A: This Proxy Statement describes the proposals upon which you, as a Shareholder, will vote. It also gives you information on the proposals, as well as other information so that you can make an informed decision.

Q: What is the Proxy?

A: The Proxy enables you to appoint Jimmy S.H. Lee and David M. Gandossi as your representatives at the Meeting. By completing and returning the Proxy, you are authorizing Mr. Lee and Mr. Gandossi to vote your Shares at the Meeting as you have instructed them on the Proxy. Q: What does it mean if I receive more than one Proxy?

A: It means that you hold Shares in multiple accounts. Please complete and return all Proxies to ensure that all your Shares are voted in accordance with your instructions.

Q: What if I change my mind after returning my Proxy?

A: If you are a registered Shareholder, you may revoke your Proxy and change your vote at any time before it is voted at the Meeting. You may do this by:

 sending a signed notice of revocation of proxy to our registrar and transfer agent at the address set out above stating that the Proxy is revoked; or

 voting at the Meeting.

Your Proxy will not be revoked if you attend the Meeting but do not vote.

If you own your Shares through a broker or other nominee and wish to change your vote, you must send those instructions to your broker or nominee.

Q: Will my Shares be voted if I do not sign and return my Proxy?

A: If your Shares are registered in your name, they will not be voted unless you submit your Proxy or vote in person at the Meeting. If your Shares are held in street name, your broker/dealer or other nominee will not have the authority to vote your Shares unless you provide instructions.

Q: Who will count the votes?

A: Agents of the Company will tabulate the Proxies. Additionally, votes cast by Shareholders voting in person at the Meeting are tabulated by a person who is appointed by our management before the Meeting.

Q: How many Shares must be present to hold the Meeting?

A: To hold the Meeting and conduct business, at least one-third of the outstanding Shares entitled to vote at the Meeting must be present at the Meeting. This is called a quorum.

Votes are counted as present at the Meeting if a Shareholder either:

is present and votes in person at the Meeting; or

has properly submitted a Proxy.

Abstentions and broker non-votes (Shares held by a broker/dealer or other nominee that are not voted because the broker/dealer or other nominee does not have the authority to vote on a particular matter) will be counted for the purposes of a quorum.

Q: How many votes are required to elect directors?

A: The affirmative vote of a majority of the Shares voted at the Meeting is required to elect our directors. However, our corporate governance guidelines, referred to as the Governance Guidelines, provide that in uncontested directors elections any nominee for director who receives a greater number of votes Withheld for his or her election than votes For such election (a Majority Withheld Vote) will promptly tender his or her resignation as a director to our Governance and Nominating Committee which will, without participation of any director so tendering his or her resignation, consider the resignation offer

Table of Contents

and recommend to the Board whether to accept it. The Board, without participation by any director so tendering his or her resignation, will act on the Governance and Nominating Committee's recommendation within 90 days following certification of the Shareholder vote. We will promptly issue a press release disclosing the Board's decision and, if the Board rejects the resignation offer, its reasons for such decision. We will also promptly disclose this information in a Securities and Exchange Commission (SEC) filing.

Q: How many votes are required to adopt the other proposals?

A: The ratification of the appointment of PricewaterhouseCoopers LLP and the non-binding approval of the compensation of our executive officers named herein will require the affirmative vote of a majority of the Shares represented at the Meeting and entitled to vote thereon.

Q: What is the effect of withholding votes or abstaining ?

A: You can withhold your vote for any nominee in the election of directors. Withheld votes will be excluded entirely from the vote and will have no effect on the outcome (other than potentially triggering the director resignation requirements set forth in our Governance Guidelines and as described above). On other proposals, you can Abstain . If you abstain, your Shares will be counted as present at the Meeting for purposes of that proposal and your abstention will have the effect of a vote against the proposal.

Q: How are votes counted?

A: You may vote For or Withhold your vote on the proposal to elect directors. You may vote For or Against or Abstain on the proposals to ratify the selection of our independent auditors and approve the compensation of our executive officers named herein. If you withhold or abstain from voting on a proposal, it will have the practical effect of voting against the proposal.

If you sign and return your Proxy without voting instructions, your Shares will be voted in accordance with the Board's recommendations for the proposals described in this Proxy Statement.

Q: Could other matters be discussed at the Meeting?

A: We do not know of any other matters to be brought before the Meeting other than those referred to in this Proxy Statement. If other matters are properly presented at the Meeting for consideration, the persons named in the Proxy will have the discretion to vote on those matters on your behalf.

Q: Where and when will I be able to find the voting results?

A: You can find the official results of voting at the Meeting in a current report on Form 8-K filed with the SEC within four business days of the Meeting.

Q: Do you have plans to allow Shareholders to access an on-line copy of the proxy materials, rather than sending them paper copies?

A: SEC rules allow companies to mail their shareholders a notice that their proxy materials can be accessed over the internet, instead of sending a paper copy of the proxy statement and annual report. We have decided not to adopt this delivery method for the

Edgar Filing: MERCER INTERNATIONAL INC. - Form DEF 14A

Meeting. We are considering how to realize the cost savings opportunity and environmental benefits of this option while still maintaining a meaningful and convenient proxy process for our Shareholders.

The persons identified below are nominated to be elected at the Meeting for the ensuing year. Except for Keith Purchase, all of the following eight nominees are currently directors of the Company previously elected by Shareholders. Despite the expiration of a director's term, the director shall continue to serve until the director's successor is elected and qualified or until there is a decrease in the number of directors. If for any unforeseen reason any of the nominees for director declines or is unable to serve, Proxies will be voted for the election of such other person or persons as shall be designated by the directors. Proxies received which do not specify a choice for the election of the nominees will be voted FOR each of the nominees.

Our Governance and Nominating Committee believes that the following nominees represent a desirable mix of backgrounds, skills and experiences. Additionally, the Governance and Nominating Committee believes that the specific leadership skills and other experiences of the nominees described below, particularly in the areas of forest products, senior executive leadership, financial accounting/reporting, public company board experience, investment management, capital markets and finance, provide the Company with the perspectives and judgment necessary to guide our strategies and monitor their execution.

Set forth below is certain information furnished to us by the director nominees. There are no family relationships among any of our current directors or executive officers. None of the corporations or other organizations referenced in the biographical information below is a parent, subsidiary or other affiliate of the Company.

We believe that our directors should satisfy a number of qualifications, including demonstrated integrity, a record of personal accomplishments, a commitment to participation in board activities and other traits discussed below in "Our Director Nominations Process". Following the biographical information for each director nominee, we describe the key experience, qualifications and skills our directors bring to the Board that, for reasons discussed below, are important in our business. The Board considered these experiences, qualifications and skills and the directors' other qualifications in determining to recommend that the directors be nominated for election.

Forest products experience. We seek directors who have knowledge of and experience in the forest products industry, which is useful in understanding the fiber procurement, mill pulp and energy production, logistics and sales aspects of our business.

Senior leadership experience. We believe that it is important for our directors to have served in senior leadership roles at other organizations, which demonstrates strong abilities to motivate and manage others, to identify and develop leadership qualities in others and to manage organizations.

Public company board experience. Directors who have served on other public company boards can offer advice and guidance with respect to board functions, oversight and leadership, the relationship between the board and management and other matters, including corporate governance, executive compensation and oversight of strategic, operational and compliance-related matters.

Capital markets experience. Directors who have capital markets experience can offer advice and perspective on investor expectations and perspectives, capital raising, financing strategic transactions, including mergers and acquisitions and financial statements and financial reporting matters.

International business experience. We operate internationally and all of our employees are outside the United States and a majority are outside of North America. Accordingly, international business experience is desirable for our directors to have.

Majority Withheld Policy in Uncontested Director Elections

In order to provide Shareholders with a meaningful role in the outcome of director elections, our Board has adopted a provision on voting for directors in uncontested elections as part of our Governance Guidelines. In general, this provision provides that any nominee in an uncontested election who receives more votes Withheld for his or her election than votes For his or her election must promptly tender an offer of resignation following certification of the Shareholder vote to our Governance and Nominating Committee which will, without the participation of any director so tendering his or her resignation, consider the resignation and recommend to the Board whether to accept the resignation offer. The Board, without the participation of any director so tendering his or her resignation, will act on the Governance and Nominating Committee's recommendation within 90 days following certification of the Shareholder vote. Any such tendered resignation will be evaluated in the best overall interests of the Company and its Shareholders. Our Board's decision will be disclosed in a Form 8-K furnished by the Company to the SEC within four business days of the decision. If our Board decides to turn down the tendered resignation, or to pursue any additional action (as described above or otherwise), then the Form 8-K will disclose the Board's reasons for doing so. If each member of the Governance and Nominating Committee receives a Majority Withheld Vote at the same election, then the independent directors who did not receive a Majority Withheld Vote will act as a committee to consider the resignation offers and recommend to the Board whether to accept them. Any director who offers to resign pursuant to this provision will not participate in any actions by either the Governance and Nominating Committee or the Board with respect to accepting or turning down his or her own resignation offer. The complete terms of this provision are included in our Governance Guidelines which can be found at the Governance link on our website at www.mercerint.com.

Table of Contents**CORPORATE GOVERNANCE AND BOARD MATTERS****Governance Guidelines**

Our Governance Guidelines are intended to provide a set of guidelines to assist the Board in ensuring that the Company adheres to proper standards of good governance, and are reviewed regularly and revised as necessary or appropriate in response to changing regulatory requirements and evolving best practices. Our Governance Guidelines are available on our website at www.mercerint.com under Governance .

