FIRST QUARTER 2013 FINANCIAL RESULTS

First Quarter 2013 Highlights as Compared to First Quarter 2012:

For the first quarter of 2013:

Net revenue was RMB572.8 million (US\$92.2 million), up 12.6% from the first quarter of 2012.

Gross profit was RMB490.5 million (US\$79.0 million), up 11.2 % from the first quarter of 2012. Gross profit margin was 85.6%.

Net income attributable to the Company's shareholders was RMB326.0 million (US\$52.5 million), up 11.6% from the first quarter of 2012. The margin of net income attributable to the Company's shareholders was 56.9%.

Basic and diluted earnings per American Depositary Share (ADS) which represents one ordinary share, were RMB1.36 (US\$0.22) and RMB1.32 (US\$0.21), respectively, compared to basic and diluted earnings per ADS of RMB1.24 and RMB1.22, respectively, for the first quarter of 2012.

Non-GAAP net income attributable to the Company's shareholders was RMB342.7 million (US\$55.2 million), up 6.3% from the first quarter of 2012. The margin of non-GAAP net income attributable to the Company's shareholders was 59.8%.

Basic and diluted non-GAAP earnings per ADS were RMB1.43 (US\$0.23) and RMB1.39 (US\$0.22), respectively, compared to basic and diluted non-GAAP earnings per ADS of RMB1.37 and RMB1.34, respectively, for the first quarter 2012.

Please refer to the Use of Non-GAAP Financial Measures section commencing on page 4, for a reconciliation between net income attributable to the Company's shareholders on a GAAP and non-GAAP basis.

Results of Operations

Comparison of the three months ended March 31, 2012 and 2013 (unaudited)

Net Revenue

	Three Months Ended

Total net revenue	508,780	572,845	12.6%

Licensing revenues	13,190	15,458	17.2%
Other revenue, net	6,057	103	(98.3%)

Net revenue for the first quarter of 2013 was RMB572.8 million (US\$92.2 million), representing a 12.6% increase from RMB508.8 million in the first quarter 2012. Net revenue from online games in the first quarter of 2013 totaled RMB557.3 million (US\$89.7 million), representing a 13.8% increase from RMB489.5 million in the first quarter 2012, primarily due to the continued growth of ZT Online 2 and the contribution from its micro-client version operated on Qihoo 360's platform. Net revenue from licensing revenues in the first quarter of 2013 was RMB15.5 million (US\$2.5 million), representing a 17.2% increase from RMB13.2 million in the first quarter 2012, primarily due to license termination payments received from two game operators in Taiwan and Vietnam. The decrease in other revenue primarily reflects the payment of a one-time technical service fee that the Company received from its equity investee in the first quarter of 2012.

Table of Contents*Cost of Services*

	Three Months Ended March 31, 2012 2013 % Change		
	(unaudited, in thousands RMB, except percentage data)		
Cost of services	(67,617)	(82,375)	21.8%
% of net revenue	(13.3%)	(14.4%)	
Gross profit	441,163	490,470	11.2%
Gross profit margin	86.7%	85.6%	

Cost of services for the first quarter of 2013 was RMB82.4 million (US\$13.3 million), representing a 21.8% increase from the first quarter of 2012. The increase in cost of services was mainly due to the overall growth of the Company's business operations, increased cash compensation for related personnel and a provision of impairment of one of the Company's games that the management considered to be underperforming. In addition, a pilot program on value added tax, or VAT, was promulgated by PRC tax authorities in 2012 in certain pilot cities and provinces, including Shanghai, Beijing, Zhejiang and Jiangsu where our subsidiaries or affiliates locate. Such pilot program and its interpretation and enforcement involve significant uncertainties, and our VAT expenses, which account for a substantial portion of our cost of services, may be impacted if we are required to pay VAT in these cities and provinces at a higher tax rate than the 5% business tax rate before the promulgation of such pilot program.

Gross profit for the first quarter of 2013 was RMB490.5 million (US\$79.0 million), representing an 11.2% increase from the first quarter of 2012. Gross margin for the first quarter of 2013 was 85.6%, at substantially the same level as in the first quarter 2012.

Total operating expenses for the first quarter of 2013 were RMB129.6 million (US\$20.9 million), representing a 4.3% increase from RMB124.2 million in the first quarter of 2012. As a percentage of revenue, total operating expenses were 22.6% for the first quarter of 2013, compared to 24.4% in the first quarter 2012. The increase in operating expenses was primarily attributable to the increase in research and development and sales and marketing expenses in the first quarter of 2013, partially offset by a decrease in general and administrative expenses, as compared to the first quarter 2012.

