INFORMATION STATEMENT REGARDING

ACTION TO BE TAKEN BY WRITTEN CONSENT OF

MAJORITY SHAREHOLDER

IN LIEU OF A SPECIAL MEETING

PURSUANT TO SECTION 14(C) OF THE SECURITIES EXCHANGE ACT OF 1934

WE ARE NOT ASKING YOU FOR A PROXY,

AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

**GENERAL**

This Information Statement is being furnished to the shareholders of CleanTech Innovations, Inc. (the Company) on or about August 1, 2014 in connection with: (i) the proposed share exchange (the Exchange) with Initial Concepts, Inc., a California corporation doing business as Six Dimensions (Six Dimensions) for 88,929,203 shares (the Exchange Shares) of the Company's common stock, par value \$0.00001 per share (the Common Stock); (ii) amendments to the Articles of Incorporation of the Company to (A) change the name of the Company to 6D Global Technologies, Inc. (the Name Change) and (B) increase the number of the Company's authorized shares of capital stock to 400,000,000 shares of Common Stock (the Authorized Stock Increase, and together with the Name Change, the Amendments); (iii) effectuate the spin-off of all the Company's China-based operations in exchange for the return of the shares of Common Stock held by certain shareholders and the satisfaction or assumption of the liabilities of the Company (the Spin-Off); (iv) the conversion of all of the notes, debts, advances and other liabilities of the Company's largest creditor NYGG (Asia) Ltd. in the aggregate approximate amount of \$16,000,000 into 80,844,730 shares of Common Stock (the Debt Conversion); and (v) conversion of the Company from a Nevada corporation to a Delaware corporation (the Reincorporation, and collectively with the Amendments, the Spin-Off, and the Debt Conversion, the Actions).

Pursuant to the Agreement and Plan of Share Exchange by and among the Company, Six Dimensions and the shareholders of Six Dimensions dated June 13, 2014 (Exchange Agreement), the Company agreed to obtain approval of the Amendments and the Reincorporation from a majority of the Company's shareholders and to file the Amendments and consummate the Reincorporation as soon as practicable following the closing of the transactions contemplated by the Exchange Agreement. Pursuant to the terms of the Exchange Agreement, the Company will acquire Six Dimensions in exchange for the Exchange Shares issued to Six Dimensions shareholders in accordance with their pro rata ownership of Six Dimensions capital stock (the Exchange). As a result of the Exchange, Six

Dimensions will become a wholly-owned subsidiary of the Company. A copy of the Exchange Agreement is attached as Exhibit C to the accompanying Information Statement. We expect that the Spin-Off and the Debt Conversion will occur immediately following the consummation of the Exchange, and that the other Actions will occur simultaneously with the consummation of the Exchange.

The Actions were approved by Mr. Terry McEwen, the sole member of our Board of Directors and holder of proxies constituting approximately sixty-one percent (61%) of the outstanding voting capital stock of the Company. This Information Statement has been prepared by our management.

We, us, our, the Registrant, CleanTech and the Company refers to CleanTech Innovations, Inc., a Nevada corporation.

THE AMENDMENTS AND OTHER ACTIONS HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION, NOR HAS THE SECURITIES AND EXCHANGE

**Table of Contents**

COMMISSION PASSED UPON THE FAIRNESS OR MERIT OF THE AMENDMENTS, OR THE OTHER ACTIONS NOR UPON THE ACCURACY OR ADEQUACY OF THE INFORMATION CONTAINED IN THIS INFORMATION STATEMENT ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL.

PLEASE NOTE THAT THIS IS NEITHER A REQUEST FOR YOUR VOTE NOR A PROXY STATEMENT, BUT RATHER AN INFORMATION STATEMENT DESIGNED TO INFORM YOU OF THE CHANGES THAT WILL OCCUR IF THE AMENDMENTS ARE COMPLETED AND TO PROVIDE YOU WITH INFORMATION ABOUT THE AMENDMENTS, THE OTHER ACTIONS AND THE BACKGROUND OF THESE TRANSACTIONS.

The entire cost of furnishing this Information Statement will be borne by the Company. We will request brokerage houses, nominees, custodians, fiduciaries and other like parties to forward this Information Statement to the beneficial owners of our voting securities held of record by them and we will reimburse such persons for out-of-pocket expenses incurred in forwarding such material.

**DELIVERY OF DOCUMENTS TO SECURITY HOLDERS SHARING AN ADDRESS**

Only one Information Statement is being delivered to multiple shareholders sharing an address unless we received contrary instructions from one or more of the shareholders. We shall deliver promptly, upon written or oral request, a separate copy of the Information Statement to a shareholder at a shared address to which a single copy of the document was delivered. A shareholder can notify us that the security holder wishes to receive a separate copy of the Information Statement by sending a written request to us at c/o CleanTech Innovations, Inc., C District, Maoshan Industry Park, Tieling Economic Development Zone, Tieling, Liaoning Province, China 112616. A shareholder may utilize the same address and telephone number to request either separate copies or a single copy for a single address for all future information statements and proxy statements, if any, and annual reports of the Company.

**Table of Contents**

**QUESTIONS AND ANSWERS ABOUT THE ACTIONS**

Q. Why did I receive this Information Statement?

A. Applicable laws require us to provide you information regarding the Actions even though your vote is neither required nor requested for the Actions to become effective.

Q. Why am I not being asked to vote on the Amendments?

A. The holder of proxies comprising a majority of the issued and outstanding shares of Common Stock has already approved the Amendments pursuant to a written consent in lieu of a meeting. Such approval, together with the approval of the Company's Board of Directors, is sufficient under Nevada law, and no further approval by our shareholders is required.

Q. Why am I not being asked to vote on the other Actions?

A. The adoption of the Exchange and the Debt Conversion has been approved by written consent of holders of a majority of the outstanding shares of Common Stock of the Company. Our sole Director unanimously voted, approved and recommended the adoption of the Exchange Agreement and determined that the Exchange and the other Actions are advisable to and in the best interests of the Company and its shareholders. Such approval is sufficient under Nevada law, and no further approval by our shareholders is required. Therefore, your vote is not required and is not being sought. We are not asking you for a proxy and you are requested not to send us a proxy.

Q. What is the Exchange?

A. The transaction is by and among CleanTech Innovations, Inc. (the Company), Initial Concepts, Inc., a California corporation doing business as Six Dimensions (Six Dimensions), and the shareholders of Six Dimensions (the Six Dimensions Shareholders) in accordance with an Agreement and Plan of Share Exchange (the Exchange Agreement) dated June 13, 2014, whereby the Company will acquire all of the issued and outstanding capital stock of Six Dimensions in exchange for 88,929,203 newly issued shares of the Company's Common Stock (the Exchange Shares). Following the issuance of the Exchange Shares, Six Dimensions will become a wholly-owned subsidiary of the Company and Six Dimensions' shareholders will own approximately fifty percent (50%) of the Company's outstanding Common Stock. Accordingly, the Exchange will represent a change in control of the Company, although the Exchange will not be a reverse merger.

Q. Once the Exchange is completed, what will I receive?

A. Nothing. The Exchange Shares were issued solely to shareholders of Six Dimensions. However, the Company's Board of Directors believes the Exchange is in the best interests of the Company and its shareholders.

Q. What will I receive if the Amendments are completed?

A. Nothing. The Company is increasing its authorized capital stock to issue the Exchange Shares and effectuating the Name Change to reflect the Company's operations following the Exchange.

Q. What is the Reincorporation?

A. The Reincorporation will convert the Company from a Nevada corporation to a Delaware corporation.

Q. What do I need to do now?

A. Nothing. This information statement is purely for your information and does not require or request you to do anything.

**Table of Contents**

**FORWARD-LOOKING STATEMENTS**

This Information Statement contains or incorporates both historical and forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). Words such as anticipates, believes, expects, intends, future and similar expressions identify forward-looking statements. Any such forward-looking statements in this report reflect our and Six Dimension's current views with respect to future events and financial performance and are subject to a variety of factors that could cause our actual results to differ materially from historical results or from anticipated results expressed or implied by such forward-looking statements. There may be events in the future that cannot be accurately predicted or over which the Company has no control. Stockholders should be aware that the occurrence of the events described in this Information Statement or in the documents incorporated herein by reference could have a material adverse effect on our business, operating results and financial condition or ability to consummate the transaction. Examples of these risks include, without limitation:

the risk factors disclosed in this Information Statement under Risks and in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013; and

the risk that, even though the Company has incurred the costs and expenses related to the Exchange, the Exchange may not be completed.

The forward-looking statements are not guarantees of future performance, events or circumstances, and actual results may differ materially from those contemplated by the forward-looking statements. Forward-looking statements herein or in documents incorporated herein by reference speak only as of the date of this Information Statement or the applicable document incorporated herein by reference (or such earlier date as may be specified therein), as applicable, are based on current assumptions and expectations or assumptions and expectations as of the date of the document incorporated herein by reference, and are subject to the factors above, among other things, and involve risks, events, circumstances, uncertainties and assumptions, many of which are beyond our ability to control or predict. You should not place undue reliance on these forward-looking statements. We do not intend to, and do not undertake an obligation to, update these forward-looking statements in the future to reflect future events or circumstances, except as required by applicable securities laws and regulations. For more information, see the section entitled Where You Can Obtain More Information beginning on page 43. The results presented for any period may not be reflective of results for any subsequent period.

You should carefully read and consider the cautionary statements contained or referred to in this section in connection with any subsequent written or oral forward-looking statements that may be issued by us or persons acting on our behalf, and all future written and oral forward-looking statements attributable to us, Six Dimensions, the combined company, the Exchange or any other matters, are expressly qualified in their entirety by the foregoing cautionary statements.

**SUMMARY**

The following summary highlights selected information from this information statement and may not contain all of the information that is important to you. Accordingly, we encourage you to read carefully this entire Information Statement, its annexes and the documents referred to in this information statement.

Unless we otherwise indicate or unless the context requires otherwise, all references in this information statement to Company, CleanTech, Registrant, we, our and us refer to CleanTech Innovations, Inc., a Nevada corporation.

**Table of Contents**

**ACTION 1. THE AMENDMENTS**

**Required Approval of the Amendments**

On June 12, 2014, our sole Director and the holder of shareholder proxies comprising approximately 61% of the Company's Common Stock (the Majority Shareholders), approved the Amendments to the Company's Articles of Incorporation. The Amendments were approved by written consent of the Majority Shareholders. Pursuant to the Nevada Revised Statutes, the Amendments are required to be approved by a majority of our shareholders. This approval could be obtained either by the written consent of the holders of a majority of our issued and outstanding voting securities, or it could be considered by our shareholders at a special shareholders' meeting convened for the specific purpose of approving the Amendments. The Company's voting securities consist of Common Stock. Each share of Common Stock is entitled to one vote per share on any matter requiring shareholder vote. Pursuant to the Nevada Revised Statutes and our by laws, our Board of Directors amended our By-laws to provide that our shareholders may act by the written consent of the holders of a majority of the voting power required to approve such action. A copy of the Amended and Restated Bylaws is attached as Exhibit B to this Information Statement. In order to eliminate the costs and management time involved in holding a special meeting, our Board of Directors voted to utilize the written consent of the Majority Shareholders to approve the Amendments. The elimination of the need for a meeting of shareholders to approve this action is also made possible by Section 78.320 of the Nevada Revised Statutes, as may be amended, which provides that the written consent of the holders of a majority of the outstanding shares of voting capital stock, having no less than the minimum number of votes which would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present.

As of July 14, 2014, there were 8,327,607 issued and outstanding shares of our Common Stock.

The date on which this Information Statement was first sent to shareholders is on or about August 1, 2014 (the Mailing Date). Inasmuch as we will have provided this Information Statement to our shareholders of record as of the record date of June 23, 2014 (the Record Date) no additional action will be undertaken pursuant to such written consent. Shareholders of record on the Record Date who did not consent to the Actions are not entitled to dissenter's rights under Nevada law.

**Reasons for the Amendments**

Pursuant to the Exchange, the Company agreed to effectuate the Amendments in accordance with the Exchange. After careful consideration, our sole Director and Majority Shareholders (i) approved and declared advisable the Amendments and the other transactions contemplated by the Exchange, (ii) resolved that it was in the best interests of the Company's shareholders that the Company enter into the Exchange and consummate the Exchange and the other transactions contemplated by the Exchange, (iii) directed that the Amendments be submitted for adoption by the Company's shareholders and (iv) recommended to the Company's shareholders that they adopt the Amendments and approve the Exchange and Debt Conversion. The adoption of the other Actions did not require the affirmative vote or written consent of a majority of the shareholders of the Company.

**AMENDMENT TO OUR ARTICLES OF INCORPORATION TO CHANGE THE NAME OF THE COMPANY**

The change of the Company's name to 6D Global Technologies, Inc. will better reflect the Company's business plan following its proposed acquisition of Six Dimensions, pursuant to the Exchange Agreement.

**AMENDMENT TO OUR ARTICLES OF INCORPORATION TO INCREASE OUR AUTHORIZED SHARES OF COMMON STOCK FROM 66,666,667 TO 400,000,000**

The Amendment authorizes the increase of the number of the Company's authorized shares of Common Stock, par value \$0.00001 per share, from 66,666,667 to 400,000,000. Pursuant to the Exchange Agreement,

## **Table of Contents**

we are required to issue 88,929,203 shares of Common Stock to Six Dimensions. In addition, in order to consummate the Debt Conversion, we are required to issue an additional 80,844,730 shares of common stock to NYGG (Asia) Ltd. in connection with the Debt Conversion. Our current authorized shares of Common Stock of 66,666,667 shares, less the 8,327,607 shares of Common Stock currently issued and outstanding, is insufficient to issue such shares. Our Board of Directors believes it is in the Company's best interests and the best interests of our shareholders to increase the number of authorized shares of our Common Stock to allow for the issuance of shares of our Common Stock or other securities in connection with the Exchange and Debt Conversion, as well as such potential issuances and such other purposes as our Board of Directors determines.

The increase in the authorized number of shares of our Common Stock will permit our Board of Directors to consummate the Exchange and the Debt Conversion, and to issue additional shares of our Common Stock without further approval of our shareholders, and our Board of Directors does not intend to seek shareholder approval prior to any issuance of the authorized capital stock unless shareholder approval is required by applicable law or stock market or exchange requirements. Although from time to time we review various other transactions that could result in the issuance of shares of our Common Stock, we have not reviewed any other transactions to date.

### ***Possible Anti-Takeover Effects.***

Release No. 34-15230 of the staff of the Securities and Exchange Commission requires disclosure and discussion of the effects of any shareholder proposal that may be used as an anti-takeover device. The actions are not intended to construct or enable any anti-takeover defense or mechanism on behalf of the Company. The purpose of the increase in authorized capital is to increase the number of shares available to consummate the Exchange and Debt Conversion and for future issuance. While the increase of our authorized capital stock could, under certain circumstances, have an anti-takeover effect, we do not have in place anti-takeover mechanisms or defenses which may have an anti-takeover effect. The increase in the authorized number of shares of our Common Stock did not result from our knowledge of any specific effort to accumulate our securities or to obtain control of us by means of a merger, tender offer, proxy solicitation in opposition to management or otherwise, and we did not take such action to increase the authorized shares of our Common Stock to enable us to frustrate any efforts by another party to acquire a controlling interest or to seek representation on our Board of Directors.

The issuance of additional shares of our Common Stock may have a dilutive effect on earnings per share and on the equity and voting power of existing security holders of our Common Stock, and such issuance may not require shareholder approval. It may also adversely affect the market price of our Common Stock. However, if additional shares are issued in transactions whereby favorable business opportunities are provided which allow us to pursue our business plans, the market price of our Common Stock may increase.

## **ACTION 2. THE EXCHANGE**

### **Explanatory Note Regarding the Exchange Agreement**

The Exchange Agreement has been included to provide investors and our shareholders with information regarding its terms. It is not intended to provide to any person not a party thereto any other factual information about the Company. The Exchange Agreement contains representations and warranties of the Company and Six Dimensions, negotiated between the parties and made as of specific dates solely for purposes of the Exchange, including setting forth the respective rights of the parties with respect to their obligations to complete the Exchange. This description of the representations and warranties is not intended to provide any other factual information about the Company. The representations, warranties and covenants contained in the Exchange Agreement were made only for purposes of such agreement and as of specific dates, were solely for the benefit of the parties to such agreement, and may be subject to

limitations agreed upon by the contracting parties, including being qualified by confidential disclosures exchanged between the parties in connection with the execution of the Exchange Agreement. The representations and warranties may have been made for the purposes of allocating

## **Table of Contents**

contractual risk between the parties to the agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Moreover, information concerning the subject matter of the representations and warranties may change after the date of the Exchange, which subsequent information may or may not be fully reflected in the Company's public disclosures. As a result, while investors are entitled to rely on disclosure in our publicly filed documents, no person should rely on the representations, warranties, covenants and agreements or any past descriptions thereof as characterizations of the current state of facts or condition of the Company, Six Dimensions or any of their respective subsidiaries or affiliates.

The foregoing descriptions of the Exchange Agreement and the exhibits thereto are qualified in their entirety by reference to the full text of the Exchange Agreement, which is attached as Exhibit C to this Information Statement, and which is incorporated in this Information Statement by reference. You are urged to read the entire Exchange Agreement.

## **Required Approval of the Exchange**

Our sole Director determined that the Exchange and the other transactions contemplated by the Exchange Agreement are in the best interests of the shareholders of the Company. On June 12, 2014, our sole Director and Majority Shareholders approved the Exchange and Debt Conversion by written consent.

## **The Parties to the Exchange Agreement**

*CleanTech Innovations, Inc.*, a Nevada corporation, was incorporated as a for-profit company in the State of Nevada on May 9, 2006, under the name Everton Capital Corporation. On June 18, 2010, we changed our name to CleanTech Innovations, Inc. in connection with the acquisition of Creative Bellows Co, Ltd., a China based manufacturer of wind tower and other clean technology products.

*Initial Concepts, Inc.*, doing business as Six Dimensions, is a corporation that was organized under the laws of the State of California on February 9, 2004. Six Dimensions provides information technology ( IT ) and digital technology consulting services to the world's leading enterprises during periods of critical change and growth. Combining proven top-tier professional talent, relevant and deep experience, and comprehensive capabilities across all industries, Six Dimensions solves and executes complex technology implementations, integrations, and upgrades to help organizations accelerate their time to digital success.

## **Background of the Exchange**

The Board of Directors and senior management of the Company periodically review the Company's long-term strategic plan with a goal of maximizing shareholder value. As part of the Company's ongoing strategic planning process, the Board and its executive officers have regularly reviewed and evaluated the Company's strategic direction and alternatives in light of the performance of its business and operations and market, economic, competitive and other conditions and developments.

Prior to entering into discussions about the Spin-Off or the Exchange, the Company's largest creditor, NYGG (Asia) Ltd. ( NYGG Asia ), through Mr. Roger Li, NYGG Asia's Chief Executive Officer, had periodically engaged in discussions with Ms. Bei Lu, the Company's then-Chief Executive Officer and director, relating to the Company's ongoing default of its obligations under loans extended to the Company by NYGG Asia, and in particular, the Company's failure to pay principal or interest on these loans when due since 2010. In connection with these discussions, the Company, through Ms. Lu, had proposed from time to time that NYGG Asia convert this debt into equity in the Company. NYGG Asia declined to pursue a debt-to-equity transaction due to the Company's poor

financial performance and NYGG Asia's view of the Company's future business prospects and the overall declining industry outlook for the China Subsidiaries.

## Table of Contents

NYGG Asia further stated its belief that the Company's financial performance could improve if it merged with a company with significant growth potential, and the Company agreed to explore the possibility of such a transaction. NYGG Asia and the Company began independently to seek out merger opportunities for CleanTech. NYGG Asia maintains a large network of contacts connected to emerging growth companies, and began to explore potential merger opportunities for CleanTech with companies in various industries. Similarly, the Company began exploring merger opportunities with a variety of businesses, both within and outside of the clean technology industry.

In March 2014, Six Dimensions was introduced to the Company by Mr. Albert Lee, a mutual acquaintance of both Mr. Tejune Kang, Six Dimensions' founder and Chief Executive Officer, and Mr. William Uchimoto, Esq. of Stevens & Lee, the Company's legal counsel. Mr. Lee was engaged as a corporate advisor by Six Dimensions in November 2013 to identify potential merger candidates and strategic funding opportunities for Six Dimensions, and is not an employee or affiliate of NYGG Asia or the Company. The Company, through Mr. Uchimoto, informed NYGG Asia that Six Dimensions could be a potential candidate for a merger or other strategic transaction with the Company. On April 8, 2014, a meeting was held among the Company, represented by Mr. Uchimoto, Six Dimensions, represented by Mr. Kang and others from Six Dimensions and Mr. Peter Campitiello, Esq. of Kane Kessler, P.C. (Kane Kessler), counsel for Six Dimensions and NYGG Asia, represented by Mr. James Baxter, Esq., Mr. Benjamin Wey and Mr. Neal Beaton, Esq. from Holland & Knight LLP (Holland & Knight), counsel to NYGG Asia, for the purpose of exploring a possible merger of Six Dimensions and the Company. Prior to this meeting, Six Dimensions had pursued other mergers and funding opportunities with parties unrelated to the Company or NYGG Asia.

Six Dimensions expressed an interest in pursuing a transaction with the Company, but as a condition to any such transaction, Six Dimensions would require that the Company's debt be repaid and that the Company divest the China Subsidiaries. NYGG Asia expressed support for a transaction with Six Dimensions, but believed that any such strategic restructuring would be better conducted under the leadership of Mr. Terry McEwen, who was formerly the Chairman of the Company's Audit Committee and is currently its Chairman of the Board and Chief Executive Officer. Mr. McEwen had also previously served as the Director of Banking for the State of New Jersey Department of Banking and Insurance. The parties also discussed that as a condition to any such transaction, the Company would spin off all of its China-based operations so that following any such transaction, the business of the Company would be that of Six Dimensions only. NYGG Asia expressed support for such a transaction, as it believed that, given the Company's poor financial performance and business prospects, the business of Six Dimensions presented a better opportunity for growth and profitability.

After the meeting, representatives of NYGG Asia reported the results of the discussion, through Mr. Uchimoto to Mr. McEwen. Mr. McEwen discussed the terms of the potential transactions with CleanTech's counsel, Stevens & Lee, and the parties evaluated the factors weighing both in favor and against the transactions. For a discussion of these factors, see [Reasons for the Spin-Off and Exchange](#) below. After conducting a due diligence investigation into Six Dimensions, the Company and its legal counsel ultimately determined that a transaction with Six Dimensions provided better prospects for the Company's long-term growth as compared to maintaining its current business structure.

On April 16, 2014, NYGG Asia and Six Dimensions signed a non-binding letter of intent describing the principal terms of the Exchange. The letter of intent contemplated that the Company would, separately, take the necessary actions to approve the Exchange and the transactions contemplated thereby.

In early May 2014, NYGG Asia informed the Company that it would agree to forbear from exercising certain of its rights and remedies related to the Company's debt obligations to NYGG Asia and certain events of default thereunder if (i) the Controlling Shareholders resigned as directors and officers of the Company and granted Mr. McEwen a proxy to vote the Common Stock held by the Controlling Shareholders and (ii) the Company and the Controlling

Shareholders agreed to the Spin-Off.

## **Table of Contents**

To avoid a conflict of interest, the Controlling Shareholders who were also directors and officers of the Company, Ms. Lu, Mr. Dianfu Lu, Mr. Shuyuan Liu and Mr. Zili Zhao, recused themselves from board discussions and decisions relating to the Spin-Off, leaving Mr. McEwen as the only remaining director of the Company to act on behalf of the Board of Directors. In subsequent discussions among the Controlling Shareholders, NYGG Asia and the Company, the Controlling Shareholders acted in their capacities as individual shareholders, and not as officers or directors of the Company. Once the terms of the Spin-Off had been agreed to among the parties, the Controlling Shareholders agreed to, and did, resign from their positions as officers and directors of the Company prior to the Company approving the Spin-Off on June 11, 2014.

On June 10, 2014, CleanTech contacted Holland & Knight about engaging the firm as counsel to represent the Company in connection with the Exchange and other corporate matters. Holland & Knight's representation of NYGG Asia ceased on June 11, 2014 with the finalization of the Forbearance Agreement, Divesture Agreement and the Waiver Agreement described below under the heading Background of the Spin-off. Before executing an engagement letter with the Company, Holland & Knight advised the Company that a conflict of interest could potentially arise between its previous representation of NYGG Asia and its representation of the Company, as the parties could have potentially adverse interests. The Company obtained Holland & Knight's assurance that its professional judgment would not be affected by the representation of either party and waived any such conflict. On June 12, 2014 the Company executed a conflict waiver (NYGG Asia, similarly, executed its own conflict waiver) and an engagement letter with Holland & Knight.

On June 10, 2014, Kane Kessler provided a draft Exchange Agreement to the Company and Holland & Knight for review.

Multiple drafts of the Exchange Agreement were exchanged between Holland & Knight and Kane Kessler to finalize the terms of the transaction.

On June 12, 2014, our sole Director and the Majority Shareholders approved the Exchange and the other Actions.

On June 13, 2014, CleanTech and Six Dimensions executed the final Exchange Agreement. On June 17, 2014, CleanTech filed a Form 8-K with the SEC announcing the execution of the Exchange Agreement.

## **Background of the Spin-Off**

This discussion of the Spin-Off of our wholly-owned Chinese subsidiary, Liaoning Creative Bellows Co., Ltd. ( Creative Bellows ) pursuant to the Divesture and Exchange Agreement (the Divesture Agreement ) is qualified in its entirety by reference to the Company's Current Report on Form 8-K filed June 16, 2014, and incorporated into this Information Statement by reference. You should read the entire Divesture Agreement and all exhibits thereto carefully, as they are the legal documents that govern the Spin-Off.

On June 11, 2014, the Company entered into the Divesture Agreement with certain of the Company's controlling shareholders including Ping Chen, Shengfen Lin, Wenge Chen, Bei Lu and Dianfu Lu (collectively, the Controlling Shareholders ). Bei Lu and Dianfu Lu were also officers and directors of the Company. The Controlling Shareholders collectively own 5,076,468 shares of our Common Stock (the Controlling Shares ), or 61.0% of our issued and outstanding shares.

Pursuant to the Divesture Agreement, the Controlling Shareholders agreed to transfer all of the Controlling Shares to the Company in exchange for our transfer of our wholly-owned Chinese subsidiary, Creative Bellows, to the Controlling Shareholders or their designees. Creative Bellows wholly owns Liaoning Creative Wind Power

Equipment Co., Ltd., a Chinese corporation which, together with Creative Bellows (the China Subsidiaries ), represented all of our China-based business.

## **Table of Contents**

The Divesture Agreement is subject to various conditions, including that the Controlling Shares and our ownership interests in Creative Bellows (the **Subsidiary Interests**) be deposited into and held in escrow pursuant to the terms of a separately-executed Escrow Agreement (the **Escrow Agreement**). The release of the Controlling Shares and the Subsidiary Interests and consummation of the Exchange Agreement is further subject to the requirement that we promptly form a wholly-owned British Virgin Islands corporation (the **BVI Subsidiary**). Upon formation of the BVI Subsidiary, we are required to effectuate the transfer of the Subsidiary Interests to the BVI Subsidiary, followed by our transfer of all of our ownership interest in the BVI Subsidiary to the Controlling Shareholders. With respect to the contemplated transfer of the Controlling Shares to the Company, each Controlling Shareholder has executed and delivered an irrevocable proxy to Mr. McEwen. As such, Mr. McEwen now has the authority to vote the Controlling Shares in his discretion. The Divesture Agreement is also subject to customary representations and warranties of the parties and provides for cross-indemnification in the case of certain liabilities to either party.

On June 11, 2014, in consideration of the Divesture Agreement and the related transactions, our largest creditor, NYGG Asia entered into a Forbearance and Waiver Agreement with the Company (the **Forbearance Agreement**). Pursuant to the Forbearance Agreement, NYGG Asia agreed to forbear from exercising certain of their respective rights and remedies related to our debt obligations to them and certain events of default thereunder. The forbearance period extends from June 11, 2014 until the first to occur of (i) September 10, 2014, (ii) the transfer of the Controlling Shares to the Company in exchange for the transfer of the Subsidiary Interests to the Controlling Shareholders and (iii) the termination of the Divesture Agreement. Upon the earlier to occur of (i) the occurrence of a forbearance default (which includes any failure by the Company to comply with and/or diligently pursue the transactions contemplated by the Divesture Agreement) or (ii) the expiration of the forbearance period, NYGG Asia's agreement to forbear shall immediately terminate and NYGG Asia shall thereafter be entitled to exercise all of its rights and remedies with respect to the above-mentioned debt obligations.

Further to the Forbearance Agreement, NYGG Asia also agreed to unconditionally release each of the China Subsidiaries from all of their respective debt obligations to NYGG Asia. The terms of NYGG Asia's release and waiver are set forth in a separately-executed Release and Waiver Agreement between NYGG Asia and each of the China Subsidiaries (the **Waiver Agreement**).

The foregoing descriptions of the Forbearance Agreement and the Waiver Agreement do not purport to be complete, and are qualified in their entirety by reference to the full text of the Forbearance Agreement and the Waiver Agreement, which are filed as Exhibits 10.3 and 10.4 to the Company's Current Report on Form 8-K filed June 16, 2014 and are incorporated herein by reference.

As of the date of this Information Statement, the Controlling Shares, the Subsidiary Interests and the interests in the BVI Subsidiary are being held in escrow, and the Controlling Shareholders are the managers and beneficial owners of the China Subsidiaries. We expect that the Controlling Shares will be released to the Company, and the interests in the BVI Subsidiary will be released to the Controlling Shareholders, simultaneously with the consummation of the Exchange.

## **Reasons for the Spin-Off and Exchange**

As part of the Company's ongoing strategic planning process, our Board and executive officers have over time regularly reviewed and evaluated the Company's strategic direction and alternatives in light of the performance of its business and operations and market, economic, competitive, and other conditions and developments. This strategic planning process resulted in our Board's decision to enter into a series of transactions to effect the Spin-Off and Exchange.

In considering the Spin-Off and the Exchange, our Board determined that the poor financial performance of our China Subsidiaries, representing all of the operating assets of the Company, raised a substantial doubt as to

**Table of Contents**

whether the Company may continue as a going concern. In light of these conditions, and as further described above under the heading Background of the Exchange, our Board determined that operation of the China Subsidiaries may not be the best way to maximize the Company's potential in the long term.

The Spin-Off was designed to provide the Company with flexibility for future corporate action, including but not limited to possible acquisitions of, or mergers with, other companies in various industries, financings, investment opportunities, stock splits, and dividends. The Spin-Off was supported by our largest creditor, NYGG Asia, who, in connection with the Spin-Off, agreed to consummate the Debt Conversion in connection with the Exchange, which the Board believes will significantly improve the financial condition of the Company.

In evaluating a number of alternatives, our Board consulted with the Company's management and legal and financial advisors, reviewed a significant amount of information, and considered a number of factors, including, among others, the following factors that our Board viewed as supporting its decision ultimately to approve the Spin-Off and the Exchange as being in the best interests of our stockholders:

the Company's estimated near- and long-term operations and performance on an independent stand-alone basis;

the substantial risk that the Company would not be able to repay the approximately \$16 million in interest and principal due to NYGG Asia;

the substantial additional financing that would be needed to achieve the desired performance and the risk that such additional financing may not be obtained on terms favorable to the Company or at all;

the competitive industry in which the Company operates, including the fact that many competitors have greater resources, financial and otherwise, than the Company has;

historical and current information concerning Six Dimensions' business, technology, personnel, and management; its financial performance, condition, and prospects as presented by Six Dimensions to the Company's Board, management team, and advisors and results of a due diligence investigation of Six Dimensions conducted by the Company's management and advisors;

the process undertaken to explore strategic alternatives available to the Company to maximize stockholder value, and the review and assessment of the possible outcomes of such alternatives, including the possibility of remaining independent, combinations with other merger partners, the possibility of being acquired and the possibility of equity or debt being issued in public or private offerings;

the number of shares of the Company's Common Stock to be issued to NYGG Asia and Six Dimensions stockholders pursuant to the Exchange Agreement and the fact that, following the completion of the Exchange, the Company's indebtedness to NYGG Asia would be extinguished and NYGG Asia and the

Company's stockholders would participate in approximately 50% of the future growth and earnings of the Company following the Exchange; and

the fact that Mr. McEwen, our current director, will be a director of the Company after the Exchange. The CleanTech Board also carefully considered and discussed a number of risks, uncertainties, and other countervailing factors in its deliberations regarding entering into the Exchange Agreement and consummating the Exchange, including, among others, the following:

the risk that the conditions to the Exchange will not be satisfied, including the condition that the Company maintains the continued listing of the Common Stock on the NASDAQ Capital Market or complete a private placement equity offering of the Common Stock at \$0.90 per share with minimum aggregate proceeds of \$3 million and maximum aggregate proceeds \$5.1 million;

the risks and substantial costs, including public company costs, and the difficulty of obtaining additional financing on terms favorable to the Company, or at all, to cover such costs of the Company remaining a stand-alone publicly traded company instead of agreeing to a transaction with Six Dimensions;

**Table of Contents**

the uncertainty of the trading price of the Company's Common Stock after announcing the Exchange and after consummation of the Exchange;

the possibility that the anticipated benefits of the Exchange may not be realized or may be lower than expected;

the potential limitations on the Company's operations due to pre-closing covenants in the Exchange Agreement;

the disruption that may be caused by failure to complete the Exchange;

the substantial fees and expenses incurred by the Company in connection with the Exchange, which will be incurred whether or not the Exchange is completed; and

other risks described in the sections of this Information Statement entitled "Risks" and "Forward-Looking Statements".

The CleanTech Board believes that, overall, the potential benefits to our stockholders of the Exchange Agreement, and the transactions contemplated thereby, outweigh the risks and uncertainties.

Although this discussion of the information and factors considered by the Company's Board is believed to include the material factors it considered, it is not intended to be exhaustive and may not include all of the factors considered by the Board. The Board did not find it useful and did not attempt to quantify or assign any relative or specific weights to the various factors that it considered in reaching its determination that the Exchange Agreement and the transactions contemplated thereby are fair to, advisable, and in the best interests of the Company and its stockholders. The Company's Board based its determination on the totality of the information presented to and factors considered by it.

**The Effect of the Exchange**

Pursuant to the terms of the Exchange, the Company will acquire Six Dimensions in exchange for an aggregate of 88,929,203 newly issued shares (the "Exchange Shares") of the Company's common stock, par value \$0.00001 per share (the "Common Stock") issued to Six Dimensions' shareholders in accordance with their pro rata ownership of Six Dimensions equity. As a result of the Exchange, Six Dimensions will become a wholly-owned subsidiary of the Company. In addition, certain of our shareholders agreed to retire 5,076,468 shares of Common Stock (the "Contributed Shares"). Following the Exchange, the Company will have an aggregate of approximately 173,025,072 shares issued and outstanding.

The Company and Six Dimensions expect that the Exchange Shares will be issued in a transaction exempt from registration under the Securities Act of 1933 (the "Securities Act") by reason of Section 4(2) of the Securities Act and/or Rule 506 of Regulation D promulgated by the SEC thereunder. As required by Rule 506 of Regulation D: (i) the Exchange Shares are being issued to the shareholders of Six Dimensions, all of whom are accredited investors within the meaning of Rule 501; (ii) the Exchange Shares will not be offered or sold through any form of general solicitation or general advertising; and (iii) the shares will be restricted securities within the meaning of Section 4(2) of the Securities Act. Further, as all of the recipients of Exchange Shares are accredited investors, the Company is not

obligated to satisfy the information requirements set forth in Rule 502(b).

At the effective time of the Exchange, our Board of Directors will be reconstituted by the appointment of Tejune Kang as the Company's Chairman and Chief Executive Officer; David Kaufman as an independent Director; Anubhav Saxena as an independent Director and Adam Hartung as an independent Director. Please see the Company's Schedule 14f-1 filed on June 23, 2014, for information regarding these directors, which is hereby incorporated by reference. Upon consummation of the Exchange, the Registrant will adopt the business plan of Six Dimensions.

## **Table of Contents**

As disclosed on the Company's Current Report on Form 8-K filed on July 3, 2014, the Company effected a reverse stock split on July 14, 2014, whereby holders of the Company's Common Stock were deemed to hold one (1) post-split share of the Company's Common Stock for every three (3) shares of the Company's issued and outstanding Common Stock held immediately prior to the split.

Our Common Stock is listed on the NASDAQ Capital Market, but is not actively traded. The closing price of our Common Stock on the NASDAQ Capital Market on June 16, 2014, the last full trading day prior to the announcement of the Exchange, was \$2.40 per share (after giving effect to the reverse stock split), and on [ ], 2014, the latest practicable trading day before the printing of this Information Statement, the closing price for our Common Stock was \$[ ] per share. Based on the closing price on the last full trading day prior to the announcement of the Exchange, and after giving effect to the issuance of the Exchange Shares and the Debt Conversion Shares, the value per share of each Exchange Share is \$0.11 per share, and aggregate value of the Exchange Shares is \$9,782,212. We have deemed the aggregate value of the Debt Conversion Shares to be \$16,000,000, equal the amount of indebtedness that will be extinguished pursuant to the Debt Conversion.

The parties will take the actions necessary to provide that the Exchange is treated as a tax free exchange under Section 368 of the Internal Revenue Code of 1986, as amended.

## **The Private Placement**

As described above, Six Dimensions is not obligated to consummate the transactions contemplated by the Exchange Agreement unless Six Dimensions and the Company have in escrow for the benefit of the Company following the Exchange (the Post-Exchange Company) aggregate gross proceeds of not less than \$3 million and not more than \$5.1 million received pursuant to a private placement of our Common Stock at \$0.90 per share, made solely to accredited investors in compliance with the exemption from registration provided by Section 4(a)(2) of the Securities Act or Rule 506 of Regulation D thereunder on terms satisfactory to Six Dimensions and the Company, and the conditions to closing such private placement are satisfied. We expect that the private placement, when consummated, will strengthen the Post-Exchange Company's financial position and will give the Post-Exchange Company greater financial flexibility to execute its business plan as a NASDAQ-listed public company.

Assuming the private placement is consummated with the minimum aggregate gross proceeds of \$3 million, the Company will issue approximately 3,333,334 shares of Common Stock to the purchasers thereunder, resulting in an aggregate of approximately 176,358,406 shares of Common Stock issued and outstanding. Assuming the private placement is consummated with the maximum aggregate proceeds of \$5.1 million, the Company will issue approximately 5,666,667 shares of Common Stock to purchasers thereunder, resulting in an aggregate of approximately 178,691,739 shares of Common Stock issued and outstanding. The issuance of shares of our Common Stock in accordance with the private placement would dilute, and thereby reduce, each existing stockholder's proportionate ownership in our Common Stock. The stockholders do not have preemptive rights to subscribe for additional shares that may be issued by the Company in order to maintain their proportionate ownership of Common Stock. It is possible that if we conduct a non-public stock offering, some of the shares we sell could be purchased by one or more investors who could acquire a large block of Common Stock. This would concentrate voting power in the hands of a few stockholders who could exercise greater influence on our operations or the outcome of matters put to a vote of stockholders in the future.

## **The Debt Conversion**

The Company and NYGG Asia expect that the shares issued in accordance with the Debt Conversion (the Debt Conversion Shares) will be issued in a transaction exempt from registration under the Securities Act by reason of

Section 4(2) of the Securities Act and/or Rule 506 of Regulation D promulgated by the SEC thereunder. As required by Rule 506 of Regulation D: (i) the Debt Conversion Shares are being issued to NYGG Asia, which is an accredited investor within the meaning of Rule 501; (ii) the Debt Conversion Shares will not be

## **Table of Contents**

offered or sold through any form of general solicitation or general advertising; and (iii) the shares will be restricted securities within the meaning of Section 4(2) of the Securities Act. Further, as NYGG Asia, the sole recipient of the Debt Conversion Shares, is an accredited investor, the Company is not obligated to satisfy the information requirements set forth in Rule 502(b).

### ***Pro Forma Ownership***

Following the issuance of the Exchange Shares, the retirement of the Contributed Shares and the issuance of the Debt Conversion Shares but without giving effect to any shares issued in connection with the private placement, Six Dimensions shareholders will own approximately fifty percent (50%) of the Registrant's outstanding Common Stock. Accordingly, the Exchange will represent a change in control. In addition, with respect to the Debt Conversion, assuming that NYGG Asia does not participate in the private placement contemplated by the Exchange Agreement, upon consummation of the Exchange and the issuance of the Debt Conversion Shares but without giving effect to any shares issued in connection with the private placement, NYGG Asia will be the beneficial owner of approximately 80,844,730 shares, or approximately 45%, of the Post-Exchange Company's issued and outstanding common stock.

If, and to the extent that NYGG Asia participates in the private placement, its ownership percentage of the common stock would change accordingly, and NYGG Asia's participation would be on the same terms as the other purchasers thereunder. Assuming NYGG Asia's ownership of the 80,844,730 shares of Common Stock that will be issued pursuant to the Debt Conversion, and assuming that NYGG Asia purchased the maximum number of shares available for purchase pursuant to the private placement, NYGG Asia would own 86,511,397 shares, or approximately 48% of the Post-Exchange Company's common stock. NYGG Asia's Chief Executive Officer Mr. Roger Li will have the sole voting and dispositive power over shares of Common Stock acquired by NYGG Asia pursuant to the Debt Conversion and any other shares that may be acquired by NYGG pursuant to the private placement. Mr. Li is the ultimate beneficial owner of NYGG Asia.

As of July 14, 2014, there are 8,327,607 shares of Common Stock issued and outstanding. For financial accounting purposes, the Exchange will be treated as a recapitalization with Six Dimensions as the acquirer. Upon consummation of the Exchange, the Company will adopt the business plan of Six Dimensions.

### **Regulatory Approvals Required for the Exchange**

Other than the approval by the Company's Board of Directors and shareholders to enter into the Exchange Agreement, there are no material federal, state or foreign regulatory requirements, approvals or filings required for the completion of the Exchange that have not been obtained.

### **Additional Effects of the Exchange**

Upon the completion of the Exchange, Six Dimensions will become a wholly owned subsidiary of the Company, and the Exchange Shares will represent approximately fifty percent (50%) of the total outstanding shares of Common Stock of the Company. The Company's common stock is currently eligible for listing on the NASDAQ Stock Market under the stock symbol CTEK.

NASDAQ considers the Exchange described in this Information Statement to be a business combination with a non-NASDAQ entity and has required that a new listing application be submitted in connection with the Exchange. NASDAQ approval of such new listing application is a condition to Six Dimensions' obligations under the Exchange Agreement. Although we believe that NASDAQ will approve the new listing application, it is possible that NASDAQ will deny the application. The continued listing on NASDAQ is a condition to Six Dimensions' obligations to complete

the Exchange. Six Dimensions has not expressed an intent to waive such condition.

## **Table of Contents**

If the Exchange were to proceed without NASDAQ approval, NASDAQ could issue the Company a delisting letter immediately after completion of the Exchange. If this were to occur, the post-Exchange Company would take all reasonable action in order to maintain the listing of its Common Stock on NASDAQ. However, there can be no assurance that the Company would be successful under such circumstances, and if the Company's Common Stock were delisted from NASDAQ, stockholders may have difficulty converting their investments into cash effectively. As a result, under such circumstances, the relative price of the Company's Common Stock may decline and/or fluctuate more than in the past.

## **Representations and Warranties**

The Exchange Agreement contains a number of representations and warranties made by the Company and Six Dimensions. The statements embodied in those representations and warranties were made for purposes of the contract among the parties and are subject to qualifications and limitations agreed to by the parties in connection with negotiating the terms of that contract. Certain representations and warranties were made as of the date of the Exchange Agreement (or other date specified in the Exchange Agreement) and may be subject to contractual standards of materiality different from those generally applicable to shareholders or may have been used for the purpose of allocating risk by the parties rather than establishing matters of fact. Accordingly, while investors are entitled to rely on disclosure in our publicly filed documents, you should not rely on the representations and warranties as characterizations of the current state of facts because they are qualified as described above, as information concerning the subject matter of the representations and warranties may have changed since the date of the Exchange Agreement, and these changes may or may not be fully reflected in our public disclosures. The Exchange Agreement should not be read alone, but should instead be read in conjunction with the other information regarding the Company and Six Dimensions and the information that is contained in this Information Statement, as well as in the filings that the Company will make and have made with the SEC.

In the Exchange Agreement, the Company and Six Dimensions have made customary representations and warranties that are subject, in some cases, to specified exceptions and qualifications, to the Company and Six Dimensions, including representations relating to:

organization, good standing and authorization and qualification to do business;

capitalization, including the particular number of outstanding shares of common stock, stock options, warrants, convertible debt and other equity-based interests;

the accuracy of the Company's organizational documents and information disclosed in the Exchange;

financial statements and internal accounting controls;

consents required in connection with the Exchange, other than specifically identified consents;

the absence of any violation or conflicts with any organizational documents, applicable law or certain contracts as a result of the Exchange;

the timely filing and furnishing of SEC reports;

the absence of undisclosed liabilities;

the absence of any changes in the conduct of the business;

the absence of investigations and legal proceedings;

material contracts;

absence of related party transactions;

tax matters;

title matters;

governmental permits and authorizations; and

## **Table of Contents**

permit and compliance with laws matters.

Certain of the representations and warranties of the Company and Six Dimensions will survive the completion of the Exchange.

### **Conditions to the Exchange**

The Company's and Six Dimensions' obligations to complete the Exchange Agreement are subject to the satisfaction or waiver of the following conditions:

the Company's and Six Dimensions' representations and warranties in the Exchange Agreement being true and correct;

the Company's and Six Dimensions' performance in all material respects of their respective obligations required to be performed at or prior to the effective time of the Exchange, including the Company (i) maintaining the continued listing of its Common Stock on the NASDAQ Capital Market and (ii) completing a private placement equity offering of its Common Stock at \$0.90 per share with minimum aggregate proceeds of \$3 million and maximum aggregate proceeds \$5.1 million;

the absence of litigation and material adverse effects on the Company and Six Dimensions;

the receipt of all required consents to the Exchange and the transactions contemplated by the Exchange;

the receipt of good standing certificates from the appropriate agencies of the Company and Six Dimensions;  
and

the approval by the Company's Board of Directors and Majority Shareholder of the Name Change, Authorized Increase, Debt Conversion and Conversion.

### **Termination of the Exchange Agreement**

The Exchange Agreement may be terminated at any time prior to the closing of the Exchange by the Board of Directors of the Company or Six Dimensions upon failure to comply in any material respect with any of their covenants or agreements contained in the Exchange Agreement or if any of the representations or warranties of the breaching party contained therein shall be inaccurate in any material respect, and, in either case if such failure is reasonably subject to cure, it remains uncured for seven days after notice of such failure is provided to the non-breaching party.

The Exchange Agreement may also be terminated at any time prior to the closing of the Exchange by the Board of Directors of the Company or Six Dimensions if: (i) there is any actual or threatened action or proceeding before any court or any governmental body which shall seek to restrain, prohibit, or invalidate the transactions contemplated by this Agreement and which, in the judgment of such board of directors, made in good faith and based on the advice of its legal counsel, makes it inadvisable to proceed with the Exchange; (ii) any of the transactions contemplated thereby

are disapproved by any regulatory authority whose approval is required to consummate such transactions or in the judgment of such board of directors, made in good faith and based on the advice of counsel, there is substantial likelihood that any such approval will not be obtained or will be obtained only on a condition or conditions which would be unduly burdensome, making it inadvisable to proceed with the exchange; (iii) there shall have been any change after the date of the latest balance sheets of Six Dimensions and the Company, respectively, in the assets, properties, business, or financial condition of Six Dimensions and the Company, which could have a materially adverse effect on the value of the business of Six Dimensions and the Company, respectively, except any changes disclosed in the disclosure schedules to the Exchange Agreement, as the case may be. In the event of termination, no obligation, right, or liability will arise thereunder, and each party will bear all of the expenses incurred by it in connection with the negotiation, drafting, and execution of the Exchange Agreement and the transactions therein contemplated; (iv) the closing did not occur by September 30, 2014; or (v) if the Company shall not have provided responses satisfactory in Six Dimensions' reasonable judgment to Six Dimensions' request for due diligence materials.

## **Table of Contents**

### **Material United States Federal Income Tax Consequences of the Exchange to Our Shareholders**

The parties have taken the actions necessary to provide that the Exchange is treated as a tax free exchange under Section 368 of the Internal Revenue Code of 1986, as amended.

### **Risks**

The Board of Directors identified and considered a variety of risks and other countervailing factors related to entering into the Exchange Agreement and the transactions contemplated by the Exchange Agreement (which are not intended to be exhaustive and are not in relative order of importance), including that, before the closing of the Exchange, there were no assurances that all conditions to the parties' obligations to complete the Exchange would be satisfied or waived, and, as a result, it was possible that the Exchange may not have been completed.

The foregoing discussion of the factors considered by the Board of Directors of the Company is not intended to be exhaustive, but does set forth the material factors considered by the Board of Directors.

### **Interests of Certain Persons in the Exchange**

You should be aware that our sole Director who approved the Exchange Agreement and the related transactions, Terry McEwen, is also our Chief Executive Officer as well as the holder of proxies constituting a majority of our issued and outstanding shares. We are not aware of any reason that Mr. McEwen would have any interests, either directly or indirectly, in the Exchange that would be different from, or in addition to, your interests as a shareholder and that may present actual or potential conflicts of interest.

You should also be aware that NYGG Asia, our largest creditor, has interests in the Exchange that may be different from, or in addition to, or conflict with, the interests of the Company's shareholders. We are currently in default of our obligations to NYGG Asia under the terms of a \$10,000,000 loan, and are indebted to NYGG Asia in the aggregate amount of approximately \$16,000,000. In connection with the Exchange, NYGG Asia has agreed to the Debt Conversion, pursuant to which this indebtedness will be converted into 80,844,730 shares of Common Stock, and the indebtedness will be extinguished.

### **Director and Officer Exculpation, Indemnification**

Nevada Revised Statutes ( NRS ) Sections 78.7502 and 78.751 provide the Company with the power to indemnify any of our directors and officers. The director or officer must have conducted himself/herself in good faith and reasonably believe that his/her conduct was in, or not opposed to our best interests. In a criminal action, the director, officer, employee or agent must not have had reasonable cause to believe his/her conduct was unlawful.

Under NRS Section 78.751, advances for expenses may be made by agreement if the director or officer affirms in writing that he/she believes he/she has met the standards and will personally repay the expenses if it is determined such officer or director did not meet the standards.

Pursuant to the Company's Articles of Incorporation and bylaws, we may indemnify an officer or director who is made a party to any proceeding, because of his position as such, to the fullest extent authorized by Nevada Revised Statutes, as the same exists or may hereafter be amended. In certain cases, we may advance expenses incurred in defending any such proceeding.

To the extent that indemnification for liabilities arising under the Securities Act of 1933, as amended (the Securities Act ) may be permitted to directors, officers or persons controlling our company pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable. If a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by a director, officer or

## **Table of Contents**

controlling person of our company in the successful defense of any action, suit or proceeding) is asserted by any of our directors, officers or controlling persons in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act and will be governed by the final adjudication of that issue.

### **Anti-Takeover Effects of Provisions of Nevada State Law**

We may be, or in the future may become, subject to Nevada's control share law. A corporation is subject to Nevada's control share law if it has more than 200 shareholders, at least 100 of whom are shareholders of record and residents of Nevada, and if the corporation does business in Nevada or through an affiliated corporation.

The law focuses on the acquisition of a controlling interest which means the ownership of outstanding voting shares is sufficient, but for the control share law, to enable the acquiring person to exercise the following proportions of the voting power of the corporation in the election of directors: (1) one-fifth or more but less than one-third, (2) one-third or more but less than a majority, or (3) a majority or more. The ability to exercise such voting power may be direct or indirect, as well as individual or in association with others.

The effect of the control share law is that the acquiring person, and those acting in association with that person, obtain only such voting rights in the control shares as are conferred by a resolution of the shareholders of the corporation, approved at a special or annual meeting of shareholders. The control share law contemplates that voting rights will be considered only once by the other shareholders. Thus, there is no authority to take away voting rights from the control shares of an acquiring person once those rights have been approved. If the shareholders do not grant voting rights to the control shares acquired by an acquiring person, those shares do not become permanent non-voting shares. The acquiring person is free to sell its shares to others. If the buyers of those shares themselves do not acquire a controlling interest, their shares do not become governed by the control share law.

If control shares are accorded full voting rights and the acquiring person has acquired control shares with a majority or more of the voting power, any shareholder of record, other than an acquiring person, who has not voted in favor of approval of voting rights, is entitled to demand fair value for such shareholder's shares.

Nevada's control share law may have the effect of discouraging corporate takeovers.

In addition to the control share law, Nevada has a business combination law, which prohibits certain business combinations between Nevada corporations and interested shareholders for three years after the interested shareholder first becomes an interested shareholder unless the corporation's board of directors approves the combination in advance. For purposes of Nevada law, an interested shareholder is any person who is (1) the beneficial owner, directly or indirectly, of ten percent or more of the voting power of the outstanding voting shares of the corporation, or (2) an affiliate or associate of the corporation and at any time within the three previous years was the beneficial owner, directly or indirectly, of ten percent or more of the voting power of the then outstanding shares of the corporation. The definition of the term business combination is sufficiently broad to cover virtually any kind of transaction that would allow a potential acquirer to use the corporation's assets to finance the acquisition or otherwise to benefit its own interests rather than the interests of the corporation and its other shareholders.

The effect of Nevada's business combination law is to potentially discourage parties interested in taking control of the Company from doing so if such parties cannot obtain the approval of our Board of Directors.

**Table of Contents**

**ACTION 3. REINCORPORATION OF THE COMPANY FROM NEVADA TO DELAWARE**

The Board of Directors has determined that it will be in the best interest of the shareholders to reincorporate the Company from Nevada to Delaware (the Reincorporation ). The Company intends to effect the Reincorporation by converting into a Delaware corporation in compliance with the Delaware General Corporation Law ( DGCL ) and the Nevada Revised Statutes ( NRS ) pursuant to the Certificate of Conversion and Plan of Conversion, copies of which are attached as Appendix I and Appendix J to this Information Statement, respectively.

The Company, after giving effect to the Reincorporation, is herein referred to as 6D Delaware. All references to the Reincorporation are qualified by and subject to the more complete information set forth in the Plan of Conversion.

**The Plan of Conversion**

The Company intends to effect the Reincorporation pursuant to the Plan of Conversion. The Plan of Conversion provides that the Company will convert into a Delaware corporation, with all of the assets, rights, privileges and powers of the Company, and all property owned by the Company, all debts due to the Company, as well as all other causes of action belonging to the Company, remaining vested in 6D Delaware. The Company would remain as the same entity following the conversion with the same federal tax identification number.

At the Effective Time (as the term is defined below) of the Reincorporation, the Company will be governed by the Delaware Certificate of Incorporation, the bylaws of 6D Delaware (the Delaware Bylaws ) and the DGCL.

The individuals serving as directors of the Company immediately prior to the Reincorporation will be the directors of 6D Delaware, and will continue to serve as directors of 6D Delaware following the Reincorporation. Additionally, the individuals serving as executive officers of the Company immediately prior to the Reincorporation will continue to serve as executive officers of 6D Delaware, without a change in title or responsibilities.

Each outstanding share of the Company s Common Stock will automatically be converted into one share of Common Stock of the resulting Delaware corporation. Any other employee benefit arrangements of the Company including, but not limited to, any equity incentive plans with respect to any issued unvested restricted stock, will, by operation of law, be assumed by the resulting Delaware corporation upon the terms and subject to the conditions specified in such plans.

Certificates currently issued for shares in the Company will automatically represent shares in 6D Delaware, the resulting Delaware corporation, upon completion of the Reincorporation, and shareholders will not be required to exchange stock certificates as a result of the Reincorporation.

Other than the change in corporate domicile, the Reincorporation will not result in any change in the business, physical location, management, assets, liabilities or net worth of the Company, nor will it result in any change in location of the Company s current employees, including management. The consolidated financial condition and results of operations of the Company immediately after consummation of the Reincorporation will be the same as those of the Company immediately prior to the consummation of the Reincorporation. In addition, the Reincorporation will not affect any of the Company s material contracts with any third parties and the Company s rights and obligations under such material contractual arrangements will continue as rights and obligations of the Company as a Delaware corporation.

The Reincorporation will become effective upon the filing of, and at the date and time specified in (if applicable), the Certificate of Conversion and Plan of Conversion filed with the Secretary of State of Nevada and

## **Table of Contents**

the State of Delaware Certificate of Conversion from a Non-Delaware Corporation to a Delaware Corporation pursuant to Section 265 of the DGCL filed with the Secretary of State of Delaware, in each case upon acceptance thereof by the Nevada Secretary of State and the Delaware Secretary of State (the Effective Time ).

Our Board of Directors believes that the Reincorporation will, among other things:

Relocate our jurisdiction of organization to one that has a body of law more familiar to our officers, our employees, our board of directors, many of our shareholders and potential investors;

Provide legal, administrative and other similar efficiencies, as well as provide a basis for further efficiencies in the event we undertake to simplify our overall corporate structure; and

Reduce our exposure to the potential consequences of certain types of punitive or potentially adverse tax legislation that have been proposed from time to time.

## **6D Delaware Certificate of Incorporation and Bylaws**

Approval by shareholders of the Reincorporation will automatically result in the adoption of all the provisions set forth in the 6D Delaware Certificate of Incorporation and the 6D Delaware Bylaws. A copy of the 6D Delaware Certificate of Incorporation is attached as Appendix G to this Information Statement and a copy of the 6D Delaware Bylaws is attached as Appendix H to this Information Statement.

## **Summary of the Differences of the Corporate Laws of Nevada and Delaware**

The Company has decided to reincorporate as management and believes that the corporate law of the State of Delaware will be more beneficial to the operation of the business of the Company and will enable the Company to more efficiently pursue its business opportunities. As the Company plans for the future, the Board of Directors believes that it is essential to be able to draw upon well-established principles of corporate governance in making legal and business decisions. The predictability of Delaware corporate law provides a reliable foundation on which our governance decisions can be based. We believe that the shareholders will benefit from the Reincorporation into the State of Delaware.

The following is a summary of the major substantive difference between the corporation laws of the State of Nevada and the State of Delaware.

### **Nevada Business Combination Statute**

Nevada law prohibits certain business combinations between a Nevada corporation and an interested stockholder for three years after such person becomes an interested stockholder. Generally, an interested stockholder is a holder who is the beneficial owner of 10% or more of the voting power of a corporation's outstanding stock and at any time within three years immediately before the date in question was the beneficial owner of 10% or more of the then outstanding stock of the corporation. After the three year period, business combinations remain prohibited unless they are (a) approved by the board of directors prior to the date that the person first became an interested stockholder or a majority of the outstanding voting power not beneficially owned by the interested party, or (b) the interested stockholder satisfies certain fair-value requirements. An interested stockholder is (i) a person that beneficially owns,

directly or indirectly, 10% or more of the voting power of the outstanding voting shares of a corporation, or (ii) an affiliate or associate of the corporation who, at any time within the past three years, was an interested stockholder of the corporation.

The DGCL prohibits certain transactions between a Delaware corporation and an interested shareholder, which is broadly defined as a person (including the affiliates and associates of such person) that is directly or indirectly a beneficial owner of 15% or more of the outstanding voting stock of a Delaware corporation. This provision prohibits certain business combinations (including mergers, consolidations, sales or other dispositions of assets having an aggregate market value of 10% or more of either the consolidated assets of a company or the

## Table of Contents

outstanding stock of a company, and certain transactions that would result in the issuance or transfer of stock of a company, increase the interested shareholder's proportionate share of ownership in a company or grant the interested shareholder disproportionate financial benefits) between an interested shareholder and a company for a period of three years after the date the interested shareholder acquired its stock, unless: (i) the business combination or the transaction in which the shareholder became an interested shareholder is approved by that company's board of directors prior to the date the interested shareholder becomes an interested shareholder; (ii) the interested shareholder acquired at least 85% of the voting stock of that company in the transaction in which it became an interested shareholder; or (iii) the business combination is approved by a majority of the board of directors and the affirmative vote of two-thirds of the votes entitled to be cast by disinterested shareholders at an annual or special meeting.

## Comparison to Delaware Statutes

Under the DGCL, shareholders owning 15% of the voting stock of a company (or in certain cases an even smaller percentage) might be able to block certain transactions which is a smaller percentage than is currently the case under Nevada law. The application of either statute could make more difficult or discourage a tender offer or the completion of a second step merger by a holder of a substantial block of a company's voting stock, irrespective of whether such action might be perceived by shareholders holding a majority of the voting stock to be beneficial to a company and its shareholders.

The application of the DGCL could adversely affect the ability of shareholders to benefit from certain transactions which are opposed by the board or by shareholders owning 15% of the voting stock of a company, even if the price offered in those transactions represents a premium over the then-current market price of a company's voting stock, to the extent that a market for that stock then exists. To the extent that a board's disapproval of a proposed transaction discourages establishment of a controlling stock interest, the position of such board and the company's management may be strengthened, thereby assisting those persons in retaining their positions.

Nevertheless, the Board of Directors believes that, on balance, becoming subject to the provisions of the DGCL will be in the best interest of the Company and its shareholders and should deter surprise tender offers or other sudden purchases of a substantial number of outstanding shares. Frequently, such tender offers or other share purchases have been followed by a merger or other form of complete acquisition of the target company by the purchaser without any negotiations with the target company's board of directors. Such a second step business combination automatically eliminates minority interests in the target company, often for less valuable consideration per share than was paid in the purchaser's original tender offer or market purchases. In other instances, a purchaser has used its controlling interest to affect other transactions having an adverse impact on the target company and its shareholders.

## Sales, Leases, Exchanges or Other Dispositions

A Nevada corporation may sell, lease or exchange all or substantially all of its property and assets when and as authorized by a majority of the outstanding stock of the corporation entitled to vote thereon, unless the certificate of incorporation provides to the contrary.

A Delaware corporation may sell, lease or exchange all or substantially all of its property and assets when and as authorized by a majority of the outstanding stock of the corporation entitled to vote thereon, unless the articles of incorporation provide to the contrary.

## Appraisal Rights

Under Nevada law, shareholders have no appraisal rights in the event of a merger or consolidation of the corporation if the stock of the Nevada corporation is listed on a national securities exchange or if such stock is held of records by more than 2,000 shareholders. Further, no appraisal rights are available for any shares of stock of the corporation surviving a merger if:

(1) the agreement does not amend the certificate of incorporation of the surviving corporation;

**Table of Contents**

(2) each share of stock of the surviving corporation outstanding immediately prior to the effective date of the merger is to be an identical outstanding or treasury share of the surviving corporation after the effective date of the merger; and

(3) the increase in the outstanding shares as a result of the merger does not exceed twenty percent (20%) of the shares of the surviving corporation outstanding immediately prior to the merger.

Shareholders of a Nevada corporation have no appraisal rights in a merger between that parent corporation and a subsidiary corporation wholly owned by that parent corporation. Even if appraisal rights would not otherwise be available under Nevada law in the circumstances described above, shareholders would still have appraisal rights if they are required by the terms of the agreement of merger and consolidation to accept for their stock anything other than:

(1) shares of stock;

(A) of the surviving corporation; or

(B) of any other corporation which shares at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 shareholders;

(2) cash in lieu of fractional shares; or

(3) a combination of such shares and such cash.

Otherwise, shareholders of a Nevada corporation have appraisal rights in consolidations and mergers.

Under Delaware law, shareholders have no appraisal rights in the event of a merger or consolidation of the corporation if the stock of the Delaware corporation is listed on a national securities exchange or if such stock is held of records by more than 2,000 shareholders. Further, no appraisal rights are available for any shares of stock of the corporation surviving a merger if:

(1) the agreement does not amend the certificate of incorporation of the surviving corporation;

(2) each share of stock of the surviving corporation outstanding immediately prior to the effective date of the merger is to be an identical outstanding or treasury share of the surviving corporation after the effective date of the merger; and

(3) the increase in the outstanding shares as a result of the merger does not exceed twenty percent (20%) of the shares of the surviving corporation outstanding immediately prior to the merger.

Shareholders of a Delaware corporation have no appraisal rights in a merger between that parent corporation and a subsidiary corporation wholly owned by that parent corporation. Even if appraisal rights would not otherwise be available under Delaware law in the circumstances described above, shareholders would still have appraisal rights if they are required by the terms of the agreement of merger and consolidation to accept for their stock anything other than:

(1) shares of stock;

(A) of the surviving corporation; or

(B) of any other corporation which shares at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 shareholders;

(2) cash in lieu of fractional shares; or

(3) a combination of such shares and such cash.

Otherwise, shareholders of a Delaware corporation have appraisal rights in consolidations and mergers.

Under Delaware law, any corporation may provide in its certificate of incorporation that appraisal rights will also be available as a result of an amendment to its certificate of incorporation, any merger or consolidation involving such corporation, or the sale of all or substantially all of the assets of the corporation.

## Table of Contents

### Right to Call Meetings

Under Nevada law, unless otherwise provided in the articles of incorporation or bylaws, the entire board of directors, any two directors or the president may call annual and special meetings of the stockholders and directors.

Delaware law provides that special meetings of the shareholders may be called by the board of directors or such other persons as are authorized in the certificate of incorporation or bylaws.

### Voting by Proxy

Under Nevada law, a shareholder may authorize another person or persons to act for such shareholder by proxy. Under Nevada law, a proxy is only valid for eleven months from its date unless otherwise provided in the proxy.

Under Delaware law, a shareholder may authorize another person or persons to act for such shareholder by proxy. Under Delaware law, a proxy is valid for three years from its date unless otherwise provided in the proxy.

### Shareholder Consent to Action Without a Meeting

Under Nevada law, unless otherwise provided in the certificate of incorporation, any action that can be taken at such meeting can be taken without a meeting if written consent thereto is signed by the holders of outstanding stock having the minimum number of votes necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were presented and voted.

Under Delaware law, unless otherwise provided in the articles of incorporation, any action that can be taken at such meeting can be taken without a meeting if written consent thereto is signed by the holders of outstanding stock having the minimum number of votes necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were presented and voted.

### Procedures for Filling Vacant Directorships

Under Nevada law, unless the articles of incorporation or bylaws provide otherwise, vacancies and newly created directorships resulting from any increase in the authorized number of directors may be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director.

Under Delaware law, unless the certificate of incorporation or bylaws provide otherwise, vacancies and newly created directorships resulting from any increase in the authorized number of directors may be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director.

### Amendments

Nevada law provides that amendments to the articles of incorporation must be approved by the holders of a majority of the corporation's stock entitled to vote thereon, unless the articles of incorporation provide for a greater number.

Delaware law provides that amendments to the certificate of incorporation must be approved by the holders of a majority of the corporation's stock entitled to vote thereon, unless the certificate of incorporation provides for a greater number.

### Bylaw Amendments

Under Nevada law, the board of directors may amend, repeal or adopt a corporation's bylaws unless the articles of incorporation reserve this power exclusively to the shareholders, or the shareholders in amending, repealing or adopting a particular bylaw expressly provide that the board of directors may not amend, readopt or repeal that bylaw.

## Table of Contents

Under Delaware law, the right to amend, repeal or adopt the bylaws is permitted to the shareholders of the corporation entitled to vote and, if the corporation's certificate of incorporation so provides, the corporation's board of directors.

## Distributions and Dividends

Under Nevada law, except as otherwise provided in the articles of incorporation, a board of directors may authorize and the corporation may make distributions to its stockholders, including distributions on shares that are partially paid. However, no distribution may be made if, after giving effect to such distribution: (a) the corporation would not be able to pay its debts as they become due in the usual course of business; or (b) except as otherwise specifically allowed by the articles of incorporation, the corporation's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the corporation were to be dissolved at the time of distribution, to satisfy the preferential rights upon dissolution of stockholders whose preferential rights are superior to those receiving the distribution.

Under Delaware law, a corporation may, subject to any restrictions contained in its certificate of incorporation, pay dividends out of surplus and, if there is not surplus, out of net profits for the current and/or the preceding fiscal year, unless the capital of the corporation is less than the capital represented by issued and outstanding stock having preferences on asset distributions.

## Stock Redemption and Repurchase

As noted above, under Nevada law, the purchase or redemption by a corporation of its shares constitutes a distribution. Accordingly, the discussion above relating to distributions is applicable to stock redemptions and repurchases.

Under Delaware law, a corporation may purchase or redeem shares of any class except when its capital is impaired or would be impaired by such purchase or redemption. A corporation may, however, purchase or redeem out of capital, shares that are entitled upon any distribution of its assets to a preference over another class or series of its stock, or, if no shares entitled to such a preference are outstanding, any of its own shares, if such shares are to be retired and the capital reduced.

## Removal of Directors

Nevada law provides that the any director may be removed, with or without cause, from office by the vote of stockholders representing not less than two-thirds of the voting power of the issued and outstanding stock entitled to vote. With respect to corporations that elect directors with cumulative voting, any director or directors who constitute fewer than all of the directors may not be removed except upon vote of the stockholders owning sufficient shares to prevent each director's election at the time of removal.

Under Delaware law, a majority of shareholders then entitled to vote at an election of directors may remove a director with or without cause except: (i) if the board of directors of a Delaware corporation is classified (i.e., elected for staggered terms), in which case a director may only be removed for cause, unless the corporation's certificate of incorporation provides otherwise; and (ii) in the case of a corporation which possesses cumulative voting, if less than the entire board is to be removed, no director may be removed without cause if the votes cast against his removal would be sufficient to elect him if then cumulatively voted at an election of the entire board of directors, or, if there be classes of directors, at an election of the class of directors of which he is apart.

## Indemnification of Directors and Officers

Nevada and Delaware law have similar provisions and limitations regarding indemnification by a corporation of its officers, directors, employees and agents. If the Reincorporation is approved, the indemnification provisions

## Table of Contents

of Delaware law will not apply to any act or omission that occurs before the effective date of the Reincorporation. The following is a summary comparison of the indemnification provisions of Nevada and Delaware law:

Nevada law permits a corporation to indemnify a director or former director, against judgments and expenses reasonably and actually incurred by the person in connection with a proceeding if the person (i) acted in good faith, (ii) reasonably believed, in the case of conduct in the person's official capacity, that the person's conduct was in the corporation's best interests, and otherwise, that the person's conduct was not opposed to the corporation's best interests, and (iii) in the case of a criminal proceeding, did not have a reasonable cause to believe the person's conduct was unlawful. If, however, the person is found liable to the corporation, or is found liable on the basis he received an improper personal benefit, then indemnification under Nevada law is limited to the reimbursement of reasonable expenses actually incurred and no indemnification will be available if the person is found liable for (i) willful or intentional misconduct in the performance of the person's duty to the corporation, (ii) breach of the person's duty of loyalty owed to the enterprise, or (iii) an act or omission not committed in good faith that constitutes a breach of a duty owed by the person to the corporation.

Delaware law permits a corporation to indemnify directors, officers, employees, or agents against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with an action, suit or proceeding, other than an action by or in the right of the corporation, to which such director, officer, employee or agent may be a party, provided such a director, officer, employee or agent shall have acted in good faith and shall have reasonably believed (a) in the case of a civil, administrative or investigative proceeding, that his conduct was in or not opposed to the best interests of the corporation, or (b) in the case of a criminal proceeding, that he had no reasonable cause to believe his conduct was unlawful. In connection with an action by or in the right of the corporation against a director, officer, employee or agent, the corporation has the power to indemnify such director, officer, employee or agent for expenses actually and reasonably incurred in connection with such suit (a) if such person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and (b) if such person is found liable to the corporation, only if ordered by a court of law. Section 145 of the DGCL provides that such section is not exclusive of any other indemnification rights, which may be granted by a corporation to its directors, officers, employees or agents.

### Mandatory Indemnification

Nevada law requires indemnification for expenses actually and reasonably incurred with respect to any claim, issue or matter on which the director is successful on the merits or otherwise, in the defense of the proceeding.

Delaware law requires indemnification for expenses actually and reasonably incurred with respect to any claim, issue or matter on which the director is successful on the merits or otherwise, in the defense of the proceeding.

### Limited Liability of Directors

Under Nevada law, unless the articles of incorporation or an amendment thereto (filed on or after October 1, 2003) provides for greater individual liability, a director or officer is not individually liable to the corporation or its stockholders or creditors for any damages as a result of any act or failure to act in his or her capacity as a director or officer unless it is proven that: (a) the director's or officer's act or failure to act constituted a breach of his or her fiduciary duties as a director or officer; and (b) the breach of those duties involved intentional misconduct, fraud or a knowing violation of law.

Delaware law similarly permits the adoption of a provision in the certificate of incorporation limiting or eliminating the monetary liability of a director to a corporation or its shareholders by reason of a director's breach of the fiduciary

duty of care. Delaware law does not permit any limitation of the liability of a director for: (i) breaching the duty of loyalty to the corporation or its shareholders; (ii) failing to act in good faith;

## **Table of Contents**

(iii) engaging in intentional misconduct or a knowing violation of law; (iv) obtaining an improper personal benefit from the corporation; or (v) declaring an illegal dividend or approving an illegal stock purchase or redemption.

## **Standard of Care**

The standard of care required under Nevada and Delaware law is substantially the same. In general, directors are charged with the duty in their decision-making process and oversight responsibilities to act as would a reasonably prudent person in the conduct of such person's own affairs.

## **Certain United States Federal Income Tax Consequences of the Reincorporation**

The following discussion summarizes the material United States federal income tax consequences of the Reincorporation that are expected to apply generally to the Company's shareholders. This summary is based upon current provisions of the Internal Revenue Code (the "IRC"), existing Treasury Regulations and current administrative rulings and court decisions, all of which are subject to change and to differing interpretations, possibly with retroactive effect.

This summary only applies to a shareholder of the Company that is a U.S. person, defined to include:

a citizen or resident of the United States; a corporation created or organized in or under the laws of the United States, or any political subdivision thereof (including the District of Columbia); and a domestic partnership;

an estate the income of which is subject to United States federal income taxation regardless of its source;

a trust if either (A) a court within the United States is able to exercise primary supervision over the administration of such trust and one or more United States persons have the authority to control all substantial decisions of such trust or (B) the trust has a valid election in effect to be treated as a United States person for United States federal income tax purposes; or

any other person or entity that is treated for United States federal income tax purposes as if it were one of the foregoing.

A holder of Common Stock other than a U.S. person as so defined is, for purposes of this discussion, a non-U.S. person. If a partnership holds Common Stock, the tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. If you are a partner of a partnership holding Common Stock, you should consult your tax advisor.

This summary assumes that holders of Common Stock hold their shares of Common Stock as capital assets within the meaning of Section 1221 of the IRC (generally, property held for investment). No attempt has been made to comment on all United States federal income tax consequences of the Reincorporation that may be relevant to particular holders, including holders:

who are subject to special treatment under United States federal income tax rules such as dealers in securities, financial institutions, non- U.S. persons, mutual funds, regulated investment companies, real estate investment trusts, insurance companies, or tax-exempt entities;

who are subject to the alternative minimum tax provisions of the IRC;

who acquired their shares in connection with stock option or stock purchase plans or in other compensatory transactions;

who hold their shares as qualified small business stock within the meaning of Section 1202 of the IRC; or

who hold their shares as part of an integrated investment such as a hedge or as part of a hedging, straddle or other risk reduction strategy.

## **Table of Contents**

In addition, the following discussion does not address the tax consequences of the Reincorporation under state, local and foreign tax laws. Furthermore, the following discussion does not address any of the tax consequences of transactions effectuated before, after or at the same time as the Reincorporation, whether or not they are in connection with the Reincorporation. Accordingly, holders of Common Stock are advised and expected to consult their own tax advisers regarding the federal income tax consequences of the Reincorporation in light of their personal circumstances and the consequences of the Reincorporation under state, local and foreign tax laws.

The Company believes that the Reincorporation of the Company from Nevada to Delaware will constitute a reorganization within the meaning of Section 368(a)(1)(F) of the IRC, which involves a reorganization that is a mere change in identity, form, or place of organization of a corporation. Assuming that the Reincorporation will be treated for United States federal income tax purposes as a reorganization within the meaning of Section 368(a)(1)(F) of the IRC and subject to the qualifications and assumptions described in this information statement: (i) holders of Common Stock will not recognize any gain or loss as a result of the consummation of the Reincorporation, (ii) the aggregate tax basis of shares of the 6D Delaware common stock received in the Reincorporation will be equal to the aggregate tax basis of the shares of the Common Stock converted therefor, and (iii) the holding period of the shares of the resulting 6D Delaware Common Stock received in the Reincorporation will include the holding period of the shares of the Common Stock converted therefor.

THE PRECEDING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE REINCORPORATION AND DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL OF THE REINCORPORATION'S POTENTIAL TAX EFFECTS. SHAREHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE REINCORPORATION AND THE APPLICABILITY AND EFFECT OF FEDERAL, STATE, LOCAL AND OTHER APPLICABLE TAX LAWS.

## **Securities Act Consequences**

At the Effective Time, 6D Delaware will be a publicly held company and will be eligible for quotation on the NASDAQ and will have the same periodic reporting obligations and make the same information available to its shareholders as the Company has in the past. The shares of 6D Delaware to be issued upon conversion of the shares of CleanTech, if any, are not being registered under the Securities Act in reliance upon an exemption with respect to a conversion which has as its sole purpose a change in the domicile of the corporation. Shareholders whose stock in the Company is freely tradable before the Reincorporation will own freely tradable shares of 6D Delaware. Shareholders holding restricted securities of 6D Delaware will be subject to the same restrictions on transfer as those to which their present shares of stock in the Company are subject. For purposes of computing compliance with the holding period of Rule 144 under the Securities Act, the shareholders will be deemed to have acquired their shares in 6D Delaware on the date they acquired their shares in the Company. In summary, 6D Delaware and its shareholders will be in the same respective positions under the Federal securities laws after the Effective Time of the Reincorporation as were the Company and its shareholders prior to the Effective Time of the Reincorporation.

## **Accounting Consequences**

We believe that there will be no material accounting consequences for us resulting from the Reincorporation because there is no change in the entity as a result of the Reincorporation. Accordingly, the historical consolidated financial statements of the Company, which previously have been reported to the SEC on Forms 10-K and 10-Q, among others, as of and for all periods through the date of this Information Statement, will be treated as the financial statements of 6D Delaware.

**Table of Contents**

**Regulatory Approval**

To the Company's knowledge, the only required regulatory or governmental approval or filing necessary in connection with the consummation of the Reincorporation will be the filing of the certificate of conversion with the Secretary of State of Nevada and the filing of the application for transfer of jurisdiction, with the necessary attachments, with the Secretary of State of Delaware.

**Appraisal Rights of Dissenting Shareholders**

The Reincorporation will not create dissenters' rights under the NRS. The Company will not independently provide shareholders with any dissenters' rights.

**Table of Contents**

**SUMMARY OF ACTIONS BY THE BOARD OF DIRECTORS**

**AND**

**CONSENTING SHAREHOLDERS**

In accordance with Section 78.315 and 78.320 of the Nevada Revised Statutes, the following actions were taken based upon the recommendation and approval by the Company's Board of Directors and the written consent of the Company's shareholders.

**AMENDMENT TO THE CERTIFICATE OF AMENDMENT OF THE ARTICLES OF  
INCORPORATION**

On June 12, 2014, our Board of Directors, believing it to be in the best interests of the Company and its shareholders approved, and recommended that the shareholders of the Company approve the Amendments, the Exchange and the Debt Conversion. The Amendments are reflected in the Form of Amendment to the Certificate of Amendment of the Articles of Incorporation, which is attached hereto as Exhibit A, and incorporated herein by reference.

**Authorization of Name Change**

On June 12, 2014, our Board of Directors adopted a resolution declaring it advisable to amend our Articles of Incorporation to effect the Name Change. Our Board of Directors further directed that the Certificate of Amendment of the Articles of Incorporation be submitted for consideration by our shareholders. By written consent, dated as of June 12, 2014, the Board of Directors and the shareholders approved and adopted resolutions to amend the Company's Articles of Incorporation to reflect the Name Change.

**Authorization of Increase in Number of Common Stock**

On June 12, 2014, our Board of Directors adopted a resolution declaring it advisable to amend our Articles of Incorporation to effect the Authorized Share Increase. Our Board of Directors further directed that the Certificate of Amendment of the Articles of Incorporation be submitted for consideration by our shareholders. By written consent, dated as of June 12, 2014, the Board of Directors and the shareholders approved and adopted resolutions to amend the Company's Articles of Incorporation to reflect the Authorized Share Increase.

**Effective Time of the Amendments**

Rule 14c-2 of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires us to distribute the final Information Statement at least twenty (20) days prior to the date that the actions are to be taken. A copy of the Certificate of Amendment of the Articles of Incorporation is attached to this Information Statement as Appendix A.

**No Appraisal Rights for the Amendments**

Under Nevada law, the Company's shareholders are not entitled to appraisal rights with respect to the Amendments and the Company will not independently provide shareholders with any such right.

**Authorization of the Exchange and Debt Conversion**

Our Common Stock is listed on the Nasdaq Capital Market and, therefore, we are subject to the Nasdaq Marketplace Rules. Under Nasdaq Marketplace Rule 5635(d) (which we refer to in this Information Statement as the 20% Rule ), stockholder approval is required for an issuance or potential issuance of our Common Stock (or securities convertible into or exercisable for Common Stock) equal to 20% or more of our Common Stock outstanding or 20% or more of the voting power outstanding before such issuance for a price less than the greater

## **Table of Contents**

of book or market value of our Common Stock at the time of such issuance. As the amount of our Common Stock that will be issued pursuant to the Exchange and Debt Conversion exceeds 20% of our Common Stock outstanding before such issuance, these Actions required the approval of our shareholders. This approval was obtained by written consent, dated as of June 12, 2014, pursuant to which the Board of Directors and the shareholders each approved the Exchange and the Debt Conversion.

## **DESCRIPTION OF SECURITIES**

### **Description of Common Stock**

**Number of Authorized and Outstanding Shares.** The Company's Articles of Incorporation authorizes the issuance of 66,666,667 shares of Common Stock, \$0.00001 par value per share, of which 8,327,607 shares were outstanding on July 14, 2014 and 173,025,072 shares of Common Stock will be issued and outstanding following the Exchange and the retirement of the Majority Shareholders 5,076,468 shares of Common Stock. All of the outstanding shares of Common Stock are fully paid and non-assessable.

**Voting Rights.** Holders of shares of Common Stock are entitled to one vote for each share held of record on all matters to be voted on by the shareholders. Accordingly, the holders of in excess of 50% of the aggregate number of shares of Common Stock outstanding will be able to elect all of the directors of the Company and to approve or disapprove any other matter submitted to a vote of all shareholders. The holders of our Common Stock are entitled to receive ratably such dividends, if any, as may be declared by the Board of Directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends, if any, will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements, and other factors.

**Other.** Holders of Common Stock have no cumulative voting rights. Holders of Common Stock have no preemptive rights to purchase the Common Stock. There are no conversion rights or redemption or sinking fund provisions with respect to the Common Stock.

**Transfer Agent.** Shares of Common Stock are registered at the transfer agent and are transferable at such office by the registered holder (or duly authorized attorney) upon surrender of the Common Stock certificate, properly endorsed. No transfer shall be registered unless the Company is satisfied that such transfer will not result in a violation of any applicable federal or state security laws. The Company's transfer agent for its Common Stock is Interwest Stock Transfer and Trust Company, Salt Lake City, Utah.

## **SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information concerning the number of shares of our Common Stock owned beneficially as of July 14, 2014 by: (i) each person (including any group) known to us to own more than five percent (5%) of any class of our voting securities, (ii) each of our directors and each of our named executive officers, and (iii) officers and directors as a group. Unless otherwise indicated, the shareholders listed possess sole voting and investment power with respect to the shares shown and the officers, directors and shareholders can be reached at our principal offices at c/o CleanTech Innovations, Inc., C District, Maoshan Industry Park, Tieling Economic Development Zone, Tieling, Liaoning Province, China 112616:

	<b>Name and Address of Beneficial Owner</b>	<b>Amount and Nature of Beneficial Ownership (1)</b>	<b>Percentage of Common Stock # (2)</b>
Directors and Officers	Terry McEwen(3)	5,076,468	61.0%
Holder of more than 5% of our Common Stock	Bei Lu, former Chairman and Chief Executive Officer(4)(5)	3,125,116	37.53%
	Dianfu Lu, former Director(5)(6)	705,897	8.48%
	Wenge Chen(5)(7)	705,897	8.48%

**Table of Contents**

- (1) As disclosed on the Company's Current Report on Form 8-K filed on July 3, 2014, the Company effected a reverse stock split on July 14, 2014, whereby holders of the Company's Common Stock were deemed to hold one (1) post-split share of the Company's Common Stock for every three (3) shares of the Company's issued and outstanding Common Stock held immediately prior to the split.
- (2) Beneficial ownership is determined in accordance with the rules of the SEC. Shares of common stock subject to options or warrants currently exercisable or exercisable within 60 days of the date of this Information Statement, are deemed outstanding for computing the percentage ownership of the shareholder holding the options or warrants, but are not deemed outstanding for computing the percentage ownership of any other shareholder. Unless otherwise indicated in the footnotes to this table, we believe shareholders named in the table have sole voting and sole investment power with respect to the shares set forth opposite such shareholder's name. Percentage of ownership is based on 8,327,607 shares of Common Stock outstanding as of July 14, 2014.
- (3) On June 11, 2014, the Controlling Shareholders each executed and delivered an irrevocable proxy to Mr. McEwen, pursuant to which Mr. McEwen has the authority to vote the Controlling Shares in his discretion. However, Mr. McEwen does not, and will not, obtain dispositive power with respect to the Controlling Shares. The foregoing information and the information in this Footnote (3) was derived from a Schedule 13D filed on July 10, 2014.
- (4) Resigned as director on June 11, 2014.
- (5) Pursuant to an irrevocable proxy dated June 11, 2014, Mr. McEwen holds the power to vote these shares at his sole discretion.
- (6) Resigned as director on June 11, 2014.
- (7) Wenge Chen was our Vice President of Marketing until June 11, 2014.

**INFORMATION ABOUT SIX DIMENSIONS**

**BUSINESS**

**Corporate History and Background**

Six Dimensions was incorporated in the State of California as Initial Concepts, Inc. on February 9, 2004 and is registered to do business as Six Dimensions in every state in which it is required to so do. Pursuant to the Exchange Agreement and prior to the consummation of the Exchange, Six Dimensions will convert into a Nevada corporation named Six Dimensions, Inc.

With offices in Ohio, New York and California, Six Dimensions has grown quickly from a Silicon Valley-based innovative and entrepreneurial venture into a reputable and award-winning technology services provider that counts many of the largest U.S.-based technology companies, Fortune 500 companies and universities, among other institutions, as its clients. From enterprise software upgrades to complete implementation, Six Dimensions offers multi-faceted and deep domain technology expertise across the widest range of markets and programming languages, earning Six Dimensions and its senior management numerous accolades by industry observers and its peers.

Six Dimensions has won many industry accolades awards and accolades for business growth and job creation in America. These awards and accolades include being listed as one of Inc. Magazine's America's Fastest Growing Companies, Inc. Magazine's Hire Power Awards Creating American Jobs (ranked #8, US by Company Size), SmartCEO Future 50, Voltage Leader in Technology 2014, and San Francisco Business Journal's Fastest Growing Companies (ranked #29), among others.

**Business Strategy**

Six Dimensions offers holistic information technology (IT) solutions for almost every aspect of its clients' operations from supply chain, to analytics, to content management, and information security, while delivering top performing people with skills and experience in the key digital technology areas that enterprises need during critical changes and growth. Six Dimensions' business units provide B2B IT solutions in the form of professional services and managed services. Six Dimensions' present portfolio of service offerings includes:

**Mobile Application**

Six Dimensions provides the complete range of emergent and highly consistent mobility solutions that empower organizations and help them deliver on their value promises and stay ahead of the competition. Six Dimensions has experience, tools, and processes that guide reliable, secured, and robust mobile app development.

**Development**

**Digital & Content**

Six Dimensions is certified and specialized in leading WCM platforms such as Adobe AEM / Day CQ5, ADEP, Teamsite, Drupal, WordPress, and Hybris. Six Dimensions supports client website initiatives with services ranging from staff augmentation to full-scale project ownership.

**Management**

**Systems**

**Big Data & Analytics**

Six Dimensions leads projects for clients who are implementing Oracle Business Intelligence Enterprise Edition (OBIEE) and other leading BI/DW technologies such as Informatica, Cognos, Hyperion, IBM DataStage and

others.

**Enterprise Resource**

**Planning**

Users of leading enterprise management systems, or ERP, such as Oracle EBS, PeopleSoft, JD Edwards, and SAP rely on Six Dimensions to provide technical and subject matter experts for the success of their critical implementation and upgrade projects. Six Dimensions' vast network of ERP practitioners provide the troubleshooting and customization expertise needed by industry to enhance and extend the lifecycles of these important legacy systems.

## **Table of Contents**

### **Information Security**

Six Dimensions helps solve the cyber security risks that organizations face while protecting their valuable business assets with services such as Risk Assessment and Gap Analysis, Secure Software Development Life Cycle (SSLDC) consulting and training, Security Solution Evaluation and Selection, Security Information Event Management (SIEM), and Incident Response. Organizations that do not have a Chief Information Security Officer can subscribe to Six Dimensions' virtual CISO service to build their Information Security Management Program.

### **Healthcare IT**

From initial implementation and training through ongoing support and optimization, Six Dimensions' approach to helping physician groups, hospitals, and integrated healthcare organizations adopt Electronic Medical Records technology is process focused and IT-rooted. Six Dimensions specializes in leading products including EPIC, McKesson, Cerner, Allscripts, and Siemens.

### **IT Infrastructure**

Six Dimensions provides IT infrastructure staffing, with the right IT expert at the right time during change or growth.

### **Staffing**

## **ADDRESSABLE MARKET AND CLIENTS**

Six Dimensions began as an IT consultancy serving the enterprise management systems, or ERP, market specializing primarily in the market-leading software applications vendor at that time, PeopleSoft. Six Dimensions have since evolved into new focus areas, particularly since 2012, increasing the breadth of its offerings to include other essential information technology needs of today's enterprises. Each new practice Six Dimensions has launched is in a growing or emerging technology sector.

Six Dimensions' market today includes predominantly mid-sized to Fortune 500 commercial, nonprofit and public sector enterprises across virtually all industry verticals, including, but not limited to, healthcare, consumer, education, government, manufacturing, and high tech. Because organizations in virtually every sector of the economy perform or need the functions Six Dimensions supports, it pursues opportunities across nearly all sectors and tends not to focus on niche markets.

## **MULTI-FACETED GROWTH STRATEGY**

Six Dimensions' five-year strategy is to significantly expand its client base in each of its present focus areas and markets. Six Dimensions intends to do this by leveraging its track record of successful engagements to acquire new clients and win repeat projects with its past and current clients. At the same time, Six Dimensions intends to expand its offerings with new services capabilities and software products that produce significant value for its clients and grow the Six Dimensions brand.

Six Dimensions multi-faceted product strategy includes:

Developing products in-house.

Becoming a value-added reseller (VAR) for other companies' products.

Acquiring products to own and sell under our brand.

Acquiring companies or business units along with their synergistic product lines.

Six Dimensions believes that software products will become a primary revenue source over time and expects that its growing portfolio of software products will also generate profitable demand for associated maintenance, support, implementation, consulting, and education services that Six Dimensions, and possibly a channel of licensees and VARs, can provide.

## **Table of Contents**

Six Dimensions hopes to create innovative software products and also acquire rights to, or ownership of, exciting new products developed by other companies. 6D Labs is a new suite of services developed by Six Dimensions for providing clients with services they need by leveraging a wide pool of experienced Adobe CQ5 Professionals to providing flexible consulting and support. 6D Labs personnel specialize in providing:

Adobe CQ5 Application Support

Adobe CQ5 Server Support

Adobe CQ5 Component Development

Adobe CQ5 Template Development

Adobe CQ5 Architectural Consulting

Support and personnel are provided in an on-demand basis and can be provided for any demand or volume of work. Unlike traditional project work, where clients may pay for significant overhead and be bound to a rigid contract, 6D Labs can provide clients with simple staff augmentation. Additionally, 6D Labs can provide Project Management, requirements gathering and business analysis and testing. 6D Labs is a division within Six Dimensions, and is not a separate entity or business segment.

Six Dimensions' operating strategy also entails acquiring compelling and profitable small-to-mid-size agencies with an impressive portfolio or building its own digital agency by hiring the best talent in disciplines such as web design / web development, search engine marketing, internet advertising, e-business/e-commerce consulting, and specialized advertising and marketing services for the digital space (Internet, kiosks, CD-ROMs, DVDs, and lifestyle devices such as iPod, tablets, and mobile devices).

## **MANAGEMENT**

### **Tejune Kang, 38, Founder and Chief Executive Officer**

Mr. Kang is an American technology executive with more than 16 years of experience leading global enterprise technology application implementations. Mr. Kang has been Six Dimensions' Chief Executive Officer since founding Six Dimensions in 2004. An innovative technology entrepreneur born in the Silicon Valley, California, he is instrumental to the continued growth of Six Dimensions. Before launching Six Dimensions, Mr. Kang was a principal of Kang Management Group, a commercial real estate developer in Nevada, until 2009 when it was closed down due to the global financial crisis that negatively affected the real estate markets in the West Coast. In early 2010, Mr. Kang filed a bankruptcy petition under Chapter 7 of Title 11 of the United States Code in connection with his personal guarantee of land projects and the inability to refinance related indebtedness. Since then, Mr. Kang has devoted his full time to growing Six Dimensions. Prior to Kang Management Group, Mr. Kang was an engineer for five years with PeopleSoft (now Oracle Corporation), a multinational and multibillion dollar technology company. While at PeopleSoft, Mr. Kang managed some of the most complex Human Resources, Financial, Supply Chain, and Enterprise Performance Management software implementations for Fortune 500 companies including Boeing, Apple, AT&T, HP and many others. Mr. Kang's multi-faceted entrepreneurial background and opinion leadership has led to frequent interviews regarding the future of technology, business growth, and hiring insight with many publications. Mr. Kang is an active member of Inc. Business Owners Council (IBOC), Vistage, Entrepreneurs' Organization (EO), Alliance of CEOs, National Association of Asian American Professionals (NAAAP), Massachusetts Institute of Technology (MIT) Key Executive Program and UBS Elevating Entrepreneur's Small Business Mentoring Program. Mr. Kang

graduated from The University of California, Davis with a Bachelor of Science degree in Managerial Economics.

**Matthew Sullivan, Age 50, Executive Vice President**

Mr. Sullivan is a seasoned executive with more than 20 years of experience in Information Technology and business development with Fortune 500 companies. Mr. Sullivan currently serves as the Executive Vice President for Six Dimensions. Mr. Sullivan is responsible for ensuring overall revenue and margin growth for Six Dimensions, strategic acquisitions, partnerships, and operations. Prior to being named to his current position in

**Table of Contents**

2011, Mr. Sullivan was Vice President of Emerging Technologies and in 2011 spearheaded the CMS practice, implemented strategic growth initiatives, led recruitment efforts, attracted customers, increased sales, and improved Six Dimensions' overall profitability. In collaboration with the Six Dimensions team, Mr. Sullivan launched 6D Labs in Cincinnati, Ohio, the company's center of excellence focused on solution delivery and support for technology implementations. In addition to being a member of the Massachusetts Institute of Technology (MIT) Sloan School of Management, Mr. Sullivan is currently attending Notre Dame's Leadership Institute and has also attended Northeastern University in Westford, MA where he was awarded with a Bachelor's of Science in Human and Public Relations.

**Table of Contents****MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF INITIAL KONCEPTS, INC., DOING BUSINESS AS SIX DIMENSIONS****Forward-Looking Statements**

*The information regarding Six Dimensions and the following discussion and analysis of Six Dimensions financial condition and results of operations was provided to CleanTech by Six Dimensions and should be read in conjunction with Six Dimensions historical audited financial statements as of and for the years ended December 31, 2013 and December 31, 2012, included in Exhibit D hereto, and Six Dimensions historical unaudited financial statements as of and for the three months ended March 31, 2014, included in Exhibit E hereto. This discussion and analysis contains forward-looking statements that are based on the beliefs of Six Dimensions management, as well as assumptions made by, and information currently available to, its management. Words such as anticipates, believes, plans, expects, intends, future and similar expressions identify forward-looking statements. Actual results are likely to differ materially from those discussed in or implied by forward-looking statements for various reasons.*

**Results of Operations of Initial Concepts, Inc. for the Three Months Ended March 31, 2014 and 2013**

The following table sets forth the summary income statement for the three months ended March 31, 2014 and 2013:

	<b>Three Months Ended</b>	
	<b>March 31,</b>	<b>March 31,</b>
	<b>2014</b>	<b>2013</b>
Revenues	\$ 2,654,575	\$ 2,248,595
Gross Margin	\$ 1,088,609	\$ 750,200
Operating Expenses	\$ (797,939)	\$ (770,047)
Other Income (Expense), net	\$ (174)	\$ (16,929)
Net Income (Loss)	\$ 290,496	\$ (36,776)

*Revenues:* Revenue increased by approximately 18% to \$2,654,575 during the three months ended March 31, 2014, from \$2,248,595 during the corresponding three months ended March 31, 2013. Revenues increased as a result of increased market awareness as Six Dimensions grows. During the three months ended March 31, 2014 Six Dimensions had 24 active customers as compared to 20 during the three months ended March 31, 2013.

*Gross Margin:* The gross profit margin was 41% during the three months ended March 31, 2014 as compared to 33% during the three months ended March 31, 2013. The increase in gross margin is due to a change in product mix to services versus staffing as service revenue realizes a higher gross margin.

*Operating Expenses:* Operating expenses consist primarily of compensation and related costs for personnel and facilities, and include costs related to our facilities, finance, human resources, information technology, and fees for professional services. Professional services are principally comprised of outside legal, audit, information technology consulting, marketing and outsourcing services.

Operating expenses increased by 4% during the three months ended March 31, 2014, as compared to the three months ended March 31, 2013. The overall \$28,000 increase in operating expenses is primarily attributable to the following approximate net increases (decreases) in operating expenses:

A decrease in compensation and related expenses of \$105,000 was primarily due to a reduction in employees.

An increase in professional fees of \$54,000. During the three months ended March 31, 2014, Six Dimensions incurred increased audit and accounting fees and an increase in legal fees.

An increase of selling, general and administrative expenses of \$79,000 primarily due to increases in rents, equipment leases, and vendor commissions partially offset by reductions in travel and related expenses, employee training and employee related expenses.

**Table of Contents**

*Other Income (Expense), net:* Other income (expenses) consist primarily of interest and dividend income, gains (losses) on sale of marketable securities, and interest expense all primarily related to the Company's promissory notes and capital leases.

Other income (expenses), net decreased by \$(16,755) to \$(174) for the three months ended March 31, 2014 as compared to other income (expenses), net of \$(16,929) during the three months ended March 31, 2013. For the three months ended March 31, 2014 other income (expenses) consisted of \$46,526 in interest and dividend income, \$(56,700) in interest expense, and miscellaneous income of \$10,000. For the three months ended March 31, 2013 other income (expenses) consisted of \$30 in interest and dividend income, \$(21,776) in interest expense, and a gain on sale of marketable securities of \$4,817.

**Results of Operations of Initial Concepts, Inc. for the Years Ended December 31, 2013 and 2012**

The following table sets forth the summary income statement for the years ended December 31, 2013 and 2012:

	Years Ended	
	December 31,	December 31,
	2013	2012
Revenues	\$ 9,200,313	\$ 6,330,895
Gross Margin	\$ 3,126,246	\$ 2,247,753
Operating Expenses	\$ (3,789,228)	\$ (1,803,605)
Other Income (Expense), net	\$ (149,581)	\$ (90,168)
Net Income (Loss)	\$ (812,563)	\$ 353,980

*Revenues:* Revenue increased by approximately 45% to \$9,200,313 during the year ended December 31, 2013, from \$6,330,895 during the corresponding year ended December 31, 2012. Revenues increased as a result of increased market awareness as Six Dimensions grows.

*Gross Margin:* The gross profit margin was 34% during the year ended December 31, 2013 as compared to 36% during the year ended December 31, 2012. The decrease in gross margin was related to change in product mix during the two comparable periods to services versus staffing as service which produced a lower gross margin in the latter period. Six Dimensions' margin fluctuates depending on such factors as length of contract, number of consultants needed to fulfill a contract and travel and travel related expenses incurred.

*Operating Expenses:* Operating expenses consist primarily of compensation and related costs for personnel and facilities, and include costs related to our facilities, finance, human resources, information technology, and fees for professional services. Professional services are principally comprised of outside legal, audit, information technology consulting, marketing and outsourcing services.

Operating expenses increased by 110% during the year ended December 31, 2013, as compared to the year ended December 31, 2012. The overall \$1,986,000 increase in operating expenses is primarily attributable to the following approximate net increases (decreases) in operating expenses:

An increase in compensation and related expenses of \$1,404,000 primarily due to an increase in employees and employee related expenses.

An increase in professional fees of \$40,000. During the year ended December 31, 2013 Six Dimensions incurred increased legal fees and administrative fees.

An increase in selling, general and administrative expenses of \$546,000 primarily due to increases in travel, meals, entertainment and related expenses, rents, equipment leases, software licenses, depreciation and amortization, telephone, dues and subscriptions, small office equipment, office supplies and insurance partially offset by reductions in commissions and various miscellaneous overhead expenses.

**Table of Contents**

*Other Income (Expense), net:* Other income (expenses), net consist primarily of interest and dividend income, gains (losses) on sale of marketable securities, and interest expense all primarily related to Six Dimensions promissory notes and capital leases.

