AMERICAN GREETINGS CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Three Months Ended May 31, 2013 and May 25, 2012

Note 1 Basis of Presentation

The accompanying unaudited consolidated financial statements of American Greetings Corporation and its subsidiaries (the Corporation) have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary to fairly present financial position, results of operations and cash flows for the periods have been included.

The Corporation's fiscal year ends on February 28 or 29. References to a particular year refer to the fiscal year ending in February of that year. For example, 2013 refers to the year ended February 28, 2013. The Corporation's subsidiary, AG Retail Cards Limited, which operates the recently acquired retail stores in the United Kingdom (also referred to herein as UK), is consolidated on a one-month lag corresponding with its fiscal year-end of February 1 for 2014. See Note 4 for further information.

The Corporation's first fiscal quarter begins each year on March 1. The Corporation's fiscal quarters generally end on the last Friday of the month in which the fiscal quarter ends. In the current year, the first quarter ended on May 31, 2013 and consisted of 92 days. The prior year first quarter ended on May 25, 2012 and consisted of 86 days. This resulted in six additional selling days in the current year first quarter. This fiscal timing will not impact the full year results as the current year fourth quarter will consist of six less days compared to the prior year fourth quarter.

These interim financial statements should be read in conjunction with the Corporation's financial statements and notes thereto included in its Annual Report on Form 10-K for the year ended February 28, 2013, from which the Consolidated Statement of Financial Position at February 28, 2013, presented herein, has been derived. Certain amounts in the prior year financial statements have been reclassified to conform to the 2014 presentation. These reclassifications had no material impact on financial position, earnings or cash flows.

The Corporation's investments in less than majority-owned companies in which it has the ability to exercise significant influence over the operation and financial policies are accounted for using the equity method except when they qualify as variable interest entities (VIE) and the Corporation is the primary beneficiary, in which case, the investments are consolidated in accordance with Accounting Standards Codification (ASC) Topic 810 (ASC 810), Consolidation. Investments that do not meet the above criteria are accounted for under the cost method.

The Corporation holds an approximately 15% equity interest in Schurman Fine Papers (Schurman), which is a VIE as defined in ASC 810. Schurman owns and operates specialty card and gift retail stores in the United States and Canada. The stores are primarily located in malls and strip shopping centers. During the current period, the Corporation assessed the variable interests in Schurman and determined that a third party holder of variable interests has the controlling financial interest in the VIE and thus, the third party, not the Corporation, is the primary beneficiary. In completing this assessment, the Corporation identified the activities that it considers most significant to the future economic success of the VIE and determined that it does not have the power to direct those activities. As such, Schurman is not consolidated in the Corporation's results. The Corporation's maximum exposure to loss as it relates to Schurman as of May 31, 2013 includes:

- i the investment in the equity of Schurman of \$1.9 million;
- i the limited guaranty (Liquidity Guaranty) of Schurman's indebtedness of \$10.0 million;
- i normal course of business trade and other accounts receivable due from Schurman of \$24.6 million, the balance of which fluctuates throughout the year due to the seasonal nature of the business; and
- i the operating leases currently subleased to Schurman, the aggregate lease payments for the remaining life of which was \$10.6 million, \$11.8 million and \$19.0 million as of May 31, 2013, February 28, 2013 and May 25, 2012, respectively.

Table of Contents

The Corporation provides Schurman limited credit support through the provision of a Liquidity Guaranty in favor of the lenders under Schurman's senior revolving credit facility (the Senior Credit Facility). Pursuant to the terms of the Liquidity Guaranty, the Corporation has guaranteed the repayment of up to \$10.0 million of Schurman's borrowings under the Senior Credit Facility to help ensure that Schurman has sufficient borrowing availability under this facility. The Liquidity Guaranty is required to be backed by a letter of credit for the term of the Liquidity Guaranty, which is currently anticipated to end in July 2016. The Corporation's obligations under the Liquidity Guaranty generally may not be triggered unless Schurman's lenders under its Senior Credit Facility have substantially completed the liquidation of the collateral under Schurman's Senior Credit Facility, or 91 days after the liquidation is started, whichever is earlier, and will be limited to the deficiency, if any, between the amount owed and the amount collected in connection with the liquidation. There was no triggering event or liquidation of collateral as of May 31, 2013 requiring the use of the Liquidity Guaranty.

In addition to the investment in the equity of Schurman, the Corporation holds an investment in the common stock of Party City Holdings, Inc. These two investments, totaling \$10.8 million are accounted for under the cost method. The Corporation is not aware of any events or changes in circumstances that had occurred during the first quarter of 2014 that the Corporation believes are reasonably likely to have had a significant adverse effect on the carrying amount of these investments.

Note 2 Seasonal Nature of Business

A significant portion of the Corporation's business is seasonal in nature. Therefore, the results of operations for interim periods are not necessarily indicative of the results for the fiscal year taken as a whole.

Note 3 Recent Accounting Pronouncements

In February 2013, the Financial Accounting Standards Board (the FASB) issued Accounting Standards Update (ASU) No. 2013-02 (ASU 2013-02), Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income. ASU 2013-02 requires entities to disclose additional information about changes in other comprehensive income by component. In addition, an entity is required to present, either on the face of the statement where income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income and the income statement line items affected. The provisions of this guidance are effective prospectively for annual and interim periods beginning after December 15, 2012. The Corporation adopted this standard on March 1, 2013. See Note 7 for further information.

In July 2012, the FASB issued ASU No. 2012-02 (ASU 2012-02), Testing Indefinite-Lived Intangible Assets for Impairment. ASU 2012-02 gives entities an option to first assess qualitative factors to determine whether the existence of events and circumstances indicate that it is more likely than not that an indefinite-lived intangible asset is impaired. If based on its qualitative assessment an entity concludes that it is more likely than not that the fair value of an indefinite-lived intangible asset is less than its carrying amount, quantitative impairment testing is required. However, if an entity concludes otherwise, quantitative impairment testing is not required. ASU 2012-02 is effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012. The Corporation adopted this standard on March 1, 2013. The adoption of this standard did not have a material effect on the Corporation's financial statements.

Note 4 Acquisition

During the first quarter of 2013, the Corporation acquired all of the outstanding senior secured debt of Clinton Cards for \$56.6 million (£35 million) through Lakeshore Lending Limited (Lakeshore), a wholly-owned subsidiary of the Corporation organized under the laws of the UK. Subsequently, on May 9, 2012, Clinton Cards was placed into administration, a procedure similar to Chapter 11 bankruptcy in the United States. Prior to entering

Table of Contents

into administration, Clinton Cards had approximately 750 stores and annual revenues of approximately \$600 million across its two primary retail brands, Clinton Cards and Birthdays. The legacy Clinton Cards business had been an important customer to the Corporation's international business for approximately forty years and was one of the Corporation's largest customers.

As part of the administration process, the administrators (Administrators) of Clinton Cards and certain of its subsidiaries (the Sellers) conducted an auction of certain assets of the business of the Sellers that they believed constituted a viable ongoing business. Lakeshore bid \$37.2 million (£23 million) for certain of these remaining assets. The bid took the form of a credit bid, where the Corporation used a portion of the outstanding senior secured debt owed to Lakeshore by Clinton Cards to pay the purchase price for the assets. The bid was accepted by the Administrators and on June 6, 2012 the Corporation entered into an agreement with the Sellers and the Administrators for the purchase of certain assets and the related business of the Sellers.

Under the terms of the agreement, the Corporation originally expected to acquire approximately 400 stores from the Sellers, together with related inventory and overhead, as well as the Clinton Cards and related brands. As of July 2, 2013, the Corporation has completed 393 lease assignments and the final number is expected to be 396. The estimated future minimum rental payments for noncancelable operating leases related to the 396 acquired stores will be approximately \$360 million.

The stores and assets not acquired by the Corporation remain part of the administration process. It is anticipated that these remaining assets not purchased by the Corporation will be liquidated and the proceeds will be used to repay the creditors of the Sellers, including the Corporation. The Corporation will seek to recover the remaining senior secured debt claim held by it through the liquidation process. However, based on the estimated recovery information provided by the Administrators, the Corporation recorded an aggregate charge of \$8.1 million in 2013 relating to the senior secured debt it acquired in the first quarter of the prior year. In the first quarter of 2014, based on updated estimated recovery information provided by the Administrators, the Corporation recorded an adjustment to the charge resulting in a gain of \$2.0 million. The remaining balance of the senior secured debt is \$12.5 million (£8.2 million) as of May 31, 2013 and is included in Prepaid expenses and other on the Consolidated Statement of Financial Position. The liquidation process was originally expected to take approximately twelve months from the closing of the transaction on June 6, 2012. The process is currently expected to be completed by December 31, 2013.

