2014 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

This Proxy Statement and the enclosed form of proxy are solicited on behalf of Sprouts Farmers Market, Inc., a Delaware corporation, by our board of directors for use at the 2014 Annual Meeting of Stockholders, (referred to as the *Annual Meeting*) and any postponements or adjournments thereof. The Annual Meeting will be held at The Westin Kierland Resort & Spa, 6902 East Greenway Parkway, Scottsdale, Arizona 85254, on **Thursday, May 15, 2014** at 9:00 a.m. local time.

Internet Availability of Proxy Materials

In accordance with rules adopted by the Securities and Exchange Commission (referred to as the *SEC*) that allow companies to furnish their proxy materials over the Internet, we are mailing a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy statement and our 2013 Annual Report to most of our stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents and vote over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how to request a paper copy of our proxy materials, including our proxy statement, our 2013 Annual Report, and a form of proxy card. We believe this process will allow us to provide our stockholders the information they need in a more timely manner, while reducing the environmental impact and lowering our costs of printing and delivering the proxy materials.

These proxy solicitation materials are being first released on or about March 20, 2014 to all stockholders entitled to vote at the meeting.

Record Date

Stockholders of record at the close of business on March 17, 2014, which we have set as the record date, are entitled to notice of and to vote at the meeting.

Number of Outstanding Shares

On the record date, there were 147,751,776 outstanding shares of our common stock, par value \$0.001 per share.

Requirements for a Quorum

The holders of a majority of the issued and outstanding shares of common stock entitled to vote at the meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Each stockholder voting at the meeting, either in person or by proxy, may cast one vote per share of common stock held on all matters to be voted on at the meeting.

Votes Required for Each Proposal

Assuming that a quorum is present, directors shall be elected by a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Therefore, the three nominees who receive the greatest number of affirmative votes cast shall be elected as directors. We do not have cumulative voting rights for the election of directors.

Table of Contents

The advisory vote on the compensation of our named executive officers for fiscal 2013, commonly referred to as a say-on-pay proposal, and the proposal to ratify PricewaterhouseCoopers LLP as the independent auditor of our company for the fiscal year ending December 28, 2014 shall be decided by the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote thereon. The advisory vote on the frequency of future say-on-pay proposals, commonly referred to as a say-on-frequency proposal, shall be decided by the frequency option (one year, two years or three years) that receives the greatest number of votes.

The advisory votes on the say-on-pay and say-on-frequency proposals are non-binding, but our board of directors will consider the input of stockholders based on a majority of votes cast for the say-on-pay and say-on-frequency proposals.

The vote on each matter submitted to stockholders is tabulated separately. Broadridge Financial Solutions, or a representative thereof, will tabulate the votes.

Our Board's Recommendation for Each Proposal

Our board of directors recommends that you vote your shares:

FOR each of the three Class I director nominees;

FOR the say-on-pay proposal;

ONE YEAR for the say-on-frequency proposal; and

FOR the ratification of PricewaterhouseCoopers LLP as the independent auditor of our company for the fiscal year ending December 28, 2014.

Voting Instructions

You may vote your shares by proxy by doing any one of the following: vote via the Internet at www.proxyvote.com; call 1-800-690-6903 to vote by telephone; or sign, date and return your proxy or voting instruction card in the prepaid enclosed envelope to vote by mail. When a proxy is properly executed and returned, the shares it represents will be voted at the meeting as directed.

If a proxy card is properly executed and returned and no voting specification is indicated, the shares will be voted (1) for the election of each of the three nominees for director set forth in this proxy statement, (2) for the non-binding advisory resolution to approve the compensation paid to our named executive officers for fiscal 2013, (3) one year for the non-binding advisory proposal on the frequency of future say-on-pay proposals, (4) for the proposal to ratify the appointment of PricewaterhouseCoopers LLP, an independent registered public accounting firm, as the independent auditor of our company for the fiscal year ending December 28, 2014, and (5) as the persons specified in the proxy deem advisable in their discretion on such other matters as may come before the meeting. As of the date of this proxy statement, we have received no notice of any such other matters.

If you attend the Annual Meeting, you may vote in person even if you have previously voted via the Internet or by phone or returned a proxy or voting instruction card by mail, and your in-person vote will supersede any vote previously cast.

Broker Non-Votes and Abstentions

If you are a beneficial owner of shares held in street name and do not provide the broker, bank, or other nominee that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the broker, bank, or other nominee that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is commonly referred to as a broker non-vote.

Table of Contents

The election of directors (*Proposal 1*), the say-on-pay proposal (*Proposal 2*) and the say-on-frequency proposal (*Proposal 3*) are matters considered non-routine under applicable rules. Therefore, a broker, bank, or other nominee cannot vote without your instructions on non-routine matters; as a result, there may be broker non-votes on Proposals 1, 2 and 3. **For your vote to be counted in the above proposals, you will need to communicate your voting decisions to your broker, bank, or other nominee before the date of the meeting using the voting instruction form provided by your broker, bank, or other nominee.**

The ratification of appointment of PricewaterhouseCoopers LLP as our independent auditor for the fiscal year ending December 28, 2014 (*Proposal 4*) is a matter considered routine under applicable rules. A broker, bank, or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 4.

Broker non-votes and abstentions each are counted for determining the presence of a quorum. The election of directors requires a plurality of votes cast. Neither broker non-votes nor any withhold votes in the election of directors will have any effect thereon. Because they represent votes present and entitled to vote that are not cast in favor of a proposal, abstentions have the same effect as votes against the say-on pay proposal. Broker non-votes, however, do not represent votes present and entitled to vote on non-routine matters, and therefore, have no effect on the say-on-pay proposal. The results of the say-on-frequency proposal are determined by a plurality. Accordingly, abstentions and broker non-votes will have no effect on the outcome of such proposal. With respect to the proposal to ratify the appointment of PricewaterhouseCoopers LLP as the independent auditor of our company for the fiscal year ending December 28, 2014, because they represent votes present and entitled to vote that are not cast in favor of a proposal, abstentions have the same effect as votes against such proposal.

Revoking Proxies

Any stockholder giving a proxy may revoke the proxy at any time before its use by furnishing to us either a written notice of revocation or a duly executed proxy (via Internet, telephone or mail) bearing a later date, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

Election Inspector

Votes cast by proxy or in person at the meeting will be tabulated by the election inspector appointed for the meeting, who will determine whether a quorum is present. The election inspector will treat broker non-votes and abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, and as described in the Broker Non-Votes and Abstentions section of this proxy statement for purposes of determining the approval of any matter submitted to stockholders for a vote. The election inspector need not be a stockholder, and any of our directors or officers may be an inspector on any question other than a vote for or against his or her election to any position with our company or on any other matter in which he or she may be directly interested.

Voting Results

The final voting results from the Annual Meeting will be included in a Current Report on Form 8-K to be filed with the SEC within four business days of the Annual Meeting.

Costs of Solicitation of Proxies

We will bear the cost of this solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by certain of our directors and officers, personally or by telephone or e-mail, without additional compensation. We do not expect to engage or pay any compensation to a third-party proxy solicitor.

Table of Contents

Householding

We are required to provide an Annual Report to all stockholders who receive this Proxy Statement. To reduce future costs to our company, if you are a stockholder of record and have more than one account in your name, or at the same address as other stockholders of record, you may authorize us to discontinue duplicate mailings of future Annual Reports, commonly referred to as householding. To do so, mark the designated box on each proxy card for which you wish to discontinue receiving an Annual Report. If you are voting via the Internet or by telephone, you can either follow the prompts when you vote or give instructions to discontinue duplicate mailings of future Annual Reports. Street name stockholders who wish to discontinue receiving duplicate mailings of future Annual Reports should review the information provided in the proxy materials mailed to them by their bank or broker. If, now or in the future, you wish to receive a separate copy of the Annual Report, please notify us by sending a written request to our Corporate Secretary at our principal executive offices, 11811 North Tatum Boulevard, Suite 2400, Phoenix, Arizona 85028, and we will promptly deliver a separate copy.

We will also provide upon written request, without charge to each stockholder of record as of the record date, a copy of our Annual Report on Form 10-K for the fiscal year ended December 29, 2013 as filed with the SEC. Any exhibits listed in the Form 10-K report also will be furnished upon request at the actual expense we incur in furnishing such exhibits. Any such requests should be directed to our Corporate Secretary at our principal executive offices set forth in this proxy statement.

On July 29, 2013, Sprouts Farmers Markets, LLC, a Delaware limited liability company, converted into Sprouts Farmers Market, Inc., a Delaware corporation and the issuer of this proxy statement, pursuant to a statutory conversion (referred to as the *corporate conversion*). Table of Contents**Board Structure**

Our certificate of incorporation and bylaws provide for a classified board of directors with staggered three-year terms, consisting of three classes as follows:

Class	Director	Independent
Class I (term expires at 2014 annual meeting)	Terri Funk Graham	
	George G. Golleher	Yes
	Steven H. Townsend	No
Class II (term expires at 2015 annual meeting)	Joseph Fortunato	Yes
	Lawrence P. Molloy	Yes
	Shon A. Boney	No
Class III (term expires at 2016 annual meeting)	Andrew S. Jhawar	No

Our board of directors has determined that Mr. Fortunato, Ms. Graham, Mr. Molloy and Mr. Townsend each qualify as an independent director, as defined in the corporate governance rules of the NASDAQ Stock Market. There are no family relationships among any of our directors, director nominees, or executive officers.