Other income (expenses), net increased by \$59,413 to \$(149,581) for the year ended December 31, 2013 as compared to other income (expenses), net of \$(90,168) during the year ended December 31, 2012. For the year ended December 31, 2013 other income (expenses) consisted of \$129 in interest and dividend income, \$(154,549) in interest expense, a gain on sale of marketable securities of \$4,817 and miscellaneous income of \$22. For the year ended December 31, 2012 other income (expenses) consisted of \$171 in interest and dividend income, \$(88,033) in interest expense, a loss on disposition of fixed assets of \$(1,653), and a loss on sale of marketable securities of \$(653).

**Liquidity and Capital Resources**

The following table summarizes total current assets, liabilities and working capital at March 31, 2014 compared to December 31, 2013:

	<b>Period ended</b>		<b>Increase/(Decrease)</b>
	<b>March 31,</b>	<b>December 31,</b>	
	<b>2014</b>	<b>2013</b>	
Current Assets	\$ 1,511,074	\$ 1,302,536	\$ 208,538
Current Liabilities	\$ 2,274,678	\$ 2,328,103	\$ (53,425)
Working Capital Deficit	\$ (763,604)	\$ (1,025,567)	\$ (261,963)

As of March 31, 2014, Six Dimensions had a working capital deficit of \$763,604 as compared to a working capital deficit of \$1,025,567 as of December 31, 2013, a decrease of \$(261,963). Six Dimensions working capital deficit is primarily attributable to its current obligations under its notes payable and liabilities related to the factoring of its accounts receivable.

At March 31, 2014, Six Dimensions had a cash balance of approximately \$42,000 and a working capital deficiency of approximately \$764,000. In 2013, Six Dimensions principally financed its operations from using proceeds from issuance of notes and factoring its sales invoices. Although Six Dimensions had a net loss for the year ended December 31, 2013, Six Dimensions had net income and net cash flows from operations of approximately \$290,000 and \$198,000, respectively, for the three months ended March 31, 2014. Furthermore, prior to 2013, Six Dimensions had a history of profitability since 2004. Although its management believes that Six Dimensions liquidity as of March 31, 2014 might not be sufficient to achieve its business plans, Six Dimensions intends to complete an equity financing of minimum \$3 million and maximum \$5.1 million on or around the consummation of the Exchange. The proceeds of the financing will be used for potential mergers and acquisitions as well as funding new lines of business.

Six Dimensions will incur increased costs as a result of being a public company, which could affect its profitability and operating results.

Six Dimensions will be obligated to file annual, quarterly and current reports with the SEC pursuant to the Securities Exchange Act of 1934, as amended (the Exchange Act). In addition, the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley) and the rules subsequently implemented by the SEC and the Public Company Accounting Oversight Board have imposed various requirements on public companies, including requiring changes in corporate governance

practices. Six Dimensions expects these rules and regulations to increase its legal and financial compliance costs and to make some activities more time-consuming and costly. Six Dimensions expects to spend between \$200,000 and \$250,000 in legal and accounting expenses annually to comply with our reporting obligations and Sarbanes-Oxley. These costs could affect Six Dimensions' profitability and its results of operations.

**Table of Contents****Summary Cash flows for the Three Months Ended March 31, 2014 and 2013:**

	<b>Three Months Ended March 31, March 31,</b>				
	<b>2014</b>	<b>2013</b>			
Corresponding return to stockholder <sup>(1)</sup>	5% (24.77%)	10% (15.05%)	(5.34%)	4.38%	14.10%

(1) Assumes \$1.4 billion in total assets, \$674.8 million in debt outstanding, \$717.8 million in stockholders' equity, and an average cost of funds of 5.68%, which is the approximate average cost of borrowed funds, including our Credit Facilities, our 2019 Notes, 2024 Notes, our SBA debentures and our 2021 Asset-Backed Notes for the period ended June 30, 2016. Actual interest payments may be different.

***It is likely that the terms of any current or future long-term or revolving credit or warehouse facility we may enter into in the future could constrain our ability to grow our business.***

Under our borrowings and our Credit Facilities, current lenders have, and any future lender or lenders may have, fixed dollar claims on our assets that are senior to the claims of our stockholders and, thus, will have a preference over our stockholders with respect to our assets pledged as collateral under the Credit Facilities. Our Credit Facilities and borrowings also subject us to various financial and operating covenants, including, but not limited to, maintaining certain financial ratios and minimum tangible net worth amounts. Future credit facilities and borrowings will likely subject us to similar or additional covenants. In addition, we may grant a security interest in our assets in connection with any such credit facilities and borrowings.

Our Credit Facilities generally contain customary default provisions such as a minimum net worth amount, a profitability test, and a restriction on changing our business and loan quality standards. In addition, our Credit Facilities require or are expected to require the repayment of all outstanding debt on the maturity which may disrupt our business and potentially the business of our portfolio companies that are financed through the facilities. An event of default under these facilities would likely result, among other things, in termination of the availability of further funds under the facilities and accelerated maturity dates for all amounts outstanding under the facilities, which would likely disrupt our business and, potentially, the business of the portfolio companies whose loans we finance through the facilities. This could reduce our revenues and, by delaying any cash payment allowed to us under our facilities until the lender has been paid in full, reduce our liquidity and cash flow and impair our ability to grow our business and our ability to make distributions sufficient to maintain our ability to be subject to tax as a RIC.

---

**Table of Contents**

**Index to Financial Statements**

The terms of future available financing may place limits on our financial and operation flexibility. If we are unable to obtain sufficient capital in the future, we may be forced to reduce or discontinue our operations, not be able to make new investments, or otherwise respond to changing business conditions or competitive pressures.

*In addition to regulatory requirements that restrict our ability to raise capital, our Credit Facilities, the 2019 Notes and the 2024 Notes contain various covenants which, if not complied with, could require accelerated repayment under the facility or require us to repurchase the 2019 Notes and the 2024 Notes thereby materially and adversely affecting our liquidity, financial condition, results of operations and ability to pay distributions.*

The credit agreements governing our Credit Facilities, the 2019 Notes, and the 2024 Notes require us to comply with certain financial and operational covenants. These covenants require us to, among other things, maintain certain financial ratios, including asset coverage, debt to equity and interest coverage. Our ability to continue to comply with these covenants in the future depends on many factors, some of which are beyond our control. There are no assurances that we will be able to comply with these covenants. Failure to comply with these covenants would result in a default which, if we were unable to obtain a waiver from the lenders under our Credit Facilities and could accelerate repayment under the facilities or the 2019 Notes or 2024 Notes and thereby have a material adverse impact on our liquidity, financial condition, results of operations and ability to pay a sufficient amount of distributions and maintain our ability to be subject to tax as a RIC. We may not have enough available cash or be able to obtain financing at the time we are required to make repurchases. See Management's Discussion and Analysis of Financial Condition of Results of Operations Borrowings.

*We may be unable to obtain debt capital on favorable terms or at all, in which case we would not be able to use leverage to increase the return on our investments.*

If we are unable to obtain debt capital, then our equity investors will not benefit from the potential for increased returns on equity resulting from leverage to the extent that our investment strategy is successful and we may be limited in our ability to make new commitments or fundings to our portfolio companies. An inability to obtain debt capital may also limit our ability to refinance existing indebtedness, particularly during periods of adverse credit market conditions when refinancing indebtedness may not be available under interest rates and other terms acceptable to us or at all.

*We are subject to certain risks as a result of our interests in connection with the 2014 Debt Securitization and our equity interest in the 2014 Securitization Issuer.*

On November 13, 2014, in connection with the 2014 Debt Securitization and the offering of the 2021 Asset-Backed Notes by Hercules Capital Funding Trust 2014-1 (the 2014 Securitization Issuer), we sold and/or contributed to Hercules Capital Funding 2014-1 LLC, as trust depositor (the 2014 Trust Depositor), certain senior loans made to certain of our portfolio companies (the 2014 Loans), which the 2014 Trust Depositor in turn sold and/or contributed to the 2014 Securitization Issuer in exchange for 100% of the equity interest in the 2014 Securitization Issuer, cash proceeds and other consideration. Following these transfers, the 2014 Securitization Issuer, and not the 2014 Trust Depositor or us, held all of the ownership interest in the 2014 Loans.

As a result of the 2014 Debt Securitization, we hold, indirectly through the 2014 Trust Depositor, 100% of the equity interests in the 2014 Securitization Issuer. As a result, we consolidate the financial statements of the 2014 Trust Depositor and the 2014 Securitization Issuer, as well as our other subsidiaries, in our consolidated financial statements. Because the 2014 Trust Depositor and the 2014 Securitization Issuer is disregarded as an entity separate from its owners for U.S. federal income tax purposes, the sale or contribution by us to the 2014 Trust Depositor, and by the 2014 Trust Depositor to the 2014 Securitization Issuer, as applicable, did not constitute a taxable event for U.S. federal income tax purposes. If the U.S. Internal Revenue Service (IRS) were to take a contrary position, there could be a material adverse effect on our business, financial condition, results of operations or cash flows.

---

**Table of Contents****Index to Financial Statements**

Further, a failure of the 2014 Securitization Issuer to be treated as a disregarded entity for U.S. federal income tax purposes would constitute an event of default pursuant to the indenture under the 2014 Debt Securitization, upon which the trustee under the 2014 Debt Securitization (the 2014 Trustee), may and will at the direction of a supermajority of the holders of the 2021 Asset-Backed Notes (the 2021 Noteholders), declare the 2021 Asset-Backed Notes, to be immediately due and payable and exercise remedies under the applicable indenture, including (i) to institute proceedings for the collection of all amounts then payable on the 2021 Asset-Backed Notes, or under the applicable indenture, enforce any judgment obtained, and collect from the 2014 Securitization Issuer and any other obligor upon the 2021 Asset-Backed Notes monies adjudged due; (ii) institute proceedings from time to time for the complete or partial foreclosure of the applicable indenture with respect to the property of the 2014 Securitization Issuer; (iii) exercise any remedies as a secured party under the relevant Uniform Commercial Code and take other appropriate action under applicable law to protect and enforce the rights and remedies of the 2014 Trustee and the 2021 Noteholders; or (iv) sell the property of the 2014 Securitization Issuer or any portion thereof or rights or interest therein at one or more public or private sales called and conducted in any matter permitted by law. Any such exercise of remedies could have a material adverse effect on our business, financial condition, results of operations or cash flows.

***An event of default in connection with the 2014 Debt Securitization could give rise to a cross-default under our other material indebtedness.***

The documents governing our other material indebtedness contain customary cross-default provisions that could be triggered if an event of default occurs in connection with the 2014 Debt Securitization. An event of default with respect to our other indebtedness could lead to the acceleration of such indebtedness and the exercise of other remedies as provided in the documents governing such other indebtedness. This could have a material adverse effect on our business, financial condition, results of operations and cash flows and may result in our inability to make distributions sufficient to maintain our ability to be subject to tax as a RIC.

***We may not receive cash distributions in respect of our indirect ownership interests in the 2014 Securitization Issuer.***

Apart from fees payable to us in connection with our role as servicer of the 2014 Loans and the reimbursement of related amounts under the documents governing the 2014 Debt Securitization, we receive cash in connection with the 2014 Debt Securitization only to the extent that the 2014 Trust Depositor receives payments in respect of its equity interests in the 2014 Securitization Issuer. The respective holders of the equity interests in the 2014 Securitization Issuer are the residual claimants on distributions, if any, made by the 2014 Securitization Issuer after the respective 2014 Noteholders and other claimants have been paid in full on each payment date or upon maturity of the 2021 Asset-Backed Notes, subject to the priority of payments under the 2014 Debt Securitization documents governing the 2014 Debt Securitization. To the extent that the value of a 2014 Securitization Issuer's portfolio of loans is reduced as a result of conditions in the credit markets (relevant in the event of a liquidation event), other macroeconomic factors, distressed or defaulted loans or the failure of individual portfolio companies to otherwise meet their obligations in respect of the loans, or for any other reason, the ability of the 2014 Securitization Issuer to make cash distributions in respect of the 2014 Trust Depositor's equity interests would be negatively affected and consequently, the value of the equity interests in the 2014 Securitization Issuer would also be reduced. In the event that we fail to receive cash indirectly from the 2014 Securitization Issuer, we could be unable to make distributions, if at all, in amounts sufficient to maintain our ability to be subject to tax as a RIC.

***The interests of the 2014 Noteholders may not be aligned with our interests.***

The 2021 Asset-Backed Notes are debt obligations ranking senior in right of payment to the rights of the holder of the equity interests in the 2014 Securitization Issuer, as residual claimants in respect of distributions, if any, made by the 2014 Securitization Issuer. As such, there are circumstances in which the interests of the 2014 Noteholders may not be aligned with the interests of holders of the equity interests in the 2014 Securitization

---

**Table of Contents**

**Index to Financial Statements**

Issuer. For example, under the terms of the documents governing the 2014 Debt Securitization, the 2014 Noteholders have the right to receive payments of principal and interest prior to holders of the equity interests.

For as long as the 2021 Asset-Backed Notes remain outstanding, the respective 2014 Noteholders have the right to act in certain circumstances with respect to the 2014 Loans in ways that may benefit their interests but not the interests of the respective holders of the equity interests in the 2014 Securitization Issuer, including by exercising remedies under the documents governing the 2014 Debt Securitization.

If an event of default occurs, the 2014 Noteholders will be entitled to determine the remedies to be exercised, subject to the terms of the documents governing the 2014 Debt Securitization. For example, upon the occurrence of an event of default with respect to the 2021 Asset-Backed Notes, the 2014 Trustee may and will at the direction of the holders of a supermajority of the applicable 2021 Asset-Backed Notes declare the principal, together with any accrued interest, of the notes to be immediately due and payable. This would have the effect of accelerating the principal on such notes, triggering a repayment obligation on the part of the 2014 Securitization Issuer. The 2021 Asset-Backed Notes then outstanding will be paid in full before any further payment or distribution on the equity interest is made. There can be no assurance that there will be sufficient funds through collections on the 2014 Loans or through the proceeds of the sale of the 2014 Loans in the event of a bankruptcy or insolvency to repay in full the obligations under the 2021 Asset-Backed Notes, or to make any distribution to holders of the equity interests in the 2014 Securitization Issuer.

Remedies pursued by the 2014 Noteholders could be adverse to our interests as the indirect holder of the equity interests in the 2014 Securitization Issuer. The 2014 Noteholders have no obligation to consider any possible adverse effect on such other interests. Thus, there can be no assurance that any remedies pursued by the 2014 Noteholders will be consistent with the best interests of the 2014 Trust Depositor or that we will receive, indirectly through the 2014 Trust Depositor, any payments or distributions upon an acceleration of the 2021 Asset-Backed Notes. Any failure of the 2014 Securitization Issuer to make distributions in respect of the equity interests that we indirectly hold, whether as a result of an event of default and the acceleration of payments on the 2021 Asset-Backed Notes or otherwise, could have a material adverse effect on our business, financial condition, results of operations and cash flows and may result in our inability to make distributions sufficient to maintain our ability to be subject to tax as a RIC.

***Certain events related to the performance of 2014 Loans could lead to the acceleration of principal payments on the 2021 Asset-Backed Notes.***

The following constitute rapid amortization events ( **Rapid Amortization Events** ) under the documents governing the 2014 Debt Securitization: (i) the aggregate outstanding principal balance of delinquent 2014 Loans, and restructured 2014 Loans that would have been delinquent 2014 Loans had such loans not become restructured loans exceeds 10% of the current aggregate outstanding principal balance of the 2014 Loans for a period of three consecutive months; (ii) the aggregate outstanding principal balance of defaulted 2014 Loans exceeds 5% of the initial outstanding principal balance of the 2014 Loans determined as November 13, 2014 for a period of three consecutive months; (iii) the aggregate outstanding principal balance of the 2021 Asset-Backed Notes exceeds the borrowing base for a period of three consecutive months; (iv) the 2014 Securitization Issuer's pool of 2014 Loans contains 2014 Loans to ten or fewer obligors; and (v) the occurrence of an event of default under the documents governing the 2014 Debt Securitization. After a Rapid Amortization Event has occurred, subject to the priority of payments under the documents governing the 2014 Debt Securitization, principal collections on the 2014 Loans will be used to make accelerated payments of principal on the 2021 Asset-Backed Notes until the principal balance of the 2021 Asset-Back Notes is reduced to zero. Such an event could delay, reduce or eliminate the ability of the 2014 Securitization Issuer to make distributions in respect of the equity interests that we indirectly hold, which could have a material adverse effect on our business, financial condition, results of operations and cash flows and may result in our inability to make distributions sufficient to maintain our ability to be subject to tax as a RIC.

---

**Table of Contents**

**Index to Financial Statements**

*We have certain repurchase obligations with respect to the 2014 Loans transferred in connection with the 2014 Debt Securitization.*

As part of the 2014 Debt Securitization, we entered into a sale and contribution agreement and a sale and servicing agreement under which we would be required to repurchase any 2014 Loan (or participation interest therein) which was sold to the 2014 Securitization Issuer in breach of certain customary representations and warranty made by us or by the 2014 Trust Depositors with respect to such 2014 Loan or the legal structure of the 2014 Debt Securitization. To the extent that there is a breach of such representations and warranties and we fail to satisfy any such repurchase obligation, a 2014 Trustee may, on behalf of the 2014 Securitization Issuer, bring an action against us to enforce these repurchase obligations.

*Our investments in a portfolio company, whether debt, equity, or a combination thereof, may lead to our receiving material non-public information ( MNPI ) or obtaining control of the target company. Our ability to exit an investment where we have MNPI or control could be limited and could result in a realized loss on the investment.*

If we receive MNPI, or a controlling interest in a portfolio company, our ability to divest ourselves from a debt or equity investment could be restricted. Causes of such restriction could include market factors, such as liquidity in a private stock, or limited trading volume in a public company's securities, or regulatory factors, such as the receipt of MNPI or insider blackout periods, where we are under legal obligation not to sell. Additionally, we may choose not to take certain actions to protect a debt investment in a control investment portfolio company. As a result, we could experience a decrease in the value of our portfolio company holdings and potentially incur a realized loss on the investment.

*Regulations governing our operations as a business development company may affect our ability to, and the manner in which, we raise additional capital, which may expose us to risks.*

Our business will require a substantial amount of capital. We may acquire additional capital from the issuance of senior securities, including borrowings, securitization transactions or other indebtedness, or the issuance of additional shares of our common stock. However, we may not be able to raise additional capital in the future on favorable terms or at all. We may issue debt securities, other evidences of indebtedness or preferred stock, and we may borrow money from banks or other financial institutions, which we refer to collectively as senior securities, up to the maximum amount permitted by the 1940 Act. Under the 1940 Act, we are not permitted to incur indebtedness unless immediately after such borrowing we have an asset coverage for total borrowings of at least 200% (i.e., the amount of debt may not exceed 50% of the value of our assets). In addition, we may not be permitted to declare any cash dividend distribution on our outstanding common shares, or purchase any such shares, unless, at the time of such declaration or purchase, we have asset coverage of at least 200% after deducting the amount of such distribution or purchase price. Our ability to pay distributions or issue additional senior securities would be restricted if our asset coverage ratio were not at least 200%.

If the value of our assets declines, we may be unable to satisfy this test. If that happens, we may be required to liquidate a portion of our investments and repay a portion of our indebtedness at a time when such transaction may be disadvantageous. As a result of issuing senior securities, we would also be exposed to risks associated with leverage, including an increased risk of loss. If we issue preferred stock, the preferred stock would rank senior to common stock in our capital structure, preferred stockholders would have separate voting rights and might have rights, preferences, or privileges more favorable than those of our common stockholders and the issuance of preferred stock could have the effect of delaying, deferring, or preventing a transaction or a change of control that might involve a premium price for holders of our common stock or otherwise be in your best interest.

To the extent that we are constrained in our ability to issue debt or other senior securities, we will depend on issuances of common stock to finance operations. Other than in certain limited situations such as rights offerings, as a business development company, we are generally not able to issue our common stock at a price below NAV

## **Table of Contents**

### **Index to Financial Statements**

without first obtaining required approvals from our stockholders and our independent directors. If we raise additional funds by issuing more common stock or senior securities convertible into, or exchangeable for, our common stock, then the percentage ownership of our stockholders at that time will decrease, and you might experience dilution. Moreover, we can offer no assurance that we will be able to issue and sell additional equity securities in the future, on favorable terms or at all.

*When we are a debt or minority equity investor in a portfolio company, we may not be in a position to control the entity, and management of the company may make decisions that could decrease the value of our portfolio holdings.*

We make both debt and minority equity investments; therefore, we are subject to the risk that a portfolio company may make business decisions with which we disagree, and the stockholders and management of such company may take risks or otherwise act in ways that do not serve our interests. As a result, a portfolio company may make decisions that could decrease the value of our portfolio holdings.

*If we do not invest a sufficient portion of our assets in qualifying assets, we could fail to qualify as a business development company or be precluded from investing according to our current business strategy.*

As a business development company, we may not acquire any assets other than qualifying assets as defined under the 1940 Act, unless, at the time of and after giving effect to such acquisition, at least 70% of our total assets are qualifying assets. See Regulation.

We believe that most of the senior loans we make will constitute qualifying assets. However, we may be precluded from investing in what we believe are attractive investments if such investments are not qualifying assets for purposes of the 1940 Act. If we do not invest a sufficient portion of our assets in qualifying assets, we could lose our status as a business development company, which would have a material adverse effect on our business, financial condition and results of operations. Similarly, these rules could prevent us from making follow-on investments in existing portfolio companies (which could result in the dilution of our position) or could require us to dispose of investments at inopportune times in order to comply with the 1940 Act. If we need to dispose of such investments quickly, it would be difficult to dispose of such investments on favorable terms. For example, we may have difficulty in finding a buyer and, even if we do find a buyer, we may have to sell the investments at a substantial loss.

*A failure on our part to maintain our qualification as a business development company would significantly reduce our operating flexibility.*

If we fail to continuously qualify as a business development company, we might be subject to regulation as a registered closed-end investment company under the 1940 Act, which would significantly decrease our operating flexibility, and lead to situations where we might have to restrict our borrowings, reduce our leverage, sell securities and pursue other activities that we are allowed to engage in as a business development company. In addition, failure to comply with the requirements imposed on business development companies by the 1940 Act could cause the SEC to bring an enforcement action against us. For additional information on the qualification requirements of a business development company, see Regulation.

---

**Table of Contents**

**Index to Financial Statements**

*To the extent OID and PIK interest constitute a portion of our income, we will be exposed to risks associated with such income being required to be included in taxable and accounting income prior to receipt of cash representing such income.*

Our investments may include OID instruments and contractual PIK interest arrangements, which represents contractual interest added to a loan balance and due at the end of such loan's term. To the extent OID or PIK interest constitute a portion of our income, we are exposed to risks associated with such income being required to be included in taxable and accounting income prior to receipt of cash, including the following:

The higher interest rates of OID and PIK instruments reflect the payment deferral and increased credit risk associated with these instruments, and OID and PIK instruments generally represent a significantly higher credit risk than coupon loans.

Even if the accounting conditions for income accrual are met, the borrower could still default when our actual collection is supposed to occur at the maturity of the obligation.

OID and PIK instruments may have unreliable valuations because their continuing accruals require continuing judgments about the collectability of the deferred payments and the value of any associated collateral. OID and PIK income may also create uncertainty about the source of our cash distributions.

For accounting purposes, any cash distributions to stockholders representing OID and PIK income are not treated as coming from paid-in capital, even though the cash to pay them comes from the offering proceeds. As a result, despite the fact that a distribution representing OID and PIK income could be paid out of amounts invested by our stockholders, the 1940 Act does not require that stockholders be given notice of this fact by reporting it as a return of capital.

The deferral of PIK interest may have a negative impact on our liquidity as it represents non-cash income that may require cash distributions to our stockholders in order to maintain our ability to be subject to tax as a RIC.

*If we are unable to satisfy Code requirements for qualification as a RIC, then we will be subject to corporate-level income tax, which would adversely affect our results of operations and financial condition.*

We elected to be treated as a RIC for federal income tax purposes with the filing of our federal corporate income tax return for 2006. We will not qualify for the tax treatment allowable to RICs if we are unable to comply with the source of income, asset diversification and distribution requirements contained in Subchapter M of the Code, or if we fail to maintain our election to be regulated as a business development company under the 1940 Act. If we fail to qualify for the federal income tax benefits allowable to RICs for any reason and become subject to a corporate-level income tax, the resulting taxes could substantially reduce our net assets, the amount of income available for distribution to our stockholders and the actual amount of our distributions. Such a failure would have a material adverse effect on us, the NAV of our common stock and the total return, if any, obtainable from your investment in our common stock.

*We may have difficulty paying our required distributions under applicable tax rules if we recognize income before or without receiving cash representing such income.*

In accordance with U.S. federal tax requirements, we are required to include in income for tax purposes certain amounts that we have not yet received in cash, such as OID and contractual PIK interest arrangements, which represents contractual interest added to a loan balance and due at the end of such loan's term. In addition to the cash yields received on our loans, in some instances, our loans generally include one or more of the following: end-of-term payments, exit fees, balloon payment fees, commitment fees, success fees or prepayment fees. In some cases our loans also include contractual PIK interest arrangements. The increases in loan balances as a result of contractual PIK arrangements are included in income for the period in which such PIK interest was accrued, which is often in advance of receiving cash payment, and are separately identified on our statements of cash flows. We also may be required to include in income for tax purposes certain other amounts prior to receiving the related cash.

**Table of Contents**

**Index to Financial Statements**

Any warrants that we receive in connection with our debt investments will generally be valued as part of the negotiation process with the particular portfolio company. As a result, a portion of the aggregate purchase price for the debt investments and warrants will be allocated to the warrants that we receive. This will generally result in OID for tax purposes, which we must recognize as ordinary income, increasing the amount that we are required to distribute to qualify for the federal income tax benefits applicable to RICs. Because these warrants generally will not produce distributable cash for us at the same time as we are required to make distributions in respect of the related OID, if ever, we would need to obtain cash from other sources or to pay a portion of our distributions using shares of newly issued common stock, consistent with IRS requirements, to satisfy such distribution requirements.

Other features of the debt instruments that we hold may also cause such instruments to generate OID, resulting in a dividend distribution requirement in excess of current cash interest received. Since in certain cases we may recognize income before or without receiving cash representing such income, we may have difficulty meeting the RIC tax requirement to distribute dividends each taxable year to our stockholders generally of an amount equal to at least 90% of our investment company taxable income. Under such circumstances, we may have to sell some of our assets, raise additional debt or equity capital or reduce new investment originations to meet these distribution requirements. If we are unable to obtain cash from other sources and are otherwise unable to satisfy such distribution requirements, we may fail to qualify for the federal income tax benefits allowable to RICs and, thus, become subject to a corporate-level income tax on all our taxable income (including any net realized securities gains).

Furthermore, we may invest in the equity securities of non-U.S. corporations (or other non-U.S. entities classified as corporations for U.S. federal income tax purposes) that could be treated under the Code and U.S. Treasury regulations as passive foreign investment companies and/or controlled foreign corporations. The rules relating to investment in these types of non-U.S. entities are designed to ensure that U.S. taxpayers are either, in effect, taxed currently (or on an accelerated basis with respect to corporate level events) or taxed at increased tax rates at distribution or disposition. In certain circumstances, these rules also could require us to recognize taxable income or gains where we do not receive a corresponding payment in cash.

***Our portfolio investments may present special tax issues.***

Investments in below-investment grade debt instruments and certain equity securities may present special tax issues for us. U.S. federal income tax rules are not entirely clear about issues such as when we may cease to accrue interest, OID or market discount, when and to what extent deductions may be taken for bad debts or worthless debt in equity securities, how payments received on obligations in default should be allocated between principal and interest income, as well as whether exchanges of debt instruments in a bankruptcy or workout context are taxable. Such matters could cause us to recognize taxable income for U.S. federal income tax purposes, even in the absence of cash or economic gain, and require us to make taxable distributions to our stockholders to maintain our RIC status or preclude the imposition of either U.S. federal corporate income or excise taxation. Additionally, because such taxable income may not be matched by corresponding cash received by us, we may be required to borrow money or dispose of other investments to be able to make distributions to our stockholders. These and other issues will be considered by us, to the extent determined necessary, in order that we minimize the level of any U.S. federal income or excise tax that we would otherwise incur. See Certain United States Federal Income Tax Considerations Taxation as a Regulated Investment Company.

***Legislative or regulatory tax changes could adversely affect you.***

At any time, the federal income tax laws governing RICs or the administrative interpretations of those laws or regulations may be amended. Any of those new laws, regulations or interpretations may take effect retroactively and could adversely affect the taxation of us or of you as a stockholder. Therefore, changes in tax laws, regulations or administrative interpretations or any amendments thereto could diminish the value of an investment in our shares or the value or the resale potential of our investments.

**Table of Contents**

**Index to Financial Statements**

*There is a risk that you may not receive distributions or that our distributions may not grow over time.*

We intend to make distributions on a quarterly basis to our stockholders. We cannot assure you that we will achieve investment results, or our business may not perform in a manner that will allow us to make a specified level of distributions or year-to-year increases in cash distributions. In addition, due to the asset coverage test applicable to us as a business development company, we may be limited in our ability to make distributions. Also, our Credit Facilities limit our ability to declare dividend distributions if we default under certain provisions of our Credit Facilities.

*We have and may in the future choose to pay distributions in our own stock, in which case you may be required to pay tax in excess of the cash you receive.*

Under applicable Treasury regulations and other administrative authorities issued by the IRS, RICs are permitted to treat certain distributions payable in their stock, as taxable dividends that will satisfy their annual distribution obligations for federal income tax and excise tax purposes provided that stockholders have the opportunity to elect to receive all or a portion of such distribution in cash. Taxable stockholders receiving such dividends will be required to include the full amount of the dividend as ordinary income (or as long-term capital gain to the extent such distribution is properly designated as a capital gain dividend) to the extent of our current and accumulated earnings and profits for federal income tax purposes. As a result, a U.S. stockholder may be required to pay tax with respect to such dividends in excess of any cash received. If a U.S. stockholder sells the stock it receives as a dividend in order to pay this tax, the sales proceeds may be less than the amount included in income with respect to the dividend, depending on the market price of our stock at the time of the sale. Furthermore, with respect to non-U.S. stockholders, we may be required to withhold federal income tax with respect to such dividends, including in respect of all or a portion of such dividend that is payable in stock. In addition, if a significant number of our stockholders determine to sell shares of our stock in order to pay taxes owed on dividends, then such sales may put downward pressure on the trading price of our stock. We may in the future determine to distribute taxable dividends that are partially payable in our common stock.

*We are exposed to risks associated with changes in interest rates, including fluctuations in interest rates which could adversely affect our profitability or the value of our portfolio*

General interest rate fluctuations may have a substantial negative impact on our investments and investment opportunities, and, accordingly, may have a material adverse effect on our investment objective and rate of return on investment capital. A portion of our income will depend upon the difference between the rate at which we borrow funds and the interest rate on the debt securities in which we invest. Because we will borrow money to make investments and may issue debt securities, preferred stock or other securities, our net investment income is dependent upon the difference between the rate at which we borrow funds or pay interest or dividends on such debt securities, preferred stock or other securities and the rate at which we invest these funds. Typically, we anticipate that our interest-earning investments will accrue and pay interest at both variable and fixed rates, and that our interest-bearing liabilities will generally accrue interest at fixed rates.

A significant increase in market interest rates could harm our ability to attract new portfolio companies and originate new loans and investments. We expect that most of our current initial investments in debt securities will be at floating rate with a floor. However, in the event that we make investments in debt securities at variable rates, a significant increase in market interest rates could also result in an increase in our non-performing assets and a decrease in the value of our portfolio because our floating-rate loan portfolio companies may be unable to meet higher payment obligations. As of June 30, 2016, approximately 92.8% of our loans were at floating rates or floating rates with a floor and 7.2% of the loans were at fixed rates.

In periods of rising interest rates, our cost of funds would increase, resulting in a decrease in our net investment income. In addition, a decrease in interest rates may reduce net income, because new investments may be made at lower rates despite the increased demand for our capital that the decrease in interest rates may

---

**Table of Contents****Index to Financial Statements**

produce. We may, but will not be required to, hedge against the risk of adverse movement in interest rates in our short-term and long-term borrowings relative to our portfolio of assets. If we engage in hedging activities, it may limit our ability to participate in the benefits of lower interest rates with respect to the hedged portfolio. Adverse developments resulting from changes in interest rates or hedging transactions could have a material adverse effect on our business, financial condition, and results of operations.

***We may expose ourselves to risks if we engage in hedging transactions.***

If we engage in hedging transactions, we may expose ourselves to risks associated with such transactions. We may utilize instruments such as forward contracts, currency options and interest rate swaps, caps, collars and floors to seek to hedge against fluctuations in the relative values of our portfolio positions from changes in currency exchange rates and market interest rates. Hedging against a decline in the values of our portfolio positions does not eliminate the possibility of fluctuations in the values of such positions or prevent losses if the values of such positions decline. However, such hedging can establish other positions designed to gain from those same developments, thereby offsetting the decline in the value of such portfolio positions. Such hedging transactions may also limit the opportunity for gain if the values of the underlying portfolio positions should increase. It may not be possible to hedge against an exchange rate or interest rate fluctuation that is so generally anticipated that we are not able to enter into a hedging transaction at an acceptable price. Moreover, for a variety of reasons, we may not seek to establish a perfect correlation between such hedging instruments and there can be no assurance that any such hedging arrangements will achieve the desired effect. During the six months ended June 30, 2016, we did not engage in any hedging activities.

***Our realized gains are reduced by amounts paid pursuant to the warrant participation agreement.***

Citigroup Global Markets Realty Corp. ( Citigroup ), a former credit facility provider to Hercules, has an equity participation right through a warrant participation agreement on the pool of loans and certain warrants formerly collateralized under its then existing credit facility (the Citibank Credit Facility ). Pursuant to the warrant participation agreement, we granted to Citigroup a 10% participation in all warrants held as collateral under the Citibank Credit Facility. As a result, Citigroup is entitled to 10% of the realized gains on certain warrants until the realized gains paid to Citigroup pursuant to the agreement equals \$3,750,000 (the Maximum Participation Limit ). The obligations under the warrant participation agreement continue even after the Citibank Credit Facility is terminated until the Maximum Participation Limit has been reached.

During the six months ended June 30, 2016, we recorded a decrease in participation liability and an increase in unrealized appreciation by a net amount of approximately \$32,000 as a result of depreciation of fair value on the pool of warrants collateralized under the warrant participation agreement and the acquisition proceeds we received on our Ping Identity Corporation equity investment. The remaining value of their participation right on unrealized gains in the related equity investments was approximately \$79,000 as of June 30, 2016 and is included in accrued liabilities. There can be no assurances that the unrealized appreciation of the warrants will not be higher or lower in future periods due to fluctuations in the value of the warrants, thereby increasing or reducing the effect on the cost of borrowing. Since inception of the agreement, we have paid approximately \$2.4 million under the warrant participation agreement thereby reducing our realized gains by this amount. We will continue to pay Citigroup under the warrant participation agreement until the Maximum Participation Limit is reached or the warrants expire. Warrants subject to the Citigroup warrant participation agreement are set to expire between August 2016 and January 2017.

***Legislation may allow us to incur additional leverage.***

As a business development company, under the 1940 Act generally we are not permitted to incur indebtedness unless immediately after such borrowing we have an asset coverage for total borrowings of at least 200% (i.e., the amount of debt may not exceed 50% of the value of our assets). If recent legislation in the U.S. House of Representatives is passed, or similar legislation is introduced, it would modify this section of the 1940

---

**Table of Contents**

**Index to Financial Statements**

Act and increase the amount of debt that business development companies may incur. As a result, we may be able to incur additional indebtedness in the future and therefore your risk of an investment in us may increase. However, the ultimate form and likely outcome of such legislation or any similar legislation cannot be predicted.

***Two of our wholly-owned subsidiaries are licensed by the U.S. Small Business Administration, and as a result, we will be subject to SBA regulations, which could limit our capital or investment decisions.***

Our wholly-owned subsidiaries HT II and HT III are licensed to act as SBICs and are regulated by the SBA. HT II and HT III hold approximately \$112.9 million and \$286.3 million in assets, respectively, and they accounted for approximately 6.6% and 16.7% of our total assets, respectively, prior to consolidation at June 30, 2016. The SBIC licenses allow our SBIC subsidiaries to obtain leverage by issuing SBA-guaranteed debentures, subject to the issuance of a capital commitment by the SBA and other customary procedures.

The SBA regulations require that a licensed SBIC be periodically examined and audited by the SBA to determine its compliance with the relevant SBA regulations. The SBA prohibits, without prior SBA approval, a change of control of an SBIC or transfers that would result in any person (or a group of persons acting in concert) owning 10.0% or more of a class of capital stock of a licensed SBIC. If either HT II or HT III fail to comply with applicable SBA regulations, the SBA could, depending on the severity of the violation, limit or prohibit HT II's or HT III's use of debentures, declare outstanding debentures immediately due and payable, and/or limit HT II or HT III from making new investments. Such actions by the SBA would, in turn, negatively affect us because HT II and HT III are our wholly owned subsidiaries.

HT II and HT III were in compliance with the terms of the SBIC's leverage as of June 30, 2016 as a result of having sufficient capital as defined under the SBA regulations. Compliance with SBA requirements may cause HT II and HT III to forego attractive investment opportunities that are not permitted under SBA regulations. See Regulation Small Business Administration Regulations.

***SBA regulations limit the outstanding dollar amount of SBA guaranteed debentures that may be issued by an SBIC or group of SBICs under common control.***

The SBA regulations currently limit the dollar amount of SBA-guaranteed debentures that can be issued by any one SBIC to \$150.0 million or to a group of SBICs under common control to \$350.0 million.

An SBIC may not borrow an amount in excess of two times (and in certain cases, up to three times) its regulatory capital. As of June 30, 2016, we have issued \$190.2 million in SBA-guaranteed debentures in our SBIC subsidiaries, which is the maximum combined capacity for our SBIC subsidiaries under our existing licenses. During times that we reach the maximum dollar amount of SBA-guaranteed debentures permitted, and if we require additional capital, our cost of capital is likely to increase, and there is no assurance that we will be able to obtain additional financing on acceptable terms.

Moreover, the current status of our SBIC subsidiaries as SBICs does not automatically assure that our SBIC subsidiaries will continue to receive SBA-guaranteed debenture funding. Receipt of SBA leverage funding is dependent upon our SBIC subsidiaries continuing to be in compliance with SBA regulations and policies and available SBA funding. The amount of SBA leverage funding available to SBICs is dependent upon annual Congressional authorizations and in the future may be subject to annual Congressional appropriations. There can be no assurance that there will be sufficient debenture funding available at the times desired by our SBIC subsidiaries.

The debentures guaranteed by the SBA have a maturity of ten years and require semi-annual payments of interest. Our SBIC subsidiaries will need to generate sufficient cash flow to make required interest payments on the debentures. If our SBIC subsidiaries are unable to meet their financial obligations under the debentures, the SBA, as a creditor, will have a superior claim to our SBIC subsidiaries' assets over our stockholders in the event we liquidate our SBIC subsidiaries or the SBA exercises its remedies under such debentures as the result of a default by us.

**Table of Contents**

**Index to Financial Statements**

***Our wholly-owned SBIC subsidiaries may be unable to make distributions to us that will enable us to maintain RIC status, which could result in the imposition of an entity-level tax.***

In order for us to continue to qualify for RIC tax treatment and to minimize corporate-level taxes, we will be required to distribute substantially all of our investment company taxable income and net capital gains, including income from certain of our subsidiaries, which includes the income from our SBIC subsidiaries. We will be partially dependent on our SBIC subsidiaries for cash distributions to enable us to meet the RIC distribution requirements. Our SBIC subsidiaries may be limited by the Small Business Investment Act of 1958, as amended, and SBA regulations governing SBICs, from making certain distributions to us that may be necessary to maintain our ability to be subject to tax as a RIC. We may have to request a waiver of the SBA's restrictions for our SBIC subsidiaries to make certain distributions to maintain our ability to be subject to tax as a RIC. We cannot assure you that the SBA will grant such waiver. If our SBIC subsidiaries are unable to obtain a waiver, compliance with the SBA regulations may result in loss of RIC tax treatment and a consequent imposition of an entity-level tax on us.

***If we fail to maintain an effective system of internal control over financial reporting, we may not be able to accurately report our financial results or prevent fraud. As a result, stockholders could lose confidence in our financial and other public reporting, which would harm our business and the trading price of our common stock.***

Effective internal controls over financial reporting are necessary for us to provide reliable financial reports and, together with adequate disclosure controls and procedures, are designed to prevent fraud. Any failure to implement required new or improved controls, or difficulties encountered in their implementation could cause us to fail to meet our reporting obligations. In addition, any testing by us conducted in connection with Section 404 of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, or the subsequent testing by our independent registered public accounting firm (when undertaken, as noted below), may reveal deficiencies in our internal controls over financial reporting that are deemed to be material weaknesses or that may require prospective or retroactive changes to our consolidated financial statements or identify other areas for further attention or improvement. Inferior internal controls could also cause investors and lenders to lose confidence in our reported financial information, which could have a negative effect on the trading price of our common stock.

***Our Board of Directors may change our investment objective, operating policies and strategies without prior notice or stockholder approval, the effects of which may be adverse.***

Our Board of Directors has the authority, except as otherwise provided in the 1940 Act, to modify or waive certain of our operating policies and strategies without prior notice and without stockholder approval. However, absent stockholder approval, we may not change the nature of our business so as to cease to be, or withdraw our election as, a business development company. We cannot predict the effect any changes to our current operating policies and strategies would have on our business, operating results and the market price of our common stock. Nevertheless, any such changes could materially and adversely affect our business and impair our ability to make distributions to our stockholders.

***Changes in laws or regulations governing our business could negatively affect the profitability of our operations.***

Changes in the laws or regulations, or the interpretations of the laws and regulations, which govern business development companies, SBICs, RICs or non-depository commercial lenders could significantly affect our operations and our cost of doing business. We are subject to federal, state and local laws and regulations, in addition to applicable foreign and international laws and regulations, and are subject to judicial and administrative decisions that affect our operations, including our loan originations maximum interest rates, fees and other charges, disclosures to portfolio companies, the terms of secured transactions, collection and foreclosure procedures, and other trade practices. If these laws, regulations or decisions change, or if we expand

**Table of Contents**

**Index to Financial Statements**

our business into jurisdictions that have adopted more stringent requirements than those in which we currently conduct business, then we may have to incur significant expenses in order to comply or we may have to restrict our operations. In addition, if we do not comply with applicable laws, regulations and decisions, then we may lose licenses needed for the conduct of our business and be subject to civil fines and criminal penalties, any of which could have a material adverse effect upon our business results of operations or financial condition.

***Our business is subject to increasingly complex corporate governance, public disclosure and accounting requirements that could adversely affect our business and financial results.***

We are subject to changing rules and regulations of federal and state government as well as the stock exchange on which our common stock is listed. These entities, including the Public Company Accounting Oversight Board, the SEC and the NYSE have issued a significant number of new and increasingly complex requirements and regulations over the course of the last several years and continue to develop additional regulations and requirements in response to laws enacted by Congress. On July 21, 2010, the Dodd-Frank Wall Street Reform and Protection Act, or the Dodd-Frank Act, was enacted. There are significant corporate governance and executive compensation-related provisions in the Dodd-Frank Act, and the SEC has adopted, and will continue to adopt, additional rules and regulations that may impact us. Our efforts to comply with these requirements have resulted in, and are likely to continue to result in, an increase in expenses and a diversion of management's time from other business activities.

In addition, our failure to maintain compliance with such rules, or for our management to appropriately address issues relating to our compliance with such rules fully and in a timely manner, exposes us to an increasing risk of inadvertent non-compliance. While the Company's management team takes reasonable efforts to ensure that the Company is in full compliance with all laws applicable to its operations, the increasing rate and extent of regulatory change increases the risk of a failure to comply, which may result in our ability to operate our business in the ordinary course or may subject us to potential fines, regulatory findings or other matters that may materially impact our business.

***We incur significant costs as a result of being a publicly traded company.***

As a publicly traded company, we incur legal, accounting and other expenses, including costs associated with the periodic reporting requirements applicable to a company whose securities are registered under the Exchange Act as well as additional corporate governance requirements, including requirements under the Sarbanes-Oxley Act and other rules implemented by the SEC.

***Results may fluctuate and may not be indicative of future performance.***

Our operating results may fluctuate and, therefore, you should not rely on current or historical period results to be indicative of our performance in future reporting periods. Factors that could cause operating results to fluctuate include, but are not limited to, variations in the investment origination volume and fee income earned, changes in the accrual status of our debt investments, variations in timing of prepayments, variations in and the timing of the recognition of net realized gains or losses and changes in unrealized appreciation or depreciation, the level of our expenses, the degree to which we encounter competition in our markets, and general economic conditions.

***We face cyber-security risks and the failure in cyber security systems, as well as the occurrence of events unanticipated in our disaster recovery systems and management continuity planning could impair our ability to conduct business effectively.***

Our business operations rely upon secure information technology systems for data processing, storage and reporting. Despite careful security and controls design, implementation and updating, our information technology systems could become subject to cyber-attacks. Network, system, application and data breaches could result in operational disruptions or information misappropriation, which could have a material adverse effect on our business, results of operations and financial condition.

## **Table of Contents**

### **Index to Financial Statements**

The occurrence of a disaster such as a cyber-attack, a natural catastrophe, an industrial accident, a terrorist attack or war, events unanticipated in our disaster recovery systems, or a support failure from external providers, could have an adverse effect on our ability to conduct business and on our results of operations and financial condition, particularly if those events affect our computer-based data processing, transmission, storage, and retrieval systems or destroy data. If a significant number of our managers were unavailable in the event of a disaster, our ability to effectively conduct our business could be severely compromised.

We depend heavily upon computer systems to perform necessary business functions. Despite our implementation of a variety of security measures, our computer systems could be subject to cyber-attacks and unauthorized access, such as physical and electronic break-ins or unauthorized tampering. Like other companies, we may experience threats to our data and systems, including malware and computer virus attacks, unauthorized access, system failures and disruptions. If one or more of these events occurs, it could potentially jeopardize the confidential, proprietary and other information processed and stored in, and transmitted through, our computer systems and networks, or otherwise cause interruptions or malfunctions in our operations, which could result in damage to our reputation, financial losses, litigation, increased costs, regulatory penalties and/or customer dissatisfaction or loss.

***We are dependent on information systems and systems failures could significantly disrupt our business, which may, in turn, negatively affect the market price of our common stock and our ability to pay distributions.***

Our business is dependent on our and third parties' communications and information systems. Any failure or interruption of those systems, including as a result of the termination of an agreement with any third-party service providers, could cause delays or other problems in our activities. Our financial, accounting, data processing, backup or other operating systems and facilities may fail to operate properly or become disabled or damaged as a result of a number of factors including events that are wholly or partially beyond our control and adversely affect our business. There could be:

sudden electrical or telecommunication outages;

natural disasters such as earthquakes, tornadoes and hurricanes;

disease pandemics;

events arising from local or larger scale political or social matters, including terrorist acts; and

cyber-attacks.

These events, in turn, could have a material adverse effect on our operating results and negatively affect the market price of our common stock and our ability to pay distributions to our stockholders.

### **Risks Related to Current Economic and Market Conditions**

***Capital markets may experience periods of disruption and instability and we cannot predict when these conditions will occur. Such market conditions could materially and adversely affect debt and equity capital markets in the United States and abroad, which could have a negative impact on our business, financial condition and results of operations.***

The global capital markets have experienced a period of disruption as evidenced by a lack of liquidity in the debt capital markets, write-offs in the financial services sector, the re-pricing of credit risk and the failure of certain major financial institutions. While the capital markets have improved, these conditions could deteriorate again in the future. During such market disruptions, we may have difficulty raising debt or equity capital, especially as a result of regulatory constraints.

Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Market conditions may in the future make it difficult to extend the maturity of or refinance our existing indebtedness and any failure to do so could have a material adverse effect on our business. The illiquidity of our

**Table of Contents**

**Index to Financial Statements**

investments may make it difficult for us to sell such investments if required. As a result, we may realize significantly less than the value at which we have recorded our investments. In addition, significant changes in the capital markets, including the disruption and volatility, have had, and may in the future have, a negative effect on the valuations of our investments and on the potential for liquidity events involving our investments. An inability to raise capital, and any required sale of our investments for liquidity purposes, could have a material adverse impact on our business, financial condition and results of operations.

Various social and political tensions in the United States and around the world, including in the Middle East, Eastern Europe and Russia, may continue to contribute to increased market volatility, may have long-term effects on the United States and worldwide financial markets, and may cause further economic uncertainties or deterioration in the United States and worldwide. Several European Union ( EU ) countries, including Greece, Ireland, Italy, Spain, and Portugal, continue to face budget issues, some of which may have negative long-term effects for the economies of those countries and other EU countries. There is also continued concern about national-level support for the euro and the accompanying coordination of fiscal and wage policy among European Economic and Monetary Union member countries. In July and August 2015, Greece reached agreements with its creditors for bailouts that provide aid in exchange for certain austerity measures. These and similar austerity measures may adversely affect world economic conditions and have an impact on our business and that of our portfolio companies. In the second quarter of 2015, stock prices in China experienced a significant drop, resulting primarily from continued sell-off of trading in Chinese markets. In August 2015, Chinese authorities sharply devalued China's currency.

These market and economic disruptions affect, and these and other similar market and economic disruptions may in the future affect, the U.S. capital markets, which could adversely affect our business and that of our portfolio companies. We cannot predict the duration of the effects related to these or similar events in the future on the United States economy and securities markets or on our investments. We monitor developments and seek to manage our investments in a manner consistent with achieving our investment objective, but there can be no assurance that we will be successful in doing so.

*Depending on funding requirements, we may need to raise additional capital to meet our unfunded commitments either through equity offerings or through additional borrowings.*

As of June 30, 2016, we had approximately \$71.2 million of unfunded commitments, including undrawn revolving facilities, which were available at the request of the portfolio company and unencumbered by milestones.

Our unfunded contractual commitments may be significant from time to time. A portion of these unfunded contractual commitments are dependent upon the portfolio company reaching certain milestones before the debt commitment becomes available. Furthermore, our credit agreements contain customary lending provisions which allow us relief from funding obligations for previously made commitments in instances where the underlying company experiences materially adverse events that affect the financial condition or business outlook for the company. These commitments will be subject to the same underwriting and ongoing portfolio maintenance as are the on-balance sheet financial instruments that we hold. Since these commitments may expire without being drawn upon, the total commitment amount does not necessarily represent future cash requirements. Closed commitments generally fund 70-80% of the committed amount in aggregate over the life of the commitment. We believe that our assets provide adequate cover to satisfy all of our unfunded commitments and we intend to use cash flow from normal and early principal repayments and proceeds from borrowings and notes to fund these commitments. However, there can be no assurance that we will have sufficient capital available to fund these commitments as they come due.

Our ability to secure additional financing and satisfy our financial obligations under indebtedness outstanding from time to time will depend upon our future operating performance, which is subject to the prevailing general economic and credit market conditions, including interest rate levels and the availability of

## **Table of Contents**

### **Index to Financial Statements**

credit generally, and financial, business and other factors, many of which are beyond our control. The prolonged continuation or worsening of current economic and capital market conditions could have a material adverse effect on our ability to secure financing on favorable terms, if at all.

*Changes relating to the LIBOR calculation process may adversely affect the value of our portfolio of the LIBOR-indexed, floating-rate debt securities.*

In the recent past, concerns have been publicized that some of the member banks surveyed by the British Bankers Association (BBA) in connection with the calculation of the London Interbank Offered Rate, or LIBOR, across a range of maturities and currencies may have been under-reporting or otherwise manipulating the inter-bank lending rate applicable to them in order to profit on their derivatives positions or to avoid an appearance of capital insufficiency or adverse reputational or other consequences that may have resulted from reporting inter-bank lending rates higher than those they actually submitted. A number of BBA member banks entered into settlements with their regulators and law enforcement agencies with respect to alleged manipulation of LIBOR, and investigations by regulators and governmental authorities in various jurisdictions are ongoing.

Actions by the BBA, regulators or law enforcement agencies as a result of these or future events, may result in changes to the manner in which LIBOR is determined. Potential changes, or uncertainty related to such potential changes may adversely affect the market for LIBOR-based securities, including our portfolio of LIBOR-indexed, floating-rate debt securities. In addition, any further changes or reforms to the determination or supervision of LIBOR may result in a sudden or prolonged increase or decrease in reported LIBOR, which could have an adverse impact on the market for LIBOR-based securities or the value of our portfolio of LIBOR-indexed, floating-rate debt securities.

### **Risks Related to Our Investments**

*Our investments are concentrated in certain industries and in a number of technology-related companies, which subjects us to the risk of significant loss if any of these companies default on their obligations under any of their debt securities that we hold, or if any of the technology-related industry sectors experience a downturn.*

We have invested and intend to continue investing in a limited number of technology-related companies. A consequence of this limited number of investments is that the aggregate returns we realize may be significantly adversely affected if a small number of investments perform poorly or if we need to write down the value of any one investment. Beyond the asset diversification requirements to which we are subject as a business development company and a RIC, we do not have fixed guidelines for diversification or limitations on the size of our investments in any one portfolio company and our investments could be concentrated in relatively few issuers. In addition, we have invested in and intend to continue investing, under normal circumstances, at least 80% of the value of our total assets (including the amount of any borrowings for investment purposes) in technology-related companies.

As of June 30, 2016, approximately 63.4% of the fair value of our portfolio was composed of investments in four industries: 23.8% was composed of investments in the drug discovery and development industry, 14.5% was comprised of investments in the sustainable and renewable technology industry, 13.9% was composed of investments in the software industry, and 11.1% was composed of investments in the drug delivery industry.

As a result, a downturn in technology-related industry sectors and particularly those in which we are heavily concentrated could materially adversely affect our financial condition.

*Our financial results could be negatively affected if a significant portfolio investment fails to perform as expected.*

Our total investment in companies may be significant individually or in the aggregate. As a result, if a significant investment in one or more companies fails to perform as expected, our financial results could be more

**Table of Contents****Index to Financial Statements**

negatively affected and the magnitude of the loss could be more significant than if we had made smaller investments in more companies. The following table shows the fair value of the totals of investments held in portfolio companies at June 30, 2016 that represent greater than 5% of our net assets:

(in thousands)	June 30, 2016	
	Fair Value	Percentage of Net Assets
Machine Zone, Inc.	\$ 102,668	14.3%
Sungevity Development, LLC.	\$ 64,359	9.0%
Actifio, Inc.	\$ 40,092	5.6%

Machine Zone, Inc. is a technology company that is best known for building mobile Massively Multiplayer Online games with a focus on community-based gameplay.

Sungevity Development, LLC. is a global residential solar energy provider focused on making it easy and affordable for homeowners to benefit from solar power.

Actifio, Inc. is a software company that helps global enterprise customers and service provider partners virtualize their data in order to improve their data resiliency, agility, and mobility while reducing cost and operational complexity.

Our financial results could be materially adversely affected if these portfolio companies or any of our other significant portfolio companies encounter financial difficulty and fail to repay their obligations or to perform as expected.

***Our investments may be in portfolio companies that have limited operating histories and resources.***

We expect that our portfolio will continue to consist of investments that may have relatively limited operating histories. These companies may be particularly vulnerable to U.S. and foreign economic downturns may have more limited access to capital and higher funding costs, may have a weaker financial position and may need more capital to expand or compete. These businesses also may experience substantial variations in operating results. They may face intense competition, including from larger, more established companies with greater financial, technical and marketing resources. Furthermore, some of these companies do business in regulated industries and could be affected by changes in government regulation applicable to their given industry. Accordingly, these factors could impair their cash flow or result in other events, such as bankruptcy, which could limit their ability to repay their obligations to us, and may adversely affect the return on, or the recovery of, our investment in these companies. We cannot assure you that any of our investments in our portfolio companies will be successful. We may lose our entire investment in any or all of our portfolio companies.

***Investing in publicly traded companies can involve a high degree of risk and can be speculative.***

We have invested, and expect to continue to invest, a portion of our portfolio in publicly traded companies or companies that are in the process of completing their initial public offering ( IPO ). As publicly traded companies, the securities of these companies may not trade at high volumes, and prices can be volatile, particularly during times of general market volatility, which may restrict our ability to sell our positions and may have a material adverse impact on us.

***Our ability to invest in public companies may be limited in certain circumstances.***

To maintain our status as a business development company, we are not permitted to acquire any assets other than qualifying assets specified in the 1940 Act unless, at the time the acquisition is made, at least 70% of our total assets are qualifying assets (with certain limited exceptions). Subject to certain exceptions for follow-on

## Table of Contents

### Index to Financial Statements

investments and distressed companies, an investment in an issuer that has outstanding securities listed on a national securities exchange may be treated as a qualifying asset only if such issuer has a market capitalization that is less than \$250 million at the time of such investment and meets the other specified requirements.

***Our investment strategy focuses on technology-related companies, which are subject to many risks, including volatility, intense competition, shortened product life cycles, changes in regulatory and governmental programs and periodic downturns, and you could lose all or part of your investment.***

We have invested and will continue investing primarily in technology-related companies, many of which may have narrow product lines and small market shares, which tend to render them more vulnerable to competitors' actions and market conditions, as well as to general economic downturns. The revenues, income (or losses), and valuations of technology-related companies can and often do fluctuate suddenly and dramatically. In addition, technology-related industries are generally characterized by abrupt business cycles and intense competition. Overcapacity in technology-related industries, together with cyclical economic downturns, may result in substantial decreases in the market capitalization of many technology-related companies. Such decreases in market capitalization may occur again, and any future decreases in technology-related company valuations may be substantial and may not be temporary in nature. Therefore, our portfolio companies may face considerably more risk of loss than do companies in other industry sectors.

Because of rapid technological change, the average selling prices of products and some services provided by technology-related companies have historically decreased over their productive lives. As a result, the average selling prices of products and services offered by technology-related companies may decrease over time, which could adversely affect their operating results, their ability to meet obligations under their debt securities and the value of their equity securities. This could, in turn, materially adversely affect our business, financial condition and results of operations.

Our investments in sustainable and renewable technology companies are subject to substantial operational risks, such as underestimated cost projections, unanticipated operation and maintenance expenses, loss of government subsidies, and inability to deliver cost-effective alternative energy solutions compared to traditional energy products. In addition, sustainable and renewable technology companies employ a variety of means of increasing cash flow, including increasing utilization of existing facilities, expanding operations through new construction or acquisitions, or securing additional long-term contracts. Thus, some energy companies may be subject to construction risk, acquisition risk or other risks arising from their specific business strategies. Furthermore, production levels for solar, wind and other renewable energies may be dependent upon adequate sunlight, wind, or biogas production, which can vary from market to market and period to period, resulting in volatility in production levels and profitability. Demand for sustainable and renewable technology is also influenced by the available supply and prices for other energy products, such as coal, oil and natural gases. A change in prices in these energy products could reduce demand for alternative energy.

A natural disaster may also impact the operations of our portfolio companies, including our technology-related portfolio companies. The nature and level of natural disasters cannot be predicted and may be exacerbated by global climate change. A portion of our technology-related portfolio companies rely on items assembled or produced in areas susceptible to natural disasters, and may sell finished goods into markets susceptible to natural disasters. A major disaster, such as an earthquake, tsunami, flood or other catastrophic event could result in disruption to the business and operations of our technology-related portfolio companies.

We will invest in technology-related companies that are reliant on U.S. and foreign regulatory and governmental programs. Any material changes or discontinuation, due to change in administration or U.S. Congress or otherwise could have a material adverse effect on the operations of a portfolio company in these industries and, in turn, impair our ability to timely collect principal and interest payments owed to us to the extent applicable.

---

**Table of Contents**

**Index to Financial Statements**

***We have invested in and may continue investing in technology-related companies that do not have venture capital or private equity firms as equity investors, and these companies may entail a higher risk of loss than do companies with institutional equity investors, which could increase the risk of loss of your investment.***

Our portfolio companies will often require substantial additional equity financing to satisfy their continuing working capital and other cash requirements and, in most instances, to service the interest and principal payments on our investment. Portfolio companies that do not have venture capital or private equity investors may be unable to raise any additional capital to satisfy their obligations or to raise sufficient additional capital to reach the next stage of development. Portfolio companies that do not have venture capital or private equity investors may be less financially sophisticated and may not have access to independent members to serve on their boards, which means that they may be less successful than portfolio companies sponsored by venture capital or private equity firms. Accordingly, financing these types of companies may entail a higher risk of loss than would financing companies that are sponsored by venture capital or private equity firms.

***Sustainable and renewable technology companies are subject to extensive government regulation and certain other risks particular to the sectors in which they operate and our business and growth strategy could be adversely affected if government regulations, priorities and resources impacting such sectors change or if our portfolio companies fail to comply with such regulations.***

As part of our investment strategy, we plan to invest in portfolio companies in sustainable and renewable technology sectors that may be subject to extensive regulation by foreign, U.S. federal, state and/or local agencies. Changes in existing laws, rules or regulations, or judicial or administrative interpretations thereof, or new laws, rules or regulations could have an adverse impact on the business and industries of our portfolio companies. In addition, changes in government priorities or limitations on government resources could also adversely impact our portfolio companies. We are unable to predict whether any such changes in laws, rules or regulations will occur and, if they do occur, the impact of these changes on our portfolio companies and our investment returns. Furthermore, if any of our portfolio companies fail to comply with applicable regulations, they could be subject to significant penalties and claims that could materially and adversely affect their operations. Our portfolio companies may be subject to the expense, delay and uncertainty of the regulatory approval process for their products and, even if approved, these products may not be accepted in the marketplace.

In addition, there is considerable uncertainty about whether foreign, U.S., state and/or local governmental entities will enact or maintain legislation or regulatory programs that mandate reductions in greenhouse gas emissions or provide incentives for sustainable and renewable technology companies. Without such regulatory policies, investments in sustainable and renewable technology companies may not be economical and financing for sustainable and renewable technology companies may become unavailable, which could materially adversely affect the ability of our portfolio companies to repay the debt they owe to us. Any of these factors could materially and adversely affect the operations and financial condition of a portfolio company and, in turn, the ability of the portfolio company to repay the debt they owe to us.

***Cyclicality within the energy sector may adversely affect some of our portfolio companies.***

Industries within the energy sector are cyclical with fluctuations in commodity prices and demand for, and production of commodities driven by a variety of factors. The highly cyclical nature of the industries within the energy sector may lead to volatile changes in commodity prices, which may adversely affect the earnings of energy companies in which we may invest and the performance and valuation of our portfolio.

***Volatility of oil and natural gas prices could impair certain of our portfolio companies' operations and ability to satisfy obligations to their respective lenders and investors, including us, which could negatively impact our financial condition.***

Some of our portfolio companies' businesses are heavily dependent upon the prices of, and demand for, oil and natural gas, which have recently declined significantly and such volatility could continue or increase in the

**Table of Contents**

**Index to Financial Statements**

future. A substantial or extended decline in oil and natural gas demand or prices may adversely affect the business, financial condition, cash flow, liquidity or results of operations of these portfolio companies and might impair their ability to meet capital expenditure obligations and financial commitments. A prolonged or continued decline in oil prices could therefore have a material adverse effect on our business, financial condition and results of operations.

***Our investments in the life sciences industry are subject to extensive government regulation, litigation risk and certain other risks particular to that industry.***

We have invested and plan to continue investing in companies in the life sciences industry that are subject to extensive regulation by the Food and Drug Administration, or the FDA, and to a lesser extent, other federal, state and other foreign agencies. If any of these portfolio companies fail to comply with applicable regulations, they could be subject to significant penalties and claims that could materially and adversely affect their operations. Portfolio companies that produce medical devices or drugs are subject to the expense, delay and uncertainty of the regulatory approval process for their products and, even if approved, these products may not be accepted in the marketplace. In addition, governmental budgetary constraints effecting the regulatory approval process, new laws, regulations or judicial interpretations of existing laws and regulations might adversely affect a portfolio company in this industry. Portfolio companies in the life sciences industry may also have a limited number of suppliers of necessary components or a limited number of manufacturers for their products, and therefore face a risk of disruption to their manufacturing process if they are unable to find alternative suppliers when needed. Any of these factors could materially and adversely affect the operations of a portfolio company in this industry and, in turn, impair our ability to timely collect principal and interest payments owed to us.

***Our investments in the drug discovery industry are subject to numerous risks, including competition, extensive government regulation, product liability and commercial difficulties.***

Our investments in the drug discovery industry are subject to numerous risks. The successful and timely implementation of the business model of our drug discovery portfolio companies depends on their ability to adapt to changing technologies and introduce new products. As competitors continue to introduce competitive products, the development and acquisition of innovative products and technologies that improve efficacy, safety, patient's and clinician's ease of use and cost-effectiveness are important to the success of such portfolio companies. The success of new product offerings will depend on many factors, including the ability to properly anticipate and satisfy customer needs, obtain regulatory approvals on a timely basis, develop and manufacture products in an economic and timely manner, obtain or maintain advantageous positions with respect to intellectual property, and differentiate products from those of competitors. Failure by our portfolio companies to introduce planned products or other new products or to introduce products on schedule could have a material adverse effect on our business, financial condition and results of operations.

Further, the development of products by drug discovery companies requires significant research and development, clinical trials and regulatory approvals. The results of product development efforts may be affected by a number of factors, including the ability to innovate, develop and manufacture new products, complete clinical trials, obtain regulatory approvals and reimbursement in the U.S. and abroad, or gain and maintain market approval of products. In addition, regulatory review processes by U.S. and foreign agencies may extend longer than anticipated as a result of decreased funding and tighter fiscal budgets. Further, patents attained by others can preclude or delay the commercialization of a product. There can be no assurance that any products now in development will achieve technological feasibility, obtain regulatory approval, or gain market acceptance. Failure can occur at any point in the development process, including after significant funds have been invested. Products may fail to reach the market or may have only limited commercial success because of efficacy or safety concerns, failure to achieve positive clinical outcomes, inability to obtain necessary regulatory approvals, failure to achieve market adoption, limited scope of approved uses, excessive costs to manufacture, the failure to establish or maintain intellectual property rights, or the infringement of intellectual property rights of others.

---

**Table of Contents**

**Index to Financial Statements**

***Future legislation, and/or regulations and policies adopted by the FDA or other U.S. or foreign regulatory authorities may increase the time and cost required by some of our portfolio companies to conduct and complete clinical trials for the product candidates that they develop, and there is no assurance that these companies will obtain regulatory approval to market and commercialize their products in the U.S. and in foreign countries.***

The FDA has established regulations, guidelines and policies to govern the drug development and approval process, as have foreign regulatory authorities, which affect some of our portfolio companies. Any change in regulatory requirements due to the adoption by the FDA and/or foreign regulatory authorities of new legislation, regulations, or policies may require some of our portfolio companies to amend existing clinical trial protocols or add new clinical trials to comply with these changes. Such amendments to existing protocols and/or clinical trial applications or the need for new ones, may significantly impact the cost, timing and completion of the clinical trials.

In addition, increased scrutiny by the U.S. Congress of the FDA's and other authorities approval processes may significantly delay or prevent regulatory approval, as well as impose more stringent product labeling and post-marketing testing and other requirements. Foreign regulatory authorities may also increase their scrutiny of approval processes resulting in similar delays. Increased scrutiny and approvals processes may limit the ability of our portfolio companies to market and commercialize their products in the U.S. and in foreign countries.

Life sciences companies, including drug development companies, device manufacturers, service providers and others, are also subject to material pressures when there are changes in the outlook for healthcare insurance markets. The ability for individuals, along with private and public insurers, to account for the costs of paying for healthcare insurance can place strain on the ability of new technology, devices and services to enter those markets, particularly when they are new or untested. As a result, it is not uncommon for changes in the insurance market place to lead to a slower rate of adoption, price pressure and other forces that may materially limit the success of companies bringing such technologies to market. Changes in the health insurance sector might then have an impact on the value of companies in our portfolio or our ability to invest in the sector generally.

***Changes in healthcare laws and other regulations, or the enforcement or interpretation of such laws or regulations, applicable to some of our portfolio companies' businesses may constrain their ability to offer their products and services.***

Changes in healthcare or other laws and regulations, or the enforcement or interpretation of such laws or regulations, applicable to the businesses of some of our portfolio companies may occur that could increase their compliance and other costs of doing business, require significant systems enhancements, or render their products or services less profitable or obsolete, any of which could have a material adverse effect on their results of operations. There has also been an increased political and regulatory focus on healthcare laws in recent years, and new legislation could have a material effect on the business and operations of some of our portfolio companies.

***Price declines and illiquidity in the corporate debt markets could adversely affect the fair value of our portfolio investments, reducing our NAV through increased net unrealized depreciation.***

As a business development company, we are required to carry our investments at market value or, if no market value is ascertainable, at fair market value as determined in good faith by or under the direction of our board of directors. As part of the valuation process, we may take into account the following types of factors, if relevant, in determining the fair value of our investments: the enterprise value of a portfolio company (an estimate of the total fair value of the portfolio company's debt and equity), the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flow, the markets in which the portfolio company does business, a comparison of the portfolio company's securities to similar publicly traded securities, changes in the interest rate environment and the credit markets generally that may affect the price at which similar investments may be made in the future and other relevant factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, we use the pricing

---

**Table of Contents**

**Index to Financial Statements**

indicated by the external event to corroborate our valuation. While most of our investments are not publicly traded, applicable accounting standards require us to assume as part of our valuation process that our investments are sold in a principal market to market participants (even if we plan on holding an investment through its maturity). As a result, volatility in the capital markets can also adversely affect our investment valuations. Decreases in the market values or fair values of our investments are recorded as unrealized depreciation. The effect of all of these factors on our portfolio can reduce our NAV by increasing net unrealized depreciation in our portfolio.

Depending on market conditions, we could incur substantial realized losses and may suffer substantial unrealized depreciation in future periods, which could have a material adverse impact on our business, financial condition and results of operations.

***Economic recessions or slowdowns could impair the ability of our portfolio companies to repay loans, which, in turn, could increase our non-performing assets, decrease the value of our portfolio, reduce our volume of new loans and have a material adverse effect on our results of operations.***

Many of our portfolio companies may be susceptible to economic slowdowns or recessions in both the U.S. and foreign countries, and may be unable to repay our loans during such periods. Therefore, during such periods, our non-performing assets are likely to increase and the value of our portfolio is likely to decrease. Adverse economic conditions also may decrease the value of collateral securing some of our loans and the value of our equity investments. Economic slowdowns or recessions could lead to financial losses in our portfolio and a decrease in revenues, net income and assets. Unfavorable economic conditions also could increase our funding costs, limit our access to the capital markets or result in a decision by lenders not to extend credit to us. These events could prevent us from increasing investments and harm our operating results.

In particular, intellectual property owned or controlled by our portfolio companies may constitute an important portion of the value of the collateral of our loans to our portfolio companies. Adverse economic conditions may decrease the demand for our portfolio companies intellectual property and consequently its value in the event of a bankruptcy or required sale through a foreclosure proceeding. As a result, our ability to fully recover the amounts owed to us under the terms of the loans may be impaired by such events.

A portfolio company's failure to satisfy financial or operating covenants imposed by us or other lenders could lead to defaults and, potentially, termination of the portfolio company's loans and foreclosure on its secured assets, which could trigger cross-defaults under other agreements and jeopardize the portfolio company's ability to meet its obligations under the debt securities that we hold. We may incur expenses to the extent necessary to seek recovery upon default or to negotiate new terms with a defaulting portfolio company.

***Our portfolio companies may be unable to repay or refinance outstanding principal on their loans at or prior to maturity, and rising interest rates may make it more difficult for portfolio companies to make periodic payments on their loans.***

Our portfolio companies may be unable to repay or refinance outstanding principal on their loans at or prior to maturity. This risk and the risk of default is increased to the extent that the loan documents do not require the portfolio companies to pay down the outstanding principal of such debt prior to maturity. In addition, if general interest rates rise, there is a risk that our portfolio companies will be unable to pay escalating interest amounts, which could result in a default under their loan documents with us. Any failure of one or more portfolio companies to repay or refinance its debt at or prior to maturity or the inability of one or more portfolio companies to make ongoing payments following an increase in contractual interest rates could have a material adverse effect on our business, financial condition, results of operations and cash flows.

***The disposition of our investments may result in contingent liabilities.***

We currently expect that a portion of our investments will involve private securities. In connection with the disposition of an investment in private securities, we may be required to make representations about the business

## **Table of Contents**

### **Index to Financial Statements**

and financial affairs of the portfolio company typical of those made in connection with the sale of a business. We may also be required to indemnify the purchasers of such investment to the extent that any such representations turn out to be inaccurate or with respect to certain potential liabilities. These arrangements may result in contingent liabilities that ultimately yield funding obligations that must be satisfied through our return of certain distributions previously made to us.

***The health and performance of our portfolio companies could be adversely affected by political and economic conditions in the countries in which they conduct business.***

Some of the products of our portfolio companies are developed, manufactured, assembled, tested or marketed outside the U.S. Any conflict or uncertainty in these countries, including due to natural disasters, public health concerns, political unrest or safety concerns, among other things, could harm their business, financial condition and results of operations. In addition, if the government of any country in which their products are developed, manufactured or sold sets technical or regulatory standards for products developed or manufactured in or imported into their country that are not widely shared, it may lead some of their customers to suspend imports of their products into that country, require manufacturers or developers in that country to manufacture or develop products with different technical or regulatory standards and disrupt cross-border manufacturing, marketing or business relationships which, in each case, could harm their businesses.

***Any unrealized depreciation we experience on our investment portfolio may be an indication of future realized losses, which could reduce our income available for distribution and could impair our ability to service our borrowings.***

As a business development company, we are required to carry our investments at market value or, if no market value is ascertainable, at fair value as determined in good faith by our Board of Directors. Decreases in the market values or fair values of our investments will be recorded as unrealized depreciation. Any unrealized depreciation in our investment portfolio could be an indication of a portfolio company's inability to meet its repayment obligations to us with respect to the affected investments. This could result in realized losses in the future and ultimately in reductions of our income available for distribution in future periods and could materially adversely affect our ability to service our outstanding borrowings.

***A lack of IPO or merger and acquisition opportunities may cause companies to stay in our portfolio longer, leading to lower returns, unrealized depreciation, or realized losses.***

A lack of IPO or merger and acquisition ( M&A ) opportunities for venture capital-backed companies could lead to companies staying longer in our portfolio as private entities still requiring funding. This situation may adversely affect the amount of available funding for early-stage companies in particular as, in general, venture-capital firms are being forced to provide additional financing to late-stage companies that cannot complete an IPO or M&A transaction. In the best case, such stagnation would dampen returns, and in the worst case, could lead to unrealized depreciation and realized losses as some companies run short of cash and have to accept lower valuations in private fundings or are not able to access additional capital at all. A lack of IPO or M&A opportunities for venture capital-backed companies can also cause some venture capital firms to change their strategies, leading some of them to reduce funding of their portfolio companies and making it more difficult for such companies to access capital and to fulfill their potential, which can result in unrealized depreciation and realized losses in such companies by other companies such as ourselves who are co-investors in such companies.

***The majority of our portfolio companies will need multiple rounds of additional financing to repay their debts to us and continue operations. Our portfolio companies may not be able to raise additional financing, which could harm our investment returns.***

The majority of our portfolio companies will often require substantial additional equity financing to satisfy their continuing working capital and other cash requirements and, in most instances, to service the interest and

## **Table of Contents**

### **Index to Financial Statements**

principal payments on our investment. Each round of venture financing is typically intended to provide a company with only enough capital to reach the next stage of development. We cannot predict the circumstances or market conditions under which our portfolio companies will seek additional capital. It is possible that one or more of our portfolio companies will not be able to raise additional financing or may be able to do so only at a price or on terms unfavorable to us, either of which would negatively impact our investment returns. Some of these companies may be unable to obtain sufficient financing from private investors, public capital markets or traditional lenders. This may have a significant impact if the companies are unable to obtain certain federal, state or foreign agency approval for their products or the marketing thereof, of if regulatory review processes extend longer than anticipated, and the companies need continued funding for their operations during these times. Accordingly, financing these types of companies may entail a higher risk of loss than would financing companies that are able to utilize traditional credit sources.

*If the assets securing the loans that we make decrease in value, then we may lack sufficient collateral to cover losses.*

To attempt to mitigate credit risks, we will typically take a security interest in the available assets of our portfolio companies. There is no assurance that we will obtain or properly perfect our liens.

There is a risk that the collateral securing our loans may decrease in value over time, may be difficult to sell in a timely manner, may be difficult to appraise and may fluctuate in value based upon the success of the business and market conditions, including as a result of the inability of a portfolio company to raise additional capital. In some circumstances, our lien could be subordinated to claims of other creditors. Consequently, the fact that a loan is secured does not guarantee that we will receive principal and interest payments according to the loan's terms, or that we will be able to collect on the loan should we be forced to enforce our remedies.

In addition, because we invest in technology-related companies, a substantial portion of the assets securing our investment may be in the form of intellectual property, if any, inventory and equipment and, to a lesser extent, cash and accounts receivable. Intellectual property, if any, that is securing our loan could lose value if, among other things, the company's rights to the intellectual property are challenged or if the company's license to the intellectual property is revoked or expires, the technology fails to achieve its intended results or a new technology makes the intellectual property functionally obsolete. Inventory may not be adequate to secure our loan if our valuation of the inventory at the time that we made the loan was not accurate or if there is a reduction in the demand for the inventory.

Similarly, any equipment securing our loan may not provide us with the anticipated security if there are changes in technology or advances in new equipment that render the particular equipment obsolete or of limited value, or if the company fails to adequately maintain or repair the equipment. Any one or more of the preceding factors could materially impair our ability to recover earned interest and principal in a foreclosure.

At June 30, 2016, approximately 42.8% of our portfolio company debt investments were secured by a first priority security interest in all of the assets of the portfolio company, including their intellectual property, 45.7% of the debt investments were to portfolio companies that were prohibited from pledging or encumbering their intellectual property, or subject to a negative pledge, 8.2% of the our portfolio company debt investments were secured by a second priority security interest in all of the portfolio company's assets, other than intellectual property and 3.3% of our portfolio company debt investments were subordinated secured by all of the portfolio company's assets, including intellectual property. At June 30, 2016 we had no equipment only liens on any of our portfolio companies.

*We may suffer a loss if a portfolio company defaults on a loan and the underlying collateral is not sufficient.*

In the event of a default by a portfolio company on a secured loan, we will only have recourse to the assets collateralizing the loan. If the underlying collateral value is less than the loan amount, we will suffer a loss. In

---

**Table of Contents**

**Index to Financial Statements**

addition, we sometimes make loans that are unsecured, which are subject to the risk that other lenders may be directly secured by the assets of the portfolio company. In the event of a default, those collateralized lenders would have priority over us with respect to the proceeds of a sale of the underlying assets. In cases described above, we may lack control over the underlying asset collateralizing our loan or the underlying assets of the portfolio company prior to a default, and as a result the value of the collateral may be reduced by acts or omissions by owners or managers of the assets.

In the event of bankruptcy of a portfolio company, we may not have full recourse to its assets in order to satisfy our loan, or our loan may be subject to equitable subordination. This means that depending on the facts and circumstances, including the extent to which we actually provided significant managerial assistance, if any, to that portfolio company, a bankruptcy court might re-characterize our debt holding and subordinate all or a portion of our claim to that of other creditors. In addition, certain of our loans are subordinate to other debt of the portfolio company. If a portfolio company defaults on our loan or on debt senior to our loan, or in the event of a portfolio company bankruptcy, our loan will be satisfied only after the senior debt receives payment. Where debt senior to our loan exists, the presence of intercreditor arrangements may limit our ability to amend our loan documents, assign our loans, accept prepayments, exercise our remedies (through standstill periods) and control decisions made in bankruptcy proceedings relating to the portfolio company. Bankruptcy and portfolio company litigation can significantly increase collection losses and the time needed for us to acquire the underlying collateral in the event of a default, during which time the collateral may decline in value, causing us to suffer losses.

If the value of collateral underlying our loan declines or interest rates increase during the term of our loan, a portfolio company may not be able to obtain the necessary funds to repay our loan at maturity through refinancing. Decreasing collateral value and/or increasing interest rates may hinder a portfolio company's ability to refinance our loan because the underlying collateral cannot satisfy the debt service coverage requirements necessary to obtain new financing. If a borrower is unable to repay our loan at maturity, we could suffer a loss which may adversely impact our financial performance.

***The inability of our portfolio companies to commercialize their technologies or create or develop commercially viable products or businesses would have a negative impact on our investment returns.***

The possibility that our portfolio companies will not be able to commercialize their technology, products or business concepts presents significant risks to the value of our investment. Additionally, although some of our portfolio companies may already have a commercially successful product or product line when we invest, technology-related products and services often have a more limited market- or life-span than have products in other industries. Thus, the ultimate success of these companies often depends on their ability to continually innovate, or raise additional capital, in increasingly competitive markets. Their inability to do so could affect our investment return. In addition, the intellectual property held by our portfolio companies often represents a substantial portion of the collateral, if any, securing our investments. We cannot assure you that any of our portfolio companies will successfully acquire or develop any new technologies, or that the intellectual property the companies currently hold will remain viable. Even if our portfolio companies are able to develop commercially viable products, the market for new products and services is highly competitive and rapidly changing. Neither our portfolio companies nor we have any control over the pace of technology development. Commercial success is difficult to predict, and the marketing efforts of our portfolio companies may not be successful.

***An investment strategy focused on privately-held companies presents certain challenges, including the lack of available information about these companies, a dependence on the talents and efforts of only a few key portfolio company personnel and a greater vulnerability to economic downturns.***

We invest primarily in privately-held companies. Generally, very little public information exists about these companies, and we are required to rely on the ability of our management and investment teams to obtain adequate information to evaluate the potential returns from investing in these companies. Such small, privately

---

**Table of Contents**

**Index to Financial Statements**

held companies as we routinely invest in may also lack quality infrastructures, thus leading to poor disclosure standards or control environments. If we are unable to uncover all material information about these companies, then we may not make a fully informed investment decision, and we may not receive the expected return on our investment or lose some or all of the money invested in these companies.

Also, privately-held companies frequently have less diverse product lines and a smaller market presence than do larger competitors. Privately-held companies are, thus, generally more vulnerable to economic downturns and may experience more substantial variations in operating results than do larger competitors. These factors could affect our investment returns and our results of operations and financial condition.

In addition, our success depends, in large part, upon the abilities of the key management personnel of our portfolio companies, who are responsible for the day-to-day operations of our portfolio companies. Competition for qualified personnel is intense at any stage of a company's development, and high turnover of personnel is common in technology-related companies. The loss of one or more key managers can hinder or delay a company's implementation of its business plan and harm its financial condition. Our portfolio companies may not be able to attract and retain qualified managers and personnel. Any inability to do so may negatively impact our investment returns and our results of operations and financial condition.

***If our portfolio companies are unable to protect their intellectual property rights, or are required to devote significant resources to protecting their intellectual property rights, then our investments could be harmed.***

Our future success and competitive position depend in part upon the ability of our portfolio companies to obtain and maintain proprietary technology used in their products and services, which will often represent a significant portion of the collateral, if any, securing our investment. The portfolio companies will rely, in part, on patent, trade secret and trademark law to protect that technology, but competitors may misappropriate their intellectual property, and disputes as to ownership of intellectual property may arise. Portfolio companies may, from time to time, be required to institute litigation in order to enforce their patents, copyrights or other intellectual property rights, to protect their trade secrets, to determine the validity and scope of the proprietary rights of others or to defend against claims of infringement. Such litigation could result in substantial costs and diversion of resources. Similarly, if a portfolio company is found to infringe upon or misappropriate a third party's patent or other proprietary rights, that portfolio company could be required to pay damages to such third party, alter its own products or processes, obtain a license from the third party and/or cease activities utilizing such proprietary rights, including making or selling products utilizing such proprietary rights. Any of the foregoing events could negatively affect both the portfolio company's ability to service our debt investment and the value of any related debt and equity securities that we own, as well as any collateral securing our investment.

***Our financial condition, results of operations and cash flows could be negatively affected if we are unable to recover our principal investment as a result of a negative pledge or lack of a security interest on the intellectual property of our venture growth stage companies.***

In some cases, we collateralize our loans with a secured collateral position in a portfolio company's assets, which may include a negative pledge or, to a lesser extent, no security on their intellectual property. In the event of a default on a loan, the intellectual property of the portfolio company will most likely be liquidated to provide proceeds to pay the creditors of the company. There can be no assurance that our security interest, if any, in the proceeds of the intellectual property will be enforceable in a court of law or bankruptcy court or that there will not be others with senior or *pari passu* credit interests.

***Our relationship with certain portfolio companies may expose us to our portfolio companies' trade secrets and confidential information which may require us to be parties to non-disclosure agreements and restrict us from engaging in certain transactions.***

Our relationship with some of our portfolio companies may expose us to our portfolio companies' trade secrets and confidential information (including transactional data and personal data about their employees and

**Table of Contents**

**Index to Financial Statements**

clients) which may require us to be parties to non-disclosure agreements and restrict us from engaging in certain transactions. Unauthorized access or disclosure of such information may occur, resulting in theft, loss or other misappropriation. Any theft, loss, improper use, such as insider trading or other misappropriation of confidential information could have a material adverse impact on our competitive positions, our relationship with our portfolio companies and our reputation and could subject us to regulatory inquiries, enforcement and fines, civil litigation (which may cause us to incur significant expense or expose us to losses) and possible financial liability or costs.

***Portfolio company litigation could result in additional costs, the diversion of management time and resources and have an adverse impact on the fair value of our investment.***

To the extent that litigation arises with respect to any of our portfolio companies, we may be named as a defendant, which could result in additional costs and the diversion of management time and resources. Furthermore, if we are providing managerial assistance to the portfolio company or have representatives on the portfolio company's board of directors, our costs and diversion of our management's time and resources in assessing the portfolio company could be substantial in light of any such litigation regardless of whether we are named as a defendant. In addition, litigation involving a portfolio company may be costly and affect the operations of the portfolio company's business, which could in turn have an adverse impact on the fair value of our investment in such company.

***We may not be able to realize our entire investment on equipment-based loans, if any, in the case of default.***

We may from time-to-time provide loans that will be collateralized only by equipment of the portfolio company. If the portfolio company defaults on the loan we would take possession of the underlying equipment to satisfy the outstanding debt. The residual value of the equipment at the time we would take possession may not be sufficient to satisfy the outstanding debt and we could experience a loss on the disposition of the equipment. At June 30, 2016 we had no equipment-based loans.

***Our investments in foreign securities may involve significant risks in addition to the risks inherent in U.S. investments.***

Our investment strategy contemplates that a portion of our investments may be in securities of foreign companies. Our total investments at value in foreign companies were approximately \$48.3 million or 3.7% of total investments at June 30, 2016. Investing in foreign companies may expose us to additional risks not typically associated with investing in U.S. companies. These risks include changes in exchange control regulations, political and social instability, expropriation, imposition of foreign taxes, less liquid markets and less available information than is generally the case in the U.S., higher transaction costs, less government supervision of exchanges, brokers and issuers, less developed bankruptcy laws, difficulty in enforcing contractual obligations, lack of uniform accounting and auditing standards and greater price volatility, among other things.

***If our investments do not meet our performance expectations, you may not receive distributions.***

We intend to make distributions on a quarterly basis to our stockholders. We may not be able to achieve operating results that will allow us to make distributions at a specific level or to increase the amount of these distributions from time to time. In addition, due to the asset coverage test applicable to us as a business development company, we may be limited in our ability to make distributions. Also, restrictions and provisions in any future credit facilities may limit our ability to make distributions. As a RIC, if we do not distribute a certain percentage of our income each taxable year, we will suffer adverse tax consequences, including failure to obtain, or possible loss of, the federal income tax benefits allowable to RICs. We cannot assure you that you will receive distributions at a particular level or at all.

**Table of Contents**

**Index to Financial Statements**

***We may not have sufficient funds to make follow-on investments. Our decision not to make a follow-on investment may have a negative impact on a portfolio company in need of such an investment or may result in a missed opportunity for us.***

After our initial investment in a portfolio company, we may be called upon from time to time to provide additional funds to such company or have the opportunity or need to increase our investment in a successful situation, for example, the exercise of a warrant to purchase common stock, or a negative situation, to protect an existing investment. Any decision we make not to make a follow-on investment or any inability on our part to make such an investment may have a negative impact on a portfolio company in need of such an investment or may result in a missed opportunity for us to increase our participation in a successful operation and may dilute our equity interest or otherwise reduce the expected yield on our investment. Moreover, a follow-on investment may limit the number of companies in which we can make initial investments. In determining whether to make a follow-on investment, our management will exercise its business judgment and apply criteria similar to those used when making the initial investment. There is no assurance that we will make, or will have sufficient funds to make, follow-on investments and this could adversely affect our success and result in the loss of a substantial portion or all of our investment in a portfolio company.

***The lack of liquidity in our investments may adversely affect our business and, if we need to sell any of our investments, we may not be able to do so at a favorable price. As a result, we may suffer losses.***

We generally invest in debt securities with terms of up to seven years and hold such investments until maturity, and we do not expect that our related holdings of equity securities will provide us with liquidity opportunities in the near-term. We invest and expect to continue investing in companies whose securities have no established trading market and whose securities are and will be subject to legal and other restrictions on resale or whose securities are and will be less liquid than are publicly-traded securities. The illiquidity of these investments may make it difficult for us to sell these investments when desired. In addition, if we are required to liquidate all or a portion of our portfolio quickly, we may realize significantly less than the value at which we had previously recorded these investments. As a result, we do not expect to achieve liquidity in our investments in the near-term. However, to maintain our qualification as a business development company and as a RIC, we may have to dispose of investments if we do not satisfy one or more of the applicable criteria under the respective regulatory frameworks.

***Our portfolio companies may incur debt or issue equity securities that rank equally with, or senior to, our investments in such companies.***

We invest primarily in debt securities issued by our portfolio companies. In some cases, portfolio companies will be permitted to incur other debt, or issue other equity securities, that rank equally with, or senior to, our investment. Such instruments may provide that the holders thereof are entitled to receive payment of distributions, interest or principal on or before the dates on which we are entitled to receive payments in respect of our investments. These debt instruments would usually prohibit the portfolio companies from paying interest on or repaying our investments in the event and during the continuance of a default under such debt. Also, in the event of insolvency, liquidation, dissolution, reorganization or bankruptcy of a portfolio company, holders of securities ranking senior to our investment in that portfolio company would typically be entitled to receive payment in full before we receive any distribution in respect of our investment. After repaying such holders, the portfolio company might not have any remaining assets to use for repaying its obligation to us. In the case of securities ranking equally with our investments, we would have to share on a pari passu basis any distributions with other security holders in the event of an insolvency, liquidation, dissolution, reorganization or bankruptcy of the relevant portfolio company.

The rights we may have with respect to the collateral securing any junior priority loans we make to our portfolio companies may also be limited pursuant to the terms of one or more intercreditor agreements that we enter into with the holders of senior debt. Under such an intercreditor agreement, at any time that senior obligations are outstanding, we may forfeit certain rights with respect to the collateral to the holders of the senior

---

**Table of Contents**

**Index to Financial Statements**

obligations. These rights may include the right to commence enforcement proceedings against the collateral, the right to control the conduct of such enforcement proceedings, the right to approve amendments to collateral documents, the right to release liens on the collateral and the right to waive past defaults under collateral documents. We may not have the ability to control or direct such actions, even if as a result our rights as junior lenders are adversely affected.

***Our warrant and equity-related investments are highly speculative, and we may not realize gains from these investments. If our warrant and equity-related investments do not generate gains, then the return on our invested capital will be lower than it would otherwise be, which could result in a decline in the value of shares of our common stock.***

When we invest in debt securities, we generally expect to acquire warrants or other equity-related securities as well. Our goal is ultimately to dispose of these equity interests and realize gains upon disposition of such interests. Over time, the gains that we realize on these equity interests may offset, to some extent, losses that we experience on defaults under debt securities that we hold. However, the equity interests that we receive may not appreciate in value and, in fact, may decline in value. Accordingly, we may not be able to realize gains from our equity interests, and any gains that we do realize on the disposition of any equity interests may not be sufficient to offset any other losses that we experience.

***Prepayments of our debt investments by our portfolio companies could adversely impact our results of operations and reduce our return on equity.***

During the six-months ended June 30, 2016, we received debt investment early repayments and pay down of working capital debt investments of approximately \$218.1 million. We are subject to the risk that the investments we make in our portfolio companies may be repaid prior to maturity. When this occurs, we will generally reinvest these proceeds in temporary investments, pending their future investment in new portfolio companies. These temporary investments will typically have substantially lower yields than the debt being prepaid and we could experience significant delays in reinvesting these amounts. Any future investment in a new portfolio company may also be at lower yields than the debt that was repaid. As a result, our results of operations could be materially adversely affected if one or more of our portfolio companies elect to prepay amounts owed to us. Additionally, prepayments could negatively impact our return on equity, which could result in a decline in the market price of our common stock.

***We may choose to waive or defer enforcement of covenants in the debt securities held in our portfolio, which may cause us to lose all or part of our investment in these companies.***

We structure the debt investments in our portfolio companies to include business and financial covenants placing affirmative and negative obligations on the operation of the company's business and its financial condition. However, from time to time we may elect to waive breaches of these covenants, including our right to payment, or waive or defer enforcement of remedies, such as acceleration of obligations or foreclosure on collateral, depending upon the financial condition and prospects of the particular portfolio company. These actions may reduce the likelihood of receiving the full amount of future payments of interest or principal and be accompanied by a deterioration in the value of the underlying collateral as many of these companies may have limited financial resources, may be unable to meet future obligations and may go bankrupt. This could negatively impact our ability to pay distributions, could adversely affect our results of operation and financial condition and cause the loss of all or part of your investment.

We may also be subject to lender liability claims for actions taken by us with respect to a borrower's business or instances where we exercise control over the borrower. It is possible that we could become subject to a lender's liability claim, including as a result of actions taken in rendering significant managerial assistance or actions to compel and collect payments from the borrower outside the ordinary course of business.

---

**Table of Contents**

**Index to Financial Statements**

*Our loans could be subject to equitable subordination by a court which would increase our risk of loss with respect to such loans or we could be subject to lender liability claims.*

Courts may apply the doctrine of equitable subordination to subordinate the claim or lien of a lender against a borrower to claims or liens of other creditors of the borrower, when the lender or its affiliates is found to have engaged in unfair, inequitable or fraudulent conduct. The courts have also applied the doctrine of equitable subordination when a lender or its affiliates is found to have exerted inappropriate control over a client, including control resulting from the ownership of equity interests in a client or providing of significant managerial assistance. We have made direct equity investments or received warrants in connection with loans. These investments represent approximately 7.0% of the outstanding value of our investment portfolio as of June 30, 2016. Payments on one or more of our loans, particularly a loan to a client in which we also hold an equity interest, may be subject to claims of equitable subordination. If we were deemed to have the ability to control or otherwise exercise influence over the business and affairs of one or more of our portfolio companies resulting in economic hardship to other creditors of that company, this control or influence may constitute grounds for equitable subordination and a court may treat one or more of our loans as if it were unsecured or common equity in the portfolio company. In that case, if the portfolio company were to liquidate, we would be entitled to repayment of our loan on a pro-rata basis with other unsecured debt or, if the effect of subordination was to place us at the level of common equity, then on an equal basis with other holders of the portfolio company's common equity only after all of its obligations relating to its debt and preferred securities had been satisfied.

In addition to these risks, in the event we elect to convert our debt position to equity, or otherwise take control of a portfolio company (such as through placing a member of our management team on its board of directors), as part of a restructuring, we face additional risks acting in that capacity. It is not uncommon for unsecured, or otherwise unsatisfied creditors, to sue parties that elect to use their debt positions to later control a company following a restructuring or bankruptcy. Apart from lawsuits, key customers and suppliers might act in a fashion contrary to the interests of a portfolio company if they were left unsatisfied in a restructuring or bankruptcy. Any combination of these factors might lead to the loss in value of a company subject to such activity and may divert the time and attention of our management team and investment team to help to address such issues in a portfolio company.

**Risks Related to Our Securities**

*Investing in shares of our common stock involves an above average degree of risk.*

The investments we make in accordance with our investment objective may result in a higher amount of risk, volatility or loss of principal than alternative investment options. Our investments in portfolio companies may be highly speculative and aggressive, and therefore, an investment in our common stock may not be suitable for investors with lower risk tolerance.

*Our common stock may trade below its NAV per share, which limits our ability to raise additional equity capital.*

If our common stock is trading below its NAV per share, we will generally not be able to issue additional shares of our common stock at its market price without first obtaining the approval for such issuance from our stockholders and our independent directors. If our common stock trades below NAV, the higher cost of equity capital may result in it being unattractive to raise new equity, which may limit our ability to grow. The risk of trading below NAV is separate and distinct from the risk that our NAV per share may decline. We cannot predict whether shares of our common stock will trade above, at or below our NAV.

*Provisions of our charter and bylaws could deter takeover attempts and have an adverse impact on the price of our common stock.*

Our charter and bylaws contain provisions that may have the effect of discouraging, delaying, or making difficult a change in control of our company or the removal of our incumbent directors. Under our charter, our

## **Table of Contents**

### **Index to Financial Statements**

Board of Directors is divided into three classes serving staggered terms, which will make it more difficult for a hostile bidder to acquire control of us. In addition, our Board of Directors may, without stockholder action, authorize the issuance of shares of stock in one or more classes or series, including preferred stock. Subject to compliance with the 1940 Act, our Board of Directors may, without stockholder action, amend our charter to increase the number of shares of stock of any class or series that we have authority to issue. The existence of these provisions, among others, may have a negative impact on the price of our common stock and may discourage third party bids for ownership of our company. These provisions may prevent any premiums being offered to you for shares of our common stock in connection with a takeover.

***Sales of substantial amounts of our common stock in the public market may have an adverse effect on the market price of our common stock.***

Sales of substantial amounts of our common stock, or the availability of such common stock for sale, could adversely affect the prevailing market prices for our common stock. If this occurs and continues, it could impair our ability to raise additional capital through the sale of securities should we desire to do so.

***We may periodically obtain the approval of our stockholders to issue shares of our common stock at prices below the then current NAV per share of our common stock. If we receive such approval from the stockholders, we may issue shares of our common stock at a price below the then current NAV per share of common stock. Any such issuance could materially dilute your interest in our common stock and reduce our NAV per share.***

We may periodically obtain the approval of our stockholders to issue shares of our common stock at prices below the then current NAV per share of our common stock. Such approval has allowed and may again allow us to access the capital markets in a way that we typically are unable to do as a result of restrictions that, absent stockholder approval, apply to business development companies under the 1940 Act. Any decision to sell shares of our common stock below the then current NAV per share of our common stock is subject to the determination by our board of directors that such issuance and sale is in our and our stockholders' best interests.

Any sale or other issuance of shares of our common stock at a price below NAV per share has resulted and will continue to result in an immediate dilution to your interest in our common stock and a reduction of our NAV per share. This dilution would occur as a result of a proportionately greater decrease in a stockholder's interest in our earnings and assets and voting interest in us than the increase in our assets resulting from such issuance. Because the number of future shares of common stock that may be issued below our NAV per share and the price and timing of such issuances are not currently known, we cannot predict the actual dilutive effect of any such issuance. We also cannot determine the resulting reduction in our NAV per share of any such issuance at this time. We caution you that such effects may be material, and we undertake to describe all the material risks and dilutive effects of any offering that we make at a price below our then current NAV in the future in a prospectus supplement issued in connection with any such offering. We cannot predict whether shares of our common stock will trade above, at or below our NAV.

***If we conduct an offering of our common stock at a price below NAV, investors are likely to incur immediate dilution upon the closing of the offering.***

We are not generally able to issue and sell our common stock at a price below NAV per share. We may, however, sell our common stock, at a price below the current NAV of the common stock, or sell warrants, options or other rights to acquire such common stock, at a price below the current NAV of the common stock if our board of directors determines that such sale is in our best interests and the best interests of our stockholders and our stockholders have approved the practice of making such sales.

In connection with the receipt of such stockholder approval, we will limit the number of shares that it issues at a price below NAV pursuant to this authorization so that the aggregate dilutive effect on our then outstanding

**Table of Contents**

**Index to Financial Statements**

shares will not exceed 20%. Our Board of Directors, subject to its fiduciary duties and regulatory requirements, has the discretion to determine the amount of the discount, and as a result, the discount could be up to 100% of NAV per share. If we were to issue shares at a price below NAV, such sales would result in an immediate dilution to existing common stockholders, which would include a reduction in the NAV per share as a result of the issuance. This dilution would also include a proportionately greater decrease in a stockholder's interest in our earnings and assets and voting interest in us than the increase in our assets resulting from such issuance.

In addition, if we determined to conduct additional offerings in the future there may be even greater dilution if we determine to conduct such offerings at prices below NAV. As a result, investors will experience further dilution and additional discounts to the price of our common stock. Because the number of shares of common stock that could be so issued and the timing of any issuance is not currently known, the actual dilutive effect of an offering cannot be predicted. We did not sell any of our securities at a price below NAV during the six-months ended June 30, 2016.

*We may allocate the net proceeds from an offering in ways with which you may not agree.*

We have significant flexibility in investing the net proceeds of an offering and may use the net proceeds from an offering in ways with which you may not agree or for purposes other than those contemplated at the time of the offering.

