2013 Annual Meeting of Shareholders

Questions and Answers About This

Proxy Material and Voting

When and where is the Annual Meeting?

Our 2013 Annual Meeting of Shareholders (the Annual Meeting) will be held at the Cox Convention Center Meeting Room A/B, 1 Myriad Gardens, Oklahoma City, OK 73102-9219, on May 23, 2013, at 10:00 a.m. C.D.T. When we refer to us, we, our, or the Company we are describing Continental Resources, Inc. and/or our subsidiaries.

Why am I receiving these materials?

This proxy statement, the accompanying proxy card and our annual report are provided to you because our Board of Directors (Board) is soliciting your proxy to vote at the Annual Meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the Annual Meeting to vote your shares.

Under rules adopted by the Securities and Exchange Commission (the SEC), we are furnishing proxy materials to our shareholders primarily via the Internet, instead of mailing printed copies of those materials to each shareholder. On or about April 10, 2013, we plan to mail to beneficial owners of shares registered in the name of a broker, bank or other nominee record holder (who constitute the majority of our shareholders), a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) containing instructions on how to access our proxy materials, including our proxy statement and annual report. The Notice of Internet Availability also instructs shareholders on how to vote online. This process is designed to expedite shareholders receipt of proxy materials, help conserve natural resources and lower the cost of the Annual Meeting. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability.

We intend to mail this proxy statement, the accompanying proxy card and our annual report on or about April 10, 2013 to shareholders of record entitled to vote at the Annual Meeting.

Who can vote at the Annual Meeting?

The record date for determining shareholders entitled to notice of and to vote at the Annual Meeting has been established as of the close of business on March 27, 2013. On that date, we had 185,632,612 shares of our common stock, par value \$0.01 per share (Common Stock), outstanding and eligible to vote.

Shareholder of Record: Shares Registered in Your Name

If on March 27, 2013 your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, or if you hold shares of our Common Stock pursuant to a restricted stock grant that have not vested, then you are a shareholder of record. As a shareholder of record, you may vote in person at the Annual Meeting, by proxy using the proxy card or over the Internet. Whether you plan to attend the Annual Meeting, we urge you to vote your shares.

Table of Contents

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Nominee Record Holder

If on March 27, 2013 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, or other nominee record holder, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker, bank or other nominee record holder.

What am I voting on?

There are three proposals scheduled for a vote:

1. Election of two directors to serve until the Annual Meeting of Shareholders in 2016, election of one director to serve until the Annual Meeting of Shareholders in 2014, and with respect to each director nominee until their successors are duly elected and qualified or until their earlier resignation or removal; and
2. Approval of the Company's 2013 Long-Term Incentive Plan (the 2013 Plan); and

Ratification of selection of Grant Thornton LLP (Grant Thornton) as our independent registered public accounting firm.

How do I vote?

For Proposal 1, you may either vote For a nominee to the Board or you may Withhold Authority regarding your vote for any nominee you specify. For Proposals 2 and 3, you may vote For or Against or Abstain from voting. The procedures for voting are as follows:

Shareholder of Record: Shares Registered in Your Name

If you are a shareholder of record, you may vote in person at the Annual Meeting, by proxy using the proxy card or over the Internet. Whether you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign, and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote online, please follow the instructions included on your proxy card. If you vote online, you do not need to complete and mail a proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Nominee Record Holder

If you are a beneficial owner of shares registered in the name of your broker, bank, dealer or other nominee record holder, you should have received either a Notice of Internet Availability containing instructions on how to access our proxy materials and vote online or a voter information form and voting instructions with these proxy materials from that organization rather than from us. Simply follow the instructions to vote online or by telephone or complete and return the voter information form in accordance with the instructions provided to ensure your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other nominee record holder. Follow the instructions from your broker, bank or other nominee record holder included with these proxy materials, or contact your broker, bank or other nominee record holder to request a proxy form.

How many votes do I have?

On each proposal to be voted upon, you have one vote for each share of Common Stock you own as of March 27, 2013.

Table of Contents

Who is paying for this proxy solicitation?

We are paying for the entire cost of soliciting proxies. In addition to these proxy materials, our directors, employees, and agents may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may reimburse brokerage firms, banks, dealers and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card or voter information form?

If you receive more than one proxy card or voter information form, your shares are registered in more than one name or are registered in different accounts. Please complete, sign, and return each proxy card or voter information form to ensure all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may enter a new vote over the Internet or by submitting another properly completed proxy card with a later date. To request a new proxy card, you should call our transfer agent, American Stock Transfer & Trust Company, LLC at (800) 937-5449 or mail a request to our transfer agent at 6201 15th Avenue, Brooklyn, NY 11219.

You may send a written notice that you are revoking your proxy to Continental Resources, Inc., 20 N. Broadway, Oklahoma City, Oklahoma 73102, Attn: Eric S. Eissenstat, Secretary.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank, or other nominee record holder, you should follow the instructions provided by your broker, or bank or such nominee record holder.

What is the quorum requirement?

A quorum of shareholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the issued and outstanding shares entitled to vote are represented by shareholders present at the Annual Meeting or by proxy. On the record date, there were 185,632,612 shares issued and outstanding and entitled to vote. Therefore, 92,816,307 shares must be represented by shareholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee record holder), or if you vote in person at the Annual Meeting. Abstentions and withhold authority votes will be counted towards the quorum requirement and broker non-votes (discussed immediately below) will be counted toward the quorum requirement assuming the broker, bank or other nominee

record holder, is entitled to vote the applicable shares on at least one discretionary proposal. If there is no quorum, a majority of the shares entitled to vote at the Annual Meeting may adjourn the Annual Meeting to another date.

What are broker non-votes?

A broker non-vote occurs when the broker, bank or other nominee record holder is unable to vote the shares it holds on behalf of a beneficial owner (such shares are said to be held in street name), because a proposal is not routine and the beneficial owner has not provided any instructions on that matter. New York Stock Exchange (NYSE) rules determine whether proposals are routine. If a proposal is routine, a broker, bank or other nominee record holder holding shares in street name may vote on the proposal without voting instructions. If a proposal is not routine, the broker, bank or other nominee record holder may vote on the proposal only if the beneficial owner has provided voting instructions. If a broker, bank or other nominee record holder does not receive instructions for a non-routine proposal, such entity will return a proxy card without a vote on that proposal, which is usually referred to as a broker non-vote. The ratification of Grant Thornton's appointment is a routine item, but the election of directors and proposal to approve the 2013 Plan are not considered routine proposals under applicable NYSE rules.

Table of Contents

How may I vote in the election of directors?

In the election of directors you may either vote For a nominee or Withhold your vote from the nominee.

What vote is required to approve the election of directors?

Directors are elected by a plurality of the votes cast at the Annual Meeting (that is the three director nominees receiving the greatest number of votes cast will be elected). Votes that are withheld will not have an effect on the outcome of this vote. Similarly, broker non-votes will not have an effect on the outcome of this vote.

How may I vote in connection with the proposal to approve the Company's 2013 Long-Term Incentive Plan?

In voting on the approval of the Company's 2013 Plan, you may vote For or Against the proposal or Abstain from voting.

Why is shareholder approval needed in connection with the Company's 2013 Long-Term Incentive Plan?

Section 312.03(a) of the NYSE Listed Company Manual requires shareholder approval of any equity compensation plan. The 2013 Plan is an equity compensation plan subject to this provision of the NYSE Listed Company Manual.

What vote is required to approve the Company's 2013 Long-Term Incentive Plan?

The NYSE Listed Company Manual requires the approval by a majority of votes cast on the proposal to approve the 2013 Plan at the Annual Meeting, provided the total vote cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal. Oklahoma state law requires any proposal submitted to the Company's shareholders be approved by a majority of the shares present in person or represented by proxy and entitled to vote on the matter. If you Abstain from voting, it will have the same effect as an Against vote on the proposal to approve the 2013 Plan at the Annual Meeting because abstentions are treated as entitled to vote under state law and NYSE rules. Since the proposal to approve the 2013 Plan at the Annual Meeting is not a routine proposal, broker non-votes will not be treated as entitled to vote and accordingly will have no impact on the outcome of this vote for purposes of Oklahoma state law or NYSE rules.

How may I vote in connection with the proposal to ratify the selection of Grant Thornton LLP as our independent registered public accounting firm?

In voting on the ratification of the selection of Grant Thornton as our independent registered public accounting firm for the year ended December 31, 2013, you may vote For or Against the proposal or Abstain from voting.

What vote is required to approve the ratification of the selection of Grant Thornton LLP as our independent registered public accounting firm?

As described above, under Oklahoma state law the ratification of the selection of Grant Thornton as our independent registered public accounting firm requires that a majority of the shares present in person or represented by proxy and entitled to vote on the matter vote For the proposal. If you Abstain from voting, it will have the same effect as an Against vote because abstentions are treated as entitled to vote under Oklahoma state law.

Table of Contents

What if I do not mark a voting choice for some of the matters listed on my proxy card?

If you return a signed proxy card without indicating your vote, your shares will be voted in accordance with the Board's recommendation for each proposal with respect to which a voting choice is not indicated.

Could other matters be decided at the Annual Meeting?

We do not know of any other matters that will be considered at the Annual Meeting. If any other matters arise at the meeting, proxies will be voted at the discretion of the proxy holders.

What happens if the Annual Meeting is postponed or adjourned?

If the Annual Meeting is postponed or adjourned, your proxy will still be valid and may be voted at the postponed or adjourned meeting. You will be able to change or revoke your proxy until it is voted.

How does the Board recommend I vote on the proposals?

The Board recommends you vote:

FOR the nominees for director set forth on page 6;

FOR the approval of the Company's 2013 Plan; and

FOR the ratification of the selection of Grant Thornton as our independent registered public accounting firm for the fiscal year ending December 31, 2013.

Who will serve as the inspector of election at the Annual Meeting?

We anticipate Eric S. Eissenstat, our Senior Vice President, General Counsel and Secretary, will serve as the inspector of election and will tabulate the proxies and ballots at the Annual Meeting.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Form 8-K filed within four business days after the Annual Meeting.

Table of Contents**Proposal 1:****Election of Directors****General**

Our Board currently consists of seven members. Our directors are divided into three classes and serve staggered three year terms. Class I, Class II and Class III directors will serve until our annual meetings of shareholders in 2013, 2014 and 2015, respectively. In connection with the retirement of H.R. Sanders, Jr. from the Board effective June 30, 2012, David L. Boren was reclassified from a Class I director to a Class II director by the Board. In order to align Mr. Boren's term of service with the other Class II director, Robert J. Grant, the Board directed that Mr. Boren stand for election at the 2013 Annual Meeting of Shareholders for a one year term, and then stand for election in 2014 with the other Class II director or directors. The Board has nominated and proposes that Harold G. Hamm and John T. McNabb, II, whose terms as directors expire as of the Annual Meeting, be re-elected as Class I directors for a term to continue until the 2016 Annual Meeting of Shareholders, that Mr. Boren, whose term as a director expires as of the Annual Meeting, be re-elected as a Class II director for a term to continue until the 2014 Annual Meeting of Shareholders, and, in the case of each Class I and Class II director nominee, until each of their respective successors has been elected and qualified or until their earlier resignation or removal.

The election of a director requires the affirmative vote of a plurality of the shares of Common Stock voting in person or by proxy at the Annual Meeting. All proxies received by our Board will be voted, in the absence of instructions to the contrary, For the re-election of Messrs. Hamm, McNabb and Boren to the Board, as described above.

Should a nominee for election to the Board be unable to serve for any reason, the Board may designate a substitute nominee in which event all proxies received without instructions will be voted for the election of such substitute nominee. To the best knowledge of our Board the named nominees will each serve if elected.

The Board recommends the shareholders vote FOR the re-election of Harold G. Hamm, John T. McNabb, II and David L. Boren to the Board.

The following table outlines certain information about each of the director nominees as well as our other directors as of March 27, 2013:

Name	Age	Director Since	Existing Term Expires
Harold G. Hamm	67	1967	2013
David L. Boren	71	2009	2013
Robert J. Grant	74	2006	2014
Lon McCain	65	2006	2015

Corporate Governance Matters

We are a controlled company within the meaning of the listing standards of the NYSE because our Chairman and Chief Executive Officer, Harold G. Hamm, owns more than 50% of our outstanding shares of Common Stock. Consequently, we are not required to comply with certain of the NYSE listed company requirements, such as the requirement to have a majority of independent directors on our Board, or the requirement to have compensation and nominating committees comprised entirely of independent directors. However, we are required to have an independent Audit Committee under the NYSE's listed company requirements, and we have voluntarily established a Compensation Committee (comprised of independent directors) and a Nominating/Corporate Governance Committee. The Board uses the independence standards of the NYSE corporate governance rules for determining whether directors are independent. The Board additionally follows the rules of the SEC in determining independence for Audit Committee members. The Board has determined Messrs. Boren, Grant, McCain, McNabb, Monroe and Schafer have no relationship with the Company other than as a director and shareholder of the Company and are independent under the NYSE and SEC rules for purposes of service on the Board and its committees. Members of each committee are elected annually by the Board and serve for one year terms, until their successors are elected and qualified or until their earlier resignation or removal.

The Board held ten meetings during the year ended December 31, 2012 and acted by unanimous consent on two occasions during such period.

Directors are expected to attend all meetings of the Board and the committees on which they serve. To be re-nominated, directors must have attended at least 75% of the Board and committee meetings during their term. All directors, other than Mr. Grant, attended the 2012 Annual Meeting of Shareholders and all directors plan to attend the 2013 Annual Meeting.

Board Leadership Structure. Harold G. Hamm serves as the Company's Chairman and Chief Executive Officer and controls approximately 68.04% of the outstanding shares of Common Stock as of March 27, 2013. The Board believes its leadership structure is justified by the efficiencies of having the Chief Executive Officer also serve in the role of Chairman of the Board as well as due to Mr. Hamm's role in founding the Company and due to his continued significant ownership interest in the Company.

Risk Oversight. The Board is actively involved in oversight of risks that could affect us. This oversight is conducted in part through committees of the Board. In particular, the Audit Committee is charged with oversight of Company risks relating to finance and accounting compliance, and is updated periodically on our compliance with internal controls. The Board satisfies its oversight responsibility through reports by each committee chair regarding the committee's considerations and actions, as well as through reports from officers responsible for oversight of particular risks within our Company. In addition, we have internal audit systems in place to review adherence to established policies and procedures.

Board Committees. Our Board has four standing committees: an Audit Committee, a Compensation Committee, a Nominating/Corporate Governance Committee and a Finance Committee. Each committee is governed by a written charter approved by the full Board. These charters form an integral part of our corporate governance policies, and a copy of each charter is available at our website, www.clr.com.

Table of Contents

The table below provides information regarding the current composition of each standing committee of our Board, the responsibilities of each committee as set forth in their respective charters and the number of times each committee met and acted by written consent in 2012.

The Audit Committee meets at least quarterly with our senior management, our manager of internal auditing and our independent auditors to discuss any matters the Audit Committee or any of these groups believe should be discussed in private. The Audit Committee makes regular reports to the Board.

Corporate Governance Guidelines and Communications with the Board

In May 2006 we adopted Corporate Governance Guidelines and a Code of Ethics in accordance with the rules of the NYSE. We amended and restated our Corporate Governance Guidelines in February 2012. The Code of Ethics is applicable to all employees and directors, including our principal executive, financial, and accounting officers. In addition, each of the standing committees of the Board has a charter which has been approved by the full Board. Copies of the Corporate Governance Guidelines, Code of Ethics, and committee charters are available at our website, www.clr.com.

Our Corporate Governance Guidelines require the non-management directors meet in regularly scheduled executive sessions. Mr. McNabb was selected by the Board to serve as lead director and, acting in this capacity, he presided over five executive sessions in 2012. As lead director, Mr. McNabb also facilitates communication with the Board and presides in any session where the Chairman of the Board is not present. Mr. Schafer has been appointed to serve as lead director effective after the Annual Meeting.

Any shareholder or interested party desiring to communicate or make concerns known to us, directors generally, non-management directors or an individual director only may do so by submission in writing to Continental Resources, Inc., Attn: Vice President, Investor Relations, 20 N. Although we are a controlled company under the listing standards of the NYSE, the Board has voluntarily established a Nominating/Corporate Governance Committee. Our Nominating/Corporate Governance Committee is responsible for assessing the skills and characteristics of Board members and for screening potential Board candidates. The Nominating/Corporate Governance Committee has no minimum qualifications for candidates. Qualified candidates for nomination to the Board are considered without regard to race, color, religion, gender or national origin. The process used by the Nominating/Corporate Governance Committee for identifying and evaluating nominees for the Board consists of reviewing qualifications of candidates suggested by management, other Board members, or shareholders. For these purposes, a Related Party Transaction is a transaction, proposed transaction, or series of similar transactions, in which (a) we are a participant, (b) the amount involved exceeds \$120,000 annually and (c) a related person (as defined below) has or will have a direct or indirect material interest. A Related Person is (a) any person who is, or at any time since the beginning of our last fiscal year was, a director, executive officer, or nominee to become a director, (b) a person known to beneficially own 5% or more of any class of our voting securities, (c) an immediate family member of any of the foregoing persons (which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of such director, executive officer, nominee for director or greater than 5% beneficial owner), and (d) any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee for director or greater than 5% beneficial owner. The Audit Committee adopted a written policy which includes factors for committee members to consider in exercising their judgment including (a) terms of the transaction with the related party, (b) availability of comparable products or services from unrelated third parties, (c) terms available from unrelated third parties and (d) the benefits to us. The Audit Committee recommends for approval only those related party transactions that are, in its judgment, in our best interests and on terms no less favorable to us than we could have achieved with an unrelated third party.

Transactions

From January 1, 2012, we entered into the related party transactions described below. Based upon review and recommendations of our Audit Committee (or Special Committee in the case of the transaction described below under Agreements in Connection with the Wheatland Transaction, Compensation Committee in the case of the transactions described below under Eissenstat Employment Agreement and full Board in the case of the firm transportation commitment with Hiland Crude (defined below) described below under Crude Oil Sales and Firm Transportation Commitments and the registration rights agreement described below under Registration Rights Agreement), we believe all such transactions are on terms no less favorable to us than we could have achieved with an unrelated third party.

Crude Oil Sales and Firm Transportation Commitments

Our principal shareholder and trusts for the benefit of his family members own the majority of the total outstanding equity interests of Hiland, which among its other assets holds, Hiland Crude, LLC (formerly Banner Transportation,

L.L.C. and referred to herein as Hiland Crude), Cottonwood Creek, Inc. and Independent Trading & Transportation Company I, L.L.C. (ITT). Our principal shareholder controls Hiland s general partner and serves as the Chairman of the Board of Hiland s general partner.