Board Meetings and Attendance

Our Governance Guidelines provide for: (i) the duties and responsibilities of the Board, its committees and the officers of the Company; and (ii) practices with respect to the holding of regular quarterly and strategic meetings of the Board including separate meetings of non-employee directors.

Each current member of the Board attended at least 75% of all meetings of our Board and of the committees of the Board on which they served in 2011. Although we do not have a formal policy with respect to attendance of directors at our annual meetings, all directors are encouraged and expected to attend such meetings if possible. All of our directors attended the annual meeting held in June 2011.

Current committee membership and the number of meetings of our full Board and committees held in 2011 are shown in the table below:

(2) Upon Mr. Shields' resignation from our Board, the Board appointed Eric Lauritzen our Lead Director and Chair of the Governance and Nominating Committee.

Our committee meetings are open to all directors, who often voluntarily attend all Board committee meetings.

Affirmative Determination Regarding Director Independence

The NASDAQ listing standards require that a majority of the members of a listed company's board of directors be independent. Based upon the NASDAQ rules, our Board has determined that each current member and nominee, other than our Chief Executive Officer, Mr. Lee, is independent.

Executive Sessions of Independent Directors and Lead Director

Executive sessions of non-employee directors without the presence of management are held regularly, generally before Board meetings, to review, among other things, the criteria upon which the performance of

Table of Contents

senior officers is based, the Company's governance practices, the reports of our independent registered chartered accountants and any other relevant matters. The lead director of our Board (the Lead Director), with input from our other non-employee directors, develops the agenda for and presides over these meetings. Meetings are also held formally and informally from time to time with our Chief Executive Officer for general discussions of relevant subjects. All of our non-employee directors are independent under applicable laws and regulations and the listing standards of NASDAQ. In 2011, the independent Board members met five times.

Kenneth Shields served as our Lead Director during 2011. Upon Mr. Shields' resignation from the Board in January 2012, Mr. Lauritzen was appointed by the Board to serve as the Chair of our Governance and Nominating Committee and as our Lead Director.

Board Leadership Structure

The Governance and Nominating Committee, which is made up entirely of independent directors, is responsible for the continuing review of the governance structure of the Board, and for recommending to the Board governance structures and practices best suited to the Company's particular situation. The Governance and Nominating Committee determines what leadership structure it deems appropriate, based on factors such as experience of the applicable individuals and the current business environment.

Currently, the Governance and Nominating Committee has determined that having our Chief Executive Officer also serve as Chairman of the Board is in the best interests of Shareholders. Given Mr. Lee's in-depth knowledge of our business, his leadership in formulating and implementing strategic initiatives and the current regulatory and market environment, both the Governance and Nominating Committee and the Board as a whole believe that having one leader serving as both Chairman and Chief Executive Officer provides the most decisive and effective leadership. Further, having a combined Chairman and Chief Executive Officer enables the Company to speak with a unified voice to Shareholders, employees, governmental and regulatory agencies and other stakeholders. Additionally, since Mr. Lee has served as our Chief Executive Officer for the past 20 years and was instrumental in the Company's development, the Board believes that this current leadership structure is optimal for the Company because it provides the Company with strong, consistent leadership.

In considering its leadership structure, the Board has taken a number of factors into account. In particular, the Governance and Nominating Committee has sought to ensure that independent backgrounds and opinions dominate both the Board and the Board's committees. Consequently, the Board, which consists of all independent directors, other than Mr. Lee, who are highly qualified and experienced, exercises a strong, independent oversight function. This oversight function is enhanced by the fact that all of the chairs of our Board committees are independent directors, and the Audit Committee, Compensation and Human Resources Committee and Governance and Nominating Committee are composed entirely of independent directors. Further, as described herein, under the leadership of our Lead Director, our independent directors also meet separately to discuss a variety of matters affecting the Company.

As specified in our Governance Guidelines, the Board has also designated one of its independent members as Lead Director. The role of the Lead Director is to provide leadership to non-employee directors on the Board and to ensure that the Board can operate independently of management and that directors have an independent leadership contact. Specifically, the Lead Director has significant responsibilities, including:

ensuring that the Board has adequate resources to support its decision-making process and is appropriately approving strategy and supervising management;

establishing procedures to govern the Board's work;

developing agendas and timetables for Board and committee meetings;

annually reviewing the effectiveness of the Board and committees;

leading and assisting the Board in the discharge of its duties and responsibilities;

Table of Contents

ensuring that independent directors have adequate opportunities to meet and discuss without management present;

chairing meetings of the Board when the Chairman is not in attendance;

ensuring delegated committee functions are carried out and reported to the Board;

servicing as a liaison between the Chief Executive Officer and the independent directors;

being the senior spokesman for the Board on governance matters and executive management compensation matters; and

ensuring that the Board receives adequate and regular updates from the Chief Executive Officer on all issues important to the welfare and future of the Company.

Most significantly, the position of Lead Director comes with a clear mandate and significant authority. While the Lead Director is elected annually, in order to provide consistency and continuity, it is generally expected that he or she will serve for more than one year. Kenneth Shields served as Lead Director from 2003 until his resignation from the Board in January 2012. Upon Mr. Shields' resignation, the Board appointed Eric Lauritzen as its Lead Director in January 2012.

The Board believes that our leadership structure of combining the Chairman and Chief Executive Officer roles as part of a governance structure that includes a Lead Director, plus the exercise of key board oversight responsibilities by independent directors, is appropriate for the Company at this time.

Committees of the Board

Our Board currently has four standing committees: the Audit Committee, the Compensation and Human Resources Committee, the Environmental, Health and Safety Committee and the Governance and Nominating Committee. Each committee operates under a written charter which is part of our Governance Guidelines and available on our website at www.mercerint.com under "Governance".

Audit Committee

The NASDAQ rules require our Audit Committee to be comprised only of independent directors. The Audit Committee currently consists of three directors and our Board has determined that all three current members meet the independence requirements of the NASDAQ rules. The current members of the Audit Committee are Messrs. McCartney, Adams and Shepherd. Our Board has also determined that Mr. McCartney qualifies as an "audit committee financial expert" as defined in applicable SEC rules and applicable NASDAQ listing standards.

Our Audit Committee oversees, on behalf of the Board, our corporate accounting, financial reporting process and systems of internal accounting and financial controls. For this purpose, the primary responsibilities of our Audit Committee are to:

Meet with and review the results of the annual audit performed by the independent public accountants and the results of their review of our quarterly financial statements;

Recommend the selection of independent public accountants; and

All such information is provided to the Board. The full Board has the primary responsibility to develop succession plans for the position of Chief Executive Officer.

Our Director Nominations Process

Our Board is responsible for approving candidates for Board membership. The Board has delegated the screening and recruitment process to our Governance and Nominating Committee in consultation with our Chairman and Chief Executive Officer.

Criteria for Directors

Our Governance and Nominating Committee believes that certain criteria should be met by director nominees to ensure effective corporate governance, support the Company's strategies and businesses, account for individual director attributes and the effect of the overall mix of those attributes on the Board's effectiveness, and support the successful recruitment of qualified candidates for the Board. Qualified candidates are those who, in the judgment of the Governance and Nominating Committee, possess certain personal attributes and a sufficient mix of experience and related attributes to assure effective service on the Board. The personal attributes of director nominees that the Governance and Nominating Committee considers include:

Integrity. Each candidate shall be an individual who has demonstrated integrity and ethics in his or her personal and professional life and has established a record of professional accomplishment in his or her chosen field;

Edgar Filing: MERCER INTERNATIONAL INC. - Form DEF 14A

Experience. Each candidate should possess professional and personal experiences and expertise relevant to our goal of being one of the world's leading NBSK pulp producers, as well as the goal of being a significant producer of green energy. At this stage of our development, relevant experiences might include, among other things, forest products CEO experience, international experience, other public company board experience, and relevant senior-level expertise in one or more of the following areas: forest products or pulp mills, capital markets, finance and accounting.

Independence. No candidate, or family member (as defined in NASDAQ rules) or affiliate or associate (as defined in federal securities laws) of a candidate, shall have any material personal, financial or professional interest in any present or potential competitor of the Company;

Active Participation. Each candidate must be prepared to participate fully in Board activities, including active membership on at least one Board committee and attendance at, and active participation in, meetings of the Board and the committee(s) of which he or she is a member, and not have other personal or professional commitments that would, in the Governance and Nominating Committee's sole judgment, interfere with or limit his or her ability to do so;

Best Interests of All Shareholders. Each candidate must be prepared to represent the best interests of all Shareholders and not just one particular constituency;

Collegiality. Each candidate should contribute positively to the existing chemistry and collegial culture among Board members; and

Diversity. Each candidate should contribute to the Board's overall diversity (diversity being broadly construed to mean a variety of viewpoints, perspectives, personal and professional experiences and backgrounds, such as nationality, gender and ethnicity differences).

Processes for Identifying Director Candidates

Our Governance and Nominating Committee has two principal methods for identifying potential Board candidates (other than those proposed by Shareholders, as discussed below). First, such Committee solicits ideas for possible candidates from a number of sources, including other members of the Board, senior executives, individuals personally known to Board members and research. Additionally, the Governance and Nominating Committee may, from time to time, use its authority under its charter to retain, at our expense, one or more search firms to identify candidates (and to approve such firms' fees and other retention terms). The Governance and Nominating Committee did not retain a search firm during fiscal 2011.