*If we issue preferred stock, debt securities or convertible debt securities, the NAV and market value of our common stock may become more volatile.*

We cannot assure you that the issuance of preferred stock and/or debt securities would result in a higher yield or return to the holders of our common stock. The issuance of preferred stock, debt securities or convertible debt would likely cause the NAV and market value of our common stock to become more volatile. If the distribution rate on the preferred stock, or the interest rate on the debt securities, were to approach the net rate of return on our investment portfolio, the benefit of leverage to the holders of our common stock would be reduced. If the distribution rate on the preferred stock, or the interest rate on the debt securities, were to exceed the net rate of return on our portfolio, the use of leverage would result in a lower rate of return to the holders of common stock than if we had not issued the preferred stock or debt securities. Any decline in the NAV of our investment would be borne entirely by the holders of our common stock. Therefore, if the market value of our portfolio were to decline, the leverage would result in a greater decrease in NAV to the holders of our common stock than if we were not leveraged through the issuance of preferred stock. This decline in NAV would also tend to cause a greater decline in the market price for our common stock.

There is also a risk that, in the event of a sharp decline in the value of our net assets, we would be in danger of failing to maintain required asset coverage ratios which may be required by the preferred stock, debt securities, convertible debt or units or of a downgrade in the ratings of the preferred stock, debt securities, convertible debt or our current investment income might not be sufficient to meet the distribution requirements on the preferred stock or the interest payments on the debt securities. If we do not maintain our required asset coverage ratios, we may not be permitted to declare dividend distributions. In order to counteract such an event, we might need to liquidate investments in order to fund redemption of some or all of the preferred stock, debt securities or convertible debt. In addition, we would pay (and the holders of our common stock would bear) all costs and expenses relating to the issuance and ongoing maintenance of the preferred stock, debt securities, convertible debt or any combination of these securities. Holders of preferred stock, debt securities or convertible debt may have different interests than holders of common stock and may at times have disproportionate influence over our affairs.

**Table of Contents**

**Index to Financial Statements**

***Holders of any preferred stock that we may issue will have the right to elect members of the board of directors and have class voting rights on certain matters.***

The 1940 Act requires that holders of shares of preferred stock must be entitled as a class to elect two directors at all times and to elect a majority of the directors if distributions on such preferred stock are in arrears by two years or more, until such arrearage is eliminated. In addition, certain matters under the 1940 Act require the separate vote of the holders of any issued and outstanding preferred stock, including changes in fundamental investment restrictions and conversion to open-end status and, accordingly, preferred stockholders could veto any such changes. Restrictions imposed on the declarations and payment of dividends or other distributions to the holders of our common stock and preferred stock, both by the 1940 Act and by requirements imposed by rating agencies, might impair our ability to maintain our ability to be subject to tax as a RIC for U.S. federal income tax purposes.

***Terms relating to redemption may materially adversely affect your return on any debt securities that we may issue.***

If your debt securities are redeemable at our option, we may choose to redeem your debt securities at times when prevailing interest rates are lower than the interest rate paid on your debt securities. In addition, if your debt securities are subject to mandatory redemption, we may be required to redeem your debt securities also at times when prevailing interest rates are lower than the interest rate paid on your debt securities. In this circumstance, you may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as your debt securities being redeemed.

***Our shares may trade at discounts from NAV or at premiums that are unsustainable over the long term.***

Shares of business development companies may trade at a market price that is less than the NAV that is attributable to those shares. Our shares have historically traded above and below our NAV. The possibility that our shares of common stock will trade at a discount from NAV or at a premium that is unsustainable over the long term is separate and distinct from the risk that our NAV may decrease. It is not possible to predict whether our shares will trade at, above or below NAV in the future.

***Our credit ratings may not reflect all risks of an investment in our debt securities.***

Our credit ratings are an assessment by third parties of our ability to pay our obligations. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of our debt securities. Our credit ratings, however, may not reflect the potential impact of risks related to market conditions generally or other factors discussed herein on the market value of or trading market for the publicly issued debt securities.

***A downgrade, suspension or withdrawal of the credit rating assigned by a rating agency to us or our debt securities, if any, or change in the debt markets could cause the liquidity or market value of our debt securities to decline significantly.***

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of our outstanding debt securities. These credit ratings may not reflect the potential impact of risks relating to the structure or marketing of such debt securities. Credit ratings are not a recommendation to buy, sell or hold any security, and may be revised or withdrawn at any time by the issuing organization in its sole discretion.

Neither we nor any underwriter undertakes any obligation to maintain our credit ratings or to advise holders of our debt securities of any changes in our credit ratings. There can be no assurance that a credit rating will remain for any given period of time or that such credit ratings will not be lowered or withdrawn entirely if future circumstances relating to the basis of the credit rating, such as adverse changes in our company, so warrant. The conditions of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future.

## **Table of Contents**

### **Index to Financial Statements**

***Investors in offerings of our common stock will likely incur immediate dilution upon the closing of an offering pursuant to this prospectus.***

We generally expect the public offering price of any offering of shares of our common stock to be higher than the book value per share of our outstanding common stock (unless we offer shares pursuant to a rights offering or after obtaining prior approval for such issuance from our stockholders and our independent directors). Accordingly, investors purchasing shares of common stock in offerings pursuant to this prospectus may pay a price per share that exceeds the tangible book value per share after such offering.

***Our stockholders will experience dilution in their ownership percentage if they opt out of our dividend reinvestment plan.***

All dividend distributions declared in cash payable to stockholders that are participants in our dividend reinvestment plan are automatically reinvested in shares of our common stock. As a result, our stockholders that opt out of our dividend reinvestment plan will experience dilution in their ownership percentage of our common stock over time.

***Our stockholders may experience dilution upon the repurchase of common shares.***

On February 24, 2015, our Board of Directors authorized a stock repurchase plan permitting us to repurchase up to \$50.0 million of our common stock. This plan expired on August 24, 2015. On August 27, 2015, our Board of Directors authorized a replacement stock repurchase plan permitting us to repurchase up to \$50.0 million of our common stock. We may repurchase shares of our common stock in the open market, including block purchases, at prices that may be above or below the NAV as reported in the most recently published financial statements. We expect that the share repurchase program will be in effect until August 23, 2016, or until the approved dollar amount has been used to repurchase shares. If we were to repurchase shares at a price above NAV, such repurchases would result in an immediate dilution to existing common stockholders due to a reduction in the our earnings and assets due to the repurchase that is greater than the reduction in total shares outstanding.

***Our distribution proceeds may exceed our earnings. Therefore, portions of the distributions that we make may represent a return of capital to stockholders, which will lower their tax basis in their shares.***

The tax treatment and characterization of our distributions may vary significantly from time to time due to the nature of our investments. The ultimate tax characterization of our distributions made during a taxable year may not finally be determined until after the end of that taxable year. We may make distributions during a taxable year that exceed our investment company taxable income and net capital gains for that taxable year. In such a situation, the amount by which our total distributions exceed investment company taxable income and net capital gains generally would be treated as a return of capital up to the amount of a stockholder's tax basis in the shares, with any amounts exceeding such tax basis treated as a gain from the sale or exchange of such shares. A return of capital generally is a return of a stockholder's investment rather than a return of earnings or gains derived from our investment activities. Moreover, we may pay all or a substantial portion of our distributions from the proceeds of the sale of shares of our common stock or from borrowings in anticipation of future cash flow, which could constitute a return of stockholders' capital and will lower such stockholders' tax basis in our shares, which may result in increased tax liability to stockholders when they sell such shares. The tax liability to stockholders upon the sale of shares may increase even if such shares are sold at a loss.

***Our common stock price has been and continues to be volatile and may decrease substantially.***

As with any company, the price of our common stock will fluctuate with market conditions and other factors, which include, but are not limited to, the following:

price and volume fluctuations in the overall stock market from time to time;

**Table of Contents**

**Index to Financial Statements**

significant volatility in the market price and trading volume of securities of RICs, business development companies or other financial services companies;

any inability to deploy or invest our capital;

fluctuations in interest rates;

any shortfall in revenue or net income or any increase in losses from levels expected by investors or securities analysts;

the financial performance of specific industries in which we invest in on a recurring basis;

announcement of strategic developments, acquisitions, and other material events by us or our competitors, or operating performance of companies comparable to us;

changes in regulatory policies or tax guidelines with respect to RICs, SBICs or business development companies;

losing RIC status;

actual or anticipated changes in our earnings or fluctuations in our operating results, or changes in the expectations of securities analysts;

changes in the value of our portfolio of investments;

realized losses in investments in our portfolio companies;

general economic conditions and trends;

inability to access the capital markets;

loss of a major funded source; or

departure of key personnel.

In the past, following periods of volatility in the market price of a company's securities, securities class action litigation has often been brought against that company. Due to the potential volatility of our stock price, we may be the target of securities litigation in the future. Securities litigation could result in substantial costs and could divert management's attention and resources from our business.

***Your interest in us may be diluted if you do not fully exercise your subscription rights in any rights offering. In addition, if the subscription price is less than our NAV per share, then you will experience an immediate dilution of the aggregate NAV of your shares.***

In the event we issue subscription rights, stockholders who do not fully exercise their subscription rights should expect that they will, at the completion of a rights offering pursuant to this prospectus, own a smaller proportional interest in us than would otherwise be the case if they fully exercised their rights. We cannot state precisely the amount of any such dilution in share ownership because we do not know at this time what proportion of the shares will be purchased as a result of such rights offering.

In addition, if the subscription price is less than the NAV per share of our common stock, then our stockholders would experience an immediate dilution of the aggregate NAV of their shares as a result of the offering. The amount of any decrease in NAV is not predictable because it is not known at this time what the subscription price and NAV per share will be on the expiration date of a rights offering or what proportion of the shares will be purchased as a result of such rights offering. Such dilution could be substantial.

**Table of Contents**

**Index to Financial Statements**

*The trading market or market value of our publicly issued debt securities may fluctuate.*

Our publicly issued debt securities may or may not have an established trading market. We cannot assure you that a trading market for our publicly issued debt securities will ever develop or be maintained if developed. In addition to our creditworthiness, many factors may materially adversely affect the trading market for, and market value of, our publicly issued debt securities. These factors include, but are not limited to, the following:

the time remaining to the maturity of these debt securities;

the outstanding principal amount of debt securities with terms identical to these debt securities;

the ratings assigned by national statistical ratings agencies;

the general economic environment;

the supply of debt securities trading in the secondary market, if any;

the redemption or repayment features, if any, of these debt securities;

the level, direction and volatility of market interest rates generally; and

market rates of interest higher or lower than rates borne by the debt securities. You should also be aware that there may be a limited number of buyers when you decide to sell your debt securities. This too may materially adversely affect the market value of the debt securities or the trading market for the debt securities.

***The 2019 Notes and 2024 Notes are unsecured and therefore are effectively subordinated to any secured indebtedness we have currently incurred or may incur in the future.***

The 2019 Notes and 2024 Notes are not secured by any of our assets or any of the assets of our subsidiaries. As a result, the 2019 Notes and 2024 Notes are effectively subordinated to any secured indebtedness we or our subsidiaries have currently incurred and may incur in the future (or any indebtedness that is initially unsecured to which we subsequently grant security) to the extent of the value of the assets securing such indebtedness. In any liquidation, dissolution, bankruptcy or other similar proceeding, the holders of any of our existing or future secured indebtedness and the secured indebtedness of our subsidiaries may assert rights against the assets pledged to secure that indebtedness in order to receive full payment of their indebtedness before the assets may be used to pay other creditors, including the holders of the 2019 Notes and 2024 Notes.

***The 2019 Notes and 2024 Notes are structurally subordinated to the indebtedness and other liabilities of our subsidiaries.***

The 2019 Notes and 2024 Notes are obligations exclusively of Hercules Capital, Inc. (formerly known as Hercules Technology Growth Capital, Inc.) and not of any of our subsidiaries. None of our subsidiaries are or act as guarantors of the 2019 Notes and 2024 Notes and neither the 2019 Notes nor the 2024 Notes is required to be guaranteed by any subsidiaries we may acquire or create in the future. Our secured indebtedness with respect to the SBA debentures is held through our SBIC subsidiaries. The assets of any such subsidiaries are not directly available to satisfy the claims of our creditors, including holders of the 2019 Notes and 2024 Notes.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Except to the extent we are a creditor with recognized claims against our subsidiaries, all claims of creditors (including holders of preferred stock, if any, of our subsidiaries) will have priority over our equity interests in such subsidiaries (and therefore the claims of our creditors, including holders of the 2019 Notes and 2024 Notes) with respect to the assets of such subsidiaries. Even if we are recognized as a creditor of one or more of our subsidiaries, our claims would still be structurally subordinated to any security interests in the assets of any such subsidiary and to any indebtedness or other liabilities of any such subsidiary senior to our claims. Consequently, the 2019 Notes and 2014 Notes are structurally subordinated to all indebtedness and other liabilities (including trade payables) of our subsidiaries and any subsidiaries that we may in the future acquire or establish as financing vehicles or otherwise. In addition, our subsidiaries may incur substantial additional indebtedness in the future, all of which would be structurally senior to the 2019 Notes and 2024 Notes.

---

**Table of Contents**

**Index to Financial Statements**

*The indenture under which the 2019 Notes and 2024 Notes were issued contains limited protection for their respective holders.*

The indenture under which the 2019 Notes and 2024 Notes were issued offers limited protection to their respective holders. The terms of the indenture and the 2019 Notes and 2024 Notes do not restrict our or any of our subsidiaries' ability to engage in, or otherwise be a party to, a variety of corporate transactions, circumstances or events that could have an adverse impact on an investment in the 2019 Notes and 2024 Notes. In particular, the terms of the indentures and the 2019 Notes and 2024 Notes do not place any restrictions on our or our subsidiaries' ability to:

issue securities or otherwise incur additional indebtedness or other obligations, including (1) any indebtedness or other obligations that would be equal in right of payment to the 2019 Notes and 2024 Notes, (2) any indebtedness or other obligations that would be secured and therefore rank effectively senior in right of payment to the 2019 Notes and 2024 Notes to the extent of the values of the assets securing such debt, (3) indebtedness of ours that is guaranteed by one or more of our subsidiaries and which therefore would rank structurally senior to the 2019 Notes and 2024 Notes and (4) securities, indebtedness or other obligations issued or incurred by our subsidiaries that would be senior in right of payment to our equity interests in our subsidiaries and therefore would rank structurally senior in right of payment to the 2019 Notes and 2024 Notes with respect to the assets of our subsidiaries, in each case other than an incurrence of indebtedness or other obligation that would cause a violation of Section 18(a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act or any successor provisions;

pay dividend distributions on, or purchase or redeem or make any payments in respect of, capital stock or other securities ranking junior in right of payment to the 2019 Notes and 2024 Notes, in each case other than distributions, purchases, redemptions or payments that would cause a violation of Section 18(a)(1)(B) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act or any successor provisions giving effect to any exemptive relief granted to us by the SEC (these provisions generally prohibit us from declaring any cash dividend distributions upon any class of our capital stock, or purchasing any such capital stock if our asset coverage, as defined in the 1940 Act, is below 200% at the time of the declaration of the distribution or the purchase and after deducting the amount of such distribution or purchase);

sell assets (other than certain limited restrictions on our ability to consolidate, merge or sell all or substantially all of our assets);

enter into transactions with affiliates;

create liens (including liens on the shares of our subsidiaries) or enter into sale and leaseback transactions;

make investments; or

create restrictions on the payment of distributions or other amounts to us from our subsidiaries.

In the indenture and the 2019 Notes and 2024 Notes do not require us to offer to purchase the 2019 Notes and 2024 Notes in connection with a change of control or any other event.

Furthermore, the terms of the indenture and the 2019 Notes and 2024 Notes do not protect their respective holders in the event that we experience changes (including significant adverse changes) in our financial condition, results of operations or credit ratings, as they do not require that we or our subsidiaries adhere to any financial tests or ratios or specified levels of net worth, revenues, income, cash flow or liquidity, except as required under the 1940 Act.

**Table of Contents**

**Index to Financial Statements**

Our ability to recapitalize, incur additional debt and take a number of other actions that are not limited by the terms of the 2019 Notes and 2024 Notes may have important consequences for their holders, including making it more difficult for us to satisfy our obligations with respect to the 2019 Notes and 2024 Notes or negatively affecting their trading value.

Certain of our current debt instruments include more protections for their respective holders than the indenture and the 2019 Notes and 2024 Notes. In addition, other debt we issue or incur in the future could contain more protections for its holders than the indenture and the 2019 Notes and 2024 Notes, including additional covenants and events of default. The issuance or incurrence of any such debt with incremental protections could affect the market for and trading levels and prices of the 2019 Notes and 2024 Notes.

***An active trading market for the Notes may not develop or be sustained, which could limit the market price of the Notes or your ability to sell them.***

Although the 2019 Notes are listed on the NYSE under the symbol HTGZ, in the case of the April 2019 Notes, HTGY in the case of the September 2019 Notes and HTGX, in the case of the 2024 Notes, we cannot provide any assurances that an active trading market will develop or be sustained for the April 2019 Notes, the September 2019 Notes, or the 2024 Notes or that any of the notes will be able to be sold. At various times, the 2019 Notes and 2024 Notes may trade at a discount from their initial offering price depending on prevailing interest rates, the market for similar securities, our credit ratings, general economic conditions, our financial condition, performance and prospects and other factors. To the extent an active trading market is not sustained, the liquidity and trading price for the 2019 Notes and 2024 Notes may be harmed.

***If we default on our obligations to pay our other indebtedness, we may not be able to make payments on the 2019 Notes and 2024 Notes.***

Any default under the agreements governing our indebtedness, including a default under the Wells Facility, the Union Bank Facility or other indebtedness to which we may be a party that is not waived by the required lenders or holders, and the remedies sought by the holders of such indebtedness could make us unable to pay principal, premium, if any, and interest on the 2019 Notes and 2024 Notes and substantially decrease the market value of the 2014 Notes and 2024 Notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness, we could be in default under the terms of the agreements governing such indebtedness. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest, the lenders under the Wells Facility and the Union Bank Facility or other debt we may incur in the future could elect to terminate their commitments, cease making further loans and institute foreclosure proceedings against our assets, and we could be forced into bankruptcy or liquidation. If our operating performance declines, we may in the future need to seek to obtain waivers from the required lenders under the Wells Facility or Union Bank Facility or other debt that we may incur in the future to avoid being in default. If we breach our covenants under the Wells Facility or Union Bank Facility or other debt and seek a waiver, we may not be able to obtain a waiver from the required lenders or holders. If this occurs, we would be in default under the Wells Facility or Union Bank Facility or other debt, the lenders or holders could exercise their rights as described above, and we could be forced into bankruptcy or liquidation. If we are unable to repay debt, lenders having secured obligations, including the lenders under the Wells Facility and the Union Bank Facility, could proceed against the collateral securing the debt. Because the Wells Facility and the Union Bank Facility have, and any future credit facilities will likely have, customary cross-default provisions, if the indebtedness under the 2019 Notes, 2024 Notes, the Wells Facility, Union Bank Facility or under any future credit facility is accelerated, we may be unable to repay or finance the amounts due.

**FORWARD-LOOKING STATEMENTS**

The matters discussed in this prospectus, as well as in future oral and written statements by management of Hercules Capital, Inc. (formerly known as Hercules Technology Growth Capital, Inc.) that are forward-looking statements are based on current management expectations that involve substantial risks and uncertainties which could cause actual results to differ materially from the results expressed in, or implied by, these forward-looking statements. Forward-looking statements relate to future events or our future financial performance. We generally identify forward-looking statements by terminology such as may, will, should, expects, plans, anticipates, could, intends, target, project, believes, estimates, predicts, potential or continue or the negative of these terms or other similar expressions. Important assumptions include ability to originate new investments, achieve certain margins and levels of profitability, the availability of additional capital, and the ability to maintain certain debt to asset ratios. In light of these and other uncertainties, the inclusion of a projection or forward-looking statement in this prospectus should not be regarded as a representation by us that our plans or objectives will be achieved. The forward-looking statements contained in this prospectus include statements as to:

our future operating results;

our business prospects and the prospects of our prospective portfolio companies;

the impact of investments that we expect to make;

our informal relationships with third parties including in the venture capital industry;

the expected market for venture capital investments and our addressable market;

the dependence of our future success on the general economy and its impact on the industries in which we invest;

our ability to access debt markets and equity markets;

the ability of our portfolio companies to achieve their objectives;

our expected financings and investments;

our regulatory structure and tax status;

our ability to operate as a business development company, a SBIC and a RIC;

the adequacy of our cash resources and working capital;

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

the timing of cash flows, if any, from the operations of our portfolio companies;

the timing, form and amount of any dividend distributions;

the impact of fluctuations in interest rates on our business;

the valuation of any investments in portfolio companies, particularly those having no liquid trading market; and

our ability to recover unrealized losses.

For a discussion of factors that could cause our actual results to differ from forward-looking statements contained in this prospectus, please see the discussion under **Risk Factors**. You should not place undue reliance on these forward-looking statements. The forward-looking statements made in this prospectus relate only to events as of the date on which the statements are made. We undertake no obligation to update any forward-looking statement to reflect events or circumstances occurring after the date of this prospectus.

The following discussion should be read in conjunction with our consolidated financial statements and related notes and other financial information appearing elsewhere in this prospectus. In addition to historical information, the following discussion and other parts of this prospectus contain forward-looking information that involves risks and uncertainties. Our actual results could differ materially from those anticipated by such forward-looking information due to the factors discussed under **Risk Factors** and **Forward-Looking Statements**.

**Table of Contents**

**Index to Financial Statements**

**USE OF PROCEEDS**

We intend to use the net proceeds from selling our securities for funding investments in debt and equity securities in accordance with our investment objective and other general corporate purposes. The supplement to this prospectus relating to an offering will more fully identify the use of proceeds from such offering.

We anticipate that substantially all of the net proceeds from any offering of our securities will be used as described above within twelve months, but in no event longer than two years. Pending such uses and investments, we will invest the net proceeds primarily in cash, cash equivalents, U.S. government securities or high-quality debt securities maturing in one year or less from the time of investment. Our ability to achieve our investment objective may be limited to the extent that the net proceeds of any offering, pending full investment, are held in lower yielding short-term instruments.

**Table of Contents****Index to Financial Statements****PRICE RANGE OF COMMON STOCK AND DISTRIBUTIONS**

Our common stock is traded on the NYSE under the symbol HTGC.

The following table sets forth the range of high and low sales prices of our common stock, the sales price as a percentage of NAV and the dividend distributions declared by us for each fiscal quarter. The stock quotations are interdealer quotations and do not include markups, markdowns or commissions.

	NAV <sup>(1)</sup>	Price Range		Premium/ Discount of High Sales Price to NAV	Premium/ Discount of Low Sales Price to NAV	Cash Dividend Distribution per Share
		High	Low			
<b>2014</b>						
First quarter	\$ 10.58	\$ 15.27	\$ 13.24	44.3%	25.1%	\$ 0.310
Second quarter	\$ 10.42	\$ 15.54	\$ 12.75	49.1%	22.4%	\$ 0.310
Third quarter	\$ 10.22	\$ 16.24	\$ 14.16	58.9%	38.6%	\$ 0.310
Fourth quarter	\$ 10.18	\$ 15.82	\$ 13.16	55.4%	29.3%	\$ 0.310

(1) Net asset value per share is generally determined as of the last day in the relevant quarter and therefore may not reflect the NAV per share on the date of the high and low sales prices. The NAVs shown are based on outstanding shares at the end of each period.

\* Net asset value has not yet been calculated for this period.

\*\* Cash dividend distribution per share has not yet been determined for this period.

The last reported price for our common stock on August 16, 2016 was \$13.58 per share.

Shares of business development companies may trade at a market price that is less than the value of the net assets attributable to those shares. The possibility that our shares of common stock will trade at a discount from NAV or at premiums that are unsustainable over the long term are separate and distinct from the risk that our NAV will decrease. At times, our shares of common stock have traded at a premium to NAV and at times our shares of common stock have traded at a discount to the net assets attributable to those shares. It is not possible to predict whether the shares offered hereby will trade at, above, or below NAV.

			\$ 12.16

\* Dividend paid in cash and stock.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

On July 27, 2016 the Board of Directors declared a cash dividend distribution of \$0.31 per share to be paid on August 22, 2016 to stockholders of record as of August 15, 2016. This distribution represents our forty-fourth consecutive dividend declaration since our initial public offering, bringing the total cumulative dividend declared to date \$12.16 per share.

---

**Table of Contents**

**Index to Financial Statements**

Our Board of Directors maintains a variable dividend distribution policy with the objective of distributing four quarterly distributions in an amount that approximates 90-100% of our taxable quarterly income or potential annual income for a particular year. In addition, at the end of the year, our Board of Directors may choose to pay an additional special dividend distribution or fifth dividend, so that we may distribute approximately all of our annual taxable income in the year it was earned, or may elect to maintain the option to spill over our excess taxable income into the coming year for future dividend distribution payments.

Distributions in excess of our current and accumulated earnings and profits would generally be treated first as a return of capital to the extent of the stockholder's tax basis, and any remaining distributions would be treated as a capital gain. The determination of the tax attributes of our distributions is made annually as of the end of our taxable year based upon our taxable income for the full taxable year and distributions paid for the full taxable year. 100% of the distributions declared and paid during the fiscal years ended December 31, 2015, 2014, and 2013 were derived from our current and accumulated earnings and profits. There can be no certainty to stockholders that this determination is representative of the tax attributes of our 2016 distributions to stockholders.

We maintain an opt-out dividend reinvestment plan that provides for reinvestment of our distribution on behalf of our stockholders, unless a stockholder elects to receive cash. As a result, if our Board of Directors authorizes, and we declare a cash dividend, then our stockholders who have not opted out of our dividend reinvestment plan will have their cash dividend automatically reinvested in additional shares of our common stock, rather than receiving the cash dividends. During 2015, 2014, and 2013, the Company issued approximately 199,894, 96,976 and 159,000 shares, respectively, of common stock to stockholders in connection with the dividend reinvestment plan.

Shortly after the close of each calendar year information identifying the source of the distribution (i.e., paid from ordinary income, paid from net capital gains on the sale of securities, and/or a return of paid-in-capital surplus which is a nontaxable distribution, if any) will be provided to our stockholders subject to information reporting. To the extent our taxable earnings fall below the total amount of our distributions for any taxable year, a portion of those distributions may be deemed a tax return of capital to our stockholders.

We expect to qualify to be taxed as a RIC under Subchapter M of the Code. In order to be subject to tax as a RIC, we are required to satisfy certain gross income and asset composition tests, as well as distribute dividends to our stockholders each taxable year of an amount at least equal to 90% of the sum of our investment company taxable income, determined without regard to any deduction for dividends paid, and our net tax-exempt income, if any. Upon being eligible to be subject to tax as a RIC, we would be entitled to deduct dividend distributions we pay to our stockholders in determining the overall components of our taxable income. Components of our taxable income include our taxable interest, dividend and fee income, reduced by certain deductions, as well as taxable net realized securities gains. Taxable income generally differs from net income for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses and generally excludes net unrealized appreciation or depreciation as such gains or losses are not included in taxable income until they are realized. In connection with maintaining our ability to be subject to tax as a RIC, among other things, we have made and intend to continue to make the requisite distributions to our stockholders each taxable year, which generally should relieve us from corporate-level U.S. federal income taxes.

As a RIC, we will be subject to a 4% nondeductible U.S. federal excise tax on certain undistributed income and gains unless we distribute dividends in respect of each calendar year in a timely manner to our stockholders of an amount generally at least equal to the sum of (1) 98% of our ordinary income for each calendar year, (2) 98.2% of our capital gain net income for the 1-year period ending October 31 in that calendar year and (3) any income realized, but not distributed, in the preceding year. We will not be subject to excise taxes on amounts on which we are required to pay corporate income tax (such as retained net capital gains).

Depending on the level of taxable income earned in a taxable year, we may choose to carry over taxable income in excess of current taxable year dividend distributions from such taxable income into the next taxable

**Table of Contents**

**Index to Financial Statements**

year and pay a 4% excise tax on such taxable income, as required. The maximum amount of excess taxable income that may be carried over for distribution as dividend distributions in the next taxable year under the Code is the total amount of dividend distributions paid in the following taxable year, subject to certain declaration and payment guidelines. To the extent we choose to carry over taxable income into the next taxable year, dividends declared and paid by us in a taxable year may differ from our taxable income for that taxable year as such dividend distributions may include the distribution of current taxable year taxable income, the distribution of prior taxable year taxable income carried over into and distributed in the current taxable year, or returns of capital.

We can offer no assurance that we will achieve results that will permit the payment of any cash distributions and, if we issue senior securities, we will be prohibited from making distributions if doing so causes us to fail to maintain the asset coverage ratios stipulated by the 1940 Act or if distributions are limited by the terms of any of our borrowings. See Regulation .

Our ability to make distributions will be limited by the asset coverage requirements under the 1940 Act.

**Table of Contents****Index to Financial Statements****RATIO OF EARNINGS TO FIXED CHARGES**

The following contains our ratio of earnings to fixed charges for the periods indicated, computed as set forth below. You should read these ratios of earnings to fixed charges in connection with our consolidated financial statements, including the notes to those statements, included in this prospectus.

	For the six months ended June 30, 2016	For the year ended December 31, 2015	For the year ended December 31, 2014	For the year ended December 31, 2013	For the year ended December 31, 2012	For the year ended December 31, 2011
Earnings to Fixed Charges <sup>(1)</sup>	2.41	2.16	3.10	3.83	2.97	3.95

For purposes of computing the ratios of earnings to fixed charges, earnings represent net increase in stockholders' equity resulting from operations plus fixed charges. Fixed charges include interest and credit facility fees expense and amortization of debt issuance costs.

(1) Earnings include net realized and unrealized gains or losses. Net realized and unrealized gains or losses can vary substantially from period to period.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*The following discussion should be read in conjunction with our consolidated financial statements and related notes and other financial information appearing elsewhere in this prospectus. In addition to historical information, the following discussion and other parts of this prospectus contain forward-looking information that involves risks and uncertainties. Our actual results could differ materially from those anticipated by such forward-looking information due to the factors discussed under Risk Factors and Forward-Looking Statements appearing elsewhere herein.*

**Overview**

We are a specialty finance company focused on providing senior secured loans to high-growth, innovative venture capital-backed companies in a variety of technology, life sciences, and sustainable and renewable technology industries. We source our investments through our principal office located in Palo Alto, CA, as well as through our additional offices in Boston, MA, New York, NY, Washington, DC, Santa Monica, CA, Hartford, CT, and San Diego, CA.

Our goal is to be the leading structured debt financing provider for venture capital-backed companies in technology-related industries requiring sophisticated and customized financing solutions. Our strategy is to evaluate and invest in a broad range of technology-related industries including technology, drug discovery and development, biotechnology, life sciences, healthcare, and sustainable and renewable technology and to offer a full suite of growth capital products. We invest primarily in structured debt with warrants and, to a lesser extent, in senior debt and equity investments. We invest primarily in private companies but also have investments in public companies.

We use the term structured debt with warrants to refer to any debt investment, such as a senior or subordinated secured loan, that is coupled with an equity component, including warrants, options or other rights to purchase common or preferred stock. Our structured debt with warrants investments typically are secured by some or all of the assets of the portfolio company.

Our investment objective is to maximize our portfolio total return by generating current income from our debt investments and capital appreciation from our warrant and equity-related investments. Our primary business objectives are to increase our net income, net operating income and NAV by investing in structured debt with warrants and equity of venture capital-backed companies in technology-related industries with attractive current yields and the potential for equity appreciation and realized gains. Our equity ownership in our portfolio companies may exceed 25% of the voting securities of such companies, which represents a controlling interest under the 1940 Act. In some cases, we receive the right to make additional equity investments in our portfolio companies in connection with future equity financing rounds. Capital that we provide directly to venture capital-backed companies in technology-related industries is generally used for growth and general working capital purposes as well as in select cases for acquisitions or recapitalizations.

We also make investments in qualifying small businesses through our two wholly-owned SBICs. Our SBIC subsidiaries, HT II and HT III, hold approximately \$112.9 million and \$286.3 million in assets, respectively, and accounted for approximately 6.6% and 16.7% of our total assets, respectively, prior to consolidation at June 30, 2016. As of June 30, 2016, the maximum statutory limit on the dollar amount of combined outstanding SBA guaranteed debentures is \$350.0 million, subject to periodic adjustments by the SBA. In aggregate, at June 30, 2016, with our net investment of \$118.5 million, HT II and HT III have the capacity to issue a total of \$190.2 million of SBA-guaranteed debentures, subject to SBA approval. At June 30, 2016, we have issued \$190.2 million in SBA-guaranteed debentures in our SBIC subsidiaries.

We have qualified as and have elected to be treated for tax purposes as a RIC under Subchapter M of the Code. Pursuant to this election, we generally will not be subject to corporate-level taxes on any income and gains

## **Table of Contents**

### **Index to Financial Statements**

that we distribute as dividends to our stockholders. However, our qualification and election to be treated as a RIC requires that we comply with provisions contained in Subchapter M of the Code. For example, as a RIC we must earn 90% or more of our gross income for each taxable year from qualified earnings, typically referred to as "good income," as well as satisfy certain quarterly asset diversification and annual income distribution requirements.

We are an internally managed, non-diversified, closed-end investment company that has elected to be regulated as a business development company under the 1940 Act. As a business development company, we are required to comply with certain regulatory requirements. For instance, we generally have to invest at least 70% of our total assets in "qualifying assets," which includes securities of private U.S. companies, cash, cash equivalents and high-quality debt investments that mature in one year or less.

Our portfolio is comprised of, and we anticipate that our portfolio will continue to be comprised of, investments primarily in technology related companies at various stages of their development. Consistent with requirements under the 1940 Act, we invest primarily in United-States based companies and to a lesser extent in foreign companies.

We regularly engage in discussions with third parties with respect to various potential transactions. We may acquire an investment or a portfolio of investments or an entire company or sell a portion of our portfolio on an opportunistic basis. We, our subsidiaries or our affiliates may also agree to manage certain other funds that invest in debt, equity or provide other financing or services to companies in a variety of industries for which we may earn management or other fees for our services. We may also invest in the equity of these funds, along with other third parties, from which we would seek to earn a return and/or future incentive allocations. Some of these transactions could be material to our business. Consummation of any such transaction will be subject to completion of due diligence, finalization of key business and financial terms (including price) and negotiation of final definitive documentation as well as a number of other factors and conditions including, without limitation, the approval of our board of directors and required regulatory or third party consents and, in certain cases, the approval of our stockholders. Accordingly, there can be no assurance that any such transaction would be consummated. Any of these transactions or funds may require significant management resources either during the transaction phase or on an ongoing basis depending on the terms of the transaction.

### **Portfolio and Investment Activity**

The total fair value of our investment portfolio was \$1.3 billion at June 30, 2016, as compared to \$1.2 billion at December 31, 2015. The fair value of our debt investment portfolio at June 30, 2016 was approximately \$1.2 billion, compared to a fair value of approximately \$1.1 billion at December 31, 2015. The fair value of the equity portfolio at June 30, 2016 was approximately \$65.9 million, compared to a fair value of approximately \$67.4 million at December 31, 2015. The fair value of the warrant portfolio at June 30, 2016 was approximately \$25.1 million, compared to a fair value of approximately \$23.0 million at December 31, 2015.

#### *Portfolio Activity*

Our investments in portfolio companies take a variety of forms, including unfunded contractual commitments and funded investments. From time to time, unfunded contractual commitments depend upon a portfolio company reaching certain milestones before the debt commitment is available to the portfolio company, which is expected to affect our funding levels. These commitments are subject to the same underwriting and ongoing portfolio maintenance as the on-balance sheet financial instruments that we hold. Debt commitments generally fund over the two succeeding quarters from close. Not all debt commitments represent future cash requirements. Similarly, unfunded contractual commitments may expire without being drawn and thus do not represent future cash requirements.

Prior to entering into a contractual commitment, we generally issue a non-binding term sheet to a prospective portfolio company. Non-binding term sheets are subject to completion of our due diligence and final

**Table of Contents****Index to Financial Statements**

investment committee approval process, as well as the negotiation of definitive documentation with the prospective portfolio companies. These non-binding term sheets generally convert to contractual commitments in approximately 90 days from signing. Not all non-binding term sheets are expected to close and do not necessarily represent future cash requirements.

Our portfolio activity for the six months ended June 30, 2016 and the year ended December 31, 2015 was comprised of the following:

(in millions)	June 30, 2016	December 31, 2015
<b>Debt Commitments <sup>(1)</sup></b>		
New portfolio company	\$ 360.0	\$ 544.0
Existing portfolio company	57.8	181.7
<b>Total</b>	<b>\$ 417.8</b>	<b>\$ 725.7</b>
<b>Funded and Restructured Debt Investments <sup>(3)</sup></b>		
New portfolio company	\$ 267.5	\$ 352.5
Existing portfolio company	56.2	341.6
<b>Total</b>	<b>\$ 323.7</b>	<b>\$ 694.1</b>
<b>Funded Equity Investments</b>		
New portfolio company	\$ 5.4	\$ 1.0
Existing portfolio company	1.6	17.6
<b>Total</b>	<b>\$ 7.0</b>	<b>\$ 18.6</b>
<b>Unfunded Contractual Commitments <sup>(2)</sup></b>		
<b>Total</b>	<b>\$ 71.2</b>	<b>\$ 75.4</b>
<b>Non-Binding Term Sheets</b>		
New portfolio company	\$ 105.0	\$ 81.0
Existing portfolio company	10.0	5.0
<b>Total</b>	<b>\$ 115.0</b>	<b>\$ 86.0</b>

(1) Includes restructured loans and renewals in addition to new commitments.

(2) Amount represents unfunded commitments, including undrawn revolving facilities, which are available at the request of the portfolio company. Amount excludes unfunded commitments which are unavailable due to the borrower having not met certain milestones.

(3) Funded amounts include borrowings on revolving facilities.

We receive payments in our debt investment portfolio based on scheduled amortization of the outstanding balances. In addition, we receive principal repayments for some of our loans prior to their scheduled maturity date. The frequency or volume of these early principal repayments may fluctuate significantly from period to period. During the six months ended June 30, 2016, we received approximately \$218.1 million in aggregate principal repayments. Of the approximately \$218.1 million of aggregate principal repayments, approximately \$45.5 million were scheduled principal payments and approximately \$172.6 million were early principal repayments related to 26 portfolio companies. Of the approximately \$172.6 million early principal repayments, none were early repayments due to merger and acquisition transactions or IPOs.

**Table of Contents****Index to Financial Statements**

Total portfolio investment activity (inclusive of unearned income and excluding activity related to taxes payable, escrow receivables and Citigroup warrant participation) as of and for the six months ended June 30, 2016 and the year ended December 31, 2015 was as follows:

(in millions)	June 30, 2016	December 31, 2015
<b>Beginning portfolio</b>	\$ 1,200.6	\$ 1,020.7
New fundings and restructures	330.7	712.3
Warrants not related to current period fundings	0.1	0.1
Principal payments received on investments	(45.5)	(115.1)
Early payoffs	(172.6)	(388.5)
Accretion of loan discounts and paid-in-kind principal	21.2	31.7
Net acceleration of loan discounts and loan fees due to early payoff or restructure	(2.2)	(1.7)
New loan fees	(4.2)	(9.5)
Warrants converted to equity		0.4
Sale of investments	(2.4)	(5.2)
Loss on investments due to write offs	(8.0)	(7.5)
Net change in unrealized depreciation	(14.9)	(37.1)
<b>Ending portfolio</b>	<b>\$ 1,302.8</b>	<b>\$ 1,200.6</b>

The following table shows the fair value of our portfolio of investments by asset class as of June 30, 2016 and December 31, 2015:

(in thousands)	June 30, 2016		December 31, 2015	
	Investments at Fair Value	Percentage of Total Portfolio	Investments at Fair Value	Percentage of Total Portfolio
Senior Secured Debt with Warrants	\$ 1,014,658	77.9%	\$ 961,464	80.1%
Senior Secured Debt	222,215	17.1%	171,732	14.3%

<b>Total</b>	<b>\$ 1,302,778</b>	<b>100.0%</b>	<b>\$ 1,200,638</b>	<b>100.0%</b>

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

As of June 30, 2016, we held warrants or equity positions in five companies that have filed registration statements on Form S-1 with the SEC in contemplation of potential initial public offerings. All five companies filed confidentially under the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. There can be no assurance that companies that have yet to complete their initial public offerings will do so in a timely manner or at all.

---

**Table of Contents****Index to Financial Statements***Changes in Portfolio*

We generate revenue in the form of interest income, primarily from our investments in debt securities, and commitment and facility fees. Interest income is recognized in accordance with the contractual terms of the loan agreement to the extent that such amounts are expected to be collected. Fees generated in connection with our debt investments are recognized over the life of the loan or, in some cases, recognized as earned. In addition, we generate revenue in the form of capital gains, if any, on warrants or other equity-related securities that we acquire from our portfolio companies. Our investments generally range from \$12.0 million to \$25.0 million, although we may make investments in amounts above or below that range. As of June 30, 2016, our debt investments have a term of between two and seven years and typically bear interest at a rate ranging from approximately 4.0% to approximately 12.5%. In addition to the cash yields received on our debt investments, in some instances, our debt investments may also include any of the following: end-of-term payments, exit fees, balloon payment fees, commitment fees, success fees, PIK provisions or prepayment fees which may be required to be included in income prior to receipt.

Interest on debt securities is generally payable monthly, with amortization of principal typically occurring over the term of the investment. In addition, certain of our loans may include an interest-only period ranging from three to eighteen months or longer. In limited instances in which we choose to defer amortization of the loan for a period of time from the date of the initial investment, the principal amount of the debt securities and any accrued but unpaid interest become due at the maturity date.

Loan origination and commitment fees received in full at the inception of a loan are deferred and amortized into fee income as an enhancement to the related loan's yield over the contractual life of the loan. We recognize nonrecurring fees amortized over the remaining term of the loan commencing in the quarter relating to specific loan modifications. We had approximately \$38.3 million of unamortized fees at June 30, 2016, of which approximately \$35.7 million was included as an offset to the cost basis of our current debt investments and approximately \$2.6 million was deferred contingent upon the occurrence of a funding or milestone. At December 31, 2015 we had approximately \$26.1 million of unamortized fees, of which approximately \$23.6 million was included as an offset to the cost basis of our current debt investments and approximately \$2.5 million was deferred contingent upon the occurrence of a funding or milestone.

Loan exit fees to be paid at the termination of the loan are accreted into interest income over the contractual life of the loan. At June 30, 2016 we had approximately \$27.5 million in exit fees receivable, of which approximately \$25.0 million was included as a component of the cost basis of our current debt investments and approximately \$2.5 million was a deferred receivable related to expired commitments. At December 31, 2015 we had approximately \$22.7 million in exit fees receivable, of which approximately \$17.4 million was included as a component of the cost basis of our current debt investments and approximately \$5.3 million was a deferred receivable related to expired commitments.

We have debt investments in our portfolio that contain a PIK provision. The PIK interest, computed at the contractual rate specified in each loan agreement, is recorded as interest income and added to the principal balance of the loan on specified capitalization dates. To maintain our ability to be subject to tax as a RIC, this non-cash source of income must be paid out to stockholders with other sources of income in the form of dividend distributions even though we have not yet collected the cash. Amounts necessary to pay these distributions may come from available cash or the liquidation of certain investments. We recorded approximately \$1.8 million and \$973,000 in PIK income in the three months ended June 30, 2016 and 2015, respectively. We recorded approximately \$3.5 million and \$1.9 million in PIK income in the six months ended June 30, 2016 and 2015, respectively.

The core yield on our debt investments, which excludes any benefits from the fees and income related to early loan repayment acceleration of unamortized fees and income as well as prepayment of fees and includes income from expired commitments, was 13.4% and 13.2% during the three months ended June 30, 2016 and 2015, respectively. The effective yield on our debt investments, which includes the effects of fee and income

**Table of Contents****Index to Financial Statements**

accelerations attributed to early payoffs, restructuring, loan modifications and other one-time event fees, was 14.4% and 13.8% for the three months ended June 30, 2016 and 2015, respectively. The effective yield is derived by dividing total investment income by the weighted average earning investment portfolio assets outstanding during the quarter, excluding non-interest earning assets such as warrants and equity investments. Both the core yield and effective yield may be higher than what our common stockholders may realize as the core yield and effective yield do not reflect our expenses and any sales load paid by our common stockholders.

The total return for our investors was approximately 7.2% and -18.8% during the six months ended June 30, 2016 and 2015, respectively. The total return equals the change in the ending market value over the beginning of the period price per share plus dividend distributions paid per share during the period, divided by the beginning price assuming the distribution is reinvested on the date of the distribution. The total return does not reflect any sales load that must be paid by investors. See Note 9 Financial Highlights included in the notes to our consolidated financial statements appearing elsewhere in this prospectus.

*Portfolio Composition*

Our portfolio companies are primarily privately held companies and public companies which are active in the drug discovery and development, sustainable and renewable technology, software, drug delivery, internet consumer and business services, medical devices and equipment, media/content/info, specialty pharmaceuticals, consumer and business products, communications and networking, surgical devices, semiconductors, healthcare services, electronics and computer hardware, biotechnology tools, diagnostic, and information services industry sectors. These sectors are characterized by high margins, high growth rates, consolidation and product and market extension opportunities. Value for companies in these sectors is often vested in intangible assets and intellectual property.

As of June 30, 2016, approximately 63.4% of the fair value of our portfolio was composed of investments in four industries: 23.8% was composed of investments in the drug discovery and development industry, 14.5% was comprised of investments in the sustainable and renewable technology industry, 13.9% was composed of investments in the software industry, and 11.1% was composed of investments in the drug delivery industry.

The following table shows the fair value of our portfolio by industry sector at June 30, 2016 and December 31, 2015:

(in thousands)	June 30, 2016		December 31, 2015	
	Investments at Fair Value	Percentage of Total Portfolio	Investments at Fair Value	Percentage of Total Portfolio
Drug Discovery & Development	\$ 309,936	23.8%	\$ 284,266	23.7%

---

**Table of Contents**

**Index to Financial Statements**

Industry and sector concentrations vary as new loans are recorded and loans pay off. Loan revenue, consisting of interest, fees, and recognition of gains on equity and warrants or other equity-related interests, can fluctuate materially when a loan is paid off or a related warrant or equity interest is sold. Revenue recognition in any given year can be highly concentrated among several portfolio companies.

For the six months ended June 30, 2016 and the year ended December 31, 2015, our ten largest portfolio companies represented approximately 31.9% and 32.1% of the total fair value of our investments in portfolio companies, respectively. At June 30, 2016 and December 31, 2015, we had three and two investments, respectively, that represented 5% or more of our net assets. At June 30, 2016, we had six equity investments representing approximately 58.3% of the total fair value of our equity investments, and each represented 5% or more of the total fair value of our equity investments. At December 31, 2015, we had four equity investments which represented approximately 53.2% of the total fair value of our equity investments, and each represented 5% or more of the total fair value of our equity investments.

As of June 30, 2016 approximately 92.8% of the debt investment portfolio was priced at floating interest rates or floating interest rates with a Prime or LIBOR-based interest rate floor. As a result, we believe we are well positioned to benefit should market interest rates rise in the near future.

As of June 30, 2016, 91.8% of our debt investments were in a senior secured first lien position with the remaining 8.2% secured by a senior second priority security interest in all of the portfolio company's assets, other than intellectual property. In the majority of cases, we collateralize our investments by obtaining a first priority security interest in a portfolio company's assets, which may include its intellectual property. In other cases, we may obtain a negative pledge covering a company's intellectual property. At June 30, 2016, of the approximately 91.8% of our debt investments in a senior secured first lien position, 42.8% were secured by a first priority security in all of the assets of the portfolio company, including its intellectual property; 45.7% were secured by a first priority security in all of the assets of the portfolio company and the portfolio company was prohibited from pledging or encumbering its intellectual property, or subject to a negative pledge; and 3.3% were secured by a first priority security in all of the assets of the portfolio company, including its intellectual property, with a second lien on the portfolio company's cash and accounts receivable. At June 30, 2016 we had no equipment only liens on material investments in our portfolio companies.

Our investments in senior secured debt with warrants have detachable equity enhancement features, typically in the form of warrants or other equity-related securities designed to provide us with an opportunity for capital appreciation. These features are treated as OID and are accreted into interest income over the term of the loan as a yield enhancement. Our warrant coverage generally ranges from 3% to 20% of the principal amount invested in a portfolio company, with a strike price generally equal to the most recent equity financing round. As of June 30, 2016, we held warrants in 139 portfolio companies, with a fair value of approximately \$25.1 million. The fair value of our warrant portfolio increased by approximately \$2.1, as compared to a fair value of \$23.0 million at December 31, 2015 primarily related to the addition of warrants in 15 new and 10 existing portfolio companies during the period.

Our existing warrant holdings would require us to invest approximately \$101.1 million to exercise such warrants as of June 30, 2016. Warrants may appreciate or depreciate in value depending largely upon the underlying portfolio company's performance and overall market conditions. Of the warrants that we have monetized since inception, we have realized multiples in the range of approximately 1.02x to 29.22x based on the historical rate of return on our investments. However, our warrants may not appreciate in value and, in fact, may decline in value. Accordingly, we may experience losses from our warrant portfolio.

As required by the 1940 Act, we classify our investments by level of control. Control investments are defined in the 1940 Act as investments in those companies that we are deemed to control, which, in general, includes a company in which we own 25% or more of the voting securities of such company or have greater than 50% representation on its board. Affiliate investments are investments in those companies that are affiliated

**Table of Contents****Index to Financial Statements**

companies of ours, as defined in the 1940 Act, which are not control investments. We are deemed to be an affiliate of a company in which we have invested if we own 5% or more, but generally less than 25%, of the voting securities of such company. Non-control/non-affiliate investments are investments that are neither control investments nor affiliate investments.

The following table summarizes our realized and unrealized gain and loss and changes in our unrealized appreciation and depreciation on control and affiliate investments for the three and six months ended June 30, 2016 and 2015. We did not hold any Control investments at June 30, 2015.

As of June 30, 2016 our investments in SkyCross, Inc. became classified as a control investment as a result of obtaining more than 50% representation on the portfolio company's board. In addition, as of June 30, 2016 we owned 100% of the equity of Achilles Technology Management Co II, Inc. and classified it as a control investment in accordance with the requirements of the 1940 Act. During the three months ended June 30, 2016, Achilles Technology Management Co II, Inc. acquired the assets of a global antenna company that produces radio frequency system solutions as part of an article 9 consensual foreclosure and public auction for total consideration in the amount of \$4 million. Our investment in Achilles Technology Management Co II, Inc. is carried on the consolidated statement of assets and liabilities at fair value.

Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

As of December 31, 2015, changes to the capitalization structure of the portfolio company Gelesis, Inc. reduced our investment below the threshold for classification as an affiliate investment.

**Table of Contents****Index to Financial Statements***Portfolio Grading*

We use an investment grading system, which grades each debt investment on a scale of 1 to 5 to characterize and monitor our expected level of risk on the debt investments in our portfolio with 1 being the highest quality. The following table shows the distribution of our outstanding debt investments on the 1 to 5 investment grading scale at fair value as of June 30, 2016 and December 31, 2015, respectively:

(in thousands)	June 30, 2016			December 31, 2015		
	Number of Companies	Debt Investments at Fair Value	Percentage of Total Portfolio	Number of Companies	Debt Investments at Fair Value	Percentage of Total Portfolio
Investment Grading						
1	16	\$ 328,082	27.1%	18	\$ 215,202	19.4%
2	41	602,868	49.8%	47	759,274	68.4%
3	20	226,943	18.7%	6	44,837	4.0%
4	6	42,953	3.5%	4	34,153	3.1%
5	7	10,936	0.9%	10	56,743	5.1%
	90	\$ 1,211,782	100.0%	85	\$ 1,110,209	100.0%

As of June 30, 2016, our debt investments had a weighted average investment grading of 2.11, as compared to 2.16 at December 31, 2015. Our policy is to lower the grading on our portfolio companies as they approach the point in time when they will require additional equity capital. Additionally, we may downgrade our portfolio companies if they are not meeting our financing criteria or are underperforming relative to their respective business plans. Various companies in our portfolio will require additional funding in the near term or have not met their business plans and therefore have been downgraded until their funding is complete or their operations improve.

The improvement in weighted average investment grading at June 30, 2016 from December 31, 2015 is due to the improvement in investment grading of three portfolio investments and settlement of one portfolio investment that were rated 5 at December 31, 2015, offset by the downgrade of fourteen existing portfolio companies to a 3 rating primarily due to underperformance or near term funding requirements.

At June 30, 2016, we had six debt investments on non-accrual with a cumulative investment cost and fair value of approximately \$34.5 million and \$2.8 million, respectively. At December 31, 2015, we had five debt investments on non-accrual with cumulative investment cost and fair value of approximately \$47.4 million and \$23.2 million, respectively. In addition, at December 31, 2015, we had one debt investment with an investment cost and fair value of approximately \$20.1 million and \$14.9 million, respectively, for which only the PIK interest was on non-accrual. During the six months ended June 30, 2016, we recognized a realized loss of approximately \$6.2 million on the settlement of one debt investment that was on non-accrual at December 31, 2015. In addition, we recognized a realized loss of \$430,000 on the partial write off of one debt investment that was on non-accrual as of December 31, 2015.

**Results of Operations****Comparison of the three and six months ended June 30, 2016 and 2015***Investment Income*

Total investment income for the three months ended June 30, 2016 was approximately \$43.5 million as compared to approximately \$38.1 million for the three months ended June 30, 2015. Total investment income for the six months ended June 30, 2016 was approximately \$82.5 million as compared to approximately \$70.6 million for the six months ended June 30, 2015.

Interest income for the three months ended June 30, 2016 totaled approximately \$39.6 million as compared to approximately \$35.2 million for the three months ended June 30, 2015. Interest income for the six months

**Table of Contents**

**Index to Financial Statements**

ended June 30, 2016 totaled approximately \$76.1 million as compared to approximately \$65.8 million for six months ended June 30, 2015. The increase in interest income for the three and six months ended June 30, 2016 as compared to the same period ended June 30, 2015 is primarily attributable to debt investment portfolio growth, specifically an increase in the weighted average principal outstanding between the periods, as well as an increase in the acceleration of interest income due to early loan repayments.

Of the \$39.6 million in interest income for the three months ended June 30, 2016, approximately \$37.8 million represents recurring income from the contractual servicing of our loan portfolio and approximately \$1.8 million represents income related to the acceleration of income due to early loan repayments and other one-time events during the period. Income from recurring interest and the acceleration of interest income due to early loan repayments represented \$34.7 million and \$498,000, respectively, of the \$35.2 million interest income for the three months ended June 30, 2015.

Of the \$76.1 million in interest income for the six months ended June 30, 2016, approximately \$73.6 million represents recurring income from the contractual servicing of our loan portfolio and approximately \$2.5 million represents income related to the acceleration of income due to early loan repayments and other one-time events during the period. Income from recurring interest and the acceleration of interest income due to early loan repayments represented \$65.0 million and \$792,000, respectively, of the \$65.8 million interest income for the six months ended June 30, 2015.

Income from commitment, facility and loan related fees for the three months ended June 30, 2016 totaled approximately \$3.9 million as compared to approximately \$2.9 million for the three months ended June 30, 2015. Income from commitment, facility and loan related fees for the six months ended June 30, 2016 totaled approximately \$6.4 million as compared to approximately \$4.8 million for the six months ended June 30, 2015. The increase in fee income for the three months ended June 30, 2016 is primarily attributable to an increase in normal fee amortization due to a higher debt investment portfolio between the periods, as well as an increase in the acceleration of unamortized fees due to early repayments and one-time fees for the period. The increase in fee income for the six months ended June 30, 2016 is primarily attributable to an increase in normal fee amortization due to a higher debt investment portfolio between the periods.

Of the \$3.9 million in income from commitment, facility and loan related fees for the three months ended June 30, 2016, approximately \$2.5 million represents income from recurring fee amortization and approximately \$1.4 represents income related to the acceleration of unamortized fees due to early repayments and one-time fees for the period. Income from recurring fee amortization and the acceleration of unamortized fees due to early loan repayments represented \$1.8 million and \$1.1 million, respectively, of the \$2.9 million income for the three months ended June 30, 2015.

Of the \$6.4 million in income from commitment, facility and loan related fees for the six months ended June 30, 2016, approximately \$4.7 million represents income from recurring fee amortization and approximately \$1.7 million represents income related to the acceleration of unamortized fees due to early repayments and one-time fees for the period. Income from recurring fee amortization and the acceleration of unamortized fees due to early loan repayments represented \$3.2 million and \$1.6 million, respectively, of the \$4.8 million income for the six months ended June 30, 2015.

**Table of Contents****Index to Financial Statements**

The following table shows the PIK-related activity for the six months ended June 30, 2016 and 2015, at cost:

(in thousands)	Six Months Ended June 30,	
	2016	2015
<b>Beginning PIK loan balance</b>	\$ 5,149	\$ 6,250
PIK interest income during the period	3,544	1,880
PIK accrued (capitalized) to principal but not recorded as income during the period	(2,146)	
Payments received from PIK loans	(438)	(2,012)
Realized loss	(266)	(223)
<b>Ending PIK loan balance</b>	<b>\$ 5,843</b>	<b>\$ 5,895</b>

The increase in payments received from PIK loans and increase in PIK interest income during the six months ended June 30, 2016 as compared to the six months ended June 30, 2015 is due to an increase in the weighted average principal outstanding of loans which bear PIK interest and an increase in the number of PIK loans which paid off during the period.

In certain investment transactions, we may earn income from advisory services; however, we had no income from advisory services in the three and six months ended June 30, 2016 or 2015.

***Operating Expenses***

Our operating expenses are comprised of interest and fees on our borrowings, general and administrative expenses and employee compensation and benefits. Our operating expenses totaled approximately \$20.2 million and \$21.3 million during the three months ended June 30, 2016 and 2015, respectively. Our operating expenses totaled approximately \$39.0 million and \$40.8 million during the six months ended June 30, 2016 and 2015, respectively.

***Interest and Fees on our Borrowings***

Interest and fees on our borrowings totaled approximately \$8.9 million and \$9.2 million for the three months ended June 30, 2016 and 2015, respectively and approximately \$16.9 million and \$18.5 million for the six months ended June 30, 2016 and 2015, respectively. Interest and fee expense for the three and six months ended June 30, 2016 as compared to June 30, 2015 decreased due to lower weighted average principal balances outstanding on our Asset Backed Notes and 2019 Notes (together with the 2024 Notes, the Baby Bonds ) along with lower debt issuance cost amortization on our Asset Backed Notes, slightly offset by an increase in the weighted average principal balance outstanding on our Credit Facilities and the issuance of an additional \$141.9 million of aggregate principal on our 2024 Notes during the period.

We had a weighted average cost of debt, comprised of interest and fees and loss on debt extinguishment (long-term liabilities convertible senior notes), of approximately 5.8% and 6.1% for the three months ended June 30, 2016 and 2015, respectively, and a weighted average cost of debt of approximately 5.7% and 6.1% for the six months ended June 30, 2016 and 2015, respectively. The decrease between comparative periods was primarily driven by a reduction in the weighted average principal outstanding on our higher yielding debt instruments compared to the prior period, specifically due to redemptions of our 2019 Notes which occurred in 2015.

***General and Administrative Expenses***

General and administrative expenses include legal fees, consulting fees, accounting fees, printer fees, insurance premiums, rent, expenses associated with the workout of underperforming investments and various

**Table of Contents****Index to Financial Statements**

other expenses. Our general and administrative expenses increased to \$4.4 million from \$4.1 million for the three months ended June 30, 2016 and 2015. Our general and administrative expenses increased to \$8.0 million from \$7.7 million for the six months ended June 30, 2016 and 2015. The increase for the three and six months ended June 30, 2016 was primarily due to an increase in corporate legal expenses and outside consulting services.

*Employee Compensation*

Employee compensation and benefits totaled \$5.3 million for the three months ended June 30, 2016 as compared to \$5.9 million for the three months ended June 30, 2015, and \$10.0 million for the six months ended June 30, 2016 as compared to \$9.7 million for the six months ended June 30, 2015. The decrease for the three-month comparative period was primarily due to changes in variable compensation expense related to originator performance factors. The increase between the six month comparative periods was primarily due to changes in variable compensation expense, specifically an increase in originator performance compensation in the first quarter of 2016 relative to 2015.

Employee stock-based compensation totaled \$1.6 million for the three months ended June 30, 2016 as compared to \$2.3 million for the three months ended June 30, 2015 and \$4.2 million for the six months ended June 30, 2016 as compared to \$5.0 million for the six months ended June 30, 2015. The decrease between both comparative periods was primarily related to restricted stock award vesting, specifically the final vesting of retention grants issued in 2014.

*Loss on Extinguishment of Convertible Senior Notes*

Our 6.00% convertible senior notes due 2016 (the Convertible Senior Notes ) were fully settled on or before their contractual maturity date of April 15, 2016. Throughout the life of the Convertible Senior Notes, holders of approximately \$74.8 million of our Convertible Senior Notes exercised their conversion rights. These Convertible Senior Notes were settled with a combination of cash equal to the outstanding principal amount of the Convertible Senior Notes and approximately 1.6 million shares of our common stock, or \$24.3 million.

We recorded a loss on extinguishment of debt for the proportionate amount of unamortized debt issuance costs and original issue discount. The loss was partially offset by a gain in the amount of the difference between the outstanding principal balance of the converted notes and the fair value of the debt instrument. The net loss on extinguishment of debt we recorded for the year ended December 31, 2015 was \$1,000. We did not record a loss on extinguishment of debt in the three and six months ended June 30, 2016. The loss on extinguishment of debt was classified as a component of net investment income in our Consolidated Statement of Operations.

*Net Investment Realized Gains and Losses and Net Unrealized Appreciation and Depreciation*

Realized gains or losses are measured by the difference between the net proceeds from the repayment or sale and the cost basis of an investment without regard to unrealized appreciation or depreciation previously recognized, and includes investments written off during the period, net of recoveries. Net change in unrealized appreciation or depreciation primarily reflects the change in portfolio investment values during the reporting period, including the reversal of previously recorded unrealized appreciation or depreciation when gains or losses are realized.

A summary of realized gains and losses for the three and six months ended June 30, 2016 and 2015 is as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Realized gains	\$ 1,423	\$ 495	\$ 4,212	\$ 4,824
Realized losses	(1,398)	(1,749)	(8,655)	(2,766)
<b>Net realized gains</b>	<b>\$ 25</b>	<b>\$ (1,254)</b>	<b>\$ (4,443)</b>	<b>\$ 2,058</b>

**Table of Contents****Index to Financial Statements**

During the three months ended June 30, 2016 and 2015, we recognized net realized gains of \$25,000 and net realized losses of \$1.3 million, respectively. During the three months ended June 30, 2016, we recorded gross realized gains of \$1.4 million primarily from the acquisition of our holdings in one portfolio company, Ping Identity Corporation. These gains were offset by gross realized losses of \$1.4 million primarily from the liquidation or write off of our warrant and equity investments in two portfolio companies.

During the three months ended June 30, 2015, we recorded gross realized gains of \$495,000 primarily from subsequent recoveries received on two previously written-off debt investments. These gains were offset by gross realized losses of \$1.8 million from the liquidation of our warrant and equity investments in five portfolio companies.

During the six months ended June 30, 2016 and 2015, we recognized net realized losses of \$4.4 million and net realized gains of \$2.1 million, respectively. During the six months ended June 30, 2016, we recorded gross realized gains of \$4.2 million primarily from the sale or acquisition of our investments in three portfolio companies, including Celator Pharmaceuticals, Inc. (\$1.5 million), Ping Identity Corporation (\$1.3 million) and the sale of options on Box, Inc. (\$1.1 million). These gains were offset by gross realized losses of \$8.6 million primarily from the liquidation or write off of our warrant and equity investments in five portfolio companies and of our debt investments in three portfolio companies, including the settlement of our outstanding debt investment in The Neat Company (\$6.2 million).

During the six months ended June 30, 2015 we recorded gross realized gains of \$4.8 million primarily from the sale of investments in four portfolio companies, including Cempira, Inc. (\$2.0 million), Celladon Corporation (\$1.4 million), Everyday Health, Inc. (\$387,000) and Identiv, Inc. (\$304,000). These gains were partially offset by gross realized losses of \$2.7 million from the liquidation of our warrant and equity investments in eight portfolio companies.

The net unrealized appreciation and depreciation of our investments is based on the fair value of each investment determined in good faith by our Board of Directors. The following table summarizes the change in net unrealized appreciation (depreciation) of investments for the three and six months ended June 30, 2016 and 2015:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
<b>Gross unrealized appreciation on portfolio investments</b>	\$ 16,208	\$ 14,700	\$ 29,525	\$ 35,854
Gross unrealized depreciation on portfolio investments	(30,607)	(28,875)	(55,492)	(42,114)
Reversal of prior period net unrealized appreciation upon a realization event	(340)		(340)	(3,708)
Reversal of prior period net unrealized depreciation upon a realization event	1,137	1,210	11,333	2,215
Net unrealized appreciation (depreciation) attributable to taxes payable	(332)	156	(296)	598
Citigroup warrant participation	30	34	32	(7)
<b>Net unrealized appreciation (depreciation) on portfolio investments</b>	<b>\$ (13,904)</b>	<b>\$ (12,775)</b>	<b>\$ (15,238)</b>	<b>\$ (7,162)</b>

During the three months ended June 30, 2016, we recorded approximately \$13.9 million of net unrealized depreciation, of which \$13.6 million was net unrealized depreciation from our debt, equity and warrant investments. Approximately \$8.0 million was net unrealized depreciation on our debt investments which primarily relates to \$14.0 million of unrealized depreciation for collateral based impairments on ten portfolio

**Table of Contents**

**Index to Financial Statements**

companies offset by the reversal of \$5.7 million unrealized depreciation for prior period collateral based impairments on four portfolio companies. Approximately \$6.3 million was attributed to net unrealized depreciation on our equity investments which primarily relates to \$5.3 million unrealized depreciation on our public equity portfolio with the largest concentration in our investment in Box, Inc. and \$1.0 million of unrealized depreciation on our private portfolio companies related to portfolio company performance. This unrealized depreciation was offset by \$694,000 of net unrealized appreciation on our warrant investments primarily attributed to the reversal of unrealized depreciation upon being realized as a loss due to the liquidation of our warrant investments in two portfolio companies.

Net unrealized depreciation was increased by \$332,000 as a result of increased estimated taxes payable for the three months ended June 30, 2016.

Net unrealized depreciation was offset by \$30,000 as a result of net depreciation of fair value on the pool of warrants collateralized under the warrant participation agreement and a decrease in the liability for the acquisition proceeds received on our Ping Identity Corporation equity investment, which had been exercised from warrants that were included in the collateral pool, during the three months ended June 30, 2016.

During the three months ended June 30, 2015, we recorded approximately \$12.8 million of net unrealized appreciation, of which \$12.9 million was net unrealized depreciation from our debt, equity and warrant investments. Approximately \$6.0 million was attributed to net unrealized depreciation on our debt investments which primarily related to \$7.4 million unrealized depreciation for collateral based impairments on eleven portfolio companies. Approximately \$5.7 million was attributed to net unrealized depreciation on our equity investments which primarily related to \$3.6 million unrealized depreciation on our public equity portfolio related to portfolio company performance and \$2.1 million unrealized depreciation on our private portfolio companies. Finally, approximately \$1.2 million was attributed to net unrealized depreciation on our warrant investments which primarily related to approximately \$1.8 million of unrealized depreciation on five portfolio companies related to portfolio company performance partially offset by the reversal of \$900,000 of unrealized depreciation upon being realized as a loss due to the liquidation of our warrant investments in six portfolio companies.

Net unrealized depreciation was offset by \$156,000 as a result of decreased estimated taxes payable for the three months ended June 30, 2015.

Net unrealized depreciation was further offset by \$34,000 as a result of net depreciation of fair value on the pool of warrants collateralized under the warrant participation agreement during the three months ended June 30, 2015.

**Table of Contents****Index to Financial Statements**

The following table summarizes the change in net unrealized appreciation (depreciation) in the investment portfolio by category, excluding net unrealized appreciation (depreciation) on taxes payable, escrow receivables and Citigroup warrant participation, for the three months ended June 30, 2016 and 2015:

(in millions)	Three Months Ended June 30, 2016			
	Debt	Equity	Warrants	Total
Collateral Based Impairments	\$ (14.0)	\$	\$ (0.1)	\$ (14.1)

\* Level 1 assets are generally equities listed in active markets and level 2 assets are generally warrants held in a public company. Observable market prices are typically the primary input in valuing level 1 and 2 assets. Level 3 asset valuations require inputs that are both significant and unobservable. Generally, level 3 assets are debt investments and warrants and equities held in a private company. See Note 2 to the financial statements discussing ASC Topic 820 ( Fair Value Measurements ).

During the six months ended June 30, 2016, we recorded approximately \$15.2 million of net unrealized depreciation, of which \$14.9 million was net unrealized depreciation from our debt, equity and warrant investments. Approximately \$2.0 million was attributed to net unrealized depreciation on our debt investments which was primarily related to \$20.6 million unrealized depreciation for collateral based impairments on ten portfolio companies offset by the reversal of \$12.2 million unrealized depreciation upon payoff or settling of our debt investments and the reversal of \$5.7 million unrealized depreciation for prior period collateral based impairments on four portfolio companies. Approximately \$12.5 million was attributed to net unrealized depreciation on our equity investments which primarily relates to \$10.5 million unrealized depreciation on our public equity portfolio with the largest concentration in our investment in Box, Inc. and \$2.1 million of unrealized depreciation on our private portfolio companies related to portfolio company performance. Approximately \$455,000 was attributed to net unrealized depreciation on our warrant investments primarily related to our public warrant portfolio.

Net unrealized depreciation was increased by \$296,000 as a result of increased estimated taxes payable for the six months ended June 30, 2016.

Net unrealized depreciation was offset by \$32,000 as a result of net depreciation of fair value on the pool of warrants collateralized under the warrant participation agreement and a decrease in the liability for the acquisition proceeds received on our Ping Identity Corporation equity

investment, which had been exercised from warrants that were included in the collateral pool, during the six months ended June 30, 2016.

**Table of Contents****Index to Financial Statements**

During the six months ended June 30, 2015, we recorded approximately \$7.2 million of net unrealized depreciation, of which \$7.7 million was net unrealized depreciation from our debt, equity and warrant investments. Approximately \$4.9 million was attributed to net unrealized depreciation on our debt investments which was primarily related to \$9.2 million unrealized depreciation for collateral based impairments on eleven portfolio companies offset by the reversal of \$2.4 million unrealized depreciation for prior period collateral based impairments on two portfolio companies. Approximately \$4.7 million was attributed to net unrealized depreciation on our equity investments which primarily related to the reversal of \$3.7 million of prior period net unrealized appreciation upon being realized as a gain for our sale of shares of Cembra, Inc. Celladon Corporation, Everyday Health, and Identiv, Inc. as discussed above.

This unrealized depreciation was offset by approximately \$1.9 million of net unrealized appreciation on our warrant investments which primarily related to the reversal of approximately \$1.9 million of unrealized depreciation upon being realized as a loss due to the liquidation of our warrant investments in nine portfolio companies.

Net unrealized depreciation was offset by \$598,000 as a result of decreased estimated taxes payable for the six months ended June 30, 2015.

Net unrealized depreciation increased by \$7,000 as a result of net appreciation of fair value on the pool of warrants collateralized under the warrant participation agreement during the six months ended June 30, 2015.

The following table summarizes the change in net unrealized appreciation (depreciation) in the investment portfolio by category, excluding net unrealized appreciation (depreciation) on taxes payable, escrow receivables and Citigroup warrant participation, for the six months ended June 30, 2016 and 2015:

(in millions)	Six Months Ended June 30, 2016

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Level 1 assets are generally equities listed in active markets and level 2 assets are generally warrants held in a public company. Observable market prices are typically the primary input in valuing level 1 and 2 assets. Level 3 asset valuations require inputs that are both significant and unobservable. Generally, level 3 assets are debt investments and warrants and equities held in a private company. See Note 2 to the financial statements discussing ASC Topic 820 ( Fair Value Measurements ).

**Table of Contents****Index to Financial Statements*****Income and Excise Taxes***

We account for income taxes in accordance with the provisions of Topic 740 of the Financial Accounting Standards Board's (FASB's) Accounting Standards Codification, as amended (ASC), Income Taxes, under which income taxes are provided for amounts currently payable and for amounts deferred based upon the estimated future tax effects of differences between the financial statement and tax basis of assets and liabilities given the provisions of the enacted tax law. Valuation allowances may be used to reduce deferred tax assets to the amount likely to be realized. Based upon our previous election and anticipated continued qualification to be subject to taxation as a RIC, we are typically not subject to a material level of federal income taxes. We intend to distribute approximately \$8.2 million of spillover earnings from ordinary income from the year ended December 31, 2015 to our stockholders in 2016.

***Net Increase in Net Assets Resulting from Operations and Earnings Per Share***

For the three months ended June 30, 2016 and 2015, the net increase in net assets resulting from operations totaled approximately \$9.5 million and approximately \$2.8 million, respectively. For the six months ended June 30, 2016 and 2015, the net increase in net assets resulting from operations totaled approximately \$23.8 million and approximately \$24.7 million, respectively.

Both the basic and fully diluted net change in net assets per common share were \$0.13 per share and \$0.32 per share, respectively, for the three and six months ended June 30, 2016 and both the basic and fully diluted net change in net assets per common share for the three and six months ended June 30, 2015 were \$0.03 per share and \$0.35 per share, respectively.

For the purpose of calculating diluted earnings per share for three and six months ended June 30, 2015, the dilutive effect of the Convertible Senior Notes under the treasury stock method was included in this calculation as our share price was greater than the conversion price in effect (\$11.21 as of June 30, 2015) for the Convertible Senior Notes for such periods. The Convertible Senior Notes were fully settled on or before their contractual maturity date of April 15, 2016, as such there is no potential additional dilutive effect for the three and six months ended June 30, 2016.

**Comparison of periods ended December 31, 2015 and 2014*****Investment Income******Interest Income***

Total investment income for the year ended December 31, 2015 was approximately \$157.1 million as compared to approximately \$143.7 million for the year ended December 31, 2014.

Interest income for the year ended December 31, 2015 totaled approximately \$140.3 million as compared to approximately \$126.6 million for the year ended December 31, 2014. The increase in interest income for the year ended December 31, 2015 as compared to the year ended December 31, 2014 is primarily attributable to debt investment portfolio growth, specifically an increase in the weighted average principal outstanding between the periods.

Of the \$140.3 million in interest income for the year ended December 31, 2015, approximately \$130.4 million represents recurring income from the contractual servicing of our loan portfolio and approximately \$9.9 million represents income related to the acceleration of income due to early loan repayments and other one-time events during the period. Income from recurring interest and the acceleration of interest income due to early loan repayments represented \$106.8 million and \$19.8 million, respectively, of the \$126.6 million interest income for the year ended December 31, 2014.

**Table of Contents****Index to Financial Statements**

The following table shows the PIK-related activity, for the years ended December 31, 2015 and 2014, at cost:

(in thousands)	Year Ended December 31,	
	2015	2014
<b>Beginning PIK loan balance</b>	\$ 6,250	\$ 5,603
PIK interest income during the period	4,658	3,346
Payments received from PIK loans	(5,483)	(2,699)
Realized loss	(276)	
<b>Ending PIK loan balance</b>	\$ 5,149	\$ 6,250

The increase in payments received from PIK loans and the increase in PIK interest capitalized during the year ended December 31, 2015 as compared to the year ended December 31, 2014 is due to an increase in the weighted average principal outstanding for loans which bear PIK interest and the number of PIK loans which paid-off during the period.

*Fee Income*

Income from commitment, facility and loan related fees for the year ended December 31, 2015 totaled approximately \$16.9 million as compared to approximately \$17.0 million for the year ended December 31, 2014. The decrease in fee income is primarily attributable to the acceleration of early loan repayments and restructures, slightly offset by an increase in normal fee amortization due to a higher weighted average debt investment portfolio outstanding during the period.

Of the \$16.9 million in income from commitment, facility and loan related fees for the year ended December 31, 2015, approximately \$5.8 million represents income from recurring fee amortization and approximately \$11.1 million represents income related to the acceleration of unamortized fees for the period. Income from recurring fee amortization and the acceleration of unamortized fees due to early loan repayments represented \$5.2 million and \$11.8 million, respectively, of the \$17.0 million income for the year ended December 31, 2014.

In certain investment transactions, we may earn income from advisory services; however, we had no income from advisory services in the years ended December 31, 2015 and 2014, respectively.

*Operating Expenses*

Our operating expenses are comprised of interest and fees on our borrowings, general and administrative expenses and employee compensation and benefits. Operating expenses totaled approximately \$83.6 million and \$70.3 million during the years ended December 31, 2015 and 2014, respectively.

*Interest and Fees on our Borrowings*

Interest and fees on our borrowings totaled approximately \$36.9 million and \$34.0 million for the years ended December 31, 2015 and 2014, respectively. Interest and fee expense for the year ended December 31, 2015 as compared to December 31, 2014 increased primarily due to higher weighted average principal balances outstanding on our Asset Backed Notes, Credit Facilities, 2019 Notes and 2024 Notes (together with the 2019 Notes, the Baby Bonds), slightly offset by a reduction in weighted average principal balances outstanding on our SBA debentures, Convertible Senior Notes and lower debt issuance cost amortization related to our Convertible Senior Notes and Asset Backed Notes.

We had a weighted average cost of debt, comprised of interest and fees and loss on debt extinguishment (long-term liabilities convertible senior notes), of approximately 6.0% and 6.6% for the years ended

## **Table of Contents**

### **Index to Financial Statements**

December 31, 2015 and 2014, respectively. The decrease between comparative periods was primarily driven by a reduction in the weighted average principal outstanding on our higher yielding debt instruments and a reduction in non-cash acceleration of debt issuance costs related to our SBA Debentures, Convertible Senior Notes and Asset Backed Notes as compared to the prior period, slightly offset by non-cash accelerations of debt issuance costs due to early pay downs on our Baby Bonds.

#### *General and Administrative Expenses*

General and administrative expenses include legal fees, consulting fees, accounting fees, printer fees, insurance premiums, rent, expenses associated with the workout of underperforming investments and various other expenses. Our general and administrative expenses increased to \$16.7 million from \$10.2 million for the years ended December 31, 2015 and 2014, respectively. This increase was primarily due to increased recruiting costs related to strategic hiring objectives, corporate legal expenses and outside consulting services.

#### *Employee Compensation*

Employee compensation and benefits totaled approximately \$20.7 million for the year ended December 31, 2015 as compared to approximately \$16.6 million for the year ended December 31, 2014. The increase between comparative periods was primarily due to changes in variable incentive compensation.

Employee stock-based compensation totaled approximately \$9.4 million for the year ended December 31, 2015 as compared to approximately \$9.6 million for the year ended December 31, 2014. The decrease between comparative periods was primarily due to new grants issued related to incentive compensation and strategic hiring objectives, slightly offset by vesting and forfeitures.

#### *Loss on Extinguishment of Convertible Senior Notes*

Upon meeting the stock trading price conversion requirement during the three months ended June 30, 2014, September 30, 2014 and December 31, 2014, the Convertible Senior Notes became convertible on July 1, 2014 and continued to be convertible during each of the three months ended September 30, 2014, December 31, 2014 and March 31, 2015, respectively. During this period and as of December 31, 2015, holders of approximately \$57.4 million of our Convertible Senior Notes have exercised their conversion rights and these Convertible Senior Notes were settled with a combination of cash equal to the outstanding principal amount of the Convertible Senior Notes and approximately 1.5 million shares of the Company's common stock, or \$24.3 million.

We recorded a loss on extinguishment of debt for the proportionate amount of unamortized debt issuance costs and OID. The loss was partially offset by a gain in the amount of the difference between the outstanding principal balance of the converted notes and the fair value of the debt instrument. The net loss on extinguishment of debt we recorded for the years ended December 31, 2015 and 2014 was approximately \$1,000 and \$1.6 million, respectively. The loss on extinguishment of debt was classified as a component of net investment income in our Consolidated Statements of Operations.

#### *Net Investment Realized Gains and Losses and Net Unrealized Appreciation and Depreciation*

Realized gains or losses are measured by the difference between the net proceeds from the repayment or sale and the cost basis of an investment without regard to unrealized appreciation or depreciation previously recognized, and includes investments written off during the period, net of recoveries. Net change in unrealized appreciation or depreciation primarily reflects the change in portfolio investment values during the reporting period, including the reversal of previously recorded unrealized appreciation or depreciation when gains or losses are realized.

**Table of Contents****Index to Financial Statements**

A summary of realized gains and losses for the years ended December 31, 2015 and 2014 is as follows:

(in thousands)	Year Ended December 31,	
	2015	2014
Realized gains	\$ 12,677	\$ 24,027
Realized losses	(7,530)	(3,915)
<b>Net realized gains</b>	<b>\$ 5,147</b>	<b>\$ 20,112</b>

During the year ended December 31, 2015, we recognized net realized gains of approximately \$5.1 million on the portfolio. These net realized gains included gross realized gains of approximately \$12.6 million from the sale of investments in seven portfolio companies, including Box, Inc. (\$3.2 million), Atrenta, Inc. (\$2.6 million), Cempra, Inc. (\$2.0 million), Celladon Corporation (\$1.4 million), Egalet Corporation (\$652,000), Everyday Health, Inc. (\$387,000) and Identiv, Inc. (\$304,000), and \$1.5 million from subsequent recoveries received on two previously written-off debt investments. These gains were partially offset by gross realized losses of approximately \$7.5 million primarily from the liquidation or write off of our investments in sixteen portfolio companies.

During the year ended December 31, 2014, we recognized net realized gains of approximately \$20.1 million on the portfolio. These net realized gains included gross realized gains of approximately \$24.0 million primarily from the sale of investments in seven portfolio companies including Acceleron Pharma, Inc., (\$7.9 million), Merrimack Pharmaceuticals, Inc., (\$4.3 million), Neuralstem, Inc., (\$2.7 million), IPA Holdings, LLC., (\$1.5 million), Cell Therapeutics, Inc., (\$1.3 million), Trulia, Inc. (\$1.0 million), and Portola Pharmaceuticals, Inc. (\$700,000). These gains were partially offset by gross realized losses of approximately \$3.9 million primarily from the liquidation of our investments in fifteen portfolio companies.

The net unrealized appreciation and depreciation of our investments is based on the fair value of each investment determined in good faith by our Board of Directors. The following table summarizes the change in net unrealized appreciation/depreciation of investments for the years ended December 31, 2015 and 2014:

(in thousands)	Year Ended December 31,	
	2015	2014
Gross unrealized appreciation on portfolio investments	\$ 78,991	\$ 72,968
Gross unrealized depreciation on portfolio investments	(111,926)	(79,412)
Reversal of prior period net unrealized appreciation upon a realization event	(8,707)	(15,335)
Reversal of prior period net unrealized depreciation upon a realization event	4,599	3,182
Net unrealized appreciation (depreciation) attributable to taxes payable	1,322	(1,882)
Net unrealized depreciation on escrow receivables		(465)
Citigroup warrant participation	(11)	270
<b>Net unrealized appreciation (depreciation) on portfolio investments</b>	<b>\$ (35,732)</b>	<b>\$ (20,674)</b>

During the year ended December 31, 2015, we recorded approximately \$35.7 million of net unrealized depreciation, of which \$37.1 million is net unrealized depreciation from our debt, equity and warrant investments. Of the \$37.1 million, approximately \$14.0 million is attributed to net unrealized depreciation on our debt investments which primarily related to \$20.4 million unrealized depreciation for collateral based impairments on ten portfolio companies offset by the reversal of collateral based impairments of \$5.6 on three portfolio companies. Approximately \$19.1 million is attributed to net unrealized depreciation on our equity investments which primarily relates to approximately \$11.4 million unrealized depreciation on our public equity portfolio with the largest concentration in our investment in Box, Inc. and the reversal of \$7.8 million of prior period net unrealized appreciation upon being realized as a gain for our sale of shares of Box, Inc., Atrenta, Inc.,

**Table of Contents**

**Index to Financial Statements**

Cempra, Inc. Celladon Corporation, Egalet Corporation, Everyday Health, and Identiv, Inc. as discussed above. Finally, approximately \$4.0 million is attributed to net unrealized depreciation on our warrant investments which primarily related to \$6.0 million of unrealized depreciation on our private portfolio companies related to declining industry performance offset by the reversal of \$3.2 million of prior period net unrealized depreciation upon being realized as a loss on the liquidation of our investments in thirteen portfolio companies.

Net unrealized depreciation was offset by approximately \$1.3 million as a result of decreased estimated taxes payable for the year ended December 31, 2015.

Net unrealized depreciation increased by approximately \$11,000 due to appreciation of fair value on the pool of warrants collateralized under the warrant participation agreement offset by a decrease in the liability for the acquisition proceeds we received on our Atrenta, Inc. equity investment, which had been exercised from warrants that were included in the collateral pool.

During the year ended December 31, 2014, we recorded approximately \$20.7 million of net unrealized depreciation, of which \$18.6 million is net unrealized depreciation from our debt, equity and warrant investments. Of the \$18.6 million, approximately \$14.2 million is attributed to net unrealized depreciation on our debt investments which primarily related to \$23.2 million unrealized depreciation for collateral based impairments on 12 portfolio companies offset by the reversal of collateral based impairments of \$4.1 million on two portfolio companies. Approximately \$15.8 million is attributed to net unrealized depreciation on our warrant investments which primarily related to \$8.3 million of net unrealized depreciation due to the exercise of our warrants in Box, Inc. to equity and \$2.4 million of net unrealized depreciation due to the reversal of prior period net unrealized appreciation upon being realized as a gain. This unrealized depreciation was offset by approximately \$11.4 million attributed to net unrealized appreciation on our equity investments, including approximately \$13.0 million of net unrealized appreciation on Box, Inc., including the exercise of our remaining warrants in Box, Inc. to equity and approximately \$7.7 million of net unrealized appreciation on our public equity portfolio. This was offset by approximately \$12.7 million unrealized depreciation due to reversal of prior period net unrealized appreciation upon being realized as a gain.

Net unrealized appreciation decreased by approximately \$1.9 million as a result of estimated taxes payable for the year ended December 31, 2014.

Net unrealized appreciation further decreased by approximately \$465,000 as a result of reducing escrow receivables for the year ended December 31, 2014 related to merger and acquisition transactions closed on former portfolio companies.

During the year ended December 31, 2014, net unrealized depreciation was offset by approximately \$270,000 due to net depreciation of fair value on the pool of warrants collateralized under the Citigroup warrant participation agreement as a result of the sale of shares in Acceleron Pharma, Inc., Merrimack Pharmaceuticals, Inc., Portola Pharmaceuticals, Inc. and Everyday Health, Inc. that were subject to the Citigroup warrant participation agreement.

**Table of Contents****Index to Financial Statements**

The following table summarizes the change in net unrealized appreciation/(depreciation) in the investment portfolio by investment type, excluding net unrealized appreciation (depreciation) on taxes payable, escrow receivables and Citigroup warrant participation, for the years ended December 31, 2015 and December 31, 2014.

(in millions)	Year Ended December 31, 2015			
	Debt	Equity	Warrants	Total
Collateral based impairments	\$ (20.4)	\$ (0.2)	\$ (0.4)	\$ (21.0)
Reversals of Prior Period Collateral based impairments	5.6		0.4	6.0
Reversals due to Debt Payoffs & Warrant/Equity sales	6.2	(7.8)	3.2	1.6

<b>Total Fair Value Market/Yield Adjustments</b>	<b>4.9</b>	<b>23.1</b>	<b>(2.8)</b>	<b>25.2</b>
<b>Total Unrealized Appreciation/(Depreciation)</b>	<b>\$ (14.2)</b>	<b>\$ 11.4</b>	<b>\$ (15.8)</b>	<b>\$ (18.6)</b>

\* Level 1 assets are generally equities listed in active markets and Level 2 assets are generally warrants held in a public company. Observable market prices are typically the primary input in valuing Level 1 and 2 assets. Level 3 asset valuations require inputs that are both significant and unobservable. Generally, level 3 assets are debt investments and warrants and equities held in a private company. See Note 2 to the financial statements discussing FASB ASC Topic 820.

***Income and Excise Taxes***

We account for income taxes in accordance with the provisions of ASC Topic 740, Income Taxes, under which income taxes are provided for amounts currently payable and for amounts deferred based upon the estimated future tax effects of differences between the financial statement and tax basis of assets and liabilities given the provisions of the enacted tax law. Valuation allowances may be used to reduce deferred tax assets to the amount likely to be realized. Based upon our qualification and election to be subject to taxation as a RIC, we are typically not subject to a material level of federal income taxes. We intend to distribute approximately \$0.2 million of spillover earnings from ordinary income and approximately \$8.0 million from net capital gains from our taxable year ended December 31, 2015 to our stockholders during 2016.

***Net Increase in Net Assets Resulting from Operations and Earnings Per Share***

For the years ended December 31, 2015 and 2014, the net increase in net assets resulting from operations totaled approximately \$42.9 million and approximately \$71.2 million, respectively. These changes are made up of the items previously described.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

The basic and fully diluted net change in net assets per common share for the year ended December 31, 2015 were \$0.60 and \$0.59, respectively, whereas the basic and fully diluted net change in net assets per common share for the year ended December 31, 2014 was \$1.12 and \$1.10, respectively.

---

**Table of Contents****Index to Financial Statements**

For the purpose of calculating diluted earnings per share for years ended December 31, 2015 and 2014, the dilutive effect of the Convertible Senior Notes under the treasury stock method is included in this calculation as our share price was greater than the conversion price of \$11.03 in effect as of December 31, 2015 and \$11.36 as of December 31, 2014 for the Convertible Senior Notes for such periods.

***Financial Condition, Liquidity, and Capital Resources***

Our liquidity and capital resources are derived from our Credit Facilities, SBA debentures, 2019 Notes, 2024 Notes, 2021 Asset-Backed Notes and cash flows from operations, including investment sales and repayments, and income earned. Our primary use of funds from operations includes investments in portfolio companies and payments of fees and other operating expenses we incur. We have used, and expect to continue to use, our borrowings and the proceeds from the turnover of our portfolio and from public and private offerings of securities to finance our investment objectives. We may raise additional equity or debt capital through both registered offerings off a shelf registration, At-The-Market, or ATM, and private offerings of securities, by securitizing a portion of our investments or borrowing, including from the SBA through our SBIC subsidiaries.

On August 16, 2013, we entered into an ATM equity distribution agreement (the Equity Distribution Agreement) with JMP Securities LLC (JMP) and on March 7, 2016 we renewed the Equity Distribution Agreement. The Equity Distribution Agreement provides that we may offer and sell up to 8.0 million shares of our common stock from time to time through JMP, as our sales agent. Sales of our common stock, if any, may be made in negotiated transactions or transactions that are deemed to be at the market, as defined in Rule 415 under the Securities Act including sales made directly on the NYSE or similar securities exchange or sales made to or through a market maker other than on an exchange, at prices related to the prevailing market prices or at negotiated prices.

During the three and six months ended June 30, 2016 we sold 1.0 million and 2.1 million shares of common stock for total accumulated net proceeds of approximately \$11.3 million and \$23.7 million, respectively, including \$420,000 and \$822,000 of offering expenses, respectively. We did not sell any shares under the program during the year ended December 31, 2015. We generally use the net proceeds from these offerings to make investments, repurchase or pay down liabilities and for general corporate purposes. As of June 30, 2016, approximately 5.3 million shares remained available for issuance and sale under the Equity Distribution Agreement.

On February 24, 2015, our Board of Directors authorized a stock repurchase plan permitting us to repurchase up to \$50.0 million of our common stock. This plan expired on August 24, 2015. On August 27, 2015, our Board of Directors authorized a replacement stock repurchase plan permitting us to repurchase up to \$50.0 million of our common stock and on February 17, 2016, our Board of Directors extended the program until August 23, 2016. We may repurchase shares of our common stock in the open market, including block purchases, at prices that may be above or below NAV as reported in the most recently published financial statements. We expect that the share repurchase program will be in effect until August 23, 2016, or until the approved dollar amount has been used to repurchase shares. During the six months ended June 30, 2016 we repurchased 449,588 shares of our common stock at an average price per share of \$10.64 per share and a total cost of approximately \$4.8 million. We did not make any repurchases during the three months ended June 30, 2016. As of June 30, 2016, approximately \$40.6 million of common stock remains eligible for repurchase under the stock repurchase plan.

At the 2015 Annual Meeting of Stockholders on July 7, 2015, our common stockholders approved a proposal to allow us to issue common stock at a discount from our then current NAV per share, which is effective for a period expiring on the earlier of July 7, 2016 or the 2016 annual meeting of stockholders. In connection with the receipt of such stockholder approval, we will limit the number of shares that we issue at a price below NAV pursuant to this authorization so that the aggregate dilutive effect on our then outstanding shares will not exceed 20%. Our Board of Directors, subject to its fiduciary duties and regulatory requirements, has the

---

**Table of Contents**

**Index to Financial Statements**

discretion to determine the amount of the discount, and as a result, the discount could be up to 100% of NAV per share. During the three and six months ended June 30, 2016, we have not issued common stock at a discount to NAV. We did not issue common stock at a discount to NAV during the year ended December 31, 2015.

Our Convertible Senior Notes were fully settled on or before their contractual maturity date of April 15, 2016. Throughout the life of the Convertible Senior Notes, holders of approximately \$74.8 million of our Convertible Senior Notes exercised their conversion rights. These Convertible Senior Notes were settled with a combination of cash equal to the outstanding principal amount of the converted notes and approximately 1.6 million shares of our common stock, or \$24.3 million.

On May 2, 2016, we closed an underwritten public offering of an additional \$72.9 million in aggregate principal amount of our 2024 Notes. The \$72.9 million in aggregate principal amount includes \$65.4 million from the initial offering on April 21, 2016 and \$7.5 million as a result of underwriters exercising a portion of their option to purchase up to an additional \$9.8 million in aggregate principal to cover overallocments on April 29, 2016.

On May 5, 2016, we, through a special purpose wholly-owned subsidiary, Hercules Funding III, LLC ( Hercules Funding III ), as borrower, entered into the Union Bank Facility with MUFG Union Bank, N.A. ( MUFG Union Bank ), as the arranger and administrative agent, and the lenders party to the Union Bank Facility from time to time. The Union Bank Facility replaced our credit facility (the Prior Union Bank Facility ) entered into on August 14, 2014 (as amended and restated from time to time) with MUFG Union Bank, as the arranger and administrative agent, and the lenders party to the Prior Union Bank Facility from time to time. Any references to amounts related to the Union Bank Facility prior to May 5, 2016 were incurred and relate to the Prior Union Bank Facility.

On June 27, 2016, we closed an underwritten public offering of an additional \$60.0 million in aggregate principal amount of the 2024 Notes. On June 30, 2016, the underwriters exercised their option to purchase up to an additional \$9.0 million in aggregate principal to cover overallocments, resulting in total aggregate principal of \$69.0 million from the offering. The 2024 Notes rank equally in right of payment and form a single series of notes. The 2024 Notes will bear interest at a rate of 6.25% per year payable quarterly on January 30, April 30, July 30 and October 30, of each year, beginning July 30, 2016. We intend to invest the net proceeds of these public offerings to fund investments in debt and equity securities in accordance with its investment objective and for other general corporate purposes.

At June 30, 2016, we had \$110.4 million of 2019 Notes, \$244.9 million of 2024 Notes, \$129.3 million of 2021 Asset-Backed Notes, and \$190.2 million of SBA debentures payable. We had no borrowings outstanding under the Wells Facility or the Union Bank Facility.

At June 30, 2016, we had \$254.7 million in available liquidity, including \$59.7 million in cash and cash equivalents. We had available borrowing capacity of approximately \$120.0 million under the Wells Facility after the March 2016 expansion of the available facility to \$120.0 million and we had available borrowing capacity of \$75.0 million under the Union Bank Facility, subject to existing terms and advance rates and regulatory requirements. We primarily invest cash on hand in interest bearing deposit accounts.

At June 30, 2016, we had \$118.5 million of cash in restricted accounts related to our SBIC that we may use to fund new investments in the SBIC. With our net investments of \$44.0 million and \$74.5 million in HT II and HT III, respectively, we have the combined capacity to issue a total of \$190.2 million of SBA guaranteed debentures, subject to SBA approval. At June 30, 2016, we have issued \$190.2 million in SBA guaranteed debentures in our SBIC subsidiaries.

At June 30, 2016, we had approximately \$3.6 million of restricted cash, which consists of collections of interest and principal payments on assets that are securitized. In accordance with the terms of the related

**Table of Contents**

**Index to Financial Statements**

securitized 2021 Asset-Backed Notes, based on current characteristics of the securitized debt investment portfolios, the restricted funds may be used to pay monthly interest and principal on the securitized debt and are not distributed to us or available for our general operations. During the six months ended June 30, 2016, we principally funded our operations from (i) cash receipts from interest, dividend and fee income from our investment portfolio and (ii) cash proceeds from the realization of portfolio investments through the repayments of debt investments and the sale of debt and equity investments.

During the six months ended June 30, 2016, our operating activities used \$81.9 million of cash and cash equivalents, compared to \$180.4 million used during the six months ended June 30, 2015. This \$98.5 million decrease in cash used by operating activities is primarily related to a decrease in investment purchases of approximately \$42.7 million and an increase in investment repayments of \$67.1 million.

During the six months ended June 30, 2016, our investing activities provided approximately \$5.4 million of cash, compared to approximately \$770,000 provided during the six months ended June 30, 2015. This \$4.7 million increase in cash provided by investing activities was primarily due to a reduction of approximately \$4.7 million in cash, classified as restricted cash, on assets that are securitized.

During the six months ended June 30, 2016, our financing activities provided \$41.0 million of cash, compared to \$68.5 million provided during the six months ended June 30, 2015. The \$27.5 million decrease in cash provided by financing activities was primarily due to a decrease in proceeds generated from the issuance of common stock of \$76.4 million and the repayment of borrowings under the Wells Facility and redemption of our Convertible Notes. The decrease was partially offset by proceeds received from the issuance of \$141.9 million of 2024 Notes during the three and six months ended June 30, 2016.

As of June 30, 2016, net assets totaled \$717.8 million, with a NAV per share of \$9.66. We intend to generate additional cash primarily from cash flows from operations, including income earned from investments in our portfolio companies. Our primary use of funds will be investments in portfolio companies and cash distributions to holders of our common stock.

As required by the 1940 Act, our asset coverage must be at least 200% after each issuance of senior securities. As of June 30, 2016 our asset coverage ratio under our regulatory requirements as a business development company was 248.1% excluding our SBA debentures as a result of our exemptive order from the SEC that allows us to exclude all SBA leverage from our asset coverage ratio. As a result of the SEC exemptive order, our ratio of total assets on a consolidated basis to outstanding indebtedness may be less than 200%, which while providing increased investment flexibility, also may increase our exposure to risks associated with leverage. Total leverage when including our SBA debentures was 206.4% at June 30, 2016.

**Table of Contents****Index to Financial Statements*****Outstanding Borrowings***

At June 30, 2016 and December 31, 2015, we had the following available borrowings and outstanding amounts:

(in thousands)	June 30, 2016			December 31, 2015		
	Total Available	Principal	Carrying Value <sup>(1)</sup>	Total Available	Principal	Carrying Value <sup>(1)</sup>
SBA Debentures <sup>(2)</sup>	\$ 190,200	\$ 190,200	\$ 187,165	\$ 190,200	\$ 190,200	\$ 186,829
2019 Notes	110,364	110,364	108,499	110,364	110,364	108,179
2024 Notes	244,945	244,945	237,570	103,000	103,000	100,128
2021 Asset-Backed Notes	129,300	129,300	127,461	129,300	129,300	126,995
Convertible Senior Notes <sup>(3)</sup>				17,604	17,604	17,478
Wells Facility <sup>(4)</sup>	120,000			75,000	50,000	50,000
Union Bank Facility <sup>(4)</sup>	75,000			75,000		
<b>Total</b>	<b>\$ 869,809</b>	<b>\$ 674,809</b>	<b>\$ 660,695</b>	<b>\$ 700,468</b>	<b>\$ 600,468</b>	<b>\$ 589,609</b>

- (1) Except for the Wells Facility and Union Bank Facility, all carrying values represent the principal amount outstanding less the remaining unamortized debt issuance costs and unaccreted discount, if any, associated with the loan as of the balance sheet date. See below for the amount of debt issuance cost associated with each borrowing.
- (2) At both June 30, 2016 and December 31, 2015, the total available borrowings under the SBA debentures were \$190.2 million, of which \$41.2 million was available in HT II and \$149.0 million was available in HT III.
- (3) The Convertible Senior Notes were fully settled on or before their contractual maturity date of April 15, 2016.
- (4) Availability subject to us meeting the borrowing base requirements. As the Union Bank Facility was replaced on May 5, 2016, amounts included above prior to May 5, 2016 relate to the Prior Union Bank Facility.

Our NAV may decline as a result of economic conditions in the United States. Our continued compliance with the covenants under our Credit Facilities, 2019 Notes, 2024 Notes, 2021 Asset-Backed Notes and SBA debentures depend on many factors, some of which are beyond our control. Material net asset devaluation could have a material adverse effect on our operations and could require us to reduce our borrowings in order to comply with certain covenants, including the ratio of total assets to total indebtedness. We believe that our current cash and cash equivalents, cash generated from operations, and funds available from our Credit Facilities will be sufficient to meet our working capital and capital expenditure commitments for at least the next 12 months.

