USE OF PROCEEDS

Unless we state differently in a prospectus supplement, we expect to use the net proceeds we receive from the sale of the securities offered by this prospectus and the accompanying prospectus supplement(s) for general corporate purposes.

DESCRIPTION OF THE DEBT SECURITIES

AND CONVERTIBLE DEBT SECURITIES

We may offer unsecured general obligations, which may be senior (the senior debt securities) or subordinated (the subordinated debt securities). The senior debt securities and the subordinated debt securities are together referred to in this prospectus as the debt securities. We also may offer convertible debt securities. The senior debt securities will have the same rank as all our other unsecured, unsubordinated debt. The subordinated debt securities may be senior or junior to, or rank pari passu with, our other subordinated obligations and will be entitled to payment only after payment on our Senior Indebtedness (as described below). The senior and subordinated debt securities will be structurally subordinated to creditors (including trade creditors) and our preferred stockholders and those of our subsidiaries.

The senior debt securities may be issued under the Indenture dated June 25, 2003 between us and Wells Fargo Bank, National Association (as successor by merger to Wells Fargo Bank Minnesota, National Association), as from time to time supplemented; may be issued under the Indenture dated December 4, 2009 between us and The Bank of New York Mellon, as from time to time supplemented; or, may be issued under a senior indenture to be entered into between us and the trustee named in the prospectus supplement. The subordinated debt securities will be issued under a subordinated indenture to be entered into between us and the trustee named in the prospectus supplement. We have summarized certain general features of the debt securities from the indenture. A Form of each senior indenture and a Form of subordinated indenture are attached as exhibits to the registration statement of which this prospectus forms a part. The following summary is of certain provisions of the Forms of senior indenture and subordinated indenture, and this summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the senior indenture and the provisions of the Trust Indenture Act of 1939 (the TIA), as amended.

The following description of the terms of the debt securities sets forth certain general terms and provisions. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which such general provisions may apply to the debt securities will be described in the related prospectus supplement. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the related prospectus supplement and to the following description.

General

The aggregate principal amount of debt securities that may be issued under the indentures is unlimited. The debt securities may be issued in one or more series as may be authorized from time to time.

Reference is made to the applicable prospectus supplement for the following terms of the debt securities (if applicable):

additions to or changes in the events of default with respect to the securities and any change in the right of the trustee or the holders to declare the principal, premium and interest with respect to such securities to be due and payable; and

additional terms not inconsistent with the provisions of the indenture.

One or more series of debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. One or more series of debt securities may be variable rate debt securities that may be exchanged for fixed rate debt securities.

United States federal income tax consequences and special considerations applicable to any such series will be described in the applicable prospectus supplement.

Debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. Information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked and certain additional United States federal income tax considerations will be set forth in the applicable prospectus supplement.

Table of Contents

The term **debt securities** includes debt securities denominated in U.S. dollars or, if specified in the applicable prospectus supplement, in any other freely transferable currency or units based on or relating to foreign currencies.

We expect most debt securities to be issued in fully-registered form without coupons and in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof. Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities which are issued in registered form may be transferred or exchanged at the office of the trustee maintained in the Borough of Manhattan, The City of New York or the principal corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Global Securities

We expect the following provisions to apply to all debt securities.

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary (the **depository**) identified in the prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depositary for such global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor.

The specific terms of the depositary arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the prospectus supplement. We expect that the following provisions will generally apply to depositary arrangements.

Upon the issuance of a global security, the depositary for such global security or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of the individual debt securities represented by such global security to the accounts of persons that have accounts with such depositary. Such accounts shall be designated by the dealers, underwriters or agents with respect to the debt securities or by us if such debt securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to persons that have accounts with the applicable depositary (**participants**) or persons that may hold interests through participants. Ownership of beneficial interests in such global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the applicable depositary or its nominee with respect to interests of participants and the records of participants with respect to interests of persons other than participants. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a global security.

So long as the depositary for a global security, or its nominee, is the registered owner of a global security, such depositary or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by that global security for all purposes under the indenture governing those debt securities. Except as provided below, owners of beneficial interests in a global security will not be entitled to have any of the individual debt securities of the series represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of any debt securities of such series in definitive form and will not be considered the owners or holders thereof under the indenture governing such debt securities.