Our Governance and Nominating Committee will consider nominees recommended by Shareholders as candidates for Board membership. A Shareholder wishing to nominate a candidate for Board membership should provide written notice to the Governance and Nominating Committee in the care of the Secretary, Mercer International Inc., c/o Suite 1120, 700 West Pender Street, Vancouver, B.C. V6C 1G8, Canada. To nominate a candidate for election to the Board at an annual meeting, the notice must be received not less than 120 days before the first anniversary of the date of the Company's Proxy Statement released to Shareholders in connection with the annual meeting held in the prior year. The notice should contain information about both the nominee and the Shareholder making the nomination, including such information regarding each nominee required to be included in a Proxy Statement filed pursuant to SEC rules and regulations and such other information sufficient to allow the Governance and Nominating Committee to determine if the candidate meets the criteria for Board membership described above. The Governance and Nominating Committee may require that the proposed nominee furnish additional information to determine that person's eligibility to serve as a director. All recommendations will be brought to the attention of the Governance and Nominating Committee.

Evaluation of Director Candidates

The Governance and Nominating Committee will consider and evaluate all candidates identified through the processes described above, including incumbents and candidates proposed by Shareholders.

If, based upon the Governance and Nominating Committee's initial evaluation, the candidate continues to be of interest, members of the Governance and Nominating Committee will interview the candidate and communicate their evaluation to the rest of the Committee members and the Chairman and Chief Executive Officer. Additional meetings between the candidate and other members of the Governance and Nominating Committee and the Chairman and Chief Executive Officer may also be arranged. Ultimately, background and reference checks will be conducted by the Governance and Nominating Committee.

Table of Contents

Recommendation and Nomination

After consideration, the Governance and Nominating Committee will finalize its list of recommended candidates to the Board for its consideration. Candidates who are then recommended by the Governance and Nominating Committee and approved by our Board are included in our recommended slate of director nominees in our proxy statement.

Potential Future Changes to Nomination Process

Our nomination policies are intended to provide a flexible set of guidelines for the effective functioning of our director nomination process. Our Governance and Nominating Committee reviews the nomination policy at least annually to consider and make such modifications as may be required to reflect our then needs and circumstances and to address any changes in applicable legal or listing standards.

Shareholder Communications with Board

Shareholders who wish to communicate with the Board (other than with respect to a complaint or concern regarding accounting, internal accounting controls or auditing matters which must be directed to the Audit Committee as described below) should send written correspondence to the Board in the care of the Secretary, Mercer International Inc., c/o Suite 1120, 700 West Pender Street, Vancouver, B.C., V6C 1G8, Canada. The correspondence should indicate that the person sending the correspondence is a Shareholder and set out the purpose of such communication. The secretary will: (i) forward the correspondence to the director to whom it is addressed or, in the case of correspondence addressed to the Board generally, to the Lead Director; (ii) attempt to handle the inquiry directly where it is a request for information about the Company; or (iii) not forward the correspondence if it is primarily commercial in nature or if it relates to an improper topic. All such correspondence will be summarized for the Board periodically and each such correspondence will be made available to any director upon request.

Complaint Procedure

The Audit Committee has established procedures for: (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters; and (ii) the confidential and anonymous submission by the Company's employees and others of concerns regarding questionable accounting or auditing matters. A person wishing to notify the Company of such a complaint or concern should send a written notice thereof, marked "Private & Confidential", to the chairman of the Audit Committee, Mercer International Inc., c/o Suite 1120, 700 West Pender Street, Vancouver, B.C., V6C 1G8, Canada.

Code of Business Conduct and Ethics

Our Board has adopted a Code of Business Conduct and Ethics that applies to our directors and all of our executive officers, including our Chief Executive Officer, Chief Financial Officer and Controller, or persons performing similar functions. The Code of Business Conduct and Ethics is available on our website at www.mercerint.com under "Governance".

Shareholding Guideline for Non-Employee Directors

Since 2006 we have had a target shareholding guideline in place for our non-employee directors. Pursuant to such guideline, each non-employee director should, within three years of becoming a director, own a minimum number of Shares which is equal in value to three times the amount of their annual cash retainer. As of the Record Date, all of our non-employee directors, including our Lead Director, met the guideline amount.

Prohibition Against Hedging

The Board has approved a policy that prohibits our directors and executive officers from hedging their ownership of Mercer stock including trading in options, puts, calls or other derivative instruments relating to our securities. A copy of the Company's hedging policy is available on our website at www.mercerint.com under "Governance".

Review and Approval of Related Party Transactions

Pursuant to the terms of its Charter, the Audit Committee is responsible for reviewing and approving the terms and conditions of all proposed transactions between us, any of our officers, directors or Shareholders who beneficially own more than 5% of our outstanding Shares, or relatives or affiliates of any such officers, directors or Shareholders, to ensure that such related party transactions are fair and are in our overall best interest and that of our Shareholders. In the case of transactions with employees, a portion of the review authority is delegated to supervising employees pursuant to the terms of our Code of Business Conduct and Ethics.

The Audit Committee has not adopted any specific procedures for conduct of reviews and considers each transaction in light of the facts and circumstances. In the course of its review and approval of a transaction, the Audit Committee considers, among other factors it deems appropriate:

Whether the transaction is fair and reasonable to us;

The business reasons for the transaction;

Whether the transaction would impair the independence of one of our non-employee directors; and

Whether the transaction is material, taking into account the significance of the transaction.

Any member of the Audit Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction, provided, however, that such director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction.

Risk Oversight

Our executive officers are responsible for assessing and managing the Company's various exposures to risk on a day-to-day basis, including the creation and implementation of appropriate risk management policies and programs. Specifically, the Governance Guidelines require our management to implement appropriate procedures and systems to attempt to identify the principal risks to the Company's business.

The Board is responsible for overseeing our executive officers in the execution of these responsibilities and for assessing the Company's overall approach to risk management. The Company conducts a review of risks at least annually and reports to the Board on the results of such review. This review includes an identification of specific risks, ranking of the likelihood and magnitude of the effect of those risks, scenario analysis, review of risk appetite and a review of mitigation plans. The Company analyzes risk areas that have the potential to materially affect its business over the long term and integrates this information into the planning in its report to the Board.

Additionally, while oversight of our risk management process is a full Board responsibility, the responsibility monitoring financial risks has been delegated to the Audit Committee. In accordance with the requirements of our Governance Guidelines, the Audit Committee meets periodically with management to review the Company's major financial risk exposures and the steps our management has taken to monitor and control such exposures. Such risk exposures and steps are reported by the Audit Committee to the full Board.

Table of Contents

Further, the Board's other committees, including the Compensation and Human Resources Committee, the Governance and Nominating Committee and the Environmental, Health and Safety Committee, oversee risks associated with their respective areas of responsibility. For example, the Compensation and Human Resources Committee considers the risks associated with our compensation policies and practices, while the Environmental, Health and Safety Committee considers the principal areas of environmental, health and safety risk facing the Company and whether sufficient resources have been allocated to address such risks. The Board is kept abreast of its committees' risk oversight and other activities via reports of the committee chairmen to the full Board. These reports are presented at every regular Board meeting and include discussions of committee agenda topics, including matters involving risk oversight.

The Board's role in risk oversight has not had any effect on the Board's leadership structure.

Succession Planning and Management Development

We engage in a succession planning process whereby our Compensation and Human Resources Committee, together with our Chief Executive Officer, reviews our executive succession planning procedures, including management development activities, at least twice annually. We strive to appoint our most senior executives from within the Company. To this end, individuals who are identified as having potential for senior executive positions are evaluated by the Compensation and Human Resources Committee. The careers of such persons are monitored to ensure that over time they have appropriate exposure to our Board and interact with the Board in various ways, including through participation in certain Board meetings and other Board-related activities and meetings with individual directors, both in connection with director visits to our mills and otherwise.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis discusses considerations and reasons driving the Compensation and Human Resources Committee's decisions on compensation for our Named Executive Officers in 2011, as well as the key objectives, policies, elements and designs of our compensation program.

Timing of Executive Compensation Decisions

Our executive variable compensation decisions are generally made after the end of our fiscal year and when our financial statements for such year are finalized. Thus, in February 2012, the Compensation and Human Resources Committee approved bonuses and awards for fiscal 2011, together with fixed base salaries for 2012. In February and March 2011, our Compensation and Human Resources Committee approved bonuses and stock incentive awards for fiscal 2010, together with fixed base salaries for 2011. During each year, the Committee monitors performance and evaluates comparison group compensation data which it uses to finalize awards and decisions made after the fiscal year end.

In this regard, it is important to note that the summary compensation table appearing on page 39 and the grant of plan based awards table appearing on page 42 only reflect equity awards actually issued in fiscal 2011 which were based on fiscal 2010 performance.

Fiscal 2011 Compensation Decisions

Despite a softening of the global pulp market in the second half of 2011 and certain one-time costs incurred in the fourth quarter, fiscal 2011 was a generally strong year for the Company as the Company achieved record annual pulp production and revenues from energy sales. In 2011, the Company generated Operating EBITDA of \$167.1 million and net income of \$54.0 million. During 2011, the Company strengthened its balance sheet and improved its liquidity as it reduced its indebtedness by approximately \$94.5 million through principal repayments, market purchases of its 9.5% Senior Notes due 2017 and the conversion or redemption of all of its 8.5% Convertible Senior Subordinated Notes due 2012. Additionally, the Company's holdings of cash and short-term German government bonds increased by approximately \$18.3 million and working capital increased by approximately \$16 million.