The prior year first quarter included charges of \$31.0 million associated with the aforementioned acquisition and are reflected on the Consolidated Statement of Income as follows:

(In millions)	Contract asset impairment	Bad debt expense	Legal and advisory fees	Impairment of debt purchased	Total
Net sales	\$4.0	\$ -	\$ -	\$ -	\$ 4.0
Administrative and general expenses	-	17.2	2.0	-	19.2
Other operating (income) expense - net	-	-	-	7.8	7.8
	\$4.0	\$17.2	\$2.0	\$7.8	\$31.0

These charges are reflected in the Corporation's reportable segments as follows:

(In millions)	Contract asset impairment	Bad debt expense	Legal and advisory fees	Impairment of debt purchased	Total
International Social Expression Products	\$4.0	\$17.2	\$ -	\$ -	\$ 21.2
Unallocated	-	-	2.0	7.8	9.8
	\$4.0	\$17.2	\$2.0	\$7.8	\$31.0

Table of Contents

The total cost of the acquisition has been allocated to the assets acquired and the liabilities assumed based upon their estimated fair values at the date of the acquisition. The estimated purchase price allocation is preliminary and subject to revision as valuation work and other analyses are still being conducted. The following represents the preliminary purchase price allocation:

Purchase price (in millions):	
Credit bid	\$ 37.2
Effective settlement of pre-existing relationships with the legacy Clinton Cards business	6.4
Cash acquired	(0.6)
	\$ 43.0

Allocation (in millions):

Intangible assets	22.5
Current liabilities assumed	(3.4)
	\$ 43.0

Note 5 Royalty Revenue and Related Expenses

The Corporation has agreements for licensing the Care Bears and Strawberry Shortcake characters and other intellectual property. These license agreements provide for royalty revenue to the Corporation, which is recorded in Other revenue on the Consolidated Statement of Income. These license agreements may include the receipt of upfront advances, which are recorded as deferred revenue and earned during the period of the agreement. Revenues and expenses associated with the servicing of these agreements, primarily relating to the licensing activities included in non-reportable segments, are summarized as follows:

(In thousands)	Three Months Ended

	\$237,824	\$242,447	\$214,588

The valuation of inventory under the Last-In, First-Out (LIFO) method is made at the end of each fiscal year based on inventory levels and costs at that time. Accordingly, interim LIFO calculations, by necessity, are based on estimates of expected fiscal year-end inventory levels and costs, and are subject to final fiscal year-end LIFO inventory calculations.

Inventory held on location for retailers with scan-based trading arrangements, which is included in finished products, totaled \$68.6 million, \$59.7 million and \$59.0 million as of May 31, 2013, February 28, 2013 and May 25, 2012, respectively.

Note 11 Deferred Costs

Deferred costs and future payment commitments for retail supply agreements are included in the following financial statement captions:

(In thousands)	May 31, 2013	February 28, 2013	May 25, 2012
Prepaid expenses and other	\$ 88,912	\$ 93,873	\$ 85,622
Other assets	328,063	332,159	378,091

Net deferred costs	\$ 262,238	\$ 272,597	\$ 286,205

The Corporation maintains an allowance for deferred costs related to supply agreements of \$7.2 million, \$7.9 million and \$9.2 million at May 31, 2013, February 28, 2013 and May 25, 2012, respectively. This allowance is included in Other assets on the Consolidated Statement of Financial Position.

Note 12 Debt

As of May 31, 2013, the Corporation was a party to a \$400 million senior secured credit agreement (the Credit Agreement), under which there was \$35.1 million and \$61.2 million borrowings outstanding as of May 31, 2013 and February 28, 2013, respectively. There were no borrowings under the Credit Agreement as of May 25, 2012. The Corporation is also a party to an accounts receivable facility that provides funding of up to \$50 million, under which there were no borrowings outstanding as of May 31, 2013, February 28, 2013 and May 25, 2012, respectively. The Corporation had, in the aggregate, \$27.5 million outstanding under letters of credit under these borrowing agreements, which reduces the total

credit available to the Corporation thereunder.

There was no debt due within one year as of May 31, 2013, February 28, 2013 and May 25, 2012, respectively.

Table of Contents

Long-term debt and their related calendar year due dates as of May 31, 2013, February 28, 2013 and May 25, 2012, respectively, were as follows:

(In thousands)	May 31, 2013	February 28, 2013	May 25, 2012
7.375% senior notes, due 2021	\$225,000	\$225,000	\$225,000

6.10% senior notes, due 2028	181	181	181
	\$260,281	\$286,381	\$225,181

The total fair value of the Corporation's publicly traded debt, which was considered a Level 1 valuation as it was based on quoted market prices, was \$227.4 million (at a carrying value of \$225.2 million), \$233.6 million (at a carrying value of \$225.2 million) and \$229.1 million (at a carrying value of \$225.2 million) at May 31, 2013, February 28, 2013 and May 25, 2012, respectively.

The total fair value of the Corporation's non-publicly traded debt, which was considered a Level 2 valuation as it was based on comparable privately traded debt prices, was \$35.1 million (at a carrying value of \$35.1 million) and \$61.2 million (at a carrying value of \$61.2 million) at May 31, 2013 and February 28, 2013, respectively.

At May 31, 2013, the Corporation was in compliance with the financial covenants under its borrowing agreements.

Note 13 Retirement Benefits

The components of periodic benefit cost for the Corporation's defined benefit pension and postretirement benefits plans are as follows:

(In thousands)	Defined Benefit Pension Three Months Ended		Postretirement Benefits Three Months Ended	
	May 31, 2013	May 25, 2012	May 31, 2013	May 25, 2012
Service cost	\$ 320	\$ 334	\$ 138	\$ 213
Interest cost	1,742	1,844	613	800
Expected return on plan assets	(1,574)	(1,613)	(763)	(840)
Amortization of prior service cost (credit)	51	61	(325)	(519)
Amortization of actuarial loss (gain)	917	816	(213)	-
	\$ 1,456	\$ 1,442	\$ (550)	\$ (346)

The Corporation has a discretionary profit-sharing plan with a 401(k) provision covering most of its United States employees. The profit-sharing plan expense for the three months ended May 31, 2013 was \$4.0 million, compared to \$3.0 million in the prior year period. The Corporation also matches a portion of 401(k) employee contributions. The expense recognized for the 401(k) match was \$1.3 million in each of the three months ended May 31, 2013 and May 25, 2012. The profit-sharing plan and 401(k) matching expenses for the three month periods are estimates as actual contributions are determined after fiscal year-end.

At May 31, 2013, February 28, 2013 and May 25, 2012, the liability for postretirement benefits other than pensions was \$16.8 million, \$15.7 million and \$26.2 million, respectively, and is included in "Other liabilities" on the Consolidated Statement of Financial Position. At May 31, 2013, February 28, 2013 and May 25, 2012, the long-term liability for pension benefits was \$81.2 million, \$81.4 million and \$75.6 million, respectively, and is included in "Other liabilities" on the Consolidated Statement of Financial Position.

Table of Contents**Note 14 Fair Value Measurements**

Assets and liabilities measured at fair value are classified using the fair value hierarchy based upon the transparency of inputs as of the measurement date. The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. The three levels are defined as follows:

Level 1 Valuation is based upon quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Valuation is based upon unobservable inputs that are significant to the fair value measurement.

The following table summarizes the financial assets measured at fair value as of May 31, 2013:

(In thousands)	May 31, 2013	Level 1	Level 2	Level 3
Assets measured on a recurring basis:				
Deferred compensation plan assets	\$ 11,104	\$ 8,683	\$ 2,421	\$ -

The following table summarizes the financial assets measured at fair value as of February 28, 2013:

(In thousands)	February 28, 2013	Level 1	Level 2	Level 3
Assets measured on a recurring basis:				
Deferred compensation plan assets	\$ 10,636	\$ 9,175	\$ 1,461	\$ -

The following table summarizes the financial assets measured at fair value as of May 25, 2012:

(In thousands)	May 25, 2012	Level 1	Level 2	Level 3
Assets measured on a recurring basis:				
Deferred compensation plan assets	\$ 9,505	\$ 7,949	\$ 1,556	\$ -

The deferred compensation plan includes investments in mutual funds and a money market fund. Assets held in mutual funds were recorded at fair value, which was considered a Level 1 valuation as it is based on each fund's quoted market value per share in an active market. The money market fund was classified as Level 2 as substantially all of the fund's investments were determined using amortized cost. Although the Corporation is under no obligation to fund employees' nonqualified accounts, the fair value of the offsetting nonqualified deferred compensation liability is based on the fair value of the plan's assets.

Note 15 Contingency

The Corporation is presently involved in various judicial, administrative, regulatory and arbitration proceedings concerning matters arising in the ordinary course of business, including but not limited to, employment, commercial disputes and other contractual matters, some of which are described below. These matters are inherently subject to many uncertainties regarding the possibility of a loss to the Corporation. These uncertainties will ultimately be resolved when one or more future events occur or fail to occur, confirming the incurrence of a liability or reduction of a liability. In accordance with ASC Topic 450, Contingencies, the Corporation accrues for these contingencies by a charge to income when it is both probable that one or more future events will occur confirming the fact of a loss and the amount of the loss can be reasonably estimated. Due to this uncertainty, the actual amount of any loss may ultimately prove to be larger or smaller than the amounts reflected in the Corporation's Consolidated Financial Statements. Some of these proceedings are at preliminary stages and some of these cases seek an indeterminate amount of damages.

