statement, EMC's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 and the accompanying proxy card are first being distributed to shareholders on or about March 5, 2007.

Voting Rights and Outstanding Shares

As of March 5, 2007, EMC had outstanding 2,099,052,990 shares of Common Stock. The Common Stock is the security entitled to vote at the Annual Meeting. Each share of Common Stock entitles the holder of record thereof at the close of business on March 5, 2007 to one vote on each of the matters to be voted upon at the Annual Meeting.

The expenses of preparing, printing and assembling the materials used in the solicitation of proxies on behalf of the Board of Directors will be borne by EMC. In addition to the solicitation of proxies by use of the mails, EMC may utilize the services of certain of its officers and employees (who will receive no compensation therefor in addition to their regular salaries) to solicit proxies personally and by mail, telephone and electronic means from brokerage houses and other shareholders. Also, EMC has retained Morrow & Co., Inc. to aid in the distribution and solicitation of proxies. Morrow & Co., Inc. will receive a fee of \$25,000 as well as reimbursement for certain expenses incurred by them in connection with their services, all of which will be paid by EMC.

Table of Contents

If the enclosed form of proxy is properly signed and returned or a proxy is voted electronically or by telephone, the shares represented thereby will be voted as specified in the proxy. If you do not specify in the proxy how your shares are to be voted, the shares will be voted as recommended by the Board of Directors: FOR Proposals 1, 2, 3, 4 and 5 and AGAINST Proposals 6, 7, 8 and 9. If your shares are registered in the name of a bank or brokerage firm and the bank or brokerage firm does not receive instruction from you about how your shares are to be voted, one of two things can happen, depending on the type of proposal. For the election of directors and the ratification of auditors, the bank or brokerage firm that holds your shares may vote your shares in its discretion. For all other proposals, the bank or brokerage firm may not vote your shares at all. When that happens, it is called a broker non-vote. You have the right to revoke your proxy at any time before it is voted by attending the meeting and voting in person or filing with the Secretary or Assistant Secretary of EMC either a written instrument revoking the proxy or another executed proxy bearing a later date.

In order to conduct any business at the Annual Meeting, a quorum must be present in person or represented by valid proxies. Abstentions and broker non-votes are considered present for purposes of determining the presence of a quorum; however, neither abstentions nor broker non-votes will be considered votes properly cast at the Annual Meeting. Accordingly, because the approval of each of the proposals (other than Proposal 5) is based on the votes properly cast at the Annual Meeting, neither abstentions nor broker non-votes will have any effect upon the outcome of voting with respect to such proposals. For Proposal 5, which requires the vote of two-thirds of our outstanding Common Stock, abstentions and broker non-votes have the same effect as a vote against the proposal. An automated system administered by EMC's transfer agent tabulates all votes cast at the Annual Meeting.

Recommendations of the Board of Directors

The Board of Directors recommends a vote:

FOR the three nominees listed under Election of Directors as Class II Directors, to serve until their successors are elected and qualified (Proposal 1);

FOR ratification of the selection by the Audit Committee of the Board of Directors of PricewaterhouseCoopers LLP as EMC's independent auditors for the fiscal year ending December 31, 2007 (Proposal 2);

FOR approval of the amended and restated EMC Corporation 2003 Stock Plan (Proposal 3);

FOR approval of an amendment to the EMC 1989 Employee Stock Purchase Plan (Proposal 4);

FOR approval of the proposal to eliminate EMC's classified board structure and provide for the annual election of directors (Proposal 5); and

AGAINST approval of each of the shareholder proposals (Proposals 6, 7, 8 and 9).

Should any nominee named in Proposal 1 be unable to serve or for good cause will not serve as director, the persons named in the enclosed form of proxy will vote for such other person as the Board of Directors may recommend.

Voting Electronically or by Telephone

If you have elected to electronically access the 2007 Proxy Statement and Annual Report on Form 10-K for 2006, you must vote electronically. If you have not elected to access such documents electronically, you may still be eligible to vote electronically or by telephone.

If your shares are registered in the name of a bank or brokerage firm and your bank or brokerage firm participates in a program offering electronic and telephonic voting options, then you should follow the instructions provided on the voting instruction form you receive to vote electronically at www.proxyvote.com or by telephone.

If your shares are registered in your name, you should follow the instructions provided on the enclosed form of proxy to vote electronically at www.investorvote.com or by telephone.

Table of Contents

If you vote this year's proxy electronically, you may also elect to receive future proxy and other materials electronically by following the instructions when you vote. You may vote using the Internet and telephone voting facilities until 11:59 p.m., E.S.T. on May 2, 2007.

Annual Meeting Admission

If you plan to attend the Annual Meeting in person, please go to www.emc.com/annualmeeting2007 to complete your RSVP or complete and return the enclosed RSVP card. If you received your proxy materials electronically, please go to www.emc.com/annualmeeting2007 to complete your RSVP. Shareholders who have not returned the RSVP card will be required to present verification of ownership, such as a bank or brokerage firm account statement. All shareholders who attend the meeting will be required to present a valid government-issued picture identification, such as a driver's license or passport. Registration will begin at 9:00 a.m.

Other Business

As of the date of this Proxy Statement, EMC has no knowledge of any business other than that described in the Notice of Annual Meeting that will be presented for consideration at the Annual Meeting. The deadline under EMC's By-laws for shareholders to notify EMC of any director nominations or proposals to be presented at the Annual Meeting has passed. If any other business should properly come before the Annual Meeting, the persons appointed by the enclosed form of proxy shall have discretionary authority to vote all such proxies as they shall decide.

CORPORATE GOVERNANCE

The Board of Directors has adopted Corporate Governance Guidelines to provide a framework for the effective governance of EMC. The Corporate Governance and Nominating Committee reviews the Guidelines at least annually and recommends changes as appropriate to the Board of Directors for approval. The Board of Directors has also adopted written charters for its standing committees (Audit, Compensation, Corporate Governance and Nominating, Finance, and Mergers and Acquisitions), as well as Business Conduct Guidelines applicable to all directors, officers and employees. Information about EMC's corporate governance practices, and copies of the Corporate Governance Guidelines, committee charters, and Business Conduct Guidelines, are available at www.emc.com/about/governance. Copies will also be provided to any shareholder upon written request to EMC Corporation, Investor Relations, 176 South Street, Hopkinton, MA 01748 or by contacting EMC Investor Relations at 866-362-6973. EMC intends to post additional information on this website from time to time as the Board makes changes to EMC's corporate governance practices.

EMC's Board of Directors has adopted corporate governance practices that the Board believes are in the best interests of EMC and its shareholders as well as compliant with SEC rules and regulations and the listing standards of the NYSE. Highlights include:

The Board submitted to shareholders for approval a proposal to require each Director to stand for election annually (see Proposal 5). Proposal 5, if approved, would provide that all Directors will be elected annually beginning with our 2008 Annual Meeting of Shareholders.

EMC has an independent director who has been designated as the Lead Director. The Lead Director has significant responsibilities, which are set forth in EMC's Corporate Governance Guidelines and include:

Acting as a liaison between the independent Directors and the Chairman, and facilitating discussions among the independent Directors on key issues and concerns outside of Board meetings;

In collaboration with the Chairman, setting an appropriate schedule of and standing agenda for Board meetings, as well as preparing agendas for Board meetings;

In collaboration with the Compensation Committee, approving Chief Executive Officer (CEO) goals, evaluating CEO performance, setting CEO compensation levels and reviewing CEO succession planning;

In collaboration with the Corporate Governance and Nominating Committee, making recommendations to the Board regarding committee members and chairs and overseeing the performance evaluations of the Board, each of the applicable committees and the individual Directors; and

Presiding at all meetings of the Board at which the Chairman is not present, including the executive sessions of the non-management Directors (as defined in the listing standards of the NYSE) and independent Directors.

EMC has adopted a majority voting policy for the election of Directors. The policy, which is incorporated in EMC's Corporate Governance Guidelines, requires any director who receives a majority of votes withheld to promptly tender his or her resignation. The policy provides that the Corporate Governance and Nominating Committee will assess the appropriateness of such director continuing to serve and recommend to the Board the action to be taken with respect to such tendered

Table of Contents

resignation. Set forth below are procedures of the Board and Corporate Governance and Nominating Committee to be used if such majority voting policy is triggered:

In considering the appropriateness of a nominee continuing to serve as a Director, the Corporate Governance and Nominating Committee will act promptly and consider all factors deemed relevant, including any known reasons why shareholders withheld votes from the Director, the length of service and qualifications of the Director in question, the Director's contributions to EMC, the Director's particular area of expertise or experience and compliance with listing standards;

The Board will act on the Corporate Governance and Nominating Committee's recommendation promptly, but in any event not later than 90 days from the date of the annual or special meeting of shareholders at which the vote occurred. The Board will consider the factors considered by the Corporate Governance and Nominating Committee and any other factors it deems relevant. Such Board action may include acceptance of the tendered resignation, adoption of measures designed to address the issues underlying the withheld votes for such Director or rejection of the tendered resignation. Following the Board's decision, EMC will promptly publicly disclose the Board's decision and process (including, if applicable, the reasons for rejecting the tendered resignation) in a periodic or current report filed with the Securities and Exchange Commission;

To the extent that one or more Director's resignation is accepted by the Board, the Board will determine whether to fill such vacancy or vacancies or to reduce the size of the Board;

The process described above of determining whether or not to accept a tendered resignation shall be managed by the independent Directors. Further, any Director who tenders his or her resignation pursuant to EMC's majority voting policy will not participate in the Corporate Governance and Nominating Committee recommendation or Board consideration regarding whether or not to accept the tendered resignation. If a majority of the members of the Corporate Governance and Nominating Committee receive a greater number of votes withheld than for at the same election, then the independent Directors who are on the Board who did not receive such votes will consider the tendered resignations; and

In order to strengthen the director election process, the Board required each nominee for election at this Annual Meeting to submit a conditional resignation that will only become effective if the nominee does not receive the requisite number of votes at this meeting in accordance with the majority voting policy of the Board and after following the procedures described above, the Board accepts the resignation.

The Board believes that periodic rotation of members and chairs of its committees is a good corporate governance practice. In this regard, the Board rotated the members and chairs of committees in 2006. Our current committee membership is set forth in this Proxy Statement under the heading Board Independence and Committees.

In 2007, the Board increased the stock ownership guidelines requiring non-employee directors to own shares of Common Stock from a value of three to a value of five times the director's annual Board retainer. In addition, the Board amended the stock ownership guidelines for senior management to specify that restricted stock held by such individuals is not included for purposes of calculating stock ownership under the guidelines.

The Corporate Governance and Nominating Committee, together with the Lead Director, oversees an evaluation process as follows:

each Director annually evaluates the Board as a whole;

Table of Contents

each member of the Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee, Finance Committee and Mergers and Acquisitions Committee annually evaluates the committees on which he or she serves;

each Director annually prepares an individual self evaluation; and

the Board, each of the above committees and each individual Director will develop action plans, if appropriate, based on their evaluations.

To enable open communications with shareholders and other interested parties, EMC provides various means for them to contact the non-management Directors and the Audit Committee (see Communications with the Board and Communications with the Audit Committee below). The Board strives to provide clear, candid and timely responses to any substantive communication from such persons. During 2006, EMC management dialogued and met with shareholders on a variety of topics, including executive compensation, corporate social responsibility and other relevant governance topics. As appropriate, certain Directors participated.

EMC listens to and is responsive to shareholders. In addition to the communications above, EMC's Corporate Governance Guidelines state that it is the Board's policy to provide a response to any shareholder proposal that receives a majority vote. In the last several years, EMC has also provided formal responses to proposals that received less than a majority vote.

The Board believes that Director education is integral to Board and committee performance and effectiveness. The Board's Director orientation program emphasizes EMC's business and strategic plans, and includes site visits, presentations and meetings with management. Directors are also expected to participate in continuing educational programs in order to maintain the necessary level of expertise to perform their responsibilities as directors.

The non-management Directors meet in executive session in connection with each regularly scheduled Board meeting, and independent Directors meet in executive session at least once each year. The Lead Director acts as presiding Director for such executive sessions.

Table of Contents**BOARD INDEPENDENCE AND COMMITTEES****Board Independence**

The Board has a substantial majority of directors who are independent under the NYSE's director independence standards and EMC's categorical standards of independence.

Under EMC's categorical standards of independence, which are available on our website at www.emc.com/about/governance and are also attached as Exhibit A to this Proxy Statement, the Board broadly considers all relevant facts and circumstances in its determination of independence of all Board members (including any relationships set forth in this Proxy Statement under the heading "Certain Transactions"). EMC's Board of Directors has affirmatively determined that none of the following Directors has a material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with EMC): Michael W. Brown, Michael J. Cronin, Gail Deegan, W. Paul Fitzgerald, Olli-Pekka Kallasvuo, Windle B. Priem, David N. Strohm and Alfred M. Zeien. The Directors referred to above currently meet the Categorical Standards of Independence. Therefore, in accordance with the Corporate Governance Listing Standards of the NYSE and the Categorical Standards of Independence, the above-referenced Directors are independent.

The table below includes a description of categories or types of transactions, relationships or arrangements considered by the Board in reaching its determination that the above-mentioned Directors are independent:

Board Meetings

During the fiscal year ended December 31, 2006, EMC's Board of Directors held ten meetings. Each Director attended at least 93% of the Board meetings and committee meetings which were held during the period in which he or she was a Director of EMC and in which he or she was a member of such committees, except Olli-Pekka Kallasvuo, who attended 80% of the Board meetings and 56% of the applicable committee meetings. Mr. Kallasvuo is President and Chief Executive Officer of Nokia Corporation, which is headquartered in Finland. He was unable to participate in certain Board and committee meetings due to business conflicts.

Attendance at Annual Meeting of Shareholders

EMC's Corporate Governance Guidelines provide that each Director is expected to attend the Annual Meeting of Shareholders. All but one of the then-current Directors attended the 2006 Annual Meeting of Shareholders.

Committees of the Board

The Board of Directors has established five standing committees: the Audit Committee, the Compensation Committee, the Corporate Governance and Nominating Committee, the Finance Committee and the Mergers and Acquisitions Committee. The Audit, Compensation and Corporate Governance and Nominating Committees

consist entirely of independent directors, and members of the Audit Committee meet additional, heightened independence criteria applicable to audit committee members under the Sarbanes-Oxley Act of 2002 and SEC implementing rules. Each committee operates pursuant to a written charter that is available on our website at www.emc.com/about.governance. The membership of each is listed below.

3 Mr. Strohm was elected chair of the Corporate Governance and Nominating Committee in October 2006.

4 Mr. Brown was elected chair of the Finance Committee in February 2006.

5 Mr. Egan was elected to the Finance Committee in August 2006.

Audit Committee: The Audit Committee held ten meetings in 2006. This committee reviews with management and EMC's auditors EMC's financial statements, the accounting principles applied in their preparation, the scope of the audit, any comments made by the auditors on EMC's financial statements and its accounting controls and procedures, EMC's worldwide corporate compliance program, the independence of EMC's auditors, EMC's internal controls, EMC's policy pertaining to related person transactions, the other matters as set forth in its charter, as adopted by the Board of Directors, and such other matters as the committee deems appropriate. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of EMC's independent auditors for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for EMC and pre-approves all such audit, review or attest engagements. The Audit Committee also pre-approves non-audit services to be performed by its independent auditors in accordance with the committee's pre-approval policy.

The Board of Directors has determined, in accordance with the rules of the SEC, that each of Ms. Deegan, Mr. Cronin and Mr. Kallasvuo is an audit committee financial expert.

Compensation Committee: The Compensation Committee held thirteen meetings in 2006. This committee sets EMC's executive compensation philosophy and objectives, recommends compensation for non-employee directors, sets the compensation of the Chairman and Chief Executive Officer, reviews and approves the goals and objectives relevant to the compensation of the Chairman and Chief Executive Officer and evaluates his performance, including his performance relative to his respective goals and objectives, as well as his overall performance. The Compensation Committee also reviews and approves the compensation of EMC's other executive officers and monitors all general compensation programs. The Compensation Committee approves transactions under EMC's equity plans and has the authority to administer and interpret the provisions of the Company's equity, deferred compensation and other plans. The Compensation Committee also oversees and reports to the Board on succession planning for the Chief Executive Officer and other senior management positions.

In determining the compensation of executive officers, the Compensation Committee may use certain metrics which are part of EMC's operating plan. Accordingly, since the Board of Directors is involved in setting EMC's operating plan, the Board also plays a role in setting executive compensation.

Table of Contents

The Compensation Committee has retained Watson Wyatt Worldwide (Watson Wyatt) as its compensation consultant. Watson Wyatt is engaged directly by the Compensation Committee and works at the direction of the Compensation Committee under an engagement agreement in which Watson Wyatt, among other things, assists the Compensation Committee in reviewing executive and director compensation, compensation best practices, trends and competitive practices, change in control and other termination scenarios, performing pay-for-performance analyses, and in selecting peer group companies used for compensation analysis. Watson Wyatt reports directly to the Compensation Committee and provides no other services to EMC.