Research and development expenses for the first quarter of 2013 were RMB77.6 million (US\$12.5 million), representing a 5.4% increase from RMB73.6 million in the first quarter of 2012. As a percentage of revenue, R&D expenses were 13.5% for the first quarter of 2013, compared to 14.5% in the first quarter of 2012. The increase was primarily due to the increased personnel cost as a result of the expansion of the Company's game development teams and an increase in software amortization, partially offset by decreased share-based compensation expenses as a result of the application of the accelerated amortization method pursuant to Company's accounting policy for its share-based compensation expenses associated with its restricted shares granted in November 2011. See Item 5 of our annual report on Form 20-F for the year ended December 31, 2012 for relevant accounting policy.

Table of Contents

Sales and marketing expenses for the first quarter of 2013 were RMB30.3 million (US\$4.9 million), representing a 34.7% increase from RMB22.5 million in the first quarter of 2012. As a percentage of revenue, sales and marketing expenses were 5.3% in the first quarter of 2013, compared to 4.4% in the first quarter of 2012. The increase was mainly due to the higher marketing expenses incurred in the first quarter of 2013 to promote the new expansion packs for ZT Online 2 and ZT Online Green Edition.

General and administrative expenses for the first quarter of 2013 were RMB31.6 million (US\$5.1 million), representing a 16.8% decrease from RMB38.0 million in the first quarter of 2012. As a percentage of revenue, general and administrative expenses were 5.5% in the first quarter of 2013, compared to 7.5% in the first quarter of 2012. The decrease in general and administrative expenses was mainly due to the decrease in share-based compensation expenses through application of the accelerated amortization method pursuant to the Company's accounting policy for its share-based compensation expenses associated with its restricted shares granted in November 2011 and a decrease in depreciation expense related to the Company's land use rights with respect to a parcel of land in Zhuhai, Guangdong that the Company acquired in 2009 and which was re-acquired in 2012.

The amount of government financial incentives the Company recorded in the first quarter of 2013 was RMB10.0 million (US\$1.6 million), which was also flat with the first quarter of 2012. This contingent financial incentive mainly relates to the refund of business tax, value-added tax, and enterprise income tax from the Shanghai municipal government. The Company records such government financial incentives as a reduction in operating expenses in the period when it is received.

Interest Income

Interest income for the first quarter of 2013 was RMB25.0 million (US\$4.0 million), representing an 11.7% increase from RMB22.4 million in the first quarter 2012. The increase in interest income was due to a larger cash and cash equivalent balance.

Income Tax Expense

Income tax expense for the first quarter of 2013 was RMB48.0 million (US\$7.7 million), compared to income tax expense of RMB28.4 million in the first quarter 2012. The year-over-year increase was primarily due to the expiration of tax exemption periods for certain game development studios in the first quarter of 2013. In accordance with the relevant preferential tax treatment rules, these game studios began to pay tax at a reduced income tax rate of 12.5% in the first quarter of 2013 as opposed to the tax exemption enjoyed in the first quarter of 2012.

Liquidity and Capital Resources

As of March 31, 2013, the Company had RMB2,228.0 million (US\$358.7 million) in cash, cash equivalents and RMB777.5 million (US\$125.2 million) in short-term investments. The following table sets forth a summary of our cash flows for the periods indicated:

Net cash used in financing activities in the three months ended March 31, 2012 consisted primarily of RMB197.6 million and RMB17.2 million paid to shareholders and non-controlling interest, respectively, partially offset by RMB15.7 million in proceeds from the exercising of share options.

Currency Convenience Translation

This report on Form 6-K contains translations of certain Renminbi (RMB) amounts into US dollars (US\$) at the rate of US\$1.00 to RMB6.2108, which was the noon buying rate as of March 31, 2013 in the City of New York for cable transfers in Renminbi per US dollar as certified for customs purposes by the Federal Reserve Bank of New York. The Company makes no representation that the Renminbi or US dollar amounts referred to in this report could have been, or could be, converted into US dollars at such rate or at all.

Use of Non-GAAP Financial Measures

The Company has reported net income attributable to the Company's shareholders for the period indicated below on a non-GAAP basis excluding non-cash share-based compensation. The Company believes that both management and investors benefit from referring to these non-GAAP financial measures in assessing the performance of the Company as well as when planning and forecasting future periods.

Readers are cautioned not to view non-GAAP results on a stand-alone basis or as a substitute for results under GAAP, or as being comparable to results reported or forecasted by other companies, and should refer to the reconciliation of GAAP results with non-GAAP results in the attached financial information.

The table below sets forth the reconciliation of GAAP measures to non-GAAP measures for the indicated periods:

NOTES TO THE UNAUDITED INTERIM CONDENSED CONSOLIDATED

FINANCIAL STATEMENTS

1. NATURE OF OPERATIONS

The unaudited interim condensed consolidated financial statements include the financial statements of Giant Interactive Group Inc. (the Company or Giant Interactive), its subsidiaries, Shanghai Giant Network Technology Co., Ltd. (Giant Network or the VIE) and its consolidated entities, collectively referred to as the Group .