Baker/Collier Litigation

American Greetings Corporation is a defendant in two putative class action lawsuits involving corporate-owned life insurance policies (the Insurance Policies): one filed in the Northern District of Ohio on January 11, 2012 by Theresa Baker as the personal representative of the estate of Richard Charles Wolfe (the Baker Litigation); and the other filed in the Northern District of Oklahoma on October 1, 2010 by Keith Collier as the personal representative of the estate of Ruthie Collier (the Collier Litigation).

In the Baker Litigation, the plaintiff claims that American Greetings Corporation (1) misappropriated its employees' names and identities to benefit itself; (2) breached its fiduciary duty by using its employees' identities and personal information to benefit itself; (3) unjustly enriched itself through the receipt of corporate-owned life insurance policy benefits, interest and investment returns; and (4) improperly received insurance policy benefits for the insurable interest in Mr. Wolfe's life. The plaintiff seeks damages in the amount of all pecuniary benefits associated with the subject Insurance Policies, including investment returns, interest and life insurance policy benefits that American Greetings Corporation received from the deaths of the former employees whose estates form the putative class.

In the Collier Litigation, the plaintiff claims that American Greetings Corporation did not have an insurable interest when it obtained the subject Insurance Policies and wrongfully received the benefits from those policies. The plaintiff seeks damages in the amount of policy benefits received by American Greetings Corporation from the subject Insurance Policies, as well as attorney's fees, costs and interest. On April 2, 2012, the plaintiff filed its First Amended Complaint, adding misappropriation of employee information and breach of fiduciary duty claims as well as seeking punitive damages. On April 20, 2012, American Greetings Corporation moved to transfer the Collier Litigation to the Northern District of Ohio, where the Baker Litigation is pending. On July 6, 2012, the Court granted American Greetings Corporation's Motion to Transfer and transferred the case to the Northern District of Ohio, where the Baker Litigation is pending.

On May 22, 2013, the Court preliminarily approved a full and final settlement of all the claims of the Wolfe and Collier estates, as well as the classes they seek to represent. As a result of the preliminary approval, the Court consolidated the two cases and certified a single class that consists of the heirs or estates of the estates and heirs of all former American Greetings Corporation employees (i) who are deceased; (ii) who were not officers or directors of American Greetings; (iii) who were insured under one of the following corporate-owned life insurance plans: Provident Life & Accident 61153, Provident Life & Accident 61159, Mutual Benefit Life Insurance Company 111, Connecticut General ENX219, and Hartford Life Insurance Company 361; and (iv) for whom American Greetings has received a death benefit on or before the date on which the Court enters the Order of Preliminary Approval. Required notices to potential class members and to state attorney generals as required under the Class Action Fairness Act of 2005 were mailed on May 30, 2013. The Court will entertain final approval of the settlement on September 20, 2013. If the settlement is finally approved by the Court, American Greetings Corporation will deposit \$12.5 million into a settlement fund to be distributed in its entirety to those members of the class who present valid claims, their counsel, and a settlement administration vendor. This amount was accrued prior to the first quarter of 2014.

Carter/Wolfe/LMPERS Litigation

On September 26, 2012, we announced that our Board of Directors received a non-binding proposal from Zev Weiss, the Corporation's Chief Executive Officer, and Jeffrey Weiss, the Corporation's President and Chief Operating Officer, on behalf of themselves and certain other members of the Weiss family and related parties to acquire all of the outstanding Class A common shares and Class B common shares of the Corporation not currently owned by them (the Going Private Proposal). On September 27, 2012, Dolores Carter, a purported shareholder, filed a putative shareholder derivative and class action lawsuit (the Carter Action) in the Court of Common Pleas in Cuyahoga County, Ohio (the Cuyahoga County Court), against American Greetings Corporation and all of the members of the Board of Directors (Carter Defendants). The Carter Action alleges, among other things, that the directors of the Corporation breached their fiduciary duties owed to shareholders in evaluating and pursuing the proposal. The Carter Action further alleges claims for aiding and abetting breaches of fiduciary duty. Among other things, the Carter Action seeks declaratory relief. Subsequently, six more lawsuits were filed in the Cuyahoga County Court purporting to advance substantially similar claims on behalf of American Greetings against the members of the Board of Directors and, in certain cases, additional direct claims against American Greetings. One lawsuit was voluntarily dismissed. The other lawsuits, which remain pending, were consolidated by Judge Richard J. McMonagle on December 6, 2012 (amended order dated December 18, 2012) as In re American Greetings Corp. Shareholder Litigation, Lead Case No. CV 12 792421. Lead plaintiffs and lead plaintiffs' counsel also were appointed.

Table of Contents

On April 30, 2013, lead plaintiffs' counsel filed a Consolidated Class Action Complaint. The Consolidated Complaint brings a single class claim against the members of the Corporation's Board of Directors for alleged breaches of fiduciary duty and aiding and abetting. The plaintiffs allege that the preliminary proxy statement on Schedule 14A filed with the Securities and Exchange Commission (SEC) on April 17, 2013 omits information necessary to permit the Corporation's shareholders to determine if the Merger is in their best interest, that the controlling shareholders have abused their control of the Corporation, that the special committee appointed to oversee the transaction is not independent, and that the other members of the Board of Directors are also not independent. On June 13, 2013, defendants filed motions to dismiss the Consolidated Class Action Complaint based on plaintiffs' failure to properly plead their claims as derivative actions, exercise their statutory appraisal rights as the sole remedy for dissatisfaction with the proposed share price, and to overcome the business judgment rule with respect to their breach of fiduciary duty claims. The motions remain pending.

On November 6, 2012, R. David Wolfe, a purported shareholder, filed a putative class action (the Wolfe Action) in the United States District Court for the Northern District of Ohio (the Federal Court) against certain members of the Weiss Family and the Irving I. Stone Oversight Trust, the Irving Stone Limited Liability Company, the Irving I. Stone Support Foundation, and the Irving I. Stone Foundation (Stone Entities) alleging breach of fiduciary duties in proposing and pursuing the proposal, as well as against American Greetings, seeking, among other things, declaratory relief. Shortly thereafter, on November 9, 2012, the Louisiana Municipal Police Employees Retirement System also filed a purported class action in the Federal Court (the LMPERS Action) asserting substantially similar claims against the same defendants and seeking substantially similar relief.

On November 30, 2012, plaintiffs in the Wolfe and LMPERS Actions filed motions (1) to consolidate the Wolfe and LMPERS Actions, (2) for appointment as co-lead plaintiffs, (3) for appointment of co-lead counsel, and, in the Wolfe Action only, (4) for partial summary judgment. On December 14, 2012, the Corporation filed its oppositions to the motions (a) to consolidate the Wolfe and LMPERS Actions, (b) for appointment as co-lead plaintiffs, and (c) for appointment of co-lead counsel. On the same day, the Corporation also moved to dismiss both the Wolfe and LMPERS Actions. The Corporation answered both complaints on January 8, 2013, and on January 11, 2013, it filed its opposition to the motion for partial summary judgment. On February 14, 2013, the Federal Court dismissed both the Wolfe and LMPERS Actions for lack of subject matter jurisdiction. On March 15, 2013, plaintiffs in both the Wolfe and LMPERS Actions filed notices of appeal with the Sixth Circuit Court of Appeals. On April 18, 2013, plaintiff Wolfe moved to dismiss his appeal, which motion was granted on April 19, 2013. On May 8, 2013, plaintiff LMPERS moved to dismiss its appeal as well, which motion was granted.

Plaintiffs in the Wolfe and LMPERS Actions alleged, in part, that Article Seventh of the Corporation's articles of incorporation prohibited the special committee from, among other things, evaluating the merger. The Corporation considered these allegations and concluded that the Article is co-extensive with Ohio law and thus allows the Corporation to engage in any activity authorized by Ohio law. The Corporation also has consistently construed Article Seventh as permitting directors to approve a transaction so long as they are both disinterested and independent.

On April 17, 2013, R. David Wolfe filed a new derivative and putative class action (Wolfe Action II) in the United States District Court for the Northern District of Ohio against the Corporation's directors, certain members of the Weiss Family, and the Stone Entities, as well as the Corporation as a nominal defendant, challenging the merger as financially and procedurally unfair to the Corporation and its minority shareholders. Mr. Wolfe subsequently filed an Amended Complaint on April 29, 2013. The Wolfe Action II seeks a declaratory judgment that Article Seventh precludes the Board of Directors and special committee from approving the merger. In addition, the Wolfe Action II includes a derivative claim for breach of fiduciary duty against the Corporation's directors for allegedly violating Article Seventh. Finally, the Wolfe Action II includes both a derivative and class action claim for breach of fiduciary duty against the Weiss Family defendants and the Stone Entities for allegedly seeking to acquire the minority shareholders' interests at an unfair price. Defendants filed their Motions to Dismiss the Wolfe Action II amended Complaint on July 8, 2013.