Only one class of directors will be elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors. Our directors may be removed for cause by the affirmative vote of the holders of a majority of our voting stock.

The division of our board of directors into three classes with staggered three-year terms may delay or prevent a change of our management or a change in control of our company.

Board Leadership Structure

Our board of directors has no policy with respect to the separation of the offices of Chief Executive Officer and Chairman of the Board. It is the board's view that rather than having a rigid policy, the board, with the advice and assistance of the nominating and corporate governance committee, and upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether to institute a formal policy. Currently, our leadership structure separates these roles, with Mr. Jhawar serving as our Chairman of the Board and Doug Sanders serving as our President and Chief Executive Officer. Our board believes that separating these roles provides the appropriate balance between strategy development, flow of information between management and the board of directors, and oversight of management. By segregating the roles of the Chairman and the Chief Executive Officer, we reduce any duplication of effort between the Chief Executive Officer and the Chairman. We believe this provides guidance for our board of directors, while also positioning our Chief Executive Officer as the leader of the company in the eyes of our customers, team members, and other stakeholders. As Chairman, Mr. Jhawar, among other responsibilities, presides over regularly scheduled meetings of the board, serves as a liaison between the directors, and performs such additional duties as our board of directors may otherwise determine and delegate. By having Mr. Jhawar serve as

Chairman of the Board, Mr. Sanders is better able to focus his attention on running our company.

The Board's Role in Risk Oversight

Our board of directors is primarily responsible for overseeing our risk management processes. Our board, as a whole, determines the appropriate level of risk for our company, assesses the specific risks that we face, and reviews management's strategies for adequately mitigating and managing the identified risks. Although our board administers this risk management oversight function, our audit, compensation, and

Table of Contents

nominating and corporate governance committees support our board in discharging its oversight duties and address risks inherent in their respective areas. We believe this division of responsibilities is an effective approach for addressing the risks we face and that our board leadership structure supports this approach.

Board Participation

Our board of directors held five meetings in fiscal 2013 and acted by written consent six times. During fiscal 2013, each of our directors attended at least 75% of the total number of meetings of our board of directors and of the committees on which they serve, other than Mr. Fortunato who was unable to attend two meetings of the audit committee and one meeting of the nominating and corporate governance committee due to scheduling conflicts. We regularly schedule executive sessions in which independent directors meet without the presence or participation of management.

We encourage our directors to attend each annual meeting of stockholders. To that end, and to the extent reasonably practical, we generally schedule a meeting of our board of directors on or around the same day as our annual meeting of stockholders.

Board Committees

Our board of directors has the authority to appoint committees to perform certain management and administration functions. Our board of directors has an audit committee, a compensation committee, and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Members will serve on these committees until their resignation or until otherwise determined by the board of directors.

Audit Committee

Our audit committee consists of Lawrence P. Molloy, Chairperson, Joseph Fortunato and Steven H. Townsend. Our board of directors has determined that each such individual is independent under the rules of the SEC and the NASDAQ Stock Market and is an audit committee financial expert within the meaning of SEC regulations. Each member of our audit committee can read and understand fundamental financial statements in accordance with audit committee requirements. In arriving at this determination, the board has examined each audit committee member's scope of experience in financial roles and the nature of their employment.

The audit committee has the following responsibilities, among others things, as set forth in the audit committee charter:

reviewing and pre-approving the engagement of our independent registered public accounting firm to perform audit services and any permissible non-audit services;

evaluating the performance of our independent registered public accounting firm and deciding whether to retain their services;

monitoring the rotation of partners of our independent registered public accounting firm on our engagement team as required by law;

reviewing our annual and quarterly financial statements and reports and discussing the statements and reports with our independent registered public accounting firm and management, including a review of disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations;

reviewing and monitoring our accounting principles, accounting policies, financial and accounting controls and compliance with legal and regulatory requirements;

considering and approving or disapproving of all related party transactions;

preparing the audit committee report required by the SEC to be included in our annual proxy statement;

conducting an annual assessment of the performance of the audit committee and its members, and the adequacy of its charter; and

establishing procedures for the receipt, retention, and treatment of complaints received by us regarding financial controls, accounting, or auditing matters.

Our audit committee met three times during fiscal 2013.

Compensation Committee

Our compensation committee consists of Steven H. Townsend, Chairperson, Terri Funk Graham and Lawrence P. Molloy. Our board of directors has determined that each such individual is independent under NASDAQ Stock Market listing standards, and a non-employee director as defined in Rule 16b-3 promulgated under the Exchange Act.

The compensation committee has the following responsibilities, among other things, as set forth in the compensation committee's charter:

reviewing, modifying, and approving (or if it deems appropriate, recommending to the full board of directors regarding) our overall compensation strategy and policies;

reviewing (or if it deems appropriate, recommending to the full board of directors regarding) performance goals and objectives relevant to the compensation of our executive officers and assessing their performance against these goals and objectives;

reviewing and recommending to the full board of directors the compensation of our directors;

evaluating, adopting, and administering (or if it deems appropriate, making recommendations to the full board of directors regarding) the 2013 Incentive Compensation Plan (referred to as the *2013 Incentive Plan*), other compensation plans, and similar programs advisable for us, as well as modification or termination of existing plans and programs;

establishing policies with respect to equity compensation arrangements;

reviewing and discussing annually with management our Compensation Discussion and Analysis required by SEC rules;

preparing the compensation committee report required by the SEC to be included in our annual proxy statement; and

reviewing and evaluating, at least annually, the performance of the compensation committee and the adequacy of its charter.

Our compensation committee met three times during fiscal 2013.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of Terri Funk Graham, Chairperson, Joseph Fortunato and Lawrence P. Molloy. Our board of directors has determined that each such individual is independent under NASDAQ Stock Market listing standards.

The nominating and corporate governance committee has the following responsibilities, among other things, as set forth in the nominating and corporate governance committee's charter:

reviewing periodically and evaluating director performance on our board of directors and its applicable committees, and recommending to our board of directors and management areas for improvement;

Table of Contents

establishing criteria and qualifications for membership on the board of directors and its committees;

interviewing, evaluating, nominating, and recommending individuals for membership on our board of directors;

reviewing and recommending to our board of directors any amendments to our corporate governance policies; and

reviewing and assessing, at least annually, the performance of the nominating and corporate governance committee and the adequacy of its charter.

Our nominating and corporate governance committee met one time during fiscal 2013.

Identifying and Evaluating Director Candidates

Our nominating and corporate governance committee will consider persons recommended by stockholders for inclusion as nominees for election to our board of directors. Stockholders wishing to recommend director candidates for consideration by the nominating and corporate governance committee may do so by writing to our Corporate Secretary at our principal executive offices set forth in this proxy statement, and giving the recommended nominee's name, biographical data and qualifications, accompanied by the written consent of the recommended nominee.

The evaluation process for director nominees who are recommended by our stockholders is the same as for any other nominee and is based on numerous factors that our nominating and corporate governance committee considers appropriate, some of which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity reflecting ethnic background, gender and professional experience, and the extent to which the nominee would fill a present need on our board of directors.

Board Diversity

While we do not have a formal policy outlining the diversity standards to be considered when evaluating director candidates, our objective is to foster diversity of thought on our board of directors. To accomplish that objective, the nominating and corporate governance committee considers ethnic and gender diversity, as well as differences in perspective, professional experience, education, skill, and other qualities in the context of the needs of our board of directors. Nominees are not to be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability, or any other basis prohibited by law. The nominating and corporate governance committee evaluates its effectiveness in achieving diversity on the board of directors through its annual review of board member composition.

Availability of Corporate Governance Information

Our board of directors has adopted charters for our audit, compensation, and nominating and corporate governance committees describing the authority and responsibilities delegated to the committee by our board of directors. Our board of directors has also adopted corporate governance guidelines, a code of conduct and ethics that applies to all of our team members, a code of ethics that applies to members of our board of directors and a code of ethics that applies to our principal executive officer and senior financial officers, including those officers responsible for financial reporting. We post on our website, at <http://investors.sprouts.com>, the charters of our audit, compensation, and

nominating and corporate governance committees and our corporate governance guidelines and the codes of conduct and ethics reference above. We intend to disclose any amendments to these codes, or any waivers of their requirements, on our website to the extent required by applicable SEC or NASDAQ rules. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on or accessible through our website into this proxy statement. These documents are also available in print to any stockholder requesting a copy in writing from our Corporate Secretary at 11811 North Tatum Boulevard, Suite 2400, Phoenix, Arizona 85028.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR ELECTION OF EACH OF THE ABOVE-NAMED NOMINEES.**

Table of Contents**DIRECTOR COMPENSATION**

Only directors that are considered independent under applicable SEC and NASDAQ rules receive consideration for service on our board of directors. Our independent directors receive the following cash compensation: an annual cash retainer of \$40,000, payable quarterly; \$1,500 in cash for each board and committee meeting attended in person and \$500 in cash for each board and committee meeting attended by telephone; and reimbursement of expenses relating to attendance at board and board committee meetings. In addition, the chairperson of each of our board committees receives an annual cash retainer of \$15,000, payable quarterly.