Debt issuance costs are fees and other direct incremental costs we incur in obtaining debt financing and are recognized as prepaid expenses and amortized over the life of the related debt instrument using the straight line method, which closely approximates the effective yield method. In accordance with Accounting Standards Update ( ASU ) 2015-03 and ASU 2015-15 debt issuance costs are presented as a reduction to the associated liability balance on the Consolidated Statement of Assets and Liabilities, except for debt issuance costs associated with line-of-credit arrangements. Debt issuance costs, net of accumulated amortization, as of June 30, 2016 and December 31, 2015 were as follows:

(in thousands)	June 30, 2016	December 31, 2015
SBA Debentures	\$ 3,035	\$ 3,371
2019 Notes	1,865	2,185
2024 Notes	7,375	2,872
2021 Asset-Backed Notes	1,839	2,305
Convertible Senior Notes		44
Wells Facility <sup>(1)</sup>	723	669
Union Bank Facility <sup>(1)</sup>	984	229
<b>Total</b>	<b>\$ 15,821</b>	<b>\$ 11,675</b>

- (1) As the Wells Facility and Union Bank Facility are line-of-credit arrangements, the debt issuance costs associated with these instruments are presented separately as an asset on the Consolidated Statement of Assets and Liabilities in accordance with ASU 2015-15. As the Union Bank Facility was replaced on May 5, 2016, amounts included above prior to May 5, 2016 relate to the Prior Union Bank Facility.

## **Table of Contents**

### **Index to Financial Statements**

As of January 1, 2016, we adopted ASU 2015-03 *Simplifying the Presentation of Debt Issuance Costs* and ASU 2015-15 *Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements*, which require debt issuance costs to be presented in the balance sheet as a direct deduction from the associated debt liability, except for debt issuance costs associated with line-of-credit arrangements. Adoption of these standards results in the reclassification of debt issuance costs from Other Assets and the presentation of our SBA Debentures, 2019 Notes, 2024 Notes, 2021 Asset-Backed Notes, and Convertible Senior Notes net of the associated debt issuance costs for each instrument in the liabilities section on the Consolidated Statement of Assets and Liabilities. There is no impact to the Consolidated Statement of Operations. In addition, there is no change to the presentation of the Wells Facility or Union Bank Facility as debt issuance costs are presented separately as an asset on the Consolidated Statement of Assets and Liabilities. Refer to [Critical Accounting Policies](#).

Refer to [Note 4 Borrowings](#) included in the notes to our consolidated financial statements appearing elsewhere in this prospectus for a discussion of the contract terms, interest expense, and fees associated with each outstanding borrowing as of and for the three and six months ended June 30, 2016.

### **Commitments**

In the normal course of business, we are party to financial instruments with off-balance sheet risk. These consist primarily of unfunded contractual commitments to extend credit, in the form of loans, to our portfolio companies. Unfunded contractual commitments to provide funds to portfolio companies are not reflected on our balance sheet. Our unfunded contractual commitments may be significant from time to time. A portion of these unfunded contractual commitments are dependent upon the portfolio company reaching certain milestones before the debt commitment becomes available. Furthermore, our credit agreements contain customary lending provisions which allow us relief from funding obligations for previously made commitments in instances where the underlying company experiences materially adverse events that affect the financial condition or business outlook for the company. These commitments will be subject to the same underwriting and ongoing portfolio maintenance as are the on-balance sheet financial instruments that we hold. Since these commitments may expire without being drawn upon, the total commitment amount does not necessarily represent future cash requirements. As such, our disclosure of unfunded contractual commitments includes only those which are available at the request of the portfolio company and unencumbered by milestones.

At June 30, 2016, we had approximately \$71.2 million of unfunded commitments, including undrawn revolving facilities, which were available at the request of the portfolio company and unencumbered by milestones. We intend to use cash flow from normal and early principal repayments, and proceeds from borrowings and notes to fund these commitments.

We also had approximately \$115.0 million of non-binding term sheets outstanding to three new and existing companies, which generally convert to contractual commitments within approximately 90 days of signing. Non-binding outstanding term sheets are subject to completion of our due diligence and final investment committee approval process, as well as the negotiation of definitive documentation with the prospective portfolio companies. Not all non-binding term sheets are expected to close and do not necessarily represent future cash requirements.

The fair value of our unfunded commitments are considered to be immaterial as the yield determined at the time of underwriting is expected to be materially consistent with the yield upon funding, given that interest rates are generally pegged to a market indices and given the existence of milestones, conditions and/or obligations imbedded in the borrowing agreements.

**Table of Contents****Index to Financial Statements**

As of June 30, 2016, our unfunded contractual commitments available at the request of the portfolio company, including undrawn revolving facilities, and unencumbered by milestones are as follows:

(in thousands)	
Portfolio Company	Unfunded Commitments <sup>(1)</sup>
Paratek Pharmaceuticals, Inc.	\$ 20,000
NewVoiceMedia Limited	15,000
Aquantia Corp.	11,500
Bellicum Pharmaceuticals, Inc.	5,000
Genocea Biosciences, Inc.	5,000
Druva, Inc.	5,000
Flowonix Medical	5,000
Quanterix Corporation	3,000
Achronix Semiconductor Corporation	1,657
<b>Total</b>	<b>\$ 71,157</b>

(1) Amount represents unfunded commitments, including undrawn revolving facilities, which are available at the request of the portfolio company. Amount excludes unfunded commitments which are unavailable due to the borrower having not met certain milestones.

**Contractual Obligations**

The following table shows our contractual obligations as of June 30, 2016:

Contractual Obligations <sup>(1)(2)</sup>	Total	Payments due by period (in thousands)			After 5 years
		Less than 1 year	1 - 3 years	3 - 5 years	
Borrowings <sup>(3)(4)</sup>	\$ 674,809	\$ 1,628	\$ 212,189	\$ 107,425	\$ 355,195
Operating Lease Obligations <sup>(5)</sup>	4,071	1,628	2,266	177	
<b>Total</b>	<b>\$ 678,880</b>	<b>\$ 1,628</b>	<b>\$ 214,455</b>	<b>\$ 107,602</b>	<b>\$ 355,195</b>

(1) Excludes commitments to extend credit to our portfolio companies.

(2) We also have a warrant participation agreement with Citigroup. See Note 4 to our consolidated financial statements.

(3) Includes \$190.2 million in principal outstanding under the SBA debentures, \$110.4 million of the 2019 Notes, \$244.9 million of the 2024 Notes, and \$129.3 million of the 2021 Asset-Backed Notes as of June 30, 2016.

(4) Amounts represent future principal repayments and not the carrying value of each liability. See Note 4 to our consolidated financial statements.

(5) Long-term facility leases.

Certain premises are leased under agreements which expire at various dates through March 2020. Total rent expense amounted to approximately \$436,000 and \$872,000 during the three and six months ended June 30, 2016, respectively. Total rent expense amounted to approximately \$409,000 and \$818,000 during the same periods ended June 30, 2015.

**Indemnification Agreements**

We have entered into indemnification agreements with our directors. The indemnification agreements are intended to provide our directors the maximum indemnification permitted under Maryland law and the 1940 Act. Each indemnification agreement provides that we shall indemnify

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

the director who is a party to the agreement, or an Indemnitee, including the advancement of legal expenses, if, by reason of his or her corporate status, the Indemnitee is, or is threatened to be, made a party to or a witness in any threatened, pending, or completed proceeding, to the maximum extent permitted by Maryland law and the 1940 Act.

We and our executives and directors are covered by Directors and Officers Insurance, with the directors and officers being indemnified by us to the maximum extent permitted by Maryland law subject to the restrictions in the 1940 Act.

**Table of Contents****Index to Financial Statements****Borrowings***Long-Term SBA Debentures*

On September 27, 2006, HT II received a license to operate as a SBIC under the SBIC program and is able to borrow funds from the SBA against eligible investments and additional contributions to regulatory capital. Under the Small Business Investment Company Act and current SBA policy applicable to SBICs, a SBIC can have outstanding at any time SBA guaranteed debentures up to twice the amount of its regulatory capital. With the Company's net investment of \$44.0 million in HT II as of June 30, 2016, HT II has the capacity to issue a total of \$41.2 million of SBA guaranteed debentures, subject to SBA approval, of which \$41.2 million was outstanding as of June 30, 2016. As of June 30, 2016, HT II has paid the SBA commitment fees and facility fees of approximately \$1.5 million and \$3.6 million, respectively. As of June 30, 2016 the Company held investments in HT II in 35 companies with a fair value of approximately \$85.7 million, accounting for approximately 6.6% of the Company's total portfolio at June 30, 2016. HT II held approximately \$112.9 million in assets and accounted for approximately 6.6% of the Company's total assets prior to consolidation at June 30, 2016.

On May 26, 2010, HT III received a license to operate as a SBIC under the SBIC program and is able to borrow funds from the SBA against eligible investments and additional contributions to regulatory capital. With the Company's net investment of \$74.5 million in HT III as of June 30, 2016, HT III has the capacity to issue a total of \$149.0 million of SBA guaranteed debentures, of which \$149.0 million was outstanding as of June 30, 2016. As of June 30, 2016, HT III has paid the SBA commitment fees and facility fees of approximately \$1.5 million and \$3.6 million, respectively. As of June 30, 2016, the Company held investments in HT III in 51 companies with a fair value of approximately \$257.3 million, accounting for approximately 19.7% of the Company's total portfolio at June 30, 2016. HT III held approximately \$286.3 million in assets and accounted for approximately 16.7% of the Company's total assets prior to consolidation at June 30, 2016.

SBICs are designed to stimulate the flow of private equity capital to eligible small businesses. Under present SBA regulations, eligible small businesses include businesses that have a tangible net worth not exceeding \$19.5 million and have average annual fully taxed net income not exceeding \$6.5 million for the two most recent fiscal years. In addition, SBICs must devote 25.0% of its investment activity to smaller enterprises as defined by the SBA. A smaller enterprise is one that has a tangible net worth not exceeding \$6.0 million and has average annual fully taxed net income not exceeding \$2.0 million for the two most recent fiscal years. SBA regulations also provide alternative size standard criteria to determine eligibility, which depend on the industry in which the business is engaged and are based on such factors as the number of employees and gross sales. According to SBA regulations, SBICs may make long-term loans to small businesses, invest in the equity securities of such businesses and provide them with consulting and advisory services. Through the Company's wholly owned subsidiaries HT II and HT III, the Company plans to provide long-term loans to qualifying small businesses, and in connection therewith, make equity investments.

HT II and HT III are periodically examined and audited by the SBA's staff to determine their compliance with SBA regulations. If HT II or HT III fails to comply with applicable SBA regulations, the SBA could, depending on the severity of the violation, limit or prohibit HT II's or HT III's use of debentures, declare outstanding debentures immediately due and payable, and/or limit HT II or HT III from making new investments. In addition, HT II or HT III may also be limited in their ability to make distributions to the Company if they do not have sufficient capital in accordance with SBA regulations. Such actions by the SBA would, in turn, negatively affect the Company because HT II and HT III are the Company's wholly owned subsidiaries. HT II and HT III were in compliance with the terms of the SBIC's leverage as of June 30, 2016 as a result of having sufficient capital as defined under the SBA regulations.

The rates of borrowings under various draws from the SBA beginning in March 2009 are set semiannually in March and September and range from 2.25% to 4.62% excluding annual fees. Interest payments on SBA debentures are payable semiannually. There are no principal payments required on these issues prior to maturity and no prepayment penalties. Debentures under the SBA generally mature ten years after being borrowed. Based

**Table of Contents****Index to Financial Statements**

on the initial draw down date of March 2009, the initial maturity of SBA debentures will occur in March 2019. In addition, the SBA charges a fee that is set annually, depending on the Federal fiscal year the leverage commitment was delegated by the SBA, regardless of the date that the leverage was drawn by the SBIC. The annual fees related to HT II debentures that pooled on September 22, 2010 were 0.406% and 0.285%, depending upon the year in which the underlying commitment was closed. The annual fees on other debentures have been set at 0.906%. The annual fees related to HT III debentures that pooled on March 27, 2013 were 0.804%. The annual fees on other debentures have been set at 0.515%. The rates of borrowings on the Company's SBA debentures range from 3.05% to 5.53% when including these annual fees.

The average amount of debentures outstanding for the three months ended June 30, 2016 for HT II was approximately \$41.2 million with an average interest rate of approximately 4.52%. The average amount of debentures outstanding for the three months ended June 30, 2016 for HT III was approximately \$149.0 million with an average interest rate of approximately 3.43%. The average amount of debentures outstanding for the six months ended June 30, 2016 for HT II was approximately \$41.2 million with an average interest rate of approximately 4.52%. The average amount of debentures outstanding for the six months ended June 30, 2016 for HT III was approximately \$149.0 million with an average interest rate of approximately 3.43%.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the SBA debentures are as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015

**Table of Contents****Index to Financial Statements***2019 Notes*

On March 6, 2012, the Company and U.S. Bank National Association (the 2019 Trustee ) entered into an indenture (the Base Indenture ). On April 17, 2012, the Company and the 2019 Trustee entered into the First Supplemental Indenture to the Base Indenture (the First Supplemental Indenture ), dated April 17, 2012, relating to the Company's issuance, offer and sale of \$43.0 million aggregate principal amount of 7.00% notes due 2019 (the April 2019 Notes ).

In July 2012, the Company reopened the Company's April 2019 Notes and issued an additional \$41.5 million in aggregate principal amount of April 2019 Notes, which included the exercise of an over-allotment option, bringing the total amount of the April 2019 Notes issued to approximately \$84.5 million in aggregate principal amount.

On September 24, 2012, the Company and the 2019 Trustee, entered into the Second Supplemental Indenture to the Base Indenture (the Second Supplemental Indenture ), dated as of September 24, 2012, relating to the Company's issuance, offer and sale of \$75.0 million aggregate principal amount of 7.00% notes due 2019 (the September 2019 Notes ).

In October 2012, the underwriters exercised their over-allotment option for an additional \$10.9 million of the September 2019 Notes, bringing the total amount of the September 2019 Notes issued to approximately \$85.9 million in aggregate principal outstanding.

In April 2015, the Company redeemed \$20.0 million of the \$84.5 million issued and outstanding aggregate principal amount of April 2019 Notes, as previously approved by the Board of Directors. In December 2015 the Company redeemed \$40.0 million of the \$85.9 million issued and outstanding aggregate principal amount of September 2019 Notes, as previously approved by the Board of Directors.

As of June 30, 2016 and December 31, 2015, the 2019 Notes payable outstanding principal balance consists of:

(in thousands)	June 30, 2016	December 31, 2015
April 2019 Notes	\$ 64,490	\$ 64,490
September 2019 Notes	45,874	45,874
<b>Total 2019 Notes Principal Outstanding</b>	<b>\$ 110,364</b>	<b>\$ 110,364</b>

*April 2019 Notes*

The April 2019 Notes will mature on April 30, 2019 and may be redeemed in whole or in part at the Company's option at any time or from time to time on or after April 30, 2015, upon not less than 30 days nor more than 60 days written notice by mail prior to the date fixed for redemption thereof, at a redemption price of 100% of the outstanding principal amount thereof plus accrued and unpaid interest payments otherwise payable for the then-current quarterly interest period accrued to but not including the date fixed for redemption. The April 2019 Notes bear interest at a rate of 7.00% per year payable quarterly on January 30, April 30, July 30 and October 30 of each year, commencing on July 30, 2012, and trade on the NYSE under the trading symbol HTGZ.

The April 2019 Notes are the Company's direct unsecured obligations and rank: (i) *pari passu* with the Company's other outstanding and future senior unsecured indebtedness; (ii) senior to any of the Company's future indebtedness that expressly provides it is subordinated to the April 2019 Notes; (iii) effectively subordinated to all the Company's existing and future secured indebtedness (including indebtedness that is initially unsecured to which the Company subsequently grant security), to the extent of the value of the assets securing such indebtedness; (iv) structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries.

---

**Table of Contents****Index to Financial Statements**

The Base Indenture, as supplemented by the First Supplemental Indenture, contains certain covenants including covenants requiring the Company's compliance with (regardless of whether it is subject to) the asset coverage requirements set forth in Section 18(a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act to comply with the restrictions on dividends, distributions and purchase of capital stock set forth in Section 18(a)(1)(B) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act and to provide financial information to the holders of the April 2019 Notes and the 2019 Trustee if the Company should no longer be subject to the reporting requirements under the Exchange Act. These covenants are subject to important limitations and exceptions that are described in the Base Indenture, as supplemented by the First Supplemental Indenture. The Base Indenture provides for customary events of default and further provides that the 2019 Trustee or the holders of 25% in aggregate principal amount of the outstanding April 2019 Notes in a series may declare such April 2019 Notes immediately due and payable upon the occurrence of any event of default after expiration of any applicable grace period.

*September 2019 Notes*

The September 2019 Notes will mature on September 30, 2019 and may be redeemed in whole or in part at the Company's option at any time or from time to time on or after September 30, 2015, upon not less than 30 days nor more than 60 days written notice by mail prior to the date fixed for redemption thereof, at a redemption price of 100% of the outstanding principal amount thereof plus accrued and unpaid interest payments otherwise payable for the then-current quarterly interest period accrued to but not including the date fixed for redemption. The September 2019 Notes bear interest at a rate of 7.00% per year payable quarterly on March 30, June 30, September 30 and December 30 of each year, commencing on December 30, 2012, and trade on the NYSE under the trading symbol HTGY.

The September 2019 Notes are the Company's direct unsecured obligations and rank: (i) *pari passu* with the Company's other outstanding and future senior unsecured indebtedness; (ii) senior to any of the Company's future indebtedness that expressly provides it is subordinated to the September 2019 Notes; (iii) effectively subordinated to all the Company's existing and future secured indebtedness (including indebtedness that is initially unsecured to which the Company subsequently grants security), to the extent of the value of the assets securing such indebtedness; (iv) structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries.

The Base Indenture, as supplemented by the Second Supplemental Indenture, contains certain covenants including covenants requiring the Company to comply with (regardless of whether it is subject to) the asset coverage requirements set forth in Section 18(a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act to comply with the restrictions on dividends, distributions and purchase of capital stock set forth in Section 18(a)(1)(B) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act and to provide financial information to the holders of the September 2019 Notes and the 2019 Trustee if the Company should no longer be subject to the reporting requirements under the Exchange Act. These covenants are subject to important limitations and exceptions that are described in the Base Indenture, as supplemented by the Second Supplemental Indenture. The Base Indenture provides for customary events of default and further provides that the 2019 Trustee or the holders of 25% in aggregate principal amount of the outstanding September 2019 Notes in a series may declare such September 2019 Notes immediately due and payable upon the occurrence of any event of default after expiration of any applicable grace period.

**Table of Contents****Index to Financial Statements**

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the April 2019 Notes and September 2019 Notes are as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,

---	----------	----------	----------	----------

As of June 30, 2016, the Company was in compliance with the terms of the Base Indenture, and respective supplemental indentures thereto, governing the April 2019 Notes and September 2019 Notes.

*2024 Notes*

On July 14, 2014, the Company and U.S. Bank, N.A. (the 2024 Trustee ), entered into the Third Supplemental Indenture (the Third Supplemental Indenture ) to the Base Indenture between the Company and the 2024 Trustee, dated July 14, 2014, relating to the Company's issuance, offer and sale of \$100.0 million aggregate principal amount of the 2024 Notes. On August 6, 2014, the underwriters issued notification to exercise their over-allotment option for an additional \$3.0 million in aggregate principal amount of the 2024 Notes.

On May 2, 2016, the Company closed an underwritten public offering of an additional \$72.9 million in aggregate principal amount of the 2024 Notes. The \$72.9 million in aggregate principal amount includes \$65.4 million from the initial offering on April 21, 2016 and \$7.5 million as a result of underwriters exercising a portion of their option to purchase up to an additional \$9.8 million in aggregate principal to cover overallotments on April 29, 2016.

On June 27, 2016, the Company closed an underwritten public offering of an additional \$60.0 million in aggregate principal amount of the 2024 Notes. On June 30, 2016, the underwriters exercised their option to purchase up to an additional \$9.0 million in aggregate principal to cover overallotments, resulting in total aggregate principal of \$69.0 million from the offering.

All issuances of 2024 Notes rank equally in right of payment and form a single series of notes.

The 2024 Notes will mature on July 30, 2024 and may be redeemed in whole or in part at the Company's option at any time or from time to time on or after July 30, 2017, upon not less than 30 days nor more than 60 days written notice by mail prior to the date fixed for redemption thereof, at a redemption price of 100% of the outstanding principal amount thereof plus accrued and unpaid interest payments otherwise payable for the then-current quarterly interest period accrued to but not including the date fixed for redemption. The 2024 Notes bear interest at a rate of 6.25% per year payable quarterly on January 30, April 30, July 30 and October 30 of each year, commencing on July 30, 2014, and trade on the NYSE under the trading symbol HTGX.

The 2024 Notes are the Company's direct unsecured obligations and rank: (i) *pari passu* with the Company's other outstanding and future senior unsecured indebtedness; (ii) senior to any of the Company's future indebtedness that expressly provides it is subordinated to the 2024 Notes; (iii) effectively subordinated to all the Company's existing and future secured indebtedness (including indebtedness that is initially unsecured to which the Company subsequently grants security), to the extent of the value of the assets securing such indebtedness; (iv) structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries.

**Table of Contents****Index to Financial Statements**

The Base Indenture, as supplemented by the Third Supplemental Indenture, contains certain covenants including covenants requiring the Company to comply with (regardless of whether it is subject to) the asset coverage requirements set forth in Section 18(a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act and to comply with the restrictions on dividends, distributions and purchase of capital stock set forth in Section 18(a)(1)(B) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act. These covenants are subject to important limitations and exceptions that are described in the Base Indenture, as supplemented by the Third Supplemental Indenture. The Base Indenture, as supplemented by the Third Supplemental Indenture, also contains certain reporting requirements, including a requirement that the Company provide financial information to the holders of the 2024 Notes and the 2024 Trustee if the Company should no longer be subject to the reporting requirements under the Exchange Act. The Base Indenture provides for customary events of default and further provides that the 2024 Trustee or the holders of 25% in aggregate principal amount of the outstanding 2024 Notes in a series may declare such 2024 Notes immediately due and payable upon the occurrence of any event of default after expiration of any applicable grace period. As of June 30, 2016, the Company was in compliance with the terms of the Base Indenture as supplemented by the Third Supplemental Indenture.

At June 30, 2016 and December 31, 2015, the 2024 Notes had an outstanding principal balance of \$244.9 million and \$103.0 million, respectively.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the 2024 Notes are as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Interest expense	\$ 2,375	\$ 1,609	\$ 3,984	\$ 3,219
Amortization of debt issuance cost (loan fees)	135	83	218	166
<b>Total interest expense and fees</b>	<b>\$ 2,510</b>	<b>\$ 1,692</b>	<b>\$ 4,202</b>	<b>\$ 3,385</b>
Cash paid for interest expense and fees <i>2021 Asset-Backed Notes</i>	\$ 1,609	\$ 1,609	\$ 3,219	\$ 3,219

On November 13, 2014, the Company completed a \$237.4 million term debt securitization in connection with which an affiliate of the Company made an offer of \$129.3 million in aggregate principal amount of fixed rate asset-backed notes (the 2021 Asset-Backed Notes), which were rated A(sf) by Kroll Bond Rating Agency, Inc. (KBRA). The 2021 Asset-Backed Notes were sold by Hercules Capital Funding Trust 2014-1 pursuant to a note purchase agreement, dated as of November 13, 2014, by and among the Company, the 2014 Trust Depositor, the 2014 Securitization Issuer, and Guggenheim Securities, LLC, as initial purchaser, and are backed by a pool of senior loans made to certain of the Company's portfolio companies and secured by certain assets of those portfolio companies and are to be serviced by the Company. The securitization has an 18-month reinvestment period during which time principal collections may be reinvested into additional eligible loans. Interest on the 2021 Asset-Backed Notes will be paid, to the extent of funds available, at a fixed rate of 3.524% per annum. The 2021 Asset-Backed Notes have a stated maturity of April 16, 2021.

As part of this transaction, the Company entered into a sale and contribution agreement with the 2014 Trust Depositor under which the Company has agreed to sell or have contributed to the 2014 Trust Depositor the 2014 Loans. The Company has made customary representations, warranties and covenants in the sale and contribution agreement with respect to the 2014 Loans as of the date of their transfer to the 2014 Trust Depositor.

In connection with the issuance and sale of the 2021 Asset-Backed Notes, the Company has made customary representations, warranties and covenants in the note purchase agreement. The 2021 Asset-Backed Notes are secured obligations of the 2014 Securitization Issuer and are non-recourse to the Company. The 2014 Securitization Issuer also entered into an indenture governing the 2021 Asset-Backed Notes, which includes

**Table of Contents****Index to Financial Statements**

customary representations, warranties and covenants. The 2021 Asset-Backed Notes were sold without being registered under the Securities Act (A) in the United States to qualified institutional buyers as defined in Rule 144A under the Securities Act and to institutional accredited investors (as defined in Rules 501(a)(1), (2), (3) or (7) under the Securities Act) who in each case, are qualified purchasers as defined in Sec. 2 (a)(51)(A) of the 1940 Act and pursuant to an exemption under the Securities Act and (B) to non-U.S. purchasers acquiring interest in the 2021 Asset-Backed Notes outside the United States in accordance with Regulation S under the Securities Act. The 2014 Securitization Issuer is not registered under the 1940 Act in reliance on an exemption provided by Section 3(c)(7) thereof and Rule 3a-7 thereunder. In addition, the 2014 Trust Depositor entered into an amended and restated trust agreement in respect of the 2014 Securitization Issuer, which includes customary representation, warranties and covenants.

The 2014 Loans are serviced by the Company pursuant to a sale and servicing agreement, which contains customary representations, warranties and covenants. The Company performs certain servicing and administrative functions with respect to the 2014 Loans. The Company is entitled to receive a monthly fee from the 2014 Securitization Issuer for servicing the 2014 Loans. This servicing fee is equal to the product of one-twelfth (or in the case of the first payment date, a fraction equal to the number of days from and including October 5, 2014 through and including December 5, 2014 over 360) of 2.00% and the aggregate outstanding principal balance of the 2014 Loans plus collections on deposit in the 2014 Securitization Issuer's collections account, as of the first day of the related collection period (the period from the 5th day of the immediately preceding calendar month through the 4th day of the calendar month in which a payment date occurs, and for the first payment date, the period from and including October 5, 2014, to the close of business on December 5, 2014). The Company also serves as administrator to the 2014 Securitization Issuer under an administration agreement, which includes customary representations, warranties and covenants.

At both June 30, 2016 and December 31, 2015, the 2021 Asset-Backed Notes had an outstanding principal balance of \$129.3 million.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the 2021 Asset-Backed Notes are as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Interest expense	\$ 1,139	\$ 1,139	\$ 2,278	\$ 2,278
Amortization of debt issuance cost (loan fees)	234	224	466	446
<b>Total interest expense and fees</b>	<b>\$ 1,373</b>	<b>\$ 1,363</b>	<b>\$ 2,744</b>	<b>\$ 2,724</b>
Cash paid for interest expense and fees	\$ 1,139	\$ 1,139	\$ 2,278	\$ 2,278

Under the terms of the 2021 Asset-Backed Notes, the Company is required to maintain a reserve cash balance, funded through interest and principal collections from the underlying securitized debt portfolio, which may be used to pay monthly interest and principal payments on the 2021 Asset-Backed Notes. The Company has segregated these funds and classified them as restricted cash. There was approximately \$3.6 million and \$9.2 million of restricted cash as of June 30, 2016 and December 31, 2015, respectively, funded through interest collections.

*Convertible Senior Notes*

In April 2011, the Company issued \$75.0 million in aggregate principal amount of the Convertible Senior Notes. The Convertible Senior Notes were fully settled on or before their contractual maturity date of April 15, 2016.

Prior to the close of business on October 14, 2015, holders were able to convert their Convertible Senior Notes only under certain circumstances set forth in the indenture governing the Convertible Senior Notes. On or

**Table of Contents****Index to Financial Statements**

after October 15, 2015 until the close of business on the scheduled trading day immediately preceding the maturity date, holders were able to convert their Convertible Senior Notes at any time. Throughout the life of the Convertible Senior Notes, holders of approximately \$74.8 million of the Convertible Senior Notes exercised their conversion rights. These Convertible Senior Notes were settled with a combination of cash equal to the outstanding principal amount of the Convertible Senior Notes and approximately 1.6 million shares of the Company's common stock, or \$24.3 million.

The Company recorded a loss on extinguishment of debt for the proportionate amount of unamortized debt issuance costs and original issue discount. The loss was partially offset by a gain in the amount of the difference between the outstanding principal balance of the Convertible Senior Notes and the fair value of the debt instrument. The net loss on extinguishment of debt the Company recorded for the year ended December 31, 2015 was \$1,000. The Company did not record a loss on extinguishment of debt in the three and six months ended June 30, 2016. The loss on extinguishment of debt was classified as a component of net investment income in the Company's Consolidated Statement of Operations.

The Convertible Senior Notes were accounted for in accordance with ASC Subtopic 470-20 (Debt Instruments with Conversion and Other Options). In accounting for the Convertible Senior Notes, the Company estimated at the time of issuance that the values of the debt and the embedded conversion feature of the Convertible Senior Notes were approximately 92.8% and 7.2%, respectively. The original issue discount of 7.2% attributable to the conversion feature of the Convertible Senior Notes was recorded in capital in excess of par value in the Consolidated Statement of Assets and Liabilities. As a result, the Company recorded interest expense comprised of both stated interest expense as well as accretion of the original issue discount resulting in an estimated effective interest rate of approximately 8.1%.

As December 31, 2015, the components of the carrying value of the Convertible Senior Notes were as follows:

(in thousands)	December 31, 2015
Principal amount of debt	\$ 17,604
Unamortized debt issuance cost	(44)
Original issue discount, net of accretion	(82)
<b>Carrying value of Convertible Senior Notes</b>	<b>\$ 17,478</b>

For the three and six months ended June 30, 2016 and 2015, the components of interest expense, fees and cash paid for interest expense for the Convertible Senior Notes were as follows:

(in thousands)	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2016	2015	2016	2015
Interest expense	\$ 88	\$ 264	\$ 352	\$ 479
Accretion of original issue discount	21	62	82	123
Amortization of debt issuance cost (loan fees)	11	33	43	66
<b>Total interest expense and fees</b>	<b>\$ 120</b>	<b>\$ 359</b>	<b>\$ 477</b>	<b>\$ 668</b>
Cash paid for interest expense and fees	\$ 440	\$ 529	\$ 440	\$ 529

The estimated effective interest rate of the debt component of the Convertible Senior Notes, equal to the stated interest of 6.0% plus the accretion of the original issue discount, was approximately 8.1% for the three and six months ended June 30, 2016 and 2015.

**Index to Financial Statements**

*Wells Facility*

On June 29, 2015, the Company, through a special purpose wholly owned subsidiary, Hercules Funding II LLC ( Hercules Funding II ), entered into the Wells Facility with Wells Fargo Capital Finance, LLC, as a lender and as the arranger and the administrative agent, and the lenders party thereto from time to time.

The Wells Facility matures on August 2, 2019, unless terminated sooner in accordance with its terms.

Under the Wells Facility, Wells Fargo Capital Finance, LLC made commitments of \$75.0 million, Alostark Bank of Commerce made commitments of \$20.0 million, and Everbank Commercial Finance Inc. made commitments of \$25.0 million. The Wells Facility contains an accordion feature, in which the Company can increase the credit line up to an aggregate of \$300.0 million, funded by additional lenders and with the agreement of Wells Fargo and subject to other customary conditions. The Company expects to continue discussions with various other potential lenders to join the facility; however, there can be no assurances that additional lenders will join the Wells Facility. Borrowings under the Wells Facility generally bear interest at a rate per annum equal to LIBOR plus 3.25%, and the Wells Facility has an advance rate of 50% against eligible debt investments. The Wells Facility is secured by all of the assets of Hercules Funding II. The Wells Facility requires payment of a non-use fee on a scale of 0.0% to 0.50% depending on the average monthly outstanding balance under the facility relative to the maximum amount of commitments at such time. For the three and six months ended June 30, 2016, this non-use fee was approximately \$115,000 and \$181,000, respectively. For the three and six months ended June 30, 2015, this non-use fee was approximately \$94,000 and \$188,000, respectively.

The Wells Facility also includes various financial and other covenants applicable to the Company and the Company's subsidiaries, in addition to those applicable to Hercules Funding II, including covenants relating to certain changes of control of the Company and Hercules Funding II. Among other things, these covenants also require the Company to maintain certain financial ratios, including a maximum debt to worth ratio, minimum interest coverage ratio, minimum portfolio funding liquidity, and a minimum tangible net worth in an amount, when added to outstanding subordinated indebtedness, that is in excess of \$500.0 million plus 90% of the cumulative amount of equity raised after June 30, 2014. As of June 30, 2016, the minimum tangible net worth covenant increased to \$612.4 million as a result of the March 2015 follow-on public offering of 7.6 million shares of common stock for total gross proceeds of approximately \$100.4 million and the 2.1 million shares of common stock issued under the ATM equity distribution agreement with JMP for gross proceeds of \$24.5 million during the six months ended June 30, 2016. The Wells Facility provides for customary events of default, including, without limitation, with respect to payment defaults, breach of representations and covenants, certain key person provisions, cross acceleration provisions to certain other debt, lien and judgment limitations, and bankruptcy.

On June 20, 2011 the Company paid \$1.1 million in structuring fees in connection with the original Wells Facility. In connection with an amendment to the original Wells Facility in August 2014, the Company paid an additional \$750,000 in structuring fees and in connection with the amendment in December 2015, the Company paid an additional \$188,000 in structuring fees. These fees are being amortized through the end of the term of the Wells Facility.

The Company had aggregate draws of \$146.0 million on the available facility during the six months ended June 30, 2016 offset by repayments of \$196.0 million. At December 31, 2015 there was \$50.0 million, respectively, of borrowings outstanding on this facility. There were no borrowings outstanding on the facility as of June 30, 2016.

**Table of Contents****Index to Financial Statements**

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the Wells Facility are as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Interest expense	\$ 226	\$	\$ 500	\$
Amortization of debt issuance cost (loan fees)	122	86	227	172
<b>Total interest expense and fees</b>	<b>\$ 348</b>	<b>\$ 86</b>	<b>\$ 727</b>	<b>\$ 172</b>
Cash paid for interest expense and fees	\$ 333	\$	\$ 577	\$

*Union Bank Facility*

On May 5, 2016, the Company, through a special purpose wholly owned subsidiary, Hercules Funding III, as borrower, entered into the Union Bank Facility with MUFG Union Bank, as the arranger and administrative agent, and the lenders party to the Union Bank Facility from time to time. The Union Bank Facility replaced the Prior Union Bank Facility. Any references to amounts related to the Union Bank Facility prior to May 5, 2016 were incurred and relate to the Prior Union Bank Facility.

Under the Union Bank Facility, MUFG Union Bank made commitments of \$75.0 million. The Union Bank Facility contains an accordion feature, in which the Company can increase the credit line up to an aggregate of \$200.0 million, funded by additional lenders and with the agreement of MUFG Union Bank and subject to other customary conditions. There can be no assurances that additional lenders will join the Union Bank Facility to increase available borrowings. Borrowings under the Union Bank Facility generally bear interest at either (i) if such borrowing is a base rate loan, a base rate per annum equal to the federal funds rate plus 1.00%, LIBOR plus 1.00% or MUFG Union Bank's prime rate, in each case, plus a margin of 1.25% or (ii) if such borrowing is a LIBOR loan, a rate per annum equal to LIBOR plus 3.25%, and the Union Bank Facility generally has an advance rate of 50% against eligible debt investments. The Union Bank Facility is secured by all of the assets of HT III.

The Union Bank Facility requires payment of a non-use fee during the revolving credit availability period on a scale of 0.25% to 0.50% depending on the average monthly outstanding balance under the facility relative to the maximum amount of commitments at such time. The Company paid a one-time \$562,500 structuring fee in connection with the Union Bank Facility. Although the Company did not incur any non-use fees under the Union Bank Facility prior to May 5, 2016, for the three and six months ended June 30, 2016, the company incurred non-use fees under the existing and previous Union Bank Facility of approximately \$87,000 and \$182,000, respectively. For the three and six months ended June 30, 2015, the non-use fee was approximately \$95,000 and \$189,000, respectively.

The Union Bank Facility also includes various financial and other covenants applicable to the Company and the Company's subsidiaries, in addition to those applicable to HT III, including covenants relating to certain changes of control of the Company and HT III. Among other things, these covenants also require the Company to maintain certain financial ratios, including a maximum debt to worth ratio, minimum interest coverage ratio, minimum portfolio funding liquidity, and a minimum tangible net worth in an amount that is in excess of \$500.0 million plus 90% of the cumulative amount of equity raised after June 30, 2014. As of June 30, 2016, the minimum tangible net worth covenant increased to \$661.4 million as a result of the March 2015 follow-on public offering of 7.6 million shares of common stock for total net proceeds of approximately \$100.1 million and the 2.1 million shares of common stock issued under the ATM equity distribution agreement with JMP for net proceeds of \$23.7 million during the six months ended June 30, 2016. The Union Bank Facility provides for customary events of default, including with respect to payment defaults, breach of representations and covenants, servicer defaults, certain key person provisions, cross default provisions to certain other debt, lien and judgment limitations, and bankruptcy.

**Table of Contents****Index to Financial Statements**

The Union Bank Facility matures on May 5, 2020, unless sooner terminated in accordance with its terms.

In connection with the Union Bank Facility, the Company and HT III also entered into the Sale and Servicing Agreement, dated as of May 5, 2016 (the Sale Agreement), by and among HT III, as borrower, the Company, as originator and servicer, and MUFG Union Bank, as agent. Under the Sale Agreement, the Company agrees to (i) sell or transfer certain loans to HT III under the Union Bank Facility and (ii) act as servicer for the loans sold or transferred.

The Company had aggregate draws of \$25.0 million on the available facility during the six months ended June 30, 2016 offset by repayments of \$25.0 million. At June 30, 2016 there were no borrowings outstanding on the Union Bank Facility.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the previous and current Union Bank Facility are as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Interest expense	\$ 55	\$	\$ 55	\$
Amortization of debt issuance cost (loan fees)	95	15	133	30
<b>Total interest expense and fees</b>	<b>\$ 150</b>	<b>\$ 15</b>	<b>\$ 188</b>	<b>\$ 30</b>
Cash paid for interest expense and fees	\$ 333	\$	\$ 577	\$

*Citibank Credit Facility*

The Company, through Hercules Funding Trust I, an affiliated statutory trust, entered into Citibank Credit Facility with Citigroup, which expired under normal terms. During the first quarter of 2009, the Company paid off all principal and interest owed under the Citibank Credit Facility. Citigroup has an equity participation right through a warrant participation agreement on the pool of debt investments and warrants collateralized under the Citibank Credit Facility. Pursuant to the warrant participation agreement, the Company granted to Citigroup a 10% participation in all warrants held as collateral. However, no additional warrants were included in collateral subsequent to the facility amendment on May 2, 2007. As a result, Citigroup is entitled to 10% of the realized gains on the warrants until the realized gains paid to Citigroup pursuant to the agreement equal to the Maximum Participation Limit. The obligations under the warrant participation agreement continue even after the Citibank Credit Facility is terminated until the Maximum Participation Limit has been reached.

During the six months ended June 30, 2016, the Company reduced its realized gain by approximately \$146,000 for Citigroup's participation from the acquisition proceeds received on equity exercised from warrants that were included in the collateral pool. The Company recorded a decrease in participation liability and an increase in unrealized appreciation by a net amount of approximately \$32,000 primarily due to depreciation of fair value on the pool of warrants collateralized under the warrant participation and the acquisition proceeds received on the Company's Ping Identity Corporation equity investment. The remaining value of Citigroup's participation right on unrealized gains in the related equity investments is approximately \$79,000 as of June 30, 2016 and is included in accrued liabilities. There can be no assurances that the unrealized appreciation of the warrants will not be higher or lower in future periods due to fluctuations in the value of the warrants, thereby increasing or reducing the effect on the cost of borrowing. Since inception of the agreement, the Company has paid Citigroup approximately \$2.4 million under the warrant participation agreement thereby reducing realized gains by this amount. The Company will continue to pay Citigroup under the warrant participation agreement until the Maximum Participation Limit is reached or the warrants expire. Warrants subject to the Citigroup participation agreement are set to expire between August 2016 and January 2017.

**Table of Contents****Index to Financial Statements****Dividend Distributions**

\$ 12.16

\* Dividend paid in cash and stock.

---

**Table of Contents**

**Index to Financial Statements**

On July 27, 2016 the Board of Directors declared a cash dividend distribution of \$0.31 per share to be paid on August 22, 2016 to stockholders of record as of August 15, 2016. This distribution represents our forty-fourth consecutive dividend declaration since our initial public offering, bringing the total cumulative dividend declared to date \$12.16 per share.

Our Board of Directors maintains a variable dividend distribution policy with the objective of distributing four quarterly distributions in an amount that approximates 90-100% of our taxable quarterly income or potential annual income for a particular taxable year. In addition, at the end of our taxable year, our Board of Directors may choose to pay an additional special dividend distribution, or fifth dividend, so that we may distribute approximately all of our annual taxable income in the taxable year in which it was earned, or may elect to maintain the option to spill over our excess taxable income into the following taxable year as part of any future dividend distribution payments.

Distributions in excess of our current and accumulated earnings and profits would generally be treated first as a return of capital to the extent of the stockholder's tax basis in our shares, and any remaining distributions would be treated as a capital gain. The determination of the tax attributes of our distributions is made annually as of the end of our taxable year based upon our taxable income for the full taxable year and distributions paid for the full taxable year. As a result, a determination made on a quarterly basis may not be representative of the actual tax attributes of the Company's distributions for a full taxable year. Of the dividend distribution declared during the year ended December 31, 2015, 100% were distributions derived from our current and accumulated earnings and profits.

During the three months ended June 30, 2016, we declared a distribution of \$0.31 per share. If we had determined the tax attributes of our distributions year-to-date as of June 30, 2016, 100% would be from our current and accumulated earnings and profits. However, there can be no certainty to stockholders that this determination is representative of what the tax attributes of our 2016 distributions to stockholders will actually be.

Shortly after the close of each calendar year information identifying the source of the distribution (i.e., paid from ordinary income, paid from net capital gains on the sale of securities, and/or a return of paid-in-capital surplus which is a nontaxable distribution, if any) will be provided to our stockholders subject to information reporting. To the extent our taxable earnings fall below the total amount of our distributions for any taxable year, a portion of those distributions may be deemed a tax return of capital to our stockholders.

We expect to qualify to be taxed as a RIC under Subchapter M of the Code. In order to be subject to tax as a RIC, we are required to satisfy certain gross income and asset composition tests, as well as distribute dividends to our stockholders each taxable year of an amount at least equal to 90% of the sum of our investment company taxable income, determined without regard to any deduction for dividends paid, and our net tax-exempt income, if any. Upon being eligible to be subject to tax as a RIC, we would be entitled to deduct dividend distributions we pay to our stockholders in determining the overall components of our taxable income. Components of our taxable income include our taxable interest, dividend and fee income, reduced by certain deductions, as well as taxable net realized securities gains. Taxable income generally differs from net income for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses and generally excludes net unrealized appreciation or depreciation as such gains or losses are not included in taxable income until they are realized. In connection with maintaining our ability to be subject to tax as a RIC, among other things, we have made and intend to continue to make the requisite distributions to our stockholders each taxable year, which generally should relieve us from corporate-level U.S. federal income taxes.

As a RIC, we will be subject to a 4% nondeductible U.S. federal excise tax on certain undistributed income and gains unless we distribute dividends in respect of each calendar year in a timely manner to our stockholders of an amount generally at least equal to the sum of (1) 98% of our ordinary income for each calendar year, (2) 98.2% of our capital gain net income for the 1-year period ending October 31 in that calendar year and (3) any income realized, but not distributed, in the preceding year. We will not be subject to excise taxes on amounts on which we are required to pay corporate income tax (such as retained net capital gains).

---

**Table of Contents**

**Index to Financial Statements**

Depending on the level of taxable income earned in a taxable year, we may choose to carry over taxable income in excess of current taxable year dividend distributions from such taxable income into the next taxable year and pay a 4% excise tax on such taxable income, as required. The maximum amount of excess taxable income that may be carried over for distribution as dividend distributions in the next taxable year under the Code is the total amount of dividend distributions paid in the following taxable year, subject to certain declaration and payment guidelines. To the extent we choose to carry over taxable income into the next taxable year, dividends declared and paid by us in a taxable year may differ from our taxable income for that taxable year as such dividend distributions may include the distribution of current taxable year taxable income, the distribution of prior taxable year taxable income carried over into and distributed in the current taxable year, or returns of capital.

We can offer no assurance that we will achieve results that will permit the payment of any cash distributions and, if we issue senior securities, we will be prohibited from making distributions if doing so causes us to fail to maintain the asset coverage ratios stipulated by the 1940 Act or if distributions are limited by the terms of any of our borrowings. Our ability to make distributions will be limited by the asset coverage requirements under the 1940 Act.

We intend to distribute approximately \$8.2 million of spillover earnings from ordinary income from the year ended December 31, 2015 to our stockholders in 2016.

We maintain an opt-out dividend reinvestment plan for our common stockholders. As a result, if we declare a dividend distribution, cash dividends will be automatically reinvested in additional shares of our common stock unless the stockholder specifically opts out of the dividend reinvestment plan and chooses to receive cash dividend distributions.

**Critical Accounting Policies**

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles ( U.S. GAAP ) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and revenues and expenses during the period reported. On an ongoing basis, our management evaluates its estimates and assumptions, which are based on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results could differ from those estimates. Changes in our estimates and assumptions could materially impact our results of operations and financial condition.

*Reclassification*

Certain balances from prior years have been reclassified in order to conform to the current year presentation.

*Change in Accounting Principle*

As of January 1, 2016, we adopted ASU 2015-03 Simplifying the Presentation of Debt Issuance Costs and ASU 2015-15 Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements, which collectively require debt issuance costs to be presented on the balance sheet as a direct deduction from the associated debt liability, except for debt issuance costs associated with line-of-credit agreements. Adoption of these standards results in the reclassification of debt issuance costs from Other Assets and the presentation of our SBA Debentures, 2019 Notes, 2024 Notes, 2021 Asset-Backed Notes, and Convertible Senior Notes net of the associated debt issuance costs for each instrument in the liabilities section on the Consolidated Statement of Assets and Liabilities. In addition, the comparative Consolidated Statement of Assets and Liabilities as of December 31, 2015 has been adjusted to apply the change in accounting principle retrospectively. Specifically, the presentation of our Other Assets, SBA Debentures, 2019 Notes, 2024 Notes,

**Table of Contents**

**Index to Financial Statements**

2021 Asset-Backed Notes, and Convertible Senior Notes line items were adjusted by the amount of unamortized debt issuance costs for each instrument. There is no impact to the Consolidated Statement of Operations. In addition, there is no change to the presentation of the Wells Facility or Union Bank Facility as debt issuance costs are presented separately as an asset on the Consolidated Statement of Assets and Liabilities. Refer to Outstanding Borrowings for the amount of unamortized debt issuance costs for each instrument.

*Valuation of Investments*

The most significant estimate inherent in the preparation of our consolidated financial statements is the valuation of investments and the related amounts of unrealized appreciation and depreciation of investments recorded.

At June 30, 2016, approximately 93.4% of our total assets represented investments in portfolio companies whose fair value is determined in good faith by the Board of Directors. Value, as defined in Section 2(a)(41) of the 1940 Act, is (i) the market price for those securities for which a market quotation is readily available and (ii) for all other securities and assets, fair value is as determined in good faith by the Board of Directors. Our investments are carried at fair value in accordance with the 1940 Act and ASC Topic 946 and measured in accordance with ASC Topic 820. Our debt securities are primarily invested in venture capital-backed companies in technology-related industries including technology, drug discovery and development, biotechnology, life sciences, healthcare and sustainable and renewable technology at all stages of development. Given the nature of lending to these types of businesses, substantially all of our investments in these portfolio companies are considered Level 3 assets under ASC Topic 820 because there is no known or accessible market or market indexes for these investment securities to be traded or exchanged. As such, we value substantially all of our investments at fair value as determined in good faith pursuant to a consistent valuation policy by our Board of Directors in accordance with the provisions of ASC Topic 820 and the 1940 Act. Due to the inherent uncertainty in determining the fair value of investments that do not have a readily available market value, the fair value of our investments determined in good faith by our Board of Directors may differ significantly from the value that would have been used had a readily available market existed for such investments, and the differences could be material.

See Determination of Net Asset Value for a discussion of our investment valuation process.

**Table of Contents****Index to Financial Statements**

Investments measured at fair value on a recurring basis are categorized in the tables below based upon the lowest level of significant input to the valuations as of June 30, 2016 and as of December 31, 2015. We transfer investments in and out of Level 1, 2 and 3 securities as of the beginning balance sheet date, based on changes in the use of observable and unobservable inputs utilized to perform the valuation for the period. During the six months ended June 30, 2016, there were no transfers between Levels 1 or 2.

(1) Included in net realized gains or losses in the accompanying Consolidated Statement of Operations.

(2) Included in change in net unrealized appreciation (depreciation) in the accompanying Consolidated Statement of Operations.

(3) Transfers out of Level 3 during the six months ended June 30, 2016 relate to the exercise of warrants in Ping Identity Corporation to preferred stock, the conversion of debt to equity in Optiscan Biomedical Corp and Achilles Technology Management Co II, Inc. and the conversion of the Company's preferred shares to common shares in SCIEnergy, Inc. Transfers into Level 3 during the six months ended June 30, 2016 relate to the acquisition of preferred stock as a result of the exercise of warrants in Ping Identity Corporation, the conversion of debt to equity in Optiscan Biomedical Corp and Achilles Technology Management Co II, Inc. and the conversion of the Company's preferred shares to common shares in SCIEnergy, Inc.

(4) Transfers out of Level 3 during the year ended December 31, 2015 relate to the IPOs of Box, Inc., ZP Opco, Inc. (p.k.a. Zosano Pharma, Inc.), Neos Therapeutics, Edge Therapeutics Inc., ViewRay, Inc., and Cerecor, Inc. in addition to the exercise of warrants in both Forescout, Inc. and Atrenta, Inc. to preferred stock. Transfers into Level 3 during the year ended December 31, 2015 relate to the acquisition of preferred stock as a result of the exercise of warrants in both Forescout, Inc. and Atrenta, Inc. and the conversion of debt to equity in Home Dialysis Plus and Gynesonics.

(5) Amounts listed above are inclusive of loan origination fees received at the inception of the loan which are deferred and amortized into fee income as well as the accretion of existing loan discounts and fees during the period. Escrow receivable purchases may include additions due to proceeds held in escrow from the liquidation of level 3 investments.

(6) Amounts listed above include the acceleration and payment of loan discounts and loan fees due to early payoffs or restructures.

**Table of Contents**

**Index to Financial Statements**

For six months ended June 30, 2016, approximately \$1.9 million and \$614,000 in net unrealized depreciation was recorded for preferred stock and common stock Level 3 investments, respectively, relating to assets still held at the reporting date. For the same period, approximately \$14.2 million and \$442,000 in net unrealized depreciation was recorded for debt and warrant Level 3 investments, respectively, relating to assets still held at the reporting date.

For the year ended December 31, 2015, approximately \$179,000 in net unrealized depreciation and \$745,000 in net unrealized appreciation was recorded for preferred stock and common stock Level 3 investments, respectively, relating to assets still held at the reporting date. For the same period, approximately \$13.7 million and \$5.9 million in net unrealized depreciation was recorded for debt and warrant Level 3 investments, respectively, relating to assets still held at the reporting date.

The following tables provides quantitative information about our Level 3 fair value measurements of our investments as of June 30, 2016 and December 31, 2015. In addition to the techniques and inputs noted in the table below, according to our valuation policy we may also use other valuation techniques and methodologies when determining our fair value measurements. The tables below are not intended to be all-inclusive, but rather provide information on the significant Level 3 inputs as they relate to our fair value measurements.

The significant unobservable input used in the fair value measurement of our escrow receivables is the amount recoverable at the contractual maturity date of the escrow receivable.

<b>Debt Investments Where Fair Value Approximates Cost</b>						
	71,562	Imminent Payoffs <sup>(d)</sup>				
	20,905	Debt Investments Maturing in Less than One Year				
	\$ 1,206,132	<b>Total Level Three Debt Investments</b>				

(a) The significant unobservable inputs used in the fair value measurement of our debt securities are hypothetical market yields and premiums/(discounts). The hypothetical market yield is defined as the exit price of an investment in a hypothetical market to hypothetical market participants where buyers and sellers are willing participants. The premiums (discounts) relate to company specific characteristics such as underlying investment performance, security liens, and other characteristics of the investment. Significant increases (decreases) in the inputs in isolation may result in a significantly lower (higher) fair value measurement, depending on the materiality of the investment. Debt investments in the industries noted in our Consolidated Schedule of Investments are included in the industries noted above as follows:

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Pharmaceuticals, above, is comprised of debt investments in the Specialty Pharmaceuticals, Drug Discovery and Development, Drug Delivery and Biotechnology Tools industries in the Consolidated Schedule of Investments.

Technology, above, is comprised of debt investments in the Software, Semiconductors, Internet Consumer and Business Services, Consumer and Business Products, Information Services, and Communications and Networking industries in the Consolidated Schedule of Investments.

Sustainable and Renewable Technology, above, aligns with the Sustainable and Renewable Technology Industry in the Consolidated Schedule of Investments.

Medical Devices, above, is comprised of debt investments in the Surgical Devices and Medical Devices and Equipment industries in the Consolidated Schedule of Investments.

Lower Middle Market, above, is comprised of debt investments in the Communications and Networking, Electronics and Computer Hardware, Healthcare Services Other, Information Services, Internet Consumer and Business Services, Media/Content/Info, and Specialty Pharmaceuticals industries in the Consolidated Schedule of Investments.

- (b) The weighted averages are calculated based on the fair market value of each investment.
- (c) The significant unobservable input used in the fair value measurement of impaired debt securities is the probability weighting of alternative outcomes.
- (d) Imminent payoffs represent debt investments that we expect to be fully repaid within the next three months, prior to their scheduled maturity date.

(c) Represents amounts used when we have determined market participants would take into account these discounts when pricing the investments.

(d) Represents the range of industry volatility used by market participants when pricing the investment.

(e) Weighted averages are calculated based on the fair market value of each investment.

**Income Recognition**

We record interest income on an accrual basis and we recognize it as earned in accordance with the contractual terms of the loan agreement, to the extent that such amounts are expected to be collected. OID initially represents the value of detachable equity warrants obtained in conjunction with the acquisition of debt securities and is accreted into interest income over the term of the loan as a yield enhancement. When a loan becomes 90 days or more past due, or if management otherwise does not expect that principal, interest, and other obligations due will be collected in full, we will generally place the loan on non-accrual status and cease recognizing interest income on that loan until all principal and interest due has been paid or we believe the portfolio company has demonstrated the ability to repay our current and future contractual obligations. Any uncollected interest related to prior periods is reversed from income in the period that collection of the interest receivable is determined to be doubtful. However, we may make exceptions to this policy if the investment has sufficient collateral value and is in the process of collection.

At June 30, 2016, the Company had six debt investments on non-accrual with a cumulative investment cost and approximate fair value of \$34.5 million and \$2.8 million, respectively. At December 31, 2015, the Company had five debt investments on non-accrual with cumulative investment cost and fair value of approximately \$47.4 million and \$23.2 million, respectively. In addition, at December 31, 2015, the Company

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

had one debt investment with an investment cost and fair value of approximately \$20.1 million and \$14.9 million, respectively, for which only the PIK interest is on non-accrual. During the six months ended June 30, 2016, the Company recognized a realized loss of approximately \$6.2 million on the settlement of one debt investment that was on non-accrual at December 31, 2015. In addition, the Company recognized a realized loss of \$430,000 on the partial write off of one debt investment that was on non-accrual as of December 31, 2015.

**Table of Contents****Index to Financial Statements***Paid-In-Kind and End of Term Income*

Contractual PIK interest, which represents contractually deferred interest added to the loan balance that is generally due at the end of the loan term, is generally recorded on the accrual basis to the extent such amounts are expected to be collected. We will generally cease accruing PIK interest if there is insufficient value to support the accrual or we do not expect the portfolio company to be able to pay all principal and interest due. In addition, we may also be entitled to an end-of-term payment that we amortize into income over the life of the loan. To maintain our ability to be subject to tax as a RIC, PIK and end-of-term income must be paid out to stockholders in the form of dividend distributions even though we have not yet collected the cash. Amounts necessary to pay these distributions may come from available cash or the liquidation of certain investments. We recorded approximately \$1.8 million and \$973,000 in PIK income during the three months ended June 30, 2016 and 2015, respectively. We recorded approximately \$3.5 million and \$1.9 million in PIK income during the six months ended June 30, 2016 and 2015, respectively.

*Fee Income*

Fee income, generally collected in advance, includes loan commitment and facility fees for due diligence and deal structuring, as well as fees for transaction services and management services rendered by us to portfolio companies and other third parties. Loan and commitment fees are amortized into income over the contractual life of the loan. Management fees are generally recognized as income when the services are rendered. Loan origination fees are capitalized and then amortized into interest income using the effective interest rate method. In certain loan arrangements, warrants or other equity interests are received from the borrower as additional origination fees.

We recognize nonrecurring fees amortized over the remaining term of the loan commencing in the quarter relating to specific loan modifications. Certain fees may still be recognized as one-time fees, including prepayment penalties, fees related to select covenant default waiver fees and acceleration of previously deferred loan fees and OID related to early loan pay-off or material modification of the specific debt outstanding.

*Equity Offering Expenses*

Our offering costs are charged against the proceeds from equity offerings when received.

*Debt Issuance Costs*

Debt issuance costs are fees and other direct incremental costs we incur in obtaining debt financing and are recognized as prepaid expenses and amortized over the life of the related debt instrument using the straight line method, which closely approximates the effective yield method. In accordance with ASU 2015-03 and ASU 2015-15 debt issuance costs are presented as a reduction to the associated liability balance on the Consolidated Statement of Assets and Liabilities, except for debt issuance costs associated with line-of-credit arrangements. Debt issuance costs, net of accumulated amortization, as of June 30, 2016 and December 31, 2015 were as follows:

<b>(in thousands)</b>	<b>June 30, 2016</b>	<b>December 31, 2015</b>
SBA Debentures	\$ 3,035	\$ 3,371
2019 Notes	1,865	2,185
2024 Notes	7,375	2,872
2021 Asset-Backed Notes	1,839	2,305
Convertible Senior Notes		44
Wells Facility <sup>(1)</sup>	723	669
Union Bank Facility <sup>(1)</sup>	984	229
<b>Total</b>	<b>\$ 15,821</b>	<b>\$ 11,675</b>

(1)

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

As the Wells Facility and Union Bank Facility are line-of-credit arrangements, the debt issuance costs associated with these instruments are presented separately as an asset on the Consolidated Statement of Assets and Liabilities in accordance with ASU 2015-15. As the Union Bank Facility was replaced on May 5, 2016, amounts included above prior to May 5, 2016 relate to the Prior Union Bank Facility.

## Table of Contents

### Index to Financial Statements

As of January 1, 2016, we adopted Accounting Standards Update ( ASU ) 2015-03 Simplifying the Presentation of Debt Issuance Costs and ASU 2015-15 Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements , which require debt issuance costs to be presented in the balance sheet as a direct deduction from the associated debt liability, except for debt issuance costs associated with line-of-credit arrangements. Adoption of these standards results in the reclassification of debt issuance costs from Other Assets and the presentation of our SBA Debentures, 2019 Notes, 2024 Notes, 2021 Asset-Backed Notes, and Convertible Senior Notes net of the associated debt issuance costs for each instrument in the liabilities section on the Consolidated Statement of Assets and Liabilities. There is no impact to the Consolidated Statement of Operations. In addition, there is no change to the presentation of the Wells Facility or Union Bank Facility as debt issuance costs are presented separately as an asset on the Consolidated Statement of Assets and Liabilities.

#### *Cash and Cash Equivalents*

Cash and cash equivalents consists solely of funds deposited with financial institutions and short-term liquid investments in money market deposit accounts. Cash and cash equivalents are carried at cost, which approximates fair value.

#### *Other Assets*

Other Assets generally consists of prepaid expenses, fixed assets net of accumulated depreciation, deferred revenues and deposits and other assets, including escrow receivable. The escrow receivable balance as of June 30, 2016 was approximately \$4.7 million and was fair valued and held in accordance with ASC 820. As of June 30, 2016, there were no material past due escrow receivables.

#### *Stock Based Compensation*

We have issued and may, from time to time, issue additional stock options and restricted stock to employees under our 2004 Equity Incentive Plan and members of the Board of Directors under our 2006 Equity Incentive Plan. We follow ASC Topic 718, formally known as FAS 123R *Share-Based Payments* to account for stock options granted. Under ASC Topic 718, compensation expense associated with stock based compensation is measured at the grant date based on the fair value of the award and is recognized over the vesting period. Determining the appropriate fair value model and calculating the fair value of stock-based awards at the grant date requires judgment, including estimating stock price volatility, forfeiture rate and expected option life.

#### *Income Taxes*

We operate to qualify to be taxed as a RIC under the Code. Generally, a RIC is entitled to deduct dividends it pays to its shareholders in determining its taxable income. Taxable income includes our taxable interest, dividend and fee income, reduced by deductible expenses, as well as taxable net capital gains. Taxable income generally differs from net income for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized appreciation or depreciation, as gains or losses are not included in taxable income until they are realized.

As a RIC, we will be subject to a 4% U.S. nondeductible federal excise tax on certain undistributed income and gains unless we distribute dividends in a timely manner an amount at least equal to the Excise Tax Avoidance Requirements. We will not be subject to excise taxes on amounts on which we are required to pay corporate income tax (such as retained net capital gains). Depending on the level of taxable income earned in a taxable year, we may choose to carry over taxable income in excess of current taxable year dividend distributions from such taxable income into the next taxable year and pay a 4% excise tax on such taxable income, as required. The maximum amount of excess taxable income that may be carried over for distribution in the next taxable year under the Code is the total amount of dividends paid in the following taxable year, subject to certain declaration

**Table of Contents****Index to Financial Statements**

and payment guidelines. To the extent we choose to carry over taxable income into the next taxable year, dividends declared and paid by us in a taxable year may differ from taxable income for that taxable year as such dividends may include the distribution of current taxable year taxable income, the distribution of prior taxable year taxable income carried over into and distributed in the current taxable year, or returns of capital.

We intend to distribute approximately \$8.2 million of spillover earnings from ordinary income from the year ended December 31, 2015 to our stockholders in 2016. We distributed 100% of our spillover dividends from long term capital gains from the taxable year ended December 31, 2014 to our stockholders during 2015.

Because federal income tax regulations differ from accounting principles generally accepted in the United States, distributions in accordance with tax regulations may differ from net investment income and realized gains recognized for financial reporting purposes. Differences may be permanent or temporary. Permanent differences are reclassified among capital accounts in the financial statements to reflect their appropriate tax character. Permanent differences may also result from the classification of certain items, such as the treatment of short-term gains as ordinary income for tax purposes. Temporary differences arise when certain items of income, expense, gain or loss are recognized at some time in the future.

*Recent Accounting Pronouncements*

In February 2015, the FASB issued ASU 2015-02, *Consolidation (Topic 810) Amendments to the Consolidation Analysis*. The new guidance applies to entities in all industries and provides a new scope exception to registered money market funds and similar unregistered money market funds. It makes targeted amendments to the current consolidation guidance and ends the deferral granted to investment companies from applying the variable interest entities ( VIE ) guidance. There is not a material impact from adopting this standard on our financial statements. We have adopted this standard for six months ended June 30, 2016.

In April 2015, the FASB issued ASU 2015-03, *Simplifying the Presentation of Debt Issuance Costs*, which requires debt issuance costs to be presented in the balance sheet as a direct deduction from the associated debt liability and in August 2015, the FASB issued ASU 2015-15 *Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements*, which clarifies the application of ASU 2015-03 to debt issuance costs associated with line-of-credit arrangements and allows presentation of debt issuance costs on these instruments as assets that are amortized over the term of the instrument. Adoption of these standards results in the reclassification of debt issuance costs from Other Assets and the presentation of our SBA Debentures, 2019 Notes, 2024 Notes, 2021 Asset-Backed Notes, and Convertible Senior Notes net of the associated debt issuance costs for each instrument in the liabilities section on the Consolidated Statement of Assets and Liabilities. There is no impact to the Consolidated Statement of Operations. In addition, there is no change to the presentation of the Wells Facility or Union Bank Facility as debt issuance costs are presented separately as an asset on the Consolidated Statement of Assets and Liabilities. We have adopted this standard for six months ended June 30, 2016. Refer to *Critical Accounting Policies*.

In January 2016, the FASB issued ASU 2016-01, *Financial Instruments Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which, among other things, requires that (i) all equity investments, other than equity-method investments, in unconsolidated entities generally be measured at fair value through earnings and (ii) an entity to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk when the entity has elected to measure the liability at fair value in accordance with the fair value option for financial instruments. Additionally, the ASU changes the disclosure requirements for financial instruments. ASU 2016-01 is effective for annual reporting periods, and the interim periods within those periods, beginning after December 15, 2017. Early adoption is permitted for certain provisions. We are currently evaluating the impact that ASU 2016-01 will have on our consolidated financial statements and disclosures.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*, which, among other things, requires recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases

**Table of Contents****Index to Financial Statements**

under previous GAAP. Additionally the ASU requires the classification of all cash payments on leases within operating activities in the Consolidated Statement of Cash Flows. ASU 2016-02 is effective for annual reporting periods, and the interim periods within those periods, beginning after December 15, 2018. Early adoption is permitted. We are currently evaluating the impact that ASU 2016-02 will have on our consolidated financial statements and disclosures.

In March 2016, the FASB issued ASU 2016-09, Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting, which, among other things, simplifies several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. ASU 2016-09 is effective for annual reporting periods, and the interim periods within those periods, beginning after December 15, 2016. Early adoption is permitted. We are currently evaluating the impact that ASU 2016-09 will have on our consolidated financial statements and disclosures.

**Quantitative and Qualitative Disclosure About Market Risk**

We are subject to financial market risks, including changes in interest rates. Interest rate risk is defined as the sensitivity of our current and future earnings to interest rate volatility, variability of spread relationships, the difference in re-pricing intervals between our assets and liabilities and the effect that interest rates may have on our cash flows. Changes in interest rates may affect both our cost of funding and our interest income from portfolio investments, cash and cash equivalents and idle funds investments. Our investment income will be affected by changes in various interest rates, including LIBOR and Prime rates, to the extent our debt investments include variable interest rates. As of June 30, 2016, approximately 92.8% of the loans in our portfolio had variable rates based on floating Prime or LIBOR rates with a floor. Changes in interest rates can also affect, among other things, our ability to acquire and originate loans and securities and the value of our investment portfolio.

Based on our Consolidated Statement of Assets and Liabilities as of June 30, 2016, the following table shows the approximate annualized increase (decrease) in components of net assets resulting from operations of hypothetical base rate changes in interest rates, assuming no changes in our investments and borrowings.

(in thousands)	Interest	Interest	Net
Basis Point Change	Income	Expense	Income
(100)	\$ (1,906)	\$ (154)	\$ (1,752)
100	\$ 7,473	\$ 243	\$ 7,230
200	\$ 17,434	\$ 485	\$ 16,949
300	\$ 28,539	\$ 728	\$ 27,811
400	\$ 39,846	\$ 970	\$ 38,876
500	\$ 51,304	\$ 1,213	\$ 50,091

We do not currently engage in any hedging activities. However, we may, in the future, hedge against interest rate fluctuations (and foreign currency) by using standard hedging instruments such as futures, options, and forward contracts. While hedging activities may insulate us against changes in interest rates (and foreign currency), they may also limit our ability to participate in the benefits of lower interest rates with respect to our borrowed funds and higher interest rates with respect to our portfolio of investments. During the six months ended June 30, 2016 we did not engage in interest rate (or foreign currency) hedging activities.

Although we believe that the foregoing analysis is indicative of our sensitivity to interest rate changes, it does not adjust for potential changes in the credit market, credit quality, size and composition of the assets in our portfolio. It also does not adjust for other business developments, including borrowings under our Credit Facilities, SBA debentures, 2019 Notes, 2024 Notes and 2021 Asset-Backed Notes that could affect the net increase in net assets resulting from operations, or net income. It also does not assume any repayments from borrowers. Accordingly, no assurances can be given that actual results would not differ materially from the statement above.

## **Table of Contents**

### **Index to Financial Statements**

Because we currently borrow, and plan to borrow in the future, money to make investments, our net investment income is dependent upon the difference between the rate at which we borrow funds and the rate at which we invest the funds borrowed. Accordingly, there can be no assurance that a significant change in market interest rates will not have a material adverse effect on our net investment income. In periods of rising interest rates, our cost of funds would increase, which could reduce our net investment income if there is not a corresponding increase in interest income generated by variable rate assets in our investment portfolio.

For additional information regarding the interest rate associated with each of our Credit Facilities, SBA debentures, 2019 Notes, 2024 Notes and 2021 Asset-Backed Notes please refer to Management's Discussion and Analysis of Financial Condition and Results of Operations Financial Condition, Liquidity and Capital Resources Borrowings in this prospectus.

### **Disclosure Controls and Procedures**

The Company's chief executive and chief financial officers, under the supervision and with the participation of the Company's management, conducted an evaluation of the Company's disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act. As of the end of the period covered by this prospectus, the Company's chief executive and chief financial officers have concluded that the Company's disclosure controls and procedures were effective to ensure that information required to be disclosed by the Company in reports that the Company files or submits under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms, and that information required to be disclosed by the Company in the reports that the Company files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's chief executive and chief financial officers, as appropriate to allow timely decisions regarding required disclosure.

### **Internal Control Over Financial Reporting**

#### *a. Management's Report on Internal Control over Financial Reporting*

The Company is responsible for establishing and maintaining adequate internal control over financial reporting and for the assessment of the effectiveness of internal control over financial reporting. As defined by the SEC, internal control over financial reporting is a process designed under the supervision of the Company's principal executive and principal financial and accounting officer, approved and monitored by the Company's Board of Directors, and implemented by management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with U.S. GAAP.

The Company's internal control over financial reporting is supported by written policies and procedures, that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the Company's assets; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. GAAP, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Company's management and directors; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management of the Company conducted an assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2015 based on criteria established in *Internal Control - Integrated*

**Table of Contents**

**Index to Financial Statements**

*Framework* (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, management has concluded that the Company's internal control over financial reporting was effective as of December 31, 2015.

**Report of the Independent Registered Public Accounting Firm**

The effectiveness of the Company's internal control over financial reporting as of December 31, 2015 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm who also audited the Company's consolidated financial statements, as stated in their report, which is included in this prospectus.

**Changes in Internal Control over Financial Reporting in 2016**

There have been no changes in the Company's internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act, which occurred during the Company's most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

**BUSINESS**

We are a specialty finance company focused on providing senior secured loans to high-growth, innovative venture capital-backed companies in a variety of technology, life sciences and sustainable and renewable technology industries. We source our investments through our principal office located in Palo Alto, CA, as well as through our additional offices in Boston, MA, New York, NY, Washington, DC, Santa Monica, CA, Hartford, CT and San Diego, CA.

Our goal is to be the leading structured debt financing provider for venture capital-backed companies in technology-related industries requiring sophisticated and customized financing solutions. Our strategy is to evaluate and invest in a broad range of technology-related industries including technology, drug discovery and development, biotechnology, life sciences, healthcare, and sustainable and renewable technology and to offer a full suite of growth capital products. We focus our investments in companies active in the technology industry sub-sectors characterized by products or services that require advanced technologies, including, but not limited to, computer software and hardware, networking systems, semiconductors, semiconductor capital equipment, information technology infrastructure or services, internet consumer and business services, telecommunications, telecommunications equipment, renewable or alternative energy, media and life sciences. Within the life sciences sub-sector, we generally focus on medical devices, bio-pharmaceutical, drug discovery, drug delivery, health care services and information systems companies. Within the sustainable and renewable technology sub-sector, we focus on sustainable and renewable energy technologies and energy efficiency and monitoring technologies. We refer to all of these companies as technology-related companies and intend, under normal circumstances, to invest at least 80% of the value of our total assets in such businesses.

We invest primarily in structured debt with warrants and, to a lesser extent, in senior debt and equity investments. We invest primarily in private companies but also have investments in public companies. We use the term structured debt with warrants to refer to any debt investment, such as a senior or subordinated secured loan, that is coupled with an equity component, including warrants, options or other rights to purchase common or preferred stock. Our structured debt with warrants investments typically are secured by some or all of the assets of the portfolio company.

Our investment objective is to maximize our portfolio total return by generating current income from our debt investments and capital appreciation from our warrant and equity-related investments. Our primary business objectives are to increase our net income, net operating income and NAV by investing in structured debt with warrants and equity of venture capital-backed companies in technology-related industries with attractive current yields and the potential for equity appreciation and realized gains. Our equity ownership in our portfolio companies may exceed 25% of the voting securities of such companies, which represents a controlling interest under the 1940 Act. In some cases, we receive the right to make additional equity investments in our portfolio companies in connection with future equity financing rounds. Capital that we provide directly to venture capital-backed companies in technology-related industries is generally used for growth and general working capital purposes as well as in select cases for acquisitions or recapitalizations.

We also make investments in qualifying small businesses through our two wholly-owned SBICs. Our SBIC subsidiaries, HT II and HT III, hold approximately \$112.9 million and \$286.3 million in assets, respectively, and accounted for approximately 6.6% and 16.7% of our total assets, respectively, prior to consolidation at June 30, 2016. As of June 30, 2016, the maximum statutory limit on the dollar amount of combined outstanding SBA guaranteed debentures is \$350.0 million, subject to periodic adjustments by the SBA. In aggregate, at June 30, 2016, with our net investment of \$118.5 million, HT II and HT III have the capacity to issue a total of \$190.2 million of SBA-guaranteed debentures, subject to SBA approval. At June 30, 2016, we have issued \$190.2 million in SBA-guaranteed debentures in our SBIC subsidiaries. See Regulation Small Business Administration Regulations for additional information regarding our SBIC subsidiaries.

We regularly engage in discussions with third parties with respect to various potential transactions. We may acquire an investment or a portfolio of investments or an entire company or sell a portion of our portfolio on an opportunistic basis. We, our subsidiaries or our affiliates may also agree to manage certain other funds that invest

**Table of Contents****Index to Financial Statements**

in debt, equity or provide other financing or services to companies in a variety of industries for which we may earn management or other fees for our services. We may also invest in the equity of these funds, along with other third parties, from which we would seek to earn a return and/or future incentive allocations. Some of these transactions could be material to our business. Consummation of any such transaction will be subject to completion of due diligence, finalization of key business and financial terms (including price) and negotiation of final definitive documentation as well as a number of other factors and conditions including, without limitation, the approval of our board of directors and required regulatory or third party consents and, in certain cases, the approval of our stockholders. Accordingly, there can be no assurance that any such transaction would be consummated. Any of these transactions or funds may require significant management resources either during the transaction phase or on an ongoing basis depending on the terms of the transaction.

**CORPORATE HISTORY AND OFFICES**

We are a Maryland corporation formed in December 2003 that began investment operations in September 2004. On February 25, 2016, we changed our name from Hercules Technology Growth Capital, Inc. to Hercules Capital, Inc. We are an internally managed, non-diversified closed-end investment company that has elected to be regulated as a business development company under the 1940 Act. As a business development company, we are required to comply with certain regulatory requirements. For instance, we generally have to invest at least 70% of our total assets in qualifying assets, including securities of private U.S. companies, cash, cash equivalents, U.S. government securities and high-quality debt investments that mature in one year or less. A business development company also must meet a coverage ratio of total net assets to total senior securities, which include all of our borrowings (including accrued interest payable) except for debentures issued by the SBA and any preferred stock we may issue in the future, of at least 200% subsequent to each borrowing or issuance of senior securities. See Regulation.

Our portfolio is comprised of, and we anticipate that our portfolio will continue to be comprised of, investments primarily in technology-related companies at various stages of their development. Consistent with regulatory requirements, we invest primarily in United States based companies and, to a lesser extent, in foreign companies.

Effective January 1, 2006, we elected to be treated for tax purposes as a RIC under the Code. Pursuant to this election, we generally will not have to pay corporate-level taxes on any income that we distribute to our stockholders. However, our qualification and election to be treated as a RIC requires that we comply with provisions contained in the Code. For example, as a RIC we must receive 90% or more of our income from qualified earnings, typically referred to as good income, as well as satisfy asset diversification and income distribution requirements. As an investment company, we follow accounting and reporting guidance as set forth in Topic 946 of FASB's ASC.

Our principal executive offices are located at 400 Hamilton Avenue, Suite 310, Palo Alto, California 94301, and our telephone number is (650) 289-3060. We also have offices in Boston, MA, New York, NY, Washington, DC, Santa Monica, CA, Hartford, CT and San Diego, CA. We maintain a website on the Internet at [www.htgc.com](http://www.htgc.com). We make available, free of charge, on our website our proxy statement, annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC. Information contained on our website is not incorporated by reference into this prospectus, and you should not consider that information to be part of this prospectus.

We file annual, quarterly and current periodic reports, proxy statements and other information with the SEC under the Exchange Act. This information is available at the SEC's public reference room at 100 F Street, N.E., Washington, D.C. 20549. You may obtain information about the operation of the SEC's public reference room by calling the SEC at (202) 551-8090. In addition, the SEC maintains an Internet website, at [www.sec.gov](http://www.sec.gov), that contains reports, proxy and information statements, and other information regarding issuers, including us, who file documents electronically with the SEC.

**Table of Contents**

**Index to Financial Statements**

**OUR MARKET OPPORTUNITY**

We believe that technology-related companies compete in one of the largest and most rapidly growing sectors of the U.S. economy and that continued growth is supported by ongoing innovation and performance improvements in technology products as well as the adoption of technology across virtually all industries in response to competitive pressures. We believe that an attractive market opportunity exists for a specialty finance company focused primarily on investments in structured debt with warrants in technology-related companies for the following reasons:

technology-related companies have generally been underserved by traditional lending sources;

unfulfilled demand exists for structured debt financing to technology-related companies due to the complexity of evaluating risk in these investments; and

structured debt with warrants products are less dilutive and complement equity financing from venture capital and private equity funds.

***Technology-Related Companies are Underserved by Traditional Lenders.*** We believe many viable technology-related companies backed by financial sponsors have been unable to obtain sufficient growth financing from traditional lenders, including financial services companies such as commercial banks and finance companies because traditional lenders have continued to consolidate and have adopted a more risk-averse approach to lending. More importantly, we believe traditional lenders are typically unable to underwrite the risk associated with these companies effectively.

The unique cash flow characteristics of many technology-related companies typically include significant research and development expenditures and high projected revenue growth thus often making such companies difficult to evaluate from a credit perspective. In addition, the balance sheets of these companies often include a disproportionately large amount of intellectual property assets, which can be difficult to value. Finally, the speed of innovation in technology and rapid shifts in consumer demand and market share add to the difficulty in evaluating technology-related companies.

Due to the difficulties described above, we believe traditional lenders generally refrain from entering the structured debt financing marketplace, instead preferring the risk-reward profile of asset based lending. Traditional lenders generally do not have flexible product offerings that meet the needs of technology-related companies. The financing products offered by traditional lenders typically impose on borrowers many restrictive covenants and conditions, including limiting cash outflows and requiring a significant depository relationship to facilitate rapid liquidation.

***Unfulfilled Demand for Structured Debt Financing to Technology-Related Companies.*** Private debt capital in the form of structured debt financing from specialty finance companies continues to be an important source of funding for technology-related companies. We believe that the level of demand for structured debt financing is a function of the level of annual venture equity investment activity.

We believe that demand for structured debt financing is currently underserved. The venture capital market for the technology-related companies in which we invest has been active. Therefore, to the extent we have capital available, we believe this is an opportune time to be active in the structured lending market for technology-related companies.

***Structured Debt with Warrants Products Complement Equity Financing From Venture Capital and Private Equity Funds.*** We believe that technology-related companies and their financial sponsors will continue to view structured debt securities as an attractive source of capital because it augments the capital provided by venture capital and private equity funds. We believe that our structured debt with warrants product provides access to growth capital that otherwise may only be available through incremental investments by existing equity investors. As such, we provide portfolio companies and their financial sponsors with an opportunity to diversify their capital sources. Generally, we believe many technology-related companies at all stages of development

**Table of Contents**

**Index to Financial Statements**

target a portion of their capital to be debt in an attempt to achieve a higher valuation through internal growth. In addition, because financial sponsor-backed companies have reached a more mature stage prior to reaching a liquidity event, we believe our investments could provide the debt capital needed to grow or recapitalize during the extended period sometimes required prior to liquidity events.

**OUR BUSINESS STRATEGY**

Our strategy to achieve our investment objective includes the following key elements:

***Leverage the Experience and Industry Relationships of Our Management Team and Investment Professionals.*** We have assembled a team of experienced investment professionals with extensive experience as venture capitalists, commercial lenders, and originators of structured debt and equity investments in technology-related companies. Our investment professionals have, on average, more than 15 years of experience as equity investors in, and/or lenders to, technology-related companies. In addition, our team members have originated structured debt, debt with warrants and equity investments in over 355 technology-related companies, representing almost \$6.1 billion in commitments from inception to June 30, 2016, and have developed a network of industry contacts with investors and other participants within the venture capital and private equity communities. In addition, members of our management team also have operational, research and development and finance experience with technology-related companies. We have established contacts with leading venture capital and private equity fund sponsors, public and private companies, research institutions and other industry participants, which we believe will enable us to identify and attract well-positioned prospective portfolio companies.

We focus our investing activities generally in industries in which our investment professionals have investment experience. We believe that our focus on financing technology-related companies will enable us to leverage our expertise in structuring prospective investments, to assess the value of both tangible and intangible assets, to evaluate the business prospects and operating characteristics of technology-related companies and to identify and originate potentially attractive investments with these types of companies.

***Mitigate Risk of Principal Loss and Build a Portfolio of Equity-Related Securities.*** We expect that our investments have the potential to produce attractive risk-adjusted returns through current income, in the form of interest and fee income, as well as capital appreciation from warrant and equity-related securities. We believe that we can mitigate the risk of loss on our debt investments through the combination of loan principal amortization, cash interest payments, relatively short maturities (typically between 24-48 months), security interests in the assets of our portfolio companies, and on select investment covenants requiring prospective portfolio companies to have certain amounts of available cash at the time of our investment and the continued support from a venture capital or private equity firm at the time we make our investment. Although we do not currently engage in hedging transactions, we may engage in hedging transactions in the future utilizing instruments such as forward contracts, currency options and interest rate swaps, caps, collars, and floors.

Historically our structured debt investments to technology-related companies typically include warrants or other equity interests, giving us the potential to realize equity-like returns on a portion of our investment. In addition, in some cases, we receive the right to make additional equity investments in our portfolio companies, including the right to convert some portion of our debt into equity, in connection with future equity financing rounds. We believe these equity interests will create the potential for meaningful long-term capital gains in connection with the future liquidity events of these technology-related companies.

***Provide Customized Financing Complementary to Financial Sponsors' Capital.*** We offer a broad range of investment structures and possess expertise and experience to effectively structure and price investments in technology-related companies. Unlike many of our competitors that only invest in companies that fit a specific set of investment parameters, we have the flexibility to structure our investments to suit the particular needs of our portfolio companies. We offer customized financing solutions ranging from senior debt, including below-investment grade debt instruments (also known as "junk bonds"), to equity capital, with a focus on structured debt with warrants.

**Table of Contents**

**Index to Financial Statements**

We use our relationships in the financial sponsor community to originate investment opportunities. Because venture capital and private equity funds typically invest solely in the equity securities of their portfolio companies, we believe that our debt investments will be viewed as an attractive and complimentary source of capital, both by the portfolio company and by the portfolio company's financial sponsor. In addition, we believe that many venture capital and private equity fund sponsors encourage their portfolio companies to use debt financing for a portion of their capital needs as a means of potentially enhancing equity returns, minimizing equity dilution and increasing valuations prior to a subsequent equity financing round or a liquidity event.

***Invest at Various Stages of Development.*** We provide growth capital to technology-related companies at all stages of development, including select publicly listed companies and select special opportunity lower middle market companies that require additional capital to fund acquisitions, recapitalizations and refinancings and established-stage companies. We believe that this provides us with a broader range of potential investment opportunities than those available to many of our competitors, who generally focus their investments on a particular stage in a company's development. Because of the flexible structure of our investments and the extensive experience of our investment professionals, we believe we are well positioned to take advantage of these investment opportunities at all stages of prospective portfolio companies' development.

***Benefit from Our Efficient Organizational Structure.*** We believe that the perpetual nature of our corporate structure enables us to be a long-term partner for our portfolio companies in contrast to traditional investment funds, which typically have a limited life. In addition, because of our access to the equity markets, we believe that we may benefit from a lower cost of capital than that available to private investment funds. We are not subject to requirements to return invested capital to investors nor do we have a finite investment horizon. Capital providers that are subject to such limitations are often required to seek a liquidity event more quickly than they otherwise might, which can result in a lower overall return on an investment.

***Deal Sourcing Through Our Proprietary Database.*** We have developed a proprietary and comprehensive SQL database system to track various aspects of our investment process including sourcing, originations, transaction monitoring and post-investment performance. As of June 30, 2016, our proprietary SQL-based database system included approximately 45,000 technology-related companies and approximately 9,200 venture capital firms, private equity sponsors/investors, as well as various other industry contacts. This proprietary SQL system allows us to maintain, cultivate and grow our industry relationships while providing us with comprehensive details on companies in the technology-related industries and their financial sponsors.

**OUR INVESTMENTS AND OPERATIONS**

We principally invest in debt securities and, to a lesser extent, equity securities, with a particular emphasis on structured debt with warrants.

We generally seek to invest in companies that have been operating for at least six to 12 months prior to the date of our investment. We anticipate that such entities may, at the time of investment, be generating revenues or will have a business plan that anticipates generation of revenues within 24 to 48 months. Further, we anticipate that on the date of our investment we will generally obtain a lien on available assets, which may or may not include intellectual property, and these companies will have sufficient cash on their balance sheet to operate as well as potentially amortize their debt for at least three to nine months following our investment. We generally require that a prospective portfolio company, in addition to having sufficient capital to support leverage, demonstrate an operating plan capable of generating cash flows or raising the additional capital necessary to cover its operating expenses and service its debt, for an additional six to twelve months subject to market conditions.

We expect that our investments will generally range from \$12.0 million to \$25.0 million, although we may make investments in amounts above or below this range. We typically structure our debt securities to provide for amortization of principal over the life of the loan, but may include a period of interest-only payments. Our loans

---

**Table of Contents****Index to Financial Statements**

will typically be collateralized by a security interest in the borrower's assets, although we may not have the first claim on these assets and the assets may not include intellectual property. As of June 30, 2016, approximately 92.8% of our loans were at floating rates or floating rates with a floor and 7.2% of the loans were at fixed rates.

In addition to the cash yields received on our loans, in some instances, our loans generally include one or more of the following: end-of-term payments, exit fees, balloon payment fees, commitment fees, success fees or prepayment fees. In some cases our loans also include contractual PIK interest arrangements. The increases in loan balances as a result of contractual PIK arrangements are included in income for the period in which such PIK interest was accrued, which is often in advance of receiving cash payment, and are separately identified on our statements of cash flows. We also may be required to include in income for tax purposes certain other amounts prior to receiving the related cash.

In addition, the majority of our investments in the structured debt of venture capital-backed companies generally have equity enhancement features, typically in the form of warrants or other equity-related securities that are considered OID to our loans and are designed to provide us with an opportunity for potential capital appreciation. The warrants typically will be immediately exercisable upon issuance and generally will remain exercisable for the lesser of five to ten years or three to five years after completion of an IPO. The exercise prices for the warrants varies from nominal exercise prices to exercise prices that are at or above the current fair market value of the equity for which we receive warrants. We may structure warrants to provide minority rights provisions or on a very select basis put rights upon the occurrence of certain events. We generally target a total annualized return (including interest, fees and value of warrants) of 12% to 25% for our debt investments.

Typically, our structured debt and equity investments take one of the following forms:

*Structured Debt with Warrants.* We seek to invest a majority of our assets in structured debt with warrants of prospective portfolio companies. Our investments in structured debt with warrants may be the only debt capital on the balance sheet of our portfolio companies, and in many cases we have a first priority security interest in all of our portfolio company's assets, or in certain investments we may have a negative pledge on intellectual property. Our structured debt with warrants typically has a maturity of between two and seven years, and they may provide for full amortization after an interest only period. Our structured debt with warrants generally carries a contractual interest rate up to 15.0% and may include an additional end-of-term payment or contractual PIK interest arrangements. We may structure our structured debt with warrants with restrictive affirmative and negative covenants, default penalties, prepayment penalties, lien protection, equity calls, change-in-control provisions or board observation rights.

*Senior Debt.* We seek to invest a limited portion of our assets in senior debt. Senior debt may be collateralized by accounts receivable and/or inventory financing of prospective portfolio companies. Senior debt has a senior position with respect to a borrower's scheduled interest and principal payments and holds a first priority security interest in the assets pledged as collateral. Senior debt also may impose covenants on a borrower with regard to cash flows and changes in capital structure, among other items. We generally collateralize our investments by obtaining security interests in our portfolio companies' assets, which may include their intellectual property. In other cases we may obtain a negative pledge covering a company's intellectual property. Our senior loans, in certain instances, may be tied to the financing of specific assets. In connection with a senior debt investment, we may also provide the borrower with a working capital line-of-credit that will carry an interest rate ranging from Prime or LIBOR plus a spread with a floor, generally maturing in one to three years, and typically secured by accounts receivable and/or inventory.

*Equipment Loans.* We intend to invest a limited portion of our assets in equipment-based loans to early-stage prospective portfolio companies. Equipment-based loans are secured by a first priority security interest in only the specific assets financed. These loans are generally for amounts up to \$3.0 million but may be up to \$15.0 million, carry a contractual interest rate between Prime and Prime plus 9.0%, and have an average term between three and four years. Equipment loans may also include end of term payments.

**Table of Contents****Index to Financial Statements**

*Equity-Related Securities.* The equity-related securities we hold consist primarily of warrants or other equity interests generally obtained in connection with our structured debt investments. In addition to the warrants received as a part of a structured debt financing, we typically receive the right to make equity investments in a portfolio company in connection with that company's next round of equity financing. We may also on certain debt investments have the right to convert a portion of the debt investment into equity. These rights will provide us with the opportunity to further enhance our returns over time through opportunistic equity investments in our portfolio companies. These equity-related investments are typically in the form of preferred or common equity and may be structured with a dividend yield, providing us with a current return, and with customary anti-dilution protection and preemptive rights. We may achieve liquidity through a merger or acquisition of a portfolio company, a public offering of a portfolio company's stock or by exercising our right, if any, to require a portfolio company to buy back the equity-related securities we hold. We may also make stand-alone direct equity investments into portfolio companies in which we may not have any debt investment in the company. As of December 31, 2015, we held warrant and equity-related securities in 150 portfolio companies.

A comparison of the typical features of our various investment alternatives is set forth in the chart below.

	<b>Structured Debt with Warrants</b>	<b>Senior Debt</b>	<b>Equipment Loans</b>	<b>Equity-Related Securities</b>
<b>Typical Structure</b>	Term debt with warrants	Term or revolving debt	Term debt with warrants	Preferred stock or common stock
<b>Investment Horizon</b>	Long-term, ranging from 2 to 7 years, with an average of 3 years	Usually under 3 years	Ranging from 3 to 4 years	Ranging from 3 to 7 years
<b>Ranking/Security</b>	Senior secured, either first out or last out, or second lien	Senior / First lien	Secured only by underlying equipment	None/unsecured
<b>Covenants</b>	Less restrictive;	Generally borrowing base	None	None
<b>Risk Tolerance</b>	mostly financial Medium / High	and financial Low	High	High
<b>Coupon/Dividend</b>	Cash pay fixed and floating rate; PIK in limited cases	Cash pay fixed or floating rate	Cash pay fixed or floating rate and may include PIK	Generally none
<b>Customization or Flexibility</b>	More flexible	Little to none	Little to none	Flexible
<b>Equity Dilution</b>	Low to medium	None to low	Low	High

### Index to Financial Statements

#### **Investment Criteria**

We have identified several criteria, among others, that we believe are important in achieving our investment objective with respect to prospective portfolio companies. These criteria, while not inclusive, provide general guidelines for our investment decisions.

**Portfolio Composition.** While we generally focus our investments in venture capital-backed companies in technology-related industries, we seek to invest across various financial sponsors as well as across various stages of companies' development and various technology industry sub-sectors and geographies. As of June 30, 2016, approximately 63.4% of the fair value of our portfolio was composed of investments in four industries: 23.8% was composed of investments in the drug discovery and development industry, 14.5% was comprised of investments in the sustainable and renewable technology industry, 13.9% was composed of investments in the software industry, and 11.1% was composed of investments in the drug delivery industry.

**Continuing Support from One or More Financial Sponsors.** We generally invest in companies in which one or more established financial sponsors have previously invested and continue to make a contribution to the management of the business. We believe that having established financial sponsors with meaningful commitments to the business is a key characteristic of a prospective portfolio company. In addition, we look for representatives of one or more financial sponsors to maintain seats on the Board of Directors of a prospective portfolio company as an indication of such commitment.

**Company Stage of Development.** While we invest in companies at various stages of development, we generally require that prospective portfolio companies be beyond the seed stage of development and generally have received or anticipate having commitments for their first institutional round of equity financing for early stage companies. We expect a prospective portfolio company to demonstrate progress in its product development or demonstrate a path towards revenue generation or increase its revenues and operating cash flow over time. The anticipated growth rate of a prospective portfolio company is a key factor in determining the value that we ascribe to any warrants or other equity securities that we may acquire in connection with an investment in debt securities.

**Operating Plan.** We generally require that a prospective portfolio company, in addition to having potential access to capital to support leverage, demonstrate an operating plan capable of generating cash flows or the ability to potentially raise the additional capital necessary to cover its operating expenses and service its debt for a specific period. Specifically, we require that a prospective portfolio company demonstrate at the time of our proposed investment that in addition to having sufficient capital to support leverage, it has an operating plan capable of generating cash flows or raising the additional capital necessary to cover its operating expenses and service its debt for an additional six to twelve months subject to market conditions.

**Security Interest.** In many instances we seek a first priority security interest in all of the portfolio companies' tangible and intangible assets as collateral for our debt investment, subject in some cases to permitted exceptions. In other cases we may obtain a negative pledge prohibiting a company from pledging or otherwise encumbering their intellectual property. Although we do not intend to operate as an asset-based lender, the estimated liquidation value of the assets, if any, collateralizing the debt securities that we hold is an important factor in our credit analysis and subject to assumptions that may change over the life of the investment especially when attempting to estimate the value of intellectual property. We generally evaluate both tangible assets, such as accounts receivable, inventory and equipment, and intangible assets, such as intellectual property, customer lists, networks and databases.

**Covenants.** Our investments may include one or more of the following covenants: cross-default; material adverse change provisions; requirements that the portfolio company provide periodic financial reports and operating metrics; and limitations on the portfolio company's ability to incur additional debt, sell assets, dividend recapture, engage in transactions with affiliates and consummate an extraordinary transaction, such as a merger or recapitalization without our consent. In addition, we may require other performance or financial based covenants, as we deem appropriate.

**Table of Contents**

**Index to Financial Statements**

**Exit Strategy.** Prior to making a debt investment that is accompanied by an equity-related security in a prospective portfolio company, we analyze the potential for that company to increase the liquidity of its equity through a future event that would enable us to realize appreciation in the value of our equity interest. Liquidity events may include an initial public offering, a private sale of our equity interest to a third party, a merger or an acquisition of the company or a purchase of our equity position by the company or one of its stockholders.

**Investment Process**

We have organized our management team around the four key elements of our investment process:

Origination;

Underwriting;

Documentation; and

Loan and Compliance Administration.

Our investment process is summarized in the following chart:

***Origination***

The origination process for our investments includes sourcing, screening, preliminary due diligence and deal structuring and negotiation, all leading to an executed non-binding term sheet. As of June 30, 2016, our investment origination team, which consists of approximately 34 investment professionals, is headed by our Chief Investment Officer and our Chief Executive Officer. The origination team is responsible for sourcing potential investment opportunities and members of the investment origination team use their extensive relationships with various leading financial sponsors, management contacts within technology-related companies, trade sources, technology conferences and various publications to source prospective portfolio companies. Our investment origination team is divided into special opportunity lower middle market, technology, sustainable and renewable technology, and life sciences sub-teams to better source potential portfolio companies.

## **Table of Contents**

### **Index to Financial Statements**

In addition, we have developed a proprietary and comprehensive SQL-based database system to track various aspects of our investment process including sourcing, originations, transaction monitoring and post-investment performance. This proprietary SQL system allows our origination team to maintain, cultivate and grow our industry relationships while providing our origination team with comprehensive details on companies in the technology-related industries and their financial sponsors.

If a prospective portfolio company generally meets certain underwriting criteria, we perform preliminary due diligence, which may include high level company and technology assessments, evaluation of its financial sponsors' support, market analysis, competitive analysis, identifying key management, risk analysis and transaction size, pricing, return analysis and structure analysis. If the preliminary due diligence is satisfactory, and the origination team recommends moving forward, we then structure, negotiate and execute a non-binding term sheet with the potential portfolio company. Upon execution of a term sheet, the investment opportunity moves to the underwriting process to complete formal due diligence review and approval.

### ***Underwriting***

The underwriting review includes formal due diligence and approval of the proposed investment in the portfolio company.

*Due Diligence.* Our due diligence on a prospective investment is typically completed by two or more investment professionals whom we define as the underwriting team. The underwriting team for a proposed investment consists of the deal sponsor who typically possesses general industry knowledge and is responsible for originating and managing the transaction, other investment professional(s) who perform due diligence, credit and corporate financial analyses and, as needed, our legal professionals. To ensure consistent underwriting, we generally use our standardized due diligence methodologies, which include due diligence on financial performance and credit risk as well as an analysis of the operations and the legal and applicable regulatory framework of a prospective portfolio company. The members of the underwriting team work together to conduct due diligence and understand the relationships among the prospective portfolio company's business plan, operations and financial performance.

As part of our evaluation of a proposed investment, the underwriting team prepares an investment memorandum for presentation to the investment committee. In preparing the investment memorandum, the underwriting team typically interviews select key management of the company and select financial sponsors and assembles information necessary to the investment decision. If and when appropriate, the investment professionals may also contact industry experts and customers, vendors or, in some cases, competitors of the company.

*Approval Process.* The sponsoring managing director or principal presents the investment memorandum to our investment committee for consideration. The approval of a majority of our investment committee and an affirmative vote by our Chief Executive Officer is required before we proceed with any investment. The members of our investment committee are our Chief Executive Officer, our Chief Financial Officer, and our Chief Investment Officer. The investment committee generally meets weekly and more frequently on an as-needed basis.

### ***Documentation***

Our legal department administers the documentation process for our investments. This department is responsible for documenting the transactions approved by our investment committee with a prospective portfolio company. This department negotiates loan documentation and, subject to appropriate approvals, final documents are prepared for execution by all parties. The legal department generally uses the services of external law firms to complete the necessary documentation.

### ***Loan and Compliance Administration***

Our investment team, credit team, and finance department, headed by our investment committee, administer loans and track covenant compliance, if applicable, of our investments and oversees periodic reviews of our

---

**Table of Contents****Index to Financial Statements**

critical functions to ensure adherence with our internal policies and procedures. After funding of a loan in accordance with the investment committee's approval, the loan is recorded in our loan administration software and our SQL-based database system. The investment team, credit team, and finance department are responsible for ensuring timely interest and principal payments and collateral management as well as advising the investment committee on the financial performance and trends of each portfolio company, including any covenant violations that occur, to aid us in assessing the appropriate course of action for each portfolio company and evaluating overall portfolio quality. In addition, the investment team and credit team advise the investment committee and the Audit Committee of our Board of Directors, accordingly, regarding the credit and investment grading for each portfolio company as well as changes in the value of collateral that may occur.

The investment team and credit team monitor our portfolio companies in order to determine whether the companies are meeting our financing criteria and their respective business plans and also monitors the financial trends of each portfolio company from its monthly or quarterly financial statements to assess the appropriate course of action for each company and to evaluate overall portfolio quality. In addition, our management team closely monitors the status and performance of each individual company through our SQL-based database system and periodic contact with our portfolio companies' management teams and their respective financial sponsors.

*Credit and Investment Grading System.* Our investment team and credit team use an investment grading system to characterize and monitor our outstanding loans. Our investment team and credit team monitors and, when appropriate, recommends changes to investment grading. Our investment committee reviews the recommendations and/or changes to the investment grading, which are submitted on a quarterly basis to the Audit Committee and our Board of Directors for approval.

From time to time, we will identify investments that require closer monitoring or become workout assets. We develop a workout strategy for workout assets and our investment committee monitors the progress against the strategy. We may incur losses from our investing activities, however, we work with our troubled portfolio companies in order to recover as much of our investments as is practicable, including possibly taking control of the portfolio company. There can be no assurance that principal will be recovered.