Subject to compensation parameters approved by the Compensation Committee, our Chief Executive Officer and Chief Financial Officer set the performance goals under our business unit incentive compensation plans for executive officers. These goals are aligned to EMC s operating plan. In addition, our Chief Executive Officer, subject to compensation parameters approved by the Compensation Committee, approves the goals under our MBO plans for our executive officers. These goals are generally aligned with the goals approved by the Compensation Committee for the Chief Executive Officer. Our Chief Executive Officer also presents recommendations to the Compensation Committee for approval of compensation of executive officers. The Executive Vice President, Human Resources, assists our Chief Executive Officer and Chief Financial Officer in performing their compensation-related responsibilities and also assists the Compensation Committee in fulfilling its functions.

Compensation Committee Interlocks and Insider Participation

None of the Compensation Committee members has ever been an officer or employee of EMC. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has an executive officer serving as a member of our Board or Compensation Committee.

In February 2006, EMC acquired all of the outstanding capital stock of Authentica, Inc. David N. Strohm, a member of the Compensation Committee, is a general partner in Greylock IX Limited Partnership, which was a shareholder of Authentica. Of the total cash paid to Authentica s stockholders of approximately \$16 million, proceeds to Greylock IX Limited Partnership as a result of this acquisition were approximately \$2.7 million. Mr. Strohm did not participate in any Board or committee approval of this acquisition, and EMC believes that the terms of the transaction were fair and negotiated at arms length.

Corporate Governance and Nominating Committee: The Corporate Governance and Nominating Committee held six meetings in 2006. This committee oversees and advises the Board of Directors with respect to corporate governance matters and assists the Board of Directors in identifying and recommending qualified Board candidates. The committee also reviews and makes recommendations to the Board of Directors regarding the size and composition of the Board and with respect to assignments to committees of the Board. The committee oversees the evaluation of the Board, the committees and individual Directors and monitors possible conflicts of interest of Directors and senior executives.

The Corporate Governance and Nominating Committee continuously reviews and assesses the skills and characteristics it believes are or may be required on the Board based on the changing needs of the business. The committee identifies Board candidates through numerous sources, including recommendations from Directors, executive officers and shareholders of EMC, as well as through engagements with executive search firms. The committee seeks to have available to it qualified candidates from a broad pool of individuals with a range of talents, experience, backgrounds and perspectives. The Corporate Governance and Nominating Committee evaluates identified Board candidates based on the criteria established by and periodically reviewed by the committee. The committee seeks to identify those individuals most qualified to serve as Board members and considers many factors with regard to each candidate, including judgment, integrity, diversity, prior experience, the interplay of the candidate s experience with the experience of other Board members, the extent to which the candidate would be desirable as a member of any committees of the Board, and the candidate s willingness to devote substantial time and effort to Board responsibilities. Selected candidates are interviewed by members of the committee and certain other Board members. Based on the foregoing, the Corporate Governance and Nominating Committee makes recommendations to the Board with respect to Director nominees.

PROPOSAL 1

ELECTION OF DIRECTORS

*THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF
EACH OF THE NOMINEES LISTED BELOW.*

Pursuant to Section 8.06(b) of Chapter 156D of the Massachusetts General Laws, the Board of Directors is currently divided into three classes, having staggered terms of three years each. Under Section 8.06(b) and EMC's By-laws, the Board of Directors may determine the total number of directors and the number of directors to be elected at any annual meeting of shareholders or special meeting in lieu thereof. The Board of Directors has fixed at eleven the total number of directors and has fixed at three the number of Class II Directors to be elected at the 2007 Annual Meeting. We currently have one vacancy on the Board of Directors. Of the current total of ten directors, three Class II Directors have terms expiring at the 2007 Annual Meeting; three Class III Directors have terms expiring at the 2008 Annual Meeting and four Class I Directors have terms expiring at the 2009 Annual Meeting. The three directors whose terms expire at the 2007 Annual Meeting have been nominated by the Board of Directors for election at such meeting. All of the nominees for director are now Class II members of the Board of Directors. *The three nominees who receive the greatest number of votes properly cast on this proposal will be elected as Class II Directors.*

Each Class II Director elected at the 2007 Annual Meeting will serve until the 2010 Annual Meeting or special meeting in lieu thereof, and until that director's successor is elected and qualified. However, if the proposal to eliminate EMC's classified board structure is approved, as more fully described in Proposal 5 below, then the terms of all directors, including those elected at the 2007 Annual Meeting, will end at the 2008 Annual Meeting, and all directors will thereafter be elected for one-year terms.

Table of Contents**PROPOSAL 2****RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS***THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 2*

EMC is asking the shareholders to ratify the selection by the Audit Committee of the Board of Directors of PricewaterhouseCoopers LLP (PWC) as the Company's independent auditors for the fiscal year ending December 31, 2007. *The affirmative vote of a majority of votes properly cast on this proposal at the Annual Meeting is required to ratify such selection.*

Although ratification by the shareholders is not required by law, the Board of Directors has determined that it is desirable to request approval of this selection by the shareholders as a matter of good corporate governance. In the event the shareholders fail to ratify the appointment of PWC, the Audit Committee will consider this factor when making any determinations regarding PWC.

Pre-Approval of Audit and Non-Audit Services

During 2006, the Audit Committee pre-approved all audit, review and attest services performed by PWC.

In accordance with the Audit Committee's Pre-Approval Policy, the Audit Committee pre-approves specified non-audit services up to an aggregate dollar amount and approves on an engagement by engagement basis any individual engagement in excess of \$200,000. The Audit Committee has delegated to its Chairman the authority to pre-approve any specific non-audit service which was not previously pre-approved by the Audit Committee, provided that any decisions of the Chair to pre-approve non-audit services shall be presented to the Audit Committee at its next scheduled meeting. During 2006, the Audit Committee pre-approved all non-audit services in accordance with the policy set forth above.

The following table summarizes the fees of PricewaterhouseCoopers LLP (PWC), our independent auditor, billed to us for each of the last two fiscal years.

	Audit Fees¹	Audit-Related Fees²	Tax Fees³	All Other Fees
2006	\$ 5,446,213	\$ 381,543	\$ []	\$
2005	\$ 4,893,078	\$ 136,418	\$ 901,667	\$

¹ Includes for 2006 and 2005, testing under Section 404 of the Sarbanes-Oxley Act of 2002, which fees aggregated \$1,227,138 and \$1,271,399, respectively. The increase in audit fees in 2006 compared to 2005 was primarily due to the acquisitions EMC consummated in 2006.

² Includes employee benefit plan compliance, acquisition-related support and other technical, financial reporting and compliance services.

³ Includes tax compliance and tax consulting services in 2006 and 2005. For 2006 and 2005, tax compliance fees aggregated \$315,546 and \$305,456, respectively.

EMC expects that representatives of PWC will be present at the Annual Meeting and will be given the opportunity to make a statement if they desire to do so and to respond to appropriate questions.

PROPOSAL 3

APPROVAL OF AN AMENDED AND RESTATED EMC CORPORATION 2003 STOCK PLAN

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 3

On May 7, 2003, EMC shareholders adopted and approved the EMC Corporation 2003 Stock Plan (the 2003 Stock Plan) and 50,000,000 shares of Common Stock were reserved for issuance thereunder. On May 5, 2004, and May 5, 2005, the 2003 Stock Plan was amended to include an additional 50,000,000 and 100,000,000 shares of Common Stock, respectively, for a total of 200,000,000 shares of Common Stock reserved for issuance under the 2003 Stock Plan.

On January 31, 2007, the Board of Directors approved an amended and restated 2003 Stock Plan which would, subject to approval by EMC shareholders:

increase by 100,000,000 the number of shares of Common Stock available for grant under the 2003 Stock Plan;

implement fungible share counting by counting restricted stock and restricted stock unit awards against the 2003 Stock Plan's share reserve as two shares for every one share issued in connection with such awards and, as a result of this new counting practice, remove the provision limiting the issuance of restricted stock and restricted stock units to 30% of the 2003 Stock Plan's share reserve;

limit the term of all stock options issued under the 2003 Stock Plan to 10 years;

consolidate the EMC Corporation 1985 Stock Option Plan, the EMC Corporation 1992 Stock Option Plan for Directors, the EMC Corporation 1993 Stock Option Plan and the EMC Corporation 2001 Stock Option Plan (collectively, the Prior Plans) into the 2003 Stock Plan such that (i) shares of Common Stock available for grant under the Prior Plans will not be granted under the Prior Plans, but instead will be granted under the 2003 Stock Plan and (ii) any shares of Common Stock subject to outstanding options under the Prior Plans that are not issued, as a result of cancellations, expirations or forfeitures, will become available for grant under the 2003 Stock Plan;

eliminate liberal share counting by limiting the shares of Common Stock that may be returned to the 2003 Stock Plan's share reserve to those shares attributable to awards which expire, terminate or are cancelled;

permit stock options to be granted to non-employee Directors under the 2003 Stock Plan, in light of the consolidation of the EMC Corporation 1992 Stock Option Plan for Directors into the 2003 Stock Plan; and

provide that time-based restricted stock and restricted stock unit awards granted to non-employee Directors will not be subject to the minimum three-year vesting requirement in the 2003 Stock Plan (please see page [] of this Proxy Statement for the proposed change in non-employee Director compensation).

The affirmative vote of a majority of the votes properly cast on this proposal at the Annual Meeting is required to approve the amended and restated 2003 Stock Plan.

If the amended and restated 2003 Stock Plan is approved by EMC shareholders at the Annual Meeting, the total number of shares of Common Stock authorized under the 2003 Stock Plan will be the sum of (i) 300,000,000, (ii) the number of shares of Common Stock available for grant under the Prior Plans at the close of business on May 2, 2007 (approximately 6,987,747 shares as of March 1, 2007), and (iii) up to 150,866,942 shares of Common Stock subject to outstanding stock options under the Prior Plans at the close of business on May 2, 2007 (but only to the extent shares are not issued in respect of such stock options after May 2, 2007).

Table of Contents

As of March 1, 2007, a total of 64,298,425 shares remained available for future awards under the 2003 Stock Plan.

EMC believes that equity is a key element of EMC's compensation package and that equity awards encourage employee loyalty to EMC and align employee interests directly with those of EMC shareholders. The 2003 Stock Plan, in particular, allows EMC to provide key employees of, and consultants and advisors to, EMC and its subsidiaries and EMC's non-employee directors with equity incentives that are competitive with those of companies with which EMC competes for talent.

Without this amendment and restatement increasing the number of shares available for issuance, EMC believes that the number of shares currently available under the 2003 Stock Plan, together with the number of shares currently available under the Prior Plans, may not be sufficient to cover projected awards through the date of the 2008 Annual Meeting of Shareholders. In such event, EMC may not be able to provide persons eligible for awards with compensation packages that are necessary to attract, retain and motivate these individuals. EMC believes that the additional 100,000,000 shares of Common Stock, plus the shares available for grant under the Prior Plans and the shares that may be returned to the Prior Plans, will provide EMC sufficient shares reserved for issuance under the 2003 Stock Plan to cover the awards it anticipates granting to eligible participants for approximately two years. In addition, the consolidation of the Prior Plans into the 2003 Plan will also be more cost effective by streamlining the administration of EMC's equity plans, since all new equity awards will be granted under one plan. If the amended and restated 2003 Stock Plan is not approved, EMC will not be able to grant any awards to eligible participants once all the shares reserved under the 2003 Stock Plan and the Prior Plans have been used.

As of December 31, 2006, EMC and its subsidiaries had approximately 31,100 employees worldwide, all of whom are eligible to be considered for awards under the 2003 Stock Plan. As of such date, an aggregate of 303,184,180 shares of Common Stock were issuable pursuant to outstanding option awards granted under the 2003 Stock Plan and the Prior Plans, non-plan options and options assumed by EMC in connection with acquisitions, and an aggregate of 67,979,155 shares of Common Stock were available for future grant under such plans.

The 2003 Stock Plan, as proposed to be amended and restated, contains numerous best practices:

Stock options may not have a term in excess of ten years, may not be repriced without shareholder approval, and may not be granted at a discount;

No material amendments to the 2003 Stock Plan may be made without shareholder approval;

The 2003 Stock Plan contains minimum vesting periods for restricted stock and restricted stock unit awards;

The fungible share design effectively limits the number of full-value restricted stock and restricted stock unit awards that may be granted under the 2003 Stock Plan since these awards are counted against the 2003 Stock Plan's share reserve as two shares for every one share issued in connection with such awards;

The 2003 Stock Plan eliminates the liberal share counting provision under which shares surrendered in connection with withholding taxes could be added back to the 2003 Stock Plan's share reserve;

The 2003 Stock Plan is designed to allow awards made under the plan to qualify as performance-based compensation under Section 162(m) of the Code; and

The 2003 Stock Plan allows EMC to cancel outstanding awards or clawback the value of awards recently realized if officers or other senior employees engage in activity detrimental to EMC.

Table of Contents

The following is a summary of the material terms and conditions of the 2003 Stock Plan, as proposed to be amended and restated. This summary is qualified in its entirety by reference to the terms of the 2003 Stock Plan (as proposed to be amended and restated), a copy of which is attached as Exhibit B to this Proxy Statement.

The closing price of a share of Common Stock on the New York Stock Exchange (the NYSE) on March 1, 2007 was \$13.42. The proceeds received by EMC upon exercise of the awards by participants in the 2003 Stock Plan will be used for the general corporate purposes of EMC.

Summary of the Amended and Restated 2003 Stock Plan

Administration. The Compensation Committee of the Board of Directors (the Compensation Committee) and/or the Board of Directors administers the 2003 Stock Plan, which includes approving:

- the individuals to receive awards;
- the types of awards to be granted;
- the terms and conditions of the awards, including the number of shares and exercise price of the awards;
- the time when the awards become exercisable, will vest or the restrictions to which an award is subject will lapse; and
- whether options will be incentive stock options.

The Compensation Committee has full authority to interpret the terms of the 2003 Stock Plan and awards granted under the 2003 Stock Plan, to adopt, amend and rescind rules and guidelines for the administration of the 2003 Stock Plan and for its own acts and proceedings and to decide all questions and settle all controversies and disputes which may arise in connection with the 2003 Stock Plan. The Compensation Committee or the Board of Directors may, in its discretion, determine to accelerate the vesting or lapse of one or more restrictions with respect to an award; provided, however, that neither the Compensation Committee nor the Board of Directors may accelerate the vesting or lapse of one or more restrictions with respect to an award of restricted stock or restricted stock units if such action would cause such award to fully vest in a period of time that is less than the applicable minimum vesting period set forth in the 2003 Stock Plan.

Authorized Shares. The shares authorized under the 2003 Stock Plan will be subject to adjustment in the event of a stock dividend, stock split or other change in corporate structure or capitalization affecting the Common Stock. The 2003 Stock Plan contains a fungible share limit, which means that stock options and stock appreciation rights are counted against the share reserve as one share for every share that is issued in connection with such award and that full-value awards (i.e. restricted stock or restricted stock units) are counted against the share reserve as two shares for every share that is issued in connection with such award. This effectively limits the number of shares that may be issued as full-value awards under the plan. In addition, the 2003 Stock Plan does not contain liberal share counting. As a result, any shares actually or constructively transferred by the participant to EMC in connection with an award under the 2003 Stock Plan (including through the holding back of shares in respect of tax withholding) will not be added back to the share reserve under the 2003 Stock Plan.

Eligibility. All employees of, or consultants or advisors to, EMC or any of its subsidiaries are eligible to participate in the 2003 Stock Plan. Each non-employee Director who is not a 5% shareholder of EMC or a person in control of such a shareholder is also eligible to participate in the 2003 Stock Plan.

Types of Awards. Awards under the 2003 Stock Plan may be in the form of stock options (either incentive stock options or non-qualified options), restricted stock or restricted stock units, stock appreciation rights, or any combination thereof.

Stock Options. Stock options represent the right to purchase shares of Common Stock within a specified period of time at a specified price. *The exercise price for a stock option will be not less than 100% (110% for an incentive stock option granted to a 10% or more shareholder) of the fair market value of*

Table of Contents

Common Stock on the date of grant. The aggregate fair market value, determined on the date the option is granted, of the stock for which any person may be granted incentive stock options which become exercisable for the first time by such person in any calendar year cannot exceed the sum of \$100,000 (determined on the date such option is granted). No incentive stock option will be granted to a person who is not an employee as defined in the applicable provisions of the Internal Revenue Code of 1986 (the Code) and regulations issued thereunder. All stock options shall expire in ten years (five years in the case of an incentive stock option granted to a 10% or more shareholder) after the date of grant. No incentive stock options can be granted under the 2003 Stock Plan after January 29, 2013, but options granted before that date may be exercised thereafter.

