PROSPECTUS SUMMARY

This summary highlights selected information from this prospectus. It likely does not contain all of the information that is important to you. This prospectus includes specific terms of the new notes, as well as information regarding our business and detailed financial data. We encourage you to read this entire prospectus carefully, including the financial and operating data and related notes, the section entitled Risk Factors and the documents that have been incorporated by reference into this prospectus before making an exchange decision

As used in this prospectus, references to Resolute, we, our, ours, and us refer to Resolute Energy Corporation and its subsidiaries.

Our Company

We are a publicly traded, independent oil and gas company engaged in the exploitation, development, exploration and acquisition of oil and gas properties. Our asset base is comprised of four complementary operational regions and includes properties in Aneth Field located in the Paradox Basin in southeast Utah (the Aneth Field Properties), the Big Horn and Powder River Basins in Wyoming (the Wyoming Properties), the Permian Basin in Texas (the Permian Properties) and the Williston Basin in North Dakota (the Bakken Properties). Our primary operational focus is on increasing reserves and production from these properties while improving efficiency and optimizing operating costs. We plan to expand our reserve base through an organic growth strategy focused on the expansion of tertiary oil recovery in Aneth Field, the exploitation and development of oil-prone acreage, particularly in our Permian and Bakken Properties, and through carefully targeted exploration activities in our Wyoming Properties. On December 21, 2012, we completed the acquisition of properties in Lea County, New Mexico and Howard County, Texas, and on December 28, we completed the acquisition of a partial interest in properties in Midland and Ector Counties, Texas. All of these acquired properties are located in the Permian Basin (the Acquired Permian Properties). We have the option to acquire the remaining interest in the Acquired Permian Properties located in Midland and Ector Counties, Texas for an additional \$261 million, including exercised tag-along rights, by March 22, 2013. We filed current reports relating to these acquisitions on Form 8-K on December 5, 2012, December 26, 2012, December 31, 2012 and March 4, 2013 and on Form 8-K/A on March 7, 2013, which reports contain detailed information regarding the acquisitions. We also expect to engage in additional opportunistic acquisitions in the future. Future acquisitions may require us to incur additional indebtedness.

Our executive offices are located at 1675 Broadway, Suite 1950, Denver, CO, 80202 and our telephone number at that address is 303-534-4600. Our website address is www.resoluteenergy.com. Information contained on, or available through, our website is not part of this prospectus.

The Exchange Offer

On April 25, 2012 and December 10, 2012, we completed private offerings of the outstanding notes. We entered into registration rights agreements with the initial purchasers in each of the private offerings in which we agreed to deliver this prospectus and to offer the new notes in exchange for the outstanding notes.

Exchange Offer We are offering to exchange each \$2,000, and \$1,000 integral multiples in excess of \$2,000, principal amount of our 8.50% Senior Notes due 2020 registered under the Securities Act, which we refer to as new notes, for each \$2,000, and \$1,000 integral multiples in excess of \$2,000, principal amount of our outstanding 8.50% Senior Notes due 2020 issued on April 25, 2012 and December 10, 2012 in private offerings (CUSIPs: 76116A AA6, U76174 AA6 and U76174 AB4), which we refer to as outstanding notes. In order to exchange an outstanding note, you must follow the required procedures and we must accept the outstanding note for exchange. We will exchange all outstanding notes validly tendered for exchange and not validly withdrawn. As of the date of this prospectus, there is \$400,000,000 aggregate principal amount of outstanding notes outstanding.

Expiration Date The exchange offer will expire at 5:00 p.m. New York City time, on April 12, 2013, unless we decide to extend it.

Resale of the New Notes

Based on interpretive letters of the SEC staff to third parties, we believe that you may offer for resale, resell and otherwise transfer the new notes issued pursuant to the exchange offer without compliance with the registration and prospectus delivery provisions of the Securities Act, if you:

are not an affiliate of ours, as defined in Rule 405 of the Securities Act;

are not participating in, and do not intend to participate in, a distribution of the new notes within the meaning of the Securities Act and have no arrangement or understanding with any person to participate in a distribution of the new notes within the meaning of the Securities Act;

are acquiring the new notes in the ordinary course of your business; and

are not acting on behalf of any person who could not truthfully and completely make the foregoing representations.

In addition, if you are a broker-dealer and receive new notes for your own account, you must acknowledge that you will deliver a prospectus if you resell the new notes. By acknowledging your intent and delivering a prospectus you will not be deemed to admit that you are an underwriter under the Securities Act. You may use this prospectus as it is amended from time to time when you resell new notes that were acquired from market-making or trading activities. We have agreed to use commercially reasonable efforts to make this prospectus available for a period commencing on the day the exchange offer is consummated and continuing for 90 days (or such shorter period during which such broker-dealers or such other persons are required by law to deliver the prospectus); provided, however, that if for any day during such period we restrict the use of such prospectus, such period shall be extended on a day-by-day basis.

By tendering your notes as described in The Exchange Offer Procedures for Tendering , you will be making representations to this effect. If you fail to satisfy any of these conditions, you cannot rely on the position of the SEC set forth in the interpretive no-action letters referred to above and you must comply with the applicable registration and prospectus delivery requirements of the Securities Act in connection with a resale of the new notes.

We base our belief on interpretations by the SEC staff in no-action letters issued to other issuers in exchange offers like ours. We cannot guarantee that the SEC would make a similar decision about our exchange offer. If our belief is wrong, you could incur liability under the Securities Act. We will not protect you against any loss incurred as a result of this liability under the Securities Act.

Consequences If You

If you are eligible to participate in the exchange offer and you do not tender your outstanding notes, you will no longer have any registration or exchange rights and your outstanding notes will continue to be subject to transfer restrictions. These transfer restrictions and the availability of new notes could adversely affect the trading market for your outstanding notes.

Do Not Exchange Your

Outstanding Notes

Conditions

The registration rights agreement does not require us to accept outstanding notes for exchange if the exchange offer, or the making of any exchange by a holder of the outstanding notes, would violate any applicable law or interpretation of the staff of the SEC. The exchange offer is not conditioned on a minimum aggregate principal amount of outstanding notes being tendered.

Procedures for Tendering	We have forwarded to you, along with this prospectus, a letter of transmittal relating to this exchange offer.
Outstanding Notes	Because all of the outstanding notes are held in book-entry accounts maintained by the exchange agent at the Depository Trust Company (DTC), Euroclear or Clearstream, Luxembourg, a holder need not submit a letter of transmittal. If you do not wish to participate in the exchange offer, you must instruct Euroclear or Clearstream, Luxembourg, as the case may be, to Take No Action ; otherwise your outstanding notes will automatically be tendered in the exchange offer, and you will be deemed to have agreed to be bound by the terms of the letter of transmittal.
Special Procedures for Beneficial Owners	If you are a beneficial owner of outstanding notes which are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and you wish to tender outstanding notes in the exchange offer, you should contact the registered holder promptly and instruct the registered holder to tender on your behalf.
Withdrawal of Tenders	You may withdraw your tender of outstanding notes under the exchange offer at any time prior to the expiration date. To withdraw, you must submit a notice of withdrawal to the exchange agent before 5:00 p.m., New York City time, on the expiration date of the exchange offer.
Fees and Expenses	We will bear all expenses related to the exchange offer.
Use of Proceeds	The issuance of the new notes will not provide us with any new proceeds. We are making this exchange offer solely to satisfy our obligations under the registration rights agreements.
U.S. Federal Income Tax	The exchange of new notes for outstanding notes in the exchange offer should generally not be a taxable event for U.S. federal income tax purposes.
Consequences	
Exchange Agent	U.S. Bank National Association is the exchange agent. You should direct questions and requests for assistance, for additional copies of this prospectus or the letter of transmittal to the exchange agent at telephone number 1-800-934-6802.

Trustee	U.S. Bank National Association.
Risk Factors	Investing in the new notes involves risks. See Risk Factors beginning on page 6 for a discussion of certain factors you should consider in evaluating whether or not to tender your outstanding notes.

RISK FACTORS

An investment in the notes involves risks. You should carefully consider the risk factors identified in our Annual Report on Form 10-K for the year ended December 31, 2012 before making an investment in the notes. You should also carefully consider the risks described below, as well as the other information contained or incorporated by reference in this prospectus, before investing in the notes. The risks and uncertainties described below are not the only ones we may face. The following risks, together with additional risks and uncertainties not currently known to us or that we may currently deem immaterial, could adversely affect our business, operating results and financial condition.

Risks Relating to the New Notes and the Exchange Offer

If you fail to exchange your outstanding notes, they will continue to be restricted securities and may become less liquid.

Outstanding notes that you do not tender or that we do not accept will, following the exchange offer, continue to be restricted securities. This means that you may not offer to sell them except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We will issue the new notes in exchange for the outstanding notes in the exchange offer only following the satisfaction of the procedures and conditions set forth in The Exchange Offer Procedures for Tendering. Because we anticipate that most holders of the outstanding notes will elect to exchange their outstanding notes, we expect that the liquidity of the market for the outstanding notes remaining after the completion of the exchange offer will be substantially limited. Any outstanding notes tendered and exchanged in the exchange offer will reduce the aggregate principal amount of the outstanding notes at maturity.

You may not receive the new notes in the exchange offer if the exchange offer procedures are not properly followed.

We will issue the new notes in exchange for your outstanding notes only if you properly tender the outstanding notes before expiration of the exchange offer. Neither we nor the exchange agent is under any duty to give notification of defects or irregularities with respect to the tenders of the outstanding notes for exchange. If you are the beneficial holder of outstanding notes that are held through your broker, dealer, commercial bank, trust company or other nominee, and you wish to tender such notes in the exchange offer, you should promptly contact the person through whom your outstanding notes are held and instruct that person to tender on your behalf.

If you are a broker-dealer, your ability to transfer the new notes may be restricted.

A broker-dealer that purchased outstanding notes for its own account as part of market-making or trading activities must comply with the prospectus delivery requirements of the Securities Act when it sells the new notes. Our obligation to make this prospectus available to broker-dealers is limited. Consequently, we cannot guarantee that a proper prospectus will be available to broker-dealers wishing to resell their new notes.

There is no established trading market for the new notes and one may not develop.

There is currently no established trading market for the new notes or trading history and an active market may not develop. We do not intend to list the new notes on any exchange. If an active market does develop such market may cease at any time. As a result, you may not be able to resell your new notes for an extended period of time, if at all. Consequently, your lenders may be reluctant to accept the new notes as collateral for loans. In addition, in response to prevailing interest rates and market conditions generally or other factors referred to in the section entitled Forward-Looking Statements, the new notes could trade at a price higher or lower than their initial offering price and you may not be able to liquidate your investment.

Risks Related to Our Indebtedness

We and the guarantors may be unable to fulfill our and their obligations under the notes and the note guarantees.

We have a substantial amount of indebtedness. As a result, a significant portion of our cash flow will be required to pay interest and principal on our indebtedness, and we may not generate sufficient cash flow from operations, or have future borrowing capacity available, to enable us to repay our indebtedness, including the notes, or to fund other liquidity needs. As of December 31, 2012, we have \$562 million in outstanding indebtedness.

Servicing our indebtedness and satisfying our other obligations will require a significant amount of cash. Our cash flow from operating activities and other sources may not be sufficient to fund our liquidity needs. Our ability to pay interest and principal on our indebtedness and to satisfy our other obligations will depend upon our future operating performance and financial condition and the availability of refinancing indebtedness, which will be affected by prevailing economic conditions and financial, business and other factors, many of which are beyond our control. We cannot assure you that our business will generate sufficient cash flow from operations, or that future borrowings will be available to us under our

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

revolving credit facility or otherwise, in an amount sufficient to fund our liquidity needs, including the payment of principal and interest on the notes.

A substantial decrease in our operating cash flow or an increase in our expenses could make it difficult for us to meet debt service requirements and could require us to modify our operations, including by curtailing our exploration and drilling programs, selling assets, reducing our capital expenditures, refinancing all or a portion of our existing debt or obtaining additional financing. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. In addition, the terms of future debt agreements may, and our revolving credit facility and the indenture governing the notes do, restrict us from implementing some of these alternatives. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate these dispositions for fair market value or at all. Furthermore, any proceeds that we could realize from any dispositions may not be adequate to meet our debt service obligations then due.

Our substantial indebtedness could adversely impact our business, results of operations and financial condition.

In addition to making it more difficult for us to satisfy our obligations to pay principal and interest on the notes, our substantial indebtedness could limit our ability to respond to changes in the markets in which we operate and otherwise limit our activities. For example, our indebtedness, and the terms of agreements governing that indebtedness, could:

require us to dedicate a substantial portion of our cash flow from operations to service our existing debt obligations, thereby reducing the cash available to finance our operations and other business activities and could limit our flexibility in planning for or reacting to changes in our business and the industry in which we operate;

increase our vulnerability to economic downturns and impair our ability to withstand sustained declines in oil and gas prices;

subject us to covenants that limit our ability to fund future working capital, capital expenditures, exploration costs and other general corporate requirements;

prevent us from borrowing additional funds for operational or strategic purposes (including to fund future acquisitions), disposing of assets or paying cash dividends;

limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;

require us to devote a substantial portion of our cash flow from operations to payments on our indebtedness, thereby reducing the availability of our cash flow to fund exploration efforts, working capital, capital expenditures and other general corporate purposes; and

place us at a competitive disadvantage relative to our competitors that have less debt outstanding.

Covenants in the indenture governing the notes and in our revolving credit facility currently impose, and future financing agreements may impose, significant operating and financial restrictions.

The indenture governing the notes and our revolving credit facility contain restrictions, and future financing agreement may contain additional restrictions, on our activities, including covenants that restrict our and our restricted subsidiaries' ability to:

incur additional debt;

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

pay dividends on, redeem or repurchase stock;

create liens;

make specified types of investments;

apply net proceeds from certain asset sales;

engage in transactions with our affiliates;

engage in sale and leaseback transactions;

merge or consolidate;

restrict dividends or other payments from restricted subsidiaries;

sell equity interests of restricted subsidiaries; and

sell, assign, transfer, lease, convey or dispose of assets.

Our revolving credit agreement will mature in April 2017, unless extended, and is secured by all of our oil and gas properties as well as a pledge of all ownership interests in operating subsidiaries. The revolving credit facility contains various affirmative and negative covenants including but not limited to financial covenants that require us to maintain (i) a consolidated current ratio of at least 1.0 to 1.0 at the end of any fiscal quarter, and (ii) a maximum leverage ratio (consolidated indebtedness to consolidated EBITDA as defined in the credit agreement) generally not to exceed 4.0 to 1.0 at the end of each fiscal quarter.

These restrictions may prevent us from taking actions that we believe would be in the best interest of our business, and may make it difficult for us to successfully execute our business strategy or effectively compete with companies that are not similarly restricted. We may also incur future debt obligations that might subject us to additional restrictive covenants that could affect our financial and operational flexibility. We cannot assure you that we will be granted waivers or amendments to these agreements if for any reason we are unable to comply with these agreements, or that we will be able to refinance our debt on terms acceptable to us, or at all.

If we are unable to comply with the restrictions and covenants in the agreements governing the notes and other debt, there could be a default under the terms of these agreements, which could result in an acceleration of payment of funds that we have borrowed and would impact our ability to make principal and interest payments on the notes.

Any default under the agreements governing our indebtedness, including a default under our revolving credit facility that is not waived by the required lenders, and the remedies sought by the holders of any such indebtedness, could make us unable to pay principal, premium, if any, and interest on the notes and substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness (including the notes or our revolving credit facility), we could be in default under the terms of the agreements governing such indebtedness. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest, the lenders under our revolving credit facility could elect to terminate their commitments, cease making further loans and institute foreclosure proceedings against our assets, and we could be forced into bankruptcy or liquidation. If our operating performance declines, we may in the future need to seek to obtain waivers from the required lenders under our revolving credit facility to avoid being in default. If we breach our covenants under our revolving credit facility and seek a waiver, we may not be able to obtain a waiver from the required lenders. If this occurs, we would be in default under our revolving credit facility, the lenders could exercise their rights as described above, and we could be forced into bankruptcy or liquidation. See [Description of Other Indebtedness](#) and [Description of the New Notes](#).

Notwithstanding our current indebtedness levels and restrictive covenants, we may still be able to incur substantial additional debt or make certain restricted payments, which could exacerbate the risks described above.

We may be able to incur additional debt in the future. For example, we may choose to exercise our option to purchase the remaining interest in the Acquired Permian Properties in Midland and Ector Counties, Texas, which may require us to incur up to \$261 million in additional debt. In addition, although the indenture governing the notes contains restrictions on our ability to incur indebtedness, those restrictions are subject to a number of exceptions. In particular, we may borrow under the revolving credit facility. Also, we expect to be able to issue additional notes under the indenture in some circumstances. In addition, if we are able to designate some of our restricted subsidiaries under the indenture as unrestricted subsidiaries, including in connection with the formation of master limited partnerships, those unrestricted subsidiaries would be permitted to borrow beyond the limitations specified in the indenture and engage in other activities in which restricted subsidiaries may not engage. We may also consider investments in joint ventures or acquisitions that may increase our indebtedness. Also, under the indenture, we will be able to make restricted payments in certain circumstances. Adding new debt to current debt levels or making otherwise restricted payments could intensify the related risks that we and our subsidiaries now face.

Availability under our revolving credit facility depends on a borrowing base which is subject to redetermination by our lenders. If our borrowing base is reduced, we may be required to repay amounts outstanding under our revolving credit facility.

Under the terms of our revolving credit facility, our borrowing base (currently set at \$330 million) is subject to semi-annual redetermination by our lenders based on their valuation of our proved reserves and their internal criteria. In addition, under certain circumstances, interim redeterminations may be conducted. In the event the amount outstanding under our revolving credit facility at any time exceeds the borrowing base at such time, we may be required to repay a portion of our outstanding borrowings. If we do not have sufficient funds on hand for repayment, we may be required to seek a waiver or amendment from our lenders, refinance our revolving credit facility, sell assets or sell additional shares of common stock. We may not be able obtain such financing or complete such transactions on terms acceptable to us, or at all. Failure to make the required repayment could result in a default under our revolving credit facility.

Our variable rate indebtedness subjects us to interest rate risk, which could cause our debt service obligations to increase significantly.

Borrowings under our revolving credit facility bear interest at variable rates and expose us to interest rate risk. If interest rates increase, our debt service obligations on the variable rate indebtedness would increase although the amount borrowed remained the same, and our net income and cash available for servicing our indebtedness would decrease.

Although the notes are referred to as senior notes, your right to receive payments on the notes is effectively subordinated to the rights of our and our restricted subsidiaries existing and future secured creditors.

The revolving credit facility lenders will have claims that are prior to your claims as holders of the notes to the extent of the value of the assets securing the revolving credit facility. The revolving credit facility is secured by liens on substantially all of our assets and the assets of our restricted subsidiaries. The notes will be effectively subordinated to any secured indebtedness incurred under the revolving credit facility. In the event of any distribution or payment of our or any guarantor's assets in any foreclosure, dissolution, winding-up, liquidation, reorganization or other bankruptcy proceeding, holders of secured indebtedness will have prior claim to those of our or our restricted subsidiaries' assets that constitute their collateral. Holders of notes will participate ratably with all holders of our unsecured indebtedness that is deemed to be of the same class as such notes, and potentially with all of our or any restricted subsidiary's other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the notes. As a result, holders of notes may receive less, ratably, than holders of secured indebtedness.

The notes will be subordinated to all indebtedness of those of our existing or future subsidiaries that are not, or do not become, guarantors of the notes.

Although all of our current subsidiaries are guarantors of the notes, if any future subsidiaries do not become guarantors of the notes, they will have no obligation, contingent or otherwise, to pay amounts due under the notes or to make any funds available to pay those amounts, whether by dividend, distribution, loan or other payment. The notes will be structurally subordinated to all indebtedness and other obligations of any non-guarantor subsidiary such that, in the event of insolvency, liquidation, reorganization, dissolution or other winding up of any subsidiary that is not a guarantor, all of the subsidiary's creditors (including trade creditors and preferred stockholders, if any) would be entitled to payment in full out of the subsidiary's assets before we would be entitled to any payment. In addition, the indenture governing the notes will, subject to some limitations, permit non-guarantor subsidiaries to incur additional indebtedness and will not contain any limitation on the amount of other liabilities, such as trade payables, that may be incurred by these subsidiaries.

We may not be able to repurchase the notes upon a change of control as required by the indenture governing the notes.

