**Item 2.05. Costs Associated with Exit or Disposal Activities**

This amendment updates the disclosure to Item 2.05 of the current report on Form 8-K filed by Jamba, Inc. (the Company ) on August 28, 2008. In such previous 8-K the Company stated that it had identified up to 20 existing stores that would be considered for closure prior to the natural termination of their lease terms, in addition to the remaining three stores of the eleven existing stores previously identified for closure. The Company stated at that time that such closures were dependent upon the results of negotiations with respective landlords and that any resulting lease termination payments and store closure costs would be subject to such negotiations.

At the same time, the Company also stated that there was one remaining signed lease for an un-built store to be terminated of the 12 signed leases for un-built stores previously identified for termination.

At the time of filing, the Company was unable in good faith to make a determination of an estimate or range of estimates required by paragraphs (b), (c) and (d) of Item 2.05 of Form 8-K with respect to the charges related to the lease termination and potential closings of up to 23 stores and the one un-built store.

Subsequent to this announcement, the Company proceeded with the early closure of 23 of the 23 existing stores identified. It also terminated the signed lease for the one remaining un-built store previously identified as well as the signed lease for one additional un-built store not previously identified. The Company incurred total charges of \$7.4 million in the fourth quarter of fiscal 2008 for lease termination and store closure costs for the 23 existing stores that were closed and the two signed leases for un-built stores that were terminated.
