Buy Today Feature: From the start of the auction until midnight Eastern Time the night before the auction ends, bidders may purchase Notes at a set price by using the Buy Today feature. On the bid page, a bidder may indicate a quantity of Notes in the Buy Today row that the bidder is willing to purchase at the set price. The bidder may not exceed their individual bid limit using the Buy Today feature. Although clicking Buy Today is binding on the bidder and may not be rescinded, the trade will become final at the close of the auction. Once a bidder clicks Buy Today, the bidder's individual bid limit will be adjusted to reflect a portion of the individual bid limit being allotted to the Buy Today purchase. The bidder may then continue bidding in the auction. Any additional bids will not affect any purchase made through the Buy Today feature. The Notes offered pursuant to the Buy Today feature will be in addition to the aggregate principal amount of Notes offered pursuant to the auction. We anticipate selling up to an additional \$1,000,000 aggregate principal amount of Notes pursuant to the Buy Today feature; however, there can be no assurances as to how many additional Notes, if any, will be sold pursuant to the Buy Today feature. We expressly reserve the right to sell more or less principal amount of Notes than this estimate or to cancel all purchases made under the Buy Today feature, if we cancel the auction. In addition, we reserve the right to discontinue the Buy Today feature, in our sole discretion, at any time during the auction. Our discontinuance of the Buy Today feature will be evidenced by the absence of the Buy Today feature and accompanying Buy Today offering price on the auction site.

Buy Today Offering Price: 100%

Institutional Up-Sizing Option: We reserve the right to sell, outside of the auction, additional Notes with terms identical to the Notes being auctioned, to any institutional or individual bidder who: (i) contacts a representative at our auction agent's trading desk before the end of the auction and indicates the desire to make such an additional purchase; (ii) informs the representative of the additional amount it would like to purchase; (iii) satisfies the credit requirements for such additional purchase; and (iv) wins at least 20% of the Auction Amount of Notes. Any additional Notes so purchased will be purchased outside the auction and will not affect the auction or the final market-clearing price, but will be sold at the market-clearing price set by the auction. We anticipate selling an additional \$1,000,000 aggregate

principal amount of Notes pursuant to the Institutional Up-Sizing Option; however, there can be no assurances as to how many additional Notes, if any, will be sold pursuant to the Institutional Up-Sizing Option.