Payments of principal, premium, if any, and interest, if any, on individual debt securities represented by a global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the global security representing the debt securities. None of Xerox, the trustee for the debt securities, any paying agent or the registrar for the debt securities will have any

Table of Contents

responsibility or liability for any aspect of the records relating to or payments made by the depositary or any participants on account of beneficial ownership interests of the global security for the debt securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depositary for a series of debt securities or its nominee, upon receipt of any payment of principal, premium or interest in respect of a permanent global security representing the debt securities, immediately will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security for the debt securities as shown on the records of the depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in a global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in street name. Such payments will be the responsibility of such participants.

If the depositary for a series of debt securities is at any time unwilling, unable or ineligible to continue as depositary and a successor depositary is not appointed by us within 90 days, we will issue definitive debt securities of that series in exchange for the global security or securities representing that series of debt securities. In addition, we may at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to the debt securities, determine not to have any debt securities of a series represented by one or more global securities, and, in such event, will issue definitive debt securities of that series in exchange for the global security or securities representing that series of debt securities. If definitive debt securities are issued, an owner of a beneficial interest in a global security will be entitled to physical delivery of definitive debt securities of the series represented by that global security equal in principal amount to that beneficial interest and to have the debt securities registered in its name. Definitive debt securities of any series so issued will be issued in denominations, unless otherwise specified by us, of \$2,000 and any integral multiple of \$1,000 in excess thereof.

Events of Default, Notice and Waiver

The following events are defined in the indenture as Events of Default with respect to a series of debt securities:

- (1) the failure to pay interest on debt securities of such series when the same becomes due and payable and the default continues for a continuous period of 30 days;
- (2) the failure to pay the principal on debt securities of such series, when such principal becomes due and payable, at maturity, upon redemption or otherwise;
- (3) a default in the observance or performance of any other covenant or agreement contained in the indenture which default continues for a period of 90 days after we receive written notice specifying the default (and demanding that such default be remedied) from the trustee or the holders of at least 25% of the outstanding principal amount of the debt securities of such series (except in the case of a default with respect to the Merger, Consolidation and Sale of Assets covenant, which will constitute an Event of Default with such notice requirement but without such passage of time requirement); or
- (4) certain events of bankruptcy affecting Xerox or any of its significant subsidiaries.

If an Event of Default (other than an Event of Default specified in clause (4) above with respect to Xerox) shall occur and be continuing, the trustee or the holders of at least 25% in principal amount of outstanding debt securities of the affected series under the indenture may declare the principal of and accrued interest on all the debt securities of such series under the indenture to be due and payable by notice in writing to Xerox and the trustee specifying the respective Event of Default and that it is a notice of acceleration, and the same shall become immediately due and payable. If an Event of Default specified in clause (4) above with respect to Xerox occurs and is continuing, then all unpaid principal of, and premium, if any, and accrued and unpaid interest on all of the outstanding debt securities shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder.

Table of Contents

The indenture will provide that, at any time after a declaration of acceleration with respect to a series of debt securities as described in the preceding paragraph, the holders of a majority in principal amount of debt securities of such series under the indenture may rescind and cancel such declaration and its consequences:

- (1) if the rescission would not conflict with any judgment or decree;
- (2) if all existing Events of Default have been cured or waived except nonpayment of principal or interest that has become due solely because of the acceleration;
- (3) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and
- (4) if Xerox has paid the trustee its reasonable compensation and reimbursed the trustee for its expenses, disbursements and advances.

No such rescission shall affect any subsequent Default or impair any right consequent thereto.

The holders of a majority in principal amount of the debt securities of the affected series under the indenture may waive any existing Default or Event of Default under such series, and its consequences, except a default in the payment of the principal of or interest on any debt securities of such series.

Holders of the debt securities may not enforce the indenture or the debt securities except as provided in the indenture and under the TIA. Subject to the provisions of the indenture relating to the duties of the trustee, the trustee is under no obligation to exercise any of its rights or powers under the indenture at the request, order or direction of any of the holders, unless such holders have offered to the trustee reasonable indemnity. Subject to all provisions of the indenture and applicable law, the holders of a majority in aggregate principal amount of the then outstanding debt securities of any affected series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee.

Under the indenture, Xerox is required to provide an officers' certificate to the trustee promptly upon any such officer obtaining knowledge of any Default or Event of Default (provided that such officers shall provide such certification at least annually whether or not they know of any Default or Event of Default) that has occurred and, if applicable, describe such Default or Event of Default and the status thereof.