Upon the occurrence of certain kinds of change of control events, we will be required to offer to repurchase all outstanding notes at 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of repurchase, unless all notes have been previously called for redemption. The holders of other debt securities that we may issue in the future, which rank equally in right of payment with the notes, may also have this right. Our failure to purchase tendered notes would constitute an event of default under the indenture governing the notes, which in turn, would constitute an event of default under our revolving credit facility. In addition, the occurrence of a change of control (as defined under the revolving credit facility) in itself would constitute an event of default under our revolving credit facility.

Therefore, it is possible that we may not have sufficient funds at the time of the change of control to make the required repurchase of notes. Moreover, our revolving credit facility restricts, and any future indebtedness we incur may restrict, our ability to repurchase the notes, including following a change of control event. As a result, following a change of control event, we would not be able to repurchase notes unless we first repay all indebtedness outstanding under our revolving credit facility and any of our other indebtedness that contains similar provisions, or obtain a waiver from the holders of such indebtedness to permit us to repurchase the notes. We may be unable to repay all of that indebtedness or obtain a waiver of that type. Any requirement to offer to repurchase outstanding notes may therefore require us to refinance our other outstanding debt, which we may not be able to do on commercially reasonable terms, if at all. These repurchase requirements may also delay or make it more difficult for others to obtain control of us.

In addition, certain important corporate events, such as leveraged recapitalizations that would increase the level of our indebtedness, would not constitute a Change of Control under the indenture. See Description of Notes Change of Control.

Following a sale of substantially all of our assets, you may not be able to determine if a change of control that would give rise to a right to have the notes repurchased has occurred.

The definition of change of control in the Indenture includes a phrase relating to the sale of all or substantially all of our assets. There is no precise, established definition of the phrase substantially all under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase its notes as a result of a sale of less than all our assets to another person may be uncertain.

U.S. federal and state fraudulent transfer laws may permit a court to void, subordinate or limit the notes, and the guarantees, and, if that occurs, you may not receive any payments on the notes or may be required to return payments received on the notes.

U.S. federal and state fraudulent transfer and conveyance statutes may apply to the issuance of the notes and the incurrence of the guarantees of the notes. Under U.S. federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, the notes or the guarantees thereof (or the grant of collateral securing any such obligations) could be voided, subordinated or limited as a fraudulent transfer or conveyance if we or any of the guarantors, as applicable, (i) issued the notes or incurred the guarantees with the intent of hindering, delaying or defrauding creditors, or (ii) received less than reasonably equivalent value or fair consideration in return for either issuing the notes or incurring the guarantees and, in the case of (ii) only, one of the following is also true at the time thereof:

we or any of our restricted subsidiaries, as applicable, were insolvent or rendered insolvent by reason of the issuance of the notes or the incurrence of the guarantees;

the issuance of the notes or the incurrence of the guarantees left us or any of our restricted subsidiaries, as applicable, with an unreasonably small amount of capital or assets to carry on its business;

we or any of our restricted subsidiaries intended to, or believed that we or such restricted subsidiary would, incur debts beyond our or such restricted subsidiary's ability to pay as they mature; or

we or any of our restricted subsidiaries were a defendant in an action for money damages, or had a judgment for money damages docketed against us or such restricted subsidiary if, in either case, after final judgment, the judgment is unsatisfied.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or a valid antecedent debt is secured or satisfied. A court would likely find that a subsidiary guarantor did not receive reasonably equivalent value or fair consideration for its guarantee to the extent such guarantor did not obtain a reasonably equivalent tangible benefit directly or indirectly from the issuance of the notes.

We cannot be certain as to the standards a court would use to determine whether or not we or our restricted subsidiaries were insolvent at the relevant time or, regardless of the standard that a court uses, whether the notes or the guarantees would be subordinated to our or any of our restricted subsidiaries' other debt. In general, however, a court would deem an entity insolvent if:

the sum of its debts, including contingent and unliquidated liabilities, was greater than the fair saleable value of all of its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they became due.

If a court were to find that the issuance of the notes, the incurrence of a guarantee or the grant of security was a fraudulent transfer or conveyance, the court could void the payment obligations under the notes or such guarantee or void the grant of collateral or subordinate or limit the notes or such guarantee to presently existing and future indebtedness of ours or of the related guarantor, or require the holders of the notes to repay any amounts received with respect to such guarantee. In the event of a finding that a fraudulent transfer or conveyance occurred, you may not receive any repayment on the notes or guarantees. Further, the avoidance of the notes could result in an event of default with respect to our and our subsidiaries' other debt that could result in acceleration of such debt.

Each guarantee will contain a provision intended to limit the guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer. This provision may not be effective to protect the guarantees from being avoided under applicable fraudulent transfer laws or may reduce the guarantor's obligation to an amount that effectively makes the guarantee

worthless.

Finally, as a court of equity, a bankruptcy court may subordinate the claims in respect of the notes to other claims against us under the principle of equitable subordination, if the court determines that: (i) the holder of notes engaged in some type of inequitable conduct, (ii) such inequitable conduct resulted in injury to our other creditors or conferred an unfair advantage upon the holder of notes and (iii) equitable subordination is not inconsistent with the provisions of the bankruptcy code.

A financial failure by us or our subsidiaries may result in the assets of any or all of those entities becoming subject to the claims of all creditors of those entities.

A financial failure by us or our subsidiaries could affect payment of the notes if a bankruptcy court were to substantively consolidate us and our subsidiaries. If a bankruptcy court substantively consolidated us and our subsidiaries, the assets of each entity would become subject to the claims of creditors of all entities. This would expose holders of notes not only to the usual impairments arising from bankruptcy, but also to potential dilution of the amount ultimately recoverable because of the larger creditor base. Furthermore, forced restructuring of the notes could occur through the cramdown provisions of the bankruptcy code. Under these provisions, the notes could be restructured over your objections as to their general terms, primarily interest rate and maturity.

We face risks related to rating agency downgrades.

The notes are rated by Moody's Investor Services and Standard & Poor's Rating Services. If such rating agencies reduce the rating in the future, the market price of the notes would be adversely affected. In addition, if any of our other outstanding debt is rated and subsequently downgraded, raising capital will become more difficult, borrowing costs under the revolving credit facility and other future borrowings may increase and the market price of the notes may decrease.

Many of the covenants contained in the indenture will be suspended if the notes are rated investment grade by both Standard & Poor's Ratings Services and Moody's Investors Service, Inc.

Many of the covenants in the indenture governing the notes will be suspended if the notes are rated investment grade by both Standard & Poor's Ratings Services and Moody's Investors Service, Inc., provided at such time our revolving credit facility is unsecured and no default under the indenture has occurred and is continuing. These covenants will restrict, among other things, our ability to pay dividends, to incur debt and to enter into certain other transactions. There can be no assurance that the notes will ever be rated investment grade, or that if they are rated investment grade, that the notes will maintain such ratings. However, suspension of these covenants would allow us to engage in certain transactions that would not be permitted while these covenants were in force. See Description of Notes Certain Covenants Covenant Suspension.

The Acquired Permian Properties may not achieve their intended results and may result in us assuming unanticipated liabilities.

We acquired the Acquired Permian Properties with the expectation that the acquisitions would result in various benefits, growth opportunities and synergies. However, achieving the anticipated benefits of the transactions is subject to a number of risks and uncertainties. Environmental, title and other problems could reduce the value of the properties to us, and, depending on the circumstances, we could have limited or no recourse to the seller with respect to those problems. We would assume substantially all of the liabilities associated with the acquired properties and would be entitled to indemnification in connection with those liabilities in only limited circumstances and in limited amounts. We cannot assure you that such potential remedies will be adequate for any liabilities we incur, and such liabilities could be significant.

The success of the acquisitions of the Acquired Permian Properties depends on, among other things, the accuracy of our assessment of the reserves and drilling locations associated with the acquired properties, future oil, NGL and natural gas prices and operating costs and various other factors. These assessments are necessarily inexact. As a result, we may not recover the purchase price for the acquisition from the sale of production from the property or recognize an acceptable return on our investment. In addition, the integration of operations resulting from these acquisitions will require the dedication of management and other personnel, which may distract their attention from our day-to-day business and operations and prevent us from realizing benefits from other opportunities. Completing the integration process may be more expensive than anticipated, and we cannot assure you that we will be able to effect the integration of these operations smoothly or efficiently or that the anticipated benefits of the transaction will be achieved.

USE OF PROCEEDS

We will not receive any proceeds from the exchange offer. In consideration for issuing the new notes, we will receive outstanding notes from you in the same principal amount. The outstanding notes surrendered in exchange for the new notes will be retired and canceled and cannot be reissued. Accordingly, issuance of the new notes will not result in any change in our indebtedness.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

On April 25, 2012, we issued \$250 million aggregate principal amount of the outstanding notes, and on December 10, 2012, we issued an additional \$150 million aggregate principal amount of the outstanding notes. In connection with those issuances, we entered into registration rights agreements with substantially similar terms and conditions. Pursuant to the registration rights agreements, we agreed that we will, at our expense, for the benefit of the holders of the outstanding notes:

by January 22, 2013 (the first business day 270 days after April 25, 2012), with respect to the outstanding notes issued April 25, 2012, and by March 1, 2013, with respect to the outstanding notes issued December 10, 2012, file a registration statement or statements (Exchange Offer Registration Statement) covering one or more offers to the holders of the outstanding notes to exchange the outstanding notes for the new notes; and

use commercially reasonable efforts to consummate exchange offers for outstanding notes, regardless of issue date, on or prior to April 21, 2013 (the first business day 360 days after April 25, 2012).

Upon the effectiveness of the registration statement of which this prospectus is a part, we will offer the new notes in exchange for the outstanding notes. We filed a copy of each of the registration rights agreements as an exhibit incorporated by reference into the registration statement; this summary of the provisions of the registration rights agreements does not purport to be complete and is subject to, and qualified in its entirety by reference to, all provisions of the registration rights agreements.

Representations on Tendering Outstanding Notes

We are making the exchange offer in reliance on the position of the staff of the SEC as set forth in interpretive letters addressed to other parties in other transactions. For further information on the SEC's position, see *Exxon Capital Holdings Corporation*, available May 13, 1988, *Morgan Stanley & Co. Incorporated*, available June 5, 1991 and *Shearman & Sterling*, available July 2, 1993, and other interpretive letters to similar effect. We have not sought our own interpretive letter, however, and we cannot assure you that the staff would make a similar determination with respect to the exchange offer as it has in interpretive letters to other parties. Based on these interpretations by the staff, we believe that you may offer for resale, resell and otherwise transfer the new notes issued pursuant to the exchange offer without compliance with the registration and prospectus delivery provisions of the Securities Act, if you:

are not an affiliate of ours, as defined in Rule 405 of the Securities Act;

are not participating in, and do not intend to participate in, a distribution of the new notes within the meaning of the Securities Act and have no arrangement or understanding with any person to participate in a distribution of the new notes within the meaning of the Securities Act;

are acquiring the new notes in the ordinary course of your business; and

are not acting on behalf of any person who could not truthfully and completely make the foregoing representations.

In addition, if you are a broker-dealer and receive new notes for your own account, you must acknowledge that you will deliver a prospectus if you resell the new notes. By acknowledging your intent and delivering a prospectus you will not be deemed to admit that you are an underwriter under the Securities Act. You may use this prospectus as it is amended from time to time when you resell new notes that were acquired from market-making or trading activities. We have agreed to use commercially reasonable efforts to make this prospectus available for a period commencing on the day the exchange offer is consummated and continuing for 90 days (or such shorter period during which such broker-dealers or such other persons are required by law to deliver the prospectus); provided, however, that if for any day during such period we restrict the use of such prospectus, such period shall be extended on a day-by-day basis.

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

By tendering the outstanding notes in exchange for the new notes, you will be required to represent to us that each of the above statements applies to you. If you are unable to make these representations, you will be required to comply with the registration and prospectus delivery requirements under the Securities Act in connection with any resale transaction.

The exchange offer is not being made to, nor will we accept tenders for exchange from, holders of the outstanding notes in any jurisdiction in which the exchange offer or the acceptance of it would not be in compliance with the securities or blue sky laws of such jurisdiction.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and the letter of transmittal, we will accept any and all outstanding notes (CUSIPs: 76116A AA6, U76174 AA6 and U76174 AB4) validly tendered and not validly withdrawn prior to the Expiration Date. For each \$2,000, and \$1,000 integral multiples in excess of \$2,000, principal amount of outstanding notes properly tendered and not withdrawn before the expiration date of the exchange offer, we will issue \$2,000, and \$1,000 integral multiples in excess of \$2,000, principal amount of new notes.

We will not pay any accrued and unpaid interest on the outstanding notes that we acquire in the exchange offer. Instead, interest on the new notes will accrue from the later of (i) the last interest payment date on which interest was paid on the outstanding note surrendered in exchange for the new note or (ii) if the outstanding note is surrendered for exchange on a date in a period that includes the record date for an interest payment date to occur on or after the date of such exchange and as to which interest will be paid, the date of such interest payment date.

Holders may tender some or all of their outstanding notes pursuant to the exchange offer in denominations of \$2,000 and \$1,000 integral multiples in excess of \$2,000 thereof. The exchange offer is not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered.

The terms of the new notes are identical in all material respects to the terms of the outstanding notes, except that:

- (1) the new notes will have a different CUSIP number than the outstanding notes;
- (2) we have registered the new notes under the Securities Act and therefore the new notes will not bear legends restricting their transfer; and
- (3) specified rights under the registration rights agreement, including the provisions providing for payment of additional interest in specified circumstances relating to the exchange offer, will be eliminated for all the new notes.

The new notes will evidence the same debt as the outstanding notes. The new notes will be issued under the same indenture and will be entitled to the same benefits under that indenture as the outstanding notes being exchanged. As of the date of this prospectus, \$400 million aggregate principal amount of the outstanding notes are outstanding. The outstanding notes accepted for exchange will be retired and cancelled and not reissued.

Except as described under Form, Book-Entry Procedures and Transfer, we will issue the new notes in the form of one or more global notes registered in the name of DTC or its nominee, and each beneficial owner's interest in it will be transferable in book-entry form through DTC.

We intend to conduct the exchange offer in accordance with the applicable requirements of the Securities Act and the Exchange Act, and the rules and regulations of the SEC thereunder. Holders of notes do not have appraisal or dissenters' rights under state law or under the indenture in connection with the exchange offer.

We will be considered to have accepted validly tendered outstanding notes if and when we have given oral or written notice to that effect to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the new notes from us.

If we do not accept any tendered outstanding notes for exchange because of an invalid tender, the occurrence of the other events described in this prospectus or otherwise, we will return these outstanding notes, without expense, to the tendering holder as soon as practicable after the Expiration Date of the exchange offer.

Holders who tender the outstanding notes will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes on exchange of the outstanding notes in connection with the exchange offer. We will pay all charges and expenses, other than certain applicable taxes in certain circumstances, in connection with the exchange offer. See Fees and Expenses and Transfer Taxes.

If we successfully complete the exchange offer, any outstanding notes which holders do not tender or which we do not accept in the exchange offer will remain outstanding and continue to accrue interest. The holders of the outstanding notes after the exchange offer in general will not have further rights under the registration rights agreement, including registration rights and any rights to additional interest. Holders wishing to transfer the outstanding notes would have to rely on exemptions from the registration requirements of the Securities Act.

Expiration Date

The exchange offer will expire at 5:00 p.m. New York City time on April 12, 2013, unless, in our sole discretion, we extend the expiration date. If we so extend the expiration date, the term "expiration date" shall mean the latest date and time to which we extend the exchange offer.

Extensions, Delays in Acceptance, Termination or Amendment

We reserve the right, in our sole discretion to:

delay accepting for exchange any outstanding notes;

extend the exchange offer;

terminate the exchange offer; or

amend the terms of the exchange offer in any way we determine.

We will give oral or written notice of any delay, extension or termination to the exchange agent. In addition, we will give, as promptly as practicable, oral or written notice regarding any delay in acceptance, extension or termination of the offer to the registered holders of outstanding notes. If we amend the exchange offer in a manner that we determine to constitute a material change, or if we waive a material condition, we will promptly disclose the amendment or waiver in a manner reasonably calculated to inform the holders of outstanding notes of the amendment or waiver, and extend the offer if required by law.

We intend to make a public announcement of any delay in acceptance, extension, termination, amendment or waiver regarding the exchange offer by 9 a.m., Denver time, on the next business day after the previously scheduled expiration date. We have no other obligation to publish, advertise or otherwise communicate any information about any extension, amendment or termination.

Conditions to the Exchange Offer

Notwithstanding any other term of the exchange offer, outstanding notes will not be required to be accepted for exchange, nor will new notes be issued in exchange for any outstanding notes, and we may terminate or amend the exchange offer as provided herein before the acceptance of such outstanding notes, if, because of any change in law, or applicable interpretations thereof by the Commission, we determine that we are not permitted to effect the exchange offer. We have no obligation to, and will not knowingly, permit acceptance of tenders of outstanding notes from our affiliates or from any other holder or holders who are not eligible to participate in the exchange offer under applicable law or interpretations thereof by the Staff of the Commission, or if the new notes to be received by such holder or holders of outstanding notes in the exchange offer, upon receipt, will not be tradable by such holder without restriction under the Securities Act and the Exchange Act and without material restrictions under the blue sky or securities laws of substantially all of the states of the United States.

Procedures for Tendering

We have forwarded to you, along with this prospectus, a letter of transmittal relating to this exchange offer. Because all of the outstanding notes are held in book-entry accounts maintained by the exchange agent at DTC, the Euroclear System or Clearstream, Luxembourg, a holder need not submit a letter of transmittal. However, all holders who exchange their outstanding notes for new notes in accordance with the procedures outlined below will be deemed to have acknowledged receipt of, and agreed to be bound by, and to have made all of the representations and warranties contained in the letter of transmittal.

To tender in the exchange offer, a holder must comply with the following procedures, as applicable:

Holders of outstanding notes through DTC: If you wish to exchange your outstanding notes and either you or your registered holder hold your outstanding notes in book-entry form directly through DTC, you must submit an instruction and follow the procedures for book-entry transfer as provided under Book-Entry Transfer.

Holders of outstanding notes through Euroclear or Clearstream, Luxembourg: If you wish to exchange your outstanding notes and either you or your registered holder hold your outstanding notes in book-entry form directly through Euroclear or Clearstream,

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

Luxembourg, you should be aware that pursuant to their internal guidelines, Euroclear and Clearstream, Luxembourg will automatically exchange your outstanding notes for new notes. If you do not wish to participate in the exchange offer, you must instruct Euroclear or Clearstream, Luxembourg, as the case may be, to **Take No Action** ; otherwise your outstanding notes will automatically be tendered in the exchange offer, and you will be deemed to have agreed to be bound by the terms of the letter of transmittal.

Only a registered holder of record of outstanding notes may tender outstanding notes in the exchange offer. If you are a beneficial owner of outstanding notes which are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and you wish to tender outstanding notes in the exchange offer, you should contact the registered holder promptly and instruct the registered holder to tender on your behalf.

The tender by a holder that is not withdrawn before expiration of the exchange offer will constitute an agreement between that holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal. If a holder tenders less than all of the outstanding notes held by the holder, the tendering holder should so indicate. The amount of outstanding notes delivered to the exchange agent will be deemed to have been tendered unless otherwise indicated.

In addition, we reserve the right in our sole discretion to (a) purchase or make offers for any outstanding notes that remain outstanding subsequent to the expiration date, and (b) to the extent permitted by applicable law, purchase outstanding notes in the open market, in privately negotiated transactions or otherwise. The terms of any such purchases or offers may differ from the terms of the exchange offer.

Book-Entry Transfer

We understand that the exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the outstanding notes at DTC for the purpose of facilitating the exchange offer. Any financial institution that is a participant in DTC's system may make book-entry delivery of outstanding notes by causing DTC to transfer such outstanding notes into the exchange agent's DTC account in accordance with DTC's electronic Automated Tender Offer Program procedures for such transfer. The exchange of new notes for tendered outstanding notes will only be made after timely:

confirmation of book-entry transfer of the outstanding notes into the exchange agent's account; and

receipt by the exchange agent of an agent's message and all other required documents specified in the letter of transmittal. The confirmation, agent's message and any other required documents must be received at the exchange agent's address listed below under Exchange Agent on or before 5:00 p.m., New York City time, on the expiration date of the exchange offer.

As indicated above, delivery of documents to DTC in accordance with its procedures does not constitute delivery to the exchange agent.