In addition to the cash compensation discussed above, upon initial election, each independent director received an option to purchase shares of our common stock having a market value of \$50,000. All of our independent directors joined our board prior to or in connection with our August 2013 initial public offering (referred to as the *IPO*), and their grants were based upon, and have a per share exercise price equal to, the initial public offering price of our common stock (\$18.00). Initial election option grants vest 100% upon the first anniversary of the grant date.

Further, each year at about the time of our annual meeting of stockholders, it is expected that each independent director will receive an additional equity grant of an option to purchase shares of our common stock having a value of \$50,000 on the date of grant. The number of options granted to each independent director will be determined by dividing the grant date value by the Black-Scholes value per share of our common stock as of the grant date. The exercise price will be equal to the closing price of our common stock on the grant date. We have not made any determinations with respect to the vesting terms of such awards as of the date of this proxy statement.

Our board of directors recognizes that stock ownership by directors may strengthen their commitment to the long-term future of our company and further align their interests with those of our stockholders. In accordance with our Corporate Governance Guidelines, our independent directors are expected over a reasonable time to beneficially own shares of our common stock (including shares owned outright, unvested shares, and stock options or other equity grants) having a value of at least three times their annual cash retainer until he/she leaves the board.

Our named executive officers for fiscal 2013 are:

Name	Title
J. Douglas Sanders	President and Chief Executive Officer
Amin N. Maredia	Chief Financial Officer and Treasurer
James L. Nielsen	Chief Operating Officer
Brandon F. Lombardi	Chief Legal Officer and Corporate Secretary
Stephen D. Black	Chief Marketing and Information Officer

Executive Summary

Our goal for our executive compensation program is to attract, motivate and retain proven, talented and creative executives who will provide leadership for our success in our dynamic and competitive industry. We seek to accomplish this goal in a way that rewards performance and is aligned with our stockholders' long-term interests. Our long-term financial targets include the following:

Unit growth of 12%;

Comparable store sales growth of 6+%;

Total sales growth of 15%;

Adjusted EBITDA¹ growth of 17% to 20%; and

Net income growth of 20+%.

We believe the compensation program for our named executive officers is instrumental in helping our company achieve our strong financial performance. Highlights of our 2013 performance related to our long-term financial targets include the following:

We opened 19 new stores, representing unit growth of 13%, for a total of 167 stores in eight states as of the end of fiscal 2013;

We achieved pro forma comparable store sales growth of 10.7% and two-year combined pro forma comparable store sales growth of 20.4%;²

Net sales were \$2.4 billion; a 36% increase compared to reported net sales and a 22% increase compared to pro forma net sales in 2012;

¹ Adjusted EBITDA is a non-GAAP financial measure that is explained and reconciled to the comparable GAAP measure in Appendix A to this proxy statement. We define Adjusted EBITDA as net income before interest expense, provision for income tax, and depreciation and amortization, excluding store closure and exit costs, one-time costs associated with our 2011 business combination with Henry's Holdings, LLC and 2012 acquisition of Sunflower Farmers Market, Inc., losses from disposal of assets and certain other items that we do not consider representative of our ongoing financial performance.

² In order to aid understanding of our business performance, in comparing our results to the comparable periods of 2012, we present 2012 financial results on a pro forma basis as if our May 2012 business combination with Sunflower Farmers Market, Inc. (referred to as the *Sunflower Transaction*) had occurred on the first day of our 2012 fiscal year. Please refer to pages 55-59 of our 2013 Annual Report on Form 10-K for a more detailed description of our pro forma adjustments.

Table of Contents

Adjusted EBITDA was \$195.2 million; a 33% increase from pro forma adjusted EBITDA in 2012; and

Our net income increased to \$51.3 million from 2012, representing an increase of 163%.

Highlights of our 2013 executive compensation program include the following:

The base salaries for each of the named executive officers were increased for 2013, except for Mr. Sanders. Mr. Sanders' base salary was set at \$500,000 in connection with his promotion to CEO in August 2012 and remained at \$500,000 for all of 2013. The base salaries for each of Messrs. Maredia, Nielsen and Lombardi increased 3.5% in February 2013 to \$362,250, \$336,375 and \$258,750, respectively, in light of the significant value added to our company by each officer during 2012. Mr. Black's base salary increased from \$200,000 to \$250,000 in connection with his assumption of the role of Chief Marketing Officer in January 2013.

Our board of directors reviewed the terms of existing option awards held by our named executive officers that were granted in 2011, which are scheduled to vest in 2014. In light of the lack of retention beyond the scheduled 2014 vesting date, our board determined to grant additional options to Messrs. Maredia and Nielsen to purchase 55,000 shares and 110,000 shares of our common stock, respectively. Half of such options are time-vest options that vest quarterly over 12 quarters, and half are performance-vest options that vest one-third each year over a three-year period. In addition, the board of directors determined to grant Mr. Black options to purchase 33,000 shares of our common stock in connection with our IPO in light of his assumption of the role of Chief Marketing Officer in January 2013.

Mr. Sanders did not receive an option award in 2013 in light of the option award he received in connection with his promotion to CEO in August 2012. Mr. Lombardi did not receive an option award in 2013 in light of the option award received in connection with his hire in 2012.

The bonus opportunities for each of the named executive officers, except for Messrs. Sanders and Maredia, were increased for 2013. Target bonus opportunities for each of Messrs. Sanders and Maredia remained 100% and 70% of such officer's base salary. The target bonus opportunities for Messrs. Nielsen, Lombardi and Black were increased to 70%, 40%, and 40%, respectively, of such officer's base salary. The changes generally were implemented in light of our transition to a publicly traded company and our efforts to build compensation programs designed to attract and retain top executive talent.

The maximum bonus opportunities for Messrs. Sanders and Maredia remained 150% of target bonus, or 150% and 105%, respectively, of such officer's base salary. The maximum bonus opportunities for Messrs. Nielsen, Lombardi, and Black were increased to 105%, 40%, and 40%, respectively, of such officer's base salary.

We exceeded the target performance goals for both Plan EBITDA (as defined below) and comparable store sales set by the board of directors for 2013. Accordingly, Messrs. Sanders, Maredia, Nielsen, Lombardi and Black received a bonus of 149.2%, 104.4%, 104.4%, 40% and 40% of such officer's base salary, respectively,

under our performance-based bonus plan.

In connection with our \$282.0 million April 2013 dividend to stockholders, our board of directors approved the one-time dividend payment (referred to as the *Dividend Payment*) paid to certain holders of vested options to purchase shares of our common stock equal to an aggregate of approximately \$13.9 million. The Dividend Payment was made pursuant to the anti-dilution provisions in our 2011 Option Plan, and not as a component of performance-based compensation. Certain holders of vested options received an amount equal to \$2.24 per vested option. Messrs. Sanders, Maredia, Nielsen, Lombardi, and Black received a one-time Dividend Payment equal to \$2,847,836, \$420,754, \$769,688, \$230,898, and \$89,797, respectively.

We have generally limited other compensation to our executive officers. We have no guaranteed bonuses, no pension plans, no tax gross-up arrangements, and no executive perquisites such as company-paid personal travel, financial planning assistance or car allowances, except for Mr. Sanders, who receives a car allowance pursuant to his employment agreement.

Beginning in late 2013, our compensation committee formed in connection with our August 2013 IPO, with the assistance of an independent compensation consultant, compared our executive pay levels against a peer group of retail and high growth companies with comparable revenue and recent initial public offerings in the food retail and general retail sectors, and reviewed executive compensation market practices and trends in general. The committee determined to establish a philosophy to position the target value of total compensation at the 50th percentile of comparable companies over the near term. As a result, in October 2013 our compensation committee made significant changes to the compensation packages provided to our executive officers for 2014, as described below.

Compensation Philosophy and Objectives

Prior to our IPO, our executive compensation program was established primarily by our board of directors. Our 2013 pay mix, established when we were a privately held company, consisted primarily of base salary, annual performance-based bonuses, and options to purchase shares of our common stock. Our 2013 executive compensation program was established to appropriately incentivize our officers to plan and work toward the achievement of our short- and long-term company success, and aligned the interests of our named executive officers with the interests of our stockholders, since the amount of compensation varies depending upon our financial performance.

The fixed components (base salary and benefits) of our executive officer compensation program were designed to be competitive in order to induce talented executives to join our company. The variable component (cash performance-based bonus) was tied specifically to the achievement of company-wide objectives and was designed so that performance in excess of goals is rewarded with larger compensation. The option awards, most of which were granted in 2011 or 2012, were also tied to the achievement of company-wide objectives and were designed so that performance in excess of objectives is rewarded with larger compensation. The value of such equity awards increase or decrease as a result of changes in the market price of our common stock, creating opportunities in the event of successful market performance of our shares, aligning the interests of our named executive officers with our stockholders.

In connection with our IPO, we formed a compensation committee comprised entirely of independent directors. Our executive compensation program is now established by our compensation committee, and is intended to attract, motivate, and retain executives and key team members and reward the creation of stockholder value. Going forward, like most companies, we plan to use a combination of fixed and variable compensation programs to reward and incentivize strong performance, as well as to align the interests of our executives with our stockholders. Our compensation philosophy, designed by our compensation committee, is to position the target value of total compensation at the 50th percentile of comparable companies.