Legal Defeasance and Covenant Defeasance

Xerox may, at its option and at any time, elect to have its obligations discharged with respect to any series of the outstanding debt securities (Legal Defeasance). Such Legal Defeasance means that Xerox shall be deemed to have paid and discharged the entire indebtedness represented by such series of outstanding debt securities, except for:

- (1) the rights of holders of such series to receive payments in respect of the principal of, premium, if any, and interest on such series of debt securities when such payments are due from the trust fund referred to below;
- (2) Xerox's obligations with respect to such series of debt securities concerning issuing temporary debt securities, issuing debt securities to replace mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payments;
- (3) the rights, powers, trust, duties and immunities of the trustee and Xerox's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the indenture.

Table of Contents

In addition, Xerox may, at its option and at any time, elect to have its obligations released with respect to certain covenants (other than, among others, the covenant to make payments in respect of the principal, premium, if any, and interest on the debt securities) that are described in the indenture (Covenant Defeasance), and, thereafter, any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the applicable series of the debt securities. In the event Covenant Defeasance occurs, certain events (not including nonpayment, bankruptcy, receivership, reorganization and insolvency events) described under Events of Default will no longer constitute Events of Default with respect to the debt securities. We may exercise our Legal Defeasance option notwithstanding our prior exercise of our Covenant Defeasance option.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) We must irrevocably deposit with the trustee, in trust for the benefit of the holders of the applicable series of debt securities, cash in U.S. dollars, non-callable U.S. government obligations, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the applicable debt securities on the stated date for payment thereof or on the applicable redemption date, as the case may be;

(2) in the case of Legal Defeasance, we shall have delivered to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee confirming that:

(a) Xerox has received from, or there has been published by, the Internal Revenue Service a ruling; or

(b) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the applicable holders will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, Xerox shall have delivered to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee confirming that the applicable holders will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default shall have occurred and be continuing on the date of such deposit or insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under, the indenture or any other material agreement or instrument to which Xerox or any of its Subsidiaries is a party or by which Xerox or any of its Subsidiaries is bound;

(6) Xerox shall have delivered to the trustee an officers' certificate stating that the deposit was not made by Xerox with the intent of preferring the holders over any other creditors of Xerox or with the intent of defeating, hindering, delaying or defrauding any other creditors of Xerox or others;

(7) Xerox shall have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(8) certain other customary conditions precedent are satisfied.

Notwithstanding the foregoing, the opinion of counsel required by clause (2) above with respect to a Legal Defeasance need not be delivered if all debt securities not theretofore delivered to the trustee for cancellation (1) have become due and payable or (2) will become due and payable on the maturity date within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the expense, of Xerox.

Table of Contents

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect (except as to surviving rights of transfer or exchange of the applicable debt securities, as expressly provided for in the indenture) as to all outstanding debt securities of any series under the indenture when:

(1) either:

(a) all the debt securities of such series theretofore authenticated and delivered (except lost, stolen or destroyed debt securities which have been replaced or paid and debt securities for whose payment money has theretofore been deposited in trust or segregated and held in trust by Xerox and thereafter repaid to Xerox or discharged from such trust) have been delivered to the trustee for cancellation; or

(b) all debt securities of such series not theretofore delivered to the trustee for cancellation have become due and payable within one year or as a result of a mailing of a notice of redemption; and

Xerox has irrevocably deposited or caused to be deposited with the trustee cash or non-callable U.S. government obligations or a combination thereof in an amount sufficient to pay and discharge the entire Indebtedness on such debt securities not theretofore delivered to the trustee for cancellation, for principal of, premium, if any, and interest on such debt securities to the date of deposit together with irrevocable instructions from Xerox directing the trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(2) Xerox has paid all other sums payable under the indenture in respect of such debt securities by Xerox; and

(3) Xerox has delivered to the trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture in respect of such debt securities have been complied with.

