RISK FACTORS

An investment in our Class A common shares involves a significant degree of risk. Before investing in our Class A common shares, you should carefully consider all information included or incorporated by reference in this prospectus, including the risks discussed under the heading "Risk Factors" in our latest Annual Report on Form 20-F filed with the U.S. Securities and Exchange Commission, or the SEC, which is incorporated by reference into this prospectus. In addition, you should read "Certain Material United States Federal Income Tax Considerations" in this prospectus supplement for a more complete discussion of expected material U.S. federal income tax consequences of owning and disposing of our Class A common shares.

If any of these risks were to occur, our business, financial condition, operating results or cash flows could be materially adversely affected. DESCRIPTION OF CAPITAL STOCK

The following is a description of certain material terms of our Articles of Incorporation. For additional information, we refer you to our Articles of Incorporation, which are incorporated by reference into this prospectus.

Under our Articles of Incorporation, our authorized shares consist of 200,000,000 Class A common shares, par value \$0.01 per share, 25,000,000 Class B common shares, par value \$0.01 per share, 100 Class C common shares, par value \$0.01 per share, and 150,000,000 preferred shares, par value \$0.01 per share. As of March 31, 2014, 13,665,531 Series C preferred shares, 5,105,000 Series D preferred shares, 5,400,000 Series E preferred shares, no Series R preferred shares, 93,453,508 Class A common shares, no Class B common shares and no Class C common shares were issued and outstanding.

Common Stock

Our Class A common shares are our only outstanding class of common shares.

Dividends

Under our Articles of Incorporation, our Class A common shareholders may receive quarterly dividends. Declaration and payment of any dividend is subject to the discretion of our board of directors. The time and amount of dividends will depend upon our financial condition, our operations, our cash requirements and availability, debt repayment obligations, capital expenditure needs, restrictions in our debt instruments, industry trends, the provisions of Marshall Islands law affecting the payment of distributions to shareholders and other factors. The Marshall Islands Business Corporations Act, or the *BCA*, generally prohibits the payment of dividends other than from paid-in capital in excess of par value and our earnings or while we are insolvent or would be rendered insolvent on paying the dividend.

Voting

The Class A common shares each have one vote. A majority of the Class A common shares constitutes a quorum at meetings of the shareholders.

Preferred Stock

Our Articles of Incorporation authorize our board of directors to establish one or more series of preferred shares and to determine, with respect to any series of preferred shares, the terms and rights of that series, including, among other things:

Edgar Filing: Seaspan CORP - Form 424B5

the designation of the series;

the number of shares in the series;

the dividend terms and conditions of the series;

any redemption rights of, or sinking fund for, the series;

the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of our company;

whether the shares of the series will be convertible into any other security of our company or any other corporation, and, if so, the terms and conditions upon which the conversion may be made;

restrictions on the issuance of shares of the same series or of any other class or series; and

the voting rights, if any, of the holders of the series.

Series C Preferred Shares

In January 2011, we issued 10,000,000 of our 9.50% Series C Cumulative Redeemable Perpetual Preferred Shares. In May 2011, we issued an additional 4,000,000 Series C preferred shares. In September 2013, we repurchased 320,000 of our Series C preferred shares at \$26.50 per share for a total of approximately \$8.5 million and our board of directors also authorized a repurchase plan of up to an additional \$25 million of our Series C preferred shares through July 2014. Under this plan, 14,469 Series C preferred shares have been repurchased as of March 31, 2014.

The initial liquidation preference of the Series C preferred shares is \$25 per share, subject to adjustment. The shares are redeemable by us at any time on or after January 30, 2016. The shares carry an annual dividend rate of 9.5% per \$25 of liquidation preference per share, subject to increase if (a) we fail to comply with certain covenants, (b) we experience certain defaults under any of our credit facilities, (c) four quarterly dividends payable on the Series C preferred shares are in arrears or (d) the Series C preferred shares are not redeemed in whole by January 30, 2017. The Series C preferred shares represent perpetual equity interests in us and, unlike our indebtedness but like our Series D and Series E preferred shares, do not give rise to a claim for payment of a principal amount at a particular date. As such, the Series C preferred shares rank junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us, and pari passu with the Series D and Series E preferred shares. Upon any liquidation or dissolution of us, holders of the Series C preferred shares will generally be entitled to receive the cash value of the liquidation preference of the Series C preferred shares, plus an amount equal to accumulated and unpaid dividends, after satisfaction of all liabilities to our creditors, but before any distribution is made to or set aside for the holders of junior stock, including our Class A common shares. The Series C preferred shares are not convertible into common shares or other of our securities, do not have exchange rights and are not entitled to any preemptive or similar rights.