In 2012, the Company engaged in crude oil trades with ITT. These purchases or sales are done with ITT each month with the net amount being paid to, or received from, ITT in the following month. Total barrels sold to ITT in 2012 amounted to 20,604 barrels for \$1.9 million and 2,000 barrels were purchased from ITT in 2012 for \$174,000.

In 2012, we paid ITT, Cottonwood Creek and Hiland Crude approximately \$19.8 million for crude oil gathering and storage services in North Dakota, Montana and Wyoming. At December 31, 2012, \$3.2 million was due to Hiland Crude, Cottonwood Creek and ITT.

In September 2012, the Company entered into a five year firm transportation commitment with Hiland Crude to guarantee pipeline access capacity totaling 10,000 barrels of crude oil per day on a pipeline project being developed that is not yet operational. The pipeline project requires significant additional construction efforts by Hiland Crude before being completed. The commitment requires the Company to pay transportation charges of \$5.25 per barrel regardless of the amount of pipeline capacity used. Future commitments under the arrangement total approximately \$95.8 million at December 31, 2012, representing aggregate transportation charges

Table of Contents

expected to be incurred over the five year term assuming the pipeline project is completed and becomes operational. The timing of the commencement of the pipeline's operations is not known. Accordingly, the timing of the Company's obligations under the arrangement cannot be predicted with certainty and may not be incurred on a ratable basis over a calendar year or may not be incurred at all. Under this agreement, the Company's obligations are subject to Hiland Crude meeting an in-service date of July 1, 2015.

Natural Gas Sales

During the year ended December 31, 2012, our natural gas revenues from Related Party Transactions were \$61.7 million relating to sales of approximately 15,179 MMcf of natural gas. Included in this amount was the sale of approximately 15,158 MMcf of natural gas for \$61.6 million to Hiland and 21 MMcf of natural gas sold for \$43,000 to Orbit Gas Transmission, Inc. (Orbit). A majority of Orbit is owned by our principal shareholder and trusts for the benefit of his family members. Additionally, we paid approximately \$6.0 million principally for reclaimed oil, residue fuel gas and compressor rentals to Hiland during the year ended December 31, 2012. Under a contract for natural gas sales to Hiland, we also incurred gathering and treatment fees of \$4.7 million in 2012. At December 31, 2012, \$1.4 million was due to Hiland principally for residue fuel gas, compressor installation costs and proceeds owed to Hiland from condensate sales marketed on their behalf and approximately \$3,900 was due from Hiland. Additionally, \$11.7 million was due from Hiland in connection with a natural gas receivable at December 31, 2012.

Oilfield Services

During the year ended December 31, 2012, we paid approximately \$6.9 million for daywork drilling rig services provided by United Drilling Co. (United). A portion of such amounts was billed to other interest owners. United Rig #21 spud five new wells for us in 2012. Our principal shareholder owns 100% of the common stock of United. At December 31, 2012, \$1.1 million was due to United in connection with these services.

Lease of Office Space

We leased approximately 87,000 square feet of office space in Enid, Oklahoma from Continental Management, Inc. (Continental Management), a company owned by our principal shareholder. The leases covering this space expired at the end of February 2012 (the Old Leases) and we entered into a new lease with a term of five months from March 1, 2012 to July 31, 2012 (the New Lease). During the year ended December 31, 2012, we paid \$622,000 to Continental Management under the Old Leases and New Lease with no obligations remaining at December 31, 2012.

Royalty and Common Ownership

In 2012, we received \$608,000 from the Revocable Inter Vivos Trust of Harold G. Hamm (the Hamm Revocable Trust), a trust of which Harold G. Hamm, our Chief Executive Officer, Chairman of the Board and principal shareholder, is the trustee and sole beneficiary, for billings on interests owned in various oil and gas wells which we operate. We also disbursed to the Hamm Revocable Trust \$5.2 million in 2012 for the Hamm Revocable Trust's share of oil and gas sales attributed to these interests which were received from the purchasers of production. At December 31, 2012, \$193,000 was due from the Hamm Revocable Trust and \$271,000 was due to the Hamm Revocable Trust.

Wheatland Oil Inc. (Wheatland) is owned 75% by the Hamm Revocable Trust and 25% by our Vice-Chairman of Strategic Growth Initiatives, Mr. Jeffrey B. Hume. Wheatland participated in several of the Company's crude oil and natural gas properties located in the states of Mississippi, Montana, North Dakota and Oklahoma. We acquired all of Wheatland's right, title and interest to these properties pursuant to the transaction described below under Agreements

in Connection with the Wheatland Transaction. The Wheatland interests generally ranged from 5% to 10% of the Company's interests. During the year ended December 31, 2012, we disbursed net crude oil and natural gas revenues of approximately \$33.0 million to Wheatland and were paid for billed costs of approximately \$37.5 million by Wheatland in 2012. We also paid Wheatland approximately \$277,000 in 2012 for their share of undeveloped leasehold sales and adjustments. As a result of the Acquisition (as defined below) under the Purchase and Sale Agreement (as defined below), we do not anticipate making or receiving payments of the type described above to or from Wheatland in the future.

Agreements in Connection with the Wheatland Transaction

We entered into a Reorganization and Purchase and Sale Agreement, dated as of March 27, 2012 (the Purchase and Sale Agreement), among the Company, Wheatland and the shareholders of Wheatland. The Purchase and Sale Agreement provided for the acquisition

Table of Contents

(the Acquisition) by us of all of Wheatland's right, title and interest in and to certain crude oil and natural gas properties and related assets in the States of Mississippi, Montana, North Dakota and Oklahoma (the Assets) and the assumption of certain liabilities related thereto. The Acquisition contemplated by the Purchase and Sale Agreement was consummated on August 13, 2012 and was reviewed by a Special Committee of the Board comprised of the current members of the Audit Committee and Mr. Sanders, which recommended the Board of Directors and shareholders approve the Acquisition.

The purchase price for the Assets was approximately \$313.3 million (the Adjusted Purchase Price), which reflected the adjustments to an unadjusted purchase price of \$340 million contemplated by the Purchase and Sale Agreement. At the closing of the transactions contemplated by the Purchase and Sale Agreement, the Adjusted Purchase Price was paid by the issuance of 3,916,157 shares of Common Stock. The number of shares issued was determined by dividing the Adjusted Purchase Price by \$80. The \$80 amount reflects the floor per share value dictated by the Purchase and Sale Agreement in the event the volume weighted average (rounded to two decimal places) of the daily sales prices for the shares of Common Stock was \$80 or less for the twenty (20) consecutive trading days on which such shares were actually traded and quoted on the NYSE, ending on and including the date that was ten (10) days prior to the Special Meeting of Shareholders on August 10, 2012 (the Closing Sales Price). The Closing Sales Price was less than \$80, and the floor per share value was used to determine the number of shares of Common Stock issuable in connection with the Adjusted Purchase Price. All purchase price adjustments arising after August 13, 2012 under the Purchase and Sale Agreement, which amounted to \$477,415 being owed to the Company by Wheatland, have been agreed upon by the parties and are reflected in the Company's consolidated financial statements at December 31, 2012.

Pursuant to the Purchase and Sale Agreement, we entered into a registration rights agreement granting the Hamm Revocable Trust and Mr. Hume registration rights for the shares of our Common Stock that the shareholders of Wheatland received, at the direction of Wheatland, upon the closing of the Acquisition (the Registerable Securities). Under the registration rights agreement, the Hamm Revocable Trust and Mr. Hume have demand and piggyback registration rights. The demand rights enable each of the Hamm Revocable Trust and Mr. Hume to require us to register their respective shares of Registerable Securities with the SEC at any time, subject to certain limited exceptions, including the requirement that the aggregate proceeds from the demand registration exceed \$40 million (net of underwriting discounts and commissions) and the Company is not required to effect more than four demand registrations in any three year period. The piggyback rights allow each of the Hamm Revocable Trust and Mr. Hume to register their Registerable Securities along with any shares we register with the SEC. These registration rights are subject to customary conditions and limitations, including the right of the underwriters of an offering to limit the number of shares.

Registration Rights Agreement

In connection with the closing of our initial public offering in May 2007, we entered into a registration rights agreement with our principal shareholder and the two irrevocable trusts established for the benefit of our principal shareholder's children pursuant to which we granted to our principal shareholder and the trusts certain demand and piggyback registration rights.

Under the registration rights agreement, our principal shareholder and each of the trusts has the one time right to require us to file a registration statement for the public sale of all or part of the shares of Common Stock owned by him or it, as applicable, at any time so long as at least six months have passed since the last demand registration statement. In connection with a demand by one of the aforementioned parties, the non-demanding parties have the right to participate in such registration process. However, in the event that securities are to be sold in an underwritten offering pursuant to such demand registration statement and the managing underwriter thereof advises the participants that the amount of securities to be offered thereby should be limited, such limitation shall be satisfied first from the

securities allocated to participants other than the demanding party.

In addition, if we sell any shares of our Common Stock in a registered underwritten offering, each of our principal shareholder and the two irrevocable trusts established for the benefit of our principal shareholder's children have the right to include his or its shares in that offering. The underwriters of any such offering have the right to limit the number of shares to be included in such sale.

We will pay all expenses relating to any demand or piggyback registration, except for underwriters' or brokers' commissions or discounts. The securities covered by the registration rights agreement will no longer be registerable under the registration rights agreement if they have been sold to the public either pursuant to a registration statement or under Rule 144 promulgated under the Securities Act.

Following the Initial Term, the agreement automatically renews for additional one year periods, unless terminated at least 60 days prior to the expiration date of the then current term. The Employment Agreement provides for an annual base salary of not less than \$300,000 per year, which may be increased but not decreased without Mr. Eissenstat's consent. The Employment Agreement also provides the target level for annual cash bonuses will be at least 66% of Mr. Eissenstat's base salary and for an initial award of 36,000 shares of restricted stock, vesting ratably over a three year period.

Under the currently applicable terms, the Company may terminate his employment without cause, for Cause (as defined in the Employment Agreement), or due to Disability (as defined in the Employment Agreement) and the Employment Agreement would also terminate in the event of Mr. Eissenstat's death. If terminated In Connection With a Change of Control, Mr. Eissenstat would receive a lump sum payment equal to two times his base salary and bonus payable during the year in which the termination occurs and certain other accrued obligations. Additionally, all unvested shares of restricted stock held by him would vest. Finally, he and his family would receive continuation of medical, hospitalization and dental benefits for a period of 24 months. If Mr. Eissenstat's employment was terminated by the Company without cause or by Mr. Eissenstat for Good Reason, then Mr. Eissenstat would be entitled to receive a lump sum payment equal to his base salary, the bonus payable during the year in which the termination occurs and certain other accrued obligations. He and his family would also receive continuation of medical, hospitalization and dental benefits for a period of 24 months. If terminated due to Disability, Mr. Eissenstat would receive in addition to salary continuance during a seven month disability period, payment of certain accrued obligations at the time of his termination and continuance of any applicable disability benefits following his termination. If terminated due to Mr. Eissenstat's death, his heirs would be entitled to receive a lump sum payment equal to one-third of the base salary in effect at the time of his death and certain other accrued obligations. If Mr. Eissenstat's employment was terminated voluntarily or by the Company for Cause, then Mr. Eissenstat would receive payment in connection with certain accrued obligations.

Table of Contents**Non-Employee Director Compensation****General**

The Compensation Committee reviews annually the total compensation paid to our non-employee directors. The purpose of the review is to ensure the level of compensation is appropriate to attract and retain a diverse group of directors with the breadth of experience necessary to perform our Board's duties, and to fairly compensate our directors for their service. This review includes consideration of qualitative and quantitative factors. To ensure directors are compensated relative to the scope of their responsibilities, the Compensation Committee considers: (a) the time and effort involved in preparing for Board, committee and management meetings and the additional duties assumed by committee chairs; (b) the risks associated with fulfilling fiduciary duties; and (c) the compensation paid to directors at a peer group of companies as determined by the Compensation Committee's compensation consultant.

2012 NON-EMPLOYEE DIRECTOR COMPENSATION TABLE

Mr. Sanders did not have any outstanding restricted stock awards at December 31, 2012.

Directors who are also full-time employees receive no compensation for serving as directors. We reimburse all directors for reasonable out-of-pocket expenses they incur in connection with their services as directors in accordance with our general expense reimbursement policies. Non-employee directors may participate in our health and welfare benefit programs, including medical, dental, vision care, life insurance and disability insurance, which are available to all full-time employees.

2012 Retainers / Fees

Our 2012 cash compensation for non-employee directors consisted of an annual retainer in the amount of \$40,000 and the payment of \$1,500 for each regular Board meeting and \$750 for each special meeting attended or written consent provided. The chair of the Audit Committee was paid an annual retainer of \$18,750; the chairs of the Compensation Committee were paid their pro-rata portion of an annual retainer of \$10,000, based on time served during 2012 (\$5,000 to Mr. Sanders and \$5,000 to Mr. McCain); and the chair of the Nominating/Corporate Governance Committee was paid an annual retainer of \$7,500. Committee members other than the chairs of the committees were paid an annual retainer, adjusted where appropriate to reflect actual time served on the committee. In 2012, the annual retainer was \$7,500 for Audit Committee members and \$4,000 for members of the Compensation and Nominating/Corporate Governance Committees. In November 2011, the Board formed a Special Committee for the purpose of ensuring the interests of the Company and non-affiliate shareholders were protected in connection with the Acquisition under the Purchase and Sale Agreement, and that the Acquisition was fair to the Company and non-affiliate shareholders. Members of the Special Committee did not receive an

Table of Contents

annual retainer but received \$1,250 for each in person meeting and \$750 for each telephonic meeting attended. Members of any other committee receive \$1,250 for each regular meeting and \$750 for each special meeting attended or written consent provided.

Equity-Based Compensation

In addition to cash compensation, we have awarded and intend to continue to award restricted stock to each of our non-employee directors. Our practice has been to grant to each of our continuing non-employee directors shares of restricted stock annually, with such shares vesting three years after the date of grant. In November of 2011, each non-employee member of the Board received a restricted stock grant that included a May 25, 2015 vesting date. This grant was intended to transition the Board to receiving restricted stock grants at the Board meeting immediately following the Annual Meeting of Shareholders for a given year, commencing with the 2013 Annual Meeting of Shareholders. Accordingly, the non-employee members of the Board did not receive a restricted stock grant in 2012. The actual amount and timing of any future award may be impacted by the value of our stock at that time and other relevant factors. Through the grant of such equity-based compensation, we are able to tie a portion of our non-employee directors' compensation to the performance of our Common Stock.

In February 2008 the Board approved a Common Stock ownership requirement for non-employee directors. Each non-employee director is expected to own shares of our Common Stock with a market value equal to at least three times the base annual retainer. In addition, we currently have a policy which prohibits certain employees, including our executive officers and directors, from pledging our securities as collateral or from engaging in certain transactions which may hedge the value of our securities held by them.

Until the stock ownership guideline is achieved, each non-employee director is expected to retain 100% of the shares received as a result of restricted shares granted under our 2005 Long-Term Incentive Plan (the 2005 Plan). The stock ownership calculation is determined as of December 31 each year based upon the average closing price of the Common Stock for the year compared to the non-employee director's base annual retainer as of such date. Shares owned directly by, or held in trust for, the non-employee director or his or her immediate family members residing in the same household and unvested restricted shares are included in the calculation. The Compensation Committee reviewed the non-employee directors' stock ownership and determined as of December 31, 2012, each non-employee director was in compliance with the stock ownership guidelines.

Compensation Discussion and Analysis

Overview and Compensation Objectives

We are an independent crude oil and natural gas exploration and production company with properties in the North, South and East regions of the United States. Our primary business goal is to increase shareholder value by finding and developing crude oil and natural gas reserves at costs that provide an attractive rate of return on our investment. We operate in a highly competitive environment for acquiring properties, marketing crude oil and natural gas, and securing trained personnel.

We believe the loss of the services of our senior management or technical personnel could have a material adverse effect on our operations. Accordingly, we have designed our executive compensation program to attract, retain, and motivate experienced, talented individuals to achieve our primary business goal, using the business strategies discussed in greater detail in our Annual Report on Form 10-K.

The Compensation Committee of our Board is the body responsible for implementing our executive compensation programs and ensuring our compensation objectives are met. The Compensation Committee is currently comprised of Messrs. McCain, Grant and Schafer, each of whom is independent. The Compensation Committee's charter may be found in the Corporate Governance section of our website at www.clr.com. A printed copy of the charter will be made available to any shareholder who requests it from our Secretary.

Role of Compensation Committee

The Compensation Committee is responsible for implementing and administering all aspects of our benefit, compensation plans, and programs for our executive officers. The Compensation Committee annually reviews and determines the individual elements of total compensation of the named executive officers (NEOs) who appear in the compensation tables of this proxy statement as well as our other executive officers. The Compensation Committee viewed the 99% vote in favor of approving the compensation of the Company's named executive officers received at the 2011 Annual Meeting of Shareholders as a validation of the Company's approach to executive compensation and determined, subject to the modifications discussed below, it was appropriate to continue structuring the compensation of the Company's NEOs consistent with prior practices during 2012.

In 2012, the Compensation Committee modified its approach to the compensation process to include an evaluation of how the following elements of our compensation program compare to similar compensation awarded by the 2012 Survey Group (defined below), with the Compensation Committee considering how the indicated elements of our compensation compare to the percentiles indicated below:

Base pay generally 50th percentile of the 2012 Survey Group;

Cash bonus generally 50th percentile of the 2012 Survey Group; and

Long-term incentive equity awards between the 50th and 75th percentile of the 2012 Survey Group.

Table of Contents

Although the Compensation Committee's general approach is to award each element of compensation so that it aligns as closely as possible to the percentiles indicated above, the Compensation Committee always considers an individual executive officer's performance and any final award also reflects the Compensation Committee's discretion. The Compensation Committee believes that targeting total cash (base pay and cash bonus) at the 50th percentile results in competitive cash compensation while preserving considerable upside potential in connection with cash bonus awards should Company and individual executive performance merit a higher bonus. The Committee believes targeting long-term incentive equity awards between the 50th and 75th percentile helps align overall pay with shareholder interests, by putting greater weight on an element of compensation whose value directly reflects the performance of the Company.