We use the following investment grading system approved by our Board of Directors:

- Grade 1. Loans involve the least amount of risk in our portfolio. The borrower is performing above expectations, and the trends and risk profile is generally favorable.
- Grade 2. The borrower is performing as expected and the risk profile is neutral to favorable. All new loans are initially graded 2.
- Grade 3. The borrower may be performing below expectations, and the loan's risk has increased materially since origination. We increase procedures to monitor a borrower that may have limited amounts of cash remaining on the balance sheet, is approaching its next equity capital raise within the next three to six months, or if the estimated fair value of the enterprise may be lower than when the loan was originated. We will generally lower the loan grade to a level 3 even if the company is performing in accordance to plan as it approaches the need to raise additional cash to fund its operations. Once the borrower closes its new equity capital raise, we may increase the loan grade back to grade 2 or maintain it at a grade 3 as the company continues to pursue its business plan.
- Grade 4. The borrower is performing materially below expectations, and the loan risk has substantially increased since origination. Loans graded 4 may experience some partial loss or full return of principal but are expected to realize some loss of interest which is not anticipated to be repaid in full, which, to the extent not already reflected, may require the fair value of the loan to be reduced to the amount we anticipate will be recovered. Grade 4 investments are closely monitored.
- Grade 5. The borrower is in workout, materially performing below expectations and a significant risk of principal loss is probable. Loans graded 5 will experience some partial principal loss or full loss of remaining principal outstanding is expected. Grade 5 loans will require the fair value of the loans be reduced to the amount, if any, we anticipate will be recovered.

**Table of Contents**

**Index to Financial Statements**

As of June 30, 2016, our debt investments had a weighted average investment grading of 2.11

***Managerial Assistance***

As a business development company, we are required to offer, and provide upon request, managerial assistance to our portfolio companies. This assistance could involve, among other things, monitoring the operations of our portfolio companies, participating in board and management meetings, consulting with and advising officers of portfolio companies and providing other organizational and financial guidance. We may, from time to time, receive fees for these services. In the event that such fees are received, they are incorporated into our operating income and are passed through to our stockholders, given the nature of our structure as an internally managed business development company. See

Regulation Significant Managerial Assistance for additional information.

**COMPETITION**

Our primary competitors provide financing to prospective portfolio companies and include non-bank financial institutions, federally or state chartered banks, venture debt funds, financial institutions, venture capital funds, private equity funds, investment funds and investment banks. Many of these entities have greater financial and managerial resources than we have, and the 1940 Act imposes certain regulatory restrictions on us as a business development company to which many of our competitors are not subject. However, we believe that few of our competitors possess the expertise to properly structure and price debt investments to venture capital-backed companies in technology-related industries. We believe that our specialization in financing technology-related companies will enable us to determine a range of potential values of intellectual property assets, evaluate the business prospects and operating characteristics of prospective portfolio companies and, as a result, identify investment opportunities that produce attractive risk-adjusted returns. For additional information concerning the competitive risks we face, see

Risk Factors Risks Related to our Business and Structure We operate in a highly competitive market for investment opportunities, and we may not be able to compete effectively.

**BROKERAGE ALLOCATIONS AND OTHER PRACTICES**

Because we generally acquire and dispose of our investments in privately negotiated transactions, we typically do not use brokers in the normal course of business. However, from time to time, we may work with brokers to sell positions we have acquired in the securities of publicly listed companies or to acquire positions (principally equity) in companies where we see a market opportunity to acquire such securities at attractive valuations. In cases where we do use a broker, we do not execute transactions through any particular broker or dealer, but will seek to obtain the best net results for the Company, taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution, and operational facilities of the firm and the firm's risk and skill in positioning blocks of securities. While we generally seek reasonably competitive execution costs, we may not necessarily pay the lowest spread or commission available. Subject to applicable legal requirements, we may select a broker based partly upon brokerage or research services provided to us. In return for such services, we may pay a higher commission than other brokers would charge if we determine in good faith that such commission is reasonable in relation to the services provided.

**EMPLOYEES**

As of June 30, 2016, we had 65 employees, including approximately 34 investment and portfolio management professionals, all of whom have extensive experience working on financing transactions for technology-related companies.

**Table of Contents**

**Index to Financial Statements**

**Legal Proceedings**

We may, from time to time, be involved in litigation arising out of our operations in the normal course of business or otherwise. Furthermore, third parties may try to seek to impose liability on us in connection with the activities of our portfolio companies. While the outcome of any current legal proceedings cannot at this time be predicted with certainty, we do not expect any current matters will materially affect our financial condition or results of operations; however, there can be no assurance whether any pending legal proceedings will have a material adverse effect on our financial condition or results of operations in any future reporting period.

**Table of Contents****Index to Financial Statements****PORTFOLIO COMPANIES****(dollars in thousands)**

The following tables set forth certain information as of June 30, 2016 regarding each portfolio company in which we had a debt or equity investment. The general terms of our loans and other investments are described in Business Our Investments and Operations. Other than these investments, our only formal relationship with our portfolio companies is the offer to make available significant managerial assistance. In addition, we may receive rights to observe the Board of Directors meetings of our portfolio companies. Amounts are presented in thousands.

\* Value as a percent of net assets

- (1) Preferred and common stock, warrants, and equity interests are generally non-income producing.
- (2) Gross unrealized appreciation, gross unrealized depreciation, and net depreciation for federal income tax purposes totaled \$22.5 million, \$89.4 million and \$66.9 million respectively. The tax cost of investments is \$1.4 billion.
- (3) Except for warrants in 38 publicly traded companies and common stock in 20 publicly traded companies, all investments are restricted at June 30, 2016 and were valued at fair value as determined in good faith by the Company's board of directors (the Board of Directors). No unrestricted securities of the same issuer are outstanding. The Company uses the Standard Industrial Code for classifying the industry grouping of its portfolio companies.
- (4) Non-U.S. company or the company's principal place of business is outside the United States.
- (5) Affiliate investment as defined under the Investment Company Act of 1940, as amended, (the 1940 Act) in which Hercules owns at least 5% but generally less than 25% of the company's voting securities.
- (6) Control investment as defined under the 1940 Act in which Hercules owns at least 25% of the company's voting securities or has greater than 50% representation on its board.
- (7) Debt is on non-accrual status at June 30, 2016, and is therefore considered non-income producing. Note that at June 30, 2016, only the \$11.0 million PIK loan is on non-accrual for the Company's debt investment in Tectura Corporation.
- (8) Denotes that all or a portion of the debt investment is convertible debt.
- (9) Indicates assets that the Company deems not qualifying assets under section 55(a) of the 1940 Act. Qualifying assets must represent at least 70% of the Company's total assets at the time of acquisition of any additional non-qualifying assets.
- (10) Denotes that all or a portion of the debt investment secures the notes offered in the Debt Securitization (as defined in Note 4).
- (11) Denotes that all or a portion of the debt investment is pledged as collateral under the Wells Facility (as defined in Note 4).
- (12) Denotes that all or a portion of the debt investment is pledged as collateral under the Union Facility (as defined in Note 4).
- (13) Denotes that all or a portion of the debt investment principal includes accumulated PIK, or payment-in-kind, interest and is net of repayments.
- (14) Denotes that all or a portion of the debt investment includes an exit fee receivable.
  - A. This fee ranges from 1.0% to 5.0% of the total debt commitment based on the contractual terms of our loan servicing agreements.
  - B. This fee ranges from 5.0% to 10.0% of the total debt commitment based on the contractual terms of our loan servicing agreements.
  - C. This fee ranges from 10.0% to 15.0% of the total debt commitment based on the contractual terms of our loan servicing agreements.
  - D. This fee is greater than 15.0% of the total debt commitment based on the contractual terms of our loan servicing agreements.
- (15) Denotes that all or a portion of the investment in this portfolio company is held by Hercules Technology II, L.P., or HT II, or Hercules Technology III, L.P., or HT III, the Company's wholly owned SBIC subsidiaries.
- (16) Denotes that the fair value of the Company's total investments in this portfolio company represent greater than 5% of the Company's total assets at June 30, 2016.
- (17) Denotes that there is an unfunded contractual commitment available at the request of this portfolio company at June 30, 2016. Refer to Note 10.
- (18) Repayment of a portion of the debt investment is delinquent of the contractual maturity date.

**Table of Contents****Index to Financial Statements****SENIOR SECURITIES**

Information about our senior securities is shown in the following table for the periods as of December 31, 2015, 2014, 2013, 2012, 2011, 2010, 2009, 2008, 2007 and 2006 and as of June 30, 2016. The information as of December 31, 2015, 2014, 2013, 2012, 2011 and 2010 has been derived from our audited financial statements for these periods, which have been audited by PricewaterhouseCoopers LLP, our independent registered public accounting firm. The report of PricewaterhouseCoopers LLP on the senior securities table as of December 31, 2015 is attached as an exhibit to the registration statement of which this prospectus is a part. The N/A indicates information that the SEC expressly does not require to be disclosed for certain types of senior securities.

December 31, 2013	\$ 559,921,472	\$ 2,182	N/A
December 31, 2014	\$ 626,587,644	\$ 2,073	N/A
December 31, 2015	\$ 600,468,500	\$ 2,194	N/A
December 31, 2016 (as of June 30, 2016, unaudited)	\$ 674,809,550	\$ 2,064	N/A

(1) Total amount of each class of senior securities outstanding at the end of the period presented.

(2) The asset coverage ratio for a class of senior securities representing indebtedness is calculated as our consolidated total assets, less all liabilities and indebtedness not represented by senior securities, including senior securities not subject to asset coverage requirements under the 1940 Act due to exemptive relief from the SEC, divided by senior securities representing indebtedness. This asset coverage ratio is multiplied by \$1,000 to determine the Asset Coverage per Unit.

(3) Not applicable because senior securities are not registered for public trading.

(4) Issued by HT II, one of our SBIC subsidiaries, to the SBA. These categories of senior securities were not subject to the asset coverage requirements of the 1940 Act as a result of exemptive relief granted to us by the SEC.

(5) Issued by HT III, one of our SBIC subsidiaries, to the SBA. These categories of senior securities were not subject to the asset coverage requirements of the 1940 Act as a result of exemptive relief granted to us by the SEC.

(6) The Company's Wells Facility and Union Bank Facility had no borrowings outstanding during the periods noted above.

(7) The total senior securities and Asset Coverage per Unit shown for those securities do not represent the asset coverage ratio requirement under the 1940 act because the presentation includes senior securities not subject to the asset coverage requirements of the 1940 Act as a result of exemptive relief granted to us by the SEC. As of June 30, 2016 our asset coverage ratio under our regulatory requirements as a business development company was 248.1% excluding our SBA debentures as a result of our exemptive order from the SEC which allows us to exclude all SBA leverage from our asset coverage ratio.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

- (8) As noted in footnote 7 above, the total senior securities and Asset Coverage per Unit shown does not represent the asset coverage ratio requirement under the 1940 Act because the presentation includes senior securities not subject to the asset coverage requirements of the 1940 Act as a result of exemptive relief granted to us by the SEC. Including our SBA debentures, in accordance with our exemption order from the SEC, our asset coverage ratio as of December 31, 2012 was 296.8%.

**Table of Contents****Index to Financial Statements****MANAGEMENT**

Our business and affairs are managed under the direction of our Board of Directors. Our Board of Directors elects our officers who serve at the discretion of the Board of Directors. Our Board of Directors currently consists of six members, one who is an interested person of the Company as defined in Section 2(a)(19) of the 1940 Act and five who are not interested persons and who we refer to as our independent directors.

**Directors, Executive Officers and Key Employees**

Our executive officers, directors and key employees and their positions are set forth below. The address for each executive officer, director and key employee is c/o Hercules Capital, Inc., 400 Hamilton Avenue, Suite 310, Palo Alto, California 94301.

<b>Name</b>	<b>Age</b>	<b>Positions</b>
<b><i>Interested Director:</i></b>		
Manuel A. Henriquez <sup>(1)</sup>	52	Chairman of the Board of Directors, President and Chief Executive Officer
<b><i>Independent Directors:</i></b>		
Robert P. Badavas	63	Director
Allyn C. Woodward, Jr.	75	Director
Thomas J. Fallon	55	Director
Susanne D. Lyons	59	Director
Joseph F. Hoffman	67	Director
<b><i>Executive Officers:</i></b>		
Mark Harris	46	Chief Financial Officer and Chief Accounting Officer
Melanie Grace	47	General Counsel and Chief Compliance Officer
Scott Bluestein	38	Chief Investment Officer
Andrew Olson	33	Controller

(1) Mr. Henriquez is an interested person, as defined in section 2(a)(19) of the 1940 Act, of the Company due to his position as an executive officer of the Company.

Set forth below is information regarding our current directors, including each director's (i) name and age; (ii) a brief description of their recent business experience, including present occupations and employment during at least the past five years; (iii) directorships, if any, that each director holds and has held during the past five years; and (iv) the year in which each person became a director of the Company. As the information that follows indicates, the nominee and each continuing director brings strong and unique experience, qualifications, attributes, and skills to the Board of Directors. This provides the Board of Directors, collectively, with competence, experience, and perspective in a variety of areas, including: (i) corporate governance and Board service; (ii) executive management, finance, and accounting; (iii) venture capital financing with a technology-related focus; (iv) business acumen; and (v) an ability to exercise sound judgment.

Moreover, the nominating and corporate governance committee believes that it is important to seek a broad diversity of experience, professions, skills, geographic representation and backgrounds. The nominating and corporate governance committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities. Our Board of Directors does not have a specific diversity policy, but considers diversity of race, religion, national origin, gender, sexual orientation, disability, cultural background and professional experiences in evaluating candidates for Board membership.

**Table of Contents****Index to Financial Statements**

For each director, we have highlighted certain key areas of experience that qualify him or her to serve on the Board of Directors in each of their respective biographies below.

Name, Address, and Age <sup>(1)</sup>	Position(s) held with Company	Term of Office and Length of Time Served	Principal Occupation(s) During Past 5 Years	Other Directorships Held by Director or Nominee for Director During the past 5 years <sup>(2)</sup>
<b>Independent Directors</b>				
Susanne D. Lyons (59)	Director	Class I Director since 2015	Retired. Chief Marketing Officer, VISA from 2005-2007.	None.

**Education/Other:** Bachelor's in Business Economics from the University of California

Active Certified Public Accountant in California

**Board of Directors**

The number of directors is currently fixed at six directors.

Our Board of Directors is divided into three classes. Class I directors hold office for a term expiring at the annual meeting of stockholders to be held in 2017, Class II directors hold office for a term expiring at the annual meeting of stockholders to be held in 2018 and Class III directors hold office for a term expiring at the annual meeting of stockholders to be held in 2019. Each director holds office for the term to which he or she is elected and until his or her successor is duly elected and qualifies. Messrs. Woodward and Fallon's terms expire in 2018, Messrs. Henriquez and Hoffman's terms expire in 2019 and Mr. Badavas and Ms. Lyons' terms expire in 2017. At each annual meeting of our stockholders, the successors to the class of directors whose terms expire at such meeting will be elected to hold office for a term expiring at the annual meeting of stockholders held in the third year following the year of their election and until their successors are duly elected and qualify.

**Table of Contents**

**Index to Financial Statements**

**CORPORATE GOVERNANCE**

Our business, property and affairs are managed under the direction of our Board of Directors. Members of our Board of Directors are kept informed of our business through discussions with our chairman and chief executive officer, our chief financial officer, our chief investment officer, our secretary, and our other officers and employees, and by reviewing materials provided to them and participating in meetings of our Board of Directors and its committees.

Because our Board of Directors is committed to strong and effective corporate governance, it regularly monitors our corporate governance policies and practices to ensure we meet or exceed the requirements of applicable laws, regulations and rules, and the NYSE's listing standards. The Board of Directors has approved corporate governance guidelines that provide a framework for the operation of the Board of Directors and address key governance practices. The Board of Directors has adopted a number of policies to support our values and good corporate governance, including corporate governance guidelines, Board of Directors' committee charters, insider trading policy, code of ethics, code of business conduct and ethics, and related person transaction approval policy.

During 2015, as part of its on-going review of our corporate governance policies, our Board of Directors undertook the following relating to our corporate governance practices:

reviewed our compliance manual and made changes, where required, with the approval of our Board of Directors; and

as a result of the ongoing plan to integrate our comprehensive compliance program, conducted training sessions in 2015 to remind employees of their obligations as employees and officers of a business development company and the specific policies and procedures that have been designed by us to reasonably ensure that our employees are in compliance with federal securities laws and other laws.

Our Board of Directors will continue to review and update the corporate governance guidelines, corporate governance practices, and our corporate governance framework, including the potential expansion of the size of our Board of Directors.

**Board Leadership Structure**

***Chairman and Chief Executive Officer***

Our Board of Directors currently combines the role of chairman of the Board of Directors with the role of chief executive officer, coupled with a lead independent director position to further strengthen our governance structure. Our Board of Directors believes this provides an efficient and effective leadership model for our company. Combining the chairman and chief executive officer roles fosters clear accountability, effective decision-making, and alignment on corporate strategy. Since 2004, Mr. Henriquez has served as both chairman of the Board of Directors and as our chief executive officer. Mr. Henriquez is an interested director.

No single leadership model is right for all companies at all times. Our Board of Directors recognizes that depending on the circumstances, other leadership models, such as a separate independent chairman of the Board of Directors, might be appropriate. Accordingly, our Board of Directors periodically reviews its leadership structure.

Moreover, our Board of Directors believes that its governance practices provide adequate safeguards against any potential risks that might be associated with having a combined chairman and chief executive officer. Specifically:

five of our six current directors are independent directors;

## Table of Contents

### Index to Financial Statements

all of the members of our Audit Committee, Compensation Committee, and NCG Committee are independent directors;

our Board of Directors and its committees regularly conduct scheduled meetings in executive session, out of the presence of Mr. Henriquez and other members of management;

our Board of Directors and its committees regularly conduct meetings which specifically include Mr. Henriquez;

our Board of Directors and its committees remain in close contact with, and receive reports on various aspects of Hercules's management and enterprise risk directly from our senior management and independent auditors.

### ***Lead Independent Director***

Our Board of Directors has instituted the lead independent director position to provide an additional measure of balance, ensure our Board of Directors' independence, and enhance its ability to fulfill its management oversight responsibilities. Allyn C. Woodward, Jr. currently serves as our lead independent director. The lead independent director:

presides over all meetings of the independent directors at which our chairman is not present, including executive sessions of the independent directors;

has the authority to call meetings of the independent directors;

frequently consults with our chairman and chief executive officer about strategic policies;

provides our chairman and chief executive officer with input regarding Board of Directors meetings;

serves as a liaison between the chairman and chief executive officer and the independent directors; and

otherwise assumes such responsibilities as may be assigned to him by the independent directors.

Having a combined chairman and chief executive officer, coupled with a substantial majority of independent, experienced directors, including a lead independent director with specified responsibilities on behalf of the independent directors, provides the right leadership structure for our company and is best for us and our stockholders at this time.

### **Board Oversight of Risk**

While risk management is primarily the responsibility of our management team, our Board of Directors is responsible for oversight of the material risks faced by us at both the full board level and at the committee level.

Our Audit Committee has oversight responsibility not only for financial reporting with respect to our major financial exposures and the steps management has taken to monitor and control such exposures, but also for the effectiveness of management's enterprise risk management process that monitors and manages key business risks facing our company. In addition to our Audit Committee, the other committees of our Board of Directors consider the risks within their areas of responsibility. For example, our Compensation Committee considers the risks that may be posed by our executive compensation program.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Management provides regular updates throughout the year to our Board of Directors regarding the management of the risks they oversee at each regular meeting of our Board of Directors. Also, our Board of Directors receives presentations throughout the year from various department and business group heads that include discussion of significant risks as necessary. Additionally, our full Board of Directors reviews our short and long-term strategies, including consideration of significant risks facing our business and their potential impact.

**Table of Contents****Index to Financial Statements**

During 2015, in addition to unanimous written consents, the Board of Directors held the following meetings:

<b>Type of Meeting</b>	<b>Number</b>
<i>Regular Meetings to address regular, quarterly business matters</i>	4
<i>Other Meetings to address business matters that arise between quarters</i>	10

Each director makes a diligent effort to attend all Board of Directors and committee meetings, as well as our annual meeting of stockholders. All directors attended at least 75% of the aggregate number of meetings of the Board of Directors and of the respective committees on which they served. Each of our then-serving directors attended our 2015 annual meeting of stockholders in person.

**Board Committees**

Our Board of Directors has established an Audit Committee, a Compensation Committee, and a NCG Committee. A brief description of each committee is included in this prospectus and the charters of the Audit, Compensation, and NCG Committees are available on the Investor Relations section of our website at <http://investor.htgc.com/corporate-governance.cfm>.

As of the date of this prospectus, the members of each of our Board of Directors committees are as follows (the names of the respective committee chairperson are bolded):

<b>Audit</b>	<b>Compensation</b>	<b>Nominating and Governance</b>
<b>Robert Badavas</b>	<b>Susanne Lyons</b>	<b>Joseph Hoffman</b>
Joseph Hoffman	Allyn Woodward, Jr.	Susanne Lyons
Allyn Woodward, Jr.		Thomas Fallon

Each of our directors who sits on a committee satisfies the independence requirements for purposes of the rules promulgated by the NYSE and the requirements to be a non-interested director as defined in Section 2(a)(19) of the 1940 Act. Messrs. Badavas and Hoffman, Chairman and member of the Audit Committee, respectively, are each an audit committee financial expert as defined by applicable SEC rules.

**Committee Governance**

Each committee is governed by a charter that is approved by the Board of Directors, which sets forth each committee's purpose and responsibilities. The Board of Directors reviews the committees' charters, and each committee reviews its own charter, on at least an annual basis, to assess the charters' content and sufficiency, with final approval of any proposed changes required by the full Board of Directors.

**Committee Responsibilities and Meetings**

The key oversight responsibilities of the Board of Directors committees, and the number of meetings held by each committee during 2015, are as follows:

*Audit Committee*

*Number of meetings held in 2015: 5*

Appointing, overseeing and replacing, if necessary, our independent auditor.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Overseeing the accounting and financial reporting processes and the integrity of the financial statements.

Establishing procedures for complaints relating to accounting, internal accounting controls or auditing matters.

Examining the independence qualifications of our auditors.

165

**Table of Contents**

**Index to Financial Statements**

Assisting our Board of Directors oversight of our compliance with legal and regulatory requirements and enterprise risk management.

Assisting our Board of Directors in fulfilling its oversight responsibilities related to the systems of internal controls and disclosure controls which management has established regarding finance, accounting, and regulatory compliance.

Reviewing and recommending to the Board of Directors the valuation of the Company's portfolio.

*Compensation Committee*

*Number of meetings held in 2015: 7*

Oversees our overall compensation strategies, plans, policies and programs.

The approval of director and executive compensation.

The assessment of compensation-related risks.

*Nominating and Corporate Governance Committee*

*Number of meetings held in 2015: 2*

Our general corporate governance practices, including review of our Corporate Governance Guidelines.

The annual performance evaluation of our Board of Directors and its committees.

The identification and nomination of director candidates.

Succession planning for management.

Criteria considered by the NCG Committee in evaluating qualifications of individuals for election as members of the Board of Directors consist of the independence and other applicable NYSE corporate governance requirements; the 1940 Act and all other applicable laws, rules, regulations and listing standards; and the criteria, policies and principles set forth in the NCG Committee charter.

Considers nominees properly recommended by a stockholder. Nominations for directors may be made by stockholders if notice is timely given and if the notice contains the information required in our Bylaws. Except as noted below, to be timely, proposals and nominations of stockholders must be delivered to our secretary no earlier than November 30, 2016 and not later than 5:00 p.m., Eastern Time, on December 30, 2016. Proposals must comply with the other requirements contained in our Bylaws, including supporting documentation and other information.

**Director Independence**

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

The NYSE's listing standards and Section 2(a)(19) of the 1940 Act require that a majority of our Board of Directors and every member of our Audit, Compensation, and NCG Committees are independent. Under the NYSE's listing standards and our corporate governance guidelines, no director will be considered to be independent unless and until our Board of Directors affirmatively determines that such director has no direct or indirect material relationship with our company or our management. Our Board of Directors reviews the independence of its members annually.

In determining that Ms. Lyons and Messrs. Badavas, Woodward, Fallon and Hoffman are independent, our Board of Directors, through the NCG Committee, considered the financial services, commercial, family and other relationships between each director and his or her immediate family members or affiliated entities, on the one hand, and Hercules and its subsidiaries, on the other hand.

---

**Communication with the Board**

We believe that communications between our Board of Directors, our stockholders and other interested parties are an important part of our corporate governance process. Stockholders with questions about Hercules are encouraged to contact our Investor Relations department at (650) 289-3060. However, if stockholders believe that their questions have not been addressed, they may communicate with our Board of Directors by sending their communications to Hercules Capital, Inc., c/o Melanie Grace, Secretary, 400 Hamilton Avenue, Suite 310, Palo Alto, California 94301. All stockholder communications received in this manner will be delivered to one or more members of our Board of Directors.

Mr. Woodward currently serves as the lead independent director, and he presides over executive sessions of the independent directors. Parties may communicate directly with Mr. Woodward by sending their communications to Hercules Capital, Inc., c/o Melanie Grace, Secretary at the above address. All communications received in this manner will be delivered to Mr. Woodward.

All communications involving accounting, internal accounting controls and auditing matters, possible violations of, or non-compliance with, applicable legal and regulatory requirements or our code of ethics, or retaliatory acts against anyone who makes such a complaint or assists in the investigation of such a complaint, will be referred to Melanie Grace, Secretary. The communication will be forwarded to the chair of our Audit Committee if our secretary determines that the matter has been submitted in conformity with our whistleblower procedures or otherwise determines that the communication should be so directed.

The acceptance and forwarding of a communication to any director does not imply that the director owes or assumes any fiduciary duty to the person submitting the communication, all such duties being only as prescribed by applicable law.

**Code of Business Conduct and Ethics**

Our code of business conduct and ethics requires that our directors and executive officers avoid any conflict, or the appearance of a conflict, between an individual's personal interests and the interests of Hercules. Pursuant to our code of business conduct and ethics, which is available on our website at <http://investor.htgc.com/corporate-governance.cfm>, each director and executive officer must disclose any conflicts of interest, or actions or relationships that might give rise to a conflict, to our Audit Committee. Certain actions or relationships that might give rise to a conflict of interest are reviewed and approved by our Board of Directors.

**Availability of Corporate Governance Documents**

To learn more about our corporate governance and to view our corporate governance guidelines, code of business conduct and ethics, and the charters of our Audit Committee, Compensation Committee, and NCG Committee, please visit the Investor Relations page of our website at <http://investor.htgc.com/corporate-governance.cfm>, under Corporate Governance. Copies of these documents are also available in print free of charge by writing to Hercules Capital, Inc., c/o Melanie Grace, secretary, 400 Hamilton Avenue, Suite 310, Palo Alto, California 94301.

**Compensation Committee Interlocks and Insider Participation**

All members of our Compensation Committee are independent directors and none of the members are present or past employees of the Company. No member of our Compensation Committee: (i) has had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K under the Securities Exchange Act of 1934, as amended, referred to as the Exchange Act; or (ii) is an executive officer of another entity, at which one of our executive officers serves on our Board of Directors.

**Table of Contents**

**EXECUTIVE COMPENSATION**

**Compensation Discussion and Analysis**

The Compensation and Discussion Analysis discusses our 2015 executive compensation program, as it relates to the following executive officers:

Manuel A. Henriquez	Chairman of the Board of Directors and Chief Executive Officer ( CEO )
Mark R. Harris	Chief Financial Officer ( CFO )
Scott Bluestein	Chief Investment Officer
Melanie Grace	General Counsel, Chief Compliance Officer and Secretary
Andrew Olson	Controller
Jessica Baron	Former Chief Financial Officer <sup>1</sup>

<sup>1</sup> Ms. Baron separated from employment with the Company on June 9, 2015.

We refer to Messrs. Henriquez, Harris, Bluestein and Olson and Ms. Grace as our named executive officers, or NEOs and Ms. Baron as our former NEO .

**Executive Summary**

Under the oversight of our Compensation Committee, the Company s executive compensation program is designed to attract, incent and retain talented individuals who are critical to our continued success and our corporate growth and who will deliver sustained strong performance over the longer term. Our executive compensation program is designed to motivate the Company s executive officers to maintain the financial strength of the Company while avoiding any inappropriate focus on short-term profits that would impede the Company s long-term growth and encourage excessive risk-taking.

For 2015, the Company continued to review and enhance our compensation practices in accordance with our executive compensation philosophy with respect to company performance on a five-year period from 2011 to 2015 and relative peer performance on the one and three-year and occasionally five-year periods (the Performance Periods ). (See *Compensation Philosophy and Objectives* below). The Company s incentive compensation practices are significantly limited by the requirements imposed on us as an internally managed business development company pursuant to the 1940 Act. (See *Limitations Imposed by the 1940 Act Relating to Implementation of Non-Equity Incentive Plans* below). The Company believes that compensation paid to our NEOs for 2015 was commensurate with the Company s overall absolute performance as well as our performance relative to peers during the relevant Performance Periods. As discussed further below, our NEOs were compensated to reflect the Company s performance during the relevant Performance Periods (See *Performance Highlights and Assessment of Company Performance* below) as well as individual performance.

In addition to key factors involved in the 2015 decisions made by the Compensation Committee, we also discuss changes to our executive officer compensation program (See *2016 Changes to Executive Compensation* below). For example, we have enhanced and expanded the scope of our clawback policy to include all Section 16 officers, not only the CEO and CFO pursuant to Section 304 of the Sarbanes-Oxley Act of 2002 (See *Clawback Policy* below).

Further information relating to our financial performance during 2015 is provided in our annual report on Form 10-K for the fiscal year ending December 31, 2015. You are encouraged to read our 2015 annual report on Form 10-K.

**Table of Contents**

**Index to Financial Statements**

**Compensation Philosophy and Objectives**

As an internally managed business development company, the Company's compensation program is designed to encourage the NEOs to think and act like stockholders. The structure of the NEOs' compensation program is designed to encourage and reward the following factors, among other things:

sourcing and pursuing attractively priced investment opportunities to venture-backed companies;

achieving the Company's dividend objectives (which focus on stability and potential growth);

maintaining credit quality, monitoring financial performance and ultimately managing a successful exit of the Company's investment portfolio;

providing compensation and incentives necessary to attract, motivate and retain key executives critical to our continued success and growth;

focusing management behavior and decision-making on goals that are consistent with the overall strategy of the business;

ensuring a linkage between NEO compensation and individual contributions to our performance; and

risk management.

We believe that our continued success during 2015 was attributable to our ability to attract, motivate and retain the Company's outstanding executive team through the use of both short- and long-term incentive compensation programs, especially in a difficult business environment and against strong competition for top-quality executive talent in the venture debt industry.

The Company's compensation objectives are achieved through its executive compensation program, which for 2015 consisted of the following:

<b>ELEMENTS OF EXECUTIVE COMPENSATION</b>		
<b>Compensation Element</b>	<b>Form of Compensation</b>	<b>Compensation Objective</b>
Annual Base Salary	Cash paid on a regular basis throughout the year	Provide a level of fixed income that is competitive to allow the Company to retain and attract executive talent
Annual Cash	Cash awards paid on an annual basis following year-end	Reward NEOs who contribute to our financial performance and strategic success during the year, and reward individual achievements
Bonus Awards		
Long-Term Equity	Equity incentive awards vest 1/3 on a one-year cliff with remaining 2/3 vesting quarterly over two years based on continued employment with the Company	Reward NEOs who contribute to our success through the creation of shareholder value and to provide meaningful retention incentives, and reward individual achievements
Incentive Awards		

**Table of Contents**

**Index to Financial Statements**

The compensation program is designed to reflect best practices in executive compensation:

**2015 GOVERNANCE BEST PRACTICES HIGHLIGHTS**

**OF EXECUTIVE COMPENSATION**

No employment agreements for NEOs.	No cash severance payments.
No guaranteed retirement benefits.	No executive perquisite allowances beyond the benefit programs offered to all employees.
No tax gross ups for NEOs.	No repricing of stock options without stockholder approval, as required under applicable NYSE rules (and subject to other requirements under the 1940 Act).
Maintain stock ownership guidelines for NEOs to own at least two times his or her salary.	Routinely engage an independent compensation consultant to review NEO compensation.
Clawback policy for CEO and CFO pursuant to Section 304 of Sarbanes-Oxley of 2002.	No change in control benefits.
No pension.	

**Executive Compensation Governance**

The Company's executive compensation program is supported by strong corporate governance and Board-level oversight. The Compensation Committee provides primary oversight of our compensation programs, including the design and administration of executive compensation plans, assessment and setting of corporate performance, as well as individual performance, metrics, and the approval of executive compensation. In addition, the Compensation Committee retains an independent compensation consultant, and where appropriate, discusses compensation-related matters with our CEO, as it relates to the other NEOs. The Compensation Committee developed our 2015 compensation program, and the compensation paid to our NEOs during and in respect of 2015 was approved by the Compensation Committee as well as all of our independent directors.

**Role of Compensation Committee:** The Compensation Committee is comprised entirely of independent directors who are also non-employee directors as defined in Rule 16b-3 under the Exchange Act, independent directors as defined by the NYSE rules, and are not interested persons of the Company, as defined by Section 2(a)(19) of the 1940 Act. Ms. Lyons and Mr. Woodward comprise the Compensation Committee. Ms. Lyons chairs the Compensation Committee.

The Compensation Committee operates pursuant to a charter that sets forth its mission, specific goals and responsibilities. A key component of the Compensation Committee's goals and responsibilities is to evaluate, approve and/or make recommendations to our Board of Directors regarding the compensation of our NEOs, and to review their performance relative to their compensation to assure that they are compensated in a manner consistent with the compensation philosophy discussed above. In addition, the Compensation Committee evaluates and makes recommendations to our Board of Directors regarding the compensation of the directors for their services. Annually, the Compensation Committee:

evaluates our CEO's performance,

reviews our CEO's evaluation of the other NEOs' performance,

determines and approves the compensation paid to our CEO, and

with input from our CEO, reviews and approves the compensation of the other NEOs.

The Compensation Committee periodically reviews our compensation programs and equity incentive plans to ensure that such programs and plans are consistent with our corporate objectives and appropriately align our NEOs' interests with those of our stockholders. The Compensation Committee also administers our stock incentive program. The Compensation Committee may not delegate its responsibilities discussed above.

**Table of Contents****Index to Financial Statements**

**Role of Compensation Consultant:** The Compensation Committee has engaged Frederic W. Cook & Co., Inc., or F.W. Cook, as an independent outside compensation consultant to assist the Compensation Committee and provide advice on a variety of compensation matters relating to CEO compensation, compensation paid to our other NEOs, peer group selection, compensation program design, market and industry compensation trends, director compensation levels and regulatory developments. F.W. Cook was hired by and reports directly to the Compensation Committee. Our compensation consultant does not provide any other services to the Company. The Compensation Committee has assessed the independence of F.W. Cook pursuant to the NYSE rules, and it has been concluded that the consultant's work for the Compensation Committee does not raise any conflict of interest.

**Role of Chief Executive Officer:** From time to time and at the Compensation Committee's request, our CEO will attend the Compensation Committee's meetings to discuss the Company's performance and compensation-related matters. Our CEO does not attend executive sessions of the Compensation Committee, unless invited by the Compensation Committee. While our CEO does not participate in any deliberations relating to his own compensation, our CEO reviews on at least an annual basis the performance of each of the other NEOs and other executive officers. Based on these performance reviews and the Company's overall absolute and relative performance, our CEO makes recommendations to the Compensation Committee on any changes to base salaries, annual bonuses and equity awards. The Compensation Committee considers the recommendations submitted by our CEO, as well as data and analysis provided by management and F.W. Cook, but retains full discretion to approve and/or recommend for Board approval all executive and director compensation.

**Competitive Benchmarking Against Peers**

To determine the competitiveness of executive compensation levels, the Compensation Committee analyzes a group of internally and externally managed business development companies as set forth below (the "Peer Group"). However, the Compensation Committee does not specifically benchmark the compensation of our NEOs against that paid by other companies. Moreover, many of these entities do not publicly report the compensation of their executive officers nor do they typically report publicly information on their corporate performance. While various salary surveys from other private sources may become available to the Company with regard to these private entities, the Company believes that, among other reasons, without accurate, publicly disclosed information that would serve as benchmarks, it is not appropriate for the Company to set formal benchmarking procedures.

During 2015, the Compensation Committee, based on the advice of F.W. Cook, reviewed the peer group used in connection with prior compensation decisions. Based on this review, and the advice of F.W. Cook, the Compensation Committee updated our Peer Group to better align it to our business. Our Peer Group was used as a factor in determining the annual cash bonus awards made with respect to 2015 (but paid in 2016), along with the various performance metrics outlined below under *Performance Highlights and Assessment of Company Performance*, as well as the further considerations further described below under *Annual Cash Bonus Awards*. We emphasize that the list below is not one of exact peers. There are few internally managed business development companies and none of them are directly comparable to the Company in business strategies, assets under management, typical investment size and market capitalization. Items reviewed, among others, were certain corporate and executive performance measures established to achieve total returns for stockholders and our expense efficiency ratio compared to other business development companies in our Peer Group (which is calculated by taking total general and administrative expenses and dividing it by the company's total revenue).

## **Table of Contents**

### **Index to Financial Statements**

The items taken into account by the Compensation Committee in relation to other internally managed business development companies include, but are not limited to, base compensation, bonus compensation, restricted stock awards, and other compensation. In relation to externally managed business development companies, fees charged, including the base management fee (1.375% to 2.00%), administration fee (if applicable), incentive fee (17.5% to 20.0%) and capital gains fee (17.50% to 20.0%), are also taken into consideration.

### **Limitations Imposed by the 1940 Act Relating to Implementation of Non-Equity Incentive Plans**

We are an internally-managed, non-diversified, closed-end investment company that has elected to be regulated as a business development company under the 1940 Act. As a business development company, we are required to comply with certain regulatory requirements, including the 1940 Act Requirements. The 1940 Act Requirements provide that the Company may maintain either an equity incentive plan or a profit sharing plan. A profit sharing plan as defined under the 1940 Act is any written or oral plan, contract, authorization or arrangement, or any practice, understanding or undertaking whereby amounts payable under the compensation plan are dependent upon or related to the profits of the company. The SEC has stated that compensation plans possess profit-sharing characteristics if an investment company is obligated to make payments under such a plan based on the level of income, realized gains or loss on investments or unrealized appreciation or depreciation of assets of such investment company.

The Company believes that equity incentives strongly align the interests of our stockholders with our NEOs, and, accordingly, an equity incentive plan was adopted in 2004. Since the Company has adopted the 2004 equity incentive plan (the Equity Plan), the 1940 Act Requirements prohibit us from also implementing a profit sharing plan.

Why is this important to the Company's executive compensation? The 1940 Act Requirements that restrict the Company to sponsoring either an equity incentive plan or a profit sharing plan limit the Company's use of formulas or non-discretionary objective performance goals or criteria in its incentive plans. This means that the Compensation Committee is not permitted to use a nondiscretionary formulaic application of any performance criteria for corporate and individual goals to determine compensation. Rather, the Compensation Committee must take into consideration all factors and use its discretion to determine the appropriate amount of compensation for our NEOs. The Compensation Committee's objective is to work within this regulatory framework to maintain and motivate pay-for-performance alignment, to establish appropriate compensation levels relative to our Peer Group and to implement compensation best practices.

### **2015 Advisory Vote on Executive Compensation**

At our 2015 annual meeting of stockholders, our advisory vote on say-on-pay received support from our stockholders (approximately 58.8% of votes cast). In response to our 2014 and 2015 say-on-pay votes, the Company made certain structural changes to its compensation program. Please see *2016 Changes to Executive Compensation* below.

The Company believes that the continuing dialogue with our stockholders on company performance, compensation and other governance matters is important. In advance of our 2016 annual meeting of stockholders, management engaged in numerous direct dialogues with our largest institutional stockholders, as well as a number of other institutional shareholders, to gain broad-based and/or specific insights into the Company's overall performance, operating expenses, including executive compensation and corporate governance practices. In addition, we invited each of our institutional stockholders holding more than 1% of the Company's stock to speak directly with management specifically on executive compensation and corporate governance practices.

The Company anticipates continuing our stockholder engagement efforts following the 2016 annual meeting and in advance of our future annual meetings.

**Table of Contents****Index to Financial Statements****Performance Highlights and Assessment of Company Performance**

In determining the compensation for our NEOs, the Compensation Committee evaluates our performance relative to our Peer Group (See *Competitive Benchmarking Against Peers* above), as well as Company-specific absolute performance factors over the relevant Performance Periods. In 2015, relative and company-specific factors included:

		Metric	Performance Period Outcomes				
			2015	2014	2013	2012	2011
<b>Key Performance</b>	Total of New Fundings (in \$ millions)		712.3	621.3	500.7	554.9	449.9
	Total Investments at Cost (in \$ millions)		1,252.3	1,035.3	906.3	914.3	656.5
<b>Indicators</b>	Net Interest Margin (in \$ million)		120.2	108.1	104.6	73.8	64.0

*Total New Fundings:* Debt and equity fundings grew from \$449.9 million in 2011 to \$712.3 million in 2015 or a CAGR of 12.2%, as we continue to expand our origination team, increase our market share and organically grow our business via a record funding year for Hercules.

*Total Investments:* Total investments increased to \$1,252.3 million in 2015 from \$656.5 million in 2011, a CAGR of 14.9% due to record new fundings, combined with the monetization of our warrants and equity positions.

*Net Interest Margin:* We continue to grow our net interest margin due to strong portfolio growth and effectively managing our weighted average cost of debt.

**Table of Contents****Index to Financial Statements**

	Metric	Performance Period Outcomes				
		2015	2014	2013	2012	2011
Execution Across	Liquidity Levels (in \$ millions)	195.2	377.1	373.4	288.0	184.3
	Available Unfunded Commitments (in \$ millions) <sup>(1)</sup>	75.4	147.7	69.1	19.3	76.1
Performance Metrics	Cumulative Net Realized Losses (in \$ millions)	6.9	12.0	32.1	47.0	50.1
	Dividend Yield (%) <sup>(2)</sup>	10.2	8.3	6.8	8.5	9.3

*Liquidity Levels:* The use of our credit facilities has been an integral component of our treasury management as we minimize our cash drag on our assets via the use of our warehouse facilities. These facilities have a low interest cost and allow us to build up our asset base for future offerings at competitive rates.

*Available Unfunded Commitments:* We have done an outstanding job on managing our Available Unfunded Commitments. Our Available Unfunded Commitments was 6.5% of our loan portfolio at the end of 2015, where as in 2014 it was 15.5%.

*Cumulative Net Realized Losses:* We continue to demonstrate strong credit management and nothing shows this more than our cumulative net loan losses, where we finished in 2015 at \$6.9 million on commitments of \$5.7 billion. In 2011, our cumulative net realized losses were \$50.1 million since inception, demonstrating our ability to manage our portfolio effectively over the last 5 years.

*Dividend Yield:* We saw our Dividend Yield grow to 10.2% at the end of 2015, which is above our target of 6% and 8%. We believe that our continued strong performance will be recognized and our Dividend Yields will adjust to the range we believe is representative of our stock price.

- (1) Available unfunded commitments represent unfunded commitments, including undrawn revolving facilities, which are available at the request of the portfolio company. Amount excludes unfunded commitments which are unavailable due to the borrower having not met certain milestones.
- (2) *Dividend Yield:* Dividend Yield is a financial ratio that indicates the amount of dividends paid by the Company relative to its share price and is calculated as annual dividends per share divided by price per share as of measurement date. Dividend yield does not reflect a return of capital to the Company's stockholders.

**Table of Contents****Index to Financial Statements**

Metric		Performance Period Outcomes					
		2015		2014		2013	
		HTGC	Peer Group <sup>(1)</sup>	HTGC	Peer Group	HTGC	Peer Group
<b>Superior</b>	Return on Average Assets (ROAA) excl. Cash	<b>6.4%</b>	6.0%	<b>7.2%</b>	6.3%	<b>7.7%</b>	6.6%
<b>Relative</b>	Return on Average Equity (ROAE)	<b>10.7%</b>	10.5%	<b>11.2%</b>	10.1%	<b>12.5%</b>	10.2%
<b>Performance</b>	Net Interest Margin % (NIM)	<b>9.5%</b>	9.5%	<b>9.0%</b>	9.5%	<b>9.2%</b>	10.2%

Metric		Performance Period Outcomes					
		1-Year		3-Year		5-Year	
		HTGC	Peer Group	HTGC	Peer Group	HTGC	Peer Group
	Total Shareholder Return (TSR) <sup>(2)</sup>	<b>-9.7%</b>	-2.1%	<b>41.8%</b>	-0.2%	<b>70.0%</b>	26.2%

*2015 Return on Average Assets (excl. cash):* We exceeded the performance of 70% of our Peer Group by generating a 6.4% return on average assets (excl. cash).

*2015 Return on Average Equity:* We generated a 10.7% return on average equity, outperforming 55% of our Peer Group, while maintaining less leverage in relation to our peers.

*Net Interest Margin:* We improved net interest margin by 300 basis points from 2013 to 2015, in contrast to a 700 basis point decline in the median net interest margin of the Peer Group.

*Three-Year and Five-Year Average Total Shareholder Return:* We outperformed the majority of our Peer Group by generating an average total shareholder return of 41.8% compared to the peer group median of -0.2% over three years and 70.0% over 5 years compared to the peer group median of 26.2%.

(1) *Peer Group* is defined in Competitive Benchmarking Against Peers.

(2) *Total Shareholder Return:* Total Shareholder Return is a measure of shareholder performance over time and is calculated as the share price at the beginning of the performance period minus the share price at the end of such performance period plus dividends divided by the share price at the beginning of the performance period.

**Table of Contents****Index to Financial Statements****Assessment of Company Performance**

In determining annual compensation for our NEOs, the Compensation Committee analyzes and evaluates the individual achievements and performance of our NEOs as well as the overall relative and absolute operating performance and achievements of the Company. We believe that the alignment of (i) our business plan, (ii) stockholder expectations and (iii) our employee compensation is essential to long-term business success and the interests of our stockholders and employees and to our ability to attract and retain executive talent, especially in a competitive environment for top-quality executive talent in the venture debt industry. Our business plan involves taking on credit risk over an extended period of time, and a premium is placed on our ability to maintain stability and growth of NAVs as well as continuity of earnings growth to pass through to stockholders in the form of recurring distributions over the long term. Our strategy is to generate income and capital gains from our investments in the debt with warrant securities, and to a lesser extent direct equity, of our portfolio companies. This income supports the anticipated payment of distributions to our stockholders. Therefore, a key element of our return to stockholders is current income through the payment of distributions. This recurring payout requires a methodical asset acquisition analyses as well as highly active monitoring and management of our investment portfolio over time. To accomplish these functions, our business requires implementation and oversight by management and key employees with highly specialized skills and experience in the venture debt industry. A substantial part of our employee base is dedicated to the generation of new investment opportunities to allow us to sustain distributions and to the maintenance of asset values in our portfolio. In addition to the performance factors above, the Company considered the following Company-specific performance factors over the relevant Performance Periods: overall credit performance, performance against annual gross funding goals, overall yields, efficiency ratios, total and net investment income and realized and unrealized gains and losses.

**Elements of Executive Compensation and 2015 Compensation Determinations*****Base Salary***

We believe that base salaries are a fundamental element of our compensation program. The Compensation Committee establishes base salaries for each NEO to reflect (i) the scope of the NEO's industry experience, knowledge and qualifications, (ii) the NEO's position and responsibilities and contributions to our business growth and (iii) salary levels and pay practices of those companies with whom we compete for executive talent.

The Compensation Committee considers base salary levels at least annually as part of its review of the performance of NEOs and from time to time upon a promotion or other change in job responsibilities. During its review of base salaries for our executives, the Compensation Committee primarily considers: individual performance of the executive, including leadership and execution of strategic initiatives and the accomplishment of business results for our company; market data provided by our compensation consultant; our NEOs total compensation, both individually and relative to our other NEOs; and for NEOs other than the CEO, the base salary recommendations of our CEO. Mr. Olson's base salary was increased to \$186,250 effective June 1, 2015, reflecting a \$45,000 increase. Such increase was related to Mr. Olson's assumption of additional responsibilities as well as service as Interim CFO after Jessica Baron left the Company.

NEO	2015 Base Salary <sup>(1)</sup>
Manuel Henriquez	\$ 779,762
Mark Harris	\$ 166,667
Scott Bluestein	\$ 420,000
Melanie Grace	\$ 79,167
Andrew Olson	\$ 186,250

- (1) Mr. Harris became employed by the Company on August 3, 2015. The base salary amount reported above reflects the base salary paid to Mr. Harris between August 3, 2015 and December 31, 2015. Ms. Grace became employed by the Company on September 17, 2015. The base salary amount reported above reflects the base salary paid to Ms. Grace between September 17, 2015 and December 31, 2015.

**Table of Contents****Index to Financial Statements*****Annual Cash Bonus Awards***

The Compensation Committee, together with input from our CEO, developed a specific bonus pool for the 2015 operating year to be available for our annual cash bonus program. The amount determined to be available for our annual cash program was dependent upon many factors, including those outlined previously under *Performance Highlights and Assessment of Company Performance*.

The Compensation Committee designs our annual cash bonuses to motivate our NEOs to achieve financial and non-financial objectives consistent with our operating plan. The Compensation Committee generally targets cash bonuses to 50% to 100% of an NEO's base salary; however, such bonus amounts may exceed these targets in the event of exceptional company and individual performance.

The Compensation Committee retains complete discretion in the sizing and awarding of cash bonuses for each NEO to ensure that individual bonus determinations appropriately balance the interests of our stockholders, while rewarding an NEO's contributions to our performance. Accordingly, should actual company and NEO performance exceed expectations the Compensation Committee may adjust individual cash bonuses to take such superior performance into account. Conversely, if company and NEO performance is below expectations, the Compensation Committee will consider such performance in determining the NEO's actual cash bonus.

In evaluating the performance of our NEOs to arrive at their 2015 cash bonus awards, the Compensation Committee considered the performance factor achievements discussed above under *Performance Highlights and Assessment of Company Performance*, and the Compensation Committee specifically compared our performance and the returns of our stockholders against the performance and shareholder returns of other business development companies.

When sizing our cash bonus pool and allocating bonus awards, the total compensation paid to our NEOs and other employees is evaluated against the expense ratios of other business development companies. With respect to 2015, company-wide compensation expense as a percentage of average assets among the peers in the Peer Group was considered. For the fiscal year ended December 31, 2015, the ratio of our compensation expense divided by total revenue was below the median of the our Peer Group.

Based on the foregoing considerations and analysis, and after due deliberation, the Compensation Committee awarded our current NEOs the following annual cash bonuses with respect to 2015.

NEO	2015 Cash Bonus Award <sup>(1)</sup>
Manuel Henriquez	\$ 1,000,000
Mark Harris	\$ 200,000
Scott Bluestein	\$ 525,000
Melanie Grace	\$ 50,000
Andrew Olson	\$ 195,000

(1) Mr. Harris and Ms. Grace's 2015 bonuses were paid on a prorated basis due to their August 3, 2015 and September 17, 2015 employment dates, respectively.

***Long-Term Equity Incentive Compensation*****2004 Equity Incentive Plan**

Our long-term equity incentive compensation is designed to develop a strong linkage between pay and our strategic goals and performance, as well as to align the interests of our NEOs, and other executives and key employees, with those of our stockholders by awarding long-term equity incentives in the form of stock options and restricted stock. These awards are made pursuant to our Equity Plan, which permits both options and restricted stock awards.

**Table of Contents****Index to Financial Statements**

We believe that annual restricted stock awards to our NEOs are a critical part of our compensation program as they allow us to:

align our business plan, stockholder interests and employee concerns,

manage dilution associated with equity-based compensation,

match the return expectations of the business more closely with our equity-based compensation plan, and

retain key management talent.

We believe that restricted stock motivates performance that is more consistent with the type of return expectations that we have established for our stockholders. Accordingly, the Company awards restricted stock award grants to our NEOs. These awards, if granted, typically vest over three (3) years.

**Grant Practices for Executive Officers**

In 2015, the Compensation Committee and all independent directors of the Board of Directors approved restricted stock awards to executive officers and all newly-hired executive officers. Annual equity compensation grants to executive officers have typically been granted in the first quarter of the year. The Company does not grant stock options to executive officers. As a result, there were no option grants to our NEOs in 2015.

**Restricted Stock Awards**

In January 2016, the Compensation Committee assessed each current NEO's individual performance for 2015, our overall company performance in 2015 (including the performance factors detailed above under *Performance Highlights and Assessment of Company Performance* and *Annual Cash Bonus Awards*) and the levels of equity compensation paid by other companies with whom we compete for executive talent. Based on this assessment, the Compensation Committee determined that the following restricted stock awards be made to our current NEOs with respect to 2015, in the amounts and on the dates set forth below to reward them for services performed in 2015. These restricted stock awards vest as to one-third of the shares underlying the awards on the first anniversary of the grant date, and they vest as to the remaining shares in equal quarterly installments over the next two years.

NEO	Grant Date	Restricted Stock Awards	Fair Value of Restricted Stock Awards <sup>(1)</sup>
Manuel Henriquez	1/10/2016	333,500	\$ 4,005,335
Scott Bluestein	1/10/2016	104,000	\$ 1,249,040
Mark Harris	1/10/2016	33,000	\$ 396,330
Melanie Grace	1/10/2016	9,400	\$ 112,894
Andrew Olson	1/10/2016	6,000	\$ 72,060

(1) Based on the closing price per share of our common stock of \$12.01 on January 8, 2016.

**Other Elements of Compensation**

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

*Severance:* No NEO or employee of the Company has a written severance agreement or other arrangement providing for payments or benefits upon a termination of employment.

*Benefits and Perquisites:* Our NEOs receive the same benefits and perquisites as other full-time employees. Our benefits program is designed to provide competitive benefits and is not based on performance. Our NEOs and other full-time employees receive health and welfare benefits, which consist of life, long-term and short-term disability, health, dental, vision insurance benefits and the opportunity to participate in our defined contribution 401(k) plan. During 2015, our 401(k) plan provided for a match of contributions by the company for up to \$18,000 per full-time employee. Other than the benefits set forth immediately above, our NEOs are not entitled to any other benefits or perquisites.

## **Table of Contents**

### **Index to Financial Statements**

*Potential Payments Upon Termination or Change of Control:* No NEO or employee of the Company has a written employment agreement, or other agreement, providing for payments or other benefits in connection with a change of control of the Company. Further, no NEO or any other employee is entitled to any tax gross-up payments.

### **Pay-for-Performance Alignment**

The Company believes that there exists an alignment between the compensation of our NEOs and our performance over the relevant Performance Periods. As noted above, a broad range of individual performance factors and company performance factors are analyzed each year, including total shareholder return and relative performance to our Peer Group. The objective in analyzing these key performance factors is to align NEO compensation to our performance relative to our Peer Group and our absolute corporate performance.

Finally, in measuring our relative performance for 2015 compensation decisions, the Compensation Committee considered several factors against our Peer Group, including return on average assets, return on average equity, net interest margin and total shareholder return.

The Company's annual bonus and equity awards constitute an effective mix of short- and long-term compensation components and reflect key measures of our performance and the returns enjoyed by our stockholders. Consistent with our pay-for-performance philosophy, the Compensation Committee will make future compensation decisions taking into account our absolute and relative performance, and, if our future performance were to fall significantly below our peers, the Compensation Committee would consider adjusting NEO compensation prospectively.

### **Total Compensation Expense Relative to other Internally Managed BDCs**

In determining annual bonus awards, the total compensation paid to our NEOs and other employees against the expense ratios of other internally managed business development companies was considered.

### **Internal Pay Equity Analysis**

Our compensation program is designed with the goal of providing compensation to our NEOs that is fair, reasonable, and competitive. To achieve this goal, the Company believes it is important to compare compensation paid to each NEO not only with compensation in our comparative group companies, as discussed above, but also with compensation paid to each of our other NEOs. Such an internal comparison is important to ensure that compensation is equitable among our NEOs.

As part of the Compensation Committee's review, we made a comparison of our CEO's total compensation paid for the year ending December 31, 2015 against that paid to our other NEOs during the same year. Upon review, the Compensation Committee determined that our CEO's compensation relative to that of our other NEOs was appropriate because of his level and scope of responsibilities, expertise and performance history, and other factors deemed relevant by the Compensation Committee. The Compensation Committee also reviewed the mix of the individual elements of compensation paid to our NEOs for this period, the individual performance of each NEO and any changes in responsibilities of the NEO.

### **Stock Ownership Guidelines**

The Company maintains stock ownership guidelines, which are outlined in our corporate governance guidelines, because we believe that material stock ownership by our executives plays a role in effectively aligning the interests of these employees with those of our stockholders and strongly motivates our executives to build long-term shareholder value. Pursuant to our stock ownership guidelines, each member of senior management is required to beneficially own at least two times the individual's annual salary in Company

---

**Table of Contents**

**Index to Financial Statements**

common stock, based on market value, within three years of joining the Company. Our Board of Directors may make exceptions to this requirement based on particular circumstances; however, no exceptions have been made for our current NEOs. Messrs. Henriquez and Bluestein have met their minimum guidelines as of April 15, 2016.

**Tax and Accounting Matters**

*Stock-Based Compensation.* We account for stock-based compensation, including options and shares of restricted stock granted pursuant to our Equity Plan and 2006 Non-Employee Director Plan in accordance with the requirements of FASB ASC Topic 718. Under the FASB ASC Topic 718, we estimate the fair value of our option awards at the date of grant using the Black-Scholes-Merton option-pricing model, which requires the use of certain subjective assumptions. The most significant of these assumptions are our estimates on the expected term, volatility and forfeiture rates of the awards. Forfeitures are not estimated due to our limited history but are reversed in the period in which forfeiture occurs. As required under the accounting rules, we review our valuation assumptions at each grant date and, as a result, are likely to change our valuation assumptions used to value stock-based awards granted in future periods. We estimate the fair value of our restricted stock awards based on the grant date market closing price.

*Deductibility of Executive Compensation.* When analyzing both total compensation and individual elements of compensation paid to our NEOs, the Company considers the income tax consequences to the Company of its compensation policies and procedures. In particular, the Company considers Section 162(m) of the Code, which limits the deductibility of non-performance-based compensation paid to certain of the NEOs to \$1,000,000 per affected NEO. The Compensation Committee intends to balance its objective of providing compensation to our NEOs that is fair, reasonable, and competitive with the Company's ability to claim compensation expense deductions. Our Board of Directors believes that the best interests of the Company and our stockholders are served by executive compensation programs that encourage and promote our principal compensation philosophy, enhancement of shareholder value, and permit the Compensation Committee to exercise discretion in the design and implementation of compensation packages. Accordingly, we may from time to time pay compensation to our NEOs that may not be fully tax deductible, including certain bonuses and restricted stock. Stock options granted under our stock plan are intended to qualify as performance-based compensation under Section 162(m) of the Code. The Company will continue to review its executive compensation plans periodically to determine what changes, if any, should be made as a result of any deduction limitations.

**Clawback Policy**

The Company has a clawback policy pursuant to Section 304 of the Sarbanes-Oxley Act. Section 304 of Sarbanes-Oxley Act requires our CEO and CFO to reimburse the Company for certain compensation and stock sale profits received if the Company is required to restate financial statements due to material noncompliance, as a result of misconduct, with any financial reporting requirement under the securities laws. Beginning in 2016, the Company has expanded this policy to include all Section 16 officers and made other changes to the policy as well (See *2016 Changes to Executive Compensation*, below).

**2016 Changes to Executive Compensation**

In response to our 2014 and 2015 say-on-pay votes, the Compensation Committee consulted with our compensation consultant, F.W. Cook, to revise the Company's 2016 executive compensation in order to alleviate stockholder concerns and more directly align all elements of NEO compensation to individual performance. The following changes will be implemented for 2016:

***Clawback Policy for Section 16 Officers***

With respect to the Company's clawback policy, beginning in 2016, the Company has

broadened its clawback policy to apply to all Section 16 officers; and

## **Table of Contents**

### **Index to Financial Statements**

broadened the scope of its clawback policy beyond financial restatements.

Pursuant to this expanded clawback policy, for payments that are predicated on financial results augmented by fraud, embezzlement, gross negligence or deliberate disregard of applicable rules resulting in significant monetary loss, damage or injury to the Company ( Excess Compensation ), the Compensation Committee has the authority to seek repayment of any Excess Compensation, including:

cancellation of unvested, unexercised or unreleased equity incentive awards; and

repayment of any compensation earned on previously exercised or released equity incentive awards whether or not such activity resulted in a financial restatement. The Compensation Committee will have sole discretion under this policy, consistent with any applicable statutory requirements, to seek reimbursement of any Excess Compensation paid or received by the Section 16 officer or director for up to a 12-month period prior to the date of the Compensation Committee action to require reimbursement of the Excess Compensation. Any clawback of Excess Compensation must be based upon fraud adjudicated by a court of competent jurisdiction or a financial restatement. Further, following a restatement of our financial statements, we will recover any compensation received by the CEO and CFO that is required to be recovered by Section 304 of the Sarbanes-Oxley Act.

For purposes of this policy, Excess Compensation will be measured as the positive difference, if any, between the compensation earned by a Section 16 officer or director and the compensation that would have been earned by the Section 16 officer or director had the fraud, embezzlement, gross negligence or deliberate disregard of applicable rules resulting from significant monetary loss, damage or injury to the Company not occurred.

#### ***Corporate Goals (50% of Executive Officer Incentive Compensation)***

For 2016, the Compensation Committee will develop corporate goals that must be achieved in order for all executive officers to receive up to 50% of their incentive compensation. These goals include operational performance as well as performance relative to the Company's peer group. While the criteria may not be weighted, the Compensation Committee will take into consideration each of these factors to determine whether the executive officers are eligible for up to 50% of the proposed incentive compensation. The Compensation Committee believes that the corporate goals applicable to all executive officers create an alignment not only with shareholders but also to the Company's business strategy and performance goals.

#### ***Defined Individual Goals (50% of Executive Officer Incentive Compensation)***

For 2016, the Compensation Committee will develop individual goals for each executive officer based on conversations with both the CEO and the respective executive officer. Each set of individual goals will be unique to the executive officer's responsibilities and position within the Company. While each of the factors may not be weighted, the Compensation Committee will take into consideration each of these factors to determine whether the executive officers are eligible for up to 50% of the executive officer's incentive compensation.

### **Risk Assessment of the Compensation Programs**

Our Board of Directors believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. The Company has designed our compensation programs, including our incentive compensation plans, with specific features to address potential risks while rewarding employees for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk taking. We use common variable compensation designs, with a significant focus on individual contributions to our performance and the achievement of absolute and relative corporate objectives, as generally described in this Compensation Discussion and Analysis.

**Table of Contents**

**Index to Financial Statements**

In view of the current economic and financial environment, the Compensation Committee and the Board of Directors reviewed our compensation programs to assess whether any aspect of the programs would encourage any of our employees to take any unnecessary or inappropriate risks that could threaten the value of the Company. The Company has designed our compensation programs to reward our employees for achieving annual profitability and long-term increase shareholder value.

Our Board of Directors recognizes that the pursuit of corporate objectives possibly leads to behaviors that could weaken the link between pay and performance, and, therefore, the correlation between the compensation delivered to employees and the long-term return realized by stockholders. Accordingly, our executive compensation program is designed to mitigate these possibilities and to ensure that our compensation practices are consistent with our risk profile. These features include the following:

bonus payouts and equity incentive awards that are not based solely on corporate performance objectives, but are also based on individual performance levels,

the financial opportunity in our long-term equity incentive program that is best realized through long-term appreciation of our stock price, which mitigates excessive short-term risk-taking,

annual cash bonuses that are paid after the end of the fiscal year to which the bonus payout relates,

the engagement and use of a compensation consultant,

the institution of stock ownership guidelines applicable to our executive officers, and

final decision making by our Compensation Committee and our Board of Directors on all awards.

Additionally, the Company performed an assessment of compensation-related risks for all of our employees. Based on this assessment, we concluded that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on the Company. In making this evaluation, the Company reviewed the key design elements of our compensation programs in relation to industry best practices, as well as the means by which any potential risks may be mitigated. In addition, management completed an inventory of incentive programs below the executive level and reviewed the design of these incentives and concluded that such incentive programs do not encourage excessive risk-taking.

Jessica Baron <i>Former Chief Financial Officer</i>	2015	\$ 130,096		\$ 267,838		\$ 63,168	\$ 461,102
	2014	\$ 293,550	\$ 123,750	\$ 517,825		\$ 109,841	\$ 1,044,966
	2013	\$ 285,000	\$ 287,442	\$ 410,004		\$ 106,821	\$ 1,089,267

- (1) Salary column amounts represent base salary compensation received by each NEO for the listed fiscal year. The amount presented for Mr. Harris and Ms. Grace is the pro rata portion of their annual base salary paid through December 31, 2015.
- (2) Bonus column amounts represent the annual cash bonus earned during the fiscal year and awarded and paid out during the first quarter of the following fiscal year.
- (3) The amounts reflect the aggregate grant date fair value of restricted stock and stock option awards made to our NEOs and former NEOs during the applicable year computed in accordance with FASB ASC Topic 718. The grant date fair value of each restricted stock award is measured based on the closing price of our common stock on the date of grant.
- (4) All Other Compensation column includes the following:
- We made matching contributions under our 401(k) plan of (a) \$18,000 in 2015 to Messrs. Henriquez, Bluestein and Olson and Ms. Baron; (b) \$17,000 in 2014 to Messrs. Henriquez and Bluestein and Ms. Baron; and (c) \$17,000 in 2013 to Messrs. Henriquez and Bluestein and Ms. Baron. Distributions to Messrs. Henriquez, Harris, Bluestein and Olson and Ms. Grace in the amount of \$845,550, \$22,587, \$134,985, \$4,717 and \$3,100, respectively, were paid on unvested restricted stock awards during 2015. Distributions to Messrs. Henriquez and Bluestein and Ms. Baron in the amount of \$787,675, \$127,396 and \$92,841, respectively, were paid on unvested restricted stock awards during 2014. Distributions to Messrs. Henriquez, Bluestein and Ms. Baron in the amount of \$622,950, \$90,645, and \$89,821, respectively, were paid on unvested restricted stock awards during 2013. Due to a change in the vacation policy of NEOs, Messrs. Henriquez, Harris, Bluestein and Ms. Grace were each paid out of all of their accrued vacation through August 30, 2015 in the amount of \$771,803, \$3,817, \$40,385 and \$1,007, respectively. NEOs no longer accrue vacation effective September 1, 2015. Ms. Grace began as a contractor on August 3, 2015 until she was approved by the Board of Directors as an executive officer on September 17, 2015. During this period, Ms. Grace earned \$32,359 in compensation.

**Table of Contents****Index to Financial Statements****Grants of Plan Based Awards in 2015**

Allyn C. Woodward, Jr.	\$ 179,250	\$ 57,200	\$ 4,696	\$ 18,111	\$ 259,257
Manuel A. Henriquez <sup>(5)</sup>					

- (1) Messrs. Badavas, Fallon, Ferguson, Hoffman and Woodward and Ms. Lyons earned \$120,500, \$96,500, \$25,000, \$53,250, \$129,250 and \$74,250, respectively, and each elected to receive an additional retainer fee of 4,522 shares of our common stock in lieu of cash. The total value of the shares issued to each of Messrs. Badavas, Fallon, Ferguson, Hoffman and Woodward and Ms. Lyons services in fiscal 2015 was \$50,000.
- (2) During 2015, in connection their re-election to our Board of Directors, we granted Messrs. Fallon and Woodward each a restricted stock award for 5,000 shares of common stock, and we granted Messrs. Ferguson and Hoffman and Ms. Lyons each a restricted stock award for 3,333 shares of common stock upon their appointment to our Board of Directors. The amounts presented reflect the aggregate grant date fair value of the stock awards, as computed in accordance with FASB ASC Topic 718. The grant date fair value of each restricted stock award is measured based on the closing price of our common stock on the date of grant.
- (3) During 2015, in connection with their re-election to our Board of Directors, we granted Messrs. Fallon and Woodward each a stock option award with respect to 15,000 shares of our common stock, and, in connection with their appointment to our Board of Directors, we granted Messrs. Ferguson and Hoffman and Ms. Lyons a stock option award with respect to 10,000 shares of our common stock. The amounts presented reflect the aggregate grant date fair value of option awards computed in accordance with FASB ASC Topic 718. The fair value of each stock option grant is estimated based on the fair market value of the option on the date of grant using the Black-Scholes-Merton option pricing model. For a further discussion on the valuation model and the assumptions used to calculate the fair value of our stock options, please see Note 7 to the consolidated financial statements included in our annual report on Form 10-K for the 2015 fiscal year.
- (4) Represents distributions paid during 2015 on unvested common stock under restricted stock awards.
- (5) As an employee director, Mr. Henriquez does not receive any compensation for his service as a director. The compensation Mr. Henriquez receives as our chief executive officer is disclosed in the Summary Compensation Table and elsewhere under *EXECUTIVE COMPENSATION*.
- (6) Dr. Ferguson retired from our Board of Directors on July 7, 2016.

As of December 31, 2015, Messrs. Badavas, Fallon, Ferguson, Hoffman and Woodward and Ms. Lyons had outstanding options in the amount of 20,000, 25,000, 10,000, 10,000, 25,000 and 10,000, respectively. As of December 31, 2015, Messrs. Badavas, Fallon, Ferguson, Hoffman and Woodward and Ms. Lyons held unvested shares of restricted stock in the amount of 3,333, 6,666, 3,333, 3,333, 5,000 and 3,333, respectively.

Upon his appointment to our Board of Directors in July 2015, Mr. Ferguson received a restricted stock award with respect to 3,333 shares of our common stock and a stock option to purchase 10,000 shares of our common stock.

**Table of Contents****Index to Financial Statements**

From January 1, 2015 through June 30, 2015, the compensation for serving on our Board of Directors as an independent director included the following:

<b>Annual Director Retainer Fee</b>	\$ 50,000
<b>Committee Chairperson Fee</b>	\$ 15,000
<b>Board Meeting Fee</b>	\$ 2,000
<i>(in person or telephonically)</i>	
<b>Committee Meeting Fee</b>	\$ 2,000
<i>(in person or telephonically)</i>	

On July 7, 2015, the Board of Directors approved a change to director compensation. From July 1, 2015 through December 31, 2015, the compensation for serving on our Board of Directors as an independent director included the following:

<b>Annual Director Retainer Fee</b>	\$100,000
<b>Annual Chairperson Fee</b>	\$25,000, Audit Committee
	\$25,000, Compensation Committee
	\$15,000, NCG Committee
<b>Annual Lead Director Fee</b>	\$25,000

In 2015, we granted each independent director an additional retainer of \$50,000, which was distributed as shares of common stock in lieu of cash. In addition, upon re-election to the Board of Directors, each independent director is granted an option to purchase 15,000 shares and an additional award of 5,000 shares of restricted stock. Employee directors do not receive compensation for serving on our Board of Directors. In addition, we reimburse our directors for their reasonable out-of-pocket expenses incurred in attending Board meetings.

Under current SEC rules and regulations applicable to business development companies, a business development company may not grant options or restricted stock to non-employee directors unless it receives exemptive relief from the SEC. We filed an exemptive relief request with the SEC to allow options and restricted stock to be issued to our non-employee directors, which was approved on October 10, 2007. On June 22, 2010, we received approval from the SEC regarding our exemptive relief request permitting its employees to exercise their stock options and restricted stock and pay any related income taxes using a cashless exercise program.

On June 21, 2007, our stockholders approved amendments to the Equity Plan and the 2006 Non-Employee Director Plan allowing for the grant of restricted stock. The Equity Plan and 2006 Non-Employee Director Plan limit the combined maximum amount of restricted stock that may be issued under both of the Equity Plan and 2006 Non-Employee Director Plan to 10% of the outstanding shares of our common stock on the effective date of the Equity Plan and 2006 Non-Employee Director Plan plus 10% of the number of shares of common stock issued or delivered by us during the terms of the Equity Plan and 2006 Non-Employee Director Plan.

Table of ContentsIndex to Financial Statements**EQUITY COMPENSATION PLAN INFORMATION**

The following table sets forth information as of December 31, 2015, with respect to compensation plans under which the Company's equity securities are authorized for issuance:

Plan Category	(a) Number of Securities to be issued upon exercise of outstanding options, restricted stock and warrants	(b) Weighted-average exercise price of outstanding options, restricted stock and warrants	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))

2006 Non-Employee Director Plan	100,000	\$ 13.07	740,000
Equity compensation plans not approved by stockholders:			
Total	728,171	\$ 13.52	4,981,172

**2004 Equity Incentive Plan**

Our board and our stockholders have approved our Equity Plan to align our employees' interest with the performance of our Company and to attract and retain the services of executive officers and other key employees. Under our Equity Plan our Compensation Committee may award incentive stock options, referred to as ISOs, within the meaning of Section 422 of the Code, and non-qualified stock options to employees and employee directors. The following is a summary of the material features of our Equity Plan.

Under our Equity Plan, we had 3,745,600 shares of common stock available for issuance as of April 15, 2016. Participants in our Equity Plan may receive awards of options to purchase our common stock and/or restricted shares, as determined by our Compensation Committee. Options granted under our Equity Plan generally may be exercised for a period of no more than ten years from the date of grant unless the option agreement provides for an earlier expiration. Unless sooner terminated by our Board of Directors, our Equity Plan will terminate on the tenth anniversary of the date it was last approved by our stockholders. Such approval was last given by our stockholders on July 7, 2015. Our Equity Plan provides that all awards granted under the plan are subject to modification as required to ensure that such awards do not conflict with the requirements of the 1940 Act applicable to us.

Options granted under our Equity Plan will entitle the optionee, upon exercise, to purchase shares of common stock from us at a specified exercise price per share. ISOs must have a per share exercise price of no less than the fair market value of a share of stock on the date of the grant or, if the optionee owns or is treated as owning (under Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of our stock, 110% of the fair market value of a share of stock on the date of the grant. Nonstatutory stock options granted under our Equity Plan must have a per share exercise price of no less than the fair market value of a share of stock on the date of the grant. Options will not be transferable other than by laws of descent and distribution, or in the case of nonstatutory stock options, by gift, and will generally be exercisable during an optionee's lifetime only by the optionee.

Under our Equity Plan, we are permitted to issue shares of restricted stock to all key employees of the Company and its affiliates consistent with such terms and conditions as the Board of Directors shall deem appropriate. Our Board of Directors determines the time or times at which such shares of restricted stock will become exercisable and the terms on which such shares will remain exercisable. Any shares of restricted stock for which forfeiture restrictions have not vested at the point at which the participant terminates his employment will terminate immediately and such shares will be returned to Hercules and will be available for future awards under this plan.

**Table of Contents**

**Index to Financial Statements**

Our Board of Directors administers our Equity Plan and has the authority, subject to the provisions of the Equity Plan, to determine who will receive awards under the Equity Plan and the terms of such awards. Our Board of Directors has the authority to adjust the number of shares available for awards, the number of shares subject to outstanding awards and the exercise price for awards following the occurrence of events such as stock splits, dividends, distributions and recapitalizations. The exercise price of an option may be paid in the form of shares of stock that are already owned by such option holder.

Upon specified covered transactions (as defined in the Equity Plan), all outstanding awards under our Equity Plan may either be assumed or substituted for by the surviving entity. If the surviving entity does not assume or substitute similar awards, the awards held by the participants will be accelerated in full and then terminated to the extent not exercised prior to the covered transaction.

**2006 Non-Employee Director Plan**

Our Board of Directors and our stockholders have approved our 2006 Non-Employee Director Plan. Under current SEC rules and regulations applicable to business development companies, absent exemptive relief, a business development company may not grant options or shares of restricted stock to non-employee directors. On February 15, 2007, we received exemptive relief from the SEC to permit us to grant options to non-employee directors as a portion of their compensation for service on our Board of Directors. On May 23, 2007, we received exemptive relief from the SEC to permit us to grant shares of restricted stock to non-employee directors as a portion of their compensation for service on our Board of Directors. The following is a summary of the material features of the 2006 Non-Employee Director Plan.

We instituted our 2006 Non-Employee Director Plan for the purpose of advancing our interests by providing for the grant of awards under our 2006 Non-Employee Director Plan to eligible non-employee directors. Under our 2006 Non-Employee Director Plan, we have authorized for issuance up to 1,000,000 shares of common stock of which 740,000 shares were available for issuance as of April 15, 2016.

Our 2006 Non-Employee Director Plan authorizes the issuance to non-employee directors of non-statutory stock options, referred to as NSOs, to purchase shares of our common stock at a specified exercise price per share and/or restricted stock. NSOs granted under our 2006 Non-Employee Director Plan will have a per share exercise price of no less than the current market value of a share of stock as determined in good faith by our Board of Directors on the date of the grant. The amount of the options that may be granted are limited by the terms of our 2006 Non-Employee Director Plan, which prohibits any grant that would cause us to be in violation of Section 61(a)(3) of the 1940 Act.

Under our 2006 Non-Employee Director Plan, non-employee directors will each receive an initial grant of an option to purchase 10,000 shares of stock upon initial election to such position. The options granted will vest over two years, in equal installments on each of the first two anniversaries of the date of grant, provided that the non-employee director remains in service on such dates. In addition, each non-employee director shall automatically be granted an option to purchase 15,000 shares of stock on the date of such non-employee director's re-election to our Board of Directors and such grant will vest over three years, in equal installments on each of the first three anniversaries of the date of grant, provided that the non-employee director remains in service on such dates. Our Compensation Committee has, subject to SEC approval, the authority to determine from time to time which of the persons eligible under our 2006 Non-Employee Director Plan shall be granted awards; when and how each award shall be granted, including the time or times when a person shall be permitted to exercise an award; and the number of shares of stock with respect to which an award shall be granted to such person. The exercise price of options granted under our 2006 Non-Employee Director Plan is set at the closing price of our common stock on the NYSE as of the date of grant and will not be adjusted unless we receive an exemptive order from the SEC or written confirmation from the staff of the SEC that we may do so (except for adjustments resulting from changes in our capital structure, such as stock dividends, stock splits and reverse stock splits).

**Table of Contents**

**Index to Financial Statements**

Unless sooner terminated by our Board of Directors, our 2006 Non-Employee Director Plan will terminate on June 21, 2017 and no additional awards may be made under our 2006 Non-Employee Director Plan after that date. Our 2006 Non-Employee Director Plan provides that all awards granted under our 2006 Non-Employee Director Plan are subject to modification as required to ensure that such awards do not conflict with the requirements of the 1940 Act. Our Compensation Committee will determine the period during which any options granted under our 2006 Non-Employee Director Plan shall remain exercisable, provided that no option will be exercisable after the expiration of ten years from the date on which it was granted. Options granted under our 2006 Non-Employee Director Plan are not transferable other than by will or the laws of descent and distribution, or by gift, and will generally be exercisable during a non-employee director's lifetime only by such non-employee director. In general, any portion of any options that are not then exercisable will terminate upon the termination of the non-employee director's services to Hercules. Generally, any portion of any options that are exercisable at the time of the termination of the non-employee director's services to Hercules will remain exercisable for the lesser of (i) a period of three months (or one year if the non-employee director's services to Hercules terminated by reason of the non-employee director's death) or (ii) the period ending on the latest date on which such options could have been exercised had the non-employee director's services to Hercules not terminated. In addition, if our Board of Directors determines that a non-employee director's service to Hercules terminated for reasons that cast such discredit on the non-employee director as to justify immediate termination of the non-employee director's options, then all options then held by the non-employee director will immediately terminate.

Under our 2006 Non-Employee Director Plan, we also are permitted to issue shares of restricted stock to our non-employee directors. Upon initial election to such position, non-employee directors will automatically be granted 3,333 shares of restricted stock. The forfeiture restrictions for such initial shares of restricted stock will vest as to one-half of such shares on the first anniversary of the date of grant and as to an additional one-half of the restricted stock on the second anniversary of the date of grant. In addition, each non-employee director shall automatically be granted 5,000 shares of restricted stock on the date of such non-employee director's re-election to our Board of Directors and the forfeiture restrictions on such shares will vest as to one-third of such shares on the anniversary of such grant over three years, provided that the non-employee director remains in service on such dates.

Our Compensation Committee administers our 2006 Non-Employee Director Plan. If there is a change in our capital structure by reason of a stock dividend, stock split or combination of shares (including a reverse stock split), recapitalization or other change in our capital structure, our Board of Directors will make appropriate adjustments to the number and class of shares of stock subject to our 2006 Non-Employee Director Plan and each option outstanding under it. In the event of a consolidation, merger, stock sale, a sale of all or substantially all of our assets, our dissolution or liquidation or other similar events, referred to as a Covered Transaction, our Board of Directors may provide for the assumption of some or all outstanding options or for the grant of new substitute options by the acquirer or survivor. If no such assumption or substitution occurs, all outstanding options will become exercisable prior to the Covered Transaction and will terminate upon consummation of the Covered Transaction.

Our Board of Directors may, subject to SEC prior approval, at any time or times amend our 2006 Non-Employee Director Plan or any outstanding award for any purpose which may at the time be permitted by law, and may at any time terminate our 2006 Non-Employee Director Plan as to any future grants of awards; provided, that except as otherwise expressly provided in our 2006 Non-Employee Director Plan, our Board of Directors may not, without the participant's consent, alter the terms of an award so as to affect adversely the participant's rights under the award, unless our Board of Directors expressly reserved the right to do so at the time of the grant of the award.

**Table of Contents****Index to Financial Statements****CONTROL PERSONS AND PRINCIPAL STOCKHOLDERS**

The following table sets forth, as of August 16, 2016, the beneficial ownership of each current director, each nominee for director, our NEOs, each person known to us to beneficially own 5% or more of the outstanding shares of our common stock, and our executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. Common stock subject to options or warrants that are currently exercisable or exercisable within 60 days of August 16, 2016 are deemed to be outstanding and beneficially owned by the person holding such options or warrants. Such shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Percentage of ownership is based on 74,841,811 shares of common stock outstanding as of August 16, 2016.

Unless otherwise indicated, to our knowledge, each stockholder listed below has sole voting and investment power with respect to the shares beneficially owned by the stockholder, except to the extent authority is shared by their spouses under applicable law. Unless otherwise indicated, the address of all executive officers and directors is c/o Hercules Capital, Inc., 400 Hamilton Avenue, Suite 310, Palo Alto, California 94301.

Our directors are divided into two groups interested directors and independent directors. Interested directors are interested persons as defined in Section 2(a)(19) of the 1940 Act, and independent directors are all other directors.

Name and Address of Beneficial Owner	Type of Ownership	Number of Shares Owned Beneficially <sup>(1)</sup>	Percentage of Class

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

We have established a written policy to govern the review, approval and monitoring of transactions involving the Company and certain persons related to Hercules. As a business development company, the 1940 Act restricts us from participating in transactions with any persons affiliated with Hercules, including our officers, directors, and employees and any person controlling or under common control with us.

In order to ensure that we do not engage in any prohibited transactions with any persons affiliated with Hercules, our officers screen each of our transactions for any possible affiliations, close or remote, between the proposed portfolio investment, Hercules, companies controlled by us and our employees and directors.

We will not enter into any agreements unless and until we are satisfied that no affiliations prohibited by the 1940 Act exist or, if such affiliations exist, we have taken appropriate actions to seek Board of Directors review and approval or exemptive relief from the SEC for such transaction.

**Index to Financial Statements**

**CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS**

The following discussion is a general summary of certain material U.S. federal income tax considerations relating to our qualification and taxation as a RIC and the acquisition, ownership and disposition of our preferred stock or common stock, but does not purport to be a complete description of the income tax considerations relating thereto.

**Election to be Taxed as a RIC**

Through December 31, 2005, we were subject to federal income tax as an ordinary corporation under Subchapter C of the Code. Effective beginning on January 1, 2006 we met the criteria specified below to qualify as a RIC, and elected to be treated as a RIC under Subchapter M of the Code with the filing of our federal income tax return for 2006. To qualify as a RIC we must, among other things, meet certain source of income and asset diversification requirements (as described below). In addition, we must distribute to our stockholders, in respect of each taxable year, dividends of an amount generally at least equal to 90% of our investment company taxable income, which is generally the sum of our net ordinary income plus the excess of our realized net short-term capital gains over our realized net long-term capital losses, determined without regard to any deduction for dividends paid, or the Annual Distribution Requirement. Upon satisfying these requirements in respect of a taxable year, we generally will not have to pay corporate taxes on any income we distribute to our stockholders as dividends, which will allow us to reduce or eliminate our corporate level tax.

**Taxation as a Regulated Investment Company**

For any taxable year in which we:

qualify as a RIC; and

distribute dividends to our shareholders of an amount at least equal to the Annual Distribution Requirement; we generally will not be subject to federal income tax on the portion of our investment company taxable income and net capital gain (i.e., net realized long-term capital gains in excess of net realized short-term capital losses) we distribute (or are deemed to distribute) as dividends to stockholders with respect to that taxable year. As described above, we made the election to recognize built-in gains as of the effective date of our election to be treated as a RIC and therefore were not subject to built-in gains tax when we sold those assets. However, if we subsequently acquire built-in gain assets from a C corporation in a carryover basis transaction, then we may be subject to tax on the gains recognized by us on dispositions of such assets unless we make a special election to pay corporate-level tax on such built-in gain at the time the assets are acquired. We will be subject to U.S. federal income tax at the regular corporate rates on any income or capital gains not distributed (or deemed distributed) as dividends to our stockholders.

In order to qualify as a RIC for federal income tax purposes and obtain the tax benefits of RIC status, in addition to satisfying the Annual Distribution Requirement, we must, among other things:

have in effect at all times during each taxable year an election to be regulated as a business development company under the 1940 Act;

derive in each taxable year at least 90% of gross income from (a) dividends, interest, payments with respect to certain securities loans, gains from the sale of stock or other securities, or other income derived with respect to our business of investing in such stock or securities and (b) net income derived from an interest in a qualified publicly traded partnership (the 90% Income Test); and diversify our holdings so that at the end of each quarter of the taxable year:

Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

at the close of each quarter of each taxable year, at least 50% of the value of our assets consists of cash, cash equivalents, U.S. government securities, securities of other RICs, and other securities if such other

---

**Table of Contents**

**Index to Financial Statements**

securities of any one issuer do not represent more than 5% of the value of our assets or more than 10% of the outstanding voting securities of such issuer; and

at the close of each quarter of each taxable year, no more than 25% of the value of our assets is invested in (i) securities (other than U.S. government securities or securities of other RICs) of one issuer, (ii) securities of two or more issuers that are controlled, as determined under applicable tax rules, by us and that are engaged in the same or similar or related trades or businesses or (iii) securities of one or more qualified publicly traded partnerships (the Diversification Tests ).

We may invest in partnerships which may result in our being subject to state, local or foreign income, franchise or other tax liabilities. In addition, some of the income and fees that we may recognize will not satisfy the 90% Income Test. In order to mitigate the risk that such income and fees would disqualify us as a RIC as a result of a failure to satisfy the 90% Income Test, we may be required to recognize such income and fees indirectly through one or more entities classified as corporations for U.S. federal income tax purposes. Such corporations will be subject to U.S. corporate income tax on their earnings, which ultimately will reduce our return on such income and fees.

As a RIC, we are be subject to a 4% nondeductible U.S. federal excise tax on certain undistributed income and gains unless we distribute in respect of each calendar year in a timely manner dividends of an amount at least equal to the sum of the Excise Tax Avoidance Requirements. We are not be subject to excise taxes on amounts on which we are required to pay corporate income tax (such as retained net capital gains). Depending on the level of our investment company taxable income and net capital gains earned in a taxable year, we may choose to carry over all or a portion of such investment company taxable income and net capital gains in excess of current year dividend distributions from such investment company taxable income and net capital gains into the next taxable year and pay a 4% excise tax on such investment company taxable income and net capital gains, as required. The maximum amount of such excess investment company taxable income and net capital gains that may be carried over for distribution in the next taxable year under the Code is the total amount of dividend distributions paid in the following taxable year, subject to certain declaration and payment guidelines. To the extent we choose to carry over investment company taxable income or net capital gains into the next taxable year, dividend distributions declared and paid by us in a taxable year may differ from investment company taxable income or net capital gains for that taxable year as such dividend distributions may include the distribution of dividends derived from the current taxable year s investment company taxable income or net capital gains, the distribution of prior taxable year s investment company taxable income or net capital gains carried over into and distributed in the current taxable year, or returns of capital.

Under applicable Treasury regulations and other administrative guidance issued by the IRS, we are permitted to treat certain distributions payable in our stock as taxable dividend distributions that will satisfy the Annual Distribution Requirement as well as the Excise Tax Avoidance Requirement provided that shareholders have the opportunity to elect to receive the distribution in cash. Taxable stockholders receiving such dividends will be required to include the full amount of the dividend as ordinary income (or as long-term capital gain to the extent such distribution is properly designated as a capital gain dividend) to the extent of our current and accumulated earnings and profits for United States federal income tax purposes. As a result, a U.S. stockholder may be required to pay tax with respect to such dividends in excess of any cash received. If a U.S. stockholder sells the stock it receives as a dividend in order to pay this tax, the sales proceeds may be less than the amount included in income with respect to the dividend, depending on the market price of our stock at the time of the sale. Furthermore, with respect to non-U.S. stockholders, we may be required to withhold U.S. tax with respect to such dividends, including in respect of all or a portion of such dividend that is payable in stock. In addition, if a significant number of our stockholders determine to sell shares of our stock in order to pay taxes owed on dividends, then such sales may put downward pressure on the trading price of our stock. We may in the future determine to distribute taxable dividends that are payable in part in our common stock.

We may be required to recognize taxable income in circumstances in which we do not receive a corresponding payment in cash. For example, if we hold debt obligations that are treated under applicable tax

**Table of Contents****Index to Financial Statements**

rules as having OID (such as debt instruments with PIK interest provisions or, in certain cases, increasing interest rates or debt instruments that were issued with warrants), we must include in income each taxable year a portion of the OID that accrues over the life of the obligation, regardless of whether cash representing such income is received by us in the same taxable year. Because any OID accrued will be included in our investment company taxable income for the taxable year of accrual, we may be required to make a distribution to our stockholders in order to satisfy the Annual Distribution Requirement and the Excise Tax Avoidance Requirement, even though we will not have received any corresponding cash amount.

Gain or loss realized by us from the sale or exchange of warrants acquired by us as well as any loss attributable to the lapse of such warrants generally will be treated as capital gain or loss. Such gain or loss generally will be long-term or short-term, depending on how long we held a particular warrant.

We are authorized to borrow funds and to sell assets in order to satisfy the Annual Distribution Requirement and the Excise Tax Avoidance Requirement (collectively, the Distribution Requirements). However, under the 1940 Act, we are not permitted to make distributions to our stockholders while our debt obligations and other senior securities are outstanding unless certain asset coverage tests are met. See Regulation Senior Securities; Coverage Ratio. We may be restricted from making distributions under the terms of our debt obligations themselves unless certain conditions are satisfied. Moreover, our ability to dispose of assets to meet the Distribution Requirements may be limited by (1) the illiquid nature of our portfolio, or (2) other requirements relating to our status as a RIC, including the Diversification Tests. If we dispose of assets in order to meet the Distribution Requirements, we may make such dispositions at times that, from an investment standpoint, are not advantageous. If we are prohibited from making distributions or are unable to obtain cash from other sources to make the distributions, we may fail to be subject to tax as a RIC, which would result in us becoming subject to corporate-level federal income tax.

In addition, we will be partially dependent on our SBIC subsidiaries for cash distributions to enable us to meet the RIC Distribution Requirements. Our SBIC subsidiaries may be limited by the Small Business Investment Act of 1958, as amended, and SBA regulations governing SBICs, from making certain distributions to us that may be necessary to maintain our status as a RIC. We may have to request a waiver of the SBA's restrictions for our SBIC subsidiaries to make certain distributions to maintain our RIC status. We cannot assure you that the SBA will grant such waiver. If our SBIC subsidiaries are unable to obtain a waiver, compliance with the SBA regulations may cause us to fail to be subject to tax as a RIC, which would result in us becoming subject to corporate-level federal income tax.

Certain of our investment practices are subject to special and complex U.S. federal income tax provisions that may, among other things, (i) convert dividends that would otherwise constitute qualified dividend income into ordinary income, (ii) treat dividends that would otherwise be eligible for deductions available to certain U.S. corporations under the Code as ineligible for such treatment, (iii) disallow, suspend or otherwise limit the allowance of certain losses or deductions, (iv) convert long-term capital gains into short-term capital gains or ordinary income, (v) convert short-term capital losses into long-term capital losses, (vi) convert an ordinary loss or deduction into a capital loss (the deductibility of which is more limited), (vii) cause us to recognize income or gain without a corresponding receipt of cash, (viii) adversely alter the characterization of certain complex financial transactions, and (ix) produce gross income that will not constitute qualifying gross income for purposes of the 90% Income Test. These rules also could affect the amount, timing and character of distributions to stockholders.

A RIC is limited in its ability to deduct expenses in excess of its investment company taxable income (which is, generally, ordinary income plus net realized short-term capital gains in excess of net realized long-term capital losses). If our expenses in a given taxable year exceed gross taxable income (e.g., as the result of large amounts of equity-based compensation), we would incur a net operating loss for that year. However, a RIC is not permitted to carry forward net operating losses to subsequent taxable years and such net operating losses do not pass through to the RIC's stockholders. In addition, deductible expenses can be used only to offset

**Table of Contents****Index to Financial Statements**

investment company taxable income, not net capital gain. A RIC may not use any net capital losses (that is, realized capital losses in excess of realized capital gains) to offset the RIC's investment company taxable income, but may carry forward such net capital losses, and generally use them to offset capital gains indefinitely. Due to these limits on the deductibility of expenses and net capital losses, we may for tax purposes have aggregate taxable income for several taxable years that we are required to distribute and that is taxable to our stockholders even if such taxable income is greater than the aggregate net income we actually earned during those taxable years. Such required distributions may be made from our cash assets or by liquidation of investments, if necessary. We may realize gains or losses from such liquidations. In the event we realize net capital gains from such transactions, you may receive a larger capital gain distribution than you would have received in the absence of such transactions.

Investment income received from sources within foreign countries, or capital gains earned by investing in securities of foreign issuers, may be subject to foreign income taxes withheld at the source. In this regard, withholding tax rates in countries with which the United States does not have a tax treaty are often as high as 35% or more. The United States has entered into tax treaties with many foreign countries that may entitle us to a reduced rate of tax or exemption from tax on this related income and gains. The effective rate of foreign tax cannot be determined at this time since the amount of our assets to be invested within various countries is not now known. We do not anticipate being eligible for the special election that allows a RIC to treat foreign income taxes paid by such RIC as having been paid by its shareholders.

If we acquire stock in certain foreign corporations that receive at least 75% of their annual gross income from passive sources (such as interest, dividends, rents, royalties or capital gain) or hold at least 50% of their total assets in investments producing such passive income (passive foreign investment companies), we could be subject to federal income tax and additional interest charges on excess distributions received from such companies or gain from the sale of stock in such companies, even if all income or gain actually received by us is timely distributed to our shareholders. We would not be able to pass through to our shareholders any credit or deduction for such a tax. Certain elections may, if available, ameliorate these adverse tax consequences, but any such election requires us to recognize taxable income or gain without the concurrent receipt of cash. We intend to limit and/or manage our holdings in passive foreign investment companies to minimize our liability for any such taxes and related interest charges.

Foreign exchange gains and losses realized by us in connection with certain transactions involving foreign currencies, or payables or receivables denominated in a foreign currency, as well as certain non-U.S. dollar denominated debt securities, certain foreign currency futures contracts, foreign currency option contracts, foreign currency forward contracts, and similar financial instruments are subject to Code provisions that generally treat such gains and losses as ordinary income and losses and may affect the amount, timing and character of distributions to our stockholders. Any such transactions that are not directly related to our investment in securities (possibly including speculative currency positions or currency derivatives not used for hedging purposes) also could, under future Treasury regulations, produce income not among the types of qualifying income from which a RIC must derive at least 90% of its annual gross income.

**Taxation of U.S. Stockholders**

A U.S. stockholder generally is a beneficial owner of shares of our common stock who is for United States federal income tax purposes:

a citizen or individual resident of the United States including an alien individual who is a lawful permanent resident of the United States or meets the substantial presence test under Section 7701(b) of the Code;

a corporation or other entity taxable as a corporation, for United States federal income tax purposes, created or organized in or under the laws of the United States or any political subdivision thereof;

---

**Table of Contents****Index to Financial Statements**

a trust if (1) a court in the United States has primary supervision over its administration and one or more U.S. persons has the authority to control all substantial decisions of such trust or (2) if such trust validly elects to be treated as a U.S. person for federal income tax purposes; or

an estate, the income of which is subject to United States federal income taxation regardless of its source.

For federal income tax purposes, distributions by us generally are taxable to U.S. stockholders as ordinary income or capital gains. Distributions of our investment company taxable income (which is, generally, our ordinary income plus net realized short-term capital gains in excess of net realized long-term capital losses) will be taxable as ordinary income to U.S. stockholders to the extent of our current or accumulated earnings and profits, whether paid in cash or reinvested in additional common stock. To the extent such distributions are attributable to dividends from U.S. corporations and certain qualified foreign corporations, such distributions may be reported by us as qualified dividend income eligible to be taxed in the hands of non-corporate stockholders (including individuals) at the rates applicable to long-term capital gains, provided certain holding period and other requirements are met at both the stockholder and company levels. In this regard, it is anticipated that distributions paid by us generally will not be attributable to dividends and, therefore, generally will not be qualified dividend income. Distributions of our net capital gains (which is generally our realized net long-term capital gains in excess of realized net short-term capital losses) properly reported by us as capital gain dividends will be taxable to a U.S. stockholder as long-term capital gains (currently at a maximum rate of 20%, in the case of individuals, trusts or estates), regardless of the U.S. stockholder's holding period for his, her or its common stock and regardless of whether paid in cash or reinvested in additional common stock. Distributions in excess of our current and accumulated earnings and profits first will reduce a U.S. stockholder's adjusted tax basis in such stockholder's common stock and, after the adjusted basis is reduced to zero, will constitute capital gains to such U.S. stockholder.

We currently intend to retain some or all of our realized net long-term capital gains in excess of realized net short-term capital losses. In that case, among other consequences, we will pay tax on the retained amount, each U.S. stockholder will be required to include his, her or its share of the deemed distribution in income as if it had been actually distributed to the U.S. stockholder, and the U.S. stockholder will be entitled to claim a tax credit equal to his, her or its allocable share of the tax paid thereon by us. Since we expect to pay tax on any retained net capital gains at our regular corporate tax rate, and since that rate is in excess of the maximum rate currently payable by non-corporate stockholders on long-term capital gains, the amount of tax that non-corporate stockholders will be treated as having paid and for which they will receive a credit will exceed the tax they owe on the retained net capital gain. Such excess generally may be claimed as a credit against the U.S. stockholder's other federal income tax obligations or may be refunded to the extent it exceeds a stockholder's liability for federal income tax. A stockholder that is not subject to federal income tax or otherwise required to file a federal income tax return would be required to file a federal income tax return on the appropriate form in order to claim a refund for the taxes we paid. For federal income tax purposes, the tax basis of shares owned by a U.S. stockholder will be increased by an amount equal under current law to the difference between the amount of undistributed capital gains included in the U.S. stockholder's gross income and the tax deemed paid by the U.S. stockholder as described in this paragraph. In order to utilize the deemed distribution approach, we must provide written notice to our stockholders prior to the expiration of 60 days after the close of the relevant taxable year. We cannot treat any of our investment company taxable income as a deemed distribution.

Under applicable Treasury regulations and certain administrative guidance issued by the IRS, RICs are permitted to treat certain distributions payable in up to 80% in their stock, as taxable dividends that will satisfy their Distribution Requirements provided that shareholders have the opportunity to elect to receive the distribution in cash. Taxable stockholders receiving such dividends will be required to include the full amount of the dividend as ordinary income (or as long-term capital gain to the extent such distribution is properly designated as a capital gain dividend) to the extent of our current and accumulated earnings and profits for United States federal income tax purposes. As a result, a U.S. stockholder may be required to pay tax with

---

**Table of Contents****Index to Financial Statements**

respect to such dividends in excess of any cash received. If a U.S. stockholder sells the stock it receives as a dividend in order to pay this tax, the sales proceeds may be less than the amount included in income with respect to the dividend, depending on the market price of our stock at the time of the sale. Furthermore, with respect to non-U.S. stockholders, we may be required to withhold U.S. tax with respect to such dividends, including in respect of all or a portion of such dividend that is payable in stock. In addition, if a significant number of our stockholders determine to sell shares of our stock in order to pay taxes owed on dividends, then such sales may put downward pressure on the trading price of our stock. We previously determined to pay a portion of our first quarter 2009 dividend in shares of newly issued common stock, and we may in the future determine to distribute taxable dividends that are payable in part in our common stock.

For purposes of determining (1) whether the Annual Distribution Requirement is satisfied for any taxable year and (2) the amount of the deduction for ordinary income and capital gain dividends paid for that taxable year, we may, under certain circumstances, elect to treat a dividend that is paid during the following taxable year as if it had been paid during the taxable year in question. If we make such an election, the U.S. stockholder will still be treated as receiving the dividend in the taxable year in which the distribution is made. However, any dividend declared by us in October, November or December of any calendar year, payable to stockholders of record on a specified date in such a month and actually paid during January of the following calendar year, will be treated as if it had been received by our U.S. stockholders on December 31 of the calendar year in which the dividend was declared.

If an investor purchases shares of our or common stock shortly before the record date of a distribution, the price of the shares will include the value of the distribution and the investor will be subject to tax on the distribution even though economically it may represent a return of his, her or its investment.

A U.S. stockholder generally will recognize taxable gain or loss if the U.S. stockholder sells or otherwise disposes of his, her or its shares of our common stock. Any gain arising from such sale or disposition generally will be treated as long-term capital gain or loss if the U.S. stockholder has held his, her or its shares for more than one year. Otherwise, it will be classified as short-term capital gain or loss. However, any capital loss arising from the sale or disposition of shares of our common stock held for six months or less will be treated as long-term capital loss to the extent of the amount of capital gain dividends received, or undistributed capital gain deemed received, with respect to such shares. In addition, all or a portion of any loss recognized upon a disposition of shares of our common stock may be disallowed if other shares of our common stock are purchased (whether through reinvestment of distributions or otherwise) within 30 days before or after the disposition. In such a case, the basis of the newly purchased shares will be adjusted to reflect the disallowed loss.

