**OUR COMPANY**

*Because this is a summary, it does not contain all the information about us that may be important to you. You should read the more detailed information and the financial statements and related notes which are incorporated by reference in this prospectus.*

Tutor Perini is a leading construction services company, based on revenues, as ranked by Engineering News-Record, or ENR, offering diversified general contracting and design-build services to private clients and public agencies throughout the world. We have provided construction services since 1894 and have established a strong reputation within our markets by executing large, complex projects on time and within budget while adhering to strict quality control measures. We offer general contracting, pre-construction planning and comprehensive project management services, including the planning and scheduling of the manpower, equipment, materials and subcontractors required for a project. We also offer self-performed construction services including excavation, concrete forming and placement, steel erection, electrical and mechanical services, plumbing and HVAC.

Our business is conducted through three basic segments: building, civil, and management services. Our building segment, comprised of Perini Building Company, the building operations of Tutor-Saliba Corporation, James A. Cummings, Inc., Rudolph and Sletten, Inc., and Keating Building Corporation, focuses on large, complex projects in the hospitality and gaming, healthcare, municipal offices, sports and entertainment, education, transportation, corrections, biotech, pharmaceutical and high-tech markets, and electrical, mechanical, plumbing and HVAC services as a subcontractor to the Company and other general contractors. Our civil segment is comprised of Perini Civil Construction, the civil operations of Tutor-Saliba Corporation and Cherry Hill Construction, Inc., and focuses on public works construction primarily in the western, northeastern and mid-Atlantic United States, including the repair, replacement and reconstruction of the public infrastructure such as highways, bridges, mass transit systems and wastewater treatment facilities. Our management services segment, including the recently merged Tutor-Saliba Corporation operation in Guam, provides diversified construction and design-build services to the U.S. military and government agencies as well as to surety companies and multi-national corporations in the United States and overseas.

**Business Segment Overview:**

*Building Segment*

Our building segment has significant experience providing services to a number of specialized building markets, including the hospitality and gaming, healthcare, municipal offices, sports and entertainment, education, transportation, corrections, biotech, pharmaceutical and high-tech markets, and electrical, mechanical, plumbing and HVAC services. We believe our success within the building segment results from our proven ability to manage and perform large, complex projects with aggressive fast-track schedules, elaborate designs and advanced mechanical, electrical and life safety systems while providing accurate budgeting and strict quality control. Although price is a key competitive factor, we believe our strong reputation, long-standing customer relationships and significant level of repeat and referral business have enabled us to achieve our leading position.

We are a recognized leader in the hospitality and gaming market, specializing in the construction of high-end destination resorts and casinos and Native American developments. We work with hotel operators, Native American tribal councils, developers and architectural firms to provide diversified construction services to meet the challenges of new construction and renovation of hotel and resort properties. We believe that our reputation for completing projects on time is a significant competitive advantage in this market, as any delay in project completion may result in significant loss of revenues for the customer.

As a result of our reputation and track record, we have been awarded and are currently working on contracts for several marquee projects in the hospitality and gaming market in Las Vegas, including Project CityCenter for MGM MIRAGE, The Cosmopolitan Resort and Casino, the Wynn Encore Hotel and the Planet Hollywood Tower. We also have completed work on several other marquee projects in the hospitality and gaming market, including Paris Las Vegas, Mohegan Sun and the MGM Grand at Foxwoods resort expansion, both in Connecticut, the Morongo Casino Resort and Spa and the Pechanga Resort and Casino, both in California, the Seminole Hard Rock Hotels and Casinos in Florida, the Red Rock Casino Resort Spa, the Augustus Tower at Caesars Palace, the Trump International Hotel and Tower, all in Las Vegas, and the Gaylord National Resort and

Convention Center in the Washington, DC area. In other end markets, we have constructed large, complex projects such as the Airport Parking Garage and Rental Car Facility in Ft. Lauderdale, FL; the Palm Beach International Airport Parking Garage in West Palm Beach, FL; the San Francisco International Airport reconstruction; the Florida International University Health and Life Sciences Building in Miami, FL; the Glendale Arena in Glendale, AZ; the Stanford University Cancer Center in Stanford, CA; the Johnson & Johnson Pharmaceutical R&D Expansion in La Jolla, CA; and the Kaiser Hospital and Medical Office Building in Santa Clara, CA.