In 2012, the Compensation Committee retained the services of an independent compensation consulting firm, Longnecker and Associates. Longnecker reports directly to the Compensation Committee. During 2012, the consulting firm provided an analysis of market compensation based upon its review of compensation paid by exploration and production companies similar to us in revenues, total assets, and market capitalization. During 2012, Longnecker provided no services other than the compensation study requested by the Compensation Committee, except for analysis of market compensation with respect to a limited number of positions on an ad hoc basis, resulting in fees less than \$120,000.

In 2012, the Company's management also retained the services of an independent consulting firm Mercer LLC (Mercer). Mercer reported to the Company's management. During 2012, Mercer was retained to assist the Company in designing a cash bonus plan applicable to certain employees, including the Company's executive officers, reflecting current market practices of providing an annual payment of cash bonuses, starting with bonuses for 2013, which we expect to pay in 2014. During 2012, Mercer provided no services other than assisting in the design of the cash bonus plan which resulted in fees of \$45,000.

The Compensation Committee has assessed the independence of Longnecker in accordance with standards set forth in rules promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act) and concluded no conflict of interest exists that would prevent Longnecker from independently representing the Compensation Committee. The Company's management has reviewed its relationship with Mercer in accordance with standards set forth in rules promulgated under the Exchange Act and concluded that no conflict of interest exists with respect to Mercer's engagement.

Since Mr. Hamm beneficially owns a substantial majority of our outstanding shares of Common Stock and is our Chief Executive Officer, he provides the Compensation Committee a substantial amount of input regarding the compensation of our executive officers. Initially, the Compensation Committee as well as our Chief Executive Officer and our President review the Longnecker report regarding the analysis of market compensation. Our Chief Executive Officer and our President are then responsible for making recommendations of compensation for individual executive officers of the Company, other than themselves. With respect to each of our Chief Executive Officer and our President, our President and our Chief Executive Officer, respectively and individually, make recommendations for the other's compensation amounts. In making recommendations for executive officer compensation, our Chief Executive Officer and our President primarily rely on the Longnecker report, but also take into account factors including, but not limited to, the following:

the overall performance of the Company;

such executive's contribution to the overall performance of the Company;

such executive's business responsibilities;

such executive's relative compensation to other executives;

such executive's current compensation arrangements; and

such executive's ability to enhance the ability of the Company to generate long-term shareholder value. Once our Chief Executive Officer and our President have made their compensation recommendations, the Compensation Committee reviews their recommendations and makes such changes as it feels appropriate, if any, to adequately meet our compensation objectives and approach on an individual basis, as discussed above. With respect to the recommendation of our President as to our Chief Executive Officer's compensation, such recommendation is reviewed by the Compensation Committee. Once this review has occurred, the Compensation Committee reviews and approves our Chief Executive Officer's compensation and recommends it for approval by the Board. During 2012, no further adjustments were made to our Chief Executive Officer's compensation after his compensation was set by the members of the Compensation Committee. The Board, other than Mr. Hamm, our Chief Executive Officer, unanimously affirmed the cash bonus award set by the Compensation Committee for our Chief Executive Officer for services rendered during 2012 and the compensation package set for our Chief Executive Officer for 2013.

Table of Contents*Implementing Our Compensation Approach and Objectives*

Determining Compensation. We rely upon our judgment in making compensation decisions, after considering the recommendations of our independent compensation consultant, Longnecker, reviewing the performance of the Company, and evaluating an NEO's contribution to that performance, including his business responsibilities, current compensation elements, and long-term potential to enhance shareholder value. Specific operational and financial factors affecting compensation decisions for our NEOs include production growth, reserve growth, safety performance, stock price performance, finding and development costs, production costs, earnings, cash flow, operating income, and return on equity. During 2012, we did not assign specific individual goals to our NEOs to be used by the Compensation Committee in the determination of compensation for such officers.

While we do not apply rigid formulas in determining the amount and mix of compensation elements, we consider the performance of the Company against the performance measures described in the preceding paragraph. Because our compensation programs are relatively simple, and we do not have complex equity plans or significant change in control or severance obligations, the Compensation Committee does not use tally sheets in analyzing the compensation of our NEOs, but does review each element of compensation as described in this proxy statement in evaluating and approving the total compensation of each of our NEOs. As described below, during 2012, we relied on the formulaic achievement of financial goals only when establishing the aggregate bonus pool from which bonuses may be paid to the NEOs, and even in this circumstance the Compensation Committee exercised its discretion to increase the size of the aggregate bonus pool. We consider competitive market compensation paid by other companies similar in size and operations to us, but historically we have not attempted to maintain a certain target percentile within that survey group or otherwise exclusively rely on such data to determine compensation for the NEOs. In 2012, the Compensation Committee utilized objectives for the various pay elements as discussed above. We do, however, maintain and incorporate flexibility into our compensation programs and in the assessment process to respond to and adjust for the evolving business environment. The total compensation of the Chief Executive Officer, which is significantly higher than our other NEOs, reflects his critical role in the founding and development of the Company as well as the future success of the Company.

Compensation Survey Group. As the Company continues to grow, the Compensation Committee and Longnecker frequently review our peer group to ensure we are using publicly traded exploration and production companies similar in size and operations to us. Our 2010 compensation survey group (the 2010 Survey Group) included Cabot Oil & Gas Corporation, Cimarex Energy Co., Concho Resources Inc., Denbury Resources Inc., Forest Oil Corporation, Newfield Exploration Company, Petrohawk Energy Corporation, Pioneer Natural Resources Company, Range Resources Corporation, Ultra Petroleum Corp., and Whiting Petroleum Corporation. In 2011, we included the same companies in our compensation survey group as were used in 2010 (the 2011 Survey Group). In 2012, our crude oil and natural gas revenues increased by 151% over 2010 and our market capitalization increased by 36% over 2010, which resulted in Longnecker recommending a new compensation peer group that more closely matches the Company's current status. The 2012 compensation survey group (the 2012 Survey Group) included Cabot Oil & Gas Corporation, Cimarex Energy Co., Concho Resources Inc., Denbury Resources Inc., Linn Energy, LLC, Newfield Exploration Company, Noble Energy, Inc., Pioneer Natural Resources Company, Plains Exploration & Production Company, Range Resources Corporation, SandRidge Energy, Inc., Southwestern Energy Company and Whiting Petroleum Corporation.

Elements of Compensation

The principal elements of our compensation program are a base salary, an annual cash bonus, and a long-term incentive award. All base salary adjustments, annual cash bonuses, and long-term incentive awards for NEOs have been determined on a discretionary basis and while not directly linked to specific corporate goals or objectives, the overall performance of the Company as well as individual performance were considered in determining pay. Each element of our compensation program impacts the awards made under the other elements of the program to the extent the Compensation Committee considers the awards made under each element in setting the value of the overall compensation package to be awarded to each NEO.

Base Salary. The objective of the base salary component is to attract and retain officers by paying a competitive wage commensurate with such officer's experience, skills, and responsibilities. Base salary is intended to provide each NEO a regular source of income and compensate him for performing the responsibilities associated with his position. Base salary also impacts annual cash bonus awards and long-term incentive awards in that the target size of these awards is expressed as a percentage of base salary. Mr. Hamm's base salary was \$890,000 as of December 2011. As of December 2012, Mr. Hamm's base salary was increased to \$934,500. Our compensation consulting firm reported the 50th and 75th percentile amounts for base salaries for the comparable position in the 2012 Survey Group were \$837,581 and \$1,007,245, respectively. In setting Mr. Hamm's base salary above the 50th percentile, the

Compensation Committee took the following factors into consideration, the Company's strong production and reserve growth, the continued expansion of the Company's drilling inventory, the additions to the Company's executive team and the successful relocation of the Company to Oklahoma City.

With respect to our other NEOs, Mr. Hamm recommends their base salaries to the Compensation Committee for approval. In establishing the base salaries for the other NEOs, Mr. Hamm and the Compensation Committee consider the compensation paid to named executive officers occupying comparable positions within the survey groups.

During 2012, the aggregate salaries for our NEOs, excluding Mr. Hamm, increased 7.7% in order to satisfy our objective of paying salaries at competitive levels. Our compensation consulting firm reported the 50th percentile amounts for base salaries for the second highest paid named executive officer through the fifth highest paid named executive officer in the 2012 Survey Group ranged to \$507,560 from \$369,200. This compares to a base salary range of \$548,100 to \$380,000 paid to our second through fifth highest paid NEO. As of December 2012, the base salaries of Messrs. Bott, Stark, Hart, and Muncrief were \$548,100, \$384,400, \$380,000, and \$380,000, respectively (collectively, with Mr. Hamm's increase to \$934,500, the December 2012 Salary Levels). In setting the base salary of our NEOs, excluding Mr. Hamm, above the 50th percentile, the Compensation Committee took the following factors into consideration, the Company's strong production and reserve growth, the continued expansion of the Company's drilling inventory, improved drilling and operating efficiencies and the Company's successful capital markets activities during 2012.

In the future, we expect the base salaries of the NEOs will be reviewed on an annual basis and adjusted as necessary to remain competitive. We expect future base salary adjustments for such officers will be comparable to future adjustments made to base salaries of named executive officers occupying comparable positions within our compensation survey group.

Annual Cash Bonus. Our NEOs may earn annual cash bonuses as a reward for their individual contribution to the achievement of annual financial and operating results as determined by the Compensation Committee. The individual cash bonuses paid to the NEOs for 2012 and prior years have been determined on a discretionary basis. Annual cash bonus differences between NEOs are based on the Compensation Committee's subjective evaluation of the relative individual contribution to the achievement of our annual financial and operating results as well as the performance of that individual's department of the Company (i.e. drilling, exploration, financial, resource development). In making its evaluation, the Compensation Committee places significant weight on input provided by our Chief Executive Officer and our President.

Annual cash bonuses to all of our executive officers, including the NEOs, are paid from an initial bonus pool that is equal to 0.375% of adjusted net income. If the conditions described below are met, the annual aggregate initial bonus pool for executive officers will be equal to 0.375% of earnings before interest expense, depreciation, depletion, amortization and accretion, property impairments, unrealized derivative gains or losses, and non-cash compensation expense (EBIDA), which results in a larger cash pool from which bonuses may be paid. The Compensation Committee has discretion to pay bonuses to our executive officers equal to any portion or none of the total available funds in the pool. In addition, the Compensation Committee may elect to award annual cash bonuses to NEOs in an aggregate amount that exceeds the amount calculated from adjusted net income or EBIDA. We consider EBIDA to be a strong indicator of operating performance. The conditions that must be satisfied for the bonus pool to be established based on EBIDA rather than adjusted net income are:

an increase in equivalent production for the current year compared to the prior year, and

proved reserve additions from drilling activities of at least 120% of production.

During 2012, both conditions were satisfied as production increased 58% over the 2011 level and reserve additions from drilling activities were 654% of production. For the 2012 performance year, the Compensation Committee reviewed our production growth, reserve growth, and total shareholder return (the Considered Items) over one and three year periods ending December 31, 2011 compared to bonus payouts by the 2012 Survey Group over the same periods. In its review of the Considered Items, the Compensation Committee noted that over the one and three year periods considered, the Company s performance with respect to the Considered Items relative to the 2012 Survey Group was above the 75th percentile, while the Company s bonus payouts to its executive officers were between the 25th and 50th percentile for the year ended December 31, 2011 and below the 25th percentile for the three year period ended December 31, 2011. The Compensation Committee also reviewed the Company s performance with respect to the Considered Items for the year ended December 31, 2012 and the estimate provided by Mercer of the 2012 Survey Group s performance with respect to the Considered Items which indicated that in 2012 the Company would again deliver performance above the 75th percentile with respect to the Considered Items. Based on the Company outperforming the 2012 Survey Group with respect to the Considered

Items and the positive factors discussed above under Base Salary and the Company making bonus payouts below the median of the amounts paid by the 2012 Survey Group during the periods examined, the Committee used their discretion to increase the initial pool amount from 0.375% of EBIDA to 0.51% of EBIDA.

The bonus amount for each NEO is determined at the discretion of the Compensation Committee. Based upon a market analysis of annual cash bonuses paid by the 2012 Survey Group, our compensation consulting firm recommended annual bonus targets, as a percent of December 2012 Salary Levels of 100%, 95%, 80%, 70%, and 70% for Messrs. Hamm, Bott, Hart, Muncrief and Stark, respectively. The annual bonuses for 2012 awarded, as a percent of December 2012 Salary Levels, were 214% for Mr. Hamm, 146% for Mr. Bott and 158%, 158% and 156% for Messrs. Hart, Muncrief and Stark, respectively. Longnecker reported the 50th percentile amount for bonus targets as a percent of base salary for positions comparable to Mr. Hamm's in the 2012 Survey Group was 100%. Longnecker also reported that the 50th percentile amounts of bonus targets as a percent of base salary for the second highest paid named executive officer through the fifth highest paid named executive officer in the 2012 Survey Group ranged to 90% from 75%. In setting our NEO's bonus targets as a percent of December 2012 Salary Levels above the 50th percentile, the Compensation Committee considered the same items as described above in connection with the discussion of the Compensation Committee's decision to increase the pool amount to 0.51% of EBIDA.

On February 22, 2013, the Compensation Committee approved a cash bonus plan that will apply to certain employees of the Company, including the Company's executive officers (the CLR Bonus Plan). The CLR Bonus Plan is designed to reward the Company's employees and executive officers for achieving annual performance and strategic goals. The CLR Bonus Plan provides for the annual payment of cash bonuses, starting with bonuses for 2013, which we expect to pay in 2014.

Under the CLR Bonus Plan, the bonus pool will be initially set based on the aggregate target bonus amount of all employees participating in the CLR Bonus Plan. The size of the bonus pool will be initially set within a range based on the following factors: production growth (weighted at 40%); reserve growth (weighted at 35%); and adjusted earnings per share (weighted at 25%). The Compensation Committee has complete discretion to increase, decrease or leave the size of the pool unchanged. In making the determination whether to adjust the size of the pool, the Compensation Committee will consider such matters as it deems relevant, including the Company's performance against key strategic and other initiatives identified by the Compensation Committee in areas such as health, safety and environmental, production costs and cycle times, maintenance of financial and other ratios, budget compliance and business process improvements.

Annual cash bonuses for the NEOs are determined after completion of the year-end audited financial statements and reserve report. We have not adopted a policy regarding the adjustment or recovery of previously paid annual cash bonuses in the event our adjusted net income or EBIDA, as applicable, are restated or otherwise adjusted in a manner that would have the effect of reducing the size of the aggregate annual cash bonus pool.

Long-Term Incentive Awards. The objective of our long-term incentive awards is to retain and motivate our executives over the long-term. In October 2012, we granted 199,344 shares of restricted common stock to NEOs which vest in 2016. The October 2012 grant was intended to transition the NEOs to receiving restricted stock grants in February of each year, expected to begin in February 2014. The Compensation Committee believes moving to a February review and grant will allow for a full evaluation of prior year performance in connection with determining long-term incentive awards. The grants made in 2012 are more fully described below under Grants of Plan Based Awards.

The long-term incentive award for each NEO is determined at the discretion of the Compensation Committee using the approach described above under Role of Compensation Committee. Differences in long-term incentive awards are based on the Compensation Committee's subjective evaluation of the expected relative individual contribution to the achievement of our long-term financial and operating results. The value of unvested equity awards held by an individual was considered in the determination of the 2012 restricted stock awards and we expect the value of unvested equity awards will be a factor in future awards.

Based upon a market analysis of annual long-term incentive awards granted by the 2012 Survey Group, Longnecker recommended the Company award each of the NEOs long-term incentive compensation having a value between the 50th and 75th percentile of the amount of long-term incentive compensation awarded to those occupying comparable positions within the 2012 Survey Group for an annual period. The table below sets forth for each NEO: (i) the amount of the award recommended by Longnecker as a percentage of December 2012 salary levels at the 50th and 75th percentile for an annual period; (ii) the amount of the actual 2012 long-term incentive award expressed as a percentage of December 2012 Salary Levels; and (iii) the amount of the actual 2012 long-term incentive award,

expressed as a percentage of December 2012 Salary Levels, adjusted to show the amount of the award expressed as percentage of December 2012 Salary Levels for an annual period. The adjusted amount is shown due to the fact the actual awards were adjusted to reflect a transition to a February grant cycle and thus are intended to compensate the applicable NEO for a period longer than a year.

Historically, the awards granted to NEOs have been in the form of stock options and restricted stock designed to motivate the officers to increase the value of our Common Stock. The vesting provisions of the awards encourage our officers to remain in our employ in order to realize these forms of compensation. However, our current equity programs consist of restricted stock awards, which we believe are stronger motivational tools for employees. Restricted shares provide some value to an employee during periods of stock market volatility, while stock options may have limited perceived value and may do little to retain and motivate employees when the current value of our stock is less than the option price.

The Compensation Committee awarded Mr. Bott 91,500 shares of restricted stock in connection with his decision to join the Company, in recognition of the significant contributions that Mr. Bott was expected to make to the Company's growth in his role as President and Chief Operating Officer. Mr. Muncrief was awarded 7,500 shares of restricted stock by the Compensation Committee in order to bring the number of restricted shares granted to Mr. Muncrief into parity with other awards made to executive officers.

Although our 2005 Plan allows for various equity instruments, we currently intend to make future grants primarily in the form of restricted stock. If the 2013 Plan is approved by shareholders, future grants will be made pursuant to the terms of that plan instead of the 2005 Plan. For a description of the 2013 Plan, please see Proposal 2: Approval of the Company's 2013 Long-Term Incentive Plan below.

We currently have a policy which prohibits certain employees, including our executive officers and directors, from pledging our securities as collateral or from engaging in certain transactions which may hedge the value of our securities held by them.

In February 2008, the Compensation Committee adopted a Common Stock ownership requirement for the Chief Executive Officer, President, Chief Financial Officer, and the Senior Vice Presidents. Each such officer is expected to own shares of our Common Stock at least equal to a specified multiple of such officer's base salary. This policy was subsequently amended to impose these ownership requirements on the Chief Operating Officer as well. The base

salary multiples are five times for the Chief Executive Officer, Chief Operating Officer and President and three times for the other officers.

Until the stock ownership guideline is achieved, each such officer is expected to retain 100% of the net shares received as a result of restricted shares granted under our 2005 Plan and 2013 Plan, if approved by shareholders. Net shares are the number of shares that remain after shares are sold or withheld to pay withholding taxes. The calculation is determined December 31 each year based upon the average closing price of the Common Stock for the year compared to the officer's base salary as of such date. Shares owned directly by, or held in trust for, the officer or his or her immediate family members residing in the same household and unvested restricted shares are included in the calculation.