The term agent's message means a message, transmitted by DTC and received by the exchange agent and forming part of the confirmation of a book-entry transfer, which states that DTC has received an express acknowledgment from a participant in DTC tendering outstanding notes stating:

the aggregate principal amount of outstanding notes which have been tendered by the participant;

that such participant has received an appropriate letter of transmittal and agrees to be bound by the terms of the letter of transmittal and the terms of the exchange offer; and

that we may enforce such agreement against the participant.

Delivery of an agent's message will also constitute an acknowledgment from the tendering DTC participant that the representations contained in the letter of transmittal and described below under Representations on Tendering Outstanding Notes are true and correct.

Guaranteed Delivery

If you wish to tender your outstanding notes and time will not permit you to make proper ATOP delivery prior to the expiration date of the exchange offer, or your letter of transmittal and all other required documents will not reach the exchange agent prior to the expiration date of the exchange offer, you may nevertheless tender if an eligible institution indicates in the ATOP system that you would like to use guaranteed delivery, and the exchange agent accepts the guaranteed delivery. You may then deliver your outstanding notes within three New York Stock Exchange trading days after the expiration date of the exchange offer. You may not tender by guaranteed delivery by using a letter of transmittal.

Withdrawal of Tenders

Your tender of outstanding notes pursuant to the exchange offer is irrevocable except as otherwise provided in this section. You may withdraw tenders of outstanding notes at any time prior to 5:00 p.m., New York City time, on the expiration date.

For a withdrawal to be effective for DTC participants, holders must comply with their respective standard operating procedures for electronic tenders and the exchange agent must receive an electronic notice of withdrawal from DTC.

Any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn outstanding notes and otherwise comply with the procedures of DTC. We will determine in our sole discretion all questions as to the validity, form and eligibility, including time of receipt, for such withdrawal notices, and our determination shall be final and binding on all parties. Any outstanding notes so

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

withdrawn will be deemed not to have been validly tendered for purposes of the exchange offer and no new notes will be issued with respect to them unless the outstanding notes so withdrawn are validly re-tendered. Any outstanding notes which have been tendered but which are withdrawn or not accepted for exchange will be returned to the holder without cost to such holder promptly after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn outstanding notes may be re-tendered by following the procedures described above under Procedures For Tendering at any time prior to the expiration date.

Exchange Agent

U.S. Bank National Association has been appointed as the exchange agent for the exchange offer. U.S. Bank National Association also acts as trustee under the indenture governing the notes. You should direct all requests for assistance, requests for additional copies of this prospectus or of the letters of transmittal, and requests for notices of guaranteed delivery to the exchange agent addressed as follows:

U.S. Bank National Association

60 Livingston Avenue

EP-MN-WS2N

St. Paul, MN 55107

Attn: Specialized Finance

Fax: 651-495-8158

Fees and Expenses

We will bear the expenses of soliciting tenders with respect to the exchange offer. The principal solicitation is being made by mail; however, we may make additional solicitation by telephone or in person by our officers and regular employees and those of our affiliates.

We have not retained any dealer manager in connection with the exchange offer and will not make any payments to broker-dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related reasonable out of pocket expenses.

We will pay the cash expenses to be incurred in connection with the exchange offer. They include:

SEC registration fees;

fees and expenses of the exchange agent and trustee;

accounting and legal fees and printing costs; and

related fees and expenses.

Transfer Taxes

Holders who tender their outstanding notes for exchange will not be obligated to pay any transfer taxes. If, however, a transfer tax is imposed for any reason other than the exchange of outstanding notes in connection with the exchange offer, then the tendering holder must pay the amount of any transfer taxes due, whether imposed on the registered holder or any other persons. If the tendering holder does not submit satisfactory evidence of payment of these taxes or exemption from them with the letter of transmittal, the amount of these transfer taxes will be billed directly to the tendering holder.

Accounting Treatment

We will record the new notes in our accounting records at the same carrying value as the outstanding notes. This carrying value is the aggregate principal amount of the outstanding notes less any bond discount or plus any bond premium, as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes in connection with the exchange offer.

Consequences of Failure to Properly Tender Outstanding Notes in the Exchange

We will issue the new notes in exchange for outstanding notes under the exchange offer only after timely confirmation of book-entry transfer of the outstanding notes into the exchange agent's account and timely receipt by the exchange agent of an agent's message and all other requirements

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

specified in the letter of transmittal. Therefore, holders of the outstanding notes desiring to tender outstanding notes in exchange for new notes should allow sufficient time to ensure timely delivery. We are under no duty to give notification of defects or irregularities of tenders of outstanding notes for exchange or waive any such defects or irregularities. Outstanding notes that are not tendered or that are tendered but not accepted by us will, following completion of the exchange offer, continue to be subject to the existing restrictions upon transfer under the Securities Act.

Participation in the exchange offer is voluntary. In the event the exchange offer is completed, we will generally not be required to register the remaining outstanding notes. Remaining outstanding notes will continue to be subject to the following restrictions on transfer:

holders may resell outstanding notes only if an exemption from registration is available or, outside the United States, to non-U.S. persons in accordance with the requirements of Regulation S under the Securities Act; and

the remaining outstanding notes will bear a legend restricting transfer in the absence of registration or an exemption. To the extent that outstanding notes are tendered and accepted in connection with the exchange offer, any trading market for remaining outstanding notes could be adversely affected.

Neither we nor our board of directors make any recommendation to holders of outstanding notes as to whether to tender or refrain from tendering all or any portion of their outstanding notes pursuant to the exchange offer. Moreover, no one has been authorized to make any such recommendation. Holders of outstanding notes must make their own decision whether to tender pursuant to the exchange offer and, if so, the aggregate amount of outstanding notes to tender, after reading this prospectus and the letter of transmittal and consulting with their advisors, if any, based on their own financial position and requirements.

RATIO OF EARNINGS TO FIXED CHARGES ^(a)

The table below reflects the ratio of earnings to fixed charges for Resolute and Predecessor Resolute (defined below) for the periods presented.

For this purpose, earnings consist of the sum of income from continuing operations before income taxes and fixed charges (exclusive of interest capitalized). Fixed charges consist of interest expensed and capitalized and an estimate of the interest within rental expense.

c) Ratio was less than 1.0; the coverage deficiency was \$46.6 million for the 267 day period ended September 24, 2009, and \$108.7 million for the fiscal year ended December 31, 2008.

On September 25, 2009, Hicks Acquisition Company I, Inc., referred to herein as HACI, consummated a business combination under the terms of a Purchase and IPO Reorganization Agreement with us and Resolute Holdings Sub, LLC, whereby, through a series of transactions, HACI's stockholders collectively acquired a majority of our outstanding shares of common stock. Immediately prior to the consummation of such merger transaction, we owned, directly or indirectly, 100% of the equity interests of Resolute Natural Resources Company, LLC, WYNR, LLC, BWNR, LLC, RNRC Holdings, Inc., and Resolute Wyoming, Inc. (formerly known as Primary Natural Resources, Inc.), and owned a 99.996% equity interest in Resolute Aneth, LLC. We collectively refer to Resolute and each of the subsidiaries set forth above as Predecessor Resolute. The entities composing Predecessor Resolute prior to the merger transaction with HACI were wholly owned by Resolute Holdings Sub, LLC (except for Resolute Aneth, LLC, which was owned 99.996% by Resolute Holdings Sub, LLC), which in turn is a wholly owned subsidiary of Resolute Holdings, LLC. Effective December 31, 2010, Resolute Aneth, LLC became our wholly-owned subsidiary.

DESCRIPTION OF OTHER INDEBTEDNESS

Our revolving credit facility is with a syndicate of banks led by Wells Fargo Bank, National Association with Resolute Energy Corporation as the borrower. On March 30, 2010, we entered into an amended and restated revolving credit facility agreement, and since then have entered into five amendments to the revolving credit facility. As of December 31, 2012, outstanding borrowings under our revolving credit facility were approximately \$162 million. The revolving credit facility has a maturity date of April 2017 and an aggregate maximum credit amount of \$1 billion.

The revolving credit facility is guaranteed by all of our subsidiaries and is secured by substantially all of the proved oil and gas assets of Resolute Aneth, LLC and Resolute Wyoming, Inc., which are wholly-owned subsidiaries of Resolute Energy Corporation.

The revolving credit facility specifies a maximum borrowing base as determined by the lenders, which is currently \$330 million. The determination of the borrowing base takes into consideration the estimated value of our oil and gas properties in accordance with the lenders customary practices for oil and gas loans. The borrowing base availability has been reduced by \$3.1 million in conjunction with letters of credit issued to vendors at December 31, 2012 and by other limitations based upon a multiple of trailing earnings as defined in the credit facility. The borrowing base is redetermined semi-annually, and the amount available for borrowing could be increased or decreased as a result of such redeterminations. Under certain circumstances, either we or the lenders may request an interim redetermination. To the extent that the borrowing base, as adjusted from time to time, exceeds the outstanding balance, no repayments of principal are required prior to maturity.

The annual interest rate on each base rate borrowing is (a) the greatest of (i) the prime rate as established by the administrative agent, (ii) the federal funds effective rate plus 0.50%, and (iii) an adjusted LIBOR for a one month interest period plus 1%, plus (b) a margin between 0.50% to 1.50% depending on the then-current level of borrowing base usage. The interest on each Eurodollar loan is (a) the adjusted LIBOR rate, plus (b) a margin between 1.50% to 2.50%. As of December 31, 2011 and 2010, the weighted average interest rate on the outstanding balance under the revolving credit facility was 2.60% and 3.15%, respectively and was 2.99% as of December 31, 2012. The recorded value of the revolving credit facility approximates its fair market value.

The revolving credit facility contains various affirmative and negative covenants including but not limited to financial covenants that require us to maintain (i) a consolidated current ratio of at least 1.0 to 1.0 at the end of any fiscal quarter, and (ii) a maximum leverage ratio (consolidated indebtedness to consolidated EBITDA as defined in the credit agreement) not exceeding 4.0 to 1.0 at the end of each fiscal quarter. Additional covenants limit our ability and that of certain of our subsidiaries to grant certain liens; make certain loans and investments; make distributions; merge or consolidate with or into a third party; or engage in certain asset dispositions, including a sale of all or substantially all of our assets. Additionally, the revolving credit facility limits our ability and that of certain of our subsidiaries to incur additional indebtedness. This limitation is subject to certain exceptions, including an exception that allows for indebtedness under the notes. We were in compliance with all applicable covenants of the revolving credit facility at December 31, 2012.

In connection with the first of the Acquired Permian Properties acquisitions and the December 10, 2012 notes offering, we amended our revolving credit facility to provide that the issuance of outstanding notes on December 10, 2012 would not automatically decrease the borrowing base, which will remain at \$330 million. Also in connection with the second of the Acquired Permian Properties acquisitions, we further amended our revolving credit facility to increase the maximum leverage ratio to 4.25:1.00 for the fiscal quarter ended December 31, 2012 and provide that such covenant will be measured only as of the last day of each fiscal quarter. The borrowing base was not redetermined at the time of the acquisitions of the Acquired Permian Properties to take into account the Acquired Permian Properties; however, such properties may be evaluated in connection with the borrowing base redetermination scheduled for spring 2013.

DESCRIPTION OF THE NEW NOTES

On April 25, 2012 and December 10, 2012, as applicable, the outstanding notes were issued under an indenture (the *Indenture*) among us, the Guarantors and U.S. Bank National Association, as trustee (the *Trustee*), in private transactions not subject to the registration requirements of the Securities Act. The Indenture is subject to and governed by the provisions of the Trust Indenture Act of 1939, as amended (the *Trust Indenture Act*).

The \$150 million aggregate principal amount of notes issued on December 10, 2012 (the *December notes*) have the same terms as, and are treated as a single series with the \$250 million aggregate principal amount of notes issued on April 25, 2012 (the *April notes*). Unless otherwise noted, the December notes, together with the April notes, shall be referred to in this Description of the New Notes as the *outstanding notes*.

We have appointed U.S. Bank National Association, a national banking association organized under the laws of the United States, to serve as Trustee under the Indenture. The Trustee has not evaluated the risks, benefits, or propriety of any investment in the new notes and makes no representation, and has reached no conclusions, regarding the value or condition of the new notes.

Any December notes issued as Regulation S notes were initially issued under a CUSIP number different from the CUSIP number applicable to April notes that were Regulation S notes. Upon the completion of the restricted period applicable to the December notes, we expect that holders that exchange such Regulation S notes in accordance with the terms of the Indenture will receive Regulation S notes having the same CUSIP number as the April notes issued as Regulation S notes. All Regulation S notes may be exchanged hereunder for new notes that will not bear any restrictive legend.

The following description is a summary of the material provisions of the notes and the Indenture. It does not restate it in its entirety. We urge you to read the Indenture because it, and not this description, will define your rights as holders of the new notes.

Certain defined terms used in this description but not defined below under *Certain Definitions* have the meanings assigned to them in the Indenture. In this description, the word *Company* refers only to Resolute Energy Corporation and not to any of its subsidiaries, and unless the context requires otherwise, references to the *notes* shall mean the new notes together with the outstanding notes.

Brief Description of the Notes and the Guarantees

The New Notes

The new notes:

will be general unsecured senior obligations of the Company;

will rank equally in right of payment with all existing and future senior indebtedness of the Company, including the outstanding notes;

will be effectively subordinated in right of payment to all existing and future senior secured Indebtedness incurred from time to time by the Company (including Indebtedness under the Senior Credit Agreement) to the extent of the value of the assets securing such Indebtedness;

will rank senior in right of payment to any future subordinated Indebtedness of the Company; and

will be fully and unconditionally guaranteed by the Guarantors on a senior basis.

The Guarantees

Each guarantee of the new notes:

will be a general unsecured senior obligation of the Guarantor;

will rank equally in right of payment with all existing and future senior indebtedness of the Guarantor, including the outstanding notes;

will be effectively subordinated in right of payment to all existing and future senior secured Indebtedness incurred from time to time by that Guarantor, including guarantees of Indebtedness under the Senior Credit Agreement, to the extent of the value of the assets securing such Indebtedness; and

will rank senior in right of payment to any future subordinated Indebtedness of the Guarantor.

As of December 31, 2012, the Company had approximately \$162 million in outstanding borrowings under its revolving credit facility. The assets of any Subsidiary of the Company that in the future does not guarantee the notes will be subject to the prior claims of all creditors of that Subsidiary, including trade creditors. In the event of a bankruptcy, administrative receivership, composition, insolvency, liquidation or reorganization of any of the non-guarantor Subsidiaries, such Subsidiaries will pay the holders of their liabilities, including trade payables, before they will be able to distribute any of their assets to the Company or a Guarantor. The Indenture permits the Company and the Guarantors to incur additional secured Indebtedness.

Principal, Maturity and Interest

The notes will mature on May 1, 2020, will be limited in initial aggregate principal amount to \$400 million and will be unsecured senior obligations of the Company. The Indenture provides for the issuance of an unlimited amount of additional notes (the Additional Notes) having identical terms and conditions to the notes offered hereby (in all respects, other than issue price, at the option of the Company as to the payment of interest accruing prior to the issue date of such Additional Notes or except for the first payment of interest following the issue date of such Additional Notes), subject to compliance with the covenants contained in the Indenture. Such Additional Notes shall be consolidated and form a single series, and have the same terms as to status, redemption or otherwise as the notes, and will be treated as a single class of securities for purposes of, without limitation, waivers, amendments and offers to purchase. For purposes of this Description of the New Notes, reference to the notes includes Additional Notes and new notes unless otherwise indicated. There can be no assurance as to when or whether the Company will issue any such Additional Notes or as to the aggregate principal amount of such Additional Notes. Additionally, any Additional Notes may not be fungible with the notes for U.S. income tax purposes.

Interest on the notes will accrue at the rate of 8.50% per annum and will be payable semiannually in cash on each May 1 and November 1, commencing November 1, 2012 with respect to outstanding notes issued April 25, 2012 and commencing May 1, 2013 with respect to notes issued December 10, 2012, to the holders of record on the immediately preceding April 15 and October 15, as the case may be. Interest on the new notes will accrue from November 1, 2012, the most recent date to which interest has been paid. Interest will be computed on the basis of a 360-day year comprising twelve 30-day months.

The principal of and premium, if any, and interest on the notes will be payable and the notes will be exchangeable and transferable, at the office or agency of the Company in Denver, Colorado maintained for such purposes (which initially will be the office of the Trustee located at U.S. Bank National Association; Corporate Trust-DN-CO-T12C; 950 17th Street 1st Floor; Denver, CO 80202) or, at the option of the Company, payment of interest may be paid by check mailed to the address of the person entitled thereto as such address appears in the security register. The notes will be issued only in registered form without coupons and only in denominations of \$2,000 or whole multiples of \$1,000 in excess thereof. No service charge will be made for any registration of transfer or exchange or redemption of notes, but the Company may require payment in certain circumstances of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

The notes will not be entitled to the benefit of any sinking fund.

Guarantees

Initially, each of the Company's existing direct and indirect Restricted Subsidiaries will be a Guarantor. The payment of the principal of, premium, if any, and interest on the notes, when and as the same become due and payable, will be guaranteed, jointly and severally, on a senior unsecured basis (the Guarantees) by the Guarantors. In addition, if (a) any Person becomes a direct or indirect domestic Restricted Subsidiary (other than an Immaterial Subsidiary), (b) any Unrestricted Subsidiary is redesignated as a Restricted Subsidiary, or (c) any other Restricted Subsidiary (including any Foreign Subsidiaries) of the Company becomes a guarantor or obligor in respect of any Indebtedness (other than a De Minimis Guaranteed Amount) of the Company or any of the direct or indirect domestic Restricted Subsidiaries, the Company shall cause each such Restricted Subsidiary to enter into a supplemental indenture pursuant to which such Restricted Subsidiary shall agree to guarantee the Company's obligations under the notes jointly and severally with any other Guarantors, fully and unconditionally, on a senior unsecured basis. See Certain Covenants Issuances of Guarantees by Restricted Subsidiaries. As of the date of this prospectus, the Company has no Foreign Subsidiaries and no Immaterial Subsidiaries.

The obligations of each Guarantor under its Guarantee are limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of such Guarantor, and after giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Guarantor under its Guarantee not constituting a fraudulent conveyance or fraudulent transfer under Federal or state law. See Risk Factors Risks Related to Our Indebtedness U.S. federal and state fraudulent transfer laws may permit a court to void, subordinate or limit the notes, and the guarantees, and, if that occurs, you may not receive any payments on the notes or may be required to return payments received on the notes. Each Guarantor that makes a payment or distribution under its Guarantee will be entitled to a contribution from any other Guarantor in a pro rata amount based on the net assets of each Guarantor determined in accordance with GAAP.

The Guarantee of a Guarantor will be released automatically:

- (1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to one or more Persons that are not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary, if the sale or other disposition of all or substantially all of the assets of that Guarantor complies at the time thereof with the covenants described below under Certain Covenants Asset Sales and Certain Covenants Transactions with Affiliates ;
- (2) in connection with any sale of all of the Capital Stock of a Guarantor to one or more Persons that are not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary, if the sale of all such Capital Stock of that Guarantor complies at the time thereof with the covenants described below under Certain Covenants Asset Sales and Certain Covenants Transactions with Affiliates ;
- (3) if the Company properly designates any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary pursuant to the covenant described under Certain Covenants Unrestricted Subsidiaries ;
- (4) if a Guarantor under any Credit Facility is released from its guarantee issued pursuant to the terms of any Credit Facility of the Company or any direct or indirect Restricted Subsidiary, and such Guarantor is not an obligor under any Indebtedness other than the notes (other than a De Minimis Guaranteed Amount); or
- (5) if the notes are discharged in accordance with the procedures described below under Defeasance or Covenant Defeasance of Indenture or Satisfaction and Discharge ;

provided that any such release and discharge pursuant to clauses (1), (2), (3), (4) and (5) above shall occur only to the extent that all obligations of such Guarantor under all of its guarantees of, and under all of its pledges of assets or other security interests which secure any, Indebtedness of the Company shall also terminate at such time.