Awards of Restricted Stock and Restricted Stock Units. Restricted stock is Common Stock that is subject to a risk of forfeiture or other restrictions that will lapse upon satisfaction of specified conditions. Restricted stock units represent the right to receive shares of Common Stock in the future, with the right to future delivery of the shares subject to a risk of forfeiture or other restrictions that will lapse upon satisfaction of specified conditions. Subject to any restrictions applicable to the award, a participant holding restricted stock, whether vested or unvested, will be entitled to enjoy all rights of a shareholder with respect to such restricted stock, including the right to receive dividends and to vote the shares. A participant holding restricted stock units is not entitled to voting rights, but, subject to any restrictions applicable to the award, will be entitled to receive dividend equivalents regardless of whether the restricted stock units are vested or unvested. Awards of restricted stock or restricted stock units, other than awards granted to eligible Directors, (i) that vest by the passage of time only will not vest fully in less than three years after the date of grant, and (ii) that vest upon the achievement of performance goals will not vest fully in less than one year after the date of grant.

Stock Appreciation Rights. Stock appreciation rights entitle the holder upon exercise to receive shares of Common Stock having a value equal to the excess of (i) the value of the number of shares with respect to which the right is being exercised (which value is based on fair market value at the time of such exercise) over (ii) the exercise price applicable to such shares. *The exercise price for a stock appreciation right will be not less than 100% of the fair market value of Common Stock on the date of grant.*

Performance Goals. The Compensation Committee may grant awards under the 2003 Stock Plan subject to the satisfaction of performance goals. In the case of awards intended to qualify for exemption under Section 162(m) of the Code, the Compensation Committee will use one or more objectively determinable performance goals that relate to one or more performance criteria. The performance criteria available under the 2003 Stock Plan may consist of any or any combination of the following areas of performance (determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, geographical, project, product or individual basis or in combinations thereof): sales; revenues; assets; expenses; income; profit margins; earnings before or after any deductions and whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; inventory; organizational realignments; infrastructure changes; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; stock price; shareholder return; sales of products or services; customer acquisition or retentions; acquisitions or divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split ups and the like; reorganizations; strategic investments or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. The Compensation Committee will determine whether the performance goals for a performance award have been met. *No more than 2,000,000 shares will be allocated to performance awards granted to any participant during any 12-month period.*

Transferability. Under the 2003 Stock Plan, awards are generally non-transferable other than by will or by the laws of descent and distribution. Awards may be exercised by a person other than the participant only in the circumstances outlined below; provided, that the Compensation Committee may, other than with respect to incentive stock options, allow for transferability of awards to immediate family members of the participant or to trusts, partnerships or other entities controlled by and of which the beneficiaries are immediate family members of the participant.

Table of Contents

Termination of Service Relationship. Under the 2003 Stock Plan, all previously unexercised awards terminate and are forfeited automatically upon the termination of the participant's service relationship with EMC, unless the Compensation Committee expressly specifies otherwise. However, if a participant's service relationship is terminated by reason of death or Disability (as defined in the 2003 Stock Plan), all stock options and stock appreciation rights held by the participant will vest fully on the date that the service relationship terminates by reason of death or Disability and all awards of restricted stock or restricted stock units held by the participant will vest fully and/or all restrictions will fully lapse on the date that the service relationship terminates by reason of death or Disability. All awards may be exercised by the participant, the participant's executor or administrator, or by the person to whom the award is transferred under the applicable laws of descent or distribution, within three years after the date that the participant's service relationship terminates by reason of Disability or death, as the case may be. If a participant's service relationship is terminated by reason of Retirement (as defined in the 2003 Stock Plan), except as otherwise provided by the Compensation Committee, all stock options and stock appreciation rights held by the participant will continue to vest and be exercisable as if the service relationship had not terminated and all awards of restricted stock and restricted stock units held by the participant will continue to be subject to vesting and/or applicable restrictions as if the service relationship had not terminated. Notwithstanding the foregoing, if a stock option or stock appreciation right provides for vesting or exercisability upon the fulfillment or satisfaction of certain goals or conditions (other than time-based vesting), or an award of restricted stock or restricted stock units provides for vesting or lapse of restrictions based upon the fulfillment or satisfaction of certain goals or conditions (other than time-based vesting or restrictions), then, except as otherwise provided by the Compensation Committee, subsequent to the date of Retirement, the unvested or restricted portion of an award shall no longer be subject to such vesting or lapse of restrictions based on the satisfaction or fulfillment of certain goals or conditions and instead will be subject only to the time-based vesting or restrictions set forth in the award. Such awards may be exercised by the participant in accordance with the terms and conditions of the award (including the applicable vesting schedule or restrictions). Incentive stock options that are not exercised within (a) twelve months after the date a participant's service relationship is terminated by reason of Disability or (b) three months after the date a participant's service relationship is terminated by reason of Retirement, will be treated as non-qualified stock options. All stock options and stock appreciation rights outstanding after a participant's death or Disability expire at the end of the three-year period after the date a participant's service relationship is terminated by reason of death or Disability. Notwithstanding the foregoing, in no event shall (i) any award be exercised beyond the date on which such award would otherwise expire pursuant to the terms thereof or (ii) any incentive stock option be exercised after the expiration of ten years (five years in the case of an incentive stock option granted to a 10% or more shareholder) from the date the incentive stock option was granted. Shares of Common Stock which are not delivered because of termination of awards may be reused for other awards.

With respect to awards held by officers or certain other persons, the Compensation Committee may cancel, suspend or otherwise limit any unexpired award and rescind the exercise of an award if such participant engages in certain detrimental activity.

Amendments. The Compensation Committee may at any time discontinue granting awards under the 2003 Stock Plan. The Compensation Committee may amend the 2003 Stock Plan, except that no amendment may adversely affect the rights of any participant without his or her consent and no amendment will, without the approval of the shareholders of EMC, materially amend the 2003 Stock Plan, increase the number of shares of Common Stock available under the 2003 Stock Plan, change the group of persons eligible to receive awards, reprice any outstanding options or stock appreciation rights or reduce the price at which options or stock appreciation rights may be granted (including any tandem cancellation and regrant or any other amendment or action that would have substantially the same effect as reducing the exercise price of outstanding options or stock appreciation rights), extend the time within which awards may be granted, alter the 2003 Stock Plan so that options intended to qualify as incentive stock options under the Code would not do so, or change the amendment provisions of the 2003 Stock Plan.

Change in Corporate Structure or Capitalization; Change in Control. In the event of a stock dividend, stock split or other change in corporate structure or capitalization affecting the Common Stock, the number and kind of shares of stock or securities of EMC then subject to the 2003 Stock Plan and the awards then outstanding or to be granted thereunder, and the exercise price, if applicable, will be appropriately adjusted by the Compensation Committee, whose determination will be binding on all persons. In the event of a dissolution, liquidation, consolidation or merger in which EMC is not the surviving corporation or in which a majority of its outstanding shares are converted into securities of another corporation or are exchanged for other consideration, all outstanding awards will thereupon terminate, provided that prior to the effective date of any such dissolution, liquidation, consolidation or merger, EMC will either (i) make all outstanding awards immediately exercisable on a basis that gives the holder of the award a reasonable opportunity to participate as a shareholder in the transaction or, if applicable, cause all restrictions to lapse, or (ii) arrange to have the surviving corporation grant replacement awards to participants.

Term. The 2003 Stock Plan, unless sooner terminated by the Board of Directors, will remain in effect until May 7, 2013.

Federal Income Tax Consequences

Incentive Stock Options. In general, neither the grant nor the exercise of an incentive stock option granted under the 2003 Stock Plan will result in taxable income to the option holder or a deduction to EMC. If the option holder does not dispose of stock received upon exercise of an incentive stock option within two years after the date the option is granted and within one year after the date of exercise, any later sale of such stock will result in a capital gain or loss (and EMC is not entitled to a corresponding deduction).

If stock received upon the exercise of an incentive stock option is disposed of before the holding period requirements described above have been satisfied, the option holder will generally realize ordinary income at the time of disposition. The amount of such ordinary income will generally be equal to the difference between the fair market value of the Common Stock on the date of exercise and the option price. In the case of a disqualifying disposition in which a loss (if sustained) would be recognized, then the amount of ordinary income will not exceed the excess of the amount realized on the sale over the adjusted basis of the stock, that is, in general, the price paid for the stock. EMC will generally be entitled to a deduction for Federal income tax purposes equal to the amount of ordinary income realized by the option holder, subject to any necessary withholding and reporting requirements.

Certain option holders exercising incentive stock options may become subject to the alternative minimum tax, under which the difference between (i) the fair market value of stock purchased under incentive stock options, determined on the date of exercise, and (ii) the exercise price, will be an item of tax preference in the year of exercise for purposes of the alternative minimum tax.

Non-Qualified Stock Options. Options granted under the 2003 Stock Plan which are not incentive stock options are non-qualified options. No income results upon the grant of a non-qualified option. When an option holder exercises a non-qualified option, he or she will realize ordinary income subject to withholding. Generally, such income will be realized at the time of exercise and in an amount equal to the excess, measured at the time of exercise, of the then fair market value of the Common Stock over the option price. EMC will generally be entitled to a deduction for Federal income tax purposes equal to the amount of ordinary income realized by the option holder, subject to certain withholding and reporting requirements.

Restricted Stock. Generally, restricted stock is not taxable to a participant at the time of grant, but instead is included in ordinary income (at its then fair market value) when the restrictions lapse. A participant may elect to recognize income at the time of grant, in which case the fair market value of the Common Stock at the time of grant is included in ordinary income and there is no further income recognition when the restrictions lapse. EMC is entitled to a tax deduction in an amount equal to the ordinary income recognized by the participant.

Table of Contents

Restricted Stock Units. Generally, the participant will not be subject to tax upon the grant of an award of restricted stock units but will recognize ordinary income in an amount equal to the fair market value of any shares received on the date of delivery of the underlying shares of Common Stock. EMC will be entitled to a corresponding tax deduction.

Stock Appreciation Rights. Generally, the participant will not be subject to tax upon the grant of a stock appreciation right. However, upon the receipt of shares pursuant to the exercise of a stock appreciation right, the participant, generally, will recognize ordinary income in an amount equal to the fair market value of the shares received. The ordinary income recognized with respect to the receipt of shares upon exercise of stock appreciation rights will be subject to any necessary withholding and reporting requirements.

Generally, EMC will not be entitled to a tax deduction upon the grant or termination of stock appreciation rights. However, EMC will, generally, be entitled to a deduction for Federal income tax purposes equal to the amount of ordinary income realized by the participant.

Section 162(m). Section 162(m) of the Internal Revenue Code limits to \$1 million the deduction a public company may claim in any year for compensation to any of certain key officers. There are a number of exceptions to this deduction limitation, including an exception for qualifying performance-based compensation. It is intended that awards under the plan may be eligible for this performance-based exception.

Section 409A. Section 409A of the Internal Revenue Code, which is generally effective as of January 1, 2005, makes important changes to the tax treatment of nonqualified deferred compensation. Awards held by employees that are subject to but fail to comply with Section 409A are subject to a penalty tax of 20% in addition to ordinary income tax, as well as to interest charges. In addition, the failure to comply with Section 409A may result in an acceleration of the timing of income inclusion in respect of awards for income tax purposes. Awards granted under the 2003 Stock Plan are intended to be exempt from the rules of Section 409A and will be administered accordingly. The Compensation Committee intends to administer any award resulting in a deferral of compensation subject to Section 409A consistent with the requirements of Section 409A to the maximum extent possible, as determined by the Compensation Committee.

This summary is not a complete description of the U.S. Federal income tax aspects of the amended and restated 2003 Stock Plan. Moreover, this summary relates only to Federal income taxes; there may also be Federal estate and gift tax consequences associated with the 2003 Stock Plan, as well as foreign, state and local tax consequences.

New Incentive Plan Benefits

The future benefits or amounts that would be received under the amended and restated 2003 Stock Plan are discretionary and are therefore not determinable at this time. In addition, the benefits or amounts which would have been received by or allocated to executive officers and our other employees for the last completed fiscal year if this amendment and restatement to the 2003 Stock Plan had been in effect cannot be determined.

The table below shows, as to the Named Executive Officers and the other individuals and groups indicated, the number of shares of common stock subject to option grants, restricted stock grants and restricted stock unit grants under the 2003 Stock Plan since the plan's inception through March 1, 2007. No stock appreciation rights have been granted under the 2003 Stock Plan.

PROPOSAL 4

APPROVAL OF AMENDMENT TO THE EMC CORPORATION 1989 EMPLOYEE STOCK PURCHASE PLAN

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 4

On May 10, 1989, EMC's shareholders adopted and approved the EMC Corporation 1989 Employee Stock Purchase Plan (the "1989 Plan"), and 7,200,000 shares of Common Stock were reserved for purchase thereunder. On May 8, 1991, May 12, 1993, May 8, 1996, May 5, 1999, May 8, 2002, May 7, 2003 and May 5, 2004, the 1989 Plan was amended to include an additional 14,400,000, 9,600,000, 8,000,000, 8,800,000, 10,000,000, 15,000,000 and 25,000,000 shares, respectively, of Common Stock. Currently, the total number of shares of Common Stock that are authorized to be purchased under the 1989 Plan is 98,000,000. As of March 1, 2007, 4,991,082 shares remained available for future purchases under this plan.

On January 31, 2007, the Board of Directors approved an amendment to the 1989 Plan which would, subject to approval by EMC shareholders, increase the number of shares available under such plan by 25,000,000 shares. *The affirmative vote of a majority of the votes properly cast at the Annual Meeting is required to approve this amendment to the 1989 Plan.*

Based upon EMC's current stock price and historical rates of employee participation in the 1989 Plan, EMC believes that there may not be sufficient shares available for purchase under the 1989 Plan once the current six-month purchase period ends. Additional shares are needed for use in the 1989 Plan so that the 1989 Plan can continue to be used as a benefit plan to attract and retain employees of EMC and its subsidiaries. EMC's forecast indicates that the addition of 25,000,000 shares will allow continued employee participation for approximately two to three years. If this amendment to the 1989 Plan is not approved by the shareholders, the Board of Directors will suspend employee participation in the 1989 Plan once the currently available shares are purchased. The proceeds received by EMC from the sale of Common Stock under the 1989 Plan are used for the general corporate purposes of EMC.

The following is a summary of the material terms and conditions of the 1989 Plan, as proposed to be amended. This summary is qualified in its entirety by reference to the terms of 1989 Plan (as proposed to be amended), a copy of which is attached as Exhibit C to this Proxy Statement.

Summary of the 1989 Plan

If the January 31, 2007 amendment adding 25,000,000 shares is approved by EMC's shareholders, a total of not more than 123,000,000 shares of Common Stock may be issued under the 1989 Plan. Such shares may, at the discretion of the Board of Directors, be issued from EMC's authorized but unissued Common Stock. The 1989 Plan provides for the granting of six-month options to participating employees to purchase shares of Common Stock. Each employee of EMC or a subsidiary of EMC having at least three months of continuous service on the date of grant of an option is eligible to participate in the 1989 Plan, except for employees whose customary employment is 20 hours or less per week. In addition, any employee who immediately after the grant of an option would be deemed under the provisions of the Code to own 5% or more of the outstanding Common Stock would not be eligible to receive such an option. Furthermore, the 1989 Plan provides that no employee will be granted an option under the 1989 Plan which would permit his or her right to purchase shares to accrue at a rate which exceeds \$25,000 in fair market value of Common Stock (determined at the time the option is granted) for any calendar year. Members of the Board of Directors who are not employed as regular salaried officers or employees of EMC may not participate in the 1989 Plan. As of January 1, 2007, there were approximately 31,100 employees of EMC and our subsidiaries eligible to participate in the 1989 Plan and approximately 14,000 employees participating in the 1989 Plan. The closing price of a share of Common Stock on the NYSE on March 1, 2007 was \$13.42.

Table of Contents

Options are granted twice yearly, on January 1 and July 1, and are exercisable on the succeeding June 30 or December 31. Options are exercisable through accumulations of payroll deductions. The amount of the deductions are determined by the employee, but may not be less than 2% nor more than 15% of the employee's compensation (up to a maximum of \$7,500 in each option period, less any amount rolled over from the preceding option period representing an amount in lieu of a fractional share). The number of shares of Common Stock acquired in a particular option period is determined by dividing the balance in the employee's withholding account on the last day of the period by the purchase price per share for the Common Stock determined under the 1989 Plan. In lieu of a fractional share, any remaining balance in an employee's withholding account at the end of an option period is rolled over to the opening balance for the next option period. The purchase price for a share of Common Stock is the lower of 85% of the fair market value of the Common Stock on the date of grant or 85% of said value at the time of exercise.

