ITEM 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Effective March 20, 2007, the board of directors of STEC, Inc. (the Company) appointed Mark Moshayedi to the position of President. Mr. Moshayedi, age 45, is the Company's Chief Operating Officer, Chief Technical Officer and Secretary, and is also a member of the board of directors. No adjustment in Mr. Moshayedi's compensation was made in connection with this appointment. Mr. Moshayedi will continue to hold all his previous offices and report to the Company's Chief Executive Officer.

Mr. Moshayedi has served as a director since March 1992 and as Chief Operating Officer, Chief Technical Officer and Secretary since January 1995. From June 1994 to December 1994, Mr. Moshayedi served as the Company's President of Research and Development. From April 1992 to June 1994, Mr. Moshayedi served as the Company's Senior Vice President. Mr. Moshayedi graduated with a B.S. in engineering from the University of California, Irvine and an M.B.A. from Pepperdine University. Mr. Moshayedi is the brother of Manouch Moshayedi, who is Chairman of the Board and Chief Executive Officer of the Company.

Mr. Moshayedi has an indirect material interest in the Company's lease of its corporate headquarters. The Company occupies two leased facilities of approximately 24,500 and 48,600 square feet in Santa Ana, California, in which the Company's executive offices, manufacturing, engineering, research and development, and test engineering operations are located. The Company leases both facilities from MDC Land LLC, a limited liability company for which Mr. Moshayedi has a one-third ownership interest.

The lease for the 24,500 square foot facility expires in July 2017. For the period from August 1, 2005 through July 31, 2007, the base rent was adjusted to approximately \$18,000 per month as a result of an independent appraisal of the current market value as required by the lease. Thereafter, for the remainder of the lease term, base rent shall be adjusted every two years based on the change in the Consumer Price Index. The Company believes its lease of the 24,500 square foot facility from MDC is on terms no less favorable to it than could be obtained from an unaffiliated third party.

The lease for the 48,600 square foot facility expires in July 2017. For the period from August 1, 2005 through July 31, 2007, the base rent was adjusted to approximately \$32,000 per month as a result of an independent appraisal of the current market value as required by the lease. Thereafter, for the remainder of the lease term, base rent shall be adjusted every two years based on the change in the Consumer Price Index. The Company believes its lease of the 48,600 square foot facility from MDC is on terms no less favorable to it than could be obtained from an unaffiliated third party.

As of January 1, 2006, total outstanding remaining lease payments under both the 24,500 and 48,600 square foot facilities at current lease rates is \$6,950,000. In 2006, the Company made total lease payments to MDC for both the 24,500 and 48,600 square foot facilities of approximately \$600,000.