We believe that targeting compensation at or near the median of comparable companies will enable us to remain competitive in attracting and retaining qualified executive officers while avoiding paying amounts in excess of what we believe is necessary to attract and retain such executive officers. However, our compensation committee's decisions on target compensation for specific individuals are also influenced by a variety of additional factors, including company and individual performance and experience. This compensation philosophy, and the program structure approved by our compensation committee, is intended to maintain our ability to attract, retain and motivate individuals who can help us achieve the superior results that our stockholders expect. The compensation changes

made to our 2014 executive compensation program, discussed below, were designed with this philosophy in mind.

Role of Our Compensation Committee

Prior to our August 2013 IPO, we were a privately held company. As a result, we were not subject to any stock exchange listing or SEC rules requiring a majority of our board of directors to be independent or relating to the formation and functioning of board committees. Prior to the formation of our compensation committee in August 2013, compensation arrangements for our named executive officers were highly individualized and, generally, established through negotiations between the named executive officers and our board of directors.

In connection with our IPO, we established a new compensation committee, which is comprised entirely of independent directors. Our compensation committee is responsible for, among other things,

the review and approval of our compensation philosophy;

the review of all executive compensation plans and structures, including that of our executive officers and other members of senior management;

the approval (or recommendation to our board of directors) of individual compensation for our executive officers and other members of senior management, including our chief executive officer;

the approval of annual and long-term incentive performance metrics, as well as payouts thereunder; and

the review of other executive benefit plans, including perquisites.

Our compensation committee, in consultation with the outside executive compensation consultant retained by our compensation committee discussed below, also analyzes the reasonableness of our overall executive compensation package. Our compensation committee has a written charter that delineates its responsibilities, a full copy of which is posted on our website at www.sprouts.com. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on or accessible through our website into this proxy statement.

While our chief executive officer and other executive officers may attend meetings of the compensation committee or our board of directors from time to time, the ultimate decisions regarding executive officer compensation are made solely by the members of our compensation committee. These decisions are based not only on our compensation committee's deliberations, but also from input requested from outside advisors, including our compensation committee's outside compensation consultant, with respect to, among other things, market data analyses. The final decisions relating to our chief executive officer's compensation are determined solely by our compensation committee. Decisions regarding other executive officers are made by our compensation committee after considering recommendations from our chief executive officer.

Role of the Compensation Consultant

Our compensation committee may periodically engage the services of outside compensation consultants to provide advice in connection with making executive compensation determinations. The chairman of our compensation committee, in consultation with other committee members, defines the scope of any consultant's engagement and

related responsibilities. These responsibilities may include, among other things, advising on issues of executive compensation and equity compensation structure and assisting in the preparation of compensation disclosure for inclusion in our SEC filings. In fulfilling its responsibilities, the outside compensation consultant may interact with management or our other outside advisors to the extent necessary or appropriate.

In October 2013, our compensation committee engaged Mercer, Inc. (referred to as Mercer) to provide the committee with an executive compensation assessment, peer group analysis, and related compensation advice. Prior to our IPO, Mercer had been engaged by our management team to provide similar compensation review services for our company, for which we paid \$180,000 in 2013. Upon engagement of Mercer by the compensation committee, the compensation review services provided to our management team ceased.

During 2013, we paid Mercer \$293,750 for the provision of employee benefits brokerage services. These services were performed by different offices of Mercer and were unrelated to compensation services. In addition, we paid affiliates of Mercer \$321,971 for the provision of insurance brokerage and crisis management consulting services, \$54,000 for the provision of actuarial services, and \$60,500 for the use of its risk management information system. While the compensation committee approved the retention of Mercer as a compensation consultant following our IPO, Mercer's engagement pre-IPO and the engagement of the Mercer affiliates mentioned above were approved directly by our management without board approval, as board approval was not required.

The compensation committee's outside compensation consultant provides analyses and recommendations that inform the committee's decisions, but it does not decide or approve any compensation decisions. For use in years subsequent to 2013, Mercer developed criteria used to identify peer and other comparable companies for executive compensation and performance comparisons, and reviewed and discussed with the committee various proposals presented to the committee by management. Mercer also provided updates on market trends and the regulatory environment as it related to executive compensation. Mercer representatives met informally with the Chairperson of the committee and with certain members of our management team, and formally with our compensation committee during an in-person meeting.

During fiscal 2013, the compensation committee considered the factors set forth in the newly effective NASDAQ Stock Market rule regarding compensation advisor independence. Specifically, the Compensation Committee has analyzed whether the work of Mercer as compensation consultant raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to our company by Mercer; (ii) the amount of fees from our Company paid to Mercer as a percentage of Mercer's total revenue; (iii) the policies and procedures of Mercer that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Mercer or the individual compensation advisors employed by Mercer with an executive officer of our company; (v) any business or personal relationship of the individual compensation advisors with any member of the compensation committee; and (vi) any stock of our company owned by Mercer or the individual compensation advisors employed by Mercer.

Management's Role in Setting Compensation

Members of our human resources, finance, and legal departments work with our chief executive officer to recommend changes to existing compensation plans and programs, to recommend financial and other targets to be achieved under those programs, to prepare analyses of financial data and other briefing materials to assist the compensation committee in making its decisions and, ultimately, to implement the decisions of our compensation committee.

Our chief executive officer is actively engaged in setting compensation for other executives through a variety of means, including recommending for committee approval the financial goals and the annual variable pay amounts for our executive team. He works closely with other members of executive management in analyzing relevant market data to determine base salary and annual target bonus opportunities for senior management and to develop targets for our short- and long-term incentive plans. Our chief executive officer is subject to the same financial performance goals as our other executive officers, all of which are ultimately determined and approved by our compensation committee.

Specific Components of Our 2013 Compensation Program

Our 2013 named executive officer compensation program consisted of the following components:

base salary;

annual cash performance-based bonus;

equity awards in the form of options to purchase our shares; and

benefits generally available to all salaried team members.

2013 Base Salary

Base salary provides fixed compensation that is designed to be competitive in order to induce talented executives to join our company. Base salary amounts for our named executive officers in 2013 were the product of negotiations between our board of directors and our named executive officers, based largely on the collective experience and judgment of our board. In establishing base salaries, our board of directors considered a variety of factors, including:

the nature and responsibility of each executive's position;

the impact, contribution, expertise and experience of the executive;

competitive market information regarding salaries to the extent available and relevant; and

the importance of retaining the individual along with the competitiveness of the market for the individual executive's talent and services.

As discussed above, going forward our compensation committee will review base salaries for our named executive officers annually, or when competitive circumstances or business needs may require.

At the end of 2012, our pre-IPO compensation committee reviewed and decided to adjust base salaries for both officers and other store-support and store team members at the same time. We believe that this company-wide annual review of base salaries helped promote company cohesion. As a result of this review, and in reflection of improving economic conditions and our outstanding company financial and operational performance in 2012, effective February 2013, the compensation committee authorized increases in the base salaries for our named executive officers, other than Mr. Sanders, who received an increase in connection with his promotion to Chief Executive Officer in August 2012.

The following contributions were taken into consideration by the compensation committee in making 2013 base salary decisions:

President and CEO. When increasing Mr. Sanders' compensation in August 2012, the compensation committee considered Mr. Sanders' assumption of the role of Chief Executive Officer, his leadership in driving the company's achievement of all financial and operational goals and deliverables for 2012, the further progress of Sprouts' growth strategy and the formation of an experienced senior management team that will lead the company in its future growth.

Chief Financial Officer. The compensation committee considered Mr. Maredia's significant contributions in meeting the company's financial goals, including enhancing the company's balance sheet and liquidity, his leadership of our company's finance function, and his oversight of the financial management and integrity of the internal controls of the company.

Chief Operating Officer. The compensation committee considered Mr. Nielsen's important efforts that resulted in the successful integration of the Henry's and Sunflower operations, new merchandising strategies and the company's consistent sales performance throughout 2012 that exceeded goals established by our board.

Table of Contents

Chief Legal Officer and Corporate Secretary. The compensation committee considered Mr. Lombardi's oversight and contributions as counsel to our company, including leading our successful acquisition of Sunflower and our litigation and corporate transactions, establishing strong corporate governance policies, and executing effective risk management strategies.

Chief Marketing and Information Officer. The compensation committee considered Mr. Black's performance since becoming a team member in May 2012. When increasing Mr. Black's compensation for 2013, the compensation committee also considered Mr. Black's increased responsibilities in connection with his assumption of the role of Chief Marketing Officer in early 2013.

The table below sets forth the annual base salaries for each of our named executive officers for 2012 and 2013:

Name	Base Salary for 2012	Base Salary for 2013
J. Douglas Sanders(1)	\$ 500,000	\$ 500,000
Amin N. Maredia	\$ 350,000	\$ 362,250
James L. Nielsen	\$ 325,000	\$ 336,375
Brandon F. Lombardi	\$ 250,000	\$ 258,750
Stephen D. Black(2)	\$ 200,000	\$ 250,000

- (1) On August 23, 2012, Mr. Sanders assumed the role of Chief Executive Officer and his base salary increased from \$400,000 to \$500,000.
- (2) Upon becoming a team member of Sprouts as of the consummation of the Sunflower Transaction, Mr. Black's base salary was \$178,500. His annual base salary was immediately increased to \$200,000 for the remainder of 2012.

