Item 8.01 Other Information.

On October 22, 2013, Town Sports International Holdings, Inc. (the Company) announced that it will commence the solicitation of lenders to participate in a new secured credit facility (the New Credit Facility) for its subsidiary, Town Sports International, LLC (the Borrower), to refinance (the Refinancing) the Borrower's existing senior secured credit facility (the Existing Credit Facility). The Company expects the facility to be arranged by Deutsche Bank Securities Inc. and KeyBanc Capital Markets, Inc. The Existing Credit Facility had a term loan balance of approximately \$315.7 million as of September 30, 2013 with a revolving credit facility of \$50 million, with the term loan maturing on May 11, 2018 and the revolving credit facility maturing on May 11, 2016. The New Credit Facility is expected to consist of an approximate \$325 million term loan with an expected maturity date of November 2020, and \$45 million revolving credit facility, with an expected maturity date of November 2018. In addition, the Company is seeking for the New Credit Facility to lower its cost of financing and provide the Company with greater flexibility, including with respect to paying dividends on its stock.

The presentation to the prospective lenders will provide that subject to the completion of the Refinancing, the Company currently intends to initiate in December 2013 a quarterly dividend payment to stockholders of the Company, in an amount between \$0.14 and \$0.16 per share. The declaration, amount, timing and payment of any dividend to stockholders will be subject to the sole discretion of the Company's Board of Directors and will be based on, and affected by, a number of factors, including the completion of the Refinancing on acceptable terms, the operating results and financial requirements of the Company, and any other factors deemed relevant by the Company's Board of Directors.

The Company and the Borrower are seeking to complete the Refinancing in mid-November 2013 subject to, among other factors, receipt of satisfactory pricing terms and market conditions. There can be no assurance that the Company or the Borrower will be able to consummate the Refinancing or the terms of any Refinancing or that the Board of Directors will declare the initial dividend or any future quarterly dividend, or if the Board of Directors does declare a dividend, the amount of such dividend.
