Item 7.01 Regulation FD Disclosure.

Fiserv, Inc. (the Company) has realigned its business operations in connection with its integration of CheckFree Corporation (CheckFree) and will begin to report its financial results in the following new operating segments beginning with the first quarter of 2008:

Financial Institution Services. The Financial Institution Services (Financial) segment provides core account processing solutions, item processing, deposit automation, loan origination and servicing products, cash management, and consulting services for financial institutions.

Payments and Industry Products. The Payments and Industry Products (Payments) segment provides electronic transaction processing services, including EFT and debit processing, internet banking, electronic bill payment and presentment services and biller services. This segment also provides card and print personalization services, risk and transaction management products and investment account processing services.

Insurance Services. The Insurance Services (Insurance) segment provides core policy claims and billing administration systems for life and property and casualty insurance carriers and agencies, workers compensation transaction processing and administration services for pharmacies and insurance carriers, and flood claims processing and program administration.

Corporate and Other. The Corporate and Other (Corporate and Other) segment includes unallocated corporate overhead expenses, amortization expense of acquisition-related intangible assets and intercompany eliminations.

The Company is filing this Current Report on Form 8-K only to provide recasted quarterly historical operating segment information for 2007 and 2006. There are no changes to previously reported consolidated financial information.