In January 2003, the acquisition of James A. Cummings, Inc. expanded our presence in the southeastern region of the United States. Cummings specializes in the construction of schools, municipal buildings and commercial developments. In October 2005, we acquired Rudolph and Sletten, Inc., an established building contractor and construction management company based in Redwood City, California, to expand our presence on the west coast of the United States. Rudolph and Sletten, Inc. specializes in the construction of corporate campuses and healthcare, gaming, biotech, pharmaceutical and high-tech projects. In September 2008, we merged with Tutor-Saliba Corporation to further expand our presence in the western United States. Tutor-Saliba Corporation is an established building contractor specializing in the construction of hospitality and gaming projects, as well as both private and public works building projects, including transportation, healthcare, education and office building projects, primarily in Nevada and California. In January 2009, we completed our acquisition of Keating Building Corporation, which enabled us to expand our building construction market presence in the eastern half of the United States, including the northeast and mid-Atlantic regions. Keating has a history of successfully completed projects in the corporate campus, gaming, hospitality, education, pharmaceutical and institutional building construction markets.

*Civil Segment*

Our civil segment specializes in public works construction and the repair, replacement and reconstruction of infrastructure, primarily in the western, northeastern and mid-Atlantic United States. Our civil contracting services include construction and rehabilitation of highways, bridges, mass transit systems and wastewater treatment facilities. Our customers primarily award contracts through one of two methods: the traditional public competitive bid method, in which price is the major determining factor, or through a request for proposals where contracts are awarded based on a combination of technical capability and price. Traditionally, our customers require each contractor to pre-qualify for construction business by meeting criteria that include technical capabilities and financial strength. We believe that our financial strength and outstanding record of performance on challenging civil works projects enables us to pre-qualify for projects in situations where smaller, less diversified contractors are unable to meet the qualification requirements. We believe this is a competitive advantage that makes us an attractive partner on the largest infrastructure projects and prestigious DBOM (design-build-operate-maintain) contracts, which combine the nation's top contractors with engineering firms, equipment manufacturers and project development consultants in a competitive bid selection process to execute highly sophisticated public works projects.

We believe the civil segment provides significant opportunities for growth. The U.S. government approved a multi-billion dollar economic stimulus package in 2009 which includes significant funding for civil construction, public healthcare and public education projects over the next several years. We have been active in civil construction since 1894 and believe we have developed a particular expertise in large, complex civil construction projects. We have completed or are currently working on some of the most significant civil construction projects in the northeastern United States. We have completed work on multiple portions of the Boston Central Artery/Tunnel project; New Jersey Light Rail Transit; the Richmond/San Rafael Bridge retrofit in California; the Alameda Corridor project in Southern California; rehabilitations of the Triborough, Williamsburg and Whitestone bridges in New York City and the Passaic River Bridge in New Jersey; Jamaica Station transportation center in New York; and sections of both the Brooklyn-Queens Expressway and the Long Island Expressway. We are currently working on rehabilitations of the Tappan Zee Bridge in Westchester County, New York, and the Route 9 bridge replacement in Peekskill, New York, along with work on the Harold Structures mass transit project in Queens, New York, and the construction of express toll lanes along I-95 in Maryland.

In January 2005, we acquired Cherry Hill Construction, Inc. to expand our presence in the mid-Atlantic and southeastern regions of the United States. Cherry Hill Construction, Inc. specializes in excavation, foundations, paving and construction of civil infrastructure. With the merger with Tutor-Saliba Corporation in September 2008,

we significantly expanded our civil construction presence. Tutor-Saliba Corporation is an established civil construction contractor specializing in mass transit, airport and bridge projects in California.