Series D Preferred Shares

In December 2012, we issued 3,105,000 of our 7.95% Series D Cumulative Redeemable Perpetual Preferred Shares. In November 2013, we issued an additional 2,000,000 Series D preferred shares. The liquidation preference of the Series D preferred shares is \$25 per share. The shares are redeemable by us at any time on or after January 30, 2018. The shares carry an annual dividend rate of 7.95% per \$25 of liquidation preference per share. The Series D preferred shares represent perpetual equity interests in us and, unlike our indebtedness but like our Series C and Series E preferred shares, do not give rise to a claim for payment of a principal amount at a particular date. As such, the Series D preferred shares rank junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us, and pari passu with the Series C and Series E preferred shares. Upon any liquidation or dissolution of us, holders of the Series D preferred shares will generally be entitled to receive the cash value of the liquidation preference of the Series D preferred shares, plus an amount equal to accumulated and unpaid dividends, after satisfaction of all liabilities to our creditors, but before any distribution is made to or set aside for the holders of junior stock, including our Class A common shares. The Series D preferred shares are not convertible into common shares or other of our securities, do not have exchange rights and are not entitled to any preemptive or similar rights.

Series E Preferred Shares

In February 2014, we issued 5,400,000 of our 8.25% Series E Cumulative Redeemable Perpetual Preferred Shares. The liquidation preference of the Series E preferred shares is \$25 per share. The shares are redeemable by us at any time on or after February 13, 2019. The shares carry an annual dividend rate of 8.25% per \$25 of liquidation preference per share. The Series E preferred shares represent perpetual equity interests in us and, unlike our indebtedness but like our Series C and Series D preferred shares, do not give rise to a claim for payment of a principal amount at a particular date. As such, the Series E preferred shares rank junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us, and pari passu with the Series C and Series D preferred shares. Upon any liquidation or dissolution of us, holders of the Series E preferred shares will generally be entitled to receive the cash value of the liquidation preference of the Series E

preferred shares, plus an amount equal to accumulated and unpaid dividends, after satisfaction of all liabilities to our creditors, but before any distribution is made to or set aside for the holders of junior stock, including our Class A common shares. The Series E preferred shares are not convertible into common shares or other of our securities, do not have exchange rights and are not entitled to any preemptive or similar rights.

Series R Preferred Shares

Pursuant to our shareholders rights agreement and as an anti-takeover measure, we have issued preferred share purchase rights that are presently attached to, and transferable only with, our Class A common shares. Prior to the occurrence of specified events, the preferred share purchase rights will not be exercisable or evidenced separately from our Class A common shares. Upon exercise, if any, of these rights, the holders of such rights who are entitled to exercise them would receive 1/1000th of a share of our Series R Participating Preferred Stock for each right exercised. We have authorized 1,000,000 Series R preferred shares with a par value of \$0.01 per share. Each Series R preferred share entitles the holder to 1,000 votes on all matters submitted to a vote of our shareholders. The Series R preferred shares rank junior to all other series of our preferred shares.

MARSHALL ISLANDS COMPANY CONSIDERATIONS

Our corporate affairs are governed by our Articles of Incorporation and bylaws and by the Marshall Islands Business Corporation Act, or the *BCA*. The provisions of the *BCA* resemble provisions of the corporation laws of a number of states in the United States. While the *BCA* also provides that it is to be interpreted according to the laws of the State of Delaware and other states with substantially similar legislative provisions, there have been few, if any, court cases interpreting the *BCA* in the Marshall Islands and we cannot predict whether Marshall Islands courts would reach the same conclusions as United States courts. Accordingly, you may have more difficulty in protecting your interests in the face of actions by our management, directors or controlling shareholders than would shareholders of a corporation incorporated in a United States jurisdiction that has developed a substantial body of case law. The following table provides a comparison between the statutory provisions of the *BCA* and the Delaware General Corporation Law relating to certain shareholders' rights.

DISSENTERS RIGHTS OF APPRAISAL

MARSHALL ISLANDS

The opinion of our counsel is dependent on the accuracy of representations made by us to them, including descriptions of our operations contained herein.

This discussion is based upon the provisions of the Code, applicable U.S. Treasury Regulations promulgated thereunder, legislative history, judicial authority and administrative interpretations, as of the date of this prospectus, all of which are subject to change, possibly with retroactive effect, or are subject to different interpretations. Changes in these authorities may cause the U.S. federal income tax considerations to vary substantially from those described below.

This discussion applies only to beneficial owners of our common shares that own the shares as capital assets (generally, for investment purposes) and does not comment on all aspects of U.S. federal income taxation that may be important to certain shareholders in light of their particular circumstances, such as shareholders subject to special tax rules (*e.g.*, financial institutions, regulated investment companies, real estate investment trusts, insurance companies, traders in securities that have elected the mark-to-market method of accounting for their securities, persons liable for alternative minimum tax, broker-dealers, tax-exempt organizations, or former citizens or long-term residents of the United States) or shareholders that hold our common shares as part of a straddle, hedge, conversion, constructive sale or other integrated transaction for U.S. federal income tax purposes, all of whom may be subject to U.S. federal income tax rules that differ significantly from those summarized below. If a partnership or other entity or arrangement treated as a partnership for U.S. federal income tax purposes holds our common shares, the tax treatment of its partners generally will depend upon the status of the partner and the activities of the partnership. Partners in partnerships holding our common shares should consult their own tax advisors to determine the appropriate tax treatment of the partnership's ownership of our common shares.