In general, individual U.S. stockholders currently are subject to a reduced maximum U.S. federal income tax rate of 20% on their net capital gain (i.e., the excess of realized net long-term capital gain over realized net short-term capital loss for a taxable year) including any long-term capital gain derived from an investment in our shares. Such rate is lower than the maximum rate on ordinary income currently payable by individuals. In addition, individuals with income in excess of certain threshold amounts and certain estates and trusts are subject to an additional 3.8% tax on their net investment income, which generally includes net income from interest, dividends, annuities, royalties, and rents, and net capital gains (other than certain amounts earned from trades or businesses). Corporate U.S. stockholders currently are subject to U.S. federal income tax on net capital gain at the maximum 35% rate also applied to ordinary income. Non-corporate U.S. stockholders with net capital losses for a taxable year (i.e., capital losses in excess of capital gains) generally may deduct up to \$3,000 of such losses against their ordinary income each taxable year; any net capital losses of a non-corporate stockholder in excess of \$3,000 generally may be carried forward and used in subsequent taxable years as provided in the Code. Corporate U.S. stockholders generally may not deduct any net capital losses for a taxable year, but may carry back such losses for three taxable years or carry forward such losses for five taxable years.

We or the applicable withholding agent will send to each of our U.S. stockholders, as promptly as possible after the end of each calendar year, a notice reporting the amounts includible in such U.S. stockholder's taxable

**Table of Contents****Index to Financial Statements**

income for such calendar year as ordinary income and as long-term capital gain. In addition, the federal tax status of each calendar year's distributions generally will be reported to the IRS (including the amount of dividends, if any, eligible for the 20% qualified dividend income rate). Distributions may also be subject to additional state, local, and foreign taxes depending on a U.S. stockholder's particular situation. Dividends distributed by us generally will not be eligible for the corporate dividends-received deduction or the preferential rate applicable to qualified dividend income.

In some taxable years, we may be subject to the alternative minimum tax (AMT). If we have tax items that are treated differently for AMT purposes than for regular tax purposes, we may apportion those items between us and our stockholders, and this may affect our stockholders' AMT liabilities. Although regulations explaining the precise method of apportionment have not yet been issued by the IRS, we may apportion these items in the same proportion that dividends paid to each stockholder bear to our taxable income (determined without regard to the dividends paid deduction), unless we determine that a different method for a particular item is warranted under the circumstances. You should consult your own tax advisor to determine how an investment in our stock could affect your AMT liability.

We or the applicable withholding agent may be required to withhold federal income tax (backup withholding) from all distributions to any non-corporate U.S. stockholder (1) who fails to furnish us with a correct taxpayer identification number or a certificate that such stockholder is exempt from backup withholding, or (2) with respect to whom the IRS notifies us or the applicable withholding agent that such stockholder has failed to properly report certain interest and dividend income to the IRS and to respond to notices to that effect. An individual's taxpayer identification number is his or her social security number. Any amount withheld under backup withholding is allowed as a credit against the U.S. stockholder's federal income tax liability, provided that proper information is timely provided to the IRS.

**Dividend Reinvestment Plan** We have adopted a dividend reinvestment plan through which all dividend distributions are paid to our common stockholders in the form of additional shares of our common stock, unless a stockholder elects to receive cash in accordance with the terms of the plan. See Dividend Reinvestment Plan. Any distributions made to a U.S. stockholder that are reinvested under the plan will nevertheless remain taxable to the U.S. stockholder. The U.S. stockholder will have an adjusted tax basis in the additional shares of our common stock purchased through the plan equal to the amount of the reinvested distribution. The additional shares will have a new holding period commencing on the day following the day on which the shares are credited to the U.S. stockholder's account.

**Taxation of Non-U.S. Stockholders**

A Non-U.S. stockholder is a beneficial owner of shares of our common stock that is not a U.S. stockholder or a partnership (including an entity treated as a partnership) for U.S. federal income tax purposes.

Whether an investment in our shares is appropriate for a Non-U.S. stockholder will depend upon that person's particular circumstances. An investment in the shares by a Non-U.S. stockholder may have adverse tax consequences. Non-U.S. stockholders should consult their tax advisors before investing in our common stock.

In general, dividend distributions (other than certain distributions derived from net long-term capital gains) paid by us to a Non-U.S. stockholder are subject to U.S. federal withholding tax at a rate of 30% (or lower applicable treaty rate) even if they are funded by income or gains (such as portfolio interest, short-term capital gains, or foreign-source dividend and interest income) that, if paid to a Non-U.S. stockholder directly, would not be subject to withholding. If the distributions are effectively connected with a U.S. trade or business of the Non-U.S. stockholder (and, if an income tax treaty applies, attributable to a permanent establishment maintained by the Non-U.S. stockholder in the United States), we will not be required to withhold tax if the Non-U.S. stockholder complies with applicable certification and disclosure requirements, although the distributions will be

---

**Table of Contents**

**Index to Financial Statements**

subject to federal income tax at the rates applicable to U.S. stockholders. (Special certification requirements apply to a Non-U.S. stockholder that is a foreign partnership or a foreign trust, and such entities are urged to consult their own tax advisors.)

However, no withholding is required with respect to certain distributions if (i) the distributions are properly reported to our stockholders as interest-related dividends or short-term capital gain dividends in written statements to our stockholders, (ii) the distributions are derived from sources specified in the Code for such dividends and (iii) certain other requirements are satisfied. Currently, we do not anticipate that any significant amount of our distributions would be reported as eligible for this exemption from withholding. No assurance can be provided as to whether any amount of our distributions will be eligible for this exemption from withholding or if eligible, will be reported as such by us.

Actual or deemed distributions of our net capital gains to a Non-U.S. stockholder, and gains realized by a Non-U.S. stockholder upon the sale of our common stock, will not be subject to U.S. federal withholding tax and generally will not be subject to U.S. federal income tax unless the distributions or gains, as the case may be, are effectively connected with a U.S. trade or business of the Non-U.S. stockholder (and, if an income tax treaty applies, are attributable to a permanent establishment maintained by the Non-U.S. stockholder in the United States), or in the case of an individual stockholder, the stockholder is present in the United States for a period or periods aggregating 183 days or more during the year of the sale or capital gain dividend and certain other conditions are met.

If we distribute our net capital gains in the form of deemed rather than actual distributions, a Non-U.S. stockholder will be entitled to a federal income tax credit or tax refund equal to the stockholder's allocable share of the tax we pay on the capital gains deemed to have been distributed. In order to obtain the refund, the Non-U.S. stockholder must obtain a U.S. taxpayer identification number and file a federal income tax return even if the Non-U.S. stockholder would not otherwise be required to obtain a U.S. taxpayer identification number or file a federal income tax return. For a corporate Non-U.S. stockholder, distributions (both actual and deemed), and gains realized upon the sale of our common stock that are effectively connected to a U.S. trade or business may, under certain circumstances, be subject to an additional branch profits tax at a 30% rate (or at a lower rate if provided for by an applicable treaty). Accordingly, investment in the shares may not be appropriate for a Non-U.S. stockholder.

A Non-U.S. stockholder who is a non-resident alien individual, and who is not otherwise subject to withholding of federal income tax, may be subject to information reporting and backup withholding of U.S. federal income tax on dividends unless the Non-U.S. stockholder provides us or the dividend paying agent with an IRS Form W-8BEN or IRS Form W-8BEN-E, (or an acceptable substitute or successor form) or otherwise meets documentary evidence requirements for establishing that it is a Non-U.S. stockholder or otherwise establishes an exemption from backup withholding.

The Foreign Account Tax Compliance Act, or FATCA, provisions of the Code, generally imposes a 30% withholding tax on payments of certain types of income to foreign financial institutions that fail to enter into an agreement with the U.S. Treasury to report certain required information with respect to accounts held by U.S. persons (or held by foreign entities that have U.S. persons as substantial owners). The types of income subject to the tax include U.S. source interest and dividends and the gross proceeds from the sale of any property that could produce U.S.-source interest or dividends paid after December 31, 2018. The information required to be reported includes the identity and taxpayer identification number of each account holder that is a U.S. person and transaction activity within the holder's account. In addition, subject to certain exceptions, this legislation also imposes a 30% withholding on payments to foreign entities that are not financial institutions unless the foreign entity certifies that it does not have a greater than 10% U.S. owner or provides the withholding agent with identifying information on each greater than 10% U.S. owner. Depending on the status of a Non-U.S. Holder and the status of the intermediaries through which they hold their shares, Non-U.S. Holders could be subject to this

**Table of Contents**

**Index to Financial Statements**

30% withholding tax with respect to distributions on their shares and proceeds from the sale of their shares. Under certain circumstances, a Non-U.S. Holder might be eligible for refunds or credits of such taxes.

Non-U.S. persons should consult their own tax advisors with respect to the U.S. federal income tax and withholding tax, and state, local and foreign tax consequences of an investment in the shares.

**Failure to Qualify as a Regulated Investment Company**

If we fail to satisfy the 90% Income Test or the Diversification Tests for any taxable year, we may nevertheless continue to qualify as a RIC for such taxable year if certain relief provisions are applicable (which may, among other things, require us to pay certain corporate-level federal taxes or to dispose of certain assets).

If we were unable to qualify for treatment as a RIC and the foregoing relief provisions are not applicable, we would be subject to tax on all of our taxable income at regular corporate rates. We would not be able to deduct distributions to stockholders, nor would they be required to be made. Such distributions would be taxable to our stockholders and provided certain holding period and other requirements were met, could qualify for treatment as qualified dividend income eligible for the 20% maximum rate to the extent of our current and accumulated earnings and profits. Subject to certain limitations under the Code, corporate distributions generally would be eligible for the dividends-received deduction with respect to distributions from our earnings and profits. Distributions in excess of our current and accumulated earnings and profits would be treated first as a return of capital to the extent of the stockholder's tax basis, and any remaining distributions would be treated as a capital gain. To requalify as a RIC in a subsequent taxable year, we would be required to satisfy the RIC qualification requirements for that taxable year and dispose of any earnings and profits from any taxable year in which we failed to qualify as a RIC. Subject to a limited exception applicable to RICs that qualified as such under Subchapter M of the Code for at least one taxable year prior to disqualification and that requalify as a RIC no later than the second taxable year following the nonqualifying taxable year, we could be subject to tax on any unrealized net built-in gains in the assets held by us during the period in which we failed to qualify as a RIC that are recognized within the subsequent five taxable years, unless we made a special election to pay corporate-level tax on such built-in gain at the time of our requalification as a RIC.

---

**Index to Financial Statements**

**REGULATION**

The following discussion is a general summary of the material prohibitions and descriptions governing business development companies. It does not purport to be a complete description of all of the laws and regulations affecting business development companies.

A business development company primarily focuses on investing in or lending to private companies and making managerial assistance available to them, while providing its stockholders with the ability to retain the liquidity of a publicly-traded stock. The 1940 Act contains prohibitions and restrictions relating to transactions between business development companies and their directors and officers and principal underwriters and certain other related persons and requires that a majority of the directors be persons other than interested persons, as that term is defined in the 1940 Act. In addition, the 1940 Act provides that we may not change the nature of our business so as to cease to be, or to withdraw our election as, a business development company unless approved by a majority of our outstanding voting securities as defined in the 1940 Act. A majority of the outstanding voting securities of a company is defined under the 1940 Act as the lesser of: (i) 67% or more of such company's shares present at a meeting if more than 50% of the outstanding shares of such company are present or represented by proxy, or (ii) more than 50% of the outstanding shares of such company.

**Qualifying Assets**

Under the 1940 Act, a business development company may not acquire any asset other than assets of the type listed in Section 55(a) of the 1940 Act, which are referred to as qualifying assets, unless, at the time the acquisition is made, qualifying assets represent at least 70% of the company's total assets. The principal categories of qualifying assets relevant to our proposed business are the following:

- (1) Securities purchased in transactions not involving any public offering from the issuer of such securities, which issuer (subject to certain limited exceptions) is an eligible portfolio company, or from any person who is, or has been during the preceding 13 months, an affiliated person of an eligible portfolio company, or from any other person, subject to such rules as may be prescribed by the SEC. An eligible portfolio company is defined in the 1940 Act as any issuer which:
  - (a) is organized under the laws of, and has its principal place of business in, the United States;
  - (b) is not an investment company (other than a small business investment company wholly owned by the business development company) or a company that would be an investment company but for certain exclusions under the 1940 Act; and
  - (c) does not have any class of securities listed on a national securities exchange; or if it has securities listed on a national securities exchange such company has a market capitalization of less than \$250 million; is controlled by the business development company and has an affiliate of a business development company on its board of directors; or meets such other criteria as may be established by the SEC.
- (2) Securities of any portfolio company which we control.
- (3) Securities purchased in a private transaction from a U.S. issuer that is not an investment company or from an affiliated person of the issuer, or in transactions incident thereto, if the issuer is in bankruptcy and subject to reorganization or if the issuer, immediately prior to the purchase of its securities was unable to meet its obligations as they came due without material assistance other than conventional lending or financing arrangements.
- (4)

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Securities of an eligible portfolio company purchased from any person in a private transaction if there is no ready market for such securities and we already own 60% of the outstanding equity of the eligible portfolio company.

- (5) Securities received in exchange for or distributed on or with respect to securities described in (1) through (4) above, or pursuant to the exercise of warrants or rights relating to such securities.

## **Table of Contents**

### **Index to Financial Statements**

- (6) Cash, cash equivalents, U.S. Government securities or high-quality debt securities maturing in one year or less from the time of investment.

Control, as defined by the 1940 Act, is presumed to exist where a business development company beneficially owns more than 25% of the outstanding voting securities of the portfolio company.

We do not intend to acquire securities issued by any investment company, including other business development companies, that exceed the limits imposed by the 1940 Act. Under these limits, we generally cannot acquire more than 3% of the voting stock of any investment company (as defined in the 1940 Act), invest more than 5% of the value of our total assets in the securities of one such investment company or invest more than 10% of the value of our total assets in the securities of such other investment companies in the aggregate. With regard to that portion of our portfolio invested in securities issued by investment companies, it should be noted that such investments might subject our stockholders to additional expenses.

### **Significant Managerial Assistance**

Business development companies generally must offer to make available to the issuer of the securities significant managerial assistance, except in circumstances where either (i) the business development company controls such issuer of securities or (ii) the business development company purchases such securities in conjunction with one or more other persons acting together and one of the other persons in the group makes available such managerial assistance. Making available significant managerial assistance means, among other things, any arrangement whereby the business development company, through its directors, officers or employees, offers to provide and, if accepted, does so provide, significant guidance and counsel concerning the management, operations or business objectives and policies of a portfolio company through monitoring of portfolio company operations, selective participation in board and management meetings, consulting with and advising a portfolio company's officers or other organizational or financial guidance.

### **Temporary Investments**

Pending investment in other types of qualifying assets, as described above, our investments may consist of cash, cash equivalents, U.S. government securities or high quality debt securities maturing in one year or less from the time of investment, which we refer to, collectively, as temporary investments, so that 70% of our assets are qualifying assets. We may invest in U.S. treasury bills or in repurchase agreements, provided that such agreements are fully collateralized by cash or securities issued by the U.S. government or its agencies. A repurchase agreement involves the purchase by an investor, such as us, of a specified security and the simultaneous agreement by the seller to repurchase it at an agreed upon future date and at a price which is greater than the purchase price by an amount that reflects an agreed-upon interest rate. There is no percentage restriction on the proportion of our assets that may be invested in such repurchase agreements. However, if more than 25% of our total assets constitute repurchase agreements from a single counterparty, we generally would not meet the diversification tests imposed on us by the Code in order to qualify as a RIC for federal income tax purposes. Thus, we do not intend to enter into repurchase agreements with a single counterparty in excess of this limit. We will monitor the creditworthiness of the counterparties with which we enter into repurchase agreement transactions.

### **Warrants and Options**

Under the 1940 Act, a business development company is subject to restrictions on the amount of warrants, options, restricted stock or rights to purchase shares of capital stock that it may have outstanding at any time. In particular, the amount of capital stock that would result from the conversion or exercise of all outstanding warrants, options or other rights to purchase capital stock cannot exceed 25% of the business development company's total outstanding shares of capital stock. This amount is reduced to 20% of the business development company's total outstanding shares of capital stock if the amount of warrants, options or rights issued pursuant to an executive compensation plan would exceed 15% of the business development company's total outstanding

## **Table of Contents**

### **Index to Financial Statements**

shares of capital stock. We have received exemptive relief from the SEC permitting us to issue stock options and restricted stock to our employees and directors subject to the above conditions, among others. For a discussion regarding the conditions of this exemptive relief, see Exemptive Relief below and Note 7 to our consolidated financial statements.

### **Senior Securities; Coverage Ratio**

We will be permitted, under specified conditions, to issue multiple classes of indebtedness and one class of stock senior to our common stock if our asset coverage, as defined in the 1940 Act, is at least equal to 200% immediately after each such issuance. In addition, we may not be permitted to declare any cash dividend distribution on our outstanding common shares, or purchase any such shares, unless, at the time of such declaration or purchase, we have asset coverage of at least 200% after deducting the amount of such distribution or purchase price. We may also borrow amounts up to 5% of the value of our total assets for temporary or emergency purposes. For a discussion of the risks associated with the resulting leverage, see Risk Factors Risks Related to Our Business Structure. Because we have substantial indebtedness, there could be increased risk in investing in our company. On April 5, 2007, we received approval from the SEC on our request for exemptive relief that permits us to exclude the indebtedness of our wholly-owned subsidiaries that are small business investment companies from the 200% asset coverage requirement applicable to us.

### **Capital Structure**

We are not generally able to issue and sell our common stock at a price below NAV per share. We may, however, sell our common stock, at a price below the current NAV of the common stock, or sell warrants, options or other rights to acquire such common stock, at a price below the current NAV of the common stock if our board of directors determines that such sale is in the best interests of the Company and our stockholders have approved the practice of making such sales. In connection with the receipt of such stockholder approval, we will limit the number of shares that we issue at a price below NAV pursuant to this authorization so that the aggregate dilutive effect on our then outstanding shares will not exceed 20%. Our Board of Directors of Directors, subject to its fiduciary duties and regulatory requirements, has the discretion to determine the amount of the discount, and as a result, the discount could be up to 100% of NAV per share. During the year ended December 31, 2015, we have not issued common stock at a discount to NAV.

### **Code of Ethics**

We have adopted and will maintain a code of ethics that establishes procedures for personal investments and restricts certain personal securities transactions. Personnel subject to the code may invest in securities for their personal investment accounts, including securities that may be purchased or held by us, so long as such investments are made in accordance with the code's requirements. Our code of ethics will generally not permit investments by our employees in securities that may be purchased or held by us. We may be prohibited under the 1940 Act from conducting certain transactions with our affiliates without the prior approval of our directors who are not interested persons and, in some cases, the prior approval of the SEC.

Our current code of ethics is posted on our website at [www.htgc.com](http://www.htgc.com) and was filed with the SEC as an exhibit to a Form 8-K filing on July 13, 2015. You may read and copy the code of ethics at the SEC's Public Reference Room in Washington, D.C. You may obtain information on the operation of the Public Reference Room by calling the SEC at (202) 551-8090. In addition, the code of ethics is available on the EDGAR Database on the SEC's Internet site at <http://www.sec.gov>. You may also obtain copies of the code of ethics, after paying a duplicating fee, by electronic request at the following e-mail address: [publicinfo@sec.gov](mailto:publicinfo@sec.gov), or by writing the SEC's Public Reference Section, 100 F Street, N.E., Washington, D.C. 20549.

### **Privacy Principles**

We are committed to maintaining the privacy of our stockholders and safeguarding their non-public personal information. The following information is provided to help you understand what personal information

## **Table of Contents**

### **Index to Financial Statements**

we collect, how we protect that information and why, in certain cases, we may share information with select other parties.

Generally, we do not receive any non-public personal information relating to our stockholders, although certain non-public personal information of our stockholders may become available to us. We do not disclose any non-public personal information about our stockholders or former stockholders, except as permitted by law or as is necessary in order to service stockholder accounts (for example, to a transfer agent).

We restrict access to non-public personal information about our stockholders to our employees with a legitimate business need for the information. We maintain physical, electronic and procedural safeguards designed to protect the non-public personal information of our stockholders.

### **Proxy Voting Policies and Procedures**

We vote proxies relating to our portfolio securities in the best interest of our stockholders. We review on a case-by-case basis each proposal submitted to a stockholder vote to determine its impact on the portfolio securities held by us. Although we generally vote against proposals that may have a negative impact on our portfolio securities, we may vote for such a proposal if there exists compelling long-term reasons to do so.

Our proxy voting decisions are made by our investment committee, which is responsible for monitoring each of our investments. To ensure that our vote is not the product of a conflict of interest, we require that: (i) anyone involved in the decision making process disclose to our Chief Compliance Officer any potential conflict that he or she is aware of and any contact that he or she has had with any interested party regarding a proxy vote; and (ii) employees involved in the decision making process or vote administration are prohibited from revealing how we intend to vote on a proposal in order to reduce any attempted influence from interested parties.

### **Exemptive Relief**

On June 21, 2005, we filed a request with the SEC for exemptive relief to allow us to take certain actions that would otherwise be prohibited by the 1940 Act, as applicable to business development companies. Specifically, we requested that the SEC permit us to issue stock options to our non-employee directors as contemplated by Section 61(a)(3)(B)(i)(II) of the 1940 Act. On February 15, 2007, we received approval from the SEC on this exemptive request. In addition, in June 2007, we filed an amendment to the February 2007 order to adjust the number of shares issued to the non-employee directors. On October 10, 2007, we received approval from the SEC on this amended exemptive request.

On April 5, 2007, we received approval from the SEC on our request for exemptive relief that permits us to exclude the indebtedness of our wholly-owned subsidiaries that are small business investment companies from the 200% asset coverage requirement applicable to us.

On May 23, 2007, we received approval from the SEC on our request for exemptive relief that permits us to issue restricted stock to our employees, officers and directors. On June 21, 2007, our shareholders approved amendments to the 2004 Equity Incentive Plan and 2006 Non-Employee Incentive Plan (collectively, the Plans ) permitting such restricted grants. The maximum amount of shares that may be issued under the Plans will be 10% of the outstanding shares of our common stock on the effective date of the Plans plus 10% of the outstanding number of shares of our common stock issued or delivered by us (other than pursuant to compensation plans) during the term of the Plans. The amount of voting securities that would result from the exercise of all of our outstanding warrants, options, and rights, if any, together with any restricted stock issued pursuant to the Plans, at the time of issuance shall not exceed 25% of our outstanding voting securities, except that if such amount would exceed 15% of our outstanding voting securities, then the total amount of voting securities that would result from the exercise of all outstanding warrants, options, and rights, if any, together with any restricted stock issued pursuant to the Plans, at the time of issuance shall not exceed 20% of our outstanding voting securities.

## **Table of Contents**

### **Index to Financial Statements**

On June 22, 2010 we received approval from the SEC on our request for exemptive relief that permits our employees to exercise their stock options and restricted stock and pay any related income taxes using a cashless exercise program.

#### **Other**

We will be periodically examined by the SEC for compliance with the Exchange Act and the 1940 Act.

We are required to provide and maintain a bond issued by a reputable fidelity insurance company to protect us against larceny and embezzlement. Furthermore, as a business development company, we are prohibited from protecting any director or officer against any liability to our stockholders arising from willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of such person's office.

We are required to adopt and implement written policies and procedures reasonably designed to prevent violation of the federal securities laws, review these policies and procedures annually for their adequacy and the effectiveness of their implementation. Our Chief Compliance Officer is responsible for administering these policies and procedures.

#### **Small Business Administration Regulations**

We make investments in qualifying small businesses through our two wholly-owned SBIC subsidiaries, HT II and HT III. With our net investments of \$44.0 million and \$74.5 million in HT II and HT III, respectively, we have the combined capacity to issue a total of \$190.2 million of SBA guaranteed debentures, subject to SBA approval. At June 30, 2016, we have issued \$190.2 million in SBA guaranteed debentures in our SBIC subsidiaries.

We intend to seek an additional SBIC license to ensure continued access to the maximum statutory limit of SBA guaranteed debentures under the SBIC program, which currently is \$350.0 million for a group of SBICs under common control, subject to periodic adjustments by the SBA. We have formed Hercules Technology IV, L.P. for that purpose. There can be no assurance of when or if we will receive SBA approval for another SBIC license.

SBICs are designed to stimulate the flow of private equity capital to eligible small businesses. Under present SBA regulations, eligible small businesses include businesses that have a tangible net worth not exceeding \$19.5 million and have average annual fully taxed net income not exceeding \$6.5 million for the two most recent fiscal years. In addition, SBICs must devote 25.0% of its investment activity to smaller enterprises as defined by the SBA. A smaller enterprise is one that has a tangible net worth not exceeding \$6.0 million and has average annual fully taxed net income not exceeding \$2.0 million for the two most recent fiscal years. SBA regulations also provide alternative size standard criteria to determine eligibility, which depend on the industry in which the business is engaged and are based on such factors as the number of employees and gross sales. According to SBA regulations, SBICs may make long-term loans to small businesses, invest in the equity securities of such businesses and provide them with consulting and advisory services. Through our wholly-owned subsidiaries HT II and HT III, we plan to provide long-term loans to qualifying small businesses, and in connection therewith, make equity investments.

HT II and HT III are periodically examined and audited by the SBA's staff to determine their compliance with SBA regulations. If HT II or HT III fails to comply with applicable SBA regulations, the SBA could, depending on the severity of the violation, limit or prohibit HT II's or HT III's use of debentures, declare outstanding debentures immediately due and payable, and/or limit HT II or HT III from making new investments. In addition, HT II or HT III may also be limited in their ability to make distributions to the Company if they do not have sufficient capital in accordance with SBA regulations. Such actions by the SBA would, in turn, negatively affect the Company because HT II and HT III are our wholly owned subsidiaries. HT II and HT III were in compliance with the terms of the SBIC's leverage as of June 30, 2016 as a result of having sufficient capital as defined under the SBA regulations.

**Table of Contents**

**Index to Financial Statements**

HT II and HT III hold approximately \$112.9 million and \$286.3 million in assets, respectively, and accounted for approximately 6.6% and 16.7% of our total assets prior to consolidation at June 30, 2016.

The SBA restricts the ability of SBICs to repurchase their capital stock. SBA regulations also include restrictions on a change of control or transfer of an SBIC and require that SBICs invest idle funds in accordance with SBA regulations. In addition, HT II and HT III may also be limited in their ability to make distributions to us if they do not have sufficient capital and/or distributed earnings, in accordance with SBA regulations.

Our SBIC subsidiaries are subject to regulation and oversight by the SBA, including requirements with respect to maintaining certain minimum financial ratios and other covenants. Receipt of an SBIC license does not assure that our SBIC subsidiaries will receive SBA guaranteed debenture funding, which is dependent upon our SBIC subsidiaries continuing to be in compliance with SBA regulations and policies. The SBA, as a creditor, will have a superior claim to our SBIC subsidiaries' assets over our stockholders in the event we liquidate our SBIC subsidiaries or the SBA exercises its remedies under the SBA-guaranteed debentures issued by our SBIC subsidiaries upon an event of default.

---

**Table of Contents**

**Index to Financial Statements**

**DETERMINATION OF NET ASSET VALUE**

We determine the NAV per share of our common stock quarterly. The NAV per share is equal to the value of our total assets minus liabilities and any preferred stock outstanding divided by the total number of shares of common stock outstanding. As of the date of this prospectus, we do not have any preferred stock outstanding.

At June 30, 2016, 93.4% of the Company's total assets represented investments in portfolio companies whose fair value is determined by the Board of Directors. Value, as defined in Section 2(a)(41) of the 1940 Act, is (i) the market price for those securities for which a market quotation is readily available and (ii) for all other securities and assets, fair value is as determined in good faith by the Board of Directors. The Company's investments are carried at fair value in accordance with the 1940 Act and Accounting Standards Codification Topic 946 Financial Services Investment Companies (ASC 946) and measured in accordance with Accounting Standards Codification Topic 820 Fair Value Measurements and Disclosures (ASC 820). The Company's debt securities are primarily invested in venture capital-backed companies in technology-related industries including technology, drug discovery and development, biotechnology, life sciences, healthcare, and sustainable and renewable technology at all stages of development. Given the nature of lending to these types of businesses, substantially all of the Company's investments in these portfolio companies are considered Level 3 assets under ASC 820 because there is no known or accessible market or market indexes for these investment securities to be traded or exchanged. As such, the Company values substantially all of its investments at fair value as determined in good faith pursuant to a consistent valuation policy by the Company's Board of Directors in accordance with the provisions of ASC 820 and the 1940 Act. Due to the inherent uncertainty in determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments determined in good faith by its Board of Directors may differ significantly from the value that would have been used had a readily available market existed for such investments, and the differences could be material.

The Company may from time to time engage an independent valuation firm to provide the Company with valuation assistance with respect to certain portfolio investments on a quarterly basis. The Company engages independent valuation firms on a discretionary basis. Specifically, on a quarterly basis, the Company will identify portfolio investments with respect to which an independent valuation firm will assist in valuing. The Company selects these portfolio investments based on a number of factors, including, but not limited to, the potential for material fluctuations in valuation results, credit quality and the time lapse since the last valuation of the portfolio investment by an independent valuation firm.

The Company intends to continue to engage an independent valuation firm to provide management with assistance regarding the Company's determination of the fair value of selected portfolio investments each quarter unless directed by the Board of Directors to cancel such valuation services. The scope of services rendered by an independent valuation firm is at the discretion of the Board of Directors. The Company's Board of Directors is ultimately, and solely, responsible for determining the fair value of the Company's investments in good faith.

With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, the Company's Board of Directors has approved a multi-step valuation process each quarter, as described below:

- (1) the Company's quarterly valuation process begins with each portfolio company being initially valued by the investment professionals responsible for the portfolio investment;
- (2) preliminary valuation conclusions are then documented and business based assumptions are discussed with the Company's investment committee;
- (3) the Audit Committee of the Board of Directors reviews the preliminary valuation of the investments in the portfolio as provided by the investment committee, which incorporates the results of the independent valuation firm as appropriate; and

---

**Table of Contents**

**Index to Financial Statements**

(4) the Board of Directors, upon the recommendation of the Audit Committee, discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of, where applicable, the respective independent valuation firm and the investment committee.

ASC 820 establishes a framework for measuring the fair value of the assets and liabilities and outlines a fair value hierarchy which prioritizes the inputs used to measure fair value and the effect of fair value measures on earnings. ASC 820 also enhances disclosure requirements for fair value measurements based on the level within the hierarchy of the information used in the valuation. ASC 820 applies whenever other standards require (or permit) assets or liabilities to be measured at fair value. ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company has categorized all investments recorded at fair value in accordance with ASC 820 based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels, defined by ASC 820 and directly related to the amount of subjectivity associated with the inputs to fair valuation of these assets and liabilities, are as follows:

Level 1 Inputs are unadjusted, quoted prices in active markets for identical assets at the measurement date. The types of assets carried at Level 1 fair value generally are equities listed in active markets.

Level 2 Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset in connection with market data at the measurement date and for the extent of the instrument's anticipated life. Fair valued assets that are generally included in this category are publicly held debt investments and warrants held in a public company.

Level 3 Inputs reflect management's best estimate of what market participants would use in pricing the asset at the measurement date. It includes prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. Generally, assets carried at fair value and included in this category are the debt investments and warrants and equities held in a private company.

**Debt Investments**

The Company follows the guidance set forth in ASC 820 which establishes a framework for measuring the fair value of assets and liabilities and outlines a fair value hierarchy which prioritizes the inputs used to measure fair value and the effect of fair value measures on earnings. The Company's debt securities are primarily invested in venture capital-backed companies in technology-related industries including technology, drug discovery and development, biotechnology, life sciences, healthcare, and sustainable and renewable technology at all stages of development. Given the nature of lending to these types of businesses, substantially all of the Company's investments in these portfolio companies are considered Level 3 assets under ASC 820 because there is no known or accessible market or market indexes for debt instruments for these investment securities to be traded or exchanged. In addition, the Company may, from time to time, invest in public debt of companies that meet the Company's investment objectives. These investments are considered Level 2 assets.

In making a good faith determination of the value of the Company's investments, the Company generally starts with the cost basis of the investment, which includes the value attributed to the OID, if any, and PIK interest or other receivables which have been accrued to principal as earned. The Company then applies the valuation methods as set forth below.

The Company applies a procedure for debt investments that assumes the sale of each investment in a hypothetical market to a hypothetical market participant where buyers and sellers are willing participants. The hypothetical market does not include scenarios where the underlying security was simply repaid or extinguished, but includes an exit concept. The Company determines the yield at inception for each debt investment.

## **Table of Contents**

### **Index to Financial Statements**

The Company then uses senior secured, leveraged loan yields provided by third party providers to determine the change in market yields between inception of the debt security and the measurement date. Industry specific indices and other relevant market data are used to benchmark/assess market based movements.

Under this process, the Company also evaluates the collateral for recoverability of the debt investment. The Company considers each portfolio company's credit rating, security liens and other characteristics of the investment to adjust the baseline yield to derive a credit adjusted hypothetical yield for each investment as of the measurement date. The anticipated future cash flows from each investment are then discounted at the hypothetical yield to estimate each investment's fair value as of the measurement date.

The Company's process includes, among other things, the underlying investment performance, the current portfolio company's financial condition and market changing events that impact valuation, estimated remaining life, current market yield and interest rate spreads of similar securities as of the measurement date. The Company values its syndicated loans using broker quotes and bond indices amongst other factors. If there is a significant deterioration of the credit quality of a debt investment, the Company may consider other factors to estimate fair value, including the proceeds that would be received in a liquidation analysis.

The Company records unrealized depreciation on investments when it believes that an investment has decreased in value, including where collection of a debt investment is doubtful or, if under the in-exchange premise, when the value of a debt security is less than amortized cost of the investment. Conversely, where appropriate, the Company records unrealized appreciation if it believes that the underlying portfolio company has appreciated in value and, therefore, that its investment has also appreciated in value or, if under the in-exchange premise, the value of a debt security is greater than amortized cost.

When originating a debt instrument, the Company generally receives warrants or other equity-related securities from the borrower. The Company determines the cost basis of the warrants or other equity-related securities received based upon their respective fair values on the date of receipt in proportion to the total fair value of the debt and warrants or other equity-related securities received. Any resulting discount on the debt investments from recordation of the warrant or other equity instruments is accreted into interest income over the life of the debt investment.

Debt investments that are traded on a public exchange will be valued at the prevailing market price at period end.

### **Equity-Related Securities and Warrants**

Securities that are traded in the over-the-counter markets or on a stock exchange will be valued at the prevailing bid price at period end. The Company has a limited amount of equity securities in public companies. In accordance with the 1940 Act, unrestricted publicly traded securities for which market quotations are readily available are valued at the closing market quote on the measurement date.

The Company estimates the fair value of warrants using a Black Scholes option pricing model. At each reporting date, privately held warrant and equity-related securities are valued based on an analysis of various factors including, but not limited to, the portfolio company's operating performance and financial condition and general market conditions, price to enterprise value or price to equity ratios, discounted cash flow, valuation comparisons to comparable public companies or other industry benchmarks. When an external event occurs, such as a purchase transaction, public offering, or subsequent equity sale, the pricing indicated by that external event is utilized to corroborate the Company's valuation of the warrant and equity-related securities. The Company periodically reviews the valuation of its portfolio companies that have not been involved in a qualifying external event to determine if the enterprise value of the portfolio company may have increased or decreased since the last valuation measurement date.

## Table of Contents

### Index to Financial Statements

#### Escrow Receivables

Escrow receivables are collected in accordance with the terms and conditions of the escrow agreement. Escrow balances are typically distributed over a period greater than one year and may accrue interest during the escrow period. Escrow balances are measured for collectability on at least a quarterly basis and fair value is determined based on the amount of the estimated recoverable balances and the contractual maturity date. As of June 30, 2016 there were no material past due escrow receivables.

#### Determinations In Connection With Offerings

In connection with each offering of shares of our common stock, the Board of Directors or a committee thereof is required to make the determination that we are not selling shares of our common stock at a price below our then current NAV at the time at which the sale is made, unless it is determined by the Board of Directors that such sale is in the best interests of our stockholders and such sale is otherwise approved by our stockholders. The Board of Directors considers the following factors, among others, in making such determination:

the NAV of our common stock disclosed in the most recent periodic report we filed with the SEC;

our management's assessment of whether any material change in the NAV has occurred (including through the realization of net gains on the sale of our portfolio investments) from the period beginning on the date of the most recently disclosed NAV to the period ending two days prior to the date of the sale of our common stock; and

the magnitude of the difference between (i) a value that our Board of Directors or an authorized committee thereof has determined reflects the current NAV of our common stock, which is generally based upon the NAV of our common stock disclosed in the most recent periodic report that we filed with the SEC, as adjusted to reflect our management's assessment of any material change in the NAV of our common stock since the date of the most recently disclosed NAV of our common stock, and (ii) the offering price of the shares of our common stock in the proposed offering.

Importantly, this determination does not require that we calculate NAV in connection with each offering of shares of our common stock, but instead it involves the determination by the Board of Directors or a committee thereof that we are not selling shares of our common stock at a price below the then current NAV at the time at which the sale is made.

Moreover, to the extent that there is a possibility that we may (i) issue shares of our common stock at a price below the then current NAV of our common stock at the time at which the sale is made or (ii) trigger the undertaking (which we will provide to the SEC in a registration statement to which a prospectus will be a part) to suspend the offering of shares of our common stock pursuant to a prospectus if the NAV fluctuates by certain amounts in certain circumstances until such prospectus is amended, the Board of Directors or a committee thereof will elect, in the case of clause (i) above, either to postpone the offering until such time that there is no longer the possibility of the occurrence of such events or to undertake to determine NAV within two days prior to any such sale to ensure that such sale will not be below our then current NAV, and, in the case of clause (ii) above, to comply with such undertaking or to undertake to determine NAV to ensure that such undertaking has not been triggered.

These processes and procedures are part of our compliance policies and procedures. Records will be made contemporaneously with all determinations described in this section and these records will be maintained with other records we are required to maintain under the 1940 Act.

**Table of Contents**

**Index to Financial Statements**

**SALES OF COMMON STOCK BELOW NET ASSET VALUE**

We are not generally able to issue and sell our common stock at a price below NAV per share. We may, however, sell our common stock, at a price below the current NAV of the common stock, or sell warrants, options or other rights to acquire such common stock, at a price below the current NAV of the common stock if our board of directors determines that such sale is in our best interests and the best interests of our stockholders and our stockholders have approved the practice of making such sales. In connection with the receipt of such stockholder approval, we will agree to limit the number of shares that we issue at a price below NAV pursuant to this authorization so that the aggregate dilutive effect on our then outstanding shares will not exceed 20%. Our Board of Directors, subject to its fiduciary duties and regulatory requirements, has the discretion to determine the amount of the discount, and as a result, the discount could be up to 100% of NAV per share.

In order to sell shares pursuant to this authorization:

a majority of our independent directors who have no financial interest in the sale must have approved the sale; and

a majority of such directors, who are not interested persons of the Company, in consultation with the underwriter or underwriters of the offering if it is to be underwritten, must have determined in good faith, and as of a time immediately prior to the first solicitation by us or on our behalf of firm commitments to purchase such shares or immediately prior to the issuance of such shares, that the price at which such shares are to be sold is not less than a price which closely approximates the market value of those shares, less any underwriting commission or discount; and

Any offering of common stock below NAV per share will be designed to raise capital for investment in accordance with our investment objectives and business strategies.

In making a determination that an offering below NAV per share is in our and our stockholders' best interests, our Board of Directors would consider a variety of factors including:

The effect that an offering below NAV per share would have on our stockholders, including the potential dilution they would experience as a result of the offering;

The amount per share by which the offering price per share and the net proceeds per share are less than the most recently determined NAV per share;

The relationship of recent market prices of our common stock to NAV per share and the potential impact of the offering on the market price per share of our common stock;

Whether the proposed offering price would closely approximate the market value of our shares;

The potential market impact of being able to raise capital during the current financial market difficulties;

The nature of any new investors anticipated to acquire shares in the offering;

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

The anticipated rate of return on and quality, type and availability of investments to be funded with the proceeds from the offering, if any; and

The leverage available to us, both before and after any offering, and the terms thereof.

Sales by us of our common stock at a discount from NAV pose potential risks for our existing stockholders whether or not they participate in the offering, as well as for new investors who participate in the offering.

The following three headings and accompanying tables will explain and provide hypothetical examples on the impact of an offering at a price less than NAV per share on three different sets of investors:

existing stockholders who do not purchase any shares in the offering;

existing stockholders who purchase a relatively small amount of shares in the offering or a relatively large amount of shares in the offering; and

new investors who become stockholders by purchasing shares in the offering.

**Table of Contents****Index to Financial Statements****Impact on Existing Stockholders who do not Participate in the Offering**

Our existing stockholders who do not participate in an offering below NAV per share or who do not buy additional shares in the secondary market at the same or lower price we obtain in the offering (after expenses and commissions) face the greatest potential risks. All stockholders will experience an immediate decrease (often called dilution) in the NAV of the shares they hold. Stockholders who do not participate in the offering will also experience a disproportionately greater decrease in their participation in our earnings and assets and their voting power than stockholders who do participate in the offering. All stockholders may also experience a decline in the market price of their shares, which often reflects to some degree announced or potential decreases in NAV per share. This decrease could be more pronounced as the size of the offering and level of discount to NAV increases.

The following table illustrates the level of NAV dilution that would be experienced by a nonparticipating stockholder in different hypothetical offerings of different sizes and levels of discount from NAV per share. Actual sales prices and discounts may differ from the presentation below.

The examples assume that Company XYZ has 3,000,000 common shares outstanding, \$40,000,000 in total assets and \$10,000,000 in total liabilities. The current NAV and NAV are thus \$30,000,000 and \$10.00, respectively. The table illustrates the dilutive effect on nonparticipating Stockholder A of (1) an offering of 300,000 shares (10% of the outstanding shares) with proceeds to the Company XYZ at \$9.00 per share after offering expenses and commissions, and (2) an offering of 600,000 shares (20% of the outstanding shares) with proceeds to the Company at \$0.001 per share after offering expenses and commissions (a 100% discount from NAV).

**Index to Financial Statements**

**Impact on Existing Stockholders who do Participate in the Offering**

Our existing stockholders who participate in an offering below NAV per share or who buy additional shares in the secondary market at the same or lower price as we obtain in the offering (after expenses and commissions) will experience the same types of NAV dilution as the nonparticipating stockholders, albeit at a lower level, to the extent they purchase less than the same percentage of the discounted offering as their interest in our shares immediately prior to the offering. The level of NAV dilution on an aggregate basis will decrease as the number of shares such stockholders purchase increases. Existing stockholders who buy more than their proportionate percentage will experience NAV dilution but will, in contrast to existing stockholders who purchase less than their proportionate share of the offering, experience an increase (often called accretion) in NAV per share over their investment per share and will also experience a disproportionately greater increase in their participation in our earnings and assets and their voting power than our increase in assets, potential earning power and voting interests due to the offering. The level of accretion will increase as the excess number of shares purchased by such stockholder increases. Even a stockholder who over-participates will, however, be subject to the risk that we may make additional discounted offerings in which such stockholder does not participate, in which case such a stockholder will experience NAV dilution as described above in such subsequent offerings. These stockholders may also experience a decline in the market price of their shares, which often reflects to some degree announced or potential decreases in NAV per share. This decrease could be more pronounced as the size of the offering and the level of discount to NAV increases.

**Table of Contents****Index to Financial Statements**

The following chart illustrates the level of dilution and accretion in the hypothetical 20% discount offering from the prior chart (Example 3) for a stockholder that acquires shares equal to (1) 50% of its proportionate share of the offering (i.e., 3,000 shares, which is 0.5% of an offering of 600,000 shares rather than its 1.0% proportionate share) and (2) 150% of such percentage (i.e., 9,000 shares, which is 1.5% of an offering of 600,000 shares rather than its 1.0% proportionate share). The prospectus supplement pursuant to which any discounted offering is made will include a chart for this example based on the actual number of shares in such offering and the actual discount from the most recently determined NAV per share.

	Prior to Sale Below NAV	50% Participation Following Sale	% Change	150% Participation Following Sale	% Change
<b>Offering Price</b>					
Price per Share to Public <sup>(1)</sup>		\$ 8.42		\$ 8.42

NAV Dilution/Accretion per Share Experienced by Stockholder A (NAV per Share Less Investment per Share)		\$ (0.19)		\$ 0.03	
Percentage NAV Dilution/Accretion Experienced by Stockholder A (NAV Dilution/Accretion per Share Divided by Investment per Share)			(1.93)%		0.31%

(1) Assumes 5% in selling compensation and expenses paid by Company XYZ.

**Impact on New Investors**

Investors who are not currently stockholders, but who participate in an offering below NAV and whose investment per share is greater than the resulting NAV per share (due to selling compensation and expenses paid by us) will experience an immediate decrease, albeit small, in the NAV of their shares and their NAV per share compared to the price they pay for their shares. Investors who are not currently stockholders and who participate in an offering below NAV per share and whose investment per share is also less than the resulting NAV per share will experience an immediate increase in the NAV of their shares and their NAV per share compared to the price they pay for their shares. All these investors will experience a disproportionately greater participation in our earnings and assets and their voting power than our increase in assets, potential earning power and voting interests. These investors will, however, be subject to the risk that we may make additional discounted offerings

**Table of Contents****Index to Financial Statements**

in which such new stockholder does not participate, in which case such new stockholder will experience dilution as described above in such subsequent offerings. These investors may also experience a decline in the market price of their shares, which often reflects to some degree announced or potential decreases in NAV per share. This decrease could be more pronounced as the size of the offering and level of discount to NAV increases.

The following chart illustrates the level of dilution or accretion for new investors that would be experienced by a new investor in the same hypothetical 10% and 100% discounted offerings as described in the first chart above. The illustration is for a new investor who purchases the same percentage (1.00%) of the shares in the offering as Stockholder A in the prior examples held immediately prior to the offering. The prospectus supplement pursuant to which any discounted offering is made will include a chart for these examples based on the actual number of shares in such offering and the actual discount from the most recently determined NAV per share.

	Prior to Sale Below NAV	Example 1 10% Offering at 10% Discount Following Sale	% Change	Example 2 20% Offering at 100% Discount Following Sale	% Change

**Index to Financial Statements**

**DIVIDEND REINVESTMENT PLAN**

We have adopted a dividend reinvestment plan (the "DRP"), through which all dividend distributions are paid to our stockholders in the form of additional shares of our common stock, unless a stockholder elects to receive cash as provided below. In this way, a stockholder can maintain an undiluted investment in our common stock and still allow us to pay out the required distributable income.

No action is required on the part of a registered stockholder to receive a dividend distribution in shares of our common stock. A registered stockholder may elect to receive an entire dividend distribution in cash by notifying American Stock Transfer & Trust Company, the plan administrator and our transfer agent and registrar, so that such notice is received by the plan administrator no later than three days prior to the payment date for dividend distributions to stockholders. The plan administrator will set up an account for shares acquired through the DRP for each stockholder who has not elected to receive distributions in cash (each a "Participant") and hold such shares in non-certificated form. Upon request by a Participant, received not less than three days prior to the payment date, the plan administrator will, instead of crediting shares to the Participant's account, issue a certificate registered in the Participant's name for the number of whole shares of our common stock and a check for any fractional share.

Those stockholders whose shares are held by a broker or other financial intermediary may receive distributions in cash by notifying their broker or other financial intermediary of their election.

We expect to use primarily newly-issued shares to implement the DRP, whether our shares are trading at a premium or at a discount to NAV, although we have the option under the DRP to purchase shares in the market to fulfill DRP requirements. The number of shares to be issued to a stockholder is determined by dividing the total dollar amount of the dividend distribution payable to such stockholder by the market price per share of our common stock at the close of regular trading on the NYSE on the valuation date for such dividend distribution. Market price per share on that date will be the closing price for such shares on the NYSE or, if no sale is reported for such day, at the average of their electronically-reported bid and asked prices. The number of shares of our common stock to be outstanding after giving effect to payment of the distribution cannot be established until the value per share at which additional shares will be issued has been determined and elections of our stockholders have been tabulated.

There is no charge to our stockholders for receiving their dividend distributions in the form of additional shares of our common stock. The plan administrator's fees for handling dividend distributions in stock are paid by us. There are no brokerage charges with respect to shares we have issued directly as a result of dividend distributions payable in stock. If a Participant elects by internet or by written or telephonic notice to the plan administrator to have the plan administrator sell part or all of the shares held by the plan administrator in the Participant's account and remit the proceeds to the Participant, the plan administrator is authorized to deduct a \$15.00 transaction fee plus brokerage commissions from the proceeds.

Any shares issued in connection with a stock split or stock dividend will be added to a Participant's account with the Plan Administrator. The Plan Administrator may curtail or suspend transaction processing until the completion of such stock split or payment of such stock dividend.

Stockholders who receive dividend distributions in the form of stock generally are subject to the same federal, state and local tax consequences as are stockholders who elect to receive their dividend distributions in cash. A stockholder's basis for determining gain or loss upon the sale of stock received in a dividend distribution from us will be equal to the total dollar amount of the dividend distribution payable to the stockholder.

The DRP may be terminated by us upon notice in writing mailed to each Participant at least 30 days prior to any record date for the payment of any dividend distribution by us. All correspondence concerning the DRP, including requests for additional information, should be directed to the plan administrator by mail at American Stock Transfer & Trust Company, Attn: Dividend Reinvestment Department, P.O. Box 922, Wall Street Station, New York, NY 10269-0560 or by phone at 1-866-669-9888.

**Table of Contents****Index to Financial Statements****DESCRIPTION OF CAPITAL STOCK**

The following description is based on relevant portions of the Maryland General Corporation Law and on our charter and bylaws. This summary may not contain all of the information that is important to you, and we refer you to the Maryland General Corporation Law and our charter and bylaws for a more detailed description of the provisions summarized below.

Under the terms of our charter, our authorized capital stock consists of 200,000,000 shares of common stock, par value \$0.001 per share, of which 74,841,811 shares are outstanding as of August 16, 2016. Under our charter, our Board of Directors is authorized to classify and reclassify any unissued shares of stock into other classes or series of stock, and to cause the issuance of such shares, without obtaining stockholder approval. In addition, as permitted by the Maryland General Corporation Law, but subject to the 1940 Act, our charter provides that the Board of Directors, without any action by our stockholders, may amend the charter from time to time to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that we have authority to issue. Under Maryland law, our stockholders generally are not personally liable for our debts or obligations.

**Common Stock**

All shares of our common stock have equal rights as to earnings, assets, distributions and voting privileges, except as described below and, when they are issued, will be duly authorized, validly issued, fully paid and nonassessable.

Distributions may be paid to the holders of our common stock if, as and when authorized by our Board of Directors and declared by us out of assets legally available therefor. Shares of our common stock have no conversion, exchange, preemptive or redemption rights. In the event of a liquidation, dissolution or winding up of Hercules each share of our common stock would be entitled to share ratably in all of our assets that are legally available for distribution after we pay all debts and other liabilities and subject to any preferential rights of holders of our preferred stock, if any preferred stock is outstanding at such time. Each share of our common stock is entitled to one vote on all matters submitted to a vote of stockholders, including the election of directors. Except as provided with respect to any other class or series of stock, the holders of our common stock will possess exclusive voting power. There is no cumulative voting in the election of directors, which means that holders of a majority of the outstanding shares of common stock will elect all of our directors, and holders of less than a majority of such shares will be unable to elect any director.

<b>Title of Class</b>	<b>Amount Authorized</b>	<b>Amount Held by Company for its Account</b>	<b>Amount Outstanding</b>
Common Stock, \$0.001 par value per share	200,000,000		74,841,811

**Preferred Stock**

Our charter authorizes our Board of Directors to classify and reclassify any unissued shares of stock into other classes or series of stock, including preferred stock. Prior to issuance of shares of each class or series, the Board of Directors is required by Maryland law and by our charter to set the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Thus, the Board of Directors could authorize the issuance of shares of preferred stock with terms and conditions which could have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for holders of our common stock or otherwise be in their best interest. You should note, however, that any issuance of preferred stock must comply with the requirements of the 1940 Act. The 1940 Act requires, among other things, that (1) immediately after issuance and before any dividend or other distribution is made with respect to our common stock and before

---

**Table of Contents**

**Index to Financial Statements**

any purchase of common stock is made, such preferred stock together with all other senior securities must not exceed an amount equal to 50% of our total assets after deducting the amount of such dividend, distribution or purchase price, as the case may be, and (2) the holders of shares of preferred stock, if any are issued, must be entitled as a class to elect two directors at all times and to elect a majority of the directors if distributions on such preferred stock are in arrears by two years or more. Certain matters under the 1940 Act require the separate vote of the holders of any issued and outstanding preferred stock. We believe that the availability for issuance of preferred stock will provide us with increased flexibility in structuring future financings and acquisitions.

**Limitation on Liability of Directors and Officers; Indemnification and Advance of Expenses**

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active and deliberate dishonesty established by a final judgment as being material to the cause of action. Our charter contains such a provision which eliminates directors' and officers' liability to the maximum extent permitted by Maryland law, subject to the requirements of the 1940 Act.

Our charter authorizes us, to the maximum extent permitted by Maryland law and subject to the requirements of the 1940 Act, to indemnify any present or former director or officer or any individual who, while a director or officer and at our request, serves or has served another corporation, real estate investment trust, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner or trustee, from and against any claim or liability to which such person may become subject or which such person may incur by reason of his or her service in any such capacity, except with respect to any matter as to which such person shall have been finally adjudicated in any proceeding not to have acted in good faith in the reasonable belief that their action was in our best interest or to be liable to us or our stockholders by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of such person's office. Our charter also provides that, to the maximum extent permitted by Maryland law, with the approval of our Board of Directors and provided that certain conditions described in our charter are met, we may pay certain expenses incurred by any such indemnified person in advance of the final disposition of a proceeding upon receipt of an undertaking by or on behalf of such indemnified person to repay amounts we have so paid if it is ultimately determined that indemnification of such expenses is not authorized under our charter. Our bylaws obligate us, to the maximum extent permitted by Maryland law and subject to the requirements of the 1940 Act, to indemnify any present or former director or officer or any individual who, while a director or officer and at our request, serves or has served another corporation, real estate investment trust, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner or trustee and who is made, or threatened to be made, a party to the proceeding by reason of his or her service in any such capacity from and against any claim or liability to which that person may become subject or which that person may incur by reason of his or her service in any such capacity, except with respect to any matter as to which such person shall have been finally adjudicated in any proceeding not to have acted in good faith in the reasonable belief that their action was in our best interest or to be liable to us or our stockholders by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of such person's office. Our bylaws also provide that, to the maximum extent permitted by Maryland law, with the approval of our Board of Directors and provided that certain conditions described in our bylaws are met, we may pay certain expenses incurred by any such indemnified person in advance of the final disposition of a proceeding upon receipt of an undertaking by or on behalf of such indemnified person to repay amounts we have so paid if it is ultimately determined that indemnification of such expenses is not authorized under our bylaws.

Maryland law requires a corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director or officer who has been successful in the defense of any proceeding to which he or she is made, or threatened to be made, a party by reason of his or her service in that capacity. Maryland law permits a corporation to indemnify its present and former directors and officers, among others, against judgments,

**Table of Contents**

**Index to Financial Statements**

penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made, or threatened to be made, a party by reason of their service in those or other capacities unless it is established that (a) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (1) was committed in bad faith or (2) was the result of active and deliberate dishonesty, (b) the director or officer actually received an improper personal benefit in money, property or services or (c) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. However, under Maryland law, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that a personal benefit was improperly received, unless in either case a court orders indemnification, and then only for expenses. In addition, Maryland law permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (b) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

We currently have in effect a directors' and officers' insurance policy covering our directors and officers and us for any acts and omissions committed, attempted or allegedly committed by any director or officer during the policy period. The policy is subject to customary exclusions.

**Provisions of the Maryland General Corporation Law and Our Charter and Bylaws**

The Maryland General Corporation Law and our charter and bylaws contain provisions that could make it more difficult for a potential acquiror to acquire us by means of a tender offer, proxy contest or otherwise. These provisions are expected to discourage certain coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of us to negotiate first with our Board of Directors. We believe that the benefits of these provisions outweigh the potential disadvantages of discouraging any such acquisition proposals because, among other things, the negotiation of such proposals may improve their terms.

**Classified Board of Directors**

Our Board of Directors is divided into three classes of directors serving staggered three-year terms. The terms of the first, second and third classes will expire in 2017, 2015 and 2016, respectively. Upon expiration of their current terms, directors of each class are eligible to serve for three-year terms or until their successors are duly elected and qualify. Each year one class of directors will be elected by the stockholders. A classified board may render a change in control or removal of our incumbent management more difficult. We believe, however, that the longer time required to elect a majority of a classified Board of Directors will help to ensure the continuity and stability of our management and policies.

**Election of Directors**

Our charter provides that, except as otherwise provided in the bylaws, the affirmative vote of the holders of a majority of the outstanding shares of stock entitled to vote in the election of directors will be required to elect each director. Our bylaws currently provide that directors are elected by a plurality of the votes cast in the election of directors. Pursuant to our charter and bylaws, our Board of Directors may amend the bylaws to alter the vote required to elect directors.

**Number of Directors; Vacancies; Removal**

Our charter provides that the number of directors will be set only by the Board of Directors in accordance with our bylaws. Our bylaws provide that a majority of our entire Board of Directors may at any time increase or decrease the number of directors. However, unless the bylaws are amended, the number of directors may never

## **Table of Contents**

### **Index to Financial Statements**

be less than one nor more than 12. We have elected to be subject to the provision of Subtitle 8 of Title 3 of the Maryland General Corporation Law regarding the filling of vacancies on the Board of Directors. Accordingly, at such time, except as may be provided by the Board of Directors in setting the terms of any class or series of preferred stock, any and all vacancies on the Board of Directors may be filled only by the affirmative vote of a majority of the remaining directors in office, even if the remaining directors do not constitute a quorum, and any director elected to fill a vacancy shall serve for the remainder of the full term of the directorship in which the vacancy occurred and until a successor is elected and qualifies, subject to any applicable requirements of the 1940 Act.

Our charter provides that a director may be removed only for cause, as defined in the charter, and then only by the affirmative vote of at least two-thirds of the votes entitled to be cast in the election of directors.

### **Action by Stockholders**

Under the Maryland General Corporation Law, stockholder action may be taken only at an annual or special meeting of stockholders or by unanimous consent in lieu of a meeting (unless the charter provides for stockholder action by less than unanimous written consent, which our charter does not). These provisions, combined with the requirements of our bylaws regarding the calling of a stockholder-requested special meeting of stockholders discussed below, may have the effect of delaying consideration of a stockholder proposal until the next annual meeting.

### **Advance Notice Provisions for Stockholder Nominations and Stockholder Proposals**

Our bylaws provide that with respect to an annual meeting of stockholders, nominations of persons for election to the Board of Directors and the proposal of business to be considered by stockholders may be made only (1) pursuant to our notice of the meeting, (2) by the Board of Directors or (3) by a stockholder who is entitled to vote at the meeting and who has complied with the advance notice procedures of the bylaws. With respect to special meetings of stockholders, only the business specified in our notice of the meeting may be brought before the meeting. Nominations of persons for election to the Board of Directors at a special meeting may be made only (1) pursuant to our notice of the meeting, (2) by the Board of Directors or (3) provided that the Board of Directors has determined that directors will be elected at the meeting, by a stockholder who is entitled to vote at the meeting and who has complied with the advance notice provisions of the bylaws.

The purpose of requiring stockholders to give us advance notice of nominations and other business is to afford our Board of Directors a meaningful opportunity to consider the qualifications of the proposed nominees and the advisability of any other proposed business and, to the extent deemed necessary or desirable by our Board of Directors, to inform stockholders and make recommendations about such qualifications or business, as well as to provide a more orderly procedure for conducting meetings of stockholders. Although our bylaws do not give our Board of Directors any power to disapprove stockholder nominations for the election of directors or proposals recommending certain action, they may have the effect of precluding a contest for the election of directors or the consideration of stockholder proposals if proper procedures are not followed and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal without regard to whether consideration of such nominees or proposals might be harmful or beneficial to us and our stockholders.

### **Calling of Special Meeting of Stockholders**

Our bylaws provide that special meetings of stockholders may be called by our Board of Directors and certain of our officers. Additionally, our bylaws provide that, subject to the satisfaction of certain procedural and informational requirements by the stockholders requesting the meeting, a special meeting of stockholders shall be called by our secretary upon the written request of stockholders entitled to cast not less than a majority of all of the votes entitled to be cast at such meeting.

---

**Table of Contents**

**Index to Financial Statements**

**Approval of Extraordinary Corporate Action; Amendment of Charter and Bylaws**

Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business, unless approved by the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. However, a Maryland corporation may provide in its charter for approval of these matters by a lesser percentage, but not less than a majority of all of the votes entitled to be cast on the matter. Our charter generally provides for approval of charter amendments and extraordinary transactions by the stockholders entitled to cast at least a majority of the votes entitled to be cast on the matter. Our charter also provides that certain charter amendments and any proposal for our conversion, whether by merger or otherwise, from a closed-end company to an open-end company or any proposal for our liquidation or dissolution requires the approval of the stockholders entitled to cast at least 75% of the votes entitled to be cast on such matter. However, if such amendment or proposal is approved by at least 75% of our continuing directors (in addition to approval by our Board of Directors), such amendment or proposal may be approved by the stockholders entitled to cast a majority of the votes entitled to be cast on such a matter. The continuing directors are defined in our charter as our current directors, as well as those directors whose nomination for election by the stockholders or whose election by the directors to fill vacancies is approved by a majority of the continuing directors then on the Board of Directors.

Our charter and bylaws provide that the Board of Directors will have the exclusive power to make, alter, amend or repeal any provision of our bylaws.

**No Appraisal Rights**

Except with respect to appraisal rights arising in connection with the Control Share Act discussed below, as permitted by the Maryland General Corporation Law, our charter provides that stockholders will not be entitled to exercise appraisal rights.

**Control Share Acquisitions**

The Maryland Control Share Acquisition Act (the Control Share Act ) provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter. Shares owned by the acquiror, by officers or by directors who are employees of the corporation are excluded from shares entitled to vote on the matter. Control shares are voting shares of stock which, if aggregated with all other shares of stock owned by the acquiror or in respect of which the acquiror is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth or more but less than one-third;

one-third or more but less than a majority; or

a majority or more of all voting power.

The requisite stockholder approval must be obtained each time an acquiror crosses one of the thresholds of voting power set forth above. Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the Board of Directors of the corporation to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the shares. The right to compel the calling of a special meeting is subject to the satisfaction of certain conditions, including an undertaking to pay the expenses of the meeting. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

## **Table of Contents**

### **Index to Financial Statements**

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then the corporation may repurchase for fair value any or all of the control shares, except those for which voting rights have previously been approved. The right of the corporation to repurchase control shares is subject to certain conditions and limitations. Fair value is determined, without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition by the acquiror or of any meeting of stockholders at which the voting rights of the shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition.

The Control Share Act does not apply (a) to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or (b) to acquisitions approved or exempted by the charter or bylaws of the corporation.

Our bylaws contain a provision exempting from the Control Share Act any and all acquisitions by any person of our shares of stock.

### **Business Combinations**

Under the Maryland Business Combination Act (the Business Combination Act), business combinations between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, share exchange or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested stockholder is defined as:

any person who beneficially owns 10% or more of the voting power of the corporation's shares; or

an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then outstanding voting stock of the corporation.

A person is not an interested stockholder under this statute if the Board of Directors approved in advance the transaction by which such stockholder otherwise would have become an interested stockholder. However, in approving a transaction, the Board of Directors may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board.

After the 5-year prohibition, any business combination between the Maryland corporation and an interested stockholder generally must be recommended by the Board of Directors of the corporation and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and

two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested stockholder.

These super-majority vote requirements do not apply if the corporation's common stockholders receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares.

The statute permits various exemptions from its provisions, including business combinations that are exempted by the Board of Directors before the time that the interested stockholder becomes an interested stockholder. Our Board of Directors has adopted a resolution exempting any business combination between us

**Table of Contents**

**Index to Financial Statements**

and any other person from the provisions of the Business Combination Act, provided that the business combination is first approved by the Board of Directors, including a majority of the directors who are not interested persons as defined in the 1940 Act.

**Conflict with 1940 Act**

Our bylaws provide that, if and to the extent that any provision of the Maryland General Corporation Law, or any provision of our charter or bylaws conflicts with any provision of the 1940 Act, the applicable provision of the 1940 Act will control.

**Regulatory Restrictions**

Our wholly-owned subsidiaries, HT II and HT III, have obtained SBIC licenses. The SBA prohibits, without prior SBA approval, a change of control or transfers which would result in any person (or group of persons acting in concert) owning 10% or more of any class of capital stock of a SBIC. A change of control is any event which would result in a transfer of the power, direct or indirect, to direct the management and policies of a SBIC, whether through ownership, contractual arrangements or otherwise.

**DESCRIPTION OF OUR PREFERRED STOCK**

In addition to shares of common stock, our charter authorizes the issuance of preferred stock. We may issue preferred stock from time to time in one or more classes or series, without stockholder approval. If we offer preferred stock under this prospectus we will issue an appropriate prospectus supplement. Prior to issuance of shares of each class or series, our board of directors is required by Maryland law and by our charter to set the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Thus, the board of directors could authorize the issuance of shares of preferred stock with terms and conditions that could have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for holders of our common stock or otherwise be in their best interest. You should note, however, that any such an issuance must adhere to the requirements of the 1940 Act, Maryland law and any other limitations imposed by law.

The following is a general description of the terms of the preferred stock we may issue from time to time. Particular terms of any preferred stock we offer will be described in the prospectus supplement accompanying each preferred share offering.

The 1940 Act requires, among other things, that (i) immediately after issuance and before any dividend or other distribution is made with respect to our common stock and before any purchase of common stock is made, such preferred stock together with all other senior securities must not exceed an amount equal to 50% of our total assets after deducting the amount of such dividend, distribution or purchase price, as the case may be, (ii) the holders of shares of preferred stock, if any are issued, must be entitled as a class to elect two directors at all times and to elect a majority of the directors if dividends or other distribution on the preferred stock are in arrears by two years or more, and (iii) such shares be cumulative as to distributions and have a complete preference over our common stock to payment of their liquidation in event of dissolution. Some matters under the 1940 Act require the separate vote of the holders of any issued and outstanding preferred stock. For example, holders of preferred stock would vote separately from the holders of common stock on a proposal to cease operations as a business development company. We believe that the availability for issuance of preferred stock will provide us with increased flexibility in structuring future financings and acquisitions.

For any series of preferred stock that we may issue, our board of directors will determine and the articles supplementary and the prospectus supplement relating to such series will describe:

the designation and number of shares of such series;

the rate and time at which, and the preferences and conditions under which, any dividends or other distributions will be paid on shares of such series, as well as whether such dividends or other distributions are participating or non-participating;

any provisions relating to convertibility or exchangeability of the shares of such series, including adjustments to the conversion price of such series;

the rights and preferences, if any, of holders of shares of such series upon our liquidation, dissolution or winding up of our affairs;

the voting powers, if any, of the holders of shares of such series;

any provisions relating to the redemption of the shares of such series;

any limitations on our ability to pay dividends or make distributions on, or acquire or redeem, other securities while shares of such series are outstanding;

any conditions or restrictions on our ability to issue additional shares of such series or other securities;

if applicable, a discussion of certain U.S. federal income tax considerations; and

any other relative powers, preferences and participating, optional or special rights of shares of such series, and the qualifications, limitations or restrictions thereof.

All shares of preferred stock that we may issue will be identical and of equal rank except as to the particular terms thereof that may be fixed by our board of directors, and all shares of each series of preferred stock will be identical and of equal rank except as to the dates from which dividends or other distributions, if any, thereon will be cumulative. To the extent we issue preferred stock, the payment of distributions to holders of our preferred stock will take priority over payment of distributions to our common stockholders.

**Table of Contents**

**Index to Financial Statements**

**DESCRIPTION OF OUR SUBSCRIPTION RIGHTS**

The following is a general description of the terms of the subscription rights we may issue from time to time. Particular terms of any subscription rights we offer will be described in the prospectus supplement relating to such subscription rights.

We may issue subscription rights to our stockholders to purchase common stock. Subscription rights may be issued independently or together with any other offered security and may or may not be transferable by the person purchasing or receiving the subscription rights. In connection with a subscription rights offering to our stockholders, we would distribute certificates evidencing the subscription rights and a prospectus supplement to our stockholders on the record date that we set for receiving subscription rights in such subscription rights offering.

Our stockholders will indirectly bear all of the expenses of the subscription rights offering, regardless of whether our stockholders exercise any subscription rights.

A prospectus supplement will describe the particular terms of any subscription rights we may issue, including the following:

the period of time the offering would remain open (which shall be open a minimum number of days such that all record holders would be eligible to participate in the offering and shall not be open longer than 120 days);

the title and aggregate number of such subscription rights;

the exercise price for such subscription rights (or method of calculation thereof);

the currency or currencies, including composite currencies, in which the price of such subscription rights may be payable;

if applicable, the designation and terms of the securities with which the subscription rights are issued and the number of subscription rights issued with each such security or each principal amount of such security;

the ratio of the offering (which, in the case of transferable rights, will require a minimum of three shares to be held of record before a person is entitled to purchase an additional share);

the number of such subscription rights issued to each stockholder;

the extent to which such subscription rights are transferable and the market on which they may be traded if they are transferable;

the date on which the right to exercise such subscription rights shall commence, and the date on which such right shall expire (subject to any extension);

if applicable, the minimum or maximum number of subscription rights that may be exercised at one time;

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

the extent to which such subscription rights include an over-subscription privilege with respect to unsubscribed securities and the terms of such over-subscription privilege;

any termination right we may have in connection with such subscription rights offering;

the terms of any rights to redeem, or call such subscription rights;

information with respect to book-entry procedures, if any;

the terms of the securities issuable upon exercise of the subscription rights;

the material terms of any standby underwriting, backstop or other purchase arrangement that we may enter into in connection with the subscription rights offering;

**Table of Contents**

**Index to Financial Statements**

if applicable, a discussion of certain U.S. federal income tax considerations applicable to the issuance or exercise of such subscription rights; and

any other terms of such subscription rights, including exercise, settlement and other procedures and limitations relating to the transfer and exercise of such subscription rights.

Each subscription right will entitle the holder of the subscription right to purchase for cash or other consideration such amount of shares of common stock at such subscription price as shall in each case be set forth in, or be determinable as set forth in, the prospectus supplement relating to the subscription rights offered thereby. Subscription rights may be exercised as set forth in the prospectus supplement beginning on the date specified therein and continuing until the close of business on the expiration date for such subscription rights set forth in the prospectus supplement. After the close of business on the expiration date, all unexercised subscription rights will become void.

Upon receipt of payment and the subscription rights certificate properly completed and duly executed at the corporate trust office of the subscription rights agent or any other office indicated in the prospectus supplement we will forward, as soon as practicable, the shares of common stock purchasable upon such exercise. If less than all of the rights represented by such subscription rights certificate are exercised, a new subscription certificate will be issued for the remaining rights. Prior to exercising their subscription rights, holders of subscription rights will not have any of the rights of holders of the securities purchasable upon such exercise. To the extent permissible under applicable law, we may determine to offer any unsubscribed offered securities directly to persons other than stockholders, to or through agents, underwriters or dealers or through a combination of such methods, as set forth in the applicable prospectus supplement.

Under the 1940 Act, we may generally only offer subscription rights (other than rights to subscribe expiring not later than 120 days after their issuance and issued exclusively and ratably to a class or classes of our security holders) on the condition that (1) the subscription rights expire by their terms within ten years; (2) the exercise price is not less than the current market value at the date of issuance; (3) our stockholders authorize the proposal to issue such subscription rights, and a required majority of our Board of Directors approves of such issuance on the basis that the issuance is in the best interests of the Company and our stockholders; and (4) if the subscription rights are accompanied by other securities, the subscription rights are not separately transferable unless no class of such subscription rights and the securities accompanying them has been publicly distributed. A required majority of our Board of Directors is a vote of both a majority of our directors who have no financial interest in the transaction and a majority of the directors who are not interested persons of the company. The 1940 Act also provides that the amount of our voting securities that would result from the exercise of all outstanding warrants, options and subscription rights at the time of issuance may not exceed 25% of our outstanding voting securities.

For information regarding the dilutive impact of rights offerings, please see [Risk Factors](#) [Risks Related to Our Securities](#) [Your interest in us may be diluted if you do not fully exercise your subscription rights in any rights offering.](#) In addition, if the subscription price is less than our NAV per share, then you will experience an immediate dilution of the aggregate NAV of your shares.

**Index to Financial Statements**

**DESCRIPTION OF WARRANTS**

The following is a general description of the terms of the warrants we may issue from time to time. Particular terms of any warrants we offer will be described in the prospectus supplement relating to such warrants and will be subject to compliance with the 1940 Act.

We may issue warrants to purchase shares of our common stock, preferred stock or debt securities. Such warrants may be issued independently or together with shares of common stock, preferred stock or debt securities and may be attached or separate from such securities. We will issue each series of warrants under a separate warrant agreement to be entered into between us and a warrant agent. The warrant agent will act solely as our agent and will not assume any obligation or relationship of agency for or with holders or beneficial owners of warrants.

A prospectus supplement will describe the particular terms of any series of warrants we may issue, including the following:

the title and aggregate number of such warrants;

the price or prices at which such warrants will be issued;

the currency or currencies, including composite currencies, in which the price of such warrants may be payable;

if applicable, the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;

in the case of warrants to purchase debt securities, the principal amount of debt securities purchasable upon exercise of one warrant and the price at which and the currency or currencies, including composite currencies, in which this principal amount of debt securities may be purchased upon such exercise;

in the case of warrants to purchase common stock or preferred stock, the number of shares of common stock or preferred stock, as the case may be, purchasable upon exercise of one warrant and the price at which and the currency or currencies, including composite currencies, in which these shares may be purchased upon such exercise;

the date on which the right to exercise such warrants shall commence and the date on which such right will expire (subject to any extension);

whether such warrants will be issued in registered form or bearer form;

if applicable, the minimum or maximum amount of such warrants that may be exercised at any one time;

if applicable, the date on and after which such warrants and the related securities will be separately transferable;

the terms of any rights to redeem, or call such warrants;

information with respect to book-entry procedures, if any;

the terms of the securities issuable upon exercise of the warrants;

if applicable, a discussion of certain U.S. federal income tax considerations; and

any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants. We and the warrant agent may amend or supplement the warrant agreement for a series of warrants without the consent of the holders of the warrants issued thereunder to effect changes that are not inconsistent with the provisions of the warrants and that do not materially and adversely affect the interests of the holders of the warrants.

**Table of Contents**

**Index to Financial Statements**

Each warrant will entitle the holder to purchase for cash such common stock or preferred stock at the exercise price or such principal amount of debt securities as shall in each case be set forth in, or be determinable as set forth in, the prospectus supplement relating to the warrants offered thereby. Warrants may be exercised as set forth in the prospectus supplement beginning on the date specified therein and continuing until the close of business on the expiration date set forth in the prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Upon receipt of payment and a warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the securities purchasable upon such exercise. If less than all of the warrants represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants. If we so indicate in the applicable prospectus supplement, holders of the warrants may surrender securities as all or part of the exercise price for warrants.

Prior to exercising their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon such exercise, including, in the case of warrants to purchase debt securities, the right to receive principal, premium, if any, or interest payments, on the debt securities purchasable upon exercise or to enforce covenants in the applicable indenture or, in the case of warrants to purchase common stock or preferred stock, the right to receive dividends or other distributions, if any, or payments upon our liquidation, dissolution or winding up or to exercise any voting rights.

Under the 1940 Act, we may generally only offer warrants provided that (i) the warrants expire by their terms within ten years, (ii) the exercise or conversion price is not less than the current market value at the date of issuance, (iii) our stockholders authorize the proposal to issue such warrants, and our board of directors approves such issuance on the basis that the issuance is in the best interests of the Company and its stockholders and (iv) if the warrants are accompanied by other securities, the warrants are not separately transferable unless no class of such warrants and the securities accompanying them has been publicly distributed. The 1940 Act also provides that the amount of our voting securities that would result from the exercise of all outstanding warrants, as well as options and rights, at the time of issuance may not exceed 25% of our outstanding voting securities.

**Table of Contents**

**Index to Financial Statements**

**DESCRIPTION OF OUR DEBT SECURITIES**

We may issue debt securities in one or more series. The specific terms of each series of debt securities will be described in this prospectus and in the particular prospectus supplement relating to that series. The prospectus supplement may or may not modify the general terms found in this prospectus and will be filed with the SEC. For a complete description of the terms of a particular series of debt securities, including any supplemental indenture, you should read both this prospectus and the prospectus supplement relating to that particular series.

As required by federal law for all bonds and notes of companies that are publicly offered, the debt securities are governed by a document called an indenture. An indenture is a contract between us and U.S. Bank National Association, a financial institution acting as trustee on your behalf, and is subject to and governed by the Trust Indenture Act of 1939, as amended. The trustee has two main roles. First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, described in the second paragraph under **Events of Default Remedies if an Event of Default Occurs**. Second, the trustee performs certain administrative duties for us.

Because this section is a summary, it does not describe every aspect of the debt securities and the indenture. The following description summarizes the material provisions of the indenture. We urge you to read the indenture because it, and not this description, defines your rights as a holder of debt securities. For example, in this section, we use capitalized words to signify terms that are specifically defined in the indenture. We have filed the form of the indenture with the SEC. See **Available Information** for information on how to obtain a copy of the indenture.

A prospectus supplement, which will accompany this prospectus, will describe the particular terms of any series of debt securities being offered, including the following:

the designation or title of the series of debt securities;

the total principal amount of the series of debt securities;

the percentage of the principal amount at which the series of debt securities will be offered;

the date or dates on which principal will be payable;

the rate or rates (which may be either fixed or variable) and/or the method of determining such rate or rates of interest, if any;

the date or dates from which any interest will accrue, or the method of determining such date or dates, and the date or dates on which any interest will be payable;

the terms for redemption, extension or early repayment, if any;

the currencies in which the series of debt securities are issued and payable;

whether the amount of payments of principal, premium or interest, if any, on a series of debt securities will be determined with reference to an index, formula or other method (which could be based on one or more currencies, commodities, equity indices or other indices) and how these amounts will be determined;

the place or places, if any, other than or in addition to the City of New York, of payment, transfer, conversion and/or exchange of the debt securities;

the denominations in which the offered debt securities will be issued;

the provision for any sinking fund;

any restrictive covenants;

any Events of Default;

## Table of Contents

### Index to Financial Statements

whether the series of debt securities are issuable in certificated form;

any provisions for defeasance or covenant defeasance;

if applicable, U.S. federal income tax considerations relating to OID;

whether and under what circumstances we will pay additional amounts in respect of any tax, assessment or governmental charge and, if so, whether we will have the option to redeem the debt securities rather than pay the additional amounts (and the terms of this option);

any provisions for convertibility or exchangeability of the debt securities into or for any other securities;

whether the debt securities are subject to subordination and the terms of such subordination;

the listing, if any, on a securities exchange; and

any other terms.

The debt securities may be secured or unsecured obligations. Unless the prospectus supplement states otherwise, principal (and premium, if any) and interest, if any, will be paid by us in immediately available funds.

We are permitted, under specified conditions, to issue multiple classes of indebtedness if our asset coverage, as defined in the 1940 Act, is at least equal to 200% immediately after each such issuance. In addition, while any indebtedness and other senior securities remain outstanding, we must make provisions to prohibit any distribution to our stockholders or the repurchase of such securities or shares unless we meet the applicable asset coverage ratios at the time of the distribution or repurchase. We may also borrow amounts up to 5% of the value of our total assets for temporary or emergency purposes without regard to asset coverage. For a discussion of the risks associated with leverage, see **Risk Factors** **Risks Related to Our Business Structure**.

### **General**

The indenture provides that any debt securities proposed to be sold under this prospectus and the attached prospectus supplement ( offered debt securities ) and any debt securities issuable upon the exercise of warrants or upon conversion or exchange of other offered securities ( underlying debt securities ), may be issued under the indenture in one or more series.

For purposes of this prospectus, any reference to the payment of principal of or premium or interest, if any, on debt securities will include additional amounts if required by the terms of the debt securities.

The indenture does not limit the amount of debt securities that may be issued thereunder from time to time. Debt securities issued under the indenture, when a single trustee is acting for all debt securities issued under the indenture, are called the indenture securities. The indenture also provides that there may be more than one trustee thereunder, each with respect to one or more different series of indenture securities. See **Resignation of Trustee** section below. At a time when two or more trustees are acting under the indenture, each with respect to only certain series, the term indenture securities means the one or more series of debt securities with respect to which each respective trustee is acting. In the event that there is more than one trustee under the indenture, the powers and trust obligations of each trustee described in this prospectus will extend only to the one or more series of indenture securities for which it is trustee. If two or more trustees are acting under the indenture, then the indenture securities for which each trustee is acting would be treated as if issued under separate indentures.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

We refer you to the prospectus supplement for information with respect to any deletions from, modifications of or additions to the Events of Default or our covenants that are described below, including any addition of a covenant or other provision providing event risk or similar protection.

## **Table of Contents**

### **Index to Financial Statements**

We have the ability to issue indenture securities with terms different from those of indenture securities previously issued and, without the consent of the holders thereof, to reopen a previous issue of a series of indenture securities and issue additional indenture securities of that series unless the reopening was restricted when that series was created.

### **Conversion and Exchange**

If any debt securities are convertible into or exchangeable for other securities, the prospectus supplement will explain the terms and conditions of the conversion or exchange, including the conversion price or exchange ratio (or the calculation method), the conversion or exchange period (or how the period will be determined), if conversion or exchange will be mandatory or at the option of the holder or us, provisions for adjusting the conversion price or the exchange ratio and provisions affecting conversion or exchange in the event of the redemption of the underlying debt securities. These terms may also include provisions under which the number or amount of other securities to be received by the holders of the debt securities upon conversion or exchange would be calculated according to the market price of the other securities as of a time stated in the prospectus supplement.

### **Issuance of Securities in Registered Form**

We may issue the debt securities in registered form, in which case we may issue them either in book-entry form only or in certificated form. Debt securities issued in book-entry form will be represented by global securities. We expect that we will usually issue debt securities in book-entry only form represented by global securities.

### ***Book-Entry Holders***

We will issue registered debt securities in book-entry form only, unless we specify otherwise in the applicable prospectus supplement. This means debt securities will be represented by one or more global securities registered in the name of a depository that will hold them on behalf of financial institutions that participate in the depository's book-entry system. These participating institutions, in turn, hold beneficial interests in the debt securities held by the depository or its nominee. These institutions may hold these interests on behalf of themselves or customers.

Under the indenture, only the person in whose name a debt security is registered is recognized as the holder of that debt security. Consequently, for debt securities issued in book-entry form, we will recognize only the depository as the holder of the debt securities and we will make all payments on the debt securities to the depository. The depository will then pass along the payments it receives to its participants, which in turn will pass the payments along to their customers who are the beneficial owners. The depository and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the debt securities.

As a result, investors will not own debt securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depository's book-entry system or holds an interest through a participant. As long as the debt securities are represented by one or more global securities, investors will be indirect holders, and not holders, of the debt securities.

### ***Street Name Holders***

In the future, we may issue debt securities in certificated form or terminate a global security. In these cases, investors may choose to hold their debt securities in their own names or in street name. Debt securities held in street name are registered in the name of a bank, broker or other financial institution chosen by the investor, and the investor would hold a beneficial interest in those debt securities through the account he or she maintains at that institution.

## **Table of Contents**

### **Index to Financial Statements**

For debt securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the debt securities are registered as the holders of those debt securities and we will make all payments on those debt securities to them. These institutions will pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold debt securities in street name will be indirect holders, and not holders, of the debt securities.

### **Legal Holders**

Our obligations, as well as the obligations of the applicable trustee and those of any third parties employed by us or the applicable trustee, run only to the legal holders of the debt securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a debt security or has no choice because we are issuing the debt securities only in book-entry form.

For example, once we make a payment or give a notice to the holder, we have no further responsibility for the payment or notice even if that holder is required, under agreements with depositary participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, if we want to obtain the approval of the holders for any purpose (for example, to amend an indenture or to relieve us of the consequences of a default or of our obligation to comply with a particular provision of an indenture), we would seek the approval only from the holders, and not the indirect holders, of the debt securities. Whether and how the holders contact the indirect holders is up to the holders.

When we refer to you, we mean those who invest in the debt securities being offered by this prospectus, whether they are the holders or only indirect holders of those debt securities. When we refer to your debt securities, we mean the debt securities in which you hold a direct or indirect interest.

### ***Special Considerations for Indirect Holders***

If you hold debt securities through a bank, broker or other financial institution, either in book-entry form or in street name, we urge you to check with that institution to find out:

how it handles securities payments and notices,

whether it imposes fees or charges,

how it would handle a request for the holders' consent, if ever required,

whether and how you can instruct it to send you debt securities registered in your own name so you can be a holder, if that is permitted in the future for a particular series of debt securities,

how it would exercise rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests, and

if the debt securities are in book-entry form, how the depositary's rules and procedures will affect these matters.

### **Global Securities**

As noted above, we usually will issue debt securities as registered securities in book-entry form only. A global security represents one or any other number of individual debt securities. Generally, all debt securities represented by the same global securities will have the same terms.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Each debt security issued in book-entry form will be represented by a global security that we deposit with and register in the name of a financial institution or its nominee that we select. The financial institution that we

**Table of Contents**

**Index to Financial Statements**

select for this purpose is called the depository. Unless we specify otherwise in the applicable prospectus supplement, The Depository Trust Company, New York, New York, known as DTC, will be the depository for all debt securities issued in book-entry form.

A global security may not be transferred to or registered in the name of anyone other than the depository or its nominee, unless special termination situations arise. We describe those situations below under *Special Situations when a Global Security Will Be Terminated*. As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and holder of all debt securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that has an account with the depository. Thus, an investor whose security is represented by a global security will not be a holder of the debt security, but only an indirect holder of a beneficial interest in the global security.

***Special Considerations for Global Securities***

As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depository, as well as general laws relating to securities transfers. The depository that holds the global security will be considered the holder of the debt securities represented by the global security.

If debt securities are issued only in the form of a global security, an investor should be aware of the following:

An investor cannot cause the debt securities to be registered in his or her name, and cannot obtain certificates for his or her interest in the debt securities, except in the special situations we describe below.

An investor will be an indirect holder and must look to his or her own bank or broker for payments on the debt securities and protection of his or her legal rights relating to the debt securities, as we describe under *Issuance of Securities in Registered Form* above.

An investor may not be able to sell interests in the debt securities to some insurance companies and other institutions that are required by law to own their securities in non-book-entry form.

An investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the debt securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective.

The depository's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in a global security. We and the trustee have no responsibility for any aspect of the depository's actions or for its records of ownership interests in a global security. We and the trustee also do not supervise the depository in any way.

If we redeem less than all the debt securities of a particular series being redeemed, DTC's practice is to determine by lot the amount to be redeemed from each of its participants holding that series.

An investor is required to give notice of exercise of any option to elect repayment of its debt securities, through its participant, to the applicable trustee and to deliver the related debt securities by causing its participant to transfer its interest in those debt securities, on DTC's records, to the applicable trustee.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

DTC requires that those who purchase and sell interests in a global security deposited in its book-entry system use immediately available funds. Your broker or bank may also require you to use immediately available funds when purchasing or selling interests in a global security.

## **Table of Contents**

### **Index to Financial Statements**

Financial institutions that participate in the depository's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the debt securities. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

#### ***Special Situations when a Global Security will be Terminated***

In a few special situations described below, a global security will be terminated and interests in it will be exchanged for certificates in non-book-entry form (certificated securities). After that exchange, the choice of whether to hold the certificated debt securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in a global security transferred on termination to their own names, so that they will be holders. We have described the rights of legal holders and street name investors under "Issuance of Securities in Registered Form" above.

The prospectus supplement may list situations for terminating a global security that would apply only to the particular series of debt securities covered by the prospectus supplement. If a global security is terminated, only the depository, and not we or the applicable trustee, is responsible for deciding the names of the institutions in whose names the debt securities represented by the global security will be registered and, therefore, who will be the holders of those debt securities.

#### **Payment and Paying Agents**

We will pay interest to the person listed in the applicable trustee's records as the owner of the debt security at the close of business on a particular day in advance of each due date for interest, even if that person no longer owns the debt security on the interest due date. That day, often approximately two weeks in advance of the interest due date, is called the record date. Because we will pay all the interest for an interest period to the holders on the record date, holders buying and selling debt securities must work out between themselves the appropriate purchase price. The most common manner is to adjust the sales price of the debt securities to prorate interest fairly between buyer and seller based on their respective ownership periods within the particular interest period. This prorated interest amount is called accrued interest.

#### ***Payments on Global Securities***

We will make payments on a global security in accordance with the applicable policies of the depository as in effect from time to time. Under those policies, we will make payments directly to the depository, or its nominee, and not to any indirect holders who own beneficial interests in the global security. An indirect holder's right to those payments will be governed by the rules and practices of the depository and its participants.

#### ***Payments on Certificated Securities***

We will make payments on a certificated debt security as follows. We will pay interest that is due on an interest payment date by check mailed on the interest payment date to the holder at his or her address shown on the trustee's records as of the close of business on the regular record date. We will make all payments of principal and premium, if any, by check at the office of the applicable trustee in New York, New York and/or at other offices that may be specified in the prospectus supplement or in a notice to holders against surrender of the debt security.

Alternatively, if the holder asks us to do so, we will pay any amount that becomes due on the debt security by wire transfer of immediately available funds to an account at a bank in New York City, on the due date. To request payment by wire, the holder must give the applicable trustee or other paying agent appropriate transfer instructions at least 15 business days before the requested wire payment is due. In the case of any interest

## **Table of Contents**

### **Index to Financial Statements**

payment due on an interest payment date, the instructions must be given by the person who is the holder on the relevant regular record date. Any wire instructions, once properly given, will remain in effect unless and until new instructions are given in the manner described above.

#### ***Payment when Offices are Closed***

If any payment is due on a debt security on a day that is not a business day, we will make the payment on the next day that is a business day. Payments made on the next business day in this situation will be treated under the indenture as if they were made on the original due date, except as otherwise indicated in the attached prospectus supplement. Such payment will not result in a default under any debt security or the indenture, and no interest will accrue on the payment amount from the original due date to the next day that is a business day.

**Book-entry and other indirect holders should consult their banks or brokers for information on how they will receive payments on their debt securities.**

#### **Events of Default**

You will have rights if an Event of Default occurs in respect of the debt securities of your series and is not cured, as described later in this subsection.

The term **Event of Default** in respect of the debt securities of your series means any of the following (unless the prospectus supplement relating to such debt securities states otherwise):

we do not pay the principal of, or any premium on, a debt security of the series on its due date, and do not cure this default within five days;

we do not pay interest on a debt security of the series when due, and such default is not cured within 30 days;

we do not deposit any sinking fund payment in respect of debt securities of the series on its due date, and do not cure this default within five days;

we remain in breach of a covenant in respect of debt securities of the series for 60 days after we receive a written notice of default stating we are in breach. The notice must be sent by either the trustee or holders of at least 25% of the principal amount of debt securities of the series;

we file for bankruptcy or certain other events of bankruptcy, insolvency or reorganization occur and remain undischarged or unstayed for a period of 60 days;

on the last business day of each of 24 consecutive calendar months, we have an asset coverage of less than 100%; and

any other Event of Default in respect of debt securities of the series described in the applicable prospectus supplement occurs. An Event of Default for a particular series of debt securities does not necessarily constitute an Event of Default for any other series of debt securities issued under the same or any other indenture. The trustee may withhold notice to the holders of debt securities of any default, except in the payment of principal, premium or interest, if it considers the withholding of notice to be in the best interests of the holders.

*Remedies if an Event of Default Occurs*

If an Event of Default has occurred and has not been cured, the trustee or the holders of at least 25% in principal amount of the debt securities of the affected series may declare the entire principal amount of all the debt securities of that series to be due and immediately payable. This is called a declaration of acceleration of maturity. In certain circumstances, a declaration of acceleration of maturity may be canceled by the holders of a majority in principal amount of the debt securities of the affected series.

## Table of Contents

### Index to Financial Statements

The trustee is not required to take any action under the indenture at the request of any holders unless the holders offer the trustee reasonable protection from expenses and liability (called an indemnity). If reasonable indemnity is provided, the holders of a majority in principal amount of the outstanding debt securities of the relevant series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. The trustee may refuse to follow those directions in certain circumstances. No delay or omission in exercising any right or remedy will be treated as a waiver of that right, remedy or Event of Default.

Before you are allowed to bypass your trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the debt securities, the following must occur:

the holder must give your trustee written notice that an Event of Default has occurred and remains uncured;

the holders of at least 25% in principal amount of all outstanding debt securities of the relevant series must make a written request that the trustee take action because of the default and must offer reasonable indemnity to the trustee against the cost and other liabilities of taking that action;

the trustee must not have taken action for 60 days after receipt of the above notice and offer of indemnity; and

the holders of a majority in principal amount of the debt securities must not have given the trustee a direction inconsistent with the above notice during that 60 day period.

However, you are entitled at any time to bring a lawsuit for the payment of money due on your debt securities on or after the due date.

Holders of a majority in principal amount of the debt securities of the affected series may waive any past defaults other than:

the payment of principal, any premium or interest; or

in respect of a covenant that cannot be modified or amended without the consent of each holder.

**Book-entry and other indirect holders should consult their banks or brokers for information on how to give notice or direction to or make a request of the trustee and how to declare or cancel an acceleration of maturity.**

Each year, we will furnish to each trustee a written statement of certain of our officers certifying that to their knowledge we are in compliance with the indenture and the debt securities, or else specifying any default.

### **Merger or Consolidation**

Under the terms of the indenture, we are generally permitted to consolidate or merge with another entity. We may also be permitted to sell all or substantially all of our assets to another entity. However, unless the prospectus supplement relating to certain debt securities states otherwise, we may not take any of these actions unless all the following conditions are met:

where we merge out of existence or sell our assets, the resulting entity must agree to be legally responsible for our obligations under the debt securities;

Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

immediately after giving effect to such transaction, no Default or Event of Default shall have happened and be continuing;

under the indenture, no merger or sale of assets may be made if as a result any of our property or assets or any property or assets of one of our subsidiaries, if any, would become subject to any mortgage, lien or other encumbrance unless either (a) the mortgage, lien or other encumbrance could be created

**Table of Contents**

**Index to Financial Statements**

pursuant to the limitation on liens covenant in the indenture without equally and ratably securing the indenture securities or (b) the indenture securities are secured equally and ratably with or prior to the debt secured by the mortgage, lien or other encumbrance;

we must deliver certain certificates and documents to the trustee; and

we must satisfy any other requirements specified in the prospectus supplement relating to a particular series of debt securities.

**Modification or Waiver**

There are three types of changes we can make to the indenture and the debt securities issued thereunder.

***Changes Requiring Approval***

First, there are changes that we cannot make to debt securities without specific approval of all of the holders. The following is a list of those types of changes:

change the stated maturity of the principal of or interest on a debt security;

reduce any amounts due on a debt security;

reduce the amount of principal payable upon acceleration of the maturity of a security following a default;

adversely affect any right of repayment at the holder's option;

change the place (except as otherwise described in the prospectus or prospectus supplement) or currency of payment on a debt security;

impair your right to sue for payment;

adversely affect any right to convert or exchange a debt security in accordance with its terms;

modify the subordination provisions in the indenture in a manner that is adverse to holders of the debt securities;

reduce the percentage of holders of debt securities whose consent is needed to modify or amend the indenture;

reduce the percentage of holders of debt securities whose consent is needed to waive compliance with certain provisions of the indenture or to waive certain defaults;

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

modify any other aspect of the provisions of the indenture dealing with supplemental indentures, modification and waiver of past defaults, changes to the quorum or voting requirements or the waiver of certain covenants; and

change any obligation we have to pay additional amounts.

### ***Changes Not Requiring Approval***

The second type of change does not require any vote by the holders of the debt securities. This type is limited to clarifications and certain other changes that would not adversely affect holders of the outstanding debt securities in any material respect. We also do not need any approval to make any change that affects only debt securities to be issued under the indenture after the change takes effect.

### ***Changes Requiring Majority Approval***

Any other change to the indenture and the debt securities would require the following approval:

if the change affects only one series of debt securities, it must be approved by the holders of a majority in principal amount of that series; and

## **Table of Contents**

### **Index to Financial Statements**

if the change affects more than one series of debt securities issued under the same indenture, it must be approved by the holders of a majority in principal amount of all of the series affected by the change, with all affected series voting together as one class for this purpose.

The holders of a majority in principal amount of all of the series of debt securities issued under an indenture, voting together as one class for this purpose, may waive our compliance with some of our covenants in that indenture. However, we cannot obtain a waiver of a payment default or of any of the matters covered by the bullet points included above under **Changes Requiring Approval**.

### ***Further Details Concerning Voting***

When taking a vote, we will use the following rules to decide how much principal to attribute to a debt security:

for OID securities, we will use the principal amount that would be due and payable on the voting date if the maturity of these debt securities were accelerated to that date because of a default;

for debt securities whose principal amount is not known (for example, because it is based on an index), we will use a special rule for that debt security described in the prospectus supplement; and

for debt securities denominated in one or more foreign currencies, we will use the U.S. dollar equivalent.

Debt securities will not be considered outstanding, and therefore not eligible to vote, if we have deposited or set aside in trust money for their payment or redemption. Debt securities will also not be eligible to vote if they have been fully defeased as described later under **Defeasance Full Defeasance**.

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding indenture securities that are entitled to vote or take other action under the indenture. If we set a record date for a vote or other action to be taken by holders of one or more series, that vote or action may be taken only by persons who are holders of outstanding indenture securities of those series on the record date and must be taken within eleven months following the record date.

**Book-entry and other indirect holders should consult their banks or brokers for information on how approval may be granted or denied if we seek to change the indenture or the debt securities or request a waiver.**

### **Defeasance**

The following provisions will be applicable to each series of debt securities unless we state in the applicable prospectus supplement that the provisions of covenant defeasance and full defeasance will not be applicable to that series.

### ***Covenant Defeasance***

Under current U.S. federal tax law, we can make the deposit described below and be released from some of the restrictive covenants in the indenture under which the particular series was issued. This is called **covenant defeasance**. In that event, you would lose the protection of those restrictive covenants but would gain the protection of having money and government securities set aside in trust to repay your debt securities. If applicable, you also would be released from the subordination provisions as described under the **Indenture Provisions Subordination** section below. In order to achieve covenant defeasance, we must do the following:

if the debt securities of the particular series are denominated in U.S. dollars, we must deposit in trust for the benefit of all holders of such debt securities a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates;

## **Table of Contents**

### **Index to Financial Statements**

we must deliver to the trustee a legal opinion of our counsel confirming that, under current U.S. federal income tax law, we may make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities ourselves at maturity; and

we must deliver to the trustee a legal opinion of our counsel stating that the above deposit does not require registration by us under the 1940 Act, as amended, and a legal opinion and officers' certificate stating that all conditions precedent to covenant defeasance have been complied with.

If we accomplish covenant defeasance, you can still look to us for repayment of the debt securities if there were a shortfall in the trust deposit or the trustee is prevented from making payment. For example, if one of the remaining Events of Default occurred (such as our bankruptcy) and the debt securities became immediately due and payable, there might be a shortfall. Depending on the event causing the default, you may not be able to obtain payment of the shortfall.

### ***Full Defeasance***

If there is a change in U.S. federal tax law, as described below, we can legally release ourselves from all payment and other obligations on the debt securities of a particular series (called "full defeasance") if we put in place the following other arrangements for you to be repaid:

if the debt securities of the particular series are denominated in U.S. dollars, we must deposit in trust for the benefit of all holders of such debt securities a combination of money and United States government or United States government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates.

we must deliver to the trustee a legal opinion confirming that there has been a change in current U.S. federal tax law or an IRS ruling that allows us to make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities ourselves at maturity. Under current U.S. federal tax law, the deposit and our legal release from the debt securities would be treated as though we paid you your share of the cash and notes or bonds at the time the cash and notes or bonds were deposited in trust in exchange for your debt securities and you would recognize gain or loss on the debt securities at the time of the deposit;

we must deliver to the trustee a legal opinion of our counsel stating that the above deposit does not require registration by us under the 1940 Act, as amended, and a legal opinion and officers' certificate stating that all conditions precedent to defeasance have been complied with;

Defeasance must not result in a breach of the indenture or any other material agreements; and

Satisfy the conditions for covenant defeasance contained in any supplemental indentures.

If we ever did accomplish full defeasance, as described above, you would have to rely solely on the trust deposit for repayment of the debt securities. You could not look to us for repayment in the unlikely event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever became bankrupt or insolvent. If applicable, you would also be released from the subordination provisions described later under "Indenture Provisions - Subordination."

### **Form, Exchange and Transfer of Certificated Registered Securities**

Holders may exchange their certificated securities, if any, for debt securities of smaller denominations or combined into fewer debt securities of larger denominations, as long as the total principal amount is not changed.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Holders may exchange or transfer their certificated securities, if any, at the office of their trustee. We have appointed the trustee to act as our agent for registering debt securities in the names of holders transferring debt securities. We may appoint another entity to perform these functions or perform them ourselves.