*Management Services Segment*

Our management services segment provides diversified construction and design-build services to the U.S. military and government agencies as well as surety companies and multi-national corporations in the United States and overseas. We believe customers choose our services based on our ability to plan and execute rapid response assignments and multi-year contracts through our diversified construction and design-build abilities. In addition, we believe we have demonstrated consistently superior performance on competitively bid or negotiated multi-year, multi-trade, task order and ID/IQ (Indefinite Delivery/Indefinite Quantity) construction programs. We have been chosen by the federal government for significant projects related to defense and reconstruction projects in Iraq and Afghanistan. For example, we are currently working on several overhead coverage, housing, administrative, and transportation projects in Iraq. In addition, we completed work on the design and construction of four military bases in Afghanistan for the Afghan National Army.

We believe we are well positioned to capture additional management services projects that involve long-term contracts and provide a recurring source of revenues as the level of government expenditures for defense and homeland security has increased in response to the global threat of terrorism. For example, we have completed all work on a multi-year contract with the U.S. Department of State, Office of Overseas Buildings Operations, to perform design-build security upgrades at 27 U.S. embassies and consulates throughout the world. In addition, our proven abilities with federal government projects have enabled us to win contracts from private defense contractors who are executing projects for the federal government. For example, we have completed design and construction contracts with Raytheon Integrated Defense Systems for upgrades to radar facilities at Beale Air Force Base in California, the Cobra Dane Facility on Shemya Island, Alaska, and at a Royal Air Force facility in Fylingdales, England to meet the requirements of a new early warning radar system. Black Construction, one of our subsidiaries, is expected to generate a significant portion of its future revenues from the construction of facilities for the expansion of the United States military's presence on the island of Guam.

We also provide diversified management services to surety companies and multi-national corporations. We are under agreement with a major North American surety company to provide rapid response, contract completion services. Upon notification from the surety of a contractor bond default, we provide management or general contracting services to fulfill the contractual and financial obligations of the surety.

We are a Massachusetts corporation. We were incorporated in 1918 as a successor to businesses that had been engaged in providing construction services since 1894. Our principal executive offices are located at 15901 Olden Street, Sylmar, CA 91342, and our telephone number is 818-362-8391.

(1) Beneficial ownership is determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options held by that person that are currently exercisable or exercisable within 60 days (of August 21, 2009) are deemed outstanding. Shares subject to options, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

(2) Assumes that the selling shareholders dispose of all of the shares of common stock covered by this prospectus and do not acquire beneficial ownership of any additional shares. The registration of these shares does not necessarily mean that the selling shareholders will sell all or any portion of the shares covered by this prospectus.

(3) Ronald N. Tutor is the chief executive officer and chairman of the board of directors of Tutor Perini. The number of shares beneficially owned by Mr. Tutor includes 20,572,900 shares held by Ronald N. Tutor Separate Property Trust and 1,533,255 shares held by Ronald N. Tutor 2006 QuickGRAT, both of which are trusts controlled by Mr. Tutor and parties to the Shareholders Agreement (defined below). Although this prospectus covers the registration of 7,705,125 shares held by two trusts controlled by Mr. Tutor, under the terms of the Shareholders Agreement, which we describe below under Summary of Resale Restrictions, absent certain circumstances, Mr. Tutor (including his two trusts) can sell no more than 6,631,846 shares prior to September 8, 2013. If Mr. Tutor (and the two trusts that he controls) sells all of the 6,631,846 shares that they are permitted to sell currently, Mr. Tutor will beneficially own 15,624,309 shares or approximately 32.19% of the issued and outstanding Company common stock, based on the number of shares outstanding as of August 19, 2009.