Optional Redemption

On or after May 1, 2016, the Company may redeem all or a portion of the notes, on not less than 30 nor more than 60 days prior notice, in amounts of \$2,000 or whole multiples of \$1,000 in excess thereof at the following redemption prices (expressed as percentages of the principal amount), plus accrued and unpaid interest, if any, thereon, to the applicable redemption date (subject to the rights of holders of record on relevant record dates to receive interest due on an interest payment date), if redeemed during the twelve-month period beginning on May 1 of the years indicated below:

Year	Optional Redemption Price
2016	104.250%
2017	102.125%
2018 and thereafter	100.000%

In addition, at any time and from time to time prior to May 1, 2015, the Company may use (i) the net proceeds of one or more Equity Offerings and (ii) the Net Cash Warrant Exercise Proceeds to redeem up to an aggregate of 35% of the aggregate principal amount of notes issued under the Indenture (including the principal amount of any Additional Notes issued under the Indenture) at a redemption price equal to 108.50% of the aggregate principal amount of the notes redeemed, plus accrued and unpaid interest, if any, to the redemption date (subject to the rights of holders of record on relevant record dates to receive interest due on an interest payment date). At least 65% of the aggregate principal amount of notes (including the principal amount of any Additional Notes issued under the Indenture) must remain outstanding immediately after the occurrence of such redemption. In order to effect this redemption, the Company must complete such redemption no later than 180 days after the closing of the related Equity Offering. Notice of any redemption pursuant to this paragraph may be given prior to the completion of the applicable Equity Offering, and any such redemption or notice may at the Company's discretion be subject to one or more conditions precedent,

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

including but not limited to completion of such Equity Offering. If any such conditions do not occur, the Company will provide prompt written notice to the Trustee rescinding such redemption, and such redemption and notice of redemption shall be rescinded and of no force or effect. Upon receipt of such notice, the Trustee will promptly send a copy of such notice to the holders of the notes to be redeemed in the same manner in which the notice of redemption was given.

The notes may also be redeemed, in whole or in part, at any time or from time to time prior to May 1, 2016 at the option of the Company at a redemption price equal to 100% of the principal amount of the notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and additional interest, if any, to, the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date). If less than all of the notes are to be redeemed, the Trustee shall select the notes to be redeemed in compliance with the requirements of the principal national security exchange, if any, on which the notes are listed, or if the notes are not listed, on a pro rata basis, by lot or by any other method the Trustee shall deem fair and reasonable (except that any notes represented by a note in global form will be selected by such method as the Depository Trust Company (DTC) or its nominee or successor may require or, where such nominee or successor is the trustee, a method that most nearly approximates *pro rata* selection as the trustee deems fair and appropriate). Notes redeemed in part must be redeemed only in amounts of \$2,000 or whole multiples of \$1,000 in excess thereof (subject to the procedures of DTC or any other depository). Redemption pursuant to the provisions relating to an Equity Offering must be made on a *pro rata* basis or on as nearly a *pro rata* basis as practicable (except that any notes represented by a note in global form will be selected by such method as DTC or its nominee or successor may require or, where such nominee or successor is the trustee, a method that most nearly approximates *pro rata* selection as the trustee deems fair and appropriate).

Mandatory Redemption

The Company is not required to make mandatory redemption or sinking fund payments with respect to the notes.

Change of Control

Unless the Company has previously or concurrently mailed a redemption notice with respect to all outstanding notes as described under Optional Redemption, if a Change of Control occurs, each holder of notes will have the right to require that the Company purchase all or any part (in amounts of \$2,000 or whole multiples of \$1,000 in excess thereof) of such holder's notes pursuant to the offer described below (the Change of Control Offer). In the Change of Control Offer, the Company will offer to purchase all of the notes, at a purchase price (the Change of Control Purchase Price) in cash in an amount equal to 101% of the principal amount of such notes, plus accrued and unpaid interest, if any, to the date of purchase (the Change of Control Purchase Date) (subject to the rights of holders of record on relevant record dates to receive interest due on an interest payment date).

Within 30 days after any Change of Control or, at the Company's option, prior to such Change of Control but after it is publicly announced, the Company must notify the Trustee and give written notice of the Change of Control to each holder of notes, by first-class mail, postage prepaid, at his address appearing in the security register. The notice must state, among other things,

that a Change of Control has occurred or will occur and the date of such event;

the circumstances and relevant facts regarding such Change of Control;

the Change of Control Purchase Price and the Change of Control Purchase Date, which shall be fixed by the Company on a business day no earlier than 30 days nor later than 60 days from the date the notice is mailed, or such later date as is necessary to comply with requirements under the Exchange Act; *provided* that the Change of Control Purchase Date may not occur prior to the Change of Control;

that any note not tendered will continue to accrue interest;

that, unless the Company defaults in the payment of the Change of Control Purchase Price, any notes accepted for payment pursuant to the Change of Control Offer shall cease to accrue interest after the Change of Control Purchase Date; and

other procedures that a holder of notes must follow to accept a Change of Control Offer or to withdraw acceptance of the Change of Control Offer.

Any Change of Control Offer that is made prior to the occurrence of a Change of Control may at the Company's discretion be subject to one or more conditions precedent, including but not limited to the occurrence of a Change of Control.

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

If a Change of Control Offer is made, the Company may not have available funds sufficient to pay the Change of Control Purchase Price for all of the notes that might be delivered by holders of the notes seeking to accept the Change of Control Offer. The failure of the Company to make or consummate the Change of Control Offer or pay the Change of Control Purchase Price when due will give the Trustee and the holders of the notes the rights described under Events of Default.

The Senior Credit Agreement provides that certain change-of-control events with respect to the Company would constitute a default thereunder, which would obligate the Company to repay amounts outstanding under such indebtedness upon an acceleration of the Indebtedness issued thereunder. A default under the Senior Credit Agreement would result in a default under the Indenture if the lenders accelerate the debt under the Senior Credit Agreement. Any future credit agreements or agreements relating to other indebtedness to which the Company becomes a party may contain similar restrictions and provisions. In the event a Change of Control occurs at a time when the Company is prohibited from purchasing notes, the Company could seek the consent of the lenders under those agreements to the purchase of the notes or could attempt to refinance the borrowings that contain such prohibition. If the Company does not obtain such a consent or repay such borrowings, the Company will remain prohibited from purchasing notes. In such case, the Company's failure to purchase tendered notes would result in an Event of Default under the Indenture. In addition, if the lenders under the Senior Credit Agreement accelerate Indebtedness under the Senior Credit Agreement in an aggregate principal amount in excess of \$25.0 million, that would constitute an Event of Default under the Indenture. See Risk Factors We may not be able to repurchase the notes upon a change of control as required by the indenture governing the notes.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of all or substantially all of the assets of the Company. The term all or substantially all as used in the definition of Change of Control has not been interpreted under New York law (which is the governing law of the Indenture) to represent a specific quantitative test. Therefore, if holders of the notes elected to exercise their rights under the Indenture and the Company elected to contest such election, it is not clear how a court interpreting New York law would interpret the phrase. In addition, holders of notes may not be entitled to require the Company to repurchase their notes in certain circumstances involving a significant change in the composition of the Board of Directors of the Company, including in connection with a proxy contest, where the Company's Board of Directors does not endorse a dissident slate of directors but approves them for purposes of the Indenture.

The existence of a holder's right to require the Company to repurchase such holder's notes upon a Change of Control may deter a third party from acquiring the Company in a transaction which constitutes a Change of Control.

The provisions of the Indenture do not afford holders of the notes the right to require the Company to repurchase the notes in the event of a highly leveraged transaction or certain transactions with the Company's management or its affiliates, including a reorganization, restructuring, merger or similar transaction (including, in certain circumstances, an acquisition of the Company by management or its affiliates) involving the Company that may adversely affect holders of the notes, if such transaction is not a transaction defined as a Change of Control. A transaction involving the Company's management or its affiliates, or a transaction involving a recapitalization of the Company, will result in a Change of Control if it is the type of transaction specified by such definition.

The Company will comply with the applicable tender offer rules, including Rule 14e-1 under the Exchange Act, and any other applicable securities laws or regulations in connection with a Change of Control Offer.

The Company will not be required to make a Change of Control Offer (1) upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements described in the Indenture applicable to a Change of Control Offer made by the Company and purchases all notes validly tendered and not withdrawn under such Change of Control Offer or (2) if notice of redemption for 100% of the aggregate principal amount of the outstanding notes has been given pursuant to the Indenture as described under the caption Optional Redemption, unless and until there is a default in payment of the applicable redemption price.

If holders of not less than 90% of the aggregate principal amount of the outstanding notes accept a Change of Control Offer and the Company purchases all of the notes held by such holders, the Company will have the right, upon not less than 30 nor more than 60 days prior notice, given not more than 30 days following the purchase pursuant to the Change of Control Offer described above, to redeem all of the notes that remain outstanding following such purchase at a redemption price equal to 101% of the aggregate principal amount of the notes redeemed plus accrued and unpaid interest, if any, thereon to the date of redemption, subject to the right of the holders of record on relevant record dates to receive interest due on an interest payment date.

Certain Covenants

Covenant Suspension

If at any time following the date of the Indenture:

- (a) the rating assigned to the notes by both S&P and Moody's is at least an Investment Grade Rating,

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

- (b) the obligations under the Senior Credit Agreement cease to be secured and
- (c) no Default has occurred and is continuing under the Indenture,

then, beginning on that day and subject to the provisions of the following paragraph, the provisions of the Indenture described under the following captions in this offering circular will be suspended:

- (1) Certain Covenants Incurrence of Indebtedness and Issuance of Disqualified Stock,
- (2) Certain Covenants Restricted Payments,
- (3) Certain Covenants Transactions with Affiliates,
- (4) Certain Covenants Asset Sales,
- (5) Certain Covenants Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries,
- (6) Certain Covenants Lines of Business,
- (7) the conditions in clauses (1) and (3) described below under Certain Covenants Sale Leaseback Transactions and
- (8) the financial test set forth in clause (3) of the provisions of the Indenture described below under Consolidation, Merger and Sale of Assets.

During any period that the foregoing covenants have been suspended, the Company's Board of Directors may not designate any of its Subsidiaries as Unrestricted Subsidiaries pursuant to the covenant described below under the caption Certain Covenants Unrestricted Subsidiaries.

Notwithstanding the foregoing, if the rating assigned by either such rating agency should subsequently decline to below BBB- or Baa3, respectively, the foregoing covenants will be reinstated as of and from the date of such rating decline. Calculations under the reinstated

Restricted Payments covenant will be made as if the Restricted Payments covenant had been in effect since the date of the Indenture except that no Default will be deemed to have occurred solely by reason of a Restricted Payment made while that covenant was suspended.

There can be no assurance that the notes will ever achieve an investment grade rating or that any such rating will be maintained.

- a) The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, create, issue, incur, assume, guarantee or otherwise in any manner become directly or indirectly liable for the payment of or otherwise incur, contingently or otherwise (collectively, incur), any Indebtedness (including any Acquired Debt and the issuance of Disqualified Stock by the Company or the issuance of Preferred Stock by a Restricted Subsidiary), unless such Indebtedness is incurred by the Company or any Guarantor and, in each case, the Company's Consolidated Fixed Charge Coverage Ratio for the most recent four full fiscal quarters for which financial statements are available immediately preceding the incurrence of such Indebtedness taken as one period is equal to or greater than 2.25 to 1.0.

- (5) guarantees by the Company or any Guarantor of any Indebtedness of the Company or any of its Restricted Subsidiaries that is permitted to be incurred under the Indenture;

- (13) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds, so long as such Indebtedness is covered within five business days;

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

- (15) Permitted Acquisition Indebtedness of the Company or any Guarantor; and
- (16) Indebtedness of the Company or any Restricted Subsidiary in addition to that described in clauses (1) through (15) above, and any renewals, extensions, substitutions, refinancings or replacements of such Indebtedness, so long as the aggregate principal amount of all such Indebtedness outstanding at any one time in the aggregate, together with all Permitted Refinancing Indebtedness with respect to this clause (16), shall not exceed the greater of (x) \$50.0 million and (y) 5.0% of Adjusted Consolidated Net Tangible Assets, determined as of the date of the incurrence of such Indebtedness.

For purposes of determining compliance with the Incurrence of Indebtedness and Issuance of Disqualified Stock covenant, in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness permitted by this covenant, the Company in its sole discretion shall classify or reclassify such item of Indebtedness and only be required to include the amount of such Indebtedness as one of such types (or to divide such Indebtedness between two or more of such types); *provided* that Indebtedness under the Senior Credit Agreement, if any, which is in existence on the date of the Indenture or following the issuance of the notes, and any renewals, extensions, substitutions, refundings, refinancings or replacements thereof, in an amount not in excess of the amount permitted to be incurred pursuant to clause (1) of paragraph (b) above, shall be deemed to have been incurred pursuant to clause (1) of paragraph (b) above rather than paragraph (a) above or any other clause of paragraph (b) above.

Indebtedness permitted by this covenant need not be permitted solely by reference to one provision permitting such Indebtedness but may be permitted in part by one such provision and in part by one or more other provisions of this covenant permitting such Indebtedness.

Accrual of interest, accretion or amortization of original issue discount and the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, and the accretion or payment of dividends on any Disqualified Stock or Preferred Stock in the form of additional shares of the same class of Disqualified Stock or Preferred Stock will not be deemed to be an incurrence of Indebtedness for purposes of this covenant; *provided*, in each such case, that the amount thereof as accrued shall be included as required in the calculation of the Consolidated Fixed Charge Coverage Ratio of the Company.

For purposes of determining compliance with any dollar-denominated restriction on the incurrence of Indebtedness denominated in a foreign currency, the dollar-equivalent principal amount of such Indebtedness incurred pursuant thereto shall be calculated based on the relevant currency exchange rate in effect on the date that such Indebtedness was incurred.

If Indebtedness is secured by a letter of credit that serves only to secure such Indebtedness, then the total amount deemed incurred shall be equal to the greater of (x) the principal of such Indebtedness and (y) the amount that may be drawn under such letter of credit.

The amount of Indebtedness issued at a price less than the amount of the liability thereof shall be determined in accordance with GAAP.

Fluctuations in the termination value of Hedging Obligations shall not be deemed to be an incurrence of Indebtedness.

- (ix) any Transaction between the Company or any Restricted Subsidiary on the one hand and any Person deemed to be an Affiliate solely because one or more directors of such Person is also a director of the Company or a Restricted Subsidiary, on the other hand; *provided* that such director or directors abstain from voting as a director of the Company or the Restricted Subsidiary, as applicable, in connection with the approval of the Transaction, and
- (x) Transactions with customers, clients, suppliers or purchasers or sellers of goods or services, in each case in the ordinary course of the business of the Company and its Restricted Subsidiaries and otherwise in compliance with the terms of the Indenture; provided that in the reasonable determination of the members of the Board of Directors or senior management of the Company, such Transactions are on terms that are no less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable Transaction by the Company or such Restricted Subsidiary with an unrelated Person.

Liens

The Company will not, and will not cause or permit any Restricted Subsidiary to, directly or indirectly, create or incur, in order to secure any Indebtedness, any Lien of any kind, other than Permitted Liens, upon any property or assets (including any intercompany notes) of the Company or any Restricted Subsidiary owned on the date of the Indenture or acquired after the date of the Indenture, or assign or convey, in order to secure any Indebtedness, any right to receive any income or profits therefrom, unless the notes (or a Guarantee in the case of Liens of a Guarantor) are directly secured equally and ratably with (or, in the case of Subordinated Indebtedness, prior or senior thereto, with the same relative priority as the notes shall have with respect to such Subordinated Indebtedness) the Indebtedness secured by such Lien.

Notwithstanding the foregoing, any Lien securing the notes or a Guarantee granted pursuant to the immediately preceding paragraph shall be automatically and unconditionally released and discharged upon: (i) the release of all other Liens that require the grant of Liens to secure the notes or Guarantees pursuant to the preceding paragraph, (ii) any sale, exchange or transfer to any Person not an Affiliate of the Company of the property or assets secured by such Lien, (iii) any sale, exchange or transfer to any Person not an Affiliate of the Company of all of the Capital Stock held by the Company or any Restricted Subsidiary in, or all or substantially all the assets of, any Restricted Subsidiary creating such Lien or (iv) with respect to any Lien securing a Guarantee, the release of such Guarantee in accordance with the Indenture.

Asset Sales

- a) The Company will not, and will not permit any Restricted Subsidiary to, consummate any Asset Sale unless (i) the Company or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the assets and property subject to such Asset Sale and (ii) at least 75% of the consideration paid to the Company or such Restricted Subsidiary in connection with such Asset Sale is in the form of cash or Cash Equivalents. For the purposes of this provision, the following will be deemed to be cash:
- (1) Liquid Securities;
 - (2) any liabilities, as shown on the Company's or any Restricted Subsidiary's most recent balance sheet, of the Company or such Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated in right of payment to the notes or any Guarantee) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases the Company or such Restricted Subsidiary from further liability; and
 - (3) all other forms of consideration (except cash, Cash Equivalents and forms of consideration described in the foregoing clauses (1) and (2)) received for all Asset Sales since the date of the Indenture to the extent that the Fair Market Value of all such other forms of consideration does not exceed in the aggregate 10% of the Adjusted Consolidated Net Tangible Assets of the Company at the time each determination is made.
- b) During the 365 days after the receipt by the Company or a Restricted Subsidiary of Net Available Cash from an Asset Sale, such Net Available Cash may be applied by the Company or such Restricted Subsidiary, to the extent the Company or such Restricted Subsidiary elects (or is required by the terms of any Pari Passu Indebtedness of the Company or a Restricted Subsidiary), to:
- (1) repay (or cash-collateralize) Indebtedness of the Company under any Credit Facility (excluding (i) any Subordinated Indebtedness and (ii) any Indebtedness owed to the Company or an Affiliate of the Company);
 - (2) reinvest in Additional Assets (including by means of an Investment in Additional Assets by a Restricted Subsidiary with Net Available Cash received by the Company or another Restricted Subsidiary) or make capital expenditures in the Oil and Gas Business; or

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

(3) purchase notes, or purchase or repay on a permanent basis other Indebtedness (excluding (i) any Subordinated Indebtedness and (ii) any notes or other Indebtedness owed to the Company or an Affiliate of the Company).
provided that the Company or the applicable Restricted Subsidiary will be deemed to have complied with clause (2) of this paragraph (b) with respect to an Asset Sale if, within 365 days after such Asset Sale, the Company or such Restricted Subsidiary shall have commenced and not completed or abandoned an expenditure or Investment, or a binding agreement with respect to an expenditure or Investment, in compliance with such clause (2), and that expenditure or Investment is substantially completed within one year and six months after the date of such Asset Sale. Pending the final application of any such Net Available Cash, the Company may temporarily reduce Indebtedness under any Credit Facility or otherwise expend or invest such Net Available Cash in any manner that is not prohibited by the Indenture.

- c) Any Net Available Cash from an Asset Sale not applied in accordance paragraph (b) above within 365 days from the date of such Asset Sale shall constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$20.0 million, the Company will be required to make an offer to purchase notes having an aggregate principal amount equal to the aggregate amount of Excess Proceeds (the Prepayment Offer) at a purchase price equal to 100% of the principal amount of such notes plus accrued and unpaid interest, if any, to the Asset Sale Purchase Date (as defined in paragraph (d) below) in accordance with the procedures (including prorating in the event of over subscription) set forth in the Indenture, but, if the terms of any Pari Passu Indebtedness require that a Pari Passu Offer be made contemporaneously with the Prepayment Offer, then the Excess Proceeds shall be prorated between the Prepayment Offer and such Pari Passu Offer in accordance with the aggregate outstanding principal amounts of the notes and such Pari Passu Indebtedness, and the aggregate principal amount of notes for which the Prepayment Offer is made shall be reduced accordingly. If the aggregate principal amount of notes tendered by holders thereof exceeds the amount of available Excess Proceeds, then such Excess Proceeds will be allocated pro rata according to the principal amount of the notes tendered and the Trustee will select the notes to be purchased in accordance with the Indenture. To the extent that any portion of the amount of Excess Proceeds remains after compliance with the second sentence of this paragraph (c) and provided that all holders of notes have been given the opportunity to tender their notes for purchase as described in paragraph (d) below in accordance with the Indenture, the Company and its Restricted Subsidiaries may use such remaining amount for purposes permitted by the Indenture and the amount of Excess Proceeds will be reset to zero.
- d) Within 30 days after the 365th day following the date of an Asset Sale, the Company shall, if it is obligated to make an offer to purchase the notes pursuant to paragraph (c) above, send a written Prepayment Offer notice, by first-class mail, to the holders of the notes (the Prepayment Offer Notice), with a copy to the Trustee, accompanied by such information regarding the Company and its Subsidiaries as the Company believes will enable such holders of the notes to make an informed decision with respect to the Prepayment Offer. The Prepayment Offer Notice will state, among other things:
- (1) that the Company is offering to purchase notes pursuant to the provisions of the Indenture;
 - (2) that any Note (or any portion thereof) accepted for payment (and duly paid on the Asset Sale Purchase Date) pursuant to the Prepayment Offer shall cease to accrue interest on the Asset Sale Purchase Date;
 - (3) that any notes (or portions thereof) not properly tendered will continue to accrue interest;
 - (4) the purchase price and purchase date, which shall be, subject to any contrary requirements of applicable law, no less than 30 days nor more than 60 days after the date the Prepayment Offer Notice is mailed (the Asset Sale Purchase Date);
 - (5) the amount of Excess Proceeds available to purchase notes;
 - (6) a description of the procedure which holders of notes must follow in order to tender their notes and the procedures that holders of notes must follow in order to withdraw an election to tender their notes for payment; and
 - (7) all other instructions and materials necessary to enable holders to tender notes pursuant to the Prepayment Offer.
- e) The Company will comply, to the extent applicable, with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws or regulations thereunder to the extent such laws and regulations are applicable in connection with the purchase of notes as described above. To the extent that the provisions of any securities laws or regulations conflict with the provisions relating to the Prepayment Offer, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations described above by virtue of such compliance.