No ruling has been requested from the IRS regarding any matter affecting us or our shareholders. Instead, we will rely on the opinion of Perkins Coie LLP. Unlike a ruling, an opinion of counsel represents only that counsel's legal judgment and does not bind the IRS or the courts. Accordingly, the opinion and statements made here may not be sustained by a court if contested by the IRS.

This discussion does not address any U.S. estate, gift or alternative minimum tax considerations or tax considerations arising under the laws of any state, local or non-U.S. jurisdiction. Shareholders are urged to consult their own tax advisors regarding the U.S. federal, state, local, non-U.S. and other tax consequences of owning and disposing of our common shares.

U.S. Federal Income Taxation of U.S. Holders

As used herein, the term "U.S. Holder" means a beneficial owner of our common shares that is, for U.S. federal income tax purposes: (a) a U.S. citizen or U.S. resident alien (or a U.S. Individual Holder); (b) a corporation, or other entity taxable as a corporation, that was created or organized under the laws of the United States, any state thereof, or the District of Columbia; (c) an estate whose income is subject to U.S. federal income taxation regardless of its source; or (d) a trust that either is subject to the supervision of a court within the United States and has one or more U.S. persons with authority to control all of its substantial decisions or has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

Distributions on Our Common Shares

Subject to the discussion of passive foreign investment companies, or *PFICs*, below, any distributions made by us with respect to our common shares to a U.S. Holder generally will constitute dividends, which may be taxable as ordinary income or qualified dividend income as described in more detail below, to the extent of our current and accumulated earnings and profits allocated to the U.S. Holder's shares, as determined under U.S. federal income tax principles. Distributions in excess of our current and accumulated earnings and profits allocated to the U.S. Holder's shares will be treated first as a nontaxable return of capital to the extent of the U.S. Holder's tax basis in our common shares and thereafter as capital gain, which will be either long-term or short-term capital gain depending upon whether the U.S. Holder has held the shares for more than one year. U.S. Holders that are corporations generally will not be entitled to claim a dividends received deduction with respect to any distributions they receive from us. For purposes of computing allowable foreign tax credits for U.S. federal income tax purposes, dividends received with respect to our common shares will be treated as foreign source income and generally will be treated as passive category income.

Under current law, subject to holding-period requirements and certain other limitations, dividends received with respect to our common shares by a U.S. Holder who is an individual, trust or estate (or a Non-Corporate U.S. Holder) generally will be treated as qualified dividend income that is taxable to such Non-Corporate U.S. Holder at preferential capital gain tax rates (provided we are not classified as a PFIC for the taxable year during which the dividend is paid or the immediately preceding taxable year).

Special rules may apply to any extraordinary dividend paid by us. Generally, an extraordinary dividend is a dividend with respect to a common share that is equal to or in excess of 10% of a common shareholder's adjusted tax basis (or fair market value upon the shareholder's election) in such common share. In addition, extraordinary dividends include dividends received within a one year period that, in the aggregate, equal or exceed 20% of a shareholder's adjusted tax basis (or fair market value). If we pay an extraordinary dividend on our common shares that is treated as qualified dividend income, then any loss recognized by a Non-Corporate U.S. Holder from the sale or exchange of such shares will be treated as long-term capital loss to the extent of the amount of such dividend.

Sale, Exchange or Other Disposition of Our Common Shares

Subject to the discussion of PFICs, below, a U.S. Holder generally will recognize capital gain or loss upon a sale, exchange or other disposition of our common shares in an amount equal to the difference between the amount realized by the U.S. Holder from such sale, exchange or other disposition and the U.S. Holder's tax basis in such shares.

Subject to the discussion of extraordinary dividends above, gain or loss recognized upon a sale, exchange or other disposition of our common shares generally will be treated as (a) long-term capital gain or loss if the U.S. Holder's holding period is greater than one year at the time of the sale, exchange or other disposition, or short-term capital gain or loss otherwise and (b) U.S. source income or loss, as applicable, for foreign tax credit purposes. Non-Corporate U.S. Holders may be eligible for preferential rates of U.S. federal income tax in respect of long-term capital gains. A U.S. Holder's ability to deduct capital losses is subject to certain limitations.

Consequences of Possible CFC Classification

If CFC Shareholders (generally, U.S. Holders who each own, directly, indirectly or constructively, 10% or more of the total combined voting power of all classes of our outstanding shares entitled to vote) own directly, indirectly or constructively more than 50% of either the total

Edgar Filing: Seaspan CORP - Form 424B5

combined voting power of all classes of our outstanding shares entitled to vote or the total value of all of our outstanding shares, we generally would be treated as a controlled foreign corporation, or a CFC. For the year 2014, we believe that we will be treated as a CFC.