- (1) Operating EBITDA is defined as operating income (loss) plus depreciation and amortization and non-recurring capital asset impairment charges. Operating EBITDA has significant limitations as an analytical tool and should not be considered in isolation or as a substitute for analysis of our results reported under generally accepted accounting principles in the United States. See the discussion of our results for the year ended December 31, 2011 compared to the year ended December 31, 2010 in our Form 10-K for the year ended December 31, 2011 incorporated by reference into this Proxy Statement.
- (2) Represents the closing market price of our Shares in U.S. dollars on December 31, 2011 and December 31, 2010.
- (3) Under the indenture governing our 9.5% senior notes due 2017, our Restricted Group is comprised of Mercer Inc., our Rosenthal and Celgar mills and certain holding companies. It excludes our Stendal mill.

In accordance with the Company's emphasis on pay for performance, compensation awarded to our Named Executive Officers reflected the Company's overall strong operating performance and financial results. Specifically, in making decisions on performance-based compensation for fiscal 2011, the Compensation and Human Resources Committee weighed and considered the Company's performance against its industry peer group, consisting of pulp producers and other companies in the forest products industry. In this respect, although 2011 results declined from 2010, such 2011 results were, on a relative basis, favorable compared to the Company's peer group of competitors.

The Compensation and Human Resources Committee does not rely upon any predetermined formulas or limited set of criteria when it evaluates the performance of our Named Executive Officers but rather focuses on individual objectives and their effects in respect of the Company's overall goals.

Base Salaries. In February 2012, based on the criteria underlying our base salary compensation and a review of market compensation, we made cost of living adjustments of approximately 3% to the base salaries of our Chief Executive Officer and Chief Financial Officer from the 2011 levels. In February 2011, we made market

Table of Contents

based adjustments of approximately 30% and 27%, respectively, to the base salaries of our Chief Executive Officer and Chief Financial Officer from 2010 levels.

In February 2012, salaries for our other NEOs increased by between approximately 2% and 3%, primarily as a result of cost of living adjustments. In February 2011, our other NEOs' base salaries were increased by between approximately 3% and 4% as a result of cost of living adjustments.

Bonuses. In making its compensation decisions regarding bonuses for our Named Executive Officers in respect of their fiscal 2011 performance, the Compensation and Human Resources Committee reviewed the Company's financial performance (including Operating EBITDA) and each NEO's achievement of his annual performance objectives for 2011. The Compensation and Human Resources Committee determined that, although substantial achievements had been made in 2011, since important elements such as Operating EBITDA and share price had declined from 2010 results, a lower percentage of bonuses to be paid to our CEO and CFO compared to fiscal 2010 was reasonable. However, in terms of our other NEOs, the Compensation and Human Resources Committee felt that a slightly higher percentage of bonus was appropriate. The bonuses paid to our CEO and CFO for fiscal 2011 constituted approximately 80% of their 2011 salaries while bonuses paid to our other NEOs for fiscal 2011 ranged from between 18% to 29% of their respective 2011 salaries.

Chief Executive Officer Performance. The Compensation and Human Resources Committee evaluated Mr. Lee's achievement of his 2011 performance objectives and his leadership role and guidance in, among other things:

achieving record annual pulp production and energy sales at our mills;

strengthening our balance sheet and improving our liquidity by reducing long-term indebtedness by approximately \$94 million and increasing our cash and working capital;

initiating Project Blue Mill in January 2012, a \$45 million capital project at our Stendal mill, designed to increase production and efficiency through debottlenecking initiatives and the installation of a new 40 MW steam turbine;

leading and driving our focus and expansion on carbon neutral bio-energy generation and sales, including new initiatives and discussions and negotiations with governmental and regulatory authorities;

continuing the strong safety and environmental performance at our three mills;

improving the fiber line and oxygen delignification process at our Celgar mill; and

continuing to focus on cost reductions and working capital management.

Other NEO Performance. In determining the bonus compensation for our other Named Executive Officers, the Compensation and Human Resources Committee weighed the Company's overall financial performance, evaluated each NEO's contributions to the Company's accomplishments set out above and reviewed each NEO's individual performance and achievement of their individual and our overall 2011 performance objectives.

The Compensation and Human Resources Committee awarded cash bonuses for fiscal 2011 to our Named Executive Officers are set forth in the following table:

Incentive Equity Grants or Awards. Our 2010 Stock Incentive Plan allows the Compensation and Human Resources Committee to grant equity awards to our NEOs in the form of options, stock appreciation rights, restricted stock, restricted stock rights, performance shares and performance share units.

Performance Shares and Units. The Compensation and Human Resources Committee did not grant any awards under the 2010 Stock Incentive Plan in respect of fiscal 2011 to our NEOs, other than 18,238 performance share units issued to Claes-Inge Isacson in March 2012 as a result of the extension of his employment contract by one year.

In February 2011, the Compensation and Human Resources Committee awarded performance share units to our entire senior management, including all of our NEOs under our 2010 Stock Incentive Plan in respect of fiscal 2010. These performance share units are eligible to vest over a three-year period commencing in 2014. The following table sets forth the number of performance share units awarded to our Named Executive Officers in February 2011:

Name	Performance Share Units Granted ⁽¹⁾⁽²⁾
Jimmy S.H. Lee	198,008
David M. Gandossi	92,883
Claes-Inge Isacson	29,180 ⁽³⁾
Wolfram Ridder	57,339
Leonhard Nossol	51,565

- (1) Each performance share unit awarded was valued at \$13.05, which was the closing market price of the Shares on February 16, 2011, the last trading day prior to the date of the award.
- (2) These awards are eligible to vest over a three-year period commencing in 2014, based upon performance criteria established by the Compensation and Human Resources Committee.
- (3) Mr. Isacson was awarded an additional 18,238 performance share units in March 2012 in connection with his entering into an amended and restated employment agreement with the Company.

The number of performance share units granted to each NEO was based on each NEO's 2011 Base Salary in U.S. dollars multiplied by 300% for Mr. Lee, 200% for Mr. Gandossi and 150% for each of Mr. Isacson, Mr. Ridder and Mr. Nossol and divided by the closing market price of the Shares on the date immediately before the date of the award. The number of performance share units granted to Mr. Isacson was reduced to reflect the term of his employment contract, which is less than the performance period.

The number of performance share units granted to each NEO represents the maximum number of Shares to which the individual may be entitled. The number of Shares actually earned will be based on the achievement of the performance criteria established by the Compensation and Human Resources Committee, which are set out beginning on page 44 of this Proxy Statement. One half of these performance share units are eligible to vest in 2014, with the remainder to vest annually in equal amounts in 2015 and 2016, respectively. However, the performance share units granted to Mr. Isacson are eligible to vest between July 31, 2012 and July 31, 2013 reflecting the current expiry of his employment agreement.

In March 2011, we issued Shares to our Named Executive Officers in connection with the vesting of performance shares and units previously granted to them in 2008 under our Performance Incentive Supplement. The performance period for these awards commenced on January 1, 2008 and ended December 31, 2010. Determinations as to the achievement of the performance objectives by each Named Executive Officer were made by the Compensation and Human Resources Committee with reference to the performance criteria outlined on page 43 of this proxy statement.

Table of Contents

The following table sets forth the number of Shares issued to our Named Executive Officers in March 2011:

Name	Shares Issued
Jimmy S.H. Lee	106,755
David M. Gandossi	55,421
Claes-Inge Isacson	50,466
Wolfram Ridder	38,386
Leonhard Nossol	34,550

Restricted Stock Grants. The Compensation and Human Resources Committee did not make any restricted stock awards in respect of fiscal 2011.

In March 2011, in connection with the Company's superior financial and operational performance in fiscal 2010, the Compensation and Human Resources Committee awarded Mr. Lee 200,000 shares of restricted stock, which will vest and become non-forfeitable in equal annual installments from 2012 to 2016. In the event of Mr. Lee's departure from the Company prior to 2016, any unvested restricted shares will be forfeited. This award is intended to provide a reward for sustained value creation, to build the Chief Executive Officer's equity interest in the Company and as recognition that the Company does not provide any pension or other post-retirement benefits to its Chief Executive Officer.

Compensation Framework

Our compensation philosophy for our Named Executive Officers is principally performance-based to support our overall business objectives and increase long-term Shareholder value. We also believe that it is appropriate for certain components of compensation to decline during periods of economic stress, reduced earnings and significantly lower share prices and to increase during periods of increased earnings and higher share prices.

Overall, the principal objectives of the compensation program for our Named Executive Officers are to:

Attract, retain and motivate our NEOs, whose efforts and judgments are vital to our continued success;

Create an environment in which our NEOs are motivated to achieve and maintain superior performance levels and goals consistent with our overall business strategy;

Reward and compensate our NEOs for their contribution to our overall success and for their individual performance during the relevant fiscal year; and

Align the interests of our NEOs with the long-term interests of our Shareholders.

To achieve our objectives, we use the following principles in the design and administration of the compensation program for our Named Executive Officers:

Market Competitiveness. Our Named Executive Officers' total compensation levels should be competitive and at market median with other comparable companies operating within the forest products industry and other companies with which the Company competes for executive talent.

