**PROXY STATEMENT FOR THE ANNUAL MEETING OF SHAREHOLDERS**

**To Be Held on April 28, 2011**

**INTRODUCTION**

**The Board of Directors of Cullen/Frost Bankers, Inc. ( Cullen/Frost ) is soliciting proxies to be used at the Annual Meeting of Shareholders and any adjournment or postponement thereof.** The meeting will be held in the Commanders Room at The Frost National Bank ( Frost Bank ), 100 West Houston Street, San Antonio, Texas 78205, on Thursday, April 28, 2011 at 11:00 a.m., San Antonio time. This Proxy Statement and the accompanying proxy card will be mailed to shareholders beginning on or about March 18, 2011.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE 2011 ANNUAL MEETING OF SHAREHOLDERS:**

This Proxy Statement for the 2011 Annual Meeting of Shareholders and our 2010 Annual Report to Shareholders are available at [www.cfrvoteproxy.com](http://www.cfrvoteproxy.com).

We are pleased to provide access to our proxy materials on the Internet. We have elected to provide access to our proxy materials both by sending you this full set of proxy materials, including a proxy card, and by notifying you of the availability of our proxy materials on the Internet. This Proxy Statement for the 2011 Annual Meeting of Shareholders and our 2010 Annual Report to Shareholders are available at our proxy materials website at <http://www.cfrvoteproxy.com>. This website does not use any functions that identify you as a visitor to the website, and thus protects your privacy.

You have the option to vote and submit your proxy by the Internet. If you have Internet access, we encourage you to record your vote by the Internet. We believe it will be convenient for you, and it saves postage and processing costs. In addition, when you vote by the Internet, your vote is recorded immediately, and there is no risk that postal delays will cause your vote to arrive late and therefore not be counted. If you do not vote by the Internet, please vote by telephone or by completing and returning the enclosed proxy card in the postage prepaid envelope provided. Submitting your proxy by either Internet, telephone or proxy card will not affect your right to vote in person if you decide to attend the Annual Meeting.

**Record Date and Voting Rights**

The close of business on March 4, 2011 has been fixed as the record date for the determination of shareholders entitled to vote at the Annual Meeting. The only class of securities of Cullen/Frost outstanding and entitled to vote at the Annual Meeting is our Common Stock, par value \$0.01 per share. On March 4, 2011, there were 61,241,182 shares of Common Stock outstanding, with each share entitled to one vote.

## **Table of Contents**

### **Proxies**

All shares of Cullen/Frost Common Stock represented by properly executed proxies, if timely returned and not subsequently revoked, will be voted at the Annual Meeting in the manner directed in the proxy. If a properly executed proxy does not specify a choice on a matter, the shares will be voted for the thirteen nominees to serve as Directors for a one-year term that will expire at the 2012 Annual Meeting of Shareholders, for the ratification of Ernst & Young LLP to act as our independent auditors for the 2011 fiscal year, for the non-binding approval of executive compensation, for future non-binding advisory votes on executive compensation to take place once every one year, and in the discretion of the persons named as proxies with respect to any other business that may properly come before the meeting.

A shareholder may revoke a proxy at any time before it is voted by delivering a written revocation notice to the Corporate Secretary of Cullen/Frost Bankers, Inc., 100 West Houston Street, San Antonio, Texas 78205. A shareholder who attends the Annual Meeting may, if desired, vote by ballot at the meeting, and such vote will revoke any proxy previously given.

### **Quorum and Voting Requirements**

A quorum of shareholders is required to hold a valid meeting. If the holders of a majority of the issued and outstanding shares of Cullen/Frost Common Stock entitled to vote are present at the Annual Meeting in person or represented by proxy, a quorum will exist. Shares for which votes are withheld, as well as abstentions and broker non-votes, are counted as present for establishing a quorum.

Directors are elected by a plurality of the votes cast at the Annual Meeting. Accordingly, the nominees receiving the highest number of votes will be elected. In the election of Directors, votes may be cast for or withhold authority with respect to any or all nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote. Broker non-votes (as further discussed below) will have no effect on the outcome of this vote.

With respect to the ratification of Ernst & Young LLP to act as our independent auditors for the 2011 fiscal year, the affirmative vote of the holders of a majority of the shares of Cullen/Frost's Common Stock have voting power and present in person or represented by proxy at the Annual Meeting will be the act of the shareholders. In voting for this matter, shares may be voted for, against or abstain. An abstention will have the effect of a vote against this matter.

With respect to the resolution to provide nonbinding approval of executive compensation, the affirmative vote of the holders of a majority of the shares of Cullen/Frost's Common Stock having voting power and present in person or represented by proxy at the Annual Meeting will be the act of the shareholders. In voting for this matter, shares may be voted for, against or abstain. An abstention will have the effect of a vote against this matter. Broker non-votes (as further discussed below) will have no effect on the outcome of this vote. This resolution is advisory only and will not be binding upon Cullen/Frost or the Board of Directors.

With respect to the resolution to provide a nonbinding selection of the frequency of future votes on executive compensation, shares may be voted for a frequency of once every one year, once every two years, once every three years or to abstain. The alternative receiving the greatest number of votes will be deemed to have received the approval of the shareholders. However, because this vote is advisory only and not binding upon the Board of Directors or Cullen/Frost in any way, the Board of Directors may decide that it is in the best interests of our shareholders and Cullen/Frost to hold an advisory vote on executive compensation more or less frequently than the option approved by our shareholders.

Under the rules of the Financial Industry Regulatory Authority, Inc., member brokers generally may not vote shares held by them in street name for customers, and instead must submit a so-called broker non-vote unless they are permitted to do so under the rules of any national securities exchange of which they are a

**Table of Contents**

member. Under the rules of the New York Stock Exchange, Inc. ( NYSE ), a member broker that holds shares in street name for customers has authority to vote on certain routine items if it has transmitted proxy-soliciting materials to the beneficial owner but has not received instructions from that owner. The proposal to ratify the selection of Ernst & Young LLP to act as Cullen/Frost's independent auditors is a routine item, and the NYSE rules permit member brokers that do not receive instructions to vote on this item. However, the NYSE rules do not permit member brokers that do not receive instructions to vote on the election of Directors or on the two shareholder advisory votes relating to executive compensation. Thus, it is very important that you cast your vote regarding all items of business proposed in the proxy.

**Expenses of Solicitation**

Cullen/Frost will pay the expenses of the solicitation of proxies for the Annual Meeting. In addition to the solicitation of proxies by mail, Directors, officers, and employees of Cullen/Frost may solicit proxies by telephone, facsimile, in person or by other means of communication. Cullen/Frost also has retained Georgeson Inc. ( Georgeson ) to assist with the solicitation of proxies. Directors, officers, and employees of Cullen/Frost will receive no additional compensation for the solicitation of proxies, and Georgeson will receive a fee not to exceed \$7,500.00, plus reimbursement for out-of-pocket expenses. Cullen/Frost has requested that brokers, nominees, fiduciaries and other custodians forward proxy-soliciting material to the beneficial owners of Cullen/Frost Common Stock. Cullen/Frost will reimburse these persons for out-of-pocket expenses they incur in connection with its request.

The Board has adopted written charters for the Audit Committee, the Compensation and Benefits Committee and the Corporate Governance and Nominating Committee. All of these charters are available at [www.frostbank.com](http://www.frostbank.com) or in print to any shareholder making a request by contacting the Corporate Secretary, Stan McCormick, at 100 West Houston Street, San Antonio, Texas 78205.

As described in more detail below under "Certain Corporate Governance Matters Director Independence," the Board has determined that each member of the Audit Committee, the Compensation and Benefits Committee and the Corporate Governance and Nominating Committee is independent within the meaning of the rules of the NYSE. The Board has also determined that each member of the Audit Committee is independent within the meaning of the rules of the SEC. In addition, the Board has determined that each member of the Audit Committee is financially literate and that at least one member of the Audit Committee has accounting or related financial management expertise, in each case within the meaning of the NYSE's rules. The Board has also determined that Mr. Ruben M. Escobedo is an audit committee financial expert within the meaning of the SEC's rules.

**Leadership Structure**

As provided in our Corporate Governance Guidelines, our Board selects its Chairman, Lead Director and CEO in a way that it considers to be in the best interests of Cullen/Frost. The Board does not have a policy on whether the role of Chairman and CEO should be separate or combined, but believes that the most effective leadership structure for Cullen/Frost is to combine these responsibilities. This structure avoids the potential confusion and conflict over who is leading the company, both within the company and when dealing with investors, customers and counterparties, and the duplication of efforts that can result from the roles being separated. The Board also believes that combining these roles in one person enhances accountability for the performance of Cullen/Frost. Furthermore, as Cullen/Frost has traditionally combined these roles (for some 29 years now), separating them could cause significant disruption in oversight and lines of reporting. Nevertheless, depending upon the circumstances, the Board could choose to separate the roles of Chairman and CEO in the future.