## **Table of Contents**

### **Index to Financial Statements**

Holders will not be required to pay a service charge to transfer or exchange their certificated securities, if any, but they may be required to pay any tax or other governmental charge associated with the transfer or exchange. The transfer or exchange will be made only if our transfer agent is satisfied with the holder's proof of legal ownership.

If we have designated additional transfer agents for your debt security, they will be named in your prospectus supplement. We may appoint additional transfer agents or cancel the appointment of any particular transfer agent. We may also approve a change in the office through which any transfer agent acts.

If any certificated securities of a particular series are redeemable and we redeem less than all the debt securities of that series, we may block the transfer or exchange of those debt securities during the period beginning 15 days before the day we mail the notice of redemption and ending on the day of that mailing, in order to freeze the list of holders to prepare the mailing. We may also refuse to register transfers or exchanges of any certificated securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any debt security that will be partially redeemed.

### **Resignation of Trustee**

Each trustee may resign or be removed with respect to one or more series of indenture securities provided that a successor trustee is appointed to act with respect to these series. In the event that two or more persons are acting as trustee with respect to different series of indenture securities under the indenture, each of the trustees will be a trustee of a trust separate and apart from the trust administered by any other trustee.

### **Indenture Provisions Subordination**

Upon any distribution of our assets upon our dissolution, winding up, liquidation or reorganization, the payment of the principal of (and premium, if any) and interest, if any, on any indenture securities denominated as subordinated debt securities is to be subordinated to the extent provided in the indenture in right of payment to the prior payment in full of all senior indebtedness (as defined below), but our obligation to you to make payment of the principal of (and premium, if any) and interest, if any, on such subordinated debt securities will not otherwise be affected. In addition, no payment on account of principal (or premium, if any), sinking fund or interest, if any, may be made on such subordinated debt securities at any time unless full payment of all amounts due in respect of the principal (and premium, if any), sinking fund and interest on senior indebtedness has been made or duly provided for in money or money's worth.

In the event that, notwithstanding the foregoing, any payment by us is received by the trustee in respect of subordinated debt securities or by the holders of any of such subordinated debt securities before all senior indebtedness is paid in full, the payment or distribution must be paid over to the holders of the senior indebtedness or on their behalf for application to the payment of all the senior indebtedness remaining unpaid until all the senior indebtedness has been paid in full, after giving effect to any concurrent payment or distribution to the holders of the senior indebtedness. Subject to the payment in full of all senior indebtedness upon this distribution by us, the holders of such subordinated debt securities will be subrogated to the rights of the holders of the senior indebtedness to the extent of payments made to the holders of the senior indebtedness out of the distributive share of such subordinated debt securities.

By reason of this subordination, in the event of a distribution of our assets upon our insolvency, certain of our senior creditors may recover more, ratably, than holders of any subordinated debt securities. The indenture provides that these subordination provisions will not apply to money and securities held in trust under the defeasance provisions of the indenture.

**Table of Contents**

**Index to Financial Statements**

Senior indebtedness is defined in the indenture as the principal of (and premium, if any) and unpaid interest on:

our indebtedness (including indebtedness of others guaranteed by us), whenever created, incurred, assumed or guaranteed, for money borrowed (other than indenture securities issued under the indenture and denominated as subordinated debt securities), unless in the instrument creating or evidencing the same or under which the same is outstanding it is provided that this indebtedness is not senior or prior in right of payment to the subordinated debt securities; and

renewals, extensions, modifications and refinancings of any of this indebtedness.

If this prospectus is being delivered in connection with the offering of a series of indenture securities denominated as subordinated debt securities, the accompanying prospectus supplement to this prospectus will set forth the approximate amount of our senior indebtedness outstanding as of a recent date.

**Secured Indebtedness**

Certain of our indebtedness, including certain series of indenture securities, may be secured. The prospectus supplement for each series of indenture securities will describe the terms of any security interest for such series and will indicate the approximate amount of our secured indebtedness as of a recent date. In the event of a distribution of our assets upon our insolvency, the holders of unsecured indenture securities may recover less, ratably, than holders of any of our secured indebtedness.

**The Trustee under the Indenture**

U.S. Bank National Association will serve as the trustee under the indenture.

**Certain Considerations Relating to Foreign Currencies**

Debt securities denominated or payable in foreign currencies may entail significant risks. These risks include the possibility of significant fluctuations in the foreign currency markets, the imposition or modification of foreign exchange controls and potential illiquidity in the secondary market. These risks will vary depending upon the currency or currencies involved and will be more fully described in the applicable prospectus supplement.

---

**Table of Contents****Index to Financial Statements****PLAN OF DISTRIBUTION**

We may offer, from time to time, in one or more offerings or series, up to \$500,000,000 of our common stock, preferred stock, debt securities, subscription rights to purchase shares of our common stock or warrants representing rights to purchase shares of our common stock, preferred stock or debt securities, in one or more underwritten public offerings, at-the-market offerings to or through a market maker or into an existing trading market for the securities, on an exchange, or otherwise, negotiated transactions, block trades, best efforts, auctions or a combination of these methods. The holders of our common stock will indirectly bear any fees and expenses in connection with any such offerings. We may sell the securities through underwriters or dealers, directly to one or more purchasers, including existing stockholders in a rights offering, through agents or through a combination of any such methods of sale. Any underwriter or agent involved in the offer and sale of the securities will be named in the applicable prospectus supplement. A prospectus supplement or supplements will also describe the terms of the offering of the securities, including: the purchase price of the securities and the proceeds we will receive from the sale; any over-allotment options under which underwriters may purchase additional securities from us; any agency fees or underwriting discounts and other items constituting agents' or underwriters' compensation; any expenses we incur in connection with the sale of such securities; the public offering price; any discounts or concessions allowed or re-allowed or paid to dealers; and any securities exchange or market on which the securities may be listed. Only underwriters named in the applicable prospectus supplement will be underwriters of the securities offered by the applicable prospectus supplement.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at prevailing market prices at the time of sale, at prices related to such prevailing market prices, at negotiated prices, or at prices determined by an auction process, provided, however, that the offering price per share of our common stock, less any underwriting commissions or discounts, must equal or exceed the NAV per share of our common stock at the time of the offering except (1) in connection with a rights offering to our existing stockholders, (2) with the consent of the majority of our voting securities or (3) under such circumstances as the SEC may permit. The price at which securities may be distributed may represent a discount from prevailing market prices. Although we are not currently authorized to issue shares of our common stock at a price below our NAV per share, we may seek stockholder approval of this proposal again at a special meeting of stockholders or our next annual meeting of stockholders. Our Board of Directors, subject to its fiduciary duties and regulatory requirements, has the discretion to determine the amount of the discount, and as a result, the discount could be up to 100% of NAV per share.

In connection with the sale of our securities, underwriters or agents may receive compensation from us or from purchasers of our securities, for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell our securities to or through dealers and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of our securities may be deemed to be underwriters under the Securities Act, and any discounts and commissions they receive from us and any profit realized by them on the resale of our securities may be deemed to be underwriting discounts and commissions under the Securities Act. Any such underwriter or agent will be identified and any such compensation received from us will be described in the applicable prospectus supplement.

Any underwriter may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum price. Syndicate-covering or other short-covering transactions involve purchases of the securities, either through exercise of the over-allotment option or in the open market after the distribution is completed, to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a stabilizing or covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.

---

**Table of Contents**

**Index to Financial Statements**

Any underwriters that are qualified market makers on the NYSE may engage in passive market making transactions in our common stock on the NYSE in accordance with Regulation M under the Exchange Act, during the business day prior to the pricing of the offering, before the commencement of offers or sales of our common stock. Passive market makers must comply with applicable volume and price limitations and must be identified as passive market makers. In general, a passive market maker must display its bid at a price not in excess of the highest independent bid for such security; if all independent bids are lowered below the passive market maker's bid, however, the passive market maker's bid must then be lowered when certain purchase limits are exceeded. Passive market making may stabilize the market price of the securities at a level above that which might otherwise prevail in the open market and, if commenced, may be discontinued at any time.

We may sell securities directly or through agents we designate from time to time. We will name any agent involved in the offering and sale of securities and we will describe any commissions we will pay the agent in the applicable prospectus supplement. Unless the applicable prospectus supplement states otherwise, our agent will act on a best-efforts basis for the period of its appointment.

Unless otherwise specified in the applicable prospectus supplement, each class or series of securities will be a new issue with no trading market, other than our common stock, which is traded on the NYSE. We may elect to list any other class or series of securities on any exchanges, but we are not obligated to do so. We cannot guarantee the liquidity of the trading markets for any securities.

Under agreements that we may enter, underwriters, dealers and agents who participate in the distribution of our securities may be entitled to indemnification by us against certain liabilities, including liabilities under the Securities Act, or contribution with respect to payments that the agents or underwriters may make with respect to these liabilities. Underwriters, dealers and agents may engage in transactions with, or perform services for, us in the ordinary course of business.

If so indicated in the applicable prospectus supplement, we will authorize underwriters or other persons acting as our agents to solicit offers by certain institutions to purchase our securities from us pursuant to contracts providing for payment and delivery on a future date. Institutions with which such contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases such institutions must be approved by us. The obligations of any purchaser under any such contract will be subject to the condition that the purchase of our securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such contracts. Such contracts will be subject only to those conditions set forth in the applicable prospectus supplement, and the applicable prospectus supplement will set forth the commission payable for solicitation of such contracts.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third parties in such sale transactions will be underwriters and, if not identified in this prospectus, will be identified in the applicable prospectus supplement.

In compliance with the guidelines of the Financial Industry Regulatory Authority, the maximum compensation to the underwriters or dealers in connection with the sale of our securities pursuant to this prospectus and the applicable prospectus supplement may not exceed 8% of the aggregate offering price of the securities as set forth on the cover page of the applicable prospectus supplement.

**Table of Contents**

**Index to Financial Statements**

In order to comply with the securities laws of certain states, if applicable, our securities offered hereby will be sold in such jurisdictions only through registered or licensed brokers or dealers.

**BROKERAGE ALLOCATION AND OTHER PRACTICES**

Because we generally acquire and dispose of our investments in privately negotiated transactions, we typically do not use brokers in the normal course of business. However, from time to time, we may work with brokers to sell positions we have acquired in the securities of publicly listed companies or to acquire positions (principally equity) in companies where we see a market opportunity to acquire such securities at attractive valuations. In cases where we do use a broker, we do not execute transactions through any particular broker or dealer, but will seek to obtain the best net results for the Company, taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution, and operational facilities of the firm and the firm's risk and skill in positioning blocks of securities. While we generally seek reasonably competitive execution costs, we may not necessarily pay the lowest spread or commission available. Subject to applicable legal requirements, we may select a broker based partly upon brokerage or research services provided to us. In return for such services, we may pay a higher commission than other brokers would charge if we determine in good faith that such commission is reasonable in relation to the services provided.

**CUSTODIAN, TRANSFER AND DIVIDEND PAYING AGENT AND REGISTRAR**

Securities we hold in connection with our investments are held under a custody agreement with Union Bank of California. The address of the custodian is 475 Sansome Street, 15th Floor, San Francisco, California 94111. We have also entered into a custody agreement with U.S. Bank National Association, which is located at One Federal Street, Third Floor, Boston, Massachusetts 02110. The transfer agent and registrar for our common stock, American Stock Transfer & Trust Company, will act as our transfer agent, dividend paying and reinvestment agent and registrar. The principal business address of the transfer agent is 6201 15th Avenue, Brooklyn, New York 11219.

**LEGAL MATTERS**

Certain legal matters regarding the securities offered by this prospectus will be passed upon for us by Dechert LLP, Washington, D.C. Certain legal matters will be passed upon for underwriters, if any, by the counsel named in the prospectus supplement.

**EXPERTS**

The consolidated financial statements as of December 31, 2015 and December 31, 2014 and for each of the three years in the period ended December 31, 2015 and management's assessment of the effectiveness of internal control over financial reporting (which is included in Management's Report on Internal Control over Financial Reporting) as of December 31, 2015 included in this prospectus have been so included in reliance on the report of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

**AVAILABLE INFORMATION**

We have filed with the SEC a registration statement on Form N-2, together with all amendments and related exhibits, under the Securities Act, with respect to our securities offered by this prospectus. The registration statement contains additional information about us and our securities being offered by this prospectus.

We file annual, quarterly and current periodic reports, proxy statements and other information with the SEC under the Exchange Act. You may inspect and copy these reports, proxy statements and other information, as well as the registration statement of which this prospectus forms a part and the related exhibits and schedules, at the Public Reference Room of the SEC at 100 F Street, N.E., Washington, D.C. 20549-0102. You may obtain information on the operation of the Public Reference Room by calling the SEC at 202-551-8090. The SEC maintains an Internet website that contains reports, proxy and information statements and other information filed electronically by us with the SEC which are available on the SEC's Internet website at <http://www.sec.gov>. Copies of these reports, proxy and information statements and other information may be obtained, after paying a duplicating fee, by electronic request at the following E-mail address: [publicinfo@sec.gov](mailto:publicinfo@sec.gov), or by writing the SEC's Public Reference Section, Washington, D.C. 20549-0102.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To Board of Directors and Shareholders of

Hercules Capital, Inc.

In our opinion, the accompanying consolidated statement of assets and liabilities, including the consolidated schedule of investments, and the related consolidated statements of operations, of changes in net assets, and of cash flows present fairly, in all material respects, the financial position of Hercules Capital, Inc. (formerly known as Hercules Technology Growth Capital, Inc.) and its subsidiaries at December 31, 2015 and 2014, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2015 in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statement schedule listed in the accompanying index presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2015, based on criteria established in *Internal Control - Integrated Framework 2013* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO 2013). The Company's management is responsible for these financial statements and financial statement schedule, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in Management's Report on Internal Control over Financial Reporting appearing on page 109. Our responsibility is to express opinions on these financial statements, on the financial statement schedule, and on the Company's internal control over financial reporting based on our integrated audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. Our procedures included confirmation of securities at December 31, 2015 by correspondence with the custodian, borrowers and brokers, and where replies were not received, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

/s/ PricewaterhouseCoopers LLP

\* Value as a percent of net assets

(1) Preferred and common stock, warrants, and equity interests are generally non-income producing.

(2) Gross unrealized appreciation, gross unrealized depreciation, and net depreciation for federal income tax purposes totaled \$29.3 million, \$81.4 million and \$52.1 million respectively. The tax cost of investments is \$1.3 billion.

(3) Except for warrants in 37 publicly traded companies and common stock in 20 publicly traded companies, all investments are restricted at December 31, 2015 and were valued at fair value as determined in good faith by the Board of Directors. No unrestricted securities of the same issuer are outstanding. The Company uses the Standard Industrial Code for classifying the industry grouping of its portfolio companies.

(4) Non-U.S. company or the company's principal place of business is outside the United States.

(5) Affiliate investment as defined under the Investment Company Act of 1940, as amended, in which Hercules owns at least 5% but not more than 25% of the company's voting securities.

(6) Control investment as defined under the Investment Company Act of 1940, as amended, in which Hercules owns at least 25% of the company's voting securities or has greater than 50% representation on its board. There were no control investments at December 31, 2015.

(7) Debt is on non-accrual status at December 31, 2015, and is therefore considered non-income producing. Note that at December 31, 2015, only the PIK interest is on non-accrual for the Company's debt investment in Skycross, Inc and only the \$2.1 million PIK loan is on non-accrual for the Company's debt investment in One Planet Ops Inc. (p.k.a. Reply! Inc.).

(8) Denotes that all or a portion of the debt investment is convertible debt.

(9) Indicates assets that the Company deems not qualifying assets under section 55(a) of the Investment Company Act of 1940, as amended. Qualifying assets must represent at least 70% of the Company's total assets at the time of acquisition of any additional non-qualifying assets.

(10) Denotes that all or a portion of the debt investment secures the notes offered in the Debt Securitization (as defined in Note 4).

(11) Denotes that all or a portion of the debt investment is pledged as collateral under the Wells Facility.

(12) Denotes that all or a portion of the debt investment principal includes accumulated PIK, or payment-in-kind, interest and is net of repayments.

(13)

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Denotes that all or a portion of the debt investment includes an exit fee receivable. This fee ranges from 0.8% to 17.1% of the total debt commitment based on the contractual terms of our loan servicing agreements.

- (14) Denotes that all or a portion of the investment in this portfolio company is held by HT II or HT III, the Company's wholly-owned SBIC subsidiaries.
- (15) The stated Maturity Date for the Tectura assets reflects the last extension of the forbearance period on these loans. The borrower loans remain outstanding and management is continuing to work with the borrower to satisfy the obligations. The Company's investment team and Investment Committee continue to closely monitor developments at the borrower company.
- (16) Repayment of debt investment is delinquent of the contractual maturity date as of December 31, 2015.  
See notes to consolidated financial statements.

\* Value as a percent of net assets

(1) Preferred and common stock, warrants, and equity interests are generally non-income producing.

(2) Gross unrealized appreciation, gross unrealized depreciation, and net depreciation for federal income tax purposes totaled \$46.1 million, \$63.4 million and \$17.3 million respectively. The tax cost of investments is \$1.0 billion.

(3) Except for warrants in twenty-nine publicly traded companies and common stock in thirteen publicly traded companies, all investments are restricted at December 31, 2014 and were valued at fair value as determined in good faith by the Audit Committee of the Board of Directors. No unrestricted securities of the same issuer are outstanding. The Company uses the Standard Industrial Code for classifying the industry grouping of its portfolio companies.

(4) Non-U.S. company or the company's principal place of business is outside the United States.

(5) Affiliate investment as defined under the Investment Company Act of 1940, as amended, in which Hercules owns at least 5% but not more than 25% of the company's voting securities.

(6) Control investment as defined under the Investment Company Act of 1940, as amended, in which Hercules owns at least 25% of the voting securities of the company or has greater than 50% representation on its board. There were no control investments at December 31, 2014.

(7) Debt is on non-accrual status at December 31, 2014, and is therefore considered non-income producing.

(8) Denotes that all or a portion of the debt investment is convertible senior debt.

(9) Indicates assets that the Company deems not qualifying assets under section 55(a) of the Investment Company Act of 1940, as amended. Qualifying assets must represent at least 70% of the Company's total assets at the time of acquisition of any additional non-qualifying assets.

(10) Denotes that all or a portion of the debt investment secures the notes offered in the Debt Securitizations (as defined in Note 4).

(11) Denotes that all or a portion of the debt investment principal includes accumulated PIK, or paid-in-kind, interest and is net of repayments.

(12) Denotes that all or a portion of the debt investment includes an exit fee receivable.

(13) Denotes that all or a portion of the investment in this portfolio company is held by HT II or HT III, the Company's wholly-owned SBIC subsidiaries.

(14)

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Subsequent to December 31, 2014, this company completed an initial public offering. Note that the December 31, 2014 fair value does not reflect any potential impact of the conversion of our preferred shares to common shares which may include reverse splits associated with the offering.

- (15) The stated Maturity Date for the Tectura assets reflects the last extension of the forbearance period on these loans. The borrower loans remain outstanding and management is continuing to work with the borrower to satisfy the obligations. The Company's investment team and Investment Committee continue to closely monitor developments at the borrower company.
- (16) In the Company's quarterly and annual reports filed with the commission prior to this Annual Report on Form 10-K for the year ended December 31, 2014, the Company referred to this industry sector as Energy Technology.

See notes to consolidated financial statements.

**Table of Contents****Index to Financial Statements****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****1. Description of Business and Basis of Presentation**

Hercules Capital, Inc. (formerly Hercules Technology Growth Capital, Inc.; the Company) is a specialty finance company focused on providing senior secured venture growth loans to high-growth, innovative venture capital-backed companies in a broadly diversified variety of technology, life sciences and sustainable and renewable technology industries. The Company sources its investments through its principal office located in Palo Alto, CA, as well as through its additional offices in Boston, MA, New York, NY, McLean, VA, Santa Monica, CA, and Hartford, CT. The Company was incorporated under the General Corporation Law of the State of Maryland in December 2003.

The Company is an internally managed, non-diversified closed-end investment company that has elected to be regulated as a business development company (BDC) under the Investment Company Act of 1940, as amended (the 1940 Act). From incorporation through December 31, 2005, the Company was taxed as a corporation under Subchapter C of the Internal Revenue Code of 1986, as amended (the Code). Effective January 1, 2006, the Company elected to be treated for tax purposes as a regulated investment company, or RIC, under Subchapter M of the Code (see Note 5). As an investment company, the Company follows accounting and reporting guidance as set forth in Topic 946 of the Accounting Standards Codification, as amended (ASC).

Hercules Technology II, L.P. (HT II), Hercules Technology III, L.P. (HT III), and Hercules Technology IV, L.P. (HT IV), are Delaware limited partnerships that were formed in January 2005, September 2009 and December 2010, respectively. HT II and HT III were licensed to operate as small business investment companies (SBICs) under the authority of the Small Business Administration (SBA) on September 27, 2006 and May 26, 2010, respectively. As SBICs, HT II and HT III are subject to a variety of regulations concerning, among other things, the size and nature of the companies in which they may invest and the structure of those investments. HT IV was formed in anticipation of receiving an additional SBIC license; however, the Company has not yet applied for such license, and HT IV currently has no material assets or liabilities. The Company also formed Hercules Technology SBIC Management, LLC, or (HTM), a limited liability company in November 2003. HTM is a wholly owned subsidiary of the Company and serves as the limited partner and general partner of HT II and HT III (see Note 4 to the Company's consolidated financial statements).

HT II and HT III hold approximately \$128.3 million and \$310.8 million in assets, respectively, and they accounted for approximately 7.6% and 18.5% of the Company's total assets, respectively, prior to consolidation at December 31, 2015.

The Company also established wholly owned subsidiaries, all of which are structured as Delaware corporations and limited liability companies, to hold portfolio companies organized as limited liability companies, or LLCs (or other forms of pass-through entities). By investing through these wholly owned subsidiaries, the Company is able to benefit from the tax treatment of these entities and create a tax structure that is more advantageous with respect to the Company's RIC status.

The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The consolidated financial statements include the accounts of the Company, its subsidiaries and its consolidated securitization VIEs. All inter-company accounts and transactions have been eliminated in consolidation. In accordance with Articles 6 and 10 of Regulation S-X under the Securities Act of 1933, as amended (the Securities Act), the Company does not consolidate portfolio company investments. It is not appropriate for an investment company to consolidate an investee that is not an investment company, rather an investment company's interest in non-investment company investees should be measured at fair value in accordance with ASC 946.

## **Table of Contents**

### **Index to Financial Statements**

Financial statements prepared on a GAAP basis require management to make estimates and assumptions that affect the amounts and disclosures reported in the consolidated financial statements and accompanying notes. Such estimates and assumptions could change in the future as more information becomes known, which could impact the amounts reported and disclosed herein.

## **2. Summary of Significant Accounting Policies**

### ***Principles of Consolidation***

The Consolidated Financial Statements include the accounts of the Company and its subsidiaries and all VIEs of which the Company is the primary beneficiary. All intercompany accounts and transactions have been eliminated in consolidation.

A VIE is an entity that either (i) has insufficient equity to permit the entity to finance its activities without additional subordinated financial support or (ii) has equity investors who lack the characteristics of a controlling financial interest. The primary beneficiary of a VIE is the party with both the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and the obligation to absorb the losses or the right to receive benefits that could potentially be significant to the VIE.

To assess whether the Company has the power to direct the activities of a VIE that most significantly impact its economic performance, the Company considers all the facts and circumstances including its role in establishing the VIE and its ongoing rights and responsibilities. This assessment includes identifying the activities that most significantly impact the VIE's economic performance and identifying which party, if any, has power over those activities. In general, the party that makes the most significant decisions affecting the VIE is determined to have the power to direct the activities of a VIE. To assess whether the Company has the obligation to absorb the losses or the right to receive benefits that could potentially be significant to the VIE, the Company considers all of its economic interests, including debt and equity interests, servicing rights and fee arrangements, and any other variable interests in the VIE. If the Company determines that it is the party with the power to make the most significant decisions affecting the VIE, and the Company has a potentially significant interest in the VIE, then it consolidates the VIE.

The Company performs periodic reassessments, usually quarterly, of whether it is the primary beneficiary of a VIE. The reassessment process considers whether the Company has acquired or divested the power to direct the activities of the VIE through changes in governing documents or other circumstances. The Company also reconsiders whether entities previously determined not to be VIEs have become VIEs, based on certain events, and therefore are subject to the VIE consolidation framework.

As of the date of this report, the VIE consolidated by the Company is its securitization VIE formed in conjunction with the issuance of the Asset-Backed Notes (as defined herein) (See Note 4).

### ***Reclassification***

Certain balances from prior years have been reclassified in order to conform to the current year presentation.

### ***Valuation of Investments***

The most significant estimate inherent in the preparation of the Company's consolidated financial statements is the valuation of investments and the related amounts of unrealized appreciation and depreciation of investments recorded.

At December 31, 2015, approximately 90.0% of the Company's total assets represented investments in portfolio companies whose fair value is determined in good faith by the Board of Directors. Value, as defined in Section 2(a)(41) of the 1940 Act, is (i) the market price for those securities for which a market quotation is readily available and (ii) for all other securities and assets, fair value is as determined in good faith by the Board.

---

**Table of Contents****Index to Financial Statements**

of Directors. The Company's investments are carried at fair value in accordance with the 1940 Act and ASC 946 and measured in accordance with ASC 820. The Company's debt securities are primarily invested in venture capital-backed companies in technology-related industries including technology, drug discovery and development, biotechnology, life sciences, healthcare, and sustainable and renewable technology at all stages of development. Given the nature of lending to these types of businesses, substantially all of the Company's investments in these portfolio companies are considered Level 3 assets under ASC 820 because there is no known or accessible market or market indexes for these investment securities to be traded or exchanged. As such, the Company values substantially all of its investments at fair value as determined in good faith pursuant to a consistent valuation policy by the Company's Board of Directors in accordance with the provisions of ASC 820 and the 1940 Act. Due to the inherent uncertainty in determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments determined in good faith by its Board of Directors may differ significantly from the value that would have been used had a readily available market existed for such investments, and the differences could be material.

The Company may from time to time engage an independent valuation firm to provide the Company with valuation assistance with respect to certain portfolio investments on a quarterly basis. The Company engages independent valuation firms on a discretionary basis. Specifically, on a quarterly basis, the Company will identify portfolio investments with respect to which an independent valuation firm will assist in valuing. The Company selects these portfolio investments based on a number of factors, including, but not limited to, the potential for material fluctuations in valuation results, credit quality and the time lapse since the last valuation of the portfolio investment by an independent valuation firm.

The Company intends to continue to engage an independent valuation firm to provide management with assistance regarding the Company's determination of the fair value of selected portfolio investments each quarter unless directed by the Board of Directors to cancel such valuation services. The scope of services rendered by an independent valuation firm is at the discretion of the Board of Directors. The Company's Board of Directors is ultimately and solely responsible for determining the fair value of the Company's investments in good faith.

With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, the Company's Board of Directors has approved a multi-step valuation process each quarter, as described below:

- (1) the Company's quarterly valuation process begins with each portfolio company being initially valued by the investment professionals responsible for the portfolio investment;
- (2) preliminary valuation conclusions are then documented and business based assumptions are discussed with the Company's investment committee;
- (3) the Audit Committee of the Board of Directors reviews the preliminary valuation of the investments in the portfolio as provided by the investment committee which incorporates the results of the independent valuation firm as appropriate; and
- (4) the Board of Directors, upon the recommendation of the Audit Committee, discusses valuations and determines the fair value of each investment in the Company's portfolio in good faith based on the input of, where applicable, the respective independent valuation firm and the investment committee.

ASC 820 establishes a framework for measuring the fair value of assets and liabilities and outlines a fair value hierarchy which prioritizes the inputs used to measure fair value and the effect of fair value measures on earnings. ASC 820 also requires disclosure for fair value measurements based on the level within the hierarchy of the information used in the valuation. ASC 820 applies whenever other standards require (or permit) assets or liabilities to be measured at fair value. ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company has categorized all investments recorded at fair value in accordance with ASC 820 based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels,

**Table of Contents****Index to Financial Statements**

defined by ASC 820 and directly related to the amount of subjectivity associated with the inputs to fair valuation of these assets and liabilities, are as follows:

Level 1 Inputs are unadjusted, quoted prices in active markets for identical assets at the measurement date. The types of assets carried at Level 1 fair value generally are equities listed in active markets.

Level 2 Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset in connection with market data at the measurement date and for the extent of the instrument's anticipated life. Fair valued assets that are generally included in this category are publicly held debt investments and warrants held in a public company.

Level 3 Inputs reflect management's best estimate of what market participants would use in pricing the asset at the measurement date. It includes prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. Generally, assets carried at fair value and included in this category are the debt investments and warrants and equities held in a private company.

Investments measured at fair value on a recurring basis are categorized in the tables below based upon the lowest level of significant input to the valuations as of December 31, 2015 and as of December 31, 2014. The Company transfers investments in and out of Level 1, 2 and 3 securities as of the beginning balance sheet date, based on changes in the use of observable and unobservable inputs utilized to perform the valuation for the period. During the year ended December 31, 2015, there were no transfers between Levels 1 or 2.

(in thousands)	Balance December 31, 2015	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Description</b>				
Senior Secured Debt	\$ 1,110,209	\$	\$ 7,813	\$ 1,102,396
Preferred Stock	35,245			35,245

<b>Total</b>	<b>\$ 888,356</b>	<b>\$ (928)</b>	<b>\$ (8,355)</b>	<b>\$ 631,289</b>	<b>\$ (4,195)</b>	<b>\$ (497,258)</b>	<b>\$ 2,007</b>	<b>\$ (6,152)</b>	<b>\$ 1,004,764</b>

(1) Included in net realized gains or losses in the accompanying Consolidated Statement of Operations.

(2) Included in change in net unrealized appreciation (depreciation) in the accompanying Consolidated Statement of Operations.

(3) Transfers out of Level 3 during the year ended December 31, 2015 relate to the initial public offerings of Box, Inc, ZP Opco, Inc. (p.k.a. Zosano Pharma, Inc), Neos Therapeutics, Edge Therapeutics Inc., ViewRay, Inc., and Cerecor, Inc. in addition to the exercise of warrants in both Forescout, Inc. and Atrenta, Inc. to preferred stock. Transfers into Level 3 during the year ended December 31, 2015 relate to the acquisition of preferred stock as a result of the exercise of warrants in both Forescout, Inc. and Atrenta, Inc and the conversion of debt to equity in Home Dialysis Plus and Gynesonics.

(4) Transfers in/out of Level 3 during the year ended December 31, 2014 relate to the conversion of Paratek Pharmaceuticals, Inc., SCI Energy, Inc., Oraya Therapeutics, Inc., and Neuralstem, Inc. debt to equity, the exercise of warrants in Box, Inc and WildTangent, Inc. to equity, the conversion of warrants in Glori Energy, Inc. to equity in the company's reverse public merger, the public merger of Paratek Pharmaceuticals, Inc. with Transcept Pharmaceuticals, Inc. and the initial public offerings of Concert Pharmaceuticals, Inc., Dicerna Pharmaceuticals, Inc., Everyday Health, Inc., Neothetics, Inc., Revance Therapeutics, Inc., and UniQure BV.

(5) Amounts listed above are inclusive of loan origination fees received at the inception of the loan which are deferred and amortized into fee income as well as the accretion of existing loan discounts and fees during the period.

(6) Amounts listed above include the acceleration and payment of loan discounts and loan fees due to early payoffs or restructures.

For the year ended December 31, 2015, approximately \$179,000 in net unrealized depreciation and \$745,000 in net unrealized appreciation was recorded for preferred stock and common stock Level 3 investments, respectively, relating to assets still held at the reporting date. For the same period, approximately \$13.7 million and \$5.9 million in net unrealized depreciation was recorded for debt and warrant Level 3 investments, respectively, relating to assets still held at the reporting date.

For the year ended December 31, 2014, approximately \$15.0 million and \$555,000 in net unrealized appreciation was recorded for preferred stock and common stock Level 3 investments, respectively, relating to assets still held at the reporting date. For the same period, approximately

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

\$14.2 million and \$2.8 million in net unrealized depreciation was recorded for debt and warrant Level 3 investments, respectively, relating to assets still held at the reporting date.

The following tables provide quantitative information about the Company's Level 3 fair value measurements of the Company's investments as of December 31, 2015 and December 31, 2014. In addition to the techniques and inputs noted in the table below, according to the Company's valuation policy the Company may also use other valuation techniques and methodologies when determining the Company's fair value measurements. The below table is not intended to be all-inclusive, but rather provide information on the significant Level 3 inputs as they relate to the Company's fair value measurements.

F-45

**Table of Contents****Index to Financial Statements**

The significant unobservable input used in the fair value measurement of the Company's escrow receivables is the amount recoverable at the contractual maturity date of the escrow receivable.

Investment Type - Level Three	Fair Value at December 31, 2015 (in thousands)	Valuation Techniques/ Methodologies	Unobservable Input <sup>(a)</sup> Range	Weighted Average <sup>(b)</sup>

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

- (a) The significant unobservable inputs used in the fair value measurement of the Company's debt securities are hypothetical market yields and premiums/(discounts). The hypothetical market yield is defined as the exit price of an investment in a hypothetical market to hypothetical market participants where buyers and sellers are willing participants. The premiums (discounts) relate to company specific characteristics such as underlying investment performance, security liens, and other characteristics of the investment. Significant increases (decreases) in the inputs in isolation may result in a significantly lower (higher) fair value measurement, depending on the materiality of the investment. Debt investments in the industries noted in the Company's Consolidated Schedule of Investments are included in the industries note above as follows:

Pharmaceuticals, above, is comprised of debt investments in the Specialty Pharmaceuticals, Drug Discovery and Development and Drug Delivery industries in the Consolidated Schedule of Investments.

Technology, above, is comprised of debt investments in the Software, Semiconductors, Internet Consumer and Business Services, Consumer and Business Products, Information Services, and Communications and Networking industries in the Consolidated Schedule of Investments.

Sustainable and Renewable Technology, above, aligns with the Sustainable and Renewable Technology Industry in the Consolidated Schedule of Investments.

Medical Devices, above, is comprised of debt investments in the Surgical Devices and Medical Devices and Equipment industries in the Consolidated Schedule of Investments.

Lower Middle Market, above, is comprised of debt investments in the Communications and Networking, Electronics and Computer Hardware, Healthcare Services - Other, Information Services, Internet Consumer and Business Services, Media/Content/Info, and Specialty Pharmaceuticals industries in the Consolidated Schedule of Investments.

- (b) The weighted averages are calculated based on the fair market value of each investment.
- (c) The significant unobservable input used in the fair value measurement of impaired debt securities is the probability weighting of alternative outcomes.
- (d) Imminent payoffs represent debt investments that the Company expects to be fully repaid within the next three months, prior to their scheduled maturity date.

**Table of Contents****Index to Financial Statements**

			Estimated Time to Exit (in months)	10 - 44	20
<b>Total Level Three Warrant</b>					
<b>and Equity Investments</b>	<b>\$55,337</b>				

(a) The significant unobservable inputs used in the fair value measurement of the Company's warrant and equity-related securities are revenue and/or EBITDA multiples and discounts for lack of marketability. Additional inputs used in the Black Scholes option pricing model (OPM) include industry volatility, risk free interest rate and estimated time to exit. Significant increases (decreases) in the inputs in isolation may result in a significantly higher (lower) fair value measurement, depending on the materiality of the investment. For some investments, additional consideration may be given to data from the last round of financing or merger/acquisition events near the measurement date.

(b) Represents amounts used when the Company has determined that market participants would use such multiples when pricing the investments.

(c) Represents amounts used when the Company has determined market participants would take into account these discounts when pricing the investments.

(d) Represents the range of industry volatility used by market participants when pricing the investment.

(e) Weighted averages are calculated based on the fair market value of each investment.

<b>Total Level Three Warrant and Equity Investments</b>	<b>\$80,858</b>			

(a) The significant unobservable inputs used in the fair value measurement of the Company's warrant and equity-related securities are revenue and/or EBITDA multiples and discounts for lack of marketability. Additional inputs used in the Black Scholes option pricing model (OPM) include industry volatility, risk free interest rate and estimated time to exit. Significant increases (decreases) in the inputs in isolation may result in a significantly higher (lower) fair value measurement, depending on the materiality of the investment. For some investments, additional consideration may be given to data from the last round of financing or merger/acquisition events near the measurement date.

(b) Represents amounts used when the Company has determined that market participants would use such multiples when pricing the investments.

(c) Represents amounts used when the Company has determined market participants would take into account these discounts when pricing the investments.

(d) Represents the range of industry volatility used by market participants when pricing the investment.

(e) Weighted averages are calculated based on the fair market value of each investment.

**Debt Investments**

The Company follows the guidance set forth in ASC 820 which establishes a framework for measuring the fair value of assets and liabilities and outlines a fair value hierarchy which prioritizes the inputs used to measure fair value and the effect of fair value measures on earnings. The Company's debt securities are primarily invested in venture capital-backed companies in technology-related industries including technology, drug discovery and development, biotechnology, life sciences, healthcare, and sustainable and renewable technology at all stages of development. Given the nature of lending to these types of businesses, substantially all of the Company's investments in these portfolio companies are considered Level 3 assets under ASC 820 because there is no known or accessible market or market indexes for debt instruments for these investment securities to be traded or exchanged. In addition, the Company may, from time to time, invest in public debt of companies that meet the Company's investment objectives. These investments are considered Level 2 assets.

## Table of Contents

### Index to Financial Statements

The Company applies a procedure for debt investments that assumes the sale of each investment in a hypothetical market to a hypothetical market participant where buyers and sellers are willing participants. The hypothetical market does not include scenarios where the underlying security was simply repaid or extinguished, but includes an exit concept. The Company determines the yield at inception for each debt investment. The Company then uses senior secured, leveraged loan yields provided by third party providers to determine the change in market yields between inception of the debt security and the measurement date. Industry specific indices and other relevant market data are used to benchmark/assess market based movements.

Under this process, the Company also evaluates the collateral for recoverability of the debt investments. The Company considers each portfolio company's credit rating, security liens and other characteristics of the investment to adjust the baseline yield to derive a credit adjusted hypothetical yield for each investment as of the measurement date. The anticipated future cash flows from each investment are then discounted at the hypothetical yield to estimate each investment's fair value as of the measurement date.

The Company's process includes, among other things, the underlying investment performance, the current portfolio company's financial condition and market changing events that impact valuation, estimated remaining life, current market yield and interest rate spreads of similar securities as of the measurement date. The Company values its syndicated debt investments using broker quotes and bond indices amongst other factors. If there is a significant deterioration of the credit quality of a debt investment, the Company may consider other factors to estimate fair value, including the proceeds that would be received in a liquidation analysis.

The Company records unrealized depreciation on investments when it believes that an investment has decreased in value, including where collection of a debt investment is doubtful or, if under the in-exchange premise, when the value of a debt security is less than amortized cost of the investment. Conversely, where appropriate, the Company records unrealized appreciation if it believes that the underlying portfolio company has appreciated in value and, therefore, that its investment has also appreciated in value or, if under the in-exchange premise, the value of a debt security is greater than amortized cost.

When originating a debt instrument, the Company generally receives warrants or other equity-related securities from the borrower. The Company determines the cost basis of the warrants or other equity-related securities received based upon their respective fair values on the date of receipt in proportion to the total fair value of the debt and warrants or other equity-related securities received. Any resulting discount on the debt investments from recordation of the warrant or other equity instruments is accreted into interest income over the life of the debt investment.

Debt investments that are traded on a public exchange will be valued at the prevailing market price at period end.

### Equity-Related Securities and Warrants

Securities that are traded in the over-the-counter markets or on a stock exchange will be valued at the prevailing bid price at period end. The Company has a limited amount of equity securities in public companies. In accordance with the 1940 Act, unrestricted publicly traded securities for which market quotations are readily available are valued at the closing market quote on the measurement date.

The Company estimates the fair value of warrants using a Black Scholes OPM. At each reporting date, privately held warrant and equity-related securities are valued based on an analysis of various factors including, but not limited to, the portfolio company's operating performance and financial condition and general market conditions, price to enterprise value or price to equity ratios, discounted cash flow, valuation comparisons to comparable public companies or other industry benchmarks. When an external event occurs, such as a purchase transaction, public offering, or subsequent equity sale, the pricing indicated by that external event is utilized to corroborate the Company's valuation of the warrant and equity-related securities. The Company periodically

**Table of Contents****Index to Financial Statements**

reviews the valuation of its portfolio companies that have not been involved in a qualifying external event to determine if the enterprise value of the portfolio company may have increased or decreased since the last valuation measurement date.

***Portfolio Composition***

As required by the 1940 Act, the Company classifies its investments by level of control. Control investments are defined in the 1940 Act as investments in those companies that the Company is deemed to control. Generally, under the 1940 Act, the Company is deemed to control a company in which it has invested if it owns 25% or more of the voting securities of such company or has greater than 50% representation on its board. Affiliate investments are investments in those companies that are affiliated companies of the Company, as defined in the 1940 Act, which are not control investments. The Company is deemed to be an affiliate of a company in which it has invested if it owns 5% or more but less than 25% of the voting securities of such company. Non-control/non-affiliate investments are investments that are neither control investments nor affiliate investments.

The following table summarizes the Company's realized and unrealized gain and loss and changes in the Company's unrealized appreciation and depreciation on affiliate investments for the years ended December 31, 2015, 2014, and 2013. The Company did not hold any Control investments at December 31, 2015, 2014 or 2013.

F-52

---

**Table of Contents****Index to Financial Statements*****Portfolio Activity***

During the year ended December 31, 2015, the Company funded investments in debt securities and equity investments totaling approximately \$694.1 million and \$18.6 million, respectively. During the year ended December 31, 2015, the Company converted approximately \$566,000 of debt to equity in two portfolio companies. During the year ended December 31, 2015, the Company converted approximately \$330,000 of warrants to equity in three portfolio companies.

During the year ended December 31, 2014, the Company funded investments in debt securities and equity investments totaling approximately \$611.0 million and \$10.3 million, respectively. The Company converted approximately \$2.2 million of debt to equity in four portfolio companies in the year ended December 31, 2014.

During the year ended December 31, 2015, the Company recognized net realized gains of approximately \$5.1 million on the portfolio. These net realized gains included gross realized gains of approximately \$12.6 million primarily from the sale of investments in seven portfolio companies, including Box, Inc. (\$3.2 million), Atrenta, Inc. (\$2.6 million), Cempra, Inc. (\$2.0 million), Celladon Corporation (\$1.4 million), Egalet Corporation (\$652,000), Everyday Health, Inc. (\$387,000) and Identiv, Inc. (\$304,000), and \$1.5 million from subsequent recoveries received on two previously written-off debt investments. These gains were partially offset by gross realized losses of approximately \$7.5 million primarily from the liquidation or write off of the Company's investments in sixteen portfolio companies.

During the year ended December 31, 2014, the Company recognized net realized gains of approximately \$20.1 million on the portfolio. These net realized gains included gross realized gains of approximately \$24.0 million primarily from the sale of investments in seven portfolio companies including Acceleron Pharma, Inc., (\$7.9 million), Merrimack Pharmaceuticals, Inc., (\$4.3 million), Neuralstem, Inc., (\$2.7 million), IPA Holdings, LLC., (\$1.5 million), Cell Therapeutics, Inc., (\$1.3 million), Trulia, Inc. (\$1.0 million), and Portola Pharmaceuticals, Inc. (\$700,000). These gains were partially offset by gross realized losses of approximately \$3.9 million primarily from the liquidation of the Company's investments in fifteen portfolio companies.

***Investment Collateral***

In the majority of cases, the Company collateralizes its investments by obtaining a first priority security interest in a portfolio company's assets, which may include its intellectual property. In other cases, the Company may obtain a negative pledge covering a company's intellectual property. At December 31, 2015, approximately 39.7% of the Company's portfolio company debt investments were secured by a first priority security interest in all of the assets of the portfolio company, including their intellectual property, 49.7% of the Company's portfolio company debt investments were to portfolio companies that were prohibited from pledging or encumbering their intellectual property, or subject to a negative pledge, 7.9% of the Company's portfolio company debt investments were secured by a second priority security interest in all of the portfolio company's assets, other than intellectual property and 2.7% of the Company's portfolio company debt investments were subordinated secured by all of the portfolio company's assets, including intellectual property. At December 31, 2015 the Company had no equipment only liens on any of the Company's portfolio companies.

***Income Recognition***

The Company records interest income on an accrual basis and recognizes it as earned in accordance with the contractual terms of the loan agreement, to the extent that such amounts are expected to be collected. OID initially represents the value of detachable equity warrants obtained in conjunction with the acquisition of debt securities and is accreted into interest income over the term of the loan as a yield enhancement. When a loan becomes 90 days or more past due, or if management otherwise does not expect that principal, interest, and other obligations due will be collected in full, management will generally place the loan on non-accrual status and cease recognizing interest income on that loan until all principal and interest due has been paid or management

---

**Table of Contents****Index to Financial Statements**

believes the portfolio company has demonstrated the ability to repay the Company's current and future contractual obligations. Any uncollected interest related to prior periods is reversed from income in the period that collection of the interest receivable is determined to be doubtful. However, the Company may make exceptions to this policy if the investment has sufficient collateral value and is in the process of collection.

At December 31, 2015, the Company had five debt investments on non-accrual with a cumulative investment cost and fair value of approximately \$47.4 million and \$23.2 million, respectively, compared to four debt investments on non-accrual at December 31, 2014 with a cumulative investment cost and fair value of approximately \$28.9 million and \$10.6 million, respectively. In addition, at December 31, 2015, the Company had one debt investment with an investment cost and fair value of approximately \$20.1 million and \$14.9 million, respectively, for which only the PIK interest is on non-accrual. The increase in the cumulative cost and fair value of debt investments on non-accrual between December 31, 2015 and December 31, 2014 is the result of placing three new debt investments on non-accrual status during the period, offset by the liquidation of two debt investments that were on non-accrual at December 31, 2014. During the year ended December 31, 2015, the Company recognized a realized loss of approximately \$180,000 on the write off of one debt investment that was on non-accrual at December 31, 2014. In addition, the Company recognized a realized loss of \$1.2 million on the partial write off of one debt investment that is on non-accrual as of December 31, 2015.

In certain investment transactions, the Company may provide advisory services. For services that are separately identifiable and external evidence exists to substantiate fair value, income is recognized as earned, which is generally when the investment transaction closes. The Company had no income from advisory services in the years ended December 31, 2015 and December 31, 2014.

***Paid-In-Kind and End of Term Income***

Contractual PIK interest, which represents contractually deferred interest added to the loan balance that is generally due at the end of the loan term, is generally recorded on the accrual basis to the extent such amounts are expected to be collected. The Company will generally cease accruing PIK interest if there is insufficient value to support the accrual or management does not expect the portfolio company to be able to pay all principal and interest due. The Company recorded approximately \$4.7 million and \$3.3 million in PIK income in the years ended December 31, 2015 and 2014, respectively.

In addition, the Company may also be entitled to an end-of-term payment that is amortized into income over the life of the loan. Loan exit fees to be paid at the termination of the loan are accreted into interest income over the contractual life of the loan. At December 31, 2015, the Company had approximately \$22.7 million in exit fees receivable, of which approximately \$17.4 million was included as an offset to the cost basis of our current debt investments and approximately \$5.3 million was deferred related to expired commitments. At December 31, 2014 the Company had approximately \$19.3 million in exit fees receivable, of which approximately \$8.4 million was included as an offset to the cost basis of our current debt investments and approximately \$10.9 million was related to expired commitments.

To maintain the Company's status as a RIC, PIK and end-of-term income must be paid out to stockholders in the form of dividends even though the cash has not yet been collected. Amounts necessary to pay these dividends may come from available cash or the liquidation of certain investments.

***Fee Income***

Fee income, generally collected in advance, includes loan commitment and facility fees for due diligence and structuring, as well as fees for transaction services and management services rendered by us to portfolio companies and other third parties. Loan and commitment fees are amortized into income over the contractual life of the loan. Management fees are generally recognized as income when the services are rendered. Loan origination fees are capitalized and then amortized into interest income using the effective interest rate method.

**Table of Contents****Index to Financial Statements**

In certain loan arrangements, warrants or other equity interests are received from the borrower as additional origination fees. The Company had approximately \$26.1 million of unamortized fees at December 31, 2015, of which approximately \$23.6 million was included as an offset to the cost basis of our current debt investments and approximately \$2.5 million was deferred contingent upon the occurrence of a funding or milestone. At December 31, 2014 the Company had approximately \$21.9 million of unamortized fees, of which approximately \$17.4 million was included as an offset to the cost basis of our current debt investments and approximately \$4.5 million was deferred contingent upon the occurrence of a funding or milestone.

The Company recognizes nonrecurring fees amortized over the remaining term of the loan commencing in the quarter relating to specific loan modifications. Certain fees may still be recognized as one-time fees, including prepayment penalties, fees related to select covenant default waiver fees and acceleration of previously deferred loan fees and OID related to early loan pay-off or material modification of the specific debt outstanding.

***Equity Offering Expenses***

The Company's offering costs are charged against the proceeds from equity offerings when received.

***Debt Issuance Costs***

Debt issuance costs are fees and other direct incremental costs incurred by the Company in obtaining debt financing. Debt issuance costs are recognized as prepaid expenses and amortized over the life of the related debt instrument using the straight line method, which closely approximates the effective yield method. Prepaid financing costs, net of accumulated amortization, were as follows as of December 31, 2015 and December 31, 2014.

<b>(in thousands)</b>	<b>December 31, 2015</b>	<b>December 31, 2014</b>
SBA Debentures	\$ 3,371	\$ 4,038
2019 Notes	2,185	4,352
2024 Notes	2,872	3,205
2017 Asset-Backed Notes		506
2021 Asset-Backed Notes	2,305	3,207
Convertible Senior Notes	44	175
Wells Facility	669	794
Union Bank Facility	229	156
<b>Total</b>	<b>\$ 11,675</b>	<b>\$ 16,433</b>

***Cash and Cash Equivalents***

Cash and cash equivalents consists solely of funds deposited with financial institutions and short-term liquid investments in money market deposit accounts. Cash and cash equivalents are carried at cost, which approximates fair value.

***Other Assets***

Other Assets generally consists of prepaid expenses, deferred financing costs net of accumulated amortization, fixed assets net of accumulated depreciation, deferred revenues and deposits and other assets, including escrow receivable. The escrow receivable balance as of December 31, 2015 was approximately \$3.0 million and was fair valued and held in accordance with ASC 820.

***Stock Based Compensation***

The Company has issued and may, from time to time, issue additional stock options and restricted stock to employees under the Company's 2004 Equity Incentive Plan and Board members under the Company's 2006

---

**Table of Contents**

**Index to Financial Statements**

Equity Incentive Plan. Management follows the guidelines set forth under ASC Topic 718, formally known as FAS 123R *Share-Based Payments* to account for stock options granted. Under ASC Topic 718, compensation expense associated with stock-based compensation is measured at the grant date based on the fair value of the award and is recognized over the vesting period. Determining the appropriate fair value model and calculating the fair value of stock-based awards at the grant date requires judgment, including estimating stock price volatility, forfeiture rate and expected option life.

***Income Taxes***

The Company operates to qualify to be taxed as a RIC under the Code. Generally, a RIC is entitled to deduct dividends it pays to its shareholders in determining taxable income. Taxable income includes the Company's taxable interest, dividend and fee income, reduced by deductible expenses, as well as taxable net capital gains. Taxable income generally differs from net income for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized appreciation or depreciation, as gains or losses are not included in taxable income until they are realized.

As a RIC, the Company will be subject to a 4% nondeductible U.S. federal excise tax on certain undistributed income unless the Company distributes dividends in a timely manner to its stockholders in respect of each calendar year of an amount at least equal to the sum of (1) 98% of the Company's ordinary income (taking into account certain deferrals and elections) for each calendar year, (2) 98.2% of the Company's capital gain net income (adjusted for certain ordinary losses) for the 1-year period ending October 31 of each such calendar year and (3) any ordinary income and capital gain net income realized, but not distributed, in preceding years (the *Excise Tax Avoidance Requirements*). The Company will not be subject to excise taxes on amounts on which the Company is required to pay corporate income tax (such as retained net capital gains).

Depending on the level of taxable income earned in a taxable year, the Company may choose to carry over taxable income in excess of current taxable year distributions from such taxable income into the next taxable year and pay a 4% excise tax on such taxable income, as required. The maximum amount of excess taxable income that may be carried over for distribution in the next taxable year under the Code is the total amount of dividends paid in the following taxable year, subject to certain declaration and payment guidelines. To the extent the Company chooses to carry over taxable income into the next taxable year, dividends declared and paid by the Company in a taxable year may differ from taxable income for that taxable year as such dividends may include the distribution of current taxable year taxable income, the distribution of prior taxable year taxable income carried over into and distributed in the current taxable year, or returns of capital.

The Company intends to distribute approximately \$8.2 million of spillover earnings from ordinary income for the taxable year ended December 31, 2015 to the Company's shareholders in 2016. The Company distributed 100% of its spillover from long term capital gains for the taxable year ended December 31, 2014 to the Company's shareholders in 2015.

Because federal income tax regulations differ from accounting principles generally accepted in the United States, distributions in accordance with tax regulations may differ from net investment income and net realized securities gains recognized for financial reporting purposes. Differences may be permanent or temporary. Permanent differences are reclassified among capital accounts in the financial statements to reflect their appropriate tax character. Permanent differences may also result from the classification of certain items, such as the treatment of short-term gains as ordinary income for tax purposes. Temporary differences arise when certain items of income, expense, gain or loss are recognized at some time in the future.

***Earnings Per Share ( EPS )***

Basic EPS is calculated by dividing net earnings applicable to common shareholders by the weighted average number of common shares outstanding. Common shares outstanding includes common stock and

## **Table of Contents**

### **Index to Financial Statements**

restricted stock for which no future service is required as a condition to the delivery of the underlying common stock. Diluted EPS includes the determinants of basic EPS and, in addition, reflects the dilutive effect of the common stock deliverable pursuant to stock options and to restricted stock for which future service is required as a condition to the delivery of the underlying common stock.

### ***Comprehensive Income***

The Company reports all changes in comprehensive income in the Consolidated Statement of Operations. Comprehensive income is equal to net increase in net assets resulting from operations.

### ***Dividends***

Dividends and distributions to common stockholders are approved by the Board of Directors on a quarterly basis and the dividend payable is recorded on the ex-dividend date.

The Company maintains an opt out dividend reinvestment plan that provides for reinvestment of the Company's distribution on behalf of the Company's stockholders, unless a stockholder elects to receive cash. As a result, if the Company's Board of Directors authorizes, and the Company declares a cash dividend, then the Company's stockholders who have not opted out of the Company's dividend reinvestment plan will have their cash dividend automatically reinvested in additional shares of the Company's common stock, rather than receiving the cash dividends. During 2015, 2014, and 2013, the Company issued approximately 199,894, 96,976, and 159,000 shares, respectively, of common stock to shareholders in connection with the dividend reinvestment plan.

### ***Segments***

The Company lends to and invests in portfolio companies in various technology-related industries, including technology, drug discovery and development, biotechnology, life sciences, healthcare, and sustainable and renewable technology at all stages of development. The Company separately evaluates the performance of each of its lending and investment relationships. However, because each of these loan and investment relationships has similar business and economic characteristics, they have been aggregated into a single lending and investment segment.

### ***Recent Accounting Pronouncements***

In February 2015, the FASB issued Accounting Standards Update (ASU) 2015-02, Consolidation (Topic 810) Amendments to the Consolidation Analysis. The new guidance applies to entities in all industries and provides a new scope exception to registered money market funds and similar unregistered money market funds. It makes targeted amendments to the current consolidation guidance and ends the deferral granted to investment companies from applying the VIE guidance. The Company currently consolidates all VIEs of which it is the primary beneficiary, thus the Company does not anticipate a material impact from adopting this standard on its financial statements. ASU 2015-02 is effective for public business entities for annual reporting periods beginning after December 15, 2015.

In April 2015, the FASB issued ASU 2015-03, Simplifying the Presentation of Debt Issuance Costs, which requires debt issuance costs to be presented in the balance sheet as a direct deduction from the associated debt liability and in August 2015, the FASB issued ASU 2015-15 Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements, which clarifies the application of ASU 2015-03 to debt issuance costs associated with line-of-credit arrangements and allows presentation of debt issuance costs on these instruments as assets that are amortized over the term of the instrument. Adoption of these standards will result in the presentation of the Company's SBA Debentures, 2019 Notes, 2024 Notes, 2021 Asset-Backed Notes, and Convertible Senior Notes net of the associated debt issuance costs for each instrument in the liabilities section on the Consolidated Statement of Assets and Liabilities. There will be no changes to the

**Table of Contents****Index to Financial Statements**

accounting or presentation of the Wells Facility as debt issuance costs are amortized over the term of the line of credit. ASU 2015-03 and ASU 2015-15 are effective for interim and annual reporting periods in fiscal years that begin after December 15, 2015.

**3. Fair Value of Financial Instruments**

Fair value estimates are made at discrete points in time based on relevant information. These estimates may be subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. The Company believes that the carrying amounts of its financial instruments, consisting of cash and cash equivalents, receivables including escrow receivables, accounts payable and accrued liabilities, approximate the fair values of such items due to the short maturity of such instruments. The Convertible Senior Notes, the April 2019 Notes, the September 2019 Notes (together with the April 2019 Notes, the 2019 Notes ), the 2024 Notes, 2021 Asset-Backed Notes, and the SBA debentures, as each term is defined herein, as sources of liquidity remain a strategic advantage due to their flexible structure, long-term duration, and low fixed interest rates. At December 31, 2015, the April 2019 Notes were trading on the New York Stock Exchange ( NYSE ) for \$25.42 per share at par value, the September 2019 Notes were trading on the NYSE for \$25.23 per share at par value and the 2024 Notes were trading on the NYSE for \$25.34 per share at par value. The par value at underwriting for each of these notes was \$25.00 per share. Based on market quotations on or around December 31, 2015, the Convertible Senior Notes were quoted for 1.110 per dollar at par value and the 2021 Asset-Backed Notes were quoted for 0.996 per dollar at par value. Calculated based on the net present value of payments over the term of the notes using estimated market rates for similar notes and remaining terms, the fair value of the SBA debentures would be approximately \$194.1 million, compared to the carrying amount of \$190.2 million as of December 31, 2015. The fair value of the outstanding borrowings under the Wells Facility at December 31, 2015 is equal to its transaction price as the Company renegotiated the terms of the agreement with Wells Fargo Capital Finance, LLC in December 2015.

See the accompanying Consolidated Schedule of Investments for the fair value of the Company's investments. The methodology for the determination of the fair value of the Company's investments is discussed in Note 2.

The liabilities of the Company are recorded at amortized cost and not at fair value on the Consolidated Statement of Assets and Liabilities. The following tables provide additional information about the fair value and level in the fair value hierarchy of the Company's liabilities at December 31, 2015 and December 31, 2014.

**Table of Contents****Index to Financial Statements****4. Borrowings***Outstanding Borrowings*

At December 31, 2015 and December 31, 2014, the Company had the following available borrowings and outstanding borrowings:

(in thousands)	December 31, 2015		December 31, 2014	
	Total Available	Carrying Value <sup>(1)</sup>	Total Available	Carrying Value <sup>(1)</sup>
SBA Debentures <sup>(2)</sup>	\$ 190,200	\$ 190,200	\$ 190,200	\$ 190,200
2019 Notes	110,364	110,364	170,364	170,364
2024 Notes	103,000	103,000	103,000	103,000
2017 Asset-Backed Notes			16,049	16,049
2021 Asset-Backed Notes	129,300	129,300	129,300	129,300
Convertible Senior Notes <sup>(3)</sup>	17,604	17,522	17,674	17,345
Wells Facility <sup>(4)</sup>	75,000	50,000	75,000	
Union Bank Facility <sup>(4)</sup>	75,000		75,000	
<b>Total</b>	<b>\$ 700,468</b>	<b>\$ 600,386</b>	<b>\$ 776,587</b>	<b>\$ 626,258</b>

(1) Except for the Convertible Senior Notes, all carrying values are the same as the principal amount outstanding.

(2) At both December 31, 2015 and December 31, 2014, the total available borrowings under the SBA debentures were \$190.2 million, of which \$41.2 million was available in HT II and \$149.0 million was available in HT III.

(3) During the year ended December 31, 2015, holders of approximately \$70,000 of the Company's Convertible Senior Notes exercised their conversion rights. The balance at December 31, 2015 represents the remaining aggregate principal amount outstanding of the Convertible Senior Notes less the remaining unaccreted discount initially recorded upon issuance of the Convertible Senior Notes. The total remaining unaccreted discount for the Convertible Senior Notes was approximately \$82,000 at December 31, 2015 and \$329,000 at December 31, 2014.

(4) Availability subject to the Company meeting the borrowing base requirements.

*Long-Term SBA Debentures*

On September 27, 2006, HT II received a license to operate as a SBIC under the SBIC program and is able to borrow funds from the SBA against eligible investments and additional contributions to regulatory capital. Under the Small Business Investment Company Act and current SBA policy applicable to SBICs, a SBIC can have outstanding at any time SBA guaranteed debentures up to twice the amount of its regulatory capital. With the Company's net investment of \$44.0 million in HT II as of December 31, 2015, HT II has the capacity to issue a total of \$41.2 million of SBA guaranteed debentures, subject to SBA approval, of which \$41.2 million was outstanding as of December 31, 2015. As of December 31, 2015, HT II has paid the SBA commitment fees and facility fees of approximately \$1.5 million and \$3.6 million, respectively. As of December 31, 2015, the Company held investments in HT II in 32 companies with a fair value of approximately \$79.5 million, accounting for approximately 6.6% of the Company's total portfolio. HT II held approximately \$128.3 million in assets and accounted for approximately 7.6% of the Company's total assets prior to consolidation at December 31, 2015.

On May 26, 2010, HT III received a license to operate as a SBIC under the SBIC program and is able to borrow funds from the SBA against eligible investments and additional contributions to regulatory capital. With the Company's net investment of \$74.5 million in HT III as of December 31, 2015, HT III has the capacity to issue a total of \$149.0 million of SBA guaranteed debentures, subject to SBA approval, of which \$149.0 million was outstanding as of December 31, 2015. As of December 31, 2015, HT III has paid the SBA commitment fees and facility fees of approximately \$1.5 million and \$3.6 million, respectively. As of December 31, 2015, the Company held investments in HT III in 44 companies with a fair value of approximately \$255.9 million, accounting for approximately 21.3% of the Company's total portfolio. HT III held approximately \$310.8 million in assets and accounted for approximately 18.5% of the Company's total assets prior to consolidation at December 31, 2015.

**Table of Contents****Index to Financial Statements**

SBICs are designed to stimulate the flow of private equity capital to eligible small businesses. Under present SBA regulations, eligible small businesses include businesses that have a tangible net worth not exceeding \$19.5 million and have average annual fully taxed net income not exceeding \$6.5 million for the two most recent fiscal years. In addition, SBICs must devote 25.0% of its investment activity to smaller enterprises as defined by the SBA. A smaller enterprise is one that has a tangible net worth not exceeding \$6.0 million and has average annual fully taxed net income not exceeding \$2.0 million for the two most recent fiscal years. SBA regulations also provide alternative size standard criteria to determine eligibility, which depend on the industry in which the business is engaged and are based on such factors as the number of employees and gross sales. According to SBA regulations, SBICs may make long-term loans to small businesses, invest in the equity securities of such businesses and provide them with consulting and advisory services. Through the Company's wholly-owned subsidiaries HT II and HT III, the Company plans to provide long-term loans to qualifying small businesses, and in connection therewith, make equity investments.

HT II and HT III are periodically examined and audited by the SBA's staff to determine their compliance with SBA regulations. If HT II or HT III fails to comply with applicable SBA regulations, the SBA could, depending on the severity of the violation, limit or prohibit HT II's or HT III's use of debentures, declare outstanding debentures immediately due and payable, and/or limit HT II or HT III from making new investments. In addition, HT II or HT III may also be limited in their ability to make distributions to the Company if they do not have sufficient capital in accordance with SBA regulations. Such actions by the SBA would, in turn, negatively affect the Company because HT II and HT III are the Company's wholly owned subsidiaries. HT II and HT III were in compliance with the terms of the SBIC's leverage as of December 31, 2015 as a result of having sufficient capital as defined under the SBA regulations.

The rates of borrowings under various draws from the SBA beginning in March 2009 are set semiannually in March and September and range from 2.25% to 4.62% excluding annual fees. Interest payments on SBA debentures are payable semiannually. There are no principal payments required on these issues prior to maturity and no prepayment penalties. Debentures under the SBA generally mature ten years after being borrowed. Based on the initial draw down date of March 2009, the initial maturity of SBA debentures will occur in March 2019. In addition, the SBA charges a fee that is set annually, depending on the Federal fiscal year the leverage commitment was delegated by the SBA, regardless of the date that the leverage was drawn by the SBIC. The annual fees related to HT II debentures that pooled on September 22, 2010 were 0.406% and 0.285%, depending upon the year in which the underlying commitment was closed. The annual fees on other debentures have been set at 0.906%. The annual fees related to HT III debentures that pooled on March 27, 2013 were 0.804%. The annual fees on other debentures have been set at 0.515%. The rates of borrowings on the Company's SBA debentures range from 3.05% to 5.53% when including these annual fees.

The average amount of debentures outstanding for the year ended December 31, 2015 for HT II was approximately \$41.2 million with an average interest rate of approximately 4.52%. The average amount of debentures outstanding for the year ended December 31, 2015 for HT III was approximately \$149.0 million with an average interest rate of approximately 3.43%.

For the years ended December 31, 2015 and 2014, the components of interest expense and related fees and cash paid for interest expense for the SBA debentures are as follows:

(in thousands)	Year Ended December 31,	
	2015	2014
Interest expense	\$ 6,969	\$ 7,328
Amortization of debt issuance cost (loan fees)	667	1,036
<b>Total interest expense and fees</b>	<b>\$ 7,636</b>	<b>\$ 8,364</b>
Cash paid for interest expense and fees	\$ 6,942	\$ 8,042

As of December 31, 2015, the maximum statutory limit on the dollar amount of combined outstanding SBA guaranteed debentures is \$350.0 million, subject to periodic adjustments by the SBA. In aggregate, at

**Table of Contents****Index to Financial Statements**

December 31, 2015, with the Company's net investment of \$118.5 million, HT II and HT III have the capacity to issue a total of \$190.2 million of SBA-guaranteed debentures, subject to SBA approval. At December 31, 2015, the Company has issued \$190.2 million in SBA-guaranteed debentures in the Company's SBIC subsidiaries.

The Company reported the following SBA debentures outstanding on its Consolidated Statement of Assets and Liabilities as of December 31, 2015 and December 31, 2014:

(in thousands) Issuance/Pooling Date	Maturity Date	Interest Rate <sup>(1)</sup>	December 31, 2015	December 31, 2014
<b>SBA Debentures:</b>				
March 25, 2009	March 1, 2019	5.53%	\$ 18,400	\$ 18,400
September 23, 2009	September 1, 2019	4.64%	3,400	3,400
September 22, 2010	September 1, 2020	3.62%	6,500	6,500
September 22, 2010	September 1, 2020	3.50%	22,900	22,900
March 29, 2011	March 1, 2021	4.37%	28,750	28,750
September 21, 2011	September 1, 2021	3.16%	25,000	25,000
March 21, 2012	March 1, 2022	3.28%	25,000	25,000

September 19, 2012	September 1, 2022	3.05%	24,250	24,250
March 27, 2013	March 1, 2023	3.16%	24,750	24,750
<b>Total SBA Debentures</b>			<b>\$ 190,200</b>	<b>\$ 190,200</b>

(1) Interest rate includes annual charge

*2019 Notes*

On March 6, 2012, the Company and U.S. Bank National Association (the 2019 Trustee) entered into an indenture (the Base Indenture). On April 17, 2012, the Company and the 2019 Trustee entered into the First Supplemental Indenture to the Base Indenture (the First Supplemental Indenture), dated April 17, 2012, relating to the Company's issuance, offer and sale of \$43.0 million aggregate principal amount of 7.00% notes due 2019 (the April 2019 Notes). The sale of the April 2019 Notes generated net proceeds, before expenses, of approximately \$41.7 million.

In July 2012, the Company reopened the Company's April 2019 Notes and issued an additional \$41.5 million in aggregate principal amount of April 2019 Notes, which included the exercise of an over-allotment option, bringing the total amount of the April 2019 Notes issued to approximately \$84.5 million in aggregate principal amount.

On September 24, 2012, the Company and the 2019 Trustee, entered into the Second Supplemental Indenture to the Base Indenture (the Second Supplemental Indenture), dated as of September 24, 2012, relating to the Company's issuance, offer and sale of \$75.0 million aggregate principal amount of 7.00% notes due 2019 (the September 2019 Notes). The sale of the September 2019 Notes generated net proceeds, before expenses, of approximately \$72.75 million.

In October 2012, the underwriters exercised their over-allotment option for an additional \$10.9 million of the September 2019 Notes, bringing the total amount of the September 2019 Notes issued to approximately \$85.9 million in aggregate principal outstanding.

In April 2015, the Company redeemed \$20.0 million of the \$84.5 million issued and outstanding aggregate principal amount of April 2019 Notes, as previously approved by the Board of Directors. In December 2015, the Company redeemed \$40.0 million of the \$85.9 million issued and outstanding aggregate principal amount of September 2019 Notes, as previously approved by the Board of Directors.

**Table of Contents****Index to Financial Statements**

As of December 31, 2015 and December 31, 2014, the 2019 Notes payable is comprised of:

(in thousands)	December 31, 2015	December 31, 2014
April 2019 Notes	\$ 64,490	\$ 84,490
September 2019 Notes	45,874	85,874
<b>Carrying Value of 2019 Notes</b>	<b>\$ 110,364</b>	<b>\$ 170,364</b>

*April 2019 Notes*

The April 2019 Notes will mature on April 30, 2019 and may be redeemed in whole or in part at the Company's option at any time or from time to time on or after April 30, 2015, upon not less than 30 days nor more than 60 days written notice by mail prior to the date fixed for redemption thereof, at a redemption price of 100% of the outstanding principal amount thereof plus accrued and unpaid interest payments otherwise payable for the then-current quarterly interest period accrued to but not including the date fixed for redemption. The April 2019 Notes bear interest at a rate of 7.00% per year payable quarterly on January 30, April 30, July 30 and October 30 of each year, commencing on July 30, 2012, and trade on the NYSE under the trading symbol HTGZ.

The April 2019 Notes are the Company's direct unsecured obligations and rank: (i) *pari passu* with the Company's other outstanding and future senior unsecured indebtedness; (ii) senior to any of the Company's future indebtedness that expressly provides it is subordinated to the April 2019 Notes; (iii) effectively subordinated to all the Company's existing and future secured indebtedness (including indebtedness that is initially unsecured to which the Company subsequently grant security), to the extent of the value of the assets securing such indebtedness; (iv) structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries.

The Base Indenture, as supplemented by the First Supplemental Indenture, contains certain covenants including covenants requiring the Company's compliance with (regardless of whether it is subject to) the asset coverage requirements set forth in Section 18 (a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act to comply with the restrictions on dividends, distributions and purchase of capital stock set forth in Section 18(a)(1)(B) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act and to provide financial information to the holders of the April 2019 Notes and the 2019 Trustee if the Company should no longer be subject to the reporting requirements under the Securities Exchange Act of 1934, as amended (the Exchange Act). These covenants are subject to important limitations and exceptions that are described in the Base Indenture, as supplemented by the First Supplemental Indenture. The Base Indenture provides for customary events of default and further provides that the 2019 Trustee or the holders of 25% in aggregate principal amount of the outstanding April 2019 Notes in a series may declare such April 2019 Notes immediately due and payable upon the occurrence of any event of default after expiration of any applicable grace period.

The April 2019 Notes were sold pursuant to an underwriting agreement dated April 11, 2012 among the Company and Stifel, Nicolaus & Company, Incorporated, as representative of the several underwriters named in the underwriting agreement.

*September 2019 Notes*

The September 2019 Notes will mature on September 30, 2019 and may be redeemed in whole or in part at the Company's option at any time or from time to time on or after September 30, 2015, upon not less than 30 days nor more than 60 days written notice by mail prior to the date fixed for redemption thereof, at a redemption price of 100% of the outstanding principal amount thereof plus accrued and unpaid interest payments otherwise payable for the then-current quarterly interest period accrued to but not including the date fixed for redemption. The September 2019 Notes bear interest at a rate of 7.00% per year payable quarterly on March 30, June 30, September 30 and December 30 of each year, commencing on December 30, 2012, and trade on the NYSE under the trading symbol HTGY.

**Table of Contents****Index to Financial Statements**

The September 2019 Notes are the Company's direct unsecured obligations and rank: (i) *pari passu* with the Company's other outstanding and future senior unsecured indebtedness; (ii) senior to any of the Company's future indebtedness that expressly provides it is subordinated to the September 2019 Notes; (iii) effectively subordinated to all the Company's existing and future secured indebtedness (including indebtedness that is initially unsecured to which the Company subsequently grants security), to the extent of the value of the assets securing such indebtedness; (iv) structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries.

The Base Indenture, as supplemented by the Second Supplemental Indenture, contains certain covenants including covenants requiring the Company to comply with (regardless of whether it is subject to) the asset coverage requirements set forth in Section 18 (a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act to comply with the restrictions on dividends, distributions and purchase of capital stock set forth in Section 18(a)(1)(B) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act and to provide financial information to the holders of the September 2019 Notes and the 2019 Trustee if the Company should no longer be subject to the reporting requirements under the Exchange Act. These covenants are subject to important limitations and exceptions that are described in the Base Indenture, as supplemented by the Second Supplemental Indenture. The Base Indenture provides for customary events of default and further provides that the 2019 Trustee or the holders of 25% in aggregate principal amount of the outstanding September 2019 Notes in a series may declare such September 2019 Notes immediately due and payable upon the occurrence of any event of default after expiration of any applicable grace period.

The September 2019 Notes were sold pursuant to an underwriting agreement dated September 19, 2012 among the Company and Stifel, Nicolaus & Company, Incorporated, as representative of the several underwriters named in the underwriting agreement.

For the years ended December 31, 2015 and 2014, the components of interest expense and related fees and cash paid for interest expense for the 2019 Notes are as follows:

(in thousands)	Year Ended December 31,	
	2015	2014
Interest expense	\$ 10,899	\$ 11,926
Amortization of debt issuance cost (loan fees)	2,167	967
<b>Total interest expense and fees</b>	<b>\$ 13,066</b>	<b>\$ 12,893</b>
Cash paid for interest expense and fees	\$ 11,132	\$ 11,926

As of December 31, 2015, the Company was in compliance with the terms of the Base Indenture, and respective supplemental indentures thereto, governing the April 2019 Notes and September 2019 Notes.

*2024 Notes*

On July 14, 2014, the Company and U.S. Bank, N.A. (the 2024 Trustee), entered into the Third Supplemental Indenture (the Third Supplemental Indenture) to the Base Indenture between the Company and the 2024 Trustee, dated July 14, 2014, relating to the Company's issuance, offer and sale of \$100.0 million aggregate principal amount of 2024 Notes. On August 6, 2014, the underwriters issued notification to exercise their over-allotment option for an additional \$3.0 million in aggregate principal amount of the 2024 Notes. The sale of the 2024 Notes generated net proceeds of approximately \$99.9 million.

The 2024 Notes will mature on July 30, 2024 and may be redeemed in whole or in part at the Company's option at any time or from time to time on or after July 30, 2017, upon not less than 30 days nor more than 60 days written notice by mail prior to the date fixed for redemption thereof, at a redemption price of 100% of the outstanding principal amount thereof plus accrued and unpaid interest payments otherwise payable for the then-current quarterly interest period accrued to but not including the date fixed for redemption. The 2024 Notes bear

**Table of Contents****Index to Financial Statements**

interest at a rate of 6.25% per year payable quarterly on January 30, April 30, July 30 and October 30 of each year, commencing on July 30, 2014, and trade on the NYSE under the trading symbol HTGX.

The 2024 Notes are the Company's direct unsecured obligations and rank: (i) *pari passu* with the Company's other outstanding and future senior unsecured indebtedness; (ii) senior to any of the Company's future indebtedness that expressly provides it is subordinated to the 2024 Notes; (iii) effectively subordinated to all the Company's existing and future secured indebtedness (including indebtedness that is initially unsecured to which the Company subsequently grants security), to the extent of the value of the assets securing such indebtedness; (iv) structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries.

The Base Indenture, as supplemented by the Third Supplemental Indenture, contains certain covenants including covenants requiring the Company to comply with (regardless of whether it is subject to) the asset coverage requirements set forth in Section 18 (a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act and to comply with the restrictions on dividends, distributions and purchase of capital stock set forth in Section 18(a)(1)(B) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act. These covenants are subject to important limitations and exceptions that are described in the Base Indenture, as supplemented by the Third Supplemental Indenture. The Base Indenture, as supplemented by the Third Supplemental Indenture, also contains certain reporting requirements, including a requirement that the Company provide financial information to the holders of the 2024 Notes and the 2024 Trustee if the Company should no longer be subject to the reporting requirements under the Exchange Act. The Base Indenture provides for customary events of default and further provides that the 2024 Trustee or the holders of 25% in aggregate principal amount of the outstanding 2024 Notes in a series may declare such 2024 Notes immediately due and payable upon the occurrence of any event of default after expiration of any applicable grace period. As of December 31, 2015, the Company was in compliance with the terms of the Base Indenture as supplemented by the Third Supplemental Indenture.

At both December 31, 2015 and December 31, 2014, the 2024 Notes had an outstanding principal balance of \$103.0 million.

For the years ended December 31, 2015 and 2014, the components of interest expense and related fees and cash paid for interest expense for the 2024 Notes are as follows:

(in thousands)	Year Ended December 31,	
	2015	2014
Interest expense	\$ 6,437	\$ 2,955
Amortization of debt issuance cost (loan fees)	333	153
<b>Total interest expense and fees</b>	<b>\$ 6,770</b>	<b>\$ 3,108</b>
Cash paid for interest expense and fees	\$ 6,437	\$ 1,887

*2017 Asset-Backed Notes*

On December 19, 2012, the Company completed a \$230.7 million term debt securitization in connection with which an affiliate of the Company made an offer of \$129.3 million in aggregate principal amount of fixed-rate asset-backed notes (the 2017 Asset-Backed Notes), which were rated A2(sf) by Moody's Investors Service, Inc. The 2017 Asset-Backed Notes were sold by Hercules Capital Funding Trust 2012-1 pursuant to a note purchase agreement, dated as of December 12, 2012, by and among the Company, Hercules Capital Funding 2012-1, LLC as trust depositor (the 2012 Trust Depositor), Hercules Capital Funding Trust 2012-1 as issuer (the 2012 Securitization Issuer), and Guggenheim Securities, LLC, as initial purchaser, and were backed by a pool of senior loans made to certain of the Company's portfolio companies and secured by certain assets of those portfolio companies and serviced by the Company.

As part of this transaction, the Company entered into a sale and contribution agreement with the 2012 Trust Depositor under which the Company has agreed to sell or have contributed to the 2012 Trust Depositor certain

**Table of Contents****Index to Financial Statements**

senior loans made to certain of the Company's portfolio companies (the 2012 Loans). The Company made customary representations, warranties and covenants in the sale and contribution agreement with respect to the 2012 Loans as of the date of their transfer to the 2012 Trust Depositor.

At December 31, 2014, the 2017 Asset-Backed Notes had an outstanding principal balance of \$16.0 million. In February 2015, changes in the payment schedule of obligors in the 2017 Asset-Backed Notes collateral pool triggered a rapid amortization event in accordance with the sale and servicing agreement for the 2017 Asset-Backed Notes. Due to this event, the 2017 Asset-Backed Notes were fully repaid as of April 16, 2015.

Interest on the 2017 Asset-Backed Notes was paid, to the extent of funds available, at a fixed rate of 3.32% per annum. For the years ended December 31, 2015 and 2014, the components of interest expense and related fees and cash paid for interest expense for the 2017 Asset-Backed Notes are as follows:

(in thousands)	Year Ended December 31,	
	2015	2014
Interest expense	\$ 141	\$ 1,628
Amortization of debt issuance cost (loan fees)	506	2,180
<b>Total interest expense and fees</b>	<b>\$ 647</b>	<b>\$ 3,808</b>

Cash paid for interest expense and fees	\$	\$
---	----	----

Under the terms of the 2017 Asset Backed Notes, the Company is required to maintain a reserve cash balance, funded through interest and principal collections from the underlying securitized debt portfolio, which may be used to pay monthly interest and principal payments on the 2017 Asset-Backed Notes. The Company segregated these funds and classified them as restricted cash. There was approximately \$1.2 million of restricted cash as of December 31, 2014, funded through interest collections. As the 2017 Asset-Backed Notes were fully repaid as of April 16, 2015 there were no funds segregated as restricted cash related to the 2017 Asset-Backed Notes at December 31, 2015.

*2021 Asset-Backed Notes*

On November 13, 2014, the Company completed a \$237.4 million term debt securitization in connection with which an affiliate of the Company made an offer of \$129.3 million in aggregate principal amount of fixed-rate asset-backed notes (the 2021 Asset-Backed Notes), which were rated A(sf) by Kroll Bond Rating Agency, Inc. (KBRA). The 2021 Asset-Backed Notes were sold by Hercules Capital Funding Trust 2014-1 pursuant to a note purchase agreement, dated as of November 13, 2014, by and among the Company, Hercules Capital Funding 2014-1, LLC as trust depositor (the 2014 Trust Depositor), Hercules Capital Funding Trust 2014-1 as issuer (the 2014 Securitization Issuer), and Guggenheim Securities, LLC, as initial purchaser, and are backed by a pool of senior loans made to certain of the Company's portfolio companies and secured by certain assets of those portfolio companies and are to be serviced by the Company. The securitization has an 18-month reinvestment period during which time principal collections may be reinvested into additional eligible loans. Interest on the 2021 Asset-Backed Notes will be paid, to the extent of funds available, at a fixed rate of 3.524% per annum. The 2021 Asset-Backed Notes have a stated maturity of April 16, 2021.

As part of this transaction, the Company entered into a sale and contribution agreement with the 2014 Trust Depositor under which the Company has agreed to sell or have contributed to the 2014 Trust Depositor certain senior loans made to certain of the Company's portfolio companies (the 2014 Loans). The Company has made customary representations, warranties and covenants in the sale and contribution agreement with respect to the 2014 Loans as of the date of their transfer to the 2014 Trust Depositor.

In connection with the issuance and sale of the 2021 Asset-Backed Notes, the Company has made customary representations, warranties and covenants in the note purchase agreement. The 2021 Asset-Backed Notes are secured obligations of the 2014 Securitization Issuer and are non-recourse to the Company. The 2014

**Table of Contents****Index to Financial Statements**

Securitization Issuer also entered into an indenture governing the 2021 Asset-Backed Notes, which includes customary representations, warranties and covenants. The 2021 Asset-Backed Notes were sold without being registered under the Securities Act (A) in the United States to qualified institutional buyers as defined in Rule 144A under the Securities Act and to institutional accredited investors (as defined in Rules 501(A)(1), (2), (3) or (7) under the Securities Act) who in each case, are qualified purchasers as defined in Sec. 2(a)(51) of the 1940 Act and pursuant to an exemption under the Securities Act and (B) to non-U.S. purchasers acquiring interest in the 2021 Asset-Backed Notes outside the United States in accordance with Regulation S under the Securities Act. The 2014 Securitization Issuer is not registered under the 1940 Act in reliance on an exemption provide by Section 3(c)(7) thereof and Rule 3a-7 thereunder. In addition, the 2014 Trust Depositor entered into an amended and restated trust agreement in respect of the 2014 Securitization Issuer, which includes customary representation, warranties and covenants.

The 2014 Loans are serviced by the Company pursuant to a sale and servicing agreement, which contains customary representations, warranties and covenants. The Company performs certain servicing and administrative functions with respect to the 2014 Loans. The Company is entitled to receive a monthly fee from the 2014 Securitization Issuer for servicing the 2014 Loans. This servicing fee is equal to the product of one-twelfth (or in the case of the first payment date, a fraction equal to the number of days from and including October 5, 2014 through and including December 5, 2014 over 360) of 2.00% and the aggregate outstanding principal balance of the 2014 Loans plus collections on deposit in the 2014 Securitization Issuer's collections account, as of the first day of the related collection period (the period from the 5th day of the immediately preceding calendar month through the 4th day of the calendar month in which a payment date occurs, and for the first payment date, the period from and including October 5, 2014, to the close of business on December 5, 2014).

The Company also serves as administrator to the 2014 Securitization Issuer under an administration agreement, which includes customary representations, warranties and covenants.

At both December 31, 2015 and December 31, 2014, the 2021 Asset-Backed Notes had an outstanding principal balance of \$129.3 million.

For the years ended December 31, 2015 and 2014, the components of interest expense and related fees and cash paid for interest expense for the 2021 Asset-Backed Notes are as follows:

(in thousands)	Year Ended December 31,	
	2015	2014
Interest expense	\$ 4,557	\$ 608
Amortization of debt issuance cost (loan fees)	902	117
<b>Total interest expense and fees</b>	<b>\$ 5,459</b>	<b>\$ 725</b>

Cash paid for interest expense and fees	\$ 4,557	\$ 418
---	----------	--------

Under the terms of the 2021 Asset-Backed Notes, the Company is required to maintain a reserve cash balance, funded through interest and principal collections from the underlying securitized debt portfolio, which may be used to pay monthly interest and principal payments on the 2021 Asset-Backed Notes. The Company has segregated these funds and classified them as restricted cash. There was approximately \$9.2 million and \$11.5 million of restricted cash as of December 31, 2015 and December 31, 2014, respectively, funded through interest collections.

***Convertible Senior Notes***

In April 2011, the Company issued \$75.0 million in aggregate principal amount of 6.00% convertible senior notes due 2016 (the Convertible Senior Notes). During the year ended December 31, 2015, holders of approximately \$70,000 of the Company's Convertible Senior Notes exercised their conversion rights. As of

---

**Table of Contents****Index to Financial Statements**

December 31, 2015, the carrying value of the Convertible Senior Notes, comprised of the aggregate principal amount outstanding less the remaining unaccreted discount initially recorded upon issuance of the Convertible Senior Notes, is approximately \$17.5 million.

The Convertible Senior Notes mature on April 15, 2016, unless previously converted or repurchased in accordance with their terms. The Convertible Senior Notes bear interest at a rate of 6.00% per year payable semiannually in arrears on April 15 and October 15 of each year, commencing on October 15, 2011. The Convertible Senior Notes are the Company's senior unsecured obligations and rank senior in right of payment to the Company's existing and future indebtedness that is expressly subordinated in right of payment to the Convertible Senior Notes; equal in right of payment to the Company's existing and future unsecured indebtedness that is not so subordinated; effectively junior in right of payment to any of the Company's secured indebtedness (including unsecured indebtedness that the Company later secures) to the extent of the value of the assets securing such indebtedness; and structurally junior to all existing and future indebtedness (including trade payables) incurred by the Company's subsidiaries, financing vehicles or similar facilities.

Prior to the close of business on the business day immediately preceding October 15, 2015, holders could convert their Convertible Senior Notes only under certain circumstances set forth in the indenture governing the Convertible Senior Notes. On or after October 15, 2015, until the close of business on the scheduled trading day immediately preceding the maturity date, holders may convert their Convertible Senior Notes at any time. Upon conversion, the Company will pay or deliver, as the case may be, at the Company's election, cash, shares of the Company's common stock or a combination of cash and shares of the Company's common stock. The conversion rate was initially 84.0972 shares of common stock per \$1,000 principal amount of Convertible Senior Notes (equivalent to an initial conversion price of approximately \$11.89 per share of common stock). The conversion rate is subject to adjustment in some events but will not be adjusted for any accrued and unpaid interest. In addition, if certain corporate events occur prior to the maturity date, the conversion rate is increased for converting holders. As of December 31, 2015, the conversion rate was 90.6580 shares of common stock per \$1,000 principal amount of Convertible Senior Notes (equivalent to an adjusted conversion price of approximately \$11.03 per share of common stock).

The Company may not redeem the Convertible Senior Notes prior to maturity. No sinking fund is provided for the Convertible Senior Notes. In addition, if certain corporate events occur, holders of the Convertible Senior Notes may require the Company to repurchase for cash all or part of their Convertible Senior Notes at a repurchase price equal to 100% of the principal amount of the Convertible Senior Notes to be repurchased, plus accrued and unpaid interest through, but excluding, the required repurchase date.

The Convertible Senior Notes are accounted for in accordance with ASC Subtopic 470-20 (previously FASB Staff Position No. APB 14-1, Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement)). In accounting for the Convertible Senior Notes, the Company estimated at the time of issuance that the values of the debt and the embedded conversion feature of the Convertible Senior Notes were approximately 92.8% and 7.2%, respectively. The original issue discount of 7.2% attributable to the conversion feature of the Convertible Senior Notes was recorded in capital in excess of par value in the Consolidated Statement of Assets and Liabilities. As a result, the Company records interest expense comprised of both stated interest expense as well as accretion of the original issue discount resulting in an estimated effective interest rate of approximately 8.1%.

Upon meeting the stock trading price conversion requirement as set forth in the indenture governing the Convertible Senior Notes, dated April 15, 2011, between the Company and U.S. Bank National Association, during the three months ended June 30, 2014, September 30, 2014 and December 31, 2014, the Convertible Senior Notes became convertible on July 1, 2014 and continued to be convertible during each of the three months ended September 30, 2014, December 31, 2014 and March 31, 2015, respectively. During this period and as of December 31, 2015, approximately \$57.4 million of the Convertible Senior Notes were converted and were settled with a combination of cash equal to the outstanding principal amount of the Convertible Senior Notes and

**Table of Contents****Index to Financial Statements**

approximately 1.5 million shares of the Company's common stock, or \$24.3 million. By not meeting the stock trading price conversion requirement during the three months ended March 31, 2015, June 30, 2015, or September 30, 2015 the Convertible Senior Notes were not convertible for the period between April 1, 2015 and October 14, 2015. On or after October 15, 2015 until the close of business on the scheduled trading day immediately preceding the maturity date, holders may convert their Convertible Senior Notes at any time as described above.

The Company recorded a loss on extinguishment of debt for the proportionate amount of unamortized debt issuance costs and original issue discount on Notes converted during the period. The loss was partially offset by a gain in the amount of the difference between the outstanding principal balance of the converted notes and the fair value of the debt instrument. The net loss on extinguishment of debt the Company recorded for the years ended December 31, 2015 and 2014 was approximately \$1,000 and \$1.6 million, respectively. The loss on extinguishment of debt was classified as a component of net investment income in the Company's Consolidated Statement of Operations.

As of December 31, 2015 and December 31, 2014, the components of the carrying value of the Convertible Senior Notes were as follows:

(in thousands)	December 31, 2015	December 31, 2014
Principal amount of debt	\$ 17,604	\$ 17,674
Original issue discount, net of accretion	(82)	(329)
Carrying value of Convertible Senior Debt	\$ 17,522	\$ 17,345

For the years ended December 31, 2015 and 2014, the components of interest expense, fees and cash paid for interest expense for the Convertible Senior Notes were as follows:

(in thousands)	Year Ended December 31,	
	2015	2014
Interest expense	\$ 1,007	\$ 2,753
Accretion of original issue discount	246	843
Amortization of debt issuance cost (loan fees)	131	450
<b>Total interest expense and fees</b>	<b>\$ 1,384</b>	<b>\$ 4,046</b>
Cash paid for interest expense and fees	\$ 1,057	\$ 3,465

The estimated effective interest rate of the debt component of the Convertible Senior Notes, equal to the stated interest of 6.0% plus the accretion of the original issue discount, was approximately 8.1% for the years ended December 31, 2015 and December 31, 2014. Interest expense decreased by approximately \$1.7 million during the year ended December 31, 2015 from the year ended December 31, 2014, due to Convertible Senior Notes settled in the period. As of December 31, 2015, the Company is in compliance with the terms of the indentures governing the Convertible Senior Notes.

*Wells Facility*

On June 29, 2015, the Company, through a special purpose wholly-owned subsidiary, Hercules Funding II LLC ( Hercules Funding II ), entered into an Amended and Restated Loan and Security Agreement (the Wells Facility ) with Wells Fargo Capital Finance, LLC, as a lender and as the arranger and the administrative agent, and the lenders party thereto from time to time. The Wells Facility amends, restates, and otherwise replaces the Loan and Security Agreement, which was originally entered into on August 25, 2008, with Wells Fargo Capital Finance, LLC, and had been amended from time to time. The Wells Facility was amended and restated to, among other things, consolidate prior amendments and update certain provisions to reflect current operations and personnel of the Company and Hercules Funding II. Many other terms and provisions of the Wells Facility remain the same or substantially similar to the terms and provisions of the original Wells Facility.

**Table of Contents****Index to Financial Statements**

On December 16, 2015, the Company entered into an amendment to the Wells Facility that extended the revolving credit availability period and maturity date of the facility. As amended, the revolving credit availability period ends on August 1, 2018 and the Wells Facility matures on August 2, 2019, unless terminated sooner in accordance with its terms.

Under the Wells Facility, Wells Fargo Capital Finance, LLC has made commitments of \$75.0 million. The Wells Facility contains an accordion feature, in which the Company can increase the credit line up to an aggregate of \$300.0 million, funded by additional lenders and with the agreement of Wells Fargo and subject to other customary conditions. The Company expects to continue discussions with various other potential lenders to join the facility; however, there can be no assurances that additional lenders will join the Wells Facility. Borrowings under the Wells Facility generally bear interest at a rate per annum equal to LIBOR plus 3.25%, and the Wells Facility has an advance rate of 50% against eligible debt investments. The Wells Facility is secured by all of the assets of Hercules Funding II. The Wells Facility requires payment of a non-use fee on a scale of 0.0% to 0.50% depending on the average monthly outstanding balance under the facility relative to the maximum amount of commitments at such time. For the years ended December 31, 2015 and 2014, this non-use fee was approximately \$294,000 and \$380,000, respectively.

The Wells Facility also includes various financial and other covenants applicable to the Company and the Company's subsidiaries, in addition to those applicable to Hercules Funding II, including covenants relating to certain changes of control of the Company and Hercules Funding II. Among other things, these covenants also require the Company to maintain certain financial ratios, including a maximum debt to worth ratio, minimum interest coverage ratio, minimum portfolio funding liquidity, and a minimum tangible net worth in an amount, when added to outstanding subordinated indebtedness, that is in excess of \$500.0 million plus 90% of the cumulative amount of equity raised after June 30, 2014. As of December 31, 2015, the minimum tangible net worth covenant has increased to \$590.4 million as a result of the March 2015 follow-on public offering of 7.6 million shares of common stock for total net proceeds of approximately \$100.1 million. The Wells Facility provides for customary events of default, including, without limitation, with respect to payment defaults, breach of representations and covenants, certain key person provisions, cross acceleration provisions to certain other debt, lien and judgment limitations, and bankruptcy.

On June 20, 2011 the Company paid \$1.1 million in structuring fees in connection with the original Wells Facility. In connection with an amendment to the original Wells Facility in August 2014, the Company paid an additional \$750,000 in structuring fees and in connection with the amendment in December 2015, the Company paid an additional \$188,000 in structuring fees. These fees are being amortized through the end of the term of the Wells Facility.

The Company had aggregate draws of \$138.7 million on the available facility during the year ended December 31, 2015 offset by repayments of \$88.7 million. At December 31, 2015 there was \$50.0 million of borrowings outstanding on this facility. At December 31, 2014 there were no borrowings outstanding on this facility.

For the years ended December 31, 2015 and 2014, the components of interest expense and related fees and cash paid for interest expense for the Wells Facility are as follows:

(in thousands)	Year Ended December 31,	
	2015	2014
Interest expense	\$ 578	\$
Amortization of debt issuance cost (loan fees)	361	198
<b>Total interest expense and fees</b>	<b>\$ 939</b>	<b>\$ 198</b>
Cash paid for interest expense and fees	\$ 402	\$

---

**Table of Contents****Index to Financial Statements***Union Bank Facility*

The Company has a \$75.0 million revolving senior secured credit facility (the *Union Bank Facility*) with MUFG Union Bank, N.A. (*MUFG Union Bank*). The Company originally entered into the Union Bank Facility on February 10, 2010 but, following several amendments, amended and restated the Union Bank Facility on August 14, 2014. The amendment and restatement extends the maturity date of the Union Bank Facility to August 1, 2017, increases the size of the Union Bank Facility to \$75.0 million from \$30.0 million, and adjusts the interest rate for LIBOR borrowings under the Union Bank Facility. The Company further amended the Union Bank Facility in November 2015 but the amendment did not result in any material changes to the facility.

LIBOR-based borrowings by the Company under the Union Bank Facility will bear interest at a rate per annum equal to LIBOR plus 2.25% with no floor, whereas previously the Company paid a per annum interest rate on such borrowings equal to LIBOR plus 2.50% with a floor of 4.00%. Other borrowings by the Company under the Union Bank Facility, which are based on a reference rate instead of LIBOR, will continue to bear interest at a rate per annum equal to the reference rate (which is the greater of the federal funds rate plus 1.00% and a periodically announced MUFG Union Bank index rate) plus the greater of (i) 4.00% minus the reference rate and (ii) 1.00%. The Company continues to have the option of determining which type of borrowing to request under the Union Bank Facility. Subject to certain conditions, the amendment also removes a previous ceiling on the amount of certain unsecured indebtedness that the Company may incur.

The Union Bank Facility contains an accordion feature, pursuant to which the Company may increase the size of the Union Bank Facility to an aggregate principal amount of \$300.0 million by bringing in additional lenders, subject to the approval of MUFG Union Bank and other customary conditions. There can be no assurances that additional lenders will join the Union Bank Facility to increase available borrowings.

The Union Bank Facility requires the payment of a non-use fee of 0.50% annually. For the years ended December 31, 2015 and 2014, this non-use fee was approximately \$380,000 and \$240,000, respectively. The amount that the Company may borrow under the Union Bank Facility is determined by applying an advance rate to eligible loans. The Union Bank Facility generally requires payment of monthly interest on loans based on a reference rate and at the end of a one, two, or three-month period, as applicable, for loans based on LIBOR. All outstanding principal is due upon maturity.

The Union Bank Facility is collateralized by debt investments in the Company's portfolio companies, and includes an advance rate equal to 50.0% of eligible debt investments placed in the collateral pool.

The Company has various financial and operating covenants required by the Union Bank Facility. These covenants require, among other things, that the Company maintain certain financial ratios, including liquidity, asset coverage, and debt service coverage, and a minimum tangible net worth in an amount, when added to outstanding subordinated indebtedness, that is in excess of \$550.0 million plus 90% of the amount of net cash proceeds received from the sale of common stock after June 30, 2014. As of December 31, 2015, the minimum tangible net worth covenant has increased to \$640.1 million as a result of the March 2015 follow-on public offering of 7.6 million shares of common stock for total net proceeds of approximately \$100.1 million. The Union Bank Facility provides for customary events of default, including, but not limited to, payment defaults, breach of representations or covenants, bankruptcy events and change of control.

At December 31, 2015 there were no borrowings outstanding on the Union Bank Facility.

*Citibank Credit Facility*

The Company, through Hercules Funding Trust I, an affiliated statutory trust, had a securitized credit facility (the *Citibank Credit Facility*) with Citigroup Global Markets Realty Corp. (*Citigroup*), which expired under normal terms. During the first quarter of 2009, the Company paid off all principal and interest owed under

**Table of Contents**

**Index to Financial Statements**

the Citibank Credit Facility. Citigroup has an equity participation right through a warrant participation agreement on the pool of debt investments and warrants collateralized under the Citibank Credit Facility. Pursuant to the warrant participation agreement, the Company granted to Citigroup a 10% participation in all warrants held as collateral. However, no additional warrants were included in collateral subsequent to the facility amendment on May 2, 2007. As a result, Citigroup is entitled to 10% of the realized gains on the warrants until the realized gains paid to Citigroup pursuant to the agreement equal \$3,750,000 (the Maximum Participation Limit). The obligations under the warrant participation agreement continue even after the Citibank Credit Facility is terminated until the Maximum Participation Limit has been reached.

During the year ended December 31, 2015, the Company reduced its realized gain by approximately \$143,000 for Citigroup's participation in the realized gain from the acquisition proceeds the Company received on equity exercised from warrants that were included in the collateral pool. The Company recorded an increase in participation liability and a decrease in unrealized appreciation by a net amount of approximately \$11,000 primarily due to appreciation of fair value on the pool of warrants collateralized under the warrant participation agreement offset by the acquisition proceeds the Company received on its Atrenta, Inc. equity investment. The remaining value of their participation right on unrealized gains in the related equity investments is approximately \$111,000 as of December 31, 2015 and is included in accrued liabilities. There can be no assurances that the unrealized appreciation of the warrants will not be higher or lower in future periods due to fluctuations in the value of the warrants, thereby increasing or reducing the effect on the cost of borrowing. Since inception of the agreement, the Company has paid Citigroup approximately \$2.2 million under the warrant participation agreement thereby reducing realized gains by this amount. The Company will continue to pay Citigroup under the warrant participation agreement until the Maximum Participation Limit is reached or the warrants expire. Warrants subject to the Citigroup participation agreement are set to expire between February 2016 and January 2017.

**5. Income Taxes**

The Company intends to operate so as to qualify to be taxed as a RIC under Subchapter M of the Code and, as such, will not be subject to federal income tax on the portion of taxable income and gains distributed to stockholders.