S-12

Table of Contents

CFC Shareholders are treated as receiving current distributions of their respective share of certain income of the CFC without regard to any actual distributions and are subject to certain burdensome U.S. federal income tax and administrative requirements, but generally are not also subject to the requirements generally applicable to shareholders of a PFIC (as discussed below). In addition, a person who is or has been a CFC Shareholder may recognize ordinary income on the disposition of shares of the CFC. U.S. persons who may obtain a substantial interest in us should consider the potential implications of being treated as a CFC Shareholder. The U.S. federal income tax consequences to U.S. Holders who are not CFC Shareholders would not change if we are a CFC.

PFIC Status and Significant Tax Consequences

Special and adverse U.S. federal income tax rules apply to a U.S. Holder that holds stock in a non-U.S. entity treated as a corporation and classified as a PFIC for U.S. federal income tax purposes. In general, we will be treated as a PFIC for any taxable year in which either (a) at least 75% of our gross income (including the gross income of certain of our subsidiaries) consists of passive income or (b) at least 50% of the average value of our assets (including the assets of certain of our subsidiaries) is attributable to assets that produce, or are held for the production of, passive income. For purposes of these tests, passive income includes dividends, interest, gains from the sale or exchange of investment property and rents and royalties (other than rents and royalties that are received from unrelated parties in connection with the active conduct of a trade or business) but does not include income derived from the performance of services.

There are legal uncertainties involved in determining whether the income derived from our time chartering activities constitutes rental income or income derived from the performance of services, including legal uncertainties arising from the decision in *Tidewater Inc. v. United States*, 565 F.3d 299 (5th Cir. 2009), which held that income derived from certain time chartering activities should be treated as rental income rather than services income for purposes of a foreign sales corporation provision of the Code. However, the IRS stated in an Action on Decision (AOD 2010-01) that it disagrees with, and will not acquiesce to, the way that the rental versus services framework was applied to the facts in the *Tidewater* decision, and in its discussion stated that the time charters at issue in *Tidewater* would be treated as producing services income for PFIC purposes. The IRS's statement with respect to *Tidewater* cannot be relied upon or otherwise cited as precedent by taxpayers. Consequently, in the absence of any binding legal authority specifically relating to the statutory provisions governing PFICs, there can be no assurance that the IRS or a court would not follow the *Tidewater* decision in interpreting the PFIC provisions of the Code. Nevertheless, based on the current composition of our assets and operations (and that of our subsidiaries), we intend to take the position that we are not now and have never been a PFIC, and our counsel, Perkins Coie LLP, is of the opinion that we should not be a PFIC based on applicable law, including the Code, legislative history, published revenue rulings and court decisions and representations we have made to them regarding the composition of our assets, the source of our income and the nature of our activities and other operations following this offering, including:

all time charters we have entered into are similar in all material respects to those we have provided to Perkins Coie LLP;

the income from our chartering activities with China Shipping Container Lines (Asia) Co., Ltd. (or CSCL Asia), COSCO Container Lines Co., Ltd. (or COSCON), Mitsui O.S.K. Lines, Ltd. (or MOL), Kawasaki Kisen Kaisha Ltd. (or K-Line), Yang Ming Marine Transport Corp. (or Yang Ming Marine) and Compañía Sud Americana De Vapores S.A. (or CSAV) will be greater than 25% of our total gross income at all relevant times;

the gross value of our vessels chartered to CSCL Asia, COSCON, MOL, K-Line, Yang Ming Marine and CSAV will exceed the gross value of all other assets we own at all relevant times;

the estimated useful life of each of our vessels subject to a time charter will be 30 years from the date of completion; and

Edgar Filing: Seaspan CORP - Form 424B5

the total payments due to us under the charters are substantially in excess of the bareboat charter rate for comparable vessels in effect at the time the time charters were executed.

An opinion of counsel represents only that counsel's best legal judgment and does not bind the IRS or the courts. Accordingly, the opinion of Perkins Coie LLP may not be sustained by a court if contested by the IRS. Further, although we intend to conduct our affairs in a manner to avoid being classified as a PFIC with respect to any taxable year, there can be no assurance that the nature of our operations, and therefore the composition of our income and assets, will remain the same in the future. Moreover, the market value of our stock may be treated as reflecting the value of our assets at any given time. Therefore, a decline in the market value of our stock (which is not within our control) may impact the determination of whether we are a PFIC. Because our status as a PFIC for any taxable year will not be determinable until after the end of the taxable year, there can be no assurance that we will not be considered a PFIC for the current and any future taxable year.

As discussed more fully below, if we were to be treated as a PFIC for any taxable year, a U.S. Holder generally would be subject to one of three different U.S. income tax regimes, depending on whether the U.S. Holder makes certain elections.