(4) James A. Frost is an executive vice president of Tutor Perini and the chief executive officer of Tutor Perini's civil group.

**Summary of Resale Restrictions**

The shares to be offered hereby were acquired by the selling shareholders as consideration in connection with the Company's merger with Tutor-Saliba Corporation. At the time of the merger, we entered into a shareholders agreement with all of the former shareholders of Tutor-Saliba Corporation (the "Shareholders Agreement") pursuant to which we agreed to register shares of our common stock held by or issuable to the selling shareholders. Additionally, the selling shareholders who received their shares in the merger agreed to certain resale restrictions, as follows:

Prior to March 2009, none of the shareholders party to the Shareholders Agreement were permitted to transfer or dispose of the shares of Company common stock acquired pursuant to the merger other than to certain affiliated persons.

Following March 2009, Ronald N. Tutor, Ronald N. Tutor Separate Property Trust, Ronald N. Tutor 2006 QuickGRAT and any affiliate of the foregoing (collectively the "Tutor Group") continue to be subject to a limitation on the number of shares they can sell. Specifically, the Tutor Group is not permitted to transfer shares of common stock unless after doing so the Tutor Group continues to collectively own at least 70% of the shares of Company common stock acquired by them pursuant to the merger, subject to certain exceptions we describe below. The Tutor Group acquired 22,106,155 shares pursuant to the merger, 7,705,125 of which are being registered by this prospectus. In order to continue to hold at least 70% of the shares acquired pursuant to the merger, the Tutor Group is not permitted to sell more than 6,631,846 shares prior to the earliest of (i) September 8, 2013, (ii) at such time that the Tutor Group collectively ceases to own 20% of the aggregate issued and outstanding shares of Company common stock or (iii) upon approval by a majority of the Company's board of directors, excluding Mr. Tutor and the directors designated by him.

The limitation on the sale of shares by the Tutor Group lapses if Ronald N. Tutor's employment with the Company is terminated without cause under the terms of Mr. Tutor's employment agreement with the Company, except that transfers of Company common stock by the Tutor Group do not include a transfer of shares directly or indirectly equal to 15% of the total voting power of the Company to any person or group.

A tabular summary of the foregoing is included below:

| Selling Stockholder | Total Shares Registered<br>by this Prospectus | Shares Eligible for<br>Resale Immediately | Shares Subject to<br>Restrictions that Lapse<br>no later than September 8, 2013 |
|---------------------|---|---|---|
| Ronald N. Tutor     | 7,705,125 (1)                                 | 6,631,846                                 | 1,073,279 (2)   |

(1) Includes shares held by Ronald N. Tutor Separate Property Trust and Ronald N. Tutor 2006 QuickGRAT.

(2) This number does not include 14,401,030 additional shares acquired by the Tutor Group pursuant to the merger, which are not being registered at this time but which will be eligible for resale no later than September 8, 2013. These additional shares may be registered at any time under the terms of the Shareholders Agreement.

**USE OF PROCEEDS**

We will not receive any proceeds from the sale of the common stock by the selling shareholders pursuant to this prospectus. However, we will pay the expenses of registration of all of the shares that are offered pursuant to this prospectus, including legal and accounting fees.

**PLAN OF DISTRIBUTION**

We are registering 8,586,257 shares of our common stock for possible sale by the selling shareholders. Unless the context otherwise requires, as used in this prospectus, selling shareholders includes the selling shareholders named in the table on page 5 and donees, pledgees, transferees or other successors-in-interest selling shares received from the selling shareholders as a gift, pledge, partnership distribution or other transfer after the date of this prospectus. Upon being notified by a selling shareholder that a donee, pledge, transferee or other successor-in-interest intends to sell more than 500 shares, we will, to the extent required, promptly file a supplement to this prospectus to name specifically such person as a selling shareholder.