Issuances of Guarantees by Restricted Subsidiaries

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

If, after the date of the Indenture, any Restricted Subsidiary of the Company (other than an Immaterial Subsidiary) that is not already a Guarantor guarantees any other Indebtedness of either of the Company or any Indebtedness of any Guarantor in excess of the De Minimis Guaranteed Amount, or any Domestic Subsidiary (other than an Immaterial Subsidiary), if not then a Guarantor, incurs any Indebtedness under any of the Credit Facilities, then in either case that Subsidiary will become a Guarantor by executing a supplemental indenture and delivering it to the trustee within 30 days of the date on which it guaranteed or incurred such Indebtedness, as the case may be; *provided*, however, that the preceding shall not apply to Subsidiaries of the Company that have properly been designated as Unrestricted Subsidiaries in accordance with the Indenture for so long as they continue to constitute Unrestricted Subsidiaries. Notwithstanding the preceding, any Guarantee of a Restricted Subsidiary that was incurred pursuant to this paragraph shall provide by its terms that it shall be automatically and unconditionally released at such time as such Guarantor ceases both (x) to guarantee any other Indebtedness of either of the Company and any Indebtedness of any other Guarantor (except as a result of payment under any such other guarantee) and (y) to be an obligor with respect to any Indebtedness under any Credit Facility.

Each Guarantee shall also be released in accordance with the provisions of the Indenture described under Guarantees.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

- a) The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause to come into existence or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:
- (1) pay dividends or make any other distribution on its Capital Stock to the Company or any other Restricted Subsidiary,
 - (2) pay any Indebtedness owed to the Company or any other Restricted Subsidiary,
 - (3) make loans or advances to the Company or any other Restricted Subsidiary or
 - (4) transfer any of its properties or assets to the Company or any other Restricted Subsidiary.
- b) However, paragraph (a) above will not prohibit any encumbrance or restriction created, existing or becoming effective under or by reason of:
- (1) any agreement (including the Senior Credit Agreement) in effect on the date of the Indenture;
 - (2) any agreement or instrument with respect to a Restricted Subsidiary that is not a Restricted Subsidiary of the Company on the date of the Indenture, in existence at the time such Person becomes a Restricted Subsidiary of the Company and not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary; *provided* that such encumbrances and restrictions are not applicable to the Company or any Restricted Subsidiary or the properties or assets of the Company or any Restricted Subsidiary other than such Subsidiary that is becoming a Restricted Subsidiary;
 - (3) any agreement or instrument governing any Acquired Debt or other agreement of any entity or related to assets acquired by or merged into or consolidated with the Company or any Restricted Subsidiaries, so long as such encumbrance or restriction (i) was not entered into in contemplation of the acquisition, merger or consolidation transaction, and (ii) is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets or subsidiaries of the Person, so acquired, so long as the agreement containing such restriction does not violate any other provision of the Indenture; *provided* that such Acquired Debt was permitted by the terms of the Indenture to be incurred;
 - (4) any applicable law or any requirement of any regulatory body;
 - (5) the security documents evidencing any Liens securing obligations or Indebtedness or agreements relating to Capital Lease Obligations (provided that such Liens are otherwise permitted to be incurred under the provisions of the covenant described above under the caption **Certain Covenants - Liens**) that limit the right of the debtor or lessee to dispose of the assets subject to such Liens;
 - (6) provisions restricting subletting or assignment of any lease governing a leasehold interest of the Company or any Restricted Subsidiary, or restrictions in licenses relating to the property covered thereby, or other encumbrances or restrictions in agreements or instruments relating to specific assets or property that restrict generally the transfers of such assets or property;

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

provided that such encumbrances or restrictions do not materially impact the ability of the Company to permit payments on the notes when due as required by the terms of the Indenture;

- (7) asset sale agreements with respect to asset sales permitted to be made under the provisions of the covenant described above under the caption **Certain Covenants - Asset Sales** that limit the transfer of such assets pending the closing of such sale;
- (8) provisions limiting the disposition, leasing, subleasing or distribution of assets or property in shareholders, partnership, joint venture and similar agreements entered into in the ordinary course of business; *provided* that such encumbrances or restrictions do not apply to any Restricted Subsidiaries other than the applicable company, partnership, joint venture or other entity; and *provided* further that such encumbrances and restrictions do not materially impact the ability of the Company to permit payments on the notes when due as required by the terms of the Indenture;
- (9) cash or other deposits, or net worth requirements or similar requirements, imposed by suppliers, landlords or customers, or required by insurance, surety or bonding companies, under contracts entered into in the ordinary course of business;
- (10) any other Credit Facility governing Indebtedness of the Company or any Guarantor, permitted to be incurred under the provisions of the covenant described above under the caption **Certain Covenants - Incurrence of Indebtedness and Issuance of Disqualified Stock**; *provided* that such encumbrances and restrictions are not (in the view of the Board of Directors of the Company as expressed in a board resolution thereof) materially more restrictive, taken as a whole, than those contained in the Senior Credit Agreement as in effect on the date of the Indenture;

- (11) restrictions of the nature described in clause (4) of the preceding paragraph (a) by reason of customary non-assignment provisions in operational contracts, agreements, licenses and leases entered into in the ordinary course of business;
 - (12) purchase money obligations for property that impose restrictions on that property of the nature described in clause (4) of the preceding paragraph a);
 - (13) encumbrances or restrictions contained in agreements entered into in connection with Hedging Obligations; and
 - (14) any agreement, amendment, modification, restatement, renewal, supplement, refunding, replacement or refinancing that extends, renews, refinances or replaces the agreements containing the encumbrances or restrictions in the foregoing clauses (1) through (13), or in this clause (14); *provided* that, in the view of the Board of Directors of the Company, the terms and conditions of any such encumbrances or restrictions are no more restrictive in any material respect taken as a whole than those under or pursuant to the agreement so extended, renewed, refinanced or replaced.
- c) Nothing contained in this covenant shall prevent the Company or any Restricted Subsidiary from (i) creating, incurring, assuming or suffering to exist any Liens in compliance with the covenant described under the caption Certain Covenants Liens or (ii) restricting the sale or other disposition of property or assets of the Company or any Restricted Subsidiary that secure Indebtedness of the Company or any Restricted Subsidiary incurred in accordance with the covenants described in Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Certain Covenants Liens.

Sale Leaseback Transactions

The Company will not, and will not permit any of its Restricted Subsidiaries to, enter into any Sale Leaseback Transaction; *provided*, that the Company or any of its Restricted Subsidiaries may enter into a Sale Leaseback Transaction if:

- (1) the Company or such Subsidiary could have incurred Indebtedness in an amount equal to the Attributable Indebtedness relating to such Sale Leaseback Transaction pursuant to the Consolidated Fixed Charge Coverage Ratio test set forth in paragraph (a) of the covenant described above under the caption Certain Covenants Incurrence of Indebtedness and Issuance of Disqualified Stock ;
- (2) the gross cash proceeds of such Sale Leaseback Transaction are at least equal to the Fair Market Value of the property that is the subject of such Sale Leaseback Transaction; and
- (3) the transfer of assets in such Sale Leaseback Transaction is permitted by, and the Company applies the proceeds of such transaction in the same manner and to the same extent as Net Available Cash and Excess Proceeds from an Asset Sale in compliance with, the covenant described above under the caption Certain Covenants Asset Sales.

Unrestricted Subsidiaries

The Board of Directors of the Company may designate after the Issue Date any Subsidiary as an Unrestricted Subsidiary under the Indenture (a Designation) only if:

- a) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation;
- b) (x) the Company would be permitted to make an Investment (other than a Permitted Investment) at the time of Designation (assuming the effectiveness of such Designation) pursuant to paragraph (a) of Certain Covenants Restricted Payments above in an amount (the Designation Amount) equal to the greater of (1) the net book value of the Company s interest in such Subsidiary

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

calculated in accordance with GAAP or (2) the Fair Market Value of the Company's interest in such Subsidiary as determined in good faith by the Company's Board of Directors, or (y) the Designation Amount is less than \$1,000;

- c) such Unrestricted Subsidiary does not own any Capital Stock in any Restricted Subsidiary of the Company which is not simultaneously being designated an Unrestricted Subsidiary;
- d) such Unrestricted Subsidiary is not liable, directly or indirectly, with respect to any Indebtedness other than Unrestricted Subsidiary Indebtedness; *provided* that an Unrestricted Subsidiary may provide a Guarantee for the notes; and
- e) such Unrestricted Subsidiary is not a party to any agreement, contract, arrangement or understanding at such time with the Company or any Restricted Subsidiary unless the terms of any such agreement, contract, arrangement or understanding are no less favorable to the Company or such Restricted Subsidiary than those that might be obtained at the time from Persons who are not Affiliates of the Company or, in the event such condition is not satisfied, the value of such agreement, contract, arrangement or understanding to such Unrestricted Subsidiary shall be deemed a Restricted Payment.

In the event of any such Designation, the Company shall be deemed, for all purposes of the Indenture, to have made an Investment equal to the Designation Amount that constitutes a Restricted Payment pursuant to the covenant Certain Covenants Restricted Payments.

The Indenture also provides that the Company shall not and shall not cause or permit any Restricted Subsidiary to at any time:

- a) provide credit support for, guarantee or subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness) or enter into or become a party to any agreement, contract, arrangement or understanding with any Unrestricted Subsidiary, the terms of which, together with the terms of all other agreements, contracts, arrangements and understandings with such Unrestricted Subsidiary, taken as a whole, in the good-faith judgment of the Board of Directors, are less favorable to the Company and its Restricted Subsidiaries than those that would be available in a comparable transaction in arm's-length dealings with a party that is not an Affiliate of the Company; *provided* that this covenant shall not be deemed to prevent Permitted Investments in Unrestricted Subsidiaries that are otherwise allowed under the Indenture, or
- b) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary.

For purposes of the foregoing, the Designation of a Subsidiary of the Company as an Unrestricted Subsidiary shall be deemed to be the Designation of all of the Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. Unless so designated as an Unrestricted Subsidiary, any Person that becomes a Subsidiary of the Company will be classified as a Restricted Subsidiary.

The Company may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a Revocation) if:

- a) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation;
- b) all Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation would, if incurred at such time, have been permitted to be incurred for all purposes of the Indenture; and
- c) such redesignated Subsidiary shall not have any Indebtedness outstanding (other than Indebtedness that would be Permitted Debt), unless immediately after giving effect to such proposed Revocation, and after giving pro forma effect to the incurrence of any such Indebtedness of such redesignated Subsidiary as if such Indebtedness was incurred on the date of the Revocation, the Company could incur \$1.00 of additional Indebtedness (other than Permitted Debt) pursuant to the covenant described under Certain Covenants Incurrence of Indebtedness and Issuance of Disqualified Stock.

All Designations and Revocations must be evidenced by a resolution of the Board of Directors of the Company delivered to the Trustee certifying compliance with the foregoing provisions of this covenant.

Payments for Consent

The Indenture provides that neither the Company nor any of its Restricted Subsidiaries will, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the notes unless such consideration is offered to be paid or is paid to all holders of notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Lines of Business

Neither the Company nor any of its Restricted Subsidiaries will directly or indirectly engage in any line or lines of business activity other than that which is an Oil and Gas Business, except to such extent as would not be material to the Company and its Restricted Subsidiaries taken as a whole.

Reports

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

The Indenture provides that, whether or not required by the rules and regulations of the Commission, so long as any notes are outstanding, the Company will file with the Commission and furnish to the Trustee and the holders of notes all quarterly and annual financial information required to be contained in a filing with the Commission on Forms 10-Q and 10-K, within the time periods applicable to such filings for companies required to file such reports, including a Management's Discussion and Analysis of Financial Condition and Results of Operations section and, with respect to the annual consolidated financial statements only, a report thereon by the Company's independent auditors.

The Company will be deemed to have furnished such reports to the Trustee and the holders of the notes if it has filed such reports with the Commission using the EDGAR filing system and such reports are publicly available.

The Company has agreed that, for so long as any of the notes remain outstanding and constitute restricted securities under Rule 144, it will furnish to the holders of the notes and to prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Consolidation, Merger and Sale of Assets

The Company will not, in any Transaction, consolidate with or merge with or into any other Person or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets to any Person or group of Persons, or permit any of its Restricted Subsidiaries to enter into any such transaction or series of transactions, if such transaction or series of transactions, in the aggregate, would result in a sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Company and its Restricted Subsidiaries on a Consolidated basis to any other Person or group of Persons, unless at the time and after giving effect thereto:

- (1) either (a) the Company will be the continuing corporation or (b) the Person (if other than the Company) formed by such consolidation or into which the Company is merged or the Person which acquires by sale, assignment, conveyance, transfer, lease or disposition all or substantially all of the properties and assets of the Company and its Restricted Subsidiaries on a Consolidated basis (the Surviving Entity) will be a corporation, limited liability company or limited partnership (provided that in the event the Surviving Entity is a limited partnership, then a Subsidiary of the Surviving Entity that is a corporation or limited liability company shall execute a supplemental indenture pursuant to which it shall become a co-obligor of the Surviving Entity's obligations under the notes and the Indenture) duly organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia and such Person expressly assumes, by a supplemental indenture, in a form reasonably satisfactory to the Trustee, all the obligations of the Company under the notes and the Indenture, and the notes and the Indenture will remain in full force and effect as so supplemented (and any Guarantees will be confirmed as applying to such Surviving Entity's obligations);
- (2) except in the case of a merger of the Company with or into a Guarantor, immediately before, and immediately after giving, on a pro forma basis, effect to, such transaction (and treating any Indebtedness not previously an obligation of the Company or any of its Restricted Subsidiaries which becomes the obligation of the Company or any of its Restricted Subsidiaries as a result of such transaction as having been incurred at the time of such transaction), no Default or Event of Default will have occurred and be continuing;
- (3) except in the case of a merger of the Company with or into a Guarantor, immediately after giving effect to such transaction on a pro forma basis (on the assumption that the transaction occurred on the first day of the four-quarter period for which financial statements are available ending immediately prior to the consummation of such transaction with the appropriate adjustments with respect to the transaction being included in such pro forma calculation), either (i) the Company (or the Surviving Entity if the Company is not the continuing obligor under the Indenture) could on the first day following such four-quarter period incur \$1.00 of additional Indebtedness (other than Permitted Debt) under the provisions of Certain Covenants Incurrence of Indebtedness and Issuance of Disqualified Stock or (ii) the Fixed Charge Coverage Ratio of the Company or the Person formed by or surviving any such consolidation or merger (if other than the Company), or to which such sale, assignment, transfer, conveyance, lease or other disposition has been made, is equal to or greater than the Fixed Charge Coverage Ratio of the Company immediately prior to such transaction;
- (4) at the time of the transaction, each Guarantor, if any, unless it is the other party to the transactions described above, will have by supplemental indenture confirmed that its Guarantee shall apply to such Person's obligations under the Indenture and the notes;
- (5) at the time of the transaction, if any of the property or assets of the Company or any of its Restricted Subsidiaries would thereupon become subject to any Lien, the provisions of Certain Covenants Liens are complied with; and
- (6)

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

at the time of the transaction, the Company or the Surviving Entity will have delivered, or caused to be delivered, to the Trustee, in form and substance reasonably satisfactory to the Trustee, an officers' certificate and an opinion of counsel, each to the effect that such consolidation, merger, transfer, sale, assignment, conveyance, transfer, lease or other transaction and the supplemental indenture in respect thereof comply with the Indenture.

Except as provided under the third paragraph under Guarantees, no Guarantor will, and the Company will not permit a Guarantor to, in a single transaction or through a series of related transactions, (x) consolidate with or merge with or into any other Person (other than the Company or another Guarantor) or (y) sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets to any Person or group of Persons (other than the Company or another Guarantor) or permit any of its Restricted Subsidiaries to enter into any such transaction or series of transactions if such transaction or series of transactions, in the aggregate, in the case of clause (y) would result in a sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of that Guarantor and its Restricted Subsidiaries on a Consolidated basis to any other Person or group of Persons (other than the Company or another Guarantor), unless at the time and after giving effect thereto:

- (1) one of the following is true: (i) the Guarantor or the Company will be the continuing Person in the case of a consolidation or merger involving the Guarantor; (ii) the Person (if other than the Guarantor) formed by such consolidation or into which such Guarantor is merged or the Person which acquires by sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Guarantor and its Restricted Subsidiaries on a Consolidated basis (the Surviving Guarantor Entity) will be a corporation, limited liability company, limited liability partnership, partnership, trust or other entity duly organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia and such Person expressly assumes, by a supplemental indenture, in a form reasonably satisfactory to the Trustee, all the obligations of such Guarantor under its Guarantee of the notes and the Indenture, and such Guarantee and the Indenture will remain in full force and effect; or (iii) the Transaction, at the time thereof, is effected in compliance with the covenant described under Certain Covenants Asset Sales, to the extent applicable thereto;
- (2) immediately before, and immediately after giving, on a pro forma basis, effect to, such transaction, no Default or Event of Default will have occurred and be continuing; and
- (3) at the time of the transaction such Guarantor or the Surviving Guarantor Entity will have delivered, or caused to be delivered, to the Trustee, in form and substance reasonably satisfactory to the Trustee, an officers certificate and an opinion of counsel, each to the effect that such consolidation, merger, transfer, sale, assignment, conveyance, lease or other transaction and the supplemental indenture in respect thereof comply with the Indenture;

provided that this paragraph shall not apply to any Guarantor whose Guarantee of the notes is unconditionally released and discharged in accordance with the Indenture.

In the event of any transaction (other than a lease) described in and complying with the conditions listed in the two immediately preceding paragraphs in which the Company or any Guarantor, as the case may be, is not the continuing Person, the successor Person formed or remaining or to which such transfer is made shall succeed to, and be substituted for, and may exercise every right and power of, the Company or such Guarantor, as the case may be, and the Company or any Guarantor, as the case may be, shall be discharged (other than in a transaction that results in the transfer of assets constituting or accounting for less than 95% of the Consolidated assets (as of the last balance sheet date available to the Company) of the Company or the Consolidated revenue of the Company (as of the last 12-month period for which financial statements are available)) from all obligations and covenants under the Indenture and the notes or its Guarantee, as the case may be.

Notwithstanding the foregoing, the Company or any Guarantor may merge with an Affiliate incorporated or organized solely for the purpose of reincorporating or reorganizing the Company or Guarantor in another jurisdiction to realize tax or other benefits.

An assumption of the Company's obligations under the notes and the Indenture by such successor Person, the addition of a co-obligor under the notes and the Indenture or an assumption of a Guarantor's obligations under its Guarantee by such successor Person might be deemed for United States federal income tax purposes to be an exchange of the outstanding notes for new notes by the beneficial owners thereof, resulting in recognition of gain or loss for such purposes and possibly other adverse tax consequences to such beneficial owners. Beneficial owners of the notes should consult their own tax advisors regarding the tax consequences of any such assumption or addition of a co-obligor under the notes.

When a successor Person assumes all of the Company's or a Restricted Subsidiary's obligations under the Indenture, the predecessor Company or Restricted Subsidiary (if it separately survives such Transaction) will be discharged from those obligations.