Table of Contents

Management is unable to estimate a range of reasonably possible losses for these cases in which the damages have not been specified and (i) the proceedings are in the early stages, (ii) there is uncertainty as to the outcome of the pending appeals or motions, and/or (iii) there are significant factual issues to be resolved. However, for these cases, management does not believe, based on currently available information, that the outcomes of these proceedings will have a material adverse effect on the Corporation's financial condition, though the outcomes could be material to the Corporation's operating results for any particular period, depending, in part, upon the operating results for such period.

Note 16 Income Taxes

The Corporation's provision for income taxes in interim periods is computed by applying its estimated annual effective tax rate against income before income tax expense for the period. In addition, non-recurring or discrete items are recorded during the period in which they occur. The magnitude of the impact that discrete items have on the Corporation's quarterly effective tax rate is dependent on the level of income in the period. The effective tax rate was 36.4% and 30.4% for the three month periods ended May 31, 2013 and May 25, 2012, respectively. The lower than statutory rate for the three months ended May 25, 2012 was due primarily to the release of reserves upon lapse of the applicable statutes.

At February 28, 2013, the Corporation had unrecognized tax benefits of \$21.7 million that, if recognized, would have a favorable effect on the Corporation's income tax expense of \$18.5 million. There were no significant changes to this amount during the first quarter of 2014. It is reasonably possible that the Corporation's unrecognized tax positions as of February 28, 2013 could decrease \$3.1 million during the next twelve months due to anticipated settlements and resulting cash payments related to open years after 1996, which are currently under examination.

The Corporation recognizes interest and penalties accrued on unrecognized tax benefits and refundable income taxes as a component of income tax expense. During the three months ended May 31, 2013, the Corporation recognized net expense of \$0.2 million for interest and penalties on unrecognized tax benefits and refundable income taxes. As of May 31, 2013, the total amount of gross accrued interest and penalties related to unrecognized tax benefits less refundable income taxes was a net payable of \$4.7 million.

The Corporation is subject to examination by the Internal Revenue Service for tax years 2010 to the present and various U.S. state and local jurisdictions for tax years 1996 to the present. The Corporation is also subject to tax examination in various international tax jurisdictions including Australia, Canada, New Zealand and the United Kingdom for tax years 2006 to the present.

Note 17 Business Segment Information

The Corporation has North American Social Expression Products, International Social Expression Products, Retail Operations, AG Interactive and non-reportable segments. The North American Social Expression Products and International Social Expression Products segments primarily design, manufacture and sell greeting cards and other related products through various channels of distribution with mass merchandising as the primary channel. At May 31, 2013, the Retail Operations segment operated 396 card and gift retail stores in the United Kingdom. The stores sell products purchased from the International Social Expression Products segment as well as products purchased from other vendors. AG Interactive distributes social expression products, including electronic greetings and a broad range of graphics and digital services and products, through a variety of electronic channels, including Web sites, Internet portals, instant messaging services and electronic mobile devices. The Corporation's non-reportable operating segments primarily include licensing activities and the design, manufacture and sale of display fixtures.

Termination Benefits

Edgar Filing: AMERICAN GREETINGS CORP - Form 10-Q

Termination benefits are primarily considered part of an ongoing benefit arrangement, accounted for in accordance with ASC Topic 712, Compensation - Nonretirement Postemployment Benefits, and are recorded when payment of the benefits is probable and can be reasonably estimated.

The balance of the severance accrual was \$4.5 million, \$6.0 million and \$5.0 million at May 31, 2013, February 28, 2013 and May 25, 2012, respectively. The payments expected within the next twelve months are included in Accrued liabilities while the remaining payments beyond the next twelve months are included in Other liabilities on the Consolidated Statement of Financial Position.

Note 18 Proposal by Members of the Weiss Family and Related Entities to Acquire the Corporation

On September 26, 2012, the Corporation announced that our Board of Directors received the Going Private Proposal.

On March 29, 2013, the Corporation signed an agreement and plan of merger (as amended on July 3, 2013, the Merger Agreement) by and among American Greetings Corporation, Century Intermediate Holding Company (Parent), which upon the closing of the Merger (as defined below) will be indirectly owned by the Family Shareholders (as defined below), and Century Merger Company, a wholly-owned subsidiary of Parent (Merger Sub). As more fully described in our Current Reports on Form 8-K filed with the SEC on April 1, 2013 and July 5, 2013, at the effective time of the Merger, each issued and outstanding share of the Corporation (other than shares owned by the Corporation, Parent (which will include at the effective time of the Merger all shares currently held by the Family Shareholders), Merger Sub or holders who have properly exercised dissenters' rights under Ohio law) will be converted into the right to receive \$19.00 per share, in cash, without interest and subject to any withholding taxes, and Merger Sub will merge with and into the Corporation, with the Corporation surviving the Merger as a wholly-owned subsidiary of Parent (the Merger). The consummation of the Merger is subject to customary conditions, and is further conditioned on the favorable vote of (1) at least two-thirds of the outstanding voting power of the Corporation represented by the Class A common shares and Class B common shares, voting together as a single class, and (2) a majority of the Class A common shares and Class B common shares held by persons other than the Family Shareholders, the Irving I. Stone Foundation and our executive officers and directors, as more fully described in our Current Reports on Form 8-K filed with the SEC on April 1, 2013 and July 5, 2013 and in the proxy statement on Schedule 14A filed with the SEC on July 5, 2013 (the Majority of the Minority Shareholder Approval condition). For purposes of the Majority of the Minority Shareholder Approval only, Class B common shares will be entitled to one vote per share. Under the Merger Agreement, Family Shareholders includes: Zev Weiss, a director and the Corporation's Chief Executive Officer; Morry Weiss, the Corporation's Chairman of the Board of Directors; Jeffrey Weiss, a director and the Corporation's President and Chief Operating Officer; and certain other members of the Weiss family, together with the Irving I. Stone Limited Liability Company.

See Note 15 for information regarding legal proceedings related to the Going Private Proposal and Merger Agreement.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with our unaudited consolidated financial statements. This discussion and analysis, and other statements made in this Report, contain forward-looking statements. See "Factors That May Affect Future Results" at the end of this discussion and analysis for a description of the uncertainties, risks and assumptions associated with these statements. Unless otherwise indicated or the context otherwise requires, the Corporation, we, our, us and American Greetings are used in this Report to refer to the businesses of American Greetings Corporation and its consolidated subsidiaries.

Overview

Total revenue in the first quarter increased approximately \$104 million or 26.5% compared to the prior year period. Approximately three quarters of the increase is related to the prior year second quarter acquisition of certain assets of Clinton Cards PLC (Clinton Cards) and an unusually large contract in the fixtures business in the current period. The net increase in revenue due to Clinton Cards was approximately \$64 million and the fixtures business added about \$11 million. During the first quarter, our fixtures business obtained a contract to supply fixtures to a large consumer electronics company and this contract was the primary driver of the year-over-year revenue increase. We expect this contract to contribute approximately \$25 million of revenue in the current year and to be completed during the current year second quarter. The fixtures business is included in the Non-reportable section of our segment reporting.

Net of the items above, revenue increased approximately \$29 million or 7.5% compared to the prior year first quarter. About 60% of this increase was related to the cycle of our fiscal calendar. Due to our fiscal calendar cycle, the current year first quarter ended on May 31, 2013, compared to May 25, 2012 in the prior year. This equates to six days, or 7% more selling days in the current year quarter. This timing will not impact the full year results, and will result in less days in the current year fourth quarter compared to the prior year fourth quarter. The remaining 40% of the \$29 million increase in revenue was primarily due to higher sales of greeting cards, gift packaging products and higher royalty revenue from our Strawberry Shortcake and Care Bears properties.

First quarter operating income was \$55.4 million compared to \$12.4 million in the prior year, an increase of \$43.0 million. Current year operating income includes costs and fees associated with the Going Private Proposal (as defined below) of \$4.5 million and a gain of approximately \$2 million related to an adjustment to the impairment of the investment in the senior secured debt of Clinton Cards. The prior year quarter included approximately \$31 million of impairments, expenses and fees related to the Clinton Cards transaction and a charge of approximately \$2 million related to the termination of certain agency agreements associated with our intellectual properties licensing business. Net of the items above, operating income increased approximately \$13 million in the current year first quarter compared to the prior year period.

We estimate that slightly less than 50% of the \$13 million increase in operating income is related to the additional selling days in the current year first quarter. The current year quarter was also favorably impacted by increased sales of everyday and seasonal greeting cards and gift packaging products, the impact of the large contract within our fixtures business, lower marketing and product management expenses, and lower costs related to product refresh initiatives. The current quarter was unfavorably impacted by higher scrap expense and the operating loss of \$3.5 million from Clinton Cards operations.

Merger Agreement

On September 26, 2012, we announced that our Board of Directors received a non-binding proposal from Zev Weiss, the Corporation's Chief Executive Officer, and Jeffrey Weiss, the Corporation's President and Chief Operating Officer, on behalf of themselves and certain other members of the Weiss family and related parties to acquire all of the outstanding Class A common shares and Class B common shares of the Corporation not currently owned by them (the Going Private Proposal).