Taxation of U.S. Holders Making a Timely QEF Election

If we were classified as a PFIC for a taxable year, a U.S. Holder making a timely election to treat us as a Qualified Electing Fund for U.S. tax purposes, or a QEF Election, would be required to report its pro rata share of our ordinary earnings and our net capital gain, if any, for our taxable year that ends with or within the U.S. Holder's taxable year regardless of whether the U.S. Holder received distributions from us in that year. Such income inclusions would not be eligible for the preferential tax rates applicable to qualified dividend income. The U.S. Holder's adjusted tax basis in our common shares would be increased to reflect taxed but undistributed earnings and profits, and distributions of earnings and profits that had previously been taxed would not be taxed again when distributed but would result in a corresponding reduction in the U.S. Holder's adjusted tax basis in our common shares. The U.S. Holder generally would recognize capital gain or loss on the sale, exchange or other disposition of our common shares. A U.S. Holder would not, however, be entitled to a deduction for its pro-rata share of any losses that we incurred with respect to any year.

A U.S. Holder would make a QEF Election with respect to any year that we are a PFIC by filing IRS Form 8621 with its U.S. federal income tax return and complying with all other applicable filing requirements. However, a U.S. Holder's QEF Election will not be effective unless we annually provide the U.S. Holder with certain information concerning our income and gain, calculated in accordance with the Code, to be included with the U.S. Holder's U.S. federal income tax return. We have not provided our U.S. Holders with such information in prior taxable years and do not intend to provide such information in the current taxable year. Accordingly, you will not be able to make an effective QEF Election at this time. If, contrary to our expectations, we determine that we are or expect to be a PFIC for any taxable year, we will provide U.S. Holders with the information necessary to make an effective QEF Election with respect to our common shares.

Taxation of U.S. Holders Making a Mark-to-Market Election

Alternatively, if we were to be treated as a PFIC for any taxable year and, as we believe, our common shares are treated as marketable stock, then a U.S. Holder would be allowed to make a mark-to-market election with respect to our common shares, provided the U.S. Holder completes and files IRS Form 8621 in accordance with the relevant instructions. If that election is made, the U.S. Holder generally would include as ordinary income in each taxable year the excess, if any, of the fair market value of our common shares at the end of the taxable year over the U.S. Holder's adjusted tax basis in our common shares. The U.S. Holder also would be permitted an ordinary loss in respect of the excess, if any, of the U.S. Holder's adjusted tax basis in our common shares over the fair market value thereof at the end of the taxable year (but only to the extent of the net amount previously included in income as a result of the mark-to-market election). The U.S. Holder's tax basis in our common shares would be adjusted to reflect any such income or loss recognized. Gain realized on the sale, exchange or other disposition of our common shares would be treated as ordinary income, and any loss realized on the sale, exchange or other disposition of our common shares would be treated as ordinary loss to the extent

Table of Contents

that such loss does not exceed the net mark-to-market gains previously included in income by the U.S. Holder. Because the mark-to-market election only applies to marketable stock, however, it would not apply to a U.S. Holder's indirect interest in any of our subsidiaries that were also determined to be PFICs.

Taxation of U.S. Holders Not Making a Timely QEF Election or Mark-to-Market Election

Finally, if we were to be treated as a PFIC for any taxable year and if a U.S. Holder did not make either a QEF Election or a mark-to-market election for that year, the U.S. Holder would be subject to special rules resulting in increased tax liability with respect to (a) any excess distribution (*i.e.*, the portion of any distributions received by the U.S. Holder on our common shares in a taxable year in excess of 125% of the average annual distributions received by the U.S. Holder in the three preceding taxable years, or, if shorter, the U.S. Holder's holding period for our common shares) and (b) any gain realized on the sale, exchange or other disposition of our common shares. Under these special rules:

the excess distribution or gain would be allocated ratably over the U.S. Holder's aggregate holding period for our common shares;

the amount allocated to the current taxable year and any taxable year prior to the year we were first treated as a PFIC with respect to the U.S. Holder would be taxed as ordinary income in the current taxable year;

the amount allocated to each other taxable year would be subject to tax at the highest rate of tax in effect for the applicable class of taxpayers for that year, and

an interest charge for the deemed deferral benefit would be imposed with respect to the resulting tax attributable to each such other taxable year.

Additionally, for each year during which (a) a U.S. Holder owns shares, (b) we are a PFIC and (c) the total value of all PFIC stock that such U.S. Holder directly or indirectly owns exceeds certain thresholds, such U.S. Holder will be required to file IRS Form 8621 with its annual U.S. federal income tax return to report its ownership of our shares. If we were treated as a PFIC, a U.S. Holder would be required to file Form 8621 annually with the IRS with respect to the U.S. Holder's common shares. In addition, if a U.S. Individual Holder is an individual who dies while owning our common shares, such shareholder's successor generally would not receive a step-up in tax basis with respect to such shares.

U.S. Holders are urged to consult their own tax advisors regarding the PFIC rules, including the PFIC annual reporting requirements, as well as the applicability, availability and advisability of, and procedure for, making QEF Elections, mark-to-market elections and other available elections with respect to us, and the U.S. federal income tax consequences of making such elections.

Medicare Tax on Unearned Income

Certain Non-Corporate U.S. Holders are subject to a 3.8% tax on certain investment income, including dividends and gain from the sale or other disposition of our common shares. Non-Corporate U.S. Holders should consult their tax advisors regarding the effect, if any, of this tax on their ownership and disposition of our common shares.