Events of Default

An Event of Default will occur under the Indenture if:

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

- (1) there shall be a default in the payment of any interest on any Note when it becomes due and payable, and such default shall continue for a period of 30 days;
- (2) there shall be a default in the payment of the principal of (or premium, if any, on) any Note (at its Maturity, upon acceleration, optional or mandatory redemption, if any, required repurchase or otherwise);

- (3) there shall be a default in the performance or breach of the provisions described in Consolidation, Merger and Sale of Assets, the Company shall have failed to make or consummate a Prepayment Offer in accordance with the provisions of Certain Covenants Asset Sales, or the Company shall have failed to make or consummate a Change of Control Offer in accordance with the provisions of Change of Control ;
- (4) there shall be a default in the performance, or breach, of any covenant or agreement of the Company or any Guarantor under the Indenture or any Guarantee (other than a default in the performance, or breach, of a covenant or agreement which is specifically dealt with in clause (1), (2) or (3) above) and such default or breach shall continue for a period of 60 days (or 180 days in relation to the covenant described under Certain Covenants Reports) after written notice has been given, by certified mail, (i) to the Company by the Trustee or (ii) to the Company and the Trustee by the holders of at least 25% in aggregate principal amount of the outstanding notes;
- (5) (a) any default in the payment of the principal, premium, if any, or interest on any Indebtedness other than the notes shall have occurred under any of the agreements, Indentures or instruments under which the Company, any Guarantor or any other Significant Subsidiary then has outstanding Indebtedness in excess of \$25.0 million when the same shall become due and payable in full and such default shall have continued after the giving of any applicable notice and the expiration of any applicable grace period and shall not have been cured or waived and, if not already matured at its final maturity in accordance with its terms, the holder of such Indebtedness shall have the right to accelerate such Indebtedness or (b) an event of default as defined in any of the agreements, Indentures or instruments described in clause (a) of this clause (5) shall have occurred and the Indebtedness thereunder, if not already matured at its final maturity in accordance with its terms, shall have been accelerated;
- (6) any Guarantee shall for any reason cease to be, or shall for any reason be asserted in writing by any Guarantor or the Company not to be, in full force and effect and enforceable in accordance with its terms, except to the extent contemplated by the Indenture and any such Guarantee;
- (7) one or more judgments, orders or decrees of any court or regulatory or administrative agency for the payment of money in excess of \$25.0 million (excluding amounts covered by enforceable insurance policies issued by solvent insurance carriers), either individually or in the aggregate, shall be rendered against the Company, any Guarantor or any other Significant Subsidiary or any of their respective properties and shall not be discharged and either (a) any creditor shall have commenced an enforcement proceeding in accordance with applicable law upon such judgment, order or decree or (b) there shall have been a period of 60 consecutive days during which a stay of enforcement of such judgment or order, by reason of an appeal or otherwise, shall not be in effect; or
- (8) the occurrence of certain events of bankruptcy, insolvency or reorganization described in the Indenture with respect to the Company or any Significant Subsidiary.

If an Event of Default (other than as specified in clause (8) of the prior paragraph) shall occur and be continuing with respect to the Indenture, the Trustee or the holders of not less than 25% in aggregate principal amount of the notes then outstanding may declare all unpaid principal of, premium, if any, and accrued interest on all notes to be due and payable immediately, by a notice in writing to the Company (and to the Trustee if given by the holders of the notes) and upon any such declaration, such principal, premium, if any, and interest shall become due and payable immediately. If an Event of Default specified in clause (8) of the prior paragraph occurs and is continuing, then all the notes shall ipso facto become due and payable immediately in an amount equal to the principal amount of the notes, together with accrued and unpaid interest, if any, to the date the notes become due and payable, without any declaration or other act on the part of the Trustee or any holder of notes. Thereupon, the Trustee may, at its discretion, proceed to protect and enforce the rights of the Holders of notes by appropriate judicial proceedings.

After a declaration of acceleration, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in aggregate principal amount of notes outstanding by written notice to the Company and the Trustee, may rescind and annul such declaration and its consequences if

- a) the Company has paid or deposited with the Trustee a sum sufficient to pay (1) all sums paid or advanced by the Trustee under the Indenture and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, (2) all overdue interest on all notes then outstanding, (3) the principal of, and premium, if any, on any notes then outstanding which have become due otherwise than by such declaration of acceleration and interest thereon at the rate borne by the notes and (4) to the extent

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

that payment of such interest is lawful, interest upon overdue interest at the rate borne by the notes;

b) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and

c) all Events of Default, other than the non-payment of principal of, premium, if any, and interest on the notes which have become due solely by such declaration of acceleration, have been cured or waived as provided in the Indenture.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

The holders of not less than a majority in aggregate principal amount of the notes outstanding may on behalf of the holders of all outstanding notes waive any past default or Event of Default under the Indenture and its consequences, except a default or Event of Default (1) in the payment of the principal of, premium, if any, or interest on any Note (which may only be waived with the consent of each holder of notes affected) or (2) in respect of a covenant or provision which under the Indenture cannot be modified or amended without the consent of the holder of each Note affected by such modification or amendment.

If an Event of Default specified in clause (5) above shall have occurred and be continuing, such Event of Default and any consequential acceleration shall be automatically rescinded if (i) the Indebtedness that is the subject of such Event of Default shall have been repaid or (ii) if the default relating to such Indebtedness is waived or cured and if such Indebtedness shall have been accelerated, the holders thereof have rescinded their declaration of acceleration in respect of such Indebtedness.

No holder of any of the notes has any right to institute any proceedings with respect to the Indenture or any remedy thereunder, unless the holders of at least 25% in aggregate principal amount of the outstanding notes have made written request, and offered satisfactory indemnity to, the Trustee to institute such proceeding as Trustee under the notes and the Indenture, the Trustee has failed to institute such proceeding within 60 days after receipt of such notice and the Trustee, within such 60-day period, has not received directions inconsistent with such written request by holders of a majority in aggregate principal amount of the outstanding notes. Such limitations do not, however, apply to a suit instituted by a holder of a note for the enforcement of the payment of the principal of, premium, if any, or interest on such note on or after the respective due dates expressed in such note.

The Company is required to notify the Trustee promptly after it becomes aware of the occurrence and continuance of any Default. The Company is required to deliver to the Trustee, on or before a date not more than 120 days after the end of each fiscal year, a written certificate as to compliance with the Indenture, including whether or not any Default has occurred. The Trustee is under no obligation to exercise any of the rights or powers vested in it by the Indenture at the request or direction of any of the holders of the notes unless such holders offer to the Trustee security or indemnity satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred thereby.

No Personal Liability of Directors, Officers, Employees, Limited Partners and Stockholders

No director, officer, employee, member, limited partner or stockholder of the Company or any Restricted Subsidiary, as such, will have any liability for any obligations of the Company or the Restricted Subsidiaries under the notes, the Indenture or the Guarantees to which they are a party, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Defeasance or Covenant Defeasance of Indenture

The Company may, at its option and at any time, elect to have the obligations of the Company, any Guarantor and any other obligor upon the notes and the Guarantees discharged with respect to the outstanding notes (defeasance). Such defeasance means that the Company, any such Guarantor and any other obligor under the Indenture and the Guarantees shall be deemed to have paid and discharged the entire Indebtedness represented by the outstanding notes and the Guarantees, except for

- (1) the rights of holders of such outstanding notes to receive payments in respect of the principal of, premium, if any, and interest on such notes from Funds in Trust (as defined below) when such payments are due,
- (2) the Company's obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes, and the maintenance of an office or agency for payment and money for security payments held in trust,
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and
- (4) the defeasance provisions of the Indenture.

In addition, the Company may, at its option and at any time, elect to have the obligations of the Company and any Guarantor released with respect to certain covenants that are described in the Indenture (covenant defeasance) and thereafter any omission to comply with such obligations shall not constitute a Default or an Event of Default with respect to the notes. In the event covenant defeasance occurs, certain events

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

(not including non-payment, bankruptcy and insolvency events) described under Events of Default will no longer constitute an Event of Default with respect to the notes.

In order to exercise either defeasance or covenant defeasance,

- a) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the notes cash in United States dollars, U.S. Government Obligations, or a combination thereof (Funds in Trust), in such amounts as, in the aggregate, will be sufficient, in the opinion of a nationally recognized firm of independent public accountants or a nationally recognized investment banking firm, to pay and discharge the principal of, premium, if any, and interest on the outstanding notes on the Stated Maturity (or the applicable redemption date, if at or prior to electing either defeasance or covenant defeasance, the Company has delivered to the Trustee an irrevocable notice to redeem all of the outstanding notes on such redemption date);

- b) in the case of defeasance, the Company shall have delivered to the Trustee an opinion of independent counsel in the United States stating that (A) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (B) since the date of the Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of independent counsel in the United States shall confirm that, the holders and beneficial owners of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;
- c) in the case of covenant defeasance, the Company shall have delivered to the Trustee an opinion of independent counsel in the United States to the effect that the holders and beneficial owners of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- d) no Default or Event of Default shall have occurred and be continuing on the date of such deposit or insofar as clause (8) under the first paragraph under Events of Default is concerned, at any time during the period ending on the 91st day after the date of deposit;
- e) such defeasance or covenant defeasance shall not result in a breach or violation of, or constitute a Default under, the Indenture or any other material agreement or instrument to which the Company, any Guarantor or any Restricted Subsidiary is a party or by which it is bound;
- f) such defeasance or covenant defeasance shall not result in the trust arising from such deposit constituting an investment company within the meaning of the Investment Company Act of 1940, as amended, unless such trust shall be registered under such Act or exempt from registration thereunder;
- g) the Company shall have delivered to the Trustee an officers certificate stating that the deposit was not made by the Company with the intent of preferring the holders of notes over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding any creditor of the Company or others;
- h) the Company shall have delivered to the Trustee an officers certificate stating that the deposit was not made by the Company with the intent of preferring the holders of the notes or any Guarantee over the other creditors of the Company or any Guarantor with the intent of defeating, hindering, delaying or defrauding creditors of the Company, any Guarantor or others;
- i) no event or condition shall exist that would prevent the Company from making payments of the principal of, premium, if any, and interest on the notes on the date of such deposit or at any time ending on the 91st day after the date of such deposit; and
- j) the Company shall have delivered to the Trustee an officers certificate and an opinion of independent counsel, each stating that all conditions precedent provided for relating to either the defeasance or the covenant defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the notes as expressly provided for in the Indenture) as to all outstanding notes under the Indenture when:

- a) either

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

- (1) all such notes theretofore authenticated and delivered (except lost, stolen or destroyed notes which have been replaced or paid or notes whose payment has been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust as provided for in the Indenture) have been delivered to the Trustee for cancellation, or
 - (2) all notes not theretofore delivered to the Trustee for cancellation (i) have become due and payable, (ii) will become due and payable at their Stated Maturity within one year, or (iii) are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company;
- b) the Company or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust an amount in United States dollars, U.S. Government Obligations, or a combination thereof, sufficient to pay and discharge the entire indebtedness on the notes not theretofore delivered to the Trustee for cancellation, including principal of, premium, if any, and accrued interest at such Maturity, Stated Maturity or redemption date;
 - c) no Default or Event of Default shall have occurred and be continuing on the date of such deposit;
 - d) the Company or any Guarantor has paid or caused to be paid all other sums payable under the Indenture by the Company and any Guarantor; and

- e) the Company has delivered to the Trustee an officers certificate and an opinion of independent counsel each stating that (1) all conditions precedent under the Indenture relating to the satisfaction and discharge of such Indenture have been complied with and (2) such satisfaction and discharge will not result in a breach or violation of, or constitute a default under, the Indenture or any other material agreement or instrument to which the Company, any Guarantor or any Subsidiary is a party or by which the Company, any Guarantor or any Subsidiary is bound.

Amendments and Waivers

Modifications, waivers and amendments of the Indenture may be made by the Company, each Guarantor, if any, any other obligor under the notes, and the Trustee with the consent of the holders of at least a majority in aggregate principal amount of the notes then outstanding (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes); *provided* that no such modification, waiver or amendment may, without the consent of the holder of each outstanding Note affected thereby:

- (1) change the Stated Maturity of the principal of, or any installment of interest on, or change to an earlier date any redemption date of, or waive a default in the payment of the principal of, premium, if any, or interest on, any such note or reduce the principal amount thereof or the rate of interest thereon or any premium payable upon the redemption thereof, or change the coin or currency in which the principal of any such note or any premium or the interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment after the Stated Maturity thereof (or, in the case of redemption, on or after the redemption date);
- (2) amend, change or modify, (a) after the obligation of the Company to make a Prepayment Offer with respect to an Asset Sale has arisen, in accordance with Certain Covenants Asset Sales, the obligation of the Company to make such Prepayment Offer or (b) the obligation of the Company, after the occurrence of a Change of Control, to make a Prepayment Offer in accordance with Change of Control ;
- (3) reduce the percentage in principal amount of such outstanding notes, the consent of whose holders is required for any such amendment or supplemental indenture, or the consent of whose holders is required for any waiver or compliance with certain provisions of the Indenture;
- (4) modify any of the provisions relating to supplemental indentures requiring the consent of holders or relating to the waiver of past defaults or relating to the waiver of certain covenants, except to increase the percentage of such outstanding notes required for such actions or to provide that certain other provisions of the Indenture cannot be modified or waived without the consent of the holder of each such note affected thereby;
- (5) voluntarily release, other than in accordance with the Indenture, the Guarantee of any Guarantor; or
- (6) amend or modify any of the provisions of the Indenture in any manner which subordinates the notes issued thereunder in right of payment to any other Indebtedness of the Company or which subordinates any Guarantee in right of payment to any other Indebtedness of the Guarantor issuing any such Guarantee.

Notwithstanding the foregoing, without the consent of any holders of the notes, the Company, any Guarantor, any other obligor under the notes and the Trustee may modify, supplement or amend the Indenture:

- (1) to evidence the succession of another Person to the Company, a Guarantor, or any other obligor under the notes, and the assumption by any such successor of the covenants of the Company, such Guarantor or such obligor in the Indenture and in the notes and in any Guarantee in accordance with Consolidation, Merger and Sale of Assets ;
- (2) to add to the covenants of the Company, any Guarantor or any other obligor under the notes for the benefit of the holders of the notes, to add Events of Default or to surrender any right or power conferred upon the Company or any Guarantor or any other obligor

under the notes, as applicable, in the Indenture, in the notes or in any Guarantee;

- (3) to cure any ambiguity, omission or inconsistency;
- (4) to make any provision with respect to matters or questions arising under the Indenture, the notes or any Guarantee; provided that such provisions shall not adversely affect the interest of the holders of the notes in any material respect;

- (13) to conform the text of the Indenture, the notes or the Guarantees to any provision of this Description of Notes to the extent that such text was intended to be a substantially verbatim recitation of the text of this Description of Notes.

Transfer and Exchange

A holder of notes may transfer new notes in accordance with the Indenture. The Registrar and the Trustee may require a holder of notes, among other things, to furnish appropriate endorsements and transfer document and the Company may require a holder of notes to pay any taxes and fees required by law or permitted by the Indenture. The Company is not required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

The registered holder of a note will be treated as the owner of it for all purposes.

Governing Law

The Indenture, the notes and any Guarantee are governed by, and construed in accordance with, the laws of the State of New York.

Concerning the Trustee

U.S. Bank National Association, the Trustee under the Indenture, is the paying agent and registrar for the notes.

The Indenture contains certain limitations provided in the Trust Indenture Act on the rights of the Trustee, should it become a creditor of the Company or any Guarantor, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions with the Company or any Guarantor; *provided* that if it acquires any conflicting interest as defined in Trust Indenture Act it must eliminate such conflict within 90 days, apply to the Commission for permission to continue as Trustee with such conflict or resign as Trustee as provided in the Trust Indenture Act and the Indenture.

The holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions and the rights of the Trustee. The Indenture provides that if an Event of Default occurs (which has not been cured or waived), the Trustee will be required, in the exercise of its rights and powers vested in it by the Indenture, to use the degree of care in their exercise of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any holder of notes unless such holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Book-Entry, Delivery and Form

Except as set forth below, the notes will be issued in registered, global form. The notes initially will be represented by one or more permanent global notes in registered form without interest coupons (collectively, the Global Notes).

The Global Notes will be deposited upon issuance with the trustee as custodian for The Depository Trust Company (DTC), in New York, New York, and registered in the name of DTC 's nominee, Cede & Co., in each case for credit to an account of a direct or indirect participant in DTC as described below. Beneficial interests in the Global Notes may be held through the Euroclear System (Euroclear) and Clearstream Banking, S.A. (Clearstream) (as indirect participants in DTC).

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

Beneficial interests in the Global Notes may not be exchanged for notes in registered, certificated form (Certificated Notes) except in the limited circumstances described below. See Certificated Notes.

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Global Notes

The following description of DTC, Euroclear and Clearstream, Luxembourg is based on our understanding of their current operations and procedures. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them from time to time. We take no responsibility for these operations and procedures and urge investors to contact the systems or their participants directly to discuss these matters.

Upon the issuance of the global notes, DTC will credit, on its internal system, the respective principal amount of the individual beneficial interests represented by such global notes to the accounts of persons who have accounts with such depository. Ownership of beneficial interests in a global note will be limited to its participants or persons who hold interests through its participants. Ownership of beneficial interests in the global notes will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

As long as DTC, or its respective nominee, is the registered holder of a global note, DTC or such nominee, as the case may be, will be considered the sole owner and holder of the notes represented by such global notes for all purposes under the indentures and the notes. Unless DTC notifies us that it is unwilling or unable to continue as depository for such global note or ceases to be a clearing agency registered under the Exchange Act or an event of default has occurred and is continuing with respect to such note, owners of beneficial interests in such global note will not be entitled to have any portions of such global note registered in their names, will not receive or be entitled to receive physical delivery of notes in certificated form and will not be considered the owners or holders of such global note (or any notes represented thereby) under the indentures or the notes. In addition, no beneficial owners of an interest in a global note will be able to transfer that interest except in accordance with DTC's and/or Euroclear's and Clearstream, Luxembourg's applicable procedures (in addition to those under the indenture).

Payments of the principal of and interest on global notes will be made to DTC or its nominee as the registered owner thereof. Neither we, the trustee, DTC, nor any of their respective agents will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that DTC or its nominee, upon receipt of any payment of principal or interest in respect of a global note representing any notes held by it or its nominee, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global note for such notes as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such global note held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in street name. Such payments will be the responsibility of such participants.

Because DTC, Euroclear and Clearstream, Luxembourg can only act on behalf of their respective participants, who in turn act on behalf of indirect participants and certain banks, the ability of a holder of a beneficial interest in global notes to pledge such interest to persons or entities that do not participate in the DTC, Euroclear or Clearstream, Luxembourg systems, or otherwise take actions in respect of such interest may be limited by the lack of a definitive certificate for such interest. The laws of some countries and some U.S. states require that certain persons take physical delivery of securities in certificated form. Consequently, the ability to transfer beneficial interests in a global note to such persons may be limited. Because DTC, Euroclear and Clearstream, Luxembourg can act only on behalf of participants, which in turn, act on behalf of indirect participants and certain banks, the ability of a person having a beneficial interest in a global note to pledge such interest to persons or entities that do not participate in the DTC system or in Euroclear and Clearstream, Luxembourg, as the case may be, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate evidencing such interest.

Except for trades involving only Euroclear and Clearstream, Luxembourg participants, interests in the global notes will trade in DTC's Same-Day Funds Settlement System and secondary market trading activity in such interests will therefore settle in immediately available funds, subject in all cases to the rules and procedures of DTC and its participants. Transfers of interests in global notes between participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds. Transfers of interests in global notes between participants in Euroclear and Clearstream, Luxembourg will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the notes described above, cross-market transfers of beneficial interests in global notes between DTC participants, on the one hand, and Euroclear or Clearstream, Luxembourg participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, Luxembourg, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, Luxembourg, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, Luxembourg, as the case may be, will, if the transaction meets its settlement requirements deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant global note in DTC and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream, Luxembourg participants may not deliver instructions directly to the depositories for Euroclear or Clearstream, Luxembourg.

DTC, Euroclear and Clearstream, Luxembourg have advised us that they will take any action permitted to be taken by a holder of notes (including the presentation of notes for exchange as described below) only at the direction of one or more participants to whose account with DTC or Euroclear or Clearstream, Luxembourg, as the case may be, interests in the global notes are credited and only in respect of such portion of the aggregate principal amount of the notes as to which such participant or participants has or have given such direction. However, if there is an event of default under the notes, DTC, Euroclear and Clearstream, Luxembourg reserve the right to exchange the global notes for legended notes in certificated form, and to distribute such notes to their respective participants.