2013 Performance-based Cash Incentive Compensation

We utilize performance-based cash incentives to motivate executives to attain short-term objectives that align with long-term business goals. Our cash incentive plan is based upon (1) Adjusted EBITDA (as defined above), as adjusted for expenses incurred in connection with our IPO and accrual of bonuses for our executive officers above their target bonus amounts (referred to as Plan EBITDA), and (2) comparable store sales growth.

Our compensation committee believes that Plan EBITDA is an appropriate and primary indicator to our equityholders of overall business health, and its use achieves our desire to use a measure of profitability that drives equityholder value creating behaviors. The second measure, comparable store sales growth, focuses executive officers on both strengthening our core business and making our stores more effective.

Each named executive officer's target bonus amount is expressed as a percentage of base salary, referred to as the Target Bonus. The Target Bonus for Messrs. Sanders, Maredia, Nielsen, Lombardi and Black was 100%, 70%, 70%, 40%, and 40% of his 2013 base salary, respectively. In May 2013, the compensation committee set performance targets for Plan EBITDA and comparable store sales growth to determine what percentage of the Target Bonus should be paid out to each named executive officer. The percentage of the Target Bonus payable to Messrs. Sanders, Maredia, and Nielsen in 2013 ranged from 0% to 150%, based upon corporate performance against Plan EBITDA and comparable store sales growth targets. For such named executive officers, Plan EBITDA is weighted 75% and pro

forma comparable store sales growth is weighted 25%. If Plan EBITDA and comparable store sales growth are 100% of the established targets, Messrs. Sanders, Maredia, and Nielsen are each entitled to receive 100% of his respective Target Bonus. Each of Messrs. Sanders, Maredia, and Nielsen had the opportunity to earn up to 150% of his respective Target Bonus (or 150%, 105% and 105% of such officer's base salary, respectively). For every 3.0% above the established Plan EBITDA target, the percentage of the officer's bonus opportunity for the Plan EBITDA component increases by 7.5%, up to a maximum of 112.5% of the Target Bonus. For every 3.0% above the established comparable store sales growth target, the percentage of the officer's bonus opportunity for the pro forma comparable store sales growth component increases by 2.5%, up to a maximum of 37.5% of the Target Bonus. If 115% or more of both the Plan EBITDA and comparable store

Table of Contents

sales growth targets are achieved, the officer was entitled to receive 150% of his Target Bonus. Additionally, as a threshold matter, no bonuses would be paid unless Plan EBITDA is 95% of target. Messrs. Lombardi's and Black's respective bonuses were weighted 30% upon Plan EBITDA, 20% on comparable store sales growth and 50% on individual performance.

After the end of the fiscal year, our compensation committee reviews our company's actual performance against each of the financial performance objectives and, in determining whether the performance ranges are met, exercises its judgment whether to reflect or exclude the impact of changes in accounting principles and extraordinary, unusual or infrequently occurring events.

2013 Bonus Payments

For 2013, the target Plan EBITDA goal was \$172.0 million and the target comparable store sales growth goal was 6.2%. For 2013, our Plan EBITDA, for purposes of management bonuses, was \$197.2 million, or 114.7% of the target goal, resulting in 111.7% of the Target Bonus being payable as a result of such factor. Our pro forma comparable store sales growth was 10.7%, or 172.3% of the target goal, which exceeded the maximum benchmark for comparable store sales growth under the performance targets, resulting in 37.5% of the Target Bonus being payable as a result of such factor. Based upon these combined factors, the compensation committee determined that approximately 149.2% of the Target Bonus for Messrs. Sanders, Maredia and Nielsen would be paid out, or 149.2%, 104.4% and 104.4% of such officer's base salary, respectively. In addition, the compensation committee determined that 100% of Messrs. Lombardi's and Black's Target Bonus would be paid out, or 40% of each such officer's base salary.

The following table shows each named executive officer's maximum potential bonus payment as a percentage of 2013 annual base salary, his actual bonus payment, and his bonus payment as a percentage of 2013 annual base salary.

Name	Target Bonus Payment as a % of Annual Base Salary(1)(2)	Maximum Potential Bonus Payment as a % of Annual Base Salary(1)	Actual Target-Based Bonus Payment	Actual Target-Based Bonus Payment as a % of Annual Base Salary(2)	Actual Target-Based Bonus Payment as a % of Total 2013 Base Salary(3)	Other Bonus Awards(4)	Actual Total Bonus Payment
J. Douglas Sanders	100%	150.0%	\$ 746,000	149.2%	149.2%	\$ 2,847,836	\$ 3,593,836

2013 Equity Incentive Compensation

Our practice has been to grant equity-based compensation in the form of options to purchase our shares to align the interests of our named executive officers with the interests of our equity holders, to reward our named executive officers for superior corporate performance, and to attract, motivate and retain executive talent. We granted options to our named executive officers as follows:

We granted options to Mr. Sanders in May 2011 to purchase 1,925,000 shares of our common stock following the consummation of the Henry's Transaction, and options to purchase 275,000 shares in connection with his promotion to Chief Executive Officer in August 2012.

Table of Contents

We granted options to Mr. Nielsen in May 2011 to purchase 550,000 shares of our common stock pursuant to the terms agreed upon at the time of his hiring as our Chief Operating Officer, and options to purchase 110,000 shares in August 2013 in connection with our IPO.

We granted options to Mr. Maredia in September 2011 to purchase 605,000 shares of our common stock pursuant to the terms agreed upon at the time of his hiring as our Chief Financial Officer, and options to purchase 55,000 shares in August 2013 in connection with our IPO.

We granted options to Mr. Lombardi in July 2012 to purchase 275,000 shares of our common stock pursuant to the terms agreed upon at the time of his hiring as our Chief Legal Officer and Corporate Secretary.

We granted options to Mr. Black in July 2012 to purchase 137,500 shares of our common stock following his hire and options to purchase 33,000 shares in August 2013 in connection with our IPO.

Half of such options are time-vest options that vest quarterly over 12 quarters, and half are performance-vest options that vest one-third each year over a three-year period subject to Plan EBITDA and pro forma comparable store sales growth targets being met. One-sixth of Mr. Lombardi's time-vest options granted in connection with his joining our company vested on the date of grant. The remainder of his time-vest options shall vest quarterly over the following ten quarters. The options were all granted with an exercise price per share equal to the fair market value of our shares on the grant date, as determined by our board of directors because there was not a public market for our equity at the time of grant. Our executives realize value from options only if and to the extent the market price of our equity when the executive exercises the option exceeds the price on the date of grant. The shares underlying the options, the exercise price per share and the number of shares issuable upon exercise of these options have been adjusted in connection with the corporate conversion described elsewhere in this proxy statement. The options expire seven years from the grant date, vest upon a change in control of our company, and any unvested portion is forfeited when an officer leaves our company for any reason.

2013 Additional Executive Benefits

We provide our named executive officers with benefits that our board of directors believes are reasonable and in the best interests of our company and our equity holders. Consistent with our compensation philosophy, we intend to continue to maintain competitive benefit packages for our named executive officers, including retirement plan benefits and other health and welfare benefits described below. The compensation committee, in its discretion, may revise, amend or add to an officer's benefits if it deems it advisable. We believe these benefits are generally equivalent to benefits provided by comparable companies.

Retirement Plan Benefits. We sponsor a 401(k) defined-contribution plan, or the 401(k) Plan, covering substantially all eligible team members, including our named executive officers. Team member contributions to the 401(k) Plan are voluntary. Contributions by participants are limited to their annual tax deferred contribution limited by the Internal Revenue Service. We contribute an amount up to 50% of the first 6% of the eligible compensation deferred by a participant.

Health and Welfare Benefits. We offer medical, dental, vision, life insurance, short-term and long-term disability insurance and accidental death and dismemberment insurance for all eligible team members. We pay the premium amounts for such insurance plans on behalf of our named executive officers (other than Mr. Black).

Changes to Our Executive Compensation Program for 2014

As discussed above, following our IPO the compensation committee of our board of directors redesigned our executive officer compensation program to (1) reflect our stage of development as a newly public company, (2) improve our ability to attract, motivate, and retain executives, and (3) reward the creation of stockholder value. Our compensation committee determined to take the following actions with respect to our 2014 compensation structure:

The compensation committee will use the peer group compensation data provided by Mercer as the primary benchmarking tool for evaluating executive compensation.

The compensation committee increased the base salaries of our executive officers as part of the committee's overall plan to adjust target and total compensation levels to approximate the 50th percentile of comparable companies. Before the increases, base salaries were below the market 25th percentile, so the compensation committee decided to move base salaries directionally toward the market 50th percentile over the near term.

The compensation committee continued to strengthen pay-for-performance through the use of Plan EBITDA and comparable store sales targets for our short-term incentive plan, and determined to exclude an individual performance component from the short-term incentive plan in order to emphasize more objective pay-for-performance criteria.

The Target Bonus opportunities for each of our named executive officers will remain the same for 2014, while the maximum bonus opportunities will increase.