In the event the number of shares of Common Stock available in any option period under the 1989 Plan is otherwise insufficient, the number of shares each employee is entitled to purchase shall be proportionately reduced and the cash balance in each employee's withholding account shall be returned to such employee.

An employee may at any time on or prior to June 15 or December 15, as the case may be with respect to any applicable option period, cancel his or her option, and upon such cancellation, all accumulated payroll deductions in the employee's withholding account shall be returned to him or her without interest. During an employee's lifetime, his or her rights in an option will be exercisable only by him or her and may not be sold, pledged, assigned or otherwise transferred. The employee or his or her legal representative may elect to have the amount credited to his or her withholding account at the time of his or her death applied to the exercise of his or her option for the benefit of named beneficiaries. Nothing in the 1989 Plan is to be construed so as to give an employee the right to be retained in the service of EMC.

In the event there is a change in the Common Stock due to a stock dividend, stock split, combination of shares, recapitalization, merger or other capital change, the aggregate number of shares of Common Stock available under the 1989 Plan and under any outstanding options, the option price and other relevant provisions of the 1989 Plan will be appropriately adjusted. EMC will have the right to amend the 1989 Plan at any time, but cannot make an amendment (other than as stated above) relating to the aggregate number of shares available under the 1989 Plan or the option price without the approval of EMC's shareholders. EMC may suspend or terminate the 1989 Plan at any time, but such termination will not affect the rights of employees holding options at the time of termination.

The Compensation Committee administers the 1989 Plan, makes determinations regarding all questions arising thereunder, and adopts, administers and interprets such rules and regulations relating to the 1989 Plan as it deems necessary or advisable.

Federal Income Tax Consequences

The 1989 Plan is intended to qualify as an Employee Stock Purchase Plan within the meaning of Section 423 of the Code. Under a plan which so qualifies, neither the grant of an option nor the acquisition of shares upon exercise of such an option will result in taxable income to the employee or a deduction for EMC.

The Federal income tax treatment of the employee's subsequent disposition of shares acquired under a 1989 Plan option (Plan Shares) will vary depending upon the timing of the disposition. For these purposes, a disposition includes any transfer of shares other than certain transfers at death, certain tax-free exchanges, or a mere pledge or hypothecation. If the employee disposes of Plan Shares within two years after the corresponding option was granted, or within one year after the Plan Shares were purchased, the employee will recognize ordinary income on the date of disposition and EMC will receive a corresponding deduction equal to the difference between the price that the employee paid for the Plan Shares and the fair market value of the Plan Shares on the date they were purchased. If, on the other hand, the employee disposes of Plan Shares after both of

Table of Contents

the periods specified above, or if the employee dies while owning the Plan Shares, then he or she will recognize ordinary income (on the date of disposition or death) only to the extent of the lesser of (i) the excess of the fair market value of the Plan Shares at the time the option was granted over the option price (computed as of the grant date); or (ii) the excess of the fair market value of the Plan Shares at the time of death or disposition over the purchase price. In this case, EMC will receive no corresponding deduction. The employee will also recognize capital gain equal to the amount by which the amount realized upon the sale or disposition of the Plan Shares exceeds the sum of the aggregate purchase price paid for the Plan Shares and the ordinary income recognized in connection with their acquisition.

The foregoing summary is not a complete description of the U.S. Federal income tax aspects of the 1989 Plan. Moreover, the foregoing summary relates only to Federal income taxes; there may also be the imposition of FICA and FUTA taxes on the exercise of an option issued under the 1989 Plan, Federal estate and gift tax consequences, as well as foreign, state and local tax consequences.

PROPOSAL 5

PROPOSAL FOR THE ANNUAL ELECTION OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 5

EMC is asking the shareholders to vote to exempt EMC from the requirements of Section 8.06(b) of the Massachusetts Business Corporation Act which provides that the terms of directors of a public corporation incorporated in Massachusetts, such as EMC, will be staggered unless a vote is adopted to exempt the public corporation from this requirement. Approval of this proposal by the shareholders will eliminate EMC's classified board structure and provide for the annual election of EMC's directors commencing with EMC's next succeeding annual meeting. *Section 8.06(c) of the Massachusetts Business Corporation Act provides that this proposal requires the approval of the affirmative vote of at least two-thirds of EMC's outstanding Common Stock.*

If the proposal is approved, all directors will be elected annually beginning at the Annual Meeting of Shareholders in 2008. The terms of all directors, including those directors elected at the 2007 Annual Meeting of Shareholders, automatically will expire immediately upon the election of directors at the 2008 Annual Meeting of Shareholders.

In determining to present this proposal to the shareholders, the Board considered the various positions for and against continuation of EMC's currently classified Board. The Board believes that EMC's classified Board structure reinforced a commitment to a long-term point of view, promoted continuity and stability and provided protection against an unfavorable takeover; however, the Board also recognized that many shareholders believe that the annual election of directors would increase the Board's accountability to shareholders.

Accordingly, after careful consideration of the appropriate structure for EMC's Board and recognizing the level of shareholder support that a proposal in favor of the annual election of directors received last year, the Board has determined to propose that EMC be exempt from the requirements of Section 8.06(b) of the Massachusetts Business Corporation Act so that all of EMC's directors will be elected annually to one-year terms.

FOR THESE REASONS, YOUR BOARD OF DIRECTORS BELIEVES THAT THIS PROPOSAL IS IN THE BEST INTERESTS OF EMC AND ITS SHAREHOLDERS AND RECOMMENDS THAT YOU VOTE FOR THIS PROPOSAL.

Creation of an Independent Audit Committee

Submitted by William C. Thompson, Jr., Comptroller, City of New York, on behalf of

the Boards of Trustees of the New York City Pension Funds

WHEREAS, the protection of shareholder value through adequate internal financial controls is among the most important duties of the corporation's board of directors. We believe that effective performance of this duty can be achieved best through an Audit Committee (the Committee) composed solely of independent directors;

WHEREAS, we believe that the primary functions of the Committee should be: to employ independent public accountants to audit the books of account, accounting procedures and financial statements of the corporation; to receive and review the reports and comments of the corporation's internal auditors and of the independent public accountants and to review the adequacy of the system of internal financial controls; and to provide a direct channel of communication to the board for the independent public accountants, internal auditors, and, when needed, the finance and compliance officers, and the general counsel.

NOW THEREFORE, BE IT RESOLVED, the shareholders request the board to amend the Committee charter to specify that the Committee be composed solely of independent directors as defined below. The charter should also specify (a) how to select a new independent Committee member if a current member ceases to be independent during the time between annual meetings of shareholders; and (b) that compliance with the policy is excused if no independent director is available and willing to serve on the Committee.

BE IT FURTHER RESOLVED, a director will be considered independent if he/she is someone whose only nontrivial professional, familial or financial connection to the corporation, its chairman or its executive officers is his/her directorship, and who also:

- (1) is not or has not been, or whose relative is or in the past 5 years has not been, employed by the corporation or employed by, or a director of, an affiliate; and
- (2) complies with Sections (b)-(h) of the Council of Institutional Investors Definition of Director Independence as found on its website at: http://www.cii.org/policies/ind_dir_defn.htm

EMC'S STATEMENT IN OPPOSITION TO SHAREHOLDER PROPOSAL

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST PROPOSAL 6

Your Board of Directors opposes this proposal because it is too restrictive, unnecessary and not in the best interests of EMC or its shareholders.

The Board agrees that it is critical for all the Audit Committee members to be independent directors but disagrees with the proponent's view of how independence should be defined. All members of EMC's Audit Committee are independent directors under all relevant legislation and listing standards applicable to EMC. In addition, all Audit Committee members are independent under the categorical standards voluntarily adopted by the Board, which expand upon the prohibited relationships set forth in the corporate governance rules of the New York Stock Exchange (the NYSE Rules). These categorical standards can be viewed at www.emc.com/about/governance.

The standard of independence presented in this proposal for Audit Committee members would bar Audit Committee service by highly qualified directors who lack any material relationship to EMC or its management. The proposed standard goes well beyond the above-referenced requirements and expands upon prohibited relationships in ways that the Board believes have no bearing on the ability of Audit Committee members to make objective and independent judgments. For example, the proposal contains a flat prohibition on a director having had any prior employment with EMC, regardless of the number of years that have elapsed since termination of his or her employment. While we currently have no former employees on the Audit Committee and have no intention of doing so, the Board believes it should retain discretion to determine whether an individual who worked for EMC years ago could make significant contributions to the Audit Committee. This need for discretion is recognized in not only the NYSE Rules, but also in the definitions of director independence adopted by the Council of Institutional Investors and Institutional Shareholder Services. Additionally, the Board believes that the expanded prohibited relationships covered by the proposal would unduly restrict EMC's eligible pool of directors for the Audit Committee and therefore limit the Board's flexibility in selecting the most qualified directors for each committee.

In its determination of independence for all Board members, including Audit Committee members, the Board carefully considers all relevant facts and circumstances, including a director's business and other relationships and prior employment with EMC. The Board currently makes independence determinations in accordance with the NYSE Rules and EMC's categorical standards of independence, which require the Board to make an affirmative finding of independence under all the circumstances. The Board believes these are appropriate standards to apply in order to effectively determine a director's independence.

A shareholder proposal was submitted at the 2006 Annual Meeting on this same topic. Following the meeting, the Board closely re-examined the issues raised. The Board again concluded that amending the Audit Committee's charter to include a more stringent definition of independence for Audit Committee members as set forth in the proposal would be too restrictive and unnecessary. However, in consideration of broader principles of good corporate governance, the Board rotated the members and chairs of our Board committees in October 2006. As a result of a rotation driven by these principles, our current Audit Committee membership is Gail Deegan, Michael Cronin, Olli-Pekka Kallasvuo and Alfred Zeien, and this Committee is now chaired by Gail Deegan. We believe our current Audit Committee meets the most stringent reasonable standards of independence.

FOR THESE REASONS, YOUR BOARD OF DIRECTORS BELIEVES THAT THIS PROPOSAL IS NOT IN THE BEST INTERESTS OF EMC OR ITS SHAREHOLDERS AND RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL.

PROPOSAL 7

SHAREHOLDER PROPOSAL

The Central Laborers' Pension Fund has proposed the adoption of the following vote at the Annual Meeting and has furnished the following statement in support of the proposal. The shareholder's address is P.O. Box 1267, Jacksonville, IL 62651. The shareholder has represented to EMC that it held approximately 13,800 shares of Common Stock as of October 19, 2006. *If properly presented at the meeting, the affirmative vote of a majority of the votes properly cast on this proposal at the Annual Meeting is required to approve this proposal.*

Resolved: That the shareholders of EMC Corporation (Company) hereby request that the Board of Directors initiate the appropriate process to amend the Company's governance documents (certificate of incorporation or bylaws) to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

Supporting Statement: In order to provide shareholders a meaningful role in director elections, our company's director election vote standard should be changed to a majority vote standard. A majority vote standard would require that a nominee receive a majority of the votes cast in order to be elected. The standard is particularly well-suited for the vast majority of director elections in which only board nominated candidates are on the ballot. We believe that a majority vote standard in board elections would establish a challenging vote standard for board nominees and improve the performance of individual directors and entire boards. Our Company presently uses a plurality vote standard in all director elections. Under the plurality vote standard, a nominee for the board can be elected with as little as a single affirmative vote, even if a substantial majority of the votes cast are withheld from the nominee.

In response to strong shareholder support for a majority vote standard in director elections, an increasing number of companies, including Intel, Dell, Motorola, Texas Instruments, Safeway, Home Depot, Gannett, and Supervalu, have adopted a majority vote standard in company by-laws. Additionally, these companies have adopted bylaws or policies to address post-election issues related to the status of director nominees that fail to win election. Our Company has not established a majority vote standard in Company bylaws, opting only to establish a post-election director resignation governance policy. The Company's director resignation policy simply addresses post-election issues, establishing a requirement for directors to tender their resignations for board consideration should they receive more withhold votes than for votes. We believe that these director resignation policies, coupled with the continued use of a plurality vote standard, are a wholly inadequate response to the call for the adoption of a majority vote standard.

We believe the establishment of a meaningful majority vote policy requires the adoption of a majority vote standard in the Company's governance documents, not the retention of the plurality vote standard. A majority vote standard combined with the Company's current post-election director resignation policy would provide the board a framework to address the status of a director nominee who fails to be elected. The combination of a majority vote standard with a post-election policy establishes a meaningful right for shareholders to elect directors, while reserving for the board an important post-election role in determining the continued status of an unelected director.

Therefore, we urge the board to adopt a majority vote standard.

EMC'S STATEMENT IN OPPOSITION TO SHAREHOLDER PROPOSAL

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST PROPOSAL 7

Your Board of Directors opposes this proposal because given the current uncertainty under Massachusetts law, it is not in the best interests of EMC or its shareholders. EMC's current majority voting policy adopted by our Board is in the best interests of EMC and its shareholders.

EMC has a majority voting policy for director elections that affords shareholders meaningful input in the election process. This policy requires any director who receives a majority of votes withheld to promptly tender his or her resignation. The policy provides that the Corporate Governance and Nominating Committee will assess the appropriateness of such director continuing to serve and recommend to the Board the action to be taken with respect to such tendered resignation. The Board also has robust procedures to follow should this policy be triggered. The Board will act on the Committee's recommendation(s) promptly, the process will be managed by independent directors (without participation of any director who received a majority of withheld votes) and the Board's decision will be disclosed publicly. In order to strengthen the director election process, each nominee for election in May 2007 has submitted a conditional resignation that will become effective if such director does not receive the requisite number of votes at the Annual Meeting in accordance with the above policy and the Board accepts the resignation. See EMC's Corporate Governance Guidelines (www.emc.com/about/governance) for the policy and Corporate Governance in this Proxy Statement for a more detailed description of the procedures.

A shareholder proposal was submitted at the 2006 Annual Meeting requesting that EMC change the voting standard for director elections from a plurality standard to a majority standard. Following the meeting, and again after receipt of this proposal, the Board closely re-examined the request. Among the factors considered by the Board were that during 2006, two recognized statutes (the Delaware General Corporation Law and the Model Business Corporation Act) were amended to facilitate the implementation of majority voting for director elections. EMC, however, is incorporated in Massachusetts, where no such amendments have been adopted. There is considerable uncertainty under Massachusetts law as to how companies can appropriately and most effectively implement such a standard. Because of the status of Massachusetts law, the Board concluded that adoption of a majority vote standard by EMC at this time would be premature.

In view of the current uncertainty under Massachusetts law, we believe that at this time it is appropriate to maintain EMC's current policy with respect to the election of directors. The Board will continue to monitor developments under Massachusetts law and elsewhere. EMC intends to support legislative efforts designed to clarify the procedures to be used under Massachusetts law to implement majority voting. Once Massachusetts law has been amended, we will adopt or, if appropriate, submit to shareholders for approval, binding changes to EMC's voting standard for election of directors.

FOR THESE REASONS, YOUR BOARD OF DIRECTORS BELIEVES THAT THIS PROPOSAL IS NOT IN THE BEST INTERESTS OF EMC OR ITS SHAREHOLDERS AND RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL.

SHAREHOLDER PROPOSAL

John Chevedden, acting as proxy for William Steiner, has proposed the adoption of the following vote at the Annual Meeting and has furnished the following statement in support of the proposal. The shareholder's address is 112 Abbottsford Gate, Piermont, NY 10968. The shareholder has represented to EMC that it held 6,900 shares of Common Stock as of November 30, 2006. *If properly presented at the meeting, the affirmative vote of a majority of the votes properly cast on this proposal at the Annual Meeting is required to approve this proposal.*

8 Adopt Simple Majority Vote

RESOLVED: Shareholders recommend that our Board take each step necessary to adopt a simple majority vote to apply to the greatest extent possible.

This proposal is not intended to unnecessarily limit our Board's judgment in crafting the requested change to the fullest extent feasible in accordance with applicable laws and existing governance documents.

William Steiner, 112 Abbottsford Gate, Piermont, NY 10968 sponsors this proposal.

This topic won a 66% yes-vote average at 20 major companies in 2006. The Council of Institutional Investors www.cii.org formally recommends adoption of this proposal topic.

Our current rule allows a small minority to frustrate the will of our shareholder majority. For example, in requiring an 80%-vote on a number of key governance issues, if our vote is an overwhelming 79%-yes and only 1%-no only 1% could force their will on our 79%-majority.

When one considers abstentions and broker non-votes, a supermajority vote can be almost impossible to obtain. For example, a proposal for annual election of each director at Goodyear (GT) failed to pass even though 90% of votes cast were in favor of the proposal. While companies often state that the purpose of supermajority requirements is to provide companies with the ability to protect minority shareholders, supermajority requirements are arguable most often used to block initiatives opposed by management but supported by most shareowners. The Goodyear Tire & Rubber Company vote is a perfect illustration.