On March 29, 2013, we signed an agreement and plan of merger (as amended on July 3, 2013, the Merger Agreement) by and among American Greetings Corporation, Century Intermediate Holding Company (Parent), which upon the closing of the Merger (as defined below) will be indirectly owned by the Family Shareholders (as defined below), and Century Merger

Table of Contents

Company, a wholly-owned subsidiary of Parent (Merger Sub). As more fully described in our Current Reports on Form 8-K filed with the Securities and Exchange Commission (SEC) on April 1, 2013 and July 5, 2013, at the effective time of the Merger, each issued and outstanding share of the Corporation (other than shares owned by the Corporation, Parent (which will include at the effective time of the Merger all shares currently held by the Family Shareholders), Merger Sub or holders who have properly exercised dissenters' rights under Ohio law) will be converted into the right to receive \$19.00 per share, in cash, without interest and subject to any withholding taxes, and Merger Sub will merge with and into the Corporation, with the Corporation surviving the Merger as a wholly-owned subsidiary of Parent (the Merger). The consummation of the Merger is subject to customary conditions, and is further conditioned on the favorable vote of (1) at least two-thirds of the outstanding voting power of the Corporation represented by the Class A common shares and Class B common shares, voting together as a single class, and (2) a majority of the Class A common shares and Class B common shares held by persons other than the Family Shareholders, the Irving I. Stone Foundation and our executive officers and directors, as more fully described in our Current Reports on Form 8-K filed with the SEC on April 1, 2013 and July 5, 2013, and in the proxy statement on Schedule 14A filed with the SEC on July 5, 2013 (the Majority of the Minority Shareholder Approval condition). For purposes of the Majority of the Minority Shareholder Approval only, Class B common shares will be entitled to one vote per share. Under the Merger Agreement, Family Shareholders includes: Zev Weiss, a director and the Corporation's Chief Executive Officer; Morry Weiss, the Corporation's Chairman of the Board of Directors; Jeffrey Weiss, a director and the Corporation's President and Chief Operating Officer; and certain other members of the Weiss family, together with the Irving I. Stone Limited Liability Company.

Table of Contents**Results of Operations*****Three months ended May 31, 2013 and May 25, 2012***

Net income was \$33.4 million, or \$1.02 per share, in the first quarter compared to \$7.3 million, or \$0.20 per share, in the prior year first quarter (all per-share amounts assume dilution).

Our results for the three months ended May 31, 2013 and May 25, 2012 are summarized below:

For the three months ended May 31, 2013, consolidated net sales increased 26.0%, or approximately \$101 million, from \$389.3 million in the prior year first quarter to \$490.5 million in the current three months. The increase was primarily related to the purchase of retail stores from Clinton Cards in the prior year second quarter, which caused an increase in net sales of approximately \$63 million during the current quarter compared to the prior year period. The increase was comprised of approximately \$74 million of net sales from the Retail Operations segment, reduced by approximately \$11 million for the elimination of intersegment sales from the International Social Expression Products segment to the Retail Operations segment. For comparison purposes, the sales being eliminated in the current period would have been third-party sales in the prior year to Clinton Cards stores that were not owned by us at that time. The increase was also driven by higher net sales in our fixtures business of approximately \$11 million as discussed in the overview section of this Form 10-Q. The remaining \$27 million increase was primarily due to increases in greeting card sales of approximately \$20 million and gift packaging, party goods and other ancillary product sales of approximately \$7 million compared to the prior year first quarter. As discussed in the overview section, those increases, in particular the increase in everyday greeting card sales, were significantly impacted by the additional six selling days occurring in the three months ended May 31, 2013 that did not occur in the prior year first quarter. We estimate that approximately 60% of the \$27 million increase was related to the additional six selling days. In addition, the prior year included an impairment of deferred costs of approximately \$4 million related to the supply agreement associated with the Clinton Cards Birthdays stores that were closed as part of the Clinton Cards bankruptcy administration process that did not recur in the current year. These increases were partially offset by the unfavorable impact of foreign currency and scan-based trading (SBT) implementations of approximately \$3 million and \$1 million, respectively.

Other revenue, primarily royalty revenue from our Strawberry Shortcake and Care Bears properties, increased \$2.9 million during the three months ended May 31, 2013.

Table of Contents**Wholesale Unit and Pricing Analysis for Greeting Cards**

Unit and pricing comparatives (on a sales less returns basis) for the three months ended May 31, 2013 and May 25, 2012 are summarized below:

	Increase (Decrease) From the Prior Year					
	<u>Everyday Cards</u>		<u>Seasonal Cards</u>		<u>Total Greeting Cards</u>	
	<u>2013</u>	<u>2012</u>	<u>2013</u>	<u>2012</u>	<u>2013</u>	<u>2012</u>
Unit volume	6.4%	2.5%	2.0%	1.8%	4.8%	2.2%
Selling prices	3.8%	(3.1%)	3.6%	3.7%	3.5%	(0.6%)
Overall increase / (decrease)	10.4%	(0.7%)	5.6%	5.6%	8.5%	1.6%

During the first quarter, combined everyday and seasonal greeting card sales less returns increased 8.5% compared to the prior year quarter, including increases in unit volume of 4.8% and selling prices of 3.5%. The overall increase was primarily driven by unit growth and increases in selling prices from both our everyday and seasonal greeting cards in our North American Social Expression Products segment and increases in selling prices and unit volume from everyday greeting cards in our International Social Expression Products segment.

Everyday card sales less returns for the first quarter was up 10.4%, compared to the prior year quarter, with increases in unit volume of 6.4% and selling prices of 3.8%. The unit volume increase was primarily a result of additional selling days in the quarter. The selling price increase was a result of favorable product mix and general price increases outpacing the continued shift to a higher proportion of value cards.

Compared to the prior year quarter, seasonal card sales less returns increased 5.6% with an increase in both unit volume and selling prices of 2.0% and 3.6%, respectively. The unit volume improvement was driven by our Father's Day and Graduation seasonal programs. The increase in selling prices was attributable to our Mother's Day and Graduation seasonal programs.

Expense Overview

Material, labor and other production costs (MLOPC) for the three months ended May 31, 2013 were \$203.8 million, an increase of approximately \$40 million from \$163.9 million in the prior year first quarter. As a percentage of total revenue, these costs were 41.0% in the current period compared to 41.7% for the three months ended May 25, 2012. The retail operations we purchased from Clinton Cards in the prior year second quarter caused a net increase in MLOPC of approximately \$20 million during the current quarter compared to the prior year first quarter. This net increase was comprised of approximately \$29 million for cost of goods sold through the Retail Operations segment, reduced by approximately \$9 million for the adjustment to cost of goods related to intersegment sales from the International Social Expression Products segment to the Retail Operations segment. In addition, MLOPC increased approximately \$16 million due to higher sales volume and unfavorable product mix. Also contributing to the increase in MLOPC for the current quarter was approximately \$4 million of higher scrap expense than the prior year period.

Selling, distribution and marketing (SDM) expenses for the three months ended May 31, 2013 were \$170.3 million, increasing approximately \$43 million from \$127.2 million for the comparable period in the prior year. The increase in the current year first quarter was driven by approximately \$44 million of expenses within our Retail Operations segment related to the purchase of Clinton Cards in the prior year second quarter. Also contributing to the increase were higher supply chain costs of \$3 million primarily driven by higher sales volume. These increases were partially offset by lower marketing and product management expenses of approximately \$3 million.

Administrative and general expenses were \$71.1 million for the three months ended May 31, 2013, a decrease of approximately \$9 million from \$80.2 million in the prior year period. This decrease was driven primarily by lower bad debt expense, whereby the prior year included approximately \$17 million related to increased unsecured accounts receivable exposure as a result of Clinton Cards being placed into administration. In addition, legal related expenses decreased by approximately \$3 million. These year-over-year decreases were partially offset by expenses within our Retail Operations segment of approximately \$6 million and costs and fees related to the Going Private Proposal of \$4.5 million that did not have comparative amounts in the prior year first quarter.

Table of Contents

Other operating (income) expense net was \$3.3 million of income during the current year quarter compared to \$9.5 million of expense in the prior year. The prior year quarter included an expense of \$2.1 million related to the termination of certain agency agreements associated with our licensing business. The prior year also included an impairment of \$7.8 million related to the senior secured debt of Clinton Cards that we acquired in the prior year first quarter. In the current year first quarter, based on updated estimated recovery information provided in connection with the Clinton Cards bankruptcy administration, we recorded an adjustment to the Clinton Cards debt impairment resulting in a gain of \$2.0 million.

Segment Information

Our operations are organized and managed according to a number of factors, including product categories, geographic locations and channels of distribution. Our North American Social Expression Products and International Social Expression Products segments primarily design, manufacture and sell greeting cards and other related products through various channels of distribution, with mass retailers as the primary channel. As permitted under Accounting Standards Codification (ASC) Topic 280 (ASC 280), Segment Reporting, certain operating segments have been aggregated into the International Social Expression Products segment. The aggregated operating divisions have similar economic characteristics, products, production processes, types of customers and distribution methods. At May 31, 2013, we operated 396 card and gift retail stores in the UK through our Retail Operations segment. These stores sell products purchased from the International Social Expression Products segment as well as products purchased from other vendors. The AG Interactive segment distributes social expression products, including electronic greetings, and a broad range of graphics and digital services and products, through a variety of electronic channels, including Web sites, Internet portals and electronic mobile devices.