The Compensation Committee will review the compliance of each executive officer with the stock ownership guidelines each year and reduce or eliminate future restricted stock grants under the 2005 Plan and 2013 Plan, if approved by shareholders, for any executive officer not in compliance with the stock ownership guidelines. The Compensation Committee reviewed the NEOs' stock ownership for 2012 and determined each NEO was in compliance with the guidelines.

The restricted stock awards provide for immediate vesting upon a change of control, as defined by the 2005 Plan. Awards made under the 2013 Plan will also immediately vest on a change of control, as defined in the 2013 Plan. We would likely need the assistance of several key employees to successfully conclude a transaction that would result in a change in control. We believe immediately vesting the awards may serve to reduce concerns, other than continued employment, such employees may have with respect to any potential change in control transaction and may motivate them to complete the transaction.

Our 2005 Plan allows for the award of performance units and bonuses that vest upon achievement of performance targets. The performance targets are based upon operational, financial, and stock performance criteria, such as reserve additions, finding and development costs, production volume and costs, earnings, cash flow, operating income, return on equity, stock price appreciation, and relative stock price performance. We have not awarded performance units or bonuses under the 2005 Plan and have not determined if we will do so in the future, if the 2013 Plan is not approved by shareholders. If the 2013 Plan is approved by shareholders, we will not make any additional awards under the 2005 Plan.

For a description of the types of awards that may be made under the 2013 Plan, if approved by shareholders, please see Proposal 2: Approval of the Company's 2013 Long-Term Incentive Plan below.

Other. Our other compensation is designed to attract and retain employees by enhancing our overall compensation package. We provide automobiles to certain of the NEOs and certain other employees for business and personal use. The personal use is valued according to IRS guidelines and reported as taxable income to the individuals. We value vehicle usage for disclosure in our proxy statement based upon the aggregate incremental cost to us adjusted to reflect each individual's personal use of the vehicle.

In 2012, we allowed Mr. Hamm and Mr. Bott to use the corporate aircraft for personal trips. The value of such trips is calculated according to IRS guidelines and reported as taxable income to them. Aircraft usage is valued for disclosure in our proxy statement based on the aggregate incremental cost to us.

We have a defined contribution retirement plan (401K) covering all our full-time employees, including the NEOs. Our contributions to the plan are discretionary and based on a percentage of eligible compensation. Our contribution to the plan for each eligible employee during 2011 was a maximum of 6% of the covered employee's eligible compensation, depending on the employee's level of contribution into the employee's account. As of January 1, 2012, the contribution level was amended up to a maximum of 7% of the covered employee's eligible compensation depending on the employee's level of contribution into the employee's account.

All full-time employees, including the NEOs, may participate in our health and welfare benefit programs, including medical, dental, vision care, life insurance and disability insurance. We provide all full-time employees, including the NEOs, with life insurance coverage of the lesser of two times base salary or \$500,000 and allow them to purchase incremental amounts above this. We do not sponsor any qualified or non-qualified defined benefit plans.

In connection with the relocation of the Company's headquarters from Enid, Oklahoma to Oklahoma City, Oklahoma, the Company offered a relocation package (the Relocation Package) containing the features described below to approximately 79% of the employees, including the NEOs, other than Mr. Bott. The Company is implementing the Relocation Package through a contract with Weichert Relocation Resources, Inc. (Weichert). Under the terms of the Relocation Package, employees are entitled to: (i) receive a payment equal to four weeks' salary to assist in defraying miscellaneous relocation costs; (ii) elect to have their home purchased by Weichert based on an appraised value, if

certain conditions are satisfied; (iii) receive incentive payments if they are able to sell their homes under certain conditions; and (iv) receive reimbursement for a portion of their loss if their home sells for less than its appraised value or the actual price paid by the employee for the home (using whichever measure would result in a larger reimbursement). Other benefits available in the Relocation Package include packing and transportation of household goods, reimbursement of duplicate housing costs and closing costs in connection with an employee's home sale and purchase transactions. Under the terms of its agreement with Weichert, the Company reimburses Weichert to the extent it incurs costs in connection with providing any of the benefits described above.

Impact of Accounting and Tax Treatment

We believe it is important to have flexibility in designing the compensation program in a manner to achieve the objectives described above under Compensation Objectives. Therefore, while we consider the accounting and tax treatment of certain forms of compensation in the design of our compensation program, the accounting and tax treatment is not a determinative factor.

Table of Contents

Under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), a publicly-held company can deduct for federal tax purposes no more than \$1 million of annual compensation paid to its principal executive officer and each of its three other most highly-paid officers other than the principal financial officer. The Section 162(m) restriction applies to salary, bonuses, and other compensation not directly tied to performance. Our compensation program has not met the requirements for tax deductibility of annual compensation in excess of \$1 million because the relevant compensation is not payable solely on account of the attainment of one or more performance goals. However, the 2013 Plan has been drafted to satisfy the requirements for the performance-based compensation exception, although the Company may determine that it is in its best interests not to satisfy the requirements for the exception.

Insider Trading Policy

Our insider trading policy provides that executive officers and directors may not purchase or sell puts or calls to sell or buy our stock, engage in short sales with respect to our stock or buy our securities on margin or pledge our securities as collateral for a loan. The purchase or sale of stock by our officers and directors may only be made during a window of time described in our policy and after approval by our General Counsel.

Defined Contribution Plan

We offer a tax qualified defined contribution 401K plan to all of our employees, including our executive officers, to provide a benefit payable to an employee or his or her heirs upon retirement, total disability, or death. Under the terms of the plan and subject to limitations of federal law, our employees can elect to defer a portion of their compensation and direct such deferrals to the investments offered under the plan, generally consisting of mutual funds in various asset classes. Subject to the terms of the plan, we make discretionary cash contributions to the plan on behalf of the participant employees. Our contribution to the plan for each eligible employee during 2011 was a maximum of 6% of the covered employee's eligible compensation, depending on the employee's level of contribution into the employee's account. As of January 1, 2012, the contribution level was amended up to a maximum of 7% of the covered employee's eligible compensation depending on the employee's level of contribution into the employee's account. Participants are immediately vested in their deferred contributions, but our contributions are subject to certain vesting requirements. Executive officers participate in the plan on the same basis as all other employees. Our 2012 contributions to the plan for the account of the NEOs are included in the Summary Compensation Table above.

Health and Welfare Benefit Programs

All full-time employees and directors, including our executive officers, may participate in our health and welfare benefit programs, including medical, dental and vision care insurance and disability insurance. We provide all full-time employees, including our executive officers, with life insurance coverage of the lesser of two times base salary or \$500,000 and allow them to purchase incremental amounts above this base amount.

Payments in the Event of a Change in Control or Termination

Vesting of Restricted Stock on Change in Control. All of our employees and directors unvested shares of restricted stock will vest if a change in control occurs as defined in the agreements relevant to their situation. Our employees and directors, other than Mr. Eissenstat (who has an employment agreement described above and is subject to both the change in control provision of the employment agreement and the terms set forth below to the extent consistent with the employment agreement), are subject to the following definition of change in control:

Except as noted in the immediately following sentence, a change in control means:

any transaction in which shares of voting securities of the Company representing more than 50% of the total combined voting power of all outstanding voting securities of the Company are issued by the Company, or sold or transferred by the

shareholders of the Company as a result of which those persons and entities who beneficially owned voting securities of the Company representing more than 50% of the total combined voting power of all outstanding voting securities of the Company immediately prior to such transaction cease to beneficially own voting securities of the Company representing more than 50% of the total combined voting power of all outstanding voting securities of the Company immediately after such transaction;

the merger or consolidation of the Company with or into another entity as a result of which those persons and entities who beneficially owned voting securities of the Company representing more than 50% of the total combined voting power of all outstanding voting securities of the Company immediately prior to such merger or consolidation cease to beneficially own voting securities of the Company representing more than 50% of the total combined voting power of all outstanding voting securities of the surviving corporation or resulting entity immediately after such merger or consolidation; or

the sale of all or substantially all of the Company's assets to an entity of which those persons and entities who beneficially owned voting securities of the Company representing more than 50% of the total combined voting power of all outstanding voting securities of the Company immediately prior to such asset sale do not beneficially own voting securities of the purchasing entity representing more than 50% of the total combined voting power of all outstanding voting securities of the purchasing entity immediately after such asset sale.

With respect to awards made after the date of the First Amendment (as defined below), any transfers to Excluded 2005 Plan Persons (as defined below) are not considered change of control events. The 2005 Plan was amended by the Board on February 24, 2010 (referred to herein as the First Amendment) to clarify that with respect to awards made after the date of the First Amendment, certain transfers to Mr. Hamm, certain members of his family, his guardian, legal representative or estate, any trust of which Mr. Hamm is the trustee or of which the persons described above are the principal beneficiaries, any person or entity controlled by one or more of the persons or entities described above, or any group including one or more of the persons or entities described above, provided that such persons or entities control more than 50% of the voting power of such group (collectively, the foregoing are referred to herein as

Excluded 2005 Plan Persons), shall not be deemed a change of control event for purposes of such awards made after the date of the First Amendment.

Listed in the following table is the value of unvested shares of restricted stock held by our NEOs, as of December 31, 2012, which would fully vest and be immediately available in the event of a change in control. The table assumes a change in control occurred on December 31, 2012 and the per-share value is \$73.49, the closing price of our Common Stock as of December 31, 2012.

Indemnification Agreements

All of our officers, including the NEOs, and directors have entered into customary indemnification agreements with us, pursuant to which we have agreed to indemnify our officers and directors to the fullest extent permitted by law.

Risk Assessment Related to our Compensation Structure

We believe our executive compensation program is appropriately structured and not reasonably likely to result in risks that could have a material adverse effect on us. We believe our approach of subjectively evaluating performance results of each executive assists in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. Several features of our programs reflect sound risk management practices. We believe we have allocated our compensation among base salary and short and long-term compensation opportunities in such a way as to not encourage excessive risk-taking. Further, one of the primary factors we take into

Table of Contents

consideration in setting compensation is the performance of the Company as a whole. This is based on our belief that applying Company-wide metrics encourages decision-making that is in the best long-term interests of the Company and our shareholders as a whole. Finally, the time-based vesting over a multi-year period for our long-term incentive awards ensures our employees' interests align with those of our shareholders for the long-term performance of our Company.

Compensation Committee Report

In accordance with its written charter adopted by the Board, the Compensation Committee of the Board is responsible for determining awards to employees of stock or other equity compensation and reviewing and approving the individual elements of the total compensation of the Chief Executive Officer, the other NEOs and other senior executive officers. The Compensation Committee is also obligated to communicate to shareholders information regarding the factors and criteria on which the Chief Executive Officer's compensation was based, including the relationship of the Company's performance to the Chief Executive Officer's compensation, and the specific relationship of corporate performance to executive compensation overall.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis (CD&A) above with management. Based on this review and discussion, the Compensation Committee recommended to the Board that this CD&A be included in this proxy statement.

The preceding report is presented by the members of the Compensation Committee.

Section 16(a) Beneficial Ownership

Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and persons who beneficially own more than 10% of our Common Stock to file reports of ownership and changes in ownership of our Common Stock with the SEC. We are required to disclose delinquent filings of reports by such persons during the year ended December 31, 2012.

Based on a review of the copies of such reports and amendments thereto received by us, or written representations that no filings were required, we believe that during the year ended December 31, 2012, all Section 16(a) filing requirements applicable to our executive officers, directors and 10% shareholders were met, except for reports which were not timely filed by Mr. Bayardo and Mr. Owen in connection with shares surrendered in satisfaction of the tax withholding resulting from a November 15, 2012 vesting of restricted stock applicable to each officer.

Proposal 2:

Approval of the Company's 2013

Long-Term Incentive Plan

General

At the Annual Meeting, the shareholders will be asked to approve the Company's 2013 Long-Term Incentive Plan (the 2013 Plan). If approved, the 2013 Plan will be effective as of May 23, 2013. The Company believes implementing the 2013 Plan is advisable (i) in order to ensure the Company has an adequate number of shares available in connection with its compensation programs and (ii) to expand the types of awards available for grant in connection with the Company's long-term incentive program. Shareholders are being asked to approve the 2013 Plan since Section 312.03(a) of the NYSE Listed Company Manual requires shareholder approval of equity compensation plans such as the 2013 Plan.

The Board recommends the shareholders vote FOR the approval of the 2013 Plan.

The use of stock-based awards under the 2013 Plan is expected to be a key element of the Company's compensation program moving forward. The 2013 Plan will replace our 2005 Plan as the vehicle used to make long-term incentive awards. In October 2005 and as amended as of April 2006, the Board and shareholders adopted and approved the 2005 Plan. As of March 27, 2013, of the 5,500,000 shares of Common Stock authorized for issuance under the 2005 Plan, a total of 3,630,198 shares had been issued and were outstanding or delivered as restricted stock awards. If approved, the total number of shares of Common Stock initially available for issuance under the 2013 Plan will be 9,340,036,

which includes (i) 7,500,000 new shares under the 2013 Plan, and (ii) 1,840,036 shares that remain available for issuance under the 2005 Plan as of March 27, 2013 that will be transferred from the 2005 Plan to the 2013 Plan (the number of shares initially available for issuance under the 2013 Plan is referred to herein as the 2013 Reserved Shares). In addition, shares subject to existing awards that are outstanding under the 2005 Plan, up to a maximum amount of 500,000 shares, will be available for issuance under the 2013 Plan to the extent such shares are forfeited or terminated or withheld in full or partial payment of the tax withholding applicable to an award under the 2005 Plan (referred to herein as the 2005 Plan Forfeitable Shares). Together the 2013 Reserved Shares and the 2005 Plan Forfeitable Shares total 9,840,036 shares, which represent the maximum number of shares that may be issued under the 2013 Plan (referred to herein as the 2013 Plan Maximum Number of Shares). The closing market price of our Common Stock as of March 27, 2013, was \$87.56 per share, as reported on the NYSE.

The 2013 Plan is a broad-based plan under which the Company may grant awards to all employees, including officers of the Company and its subsidiaries and to non-employee members of the Board and consultants. The Company believes approval of the 2013 Plan will give it the flexibility to continue to make stock-based grants and other awards permitted under the 2013 Plan over the next six years in amounts determined appropriate by the Compensation Committee, which is expected to administer the 2013 Plan (as discussed more fully below). While the Company currently expects the 2013 Plan Maximum Number of Shares will provide an adequate number of

Table of Contents

shares in connection with the Company's compensation programs for the next six years, this timeline is an estimate used by the Company in determining to ask shareholders to approve the issuance of 7,500,000 new shares under the 2013 Plan, as future circumstances may require the Company to change its expected equity grant practices. These circumstances may include, but are not limited to, the future price of our shares, award levels/amounts and hiring activity during the next few years.

The 2013 Plan will allow the Company to use, if desired, a variety of equity compensation alternatives in structuring compensation arrangements for the Company's personnel. While the Company is aware of the potential dilutive effect of compensatory equity awards, it also recognizes the significant motivational and performance benefits that may be achieved from making such awards. The 2013 Plan will not be implemented unless approved by shareholders. If the 2013 Plan is not approved by the Company's shareholders, the 2005 Plan will remain in effect in its present form, and we will continue to grant awards thereunder until our share reserve under the 2005 Plan is exhausted, which we would expect to occur in 2015, based on current expected equity grant practices (noting again that the 2005 Plan share reserve could last for a longer or shorter period of time, depending on our future equity grant practices, which we cannot predict with certainty). However, no awards can be made under the 2005 Plan after October 2, 2015.

As of March 27, 2013, the total number of shares of the Company's outstanding Common Stock was 185,632,612. The Company's current dilution (which is the number of shares available for grant under the 2005 Plan, divided by the total number of shares of the Company's Common Stock outstanding) is approximately 0.99%. If the 2013 Plan is approved, the potential dilution from issuances authorized under the 2013 Plan will increase to approximately 5.3%.

In addition, although we have not adopted a policy that all compensation paid to our executive officers must be tax-deductible and we expect we may continue to pay compensation to our executives that is not fully tax-deductible, the 2013 Plan is also intended to allow us to provide performance-based compensation that will be tax-deductible by us without regard to the limits of Section 162(m) of the Code. As a result, we are asking our shareholders as part of this proposal to approve the list of performance criteria that may be used for purposes of granting awards intended to qualify as performance-based compensation under the Code, in the event we choose to seek to structure compensation in a manner that will satisfy the performance-based compensation exception to Section 162(m). For additional information relating to Section 162(m), please refer to the discussion under the heading "Performance Awards and Annual Incentive Awards" in the summary of the terms of the 2013 Plan below.

The following is a summary of the material features of the 2013 Plan. The table and summary description appearing below are not a complete description of all provisions of the 2013 Plan and each are qualified in their entirety by reference to the complete text of the 2013 Plan, which is attached to this proxy statement as Appendix A and is incorporated by reference in this proposal. We intend to file with the SEC a Registration Statement on Form S-8 covering the shares of the Company's Common Stock issuable under the 2013 Plan, if approved by shareholders.

Description of the 2013 Plan

The purpose of the 2013 Plan is to provide a means to enhance the profitable growth of the Company and its subsidiaries by attracting and retaining employees and consultants of the Company and its subsidiaries and non-employee members of the Board through affording such individuals a means to acquire and maintain stock ownership or Awards, the value of which is tied to the performance of our Common Stock. The 2013 Plan also provides additional incentives and reward opportunities designed to strengthen such individuals' concern for the welfare of the Company and their desire to remain in its employ. The 2013 Plan seeks to achieve this purpose by permitting grants of (i) incentive stock options (Incentive Options), (ii) options that do not constitute incentive stock options (Nonstatutory Options, and together with Incentive Options, Options), (iii) stock appreciation rights (SARs), (iv) restricted stock awards (Restricted Stock Awards), (v) bonus stock awards (Bonus Stock Awards), (vi) restricted stock units (Restricted Stock Units), (vii) dividend equivalents (Dividend Equivalents), (viii) performance awards (Performance Awards), (ix) annual incentive awards (Annual Incentive Awards), (x) other stock-based or cash awards (Other Bonus Awards), or (xi) any combination of such awards (collectively, the foregoing are referred to as Awards).

See - Securities To Be Offered. If approved by shareholders, the 2013 Plan will be effective until May 22, 2023.