The Group is engaged in the development and operation of online games in the People's Republic of China (the PRC). The Group primarily develops and operates online games through its PRC subsidiaries, the VIE and its consolidated entities.

2. BASIS OF PRESENTATION

The unaudited interim condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP). All inter-company transactions and balances among the Company, its subsidiaries, VIE and its consolidated entities were eliminated upon consolidation.

In the opinion of management, the unaudited interim condensed consolidated financial statements, which comprise the condensed consolidated balance sheet of the Company as of March 31, 2013, the condensed consolidated statements of comprehensive income and the condensed consolidated statements of cash flows for the three-month periods ended March 31, 2012 and 2013, reflect all adjustments, consisting of normal and recurring adjustments, necessary to present fairly the Company's consolidated financial position as of March 31, 2013, the Company's consolidated results of operations and consolidated cash flows for the three-month periods ended March 31, 2012 and 2013. Interim period results are not necessarily indicative of results of operations or cash flows for a full-year or any subsequent interim period. The consolidated balance sheet at December 31, 2012 has been derived from audited financial statements at that date, but does not include all disclosures required by U.S. GAAP for complete financial statements. Because all of the disclosures required by U.S. GAAP for complete financial statements are not included herein, these unaudited interim condensed financial statements and the notes accompanying them should be read in conjunction with the Company's audited financial statements and the notes thereto included in its Annual Report on Form 20-F for the year ended December 31, 2012.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Management bases estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from these estimates.

1) Convenience translation

Amounts in US\$ are presented for the convenience of the reader and are translated at the noon buying rate of US\$1.00 to RMB6.2108 on March 31, 2013 in the City of New York for cable transfers of RMB as certified for customs

purposes by the Federal Reserve Bank of New York. No representation is made that the RMB amounts could have been, or could be, converted into US\$ at such rate.

2) Basis of Consolidation

PRC laws and regulations restrict foreign ownership to operate online games. In order to comply with these foreign ownership restrictions, the Company operates its online games in China through Giant Network, a variable interest entity, which is 75% owned by Mr. Yuzhu Shi, who is also a principal shareholder of the Company. Shanghai Zhengtu Information Technology Co., Ltd. (Zhengtu Information) has the unilateral right to control Giant Network, including its financial interests, through a number of contractual arrangements, such as the *Power of Attorney, Purchase Option and Cooperation Agreement, Share Pledge Agreement, Letter of Financial Support* (collectively the Share and Pledge Agreements) and other contractual agreements, such as *Online Games Software Sales and Licensing Agreements* and *Exclusive Technical Consulting and Service Agreements* (the Licensing and Service Agreements) which have been entered into amongst Zhengtu Information, Giant Network and its equity holders, which are disclosed in detail within Note 2 to the Company s audited financial statements and therefore should be read in conjunction with these unaudited interim condensed financial statements.

During the three-month periods ended March 31, 2012 and 2013, total fees charged under the Licensing and Service Agreements totaled approximately RMB424,000,000 and RMB414,000,000 (US\$67,000,000), respectively, which represented substantially all of Giant Network s operating profits for the periods presented.

As of March 31, 2013, the share capital and accumulated loss of Giant Network was RMB10,000,000 (US\$1,610,099) and RMB3,575,067 (US\$575,621), respectively, as compared to share capital and accumulated loss of RMB10,000,000 and RMB54,957,718, respectively, as of December 31, 2012.

The Group s VIE is subject to a 5% business tax and related surcharges on the revenues earned from the sale of game points by Giant Network are deducted from online game revenues. Certain subsidiaries of the Company are also subject to overseas withholding taxes and related surcharges on their royalty income earned and are deducted from overseas licensing income. Such business tax and related surcharges for the three-month periods ended March 31, 2012 and 2013 was RMB29,778,993 and RMB29,395,185 (US\$4,732,915), respectively.

2. BASIS OF PRESENTATION (CONT D)

2) Basis of Consolidation (Cont d)

In the opinion of management and the Company's PRC counsel, (i) the ownership structure of the Company and Giant Network, through Zhengtu Information, are in compliance with existing PRC laws and regulations, (ii) the contractual arrangements with Giant Network and its shareholder are valid, binding, enforceable and will not result in any violation of PRC laws or regulations currently in effect; and (iii) the Company's business operations are in compliance with existing PRC laws and regulations in all material respects.