Segment results are reported using actual foreign exchange rates for the periods presented. Refer to Note 17, Business Segment Information, to the Consolidated Financial Statements for further information and a reconciliation of total segment revenue to consolidated Total revenue and total segment earnings (loss) before tax to consolidated Income before income tax expense.

North American Social Expression Products Segment

(Dollars in thousands)	Three Months Ended		% Change
	May 31, 2013	May 25, 2012	
Total revenue	\$328,287	\$308,559	6.4%
Segment earnings	66,347	56,218	18.0%

Total revenue of our North American Social Expression Products segment for the quarter ended May 31, 2013, increased \$19.7 million, or 6.4%, compared to the prior year period. The increase was primarily driven by higher sales of greetings cards of approximately \$13 million and increased sales of gift packaging, party goods and other ancillary products of approximately \$9 million. These increases, in particular everyday greeting cards, were significantly impacted by the additional selling days in the quarter ended May 31, 2013 as compared to the prior year period. We estimate that approximately 65% of the increase was due to the additional six selling days. These increases were partially offset by the unfavorable impact of SBT implementations of approximately \$2 million.

Segment earnings increased \$10.1 million in the current three months compared to the three months ended May 25, 2012. The increase was driven primarily by the impact of higher revenues, partially offset by unfavorable product mix and higher scrap expense. In addition, decreases in marketing and product management expenses of approximately \$3 million were offset by higher supply chain costs related to higher sales volume and increased technology maintenance costs of approximately \$2 million and \$1 million, respectively. We estimate that approximately 60% of the increased segment earnings were due to the additional six selling days.

Table of Contents*International Social Expression Products Segment*

(Dollars in thousands)	Three Months Ended		% Change
	May 31, 2013	May 25, 2012	
Total revenue	\$59,709	\$62,680	(4.7%)
Segment earnings (loss)	330	(22,557)	N/A

Total revenue of our International Social Expression Products segment decreased \$3.0 million, or 4.7% for the three months ended May 31, 2013, compared to the same period in the prior year. The decrease was driven by the elimination of intersegment sales to the Retail Operations segment of approximately \$11 million. For comparison purposes, the sales being eliminated would have been third-party sales in the prior year to Clinton Cards stores that were not owned by us at that time. Net of the elimination of intersegment sales, segment revenue increased approximately \$8 million compared to the prior year first quarter. This increase was primarily due to higher sales of greetings cards of approximately \$8 million, slightly less than half of which was due to the additional selling days occurring during the three months ended May 31, 2013 as compared to the prior year period. In addition, the prior year included an impairment of deferred costs of approximately \$4 million related to the supply agreement associated with the Clinton Cards Birthdays stores that were closed as part of the Clinton Cards bankruptcy administration process that did not recur in the current year. Partially offsetting these increases were lower sales of other ancillary products of approximately \$2 million, due primarily to the prior year disposition of a small non-card product line. In addition, foreign currency translation had an unfavorable impact of approximately \$2 million.

Segment earnings increased \$22.9 million in the three months ended May 31, 2013 compared to the same period in the prior year. The improvement in earnings was primarily driven by prior year costs of approximately \$21 million related to Clinton Cards that do not have comparative amounts in the current year. In the first quarter of the prior year, Clinton Cards, a significant customer, was placed into administration. As a result, we incurred bad debt expense of approximately \$17 million and an impairment of deferred costs related to the supply agreement associated with Clinton Cards Birthdays stores of approximately \$4 million. The remaining improvement in the three months ended May 31, 2013 was the result of the higher sales volume and cost savings related to prior year strategic actions.

Retail Operations Segment

(Dollars in thousands)	Three Months Ended		% Change
	May 31, 2013	May 25, 2012	
Total revenue	\$74,718	-	N/A
Segment loss	(3,452)	-	N/A

In the prior year second quarter, we acquired 396 retail stores in the United Kingdom that we are operating under the Clintons brand. As with many retail businesses, the Retail Operations segment's business is extremely seasonal in nature. As such, the overall profitability of this segment is highly dependent on success during the December holiday season.

AG Interactive Segment

(Dollars in thousands)	Three Months Ended		% Change
	May 31, 2013	May 25, 2012	
Total revenue	\$14,700	\$15,496	(5.1%)
Segment earnings	3,313	3,773	(12.2%)

Edgar Filing: AMERICAN GREETINGS CORP - Form 10-Q

Total revenue of AG Interactive decreased \$0.8 million compared to the prior year quarter. This decrease in revenue was driven primarily by lower advertising revenue compared to the prior year. AG Interactive had approximately 3.7 million and 3.8 million online paid subscriptions at the end of the first quarter of the current and prior years, respectively.

Segment earnings decreased \$0.5 million compared to the prior year quarter primarily due to the impact of lower revenue.

Table of Contents*Non-reportable Segment*

(Dollars in thousands)	Three Months Ended		
	May 31, 2013	May 25, 2012	% Change
Total revenue	\$19,889	\$6,371	212.2%
Segment earnings (loss)	7,382	(58)	N/A

Total revenue from our Non-reportable segment increased \$13.5 million compared to the prior year quarter. This increase in revenue was driven primarily by our fixtures business, where, during the first quarter, we obtained a contract to supply fixtures to a large consumer electronics company, which accounted for \$11.2 million of the year-over-year revenue increase in our Non-reportable segment. We expect this contract to be completed during the current year second quarter. In addition, other Non-reportable segment revenue, primarily royalty revenue from our Strawberry Shortcake and Care Bears properties, increased approximately \$2.3 million during the three months ended May 31, 2013.

Segment earnings increased \$7.4 million compared to the prior year quarter. About \$5.3 million of the increase was due to the impact of the higher revenue in the quarter, with roughly half to two-thirds of that increase due to the large fixture contract obtained in the quarter. In addition, the prior year first quarter included expenses of \$2.1 million related to the termination of certain agency agreements associated with our licensing business that did not recur in the current period.

Unallocated Items

Centrally incurred and managed costs are not allocated back to the operating segments. As shown in the following table, the unallocated items include interest expense for centrally-incurred debt, domestic profit-sharing expense, and stock-based compensation expense. Unallocated items also included costs associated with corporate operations such as the senior management, corporate finance, legal and insurance programs.

(Dollars in thousands)	Three Months Ended	
	May 31, 2013	May 25, 2012
Interest expense	\$ (4,312)	\$ (4,376)
Profit-sharing expense	(3,981)	(2,980)
Stock-based compensation expense	(2,475)	(1,869)
Corporate overhead expense	(10,606)	(17,731)
Total Unallocated	\$(21,374)	\$(26,956)

In the prior year quarter, corporate overhead expense included legal and advisory fees of \$2.0 million related to the Clinton Cards transaction and an impairment of \$7.8 million related to the senior secured debt of Clinton Cards. The current year included an adjustment to the Clinton Cards debt impairment, based on current estimated recovery information provided in connection with the Clinton Cards bankruptcy administration, which resulted in a gain of \$2.0 million. The current three-month period also included \$4.5 million of costs and fees related to the Going Private Proposal.

Liquidity and Capital Resources

The seasonal nature of our business precludes a useful comparison of the current period and the fiscal year-end financial statements; therefore, a Consolidated Statement of Financial Position as of May 25, 2012 has been included.

Operating Activities

Operating activities provided \$24.3 million of cash during the three months ended May 31, 2013, compared to \$49.9 million in the prior year period.

Accounts receivable used \$17.2 million of cash during the three months ended May 31, 2013, compared to \$2.6 million of cash during the same period in the prior year. The year-over-year change in cash flow of approximately \$14.6 million, which occurred primarily within our fixtures business, was driven by growth in accounts receivable related to higher sales levels compared to the prior year.

Table of Contents

Inventory provided \$4.2 million of cash during the three months ended May 31, 2013, compared to using \$7.2 million of cash during the prior year first quarter. The use of cash in the prior year quarter was primarily due to inventory builds in both of our greeting card segments.

Deferred costs net generally represents payments under agreements with retailers, net of the related amortization of those payments. During the three months ended May 31, 2013, amortization exceeded payments by \$10.2 million. During the prior year first quarter, amortization plus the \$4.0 million impairment of the deferred costs related to the supply agreement associated with the Clinton Cards Birthdays stores exceeded payments by \$19.6 million.

Accounts payable and other liabilities used \$42.4 million of cash during the three months ended May 31, 2013, compared to using \$12.8 million in the prior year first quarter. About 50% of the year-over-year change in cash usage was related to the Clinton Cards acquisition and the timing of employee compensation payments, which was a result of the current year quarter ending on the last day of May compared to the prior year quarter ending on May 25, 2012. The remaining change was due to normal year-over-year timing of business transactions and related payments.

Investing Activities

Investing activities used \$15.2 million of cash during the three months ended May 31, 2013, compared to \$73.0 million of cash during the three months ended May 25, 2012. In the current year first quarter, the cash usage was primarily driven by \$15.5 million of cash paid for capital expenditures.