The 2013 Plan, in part, is intended to qualify under the provisions of Section 422 of the Code. The 2013 Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Administration of the 2013 Plan

If the 2013 Plan is approved, the Board will appoint the Compensation Committee to administer the 2013 Plan pursuant to its terms and all applicable state, federal, or other rules or laws, except in the event the Board chooses to take action under the 2013 Plan. Unless otherwise limited by the 2013 Plan, the Compensation Committee has broad discretion to administer the 2013 Plan, interpret its provisions, and adopt policies for implementing the 2013 Plan. This discretion includes the power to determine when and to whom Awards will be granted, determine the amount of such Awards (measured in cash, shares of Common Stock or as otherwise

Table of Contents

designated), prescribe and interpret the terms of each Award agreement (the terms of which may vary), delegate duties under the 2013 Plan, terminate, modify or amend the 2013 Plan (except for certain amendments which require shareholder approval under the 2013 Plan as described below), and execute all other responsibilities permitted or required under the 2013 Plan.

Persons Who May Participate in the 2013 Plan

Individuals who provide services to the Company or its subsidiaries, including non-employee directors of and consultants for the Company (each such person is referred to herein as an Eligible Person), and who are designated by the Compensation Committee to receive an Award under the 2013 Plan will be a Participant. An employee on leave of absence may be considered still employed by the Company or a subsidiary for purposes of determining eligibility for participation under the 2013 Plan. Any individual granted an Award which remains outstanding under the 2013 Plan, including an individual who is no longer an Eligible Person, will continue to be a Participant for purposes of the 2013 Plan. The Company currently has six non-employee directors, 13 officers (including nine executive officers) and approximately 750 other employees who are eligible to participate in the 2013 Plan.

Maximum Number of Shares Subject to Award

Awards made pursuant to the terms of the 2013 Plan will be subject to any limitations imposed by the Compensation Committee. No Award may be granted if the number of shares of Common Stock to be delivered in connection with the Award exceeds the number of shares which remain available under the 2013 Plan minus the number of shares issuable in settlement of or relating to outstanding Awards under the 2013 Plan. Additionally, in each calendar year, during any part of which the 2013 Plan is in effect, an employee eligible to participate in the 2013 Plan may not be granted: (i) Awards of Options and/or SARs relating to more than 250,000 shares of Common Stock, subject to adjustment in a manner consistent with the other provisions of the 2013 Plan; (ii) Restricted Stock Awards, Restricted Stock Units and/or Performance Awards of more than 250,000 shares of Common Stock, subject to adjustment in a manner consistent with the other provisions of the 2013 Plan; and (iii) Annual Incentive Awards having a value determined on the date of grant in excess of \$10,000,000.

Securities to be Offered

Shares Subject to the 2013 Plan. If shareholders approve this proposal, the maximum aggregate number of shares of Common Stock that may be granted for any and all Awards under the 2013 Plan shall not exceed 2013 Plan Maximum Number of Shares (subject to any adjustment permitted under the 2013 Plan due to recapitalization, reorganization or similar event), and the total number of shares of Common Stock received and available for delivery in connection with Incentive Options under the 2013 Plan will not exceed 7,500,000 shares.

Shares of Common Stock subject to an Award under the 2013 Plan that expires or is canceled, forfeited, surrendered, exchanged, settled in cash or otherwise terminated, including (i) shares forfeited with respect to Restricted Stock Awards and (ii) shares withheld by, or otherwise remitted to, the Company to satisfy a Participant's tax withholding obligations associated with any Award, will again be available for Awards under the 2013 Plan, except that the following shares will not again be available for Awards: (A) shares withheld, or otherwise tendered by Participants, as full or partial payment for the exercise of Options; and (B) shares reserved for issuance upon the grant of SARs to the

extent the number of reserved shares exceeds the number of shares actually issued upon exercise of the SARs. The Common Stock subject to Awards pursuant to the 2013 Plan may be authorized but unissued shares, shares held by the Company in treasury, or shares reacquired by the Company, including shares that have been bought on the open market. The fair market value of the Common Stock on a given date will be the closing price of a share of Common Stock as reported by the NYSE on the day for which fair market value is to be determined, or if there was no sale of Common Stock on that day, the most recent date on which shares of Common Stock were sold preceding the date with respect to which the fair market value determination is made. There are no fees, commissions or other charges applicable to a purchase of Common Stock under the 2013 Plan.

Stock Options. The Company may grant Nonstatutory Options to Eligible Persons and Incentive Options, which comply with Section 422 of the Code, only to employees of the Company and its subsidiaries. Except as set forth below, the exercise price of each Option granted under the 2013 Plan will be stated in the Option agreement, may vary between individuals and between grants and will be at least equal to the fair market value of the Common Stock on the date of grant. With respect to a grant of an Incentive Option that

complies with Section 422 of the Code, the Eligible Person must be an employee of the Company or one of its corporate subsidiaries and may not own stock possessing more than 10% of the total combined voting power or value of all classes of stock of the Company or a subsidiary unless, at the time the Incentive Option is granted, the exercise price of the Incentive Option is at least 110% of the fair market value of the Common Stock underlying the Incentive Option and such option is not exercisable more than five years from the date of grant. Any Incentive Option that fails to comply with Section 422 of the Code for any reason will result in the reclassification of the Option as a Nonstatutory Option, which will be exercisable as such. The Compensation Committee will determine, among other things, the methods and form of payment for the exercise price of an Option (including, in the discretion of the Compensation Committee, cash, payment in Common Stock, by net issue exercise or any combination of the foregoing), the times at which an Option may be exercised and the expiration of an Option Award. The maximum term of any Option will be ten years.

SARs. SARs may be granted to any Eligible Person. An SAR is the right to receive an amount equal to the excess of the fair market value of one share of Common Stock on the date of exercise over the grant price of the SAR, as determined by the Compensation Committee, which shall not be less than the fair market value of the Common Stock on the date of grant. SARs may be awarded in connection with or separate from an Option. An SAR granted in connection with an Incentive Option will be subject to terms similar to those applicable to Incentive Options described above. SARs awarded in connection with an Option will require the holder, upon exercise, to surrender the related Option or portion thereof relating to the number of shares for which the SAR is exercised. The surrendered Option or portion thereof will then cease to be exercisable. The term of an SAR will be for a period determined by the Compensation Committee, but will not exceed ten years. SARs may be paid in cash, Common Stock or a combination of cash and Common Stock, as provided in the Award agreement governing the SAR.

Restricted Stock and Bonus Stock Awards. Restricted Stock and Bonus Stock Awards may be granted to any Eligible Person. A Restricted Stock Award is a grant of shares of Common Stock subject to a risk of forfeiture, restrictions on transferability, and any other restrictions imposed by the Compensation Committee in its discretion. Restricted Stock Awards require the recipient to remain in the employment of, or provide services to, the Company for a specified period of time (referred to herein as the Restricted Period). Restrictions, including the Restricted Period, may lapse at such times and under such circumstances as determined by the Compensation Committee. Except as otherwise provided under the terms of the 2013 Plan or an Award agreement, the holder of a Restricted Stock Award may have rights as a shareholder, including the right to vote the Common Stock subject to the Restricted Stock Award or to receive dividends on the Common Stock subject to the Restricted Stock Award (and subject to any mandatory reinvestment or other requirements imposed by the Compensation Committee). As a condition of a Restricted Stock Award grant, the Compensation Committee may require or permit a Participant to elect that any cash dividends paid on a share of Common Stock subject to a Restricted Stock Award be automatically reinvested in additional shares of restricted stock, applied to the purchase of additional Awards under the 2013 Plan or deferred without interest to the date of vesting of the associated Restricted Stock Award. Unless otherwise determined by the Compensation Committee, Common Stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, will be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock Award with respect to which such Common Stock or other property has been distributed. Restricted stock may not be sold, transferred, pledged, exchanged, hypothecated or otherwise disposed of during the Restricted Period.

Each Bonus Stock Award granted to an Eligible Person will constitute a transfer of unrestricted shares of Common Stock on terms and conditions determined by the Compensation Committee. Bonus Stock Awards must be made in shares of Common Stock and need not be subject to performance criteria, objectives or forfeiture.

Restricted Stock Units. Restricted Stock Units may be granted to any Eligible Person. Restricted Stock Units are rights to receive Common Stock, cash, or a combination of both at the end of a specified period. The Compensation Committee may subject Restricted Stock Units to restrictions (which may include a risk of forfeiture) to be specified in the Award agreement and those restrictions may lapse at such times as determined by the Compensation Committee. Restricted Stock Units may be satisfied by delivery of Common Stock, cash equal to the fair market value of the specified number of shares of Common Stock covered by the Restricted Stock Units, or any combination thereof determined by the Compensation Committee at the date of grant or thereafter. Dividend Equivalents on the specified number of shares of Common Stock covered by Restricted Stock Units will be either (i) paid with respect to such Restricted Stock Units on the dividend payment date in cash or in shares of unrestricted Common Stock having a fair market value equal to the amount of such dividends, or (ii) automatically deemed reinvested in additional Restricted Stock Units, unless otherwise determined by the Compensation Committee on the date of grant.

Dividend Equivalents. Dividend Equivalents may be granted to any Eligible Person, entitling the Participant to receive cash, Common Stock, other Awards, or other property equal in value to dividends paid with respect to a specified number of shares of Common Stock, or other periodic payments at the discretion of the Compensation Committee. Dividend Equivalents may be awarded on a freestanding

Table of Contents

basis or in connection with another Award. The Compensation Committee may provide that Dividend Equivalents will be payable or distributed when accrued or that they will be deemed reinvested in additional Common Stock, Awards, or other investment vehicles. The Compensation Committee will specify any restrictions on transferability and risks of forfeiture imposed upon Dividend Equivalents.

Performance Awards and Annual Incentive Awards. Performance Awards may be granted to Eligible Persons and Annual Incentive Awards may be granted to employees of the Company and its subsidiaries. A Performance Award is any Award, the grant, exercise or settlement of which is subject to one or more performance standards, that may also be designed to qualify as performance-based compensation as defined in Section 162(m) of the Code. An Annual Incentive Award is a conditional right to receive a cash payment, shares of Common Stock, or other Awards, after the end of a specified year or other period, which is subject to one or more performance standards and which may or may not also be designed to qualify as performance-based compensation as defined in Section 162(m) of the Code. The Compensation Committee may exercise its discretion to reduce or increase the amounts payable under any Award subject to performance conditions, except for any Performance Award or Annual Incentive Award intended to qualify under Section 162(m) of the Code (in which case discretion may be used to decrease, but not increase the amount of the Award).

The Compensation Committee will determine whether specific awards are intended to constitute performance-based compensation, for purposes of Section 162(m) and even if shareholders approve the performance criteria set forth in the 2013 Plan for purposes of the performance based compensation exception, the Compensation Committee may determine to pay compensation that is not performance based compensation under Section 162(m) and not deductible by reason thereof. To qualify as performance based compensation, the applicable performance criteria will be selected from the list below in accordance with the requirements of Section 162(m). Section 162(m) imposes a \$1 million cap on the compensation deduction the Company may take in respect of compensation paid to our Chief Executive Officer and our next three most highly compensated employees (other than our Chief Financial Officer). However, compensation that qualifies as performance based compensation is excluded from the calculation of the \$1 million cap, and thus remains deductible. In order to constitute performance based compensation under Section 162(m), in addition to certain other requirements, the relevant amounts must be payable only upon the attainment of pre-established, objective performance goals set by our Compensation Committee and linked to shareholder approved performance criteria. To allow the Compensation Committee to qualify awards as performance based compensation, we are seeking shareholder approval of the 2013 Plan and the material terms of the performance goals applicable to Performance Awards and Annual Incentive Awards under the 2013 Plan. Such performance criteria are as follows: (i) earnings per share; (ii) increase in revenues; (iii) increase in cash flow; (iv) increase in cash flow from operations; (v) increase in cash flow return; (vi) return on net assets; (vii) return on assets; (viii) return on investment; (ix) return on capital; (x) return on equity; (xi) economic value added; (xii) operating margin; (xiii) contribution margin; (xiv) net income; (xv) net income per share; (xvi) pretax earnings; (xvii) pretax earnings before interest, depreciation and amortization; (xviii) pretax operating earnings after interest expense and before incentives, service fees, and extraordinary or special items; (xix) total shareholder return; (xx) debt reduction; (xxi) market share; (xxii) change in fair market value of the Common Stock; (xxiii) operating income; (xxiv) reserve additions/replacements; (xxv) reduction of finding and development costs; (xxvi) increase in production volume; (xxvii) decrease in production costs; (xxviii) earnings before interest, taxes, depreciation and amortization (EBITDA); (xxix) reduction in general and administrative expenses; (xxx) debt to equity ratio; (xxxii) debt to cash flow ratio; (xxxii) debt to EBITDA ratio; (xxxiii) profit margin; and (xxxiv) any of the above goals determined on an absolute or relative basis or as compared to the performance of a published or special index deemed applicable by the Compensation Committee including, but not limited to, the Standard & Poor's 500 Stock Index or a selected group of comparable companies.

Achievement of performance goals can be measured over a performance period of up to ten years as specified by the Compensation Committee. Performance goals must be established by the Compensation Committee not later than 90 days after the beginning of any performance period applicable to a Performance Award or Annual Incentive Award or at such other date as may be required or permitted by Section 162(m) of the Code. In addition, the Compensation Committee will specify the circumstances in which the Performance Awards and/or Annual Incentive Awards, as applicable, shall be paid or forfeited in the event of termination of employment by a Participant prior to the end of a performance period or settlement of a Performance Award and/or Annual Incentive Award, as applicable.

In connection with Performance Awards and/or Annual Incentive Awards, the Compensation Committee may establish a performance award pool, which will be an unfunded pool, for the purpose of measuring the performance of the Company in connection with Performance Awards and/or Annual Incentive Awards. The amount of any such pool may be based on the achievement of a performance goal or goals based on one or more of the performance criteria listed above, as specified by the Compensation Committee. The Compensation Committee may specify the amount of the Performance Award and/or Annual Incentive Award pool as a percentage of any such criteria, a percentage thereof in excess of a threshold amount, or as another amount which need not bear a strictly mathematical relationship to such criteria.

Table of Contents

After the end of a performance period applicable to a Performance Award or Annual Incentive Award, the Compensation Committee determines the amount, if any, payable to each Participant with respect to the Award.

Other Bonus Awards. Other Bonus Awards may be granted to any Eligible Person. Eligible Persons may be granted, subject to applicable legal limitations and the terms of the 2013 Plan, Other Bonus Awards related to Common Stock (in terms of being valued, denominated, paid or otherwise defined by reference to Common Stock). Such Other Bonus Awards may include, but are not limited to, convertible or exchangeable debt securities, other rights convertible or exchangeable into Common Stock, purchase rights for Common Stock, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Compensation Committee, and Awards valued by reference to the book value of Common Stock or the value of securities of or the performance of specified subsidiaries. The Compensation Committee will determine the terms and conditions of all such Other Bonus Awards, including without limitation, consideration to be paid, the timing and methods of payment, and any performance criteria associated with an Other Bonus Award. Cash Awards may be granted as an element of or a supplement to any Other Bonus Awards permitted under the 2013 Plan.

Other Provisions

Tax Withholding. Unless otherwise paid by a Participant, the Company is entitled to deduct from any payment under the 2013 Plan the amount of all applicable income and employment taxes required by law to be withheld with respect to such payment or it may require the Participant to pay the Company the amount of any such tax as a condition of making a payment under the 2013 Plan. The Compensation Committee may allow a Participant to elect to pay the amount of taxes required by law to be withheld from the Award by (i) directing the Company to withhold from any payment of the Award shares of Common Stock having a fair market value equivalent to the amount of the tax payment; or (ii) delivering to the Company previously owned shares of Common Stock having a fair market value equivalent to the amount of the tax payment.

Merger or Recapitalization. If any change is made to the Company's capitalization, such as a stock split, stock combination, stock dividend, exchange of shares or other recapitalization, reorganization, consolidation, spin-off, merger or otherwise, which results in an increase or decrease in the number of outstanding shares of Common Stock, appropriate adjustments will be made by the Compensation Committee as to the number and price of shares subject to an Award under the 2013 Plan. In addition, the Compensation Committee may adjust the maximum number of shares available under the 2013 Plan, the maximum number of shares that may be issued in connection with various types of Awards under the 2013 Plan, and the maximum number of shares that may be subject to Awards granted to any one individual. The Compensation Committee also has the ability to make appropriate adjustments to Awards and the number of shares of Common Stock subject to the 2013 Plan in the event the Company reclassifies its capital stock.

Change of Control Event. Upon a Change of Control Event (as such term is defined in the 2013 Plan), all Awards held by Participants will be immediately vested, fully earned and exercisable, unless provided otherwise in the applicable Award agreement. Notwithstanding the foregoing, with respect to any Award subject to Section 409A of

the Code and the guidance and regulations promulgated thereunder (referred to herein as the Treasury Regulations), a Change of Control Event for purposes of triggering the exercisability, settlement or other payment or distribution with respect to any such Award shall not be deemed to occur unless a change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation, as defined in Section 1.409A-3(i)(5) of the Treasury Regulations has also occurred. In addition, in the event a Change in Control Event occurs, the Compensation Committee may effect one or more of the following alternatives, which may vary among individual Participants and also among the Options or SARs held by a Participant: (i) accelerate the time at which such Awards may be exercised in full for a limited time on or before a specified date, after which all unexercised Awards of these types will terminate; (ii) require the mandatory surrender of such Awards as of a specified date in exchange for a cash payment for any excess value as determined under the terms of the 2013 Plan; and/or (iii) make adjustments to such Awards then outstanding to reflect the event in question as determined by the Compensation Committee in its sole discretion. In addition, upon the occurrence of a Change of Control Event, the Compensation Committee may require the mandatory surrender of Performance Awards and/or Annual Incentive Awards in exchange for a cash payment equal to the maximum value of the applicable Award, prorated to reflect any decrease in the performance or vesting period as a result of the mandatory surrender.

Amendment. Without shareholder or Participant approval, the Board may amend, alter, suspend, discontinue or terminate the 2013 Plan or the Compensation Committee's authority to grant Awards under the 2013 Plan, except that any amendment or alteration to the 2013 Plan, including any increase in any share limitation, shall be subject to the approval of the Company's shareholders not later than the next annual meeting if shareholder approval is required by any state or federal law or regulation or the rules of the NYSE. The Board

Table of Contents

may otherwise, in its discretion, determine to submit other such changes to the 2013 Plan to shareholders for approval; provided, that without the consent of an affected Participant, no such Board action may materially and adversely affect the rights of such Participant under any outstanding Award. The Compensation Committee may, except as otherwise provided in the 2013 Plan, waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any Award theretofore granted and any Award agreement relating thereto; provided, that without the consent of an affected Participant, no such Compensation Committee action may materially and adversely affect the rights of such Participant under such Award.

Transferability of Awards. In accordance with any rules it may prescribe, the Compensation Committee may authorize all or a portion of Nonstatutory Options to be granted to an Eligible Person on terms which permit transfer by such Participant to: (i) the ex-spouse of the Participant pursuant to the terms of a domestic relations order; (ii) the spouse, children or grandchildren of the Participant (Immediate Family Members); (iii) a trust or trusts for the exclusive benefit of such Immediate Family Members; or (iv) a partnership or limited liability company in which such Immediate Family Members are the only partners or members. Other than as described above, Awards will not be transferable other than by will or the laws of descent and distribution or with the Compensation Committee's advance approval, which may be given or withheld in the Compensation Committee's sole discretion.

Federal Tax Consequences

The following discussion is for general information only and is intended to summarize briefly the U.S. federal tax consequences to Participants arising from participation in the 2013 Plan. This description is based on current law, which is subject to change (possibly retroactively). The tax treatment of Participants in the 2013 Plan may vary depending on the particular situation and may, therefore, be subject to special rules not discussed below. No attempt has been made to discuss any potential foreign, state, or local tax consequences.

Incentive Options; Nonstatutory Options; SARs. Participants will not realize taxable income upon the grant of a Nonstatutory Option or an SAR. Upon the exercise of a Nonstatutory Option or SAR, a Participant will recognize ordinary compensation income (subject to withholding by the Company in the case of a Participant who is an employee) in an amount equal to the excess of (i) the amount of cash and the fair market value of the Common Stock received, over (ii) the exercise price (if any) paid therefor. A Participant will generally have a tax basis in any shares of Common Stock received pursuant to the exercise of an SAR, or pursuant to the cash exercise of a Nonstatutory Option, that equals the fair market value of such shares on the date of exercise. Subject to the discussion under Tax Code Limitations on Deductibility below, the Company (or a subsidiary) will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a Participant under the foregoing rules. When a Participant sells the Common Stock acquired as a result of the exercise of a Nonstatutory Option or SAR, any appreciation (or depreciation) in the value of the Common Stock after the exercise date is treated as long- or short-term capital gain (or loss) for federal income tax purposes, depending on the holding period. The Common Stock must be held for more than twelve months in order to qualify for long-term capital gain treatment.

Participants eligible to receive an Incentive Option will not recognize taxable income on the grant of an Incentive Option. Upon the exercise of an Incentive Option, a Participant will not recognize taxable income, although the excess of the fair market value of the shares of Common Stock received upon exercise of the Incentive Option (ISO Stock)

over the exercise price will increase the alternative minimum taxable income of the Participant, which may cause such Participant to incur alternative minimum tax. The payment of any alternative minimum tax attributable to the exercise of an Incentive Option would be allowed as a credit against the Participant's regular tax liability in a later year to the extent the Participant's regular tax liability is in excess of the alternative minimum tax for that year.

Upon the disposition of ISO Stock held for the requisite holding period (generally, at least two years from the date of grant and one year from the date of exercise of the Incentive Option), a Participant will generally recognize capital gain (or loss) equal to the excess (or shortfall) of the amount received in the disposition over the exercise price paid by the Participant for the ISO Stock. However, if a Participant disposes of ISO Stock not held for the requisite holding period (a Disqualifying Disposition), the Participant will recognize ordinary compensation income in the year of the Disqualifying Disposition in an amount equal to the amount by which the fair market value of the ISO Stock at the time of exercise of the Incentive Option (or, if less, the amount realized in the case of an arm's length disposition to an unrelated party) exceeds the exercise price paid by the Participant for such ISO Stock. A Participant would also recognize capital gain to the extent the amount realized in the Disqualifying Disposition exceeds the fair market value of the ISO Stock on the exercise date. If the exercise price paid for the ISO Stock exceeds the amount realized (in the case of an arm's-length disposition to an unrelated party), such excess will ordinarily constitute a capital loss.

Table of Contents

The Company and its subsidiaries will generally not be entitled to any federal income tax deduction upon the grant or exercise of an Incentive Option, unless a Participant makes a Disqualifying Disposition of the ISO Stock. If a Participant makes a Disqualifying Disposition, the Company (or a subsidiary) will then, subject to the discussion below under Tax Code Limitations on Deductibility, be entitled to a tax deduction that corresponds as to timing and amount with the compensation income recognized by a Participant under the rules described in the preceding paragraph.

Under current rulings, if a Participant transfers previously held shares of Common Stock (other than ISO Stock that has not been held for the requisite holding period) in satisfaction of part or all of the exercise price of a Nonstatutory Option or Incentive Option, no additional gain will be recognized on the transfer of such previously held shares in satisfaction of the Nonstatutory Option or Incentive Option exercise price (although a Participant would still recognize ordinary compensation income upon exercise of a Nonstatutory Option in the manner described above). Moreover, that number of shares of Common Stock received upon exercise which equals the number of shares of previously held Common Stock surrendered therefor in satisfaction of the Nonstatutory Option or Incentive Option exercise price will have a tax basis that equals, and a capital gains holding period that includes, the tax basis and capital gains holding period of the previously held shares of Common Stock surrendered in satisfaction of the Nonstatutory Option or Incentive Option exercise price. Any additional shares of Common Stock received upon exercise will have a tax basis that equals the amount of cash (if any) paid by the Participant, plus the amount of compensation income recognized by the Participant under the rules described above.

The 2013 Plan allows the Compensation Committee to permit the transfer of Awards in limited circumstances. See Other Provisions Transferability of Awards. For income and gift tax purposes, certain transfers of Nonstatutory Options generally should be treated as completed gifts, subject to gift taxation.

The Internal Revenue Service (the IRS) has not provided formal guidance on the income tax consequences of a transfer of Nonstatutory Options (other than in the context of divorce). However, the IRS has informally indicated that after a transfer of stock options (other than in the context of divorce pursuant to a domestic relations order), the transferor will recognize income, which will be subject to withholding, and FICA/FUTA taxes will be collectible at the time the transferee exercises the stock options. If a Nonstatutory Option is transferred pursuant to a domestic relations order, the transferee will recognize ordinary income upon exercise by the transferee, which will be subject to withholding, and FICA/FUTA taxes (attributable to and reported with respect to the transferor) will be collectible from the transferee at such time.

In addition, if the Participant transfers a vested Nonstatutory Option to another person and retains no interest in or power over it, the transfer is treated as a completed gift. The amount of the transferor's gift (or generation-skipping transfer, if the gift is to a grandchild or later generation) equals the value of the Nonstatutory Option at the time of the gift. The value of the Nonstatutory Option may be affected by several factors, including the difference between the exercise price and the fair market value of the stock, the potential for future appreciation or depreciation of the stock, the time period of the Nonstatutory Option and the illiquidity of the Nonstatutory Option. The transferor will be subject to a federal gift tax, which will be limited by (i) the annual exclusion of \$14,000 per donee (for 2013, subject to adjustment in future years), (ii) the transferor's lifetime unified credit, or (iii) the marital or charitable deductions. The gifted Nonstatutory Option will not be included in the Participant's gross estate for purposes of the federal estate tax or the generation-skipping transfer tax.

This favorable tax treatment for vested Nonstatutory Options has not been extended to unvested Nonstatutory Options. Whether such consequences apply to unvested Nonstatutory Options is uncertain and the gift tax implication of such a transfer is a risk the transferor will bear upon such a disposition.

Restricted Stock Awards; Restricted Stock Units; Cash Awards. A Participant will recognize ordinary compensation income upon receipt of cash pursuant to a cash Award or, if earlier, at the time the cash is otherwise made available for the Participant to draw upon. A Participant will not have taxable income at the time of grant of a stock Award in the form of Restricted Stock Units denominated in Common Stock, but rather, will generally recognize ordinary compensation income at the time he receives Common Stock in satisfaction of the Restricted Stock Units in an amount equal to the fair market value of the Common Stock received. In general, a Participant will recognize ordinary compensation income as a result of the receipt of Common Stock pursuant to a Restricted Stock Award or Bonus Stock Award in an amount equal to the fair market value of the Common Stock when such stock is received; provided, however, that if the stock is not transferable and is subject to a substantial risk of forfeiture when received, a Participant will recognize ordinary compensation income in an amount equal to the fair market value of the Common Stock (i) when the Common Stock first becomes transferable or is no longer subject to a substantial risk of forfeiture, in cases where a Participant does not make a valid election under Section 83(b) of the Code or (ii) when the Award is received, in cases where a Participant makes a valid election under Section 83(b) of the Code.

Table of Contents

A Participant who is an employee will be subject to withholding for federal, and generally for state and local, income taxes at the time he recognizes income under the rules described above with respect to Common Stock or cash received. Dividends or Dividend Equivalents received by a Participant prior to the time the Common Stock is taxed to the Participant under the rules described in the preceding paragraph are taxed as additional compensation, not as dividend income. The tax basis in the Common Stock received by a Participant will equal the amount recognized by him as compensation income under the rules described in the preceding paragraph, and the Participant's capital gains holding period in those shares will commence on the later of the date the shares are received or the restrictions lapse.

Subject to the discussion immediately below, the Company (or a subsidiary) will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a Participant under the foregoing rules.

Tax Code Limitations on Deductibility. In order for the amounts described above to be deductible by the Company (or a subsidiary), such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses.

The ability of the Company (or a subsidiary) to obtain a deduction for future payments under the 2013 Plan could also be limited by the golden parachute payment rules of Section 280G of the Code, which prevent the deductibility of certain excess parachute payments made in connection with a change in control of an employer-corporation.

Finally, the ability of the Company (or a subsidiary) to obtain a deduction for amounts paid under the 2013 Plan could be limited by Section 162(m) of the Code, which limits the deductibility, for federal income tax purposes, of compensation paid to certain executive officers of a publicly traded corporation to \$1,000,000 with respect to any such officer during any taxable year of the corporation. However, an exception applies to this limitation in the case of certain performance-based compensation. In order to exempt performance-based compensation from the \$1,000,000 deductibility limitation, the grant or vesting of the Award relating to the compensation must be based on the satisfaction of one or more performance goals as selected by the Compensation Committee. Performance-based Awards intended to comply with Section 162(m) of the Code may not be granted in a given period if such Awards relate to shares of Common Stock which exceed a specified limitation or, alternatively, the performance-based Awards may not result in compensation, for a Participant, in a given period which exceeds a specified limitation. Under the terms of the 2013 Plan, a Participant who receives an Award or Awards intended to satisfy the performance-based exception to the \$1,000,000 deductibility limitation may not receive performance-based Awards relating to more than (i) 250,000 shares of Common Stock in the case of Options and/or SARs (subject to adjustment in a manner consistent with the other provisions of the 2013 Plan); (ii) 250,000 shares of Common Stock in the case of Restricted Stock Awards, Restricted Stock Units and/or Performance Awards (subject to adjustment in a manner consistent with the other provisions of the 2013 Plan); or (iii) with respect to Annual Incentive Awards, \$10,000,000, in any given fiscal year. Although the 2013 Plan has been drafted to satisfy the requirements for the performance-based compensation exception, the Company may determine that it is in its best interests not to satisfy the requirements for the exception. See Awards Performance Awards.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF U.S. FEDERAL INCOME TAXATION WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE 2013 PLAN. IT IS NOT AND DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH ANY ELIGIBLE PARTICIPANT MAY RESIDE.

Grants to Certain Persons

The Awards, if any, made to Eligible Persons under the 2013 Plan are subject to the discretion of the Compensation Committee, and thus the Company cannot currently determine the benefits or number of shares subject to Awards that may be granted in the future to its executive officers, employees, directors and consultants under the 2013 Plan. Therefore, the New Plan Benefits Table is not provided.

We have not made any grants of options under our 2005 Plan and we do not currently have any option grants outstanding. During 2012, we made the awards of restricted stock described above under *Executive Compensation and Other Information* *Grants of Plan Based Awards* to our NEOs under the 2005 Plan, and we did not make any grants under the 2005 Plan to our non-employee directors. During 2012, we awarded an aggregate of 383,945 shares of restricted stock to all of our current executive officers as a group and an aggregate of 532,083 shares of restricted stock to all employees (excluding grants to our executive officers) as a group.

Proposal 3:**Ratification of Selection of****Independent Registered Public****Accounting Firm****General**

The Audit Committee has directed us to submit the selection of our independent registered public accounting firm for ratification by the shareholders at the Annual Meeting. Neither our Bylaws nor other governing documents or law require shareholder ratification of the selection of Grant Thornton as our independent registered public accounting firm. However, the Audit Committee is submitting the selection of Grant Thornton to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether to retain that firm. Even if the selection is ratified, the Audit Committee may in its discretion direct the appointment of a different independent registered public accounting firm at any time during the year if it determines such a change would be in our and our shareholders' best interest.

The Board recommends the shareholders vote FOR the ratification of the selection of Grant Thornton as our independent registered public accounting firm for the year ending December 31, 2013.

Audit Committee Report

In accordance with its written charter adopted by the Board, the Audit Committee of the Board assists the Board in fulfilling its responsibility for oversight of the quality and integrity of our accounting, auditing, and financial reporting practices. The Audit Committee's charter can be found in the Corporate Governance section of our website at www.clr.com. A printed copy of the charter will be made available to any shareholder who requests it from our Secretary.

The Audit Committee reviewed and discussed our audited financial statements as of and for the fiscal year ended December 31, 2012, with the independent auditor, with and without management present. Management has the primary responsibility for our financial statements and the overall reporting process, including assuring we develop and maintain adequate financial controls and procedures for monitoring and assessing compliance with those controls and procedures, including internal control over financial reporting. Our independent auditor is responsible for auditing the annual financial statements prepared by management, expressing an opinion as to whether those financial statements fairly present our financial position, results of operations and cash flows in conformity with generally accepted accounting principles, and discussing with the Audit Committee any issues it believes should be raised.

Table of Contents

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditor a formal written statement describing all relationships between the auditor and us that might bear on the auditor's independence consistent with applicable requirements of the Public Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence. The Audit Committee also discussed with the auditor any relationships that may impact its objectivity and independence, and satisfied itself as to the auditor's independence. The independent auditor reviewed its audit plans, audit scope, and identification of audit risks with the Audit Committee. The Audit Committee also discussed with management and the independent auditor the quality and adequacy of our internal controls.

The Audit Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 114, *The Auditor's Communication With Those Charged With Governance*.

Based on the above-mentioned review and discussions with management and the independent auditor, the Audit Committee recommended to the Board and the Board approved the Audit Committee's recommendation that the audited financial statements of the Company be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2012, for filing with the SEC. - (f) Determine whether and to what extent an Annual Incentive Award may be deferred, either automatically or at the election of the Participant or the Committee;
- (g) Construe the respective Award Agreements and the Plan;

Accordingly, the Committee shall make determinations as to performance targets and all other applicable provisions of the Plan as necessary in order for the Plan and Awards made thereunder to satisfy the requirements of section 162(m) of the Code. Further, as to any Award for which it is determined that such qualification is desirable, the grant of such Award shall be determined and such Award shall be administered by a committee of, and appointed by, the Board that shall be comprised solely of two or more outside directors as used in section 162(m) of the Code and applicable interpretive authority thereunder. Any action of the Committee relating to an Award granted or to be granted to any Eligible Employee or Eligible Director who is then subject to section 16 of the Exchange Act in respect of the Company shall be taken by a committee of, and approved by, the Board that shall be comprised solely of two or more nonemployee directors within the meaning of Rule 16b-3(b)(3) promulgated under the Exchange Act.

shall be available exclusively for Awards to Participants who are not subject to such limitation. Notwithstanding the foregoing, the following shares of Common Stock will not be available for future Awards under this Plan: (i) shares withheld, or otherwise tendered by Participants, as full or partial payment to the Company upon the exercise of Options granted under this Plan; or (ii) shares reserved for issuance upon the grant of SARs to the extent the number of reserved shares exceeds the number of shares actually issued upon exercise of the SARs.

SECTION 4.4 *Prohibition on Repricing.* Subject to Article XI of the Plan, neither the Committee nor the Board shall, without the approval of shareholders, amend the terms of previously granted Options or SARs, or cancel outstanding Options or SARs, in exchange for cash, other awards or Options or SARs with an exercise price that is less than the exercise price of the originally granted Options or SARs.

SECTION 4.5 *Miscellaneous.*

- (a) To the extent not already specified in the Plan, the Committee shall, in its sole discretion, determine the manner in which fractional shares arising under this Plan shall be treated.
- (b) Separate certificates or a book-entry registration representing shares of Common Stock shall be delivered to a Participant upon the exercise of any Option.
- (c) The maximum term of any Award shall be ten years.

ARTICLE V

STOCK OPTIONS

SECTION 5.1 *Grant of Options.* The Committee may, from time to time, subject to the provisions of the Plan and such other terms and conditions as it may determine, grant Nonqualified Stock Options to Eligible Employees, Consultants and Eligible Directors. In addition, the Committee may, from time to time, subject to the provisions of the Plan and such other terms and conditions as it may determine, grant Incentive Stock Options to Eligible Employees. Each grant of an Option shall be evidenced by an Award Agreement executed by the Company and the Participant, and shall contain such terms and conditions and be in such form as the Committee may from time to time approve, subject to the requirements of Section 5.2.

SECTION 5.2 *Conditions of Options.* Each Option so granted shall be subject to the following conditions:

- (a) ***Exercise Price.*** As limited by Section 5.2(e) below, each Option shall state the exercise price which shall be set by the Committee at the Date of Grant; provided, however, no Option shall be granted at an exercise price which is less than the Fair Market Value of the Common Stock on the Date of Grant.
- (b) ***Form of Payment.*** The exercise price of an Option may be paid by any of the following methods as permitted by the Committee: (i) in cash or by check, bank draft or money order payable to the order of the Company; (ii) by delivering shares of Common Stock having a Fair Market Value on the date of payment equal to the amount of the exercise price; (iii) by net issue exercise, pursuant to which the Company will issue a number of shares of Common Stock as to which the Option is exercised, less a number of shares with a Fair Market Value as of the date of exercise equal to the exercise price; or (iv) a combination of the foregoing. In addition to the foregoing, the Committee may permit an Option granted under the Plan to be facilitated by a broker-dealer acting on behalf of a Participant through procedures approved by the Committee.

(c) **Exercise of Options.** Options granted under the Plan shall be exercisable, in whole or in such installments and at such times, and shall expire at such time, as shall be provided by the Committee in the Award Agreement. Exercise of an Option shall be by written notice to the Secretary of the Company at least two business days in advance of such exercise stating the election to exercise in the form and manner determined by the Committee. Every share of Common Stock acquired through the exercise of an Option shall be deemed to be fully paid at the time of exercise and payment of the exercise price and all applicable taxes.