To help ensure strong oversight by our non-management directors, our Audit Committee, Corporate Governance and Nominating Committee and Compensation and Benefits Committee are composed only of independent directors. In accordance with our Corporate Governance Guidelines, the Chair of the Corporate Governance and Nominating Committee acts as the Lead Director and presides at executive sessions of non-management directors and presents to the full Board any matters that may need to be considered by the full Board. Mr. Royce S. Caldwell, the current Lead Director, also is the Chair of the Compensation and Benefits Committee and is a member of several other Board committees. As a result, the Lead Director is fully informed of all activities of the Board and all of its committees. In addition to presiding at the executive sessions of the non-management directors, the Lead Director also reviews the agenda, schedule and materials for each Board and Board committee meeting and executive session, and facilitates communication between the non-management directors and the Chairman and CEO.

## **Table of Contents**

The Board is responsible for overseeing all aspects of management of Cullen/Frost, including risk oversight, which is effected primarily through the Audit Committee. Furthermore, the Board of Cullen/Frost also serves as the Board of Directors of Frost Bank, and as such receives regular reports on the operations of Frost Bank. The Board of Frost Bank has additional committees with a majority of independent directors that review risks and approves policy exceptions in lending and trust services. Each standing committee has oversight responsibility for risks inherent within its area of oversight. The Audit Committee receives reports on, and reviews, the firm's principal risk exposure, including financial reporting, credit, and liquidity risk. The Risk Committee of the Frost Bank Board receives reports on, and reviews the firm's credit and operational risk. Cullen/Frost management regularly discusses macro- and business-specific environmental factors with the Audit Committee and Risk Committee, as well as the potential impact of these factors on the risk profile (including the financial situation) of the Corporation. Cullen/Frost management also periodically reviews with the Board specific risk analyses, such as sensitivity and scenario analyses. In addition, the Audit Committee and Risk Committee receive written packages and detailed oral postings on various types of risk and other matters (which come from a combination of the Corporation's CEO, CFO, and Chief Risk Officer/Chief Credit Officer) at regularly scheduled meetings. The Board also interacts on a regular basis with executive officers, from both the control and line of business sides of Cullen/Frost. It is through these various channels that the Board seeks the information to oversee the firm's risk management.

### **Director Nomination Process**

The Corporate Governance and Nominating Committee is responsible for identifying individuals qualified to become members of the Board of Directors and for recommending to the Board the nominees to stand for election as Directors.

In identifying Director candidates, the Corporate Governance and Nominating Committee may seek input from Cullen/Frost's management and from current members of the Board. In addition, it may use the services of an outside consultant, although it has not done so in the past. The Corporate Governance and Nominating Committee will consider candidates recommended by shareholders. Shareholders who wish to recommend candidates may do so by writing to the Corporate Governance and Nominating Committee of Cullen/Frost Bankers, Inc., c/o Corporate Secretary, 100 West Houston Street, San Antonio, Texas 78205. Recommendations may be submitted at any time. The written recommendation must include the name of the candidate, the number of shares of Cullen/Frost Common Stock owned by the candidate and the information regarding the candidate that would be included in a proxy statement for the election of Directors pursuant to paragraphs (a), (e) and (f) of Item 401 of Regulation S-K adopted by the SEC.

In evaluating Director candidates, the Corporate Governance and Nominating Committee initially considers the Board's need for additional or replacement Directors. It also considers the criteria approved by the Board and set forth in Cullen/Frost's Corporate Governance Guidelines, which include, among other things, the candidate's personal qualities (in light of Cullen/Frost's core values and mission statement), accomplishments and reputation in the business community, the fit of the candidate's skills and personality with those of other Directors and candidates and the ability of the candidate to commit adequate time to Board and committee matters. The objective is to build a Board that is effective, collegial and responsive to the needs of Cullen/Frost and that includes a diversity of viewpoints, background, experience and other demographics. In addition, considerable emphasis is given to Cullen/Frost's mission statement and core values, statutory and regulatory requirements, and the Board's goal of having a substantial majority of independent directors.

The Corporate Governance and Nominating Committee evaluates all Director candidates in the same manner, including candidates recommended by shareholders. In considering whether candidates satisfy the criteria described above, the committee will initially utilize the information it receives with the recommendation it otherwise possesses. If it determines, in consultation with other Board members, including the Chairman, that more information is needed, it may, among other things, conduct interviews.

## **CERTAIN CORPORATE GOVERNANCE MATTERS**

Cullen/Frost believes that it has operated over the years with sound corporate governance practices that exemplify its commitment to integrity and to protect both the interests of its shareholders and the other constituencies that it serves. These practices include a substantially independent Board of Directors, periodic meetings of non-management Directors, and a sound and comprehensive code of conduct, which obligates Directors and all employees to adhere to the highest legal and ethical business practices. A review of some of Cullen/Frost's corporate governance measures is set forth below.

### **Director Independence**

The Board of Directors believes that a substantial majority of its members should be independent within the meaning of the NYSE's rules. To this end, the Board reviews annually the relevant facts and circumstances regarding relationships between Directors and Cullen/Frost. The purpose of the Board's review is to determine whether any Director has a material relationship with Cullen/Frost (either directly or as a partner, shareholder or officer of an organization that has a relationship with Cullen/Frost).

In connection with the Board's latest review, the Board determined that the following Directors, who compose 85% of the Board, are independent within the meaning of the NYSE's rules: Mr. R. Denny Alexander, Mr. Carlos Alvarez, Mr. Royce S. Caldwell, Mr. Crawford H. Edwards, Mr. Ruben M. Escobedo, Mr. David J. Haemisegger, Ms. Karen E. Jennings, Mr. Richard M. Kleberg, III, Mr. Charles W. Matthews, Ms. Ida Clement Steen and Mr. Horace Wilkins, Jr. Mr. Richard W. Evans, Jr. and Mr. Patrick B. Frost are not independent because they are executive officers of Cullen/Frost.

In making its independence determinations, the Board considers the NYSE's rules, as well as the standards set forth below. The Board adopted these standards pursuant to the NYSE's rules to assist in making independence determinations. For purposes of the standards, the term Cullen/Frost Entity means, collectively, Cullen/Frost and each of its subsidiaries.

*Charter.* The Compensation and Benefits Committee's charter is posted on Cullen/Frost's website at [www.frostbank.com](http://www.frostbank.com).

*Scope of authority.* The primary function of the Compensation and Benefits Committee (the Committee) is to assist the Board in fulfilling its oversight responsibility with respect to:

- B. overseeing the evaluation of Cullen/Frost's executive management;
- C. reviewing and approving the corporate goals and objectives relevant to the compensation of the CEO, evaluating the performance of the CEO in light of those goals and objectives and setting the CEO's compensation level based on this evaluation;
- D. making a recommendation to the Board with respect to, and if appropriate under the circumstances, approving on behalf of the Board, non-CEO Executive Officer compensation and any adoption of or amendment to a material compensation or benefit plan, including any incentive compensation plan or equity based plan;
- E. discharging any duties or responsibilities imposed on the Committee by any of Cullen/Frost's compensation or benefit plans;
- F. providing oversight of regulatory compliance with respect to compensation matters;

*Role of executive officers.* After consulting with the Committee's compensation consultant, the CEO recommends to the Committee base salary, target bonus levels, actual bonus payments and long-term incentive grants for Company officers. The Committee considers, discusses and modifies the CEO's recommendations, as appropriate, and takes action on such proposals. The CEO does not make recommendations to the

Committee on his own pay levels. The Committee, in executive session and without members of Company management present, determines the pay levels for the CEO to be ratified by the Board of Directors.

*Role of compensation consultants.* Beginning in 2005, the Committee directly retained Aon Hewitt (formerly known as Hewitt Associates LLC) (Aon Hewitt) as its outside compensation consultant. The Committee informed Aon Hewitt in writing that it expected Aon Hewitt to advise it if and when there were elements of management proposals to the Committee that Aon Hewitt believed the Committee should not support, set expectations for Aon Hewitt to be frank and upfront with the Committee at all times, and stated that Aon Hewitt's ongoing engagement would be determined by the Committee. During the course of 2010, the Committee, along with senior management, began to consider the benefits of retaining two different independent

**Table of Contents**

outside compensation consultants, one to advise the Committee and a separate one to advise Management. On October 1, 2010, the Committee engaged Meridian Compensation Partners, LLC (Meridian) to serve as its outside compensation consultant. Management continues to retain Aon Hewitt as its outside compensation consultant.

The role of the Committee’s independent consultant, Meridian, is to serve and assist the Committee in its review and oversight of executive and director compensation practices. The role of Management’s consultant, Aon Hewitt, is to assist the CEO and company Management in reviewing, assessing, and developing recommendations for the Company’s executive compensation programs.

The nature and scope of services rendered initially by Aon Hewitt and later by Meridian on the Committee’s behalf is described below:

Competitive market pay analyses, as needed, including executive compensation benchmarking services, proxy data studies, Board of Director pay studies, dilution analyses, and market trends;

Ongoing support with regard to the latest relevant regulatory, technical, and/or accounting considerations impacting compensation and benefit programs;

Assistance with the redesign of any compensation or benefit programs, if desired/needed;

Preparation for and attendance at selected management, committee, or Board of Director meetings; and

Other miscellaneous requests that occur throughout the year.

The Committee did not direct either Aon Hewitt or Meridian to perform the above services in any particular manner or under any particular method. The Committee has the final authority to hire and terminate its consultant, and the Committee evaluates the consultant annually.

Aon Hewitt consultants attended all four of the Committee meetings in 2010 and assisted the Committee with the market data and an assessment of executive compensation levels and program design, CEO compensation, and support on various regulatory and technical issues.

The Committee’s Meridian consultant attended the October Committee meeting.

During the first nine months of 2010, Aon Hewitt provided Cullen/Frost with consulting services for both Executive Compensation and other additional services. From January 1, 2010 through September 30, 2010, Cullen/Frost paid fees to Aon Hewitt as follows:

Executive Compensation	\$ 30,209
Other Additional Services	350,714
	<b>\$ 380,923</b>

At its January 2011 meeting, the Committee reviewed the services provided by Aon Hewitt to include both Executive Compensation Services and all other additional services.

## Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

Some of the members of the Compensation and Benefits Committee, and some of their associates, are current or past customers of one or more of Cullen/Frost's subsidiaries. Since January 1, 2010, transactions between these persons and such subsidiaries have occurred, including borrowings. In the opinion of management, all of the transactions have been in the ordinary course of business, have had substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the lender, and did not involve more than the normal risk of collectability or present other unfavorable features. Additional transactions may take place in the future.

### **Compensation Discussion and Analysis**

#### **Executive Summary**

We are a financial holding company, headquartered in San Antonio, Texas, with more than 110 financial centers throughout Texas. We provide a wide range of banking, investments and insurance services to businesses and individuals in the Austin, Corpus Christi, Dallas, Fort Worth, Houston, Rio Grande Valley and San Antonio regions. Founded in 1868, we have helped clients with their financial needs during three centuries. A key factor in our success is consistency—consistency in culture, philosophy, management and consistency in executive pay philosophy and practices.

At Cullen/Frost, we enjoy a strong history of sound and profitable performance. We believe everyone is significant at our Company and successful performance occurs when everyone works together as a team with common goals. As a result, our executive rewards programs tend to focus on total company success. At Cullen/Frost, we believe in providing a square deal for our shareholders, customers and employees. Therefore, we benchmark our executive rewards approximating the 50<sup>th</sup> percentile of the external market while taking into account various other influencing factors to include market conditions, company performance, internal equity, and individual experience levels among other things. Because we want our Company to be a safe and sound place to do business we strive to avoid excessive risk, and do not offer executive rewards programs that would encourage excessive or unnecessary risk. Further, the consistency and continuity of management serves to enhance our conservative risk profile. The average tenure of the five Named Executive Officers included in this proxy statement is in excess of 30 years. Finally, we believe we offer executive rewards that align management and shareholder interests.

The year 2010 was a great one for Cullen/Frost. Our Company experienced strong earnings of \$208.8 million that exceeded budgeted expectations by 8%.

During 2010 the following decisions were made concerning compensation of the Named Executive Officers:

Increases to base pay approximating 3.5% effective January 1, 2011;

Annual bonus payments for 2010 performance paid in 2011 exceeding target by 15% due to the strong financial performance of Company that exceeded budgeted expectations; and

Long-term incentive awards consisting of stock options and restricted stock/restricted stock units granted at the same level as the prior year.

## Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

We believe that our executive rewards programs successfully balance elements of fixed compensation, short- and long-term incentives and benefit programs consistent with our core values of integrity, caring and excellence.

## **Table of Contents**

### **Introduction**

This discussion is included to provide the material information necessary to understand the objectives and policies of Cullen/Frost's compensation program for the CEO, the CFO and the other three most highly compensated executive officers of Cullen/Frost (collectively, the Named Executive Officers) and to describe how these policies were implemented for 2010 performance:

Richard W. Evans, Jr.	<i>Chairman of the Board, Chief Executive Officer, and President of Cullen/Frost; Chairman of the Board and Chief Executive Officer of The Frost National Bank</i>
Phillip D. Green	<i>Chief Financial Officer of Cullen/Frost; Chief Financial Officer of The Frost National Bank</i>
David W. Beck, Jr.	<i>President and Chief Business Banking Officer of The Frost National Bank</i>
Richard Kardys	<i>Group Executive Vice President and Executive Trust Officer of The Frost National Bank</i>
Paul Bracher	<i>President and Executive Officer of Statewide Functions of The Frost National Bank</i>

### **Objectives of the Compensation Program**

The Cullen/Frost Compensation Program is administered by the Compensation and Benefits Committee ( Committee ). The objectives of the program are to:

Reward current performance;

Motivate future performance;

Encourage teamwork;

Remain competitive as compared to the external marketplace;

Maintain a position of internal equity;

Effectively retain Cullen/Frost's executive management team; and

Increase shareholder value by strategically aligning executive management and shareholder interests.

### **Design of the Total Compensation Program and Overview of Compensation Decisions made in 2010**

#### ***Pay Philosophy***

In general, it is Cullen/Frost's compensation philosophy to target aggregate executive compensation at the 50<sup>th</sup> percentile of the external market (as described below). Actual compensation paid to executives reflects the Company's performance versus market and therefore may fall above or below the 50<sup>th</sup> percentile in a given year. In addition to external competitiveness, the Committee evaluates the following factors when making compensation decisions for executive officers:

Performance (Company, segment and individual);

Internal equity;

Experience;

Strategic importance;

Technical implications such as tax, accounting, and shareholder dilution; and

Advice from the independent compensation consultant.

The Committee does not assign a specific weighting to these factors and may exercise its discretion when making compensation decisions for Named Executive Officers.

**Table of Contents**

When reviewing the components of the compensation program, the Committee, together with Mr. Evans and the Director of Human Resources, works to ensure the total package is competitive with the external marketplace and remains balanced from an internal equity standpoint. However, it is the total package that should be competitive, and not necessarily the individual elements.

The Committee does not maintain a stated policy with regard to cash versus non-cash compensation. However, the allocation of cash and non-cash compensation for each of the Named Executive Officers is reviewed annually.

In general, the Committee does not take into account amounts realizable from prior compensation when making future pay decisions. However, grant date amounts and values are contemplated, particularly when establishing long-term incentive award grants. The Committee reviews a total compensation tally sheet for Mr. Evans annually. Cullen/Frost uses the tally sheet to inform the Committee on Mr. Evans' total compensation and accumulated wealth from the Company's equity and retirement benefit plans.

In light of the extreme volatility in the U.S. financial markets in the last three years and the concern over executive compensation among financial institutions, the Committee has taken the additional measure of meeting annually with senior officers, including the principal risk officer, as well as our compensation consultants, to discuss the risk profile of our total executive compensation program for Named Executive Officers. The Committee has determined that the total compensation program, which balances fixed compensation (base pay and retirement benefits) and various forms of shorter- and longer-term incentive pay (annual cash bonus and equity compensation), does not encourage excessive or unnecessary risks.

***Benchmarking and Peer Companies***

Under the direction of the Committee, Cullen/Frost, together with the Committee's independent external compensation consultant, conducts annual benchmarking of base pay, annual incentive pay, and long-term incentive pay. The competitiveness of other forms of pay is reviewed on a periodic basis, as determined by the Committee.

External market data is provided by the Committee's independent external compensation consultant, Aon Hewitt Associates (January through September of 2010) and Meridian Compensation Partners (October through December of 2010). The Committee believes that the external market should be defined as peer companies in the banking industry of a similar asset size to Cullen/Frost. For 2010, Aon Hewitt provided market data collected from public filings for the following 16 companies:

Associated Banc-Corp	First Horizon National Corp	TCF Financial Corp
Bancorpsouth Inc	Firstmerit Corp	Valley National Bancorp
Bank of Hawaii Corp	Fulton Financial Corp	Webster Financial Corp
Cathay General Bancorp	Susquehanna Bancshares Inc	Whitney Holding Corp
City National Bank	SVB Financial Group	
Commerce Bancshares	Synovus Financial Corp	

The peer group was developed based on the following criteria:

Additionally, market data was collected by Aon Hewitt from multiple published survey sources representing national financial institutions of a similar asset size to Cullen/Frost. The Committee believes that the combination of peer company data and survey data reflects Cullen/Frost's external market for business and executive talent. Accordingly, the Committee uses both of these sources when targeting Cullen/Frost's executive target aggregate compensation at the 50th percentile of the external market. The Committee does not utilize any stated weighting of external market data relative to other factors to determine compensation levels of the Named Executive Officers. Instead, the Committee evaluates the market data prepared by Aon Hewitt, along with the other factors listed previously to determine the appropriate compensation levels of the Named Executive Officers on an individual basis.