The selling shareholders may offer and sell all or a portion of the shares covered by this prospectus from time to time, in one or more or any combination of the following transactions:

on the New York Stock Exchange, in the over-the-counter market or on any other national securities exchange on which our shares are listed or traded;

in privately negotiated transactions;

in underwritten transactions;

in a block trade in which a broker-dealer will attempt to sell the offered shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

through purchases by a broker-dealer as principal and resale by the broker-dealer for its account pursuant to this prospectus;

in ordinary brokerage transactions and transactions in which the broker solicits purchasers; and

through the writing of options (including put or call options), whether the options are listed on an options exchange or otherwise. The selling shareholders may sell the shares at prices then prevailing or related to the then current market price or at negotiated prices. The offering price of the shares from time to time will be determined by the selling shareholders and, at the time of the determination, may be higher or lower than the market price of our common stock on the New York Stock Exchange or any other exchange or market.

The shares may be sold directly or through broker-dealers acting as principal or agent, or pursuant to a distribution by one or more underwriters on a firm commitment or best-efforts basis. The selling shareholders may also enter into hedging transactions with broker-dealers. In connection with such transactions, broker-dealers of other financial institutions may engage in short sales of our common stock in the course of hedging the positions they assume with the selling shareholders. The selling shareholders may also enter into options or other transactions with broker-dealers or other financial institutions which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). In connection with an underwritten offering, underwriters or agents may receive compensation in the form of discounts, concessions or commissions from the selling shareholders or from purchasers of the offered shares for whom they may act as agents. In addition, underwriters may sell the shares to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. In connection with any particular offering pursuant to this shelf registration statement, an underwriter may engage in stabilizing transactions, short sales, syndicate covering transactions and penalty bids. The selling shareholders and any underwriters, dealers or agents participating in a distribution of the shares may be deemed to be underwriters within the meaning of the Securities Act, and any profit on the sale of the shares by the selling shareholders and any commissions received by broker-dealers may be deemed to be underwriting commissions under the Securities Act. Agents, underwriters, dealers or their affiliates, may be customers of, engage in transactions with or perform services for us, in the ordinary course of

business.

**Table of Contents**

We and the selling shareholders may agree to indemnify an underwriter, broker-dealer or agent against certain liabilities related to the selling of the common stock, including liabilities arising under the Securities Act. Under the Shareholders Agreement, we have also agreed to pay the costs, expenses and fees of registering the shares of common stock.

We are not aware that any selling shareholders have entered into any agreements, understandings or arrangements with any underwriters or broker-dealers regarding the sale of its shares. Upon our notification by the selling shareholders that any material arrangement has been entered into with an underwriter or broker-dealer for the sale of shares through a block trade, special offering, exchange distribution, secondary distribution or a purchase by an underwriter or broker-dealer, we will file a supplement to this prospectus, if required, pursuant to Rule 424(b) under the Securities Act, disclosing certain material information, including:

the name of the selling shareholders;

the number of shares being offered;

the terms of the offering;

the names of the participating underwriters, broker-dealers or agents;

any discounts, commissions or other compensation paid to underwriters or broker-dealers and any discounts, commissions or concessions allowed or reallocated or paid by any underwriters to dealers;

the public offering price; and

other material terms of the offering.

The selling shareholders are subject to the applicable provisions of the Exchange Act and the rules and regulations under the Exchange Act, including Regulation M. This regulation may limit the timing of purchases and sales of any of the shares of common stock offered in this prospectus by the selling shareholders. The anti-manipulation rules under the Exchange Act may apply to sales of shares in the market and to the activities of the selling shareholders and their affiliates. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of the shares to engage in market-making activities for the particular securities being distributed for a period of up to five business days before the distribution. The restrictions may affect the marketability of the shares and the ability of any person or entity to engage in market-making activities for the shares.

To the extent required, this prospectus may be amended and/or supplemented from time to time to describe a specific plan of distribution. Instead of selling the shares of common stock under this prospectus, the selling shareholders may sell the shares of common stock in compliance with the provisions of Rule 144 under the Securities Act, if available, or pursuant to other available exemptions from the registration requirements of the Securities Act.