Corporate governance procedures and practices, and the level of accountability they impose, are arguable closely related to financial performance. It is intuitive that, when directors are accountable for their actions, they perform better. Shareholders are willing to pay a premium for shares of corporations that have excellent corporate governance, as illustrated by a recent study by McKinsey & Co. If our Company were to remove its supermajority requirements, it would be a strong statement that our Company is committed to good corporate governance and its long-term financial performance.

EMC'S STATEMENT IN OPPOSITION TO SHAREHOLDER PROPOSAL

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST PROPOSAL 8

Your Board of Directors opposes this proposal because it would cause fundamental changes in shareholder rights that are not in the best interests of EMC or its shareholders. In addition, the proposal contains significant inaccuracies with regard to EMC's current shareholder approval requirements.

Neither EMC's charter nor its bylaws include specific provisions requiring more than a majority vote of shareholders. Most matters subject to shareholder vote require a simple majority as the proponent requests. For example, shareholders may amend EMC's bylaws by a majority of votes properly cast. Only limited fundamental decisions, including amendments to the charter and approval of certain extraordinary transactions, as described below, require a vote of two-thirds of shares outstanding. These vote requirements follow the default provisions of Massachusetts corporate law. These vote provisions pertain only to limited fundamental decisions and are designed to protect the interests of a significant minority of EMC shareholders, which may further the long-term interests of the Company. EMC's Board and Corporate Governance and Nominating Committee believe as a matter of principle that these vote requirements are appropriate and should be maintained.

EMC's charter establishes the fundamentals of its corporate governance structure. Amending the charter should not be an ordinary event. This is why Massachusetts law provides that, except for minor or routine amendments, two-thirds of the shares entitled to vote on a matter are required to approve amendments to the charter, unless otherwise provided in the charter. We believe that this vote requirement strikes the appropriate balance between enabling changes to EMC's charter, while ensuring that fundamental changes are only made when a broad consensus of shareholders agrees that change is prudent. Lowering the voting threshold to a simple majority could lead to corporate governance changes that negatively impact a significant percentage of EMC shareholders who did not agree with a particular action.

If implemented, the proposal would permit the approval of an extraordinary transaction, such as a sale, merger or dissolution of the Company, without broad consensus among shareholders. For example, if the proposal were implemented to the greatest extent possible, then given our quorum requirement of greater than 50% of shares outstanding, an extraordinary transaction could be approved by just over 25% of the shares outstanding.

The current voting provisions, based on Massachusetts law default provisions, encourage persons making unsolicited takeover bids to negotiate with the Board to ensure that the interests of all EMC's shareholders are served. In addition, they allow the Board to consider alternative proposals that maximize the value of EMC for all shareholders. Without these supermajority voting requirements, it may be possible for a few large shareholders whose interests diverge from those of other EMC shareholders to approve a transaction that is opposed by nearly half the shareholders or to make other important corporate governance changes that are not widely supported.

The proposal inaccurately states that an 80% vote is required on a number of key governance issues; there is no provision in EMC's charter that requires an 80% vote on any matter.

EMC's two-thirds vote requirement has limited applicability to certain charter amendments and extraordinary transactions. This requirement is designed to ensure that for fundamental transactions to be approved, a substantial majority must vote in favor, thereby protecting a significant minority of shareholders, which may further the long term interests of the Company. In these instances, EMC believes it is appropriate to obtain the approval of a broad consensus of shareholders, rather than a simple majority as the proponent suggests.

FOR THESE REASONS, YOUR BOARD OF DIRECTORS BELIEVES THAT THIS PROPOSAL IS NOT IN THE BEST INTERESTS OF EMC OR ITS SHAREHOLDERS AND RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL.

SHAREHOLDER PROPOSAL

The United Brotherhood of Carpenters Pension Fund has proposed the adoption of the following vote at the Annual Meeting and has furnished the following statement in support of the proposal. The shareholder's address is 101 Constitution Avenue, N.W., Washington, DC 20001. The shareholder has represented to EMC that it held approximately 39,800 shares of Common Stock as of November 9, 2006. *If properly presented at the meeting, the affirmative vote of a majority of the votes properly cast on this proposal at the Annual Meeting is required to approve this proposal.*

Pay-for-Superior-Performance Proposal

Resolved: That the shareholders of EMC Corporation (Company) request that the Board of Director's Executive Compensation Committee establish a pay-for-superior-performance standard in the Company's executive compensation plan for senior executives (Plan), by incorporating the following principles into the Plan:

1. The annual incentive or bonus component of the Plan should utilize defined financial performance criteria that can be benchmarked against a disclosed peer group of companies, and provide that an annual bonus is awarded only when the Company's performance exceeds its peers' median or mean performance on the selected financial criteria;
2. The long-term compensation component of the Plan should utilize defined financial and/or stock price performance criteria that can be benchmarked against a disclosed peer group of companies. Options, restricted shares, or other equity or non-equity compensation used in the Plan should be structured so that compensation is received only when the Company's performance exceeds its peers' median or mean performance on the selected financial and stock price performance criteria; and
3. Plan disclosure should be sufficient to allow shareholders to determine and monitor the pay and performance correlation established in the Plan.

Supporting Statement: We feel it is imperative that compensation plans for senior executives be designed and implemented to promote long-term corporate value. A critical design feature of a well-conceived executive compensation plan is a close correlation between the level of pay and the level of corporate performance relative to industry peers. We believe the failure to tie executive compensation to superior corporate performance; that is, performance exceeding peer group performance, has fueled the escalation of executive compensation and detracted from the goal of enhancing long-term corporate value.

We believe that common compensation practices have contributed to excessive executive compensation. Compensation committees typically target senior executive total compensation at the median level of a selected peer group, and then they design any annual and long-term incentive plan performance criteria and benchmarks to deliver a significant portion of the total compensation target regardless of the company's performance relative to its peers. High total compensation targets combined with less than rigorous performance benchmarks yield a pattern of superior-pay-for-average-performance. The problem is exacerbated when companies include annual bonus payments among earnings used to calculate supplemental executive retirement plan (SERP) benefit levels, guaranteeing excessive levels of lifetime income through inflated pension payments.

We believe the Company's Plan fails to promote the pay-for-superior-performance principle. Our Proposal offers a straightforward solution: The Compensation Committee should establish and disclose financial and stock price performance criteria and set peer group-related performance benchmarks that permit awards or payouts in its annual and long-term incentive compensation plans only when the Company's performance exceeds the median of its peer group. A senior executive compensation plan based on sound pay-for-superior-performance principles will help moderate excessive executive compensation and create competitive compensation incentives that will focus senior executives on building sustainable long-term corporate value.

EMC'S STATEMENT IN OPPOSITION TO SHAREHOLDER PROPOSAL

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST PROPOSAL 9

Your Board of Directors opposes this proposal because it is too restrictive, unnecessary and not in the best interests of EMC or its shareholders.

EMC has for many years been deeply committed to pay-for-performance, and we believe our executive compensation programs embody strong pay-for-performance practices. The Compensation Committee expects outstanding performance from EMC senior executives and ties a substantial portion of their compensation to the achievement of challenging quarterly, annual and long-term goals which drive EMC's revenue and profitability. These compensation programs are designed not only to reflect strong pay-for-performance tied to key objectives, but also to encourage continuity of management.

Since 2003, our revenues have increased 79% from \$6.2B to \$11.2B and net income has increased 147% from \$496M to \$1.2B. During the same period, our GAAP earnings per share have increased 145% from \$0.22 to \$0.54. EMC has consistently outperformed our compensation peer group on these key financial metrics, which have been the principal metrics of our performance-based compensation. Therefore, the Committee firmly believes that EMC has "pay for superior performance" as requested by this proposal.

However, corporate financial criteria alone, as requested by the proponent, are insufficient for your Board to set strategic and tactical management goals. For example, in the past we set qualitative and quantitative goals for management including shifting the product mix to favor software, improving our security offerings, globalization, and succession planning. Achievement of these goals has directly resulted in the growth of our revenue and profitability over the last several years.

To test the strong link between our executive compensation and the Company's performance, each year the Committee has Watson Wyatt Worldwide, its independent consultant, perform a pay for performance analysis. In 2006, Watson studied the relationship of EMC's pay to EMC's performance, against that of our compensation peer group, as described in this Proxy Statement, and concluded that EMC's pay is aligned with its performance.

A significant percentage of total compensation for executives is performance-based. Cash incentive bonuses are based on performance criteria, varying among executives depending on the individual's responsibilities. Cash bonuses are generally designed to reward superior performance by providing for upside for exceeding the goal, with no payment unless a threshold percentage of the goal is achieved. The Compensation Committee generally grants stock options or restricted stock to executives. Stock options are performance-based because any economic benefit is tied to an increase in EMC's stock price. Restricted stock awards generally vest either solely on performance, or contain a several year cliff vest with accelerated vesting based on performance. We further reinforced EMC's commitment to pay-for-performance in December of 2005 when we implemented a long-term performance program under which EMC shares may be earned only if rigorous three-year performance targets are achieved; the shares will be forfeited if these targets are not met. The restricted stock therefore has performance incentives built into the vesting design and is also performance-based through linkage to EMC's stock price. No equity awards were granted to our Named Executive Officers during fiscal year 2006.

We believe our executive compensation programs embody strong pay-for-performance practices. The Compensation Committee must have flexibility to design a compensation program based on a number of different measures, incentives and objectives. Superior performance is multifaceted and, as discussed above, should not be limited to financial or stock price performance criteria benchmarked against peer group performance, as requested by this proposal. Therefore, the Board believes this proposal is too restrictive and unnecessary.

FOR THESE REASONS, YOUR BOARD OF DIRECTORS BELIEVES THAT THIS PROPOSAL IS NOT IN THE BEST INTERESTS OF EMC OR ITS SHAREHOLDERS AND RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL.

REVIEW AND APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

The Audit Committee has adopted a written policy and procedures for the review, approval and ratification of transactions involving the Company and related persons (directors and executive officers or their immediate family members, or shareholders beneficially owning more than five percent of the Common Stock). The policy covers all transactions, arrangements or relationships (or any series of similar transactions, arrangements or relationships) in which the Company or any of its subsidiaries was, is or will be a participant, in which the amount involved exceeds \$120,000, and in which any related person had, has or will have a direct or indirect material interest.

All related person transactions are reviewed and, as appropriate, may be approved or ratified by the Audit Committee, or if time is of the essence, the Chair of the Audit Committee. If a director is involved in the transaction, he or she may not participate in any review, approval or ratification of such transaction. Related person transactions are approved by the Audit Committee only if, based on all of the facts and circumstances, they are in, or not inconsistent with, the best interests of the Company and our shareholders, as the Committee determines in good faith. The Audit Committee takes into account, among other factors it deems appropriate, whether the transaction is on terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. The Audit Committee may also impose such conditions as it deems necessary and appropriate on the Company or the related person in connection with the transaction.

In the case of a transaction presented to the Audit Committee for ratification, the Audit Committee may ratify the transaction or determine whether rescission of the transaction is appropriate.

CERTAIN TRANSACTIONS

In 2006, EMC leased certain real estate from Carruth Management LLC (Carruth), for which payments aggregated approximately \$3.8 million. EMC initially assumed the lease in connection with its acquisition of Data General Corporation in 1999 and renewed it in 2003 for an additional ten-year term. John R. Egan, a Director of EMC, and his siblings are the beneficial owners of Carruth. EMC believes that the terms of this arrangement were fair and not less favorable to EMC than could have been obtained from unaffiliated parties.

John R. Egan, a Director of EMC, is a managing partner and general partner in Egan-Managed Capital II, L.P., which holds an equity interest in Top Layer Networks, Inc. of greater than 10%. In 2006, EMC paid Top Layer approximately \$152,000 for hardware, software and services. EMC believes that the terms of this arrangement were fair and not less favorable to EMC than could have been obtained from unaffiliated parties.

In February 2006, EMC acquired all of the outstanding capital stock of Authentica, Inc. David N. Strohm, a Director of EMC, is a general partner in Greylock IX Limited Partnership, which was a shareholder of Authentica. Of the total cash paid to Authentica's stockholders of approximately \$16 million, proceeds to Greylock IX Limited Partnership as a result of this acquisition were approximately \$2.7 million. Mr. Strohm did not participate in any Board or committee approval of this acquisition, and EMC believes that the terms of the transaction were fair and negotiated at arms length.

In September 2006, EMC acquired all of the outstanding capital stock of Network Intelligence Corporation. John R. Egan, a Director of EMC, is a managing partner and general partner in Egan-Managed Capital II, L.P., which was a shareholder of Network Intelligence. Of the total cash paid to Network Intelligence's stockholders

Table of Contents

of approximately \$170 million, proceeds to Egan-Managed Capital II, L.P. as a result of the acquisition were approximately \$24.4 million. Mr. Egan did not participate in any Board or committee approval of this acquisition, and EMC believes that the terms of the transaction were fair and negotiated at arms length.

As a global employer of over 31,000 employees, and as one of the largest employers in Massachusetts, EMC employs persons who are immediate family members of certain of our directors or executive officers. A son-in-law of Joseph M. Tucci is a Commercial Sales District Manager of EMC. He earned compensation of approximately \$190,000 during 2006. A brother of David DeWalt is a Vice President, Sales Solutions of EMC. He earned compensation of approximately \$390,000 during 2006 and was granted 40,000 shares of restricted stock. A son of W. Paul Fitzgerald is a District Sales Manager of EMC. He earned approximately \$440,000 during 2006 and was granted 15,000 stock options. A daughter of W. Paul Fitzgerald is an Associate General Counsel of EMC and earned approximately \$220,000 during 2006. A son-in-law of W. Paul Fitzgerald is a Director, Finance of EMC. He earned approximately \$120,000 during 2006 and was granted 2,500 stock options.

The compensation paid to each immediate family member is in accordance with such family member's established compensation plan for the year, which plan includes performance-based compensation aligned to the attainment of defined goals, such as quota objectives for individuals involved in sales. Each of such employee's compensation plans is reviewed annually by his or her manager, and the earnings opportunity and performance objectives for such employees are consistent with the compensation plans of other EMC employees functioning in comparable roles. None of the executive officers or directors who have an immediate family member employed by EMC have the authority to set such employee's compensation plan. EMC believes that the annual compensation paid to each of these employees is appropriate and comparable with the compensation paid for similar positions by other leading employers.

In accordance with its written policy and procedures relating to related person transactions, the Audit Committee has approved or ratified each of the above transactions.

John R. Egan, a Director of EMC, is the nephew of W. Paul Fitzgerald, a Director of EMC.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors in overseeing the integrity of EMC's financial statements, EMC's compliance with legal requirements, the qualifications and independence of EMC's independent auditors, and the performance of EMC's internal and independent auditors. EMC's management has primary responsibility for the Company's financial statements as well as maintaining and monitoring a system of appropriate internal controls. The Audit Committee has four members, each of whom is an independent director under the NYSE's director independence standards and EMC's categorical independence standards and meets the independence criteria applicable to audit committee members under the Sarbanes-Oxley Act of 2002 and the SEC's implementing rules. The Audit Committee held 10 meetings in 2006.

During 2006, senior members of the Company's financial and legal management participated in each of the Audit Committee's regularly scheduled meetings. During the course of the year, the Audit Committee had separate executive sessions with the Company's general counsel, independent auditors and the director of internal audit at which candid discussions regarding legal matters, financial reporting, internal controls and accounting systems and processes took place. The Audit Committee discussed with EMC's internal and independent auditors the overall scope and plans for their respective audits.

The Audit Committee has reviewed with senior members of management the Company's policies and practices with respect to risk assessment and risk management. The Audit Committee has also reviewed the adequacy and effectiveness of the Company's legal, regulatory, and ethical compliance programs, including the Company's Business Conduct Guidelines.

The Audit Committee has met, reviewed and discussed EMC's financial statements for the three years ended December 31, 2006 with EMC's management and EMC's independent auditors. The meeting included a discussion of the quality and not just the acceptability of the accounting principles applied, the reasonableness of the significant accounting judgments and estimates, and the clarity of disclosures in the financial statements.

The Audit Committee has discussed with EMC's independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61, Communications with Audit Committees, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Audit Committee has received and reviewed written disclosures and the letter from EMC's independent auditors required by Independent Standards Board Standard No. 1, Independence Discussions with Audit Committees, as adopted by the PCAOB in Rule 3600T (concerning matters that may affect an auditor's independence) and has discussed with EMC's independent auditors its independence. The Audit Committee has also considered whether the independent auditors' provision of non-audit services to EMC is compatible with the auditors' independence.