(d) **Other Terms and Conditions.** Among other conditions that may be imposed by the Committee, if deemed appropriate, are those relating to (i) the period or periods and the conditions of exercisability of any Option; (ii) the minimum periods during which Participants must be employed by the Company, its Subsidiaries, or an Affiliated Entity, or must hold Options before they may be exercised; (iii) the

minimum periods during which shares acquired upon exercise must be held before sale or transfer shall be permitted; (iv) conditions under which such Options or shares may be subject to forfeiture; (v) the frequency of exercise or the minimum or maximum number of shares that may be acquired at any one time; (vi) the achievement by the Company of specified performance criteria; and (vii) non-compete and protection of business matters.

(e) ***Special Restrictions Relating to Incentive Stock Options.*** Options issued in the form of Incentive Stock Options shall only be granted to Eligible Employees who provide services to the Company or any parent or subsidiary corporation (as defined in section 424 of the Code). To the extent that the aggregate fair market value (determined at the time the respective Incentive Stock Option is granted) of stock with respect to which Incentive Stock Options are exercisable for the first time by an individual during any calendar year under all incentive stock option plans of the Company and its parent and subsidiary corporations exceeds \$100,000, such Incentive Stock Options shall be treated as Nonqualified Stock Options. The Committee shall determine, in accordance with applicable provisions of the Code, Treasury Regulations and other administrative pronouncements, which of a Participant's Incentive Stock Options will not constitute Incentive Stock Options because of such limitation and shall notify the Participant of such determination as soon as practicable after such determination. No Incentive Stock Option shall be granted to an individual if, at the time the Option is granted, such individual owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of its parent or subsidiary corporation, within the meaning of section 422(b)(6) of the Code, unless (i) at the time such Option is granted the option price is at least 110% of the Fair Market Value of the Common Stock subject to the Option and (ii) such Option by its terms is not exercisable after the expiration of five years from the date of grant. Except as otherwise provided in sections 421 or 422 of the Code, an Incentive Stock Option shall not be transferable otherwise than by will or the laws of descent and distribution, and shall be exercisable during the Participant's lifetime only by such Participant or the Participant's guardian or legal representative.

(f) ***Application of Funds.*** The proceeds received by the Company from the sale of Common Stock pursuant to Options will be used for general corporate purposes.

(g) ***Shareholder Rights.*** No Participant shall have a right as a shareholder with respect to any share of Common Stock subject to an Option prior to purchase of such shares of Common Stock by exercise of the Option.

(h) ***Options and Rights in Substitution for Options Granted by Other Employers.*** Options and SARs may be granted under the Plan from time to time in substitution for options and such rights held by individuals providing services to corporations or other entities who become Eligible Employees, Consultants, or Eligible Directors as a result of a merger or consolidation or other business transaction with the Company or any Affiliated Entity.

ARTICLE VI

RESTRICTED STOCK AND BONUS STOCK AWARDS

SECTION 6.1 *Grant of Restricted Stock and Bonus Stock Awards.* The Committee may, from time to time, subject to the provisions of the Plan and such other terms and conditions as it may determine, grant a Restricted Stock Award and/or Bonus Stock Awards to Eligible Employees, Consultants or Eligible Directors. Restricted Stock Awards and Bonus Stock Awards shall be awarded in such number and at such times during the term of the Plan as the Committee shall determine. Each Restricted Stock Award and Bonus Stock Award shall be subject to an Award Agreement setting forth the terms of such Award and may be evidenced in such manner as the Committee deems appropriate, including, without limitation, a book-entry registration or issuance of a stock certificate or certificates. The purchase price, if any, for shares of Common Stock issued in connection with a Restricted Stock Award shall be determined by the Committee, in its sole discretion.

SECTION 6.2 *Conditions of Restricted Stock Awards.* The grant of a Restricted Stock Award shall be subject to the following:

(a) ***Restriction Period.*** The Committee shall determine the Restriction Period or Periods that shall apply to the shares of Common Stock covered by each Restricted Stock Award or portion thereof, which shall require the Eligible Employee, Consultant or Eligible Director to remain in the employment of, or to provide continued services to, as applicable, the Company, a Subsidiary, or an Affiliated Entity for a prescribed period or which shall require the achievement by the Company of specified performance criteria based upon the Company's achievement of all or a portion of the performance criteria set forth in Section 9.2(b), as may from time to time be specified by the Committee. At the end of the Restriction Period, assuming the fulfillment of any specified vesting conditions, such restrictions as have been imposed by the Committee shall lapse with respect to the shares of Common Stock covered by the Restricted Stock Award or portion thereof. In addition to acceleration of vesting upon the occurrence of a Change of Control Event as provided in Section 11.4, the

Table of Contents

Committee may, in its discretion, accelerate the vesting of a Restricted Stock Award in the case of the death, Disability or Retirement of the Participant who is an Eligible Employee or resignation of a Participant who is a Consultant or an Eligible Director. Notwithstanding the preceding provisions of this Section 6.2(a), the Committee may not take any action described in this Section 6.2(a) with respect to a Restricted Stock Award that has been granted to a Covered Employee if such Award has been designed to meet the exception for performance-based compensation under section 162(m) of the Code.

(b) **Restrictions.** The holder of a Restricted Stock Award may not sell, transfer, pledge, exchange, hypothecate, or otherwise dispose of the shares of Common Stock represented by the Restricted Stock Award during the applicable Restriction Period. The Committee shall impose such other restrictions and conditions on any shares of Common Stock covered by a Restricted Stock Award as it may deem advisable including, without limitation, restrictions under applicable Federal or state securities laws, and may legend the certificates representing Restricted Stock to give appropriate notice of such restrictions.

(c) **Rights as Shareholders.** The Committee may, in its discretion, grant to the holder of a Restricted Stock Award all or any of the rights of a shareholder with respect to the shares, including, but not by way of limitation, the right to receive dividends. As a condition to the grant of a Restricted Stock Award, the Committee may require or permit a Participant to elect that any cash dividends paid on a share of Restricted Stock be automatically reinvested in additional shares of Restricted Stock, applied to the purchase of additional Awards under this Plan or deferred without interest to the date of vesting of the associated Restricted Stock Award. Unless otherwise determined by the Committee, if any dividends or other distributions are paid in shares of Common Stock, all such shares shall be subject to the same restrictions on transferability as the shares of Restricted Stock with respect to which they were paid.

SECTION 6.3 Conditions of Bonus Stock Awards. Each Bonus Stock Award granted to a Participant shall constitute a transfer of unrestricted shares of Common Stock on such terms and conditions as the Committee shall determine. Bonus Stock Awards shall be made in shares of Common Stock and need not be subject to performance criteria or objectives or to forfeiture. The purchase price, if any, for shares of Common Stock issued in connection with a Bonus Stock Award shall be determined by the Committee in its sole discretion.

ARTICLE VII

STOCK APPRECIATION RIGHTS

SECTION 7.1 Grant of SARs. The Committee may from time to time, in its sole discretion, subject to the provisions of the Plan and subject to other terms and conditions as the Committee may determine, grant an SAR to any Eligible Employee, Consultant or Eligible Director. SARs may be granted in tandem with an Option, in which event, the Participant has the right to elect to exercise either the SAR or the Option. Upon the Participant's election to exercise one of these Awards, the other tandem Award is automatically terminated. SARs may also be granted as an independent Award separate from an Option. Each grant of an SAR shall be evidenced by an Award Agreement executed by the Company and the Participant and shall contain such terms and conditions and be in such form as the Committee may from time to time approve, subject to the requirements of the Plan. The exercise price of the SAR shall not be less than the Fair Market Value of a share of Common Stock on the Date of Grant of the SAR.

SECTION 7.2 Exercise and Payment. SARs granted under the Plan shall be exercisable in whole or in installments and at such times as shall be provided by the Committee in the Award Agreement. Exercise of a SAR shall be by written notice to the Secretary of the Company at least two business days in advance of such exercise stating the election to exercise in the form and manner determined by the Committee. The amount payable with respect to each

SAR shall be equal in value to the excess, if any, of the Fair Market Value of a share of Common Stock on the exercise date over the grant price of the SAR. Payment of amounts attributable to a SAR shall be made in cash, in shares of Common Stock, or in a combination thereof, as determined by the Committee, and the timing of such payment shall be specified in the Award Agreement with respect to each SAR.

SECTION 7.3 Restrictions. In the event a SAR is granted in tandem with an Incentive Stock Option, the Committee shall subject the SAR to restrictions necessary to ensure satisfaction of the requirements under section 422 of the Code. In the case of a SAR granted in tandem with an Incentive Stock Option to an Eligible Employee who owns more than 10% of the combined voting power of the Company or its Subsidiaries on the date of such grant, (i) the amount payable with respect to each SAR shall be equal in value to the applicable percentage of the excess, if any, of the Fair Market Value of a share of Common Stock on the exercise date over the exercise price of the SAR, which exercise price shall not be less than 110% of the Fair Market Value of a share of Common Stock on the date the SAR and (ii) the SAR shall not be exercisable after the five year anniversary of the date of grant.

ARTICLE VIII

RESTRICTED STOCK UNITS

SECTION 8.1 *Grant of Restricted Stock Units.* The Committee may from time to time, in its sole discretion, subject to the provisions of the Plan and subject to other terms and conditions as the Committee may determine, grant Restricted Stock Units, or RSUs, which are rights to receive shares of Common Stock or cash (or a combination thereof) at the end of a specified deferral period (which may or may not be coterminous with the vesting schedule of the Award), to any Eligible Employee, Consultant, or Eligible Director, subject to the following terms and conditions.

SECTION 8.2 *Award and Restrictions.* Settlement of an RSU shall occur upon expiration of the deferral period specified for such RSU by the Committee. In addition, RSUs shall be subject to such restrictions (which may include a risk of forfeiture) as the Committee may impose, if any, which restrictions may lapse at the expiration of the deferral period or at earlier specified times (including based on achievement of performance goals and/or future service requirements), separately or in combination, in installments or otherwise, as the Committee may determine. RSUs shall be satisfied by the delivery of shares of Common Stock or cash in the amount equal to the Fair Market Value of the specified number of shares of Common Stock covered by the RSUs, or a combination thereof, as determined by the Committee at the date of grant or thereafter.

SECTION 8.3 *Dividend Equivalents.* Unless otherwise determined by the Committee at the date of grant, a right to receive Dividend Equivalents paid with respect to the specified number of shares of Common Stock covered by an RSU shall be either (A) paid with respect to such RSU on the dividend payment date in cash or in shares of unrestricted shares of Common Stock having a Fair Market Value equal to the amount of such dividends, or (B) deferred with respect to such RSUs and the amount or value thereof automatically deemed reinvested in additional Restricted Stock Units.

ARTICLE IX

PERFORMANCE AND ANNUAL INCENTIVE AWARDS

SECTION 9.1 *Performance Conditions.* The right of an Eligible Employee, Consultant or Eligible Director to receive a grant, and the right of a Participant to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Committee. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce or increase the amounts payable under any Award subject to performance conditions, except as limited under Sections 9.2 and 9.3 hereof in the case of a Performance Award or Annual Incentive Award intended to qualify as performance-based compensation under section 162(m) of the Code.

SECTION 9.2 *Performance Awards Granted to Designated Covered Employees.* If the Committee determines that a Performance Award to be granted to an Eligible Employee who is designated by the Committee as likely to be a Covered Employee should qualify as performance-based compensation for purposes of section 162(m) of the Code, the grant, exercise and/or settlement of such Performance Award may be contingent upon achievement of pre-established performance goals and other terms set forth in this Section 9.2.

(a) ***Performance Goals Generally.*** The performance goals for such Performance Awards shall consist of one or more business criteria or individual performance criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this Section 9.2. Performance goals shall be objective

and shall otherwise meet the requirements of section 162(m) of the Code and regulations thereunder (including Treasury Regulation §1.162-27 and successor regulations thereto), including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being substantially uncertain at the time the Committee actually establishes the performance goal or goals. The Committee may determine that such Performance Awards shall be granted, exercised, and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance Awards. Performance goals may differ for Performance Awards granted to any one Participant or to different Participants.

Table of Contents**(b) *Business and Individual Performance Criteria***

(i) **Business Criteria**. One or more of the following business criteria for the Company, on a consolidated basis, and/or for specified Subsidiaries or business or geographical units of the Company (except with respect to the total shareholder return and earnings per share criteria), shall be used by the Committee in establishing performance goals for such Performance Awards: (1) earnings per share; (2) increase in revenues; (3) increase in cash flow; (4) increase in cash flow from operations; (5) increase in cash flow return; (6) return on net assets; (7) return on assets; (8) return on investment; (9) return on capital; (10) return on equity; (11) economic value added; (12) operating margin; (13) contribution margin; (14) net income; (15) net income per share; (16) pretax earnings; (17) pretax earnings before interest, depreciation and amortization; (18) pretax operating earnings after interest expense and before incentives, service fees, and extraordinary or special items; (19) total shareholder return; (20) debt reduction; (21) market share; (22) change in the Fair Market Value of the Common Stock; (23) operating income; (24) reserve additions/replacements; (25) reduction of finding and development costs; (26) increase in production volume; (27) decrease in production costs; (28) EBITDA; (29) reduction in general and administrative expenses; (30) debt to equity ratio; (31) debt to cash flow ratio; (32) debt to EBITDA ratio; (33) profit margin; and (34) any of the above goals determined on an absolute or relative basis or as compared to the performance of a published or special index deemed applicable by the Committee including, but not limited to, the Standard & Poor's 500 Stock Index or a group of comparable companies. One or more of the foregoing business criteria shall also be exclusively used in establishing performance goals for Annual Incentive Awards granted to a Covered Employee under Section 9.3 hereof that are intended to qualify as performance-based compensation under section 162(m) of the Code.

(ii) **Individual Performance Criteria**. The grant, exercise and/or settlement of Performance Awards may also be contingent upon individual performance goals established by the Committee. If required for compliance with section 162(m) of the Code, such criteria shall be approved by the shareholders of the Company.

(c) ***Performance Period; Timing for Establishing Performance Goals***. Achievement of performance goals in respect of such Performance Awards shall be measured over a performance period of up to ten years, as specified by the Committee. Performance goals shall be established not later than 90 days after the beginning of any performance period applicable to such Performance Awards, or at such other date as may be required or permitted for performance-based compensation under section 162(m) of the Code.

(d) ***Performance Award Pool***. The Committee may establish a Performance Award pool, which shall be an unfunded pool, for purposes of measuring performance of the Company in connection with Performance Awards. The amount of such Performance Award pool shall be based upon the achievement of a performance goal or goals based on one or more of the criteria set forth in Section 9.2(b) hereof during the given performance period, as specified by the Committee in accordance with Section 9.2(c) hereof. The Committee may specify the amount of the Performance Award pool as a percentage of any of such criteria, a percentage thereof in excess of a threshold amount, or as another amount which need not bear a strictly mathematical relationship to such criteria.

(e) ***Settlement of Performance Awards; Other Terms***. After the end of each performance period, the Committee shall determine the amount, if any, of (A) the Performance Award pool, and the maximum amount of the potential Performance Award payable to each Participant in the Performance Award pool, or (B) the amount of the potential Performance Award otherwise payable to each Participant. Settlement of such Performance Awards shall be in cash, shares of Common Stock, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance Awards, but may not exercise discretion to increase any such amount payable to a Covered Employee in respect of a Performance Award subject to this Section 9.2. The Committee shall specify the circumstances in which such Performance Awards shall be paid or forfeited in the event of termination of employment by the Participant prior to

the end of a performance period or settlement of Performance Awards.

SECTION 9.3 *Annual Incentive Awards Granted to Designated Covered Employees.* If the Committee determines that an Annual Incentive Award to be granted to an Eligible Employee who is designated by the Committee as likely to be a Covered Employee should qualify as performance-based compensation for purposes of section 162(m) of the Code, the grant, exercise and/or settlement of such Annual Incentive Award shall be contingent upon achievement of pre-established performance goals and other terms set forth in this Section 9.3.

(a) ***Potential Annual Incentive Awards.*** Not later than the end of the 90th day of each applicable year, or at such other date as may be required or permitted in the case of Awards intended to be performance-based compensation under section 162(m) of the Code, the Committee shall determine the Eligible Employees who will potentially receive Annual Incentive Awards, and the amounts potentially payable thereunder, for that fiscal year or other applicable period, either out of an Annual Incentive Award pool established by such date

Table of Contents

under Section 9.3(b) hereof or as individual Annual Incentive Awards. The amount potentially payable, with respect to Annual Incentive Awards, shall be based upon the achievement of a performance goal or goals based on one or more of the business criteria set forth in Section 9.2(b) hereof in the given performance year or period, as specified by the Committee.

(b) ***Annual Incentive Award Pool.*** The Committee may establish an Annual Incentive Award pool, which shall be an unfunded pool, for purposes of measuring performance of the Company in connection with Annual Incentive Awards. The amount of such Annual Incentive Award pool shall be based upon the achievement of a performance goal or goals based on one or more of the business criteria set forth in Section 9.2(b) hereof during the given performance period, as specified by the Committee in accordance with Section 9.3(a) hereof. The Committee may specify the amount of the Annual Incentive Award pool as a percentage of any of such business criteria, a percentage thereof in excess of a threshold amount, or as another amount which need not bear a strictly mathematical relationship to such business criteria.

(c) ***Payout of Annual Incentive Awards.*** After the end of each applicable year or other period, the Committee shall determine the amount, if any, of (A) the Annual Incentive Award pool, and the maximum amount of the potential Annual Incentive Award payable to each Participant in the Annual Incentive Award pool, or (A) the amount of the potential Annual Incentive Award otherwise payable to each Participant. The Committee may, in its discretion, determine that the amount payable to any Participant as a final Annual Incentive Award shall be reduced from the amount of his or her potential Annual Incentive Award, including a determination to make no final Award whatsoever, but may not exercise discretion to increase any such amount in the case of an Annual Incentive Award intended to qualify under section 162(m) of the Code. The Committee shall specify the circumstances in which an Annual Incentive Award shall be paid or forfeited in the event of termination of employment by the Participant prior to the end of the applicable year or period or settlement of such Annual Incentive Award.