During the prior year first quarter we paid \$56.6 million of cash to acquire all of the outstanding senior secured debt of Clinton Cards. In addition, cash paid for capital expenditures was \$16.4 million in the prior year.

Financing Activities

Financing activities used \$31.0 million of cash during the three months ended May 31, 2013, compared to using \$47.1 million during the three months ended May 25, 2012. During the current year first quarter, this use of cash was primarily related to dividend payments and repayments of borrowings under our revolving credit facility. We paid cash dividends of \$4.8 million and made payments, net of borrowings, that reduced our outstanding borrowings by \$26.1 million.

In the first quarter of fiscal 2013, the use of cash was primarily related to share repurchases and cash paid for dividends of \$5.4 million. During the three months ended May 25, 2012, \$40.5 million was paid to repurchase 2.7 million Class A common shares under our repurchase program in accordance with our Amended and Restated Articles of Incorporation.

Credit Sources

Substantial credit sources are available to us. In total, we had available sources of credit of approximately \$450 million at May 31, 2013, which included our \$400 million senior secured credit facility and our \$50 million accounts receivable securitization facility, of which \$387.4 million was unused as of May 31, 2013. Borrowings under the accounts receivable securitization facility are limited based on our eligible receivables outstanding. At May 31, 2013, we had \$35.1 million of borrowings under the senior secured credit facility and no borrowings outstanding under the accounts receivable securitization facility. We had, in the aggregate, \$27.5 million outstanding under letters of credit, which reduced the total credit availability thereunder as of May 31, 2013.

Table of Contents

Please refer to the discussion of our borrowing arrangements as disclosed in the Credit Sources section under Part II, Item 7 of our Annual Report on Form 10-K for the year ended February 28, 2013 for further information.

At May 31, 2013, we were in compliance with our financial covenants under the borrowing agreements described above.

Capital Deployment and Investments

Throughout fiscal 2014 and thereafter, we will continue to consider all options for capital deployment including growth options, acquisitions and other investments in third parties, expanding customer relationships, expenditures or investments related to our current product leadership initiatives or other future strategic initiatives, capital expenditures, the information technology systems refresh project, our new world headquarters project and, as appropriate, preserving cash.

As we have stated, our objective is to continue to expand our position as a leading creator, manufacturer and distributor of social expression products. As such, we have and expect to continue to focus resources on our core greeting card business, developing new, and growing existing business, including by expanding Internet and other channels of electronic distribution to make American Greetings the natural and preferred social expressions solution, as well as by capturing any shifts in consumer demand. We expect to continue spending in fiscal 2014 in support of our product leadership strategy, primarily related to promotional efforts related to our Web site Cardstore.com and other marketing initiatives within our North American Social Expression Products segment. As we continue to develop Cardstore.com and other channels of distribution, we expect that we will continue to make investments to support these efforts; however, the timing and amount are difficult to estimate, but amounts may be material. In addition, to the extent we are successful in expanding distribution and revenue in connection with expanding our leadership, additional capital may be deployed as we may incur incremental costs associated with this expanded distribution, including upfront costs prior to any incremental revenue being generated. If incurred, these costs may be material. For example, we are in the final stages of completing a contract to distribute greeting cards in over 1,000 stores of a major national retailer. We expect that while this agreement would contribute approximately \$150 million of revenue over the life of the agreement, there will be significant upfront costs and competitive terms associated with this contract. As a result, this contract is expected to have a negative net present value during the initial five-year term but we believe that if renewed, the contract will result in a positive net present value to us. However, there can be no assurances that we would be successful in renewing this contract or otherwise reducing costs or implementing measures to improve the profitability of this contract.

Over roughly the next five or six years, we expect to allocate resources, including capital, to refresh our information technology systems by modernizing our systems, redesigning and deploying new processes, and evolving new organization structures, all of which are intended to drive efficiencies within the business and add new capabilities. Amounts that we spend could be material in any fiscal year and over the life of the project. The total amount spent through fiscal 2013 on this project was approximately \$84 million. During the three months ended May 31, 2013, we spent approximately \$9 million, including capital of approximately \$8 million and expense of approximately \$1 million, on these information technology systems. Including the amount that has already been spent, we currently expect to spend at least an aggregate of \$150 million on these information technology systems over the life of the project, the majority of which we expect will be capital expenditures. We believe these investments are important to our business, help us drive further efficiencies and add new capabilities; however, there can be no assurance that we will not spend more or less than \$150 million over the life of the project, or that we will achieve the anticipated efficiencies or any cost savings.

During March 2011, we also announced that in fiscal 2012 we expected that we would begin to invest in the development of a world headquarters in the Northeast Ohio area. The state of Ohio has committed certain tax credits, loans and other incentives totaling up to \$93.5 million to assist us in the development of a new headquarters in Ohio. We are required to make certain investments and meet other criteria to receive these incentives over time. Although the project to build a new world headquarters is currently on hold, based on preliminary estimates, the gross costs associated with a new world headquarters building, before any tax credit, loans or other incentives that we may receive, will be between approximately \$150 million and \$200 million over a number of years following our resumption of the project.

Table of Contents

Our future operating cash flow and borrowing availability under our credit agreement and our accounts receivable securitization facility are expected to meet currently anticipated funding requirements. The seasonal nature of our business results in peak working capital requirements that may be financed through short-term borrowings when cash on hand is insufficient.

Critical Accounting Policies

Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the periods presented. Please refer to the discussion of our Critical Accounting Policies under Part II, Item 7 of our Annual Report on Form 10-K for the year ended February 28, 2013.

Factors That May Affect Future Results

Certain statements in this report may constitute forward-looking statements within the meaning of the Federal securities laws. These statements can be identified by the fact that they do not relate strictly to historic or current facts. They use such words as anticipate, estimate, expect, project, intend, plan, believe, and other words and terms of similar meaning in connection with any discussion of future operating or financial performance. These forward-looking statements are based on currently available information, but are subject to a variety of uncertainties, unknown risks and other factors concerning our operations and business environment, which are difficult to predict and may be beyond our control. Important factors that could cause actual results to differ materially from those suggested by these forward-looking statements, and that could adversely affect our future financial performance, include, but are not limited to, the following:

a weak retail environment and general economic conditions;

the loss of one or more retail customers and/or retail consolidations, acquisitions and bankruptcies, including the possibility of resulting adverse changes to retail contract terms;

competitive terms of sale offered to customers, including costs and other terms associated with new and expanded customer relationships;

the consummation of the Merger;

the occurrence of any event, change or other circumstance that could give rise to the termination of the Merger Agreement;

the outcome of any legal proceedings that have been or may be instituted against the Corporation or others relating to the Merger Agreement;

For further information concerning the risks we face and issues that could materially affect our financial performance related to forward-looking statements, refer to our periodic filings with the Securities and Exchange Commission, including the Risk Factors section included in Part I, Item 1A of our Annual Report on Form 10-K for the fiscal year ended February 28, 2013.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

For further information, refer to our Annual Report on Form 10-K for the year ended February 28, 2013. There were no material changes in market risk, specifically interest rate and foreign currency exposure, for us from February 28, 2013, the end of our preceding fiscal year, to May 31, 2013, the end of our most recent fiscal quarter.

Item 4. Controls and Procedures

American Greetings maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in its reports under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to the Corporation's management,

including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

American Greetings carries out a variety of on-going procedures, under the supervision and with the participation of the Corporation's management, including its Chief Executive Officer and Chief Financial Officer, to evaluate the effectiveness of the design and operation of the Corporation's disclosure controls and procedures. Based on the foregoing, the Chief Executive Officer and Chief Financial Officer of American Greetings concluded that the Corporation's disclosure controls and procedures were effective as of the end of the period covered by this report.

There has been no change in the Corporation's internal control over financial reporting during the Corporation's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Corporation's internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

Baker/Collier Litigation. American Greetings Corporation is a defendant in two putative class action lawsuits involving corporate-owned life insurance policies (the "Insurance Policies"): one filed in the Northern District of Ohio on January 11, 2012 by Theresa Baker as the personal representative of the estate of Richard Charles Wolfe (the "Baker Litigation"); and the other filed in the Northern District of Oklahoma on October 1, 2010 by Keith Collier as the personal representative of the estate of Ruthie Collier (the "Collier Litigation").

In the Baker Litigation, the plaintiff claims that American Greetings Corporation (1) misappropriated its employees' names and identities to benefit itself; (2) breached its fiduciary duty by using its employees' identities and personal information to benefit itself; (3) unjustly enriched itself through the receipt of corporate-owned life insurance policy benefits, interest and investment returns; and (4) improperly received insurance policy benefits for the insurable interest in Mr. Wolfe's life. The plaintiff seeks damages in the amount of all pecuniary benefits associated with the subject Insurance Policies, including investment returns, interest and life insurance policy benefits that American Greetings Corporation received from the deaths of the former employees whose estates form the putative class.