In 2006, the Audit Committee reviewed and discussed the requirements of, and EMC's compliance with, Section 404 of the Sarbanes-Oxley Act of 2002, including the PCAOB's Auditing Standard No. 2 regarding the audit of internal control over financial accounting.

In performing all of these functions, the Audit Committee acts in an oversight capacity. The Audit Committee reviews the Company's quarterly and annual reports on Form 10-Q and Form 10-K prior to filing with the SEC. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for establishing and maintaining adequate internal control over financial reporting, and for preparing the financial statements, and of the independent auditors who are engaged to audit and report on the consolidated financial statements of the Company, management's assessment of the effectiveness of the Company's internal control over financial reporting and the effectiveness of the Company's internal control over financial reporting.

Table of Contents

Based on the foregoing review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in EMC's Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the SEC.

Under our By-laws, nominations for a director may be made only by the Board of Directors, a nominating committee of the Board of Directors, a person appointed by the Board of Directors or by a shareholder entitled to vote who has delivered notice to the principal executive offices of EMC (containing certain information specified in the By-laws) (i) not less than 95 days nor more than 125 days prior to the anniversary date of the preceding year's annual meeting, or (ii) if the meeting is called for a date not within thirty days before or after such anniversary date, not later than the close of business on the tenth day following the date notice of such meeting is mailed or made public, whichever is earlier.

The By-laws also provide that no business may be brought before an annual meeting except as specified in the notice of the meeting or as otherwise brought before the meeting by or at the direction of the Board of Directors, the presiding officer or by a shareholder entitled to vote at such annual meeting who has delivered notice to the principal executive offices of EMC (containing certain information specified in the By-laws) (i) not less than 95 days nor more than 125 days prior to the anniversary date of the preceding year's annual meeting, or (ii) for a special meeting or an annual meeting called for a date not within thirty days before or after such anniversary date, not later than the close of business on the tenth day following the date notice of such meeting is mailed or made public, whichever is earlier.

These requirements are separate and apart from the requirements that a shareholder must meet in order to have a shareholder proposal included in EMC's Proxy Statement under Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act). A copy of the full text of the By-law provisions discussed above may be obtained by writing to the Secretary or Assistant Secretary of EMC at 176 South Street, Hopkinton, Massachusetts 01748.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires EMC's executive officers and directors, and persons who own more than 10% of the Common Stock, to file reports of ownership and changes in ownership with the SEC and the NYSE. Executive officers, directors and greater than 10% shareholders are required by SEC regulations to furnish the Company with all copies of Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, EMC believes that during the fiscal year ended December 31, 2006, all filing requirements were complied with in a timely fashion, except that Frank Hauck, our Executive Vice President, Global Marketing and Customer Quality, filed a Form 4 on February 16, 2006 reporting the sale of 28,000 shares of Common Stock on February 3, 2006.

HOUSEHOLDING

If you and other residents with the same last name at your mailing address own shares of Common Stock in street name, your broker or bank may have sent you a notice that your household will receive only one annual report and proxy statement for each company in which you hold stock through that broker or bank. This practice of sending only one copy of proxy materials is known as householding. If you received a householding communication, your broker will send one copy of EMC's 2007 Proxy Statement and Annual Report on Form 10-K for 2006 to your address unless contrary instructions were given by any shareholder at that address. If you received more than one copy of the proxy materials this year and you wish to reduce the number of reports you receive in the future and save EMC the cost of printing and mailing these reports, your broker will discontinue the mailing of reports on the accounts you select if you mark the designated box on your proxy card, or follow the instructions provided when you vote over the Internet.

You may revoke your consent to householding at any time by contacting Automatic Data Processing, Inc. (ADP), either by calling toll free at (800) 542-1061 or by writing to ADP, Household Department, 51 Mercedes Way, Edgewood, New York 11717. The revocation of your consent to householding will be effective 30 days following its receipt. In any event, if your household received a single set of proxy materials for this year, but you would prefer to receive your own copy, we will promptly send a copy to you if you go to www.emc.com/ir and request a copy or if you address your written request to EMC Corporation, Investor Relations, 176 South Street, Hopkinton, MA 01748 or contact EMC Investor Relations at 866-362-6973.

Exhibit A

Categorical Standards

In order for a Director to qualify as independent, the Board of Directors of EMC Corporation shall affirmatively determine that the Director does not have any material relationship with EMC (either directly or as a partner, stockholder or officer of an organization that has a relationship with EMC). This determination shall be disclosed in EMC's proxy statement for each annual meeting of EMC. In this regard, the Board shall broadly consider all relevant facts and circumstances and has adopted the following categorical standards to assist it in making determinations of independence. In order to be considered independent:

1. The Director must be independent pursuant to the corporate governance listing requirements of the New York Stock Exchange, as in effect from time to time.

2. Furthermore, a Director should meet the following additional standards:
 - (a) If a Director or any immediate family member is an executive officer, general partner or significant equity holder (in excess of 10%) of another company that makes payments to, or receives payments from, EMC for property or services, the amount of such payments, during the last fiscal year, does not exceed the greater of \$1 million or 2% of the other company's consolidated gross revenues;

 - (b) If a Director or any immediate family member is an executive officer, general partner or significant equity holder (in excess of 10%) of another company which is indebted to EMC, or to which EMC is indebted, the total amount of either company's indebtedness to the other during the last fiscal year does not exceed 1% of the total consolidated assets of the other company; and

 - (c) If a Director is an executive officer of any tax exempt organization, EMC's contributions to the organization during the last fiscal year do not exceed the greater of \$1 million or 2% of such charitable organization's consolidated gross receipts.

An immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home.

The Board may determine that a Director who has, or whose immediate family member has, a relationship that does not meet the standards set forth in paragraph 2 is nonetheless independent. Any such determination and the basis for it will be disclosed in EMC's next proxy statement.

Any determination of the Committee under the Plan may be made without notice or meeting of the Committee by a writing signed by a majority of the Committee members.

3.2 Subject to the provisions set forth herein, the Committee shall have full authority to determine the provisions of Awards to be granted under the Plan. Subject to the provisions set forth herein, the Committee shall have full authority to interpret the terms of the Plan and of Awards granted under the Plan, to adopt, amend and rescind rules and guidelines for the administration of the Plan and for its own acts and proceedings and to decide all questions and settle all controversies and disputes which may arise in connection with the Plan.

3.3 The decision of the Committee or the Board of Directors, as applicable, on any matter as to which the Committee or the Board of Directors, as applicable, is given authority under Section 3.2 shall be final and binding on all persons concerned.

3.4 Nothing in the Plan shall be deemed to give any officer or employee, or his legal representatives or assigns, any right to participate in the Plan, except to such extent, if any, as the Committee or the Board, as applicable, may have determined or approved pursuant to the provisions of the Plan.

4. Shares Subject to the Plan; Limitations.

4.1 *Number of Shares.* The maximum number of shares of Common Stock that may be delivered in satisfaction of Awards granted under the Plan shall be the sum of (i) 300,000,000, (ii) the number of shares available for grant under the Prior Plans as of the day immediately preceding the Amended and Restated Plan Effective Date, and (iii) the number of shares subject to outstanding awards under the Prior Plans as of the day immediately preceding the Amended and Restated Plan Effective Date to the extent such awards terminate or expire on or after the Amended and Restated Plan Effective Date without the delivery of shares (such shares may hereinafter be referred to as the Authorized Shares).

4.2 *Fungible Share Plan.* Each share of Common Stock subject to or issued in respect of an Option or a Stock Appreciation Right shall be counted against the Authorized Shares as one (1) share. Each share of Common Stock subject to or issued in respect of a Stock Award shall be counted against the Authorized Shares as two (2) shares.

4.3 *Reacquired Shares.* If any Award granted under the Plan expires, is terminated or is canceled (including an Award which terminates by agreement between the Company and the Participant), or if shares of Common Stock are reacquired by the Company upon the rescission of an Award or the rescission of the exercise of an Award, the number of shares of Common Stock subject to the Award immediately prior to such expiration, termination or cancellation or the number of shares of Common Stock that have been reacquired upon any rescission, shall be available for future grant. 4.4 *Type of Shares.* Common Stock delivered by the Company under the Plan may be authorized but unissued Common Stock or previously issued Common Stock acquired by the Company. No fractional shares of Common Stock will be delivered under the Plan.

4.5 *Limit on Shares for Performance Awards.* No more than 2,000,000 shares may be allocated to the Performance Awards that are granted to any individual Participant during any 12 month period. This limit shall not be adjusted by the cancellation, forfeiture, termination, expiration, or lapse of any Performance Award prior to its payment.

5. Eligibility and Participation.

The Committee will select Participants from among those key employees of, and consultants and advisors to, the Company or its Subsidiaries who, in the opinion of the Committee, are in a position to make a significant contribution to the success of the Company and its Subsidiaries. Eligible Directors may be granted Awards by either the Committee or the Board of Directors. If Eligible Directors are granted Awards by the Board of Directors, the Board of Directors may exercise all the powers of the Committee under the Plan with respect to such Awards. Eligibility for Incentive Stock Options is limited to employees of the Company or of a parent corporation or subsidiary corporation of the Company as those terms are defined in Section 424 of the Code.

6. Awards.

6.1 *General.* The Plan provides for the grant of Awards, which may be in the form of Options, Restricted Stock, Restricted Stock Units and Stock Appreciation Rights. The Committee will determine the terms and conditions of all Awards, subject to the limitations provided herein. The Plan also provides for the grant of Performance Awards under Section 6.11. Notwithstanding anything herein to the contrary, the Committee may, in its sole discretion, grant Awards under the Plan containing performance-related goals that do not constitute Performance Awards, do not comply with Section 6.11, are not subject to the limitation set forth in Section 4.5, and are not granted or administered to comply with the requirements of Section 162(m) of the Code.

6.2 *Participants.* From time to time while the Plan is in effect, the Committee may, in its absolute discretion, select from among the persons eligible to receive Awards (including persons to whom Awards were previously granted) those Participants to whom Awards are to be granted.

6.3 *Award Agreements.* Each Award granted under the Plan shall be evidenced by a written agreement in such form as the Committee shall from time to time approve. Award agreements shall comply with the terms and conditions of the Plan and may contain such other provisions not inconsistent with the terms and conditions of the Plan as the Committee shall deem advisable. In the case of an Incentive Stock Option, the Award agreement shall contain such provisions relating to exercise and other matters as are required of incentive stock options under the Code. Award agreements may be evidenced by an electronic transmission (including an e-mail or reference to a website or other URL) sent to the Participant through the Company's normal process for communicating electronically with its employees. As a condition to receiving an Award, the Committee may require the proposed Participant to affirmatively accept the Award and agree to the terms and conditions set forth in the Award agreement by physically and/or electronically executing the Award agreement or by otherwise physically and/or electronically acknowledging such acceptance and agreement. With or without such affirmative acceptance, however, the Committee may prescribe conditions (including the exercise or attempted exercise of any benefit conferred by the Award) under which the proposed Participant may be deemed to have accepted the Award and agreed to the terms and conditions set forth in the Award agreement.

6.4 *Non-Transferability of Awards.* No Award may be transferred by the Participant otherwise than by will, by the laws of descent and distribution or pursuant to a qualified domestic relations order, and during the Participant's lifetime the Award may be exercised only by him or her; provided, however, that the Committee, in its discretion, may allow for transferability of Awards by the Participant to Immediate Family Members.

Table of Contents

Immediate Family Members means children, grandchildren, spouse or common law spouse, siblings or parents of the Participant or to bona fide trusts, partnerships or other entities controlled by and of which the beneficiaries are Immediate Family Members of the Participant. Any Awards that are transferable are further conditioned on the Participant and Immediate Family Members agreeing to abide by the Company's then current Award transfer guidelines.

6.5 Exercise; Vesting; Lapse of Restrictions. The Committee may determine the time or times at which (a) an Award will become exercisable, (b) an Award will vest or (c) the restrictions to which an Award is subject will lapse. In the case of an Award that becomes exercisable, vests or has restrictions which lapse in installments, the Committee or the Board of Directors may later determine to accelerate the time at which one or more of such installments may become exercisable or vest or at which one or more restrictions may lapse; provided, however, that the Committee or the Board of Directors may not accelerate the vesting or lapse of one or more restrictions with respect to a Stock Award if such action would cause such Stock Award to fully vest in a period of time that is less than the applicable minimum period set forth in Section 6.10.3. Except as the Committee otherwise determines, no Award requiring exercise shall have deferral features, or shall be administered in a manner that would cause such Award to fail to qualify for exemption from Section 409A of the Code; provided, however, that any Award resulting in a deferral of compensation subject to Section 409A of the Code shall be construed to the maximum extent possible, as determined by the Committee, consistent with the requirements of Section 409A of the Code.

6.5.1 Determination of the Exercise Price. The Committee will determine the exercise price, if any, of each Award requiring exercise. Notwithstanding the foregoing, the exercise price per share of Common Stock for an Option or Stock Appreciation Right shall be not less than 100% (110% in the case of an Incentive Stock Option granted to a Ten Percent Shareholder) of the Fair Market Value per share on the date the Option or Stock Appreciation Right is granted.

6.5.2 Additional Conditions. The Committee or the Board of Directors may at the time of grant condition the exercise of an Award upon agreement by the Participant to subject the Common Stock to any restrictions on transfer or repurchase rights in effect on the date of exercise, upon representations regarding the continuation of a Service Relationship and upon other terms not inconsistent with this Plan. Any such conditions shall be set forth in the Award agreement or other document evidencing the Award.

6.5.3 Manner of Exercise. Any exercise of an Award shall be in writing signed by the proper person and delivered or mailed to the office of Stock Option Administration of the Company, accompanied by an appropriate exercise notice and payment in full for the number of shares in respect to which the Award is exercised, or in such other manner as may be from time to time prescribed by the Committee, including, without limitation, pursuant to electronic, telephonic or other instructions to a third party administering the Plan. In the event an Award is exercised by the executor or administrator of a deceased Participant, or by the person or persons to whom the Award has been transferred by the Participant's will or the applicable laws of descent and distribution, the Company shall be under no obligation to deliver stock thereunder until the Company is satisfied that the person or persons exercising the Award is or are the duly appointed executor or administrator of the deceased Participant or the person or persons to whom the Award has been transferred by the Participant's will or by the applicable laws of descent and distribution.

6.5.4 Payment of Exercise Price. Where the exercise of an Award is to be accompanied by payment, the Committee may determine the required or permitted forms of payment, subject to the following: all payments will be by cash or check acceptable to the Committee, or, if so permitted by the Committee, (i) through the delivery of shares of Common Stock that have been outstanding for at least six months (unless the Committee approves a shorter period) and that have a fair market value equal to the exercise price, (ii) by delivery to the Company of a promissory note of the person exercising the Award, payable on such terms as are specified by the Committee, (iii) through a broker-assisted exercise program acceptable to the Committee, or (iv) by any combination of the foregoing permissible forms of payment. The delivery of

shares in payment of the exercise price under clause (i) above may be accomplished either by actual delivery or by constructive delivery through attestation of ownership, subject to such rules as the Committee may prescribe.

Table of Contents

6.5.5 *Period of Awards.* An Award shall be exercisable during such period of time as the Committee may specify, but not after the expiration of ten years (five years in the case of an Incentive Stock Option granted to a Ten Percent Shareholder) from the date the Option is granted.

6.6 *Termination of Awards.* Unless the Award by its terms or the Committee or Board of Directors by resolution shall expressly provide otherwise:

6.6.1 *Termination of a Participant's Service Relationship by Reason of Death.* If a Participant's Service Relationship terminates by reason of death, (a) all Options and Stock Appreciation Rights held by the Participant shall vest fully on the date that the Participant's Service Relationship terminates by reason of death without regard to whether any applicable vesting requirements have been fulfilled, and (b) all Stock Awards held by the Participant shall vest fully on the date that the Participant's Service Relationship terminates by reason of death without regard to whether any applicable vesting requirements have been fulfilled and/or all restrictions shall fully lapse as of such date without regard to whether any applicable requirements have been fulfilled. All Awards may be exercised by the Participant's executor or administrator or the person or persons to whom the Awards are transferred by will or the applicable laws of descent and distribution at any time or times within three years after the date of the Participant's death. Unexercised Options and Stock Appreciation Rights shall expire automatically at the end of such three-year period.

6.6.2 *Termination of a Participant's Service Relationship by Reason of Disability.* If a Participant's Service Relationship terminates by reason of Disability (as defined below), (a) all Options and Stock Appreciation Rights held by the Participant shall vest fully on the date that the Participant's Service Relationship terminates by reason of Disability (the Disability Date) without regard to whether any applicable vesting requirements have been fulfilled, and (b) all Stock Awards held by the Participant shall vest fully on the Disability Date without regard to whether any applicable vesting requirements have been fulfilled and/or all restrictions shall fully lapse as of such date without regard to whether any applicable requirements have been fulfilled. All such Options and Stock Appreciation Rights may be exercised by the Participant at any time or times within three years after the Disability Date. Unexercised Options and Stock Appreciation Rights shall expire automatically at the end of such three-year period. Notwithstanding the foregoing, in the event the Participant fails to exercise an Incentive Stock Option within twelve months after the Disability Date, such Option shall remain exercisable at any time or times within three years after the Disability Date but will be treated as an Option that does not qualify as an Incentive Stock Option. Disability means the disability of the Participant within the meaning of Section 22(e)(3) of the Code.

