Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On February 14, 2008, the Compensation Committee of the Board of Directors of Bottomline Technologies (de), Inc. (the Registrant) recommended, and the Board of Directors of the Registrant approved, a program designed to encourage and promote long term share ownership by the Registrant s directors. Under this program, each director of the Registrant may elect that any options to purchase shares of the Registrant s common stock, \$.001 par value per share (the Common Stock) held by such director on February 14, 2008 that are in-the-money and fully vested on the date of election be cancelled and that such director receive in lieu thereof an award of Common Stock of equivalent economic value (based upon the closing price of the Common Stock on the election date), provided that the director not sell or transfer the shares of Common Stock subject to such award for a period of two years from the date of the award. The Compensation Committee and the Board of Directors believes that encouraging and promoting long term director Common Stock ownership best aligns the interests of the Registrant s directors with those of its stockholders.

All directors of the Registrant, including Robert A. Eberle, President and Chief Executive Officer of the Registrant, and Joseph L. Mullen, former Chief Executive Officer of the Registrant, are eligible to participate in this program. As of February 14, 2008, Messrs. Eberle and Mullen held in-the-money, fully-vested options to purchase approximately 291,000 and 464,000 shares of Common Stock, respectively.