The compensation committee implemented an annual long-term incentive program that includes stock options and restricted stock units (referred to as RSUs) that encourage retention and align executive officer and stockholder interests. As part of our committee's emphasis on pay for performance, the mix of equity awards to our executive officers is weighted more toward options than RSUs.

The compensation committee determined to implement a non-qualified deferred compensation plan.

Employment Agreements

We are party to employment agreements with our named executive officers, except for Mr. Black. We have described the material terms of these agreements in the section *Employment Agreements*. These employment agreements establish the terms and conditions of such named executive officer's employment relationship with us. These agreements generally provide that such named executive officer receive a minimum base salary and be eligible to receive an annual bonus, but do not otherwise provide for annual salary or bonus increases or other compensation increases. In addition, these employment agreements provide for benefits upon termination of employment in certain circumstances.

Risk Considerations in Our Compensation Program

Our board of directors does not believe that our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on our company for the following reasons:

we believe our fixed pay is competitive given our size and stage of development;

our variable pay is based on achieving short-term financial goals, we set a threshold for financial targets below which no bonus payment can be made, and cash bonuses are awarded at amounts that are capped to avoid windfall payouts; and

long-term performance is rewarded through grants of equity that are only valuable if the price of our equity increases over time, which aligns our executives' interests with those of our equity holders.

- (1) Options are to acquire shares of common stock. Options expire seven years from the grant date. Time-vested options generally vest over 12 quarters. Each performance-based option vests based on the achievement of EBITDA (as defined in the option agreements) and pro forma comparable store sales targets, weighted equally. One-third of the performance-based options vest each of the first three years after the grant date if such targets are met. In addition, all options vest upon occurrence of a change in control of the company.
- (2) In connection with our \$282.0 million April 2013 dividend to stockholders, the named executive officers received \$2.24 per vested option as a Dividend Payment, and the unvested portion of such grant was reduced by \$2.24 per share.

(1) Represents possible amounts payable under our 2013 performance-based cash incentive program. For fiscal 2013, cash bonuses to be awarded to each named executive officer were based on Plan EBITDA and comparable store sales growth targets. The Target Bonus for 2013 for Messrs. Sanders, Maredia, Nielsen, Lombardi and Black were 100%, 70%, 70%, 40%, and 40% of base salary, respectively. The maximum amount achievable by Messrs. Sanders, Maredia and Nielsen in 2013 was 150% of his Target Bonus. Messrs. Lombardi and Black were eligible to receive 100% of his respective Target Bonus. In addition, 75% of the bonus

criteria for each named executive officer other than Messrs. Lombardi and Black was weighted towards Plan EBITDA, and 25% towards pro forma comparable store sales growth. For Messrs. Lombardi and Black, 30% of their respective bonus criteria was weighted towards Plan EBITDA, 20% was weighted towards pro forma comparable store sales growth and 50% was weighted towards individual performance. See Summary Compensation Table for actual amounts paid under our 2013 performance-based cash incentive program.

- (2) Half of such options are time-vest options and the remaining half are performance-vest options. The time-vest options granted to Messrs. Maredia, Nielsen and Black vest quarterly over 12 quarters. Each performance-vest option vests based on the achievement of Plan EBITDA and pro forma comparable store sales growth targets, weighted equally. One-third of the performance-based options vest each of the first three years after the grant date if such targets are met. In addition, all options vest upon occurrence of a change in control of the company. If, for any year, an installment does not vest because either the Plan EBITDA target or the pro forma comparable store sales growth target is not achieved, such installment may vest the following year if certain two-year cumulative comparable sales growth and single-year Plan EBITDA targets are achieved.
- (3) The amounts in this column reflect the aggregate grant date fair value of each option award granted during fiscal 2013, computed in accordance with ASC 718. For performance-vest option awards, the grant date fair value is based upon the probable outcome of the applicable performance conditions.

Option Exercises

The following table describes, for the named executive officers, the number of shares acquired on the exercise of options and the value realized on exercise of options during fiscal 2013.

Name	Option Awards	
	Number of Shares Acquired on Exercise	Value Realized on Exercise
J. Douglas Sanders		
Amin N. Maredia		
James L. Nielsen	102,977	\$ 3,446,494
Brandon F. Lombardi		
Stephen D. Black	26,602	\$ 817,942

For option awards, the value realized is computed as the difference between the fair market value of the underlying shares on the date of exercise and the exercise price times the number of options exercised.

Employment Agreements

On April 18, 2011, we entered into an employment agreement with each of Messrs. Sanders and Nielsen, and on July 15, 2011 and January 23, 2012, we entered into an employment agreement with each of Messrs. Maredia and Lombardi, respectively. Mr. Black does not have an employment agreement. Each employment agreement contains a base salary that was set as a result of negotiations between the executive and our board of directors, and is subject to adjustment on an annual basis. Additionally, each employment agreement provides for a bonus based upon our company's attainment of annual goals established by our board and the compensation committee. In connection with the entry into their respective employment agreements, each of the executives were granted options to purchase shares

as follows: 1,925,000 for Mr. Sanders, 605,000 for Mr. Maredia, 550,000 for Mr. Nielsen and 275,000 for Mr. Lombardi. In connection with his assumption of the role of Chief Executive Officer, Mr. Sanders was granted an additional 275,000 options. Each employment agreement also provides vacation benefits, reimbursement for business expenses, and the right to participate in company-wide benefits, including insurance, retirement, and other plans and programs as are available to our executive officers. Each employment agreement contains a covenant not to compete with our company or solicit our team members or customers for a period equal to the greater of 12 months immediately following termination of employment or the end of the period during which severance payments are being made, subject to certain exceptions, as well as confidentiality, preservation of intellectual property and non-disparagement obligations.

We and each named executive officer may terminate the officer's employment at any time. If we terminate any of the officers without cause or any of them terminates his employment for good reason, the terminated executive will receive an amount equal to (i) his base salary at the time of termination for a

Table of Contents

period of 24 months in the case of Messrs. Sanders and Nielsen and 12 months in the case of Messrs. Maredia and Lombardi, (ii) the sum of his annual bonuses in the two fiscal years prior to termination, each payable for a period of 24 months in the case of Messrs. Sanders and Nielsen and 12 months in the case of Messrs. Maredia and Lombardi, in each case from the effective date of termination, (iii) a pro-rated share of the annual bonus to which the officer would have been entitled had the officer worked the full year during which the termination occurred, and (iv) reimbursement of premiums paid for continued health benefits under COBRA during the applicable severance period. Upon a termination of employment by us of an executive officer not party to an employment agreement without cause or by such executive officer for good reason, we typically pay such officer his base salary at the time of termination for a period of 12 months. We would expect to pay severance benefits to Mr. Black equal to 12 months of base salary and reimbursement of premiums paid for continued health benefits under COBRA during the applicable severance period if he were so terminated without cause or if he terminated his employment for good reason.

In the event of termination of employment due to the death or disability of an officer, we will pay to the officer, or such officer's guardian or personal representative, as the case may be, continued base salary at its then-current level for the lesser of six months or the then-remaining term of the employment agreement, as well as a pro-rated share of the annual bonus to which the officer would have been entitled had the officer worked the full year during which the termination occurred.

Potential Payments Upon Termination or Change of Control

The tables below reflect the amount of compensation to our named executive officers in the event of termination of such officer's employment. The amount of compensation payable to each named executive officer upon voluntary termination, involuntary not for cause termination, for cause termination, involuntary for good reason termination, and in the event of disability or death of the executive is shown above. The amounts shown assume that such termination was effective as of December 29, 2013, and thus include amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such officer's separation from our company. Our officers' employment agreements do not provide for additional benefits upon a change of control of our company.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY-ON-PAY)

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (referred to as the *Dodd-Frank Act*), enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

Summary

We are asking our stockholders to provide advisory approval of the compensation of our named executive officers (which consist of our President and Chief Executive Officer, our Chief Financial Officer, and our three other most highly compensated executive officers during our fiscal year ended December 29, 2013), as such compensation is described in the *Compensation Discussion and Analysis* section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure set forth in this proxy statement, beginning on page 20. We urge our stockholders to review the complete *Compensation Discussion and Analysis* included in this proxy statement and the executive-related compensation tables for more information.

Our executive compensation program is designed to promote the creation of long-term stockholder value by paying for performance, attracting and retaining valuable team members and aligning the interests of our named executive officers with those of our stockholders. Our 2013 executive officer compensation program consists of base salary, annual cash performance-based bonus, equity awards in the form of options to purchase our shares and benefits generally available to all of our salaried team members. The fixed components (base salary and benefits) of our named executive officer compensation are designed to be competitive in order to induce talented executives to join our company. The variable component (cash performance-based bonus) is tied specifically to the achievement of company-wide objectives and is designed so that above average performance is rewarded with above average rewards. The equity awards, which are also a variable component, are also tied to the achievement of company-wide objectives and are designed so that performance in excess of objectives is rewarded with larger compensation. By tying a large portion of executive compensation to achievement of short-term and long-term strategic and operational goals, we seek to closely align the interests of our named executive officers with the interests of our stockholders.

Our board of directors believes that the information provided above and within the *Executive Compensation* section of this proxy statement demonstrates that our executive compensation program is designed appropriately and is working to ensure that management's interests are aligned with our stockholders' interests to support long-term value creation.