6.6.3 *Termination of a Participant's Service Relationship by Reason of Retirement.* If a Participant's Service Relationship terminates by reason of Retirement (as defined below), (a) all Options and Stock Appreciation Rights held by the Participant shall continue to vest and be exercisable in accordance with the terms and conditions thereof as if the Participant's Service Relationship had not terminated, and (b) all Stock Awards held by the Participant shall continue to vest and/or be subject to applicable restrictions and the requirements for the lapse thereof in accordance with the terms and conditions of the Stock Awards as if the Participant's Service Relationship had not terminated. Notwithstanding the foregoing, if (a) an Option or Stock Appreciation Right provides for vesting or exercisability upon the fulfillment or satisfaction of certain specified goals or conditions (other than time-based vesting or restrictions), or (b) a Stock Award provides for vesting or the lapse of restrictions upon the fulfillment or satisfaction of certain specified goals or conditions (other than time-based vesting or restrictions), then subsequent to the Retirement Date, the unvested or restricted portion of an Award shall no longer be subject to such vesting or lapse of restrictions based upon such specified goals or conditions and instead shall be subject only to the time-based vesting or restrictions set forth in the Award. All Awards may be exercised by the Participant at any time or times in accordance with the terms and conditions thereof (including any applicable vesting schedule or restrictions). Notwithstanding the foregoing, in the event the Participant fails to exercise an Incentive Stock Option within three months after the Retirement Date, such Option shall remain exercisable but will be treated as an Option that does not qualify as an Incentive Stock Option. Retirement means for an employee, consultant

Table of Contents

or advisor of the Company or any of its Subsidiaries, the voluntary retirement by a Participant from service as an employee, consultant or advisor of the Company or any of its Subsidiaries (A) after the Participant has attained at least fifty-five years of age and at least five years of continuous service as an employee, consultant or advisor of the Company or any of its Subsidiaries or (B) after the Participant has attained at least twenty years of continuous service as an employee, consultant or advisor of the Company or any of its Subsidiaries.

6.6.4 *Termination of a Participant's Service Relationship for any Other Reason.* If a Participant's Service Relationship terminates for any reason other than his death, Disability or Retirement, all Awards held by the Participant shall thereupon expire at 5 p.m. United States eastern time on the date of termination unless the Award by its terms, or the Committee or the Board of Directors by resolution, shall expressly allow the Participant to exercise any or all of the Awards held by him after termination; provided, that notwithstanding any such express allowance, any such Award which is an Incentive Stock Option and remains exercisable after termination shall be treated as an Option that does not qualify as an Incentive Stock Option after three months following such termination. The Company shall have the sole discretion to set the date of termination for purposes of the Plan, without regard to any notice period or other obligation under the applicable laws of the jurisdiction where the Participant is employed or engaged. If the Committee or the Board of Directors so decides, an Award may provide that a leave of absence granted by the Company or any Subsidiary is not a termination of a Service Relationship for the purpose of this Section 6.6.4, and in the absence of such a provision the Committee may in any particular case determine that such a leave of absence is not a termination of a Service Relationship for such purpose. The Committee shall also determine all matters relating to whether a Service Relationship is continuous, including, for example and without limitation, in the event the Service Relationship changes from an employment relationship to a consulting or advisory relationship.

6.6.5 The provisions of Sections 6.6.1, 6.6.2 and 6.6.3 shall not apply to Awards held by a Participant who engages or has engaged in Detrimental Activity (as defined in Section 6.7).

6.6.6 Notwithstanding anything in this Section 6.6 to the contrary, (i) no Award granted under the Plan may be exercised beyond the date on which such Award would otherwise expire pursuant to the terms thereof, and (ii) no Incentive Stock Option granted under the Plan may be exercised after the expiration of ten years (five years in the case of an Incentive Stock Option granted to a Ten Percent Shareholder) from the date the Incentive Stock Option was granted.

6.7 *Cancellation and Rescission of Awards.* The following provisions of this Section 6.7 shall apply to Awards granted to (i) Participants who are classified by the Company or a Subsidiary as an executive officer, senior officer, or officer (collectively, Officers) of the Company or a Subsidiary, (ii) Participants who are Eligible Directors, and (iii) certain other Participants designated by the Committee or the Board of Directors to be subject to the terms of this Section 6.7 (such designated Participants together with Officers and Eligible Directors referred to collectively as Senior Participants). The Committee or the Board of Directors may cancel, rescind, suspend or otherwise limit or restrict any unexpired Award at any time if the Senior Participant engages in Detrimental Activity (as defined below). Furthermore, in the event a Senior Participant engages in Detrimental Activity at any time prior to or during the six months after any exercise of an Award, lapse of a restriction under an Award or delivery of Common Stock pursuant to an Award, such exercise, lapse or delivery may be rescinded until the later of (i) two years after such exercise, lapse or delivery or (ii) two years after such Detrimental Activity. Upon such rescission, the Company at its sole option may require the Senior Participant to (i) deliver and transfer to the Company the shares of Common Stock received by the Senior Participant upon such exercise, lapse or delivery, (ii) pay to the Company an amount equal to any realized gain received by the Senior Participant from such exercise, lapse or delivery, or (iii) pay to the Company an amount equal to the market price (as of the exercise, lapse or delivery date) of the Common Stock acquired upon such exercise, lapse or delivery minus the respective price paid upon exercise, lapse or delivery, if applicable. The Company shall be entitled to set-off any such amount owed to the Company against any amount owed to the Senior Participant by the Company. Further, if the Company commences an action against such Senior Participant (by way of claim or

Table of Contents

counterclaim and including declaratory claims), in which it is preliminarily or finally determined that such Senior Participant engaged in Detrimental Activity or otherwise violated this Section 6.7, the Senior Participant shall reimburse the Company for all costs and fees incurred in such action, including but not limited to, the Company's reasonable attorneys' fees. As used in this Section 6.7, Detrimental Activity shall include: (i) the failure to comply with the terms of the Plan or certificate or agreement evidencing the Award; (ii) the failure to comply with any term set forth in the Company's Key Employee Agreement (irrespective of whether the Senior Participant is a party to the Key Employee Agreement); (iii) any activity that results in termination of the Senior Participant's Service Relationship for cause; (iv) a violation of any rule, policy, procedure or guideline of the Company; or (v) the Senior Participant being convicted of, or entering a guilty plea with respect to a crime whether or not connected with the Company.

6.8 Tax Withholding.

6.8.1 In the case of an Award that is not an Incentive Stock Option, the Committee shall have the right to require the individual exercising the Award to remit to the Company an amount sufficient to satisfy any federal, state, or local withholding tax requirements (or to make other arrangements satisfactory to the Company with regard to such taxes) prior to the delivery of any Common Stock pursuant to the exercise of the Award. In the case of an Incentive Stock Option, if at the time the Incentive Stock Option is exercised the Committee determines that under applicable law and regulations the Company could be liable for the withholding of any federal or state tax with respect to a disposition of the Common Stock received upon exercise, the Committee may require as a condition of exercise that the individual exercising the Incentive Stock Option agree (i) to inform the Company promptly of any disposition (within the meaning of Section 422(a)(1) of the Code and the regulations thereunder) of Common Stock received upon exercise, and (ii) to give such security as the Committee deems adequate to meet the potential liability of the Company for the withholding of tax, and to augment such security from time to time in any amount reasonably deemed necessary by the Committee to preserve the adequacy of such security.

6.8.2 In the case of an Award that is exercised by an individual that is subject to taxation in a foreign jurisdiction, the Committee shall have the right to require the individual exercising the Award to remit to the Company an amount sufficient to satisfy any tax or withholding requirement of that foreign jurisdiction (or to make other arrangements satisfactory to the Company with regard to such taxes prior to the delivery of any Common Stock pursuant to the exercise of the Award).

6.9 Options.

6.9.1 No Incentive Stock Option may be granted under the Plan after January 29, 2013, but Incentive Stock Options previously granted may extend beyond that date.

6.9.2 Each eligible Participant may be granted Incentive Stock Options only to the extent that, in the aggregate under this Plan and all incentive stock option plans of the Company and any related corporation, such Incentive Stock Options do not become exercisable for the first time by such employee during any calendar year in a manner which would entitle the employee to purchase more than \$100,000 in Fair Market Value (determined at the time the Incentive Stock Options were granted) of Common Stock in that year. Any Options granted to an employee in excess of such amount will be granted as non-qualified Options.

6.10 Stock Awards.

6.10.1 *Rights as a Shareholder.* Subject to any restrictions applicable to the Award, the Participant holding Restricted Stock, whether vested or unvested, shall be entitled to enjoy all shareholder rights with respect to such Restricted Stock, including the right to receive dividends and to vote the shares.

6.10.2 *Stock Certificates; Legends.* Certificates representing shares of Restricted Stock shall bear an appropriate legend referring to the restrictions to which they are subject, and any attempt to dispose of any such shares in contravention of such restrictions shall be null and void and without effect. The certificates representing shares of Restricted Stock may be held by the Company until the restrictions to which they are subject are satisfied.

Table of Contents

6.10.3 *Minimum Vesting Periods*. Subject to Sections 6.6.1, 6.6.2, and 7.2, (a) Stock Awards granted to Participants other than Eligible Directors that vest by the passage of time only shall not vest fully in less than three (3) years after the date of grant, and (b) Stock Awards that vest upon the achievement of performance goals shall not vest fully in less than one (1) year after the date of grant.

6.11 *Performance Awards*.

6.11.1 *Recipients of Performance Awards*. The Committee may grant Performance Awards to any Participant. Each Performance Award shall contain the Performance Goals for the Award, including the Performance Criteria, the target and maximum amounts payable, and such other terms and conditions of the Performance Award as the Committee in its discretion establishes. In the case of Performance Awards to any Participant whom the Committee determines is or may become a covered employee within the meaning of Section 162(m) of the Code during the Performance Period or before payment of the Performance Award, each such Performance Award may, in the Committee's sole discretion, be granted and administered to comply with the requirements of Section 162(m) of the Code. Each such Performance Award to a covered employee shall be confirmed by, and be subject to, a Performance Award agreement.

6.11.2 *Establishment of Performance Goals*. The Committee shall establish the Performance Goals for Performance Awards. The Committee shall determine the extent to which any Performance Criteria shall be used and weighted in determining Performance Awards. The Committee may increase, but not decrease, any Performance Goal during a Performance Period for any covered employee within the meaning of Section 162(m) of the Code. The Performance Goals for any Performance Award for any such covered employee shall be made not later than 90 days after the start of the Performance Period to which the Performance Award relates and (for Performance Periods shorter than one year) prior to the completion of 25 percent (25%) of such period.

6.11.3 *No Discretion to Increase Performance Awards*. The Committee shall establish for each Performance Award the amount of Common Stock payable at specified levels of performance, based on the Performance Goal for each Performance Criteria. The Committee shall make all determinations regarding the achievement of any Performance Goals. The Committee may not increase the Common Stock that would otherwise be payable upon achievement of the Performance Goal or Goals, but may reduce or eliminate the payments, except as provided in the terms of the Performance Award.

6.11.4 *Certification of Achievement of Performance Goals*. The actual payments of Common Stock to a Participant under a Performance Award will be calculated by applying the achievement of Performance Criteria to the Performance Goal. In the case of any Performance Award to a covered employee within the meaning of Section 162(m) of the Code, the Committee shall make all calculation of actual payments of Common Stock and shall certify in writing prior to the payment of the Performance Award the extent, if any, to which the Performance Goals have been met; provided, however, that the Committee shall not be required to certify the extent to which the Performance Goals have been met if the payments under the Performance Award are attributable solely to the increase in the price of the Common Stock.

6.11.5 *Timing of Payment of Performance Awards*. Payment of earned Performance Awards shall be made in accordance with terms and conditions prescribed or authorized by the Committee. The Committee may permit the Participants to elect to defer, or the Committee may require the deferral of, the receipt of Performance Awards upon such terms as the Committee deems appropriate.

6.12 *Authority of the Committee*. Subject to the provisions of Section 9, the Committee shall have the authority, either generally or in any particular instance, to waive compliance by a Participant with any obligation to be performed by him under an Award and to waive any condition or provision of an Award, except that the Committee may not (a) increase the total number of shares covered by any Incentive Stock Option (except in accordance with Section 7), (b) reduce the exercise price per share of any Incentive Stock Option (except in accordance with Section 7) or (c) extend the term of any Incentive Stock Option to more than ten years.

Table of Contents

6.13 *Listing of Common Stock, Withholding and Other Legal Requirements.* The Company shall not be obligated to deliver any Common Stock until all federal, state and international laws and regulations which the Company may deem applicable have been complied with, nor, in the event the outstanding Common Stock is at the time listed upon any stock exchange, until the stock to be delivered has been listed or authorized to be added to the list upon official notice of issuance to such exchange. In addition, if the shares of Common Stock subject to any Award have not been registered in accordance with the Securities Act of 1933, as amended, the Company may require the person or persons who wishes or wish to exercise such Award to make such representation or agreement with respect to the sale of Common Stock acquired on exercise of the Award as will be sufficient, in the opinion of the Company's counsel, to avoid violation of said Act, and may also require that the certificates evidencing said Common Stock bear an appropriate restrictive legend.

7. Effect of Certain Transactions.

7.1 *Changes to Common Stock.* In the event of a stock dividend, stock split or other change in corporate structure or capitalization affecting the Common Stock that becomes effective after the adoption of the Plan by the Board of Directors, the Committee shall make appropriate adjustments in (i) the number and kind of shares of stock for which Awards may thereafter be granted hereunder, (ii) the number and kind of shares of stock remaining subject to each Award outstanding at the time of such change and (iii) the exercise price of each Award, if applicable. The Committee's determination shall be binding on all persons concerned. References in the Plan to shares of Common Stock will be construed to include any stock or securities resulting from an adjustment pursuant to this Section 7.1.

7.2 *Merger or Consolidation.* Subject to any required action by the shareholders, if the Company shall be the surviving corporation in any merger or consolidation (other than a merger or consolidation in which the Company survives but in which a majority of its outstanding shares are converted into securities of another corporation or are exchanged for other consideration), any Award granted hereunder shall pertain and apply to the securities which a holder of the number of shares of stock of the Company then subject to the Award is entitled to receive, but a dissolution or liquidation of the Company or a merger or consolidation in which the Company is not the surviving corporation or in which a majority of its outstanding shares are so converted or exchanged shall cause every Award hereunder to terminate; provided that if any such dissolution, liquidation, merger or consolidation is contemplated, the Company shall either (a) arrange for any corporation succeeding to the business and assets of the Company to issue to the Participants replacement Awards (which, in the case of Incentive Stock Options, satisfy, in the determination of the Committee, the requirements of Section 424 of the Code) on such corporation's stock which will to the extent possible preserve the value of the outstanding Awards or (b) shall make the outstanding Awards fully exercisable or cause all of the applicable restrictions to which outstanding Stock Awards are subject to lapse, in each case, on a basis that gives the holder of the Award a reasonable opportunity, as determined by the Committee, following the exercise of the Award or the issuance of shares of Common Stock, as the case may be, to participate as a shareholder in any such dissolution, liquidation, merger or consolidation and the Award will terminate upon consummation of any such transaction. The existence of the Plan shall not prevent any such change or other transaction and no Participant hereunder shall have any right except as herein expressly set forth. Notwithstanding the foregoing provisions of this Section 7.2, Awards subject to and intended to satisfy the requirements of Section 409A of the Code shall be construed and administered consistent with such intent.

8. Rights to a Service Relationship

Neither the adoption of the Plan nor any grant of Awards confers upon any employee, consultant or advisor of the Company or a Subsidiary, or any member of the Board of Directors, any right to the continuation of a Service Relationship with the Company or a Subsidiary, as the case may be, nor does it interfere in any way with the right of the Company or a Subsidiary to terminate the Service Relationship of any of those persons at any time.