### **Relation of Pay Practices to Risk Management**

Key elements of Cullen/Frost's mission are to build long-term relationships based on safe, sound assets. In support of its mission, Cullen/Frost has long adhered to compensation policies and practices that are designed to support strong risk management. Cullen/Frost pays base salaries to its employees that are competitive and that represent a significant portion of their compensation and, therefore, do not encourage excessive risk taking to increase compensation. Cullen/Frost believes that it generally pays a greater share of total compensation to its employees in base salary than do its competitors. Cash incentive compensation, which represents a small percentage of Cullen/Frost's total revenue, is awarded to many employees within Cullen/Frost to encourage excellence in delivering value to customers and sustained superior financial performance to shareholders. As Cullen/Frost is dedicated to relationship banking, incentives for business line employees typically emphasize such factors as the level of client contact and success in meeting clients' overall needs, as well as production volume. Cullen/Frost also notes that its employees as a group, through the 401(k) Stock Purchase Plan for Employees of Cullen/Frost and other holdings, as significant holders of the company's stock. Cullen/Frost therefore does not believe that its compensation policies and practices encourage taking excessive or unnecessary risk. Cullen/Frost regularly reviews all plans identified by human resources officers as potentially creating risk, regardless of magnitude, particularly with respect to executive officers. Based on the structure of Cullen/Frost's longstanding compensation policies and practices, Cullen/Frost believes that those compensation policies and practices are not reasonably likely to have a material adverse effect on Cullen/Frost.

### ***Elements of the Compensation Program***

To ensure achievement of the program objectives, compensation is provided to the Named Executive Officers in the following elements:

Base Pay;

Annual Incentive Pay;

Long-Term Incentive Pay;

Benefits;

Perquisites; and

Post-Termination Pay.

The purpose, design, determination of amounts, and 2010 pay decisions are described below.

### ***Base Pay***

## Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

Base pay is an important element of executive compensation because it provides executives with a base level of monthly income. As discussed in the Pay Philosophy section, internal and external equity, performance, experience, and other factors are considered when establishing base salaries. The Committee does not assign a

## **Table of Contents**

specific weighting to these factors when making compensation decisions. Base salary changes are generally approved in October of each year and are effective January 1<sup>st</sup> of the following year. No specific weighting is targeted for base salaries as a percentage of total compensation.

During their Fall 2010 meeting, the Committee approved base pay increases for Mr. Evans and the other Named Executive Officers. The increases were based on external market data, internal equity, and each individual's performance. The Committee observed that

the base pay of Mr. Evans was below the 50<sup>th</sup> percentile of the external market;

the base pay of Mr. Green approximated the 75<sup>th</sup> percentile of the external market; and

the base pay levels for the remaining Named Executive Officers approximated the 50<sup>th</sup> percentile of the external market.

The base pay increases approved by the Committee became effective January 1, 2011 and approximated 3.5% of existing base pay, ranging from 3.2% to 4.0%. Base pay levels can be seen in the Summary Compensation Table.

As discussed in the Compensation and Benefits Committee section, Mr. Evans makes recommendations to the Committee on the pay levels of his direct reports for the Committee's review and approval. Mr. Evans does not make recommendations to the Committee on his own pay levels. The Committee, in executive session and without members of Company management present, determines the pay levels for Mr. Evans to be ratified by the Board of Directors.

### ***Annual Incentive Pay***

Annual incentive pay is provided to Named Executive Officers to recognize achievement of financial targets on the overall corporate level, applicable business segment level and the individual level and is paid in accordance with the quantitative and qualitative terms of the bonus plan for the Chief Executive Officer and the Management Bonus Plan, which covers the other Named Executive Officers. This award is paid in the form of a cash bonus.

The bonus plan for the Chief Executive Officer differs from that of the other Named Executive Officers. Both bonus plans are described in the sections that follow.

### ***Bonus Plan for the Chief Executive Officer***

Annually, during its first quarter meeting, the Committee establishes a cap tied to net income for the Chief Executive Officer's bonus, thereby directly relating the reward of the executive to the performance of Cullen/Frost. This measurement has historically been 0.8% of net income. After the close of the fiscal year, the Committee then exercises only downward discretion to arrive at a bonus payment amount to Mr. Evans. Traditionally, the Committee has not paid a bonus at the full 0.8% of fiscal year net income, but closer to a target of 90% of his base salary earnings.

**Table of Contents**

For 2010 the Committee again approved a cap of 0.8% of fiscal year net income for Mr. Evans' bonus. To determine the bonus payment amount, the Committee exercises downward discretion based on the following qualitative measures approved by the Committee.

<b>Performance Measures</b>	<b>Description</b>
Operating Results	<i>Provides direction to ensure that Cullen/Frost meets its financial goals, both in terms of achieving budgetary results and in its commitment to performance compared to its peers.</i>
Leadership	<i>Leads Cullen/Frost, setting a philosophy based on the corporate culture that is well understood, widely supported, consistently applied, and effectively implemented.</i>
Strategic Planning	<i>Establishes clear objectives and develops strategic policies to ensure growth in Cullen/Frost's core business and expansion through appropriate acquisitions. Is committed to the utilization of advanced technology applications to support these growth goals, and maintains the long-term interest of Cullen/Frost in all actions.</i>
Human Capital	
Management and	
Development	<i>Ensures the effective recruitment of a diverse workforce, consistent retention of key employees and the ongoing motivation of all staff. Offers personal involvement in the recruiting process and provides feedback.</i>
Communications	<i>Serves as chief spokesperson for Cullen/Frost, communicating effectively with all of its stakeholders.</i>
External Relations	<i>Establishes and maintains relationships with the investment community to keep them informed on Cullen/Frost's progress. Serves in a leadership role in civic, professional and community organizations. Reinforces key customer relationships through regular market visits and customer contacts.</i>
Board Relations	<i>Works closely with the Board of Directors to keep them fully informed on all important aspects of the status and development of Cullen/Frost. Facilitates the Board's composition and committee structure, as well as its governance and any regulatory agency relations.</i>

The Board must ratify the bonus payment amount determined by the Committee for Mr. Evans.

Cullen/Frost's budget for a given year typically represents a meaningful increase in earnings per share over the previous year. In finalizing a budget, the current economic, regulatory environment and interest rate environments are considered as well as market expectations. The budget must be ratified by the Board of Directors. For 2010, the Company's budgeted expectations were \$193.4 million. Actual performance for 2010 exceeded these expectations, as the company realized actual net income of \$208.8 million.

At the October 2010 meeting, the Committee reviewed the competitiveness of the Chief Executive Officer's bonus target and payment. Because no bonus was awarded to Mr. Evans in 2010 for 2009 performance, the Committee focused its review on the competitiveness of the established bonus target of 90%. The target level appeared to be in line with target levels in the external market.

For 2010, Cullen/Frost's financial performance was strong and exceeded budgeted expectations as referenced above. In light of this, and taking into account the qualitative measures shown above, the Committee exercised downward discretion from the initial cap of 0.8% of net income. The Committee elected to pay a bonus to Mr. Evans of \$828,000, or 15% over target. This was ratified by the Board of Directors on January 27, 2011, and can be seen in the Summary Compensation Table.

**Table of Contents**

For 2011, the Committee has again approved a cap for Mr. Evans of 0.8% of fiscal year net income and a target of 90% of base salary earnings.

***Bonus Plan for the Other Named Executives***

The remaining Named Executive Officers participate in the Management Bonus Plan. Annually, a bonus pool is generated based on the financial performance of Cullen/Frost versus the budgeted expectations for the year. The Committee approves the corporate and individual objectives as well as the payment targets, which are expressed as a percentage of the executives' base salary earnings for the year. There is not a stated cap on this plan. However, over the past decade, the most paid to any Named Executive Officer was 40% above target.

For 2010, Cullen/Frost established the following individual targets as a percentage of 2010 base salary earnings for the Named Executive Officers in the Management Bonus Plan:

Phillip D. Green	60%
David W. Beck, Jr.	50%
Richard Kardys	50%
Paul Bracher	50%

The individual targets are not formula driven. For all of the Named Executive Officers in the Management Bonus Plan, the targets are set at the discretion of the Chief Executive Officer and must be approved by the Committee. The bonus targets are based on external market data provided by Aon Hewitt, internal equity considerations, and strategic objectives for corporate performance. The targets are reviewed annually at the Fall meeting of the Committee and altered as deemed appropriate.