At Risk Incentive Pay. A greater percentage of compensation for senior management should be tied to performance against measurable objectives, the majority of which are directly tied to Company performance, to achieve payouts.

Pay-for-Performance. Compensation should be linked to individual and Company performance.

Shareholder Alignment. Rewards should be linked to the creation of long-term Shareholder value through the use of equity-based awards as a portion of our Named Executive Officers' compensation.

Flexible Short-Term and Long-Term Incentives. Fixed and variable and short and long-term compensation programs should be balanced to reinforce a performance-based culture.

Table of Contents

Employee Understanding. Overall compensation simplicity should be maintained to ensure broad employee understanding and acceptance.

Administration, Procedure and Role of the Compensation and Human Resources Committee

The Compensation and Human Resources Committee determines our compensation objectives, philosophy and forms of compensation and benefits for executive officers. The Compensation and Human Resources Committee submits several key compensation elements for our executive officers to the independent members of the full Board for their review and approval. Executive compensation decisions are generally made by the Compensation and Human Resources Committee after our fiscal year end and when our financial statements for such year are finalized.

The Compensation and Human Resources Committee, which is comprised entirely of independent directors, continually reviews and considers best practices in executive compensation, Shareholder expectations and compensation practices of peer group companies in making its decisions regarding appropriate compensation levels.

In making compensation decisions, the Compensation and Human Resources Committee considers a number of other sources, including:

Individual Officer Performance Evaluations. The Compensation and Human Resources Committee annually evaluates the performance and individual accomplishments of our Chief Executive Officer and our other NEOs. Such evaluation is a subjective analysis conducted, in part, with reference to the performance measures discussed below. Further, as part of the evaluation, the Compensation and Human Resources Committee meets and reviews with our Chief Executive Officer his evaluation of the performance of each of the other NEOs.

Management's Role in the Executive Compensation Process. With the exception of our Chief Executive Officer, our Named Executive Officers typically do not play a role in evaluating or determining executive compensation programs or levels. Our Chief Executive Officer annually submits for consideration to our Compensation and Human Resources Committee performance evaluations for our other Named Executive Officers and recommendations as to their compensation levels, including salaries and bonuses. These recommendations are both subjective determinations and objective recommendations based upon performance against performance goals. Such recommendations were also consistent with our compensation objectives. The Compensation and Human Resources Committee approves each NEO's compensation in an executive session of the independent directors without management present.

The Compensation and Human Resources Committee did not request, and management did not provide, specific recommendations for fiscal 2011 compensation for our CEO, Mr. Lee. In accordance with NASDAQ rules, Mr. Lee was not present when his compensation was being discussed or approved, did not vote on executive compensation matters and neither he nor other members of management attended executive sessions of the Compensation and Human Resources Committee.

Among the information considered by the Compensation and Human Resources Committee in making its compensation decisions are projections for financial performance provided by our Chief Financial Officer including revenues, total mill production and sales, mill margins, commission and selling expenses, Operating EBITDA (which we define as operating income from continuing operations plus depreciation and amortization) and net earnings. In addition, our Chief Operating Officer provides certain mill performance information relating to our operations and those of some of our competitors.

Independent Consultants. The Compensation and Human Resources Committee has the authority to engage independent compensation consultants. It has in the past and may in the future engage an outside consultant to assist the Committee in assessing the Company's executive compensation programs.

Table of Contents

Our Compensation and Human Resources Committee did not engage any compensation consultants in respect of compensation awards in respect of fiscal 2011. In 2011, the Committee did engage Towers Watson & Co. (Towers Watson) as compensation consultants in making its compensation decisions in respect of fiscal 2010. The executive compensation services provided by Towers Watson included reviewing potential payout cycles in regard to the performance awards to be granted under the 2010 Stock Incentive Plan to the Company's executive officers, the number of performance share units to be granted, and the target percentage compared to the Company's peer group. Towers Watson's fees for executive compensation consulting to the Compensation and Human Resources Committee were \$32,282.

Towers Watson has also been retained by the Company to assist in the administration of the Celgar mill's employee pension plan. In particular, Towers Watson advises the Company's management on the administration of the plan, provides actuarial and valuation calculations and conducts regular reviews of the performance of the plan. Towers Watson's fees for such services in fiscal 2011 were \$205,906.

Based on the policies and procedures implemented by the Compensation and Human Resources Committee and by Towers Watson to ensure the objectivity of Towers Watson's executive compensation consulting services, the Compensation and Human Resources Committee believes that the consulting advice it received from Towers Watson is objective and not influenced by Towers Watson's other relationships with the Company.

Geographic Considerations. As our operations are located in Europe and Canada, we also consider local market demands, availability of qualified management and the local cost of living.

Peer Group Comparisons. In addition to periodically seeking advice from independent consultants, the Compensation and Human Resources Committee considers and evaluates executive compensation levels and programs through comparisons on an annual basis based on available information for certain peer group companies principally comprised of small cap and mid-cap North American forest products companies (companies with equity capitalization ranging between \$150 million and \$5 billion). We review compensation paid at these companies because their business and size make them most comparable to us and to ensure that our compensation levels are within the range of comparative norms. In 2011, using public filings, the Compensation and Human Resources Committee considered the executive compensation levels, including benefits and perquisites, of a number of such companies, including Catalyst Paper Corporation, Fibrek Inc., Rottneros AB, Tembec Inc., Fibria Cellulose AB, West Fraser Timber Co. Ltd. and Canfor Pulp Limited Partnership, collectively referred to as the Peer Group Companies .

The Compensation and Human Resources Committee considers the total direct compensation for our Named Executive Officers, long-term incentives and program costs in the context of the performance of the Company relative to the peer group companies. We target salaries, bonuses and incentive compensation towards a median level or 50th percentile range on a size and geographic adjusted basis relative to peer companies for similar experienced executives performing similar duties. Generally, awards are made within this range, although our program is flexible enough to allow our Compensation and Human Resources Committee to provide compensation above or below the 50th percentile in cases of exceptional individual performance or other individual factors relating to a Named Executive Officer's performance. We benchmark against median compensation because it allows us to attract and retain executives, provides an incentive for executives to strive for better than average performance to earn better than average compensation and helps us to manage the overall cost of our compensation program.

While we believe it is important to periodically review benchmarking data to determine how our executive compensation program compares to the programs used by our peer group companies, such reference points are only one element used in structuring our executive compensation program.

Total Compensation. The Compensation and Human Resources Committee reviews total compensation levels for our Named Executive Officers at least annually, including each element of compensation provided to an individual Named Executive Officer and the proportion of his total compensation represented by each such

Table of Contents

element. In determining the appropriate target total compensation for each NEO, the Compensation and Human Resources Committee reviews each individual separately and considers a variety of factors in establishing his target compensation. These factors may include the Named Executive Officer's time in position, unique contribution or value to the Company, recent performance, and whether there is a particular need to strengthen the retention aspects of the NEO's compensation.

In its review, the Compensation and Human Resources Committee also considers benchmarking information with respect to our peer companies with the goal of targeting overall compensation for our Named Executive Officers within the median range. The Compensation and Human Resources Committee has no predetermined specific policies on the percentage of total compensation that should be cash versus equity or short-term versus long-term. The Compensation and Human Resources Committee's practice is to consider peer company data and these relationships in the context of our compensation philosophy to determine the overall balance and reasonableness of our NEOs' total compensation packages.

Compensation Elements

We use four principal components in the overall compensation of our Named Executive Officers.

Base Salaries. Base salaries for our Named Executive Officers provide base compensation for day-to-day performance and are based primarily upon job responsibilities, level of experience and skill as well as performance compared with annually established financial or individual objectives. In addition, the impact a Named Executive Officer is expected to make to our business in the future is considered. We also consider our base salaries in the context of the markets in which we operate with the objective of attracting and retaining the personnel required to run the Company. The Compensation and Human Resources Committee normally considers salary adjustments for executive officers annually in the first quarter of the year.

Bonuses. We generally provide annual incentive opportunities in the form of cash bonuses to our Named Executive Officers to motivate their performance in meeting our current year's business goals and encourage superior performance. These bonuses are awarded based on the expectations of the directors and management for our financial and operating performance in a particular period and the contribution of a Named Executive Officer in achieving the Company's goals as well as the individual goals which are established for each NEO based upon such NEO position and responsibility. Each year, the Company establishes a business plan for the forthcoming year. Based on this business plan, the Compensation and Human Resources Committee considers the financial, strategic and other goals for the Company outlined by our NEOs. The Compensation and Human Resources Committee uses this business plan as one benchmark to measure our NEOs' performance in achieving the Company's goals. The Compensation and Human Resources Committee also considers the contribution of a Named Executive Officer to our business and operations generally. The Compensation and Human Resources Committee awards bonuses on a discretionary basis without a predetermined formula or specific weighting for any particular factor. Also, in determining the bonuses to be paid to our NEOs other than our Chief Executive Officer and Chief Financial Officer, the Compensation and Human Resources Committee considers recommendations by our Chief Executive Officer.

Incentive Equity Grants or Awards. Our NEOs may be granted long-term equity incentives in the form of options, restricted stock, restricted stock rights, performance shares, performance share units and/or share appreciation rights under our 2010 Stock Incentive Plan, which replaced the Company's 2004 Stock Incentive Plan. However, the terms of the 2004 Stock Incentive Plan will govern prior awards until all awards under the 2004 Stock Incentive Plan (including performance awards granted under the Performance Incentive Supplement) have been exercised, forfeited, cancelled, expired or terminated in accordance with the terms of such plan. Awards under the 2010 Stock Incentive Plan are generally granted based upon the long-term financial and operating expectations of our directors and management and the contribution an executive officer is expected to make in the future in achieving those targets.