**DESCRIPTION OF COMMON STOCK**

**Item 15. Indemnification of Directors and Officers.***The Massachusetts Business Corporation Act*

Chapter 156D, Section 8.52 of the Massachusetts Business Corporation Act (the MBCA) provides that a corporation must indemnify a director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which he was a party because he was a director of the corporation against reasonable expenses incurred by him in connection with the proceeding. Additionally, Chapter 156D, Section 8.51(a) of the MBCA provides that a corporation may indemnify an individual who is a party to a proceeding because he is a director against liability incurred in the proceeding if: (1) (a) he conducted himself in good faith; (b) he reasonably believed that his conduct was in the best interests of the corporation or that his conduct was at least not opposed to the best interests of the corporation; and (c) in the case of any criminal proceeding, he had no reasonable cause to believe his conduct was unlawful; or (2) he engaged in conduct for which he shall not be liable under a provision of the corporation's articles of organization. Chapter 156D, Section 2.02(b)(4) of the MBCA permits a corporation to include in its articles of organization a provision eliminating or limiting the personal liability of a director to the corporation for monetary damages for breach of fiduciary duty as a director notwithstanding any provision of law imposing such liability; provided, however, that such provision must not eliminate or limit the liability of a director for (1) any breach of the director's duty of loyalty to the corporation or its shareholders, (2) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) improper distributions to shareholders under Section 6.40 of the MBCA, or (4) any transaction from which the director derived an improper personal benefit. Chapter 156D, Section 8.51(b) of the MBCA provides that a director's conduct with respect to an employee benefit plan for a purpose he reasonably believed to be in the interests of the participants in, and the beneficiaries of, the plan is conduct that satisfies the requirement that his conduct was at least not opposed to the best interests of the corporation. Additionally, Chapter 156D, Section 8.51(c) of the MBCA provides that the termination of a proceeding by judgment, order, settlement, or conviction, or upon a plea of nolo contendere or its equivalent, is not, of itself, determinative that the director did not meet the relevant standard of conduct described above. Finally, Chapter 156D, Section 8.51(d) of the MBCA provides that a corporation may not indemnify a director if his conduct did not satisfy the above standards set forth in Sections 8.51(a) and (b) of the MBCA, unless otherwise ordered by a court.

With respect to officers, Chapter 156D, Section 8.56(a) of the MBCA provides that a corporation may indemnify an officer of the corporation who is a party to a proceeding because he is an officer of the corporation (1) to the same extent as a director; and (2) if he is an officer but not a director, to such further extent as may be provided by the corporation's articles of organization or bylaws, a resolution of the corporation's board of directors, or contract, except for liability arising out of acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law. Chapter 156D, Section 8.56(b) of the MBCA clarifies that an officer who is also a director but who is made a party to a proceeding on the basis of an act or omission solely as an officer

---

**Table of Contents**

is entitled to such further indemnification the corporation may provide to officers, as described above. Finally, Chapter 156D, Section 8.56(c) of the MBCA provides that officers of a corporation are entitled to the same mandatory indemnification as directors, described in Chapter 156D, Section 8.52.

Additionally, Chapter 156D, Section 8.57 of the MBCA provides that a corporation may purchase and maintain insurance on behalf of an individual who is a director or officer of the corporation, or who, while a director or officer of the corporation, serves at the corporation's request as a director, officer, partner, trustee, employee, or agent of another domestic or foreign corporation, partnership, joint venture, trust, employee benefit plan, or other entity, against liability asserted against or incurred by him in that capacity or arising from his status as a director or officer, whether or not the corporation would have the power to indemnify or advance expenses to him against the same liability under the director and officer indemnification provisions of the MBCA.

