Require that 100% of asset principal collections be used to repay the outstanding borrowed balance;

Require that 50% of excess interest collections be used to repay the outstanding borrowed balance if the Company is in compliance with the terms of the Agreement or 100% of excess interest collections be used if the Company is not in compliance with the terms of the Agreement;

Assign advance rates at an asset specific level to determine a blended advance rate not to exceed 65% and may be adjusted depending on individual credit specific events;

Add a performance test that measures the amount of over-collateralization;

Remove certain termination events including those related to charge-off and delinquency ratios as well as concentration limits such as those related to CCC rated assets and commercial real estate; and

Allow the loan to be prepaid without penalty after April 15, 2010 and with a call premium if prepaid prior to that date.

The foregoing description of the Agreement is qualified in its entirety by reference to, and should be read in conjunction with, the actual Agreement, a copy of which is filed with this Current Report on Form 8-K as Exhibit 10.1 and is incorporated herein by this reference.