Payment amounts for the Named Executive Officers, with the exception of the Chief Executive Officer, are made based on recommendations of the Chief Executive Officer and approval of the Committee. Bonus amounts in excess of, or below target may be paid at the discretion of the Chief Executive Officer with the approval of the Committee. Before the Chief Executive Officer makes recommendations to the Committee regarding annual bonus payments for the other Named Executives, the Chief Executive Officer discusses these issues with Aon Hewitt and Meridian Compensation Partners. The Committee has the discretion to approve, disapprove or alter the Chief Executive Officer's recommendations.

The primary criterion for bonus payments for the Named Executive Officers is the measurement of financial performance versus budgeted net income for Cullen/Frost.

As previously stated, Cullen/Frost's actual performance exceeded budgeted expectations for 2010. Based on this fact, the Chief Executive Officer recommended to the Committee that bonus payments be made to Mr. Green, Mr. Beck, Mr. Kardys and Mr. Bracher at 115% of target for 2010. The Committee approved this recommendation. The 2010 bonuses were paid in February of 2011 and can be seen in the Summary Compensation Table.

In October 2010, the Committee reviewed the competitiveness of each Named Executive's incentive target level and determined that they are competitive. The Committee elected to maintain the existing target levels of the Named Executive Officers for 2011.

No specific weighting is targeted for annual incentive pay as a percentage of total compensation.

***Long-Term Incentive Pay***

Long-term incentives are awarded to the Named Executive Officers in an effort to align management and shareholder interests, ensure future performance of Cullen/Frost, enhance ownership opportunities, and increase shareholder value. Cullen/Frost maintains the 2005 Omnibus Incentive Plan ( Plan ) which was approved by shareholders and authorizes the granting of the following types of awards for executives:

Stock Options;

25

**Table of Contents**

Stock Appreciation Rights;

Restricted Stock and Restricted Stock Units;

Performance Unit and Performance Share Awards;

Cash-Based Awards; and

Other Stock-Based Awards.

As shown in the Summary Compensation Table, long-term incentives are awarded to the Named Executive Officers in the form of stock options, restricted stock and when appropriate, restricted stock units. The size of the grant is determined by the Committee, taking into account a variety of factors including grants from prior years, external market data, internal equity considerations, performance, overall share usage, shareholder dilution and cost. It has generally been the Committee's practice to award long-term incentives in a combined package of approximately half stock options and half restricted stock or restricted stock units, based on the estimated economic value of awards on the date of grant. The weighting between stock options and restricted stock/restricted stock units allows Cullen/Frost to strike a balance between performance and retention and minimizes the impact to shareholder dilution.

*Stock Options*

Stock options are utilized to align management and shareholder interests and to reward executives with shareholder value creation. Stock options were granted at \$52.46, the closing price on the date of grant, October 26, 2010. The options granted in 2010 vest 25% per year beginning on the first anniversary from the date of grant and have a life of ten years. The vesting schedule and life were strategically chosen to be competitive, enhance our retention efforts and help to manage shareholder dilution.

*Restricted Stock/Restricted Stock Units*

Historically, the Committee has granted shares of restricted stock to the Named Executive Officers. During 2010, the Committee made the decision to begin granting restricted stock units in place of restricted stock to those Named Executive Officers who are 60 years of age or older. This decision was made to prevent premature taxation of restricted stock at age 65 and better align executive management and shareholder interests. Shares of restricted stock continue to be granted to the Named Executive Officers under the age of 60. Restricted Stock/Restricted Stock Units are granted to create an immediate link to shareholder interests, enhance ownership opportunities and to maintain a stable executive team. The awards granted in 2010 vest 100% four years from the date of the grant. This vesting schedule is both competitive and consistent with our traditional practice.

*Stock Ownership Guidelines*

Cullen/Frost does not currently maintain a formal policy for executive stock ownership requirements. The Committee believes that the use of restricted stock, restricted stock units and stock option grants for the Named Executive Officers serves to reinforce stock ownership and aligns executive and shareholder interests.

While the Committee believes a significant portion of Named Executive Officers' total compensation should be linked to Cullen/Frost's stock price, no specific weighting is targeted for long-term incentive pay as a percentage of total compensation.

## Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

In its Fall 2010 meeting, the Committee reviewed the competitiveness of the long-term incentive program for the Named Executive Officers. External market data was once again heavily influenced by the unique economic environment. In reviewing peer data, the Committee observed:

The financial services industry continued to experience significant decreases in grant date fair value of long-term incentive awards made in 2009 versus prior years awards, largely due to declines in stock price; and

**Table of Contents**

An inability for many companies to close the gap created by the significant stock price declines relative to grant values due to the effects on run rates and dilution levels.

These combined factors resulted in significant decreases in long-term incentive award values as reflected in peer group data. Because Cullen/Frost did not experience a significant reduction in grant date fair value of long-term incentives, the Committee strongly considered these external factors, along with internal factors such as equity, performance, share usage, dilution and cost to determine the 2010 long-term incentive grants.

In its review, the Committee observed that long-term incentive awards to all Named Executive Officers were above the 50<sup>th</sup> percentile of external market data due primarily to stock price declines of peer companies. The Committee determined that it was critical to continue to place a strong emphasis on future financial performance and increasing shareholder value, while offering a competitive total rewards package. In 2010, the Committee, in its discretion, awarded the same number of shares of stock options and restricted stock/restricted stock units to the Named Executive Officers as was awarded in 2009. The desired mix of half stock options and half restricted stock/units was maintained, based on the estimated economic value of the awards. The actual awards granted in 2010 can be seen in the Summary Compensation Table and the Grants of Plan-Based Awards Table.

Historically, the Committee has generally approved and granted long-term incentive awards to the Named Executive Officers and any other designated employees at the Fall meeting or at the hire date of new designated employees, as applicable. Cullen/Frost maintains no policy, whether official or unofficial, for timing the granting of stock options or other equity-based awards in advance of the release of material nonpublic information. Our practice has been to grant long-term incentive awards on the date of the Fall Committee meeting.

**Table of Contents****Benefits**

Cullen/Frost provides a benefits package including health and welfare and retirement benefits to remain competitive with the market and to help meet the health and retirement security needs of our employees, including the Named Executive Officers. ### ***Perquisites***

Cullen/Frost uses perquisites for Named Executive Officers to provide a competitive offering and conveniences. Below is a brief summary of the perquisites provided and the rationale for their use:

#### ***Physical Examinations***

In order to ensure the continued health of our executive team, the Named Executive Officers were given the opportunity to undergo a thorough physical examination with the physician of their choice with the cost to be underwritten by Cullen/Frost.

#### ***Personal Financial Planning Services***

To ensure the continued financial stability of our executive team, and to help maximize the amount executives realize from our compensation programs, the Named Executive Officers were given the opportunity to engage a financial advisor of their choice to provide personal financial planning services with the cost to be underwritten by Cullen/Frost, subject to a cap.

#### ***Home Security Services***

To ensure the safety of our executive team, home security services are provided in certain instances.

#### ***Club Memberships***

Club memberships are provided to all the Named Executive Officers to be used at their discretion for both personal and business purposes. This provides the Named Executive Officers with the ongoing opportunity to network with other community leaders.

#### ***Use of Jet Aircraft***

Through a provider in the fractional aircraft industry, Cullen/Frost has acquired 200 hours per year of jet aircraft usage. These hours are used by Mr. Evans in connection with his extensive business travel requirements. This service is provided to Mr. Evans to reduce travel time and related disruptions and to provide additional security, thereby increasing his availability, efficiency, and productivity. Mr. Evans has been authorized to use a portion of these hours for non-business purposes, which should generally not exceed ten percent of the available hours annually. Mr. Evans did not use the jet aircraft for non-business purposes during 2010. Mr. Evans, along with Mr. Green, did incur imputed income by allowing family members to accompany them on business related travel. Imputed income rates are determined using the Standard Industry Fare Level (SIFL).

#### ***Life Insurance***

Group life insurance is provided to the Named Executive Officers with a death benefit equal to three times base salary earnings for the most recent year, not to exceed \$1,250,000 for Mr. Evans, Mr. Green, Mr. Beck, and Mr. Kardys. The death benefit for Mr. Bracher is two times base salary earnings for the most recent year, not to exceed \$1,250,000. In addition, an Executive Life Insurance Policy is maintained for Mr. Evans with a death benefit of \$1,000,000. See the All Other Compensation Table for more detail.

We do not pay tax reimbursements on perquisites.