Table of Contents

Performance for awards previously outstanding under the Performance Incentive Supplement were measured over a three-year period commencing from January 1 of the year an award was granted and were scheduled to vest in the year following the completion of the performance period. The performance criteria used by the Compensation and Human Resources Committee to determine the achievement of performance objectives by a NEO under the 2004 Stock Incentive Plan was based 40% on the Company's Operating EBITDA per tonne of pulp, 40% on the Company's share price performance to the Peer Group Companies and 20% based upon strategic leadership, direction and overall performance by an individual NEO. See Narrative Disclosure to Grant of Plan-Based Awards Table . All of the performance awards previously granted under the Performance Incentive Supplement vested in March 2011.

Performance for awards granted under the 2010 Stock Incentive Plan is also measured over a three-year period commencing from January 1 of the year the award was granted, however, such awards will generally vest incrementally over three years following the completion of the performance period. The incremental vesting of awards is intended to provide added retention value for our NEOs beyond the performance period. The performance criteria used by the Compensation and Human Resources Committee to determine the achievement of performance objectives by a NEO under the 2010 Stock Incentive Plan is based 40% on the Company's Operating EBITDA in Euros per tonne of NBSK pulp (as reported quarterly, annually and for the performance period), 40% on the Company's Share price performance as reported in local currency quarterly, annually and for the performance period relative to the Peer Group Companies, and 20% based upon individual leadership and strategic initiatives taken by an individual NEO as determined in the sole discretion of the Compensation and Human Resources Committee. See Narrative Disclosure to Grant of Plan-Based Awards Table .

Awards under both the 2004 Stock Incentive Plan and the 2010 Stock Incentive Plan generally produce value to our NEOs if the price of our Shares appreciates, thereby aligning the interests of our Named Executive Officers with those of Shareholders through increased Share ownership. Equity-based compensation and ownership is used to ensure NEOs have a continuing stake in the long-term success of the Company and for retention purposes.

In accordance with our 2004 Stock Incentive Plan, our 2010 Stock Incentive Plan, as well as our standard practice, all equity awards thereunder are granted at fair market value as of the date of grant. We define fair market value as the closing price of our Shares quoted on NASDAQ on the business day immediately preceding the date of grant.

The Compensation and Human Resources Committee reviews incentive grants on an annual basis as part of its analysis of total compensation and the balance between the different elements thereof.

Benefits. In addition to the components of the compensation discussed above, we provide a number of other benefits to our Named Executive Officers for the purpose of providing security for current and future needs of executives which are structured to be within a reasonably competitive range relative to peer companies. These benefits are set forth in Footnote 10 to the Summary Compensation table on page 39 of this Proxy Statement and consist primarily of automobile, health and retirement programs. Automobile benefits include the lease of a vehicle along with the fuel and maintenance costs thereon. Health benefits may include periodic physical consultations, dental and pharmaceutical benefits. Under our retirement programs, contributions are made to a defined contribution pension arrangement to the extent permissible by law on a tax deferred basis. Depending on the retirement program, amounts in excess of those allowed by tax authorities are recorded in unfunded accounts or remitted to an investment account with a third party fund until retirement or termination.

Pursuant to the terms of his employment agreement with us, our Chief Executive Officer receives, in lieu of other benefits such as automobile, medical and retirement programs, a lump sum living allowance of 75,000 in recognition of his significant travel schedule. No specific allocation is made in connection with the living allowance for any particular perquisite.

VARIABLE PAY AT RISK

The graph below shows the balance of the elements that comprised total direct compensation for our Chief Executive Officer and our other Named Executive Officers as a group paid in 2011, including the percentage of variable compensation. The percentage of variable compensation listed below each chart is calculated by dividing (i) the value of variable compensation by (ii) the amount of total direct compensation, which includes variable compensation plus fiscal 2011 base salary.

Fiscal 2011 Total Direct Compensation Paid

Change of Control and Severance Agreements

A number of the employment agreements we have entered into with our Named Executive Officers provide for specified payments and other benefits in the event of a change of control. Such change of control provisions are described in greater detail under **Employment Agreements with our Named Executive Officers** beginning on page 40 and under **Potential Payments upon Termination or Change in Control** beginning on page 47 of this Proxy Statement. The purpose of the change of control agreements is to encourage key management personnel to remain with the Company and to help avoid distractions and conflicts of interest in the event of a potential or actual change of control of the Company so that the executives will focus on a fair and impartial review of any proposal on the maximization of value. We believe that we have structured agreements to be reasonable and to provide a temporary level of protection to the Named Executive Officer in the event of employment loss due to a change of control. In addition, our 2010 Stock Incentive Plan provides that upon the termination of employment of any Named Executive Officer within 12 months of a change in control, each outstanding option and stock appreciation right held by such NEO shall automatically become fully and immediately vested and exercisable, each share of restricted stock or restricted stock right shall become fully and immediately vested and all forfeiture and transfer restrictions thereon shall lapse, and each outstanding performance share or performance share unit shall become immediately payable. The accelerated vesting and exercisability in the event of a termination of employment occurring subsequent to a change in control is intended to allow executives to recognize the value of their contributions to the Company and not affect management decisions following termination.

The employment agreements of our NEOs provide for severance payments in certain circumstances. The specific amounts that a particular Named Executive Officer would receive as a severance payment are described under **Potential Payments Upon Termination of Change of Control** beginning on page 47 of this Proxy Statement.

Post-Retirement Compensation

We provide retirement benefits to our Named Executive Officers, other than our Chief Executive Officer, through our North American and European retirement programs.

The North American program is a defined contribution type structure whereby a contribution of 10% of base salary, along with 5% of any cash bonus paid, is remitted to an investment account held in the name of the employee on a tax deferred basis. To the extent that the contributions exceed limits established by tax statute, the amount that exceeds the limit is credited to an unfunded account. Our Chief Financial Officer is the only Named Executive Officer participating in the North American program.

The European program is a defined contribution type structure whereby a contribution of 10% of base salary along with 5% of any cash bonus paid is remitted to an investment account held in the name of the employee on a tax deferred basis. To the extent that the contributions exceed limits established by tax statute, the amount that exceeds the limit is paid to a fund managed by a third party where it is held on the employee's behalf. Messrs. Isacson, Ridder and Nossol are the Named Executive Officers participating in the European program.

Performance Measures

As part of the annual performance evaluations it conducts for our NEOs, the Compensation and Human Resources Committee, among other things, considers the following performance measures:

Operating EBITDA We consider Operating EBITDA to be a meaningful supplement to operating income as a performance measure primarily because depreciation expense and non-recurring capital asset management changes are not an actual cost, and depreciation expense varies widely from company to company in a manner we consider largely independent of the underlying cost efficiency of their operating facilities;

Operating EBITDA per tonne of NBSK pulp as compared to our peer group;

Our financial and operating targets for a period and the contributions of our Named Executive Officers in achieving these targets;

Contributions of our NEOs to our business and operations generally;

Our NEOs' progress on meeting approved individual goals for the year;

The Company's Share performance relative to our peer group; and

Contributions of our NEOs to the successful completion of major transactions such as material acquisitions or financing related transactions.

The above performance measures are evaluated based on the overall judgment of the Compensation and Human Resources Committee without giving fixed or specific weighting to any particular measure.

2011 Say-on-Pay Advisory Vote on Executive Compensation

The Company provided Shareholders a say on pay advisory vote on its executive compensation in 2011. At our 2011 Annual Meeting of Shareholders, Shareholders expressed substantial support for the compensation of our NEOs, with approximately 99% of the votes cast for approval of the say on pay advisory vote on executive compensation. The Compensation and Human Resources Committee considered the results of the 2011 advisory vote. The Compensation and Human Resources Committee also considered many other factors in evaluating the

Edgar Filing: MERCER INTERNATIONAL INC. - Form DEF 14A

Company's assessment of the interaction of our compensation programs with our business objectives, including reviewing data of a comparison group of peers. While all of these factors bore on the Compensation and Human Resources Committee's decisions regarding our NEOs' compensation, the Committee did not make any changes to our executive compensation program and policies as a result of the 2011 say on pay advisory vote.

Risk Considerations

We design our total direct compensation (base salary, annual bonus and long-term equity incentive compensation) to encourage our executives to take appropriate risks to improve our performance and enhance long-term Shareholder value. We believe that the design and objectives of our executive compensation program provides an appropriate balance of incentives for executives and avoids inappropriate risks. In this regard, our executive compensation program includes, among other things, the following design features:

Balance mix of fixed versus variable compensation and cash-based versus equity-based compensation;

Variable compensation based on a variety of performance goals, including overall corporate and individual performance goals;

Compensation and Human Resources Committee discretion to lower annual incentive award amounts;

Balanced mix of short-term and long-term incentives;

Performance and time-based vesting requirements for performance awards;

Prohibition on hedging Company stock; and

Clawback provisions for equity awards.