*Articles of Organization*

Section 6.10 of the Company's Restated Articles of Organization, as amended, provides that no director shall be personally liable to the Company or its shareholders for monetary damages for breach of fiduciary duty as a director, except for: (1) liability for any breach of the director's duty of loyalty to the Company or its shareholders, (2) acts or omissions not in good faith, (3) acts or omissions involving intentional misconduct or a knowing violation of law, (4) any transaction involving an unauthorized distribution or loan to insiders pursuant to Massachusetts law, or (5) any transaction from which the director derived an improper personal benefit.

*By-Laws*

Section 9.1 of the Company's Amended and Restated By-laws, as amended, (the By-Laws) provides that the corporation shall indemnify its directors and officers against all expenses incurred by them in connection with any proceeding in which they are involved by reason of their serving in such capacities except that: (1) no indemnification shall be provided for any director or officer with respect to any matter as to which he shall have been adjudicated not to have acted in good faith and in the reasonable belief that his action was in the best interests of the corporation, or with respect to a criminal matter, that he had reasonable cause to believe that his conduct was unlawful, and (2) no indemnification shall be provided for any director or officer with respect to a proceeding by or in the right of the corporation in which he is adjudicated to be liable to the corporation. Additionally, Section 9.1 of the By-Laws provides that indemnification may be provided to an officer or director in connection with a proceeding in which it is alleged that he received an improper personal benefit by reason of his position, regardless of whether the claim involves his services in such capacity, subject to the limitations described above, unless it shall have been determined that an improper personal benefit was received by the director or officer. Section 9.2 of the By-Laws provides that if a director or officer of the corporation has been wholly successful on the merits in defense of any proceeding in which he was involved by reason of his position or as a result of his serving in such capacity (including the termination of investigative or other proceedings without a finding of fault on the part of the director or officer), he shall be indemnified by the corporation against all expenses incurred by him in connection therewith. Section 9.5 of the By-Laws also provides that if a proceeding is compromised or settled in a manner which imposes a liability or obligation upon a director or officer, no indemnification shall be provided to him with respect to a proceeding by or in the right of the corporation unless the board of directors determines in its discretion that indemnification is appropriate under the circumstances, and no indemnification shall be provided to him with respect to any other type of proceeding if it is determined by the board of directors that said director or officer is ineligible to be indemnified under Section 9 of the By-Laws.

Additionally, Section 9.6 of the By-Laws provides that the corporation shall have power to purchase and maintain insurance on behalf of any director, officer, employee or agent of the corporation against any liability or cost incurred by him in any such capacity or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability or cost.

Finally, Section 9.8 of the By-Laws provides that the provisions of Section 9 of the By-Laws shall not be construed to limit the power of the corporation to indemnify its officers or directors to the full extent permitted by law and enter specific agreements or arrangements for this purpose.

*Director and Officer Indemnification Agreement*

Pursuant to the Company's Form of Director and Officer Indemnification Agreement (the "Indemnification Agreement"), directors and officers who are signatories thereto are entitled to indemnification by the Company to the fullest extent permitted by law in the event that such director or officer becomes a party to or other participant or threatened participant in a Claim (defined below) arising in part out of an Indemnifiable Event (defined below). Such obligation on the part of the Company is subject to a determination that the indemnification is permitted under applicable law. The Indemnification Agreement defines "Claim" as any threatened, pending or completed action, suit or proceeding, or any inquiry or investigation, whether instituted by the Company or any other party, that the director or officer in good faith believes might lead to the institution of any such action, suit or proceeding, whether civil, criminal, administrative, investigative, or other. The Indemnification Agreement defines "Indemnifiable Event" as any event or occurrence related to the fact that the director or officer is or was a director, officer, employee, agent or fiduciary of the Company, or is or was serving at the request of the Company as a director, officer, employee, trustee, agent or fiduciary of another corporation, partnership, joint venture, employee benefit plan, trust or other enterprise, or by reason of anything done or not done by the director or officer in any such capacity.

- (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