The aggregate perquisite value received by each Named Executive Officer can be seen in the All Other Compensation Table.

**Table of Contents**

***Post-Termination Pay***

Cullen/Frost has change-in-control agreements with all the Named Executive Officers as well as other key employees of the Company. The main purposes of these agreements are to:

help executives evaluate objectively whether a potential change in control is in the best interests of shareholders;

help protect against the departure of executives, thus assuring continuity of management, in the event of an actual or threatened merger or change in control; and

provide compensation and benefits protection following a change in control that is comparable to the protections available from competing employers.

Under the agreements, Mr. Evans, Mr. Green, Mr. Beck and Mr. Kardys could receive severance payments of three times base salary and target bonus, and Mr. Bracher could receive severance payments of two times base salary and target bonus, if their position were terminated by Cullen/Frost within two years following a change-in-control, if the termination is for reasons other than Cause, death, disability or retirement.

Cause is generally defined in the agreements as an executive's (1) willful and continued failure to substantially perform his duties after delivery of a written demand for substantial performance; (2) willful engagement in conduct materially injurious to Cullen/Frost; or (3) conviction of a felony. The Committee established the change-in-control benefits at their current level to be competitive and to provide executives with a level of pay and benefits comparable to what they had immediately prior to a change-in-control.

Change-in-control is generally considered in the agreements to be:

an acquisition of beneficial ownership of 20 percent or more of Cullen/Frost Common Stock by an individual, corporation, partnership, group, association, or other person;

certain changes in the composition of a majority of the Board of Directors; or

certain other events involving a merger or consolidation of Cullen/Frost or a sale of substantially all of its assets.

Further, the change-in-control agreements provide that the Named Executive Officers could receive severance payments if they terminate their employment for Good Reason within two years following a change-in-control. Good Reason is generally considered in the agreements as one or more of the following:

a significant change or reduction in the executive's responsibilities;

an involuntary transfer of the executive to a location that is fifty miles farther than the distance between the executive's current residence and Cullen/Frost's headquarters;

a significant reduction in the executive's current compensation;

the failure of any successor to Cullen/Frost to assume the executive's change-in-control agreement; or

any termination of the executive's employment that is not effected pursuant to a written notice which indicates the reasons for the termination.

The change-in-control agreements also provide for a continuation of the welfare benefits of health care, life and accidental death and dismemberment, and disability insurance coverage for three years for Mr. Evans, Mr. Green, Mr. Beck and Mr. Kardys and for two years for Mr. Bracher following termination of employment without cause or for good reason, as well as a tax gross-up payment in an amount necessary to make the executive whole for any excise taxes paid as a result of the severance payments.

Upon a change-in-control, all stock options would immediately become exercisable and all the vesting restrictions would lapse on all outstanding restricted shares and restricted stock units.

## **Table of Contents**

Under the change-in-control agreements, a change-in-control would have no impact on benefits available to Named Executive Officers under the frozen retirement and retirement restoration plans.

The Committee believes that the change-in-control agreements are consistent with our objective to remain competitive with our executive compensation program, as compared to the external marketplace. The change-in-control agreements do not affect decisions to be made regarding other elements of compensation.

For detailed estimated payments upon a change-in-control, please see the Change-in-Control Payments Table.

There are no other severance policies or employment contracts in place for the Named Executive Officers. If any of the Named Executive Officers were to have their employment with Cullen/Frost severed, the Committee would make any post-termination pay determinations based on the individual situation(s).

### **Policy on 162(m)**

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction to \$1,000,000 in a taxable year for compensation paid to each covered employee of Cullen/Frost, which under Section 162(m), includes all the Named Executive Officers (other than our Chief Financial Officer), unless the compensation is performance based.

In order to preserve Cullen/Frost's tax deduction, the Committee approved the Cullen/Frost Bankers, Inc. Deferred Compensation Plan For Covered Employees. In the event that a covered employee's total compensation would exceed the amount deductible under Section 162(m), this plan allows the Committee, in its discretion, to defer cash components of the covered employee's compensation until the plan year after he or she ceases to be a covered employee or upon his or her death or disability. Currently, Mr. Evans is the only covered employee participating in the plan.

For 2010, non-deductible compensation for Mr. Evans totaled approximately \$1,070,000 and resulted primarily from compensation related to the vesting of restricted stock granted in 2006. As the only cash component of Mr. Evans's compensation subject to 162(m) is his base salary, the Committee did not in its discretion defer any of Mr. Evans's 2010 compensation.

### **Policy on Recovery of Awards**

Cullen/Frost currently has no written policy with respect to recovery of awards when financial statements are restated. However, in the event of a restatement Cullen/Frost would recover any awards as required by applicable law.

### **Conclusion**

We believe the 2010 Compensation Program was competitive from an external standpoint and equitable from an internal standpoint. In addition, we are satisfied that our objectives were met by the program. We fully anticipate continuing to administer an executive compensation program that is conservative, remaining consistent with our corporate philosophy.

1. This plan was frozen for new participants and benefit accrual for existing participants on December 31, 2001.
2. Because both the Retirement Plan and the Retirement Restoration Plan were frozen as of December 31, 2001, the number of years of credited service shown above for each Named Executive Officer is also as of that date. At the time these plans were frozen, Cullen/Frost adopted the defined contribution Profit Sharing Plan and the accompanying nonqualified Profit Sharing Restoration Plan.

3. See Note 11 to the Consolidated Financial Statements in Cullen/Frost's Annual Report on Form 10-K for the year ended December 31, 2010 for a discussion of the associated assumptions used in the calculation of the present value of the accumulated benefits.
  
4. Under the terms of the Retirement Plan, Mr. Evans, Mr. Green, Mr. Beck and Mr. Kardys are eligible for early retirement. Mr. Bracher will become eligible for early retirement during 2011. Eligibility for early retirement is defined as age 55 or older with five years of service.

## Table of Contents

### Profit Sharing Plan

On January 1, 2002, Cullen/Frost adopted a qualified profit-sharing plan that replaced its defined benefit plan. The Profit Sharing Plan is a tax-qualified defined contribution retirement plan that covers all employees, including the Named Executive Officers, who have completed at least one year of service, are age 21 or older, and are otherwise eligible for benefits. All contributions to the plan are made at the discretion of the Chief Executive Officer based upon Cullen/Frost's fiscal year profitability, and are not formula driven. Contributions are allocated to eligible participants pro rata, based upon compensation, age and other factors. Historically, contributions, subject to IRS limits, have approximated 2% of eligible salaries, which is generally defined as base salary plus cash incentives plus percentage adjustments for certain age levels. In addition, for those employees who attained the age of 45 prior to January 1, 2002 and who were participants in the now frozen Retirement Plan, an additional contribution, subject to IRS limits, is made based on age and years of service. Plan participants self-direct the investment of allocated contributions by choosing from a menu of investment options. Account assets are subject to withdrawal restrictions and participants vest in their accounts after three years of service. There were no distributions made during 2010 to the Named Executive Officers from the Profit Sharing Plan.

### Profit Sharing Restoration Plan

Cullen/Frost maintains a separate nonqualified profit sharing plan for certain employees whose participation in the tax-qualified Profit Sharing Plan is limited by IRS rules. Contributions to the Profit Sharing Restoration Plan are made using the same approach as contributions to the Profit Sharing Plan but for eligible compensation dollars earned in excess of IRS limits. Distributions under this plan are made at the same time and in the same form as under the Profit Sharing Plan. There were no distributions made during 2010 to the Named Executive Officers from the Profit Sharing Restoration Plan.

### Retirement Plan

The tax-qualified Retirement Plan for Employees of Cullen/Frost Bankers, Inc. and its Affiliates (as amended and restated), is a defined benefit plan that was frozen on December 31, 2001. This frozen plan provides, subject to IRS limits, a monthly benefit based on a formula-driven percentage of an eligible employee's final average compensation, based on the highest three years of compensation in the last ten years of service prior to January 1, 2002, and years of credited service as of that date. Participants in this plan are fully vested in their accrued benefits upon attaining age 65 or after five years of service, whichever occurs first.

### Retirement Restoration Plan

The nonqualified Restoration of Retirement Income Plan for Participants in the Retirement Plan for Employees of Cullen/Frost Bankers, Inc. and its Affiliates (as amended and restated), which was also frozen on December 31, 2001, exists to provide benefits comparable to the Retirement Plan for those named employees whose participation in the Retirement Plan is limited by IRS rules.

### SERP

Cullen/Frost maintains a nonqualified Supplemental Executive Retirement Plan (SERP) to provide target retirement benefits, as a percentage of annual cash compensation, defined as base salary earnings plus bonus earnings, beginning at age 55 for Mr. Evans. The target percentage is 45% of annual cash compensation at age 55, increasing to 60% at age 60 and later. Benefits under the SERP are reduced dollar-for-dollar by benefits received under the Retirement Plan, the Retirement Restoration Plan, and any Social Security benefits. SERP benefits will also be reduced by the annuity equivalent of any account balance in the Profit Sharing Plan and the Profit Sharing Restoration Plan at retirement.

**Table of Contents****401(k) Plan**

Cullen/Frost maintains a 401(k) Plan that permits each participant to make before- or after-tax contributions in an amount not less than 2% of eligible compensation and not exceeding 20% of eligible compensation and subject to dollar limits from IRS rules. Cullen/Frost matches 100% of the employee's contributions to the plan based on the amount of each participant's contributions up to a maximum of 6% of eligible compensation. Eligible employees must complete 90 days of service in order to enroll and vest immediately in Cullen/Frost's matching contributions. Cullen/Frost's matching contribution is initially invested in Cullen/Frost Common Stock. However, employees may immediately reallocate Cullen/Frost's matching portion, as well as invest their individual contribution in a variety of investment alternatives offered under the 401(k) Plan.

**Thrift Incentive Plan**

Cullen/Frost maintains a nonqualified thrift incentive plan for certain employees whose participation in the 401(k) Plan is limited by IRS rules as an alternative means of receiving comparable benefits. Cullen/Frost uses a similar approach to contributions to the Thrift Incentive Plan as used in the 401(k) Plan, matching 100% of the employee's contributions to the plan based on the amount of each participant's contributions up to a maximum of 6% of base salary only. Amounts are distributed to participants at the end of each calendar year.

***Nonqualified Deferred Compensation Plan***

In order to help preserve Cullen/Frost's tax deduction under Section 162(m) of the Internal Revenue Code, the Committee has approved a nonqualified Deferred Compensation Plan for the Chief Executive Officer and the next three highest paid executive officers, (other than the Chief Financial Officer), of Cullen/Frost (the Covered Employees). This plan requires that certain components of the compensation of a Covered Employee that would exceed the deductible amount under Section 162(m) of \$1,000,000 be deferred until the plan year after he or she ceases to be a Covered Employee or until his or her death or disability. Interest is accrued for account balances in this plan at prime rate. Mr. Evans is the only Covered Employee participating in the plan. Payments made to Mr. Evans under the Non-equity Incentive Plan are excluded from the provisions of Section 162(m). Therefore, during 2010, there were no deferrals made on Mr. Evans's behalf. Details regarding Mr. Evans's participation in the plan are set forth in the following table:

***2010 Nonqualified Deferred Compensation Table***

**Table of Contents****Potential Payments on Termination**

Under the existing change-in-control agreements, each Named Executive Officer could receive severance payments representing a multiple of base salary and target bonus plus a prorated bonus payment if his position were terminated by Cullen/Frost within two years following a change-in-control. Multiples are shown below:

Richard W. Evans, Jr.	Three Times
Phillip D. Green	Three Times
David W. Beck, Jr.	Three Times
Richard Kardys	Three Times
Paul Bracher	Two Times

The severance payment would be made in a lump sum. In addition, the plan calls for a continuation of welfare benefits for three years, and two years in the case of Mr. Bracher, as discussed previously in the Compensation Discussion and Analysis. Where applicable, any potential payments under the change-in-control agreements would be made in compliance with Section 409(A) of the Internal Revenue Code, which may require certain payments made on separation of service to be deferred for six months. The existing agreements also provide for a tax gross-up payment in an amount necessary to make the executive whole for any excise taxes paid as a result of the severance payments and benefits and any accelerated vesting of equity-based awards in connection with a change in control. As shown in the table below, as of December 31, 2010, there would have been no excise tax or related tax gross-up payment made had there been a change-in-control.

There are no other severance policies or employment contracts in place for the Named Executive Officers and, generally, vesting of unvested stock options and restricted stock/restricted stock unit awards will not accelerate upon termination other than in the event of a change-in-control or in certain circumstances following retirement of the Named Executive Officer after attaining the age of 65.

For calculation purposes the change-in-control and termination of employment are assumed to have occurred on December 31, 2010, the last business day of the year. The closing price of the stock on December 31, 2010, \$61.12, was used to calculate the value of the Unvested Stock Option Spread and the value of the Unvested Restricted Stock Awards and Unvested Restricted Stock Units.

## Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

2. The amounts shown above represent the difference between the grant price and the closing market price on December 31, 2010 on the unvested shares of stock options along with the value of all unvested restricted shares/units as of December 31, 2010 using the closing market price on December 31, 2010, which was \$61.12.

**Table of Contents**

3. The amounts shown above represent the value of any perquisites and other personal benefits and health and welfare benefits.
4. Based on the assumptions described above, none of the payments and benefits that would have been payable to the Named Executive Officers under the change-in-control agreements or other plans would have exceeded the Internal Revenue Code Section 280G safe harbor limit. As a result, the payments and benefits described above would not have been subject to an excise tax under Internal Revenue Code Section 4999. Accordingly, no excise tax gross-up payments would have been payable under the change-in-control agreements. As discussed in the preceding narrative, all elements of severance pay and benefits available to the Named Executive Officers under the change-in-control agreements are attributable to double trigger arrangements.

**CERTAIN TRANSACTIONS AND RELATIONSHIPS**

Some of the Directors and executive officers of Cullen/Frost, and some of their associates, are current or past customers of one or more of Cullen/Frost's subsidiaries. Since January 1, 2010, transactions between these persons and such subsidiaries have occurred, including borrowings. In addition, the offices of the Hulen Financial Center of Frost Bank in Fort Worth, Texas are leased on a long-term basis from 4200 South Hulen Partners, L.P., a Texas limited partnership, of which Mr. R. Denny Alexander, a Director of Cullen/Frost, owns a 13.3% interest

## Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

and is the managing general partner. During 2010, lease payments of \$851,923 were made by Frost Bank and Frost Insurance Agency, Inc. to 4200 South Hulen Partners, L.P. Also, the offices of the North Hulen Motor Bank of Frost Bank in Fort Worth, Texas are leased on a long-term basis from Edwards Geren Limited, a Texas limited partnership, of which Mr. Crawford H. Edwards, a Director of Cullen/Frost, is a limited partner with a 0.2% interest. During 2010, lease payments of \$34,100 were made by Frost Bank to Edwards Geren Limited. Additionally, three siblings of Patrick B. Frost serve in non-executive positions of The Frost National Bank and received cash compensation in 2010 in an aggregate amount of approximately \$690,000. In addition, they received stock option grants with an aggregate grant date fair value of approximately \$152,000. The compensation of Mr. Frost's siblings is in accordance with the company's employment and compensation practices applicable to employees with equivalent qualifications and responsibilities and holding similar positions. Mr. Frost does not have a material interest in the employment relationships of his siblings nor do any of them share a household with Mr. Frost. In the opinion of management, all of the foregoing transactions,

## **Table of Contents**

including borrowings, have been in the ordinary course of business, have had substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the lender, and did not involve more than the normal risk of collectability or present other unfavorable features. Additional transactions may take place in the future.

### **Policies and Procedures for Review, Approval or Ratification of Related Person Transactions**

The Board of Directors has adopted a written related-party transaction policy. Cullen/Frost regularly monitors its business dealings and those of its Directors and executive officers to determine whether any existing or proposed transactions would constitute a related-party transaction requiring approval under this policy. In addition, our Code of Business Conduct and Ethics requires Directors and executive officers to notify Cullen/Frost of any relationships or transactions that may present a conflict of interest, including those involving family members. Our Directors and executive officers are also required to complete a questionnaire on an annual basis designed to elicit information regarding any such related-party transactions.

When Cullen/Frost becomes aware of a proposed or existing transaction with a related party, Cullen/Frost's Corporate Counsel/Corporate Secretary, in consultation with management and external counsel, as appropriate, determines whether the transaction would constitute a related-party transaction requiring approval under this policy. If such a determination is made, management and Cullen/Frost's Corporate Counsel/Corporate Secretary, in consultation with external counsel, determine whether, in their view, the transaction should be permitted, whether it should be modified to avoid any potential conflict of interest, whether it should be terminated, or whether some other action should be taken. Such action is then referred to Cullen/Frost's Corporate Governance and Nominating Committee at its next meeting (or earlier, if appropriate), for review and final determination as it deems appropriate.

In determining whether to approve a related-party transaction, the Corporate Governance and Nominating Committee will consider, among other factors, the following:

whether the terms of the transaction are fair to Cullen/Frost and on the same basis as would apply if the transaction did not involve a related party;

whether there are business reasons for Cullen/Frost to enter into the transaction;

whether the transaction would impair the independence of an outside director; and

whether the transaction would present an improper conflict of interest for any related party of Cullen/Frost, taking into account the size of the transaction, the overall financial position of the related party, the direct or indirect nature of the related party's interest in the transaction, and the ongoing nature of any proposed relationship.

Any member of the Corporate Governance and Nominating Committee who has an interest in the transaction under discussion will abstain from voting on the approval of the transaction, but may, if so requested by the Chairperson of the Committee, participate in some or all of the Committee's discussions of the transaction.

## **SELECTION OF AUDITORS**

### **(Item 2 On Proxy Card)**

The Board of Directors recommends that the shareholders of Cullen/Frost ratify the selection of Ernst & Young LLP, certified public accountants, as independent auditors of Cullen/Frost. Ernst & Young LLP have audited the financial statements of Cullen/Frost since 1969.

## Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

Neither Cullen/Frost's Articles of Incorporation nor its Bylaws require that the shareholders ratify the selection of Ernst & Young LLP as its independent auditors. Cullen/Frost is doing so because it believes it is a matter of good corporate practice. Should the shareholders not ratify the selection, the Audit Committee will

**Table of Contents**

reconsider its determination to retain Ernst & Young LLP, but may elect to continue to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that the change would be in the best interests of Cullen/Frost and its shareholders.

The following table provides information on fees paid by Cullen/Frost to Ernst & Young LLP.

*Fees Paid To Independent Auditors*

	<b>2010</b>	<b>2009</b>
Audit Fees <sup>(1)</sup>	\$ 752,250	\$ 800,300
Audit-Related Fees <sup>(2)</sup>	\$ 106,220	\$ 136,635
Tax Fees <sup>(3)</sup>	\$ 22,700	\$ 14,250
All Other Fees	\$ 0	\$ 0
<b>Total Fees</b>	<b>\$ 881,170</b>	<b>\$ 951,185</b>

- (1) Audit fees include fees for the audit of management's assessment of the effectiveness of Cullen/Frost's internal control over financial reporting.
- (2) Audit-related fees are fees for audits of employee benefit plans and internal control reviews of Trust Department operations.
- (3) Tax fees are fees for review of the tax return, preparation of the Form 5500 for the employee retirement plan, and consultation and technical advice on tax matters.

The Audit Committee pre-approves each audit and non-audit service provided to Cullen/Frost by Ernst & Young LLP. Pursuant to the Audit Committee's charter, the Audit Committee has delegated to each of its members the authority to pre-approve any audit or non-audit service to be performed by the independent auditors, provided that any such approvals are presented to the Audit Committee at its next scheduled meeting.

Representatives from Ernst & Young LLP are not expected to be present at the Annual Meeting. If any shareholder desires to ask Ernst & Young LLP a question, management will ensure that the question is sent to Ernst & Young LLP and that an appropriate response is made directly to the shareholder.

**NONBINDING APPROVAL OF EXECUTIVE COMPENSATION****(Item 3 On Proxy Card)**

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) requires that issuers permit a separate nonbinding say on pay shareholder vote to approve the compensation of executives. This proposal gives shareholders the opportunity to vote for or against the following resolution:

RESOLVED, that the compensation paid to the Cullen/Frost Bankers, Inc.'s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

## Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

Your vote is advisory, which means it will not be binding upon the Board of Directors and will not overrule any decision by the Board of Directors. However, the Compensation Committee may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.

We encourage you to carefully review the Compensation Discussion and Analysis and 2010 Compensation sections of this proxy statement for a detailed discussion of the Company's executive compensation program.

Our compensation policies and procedures are designed to pay for performance in a way that is strongly aligned with the long-term interests of our shareholders. The Compensation and Benefits Committee, which is

## **Table of Contents**

composed entirely of independent Directors, in consultation with a leading human resources consulting firm, oversees our executive compensation program. (For more information regarding the Compensation and Benefit Committee's use of consultants, please see Role of Compensation Consultants on page 17, above.) The Committee continually monitors our policies to ensure that they continue to reward executives for results that are consistent with shareholder interests and strong risk management.

Our Board of Directors and our Compensation and Benefits Committee believe that our commitment to these responsible compensation practices justifies a vote by shareholders FOR the resolution approving the compensation of our executives as disclosed in this proxy statement.

The Board of Directors recommends you vote FOR this Proposal 3.

## **FREQUENCY OF NONBINDING APPROVALS OF EXECUTIVE COMPENSATION**

### **(Item 4 On Proxy Card)**

The Dodd-Frank Act also requires that issuers permit a separate nonbinding shareholder vote to determine how often future say-on-pay proposals, in the form of Proposal 3 in this proxy statement, should take place: every year, every two years or every three years.

This proposal gives shareholders the opportunity to vote for a frequency of every one year, every two years or every three years in response to the following resolution:

RESOLVED, that shareholders of Cullen/Frost Bankers, Inc. indicate, by their vote on this resolution, whether the vote on executive compensation required by Rule 14a-21(a) should take place every one year, every two years or every three years.

The Board of Directors recommends you vote in favor of the advisory vote on executive compensation taking place every year. The Board of Directors values the input of its shareholders on compensation.

## **AUDIT COMMITTEE REPORT**

The purpose of the Audit Committee is to assist the Board of Directors in its oversight of: (i) the integrity of Cullen/Frost's financial statements; (ii) Cullen/Frost's compliance with legal and regulatory requirements; (iii) the independent auditors' qualifications and independence; and (iv) the performance of the independent auditors and Cullen/Frost's internal audit function. The Audit Committee operates pursuant to a written charter that is available at [www.frostbank.com](http://www.frostbank.com) or in print by contacting the Corporate Secretary, Stan McCormick, at 100 West Houston Street, San Antonio, Texas 78205. The Committee met six times in 2010. The Board has determined that each member of the Audit Committee is independent within the meaning of the NYSE's rules and the SEC's rules. The Board has also determined that each member of the Audit Committee is financially literate and that at least one member of the Audit Committee has accounting or related financial management expertise, in each case within the meaning of the NYSE's rules. In addition, the Board has determined that Mr. Ruben M. Escobedo is an audit committee financial expert within the meaning of the SEC's rules.

Management of Cullen/Frost is responsible for the preparation, presentation, and integrity of Cullen/Frost's financial statements, for the effectiveness of internal control over financial reporting, and for the maintenance of appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing Cullen/Frost's financial statements, for expressing an opinion as to conformity with generally accepted accounting principles, and for auditing management's assessment of internal control over financial reporting. Members of the Audit Committee are not full-time employees of Cullen/Frost and are not, and do not represent themselves to be, performing the functions of auditors or accountants. Accordingly, as described above, the Audit Committee provides oversight of the responsibilities of management and the independent auditors.

**Table of Contents**

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 114, *The Auditor's Communications With Those Charged With Governance*, as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Public Company Accounting Oversight Board's Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*, as currently in effect, and has discussed with the independent auditors the independent auditors' independence.

Based upon the reviews and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in its charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Cullen/Frost's Annual Report on Form 10-K for the year ended December 31, 2010 to be filed with the Securities and Exchange Commission.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934 requires Cullen/Frost's Directors and executive officers to file reports with the Securities and Exchange Commission and the NYSE relating to their ownership and changes in ownership of Cullen/Frost's Common Stock. Based on information provided by Cullen/Frost's Directors and executive officers and a review of such reports, Cullen/Frost believes that all required reports were filed on a timely basis during 2010, except that Mr. Ruben Escobedo made a one day late filing with respect to a sale of shares. Mr. Crawford H. Edwards made a two day late filing with respect to shares sold from the Caswell Overton Edwards, III Living Trust for the benefit of Mr. Edwards's brother.

**SHAREHOLDER PROPOSALS**

To be eligible under the Securities and Exchange Commission's shareholder proposal rule (Rule 14a-8) for inclusion in Cullen/Frost's proxy statement, proxy card, and presentation at Cullen/Frost's 2012 Annual Meeting of Shareholders (currently scheduled to be held on April 26, 2012), a proper shareholder proposal must be received by Cullen/Frost at its principal offices no later than November 19, 2011. For a proper shareholder proposal submitted outside of the process provided by Rule 14a-8 to be eligible for presentation at Cullen/Frost's 2012 Annual Meeting, timely notice thereof must be received by Cullen/Frost not less than 60 days nor more than 90 days before the date of the meeting (for an April 26, 2012 meeting, the date on which the 2012 Annual Meeting is currently scheduled, notice is required no earlier than January 27, 2012 and no later than February 26, 2012). The notice must be in the manner and form required by Cullen/Frost's Bylaws. If the date of the 2012 Annual Meeting is changed, the dates set forth above may change.

**OTHER MATTERS**

Management of Cullen/Frost knows of no other business to be presented at the meeting. If other matters do properly come before the meeting, the enclosed proxy confers discretionary authority on the persons named as proxies to vote the shares represented by the proxy as to those other matters.

By Order of the Board of Directors,