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Act) and the related rules of the SEC, our board of directors will request your advisory vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the company's named executive officers for the fiscal year ended December 29, 2013, as disclosed in this Proxy Statement pursuant to the SEC's executive compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative discussion that accompanies the compensation tables), is hereby approved.

Required Vote

The say-on-pay proposal requires the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote on the proposal.

Table of Contents

The say-on-pay vote is advisory, and therefore not binding on our company, our compensation committee, or our board of directors. Although non-binding, the vote will provide information to our compensation committee and our board of directors regarding investor sentiment about our executive compensation philosophy, policies, and practices, which our compensation committee and our board of directors will be able to consider when determining executive compensation for the years to come.

Recommendation of the Board

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR ADOPTION OF THE RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS FOR THE FISCAL YEAR ENDED DECEMBER 29, 2013, AS DESCRIBED IN THE *COMPENSATION DISCUSSION AND ANALYSIS* SECTION AND THE RELATED TABULAR AND NARRATIVE DISCLOSURE SET FORTH IN THIS PROXY STATEMENT.

Table of Contents

**PROPOSAL 3: ADVISORY VOTE ON DETERMINING THE FREQUENCY OF SAY-ON-PAY VOTES
(SAY- ON-FREQUENCY)**

Background

The Dodd-Frank Act enables our stockholders to indicate how frequently they believe we should seek a say-on-pay vote. Stockholders have the option of recommending a say-on-pay vote every year, every two years, or every three years or abstaining from making a recommendation.

Summary

Our board of directors has considered the advantages and disadvantages of the frequency of the say-on-pay vote. Based on its analysis, our board of directors believes that asking our stockholders to vote on executive compensation each year would be the most meaningful for our board of directors and our compensation committee and best serve the interests of our company and its stockholders. Our board of directors believes an annual say-on-pay advisory vote will provide the most timely feedback on executive compensation arrangements, plans, programs, and policies as executive compensation disclosures are made annually.

Stockholders should recognize, however, that it may not be appropriate or feasible to change compensation programs already in place for the year in which the vote occurs since the advisory vote on executive compensation will take place after the beginning of the compensation year. Stockholders also should recognize that their recommendation may be modified in the future if an annual frequency vote becomes burdensome or otherwise proves to be less helpful than originally expected.

Required Vote

The say-on-frequency proposal requires a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote on the proposal. Therefore, the frequency option (one year, two years or three years) that receives the greatest number of votes shall be passed.

The say-on-frequency vote is advisory, and therefore not binding on our company, our compensation committee or our board of directors. We will consider stockholders to have expressed a preference for the frequency that receives the largest number of favorable votes. Our board of directors also may from time to time decide that it is in the best interests of our company and its stockholders to hold the frequency vote more or less frequently than the non-binding option preferred by our stockholders.

Recommendation of the Board

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE ONE YEAR ON THE PROPOSAL TO DETERMINE THE FREQUENCY OF SAY-ON-PAY VOTES.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors has appointed an Audit Committee consisting of three directors. All of the members of the committee must be independent of our company and management, as independence is defined in applicable rules of the SEC and the NASDAQ Stock Market, and each of whom our board of directors has determined is an audit committee financial expert within the meaning of SEC regulations. Each member of our audit committee can read and understand fundamental financial statements in accordance with audit committee requirements. In arriving at this determination, the board has examined each audit committee member's scope of experience in financial roles and the nature of their employment.

The purpose of the Audit Committee is to provide oversight of the Company's accounting and financial reporting processes and audits of the financial statements of the Company and compliance with applicable legal requirements and regulations. The primary responsibilities of the committee include reviewing and pre-approving the engagement of our independent registered public accounting firm, reviewing our annual and quarterly financial statements and reports discussing the statements and reports with our independent registered public accounting firm and management, and reviewing and monitoring our accounting principles, accounting policies, financial and accounting controls and compliance with legal and regulatory requirements. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditor is responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. Our board of directors has adopted a written charter for our audit committee, available at <http://investors.sprouts.com>, that reflects, among other things, requirements of the Sarbanes-Oxley Act of 2002, rules adopted by the SEC, and rules of NASDAQ. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on or accessible through our website into this proxy statement.

In fulfilling its oversight responsibilities, the committee reviewed and discussed with management and the independent auditor the audited financial statements at December 29, 2013 and December 30, 2012 and for each of the years in the three-year period ended December 29, 2013. The committee discussed with the independent auditor the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 16, *Communications with Audit Committees*, and other applicable regulations. This included a discussion of the independent auditor's judgments as to the quality, not just the acceptability, of our company's accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards. In addition, the committee received from the independent auditor written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence. The committee also discussed with the independent auditor the independent auditor's independence from management and our company, including the matters covered by the written disclosures and letter provided by the independent auditor.

The committee discussed with our independent auditor the overall scope and plans for its audit. The committee meets with the independent auditor, with and without management present, to discuss the results of the independent auditor's examinations, its evaluations of our company, the internal controls, and the overall quality of the financial reporting. The committee held three meetings during fiscal 2013.

Based on the reviews and discussions referred to above, the committee recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 29, 2013 for filing with the Securities and Exchange Commission.

The report has been furnished by the Audit Committee to our Board of Directors.

Table of Contents**PROPOSAL 4: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR**

Our Audit Committee has appointed PricewaterhouseCoopers LLP, an independent registered public accounting firm (PwC), to audit the consolidated financial statements of our company for the fiscal year ending December 28, 2014, and recommends that stockholders vote in favor of the ratification of such appointment. In the event of a negative vote on such ratification, the audit committee will reconsider its selection. We anticipate that representatives of PwC will be present at the annual meeting of stockholders, will have the opportunity to make a statement if they desire, and will be available to respond to appropriate questions.

Aggregate fees billed to our company for the fiscal years ended December 29, 2013 and December 30, 2012 by PwC, our independent registered public accounting firm, are as follows:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers, and persons who beneficially own more than ten percent of our common stock to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of common stock. Directors, executive officers, and ten percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon our review of the copies of such forms that we received during the year ended December 29, 2013, and written representations that no other reports were required, we believe that each person who at any time during such year was a director, officer, or beneficial owner of more than ten percent of our common stock complied with all Section 16(a) filing requirements during the year ended December 29, 2013.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information regarding the beneficial ownership of our common stock as of the record date, March 17, 2014, by the following:

each of our directors and named executive officers;

all of our directors and executive officers as a group; and

each person, or group of affiliated persons, who is known by us to beneficially own more than 5% of our common stock.

For further information regarding material transactions between us and certain of our stockholders, see *Certain Relationships and Related Party Transactions*.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she, or it possesses sole or shared voting or investment power of that security, including options that are currently exercisable or exercisable within 60 days of the record date, March 17, 2014. Shares issuable pursuant to options are deemed outstanding for computing the percentage of the person holding such options, but are not outstanding for computing the percentage of any other person. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown that they beneficially own, subject to community property laws where applicable. The information does not necessarily indicate beneficial ownership for any other purpose.

Our calculation of the percentage of beneficial ownership is based on 147,751,776 shares of common stock outstanding as of March 17, 2014.

Unless otherwise indicated, the address of each beneficial owner listed in the table below is c/o Sprouts Farmers Market, Inc., 11811 N. Tatum Boulevard, Suite 2400, Phoenix, Arizona 85028.

- (14) Based upon information contained in Amendment No. 1 to Schedule 13D filed by the beneficial owner with the SEC on December 11, 2013. The Board of Directors of Premier Grocery, Inc., a Nevada corporation, (PGI) is comprised of the following four members: Stanley A. Boney, Shon A. Boney, Kevin R. Easler, and Scott T. Wing. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Other than compensation arrangements, we describe below transactions and series of similar transactions during our last three fiscal years to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and

any of our directors, executive officers, or holders of more than 5% of our capital stock, or any member of the immediate family of the foregoing persons, had or will have a direct or indirect material interest.

Compensation arrangements for our directors and named executive officers are described elsewhere in this proxy statement.

Stockholders Agreement

We are party to a stockholders agreement (referred to as the *Stockholders Agreement*) with stockholders that held all of our outstanding shares of common stock prior to our IPO. The Stockholders Agreement became effective upon the pricing of our IPO.

The Stockholders Agreement limits transfers of shares of our common stock by stockholders party thereto, other than the Apollo Funds, until October 31, 2014, subject to a potential extension of up to 90 days, as described below (referred to as the *Stockholders Agreement Lock-up Period*). No transfers of shares of our common stock, or any options or warrants to purchase shares of our common stock, or any securities convertible into, exchangeable for or that represent the right to receive shares of our common stock (excluding shares of common stock acquired in open market transactions subsequent to the completion of our IPO) will be permitted, except as discussed below, until June 30, 2014. After that date, stockholders will be permitted to sell 33% of their shares (less any shares previously sold under the provisions discussed below). To the extent the Apollo Funds sell shares of common stock during the Stockholders Agreement Lock-up Period, stockholders will be permitted to sell a pro rata portion of their shares. In addition, stockholders will be permitted to transfer shares as gifts or to certain affiliates; provided that the transferee becomes a party to the Stockholders Agreement. The Stockholders Agreement provides that any consent by the Apollo Funds to a transfer of shares notwithstanding the restrictions must be provided to all stockholders on a pro rata basis.