However, there are substantial uncertainties regarding the interpretation and application of current and future PRC laws and regulations. Accordingly, the Company cannot be assured that the PRC regulatory authorities will not ultimately take a contrary view to its opinion. If the current ownership structure of the Company and its contractual arrangements with Giant Network, through Zhengtu Information, are prospectively found to be in violation of any existing or future PRC laws and regulations, the Company may be required to restructure its ownership structure and operations in the PRC to comply with the new PRC laws and regulations. The restructuring of its organization structure to comply with new PRC laws and regulations may cause the Company to lose control of its VIE, thus resulting in its deconsolidation. In the opinion of management and the Company's PRC counsel, the likelihood of such events provoking deconsolidation in respect of the Company's current ownership structure or the contractual arrangements with Giant Network is remote based on current facts and circumstances.

As of December 31, 2012 and March 31, 2013, the aggregate carrying amounts of the total assets and total liabilities of Giant Network and its consolidated entities were RMB832,228,256 and RMB2,123,210,248 (US\$341,857,772) and RMB640,142,564 and RMB582,574,375 (US\$93,800,214), respectively. There were no pledges or collateralization of Giant Network and its consolidated entities' assets which may only be used to settle Giant Network and its consolidated entities' obligations during the periods presented. For the periods presented, creditors of Giant Network and its consolidated entities did not have recourse to the general credit of the Company, who is also considered the primary beneficiary of Giant Network through Zhengtu Information, and as such, these amounts have been parenthetically presented on the face of the Unaudited Interim Condensed Consolidated Balance Sheets. The Company has not provided any financial or other support that it was not previously contractually required to provide to Giant Network during the periods presented.

7. HELD-TO-MATURITY SECURITIES

During the second quarter of 2011, the Company invested RMB100,000,000 in CR Trust with an overall variable total yield ranging from 14% to 19.5% per year (including a fixed yield of 3% per year). The term of the CR Trust is five years with an option for the beneficiaries to redeem after the end of three years from the date of establishment. Such option is not exercisable by the beneficiaries when the trust has previously distributed principal amounts of more than 60% of the total initial trust fund at establishment. The investment is guaranteed by China Yin Tai Holding Co., Ltd.. Management has accounted for this investment as a held-to-maturity security in accordance with ASC 320-10 at amortized cost.

In May, 2012, the Company received RMB10,000,000 repayment of the capital and continued to hold the remaining RMB90,000,000 in CR Trust as a held-to-maturity security. The estimated fair value of the investment as of December 31, 2012 and March 31, 2013, respectively, ranged from RMB118,000,000 to RMB134,000,000, determined using an income approach.

In February 2012, the Company invested RMB100,000,000 in Bank of Communications (Zhuhai) Branch for a two-year time deposit with fixed annual interest rate of 4.4%. The interest will be paid to the Company along with the principal amount at the maturity date of the investment in February 2014. The estimated fair value of the investment as of December 31, 2012 and March 31, 2013 approximated their respective carrying values at such dates as there were no impairment indicators present, nor events or changes in circumstances having occurred or were expected to occur, since the inception of the Company's investment in the time deposit that would have an adverse effect on the underlying value of the investment.

There were no impairment indicators associated with the held-to-maturity securities as of December 31, 2012 and March 31, 2013.

The Company recorded interest income related to above investments amounting to RMB1,163,501 and RMB1,765,753 (US\$284,304) for the three-month periods ended March 31, 2012 and 2013, respectively.

15. FAIR VALUE MEASUREMENT

Effective January 1, 2008, the Group adopted ASC subtopic 820-10 (ASC 820-10), Fair Value Measurement and Disclosure: Overall. ASC 820-10 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Although the adoption of ASC 820-10 did not impact the Group's financial condition, results of operations or cash flow, ASC 820-10 requires additional disclosures to be provided on fair value measurement.

ASC 820-10 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 Include other inputs that are directly or indirectly observable in the marketplace.

Level 3 Unobservable inputs which are supported by little or no market activity.

ASC 820-10 describes three main approaches to measuring the fair value of assets and liabilities: (1) market approach; (2) income approach and (3) cost approach. The market approach uses prices and other relevant information generated from market transactions involving identical or comparable assets or liabilities. The income approach uses valuation techniques to convert future amounts to a single present value amount. The measurement is based on the value indicated by current market expectations about those future amounts. The cost approach is based on the amount that would currently be required to replace an asset.

15. FAIR VALUE MEASUREMENT (CONT D)

In accordance with ASC 820-10, the Company measures cash equivalents, short-term investments, available-for-sale securities, and held-to-maturity securities at fair value. Fixed rate time deposits recorded as cash equivalents, short-term investments or held-to-maturity are classified within Level 1 as they are valued using a quoted market price in active markets for identical assets. Available-for-sale securities and investment in CR Trust recorded as held-to-maturity securities are classified within Level 3 as they are valued based on a model utilizing unobservable inputs which require significant management judgment and estimation.

Assets measured at fair value on a recurring basis are summarized below:
