News Release - 1

May 29, 2009

**Tata Motors Net Revenue in 2008-09 lower at Rs.25660.79 crores,
and Net Profit lower at Rs.1001.26 crores, due to market upheaval**

Mumbai, May 29, 2009: Tata Motors today reported gross revenue (stand-alone) of Rs.28599.27 crores (2007-08: Rs.33093.93 crores) in 2008-09, a year marked by severe demand contraction in the automobile industry.

Revenues (net of excise) for the year were Rs.25660.79 crores compared to Rs.28739.41 crores in 2007-08, a decline of 10.7%. The Profit before Tax was Rs.1013.76 crores compared to Rs.2576.47 crores in 2007-08, a decline of 60.7%. The Profit after Tax for the year was Rs.1001.26 crores compared to Rs.2028.92 crores, a decline of 50.7%.

The demand contraction was triggered by high interest rates and unavailability of finance throughout the year, particularly in the October-December quarter post the global financial market upheavals. The impact on heavy commercial vehicles was more severe, abetted by reduction in freight movement in different segments and customer concerns on economic conditions. Small commercial vehicles, like the Tata Ace and the Tata Magic, have continued to improve penetration.

Stimulus packages from the Government in the last quarter of the year have to an extent helped regenerate overall sales, as in the automobile industry, but growth is yet to revive to earlier levels.

The fall in volumes combined with peak input prices and high interest rates brought margins under pressure. The company accelerated cost reduction measures and proactively managed working capital to contain the impact as best as it could.

The total 2008-09 sales volume (including exports) is 506,421 units, compared to 585,649 units in the previous year. The company retained its domestic leadership position in commercial vehicles, and continued to be amongst the top three in passenger vehicles. Domestic commercial vehicles sales amounted to 265,373 units (2007-08: 312,935 units). The company increased market share in commercial vehicles to 63.8% (2007-08: 62.2%), aided by its wide product offering. Domestic passenger vehicles sales amounted to 207,512 units (2007-08: 218,055 units). The launch of the second generation Tata Indica Vista and the continuing good run of the Tata Indigo CS has helped recover market share in passenger vehicles in the second half which stands at 13.1% for the year (2007-08: 14%) and a March exit share of 14.5%. Tata Motors exports were 33,536 numbers (2007-08: 54,659 numbers), impacted by the worldwide downturn in the industry.

The launch of the Tata Indica Vista was augmented by the distribution of the Fiat 500 and Linea, both of which have been received well. In commercial vehicles too, new products, introduced during the year or the previous year, offering benefits like higher fuel efficiency, grew at a faster rate and helped enhance market share.

The landmark events of the year were the acquisition of Jaguar Land Rover on June 2, 2008, and the launch of the Tata Nano on March 23, 2009. Over 2.03 lakh fully paid bookings were received for the Tata Nano, the deliveries of which will begin from July 2009. The Pantnagar plant began producing the Tata Nano during the year, while the Sanand plant is rapidly progressing towards completion.

DIVIDEND

The Board of Directors has recommended a dividend of Rs.6/- per Ordinary share and Rs.6.50 per A Ordinary share of Rs.10/- each for the financial year 2008-09 (2007-08: Rs.15/- for Ordinary share). The dividend is subject to approval of shareholders; tax on the dividend will be borne by the Company.

lakhs (net of tax Rs. 41754 lakhs).

- 5) During the year, the Company has reviewed the estimation for provisioning for doubtful receivables in respect of its vehicle financing business based on past performance trends. The Company continues to provide for such doubtful receivables based on an assessment and the probable inherent loss in the business, and more conservatively than required under the RBI guidelines applicable to NBFC s. The revised estimation has resulted in lower provisioning of Rs 5471 lakhs in the current year.

- 6) In October 2008, the Company decided to move the Nano project from Singur in West Bengal to Sanand in Gujarat. Based on management s assessment, presently no provision is considered necessary to the carrying cost of the Capital work in progress.