Consistent with SEC disclosure requirements, the Compensation and Human Resources Committee has assessed our compensation objectives, philosophy, and forms of compensation for our executives, and has determined that our compensation practices and policies do not create risks that are reasonably likely to have a material adverse effect on the Company.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits to \$1,000,000 per person the amount the Company may deduct for compensation paid to any of its most highly compensated executives in any year. The levels of salary and bonus generally paid by us do not exceed this limit. Upon the exercise of non-qualified stock options, the excess of the current market price over the option price (the spread) is treated as compensation and therefore it may be possible for option exercises by an executive in any year to cause the executive's total compensation to exceed \$1,000,000. Under U.S. income tax regulations, the spread compensation from options that meets certain requirements will not be subject to the \$1,000,000 cap on deductibility and it is the Company's current policy generally to grant options that meet these requirements. To this end, the 2010 Stock Incentive Plan has been approved by our Shareholders. However, in the future, the Compensation and Human Resources Committee may elect to exceed the tax deductible limits if it determines it is necessary to meet competitive market pressures and to ensure that it is able to attract and retain top talent to successfully lead the Company.

Summary

We believe that our executive compensation program has been appropriately designed to attract, retain and motivate our Named Executive Officers, drive financial performance, encourage teamwork throughout our Company and align the interests of our NEOs with the long-term interests of our Shareholders.

We believe that our compensation levels fairly reflect our operating and financial performance and are appropriate relative to our peer companies. We monitor our programs in the marketplaces in which we compete for talent and changing trends in compensation practices in an effort to maintain an executive compensation program that is competitive, performance driven, consistent with Shareholder interests and fair and reasonable overall.

Narrative Disclosure to Grant of Plan-Based Awards Table**Performance Incentive Supplement**

In 2011, the Compensation and Human Resources Committee did not grant any performance awards to any of our NEOs under the Performance Incentive Supplement. The last performance awards granted to our Named Executive Officers under the Performance Incentive Supplement occurred in February 2008, when 116,460 performance shares were awarded to Mr. Lee, and 62,271, 58,230, 44,291, and 39,865 performance

units were awarded to Mr. Isacson, Mr. Ridder and Mr. Nossol, respectively. Performance shares are subject to certain restrictions and are required to be deposited with the Company until vesting and the lapse of such restrictions. The lapse of the restrictions on the performance shares and the vesting of such performance shares are contingent upon the achievement of certain specified performance objectives including Company performance, Share price performance and individual performance. Similarly, the vesting of the performance units is also contingent upon the achievement of such performance objectives.

Table of Contents

Performance was measured over a three year-period which commenced on January 1 in the year where the award was granted. Determinations as to the achievement of the performance objectives by a Named Executive Officer and the number of Shares that ultimately vested and were awarded were made by the Compensation and Human Resources Committee at the end of the three-year performance period with reference to the following performance criteria:

40% was based upon the Company's Operating EBITDA (as measured by the Company at the beginning of the performance cycle) per tonne of NBSK, pulp as compared to the Peer Group Companies;

40% was based upon the Company's Share price performance relative to the Peer Group Companies; and

20% was based upon the strategic leadership, direction and other overall performance by the Named Executive Officer, all subject to adjustment by the Compensation and Human Resources Committee in its sole discretion to remove the effect of charges for restructurings, discontinued operations, acquisitions, divestitures, extraordinary items and all items of gain, loss or expense determined to be extraordinary or unusual in nature or infrequent occurrence, related to the disposal of a segment or a business, or related to a change in accounting principle or otherwise.

In determining the number of Shares awarded to each Named Executive Officer under the Performance Incentive Supplement, the Compensation and Human Resources Committee used the following targets in evaluating the Company's Operating EBITDA and share price performance relative to the Peer Group Companies:

Performance Level	Relative Measure (the Company against the Peer Group Companies)	Payout (% of maximum award)
Below Threshold	Less than 25 th percentile	0
Threshold	25 th percentile or better than two members of the Peer Group Companies	50
Target	50 th percentile or better than four members of the Peer Group Companies	75
Maximum	75 th percentile or better than six members of the Peer Group Companies	100

In the event that the threshold performance stipulated for each Named Executive Officer was not satisfied, the NEO's rights with respect to the performance award were subject to forfeit. The Compensation and Human Resources Committee also had discretion to decrease the amount of Shares issued pursuant to the performance awards, if, in the Compensation and Human Resources Committee's view, the financial performance of the Company as a whole during the performance cycle justifies such adjustment, regardless of the extent to which the performance objectives were achieved.

The aforementioned performance shares and performance units vested on March 1, 2011. Based upon the above performance criteria and targets, the Compensation and Human Resources Committee awarded our Named Executive Officers 90% of their respective performance share and unit grants. As a result, Mr. Lee, Mr. Gandossi, Mr. Isacson, Mr. Ridder and Mr. Nossol were issued 106,755, 55,421, 50,466, 38,386, and 34,550 Shares, respectively.

Table of Contents**2010 Stock Incentive Plan**

In February 2011, we awarded performance share units under our 2010 Stock Incentive Plan to our Named Executive Officers as an incentive for the creation of long-term competitive operating excellence and Shareholder value. Mr. Lee, Mr. Gandossi, Mr. Isacson, Mr. Ridder and Mr. Nossol each received 198,008, 92,883, 29,180, 57,339 and 51,565 performance share units, respectively. In March 2012, Mr. Isacson was awarded an additional 18,238 performance share units in connection with his entering into an amended and restated employment agreement with the Company. Each performance share unit represents one Share and up to the maximum number of Shares is scheduled to vest annually between January 1, 2014 and January 1, 2016 (with the exception of the performance share units granted to Mr. Isacson which are scheduled to vest between July 31, 2012 and July 31, 2013) depending upon the achievement of certain specified performance criteria including Company performance, Share price performance and individual performance. Performance is measured over a three year-period which commenced on January 1, 2011 and will end on December 31, 2013. Determinations as to the achievement of the performance objectives by a Named Executive Officer and the number of Shares that ultimately vest and are awarded are made by the Compensation and Human Resources Committee at the end of the three-year performance period with reference to the following performance criteria:

40% is based upon the Company's Operating EBITDA (as measured by the Company as at December 31, 2010) in Euros per tonne of NBSK pulp (as reported quarterly, annually and for the performance period) compared to the Peer Group Companies;

40% is based upon the price (in local currency) of the Shares, as reported quarterly, annually and for the performance period, relative to the Peer Group Companies (and indexed to the first quarter of 2011); and

20% is based on individual leadership and strategic initiatives taken by the NEO as determined in the sole discretion of the Compensation and Human Resources Committee. In particular, the Compensation and Human Resources Committee will consider the extent to which an NEO has: contributed to the articulation of a clear, concise strategic direction for the Company; has demonstrated a clear understanding of the external conditions affecting the Company's long-term prospects; has encouraged others to accept and adapt to necessary changes; and has identified strategic opportunities and supports activities that position the Company for future success.

In determining the number of Shares to be awarded to each Named Executive Officer, the Compensation and Human Resources Committee will use the following table as guidance in evaluating the Company's Operating EBITDA and share price performance relative to the Peer Group Companies:

Performance Level	Relative Measure (the Company against the Peer Group Companies)	Payout (% of maximum award)
Below Threshold	Less than 25 th percentile	0
Threshold	25 th percentile or better than two members of the peer group	50
Target	50 th percentile or better than four members of the peer group	75
Maximum	75 th percentile or better than six members of the peer group	100

For the purposes of determining the performance levels outlined above, Operating EBITDA will be derived from financial information calculated in accordance with generally accepted accounting principles (GAAP) in the United States as measured by the Company as at December 31, 2011. The Compensation and Human Resources Committee retains the discretion to consider differences in GAAP reporting among the Peer Group Companies in measuring EBITDA performance, as several of the Peer Group Companies will be reporting their results of operations in 2012 pursuant to international financial reporting standards or already do so.

In the event of a change of control, the performance share units may vest earlier but remain subject to the aforementioned performance criteria in determining the exact number of Shares which will vest with the individual.

Table of Contents

Additionally, on March 1, 2011, the Compensation and Human Resources Committee granted 200,000 shares of restricted stock under the 2010 Stock Incentive Plan to Mr. Lee, in connection with his role as Chief Executive Officer of the Company. One fifth of these restricted shares vest and become non-forfeitable on March 1, 2012, while the remaining shares will vest and become non-forfeitable in equal annual amounts on March 1, 2013, 2014, 2015 and 2016, respectively. These shares are subject to forfeiture upon the occurrence of certain events, such as termination of employment.

Non-Qualified Deferred Compensation

We maintain two separate retirement programs for our North American and European executive officers (other than our Chief Executive Officer).

Under the terms of our North American program, we make a contribution to a registered retirement savings plan (RRSP) account with a financial institution in the name of the executive officer in an amount equal to 10% of a combined total of 100% of gross salary and 50% of cash bonus payments up to the annual maximum RRSP limit (C\$22,450 in 2011). Amounts in excess of the annual maximum RRSP limit, are credited to an unfunded account and earn interest based on a notional growth rate of 4.79%. While the value of the unfunded account grows on a tax-free basis while retained in the Company, the executive officer will be subject to full taxation on the balance at the time the funds are withdrawn (upon retirement or termination of employment).

Our Chief Financial Officer is our only NEO participating in our North American program. In 2011, we contributed or accrued \$61,828 on Mr. Gandossi's behalf under the terms of the program.

Similarly, under the terms of our European program, we make a contribution to a German government regulated pension plan in an amount equal to 10% of a combined total of 100% gross salary and 50% cash bonus payments. In addition, to the extent that such statutory pension is limited by an annual cap (5,731 in 2011), contributions in excess of this amount are remitted to a third party fund and held in an account in the executive officer's name. While the value of such account grows on a tax free basis while retained with the third party fund, the executive officer will be subject to full taxation of the balance at the time the funds are withdrawn (upon retirement or termination of employment).