DTC has advised us as follows: DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve system, a clearing corporation within the meaning of the Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical transfer and delivery of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (indirect participants).

Although DTC, Euroclear and Clearstream, Luxembourg currently follow the foregoing procedures to facilitate transfers of interests in global notes among participants of DTC, Euroclear and Clearstream, Luxembourg, they are under no obligation to do so, and such procedures may be discontinued or modified at any time. Neither we nor the trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream, Luxembourg or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certificated Notes

If any depository is at any time unwilling or unable to continue as a depository for notes for the reasons set forth above under Global Notes, the Issuer will issue certificates for such notes in definitive, fully registered, non-global form without interest coupons in exchange for the applicable global notes. Certificates for notes delivered in exchange for any global note or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by DTC or Euroclear, Clearstream, Luxembourg (in accordance with their customary procedures).

The holder of a non-global note may transfer such note, subject to compliance with the provisions of the applicable legend, by surrendering it at the office or agency maintained by us for such purpose in The City and State of New York or in London, England, which initially will be the offices of the applicable trustee in such locations. Upon the transfer, change or replacement of any note bearing a legend, or upon specific request for removal of a legend on a note, we will deliver only notes that bear such legend, or will refuse to remove such legend, as the case may be, unless there is delivered to us such satisfactory evidence, which may include an opinion of counsel, as may reasonably be required by us that neither such legend nor any restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act. Before any note in non-global form may be transferred to a person who takes delivery in the form of an interest in any global note, the transferor will be required to provide the applicable trustee with a Restricted Global Note Certificate or a Regulation S Global Note Certificate, as the case may be. Upon transfer or partial redemption of any note, new certificates may be obtained from the trustee.

Notwithstanding any statement herein, we and the trustee reserve the right to impose such transfer, certification, exchange or other requirements, and to require such restrictive legends on certificates evidencing notes, as they may determine are necessary to ensure compliance with the securities laws of the United States and any State therein and any other applicable laws or as DTC, Euroclear or Clearstream, Luxembourg may require.

Same Day Settlement and Payment

The Company will make payments in respect of the notes represented by the Global Notes, including principal, premium, if any, and interest, if any, by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. The Company will make all payments of principal, premium, if any, and interest, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The notes represented by the Global Notes are expected to be eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. The Company expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised the Company that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material U.S. federal income tax considerations that may be relevant to the exchange of outstanding notes for new notes and to the ownership and disposition of new notes, but does not purport to be a complete analysis of all the potential tax considerations relating thereto. This summary is based on U.S. federal income tax law, including the provisions of the Internal Revenue Code of 1986, as amended (the Code), Treasury regulations, administrative rulings and judicial decisions, all as in effect or in existence as of the date of this registration statement. Subsequent developments in U.S. federal income tax law, including changes in law or differing interpretations, which may be applied retroactively, could have a material effect on the U.S. federal income tax consequences of the exchange of outstanding notes for new notes and the ownership and disposition of new notes set forth in this summary.

This summary applies only to holders who purchased outstanding notes at a price equal to the issue price of the outstanding notes (i.e., the first price at which a substantial amount of the outstanding notes were sold other than to bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents, or wholesalers), participate in the exchange described herein, and held the outstanding notes and will hold the new notes as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment).

This summary does not apply to holders that have special tax situations, including:

dealers in securities or currencies;

traders in securities;

U.S. holders (as defined below) whose functional currency is not the U.S. dollar;

persons holding notes as part of a conversion, constructive sale, wash sale or other integrated transaction or a hedge, straddle or synthetic security;

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

persons subject to the alternative minimum tax;

certain former citizens or long-term residents of the United States.;

foreign governments or international organizations;

financial institutions;

controlled foreign corporations and passive foreign investment companies, and shareholders of such corporations;

real estate investment trusts;

insurance companies;

regulated investment companies and shareholders of such companies;

entities that are tax-exempt for U.S. federal income tax purposes and retirement plans, individual retirement accounts and tax-deferred accounts;

pass-through entities, including partnerships and entities and arrangements classified as partnerships for U.S. federal tax purposes, and beneficial owners of pass-through entities; and

persons that acquire the notes for a price other than their issue price.

The U.S. federal income tax treatment of a partner of a partnership (including an entity treated as a partnership for U.S. federal tax purposes) that holds our notes generally will depend on the status of the partner and the activities of the partnership, and such partnerships and partners should consult their own tax advisors regarding the U.S. federal income tax consequences of the exchange of outstanding notes for new notes and the ownership and disposition of new notes

This summary does not discuss all of the aspects of U.S. federal income taxation that may be relevant to a holder in light of the holder's particular investment or other circumstances. In addition, this summary does not discuss any U.S. state or local income, foreign income, estate, gift, generation-skipping or other tax consequences or the effect of any tax treaty.

We have not sought any ruling from the Internal Revenue Service (the IRS) with respect to the statements made and the conclusions reached in the following summary, and there can be no assurance that the IRS will agree with these statements and conclusions.

Holders who exchange outstanding notes for new notes should consult their own tax advisors with respect to the application of the U.S. federal income tax laws to their particular situations, as well as of any tax consequences arising under the laws of any state, local, or foreign taxing jurisdiction or under any applicable tax treaty.

Payments Upon Early Redemptions and Other Circumstances

In certain circumstances, we may be required to make payments in excess of stated interest and the principal on the notes (see Description of the New Notes Change of Control and Description of the New Notes Optional Redemption). The possibility of such potential payments may cause the notes to be contingent payment debt instruments for U.S. federal income tax purposes. We do not intend to treat such potential payments as causing the notes to be considered contingent payment debt instruments, and our determination is binding on holders unless the holder discloses a contrary position in the manner required by applicable Treasury regulations. Our determination is not, however, binding on IRS and if the IRS were to challenge this determination, a holder might be required to accrue income on the notes at a higher yield and to treat as ordinary income (rather than as capital gain) any gain realized on a taxable disposition of notes before the resolution of the contingencies. The remainder of this discussion assumes that the notes will not be treated as contingent payment debt instruments for U.S. federal income tax purposes.

Exchange of Notes Pursuant to the Exchange Offer

The exchange of outstanding notes for new notes should not constitute a material modification of the terms of the outstanding notes and therefore should not constitute a taxable exchange for U.S. federal income tax purposes. Accordingly, a holder should not recognize gain or loss upon receipt of a new note in exchange for an outstanding note in the exchange. A holder's holding period in a new note should include its holding period in the outstanding note exchanged for the new note, and its adjusted tax basis in a new note immediately after the exchange should be the adjusted tax basis in the outstanding note exchanged for the new note immediately before the exchange.

U.S. Holders

The following summary applies to a holder that is a U.S. holder (as defined below).

Definition of a U.S. Holder

As used in this discussion, a U.S. holder is a beneficial owner of a note or notes that is for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States, including an alien individual who is a lawful permanent resident of the United States or who meets the substantial presence test under Section 7701(b) of the Code;

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

a corporation (or other entity classified as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any State thereof or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of the source of that income; or

a trust, if (1) a U.S. court is able to exercise primary supervision over the trust's administration and one or more United States persons (within the meaning of the Code) has the authority to control all of the trust's substantial decisions, or (2) the trust has a valid election in effect under applicable Treasury regulations to be treated as a United States person.

Certain Tax Considerations Specific to the December Notes

Pre-Issuance Accrued Interest

Some portion of the purchase price paid by a U.S. holder for the December notes may be attributable to interest accrued prior to the issuance of the notes (pre-issuance accrued interest). Although the matter is not free from doubt, we intend to take the position that a portion of the first interest payment received by such U.S. holder on the new notes will be treated as a return of a portion of the purchase price rather than as interest income. You should consult your tax advisor regarding this possible characterization.

Bond Premium

To the extent a U.S. holder's adjusted tax basis in the December notes (the amount the U.S. holder paid for the December notes upon their issuance on December 10, 2012, excluding any amount attributable to pre-issuance accrued interest) exceeds the stated principal amount of the December notes, the December notes will be treated as issued with bond premium. Any new notes received by a U.S. holder in exchange for December notes should be treated as having the same amount of bond premium as the December notes exchanged therefor. Generally, a U.S. holder may elect to amortize such bond premium as an offset to stated interest income in respect of the new notes, using a constant yield method prescribed under applicable Treasury regulations, over the remaining term of the new notes. If a U.S. holder elects to amortize such bond premium, the U.S. holder generally must amortize such premium to an earlier call date, with reference to the amount payable on such earlier call date, rather than to the new notes' stated redemption price at maturity, if this results in a smaller amortizable bond premium. However, in the event the new notes are not redeemed at the earlier call date, solely for purposes of the amortizable bond premium rules, the new notes would be treated as retired and reissued on the call date for their adjusted tax basis, and the new notes would again be subject to the rules regarding amortization of bond premium (taking into account any additional call periods). The amount of amortizable bond premium that a U.S. holder may deduct in any accrual period is limited to the amount by which the U.S. holder's total interest inclusions on the new note in prior accrual periods exceed the total amount the U.S. holder treated as a bond premium deduction in prior accrual periods. If any of the excess bond premium is not deductible, that amount is carried forward to the next accrual period. If a U.S. holder elects to amortize bond premium, the U.S. holder's tax basis in the new note must be reduced by the amount of the premium used to offset interest income as set forth above. An election to amortize bond premium applies to all taxable debt instruments owned by a U.S. holder on the first day of the taxable year to which such election first applies or thereafter acquired by a U.S. holder and may be revoked only with the consent of the IRS. A U.S. holder should consult its tax advisor regarding the availability of an election to amortize bond premium for U.S. federal income tax purposes, and in particular, the impact of the optional redemption features of the new notes on the timing and amount of bond premium that may be amortized.

Interest on the Notes

Interest paid on notes to a U.S. holder (which, for purposes of this discussion, excludes pre-issuance accrued interest as described above under Certain Tax Considerations Specific to the December Notes Pre-Issuance Accrued Interest) will be taxed as ordinary interest income at the time it is received or accrued in accordance with such U.S. holder's method of accounting for U.S. federal income tax purposes.

Sale or Other Disposition of Notes

Subject to the discussion above regarding an exchange of notes pursuant to the exchange offer, upon the sale, redemption, exchange, retirement or other taxable disposition of your notes, a U.S. holder will recognize taxable gain or loss equal to the difference, if any, between:

the amount realized on the disposition (less any amount attributable to accrued and unpaid interest, which will be taxable as ordinary interest income to the extent not previously included in income in the manner described under U.S. Holders' Interest on the Notes); and

the adjusted tax basis in the notes.

Such gain or loss generally will be capital gain or loss. This capital gain or loss will be long-term capital gain or loss if, at the time of the disposition, the note has been held for more than one year. Under current law, long-term capital gains of non-corporate taxpayers are taxed at reduced rates. Short-term capital gains are taxed at ordinary income rates. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding

In general, information reporting is required as to certain payments made to a U.S. holder of principal and interest on notes and on the proceeds from the disposition of notes, unless the U.S. holder is a corporation or other exempt person. In addition, backup withholding at a rate of 28% may apply:

to any payments of principal and interest on notes, and

to payments of the proceeds of a sale or other disposition of notes, if a U.S. holder is not exempt and fails to provide a correct taxpayer identification number certified under penalties of perjury, as well as certain information or otherwise fails to comply with applicable requirements of the backup withholding rules.

Backup withholding is not an additional tax and may be refunded or credited against a U.S. holder's U.S. federal income tax liability, provided that the correct information or an appropriate claim form is timely filed with the IRS.

Tax on Net Investment Income

For tax years beginning after December 31, 2012, a 3.8% tax will be imposed on the net investment income of certain U.S. citizens and resident aliens, and on the undistributed net investment income of certain estates and trusts, in both cases to the extent that net investment income exceeds a certain threshold. Among other items, net investment income generally includes interest and certain net gains from the disposition of property, less certain deductions that are properly allocable to such income.

Non-U.S. Holders

The following summary applies to a holder that is a non-U.S. holder (as defined below).

Definition of a Non-U.S. Holder

As used in this discussion, a non-U.S. holder is a beneficial owner of a note or notes that is an individual, corporation, estate or trust that is not a U.S. holder.

Interest on the Notes

Subject to the discussion below under Foreign Accounts, payments to a non-U.S. holder of interest on the notes (which, for purposes of this discussion, excludes pre-issuance accrued interest as discussed above under U.S. Holders Certain Tax Considerations Specific to December Notes Pre-Issuance Accrued Interest) will not be subject to U.S. federal withholding tax if such non-U.S. holder qualifies for the portfolio interest exemption of the Code. A non-U.S. holder qualifies for the portfolio interest exemption if:

- (1) the non-U.S. holder does not, directly or indirectly, actually or constructively, own 10% or more of the total combined voting power of all classes of our stock entitled to vote within the meaning of section 871(h)(3) of the Code and the Treasury regulations thereunder;
- (2) the non-U.S. holder is not a controlled foreign corporation for U.S. federal income tax purposes that is related, directly or indirectly, actually or constructively, to us through sufficient stock ownership (as provided in the Code);
- (3) the non-U.S. holder is not a bank receiving interest on the notes in connection with the extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

- (4) Interest on the notes is not effectively connected with the conduct of a U.S. trade or business of the non-U.S. holder; and

- (5) the non-U.S. holder provides a signed written statement, on an IRS Form W-8BEN (or other applicable form) that can reliably be associated with the non-U.S. holder, certifying under penalties of perjury that the non-U.S. holder is not a U.S. person within the meaning of the Code and providing the non-U.S. holder's name and address to:

- (A) us or our paying agent; or

- (B) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and holds our notes on behalf of the non-U.S. holder and that certifies to us or our paying agent under penalties of perjury that it, or the bank or financial institution between it and you, has received from the non-U.S. holder's such signed, written statement and provides us or our paying agent with a copy of such statement.

The applicable Treasury regulations provide alternative methods for satisfying the certification requirements described in this section. Special rules apply to foreign partnerships, estates, and trusts, and in certain circumstances, certifications as to the foreign status of partners, trust owners, or beneficiaries may have to be provided to us or our paying agent. In addition, special rules apply to qualified intermediaries that enter into withholding agreements with the IRS, and such intermediaries generally are not required to forward any certification forms received from non-U.S. holders.

If you cannot satisfy the requirements of the portfolio interest exemption described above, payments of interest made to you generally will be subject to U.S. federal withholding tax at a rate of 30% unless you provide us or our paying agent with a properly executed (1) IRS Form W-8BEN (or other applicable form) claiming an exemption from or reduction in this withholding tax under an applicable income tax treaty, or (2) IRS Form W-8ECI (or other applicable form) stating that interest paid on your notes is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States (see Income or Gain Effectively Connected with a Trade or Business in the United States).

Sale or Other Disposition of Notes

A non-U.S. holder will generally not be subject to U.S. federal income tax or withholding tax on any gain realized on the sale, exchange, redemption, or other disposition of a new note unless:

- (1) the non-U.S. holder is an individual who has been present in the United States for a period or periods aggregating 183 days or more during the taxable year of the disposition, and certain other requirements are met;
- (2) the gain is effectively connected with the conduct of a U.S. trade or business (and if an applicable treaty so requires, is attributable to a permanent establishment in the United States); or
- (3) such gain represents accrued but unpaid stated interest not previously included in income, in which case the rules regarding interest would apply (to the extent of such accrued but unpaid stated interest).

If the first exception applies, the non-U.S. holder generally will be subject to U.S. federal income tax at a rate of 30% (or at a reduced rate under an applicable income tax treaty) on the amount by which such non-U.S. holder's capital gains allocable to U.S.-sources exceed capital losses allocable to U.S.-sources during the taxable year of the disposition. For a discussion of the tax consequences if the second exception applies, see Income or Gain Effectively Connected with a U.S. Trade or Business, immediately below.

To the extent that the amount realized on any sale, exchange, redemption or other taxable disposition of the new notes is attributable to accrued but unpaid interest not previously included in income, such amount would be treated as interest and may be subject to the rules described above under Non-U.S. Holders Interest on the Notes.

Income or Gain Effectively Connected with a U.S. Trade or Business

A non-U.S. holder generally will be taxed in the same manner as a U.S. holder with respect to interest on the new notes and gain from a taxable disposition of the new notes if such interest or gain is effectively connected with a U.S. trade or business conducted by the non-U.S. holder (and, if an applicable tax treaty so requires, is attributable to a permanent establishment of the non-U.S. holder in the United States). Effectively connected interest received or gain realized by a corporate non-U.S. holder may also, under certain circumstances, be subject to an additional branch profits tax at a 30% rate (or, if applicable, a lower treaty rate). Subject to the discussion below under Foreign Accounts, effectively connected interest is generally not subject to withholding tax if the non-U.S. holder provides a properly executed IRS Form W-8ECI (or successor form) to us or our agent.

Backup Withholding and Information Reporting

In certain circumstances, backup withholding at a rate of 28% may apply:

to any payments made to a non-U.S. holder of principal and interest on the new notes, and

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

to payment to a non-U.S. holder of the proceeds of a sale or other disposition of new notes.

Payments to a non-U.S. holder of interest on a new note, and amounts withheld from such payments, if any, generally will be required to be reported to the IRS and the non-U.S. holder. Copies of the information returns reporting such interest and withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides under the provisions of an applicable income tax treaty.

U.S. backup withholding generally will not apply to payments to a non-U.S. holder of interest and principal on a new note if the certification described in Non-U.S. Holders Interest on the Notes is duly provided, or if the non-U.S. holder otherwise establishes an exemption, provided that we do not have actual knowledge or reason to know that such person is a United States person (as defined in the Code) or that the exemption conditions are not satisfied.

Information reporting requirements and backup withholding tax generally will not apply to any payment to a non-U.S. holder of the proceeds of the sale of a new note effected outside the United States by a foreign office of a broker (as defined in applicable Treasury regulations). However, if the broker:

- (1) is a United States person;
- (2) derives 50% or more of its gross income from all sources for certain periods from the conduct of a U.S. trade or business;
- (3) is a controlled foreign corporation as to the United States; or,
- (4) is a foreign partnership that, any time during its taxable year, has more than 50% of its income or capital interests owned in the aggregate by United States persons, or is engaged in the conduct of a U.S. trade or business;

then payment of the proceeds will be subject to information reporting requirements unless the broker has documentary evidence in its records that the payee is a non-U.S. holder and certain other conditions are met, or the non-U.S. holder otherwise establishes an exemption.

Payment to a non-U.S. holder of the proceeds of a disposition of a new note to or through the U.S. office of a broker is subject to information reporting and backup withholding requirements, unless the non-U.S. holder provides the certification described in Non-U.S. Holders Interest on the Notes or otherwise establishes an exemption and the broker does not have actual knowledge or reason to know that the non-U.S. holder is a United States person or that the exemption conditions are not satisfied.

Backup withholding is not an additional tax. Any amounts withheld from a payment to a non-U.S. holder under the backup withholding rules generally will be allowed as a credit against U.S. federal income tax liability, if any, and may be refunded, provided that the required information is timely furnished to the IRS or an appropriate claim form is timely filed with the IRS.

Foreign Accounts

The Foreign Account Compliance Act (FATCA), enacted in 2010, generally imposes a 30% withholding tax on interest on, or the gross proceeds from the sale or other disposition of, notes paid to a foreign financial institution or to a foreign non-financial entity, unless (i) the foreign financial institution undertakes certain diligence and reporting obligations, (ii) the foreign non-financial entity either certifies it does not have any substantial U.S. owners or furnishes identifying information regarding each substantial U.S. owner or (iii) the foreign financial institution or non-financial foreign entity otherwise establishes an exemption from these rules. If the payee is a foreign financial institution that does not establish an exemption, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain U.S. persons or U.S.-owned foreign entities, annually report certain information about such accounts, and withhold 30% on payments to account holders whose actions prevent it from complying with these reporting and other requirements. Under certain circumstances, an account holder may be eligible for refunds or credits of such taxes.

Although the withholding rules described above currently would apply to applicable payments made after December 31, 2012, proposed Treasury regulations and subsequent IRS guidance provide that such rules will apply to payments of interest on notes made on or after January 1, 2014 and to payments of gross proceeds from a sale or other disposition of notes on or after January 1, 2017. Moreover, proposed Treasury regulations extend the date of the initial application of such rules and indicate that such rules would not apply to payments made under or gross proceeds from the disposition of debt securities that are outstanding on January 1, 2013.