Modification of the Indenture

From time to time, Xerox and the trustee, without the consent of the holders of debt securities of any series, may amend the indenture for certain specified purposes, including curing ambiguities, defects or inconsistencies, complying with the covenant described under Provisions Applicable Only to Senior Debt Securities Covenants Merger, Consolidation and Sale of Assets, complying with any requirement of the Securities and Exchange Commission (SEC) in connection with qualifying, or maintaining the qualification of, the indenture under the TIA and making any change that does not adversely affect the rights of any holder of such debt securities in any material respect. Other modifications and amendments of the indenture as it applies to a series of debt securities may be made with the consent of the holders of a majority in principal amount of the then outstanding debt securities of such series, except that, without the consent of each holder affected thereby, no amendment may:

(1) reduce the amount of debt securities whose holders must consent to an amendment;

(2) reduce the rate of or change or have the effect of changing the time for payment of interest, including defaulted interest, on any debt securities;

(3) reduce the principal of or change or have the effect of changing the fixed maturity of any debt securities, or change the date on which any debt securities may be subject to redemption or reduce the redemption price therefor;

(4) make any debt securities payable in money other than that stated in the debt securities;

(5) make any change in provisions of the indenture protecting the right of each holder to receive payment of principal of and interest on such debt securities on or after the due date thereof or to bring suit to enforce such payment, or permitting holders of a majority in principal amount of debt securities to waive Defaults or Events of Default;

(6) modify or change any provision of the indenture or the related definitions affecting the ranking of the debt securities in a manner which adversely affects the holders.

Table of Contents

Governing Law

The indenture and the debt securities shall be construed in accordance with and governed by the laws of the State of New York, without giving effect to the principles thereof relating to conflicts of law (other than Section 5-1401 of the General Obligations Law of the State of New York, and any successor statute or statutes).

Debt securities may be convertible into or exchangeable for our common stock or preferred stock. The prospectus supplement will describe the terms of any conversion rights.

Set forth below are summaries of certain covenants contained in the senior indenture.

Limitation on Liens. Xerox will not create or suffer to exist, or permit any of its Specified Subsidiaries to create or suffer to exist, any Lien, or any other type of preferential arrangement, upon or with respect to any of its properties (other than margin stock as that term is defined in Regulation U issued by the Board of Governors of the Federal Reserve System), whether now owned or hereafter acquired, or assign, or permit any of its Specified Subsidiaries to assign, any right to receive income, in each case to secure any Indebtedness (other than Indebtedness described in clauses (5) and (8) of the definition of Indebtedness herein) without making effective provision whereby all of the debt securities (together with, if Xerox shall so determine, any other Indebtedness of Xerox or such Specified Subsidiary then existing or thereafter created which is not subordinate to the debt securities) shall be equally and ratably secured with the Indebtedness secured by such security (provided that any Lien created for the benefit of the holders of the debt securities pursuant to this sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that resulted in such provision becoming applicable, unless a Default or Event of Default shall then be continuing); provided, however, that Xerox or its Specified Subsidiaries may create or suffer to exist any Lien or preferential arrangement of any kind in, of or upon any of the properties or assets of Xerox or its Specified Subsidiaries to secure Indebtedness if upon creation of such Lien or arrangement and after giving effect thereto, the aggregate principal amount of Indebtedness secured by Liens would not exceed the greater of (i) \$2.0 billion and (ii) 20% of the Consolidated Net Worth of Xerox; and provided, further, that the foregoing restrictions or limitations shall not apply to any of the following:

- (1) deposits, liens or pledges arising in the ordinary course of business to enable Xerox or any of its Specified Subsidiaries to exercise any privilege or license or to secure payments of workers' compensation or unemployment insurance, or to secure the performance of bids, tenders, leases, contracts (other than for the payment of borrowed money) or statutory landlords' liens or to secure public or statutory obligations or surety, stay or appeal bonds, or other similar deposits or pledges made in the ordinary course of business;
- (2) Liens imposed by law or other similar Liens, if arising in the ordinary course of business, such as mechanic's, materialman's, workman's, repairman's or carrier's liens, or deposits or pledges in the ordinary course of business to obtain the release of such Liens;
- (3) Liens arising out of judgments or awards against Xerox or any of its Specified Subsidiaries in an aggregate amount not to exceed at any time outstanding under this clause (3) the greater of (a) 15% of the Consolidated Net Worth of Xerox or (b) the minimum amount which, if subtracted from such Consolidated Net Worth, would reduce such Consolidated Net Worth below \$3.2 billion and, in each case, with respect to which Xerox or such Specified Subsidiary shall in good faith be prosecuting an appeal or proceedings for review, or Liens for the purpose of obtaining a stay or discharge in the course of any legal proceedings;

(4) Liens for taxes if such taxes are not delinquent or thereafter can be paid without penalty, or are being contested in good faith by appropriate proceedings, or minor survey exceptions or minor encumbrances, easements or restrictions which do not in the aggregate materially detract from the value of the property so encumbered or restricted or materially impair their use in the operation of the business of Xerox or any Specified Subsidiary owning such property;