The Stockholders Agreement also provides the Apollo Funds with the right to require us to file up to five registration statements with the SEC for the resale of their shares of common stock (or an unlimited number of registered offerings if we have qualified to use a Form S-3 registration statement). We filed one such registration statement, which was declared effective by the SEC in November 2013. In the event that the Apollo Funds exercise such registration rights and sell shares of common stock through an underwritten offering, the other stockholders party to the Stockholders Agreement will have the right to sell a pro rata portion of their shares in such underwritten offering, at the same price and terms as the Apollo Funds. The stockholders party to the Stockholders Agreement have agreed to not sell or otherwise transfer any shares of our common stock for a period of 90 days following any registered offering completed under the registration rights provisions of the Stockholders Agreement. Stockholders party to the Stockholders Agreement who sell less than their pro rata portion of their shares in such an offering, including those who sold less than their pro rata share of the November 2013 secondary offering, will have the right to sell the same pro rata portion of their shares as sold by the Apollo Funds in such an offering (less the number of any shares sold in such offering) upon the completion of such 90-day period.

The Apollo Funds have agreed in the Stockholders Agreement that any market sales by them prior to June 30, 2014 will be pursuant to underwritten offerings. Thereafter, block trades and other open market sales are permitted, but if the Apollo Funds sell 25% or more of the common stock held by them as of the date of the Stockholders Agreement in non-underwritten open market trades, all of the transfer restrictions applicable to the other stockholders will lapse.

Sunflower Transaction

Stephen Black, our Chief Marketing and Information Officer, was a stockholder of Sunflower Farmers Market, Inc. (referred to as *Sunflower*), which we acquired in May 2012 (referred to as the *Sunflower Transaction*) and accordingly received from us in the Sunflower Transaction, on the same terms as all Sunflower stockholders, consideration for his shares of Sunflower common stock in the amount of \$589,000.

Corporate Aircraft

During fiscal 2012, we purchased an aircraft from CJ Leasing Services, LLC, an entity controlled by Shon Boney, a member of our board of directors, for \$3.2 million.

Volcanic Red

We purchased coffee from Volcanic Red, LLC (dba Volcanic Red Coffees), a company in which Mr. Boney (together with his immediate family members) and Kevin Easler, a former director, own 15% and 7.5% interests, respectively. Our purchases totaled \$3.4 million, \$5.6 million and \$7.9 million in fiscal 2011, fiscal 2012 and fiscal 2013, respectively. As of December 30, 2012 and December 29, 2013, we had recorded accounts payable due to this vendor of \$0.7 million and \$0.7 million, respectively.

Notes

Certain Transactions with Apollo Affiliates

In connection with our credit facility, we paid an arrangement fee of \$760,000 to an affiliate of Apollo. Apollo Global Securities, LLC, another affiliate of Apollo, was an underwriter of our IPO and secondary offering that closed on December 2, 2013, and received fees of approximately \$0.9 million and \$1.0 million, respectively.

Indemnification of Officers and Directors

Our certificate of incorporation and bylaws provide that we will indemnify each of our directors and officers to the fullest extent permitted by Delaware law. In addition, in connection with our IPO, we entered into indemnification agreements with each of our directors and executive officers.

Policies and Procedures for Related Party Transactions

We have adopted a policy that our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of any class of our common stock, and any members of the immediate family of any of the foregoing persons are not permitted to enter into a related person transaction with us without the prior consent of our audit committee. Any request for us to enter into a transaction with an executive officer, director, nominee for election as a director, beneficial owner of more than 5% of any class of our common stock, or any member of the immediate family of any of the foregoing persons, in which the amount involved exceeds \$120,000 and such person would have a direct or indirect interest, must first be presented to our audit committee for review, consideration, and approval. In approving or rejecting any such proposal, our audit committee is to consider the material facts of the transaction,

including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. All of the transactions described above were entered into after presentation, consideration, and approval by our board of directors.

Pursuant to Rule 14a-8 under the Exchange Act, any proposal that a stockholder of our company wishes to have included in the proxy statement in connection with our 2015 Annual Meeting of Stockholders must be submitted to us no later than November 17, 2014.

Table of Contents**APPENDIX A: RECONCILIATION OF NON-GAAP FINANCIAL MEASURES**

This proxy statement contains a financial measure, Adjusted EBITDA, that is not calculated in accordance with accounting principles generally accepted in the United States of America (referred to as *GAAP*). We believe the presentation of Adjusted EBITDA aids in the understanding of our business performance but it is not intended to be an alternative to GAAP measures.

We define Adjusted EBITDA as net income before interest expense, provision for income tax, and depreciation and amortization, excluding store closure and exit costs, one-time costs associated with our 2011 business combination with Henry's Holdings, LLC and 2012 acquisition of Sunflower Farmers Market, Inc. (referred to as the *Sunflower Transaction*), losses from disposal of assets and certain other items that we do not consider representative of our ongoing financial performance.

This non-GAAP measure is intended to provide additional information only and does not have any standard meanings prescribed by GAAP. Use of the terms below may differ from similar measures reported by other companies. Because of their limitations, none of the non-GAAP measures should be considered as a measure of discretionary cash available to use to reinvest in growth of our business, or as a measure of cash that will be available to meet our obligations. Each of these non-GAAP measures has its limitations as an analytical tool, and you should not consider them in isolation or as a substitute for analysis of our results as reported under GAAP.

The following table shows a reconciliation of adjusted and pro forma adjusted EBITDA to net income for the thirteen and fifty-two weeks ended December 29, 2013 and pro forma net income for the thirteen and fifty-two weeks ended December 30, 2012. As the effects of the Sunflower Transaction have a material effect on the comparability of our results of operations, we have therefore supplemented the comparison of our results of operations for the thirteen and fifty-two weeks ended December 29, 2013 with comparisons to the results for the thirteen and fifty-two weeks ended December 30, 2012 on a pro forma basis giving effect to the Sunflower Transaction as if it had occurred on the first day of fiscal 2012.

- (a) See Unaudited Supplemental Pro Forma Condensed Consolidated Financial Information on pages 55-59 of our 2013 Annual Report on Form 10-K for a reconciliation of pro forma net income to net income for the thirteen and fifty-two weeks ended December 30, 2012.
- (b) Store closure and exit costs have been excluded from adjusted and pro forma adjusted EBITDA, and from adjusted and pro forma adjusted net income. In fiscal 2013 these costs included the costs related to the closure of a former Sunflower warehouse facility and adjustments to sublease assumptions on other properties. In fiscal 2012 these consist primarily of the costs to close a Sunflower administrative facility following the Sunflower Transaction and one store location and in the thirteen weeks ended December 30, 2012 included a benefit from a landlord's voluntary release of a lease obligation for a previously closed location.
- (c) Costs associated with acquisitions and integration represent the costs to integrate the combined businesses resulting from the Sunflower and Henry's Transactions. These expenses include professional fees and severance, which the Company excludes from its pro forma adjusted EBITDA and pro forma adjusted net income to provide period-to-period comparability of the Company's operating results because management believes these costs do not directly reflect the ongoing performance of its store operations.
- (d) Loss on disposal of assets represents the gains and losses recorded in connection with the disposal of property and equipment. The Company excludes gains and losses on disposals of assets from its adjusted and pro forma adjusted EBITDA and adjusted and pro forma adjusted net income to provide period-to-period comparability of its operating results because management believes these costs do not directly reflect the ongoing performance of its store operations. The loss recorded in fiscal 2012 primarily relates to the loss on the sale leaseback of a store property.
- (e) IPO bonus represents the bonuses paid to certain employees in connection with the Company's initial public offering. The Company excludes the IPO bonus from its adjusted and pro forma adjusted EBITDA and adjusted and pro forma adjusted net income to provide period-to-period comparability of its operating results because management believes these costs do not directly reflect the ongoing performance of its store operations.
- (f) Secondary offering expenses including employment taxes on options exercises represents expenses the Company incurred in its second public offering and employment taxes paid by the Company in connection with options exercised in that offering. The Company has excluded these items from its adjusted and pro forma adjusted EBITDA and adjusted and pro forma adjusted net income to provide period-to-period comparability of its operating results because management believes these costs do not directly reflect the performance of its store operations.
- (g) Pro forma adjusted and adjusted income tax provision for all periods presented represents the income tax provision and pro forma income tax provision plus the tax effect of the adjustments described in notes (b) through (e) above based on statutory tax rates for the period. For the fifty-two weeks ended December 30, 2012, this amount was further adjusted to reflect a \$1.9 million reduction in pro forma income tax provision for the effects of certain items related to the Sunflower Transaction. Of the adjustment, \$2.3 million relates to the tax effects of \$3.3 million and \$2.9 million of non-deductible transaction costs incurred by the Company and Sunflower, respectively, based on statutory tax rates for the period. This adjustment was partially offset by a \$0.4 million adjustment related to tax benefits from Sunflower stock option exercises. The Company has excluded these items from its pro forma adjusted income tax provision because management believes they do not directly reflect the ongoing performance of its store operations and are not reflective of its ongoing income tax provision.