U.S. Return Disclosure Requirements for U.S. Individual Holders

U.S. Individual Holders that hold certain specified foreign financial assets, including stock in a foreign corporation that is not held in an account maintained by a financial institution, with an aggregate value in excess of \$50,000 on the last day of a taxable year, or \$75,000 at any time during that taxable year, may be required to report such assets on IRS Form 8938 with their tax return for that taxable year. This reporting requirement does not apply to U.S. Individual Holders who report their ownership of our shares under the PFIC annual reporting rules described above. Penalties apply for failure to properly complete and file IRS Form 8938. Investors are encouraged to consult with their own tax advisors regarding the possible application of this disclosure requirement to their investment in our common shares.

U.S. Federal Income Taxation of Non-U.S. Holders

A beneficial owner of our common shares (other than a partnership or an entity or arrangement treated as a partnership for U.S. federal income tax purposes) that is not a U.S. Holder is referred to herein as a non-U.S. Holder.

Distributions on Our Common Shares

In general, a non-U.S. Holder is not subject to U.S. federal income tax on distributions received from us with respect to our common shares unless the distributions are effectively connected with the non-U.S. Holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, are attributable to a permanent establishment that the non-U.S. Holder maintains in the United States). If a non-U.S. Holder is engaged in a U.S. trade or business and the distribution is deemed to be effectively connected to that trade or business, the non-U.S. Holder generally will be subject to U.S. federal income tax on that distribution in the same manner as if it were a U.S. Holder.

Sale, Exchange or Other Disposition of Our Common Shares

In general, a non-U.S. Holder is not subject to U.S. federal income tax on any gain resulting from the disposition of our common shares unless (a) such gain is effectively connected with the non-U.S. Holder's conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment that the non-U.S. Holder maintains in the United States) or (b) the non-U.S. Holder is an individual who is present in the United States for 183 days or more during the taxable year in which those shares are disposed of (and certain other requirements are met). If a non-U.S. Holder is engaged in a U.S. trade or business and the disposition of common shares is deemed to be effectively connected to that trade or business, the non-U.S. Holder generally will be subject to U.S. federal income tax on the resulting gain in the same manner as if it were a U.S. Holder.

Information Reporting and Backup Withholding

In general, payments of distributions with respect to, or the proceeds of a disposition of, our common shares to a Non-Corporate U.S. Holder will be subject to information reporting requirements. These payments to a Non-Corporate U.S. Holder also may be subject to backup withholding if the Non-Corporate U.S. Holder:

fails to timely provide an accurate taxpayer identification number;

is notified by the IRS that it has failed to report all interest or distributions required to be shown on its U.S. federal income tax returns;
or

in certain circumstances, fails to comply with applicable certification requirements.

Edgar Filing: Seaspan CORP - Form 424B5

Non-U.S. Holders may be required to establish their exemption from information reporting and backup withholding on payments made to them within the United States by certifying their status on an IRS Form W-8BEN, W-8ECI or W-8IMY, as applicable.

Backup withholding is not an additional tax. Rather, a holder generally may obtain a credit for any amount withheld against its liability for U.S. federal income tax (and obtain a refund of any amounts withheld in excess of such liability) by accurately completing and timely filing a U.S. federal income tax return with the IRS.

NON-UNITED STATES TAX CONSIDERATIONS

Marshall Islands Tax Considerations

The following discussion is the opinion of Reeder & Simpson, P.C., our counsel as to matters of the laws of the Republic of the Marshall Islands, and the current laws of the Republic of the Marshall Islands applicable to persons who do not reside in, maintain offices in or engage in business in the Republic of the Marshall Islands.

Because we do not, and we do not expect that we will, conduct business or operations in the Republic of the Marshall Islands, and because all documentation related to this offering will be executed outside of the Republic of the Marshall Islands, under current Marshall Islands law you will not be subject to Marshall Islands taxation or withholding on distributions, including upon a return of capital, we make to you as a shareholder. In addition, you will not be subject to Marshall Islands stamp, capital gains or other taxes on the purchase, ownership or disposition of shares and you will not be required by the Republic of the Marshall Islands to file a tax return relating to the shares.

Each prospective shareholder is urged to consult its tax counsel or other advisor with regard to the legal and tax consequences, under the laws of pertinent jurisdictions, including the Marshall Islands, of its investment in us. Further, it is the responsibility of each shareholder to file all state, local and non-U.S., as well as U.S. federal tax returns that may be required of it.

Canadian Federal Income Tax Considerations

The following discussion is the opinion of Farris, Vaughan, Wills & Murphy LLP, our Canadian tax counsel, as to the material Canadian federal income tax considerations under the Income Tax Act (Canada) (the Canada Tax Act), as of the date of this prospectus, that we believe are relevant to holders of Class A common shares acquired in this offering who are, at all relevant times, for the purposes of the Canada Tax Act and the Canada-United States Tax Convention 1980 (the Canada-U.S. Treaty) resident only in the United States, who are qualifying persons for purposes of the Canada-U.S. Treaty and who deal at arm's length with us (U.S. Resident Holders). Holders that are United States limited liability companies should consult their own tax advisors.