The proposed Treasury regulations described above will not be effective until final regulations are issued, and as of the date of this prospectus, it is not possible to determine whether the proposed regulations and related guidance will be finalized in their current form or at all. Prospective holders should consult their own tax advisors with respect to the tax consequences of FATCA described above.

PLAN OF DISTRIBUTION

Each broker-dealer that receives the new notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of the new notes received in exchange for the outstanding notes, where such outstanding notes were acquired as a result of market-making activities or other trading activities. We have agreed to use commercially reasonable efforts to make this prospectus available for a period commencing on the day the exchange offer is consummated and continuing for 90 days (or such shorter period during which such broker-dealers or such other persons are required by law to deliver the prospectus); provided, however, that if for any day during such period we restrict the use of such prospectus, such period shall be extended on a day-by-day basis.

We will not receive any proceeds from any sale of the new notes by broker-dealers. The new notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such new notes. Any broker-dealer that resells the new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit from any such resale of the new notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay all expenses incident to the exchange offer other than commissions or concessions of any brokers or dealers and will indemnify the holders of the notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

DELIVERY OF THIS INSTRUMENT TO AN ADDRESS OTHER THAN AS SET FORTH ABOVE OR TRANSMISSION OF INSTRUCTIONS VIA A FACSIMILE NUMBER OTHER THAN THE ONE LISTED ABOVE WILL NOT CONSTITUTE A VALID DELIVERY. THE INSTRUCTIONS ACCOMPANYING THIS LETTER OF TRANSMITTAL SHOULD BE READ CAREFULLY BEFORE THIS LETTER OF TRANSMITTAL IS COMPLETED.

The undersigned hereby acknowledges receipt of the Prospectus dated March 13, 2013, (the "Prospectus") of Resolute Energy Corporation (the "Company") and this letter of transmittal and the instructions hereto (the "Letter of Transmittal"), which together constitute the Company's offer (the "Exchange Offer") to exchange each \$1,000 principal amount (in minimum denominations of \$2,000 and integral multiples of \$1,000 thereafter) of its 8.50% Senior Notes due 2020 (the "New Notes") which have registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), for each \$1,000 principal amount (in minimum denominations of \$2,000 and integral multiples of \$1,000 thereafter) of its outstanding 8.50% Senior Notes due 2020 (the "Outstanding Notes"). The terms of the New Notes are identical in all material respects to the terms of the Outstanding Notes, except that the New Notes have been registered under the Securities Act and do not contain restrictions on transfer, registration rights or provisions for additional interest.

There are currently Outstanding Notes in the aggregate principal amount of \$400,000,000.

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

The term "Expiration Date" shall mean 5:00 p.m., New York City time, on April 12, 2013, unless the Company, in its sole discretion, extends the Exchange Offer, in which case the term shall mean the latest date and time to which the Exchange Offer is extended.

Because all of the Outstanding Notes are held in book-entry accounts maintained by the Exchange Agent at The Depository Trust Company ("DTC"), or through Euroclear Bank S.A./N.V. as operator of the Euroclear System ("Euroclear") or Clearstream, Luxembourg, a holder need not manually execute this Letter of Transmittal, provided, however, that tenders of Outstanding Notes must be effected in accordance with the procedures mandated by DTC's Automated Tender Offer Program ("ATOP") or by Euroclear or Clearstream, Luxembourg, as the case may be. However, all holders who exchange their Outstanding Notes for New Notes in accordance with the procedures outlined in the Prospectus will be deemed to have acknowledged receipt of, and agreed to be bound by, and to have made all of the representations and warranties contained in the Letter of Transmittal.

Ladies and Gentlemen:

Upon the terms and subject to the conditions of the Exchange Offer, the undersigned hereby tenders to the Company the principal amount of the Outstanding Notes indicated above. Subject to, and effective upon, the acceptance for exchange of such Outstanding Notes tendered hereby, the undersigned hereby exchanges, assigns and transfers to, or upon the order of, the Company all right, title and interest in and to such Outstanding Notes as are being tendered hereby, including all rights to accrued and unpaid interest thereon as of the Expiration Date. The undersigned hereby irrevocably constitutes and appoints the Exchange Agent the true and lawful agent and attorney-in-fact of the undersigned (with full knowledge that said Exchange Agent acts as the agent of the Company in connection with the Exchange Offer) to cause the Outstanding Notes to be assigned, transferred and exchanged. The undersigned represents and warrants that it has full power and authority to tender, exchange, assign and transfer the Outstanding Notes and to acquire New Notes issuable upon the exchange of such tendered Outstanding Notes, and that when the same are accepted for exchange, the Company will acquire good and unencumbered title to the tendered Outstanding Notes, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim.

The undersigned hereby further represents to the Company that (i) neither the undersigned nor any person receiving any New Notes directly or indirectly from the undersigned pursuant to the Exchange Offer is an affiliate of the Company or its subsidiaries, as defined under Rule 405 under the Securities Act, (ii) neither the undersigned nor any person receiving any New Notes directly or indirectly from the undersigned pursuant to the Exchange Offer (if not a broker-dealer referred to in the last sentence of this paragraph) is engaging or intends to engage in the distribution of the New Notes and none of them have any arrangement or understanding with any person to participate in the distribution of the New Notes, (iii) the New Notes to be acquired pursuant to the Exchange Offer will be acquired in the ordinary course of business of the person acquiring the New Notes, whether or not such person is the undersigned, (iv) if it is a broker-dealer that holds Outstanding Notes that were acquired for its own account as a result of market-making activities or other trading activities (other than Outstanding Notes acquired directly from the Company or any of its affiliates), it will deliver a Prospectus meeting the requirements of the Securities Act in connection with any resales of the New Notes received by it in the Exchange Offer, (v) the undersigned and each person receiving any New Notes directly or indirectly from the undersigned pursuant to the Exchange Offer acknowledge and agree that any broker-dealer or any person participating in the Exchange Offer for the purpose of distributing the New Notes (x) must comply with the registration and Prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction of the New Notes acquired by such person and (y) cannot rely on the position of the staff of the Securities and Exchange Commission (the Commission) set forth in the Exxon Capital Holdings Corporation no-action letter (available May 13, 1988) and the Morgan Stanley and Co., Inc. no-action letter (available June 5, 1991), as interpreted in the Commission's no-action letter to Shearman & Sterling dated July 2, 1993, and similar no-action letters, (vi) the undersigned and each person receiving any New Notes directly or indirectly from the undersigned pursuant to the Exchange Offer understand that a secondary resale transaction described in clause (v) above should be covered by an effective registration statement; (vii) if it is a broker-dealer, that it did not purchase the Securities to be exchanged in the Exchange Offer from the Company or any of its affiliates, and (viii) the undersigned is not acting on behalf of any person who could not truthfully and completely make the representations contained in the foregoing subclauses (i) through (viii). If the undersigned is a broker-dealer that will receive New Notes for its own account in exchange for Outstanding Notes that were acquired as a result of market making or other trading activities, it acknowledges that it will deliver a Prospectus meeting the requirements of the Securities Act in connection with any resale of such New Notes received in respect of such Outstanding Notes pursuant to the Exchange Offer; however, by so acknowledging and by delivering a Prospectus, the undersigned will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

The Company has agreed that, subject to the provisions of the registration rights agreement, the Prospectus, as it may be amended or supplemented from time to time, may be used by a participating broker-dealer (as defined below) in connection with resales of New Notes received in exchange for Outstanding Notes, where such Outstanding Notes were acquired by such participating broker-dealer for its own account as a result of market-making activities or other trading activities, for a period of up to 90 days commencing when New Notes are first issued in the Exchange Offer and ending upon the earlier of the expiration of the 90th day after the exchange offer has been completed or such time as such broker-dealers no longer own any Outstanding Notes; provided, however, that if for any day during such period we restrict the use of such prospectus, such period shall be extended on a day-by-day basis. In that regard, each broker-dealer who acquired Outstanding Notes for its own account as a result of market-making or other trading activities (a participating broker-dealer), by tendering such Outstanding Notes and executing, or otherwise becoming bound by, this Letter of Transmittal, agrees that, upon receipt of notice from the Company of the occurrence of any event or the discovery of any fact which makes any statement contained or incorporated by reference in the Prospectus untrue in any material respect or which causes the Prospectus to omit to state a material fact necessary in order to make the statements contained or incorporated by reference therein, in light of the circumstances under which they were made, not misleading or of the occurrence of certain other events specified in the registration rights agreement, such participating broker-dealer will suspend the sale of New Notes pursuant to the Prospectus until the Company has amended or supplemented the Prospectus to correct such misstatement or omission and has furnished copies of the amended or supplemented Prospectus to the participating broker-dealer or the Company has given notice that the sale of the New Notes may be resumed, as the case may be.

The undersigned also warrants that it will, upon request, execute and deliver any additional documents deemed by the Exchange Agent or the Company to be necessary or desirable to complete the exchange, assignment and transfer of tendered Outstanding Notes or transfer ownership of such Outstanding Notes on the account books maintained by a book-entry transfer facility.

The Exchange Offer is subject to certain conditions set forth in the Prospectus under the caption "The Exchange Offer Conditions." The undersigned recognizes that as a result of these conditions (which may be waived, in whole or in part, by the Company), as more particularly set forth in the Prospectus, the Company may not be required to exchange any of the Outstanding Notes tendered hereby and, in such event, the Outstanding Notes not exchanged will be returned to the undersigned at the address shown below the signature of the undersigned.

All authority herein conferred or agreed to be conferred shall survive the death or incapacity of the undersigned and every obligation of the undersigned hereunder shall be binding upon the heirs, personal representatives, successors and assigns of the undersigned. Tendered Outstanding Notes may be withdrawn at any time prior to the Expiration Date.

Unless otherwise indicated in the box entitled "Special Registration Instructions" or the box entitled "Special Delivery Instructions" in this Letter of Transmittal, certificates for all New Notes delivered in exchange for tendered Outstanding Notes, and any Outstanding Notes delivered herewith but not exchanged, will be registered in the name of the undersigned and shall be delivered to the undersigned at the address shown below the signature of the undersigned. If a New Note is to be issued to a person other than the person(s) signing this Letter of Transmittal, or if a New Note is to be mailed to someone other than the person(s) signing this Letter of Transmittal or to the person(s) signing this Letter of Transmittal at an address different than the address shown on this Letter of Transmittal, the appropriate boxes of this Letter of Transmittal should be completed. If Outstanding Notes are surrendered by Holder(s) that have completed either the box entitled "Special Registration Instructions" or the box entitled "Special Delivery Instructions" in this Letter of Transmittal, signature(s) on this Letter of Transmittal must be guaranteed by an Eligible Institution (defined in Instruction 3).

INSTRUCTIONS FORMING PART OF THE TERMS AND CONDITIONS OF THE EXCHANGE OFFER

1. Delivery of this Letter of Transmittal and Certificates. All physically delivered Outstanding Notes or confirmation of any book-entry transfer to the Exchange Agent's account at a book-entry transfer facility of Outstanding Notes tendered by book-entry transfer, as well as a properly completed and duly executed copy of this Letter of Transmittal or facsimile thereof (or compliance with the procedures of DTC, Euroclear or Clearstream, Luxembourg with respect to the tender of Outstanding Notes), and any other documents required by this Letter of Transmittal, must be received by the Exchange Agent at its address set forth herein on or prior to the Expiration Date. The method of delivery of this Letter of Transmittal, the Outstanding Notes and any other required documents is at the election and risk of the Holder, and except as otherwise provided below, the delivery will be deemed made only when actually received by the Exchange Agent. If such delivery is by mail, it is suggested that registered mail with return receipt requested, properly insured, be used.

No alternative, conditional, irregular or contingent tenders will be accepted. All tendering Holders, by execution of this Letter of Transmittal (or facsimile thereof) or otherwise complying with the tender procedures set forth in the Prospectus, shall waive any right to receive notice of the acceptance of the Outstanding Notes for exchange.

Delivery to an address other than as set forth herein, or instructions via a facsimile number other than the ones set forth herein, will not constitute a valid delivery.

2. Partial Tenders; Withdrawals. If less than the entire principal amount of Outstanding Notes evidenced by a submitted certificate is tendered, the tendering Holder should fill in the principal amount tendered in the column entitled "Principal Amount Tendered" in the box entitled "Description of Outstanding Notes Tendered Hereby". A newly issued Outstanding Note for the principal amount of Outstanding Notes submitted but not tendered will be sent to such Holder as soon as practicable after the Expiration Date. All Outstanding Notes delivered to the Exchange Agent will be deemed to have been tendered in full unless otherwise indicated.

Outstanding Notes tendered pursuant to the Exchange Offer may be withdrawn at any time prior to the Expiration Date, after which tenders of Outstanding Notes are irrevocable. To be effective, a written or facsimile transmission notice of withdrawal must be timely received by the Exchange Agent or the Holder must otherwise comply with the withdrawal procedures of DTC, Euroclear or Clearstream, Luxembourg as described in the Prospectus. Any such notice of withdrawal must (i) specify the name of the person having deposited the Outstanding Notes to be withdrawn (the "Depositor"), (ii) identify the Outstanding Notes to be withdrawn (including the registration number(s) and principal amount of such Outstanding Notes, or, in the case of Outstanding Notes transferred by book-entry transfer, the name and number of the account at DTC, Euroclear or Clearstream, Luxembourg, to be credited), (iii) be signed by the Holder in the same manner as the original signature on this Letter of Transmittal (including any required signature guarantees) or be accompanied by documents of transfer sufficient to have the Trustee with respect to the Outstanding Notes register the transfer of such Outstanding Notes into the name of the person withdrawing the tender and (iv) specify the name in which any such Outstanding Notes are to be registered, if different from that of the Depositor. All questions as to the validity, form and eligibility (including time of receipt) of such notices will be determined by the Company, whose determination shall be final and binding on all parties. Any Outstanding Notes so withdrawn will be deemed not to have been validly tendered for purposes of the Exchange Offer and no New Notes will be issued with respect thereto unless the Outstanding Notes so withdrawn are validly retendered. Any Outstanding Notes which have been tendered but which are not accepted for exchange will be returned to the Holder thereof without cost to such Holder as soon as practicable after withdrawal, rejection of tender or termination of Exchange Offer.

3. Signature on this Letter of Transmittal; Written Instruments and Endorsements; Guarantee of Signatures. If this Letter of Transmittal is signed by the registered Holder(s) of the Outstanding Notes tendered

hereby, the signature must correspond with the name(s) as written on the face of the certificates without alteration or enlargement or any change whatsoever. If this Letter of Transmittal is signed by a participant in DTC, Euroclear or Clearstream, Luxembourg, the signature must correspond with the name as it appears on the security position listing as the owner of the Outstanding Notes.

If any of the Outstanding Notes tendered hereby are owned of record by two or more joint owners, all such owners must sign this Letter of Transmittal.

If a number of Outstanding Notes registered in different names are tendered, it will be necessary to complete, sign and submit as many separate copies of this Letter of Transmittal as there are different registrations of Outstanding Notes.

Signatures on this Letter of Transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the Financial Industry Regulatory Authority, a commercial bank or trust company having an office or correspondent in the United States or an eligible guarantor institution within the meaning of Rule 17A-15 under the Exchange Act (each an "Eligible Institution") unless the Outstanding Notes tendered hereby are tendered (i) by a registered Holder who has not completed the box entitled "Special Registration Instructions" or "Special Delivery Instructions" on the Letter of Transmittal or (ii) for the account of an Eligible Institution.

Edgar Filing: Hicks Acquisition CO I Inc. - Form 424B3

If this Letter of Transmittal is signed by the registered Holder or Holders of Outstanding Notes (which term, for the purposes described herein, shall include a participant in DTC, Euroclear or Clearstream, Luxembourg whose name appears on a security listing as the owner of the Outstanding Notes) listed and tendered hereby, no endorsements of the tendered Outstanding Notes or separate

written instruments of transfer or exchange are required. In any other case, the registered Holder (or acting Holder) must either properly endorse the Outstanding Notes or transmit properly completed bond powers with this Letter of Transmittal (in either case, executed exactly as the name(s) of the registered Holder(s) appear(s) on the Outstanding Notes, and, with respect to a participant in DTC, Euroclear or Clearstream, Luxembourg whose name appears on a security position listing as the owner of Outstanding Notes, exactly as the name of the participant appears on such security position listing), with the signature on the Outstanding Notes or bond power guaranteed by an Eligible Institution (except where the Outstanding Notes are tendered for the account of an Eligible Institution).

If this Letter of Transmittal, any certificates or separate written instruments of transfer or exchange are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and, unless waived by the Company, proper evidence satisfactory to the Company of their authority so to act must be submitted.

4. Special Registration and Delivery Instructions. Tendering Holders should indicate, in the applicable box, the name and address (or account at DTC, Euroclear or Clearstream, Luxembourg, as applicable) in which the New Notes or substitute Outstanding Notes for principal amounts not tendered or not accepted for exchange are to be issued (or deposited), if different from the names and addresses or accounts of the person signing this Letter of Transmittal. In the case of issuance in a different name, the employer identification number or social security number of the person named must also be indicated and such person must properly complete an Internal Revenue Service Form W-9, a Form W-8BEN, a Form W-8ECI, or a Form W-8IMY, as appropriate. Such forms may be obtained by contacting the Exchange Agent at the address on the face of this Letter of Transmittal. In addition, the tendering Holder should complete the applicable box.

If no instructions are given, the New Notes (and any Outstanding Notes not tendered or not accepted) will be issued in the name of and sent to the acting Holder of the Outstanding Notes or deposited at such Holder's account at DTC, Euroclear or Clearstream, Luxembourg, as applicable.

5. Transfer Taxes. The Company shall pay all transfer taxes, if any, applicable to the transfer and exchange of Outstanding Notes to it or its order pursuant to the Exchange Offer. If a transfer tax is imposed for any reason other than the transfer and exchange of Outstanding Notes to the Company or its order pursuant to the Exchange Offer, the amount of any such transfer taxes (whether imposed on the registered Holder or any other person) will be payable by the tendering Holder. If satisfactory evidence of payment of such taxes or exception therefrom is not submitted herewith, the amount of such transfer taxes will be collected from the tendering Holder by the Exchange Agent.

Except as provided in this Instruction 5, it will not be necessary for transfer stamps to be affixed to the Outstanding Notes listed in this Letter of Transmittal.

6. Waiver of Conditions. The Company reserves the right, in its reasonable judgment, to waive, in whole or in part, any of the conditions to the Exchange Offer set forth in the Prospectus.

7. Mutilated, Lost, Stolen or Destroyed Outstanding Notes. Any Holder whose Outstanding Notes have been mutilated, lost, stolen or destroyed should contact the Exchange Agent at the address indicated above for further instructions.

8. Requests for Assistance or Additional Copies. Questions relating to the procedure for tendering, as well as requests for additional copies of the Prospectus and this Letter of Transmittal, may be directed to the Exchange Agent at the address and telephone number(s) set forth above.

9. Validity and Form. All questions as to the validity, form, eligibility (including time of receipt), acceptance of tendered Outstanding Notes and withdrawal of tendered Outstanding Notes will be determined by the Company in its sole discretion, which determination will be final and binding. The Company reserves the absolute right to reject any and all Outstanding Notes not properly tendered or any Outstanding Notes the Company's acceptance of which would, in the opinion of counsel for the Company, be unlawful. The Company also reserves the right, in its reasonable judgment, to waive any defects, irregularities or conditions of tender as to particular Outstanding Notes. The Company's interpretation of the terms and conditions of the Exchange Offer (including the instructions in this Letter of Transmittal) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Outstanding Notes must be cured within such time as the Company shall determine. Although the Company intends to notify Holders of defects or irregularities with respect to tenders of Outstanding Notes, neither the Company, the Exchange Agent nor any other person shall incur any liability for failure to give such notification. Tenderees of Outstanding Notes will not be deemed to have been made until such defects or irregularities have been cured or waived. Any Outstanding Notes received by the Exchange Agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the Exchange Agent to the tendering Holder as soon as practicable following the Expiration Date.

IMPORTANT: THIS LETTER OF TRANSMITTAL OR A FACSIMILE THEREOF (TOGETHER WITH OUTSTANDING NOTES) OR CONFIRMATION OF BOOK-ENTRY TRANSFER AND ALL OTHER REQUIRED DOCUMENTS MUST BE RECEIVED BY THE EXCHANGE AGENT ON OR PRIOR TO THE EXPIRATION DATE.