(5) Liens in favor of any government or department or agency thereof or in favor of a prime contractor under a government contract and resulting from the acceptance of progress or partial payments under government contracts or subcontracts thereunder;

(6) Liens existing on December 1, 1991;

(7) purchase money liens or security interests in property acquired or held by Xerox or any Specified Subsidiary in the ordinary course of business to secure the purchase price thereof or Indebtedness incurred to finance the acquisition thereof;

(8) Liens existing on property at the time of its acquisition;

(9) the rights of Xerox Credit Corporation relating to a certain reserve account established pursuant to an operating agreement dated as of November 1, 1980, between Xerox and Xerox Credit Corporation;

(10) the replacement, extension or renewal of any of the foregoing; and

(11) Liens on any assets of any Specified Subsidiary of up to \$500.0 million incurred since December 1, 1991 in connection with the sale or assignment of assets of such Specified Subsidiary for cash where the proceeds are applied to repayment of Indebtedness of such Specified Subsidiary and/or invested by such Specified Subsidiary in assets which would be reflected as receivables on the balance sheet of such Specified Subsidiary.

In addition, if any Capital Markets Debt of Xerox or any Restricted Subsidiary becomes secured by a Lien pursuant to any provision similar to the covenant in the immediately preceding paragraph, then, for so long as such Capital Markets Debt of Xerox is secured by such Lien (and provided that any Lien created for the benefit of the holders of the debt securities pursuant to this sentence shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that resulted in the imposition of the Lien hereunder):

(1) in the case of a Lien securing Subordinated Indebtedness, the debt securities shall be secured by a Lien on the same property as such Lien that is senior in priority to such Lien; and

(2) in all other cases, the debt securities shall be equally and ratably secured by a Lien on the same property as such Lien.

Merger, Consolidation and Sale of Assets. Xerox will not, in a single transaction or series of related transactions, consolidate or merge with or into any Person, or sell, assign, transfer, lease, convey or otherwise dispose of (or cause or permit any Restricted Subsidiary of Xerox to sell, assign, transfer, lease, convey or otherwise dispose of) all or substantially all Xerox's assets (determined on a consolidated basis for Xerox and Xerox's Restricted Subsidiaries) whether as an entirety or substantially as an entirety to any Person unless:

(1) either:

(a) Xerox shall be the surviving or continuing corporation; or

(b) the Person (if other than Xerox) formed by such consolidation or into which Xerox is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of Xerox and of Xerox's Restricted Subsidiaries substantially as an entirety (the Surviving Entity);

(x) shall be a corporation organized and validly existing under the laws of the United States or any State thereof or the District of Columbia; and

(y) shall expressly assume, by supplemental indenture (in form and substance satisfactory to the trustee), executed and delivered to the trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the debt securities and the performance of every covenant of the debt securities and the indenture on the part of Xerox to be performed or observed;

(2) immediately after giving effect to such transaction and the assumption contemplated by clause (1)(b)(y) above, no Default or Event of Default shall have occurred or be continuing; and

(3) Xerox or the Surviving Entity shall have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, sale, assignment, transfer, lease, conveyance or other disposition and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with the applicable provisions of the indenture and that all conditions precedent in the indenture relating to such transaction have been satisfied.

For purposes of the foregoing, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all the properties or assets of one or more Restricted Subsidiaries of Xerox, the Capital Stock of which constitutes all or substantially all the properties and assets of Xerox, shall be deemed to be the transfer of all or substantially all the properties and assets of Xerox.

The indenture provides that upon any consolidation, combination or merger or any transfer of all or substantially all the assets of Xerox in accordance with the foregoing, in which Xerox is not the continuing corporation, the successor Person formed by such consolidation or into which Xerox is merged or to which such conveyance, lease or transfer is made shall succeed to, and be substituted for, and may exercise every right and power of, Xerox under the indenture and the debt securities with the same effect as if such surviving entity had been named as such.

Notwithstanding the foregoing, Xerox need not comply with clause (2) of the first paragraph of this covenant in connection with (x) a sale, assignment, transfer, conveyance or other disposition of assets between or among Xerox and any of its Wholly Owned Restricted Subsidiaries or (y) any merger of Xerox with or into any Wholly Owned Restricted Subsidiary or (z) a merger by Xerox with an Affiliate incorporated or organized solely for the purpose of reincorporating or reorganizing Xerox in another jurisdiction.