The NEOs participating in our European program are Messrs. Isacson, Ridder and Nossol, for whom, in 2011, we contributed on their behalf under the terms of the program, \$53,185, \$41,870 and \$37,596, respectively.

The following table sets forth information regarding contributions, earnings and account balances described above for our Named Executive Officers under our retirement programs.

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year ⁽¹⁾ (\$)	Aggregate Earning in Last Fiscal Year ⁽²⁾ (\$)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last Fiscal Year End ⁽³⁾ (\$)

Claes-Inge Isacson		45,208			
Wolfram Ridder		33,893			
Leonhard Nossol		29,618			

(1) Amounts in this column reflect our contributions to each of our Named Executive Officers' respective retirement plan which are in excess of the amount permitted by applicable tax statute. We also account for these amounts in the Summary Compensation Table on page 39 of this Proxy Statement, under the Change in Pension Value and Non-Qualified Deferred Compensation Earnings' column for Mr. Gandossi and under the All Other Compensation' column for all of our other NEOs.

(2) The amount in this column reflects interest accrued based on a notional growth rate of 4.79%.

(3) No amounts are shown in this column for the Named Executive Officers participating in our European retirement program, as contributions in excess of statutory limits are remitted to a third party fund and the Company no longer has any obligation in respect thereof.

The terms of his employment agreement provide that, if Mr. Lee is terminated without cause or resigns for good reason, he will be entitled to a severance payment equal to three times the sum of his then annual salary plus the higher of (i) his current annual bonus, and (ii) the highest variable pay and incentive bonus received during the three years last ending prior to his termination. This amount is payable in substantially equal installments over a twelve-month period, unless (i) a change of control occurs following such termination, in which case the unpaid portion of such severance amount is payable in full in a lump sum cash payment immediately following such change of control, or (ii) if such termination occurs in contemplation of, at the time of, or within three years after a change of control, this amount is payable in a lump sum cash payment immediately following such termination. In addition, all unvested rights in any stock options and any other equity awards will vest in full and become immediately exercisable. Mr. Lee will also be entitled to any accrued benefits. If Mr. Lee's employment with us is terminated for cause, he is not entitled to any additional payments or benefits under the agreement, other than accrued benefits (including, but not limited to, any then vested stock options and other equity grants) and a prorated bonus, which is payable immediately upon such termination. Mr. Lee's employment agreement defines a change of control as the occurrence of any of certain specified events including: (1) a person, directly or indirectly: (a) becoming the beneficial owner of the greater of 15% or more of our Shares then outstanding and the Shares issuable upon conversion of our convertible notes or 20% of our then outstanding Shares; (b) having sole and/or shared voting or dispositive power over the greater of 15% or more of our Shares then outstanding and the Shares issuable upon conversion of our convertible notes or 20% of our then outstanding Shares; (2) a change in the composition of the Board occurring within a two-year period prior to such change as a result of which fewer than a majority of the Board members are incumbent Board

members; (3) the solicitation of a dissident proxy, the result of which is to change the composition of the Board so that fewer than a majority of the Board are incumbent members; (4) the consummation of a merger, amalgamation or consolidation of the Company with or into another entity if more than 50% of the combined voting power of the continuing entity's securities outstanding immediately after such event are owned by persons who were not stockholders prior to such event; (5) the sale of all or substantially all of our assets; or (6) the approval by our Shareholders of a plan of complete liquidation or dissolution.

Pursuant to terms of his employment agreement with us, if Mr. Gandossi is terminated without cause or resigns for good reason other than in connection with the change in control, he shall be entitled to a severance payment equal to the sum of his base salary for the remaining term of the agreement plus the annual bonuses payable for the years (or portions thereof) remaining in the term of the agreement, calculated as set forth in the agreement. The agreement also provides that, if in connection with or within eighteen months of a change in control, Mr. Gandossi voluntarily terminates his employment for good reason or is involuntarily discharged, he shall be entitled to a severance payment of three times the sum of his then current annual base salary plus the highest of (i) his then-current annual bonus, (ii) his highest variable pay and annual incentive bonus for the last three years and (iii) 50% of his current annual base salary. Mr. Gandossi's employment agreement defines a change of control as the occurrence of any of certain specified events including: (1) notification by us that a person has become the beneficial owner of or has sole and/or shared voting or dispositive power over more than 20% of our Shares; (2) a change in the composition of the Board occurring within a two-year period prior to such change as a result of which fewer than a majority of the Board members are incumbent Board members; (3) the solicitation of a dissident proxy, the result of which is to change the composition of the Board so that fewer than a majority of the Board are incumbent members; (4) the consummation of a merger, amalgamation or consolidation of the Company with or into another entity if more than 50% of the combined voting power of the continuing entity's securities outstanding immediately after such event are owned by persons who were not stockholders prior to such event; (5) the commencement by a person of a tender offer for more than 20% of our shares; (6) the sale of all or substantially all of our assets; (7) the commencement by or against us of a bankruptcy proceeding; or (8) the approval by our Shareholders of a plan of complete liquidation or dissolution. In addition, all unvested rights in any stock option or other benefit plans will vest in full.

The terms of Mr. Isacson's employment agreement obligate us to provide, in the event of dismissal without cause or a change of control, a specified severance entitlement equal to eighteen months base salary plus the target bonus. The agreement defines a change of control as the completion of a merger, amalgamation or consolidation of the Company with or into another entity if more than 50% of the voting equity of the new entity is held by persons who were not stockholders prior to the transaction.

The terms of Mr. Ridder's employment agreement provide for a six month notice period in case of termination and 12 months in the event of a change of control which is defined as a direct or indirect change in majority ownership of the Company.

The terms of Mr. Nossol's employment agreement provide for a six month notice period in case of termination. The agreement does not contain a change of control provision.

In addition to the terms provided for in the individual employment agreements, our 2010 Stock Incentive Plan contains provisions for accelerated vesting and exercisability of options, stock appreciation rights, restricted stock, restricted stock rights and performance awards upon termination of employment within 12 months of a change in control. The Compensation and Human Resources Committee also has the discretion to vest and make exercisable any outstanding award previously issued under the 2010 Stock Incentive Plan upon the closing of a transaction that results in a change in control.

Table of Contents**PROPOSAL 2 INDEPENDENT ACCOUNTANTS AND AUDITORS****Ratification of Independent Auditors**

The Board requests that Shareholders ratify the selection of PricewaterhouseCoopers LLP as our independent auditors as a matter of good corporate practice.

We appointed PricewaterhouseCoopers LLP as our independent auditors in place of Deloitte & Touche LLP effective May 10, 2007 and received Shareholder ratification of such appointment at our annual meeting held in June 2007. The appointment of PricewaterhouseCoopers LLP was approved by the Audit Committee and by the Board.

Representatives of PricewaterhouseCoopers LLP are not expected to be present at the Meeting.

The selection of PricewaterhouseCoopers LLP must be ratified by a majority of the votes cast at the Meeting, in person or by Proxy, in favor of such ratification.

OUR BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT AUDITORS.

In the event PricewaterhouseCoopers LLP are not ratified as our auditors at the Meeting, the Audit Committee will consider whether to retain PricewaterhouseCoopers LLP or select another firm. The Audit Committee may select another firm as our auditors without the approval of Shareholders, even if Shareholders ratify the selection of PricewaterhouseCoopers LLP at the Meeting.

Consistent with the SEC's requirements regarding auditor independence, our Audit Committee has adopted a policy to pre-approve all audit and permissible non-audit services provided by our independent auditor and the fees for such non-audit services. Under the policy, the Audit Committee must pre-approve services prior to the commencement of the specified service. All services provided by our former auditor, Deloitte & Touche LLP, and PricewaterhouseCoopers LLP subsequent to July 14, 2003 have been pre-approved by the Audit Committee.

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company believes that the compensation policies for our Named Executive Officers are designed to attract, motivate and retain talented executive officers and are aligned with the long-term interests of our Shareholders. This advisory Shareholder vote, commonly referred to as a say-on-pay vote gives you as a Shareholder the opportunity to approve or not approve the compensation of our Named Executive Officers that is disclosed in this Proxy Statement. This vote is not intended to address any specific item of executive compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, the Company asks that you indicate your support for our executive compensation policies and practices as described in the Company's Compensation Discussion and Analysis, accompanying tables and related narrative contained in this Proxy Statement by voting **FOR** the following resolution:

RESOLVED that the Company's Shareholders approve, on an advisory basis, the compensation of the Company's executives named in the Summary Compensation Table, as disclosed in the Company's 2012 Proxy Statement pursuant to the executive compensation disclosure rules of the Securities and Exchange Commission, which disclosure includes the Compensation Discussion and Analysis, the compensation tables, narrative disclosure and other related tables and disclosure.

Since this say-on-pay vote is advisory it will not be binding on the Board or the Compensation and Human Resources Committee. However, the Board and our Compensation and Human Resources Committee value the opinions of our Shareholders and will review the voting results and take them into consideration when making future decisions regarding executive compensation. The affirmative vote of the holders of a majority of the Shares represented in person or by proxy entitled to vote on the proposal will be required for approval.

OUR BOARD RECOMMENDS A VOTE FOR THIS PROPOSAL.