SECTION 9.4 *Written Determinations.* All determinations by the Committee as to the establishment of performance goals, the amount of any Performance Award pool or potential individual Performance Awards, the achievement of performance goals relating to and final settlement of Performance Awards under Section 9.2, the amount of any Annual Incentive Award pool or potential individual Annual Incentive Awards, the achievement of performance goals relating to and final settlement of Annual Incentive Awards under Section 9.3 shall be made in writing in the case of any Award intended to qualify under section 162(m) of the Code. The Committee may not delegate any responsibility relating to such Performance Awards or Annual Incentive Awards.

SECTION 9.5 *Status of Section 9.2 and Section 9.3 Awards under Section 162(m) of the Code.* It is the intent of the Company that Performance Awards and Annual Incentive Awards under Sections 9.2 and 9.3 hereof granted to Covered Employees shall, if so designated by the Committee, constitute performance-based compensation within the meaning of section 162(m) of the Code and regulations thereunder. Accordingly, the terms of Sections 9.2, 9.3, 9.4, and 9.5, including the definitions of Covered Employee and other terms used therein, shall be interpreted in a manner consistent with section 162(m) of the Code and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Eligible Employee will be a covered employee under section 162(m) of the Code with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee, at the time of grant of a Performance Award or an Annual Incentive Award, who is likely to be a Covered Employee with respect to that fiscal year. If any provision of this Plan as in effect on the date of adoption of any agreements relating to Performance Awards or Annual Incentive Awards that are designated as intended to comply with section 162(m) of the Code does not comply or is inconsistent with the requirements of section 162(m) of the Code or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

ARTICLE X

OTHER AWARDS

SECTION 10.1 *Dividend Equivalents.* The Committee is authorized to grant Dividend Equivalents to an Eligible Employee, Eligible Director or Consultant, entitling the Participant to receive cash, Common Stock, other Awards, or other property equal in value to dividends paid with respect to a specified number of shares of Common Stock, or other periodic payments. Dividend Equivalents may be awarded on a free-standing basis or in connection with another Award. The Committee may provide that Dividend Equivalents shall be paid or distributed when accrued or shall be deemed to have been reinvested in additional Common Stock, Awards, or other investment vehicles, and subject to such restrictions on transferability and risks of forfeiture, as the Committee may specify.

A-12

SECTION 10.2 *Other Bonus Awards.* The Committee is authorized, subject to limitations under applicable law, to grant Other Bonus Awards to Participants, as deemed by the Committee to be consistent with the purposes of this Plan, including without limitation convertible or exchangeable debt securities, other rights convertible or exchangeable into Common Stock, purchase rights for Common Stock, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Committee, and Awards valued by reference to the book value of Common Stock or the value of securities of or the performance of specified Subsidiaries of the Company. The Committee shall determine the terms and conditions of such Other Bonus Awards. Common Stock delivered pursuant to an Other Bonus Award in the nature of a purchase right granted under this Section 10.2 shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including, without limitation, cash, Common Stock, other Awards, or other property, as the Committee shall determine. Cash awards, as an element of or supplement to any Other Bonus Award under this Plan, may also be granted pursuant to this Section 10.2.

ARTICLE XI

RECAPITALIZATION OR REORGANIZATION

SECTION 11.1 *No Effect on Right or Power.* The existence of the Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize any adjustment, Recapitalization, reorganization or other change in the Company's or any Affiliated Entity's capital structure or its business, any merger or consolidation of the Company or any Affiliated Entity, any issue of debt or equity securities ahead of or affecting Common Stock or the rights thereof, the dissolution or liquidation of the Company or any Affiliated Entity or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding. In no event will any action taken by the Committee pursuant to this Article XI result in creation of deferred compensation within the meaning of section 409A of the Code and the regulations and other guidance promulgated thereunder.

SECTION 11.2 *Subdivision or Consolidation of Shares; Stock Dividends.* The shares with respect to which Awards may be granted are shares of Common Stock as presently constituted, but if, and whenever, prior to the expiration of an Award theretofore granted, the Company shall effect a subdivision or consolidation of shares of Common Stock or the payment of a stock dividend on Common Stock without receipt of consideration by the Company, the number of shares of Common Stock with respect to which such Award may thereafter be exercised or satisfied and the number of shares of Common Stock authorized pursuant to Article IV of the Plan, as applicable (i) in the event of an increase in the number of outstanding shares, shall be proportionately increased, and the purchase price per share shall be proportionately reduced, and (ii) in the event of a reduction in the number of outstanding shares, shall be proportionately reduced, and the purchase price per share shall be proportionately increased. Any fractional share resulting from such adjustment shall be rounded up to the next whole share. Adjustments under this Section 11.2 shall be made by the Committee and its determination as to what adjustments shall be made and the extent thereof shall be final, binding and conclusive.

SECTION 11.3 *Recapitalizations and Change of Control Events.* If the Company undergoes a Recapitalization without the occurrence of a Change of Control Event, the number and class of shares of Common Stock covered by an Award theretofore granted shall be adjusted so that such Award shall thereafter cover the number and class of shares of stock and securities to which the Participant would have been entitled pursuant to the terms of the Recapitalization if, immediately prior to the Recapitalization, the Participant had been the holder of record of the number of shares of Common Stock then covered by such Award and the share limitations provided in Article IV shall be adjusted in a manner consistent with the Recapitalization. Upon a Change of Control Event the Committee, acting in its sole discretion without the consent or approval of any Participant, shall effect one or more of the following alternatives,

which alternatives may vary among individual Participants and which may vary among Grants held by any individual Participant: (1) accelerate the time at which Grants then outstanding may be exercised so that such Grants may be exercised in full for a limited period of time on or before a specified date (before or after such Change of Control Event) fixed by the Committee, after which specified date all unexercised Grants and all rights of Participants thereunder shall terminate, (2) require the mandatory surrender to the Company by all or selected Participants of some or all of the outstanding Grants held by such Participants (irrespective of whether such Grants are then exercisable under the provisions of the Plan) as of a date, before or after such Change of Control Event, specified by the Committee, in which event the Committee shall thereupon cancel such Grants and the Company shall pay (or cause to be paid) to each Participant an amount of cash per share equal to the excess, if any, of the Change of Control Value of the shares subject to such Grants over the exercise price(s) under such Grants for such shares (except that to the extent the exercise price under any such Grant is equal to or exceeds the Change of Control Value, in which case no amount shall be payable with respect to such Grant), or (3) make such adjustments to Grants then outstanding as the Committee deems appropriate to reflect such Change of Control Event (provided, however, that the Committee may determine in its sole discretion that no adjustment is necessary to Grants then outstanding),

A-13

including, without limitation, adjusting a Grant to provide that the number and class of shares of Common Stock covered by such Grant shall be adjusted so that such Grant shall thereafter cover securities of the surviving or acquiring corporation or other property (including, without limitation, cash), as determined by the Committee in its sole discretion.

SECTION 11.4 *Vesting Upon Change of Control Event.* Notwithstanding any other provision in this Plan to the contrary, unless expressly provided otherwise in the applicable Award Agreement, Awards granted under the Plan to any Eligible Employee, Consultant or Eligible Director shall be immediately vested, fully earned and exercisable upon the occurrence of a Change of Control Event.

SECTION 11.5 *Other Changes in the Common Stock.* In the event of changes in the outstanding Common Stock by reason of Recapitalizations, reorganizations, mergers, consolidations, combinations, split-ups, split-offs, spin-offs, exchanges or other relevant changes in capitalization or distributions to the holders of Common Stock occurring after the Date of Grant of any Award and not otherwise provided for by this Article XI, such Award and any Award Agreement shall be subject to adjustment by the Committee at its sole discretion as to the number and price of shares of Common Stock or other consideration subject to such Award. In the event of any such change in the outstanding Common Stock or distribution to the holders of Common Stock, or upon the occurrence of any other event described in this Article XI, the aggregate maximum number of shares available under the Plan, the aggregate maximum number of shares that may be issued under the Plan through Incentive Stock Options, Options generally, SARs, Restricted Stock Awards, RSUs, and Performance Awards, and the maximum number of shares that may be subject to Awards granted to any one individual may be appropriately adjusted to the extent, if any, determined by the Committee, whose determination shall be conclusive. Notwithstanding the foregoing, except as otherwise provided by the Committee, upon the occurrence of a Change of Control Event, the Committee, acting in its sole discretion without the consent or approval of any Participant, may require the mandatory surrender to the Company by all or selected Participants of some or all of the outstanding Annual Incentive Awards and Performance Awards as of a date, before or after such Change of Control Event, specified by the Committee, in which event the Committee shall thereupon cancel such Annual Incentive Awards and Performance Awards and the Company shall pay (or cause to be paid) to each Participant an amount of cash equal to the maximum value (which maximum value may be determined, if applicable and in the discretion of the Committee, based on the then Fair Market Value of the Common Stock) of such Annual Incentive Award or Performance Award which, in the event the applicable performance or vesting period set forth in such Annual Incentive Award or Performance Award has not been completed, shall be multiplied by a fraction, the numerator of which is the number of days during the period beginning on the first day of the applicable performance or vesting period and ending on the date of the surrender, and the denominator of which is the aggregate number of days in the applicable performance or vesting period.

SECTION 11.6 *Shareholder Action.* Any adjustment provided for in the above Subparagraphs shall be subject to any required shareholder action.

SECTION 11.7 *No Adjustments Unless Otherwise Provided.* Except as hereinbefore expressly provided, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Common Stock subject to Awards theretofore granted or the purchase price per share, if applicable. No fractional shares of Common Stock or units of other securities shall be issued pursuant to any such adjustment, and any fractional share resulting from such adjustment shall be rounded up to the next whole share.

ARTICLE XII

GENERAL

SECTION 12.1 *Changes to the Plan and Awards*. The Board may amend, alter, suspend, discontinue or terminate this Plan or the Committee's authority to grant Awards under this Plan without the consent of shareholders or Participants, except that any amendment or alteration to this Plan, including any increase in any share limitation, shall be subject to the approval of the Company's shareholders not later than the annual meeting next following such Board action if such shareholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Common Stock may then be listed or quoted, and the Board may otherwise, in its discretion, determine to submit other such changes to this Plan to shareholders for approval; provided, that, without the consent of an affected Participant, no such Board action may materially and adversely affect the rights of such Participant under any previously granted and outstanding Award. The Committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any Award theretofore granted and any Award agreement relating thereto, except as otherwise provided in this Plan; provided, however, that, without the consent of an affected Participant, no such Committee

action may materially and adversely affect the rights of such Participant under such Award. For purposes of clarity, any adjustments made to Awards pursuant to Article XI will be deemed *not* to materially and adversely affect the rights of any Participant under any previously granted and outstanding Award and therefore may be made without the consent of affected Participants.

SECTION 12.2 *Termination of Employment; Termination of Service.*

(a) If an Eligible Employee's employment with the Company, a Subsidiary or an Affiliated Entity terminates as a result of death, Disability or Retirement, the Eligible Employee (or personal representative in the case of death) shall be entitled to purchase all or any part of the shares subject to any vested Option for a period of up to three months from such date of termination (one year in the case of death or a Disability that is also a disability within the meaning of section 22(e)(3) of the Code, in lieu of the three-month period). If an Eligible Employee's employment terminates for any other reason, the Eligible Employee shall be entitled to purchase all or any part of the shares subject to any vested Option for a period of up to three months from such date of termination. In no event shall any Option be exercisable past the term of the Option. The Committee may, in its sole discretion, accelerate the vesting of unvested Awards in the event of termination of employment of any Participant.

(b) In the event a Consultant ceases to provide services to the Company or an Eligible Director terminates service as a director of the Company, the unvested portion of any Award shall be forfeited unless otherwise accelerated pursuant to the terms of the Eligible Director's or Consultant's Award Agreement or by the Committee. The Consultant or Eligible Director shall have a period of one year following the date he ceases to provide consulting services or ceases to be a director, as applicable, to exercise any Nonqualified Stock Options which are otherwise exercisable on his date of termination of service.

SECTION 12.3 *Limited Transferability Options.* The Committee may, in its discretion, authorize all or a portion of the Nonqualified Stock Options granted under this Plan to be on terms which permit transfer by the Participant to (i) the ex-spouse of the Participant pursuant to the terms of a domestic relations order, (ii) the Immediate Family Members of the Participant, (iii) a trust or trusts for the exclusive benefit of such Immediate Family Members, or (iv) a partnership or limited liability company in which such Immediate Family Members are the only partners or members. In addition there may be no consideration for any such transfer. The Award Agreement pursuant to which such Nonqualified Stock Options are granted shall expressly provide for transferability in a manner consistent with this paragraph. Subsequent transfers of transferred Nonqualified Stock Options shall be prohibited except as set forth below in this Section 12.3. All terms of the Award Agreement, including all vesting provisions, shall continue to apply to the Nonqualified Stock Option. The events of termination of employment of Section 12.2 hereof shall continue to be applied with respect to the original Participant, following which the Nonqualified Stock Options shall be exercisable by the transferee only to the extent, and for the periods specified in Section 12.2 hereof. No transfer pursuant to this Section 12.3 shall be effective to bind the Company unless the Company shall have been furnished with written notice of such transfer together with such other documents regarding the transfer as the Committee shall request. With the exception of a transfer in compliance with the foregoing provisions of this Section 12.3, all other types of Awards authorized under this Plan shall be transferable only by will or the laws of descent and distribution or with the Committee's advance approval, which may be given or withheld in the Committee's sole discretion; however, no such transfer shall be effective to bind the Company unless the Committee has been furnished with written notice of such transfer and an authenticated copy of the will and/or such other evidence as the Committee may deem necessary to establish the validity of the transfer and the acceptance by the transferee of the terms and conditions of such Award.

SECTION 12.4 *Withholding Taxes.* Unless otherwise paid by the Participant, the Company, its Subsidiaries or any of its Affiliated Entities shall be entitled to deduct from any payment under the Plan, regardless of the form of such

payment, the amount of all applicable income and employment taxes required by law to be withheld with respect to such payment or may require the Participant to pay to it such tax prior to and as a condition of the making of such payment. In accordance with any applicable administrative guidelines it establishes, the Committee may allow a Participant to pay the amount of taxes required by law to be withheld from an Award by (i) directing the Company to withhold from any payment of the Award a number of shares of Common Stock having a Fair Market Value on the date of payment equal to the amount of the required withholding taxes or (ii) delivering to the Company previously owned shares of Common Stock having a Fair Market Value on the date of payment equal to the amount of the required withholding taxes. However, any payment made by the Participant pursuant to either of the foregoing clauses (i) or (ii) shall not be permitted if it would result in an adverse accounting charge with respect to such shares used to pay such taxes unless otherwise approved by the Committee.

SECTION 12.5 *Regulatory Approval and Listings.* During the time that the Company is subject to the reporting requirements of section 12 of the Exchange Act, or earlier, in the sole discretion of the Committee, the Company shall file with the Securities and Exchange Commission and keep continuously effective, a Registration Statement on Form S-8 with respect to shares of Common Stock

subject to Awards hereunder. Notwithstanding anything contained in this Plan to the contrary, the Company shall have no obligation to issue shares of Common Stock under this Plan prior to the obtaining of any approval from, or satisfaction of any waiting period or other condition imposed by, any governmental agency or stock exchange which the Committee shall, in its sole discretion, determine to be necessary or advisable. In addition, and notwithstanding anything contained in this Plan to the contrary, while the Company is subject to the reporting requirements of section 12 of the Exchange Act, the Company shall have no obligation to issue shares of Common Stock under this Plan prior to:

- (a) the admission of such shares to listing on the stock exchange on which the Common Stock may be listed; and
- (b) the completion of any registration or other qualification of such shares under any state or Federal law or ruling of any governmental body which the Committee shall, in its sole discretion, determine to be necessary or advisable.

SECTION 12.6 *No Right to Continued Employment.* Participation in the Plan shall not give any Eligible Employee, Eligible Director or Consultant any right to remain in the employ of, or the right to continue in a service relationship with, the Company, any Subsidiary, or any Affiliated Entity. The Company or, in the case of employment or a service relationship with a Subsidiary or an Affiliated Entity, the Subsidiary or Affiliated Entity reserves the right to terminate any Eligible Employee, Eligible Director or Consultant at any time. Further, the adoption of this Plan shall not be deemed to give any Eligible Employee or any other individual any right to be selected as a Participant or to be granted an Award.

SECTION 12.7 *Reliance on Reports.* Each member of the Board and each member of the Committee shall be fully justified in relying or acting in good faith upon any report made by the independent public accountants of the Company and its Subsidiaries and upon any other information furnished in connection with the Plan by any person or persons other than himself or herself. In no event shall any person who is or shall have been a member of the Board or the Committee be liable for any determination made or other action taken or any omission to act in reliance upon any such report or information or for any action taken, including the furnishing of information, or failure to act, if in good faith.

SECTION 12.8 *Construction.* Masculine pronouns and other words of masculine gender shall refer to both men and women. The titles and headings of the Sections in the Plan are for the convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

SECTION 12.9 *Governing Law.* The Plan shall be governed by and construed in accordance with the laws of the State of Oklahoma except as superseded by applicable Federal law.

SECTION 12.10 *Other Laws or Rules.* It is the intent of the Company that the grant of any Awards to or other transaction by a Participant who is subject to section 16 of the Exchange Act shall be exempt from such section pursuant to an applicable exemption (except for transactions acknowledged in writing to be non-exempt by such Participant). Accordingly, if any provision of this Plan or any Award agreement does not comply with the requirements of Rule 16b-3 promulgated under the Exchange Act as then applicable to any such transaction, such provision shall be construed or deemed amended to the extent necessary to conform to the applicable requirements of Rule 16b-3 so that such Participant shall avoid liability under section 16(b) of the Exchange Act. The Board may refuse to issue or transfer any shares of Common Stock or other consideration under an Award if, acting in its sole discretion, it determines that the issuance or transfer of such shares or such other consideration might violate any applicable law, regulation, or stock exchange rule or entitle the Company to recover the same under section 16(b) of the Exchange Act, and any payment tendered to the Company by a Participant, other holder or beneficiary in connection with the exercise of such Award shall be promptly refunded to the relevant Participant, holder or

beneficiary.

SECTION 12.11 *No Trust or Fund Created.* Neither the Plan nor an Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company and a Participant or any other person. To the extent that a Participant acquires the right to receive payments from the Company pursuant to an Award, such right shall be no greater than the right of any general unsecured creditor of the Company.

SECTION 12.12 *Clawback.* Notwithstanding any other provisions in this Plan, any Award which is subject to recovery under any law, government regulation or stock exchange listing requirement, will be subject to such deductions and clawback as may be required to be made pursuant to such law, government regulation or stock exchange listing requirement (or any policy adopted by the Company pursuant to any such law, government regulation or stock exchange listing requirement).