Table of Contents**9. Discontinuance, Cancellation, Amendment and Termination.**

The Committee or the Board of Directors may at any time discontinue granting Awards under the Plan and, with the consent of the Participant, may at any time cancel an existing Award in whole or in part and grant another Award to the Participant for such number of shares as the Committee or the Board of Directors specifies. The Committee or the Board of Directors may at any time or times amend the Plan for the purpose of satisfying the requirements of any changes in applicable laws or regulations or for any other purpose which may at the time be permitted by law or may at any time terminate the Plan as to any further grants of Awards; provided, however, that no such amendment shall without the approval of the shareholders of the Company (a) materially amend the Plan, (b) increase the Authorized Shares available under the Plan, (c) change the group of persons eligible to receive Awards under the Plan, (d) reprice any outstanding Options or Stock Appreciation Rights or reduce the price at which Options or Stock Appreciation Rights may be granted (including any tandem cancellation and regrant or any other amendment or action that would have substantially the same effect as reducing the exercise price of outstanding Options or Stock Appreciation Rights), (e) extend the time within which Awards may be granted, (f) alter the Plan in such a way that Incentive Stock Options granted or to be granted hereunder would not be considered incentive stock options under Section 422 of the Code, or (g) amend the provisions of this Section 9, and no such amendment shall adversely affect the rights of any Participant (without his consent) under any Award previously granted.

10. Effective Date and Term.

The Plan became effective immediately upon its approval by the shareholders of the Company at the Annual Meeting on May 7, 2003 (the Effective Date), and unless the Plan is sooner terminated by the Board of Directors, will remain in effect until the tenth anniversary of the Effective Date (the Termination Date). After the Termination Date, no Awards will be granted under the Plan, provided that Awards granted prior to the Termination Date may extend beyond that date. This amended and restated Plan shall take effect upon its approval by the shareholders of the Company at the Annual Meeting on May 3, 2007 (the Amended and Restated Plan Effective Date).

11. Liability of the Company.

By accepting any benefits under the Plan, each Participant and each person claiming under or through such Participant shall be conclusively deemed to have indicated acceptance and ratification to, and consented to, any action taken or made under the Plan by the Company, including, without limitation, the Board of Directors and the Committee. No Participant or any person claiming under or through a Participant shall have any right or interest, whether vested or otherwise, in the Plan or any Award hereunder, contingent or otherwise, unless and until such Participant shall have complied with all of the terms, conditions and provisions of the Plan and any Award agreement related thereto. Neither the Company nor any of its Subsidiaries, nor any of their respective directors, officers, employees or agents shall be liable to any Participant or any other person (a) if it is determined for any reason by the Internal Revenue Service or any court having jurisdiction that any Incentive Stock Option granted hereunder does not qualify for tax treatment as an incentive stock option under Section 422 of the Code or (b) by reason of any acceleration of income, or any additional tax, asserted by reason of the failure of an Award to satisfy the requirements of Section 409A of the Code or by reason of Section 4999 of the Code.

12. Unfunded Plan.

Insofar as it provides for Awards, the Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Participants who are granted Awards, any such accounts will be used merely as an administrative convenience. Except for the holding of Restricted Stock in escrow, the Company shall not be required to segregate any assets that may at any time be represented by Awards, nor shall the Plan be construed as providing for such segregation, nor shall the Company, the Board of Directors or the Committee be deemed to be a trustee of Common Stock or cash to be awarded under the Plan. Any liability of the Company to any

Participant with respect to an Award shall be based solely upon any contractual obligations that may be created by the Plan; no such obligation of the Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company.

13. Jurisdiction and Governing Law.

The parties submit to the exclusive jurisdiction and venue of the federal or state courts of The Commonwealth of Massachusetts to resolve issues that may arise out of or relate to the Plan or the same subject matter. The Plan shall be governed by the laws of The Commonwealth of Massachusetts, excluding its conflicts or choice of law rules or principles that might otherwise refer construction or interpretation of this Plan to the substantive law of another jurisdiction.

14. Foreign Jurisdictions.

To the extent that the Committee determines that the material terms set by the Committee or imposed by the Plan preclude the achievement of the material purposes of the Plan in jurisdictions outside the United States, the Committee will have the authority and discretion to modify those terms and provide for such additional terms and conditions as the Committee determines to be necessary, appropriate or desirable to accommodate differences in local law, policy or custom or to facilitate administration of the Plan. The Committee may adopt or approve sub-plans, appendices or supplements to, or amendments, restatements or alternative versions of, the Plan as it may consider necessary, appropriate or desirable, without thereby affecting the terms of the Plan as in effect for any other purpose. The special terms and any appendices, supplements, amendments, restatements or alternative versions, however, shall not include any provisions that are inconsistent with the terms of the Plan as then in effect, unless the Plan could have been amended to eliminate such inconsistency without further approval by the shareholders. The Committee shall also have the authority and discretion to delegate the foregoing powers to appropriate officers of the Company.

Exhibit C

EMC CORPORATION

1989 EMPLOYEE STOCK PURCHASE PLAN,

as amended May 3, 2007

Section 1. Purpose of Plan

The EMC Corporation 1989 Employee Stock Purchase Plan (the Plan) is intended to provide a method by which eligible employees of EMC Corporation and its subsidiaries (collectively, the Company) may use voluntary, systematic payroll deductions to purchase the Company's common stock, \$.01 par value, (stock) and thereby acquire an interest in the future of the Company. For purposes of the Plan, a subsidiary is any corporation in which the Company owns, directly or indirectly, stock possessing 50% or more of the total combined voting power of all classes of stock unless the Board of Directors of the Company (the Board of Directors) determines that employees of a particular subsidiary shall not be eligible.

Section 2. Options to Purchase Stock

Under the Plan as now amended, no more than 123,000,000 shares are available for purchase (subject to adjustment as provided in Section 16) pursuant to the exercise of options (options) granted under the Plan to employees of the Company (employees). The stock to be delivered upon exercise of options under the Plan may be either shares of the Company's authorized but unissued stock, or shares of reacquired stock, as the Board of Directors shall determine.

Section 3. Eligible Employees

Except as otherwise provided in Section 20, each employee who has completed three months or more of continuous service in the employ of the Company shall be eligible to participate in the Plan.

Section 4. Method of Participation

The periods January 1 to June 30 and July 1 to December 31 of each year shall be option periods. Each person who will be an eligible employee on the first day of any option period may elect to participate in the Plan by executing and delivering, at least one business day prior to such day, a payroll deduction authorization in accordance with Section 5. Such employee shall thereby become a participant (participant) on the first day of such option period and shall remain a participant until his or her participation is terminated as provided in the Plan.

Section 5. Payroll Deductions

The payroll deduction authorization shall request withholding, at a rate of not less than 2% nor more than 15% from the participant's compensation (subject to a maximum of \$7,500 per option period), by means of substantially equal payroll deductions over the option period; provided, however, that in the event any amount remaining in a participant's withholding account at the end of an option period (which would be equal to a fractional share) is rolled over to the opening balance in a participant's withholding account for the next option period pursuant to Section 8 below (a rollover), such amount will be applied to the last payroll deduction for the next option period, thereby reducing the amount of that payroll deduction; further provided that the maximum of \$7,500 per option period shall be reduced by the amount of any rollover. For purposes of the Plan, compensation shall mean all cash compensation paid to the participant by the Company. A participant may elect to change the withholding rate of his or her payroll deduction authorization by written notice delivered to the Company at least one business day prior to the first day of the option period as to which the change is to be effective. Following delivery to the Company of any payroll deduction authorization or any election to change

Table of Contents

the withholding rate of a payroll deduction authorization, appropriate payroll deductions or changes thereto shall commence as soon as reasonably practicable. All amounts withheld in accordance with a participant's payroll deduction authorization shall be credited to a withholding account for such participant.

Section 6. Grant of Options

Each person who is a participant on the first day of an option period shall as of such day be granted an option for such period. Such option shall be for the number of shares of stock to be determined by dividing (a) the balance in the participant's withholding account on the last day of the option period by (b) the purchase price per share of the stock determined under Section 7, and eliminating any fractional share from the quotient. In the event that the number of shares then available under the Plan is otherwise insufficient, the Company shall reduce on a substantially proportionate basis the number of shares of stock receivable by each participant upon exercise of his or her option for an option period and shall return the balance in a participant's withholding account to such participant.

Section 7. Purchase Price

The purchase price of stock issued pursuant to the exercise of an option shall be 85% of the fair market value of the stock at (a) the time of grant of the option or (b) the time at which the option is deemed exercised, whichever is less. Fair market value shall mean the fair market value as determined from time to time by the Board of Directors or, where appropriate, by the Committee (defined below), taking into account all information which the Board of Directors, or the Committee, considers relevant.

Section 8. Exercise of Options

If an employee is a participant in the Plan on the last business day of an option period, he or she shall be deemed to have exercised the option granted to him or her for that period. Upon such exercise, the Company shall apply the balance of the participant's withholding account to the purchase of the number of whole shares of stock determined under Section 6, and as soon as practicable thereafter shall issue and deliver certificates for said shares to the participant. The balance, if any, of the participant's withholding account in excess of the total purchase price of the whole shares so issued shall be applied to the opening balance in his or her withholding account for the next option period. No fractional shares shall be issued hereunder.

Notwithstanding anything herein to the contrary, the Company shall not be obligated to deliver any shares unless and until, in the opinion of the Company's counsel, all requirements of applicable federal and state laws and regulations (including any requirements as to legends) have been complied with, nor, if the outstanding stock is at the time listed on any securities exchange, unless and until the shares to be delivered have been listed (or authorized to be added to the list upon official notice of issuance) upon such exchange, nor unless or until all other legal matters in connection with the issuance and delivery of shares have been approved by the Company's counsel.

Section 9. Interest

No interest will be payable on withholding accounts.

Section 10. Cancellation and Withdrawal

Effective January 1, 2002, on or prior to June 15 or December 15, as the case may be with respect to any applicable option period, a participant who holds an option under the Plan may cancel all (but not less than all) of his or her option by written notice delivered to the Company, in such form as the Company may prescribe. Any participant who delivers such written notice shall be deemed to have canceled his or her option, terminated his or her payroll deduction authorization with respect to the Plan and terminated his or her participation in the Plan, in

each case, as of the date of such written notice. In the event that any June 15 or December 15, as the case may be with respect to the applicable option period, shall be a Saturday, Sunday or day on which banks in the Commonwealth of Massachusetts are required or permitted to close, a participant may cancel his or her option by written notice given on or prior to the last business day immediately preceding such date. Following delivery of any such notice, any balance in the participant's withholding account will be returned to such participant as soon as reasonably practicable. Any participant who has delivered such notice may elect to participate in the Plan in any future option period in accordance with the provisions of Section 4.

Section 11. Termination of Employment

Except as otherwise provided in Section 12, upon the termination of a participant's employment with the Company for any reason whatsoever, he or she shall cease to be a participant, and any option held by him or her under the Plan shall be deemed cancelled, the balance of his or her withholding account shall be returned to him or her, and he or she shall have no further rights under the Plan. For purposes of this Section 11, a participant's employment will not be considered terminated in the case of sick leave or other bona fide leave of absence approved for purposes of this Plan by the Company or a subsidiary or in the case of a transfer to the employment of a subsidiary or to the employment of the Company.

Section 12. Death or Retirement of Participant

In the event a participant holds any option hereunder at the time his or her employment with the Company is terminated (1) by his or her retirement with the consent of the Company, and such retirement is within three months of the time such option becomes exercisable, or (2) by his or her death, whenever occurring, then such participant (or his or her legal representative), may, by a writing delivered to the Company on or before the date such option is exercisable, elect either (a) to cancel any such option and receive in cash the balance in his or her withholding account, or (b) to have the balance in his or her withholding account applied as of the last day of the option period to the exercise of his or her option pursuant to Section 8, and have the balance, if any, in such account in excess of the total purchase price of the whole shares so issued returned in cash. In the event such participant (or his or her legal representative) does not file a written election as provided above, any outstanding option shall be treated as if an election had been filed pursuant to subparagraph 12(a) above.

Section 13. Participant's Rights Not Transferable, etc.

All participants granted options under the Plan shall have the same rights and privileges. Each participant's rights and privileges under any option granted under the Plan shall be exercisable during his or her lifetime only by him or her, and shall not be sold, pledged, assigned, or otherwise transferred in any manner whatsoever except by will or the laws of descent and distribution. In the event any participant violates the terms of this Section, any options held by him or her may be terminated by the Company and, upon return to the participant of the balance of his or her withholding account, all his or her rights under the Plan shall terminate.

Section 14. Employment Rights

Neither the adoption of the Plan nor any of the provisions of the Plan shall confer upon any participant any right to continued employment with the Company or a subsidiary or affect in any way the right of the Company to terminate the employment of such participant at any time.

Section 15. Rights as a Shareholder

A participant shall have the rights of a shareholder only as to stock actually acquired by him or her under the Plan.

Section 16. Change in Capitalization

In the event of a stock dividend, stock split or combination of shares, recapitalization, merger in which the Company is the surviving corporation or other change in the Company's capital stock, the number and kind of shares of stock or securities of the Company to be subject to the Plan and to options then outstanding or to be granted hereunder, the maximum number of shares or securities which may be delivered under the Plan, the option price and other relevant provisions shall be appropriately adjusted by the Board of Directors, whose determination shall be binding on all persons. In the event of a consolidation or merger in which the Company is not the surviving corporation or in the event of the sale or transfer of substantially all the Company's assets (other than by the grant of a mortgage or security interest), all outstanding options shall thereupon terminate, provided that prior to the effective date of any such merger, consolidation or sale of assets, the Board of Directors shall either (a) return the balance in all withholding accounts and cancel all outstanding options, or (b) accelerate the exercise date provided for in Section 8, or (c) if there is a surviving or acquiring corporation, arrange to have that corporation or an affiliate of that corporation grant to the participants replacement options having equivalent terms and conditions as determined by the Board of Directors.

Section 17. Administration of Plan

The Plan will be administered by the Board of Directors. The Board of Directors will have authority, not inconsistent with the express provisions of the Plan, to take all action necessary or appropriate hereunder, to interpret its provisions, and to decide all questions and resolve all disputes which may arise in connection therewith. Such determinations of the Board of Directors shall be conclusive and shall bind all parties.

The Board may, in its discretion, delegate its powers with respect to the Plan to an Employee Benefit Plan Committee or any other committee (the Committee), in which event all references to the Board of Directors hereunder, including without limitation the references in Section 17, shall be deemed to refer to the Committee. A majority of the members of any such Committee shall constitute a quorum, and all determinations of the Committee shall be made by a majority of its members. Any determination of the Committee under the Plan may be made without notice or meeting of the Committee by a writing signed by a majority of the Committee members.

Section 18. Amendment and Termination of Plan

The Board of Directors may at any time or times amend the Plan or amend any outstanding option or options for the purpose of satisfying the requirements of any changes in applicable laws or regulations or for any other purpose which may at the time be permitted by law, provided that (except to the extent explicitly required or permitted herein) no such amendment will, without the approval of the shareholders of the Company, (a) increase the maximum number of shares available under the Plan, (b) reduce the option price of outstanding options or reduce the price at which options may be granted, (c) change the conditions for eligibility under the Plan, or (d) amend the provisions of this Section 18 of the Plan, and no such amendment will adversely affect the rights of any participant (without his or her consent) under any option theretofore granted.

The Plan may be terminated at any time by the Board of Directors, but no such termination shall adversely affect the rights and privileges of holders of the outstanding options.

Section 19. Approval of Shareholders

The Plan shall be subject to the approval of the shareholders of the Company, which approval shall be secured within twelve months after the date the Plan is adopted by the Board of Directors. Notwithstanding any other provisions of the Plan, no option shall be exercised prior to the date of such approval.

Section 20. Limitations

Notwithstanding any other provision of the Plan:

(a) An employee shall not be eligible to receive an option pursuant to the Plan if, immediately after the grant of such option to him or her, he or she would (in accordance with the provisions of Sections 423 and 425(d) of the Code) own or be deemed to own stock possessing 5% or more of the total combined voting power or value of all classes of stock of the employer corporation or of its parent or subsidiary corporation, as defined in Section 425 of the Code.

(b) No employee shall be granted an option under this Plan that would permit his or her rights to purchase shares of stock under this Plan of the Company to accrue at a rate which exceeds \$25,000 in fair market value of such stock (determined at the time the option is granted) for each calendar year during which any such option granted to such employee is outstanding at any time, as provided in Sections 423 and 425 of the Code.

(c) No employee shall be granted an option under this Plan that would permit him or her to withhold more than \$7,500 in each option period or \$15,000 per calendar year, less the amount of any rollover.

(d) No employee whose customary employment is 20 hours or less per week shall be eligible to participate in the Plan.

(e) No independent contractor shall be eligible to participate in the Plan.

Section 21. Jurisdiction and Governing Law.

The Company and each participant in the Plan submit to the exclusive jurisdiction and venue of the federal or state courts of the Commonwealth of Massachusetts to resolve issues that may arise out of or relate to the Plan or the same subject matter. The Plan shall be governed by the laws of the Commonwealth of Massachusetts, excluding its conflicts or choice of law rules or principles that might otherwise refer construction or interpretation of this Plan to the substantive law of another jurisdiction.