Subject to the assumptions below, under the Canada Tax Act, no taxes on income (including taxable capital gains and withholding tax on dividends) are payable by U.S. Resident Holders in respect of the acquisition, holding, disposition or redemption of our common shares. This opinion is based upon the assumptions that we are not a resident of Canada and such U.S. Resident Holders do not have, and have not had, for the purposes of the Canada-U.S. Treaty, a permanent establishment in Canada to which such shares pertain and, in addition, do not use or hold and are not deemed or considered to use or hold such shares in the course of carrying on a business in Canada. Based on the Canada Tax Act as currently enacted, we will not be a resident of Canada in a particular taxation year if our principal business in that year is the operation of ships that are used primarily in transporting passengers or goods in international traffic, all or substantially all of our gross revenue for that year consists of gross revenue from the operation of ships in transporting passengers or goods in that international traffic, and we were not granted articles of continuance in Canada before the end of that year (the International Shipping Residence Exception).

Our place of residence, under Canadian law, would generally be determined on the basis of where our central management and control are, in fact, exercised. It is not our current intention that our central management and control be exercised in Canada but, even if it were, there is a specific statutory exemption under the Canada Tax Act as currently enacted that provides that a corporation incorporated, or otherwise formed,

Edgar Filing: Seaspan CORP - Form 424B5

under the laws of a country other than Canada will not be resident in Canada in a taxation year if its principal business is the operation of ships that are used primarily in transporting passengers or goods in international traffic, all or substantially all of its gross revenue for the year consists of gross revenue from the operation of ships in transporting passengers or goods in that international traffic, and it was not granted articles of continuance in Canada before the end of the year.

S-17

Table of Contents

Based on our operations, we do not believe that we are, nor do we expect to be, resident in Canada for purposes of the Canada Tax Act as it is currently enacted, and we intend that our affairs will be conducted and operated in a manner such that we do not become a resident of Canada under the Canada Tax Act. However, if we were or become resident in Canada, we would be or become subject under the Canada Tax Act to Canadian income tax on our worldwide income and our non-Canadian resident shareholders would be or become subject to Canadian withholding tax on dividends paid in respect of our shares.

Generally, a corporation that is not resident in Canada will be taxable in Canada on income it earns from carrying on a business in Canada and on gains from the disposition of property used in a business carried on in Canada. However, there are specific statutory exemptions under the Canada Tax Act that provide that income earned in Canada by a non-resident corporation from the operation of a ship in international traffic, and gains realized from the disposition of ships used principally in international traffic, are not included in a non-resident corporation's income for Canadian tax purposes where the corporation's country of residence grants substantially similar relief to a Canadian resident (the International Shipping Income Exclusion). A Canadian resident corporation that carries on an international shipping business, as described in the previous sentence, in the Republic of the Marshall Islands is exempt from income tax under the current laws of the Republic of the Marshall Islands.

We expect that we will qualify for these statutory exemptions under the Canada Tax Act as it is currently enacted. Based on our operations, we do not believe that we are, nor do we expect to be, carrying on a business in Canada for purposes of the Canada Tax Act other than a business that would provide us with these statutory exemptions from Canadian income tax. However, these statutory exemptions are contingent upon reciprocal treatment being provided under the laws of the Republic of the Marshall Islands. If in the future as a non-resident of Canada, we are carrying on a business in Canada that is not exempt from Canadian income tax, or these statutory exemptions are not accessible due to changes in the laws of the Republic of the Marshall Islands or otherwise, we would be subject to Canadian income tax on our non-exempt income earned in Canada which could reduce our earnings available for distribution to shareholders.

Draft legislation was introduced by the Canadian Minister of Finance on July 12, 2013 (the Draft Proposals) that would, if such Draft Proposals become law in the form currently proposed, amend the Canada Tax Act to, generally, (a) limit the foregoing International Shipping Residence Exception to corporations whose principle business is, and who generate substantially all of their gross revenue from, international shipping, (b) limit the foregoing International Shipping Income Exclusion to income earned from international shipping and (c) define international shipping as excluding leasing a ship by a lessor to a lessee that has complete possession, control and command of the ship, unless the lessor or a corporation, trust or partnership affiliated with the lessor has an eligible interest in the lessee. The Draft Proposals are proposed to apply to taxation years of corporations which begin after July 12, 2013.

Based on our operations, we do not believe that the Draft Proposals would, if enacted into law in the form currently proposed, result in us becoming a resident of Canada for purposes of the Canada Tax Act, nor result in our business income becoming subject to Canadian income tax.

Certain subsidiaries are residents of Canada for purposes of the Canada Tax Act. These subsidiaries are subject to Canadian tax on their worldwide income, and we will be subject to Canadian withholding tax on dividends we will receive from those subsidiaries. Based on the nature and extent of the operations of these subsidiaries, we do not expect the amount of Canadian income and withholding tax to be significant in relation to our earnings.