In the Collier Litigation, the plaintiff claims that American Greetings Corporation did not have an insurable interest when it obtained the subject Insurance Policies and wrongfully received the benefits from those policies. The plaintiff seeks damages in the amount of policy benefits received by American Greetings Corporation from the subject Insurance Policies, as well as attorney's fees, costs and interest. On April 2, 2012, the plaintiff filed its First Amended Complaint, adding misappropriation of employee information and breach of fiduciary duty claims as well as seeking punitive damages. On April 20, 2012, American Greetings Corporation moved to transfer the Collier Litigation to the Northern District of Ohio, where the Baker Litigation is pending. On July 6, 2012, the Court granted American Greetings Corporation's Motion to Transfer and transferred the case to the Northern District of Ohio, where the Baker Litigation is pending.

On May 22, 2013, the Court preliminarily approved a full and final settlement of all of the claims of the Wolfe and Collier estates, as well as the classes they seek to represent. As a result of the preliminary approval, the Court consolidated the two cases and certified a single class that consists of the heirs or estates of the estates and heirs of all former American Greetings Corporation employees (i) who are deceased; (ii) who were not officers or directors of American Greetings; (iii) who were insured under one of the following corporate-owned life insurance plans: Provident Life & Accident 61153, Provident Life & Accident 61159, Mutual Benefit Life Insurance Company 111, Connecticut General ENX219, and Hartford Life Insurance Company 361; and (iv) for whom American Greetings has received a death benefit on or before the date on which the Court enters the Order of Preliminary Approval. Required notices to potential class members and to state attorney generals as required under the Class Action Fairness Act of 2005 were mailed May 30, 2013. The Court will entertain final approval of the settlement on September 20, 2013. If the settlement is finally approved by the Court, American Greetings Corporation will deposit \$12.5 million into a settlement fund to be distributed in its entirety to those members of the class who present valid claims, their counsel, and a settlement administration vendor.

Carter/Wolfe/LMPERS Litigation. On September 26, 2012, the Corporation announced that the Board of Directors had received the Going Private Proposal. On September 27, 2012, Dolores Carter, a purported shareholder, filed a putative shareholder derivative and class action lawsuit (the Carter Action) in the Court of Common Pleas in Cuyahoga County, Ohio (the Cuyahoga County Court), against American Greetings Corporation and all of the members of the Board of Directors (Carter Defendants). The Carter Action alleges, among other things, that the directors of the Corporation breached their fiduciary duties owed to shareholders in evaluating and pursuing the proposal. The Carter Action further alleges claims for aiding and abetting breaches of fiduciary duty. Among other things, the Carter Action seeks declaratory relief. Subsequently, six more lawsuits were filed in the Cuyahoga County Court purporting to advance substantially similar claims on behalf of American Greetings against the members of the Board of Directors and, in certain cases, additional direct claims against American Greetings. One lawsuit was voluntarily dismissed. The other lawsuits, which remain pending, were consolidated by Judge Richard J. McMonagle on December 6, 2012 (amended order dated December 18, 2012) as In re American Greetings Corp. Shareholder Litigation, Lead Case No. CV 12 792421. lead plaintiffs and lead plaintiffs counsel also were appointed.

On April 30, 2013, lead plaintiffs counsel also filed a Consolidated Class Action Complaint. The Consolidated Complaint brings a single class claim against the members of the Corporation s Board of Directors for alleged breaches of fiduciary duty and aiding and abetting. The plaintiffs allege that the preliminary proxy statement on Schedule 14A filed with the SEC on April 17, 2013 omits information necessary to permit the Corporation s shareholders to determine if the Merger is in their best interest, that the controlling shareholders have abused their control of the Corporation, that the special committee appointed to oversee the transaction is not independent, and that the other members of the Board of Directors are also not independent. On June 13, 2013, defendants filed motions to dismiss the Consolidated Class Action Complaint based on plaintiffs failure to properly plead their claims as derivative actions, exercise their statutory appraisal rights as the sole remedy for dissatisfaction with the proposed share price, and to overcome the business judgment rule with respect to their breach of fiduciary duty claims. The motions remain pending.

On November 6, 2012, R. David Wolfe, a purported shareholder, filed a putative class action (the Wolfe Action) in the United States District Court for the Northern District of Ohio (the Federal Court) against certain members of the Weiss Family and the Irving I. Stone Oversight Trust, the Irving Stone Limited Liability Company, the Irving I. Stone Support Foundation, and the Irving I. Stone Foundation (Stone Entities) alleging breach of fiduciary duties in proposing and pursuing the proposal, as well as against American Greetings, seeking, among other things, declaratory relief. Shortly thereafter, on November 9, 2012, the Louisiana Municipal Police Employees Retirement System also filed a purported class action in the Federal Court (the LMPERS Action) asserting substantially similar claims against the same defendants and seeking substantially similar relief.

On November 30, 2012, plaintiffs in the Wolfe and LMPERS Actions filed motions (1) to consolidate the Wolfe and LMPERS Actions, (2) for appointment as co-lead plaintiffs, (3) for appointment of co-lead counsel, and, in the Wolfe Action only, (4) for partial summary judgment. On December 14, 2012, the Corporation filed its oppositions to the motions (a) to consolidate the Wolfe and LMPERS Actions, (b) for appointment as co-lead plaintiffs, and (c) for appointment of co-lead counsel. On the same day, the Corporation also moved to dismiss both the Wolfe and LMPERS Actions. The Corporation answered both complaints on January 8, 2013, and on January 11, 2013, it filed its opposition to the motion for partial summary judgment. On February 14, 2013, the Federal Court dismissed both the Wolfe and LMPERS Actions for lack of subject matter jurisdiction. On March 15, 2013, plaintiffs in both the Wolfe and LMPERS Actions filed notices of appeal with the Sixth Circuit Court of Appeals. On April 18, 2013, plaintiff Wolfe moved to dismiss his appeal, which motion was granted on April 19, 2013. On May 8, 2013, plaintiff LMPERS moved to dismiss its appeal as well, which motion was granted.

Plaintiffs in the Wolfe and LMPERS Actions alleged, in part, that Article Seventh of the Corporation s articles of incorporation prohibited the special committee from, among other things, evaluating the merger. The Corporation considered these allegations and concluded that the Article is co-extensive with Ohio law and thus allows the Corporation to engage in any activity authorized by Ohio law. The Corporation also has consistently construed Article Seventh as permitting directors to approve a transaction so long as they are both disinterested and independent.

On April 17, 2013, R. David Wolfe filed a new derivative and putative class action (Wolfe Action II) in the United States District Court for the Northern District of Ohio against the Corporation's directors, certain members of the Weiss Family, and the Stone Entities, as well as the Corporation as a nominal defendant, challenging the merger as financially and procedurally unfair to the Corporation and its minority shareholders. Mr. Wolfe subsequently filed an Amended Complaint on April 29, 2013. The Wolfe Action II seeks a declaratory judgment that Article Seventh precludes the Board of Directors and special committee from approving the Merger. In addition, the Wolfe Action II includes a derivative claim for breach of fiduciary duty against the Corporation's directors for allegedly violating Article Seventh. Finally, the Wolfe Action II includes both a derivative and class action claim for breach of fiduciary duty against the Weiss Family defendants and the Stone Entities for allegedly seeking to acquire the minority shareholders' interests at an unfair price. Defendants filed their Motions to Dismiss the Wolfe Action II Amended Complaint on July 8, 2013.

Management does not believe, based on currently available information, that the outcomes of the proceedings described above will have a material adverse effect on the Corporation's financial condition, though the outcomes could be material to the Corporation's operating results for any particular period, depending, in part, upon the operating results for such period.

In addition to the foregoing, we are involved in various judicial, administrative, regulatory and arbitration proceedings concerning matters arising in the ordinary course of business operations, including, but not limited to, employment, commercial disputes and other contractual matters. We, however, do not believe that any of the other litigation in which we are currently engaged, either individually or in the aggregate, will have a material adverse effect on our business, consolidated financial position or results of operations.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

We did not purchase any equity securities in the three months ended May 31, 2013.

On July 24, 2012, American Greetings announced that its Board of Directors authorized a program to repurchase up to \$75 million of its Class A common shares. Under this program, the share repurchases may be made through open market purchases or privately negotiated transactions as market conditions warrant, at prices the Corporation deems appropriate, and subject to applicable legal requirements and other factors. There is no set expiration date for this program; however, purchases under this program have been suspended due to the Going Private Proposal referred to in Note 18, Proposal by Members of the Weiss Family and Related Entities to Acquire the Corporation, to the Consolidated Financial Statements.

In addition, pursuant to our Amended and Restated Articles of Incorporation, a holder of Class B common shares may not transfer such Class B common shares (except to permitted transferees, a group that generally includes members of the holder's extended family, family trusts and charities) unless such holder first offers such shares to the Corporation for purchase at the most recent closing price for the Corporation's Class A common shares. If the Corporation does not purchase such Class B common shares, the holder must convert such shares, on a share for share basis, into Class A common shares prior to any transfer. It was the Corporation's general policy to repurchase Class B common shares in accordance with the terms set forth in our Amended and Restated Articles of Incorporation, whenever they are offered by a holder, unless such repurchase is not otherwise permitted under agreements to which the Corporation is a party; however, repurchases of Class B common shares were suspended following our receipt of the Going Private Proposal.