Each prospective shareholder is urged to consult its tax counsel or other advisor with regard to the legal and tax consequences, under the laws of pertinent jurisdictions, including Canada, of its investment in us. Further, it is the responsibility of each shareholder to file all state, local and non-U.S., as well as U.S. federal tax returns that may be required of it.

PLAN OF DISTRIBUTION

We have entered into an equity distribution agreement with Citigroup Global Markets Inc. and Credit Suisse Securities (USA) LLC under which we may offer and sell Class A common shares having an aggregate offering price of up to \$75,000,000 from time to time through Citigroup Global Markets Inc. and Credit Suisse Securities (USA) LLC as our sales agents. We have filed the equity distribution agreement as an exhibit to a Report on Form 6-K dated May 22, 2014, which is incorporated by reference in this prospectus supplement. The sales, if any, of Class A common shares made under the equity distribution agreement will be made by means of ordinary brokers' transactions on the NYSE at market prices, in block transactions, or as otherwise agreed upon by the sales agents and us. As sales agents, Citigroup Global Markets Inc. and Credit Suisse Securities (USA) LLC will not engage in any transactions that stabilize the price of our Class A common shares.

Under the terms of the equity distribution agreement, we also may sell Class A common shares to the sales agents as principals for their own account at a price agreed upon at the time of sale. If we sell Class A common shares to the sales agents as principals, we will enter into a separate agreement with the sales agents, and we will describe this agreement in a separate prospectus supplement or pricing supplement.

We will designate the maximum amount of Class A common shares to be sold through the sales agents on a daily basis or otherwise as we and the sales agents agree and the minimum price per Class A common share at which such Class A common shares may be sold. Subject to the terms and conditions of the equity distribution agreement, the sales agents will use their reasonable efforts to sell on our behalf all of the designated Class A common shares. We may instruct the sales agents not to sell any Class A common shares if the sales cannot be effected at or above the price designated by us in any such instruction. We or the sales agents may suspend the offering of Class A common shares at any time and from time to time by notifying the other party.

The sales agents will provide to us written confirmation following the close of trading on the NYSE each day on which Class A common shares are sold under the equity distribution agreement. Each confirmation will include the number of Class A common shares sold on that day, the gross sales proceeds, the net proceeds to us (after regulatory transaction fees, if any, but before other expenses) and the compensation payable by us to the sales agents. We will report at least quarterly the number of Class A common shares sold through the sales agents under the equity distribution agreement, the net proceeds to us (before expenses) and the compensation paid by us to the sales agents in connection with the sales of the Class A common shares.

We will pay the sales agents a commission of 2.0% of the gross sales price per Class A common share sold through them as our agents under the equity distribution agreement. We have agreed to reimburse the sales agents for certain of their expenses.

Settlement for sales of Class A common shares will occur on the third business day following the date on which any sales were made in return for payment of the net proceeds to us. There is no arrangement for funds to be received in an escrow, trust or similar arrangement.

**RATIO OF EARNINGS TO FIXED CHARGES AND TO FIXED CHARGES
AND PREFERENCE DIVIDENDS**

The following table sets forth our ratio of earnings to (a) fixed charges and (b) fixed charges and preference dividends for the periods presented:

	Six Months		Year Ended December 31,			
	Ended June 30,					
	2013	2012	2011	2010	2009	2008
Ratio of earnings to fixed charges ⁽¹⁾	5.6	2.4	(2)	(2)	2.6	(2)
Ratio of earnings to fixed charges and preference dividends ⁽¹⁾	3.8	1.7	(2)	(2)	2.6	(2)
Dollar amount (in thousands) of deficiency in earnings to fixed charges			94,380	120,707		261,229
Dollar amount (in thousands) of deficiency in earnings to fixed charges and preference dividends			117,558	121,484		261,229

- (1) For purposes of calculating the ratios of consolidated earnings to fixed charges and to fixed charges and preference dividends:

earnings consist of pre-tax income from continuing operations prepared under U.S. GAAP (which includes non-cash unrealized gains and losses on derivative financial instruments) plus fixed charges, net of capitalized interest and capitalized amortization of deferred financing fees;

fixed charges represent interest incurred (whether expensed or capitalized) and amortization of deferred financing costs (whether expensed or capitalized) and accretion of discount; and

preference dividends refers to the amount of pre-tax earnings that is required to pay the cash dividends on outstanding preference securities and is computed as the amount of (a) the dividend divided by (b) the result of 1 minus the effective income tax rate applicable to continuing operations.

The ratios of earnings to fixed charges and to fixed charges and preference dividends are ratios that we are required to present in this prospectus and have been calculated in accordance with Commission rules and regulations. These ratios have no application to our credit and lease facilities and preferred shares and we believe they are not ratios generally used by investors to evaluate our overall operating performance.

(2)

The ratio of earnings to fixed charges or to fixed charges and preference dividends for this period was less than 1.0X.