To qualify and be subject to tax as a RIC, the Company is required to meet certain income and asset diversification tests in addition to distributing dividends of an amount at least equal 90% of its investment company taxable income, as defined by the Code and determined without regard to any deduction for dividends paid, to its stockholders. We, among other things, have made and intend to continue to make the requisite distributions to our stockholders, which will generally relieve us from U.S. federal income taxes. However, depending on the level of taxable income earned in a taxable year, we may choose to carry forward taxable income in excess of current taxable year dividend distributions into the next taxable year and pay a 4% excise tax on such taxable income, as required. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current taxable year distributions, we will accrue excise tax, if any, on estimated excess taxable income as taxable income is earned.

**Table of Contents****Index to Financial Statements**

Because federal income tax regulations differ from accounting principles generally accepted in the United States, distributions in accordance with tax regulations may differ from net investment income and realized gains recognized for financial reporting purposes. Differences may be permanent or temporary in nature. Permanent differences are reclassified among capital accounts in the financial statements to reflect their appropriate tax character. Permanent differences may also result from the classification of short-term gains as ordinary income for tax purposes. Temporary differences arise when certain items of income, expense, gain or loss are recognized at some time in the future. During the year ended December 31, 2015 and 2014, the Company reclassified for book purposes amounts arising from permanent book/tax differences primarily related to accelerated revenue recognition for income tax purposes, respectively, as follows:

(in thousands)	Year Ended December 31,	
	2015	2014
Undistributed net investment income (distributions in excess of investment income)	\$ (994)	\$ 6,382
Accumulated realized gains	\$ 8,767	\$ 9,207
Additional paid-in capital	\$ (7,773)	\$ (15,589)

For income tax purposes, distributions paid to shareholders are reported as ordinary income, return of capital, long-term capital gains or a combination thereof. The tax character of distributions paid for the year ended December 31, 2015 was ordinary income in the amount of \$70.6 million and long term capital gains in the amount of \$15.3 million. The tax character of distributions paid for the year ended December 31, 2014 was ordinary income in the amount of \$73.2 million.

The aggregate gross unrealized appreciation of the Company's investments over cost for federal income tax purposes was \$29.3 million and \$46.1 million as of December 31, 2015 and 2014, respectively. The aggregate gross unrealized depreciation of the Company's investments under cost for federal income tax purposes was \$81.4 million and \$63.4 million as of December 31, 2015 and 2014, respectively. The net unrealized depreciation over cost for federal income tax purposes was \$52.1 million and \$17.3 million as of December 31, 2015 and 2014, respectively. The aggregate cost of securities for federal income tax purposes was \$1.3 billion and \$1.0 billion as of December 31, 2015 and 2014, respectively.

At December 31, 2015 and 2014, the components of distributable earnings on a tax basis detailed below differ from the amounts reflected in the Company's Consolidated Statements of Assets and Liabilities by temporary book/tax differences primarily arising from the treatment of loan related yield enhancements.

(in thousands)	Year Ended December 31,	
	2015	2014
Accumulated Capital Gains	\$ 7,962	\$ 16,663
Other Temporary Differences	4,117	1,795
Undistributed Ordinary Income	236	
Unrealized Depreciation	(47,498)	(16,891)
<b>Components of Distributable Earnings</b>	<b>\$ (35,183)</b>	<b>\$ 1,567</b>

The Company evaluates tax positions taken in the course of preparing the Company's tax returns to determine whether the tax positions are more-likely-than-not to be sustained by the applicable tax authority. Tax benefits of positions not deemed to meet the more-likely-than-not threshold, or uncertain tax positions, would be recorded as a tax expense in the current year. It is the Company's policy to recognize accrued interest and penalties, if any, related to unrecognized tax benefits as a component of provision for income taxes.

Based on an analysis of the Company's tax position, there are no uncertain tax positions that met the recognition or measurement criteria. The Company is currently not undergoing any tax examinations. The Company does not anticipate any significant increase or decrease in unrecognized tax benefits for the next twelve months. The 2012- 2014 federal tax years for the Company remain subject to examination by the IRS. The 2011-2014 state tax years for the Company remain subject to examination by the state taxing authorities.

**Table of Contents****Index to Financial Statements****6. Shareholders' Equity**

On August 16, 2013, the Company entered into an At-The-Market ( ATM ) equity distribution agreement (the Equity Distribution Agreement ) with JMP Securities LLC ( JMP ). The Equity Distribution Agreement provides that the Company may offer and sell up to 8.0 million shares of its common stock from time to time through JMP, as its sales agent. Sales of the Company's common stock, if any, may be made in negotiated transactions or transactions that are deemed to be at the market, as defined in Rule 415 under the Securities Act, including sales made directly on the NYSE or similar securities exchange or sales made to or through a market maker other than on an exchange, at prices related to the prevailing market prices or at negotiated prices.

During the year ended December 31, 2014, the Company sold 650,000 shares of common stock for total accumulated net proceeds of approximately \$9.5 million, all of which is accretive to net asset value. The Company has not sold any shares of common stock under this agreement during the year ended December 31, 2015. The Company generally uses net proceeds from these offerings to make investments, to repurchase or pay down liabilities and for general corporate purposes. As of December 31, 2015, approximately 7.35 million shares remain available for issuance and sale under the equity distribution agreement.

On February 24, 2015, the Board of Directors authorized a stock repurchase plan permitting the Company to repurchase up to \$50.0 million of its common stock. This plan expired on August 24, 2015. On August 27, 2015, the Board of Directors authorized a replacement stock repurchase plan permitting the Company to repurchase up to \$50.0 million of its common stock. The Company may repurchase shares of its common stock in the open market, including block purchases, at prices that may be above or below the net asset value as reported in the most recently published financial statements. The Company expects that the share repurchase program will be in effect until August 23, 2016, or until the approved dollar amount has been used to repurchase shares. During the year ended December 31, 2015, the Company repurchased 437,006 shares of its common stock at an average price per share of \$10.61 per share and a total cost of approximately \$4.6 million. As of December 31, 2015, approximately \$45.4 million of common stock remains eligible for repurchase under the stock repurchase plan. See Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities for further information on the repurchases made during the period. See Note 14 Subsequent Events.

The Company anticipates that the manner, timing, and amount of any share purchases will be determined by management based upon the evaluation of market conditions, stock price, and additional factors in accordance with regulatory requirements. Pursuant to the 1940 Act, the Company is required to notify shareholders when such a program is initiated or implemented. The repurchase program does not require the Company to acquire any specific number of shares and may be extended, modified, or discontinued at any time.

On March 27, 2015, the Company raised approximately \$100.1 million, after deducting offering expenses, in a public offering of 7,590,000 shares of its common stock.

At the 2015 Annual Meeting of Stockholders on July 7, 2015, the Company's common stockholders approved a proposal to allow the Company to issue common stock at a discount from its then current net asset value ( NAV ) per share, which is effective for a period expiring on the earlier of July 7, 2016 or the 2016 annual meeting of stockholders. In connection with the receipt of such stockholder approval, the Company will limit the number of shares that it issues at a price below NAV pursuant to this authorization so that the aggregate dilutive effect on the Company's then outstanding shares will not exceed 20%. The Company's Board of Directors, subject to its fiduciary duties and regulatory requirements, has the discretion to determine the amount of the discount, and as a result, the discount could be up to 100% of NAV per share. During the year ended December 31, 2015, the Company has not issued common stock at a discount to NAV.

The Company has issued stock options for common stock subject to future issuance, of which 622,171 and 695,672 were outstanding at December 31, 2015 and December 31, 2014, respectively.

**Table of Contents****Index to Financial Statements****7. Equity Incentive Plan**

The Company and its stockholders have authorized and adopted the 2004 Equity Incentive Plan (the 2004 Plan ) for purposes of attracting and retaining the services of its executive officers and key employees. Under the 2004 Plan, the Company is authorized to issue 7.0 million shares of common stock. On June 1, 2011, stockholders approved an amended and restated plan and provided an increase of 1.0 million shares, authorizing the Company to issue 8.0 million shares of common stock under the 2004 Plan. At the Company's 2015 Annual Meeting of stockholders on July 7, 2015, the Company's stockholders voted to approve an amendment to the 2004 Equity Incentive Plan to increase the number of shares of common stock authorized for issuance thereunder by 4.0 million shares.

The Company and its stockholders have authorized and adopted the 2006 Non-Employee Director Plan (the 2006 Plan and, together with the 2004 Plan, the Plans ) for purposes of attracting and retaining the services of its Board of Directors. Under the 2006 Plan, the Company is authorized to issue 1.0 million shares of common stock. The Company filed an exemptive relief request with the Securities and Exchange Commission ( SEC ) to allow options to be issued under the 2006 Plan which was approved on October 10, 2007.

On June 21, 2007, the stockholders approved amendments to the 2004 Plan and the 2006 Plan allowing for the grant of restricted stock. The amended Plans limit the combined maximum amount of restricted stock that may be issued under both Plans to 10% of the outstanding shares of the Company's stock on the effective date of the Plans plus 10% of the number of shares of stock issued or delivered by the Company during the terms of the Plans. The amendments further specify that no one person shall be granted awards of restricted stock relating to more than 25% of the shares available for issuance under the 2004 Plan. Further, the amount of voting securities that would result from the exercise of all of the Company's outstanding warrants, options and rights, together with any restricted stock issued pursuant to the Plans, at the time of issuance shall not exceed 25% of its outstanding voting securities, except that if the amount of voting securities that would result from such exercise of all of the Company's outstanding warrants, options and rights issued to the Company's directors, officers and employees, together with any restricted stock issued pursuant to the Plans, would exceed 15% of the Company's outstanding voting securities, then the total amount of voting securities that would result from the exercise of all outstanding warrants, options and rights, together with any restricted stock issued pursuant to the Plans, at the time of issuance shall not exceed 20% of the Company's outstanding voting securities.

A summary of the restricted stock activity under the Company's 2006 and 2004 Plans for each of the three periods ended December 31 2015, 2014, and 2013 is as follows:

	<b>2006 Plan</b>	<b>2004 Plan</b>
<b>Outstanding at December 31, 2012</b>	36,668	1,819,041
Granted		607,001
Cancelled		(30,264)
<b>Outstanding at December 31, 2013</b>	36,668	2,395,778
Granted	8,333	981,550
Cancelled		(152,277)
<b>Outstanding at December 31, 2014</b>	45,001	3,225,051
Granted	19,999	656,341
Cancelled		(312,564)
<b>Outstanding at December 31, 2015</b>	65,000	3,568,828

In 2015, 2014, and 2013, the Company granted approximately 676,340, 989,883 and 607,001 shares, respectively, of restricted stock pursuant to the Plans. All restricted stock grants under the 2004 Plan made prior to March 4, 2013 will continue to vest on a monthly basis following their one year anniversary over the succeeding 36 months. During 2012, the Compensation Committee adopted a policy that provided for awards with different vesting schedules for short and long-term awards. Under the 2004 Plan, restricted stock awarded subsequent to March 3, 2013 will vest subject to continued employment based on two vesting schedules: short-term awards vest one-half on the one year anniversary of the date of the grant and quarterly over the succeeding

**Table of Contents****Index to Financial Statements**

12 months, and long-term awards vest one-fourth on the one year anniversary of the date of grant and quarterly over the succeeding 36 months. No restricted stock was granted pursuant to the 2004 Plan prior to 2009. See Note 14 Subsequent Events.

The Company determined that the fair value of restricted stock granted under the 2006 and 2004 Plans during the years ended December 31, 2015, 2014, and 2013 was approximately \$9.2 million, \$13.7 million and \$7.7 million, respectively based on the grant date close price and vesting period of each grant. During the years ended December 31, 2015, 2014, and 2013 the Company expensed approximately \$9.2 million, \$9.2 million and \$5.6 million of compensation expense related to restricted stock, respectively. As of December 31, 2015, there was approximately \$8.4 million of total unrecognized compensation costs related to restricted stock. These costs are expected to be recognized over a weighted average period of 1.77 years.

The following table summarizes the activities for the Company's unvested restricted stock for the years ended December 31, 2015, 2014, and 2013:

	<b>Unvested Restricted Stock Awards</b>	
	<b>Restricted</b>	<b>Weighted</b>
	<b>Stock Awards</b>	<b>Average</b>
		<b>Grant Date</b>
		<b>Fair Value</b>
<b>Unvested at December 31, 2012</b>	899,789	\$ 10.73
Granted	607,001	\$ 12.72
Vested	(440,629)	\$ 10.59
Forfeited	(30,264)	\$ 11.24
<b>Unvested at December 31, 2013</b>	1,035,897	\$ 11.94
Granted	989,883	\$ 13.82
Vested	(570,723)	\$ 12.00
Forfeited	(152,277)	\$ 12.82
<b>Unvested at December 31, 2014</b>	1,302,780	\$ 13.23
Granted	676,340	\$ 13.67
Vested	(816,484)	\$ 13.26
Forfeited	(312,564)	\$ 13.16
<b>Unvested at December 31, 2015</b>	850,072	\$ 13.59

The SEC, through an exemptive order granted on June 22, 2010, approved amendments to the Plans which allow participants to elect to have the Company withhold shares of the Company's common stock to pay for the exercise price and applicable taxes with respect to an option exercise ( net issuance exercise ). The exemptive order also permits the holders of restricted stock to elect to have the Company withhold shares of the Company's stock to pay the applicable taxes due on restricted stock at the time of vesting. Each individual can make a cash payment at the time of option exercise or to pay taxes on restricted stock.

**Table of Contents****Index to Financial Statements**

The following table summarizes the common stock options activities under the Company's 2006 and 2004 Plans for each of the three periods ended December 31, 2015, 2014, and 2013:

	Common Stock Options	Weighted Average Exercise Price
<b>Shares Outstanding at December 31, 2012</b>	2,574,749	\$ 12.00
Granted	443,500	\$ 14.51
Exercised	(2,003,988)	\$ 12.38
Forfeited	(115,338)	\$ 10.38
Expired	(65,000)	\$ 13.30
<b>Shares Outstanding at December 31, 2013</b>	833,923	\$ 12.53
Granted	426,000	\$ 15.54
Exercised	(353,547)	\$ 10.76
Forfeited	(208,344)	\$ 14.80
Expired	(2,360)	\$ 13.78
<b>Shares Outstanding at December 31, 2014</b>	695,672	\$ 14.58
Granted	163,500	\$ 12.68
Exercised	(36,331)	\$ 10.81
Forfeited	(190,006)	\$ 14.83
Expired	(10,664)	\$ 13.21
<b>Shares Outstanding at December 31, 2015</b>	622,171	\$ 14.25
Shares Expected to Vest at December 31, 2015	471,057	\$ 14.25

The following table summarizes stock options outstanding and exercisable at December 31, 2015:

(Dollars in thousands,

except exercise price)

	Options outstanding				Options exercisable			
	Number of shares	Weighted Average Remaining Contractual Life	Aggregate Intrinsic Value	Weighted Average Exercise Price	Number of shares	Weighted Average Remaining Contractual Life	Aggregate Intrinsic Value	Weighted Average Exercise Price
<b>Range of exercise prices</b>								
\$9.25 - \$14.02	213,644	6.36	\$ 151,114	\$ 12.06	59,643	3.81	\$ 86,279	\$ 10.76
\$14.60 - \$16.34	408,527	5.44		\$ 15.40	230,874	5.11		\$ 15.36
\$9.25 - \$16.34	622,171	5.76	\$ 151,114	\$ 14.25	290,517	4.84	\$ 86,279	\$ 14.42

Options generally vest 33% one year after the date of grant and ratably over the succeeding 24 months. All options may be exercised for a period ending seven years after the date of grant. At December 31, 2015, options for approximately 290,517 shares were exercisable at a weighted average exercise price of approximately \$14.42 per share with weighted average of remaining contractual term of 4.84 years.

The Company determined that the fair value of options granted under the 2006 and 2004 Plans during the years ended December 31, 2015, 2014, and 2013 was approximately \$57,000, \$211,000 and \$1.1 million, respectively. During the years ended December 31, 2015, 2014, and 2013, approximately \$265,000, \$395,000 and \$422,000, of share-based cost due to stock option grants was expensed, respectively. As of

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

December 31, 2015, there was \$232,000 of total unrecognized compensation costs related to stock options. These costs are expected to be recognized over a weighted average period of 1.25 years.

The fair value of options granted is based upon a Black Scholes option pricing model using the assumptions in the following table for each of the three periods ended December 31, 2015, 2014, and 2013 is as follows:

	Year Ended December 31,		
	2015	2014	2013
Expected Volatility	18.94%	19.90%	46.90%
Expected Dividends	10%	10%	10%
Expected term (in years)	4.5	4.5	4.5
Risk-free rate	1.08% - 1.70%	1.21% - 1.66%	0.56% - 1.63%

F-76

**Table of Contents****Index to Financial Statements****8. Earnings Per Share**

Shares used in the computation of the Company's basic and diluted earnings per share are as follows:

(in thousands, except per share data)	Year Ended December 31,		
	2015	2014	2013
<b>Numerator</b>			
Net increase in net assets resulting from operations	\$ 42,916	\$ 71,188	\$ 99,446
Less: Dividends declared-common and restricted shares	(87,438)	(78,562)	(66,454)
Undistributed earnings	(44,522)	(7,374)	32,992
Undistributed earnings-common shares	(44,522)	(7,374)	32,992
Add: Dividend declared-common shares	85,959	76,953	65,123
<b>Numerator for basic and diluted change in net assets per common share</b>	<b>\$ 41,437</b>	<b>\$ 69,579</b>	<b>\$ 98,115</b>
<b>Denominator</b>			
<b>Basic weighted average common shares outstanding</b>	<b>69,479</b>	<b>61,862</b>	<b>58,838</b>
Common shares issuable	184	1,363	1,454
<b>Weighted average common shares outstanding assuming dilution</b>	<b>69,663</b>	<b>63,225</b>	<b>60,292</b>
<b>Change in net assets per common share</b>			
Basic	\$ 0.60	\$ 1.12	\$ 1.67
Diluted	\$ 0.59	\$ 1.10	\$ 1.63

In the table above, unvested share-based payment awards that have non-forfeitable rights to dividends or dividend equivalents are treated as participating securities for calculating earnings per share.

For the purpose of calculating diluted earnings per share for year ended December 31, 2015, the dilutive effect of the Convertible Senior Notes under the treasury stock method is included in this calculation because the Company's share price was greater than the conversion price in effect (\$11.03 as of December 31, 2015 and \$11.36 as of December 31, 2014) for the Convertible Senior Notes for such period.

The calculation of change in net assets resulting from operations per common share assuming dilution, excludes all anti-dilutive shares. For the years ended December 31, 2015, 2014, and 2013, the number of anti-dilutive shares, as calculated based on the weighted average closing price of the Company's common stock for the periods, was approximately 627,483, 727,733 and 1,835,880 shares, respectively.

Effective as of April 6, 2015, the Company amended its charter to increase the number of shares of common stock it is authorized to issue from 100 million to 200 million. The Company effected the increase in authorized shares by filing Articles of Amendment with the State Department of Assessments and Taxation of Maryland. At December 31, 2015, the Company was authorized to issue 200 million shares of common stock with a par value of \$0.001. Each share of common stock entitles the holder to one vote.

**Table of Contents****Index to Financial Statements****9. Financial Highlights**

Following is a schedule of financial highlights for the three years ended December 31, 2015.

	Year Ended December 31,		
	2015	2014	2013
Per share data <sup>(1)</sup> :			
<b>Net asset value at beginning of period</b>	\$ 10.18	\$ 10.51	\$ 9.75
Net investment income	1.06	1.16	1.24
Net realized gain on investments	0.07	0.32	0.25
Net unrealized appreciation (depreciation) on investments	(0.51)	(0.33)	0.20
<b>Total from investment operations</b>	0.62	1.15	1.69
Net increase (decrease) in net assets from capital share transactions <sup>(1)</sup>	0.26	(0.37)	0.10
Distributions of net investment income <sup>(6)</sup>	(1.26)	(1.27)	(1.13)
Stock-based compensation expense included in investment income <sup>(2)</sup>	0.14	0.16	0.10
<b>Net asset value at end of period</b>	\$ 9.94	\$ 10.18	\$ 10.51
Ratios and supplemental data:			
Per share market value at end of period	\$ 12.19	\$ 14.88	\$ 16.40
Total return <sup>(3)</sup>	(9.70%)	(1.75%)	58.49%
Shares outstanding at end of period	72,118	64,715	61,837
Weighted average number of common shares outstanding	69,479	61,862	58,838
Net assets at end of period	\$ 717,134	\$ 658,864	\$ 650,007
Ratio of total expense to average net assets <sup>(4)</sup>	11.55%	10.97%	11.06%
Ratio of net investment income before investment gains and losses to average net assets <sup>(4)</sup>	10.15%	10.94%	12.12%
Portfolio turnover rate <sup>(5)</sup>	46.34%	56.15%	56.05%
Average debt outstanding	\$ 615,198	\$ 535,127	\$ 580,053
Weighted average debt per common share	\$ 8.85	\$ 8.65	\$ 9.86

- (1) All per share activity is calculated based on the weighted average shares outstanding for the relevant period, except net increase (decrease) in net assets from capital share transactions, which is based on the common shares outstanding as of the relevant balance sheet date.
- (2) Stock option expense is a non-cash expense that has no effect on net asset value. Pursuant to ASC 718, net investment income includes the expense associated with the granting of stock options which is offset by a corresponding increase in paid-in capital.
- (3) The total return for the years ended December 31, 2015, 2014 and 2013 equals the change in the ending market value over the beginning of the period price per share plus dividends paid per share during the period, divided by the beginning price assuming the dividend is reinvested on the date of the distribution.
- (4) All ratios are calculated based on weighted average net assets for the relevant period.
- (5) The portfolio turnover rate for the years ended December 31, 2015, 2014 and 2013 equals the lesser of investment portfolio purchases or sales during the period, divided by the average investment portfolio value during the period.
- (6) Includes dividends on unvested shares.

**10. Commitments and Contingencies**

The Company's commitments and contingencies consist primarily of unused commitments to extend credit in the form of loans to the Company's portfolio companies. A portion of these unfunded contractual commitments as of December 31, 2015 are dependent upon the portfolio company reaching certain milestones before the debt commitment becomes available. Furthermore, our credit agreements contain customary lending provisions which allow us relief from funding obligations for previously made commitments in instances where the underlying company experiences materially adverse events that affect the financial condition or business outlook for the Company. Since a portion of these commitments may expire without being drawn, unfunded contractual commitments do not necessarily represent future cash requirements. As such, the Company's disclosure of unfunded contractual commitments includes only those which are available at the request of the portfolio company and unencumbered by milestones.

At December 31, 2015, the Company had approximately \$75.4 million of unfunded commitments, including undrawn revolving facilities, which were available at the request of the portfolio company and unencumbered by milestones. In addition, the Company had approximately \$40.5

million of unavailable commitments to portfolio companies due to milestone and other covenant restrictions.

F-78

**Table of Contents****Index to Financial Statements**

The Company also had approximately \$86.0 million of non-binding term sheets outstanding at December 31, 2015. Non-binding outstanding term sheets are subject to completion of the Company's due diligence and final investment committee approval process, as well as the negotiation of definitive documentation with the prospective portfolio companies. These non-binding term sheets generally convert to contractual commitments in approximately 90 days from signing. Not all non-binding term sheets are expected to close and do not necessarily represent the Company's future cash requirements.

The fair value of the Company's unfunded commitments are considered to be immaterial as the yield determined at the time of underwriting is expected to be materially consistent with the yield upon funding, given that interest rates are generally pegged to a market indices and given the existence of milestones, conditions and/or obligations imbedded in the borrowing agreements.

Certain premises are leased under agreements which expire at various dates through March 2020. Total rent expense amounted to approximately \$1.7 million, \$1.6 million and \$1.1 million, during the years ended December 31, 2015, 2014, and 2013, respectively. The following table shows the Company's contractual obligations as of December 31, 2015:

Contractual Obligations <sup>(1)(2)</sup>	Total	Payments due by period (in thousands)			
		Less than 1 year	1 - 3 years	3 - 5 years	After 5 years
Borrowings <sup>(3) (4)</sup>	\$ 600,386	\$ 17,522	\$ 129,300	\$ 211,564	\$ 242,000
Operating Lease Obligations <sup>(5)</sup>	4,843	1,624	2,924	295	
<b>Total</b>	<b>\$ 605,229</b>	<b>\$ 19,146</b>	<b>\$ 132,224</b>	<b>\$ 211,859</b>	<b>\$ 242,000</b>

(1) Excludes commitments to extend credit to the Company's portfolio companies.

(2) The Company also has a warrant participation agreement with Citigroup. See Note 4 to the Company's consolidated financial statements.

(3) Includes \$190.2 million in borrowings under the SBA debentures, \$110.4 million of the 2019 Notes, \$103.0 million of the 2024 Notes, \$129.3 million in aggregate principal amount of the 2021 Asset-Backed Notes, \$17.5 million of the Convertible Senior Notes and \$50.0 million in outstanding borrowings on the Wells Facility as of December 31, 2015.

(4) Except for the Convertible Senior Notes, all carrying values are the same as the principal amount outstanding. The aggregate principal amount outstanding of the Convertible Senior Notes is \$17.6 million less the remaining unaccreted discount initially recorded upon issuance of the Convertible Senior Notes. The total remaining unaccreted discount for the Convertible Senior Notes was \$82,000 at December 31, 2015.

(5) Long-Term facility leases.

The Company may, from time to time, be involved in litigation arising out of its operations in the normal course of business or otherwise. Furthermore, third parties may try to seek to impose liability on the Company in connection with the activities of its portfolio companies. While the outcome of any current legal proceedings cannot at this time be predicted with certainty, the Company does not expect any current matters will materially affect the Company's financial condition or results of operations; however, there can be no assurance whether any pending legal proceedings will have a material adverse effect on the Company's financial condition or results of operations in any future reporting period.

**11. Indemnification**

The Company has entered into indemnification agreements with its directors. The indemnification agreements are intended to provide the Company's directors the maximum indemnification permitted under Maryland law and the 1940 Act. Each indemnification agreement provides that the Company shall indemnify the director who is a party to the agreement, or an Indemnitee, including the advancement of legal expenses, if, by reason of his or her corporate status, the Indemnitee is, or is threatened to be, made a party to or a witness in any threatened, pending, or completed proceeding, to the maximum extent permitted by Maryland law and the 1940 Act.

The Company and its executives and directors are covered by Directors and Officers Insurance, with the directors and officers being indemnified by the Company to the maximum extent permitted by Maryland law subject to the restrictions in the 1940 Act.

**Table of Contents****Index to Financial Statements****12. Concentrations of Credit Risk**

The Company's customers are primarily privately held companies and public companies which are active in the drug discovery and development, sustainable and renewable technology, internet consumer and business services, medical devices and equipment, software, drug delivery, information services, communications and networking, healthcare services, specialty pharmaceuticals, surgical devices, electronics and computer hardware, media/content/info, biotechnology tools, semiconductors, consumer and business products and diagnostic industry sectors. These sectors are characterized by high margins, high growth rates, consolidation and product and market extension opportunities. Value for companies in these sectors is often vested in intangible assets and intellectual property.

Industry and sector concentrations vary as new loans are recorded and loans pay off. Loan revenue, consisting of interest, fees, and recognition of gains on equity and warrant or other equity-related interests, can fluctuate materially when a loan is paid off or a related warrant or equity interest is sold. Revenue recognition in any given year can be highly concentrated among several portfolio companies.

For the years ended December 31, 2015 and December 31, 2014, the Company's ten largest portfolio companies represented approximately 32.1% and 28.6% of the total fair value of the Company's investments in portfolio companies, respectively. At December 31, 2015 and December 31, 2014, the Company had two and three investments, respectively, that represented 5% or more of the Company's net assets. At December 31, 2015, the Company had four equity investments representing approximately 53.2% of the total fair value of the Company's equity investments, and each represented 5% or more of the total fair value of the Company's equity investments. At December 31, 2014, the Company had three equity investments which represented approximately 61.5% of the total fair value of the Company's equity investments, and each represented 5% or more of the total fair value of such investments.

**13. Selected Quarterly Data (Unaudited)**

The following tables set forth certain quarterly financial information for each of the last eight quarters ended December 31, 2015. This information was derived from the Company's unaudited consolidated financial statements. Results for any quarter are not necessarily indicative of results for the full year or for any further quarter.

(in thousands, except per share data)	Quarter Ended			
	March 31, 2015	June 30, 2015	September 30, 2015	December 31, 2015

Net investment income before investment gains and losses	18,304	18,551	18,995	15,899
Net increase (decrease) in net assets resulting from operations	22,185	13,191	15,177	20,635
Change in net assets per common share (basic)	\$ 0.36	\$ 0.21	\$ 0.24	\$ 0.32

**14. Subsequent Events***Dividend Declaration*

On February 17, 2016 the Board of Directors declared a cash dividend of \$0.31 per share to be paid on March 14, 2016 to shareholders of record as of March 7, 2016. This dividend would represent the Company's forty-second consecutive dividend declaration since the Company's initial public offering, bringing the total cumulative dividend declared to date to \$11.54 per share.

**Table of Contents**

**Index to Financial Statements**

*Corporate Rebranding*

On February 25, 2016, the Company changed its name to Hercules Capital, Inc. , from Hercules Technology Growth Capital, Inc. The Company will continue to trade on the New York Stock Exchange under the HTGC ticker symbol.

*Share Repurchase Program*

On February 24, 2015, the Board of Directors approved a \$50.0 million open market share repurchase program and on February 17, 2016, the Board of Directors extended the program until August 23, 2016. The Company may repurchase shares of its common stock in the open market, including block purchases, at prices that may be above or below the net asset value as reported in our then most recently published financial statements. The Company expects that the share repurchase program will be in effect until August 23, 2016, or until the approved dollar amount has been used to repurchase shares. Subsequent to December 31, 2015 and as of February 22, 2016, the Company repurchased 449,588 shares of its common stock at an average price per share of \$10.64 per share and a total cost of approximately \$4.8 million. As of February 22, 2016, approximately \$40.6 million of common stock remains eligible for repurchase under the stock repurchase plan.

*Restricted Stock Award Grants*

In January 2016, the Company granted approximately 536,250 restricted stock awards pursuant to the Plans.

*Portfolio Company Developments*

As of February 22, 2016, the Company held warrants or equity positions in three companies that have filed registration statements on Form S-1 with the SEC in contemplation of potential initial public offerings. All three companies filed confidentially under the Jumpstart Our Business Startups Act of 2012. There can be no assurance that these companies will complete their initial public offerings in a timely manner or at all.

Schedule 12-14

**HERCULES CAPITAL, INC.**

(FORMERLY HERCULES TECHNOLOGY GROWTH CAPITAL, INC.)

**SCHEDULE OF INVESTMENTS IN AND ADVANCES TO AFFILIATES**

As of and for the year ended December 31, 2015

(in thousands)

Portfolio Company	Investment <sup>(1)</sup>	Amount of Interest Credited to Income <sup>(2)</sup>	As of December 31, 2014 Fair Value <sup>(5)</sup>	Gross Additions <sup>(3)</sup>	Gross Reductions <sup>(4)</sup>	As of December 31, 2015 Fair Value
<b>Affiliate Investments</b>						
Optiscan BioMedical, Corp.	Preferred Stock	\$	\$ 5,853	\$ 808	\$	\$ 6,661
	Preferred Warrants		219	93		312
Stion Corporation	Senior Debt	347	1,600		(587)	1,013
<b>Total Control and Affiliate Investments</b>		\$ 347	\$ 7,672	\$ 901	\$ (587)	\$ 7,986

- (1) Stock and warrants are generally non-income producing and restricted. The principal amount for debt is shown in the Consolidated Schedule of Investments as of December 31, 2015.
- (2) Represents the total amount of interest or dividends credited to income for the year an investment was an affiliate or control investment.
- (3) Gross additions include increases in the cost basis of investments resulting from new portfolio investments, paid-in-kind interest or dividends, the amortization of discounts and closing fees and the exchange of one or more existing securities for one or more new securities. Gross additions also include net increases in unrealized appreciation or net decreases in unrealized depreciation.
- (4) Gross reductions include decreases in the cost basis of investments resulting from principal repayments or sales and the exchange of one or more existing securities for one or more new securities. Gross reductions also include net increases in unrealized depreciation or net decreases in unrealized appreciation.
- (5) Note that as of December 31, 2014, Gelesis was classified as an affiliate investment on Consolidated Statement of Assets and Liabilities. During the year ended December 31, 2015, changes to the capitalization structure of the portfolio company occurred that reduced the Company's investment below the threshold for classification as an affiliate investment. As such the investment has been removed from this disclosure.

**HERCULES CAPITAL, INC.**

**CONSOLIDATED SCHEDULE OF INVESTMENTS**

**June 30, 2016**

**(unaudited)**

**(dollars in thousands)**

\* Value as a percent of net assets

- (1) Preferred and common stock, warrants, and equity interests are generally non-income producing.
- (2) Gross unrealized appreciation, gross unrealized depreciation, and net depreciation for federal income tax purposes totaled \$22.5 million, \$89.4 million and \$66.9 million respectively. The tax cost of investments is \$1.4 billion.
- (3) Except for warrants in 38 publicly traded companies and common stock in 20 publicly traded companies, all investments are restricted at June 30, 2016 and were valued at fair value as determined in good faith by the Company's board of directors (the Board of Directors). No unrestricted securities of the same issuer are outstanding. The Company uses the Standard Industrial Code for classifying the industry grouping of its portfolio companies.
- (4) Non-U.S. company or the company's principal place of business is outside the United States.
- (5) Affiliate investment as defined under the Investment Company Act of 1940, as amended, (the 1940 Act) in which Hercules owns at least 5% but generally less than 25% of the company's voting securities.
- (6) Control investment as defined under the 1940 Act in which Hercules owns at least 25% of the company's voting securities or has greater than 50% representation on its board.
- (7) Debt is on non-accrual status at June 30, 2016, and is therefore considered non-income producing. Note that at June 30, 2016, only the \$11.0 million PIK loan is on non-accrual for the Company's debt investment in Tectura Corporation.
- (8) Denotes that all or a portion of the debt investment is convertible debt.
- (9) Indicates assets that the Company deems not qualifying assets under section 55(a) of the 1940 Act. Qualifying assets must represent at least 70% of the Company's total assets at the time of acquisition of any additional non-qualifying assets.
- (10) Denotes that all or a portion of the debt investment secures the notes offered in the Debt Securitization (as defined in Note 4).
- (11) Denotes that all or a portion of the debt investment is pledged as collateral under the Wells Facility (as defined in Note 4).
- (12) Denotes that all or a portion of the debt investment is pledged as collateral under the Union Facility (as defined in Note 4).
- (13) Denotes that all or a portion of the debt investment principal includes accumulated PIK, or payment-in-kind, interest and is net of repayments.
- (14) Denotes that all or a portion of the debt investment includes an exit fee receivable.
  - A. This fee ranges from 1.0% to 5.0% of the total debt commitment based on the contractual terms of our loan servicing agreements.
  - B. This fee ranges from 5.0% to 10.0% of the total debt commitment based on the contractual terms of our loan servicing agreements.
  - C. This fee ranges from 10.0% to 15.0% of the total debt commitment based on the contractual terms of our loan servicing agreements.
  - D. This fee is greater than 15.0% of the total debt commitment based on the contractual terms of our loan servicing agreements.
- (15) Denotes that all or a portion of the investment in this portfolio company is held by Hercules Technology II, L.P., or HT II, or Hercules Technology III, L.P., or HT III, the Company's wholly owned SBIC subsidiaries.
- (16) Denotes that the fair value of the Company's total investments in this portfolio company represent greater than 5% of the Company's total assets at June 30, 2016.
- (17) Denotes that there is an unfunded contractual commitment available at the request of this portfolio company at June 30, 2016. Refer to Note 10.
- (18) Repayment of a portion of the debt investment is delinquent of the contractual maturity date.

See notes to consolidated financial statements.

<b>Total Investments (167.42%)*</b>					\$ 1,252,281	\$ 1,200,638

\* Value as a percent of net assets

- (1) Preferred and common stock, warrants, and equity interests are generally non-income producing.
- (2) Gross unrealized appreciation, gross unrealized depreciation, and net depreciation for federal income tax purposes totaled \$29.3 million, \$81.4 million and \$52.1 million respectively. The tax cost of investments is \$1.3 billion.
- (3) Except for warrants in 37 publicly traded companies and common stock in 20 publicly traded companies, all investments are restricted at December 31, 2015 and were valued at fair value as determined in good faith by the Board of Directors. No unrestricted securities of the same issuer are outstanding. The Company uses the Standard Industrial Code for classifying the industry grouping of its portfolio companies.
- (4) Non-U.S. company or the company's principal place of business is outside the United States.
- (5) Affiliate investment as defined under the 1940 Act in which Hercules owns at least 5% but generally less than 25% of the company's voting securities.
- (6) Control investment as defined under the 1940 Act in which Hercules owns at least 25% of the company's voting securities or has greater than 50% representation on its board. There were no control investments at December 31, 2015.
- (7) Debt is on non-accrual status at December 31, 2015, and is therefore considered non-income producing. Note that at December 31, 2015, only the PIK interest is on non-accrual for the Company's debt investment in SkyCross, Inc. and only the \$2.1 million PIK loan is on non-accrual for the Company's debt investment in One Planet Ops Inc. (p.k.a. Reply! Inc.).
- (8) Denotes that all or a portion of the debt investment is convertible senior debt.
- (9) Indicates assets that the Company deems not qualifying assets under section 55(a) of the 1940 Act. Qualifying assets must represent at least 70% of the Company's total assets at the time of acquisition of any additional non-qualifying assets.
- (10) Denotes that all or a portion of the debt investment secures the notes offered in the Debt Securitizations.
- (11) Denotes that all or a portion of the debt investment is pledged as collateral under the Wells Facility.
- (12) Denotes that all or a portion of the debt investment principal includes accumulated PIK interest and is net of repayments.
- (13) Denotes that all or a portion of the debt investment includes an exit fee receivable. This fee ranges from 0.8% to 17.1% of the total debt commitment based on the contractual terms of our loan servicing agreements.
- (14) Denotes that all or a portion of the investment in this portfolio company is held by HT II or HT III, the Company's wholly-owned SBIC subsidiaries.
- (15)

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

The stated maturity date for the Tectura assets reflects the last extension of the forbearance period on these loans. The borrower loans remain outstanding and management is continuing to work with the borrower to satisfy the obligations. The Company's investment team and Investment Committee continue to closely monitor developments at the borrower company.

(16) Repayment of debt investment is delinquent of the contractual maturity date.

See notes to consolidated financial statements.

F-119

**Table of Contents****Index to Financial Statements****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****(unaudited)****1. Description of Business and Basis of Presentation**

Hercules Capital, Inc. (the Company) is a specialty finance company focused on providing senior secured loans to high-growth, innovative venture capital-backed companies in a variety of technology, life sciences, and sustainable and renewable technology industries. The Company sources its investments through its principal office located in Palo Alto, CA, as well as through its additional offices in Boston, MA, New York, NY, Washington, DC, Santa Monica, CA, Hartford, CT, and San Diego, CA. The Company was incorporated under the General Corporation Law of the State of Maryland in December 2003.

The Company is an internally managed, non-diversified closed-end investment company that has elected to be regulated as a business development company (BDC) under the Investment Company Act of 1940, as amended (the 1940 Act). From incorporation through December 31, 2005, the Company was taxed as a corporation under Subchapter C of the Internal Revenue Code of 1986, as amended (the Code). Effective January 1, 2006, the Company elected to be treated for tax purposes as a regulated investment company, or RIC, under Subchapter M of the Code (see Note 5). As an investment company, the Company follows accounting and reporting guidance as set forth in Topic 946 (Financial Services - Investment Companies) of the Accounting Standards Codification, as amended (ASC).

Hercules Technology II, L.P. (HT II), Hercules Technology III, L.P. (HT III), and Hercules Technology IV, L.P. (HT IV), are Delaware limited partnerships that were formed in January 2005, September 2009 and December 2010, respectively. HT II and HT III were licensed to operate as small business investment companies (SBICs) under the authority of the Small Business Administration (SBA) on September 27, 2006 and May 26, 2010, respectively. As SBICs, HT II and HT III are subject to a variety of regulations concerning, among other things, the size and nature of the companies in which they may invest and the structure of those investments. HT IV was formed in anticipation of receiving an additional SBIC license; however, the Company has not yet applied for such license, and HT IV currently has no material assets or liabilities. The Company also formed Hercules Technology SBIC Management, LLC, or (HTM), a limited liability company in November 2003. HTM is a wholly owned subsidiary of the Company and serves as the limited partner and general partner of HT II and HT III (see Note 4 to the Company's consolidated financial statements).

HT II and HT III hold approximately \$112.9 million and \$286.3 million in assets, respectively, and they accounted for approximately 6.6% and 16.7% of the Company's total assets, respectively, prior to consolidation at June 30, 2016.

The Company also established wholly owned subsidiaries, all of which are structured as Delaware corporations and limited liability companies, to hold portfolio companies organized as limited liability companies, or LLCs (or other forms of pass-through entities). By investing through these wholly owned subsidiaries, the Company is able to benefit from the tax treatment of these entities and create a tax structure that is more advantageous with respect to the Company's RIC status. These taxable subsidiaries are consolidated for U.S. GAAP financial reporting purposes, and the portfolio investments held by the taxable subsidiaries are included in the Company's consolidated financial statements and recorded at fair value. The taxable subsidiaries are not consolidated with Hercules for income tax purposes and may generate income tax expense, or benefit, and tax assets and liabilities as a result of their ownership of certain portfolio investments.

The consolidated financial statements include the accounts of the Company, its subsidiaries and its consolidated securitization VIE. All significant inter-company accounts and transactions have been eliminated in consolidation. In accordance with Article 10 of Regulation S-X, the Company does not consolidate portfolio company investments. It is not appropriate for an investment company to consolidate a portfolio company that is not an investment company. Rather, an investment company's interest in portfolio companies that are not investment companies should be measured at fair value in accordance with ASC Topic 946.

---

**Table of Contents****Index to Financial Statements**

The accompanying consolidated interim financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ( U.S. GAAP ) for interim financial information, and pursuant to the requirements for reporting on Form 10-Q and Articles 6 and 10 of Regulation S-X. Accordingly, certain disclosures accompanying annual consolidated financial statements prepared in accordance with U.S. GAAP are omitted. In the opinion of management, all adjustments consisting solely of normal recurring accruals considered necessary for the fair presentation of consolidated financial statements for the interim periods have been included. The current period's results of operations are not necessarily indicative of results that ultimately may be achieved for the full fiscal year. Therefore, the interim unaudited consolidated financial statements and notes should be read in conjunction with the audited consolidated financial statements and notes thereto for the period ended December 31, 2015. The year-end Consolidated Statement of Assets and Liabilities data was derived from audited financial statements, but does not include all disclosures required by U.S. GAAP.

Financial statements prepared on a U.S. GAAP basis require management to make estimates and assumptions that affect the amounts and disclosures reported in the consolidated financial statements and accompanying notes. Such estimates and assumptions could change in the future as more information becomes known, which could impact the amounts reported and disclosed herein.

**2. Summary of Significant Accounting Policies*****Principles of Consolidation***

The Consolidated Financial Statements include the accounts of the Company and its subsidiaries and all VIEs of which the Company is the primary beneficiary. All intercompany accounts and transactions have been eliminated in consolidation.

A VIE is an entity that either (i) has insufficient equity to permit the entity to finance its activities without additional subordinated financial support or (ii) has equity investors who lack the characteristics of a controlling financial interest. The primary beneficiary of a VIE is the party with both the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and the obligation to absorb the losses or the right to receive benefits that could be significant to the VIE.

To assess whether the Company has the power to direct the activities of a VIE that most significantly impact its economic performance, the Company considers all the facts and circumstances including its role in establishing the VIE and its ongoing rights and responsibilities. This assessment includes identifying the activities that most significantly impact the VIE's economic performance and identifying which party, if any, has power over those activities. In general, the party that makes the most significant decisions affecting the VIE is determined to have the power to direct the activities of a VIE. To assess whether the Company has the obligation to absorb the losses or the right to receive benefits that could potentially be significant to the VIE, the Company considers all of its economic interests, including debt and equity interests, servicing rights and fee arrangements, and any other variable interests in the VIE. If the Company determines that it is the party with the power to make the most significant decisions affecting the VIE, and the Company has a potentially significant interest in the VIE, then it consolidates the VIE.

The Company performs periodic reassessments, usually quarterly, of whether it is the primary beneficiary of a VIE. The reassessment process considers whether the Company has acquired or divested the power to direct the activities of the VIE through changes in governing documents or other circumstances. The Company also reconsiders whether entities previously determined not to be VIEs have become VIEs, based on certain events, and therefore are subject to the VIE consolidation framework.

As of the date of this report, the VIE consolidated by the Company is its securitization VIE formed in conjunction with the issuance of the 2021 Asset-Backed Notes (as defined herein). See Note 4 Borrowings .

**Table of Contents****Index to Financial Statements*****Reclassification***

Certain balances from prior years have been reclassified in order to conform to the current year presentation.

***Change in Accounting Principle***

As of January 1, 2016, the Company adopted FASB Accounting Standards Update ( ASU ) 2015-03 Simplifying the Presentation of Debt Issuance Costs and ASU 2015-15 Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements, which collectively require debt issuance costs to be presented on the balance sheet as a direct deduction from the associated debt liability, except for debt issuance costs associated with line-of-credit arrangements. Adoption of these standards results in the reclassification of debt issuance costs from Other Assets and the presentation of the Company's SBA Debentures, 2019 Notes, 2024 Notes, 2021 Asset-Backed Notes, and Convertible Senior Notes net of the associated debt issuance costs for each instrument in the liabilities section on the Consolidated Statement of Assets and Liabilities. In addition, the comparative Consolidated Statement of Assets and Liabilities as of December 31, 2015 has been adjusted to apply the change in accounting principle retrospectively. Specifically, the presentation of the Company's Other Assets, SBA Debentures, 2019 Notes, 2024 Notes, 2021 Asset-Backed Notes, and Convertible Senior Notes line items were adjusted by the amount of unamortized debt issuance costs for each instrument. There is no impact to the Company's Consolidated Statement of Operations. In addition, there is no change to the presentation of the Wells Facility or Union Bank Facility as debt issuance costs are presented separately as an asset on the Consolidated Statement of Assets and Liabilities.

Debt issuance costs are fees and other direct incremental costs incurred by the Company in obtaining debt financing and are recognized as prepaid expenses and amortized over the life of the related debt instrument using the straight line method, which closely approximates the effective yield method. In accordance with ASU 2015-03 and ASU 2015-15 debt issuance costs are presented as a reduction to the associated liability balance on the Consolidated Statement of Assets and Liabilities, except for debt issuance costs associated with line-of-credit arrangements. Debt issuance costs, net of accumulated amortization, were as follows as of June 30, 2016 and December 31, 2015.

(in thousands)	June 30, 2016	December 31, 2015
SBA Debentures	\$ 3,035	\$ 3,371
2019 Notes	1,865	2,185
2024 Notes	7,375	2,872
2021 Asset-Backed Notes	1,839	2,305
Convertible Senior Notes		44
Wells Facility <sup>(1)</sup>	723	669
Union Bank Facility <sup>(1)</sup>	984	229
<b>Total</b>	<b>\$ 15,821</b>	<b>\$ 11,675</b>

- (1) As the Wells Facility and Union Bank Facility are line-of-credit arrangements, the debt issuance costs associated with these instruments are presented separately as an asset on the Consolidated Statement of Assets and Liabilities in accordance with ASU 2015-15. As the Union Bank Facility was replaced on May 5, 2016, amounts included above prior to May 5, 2016 relate to the Prior Union Bank Facility (as defined herein, see Note 4).

***Valuation of Investments***

The most significant estimate inherent in the preparation of the Company's consolidated financial statements is the valuation of investments and the related amounts of unrealized appreciation and depreciation of investments recorded.

At June 30, 2016, approximately 93.4% of the Company's total assets represented investments in portfolio companies whose fair value is determined in good faith by the Board of Directors. Value, as defined in Section 2(a)(41) of the 1940 Act, is (i) the market price for those securities for which a market quotation is readily available and (ii) for all other securities and assets, fair value is as determined in good faith by the Board.

---

**Table of Contents****Index to Financial Statements**

of Directors. The Company's investments are carried at fair value in accordance with the 1940 Act and ASC Topic 946 and measured in accordance with ASC Topic 820 ( Fair Value Measurements ). The Company's debt securities are primarily invested in venture capital-backed companies in technology-related industries including technology, drug discovery and development, biotechnology, life sciences, healthcare, and sustainable and renewable technology at all stages of development. Given the nature of lending to these types of businesses, substantially all of the Company's investments in these portfolio companies are considered Level 3 assets under ASC Topic 820 because there is no known or accessible market or market indexes for these investment securities to be traded or exchanged. As such, the Company values substantially all of its investments at fair value as determined in good faith pursuant to a consistent valuation policy by the Company's Board of Directors in accordance with the provisions of ASC Topic 820 and the 1940 Act. Due to the inherent uncertainty in determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments determined in good faith by its Board of Directors may differ significantly from the value that would have been used had a readily available market existed for such investments, and the differences could be material.

The Company may from time to time engage an independent valuation firm to provide the Company with valuation assistance with respect to certain portfolio investments on a quarterly basis. The Company engages independent valuation firms on a discretionary basis. Specifically, on a quarterly basis, the Company will identify portfolio investments with respect to which an independent valuation firm will assist in valuing. The Company selects these portfolio investments based on a number of factors, including, but not limited to, the potential for material fluctuations in valuation results, credit quality and the time lapse since the last valuation of the portfolio investment by an independent valuation firm.

The Company intends to continue to engage an independent valuation firm to provide management with assistance regarding the Company's determination of the fair value of selected portfolio investments each quarter unless directed by the Board of Directors to cancel such valuation services. The scope of services rendered by an independent valuation firm is at the discretion of the Board of Directors. The Company's Board of Directors is ultimately, and solely, responsible for determining the fair value of the Company's investments in good faith.

With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, the Company's Board of Directors has approved a multi-step valuation process each quarter, as described below:

- (1) the Company's quarterly valuation process begins with each portfolio company being initially valued by the investment professionals responsible for the portfolio investment;
- (2) preliminary valuation conclusions are then documented and business based assumptions are discussed with the Company's investment committee;
- (3) the Audit Committee of the Board of Directors reviews the preliminary valuation of the investments in the portfolio as provided by the investment committee, which incorporates the results of the independent valuation firm as appropriate; and
- (4) the Board of Directors, upon the recommendation of the Audit Committee, discusses valuations and determines the fair value of each investment in the Company's portfolio in good faith based on the input of, where applicable, the respective independent valuation firm and the investment committee.

ASC Topic 820 establishes a framework for measuring the fair value of assets and liabilities and outlines a fair value hierarchy which prioritizes the inputs used to measure fair value and the effect of fair value measures on earnings. ASC Topic 820 also requires disclosure for fair value measurements based on the level within the hierarchy of the information used in the valuation. ASC Topic 820 applies whenever other standards require (or permit) assets or liabilities to be measured at fair value. ASC Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**Table of Contents****Index to Financial Statements**

The Company has categorized all investments recorded at fair value in accordance with ASC Topic 820 based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels, defined by ASC Topic 820 and directly related to the amount of subjectivity associated with the inputs to fair valuation of these assets and liabilities, are as follows:

Level 1 Inputs are unadjusted, quoted prices in active markets for identical assets at the measurement date. The types of assets carried at Level 1 fair value generally are equities listed in active markets.

Level 2 Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset in connection with market data at the measurement date and for the extent of the instrument's anticipated life. Fair valued assets that are generally included in this category are publically held debt investments and warrants held in a public company.

Level 3 Inputs reflect management's best estimate of what market participants would use in pricing the asset at the measurement date. It includes prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. Generally, assets carried at fair value and included in this category are the debt investments and warrants and equities held in a private company.

Investments measured at fair value on a recurring basis are categorized in the tables below based upon the lowest level of significant input to the valuations as of June 30, 2016 and as of December 31, 2015. The Company transfers investments in and out of Level 1, 2 and 3 securities as of the beginning balance sheet date, based on changes in the use of observable and unobservable inputs utilized to perform the valuation for the period. During the six months ended June 30, 2016, there were no transfers between Levels 1 or 2.

<b>Total</b>	\$ 1,008,362	\$ (3,773)	\$ (18,475)	\$ 720,453	\$ (4,659)	\$ (505,455)	\$ 685	\$ (36,438)	\$ 1,160,700

(1) Included in net realized gains or losses in the accompanying Consolidated Statement of Operations.

(2) Included in change in net unrealized appreciation (depreciation) in the accompanying Consolidated Statement of Operations.

(3) Transfers out of Level 3 during the six months ended June 30, 2016 relate to the exercise of warrants in Ping Identity Corporation to preferred stock, the conversion of debt to equity in Optiscan Biomedical Corp and Achilles Technology Management Co II, Inc. and the conversion of the Company's preferred shares to common shares in SCIEnergy, Inc. Transfers into Level 3 during the six months ended June 30, 2016 relate to the acquisition of preferred stock as a result of the exercise of warrants in Ping Identity Corporation, the conversion of debt to equity in Optiscan Biomedical Corp and Achilles Technology Management Co II, Inc. and the conversion of the Company's preferred shares to common shares in SCIEnergy, Inc.

(4) Transfers out of Level 3 during the year ended December 31, 2015 relate to the initial public offerings, or IPOs of Box, Inc., ZP Opco, Inc. (p.k.a. Zosano Pharma, Inc.), Neos Therapeutics, Edge Therapeutics Inc., ViewRay, Inc., and Cerecor, Inc. in addition to the exercise of warrants in both Forescout, Inc. and Atrenta, Inc. to preferred stock. Transfers into Level 3 during the year ended December 31, 2015 relate to the acquisition of preferred stock as a result of the exercise of warrants in both Forescout, Inc. and Atrenta, Inc. and the conversion of debt to equity in Home Dialysis Plus and Gynesonics.

(5) Amounts listed above are inclusive of loan origination fees received at the inception of the loan which are deferred and amortized into fee income as well as the accretion of existing loan discounts and fees during the period. Escrow receivable purchases may include additions due to proceeds held in escrow from the liquidation of level 3 investments.

(6) Amounts listed above include the acceleration and payment of loan discounts and loan fees due to early payoffs or restructures.

For the six months ended June 30, 2016, approximately \$1.9 million and \$614,000 in net unrealized depreciation was recorded for preferred stock and common stock Level 3 investments, respectively, relating to assets still held at the reporting date. For the same period, approximately \$14.2 million and \$442,000 in net unrealized depreciation was recorded for debt and warrant Level 3 investments, respectively, relating to assets still held at the reporting date.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

For the year ended December 31, 2015, approximately \$179,000 in net unrealized depreciation and \$745,000 in net unrealized appreciation was recorded for preferred stock and common stock Level 3 investments, respectively, relating to assets still held at the reporting date. For the same period, approximately \$13.7 million and \$5.9 million in net unrealized depreciation was recorded for debt and warrant Level 3 investments, respectively, relating to assets still held at the reporting date.

The following tables provide quantitative information about the Company's Level 3 fair value measurements of the Company's investments as of June 30, 2016 and December 31, 2015. In addition to the techniques and inputs noted in the tables below, according to the Company's valuation policy the Company may also use other valuation techniques and methodologies when determining the Company's fair value measurements. The tables below are not intended to be all-inclusive, but rather provide information on the significant Level 3 inputs as they relate to the Company's fair value measurements.

F-125

**Table of Contents****Index to Financial Statements**

The significant unobservable input used in the fair value measurement of the Company's escrow receivables is the amount recoverable at the contractual maturity date of the escrow receivable.

Investment Type -Level Three	Fair Value at June 30, 2016 (in thousands)	Valuation Techniques/ Methodologies	Unobservable Input <sup>(a)</sup>	Range	Weighted Average <sup>(b)</sup>
Debt Investments Pharmaceuticals	\$88,049	Originated Within 6 Months	Origination Yield	12.67% - 15.39%	13.54%
	369,969	Market Comparable Companies	Hypothetical Market Yield Premium/(Discount)	9.38% - 15.87% (0.75%) - 0.50%	12.48%
	13,153	Liquidation <sup>(c)</sup>	Probability weighting of alternative outcomes	20.00% - 100.00%	
Technology	114,387	Originated Within 6 Months	Origination Yield	11.00% - 20.29%	13.85%
	213,134	Market Comparable Companies	Hypothetical Market Yield Premium/(Discount)	11.10% - 17.06% (0.50%) - 0.75%	12.69%
	17,131	Liquidation <sup>(c)</sup>	Probability weighting of alternative outcomes	25.00% - 100.00%	
Sustainable and Renewable Technology	62,200	Originated Within 6 Months	Origination Yield	12.74% - 16.13%	15.13%
	107,848	Market Comparable Companies	Hypothetical Market Yield Premium/(Discount)	7.43% - 23.37% 0.00%	16.08%
	1,294	Liquidation <sup>(c)</sup>	Probability weighting of alternative outcomes	100.00%	
Medical Devices	25,495	Originated Within 6 Months	Origination Yield	14.64% - 18.13%	15.53%
	71,049	Market Comparable Companies	Hypothetical Market Yield Premium/(Discount)	10.83% - 19.71% (0.25%) - 0.50%	14.34%
	5,107	Liquidation <sup>(c)</sup>	Probability weighting of alternative outcomes	5.00% - 100.00%	
Lower Middle Market	5,448	Market Comparable Companies	Hypothetical Market Yield Premium/(Discount)	13.84% - 14.86% 0.25%	14.40% 0.25%
	19,401	Liquidation <sup>(c)</sup>	Probability weighting of alternative outcomes	100.00%	
<b>Debt Investments Where Fair Value Approximates Cost</b>					
	71,562	Imminent Payoffs <sup>(d)</sup>			
	20,905	Debt Investments Maturing in Less than One Year			
	\$1,206,132	<b>Total Level Three Debt Investments</b>			

(a) The significant unobservable inputs used in the fair value measurement of the Company's debt securities are hypothetical market yields and premiums/(discounts). The hypothetical market yield is defined as the exit price of an investment in a hypothetical market to hypothetical market participants where buyers and sellers are willing participants. The premiums (discounts) relate to company specific characteristics such as underlying investment performance, security liens, and other characteristics of the investment. Significant increases (decreases) in the inputs in isolation may result in a significantly lower (higher) fair value measurement, depending on the materiality of the investment. Debt investments in the industries noted in the Company's Consolidated Schedule of Investments are included in the industries noted above as follows:

Pharmaceuticals, above, is comprised of debt investments in the Specialty Pharmaceuticals, Drug Discovery and Development, Drug Delivery and Biotechnology Tools industries in the Consolidated Schedule of Investments.

Technology, above, is comprised of debt investments in the Software, Semiconductors, Internet Consumer and Business Services, Consumer and Business Products, Information Services, and Communications and Networking industries in the Consolidated Schedule of Investments.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Sustainable and Renewable Technology, above, aligns with the Sustainable and Renewable Technology Industry in the Consolidated Schedule of Investments.

Medical Devices, above, is comprised of debt investments in the Surgical Devices and Medical Devices and Equipment industries in the Consolidated Schedule of Investments.

Lower Middle Market, above, is comprised of debt investments in the Communications and Networking, Electronics and Computer Hardware, Healthcare Services Other, Information Services, Internet Consumer and Business Services, Media/Content/Info, and Specialty Pharmaceuticals industries in the Consolidated Schedule of Investments.

- (b) The weighted averages are calculated based on the fair market value of each investment.
- (c) The significant unobservable input used in the fair value measurement of impaired debt securities is the probability weighting of alternative outcomes.
- (d) Imminent payoffs represent debt investments that the Company expects to be fully repaid within the next three months, prior to their scheduled maturity date.

- (a) The significant unobservable inputs used in the fair value measurement of the Company's warrant and equity-related securities are revenue and/or EBITDA multiples and discounts for lack of marketability. Additional inputs used in the Black Scholes option pricing model (OPM) include industry volatility, risk free interest rate and estimated time to exit. Significant increases (decreases) in the inputs in isolation may result in a significantly higher (lower) fair value measurement, depending on the materiality of the investment. For some investments, additional consideration may be given to data from the last round of financing or merger/acquisition events near the measurement date.
- (b) Represents amounts used when the Company has determined that market participants would use such multiples when pricing the investments.
- (c) Represents amounts used when the Company has determined market participants would take into account these discounts when pricing the investments.
- (d) Represents the range of industry volatility used by market participants when pricing the investment.
- (e) Weighted averages are calculated based on the fair market value of each investment.
- (f) The fair market value of these investments is derived based on recent private market transaction prices.

<b>Total Level Three</b>					
<b>Warrant and Equity Investments</b>	<b>\$55,337</b>				

- (a) The significant unobservable inputs used in the fair value measurement of the Company's warrant and equity-related securities are revenue and/or EBITDA multiples and discounts for lack of marketability. Additional inputs used in the Black Scholes OPM include industry volatility, risk free interest rate and estimated time to exit. Significant increases (decreases) in the inputs in isolation may result in a significantly higher (lower) fair value measurement, depending on the materiality of the investment. For some investments, additional consideration may be given to data from the last round of financing or merger/acquisition events near the measurement date.
- (b) Represents amounts used when the Company has determined that market participants would use such multiples when pricing the investments.
- (c) Represents amounts used when the Company has determined market participants would take into account these discounts when pricing the investments.
- (d) Represents the range of industry volatility used by market participants when pricing the investment.
- (e) Weighted averages are calculated based on the fair market value of each investment.

**Debt Investments**

The Company follows the guidance set forth in ASC Topic 820 which establishes a framework for measuring the fair value of assets and liabilities and outlines a fair value hierarchy which prioritizes the inputs used to measure fair value and the effect of fair value measures on earnings. The Company's debt securities are primarily invested in venture capital-backed companies in technology-related industries including technology, drug discovery and development, biotechnology, life sciences, healthcare, and sustainable and renewable technology at all stages of development. Given the nature of lending to these types of businesses, substantially all of the Company's investments in these portfolio companies are considered Level 3 assets under ASC Topic 820 because there is no known or accessible market or market indexes for debt instruments for these investment securities to be traded or exchanged. In addition, the Company may, from time to time, invest in public debt of companies that meet the Company's investment objectives. These investments are considered Level 2 assets.

In making a good faith determination of the value of the Company's investments, the Company generally starts with the cost basis of the investment, which includes the value attributed to the original issue discount (OID), if any, and payment-in-kind (PIK) interest or other receivables which have been accrued to principal as earned. The Company then applies the valuation methods as set forth below.

The Company applies a procedure for debt investments that assumes the sale of each investment in a hypothetical market to a hypothetical market participant where buyers and sellers are willing participants. The hypothetical market does not include scenarios where the underlying

security was simply repaid or extinguished,

F-129

## **Table of Contents**

### **Index to Financial Statements**

but includes an exit concept. The Company determines the yield at inception for each debt investment. The Company then uses senior secured, leveraged loan yields provided by third party providers to determine the change in market yields between inception of the debt security and the measurement date. Industry specific indices and other relevant market data are used to benchmark/assess market based movements.

Under this process, the Company also evaluates the collateral for recoverability of the debt investments. The Company considers each portfolio company's credit rating, security liens and other characteristics of the investment to adjust the baseline yield to derive a credit adjusted hypothetical yield for each investment as of the measurement date. The anticipated future cash flows from each investment are then discounted at the hypothetical yield to estimate each investment's fair value as of the measurement date.

The Company's process includes, among other things, the underlying investment performance, the current portfolio company's financial condition and market changing events that impact valuation, estimated remaining life, current market yield and interest rate spreads of similar securities as of the measurement date. The Company values its syndicated debt investments using broker quotes and bond indices amongst other factors. If there is a significant deterioration of the credit quality of a debt investment, the Company may consider other factors to estimate fair value, including the proceeds that would be received in a liquidation analysis.

The Company records unrealized depreciation on investments when it believes that an investment has decreased in value, including where collection of a debt investment is doubtful or, if under the in-exchange premise, when the value of a debt security is less than amortized cost of the investment. Conversely, where appropriate, the Company records unrealized appreciation if it believes that the underlying portfolio company has appreciated in value and, therefore, that its investment has also appreciated in value or, if under the in-exchange premise, the value of a debt security is greater than amortized cost.

When originating a debt instrument, the Company generally receives warrants or other equity-related securities from the borrower. The Company determines the cost basis of the warrants or other equity-related securities received based upon their respective fair values on the date of receipt in proportion to the total fair value of the debt and warrants or other equity-related securities received. Any resulting discount on the debt investments from recordation of the warrant or other equity instruments is accreted into interest income over the life of the debt investment.

Debt investments that are traded on a public exchange will be valued at the prevailing market price at period end.

### **Equity-Related Securities and Warrants**

Securities that are traded in the over-the-counter markets or on a stock exchange will be valued at the prevailing bid price at period end. The Company has a limited amount of equity securities in public companies. In accordance with the 1940 Act, unrestricted publicly traded securities for which market quotations are readily available are valued at the closing market quote on the measurement date.

The Company estimates the fair value of warrants using a Black Scholes OPM. At each reporting date, privately held warrant and equity-related securities are valued based on an analysis of various factors including, but not limited to, the portfolio company's operating performance and financial condition and general market conditions, price to enterprise value or price to equity ratios, discounted cash flow, valuation comparisons to comparable public companies or other industry benchmarks. When an external event occurs, such as a purchase transaction, public offering, or subsequent equity sale, the pricing indicated by that external event is utilized to corroborate the Company's valuation of the warrant and equity-related securities. The Company periodically reviews the valuation of its portfolio companies that have not been involved in a qualifying external event to determine if the enterprise value of the portfolio company may have increased or decreased since the last valuation measurement date.

**Index to Financial Statements**

**Escrow Receivables**

Escrow receivables are collected in accordance with the terms and conditions of the escrow agreement. Escrow balances are typically distributed over a period greater than one year and may accrue interest during the escrow period. Escrow balances are measured for collectability on at least a quarterly basis and fair value is determined based on the amount of the estimated recoverable balances and the contractual maturity date. As of June 30, 2016 there were no material past due escrow receivables.

***Portfolio Composition***

As required by the 1940 Act, the Company classifies its investments by level of control. Control investments are defined in the 1940 Act as investments in those companies that the Company is deemed to control. Under the 1940 Act, the Company is generally deemed to control a company in which it has invested if it owns 25% or more of the voting securities of such company or has greater than 50% representation on its board. Affiliate investments are investments in those companies that are affiliated companies of the Company, as defined in the 1940 Act, which are not control investments. The Company is deemed to be an affiliate of a company in which it has invested if it owns 5% or more, but generally less than 25%, of the voting securities of such company. Non-control/non-affiliate investments are investments that are neither control investments nor affiliate investments.

The following table summarizes the Company's realized and unrealized gain and loss and changes in our unrealized appreciation and depreciation on control and affiliate investments for the three and six months ended June 30, 2016 and 2015. The Company did not hold any control investments at June 30, 2015.

**Table of Contents****Index to Financial Statements**

As of June 30, 2016, the Company's investments in SkyCross, Inc. became classified as a control investment as a result of obtaining more than 50% representation on the portfolio company's board. In addition, as of June 30, 2016 the Company owned 100% of the equity of Achilles Technology Management Co II, Inc. and classified it as a control investment in accordance with the requirements of the 1940 Act. During the three months ended June 30, 2016, Achilles Technology Management Co II, Inc. acquired the assets of a global antenna company that produces radio frequency system solutions as part of an article 9 consensual foreclosure and public auction for total consideration in the amount of \$4 million. The Company's investment in Achilles Technology Management Co II, Inc. is carried on the consolidated statement of assets and liabilities at fair value.

As of December 31, 2015, changes to the capitalization structure of the portfolio company Gelesis, Inc. reduced the Company's investment below the threshold for classification as an affiliate investment.

The following table shows the fair value of the Company's portfolio of investments by asset class as of June 30, 2016 and December 31, 2015:

(in thousands)	June 30, 2016		December 31, 2015

<b>Total</b>	<b>\$ 1,302,778</b>	<b>100.0%</b>	<b>\$ 1,200,638</b>	<b>100.0%</b>

No single portfolio investment represents more than 10% of the fair value of the investments as of June 30, 2016 and December 31, 2015.

***Portfolio Activity***

During the three and six months ended June 30, 2016, the Company funded and or restructured investments in debt securities totaling approximately \$153.7 million and \$323.7 million, respectively. During the three and six months ended June 30, 2016, the Company funded equity investments totaling approximately \$6.1 million and \$7.0 million, respectively. During the three and six months ended June 30, 2016, the Company converted approximately \$4.6 million of debt to equity in two portfolio companies.

During the three and six months ended June 30, 2015, the Company funded and or restructured investments in debt securities totaling approximately \$160.2 million and \$367.2 million, respectively. During the three and six months ended June 30, 2015, the Company funded equity investments totaling approximately \$3.8 million and \$6.2 million, respectively. During the three and six months ended June 30, 2015, the Company converted \$500,000 of debt to equity in one portfolio company. During the six months ended June 30, 2015 the Company converted \$330,000 of warrants to equity in two portfolio companies.

During the three and six months ended June 30, 2016, the Company recognized net realized gains of \$25,000 and net realized losses of \$4.4 million, respectively. During the three months ended June 30, 2016, the Company recorded gross realized gains of \$1.4 million primarily from the acquisition of the Company's holdings in one portfolio company, Ping Identity Corporation. These gains were offset by gross realized losses of \$1.4 million primarily from the liquidation or write off of the Company's warrant and equity investment in two portfolio companies.

During the six months ended June 30, 2016, the Company recorded gross realized gains of \$4.2 million primarily from the sale or acquisition of investments in three portfolio companies, including Celator Pharmaceuticals, Inc. (\$1.5 million), Ping Identity Corporation (\$1.3 million) and the sale of options on Box, Inc. (\$1.1 million). These gains were offset by gross realized losses of \$8.6 million primarily from the liquidation or write off of the Company's warrant and equity investments in five portfolio companies and the Company's debt investments in three portfolio companies, including the settlement of our outstanding debt investment in The Neat Company (\$6.2 million).

---

**Table of Contents****Index to Financial Statements**

During the three and six months ended June 30, 2015, the Company recognized net realized losses of \$1.3 million and net realized gains of \$2.1 million, respectively. During the three months ended June 30, 2015, the Company recorded gross realized gains of \$495,000 primarily from subsequent recoveries received on two previously written-off debt investments. These gains were offset by gross realized losses of \$1.8 million from the liquidation of the Company's investments in five portfolio companies.

During the six months ended June 30, 2015, the Company recorded gross realized gains of \$4.8 million primarily from the sale of investments in four portfolio companies, including Cemptra, Inc. (\$2.0 million), Celladon Corporation (\$1.4 million), Everyday Health, Inc. (\$387,000) and Identiv, Inc. (\$304,000). These gains were partially offset by gross realized losses of \$2.7 million from the liquidation of the Company's investments in eight portfolio companies.

***Investment Collateral***

In the majority of cases, the Company collateralizes its investments by obtaining a first priority security interest in a portfolio company's assets, which may include its intellectual property. In other cases, the Company may obtain a negative pledge covering a company's intellectual property. At June 30, 2016, approximately 91.8% of the Company's debt investments were in a senior secured first lien position, with 42.8% secured by a first priority security in all of the assets of the portfolio company, including its intellectual property; 45.7% secured by a first priority security in all of the assets of the portfolio company and the portfolio company was prohibited from pledging or encumbering its intellectual property, or subject to a negative pledge; and 3.3% secured by a first priority security in all of the assets of the portfolio company, including its intellectual property, with a second lien on the portfolio company's cash and accounts receivable. The remaining 8.2% of the Company's debt investments were secured by a second priority security interest in all of the portfolio company's assets, other than intellectual property. At June 30, 2016 the Company had no equipment only liens on material investments in the Company's portfolio companies.

***Income Recognition***

The Company records interest income on an accrual basis and recognizes it as earned in accordance with the contractual terms of the loan agreement, to the extent that such amounts are expected to be collected. OID initially represents the value of detachable equity warrants obtained in conjunction with the acquisition of debt securities and is accreted into interest income over the term of the loan as a yield enhancement. When a loan becomes 90 days or more past due, or if management otherwise does not expect that principal, interest and other obligations due will be collected in full, the Company will generally place the loan on non-accrual status and cease recognizing interest income on that loan until all principal and interest due has been paid or the Company believes the portfolio company has demonstrated the ability to repay the Company's current and future contractual obligations. Any uncollected interest related to prior periods is reversed from income in the period that collection of the interest receivable is determined to be doubtful. However, the Company may make exceptions to this policy if the investment has sufficient collateral value and is in the process of collection.

At June 30, 2016, the Company had six debt investments on non-accrual with a cumulative investment cost and approximate fair value of \$34.5 million and \$2.8 million, respectively. At December 31, 2015, the Company had five debt investments on non-accrual with cumulative investment cost and fair value of approximately \$47.4 million and \$23.2 million, respectively. In addition, at December 31, 2015, the Company had one debt investment with an investment cost and fair value of approximately \$20.1 million and \$14.9 million, respectively, for which only the PIK interest is on non-accrual. During the six months ended June 30, 2016, the Company recognized a realized loss of approximately \$6.2 million on the settlement of one debt investment that was on non-accrual at December 31, 2015. In addition, the Company recognized a realized loss of \$430,000 on the partial write off of one debt investment that was on non-accrual as of December 31, 2015.

---

**Table of Contents****Index to Financial Statements**

Fee income, generally collected in advance, includes loan commitment and facility fees for due diligence and structuring, as well as fees for transaction services and management services rendered by us to portfolio companies and other third parties. Loan and commitment fees are amortized into income over the contractual life of the loan. Management fees are generally recognized as income when the services are rendered. Loan origination fees are capitalized and then amortized into interest income using the effective interest rate method. In certain loan arrangements, warrants or other equity interests are received from the borrower as additional origination fees. The Company had approximately \$38.3 million of unamortized fees at June 30, 2016, of which approximately \$35.7 million was included as an offset to the cost basis of the Company's current debt investments and approximately \$2.6 million was deferred contingent upon the occurrence of a funding or milestone. At December 31, 2015 the Company had approximately \$26.1 million of unamortized fees, of which approximately \$23.6 million was included as an offset to the cost basis of the Company's current debt investments and approximately \$2.5 million was deferred contingent upon the occurrence of a funding or milestone.

The Company recognizes nonrecurring fees amortized over the remaining term of the loan commencing in the quarter relating to specific loan modifications. Certain fees may still be recognized as one-time fees, including prepayment penalties, fees related to select covenant default, waiver fees and acceleration of previously deferred loan fees and OID related to early loan pay-off or material modification of the specific debt outstanding.

In addition, the Company may also be entitled to an end-of-term payment that is amortized into income over the life of the loan. Loan exit fees to be paid at the termination of the loan are accreted into interest income over the contractual life of the loan. At June 30, 2016 the Company had approximately \$27.5 million in exit fees receivable, of which approximately \$25.0 million was included as a component of the cost basis of the Company's current debt investments and approximately \$2.5 million was a deferred receivable related to expired commitments. At December 31, 2015 the Company had approximately \$22.7 million in exit fees receivable, of which approximately \$17.4 million was included a component of the cost basis of the Company's current debt investments and approximately \$5.3 million was a deferred receivable related to expired commitments.

The Company has debt investments in its portfolio that contain a PIK provision. Contractual PIK interest, which represents contractually deferred interest added to the loan balance that is generally due at the end of the loan term, is generally recorded on the accrual basis to the extent such amounts are expected to be collected. The Company will generally cease accruing PIK interest if there is insufficient value to support the accrual or management does not expect the portfolio company to be able to pay all principal and interest due. The Company recorded approximately \$1.8 million and \$973,000 in PIK income during the three months ended June 30, 2016 and 2015, respectively. The Company recorded approximately \$3.5 million and \$1.9 million in PIK income during the six months ended June 30, 2016 and 2015, respectively.

To maintain the Company's status as a RIC, PIK and end-of-term income must be paid out to stockholders in the form of distributions even though the Company has not yet collected the cash. Amounts necessary to pay these distributions may come from available cash or the liquidation of certain investments.

In certain investment transactions, the Company may provide advisory services. For services that are separately identifiable and external evidence exists to substantiate fair value, income is recognized as earned, which is generally when the investment transaction closes. The Company had no income from advisory services in the three and six months ended June 30, 2016 and 2015.

**3. Fair Value of Financial Instruments**

Fair value estimates are made at discrete points in time based on relevant information. These estimates may be subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. The Company believes that the carrying amounts of its financial instruments, consisting of cash and cash equivalents, receivables including escrow receivables, accounts payable and accrued liabilities, approximate the fair values of such items due to the short maturity of such instruments. The April

**Table of Contents****Index to Financial Statements**

2019 Notes, the September 2019 Notes (together with the April 2019 Notes, the 2019 Notes ), the 2024 Notes, the 2021 Asset-Backed Notes, and the SBA debentures, provide a strategic advantage as sources of liquidity due to their flexible structure, long-term duration, and low fixed interest rates. At June 30, 2016, the April 2019 Notes were trading on the New York Stock Exchange, or NYSE, for \$25.70 per share at par value, the September 2019 Notes were trading on the NYSE for \$25.52 per share at par value and the 2024 Notes were trading on the NYSE for \$25.52 per share at par value. The par value at underwriting for each of these notes was \$25.00 per share. Based on market quotations on or around June 30, 2016, the 2021 Asset-Backed Notes were quoted for 0.995 per dollar at par value. Calculated based on the net present value of payments over the term of the notes using estimated market rates for similar notes and remaining terms, the fair value of the SBA debentures would be approximately \$196.7 million, compared to the carrying amount of \$190.2 million as of June 30, 2016.

See the accompanying Consolidated Schedule of Investments for the fair value of the Company's investments. The methodology for the determination of the fair value of the Company's investments is discussed in Note 2.

The liabilities of the Company are recorded at amortized cost and not at fair value on the Consolidated Statement of Assets and Liabilities. The following tables provide additional information about the fair value and level in the fair value hierarchy of the Company's liabilities at June 30, 2016 and December 31, 2015:

(in thousands)				
Description	June 30, 2016	Identical Assets (Level 1)	Observable Inputs (Level 2)	Unobservable Inputs (Level 3)

(1) The Convertible Senior Notes were fully settled on or before their contractual maturity date of April 15, 2016.

(2) As of June 30, 2016 there were no borrowings outstanding on the Wells Facility.

**Table of Contents****Index to Financial Statements****4. Borrowings*****Outstanding Borrowings***

At June 30, 2016 and December 31, 2015, the Company had the following available borrowings and outstanding borrowings:

(in thousands)	June 30, 2016			December 31, 2015		
	Total Available	Principal	Carrying Value <sup>(1)</sup>	Total Available	Principal	Carrying Value <sup>(1)</sup>
SBA Debentures <sup>(2)</sup>	\$ 190,200	\$ 190,200	\$ 187,165	\$ 190,200	\$ 190,200	\$ 186,829
2019 Notes	110,364	110,364	108,499	110,364	110,364	108,179
2024 Notes	244,945	244,945	237,570	103,000	103,000	100,128
2021 Asset-Backed Notes	129,300	129,300	127,461	129,300	129,300	126,995
Convertible Senior Notes <sup>(3)</sup>				17,604	17,604	17,478
Wells Facility <sup>(4)</sup>	120,000			75,000	50,000	50,000
Union Bank Facility <sup>(4)</sup>	75,000			75,000		
<b>Total</b>	<b>\$ 869,809</b>	<b>\$ 674,809</b>	<b>\$ 660,695</b>	<b>\$ 700,468</b>	<b>\$ 600,468</b>	<b>\$ 589,609</b>

(1) Except for the Wells Facility and Union Bank Facility, all carrying values represent the principal amount outstanding less the remaining unamortized debt issuance costs and unaccreted discount, if any, associated with the loan as of the balance sheet date. See Note 2 Summary of Significant Accounting Policies for the amount of debt issuance cost associated with each borrowing.

(2) At both June 30, 2016 and December 31, 2015, the total available borrowings under the SBA debentures were \$190.2 million, of which \$41.2 million was available in HT II and \$149.0 million was available in HT III.

(3) The Convertible Senior Notes were fully settled on or before their contractual maturity date of April 15, 2016.

(4) Availability subject to the Company meeting the borrowing base requirements. As the Union Bank Facility was replaced on May 5, 2016, amounts included above prior to May 5, 2016 relate to the Prior Union Bank Facility (as defined herein).

***Long-Term SBA Debentures***

On September 27, 2006, HT II received a license to operate as a SBIC under the SBIC program and is able to borrow funds from the SBA against eligible investments and additional contributions to regulatory capital. Under the Small Business Investment Company Act and current SBA policy applicable to SBICs, a SBIC can have outstanding at any time SBA guaranteed debentures up to twice the amount of its regulatory capital. With the Company's net investment of \$44.0 million in HT II as of June 30, 2016, HT II has the capacity to issue a total of \$41.2 million of SBA guaranteed debentures, subject to SBA approval, of which \$41.2 million was outstanding as of June 30, 2016. As of June 30, 2016, HT II has paid the SBA commitment fees and facility fees of approximately \$1.5 million and \$3.6 million, respectively. As of June 30, 2016 the Company held investments in HT II in 35 companies with a fair value of approximately \$85.7 million, accounting for approximately 6.6% of the Company's total portfolio at June 30, 2016. HT II held approximately \$112.9 million in assets and accounted for approximately 6.6% of the Company's total assets prior to consolidation at June 30, 2016.

On May 26, 2010, HT III received a license to operate as a SBIC under the SBIC program and is able to borrow funds from the SBA against eligible investments and additional contributions to regulatory capital. With the Company's net investment of \$74.5 million in HT III as of June 30, 2016, HT III has the capacity to issue a total of \$149.0 million of SBA guaranteed debentures, of which \$149.0 million was outstanding as of June 30, 2016. As of June 30, 2016, HT III has paid the SBA commitment fees and facility fees of approximately \$1.5 million and \$3.6 million, respectively. As of June 30, 2016, the Company held investments in HT III in 51 companies with a fair value of approximately \$257.3 million, accounting for approximately 19.7% of the Company's total portfolio at June 30, 2016. HT III held approximately \$286.3 million in assets and accounted for approximately 16.7% of the Company's total assets prior to consolidation at June 30, 2016.

SBICs are designed to stimulate the flow of private equity capital to eligible small businesses. Under present SBA regulations, eligible small businesses include businesses that have a tangible net worth not exceeding \$19.5 million and have average annual fully taxed net income not

Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

exceeding \$6.5 million for the two most recent fiscal years. In addition, SBICs must devote 25.0% of its investment activity to smaller enterprises as defined by the SBA. A smaller enterprise is one that has a tangible net worth not exceeding \$6.0 million and has average annual

F-137

**Table of Contents****Index to Financial Statements**

fully taxed net income not exceeding \$2.0 million for the two most recent fiscal years. SBA regulations also provide alternative size standard criteria to determine eligibility, which depend on the industry in which the business is engaged and are based on such factors as the number of employees and gross sales. According to SBA regulations, SBICs may make long-term loans to small businesses, invest in the equity securities of such businesses and provide them with consulting and advisory services. Through the Company's wholly owned subsidiaries HT II and HT III, the Company plans to provide long-term loans to qualifying small businesses, and in connection therewith, make equity investments.

HT II and HT III are periodically examined and audited by the SBA's staff to determine their compliance with SBA regulations. If HT II or HT III fails to comply with applicable SBA regulations, the SBA could, depending on the severity of the violation, limit or prohibit HT II's or HT III's use of debentures, declare outstanding debentures immediately due and payable, and/or limit HT II or HT III from making new investments. In addition, HT II or HT III may also be limited in their ability to make distributions to the Company if they do not have sufficient capital in accordance with SBA regulations. Such actions by the SBA would, in turn, negatively affect the Company because HT II and HT III are the Company's wholly owned subsidiaries. HT II and HT III were in compliance with the terms of the SBIC's leverage as of June 30, 2016 as a result of having sufficient capital as defined under the SBA regulations.

The rates of borrowings under various draws from the SBA beginning in March 2009 are set semiannually in March and September and range from 2.25% to 4.62% excluding annual fees. Interest payments on SBA debentures are payable semiannually. There are no principal payments required on these issues prior to maturity and no prepayment penalties. Debentures under the SBA generally mature ten years after being borrowed. Based on the initial draw down date of March 2009, the initial maturity of SBA debentures will occur in March 2019. In addition, the SBA charges a fee that is set annually, depending on the Federal fiscal year the leverage commitment was delegated by the SBA, regardless of the date that the leverage was drawn by the SBIC. The annual fees related to HT II debentures that pooled on September 22, 2010 were 0.406% and 0.285%, depending upon the year in which the underlying commitment was closed. The annual fees on other debentures have been set at 0.906%. The annual fees related to HT III debentures that pooled on March 27, 2013 were 0.804%. The annual fees on other debentures have been set at 0.515%. The rates of borrowings on the Company's SBA debentures range from 3.05% to 5.53% when including these annual fees.

The average amount of debentures outstanding for the three months ended June 30, 2016 for HT II was approximately \$41.2 million with an average interest rate of approximately 4.52%. The average amount of debentures outstanding for the three months ended June 30, 2016 for HT III was approximately \$149.0 million with an average interest rate of approximately 3.43%. The average amount of debentures outstanding for the six months ended June 30, 2016 for HT II was approximately \$41.2 million with an average interest rate of approximately 4.52%. The average amount of debentures outstanding for the six months ended June 30, 2016 for HT III was approximately \$149.0 million with an average interest rate of approximately 3.43%.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the SBA debentures are as follows:

(in thousands)	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2016	2015	2016	2015
Interest expense	\$ 1,737	\$ 1,737	\$ 3,475	\$ 3,456

<b>Total interest expense and fees</b>	<b>\$ 1,905</b>	<b>\$ 1,903</b>	<b>\$ 3,811</b>	<b>\$ 3,787</b>

Cash paid for interest expense and fees	\$	\$	\$ 3,461	\$ 3,442
---	----	----	----------	----------

As of June 30, 2016, the maximum statutory limit on the dollar amount of combined outstanding SBA guaranteed debentures is \$350.0 million, subject to periodic adjustments by the SBA. In aggregate, at June 30,

**Table of Contents****Index to Financial Statements**

2016, with the Company's net investment of \$118.5 million, HT II and HT III have the capacity to issue a total of \$190.2 million of SBA-guaranteed debentures, subject to SBA approval. At June 30, 2016, the Company has issued \$190.2 million in SBA-guaranteed debentures in the Company's SBIC subsidiaries.

The Company reported the following SBA debentures outstanding principal balances as of June 30, 2016 and December 31, 2015:

(in thousands) Issuance/Pooling Date	Maturity Date	Interest Rate <sup>(1)</sup>	June 30, 2016	December 31, 2015

**2019 Notes**

On March 6, 2012, the Company and U.S. Bank National Association (the 2019 Trustee) entered into an indenture (the Base Indenture). On April 17, 2012, the Company and the 2019 Trustee entered into the First Supplemental Indenture to the Base Indenture (the First Supplemental Indenture), dated April 17, 2012, relating to the Company's issuance, offer and sale of \$43.0 million aggregate principal amount of 7.00% notes due 2019 (the April 2019 Notes).

In July 2012, the Company reopened the Company's April 2019 Notes and issued an additional \$41.5 million in aggregate principal amount of April 2019 Notes, which included the exercise of an over-allotment option, bringing the total amount of the April 2019 Notes issued to approximately \$84.5 million in aggregate principal amount.

On September 24, 2012, the Company and the 2019 Trustee, entered into the Second Supplemental Indenture to the Base Indenture (the Second Supplemental Indenture), dated as of September 24, 2012, relating to the Company's issuance, offer and sale of \$75.0 million aggregate principal amount of 7.00% notes due 2019 (the September 2019 Notes).

In October 2012, the underwriters exercised their over-allotment option for an additional \$10.9 million of the September 2019 Notes, bringing the total amount of the September 2019 Notes issued to approximately \$85.9 million in aggregate principal outstanding.

In April 2015, the Company redeemed \$20.0 million of the \$84.5 million issued and outstanding aggregate principal amount of April 2019 Notes, as previously approved by the Board of Directors. In December 2015 the Company redeemed \$40.0 million of the \$85.9 million issued and outstanding aggregate principal amount of September 2019 Notes, as previously approved by the Board of Directors.

As of June 30, 2016 and December 31, 2015, the 2019 Notes payable outstanding principal balance consists of:

**Index to Financial Statements**

*April 2019 Notes*

The April 2019 Notes will mature on April 30, 2019 and may be redeemed in whole or in part at the Company's option at any time or from time to time on or after April 30, 2015, upon not less than 30 days nor more than 60 days written notice by mail prior to the date fixed for redemption thereof, at a redemption price of 100% of the outstanding principal amount thereof plus accrued and unpaid interest payments otherwise payable for the then-current quarterly interest period accrued to but not including the date fixed for redemption. The April 2019 Notes bear interest at a rate of 7.00% per year payable quarterly on January 30, April 30, July 30 and October 30 of each year, commencing on July 30, 2012, and trade on the NYSE under the trading symbol HTGZ.

The April 2019 Notes are the Company's direct unsecured obligations and rank: (i) *pari passu* with the Company's other outstanding and future senior unsecured indebtedness; (ii) senior to any of the Company's future indebtedness that expressly provides it is subordinated to the April 2019 Notes; (iii) effectively subordinated to all the Company's existing and future secured indebtedness (including indebtedness that is initially unsecured to which the Company subsequently grant security), to the extent of the value of the assets securing such indebtedness; (iv) structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries.

The Base Indenture, as supplemented by the First Supplemental Indenture, contains certain covenants including covenants requiring the Company's compliance with (regardless of whether it is subject to) the asset coverage requirements set forth in Section 18(a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act to comply with the restrictions on dividends, distributions and purchase of capital stock set forth in Section 18(a)(1)(B) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act and to provide financial information to the holders of the April 2019 Notes and the 2019 Trustee if the Company should no longer be subject to the reporting requirements under the Securities Exchange Act of 1934, as amended (the Exchange Act). These covenants are subject to important limitations and exceptions that are described in the Base Indenture, as supplemented by the First Supplemental Indenture. The Base Indenture provides for customary events of default and further provides that the 2019 Trustee or the holders of 25% in aggregate principal amount of the outstanding April 2019 Notes in a series may declare such April 2019 Notes immediately due and payable upon the occurrence of any event of default after expiration of any applicable grace period.

*September 2019 Notes*

The September 2019 Notes will mature on September 30, 2019 and may be redeemed in whole or in part at the Company's option at any time or from time to time on or after September 30, 2015, upon not less than 30 days nor more than 60 days written notice by mail prior to the date fixed for redemption thereof, at a redemption price of 100% of the outstanding principal amount thereof plus accrued and unpaid interest payments otherwise payable for the then-current quarterly interest period accrued to but not including the date fixed for redemption. The September 2019 Notes bear interest at a rate of 7.00% per year payable quarterly on March 30, June 30, September 30 and December 30 of each year, commencing on December 30, 2012, and trade on the NYSE under the trading symbol HTGY.

The September 2019 Notes are the Company's direct unsecured obligations and rank: (i) *pari passu* with the Company's other outstanding and future senior unsecured indebtedness; (ii) senior to any of the Company's future indebtedness that expressly provides it is subordinated to the September 2019 Notes; (iii) effectively subordinated to all the Company's existing and future secured indebtedness (including indebtedness that is initially unsecured to which the Company subsequently grants security), to the extent of the value of the assets securing such indebtedness; (iv) structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries.

The Base Indenture, as supplemented by the Second Supplemental Indenture, contains certain covenants including covenants requiring the Company to comply with (regardless of whether it is subject to) the asset

**Table of Contents****Index to Financial Statements**

coverage requirements set forth in Section 18 (a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act to comply with the restrictions on dividends, distributions and purchase of capital stock set forth in Section 18(a)(1)(B) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act and to provide financial information to the holders of the September 2019 Notes and the 2019 Trustee if the Company should no longer be subject to the reporting requirements under the Exchange Act. These covenants are subject to important limitations and exceptions that are described in the Base Indenture, as supplemented by the Second Supplemental Indenture. The Base Indenture provides for customary events of default and further provides that the 2019 Trustee or the holders of 25% in aggregate principal amount of the outstanding September 2019 Notes in a series may declare such September 2019 Notes immediately due and payable upon the occurrence of any event of default after expiration of any applicable grace period.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the April 2019 Notes and September 2019 Notes are as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Interest expense	\$ 1,931	\$ 2,748	\$ 3,863	\$ 5,729
Amortization of debt issuance cost (loan fees)	160	711	320	952
<b>Total interest expense and fees</b>	<b>\$ 2,091</b>	<b>\$ 3,459</b>	<b>\$ 4,183</b>	<b>\$ 6,681</b>
Cash paid for interest expense and fees	\$ 1,931	\$ 2,981	\$ 3,863	\$ 5,963

As of June 30, 2016, the Company was in compliance with the terms of the Base Indenture, and respective supplemental indentures thereto, governing the April 2019 Notes and September 2019 Notes.

***2024 Notes***

On July 14, 2014, the Company and U.S. Bank, N.A. (the 2024 Trustee ), entered into the Third Supplemental Indenture (the Third Supplemental Indenture ) to the Base Indenture between the Company and the 2024 Trustee, dated July 14, 2014, relating to the Company's issuance, offer and sale of \$100.0 million aggregate principal amount of 6.25% unsecured notes due 2024 (the 2024 Notes ). On August 6, 2014, the underwriters issued notification to exercise their over-allotment option for an additional \$3.0 million in aggregate principal amount of the 2024 Notes.

On May 2, 2016, the Company closed an underwritten public offering of an additional \$72.9 million in aggregate principal amount of the 2024 Notes. The \$72.9 million in aggregate principal amount includes \$65.4 million from the initial offering on April 21, 2016 and \$7.5 million as a result of underwriters exercising a portion of their option to purchase up to an additional \$9.8 million in aggregate principal to cover overallotments on April 29, 2016.

On June 27, 2016, the Company closed an underwritten public offering of an additional \$60.0 million in aggregate principal amount of the 2024 Notes. On June 30, 2016, the underwriters exercised their option to purchase up to an additional \$9.0 million in aggregate principal to cover overallotments, resulting in total aggregate principal of \$69.0 million from the offering.

All issuances of 2024 Notes rank equally in right of payment and form a single series of notes.

The 2024 Notes will mature on July 30, 2024 and may be redeemed in whole or in part at the Company's option at any time or from time to time on or after July 30, 2017, upon not less than 30 days nor more than 60 days written notice by mail prior to the date fixed for redemption thereof, at a redemption price of 100% of the outstanding principal amount thereof plus accrued and unpaid interest payments otherwise payable for the then-current quarterly interest period accrued to but not including the date fixed for redemption. The 2024 Notes bear interest at a rate of 6.25% per year payable quarterly on January 30, April 30, July 30 and October 30 of each year, commencing on July 30, 2014, and trade on the NYSE under the trading symbol HTGX.

**Table of Contents****Index to Financial Statements**

The 2024 Notes are the Company's direct unsecured obligations and rank: (i) *pari passu* with the Company's other outstanding and future senior unsecured indebtedness; (ii) senior to any of the Company's future indebtedness that expressly provides it is subordinated to the 2024 Notes; (iii) effectively subordinated to all the Company's existing and future secured indebtedness (including indebtedness that is initially unsecured to which the Company subsequently grants security), to the extent of the value of the assets securing such indebtedness; (iv) structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries.

The Base Indenture, as supplemented by the Third Supplemental Indenture, contains certain covenants including covenants requiring the Company to comply with (regardless of whether it is subject to) the asset coverage requirements set forth in Section 18(a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act and to comply with the restrictions on dividends, distributions and purchase of capital stock set forth in Section 18(a)(1)(B) of the 1940 Act as modified by Section 61(a)(1) of the 1940 Act. These covenants are subject to important limitations and exceptions that are described in the Base Indenture, as supplemented by the Third Supplemental Indenture. The Base Indenture, as supplemented by the Third Supplemental Indenture, also contains certain reporting requirements, including a requirement that the Company provide financial information to the holders of the 2024 Notes and the 2024 Trustee if the Company should no longer be subject to the reporting requirements under the Exchange Act. The Base Indenture provides for customary events of default and further provides that the 2024 Trustee or the holders of 25% in aggregate principal amount of the outstanding 2024 Notes in a series may declare such 2024 Notes immediately due and payable upon the occurrence of any event of default after expiration of any applicable grace period. As of June 30, 2016, the Company was in compliance with the terms of the Base Indenture as supplemented by the Third Supplemental Indenture.

At June 30, 2016 and December 31, 2015, the 2024 Notes had an outstanding principal balance of \$244.9 million and \$103.0 million, respectively.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the 2024 Notes are as follows:

(in thousands)	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2016	2015	2016	2015
Interest expense	\$ 2,375	\$ 1,609	\$ 3,984	\$ 3,219

<b>Total interest expense and fees</b>	<b>\$ 2,510</b>	<b>\$ 1,692</b>	<b>\$ 4,202</b>	<b>\$ 3,385</b>
Cash paid for interest expense and fees	\$ 1,609	\$ 1,609	\$ 3,219	\$ 3,219

**2021 Asset-Backed Notes**

On November 13, 2014, the Company completed a \$237.4 million term debt securitization in connection with which an affiliate of the Company made an offer of \$129.3 million in aggregate principal amount of fixed rate asset-backed notes (the 2021 Asset-Backed Notes), which were rated A(sf) by Kroll Bond Rating Agency, Inc. (KBRA). The 2021 Asset-Backed Notes were sold by Hercules Capital Funding Trust 2014-1 pursuant to a note purchase agreement, dated as of November 13, 2014, by and among the Company, Hercules Capital Funding 2014-1, LLC as trust depositor (the 2014 Trust Depositor), Hercules Capital Funding Trust 2014-1 as issuer (the 2014 Securitization Issuer), and Guggenheim Securities, LLC, as initial purchaser, and are backed by a pool of senior loans made to certain of the Company's portfolio companies and secured by certain assets of those portfolio companies and are to be serviced by the Company. The securitization has an 18-month reinvestment period during which time principal collections may be reinvested into additional eligible loans. Interest on the 2021 Asset-Backed Notes will be paid, to the extent of funds available, at a fixed rate of 3.524% per annum. The 2021 Asset-Backed Notes have a stated maturity of April 16, 2021.

**Table of Contents****Index to Financial Statements**

As part of this transaction, the Company entered into a sale and contribution agreement with the 2014 Trust Depositor under which the Company has agreed to sell or have contributed to the 2014 Trust Depositor certain senior loans made to certain of the Company's portfolio companies (the 2014 Loans). The Company has made customary representations, warranties and covenants in the sale and contribution agreement with respect to the 2014 Loans as of the date of their transfer to the 2014 Trust Depositor.

In connection with the issuance and sale of the 2021 Asset-Backed Notes, the Company has made customary representations, warranties and covenants in the note purchase agreement. The 2021 Asset-Backed Notes are secured obligations of the 2014 Securitization Issuer and are non-recourse to the Company. The 2014 Securitization Issuer also entered into an indenture governing the 2021 Asset-Backed Notes, which includes customary representations, warranties and covenants. The 2021 Asset-Backed Notes were sold without being registered under the Securities Act of 1933, as amended, (the Securities Act) (A) in the United States to qualified institutional buyers as defined in Rule 144A under the Securities Act and to institutional accredited investors (as defined in Rules 501(a)(1), (2), (3) or (7) under the Securities Act) who in each case, are qualified purchasers as defined in Sec. 2 (a)(51)(A) of the 1940 Act and pursuant to an exemption under the Securities Act and (B) to non-U.S. purchasers acquiring interest in the 2021 Asset-Backed Notes outside the United States in accordance with Regulation S under the Securities Act. The 2014 Securitization Issuer is not registered under the 1940 Act in reliance on an exemption provided by Section 3(c)(7) thereof and Rule 3a-7 thereunder. In addition, the 2014 Trust Depositor entered into an amended and restated trust agreement in respect of the 2014 Securitization Issuer, which includes customary representation, warranties and covenants.

The 2014 Loans are serviced by the Company pursuant to a sale and servicing agreement, which contains customary representations, warranties and covenants. The Company performs certain servicing and administrative functions with respect to the 2014 Loans. The Company is entitled to receive a monthly fee from the 2014 Securitization Issuer for servicing the 2014 Loans. This servicing fee is equal to the product of one-twelfth (or in the case of the first payment date, a fraction equal to the number of days from and including October 5, 2014 through and including December 5, 2014 over 360) of 2.00% and the aggregate outstanding principal balance of the 2014 Loans plus collections on deposit in the 2014 Securitization Issuer's collections account, as of the first day of the related collection period (the period from the 5th day of the immediately preceding calendar month through the 4th day of the calendar month in which a payment date occurs, and for the first payment date, the period from and including October 5, 2014, to the close of business on December 5, 2014). The Company also serves as administrator to the 2014 Securitization Issuer under an administration agreement, which includes customary representations, warranties and covenants.

At both June 30, 2016 and December 31, 2015, the 2021 Asset-Backed Notes had an outstanding principal balance of \$129.3 million.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the 2021 Asset-Backed Notes are as follows:

(in thousands)	Three Months Ended		Six Months Ended	
	June 30,	June 30,	June 30,	June 30,
	2016	2015	2016	2015
Interest expense	\$ 1,139	\$ 1,139	\$ 2,278	\$ 2,278
Amortization of debt issuance cost (loan fees)	234	224	466	446
<b>Total interest expense and fees</b>	<b>\$ 1,373</b>	<b>\$ 1,363</b>	<b>\$ 2,744</b>	<b>\$ 2,724</b>

Cash paid for interest expense and fees	\$ 1,139	\$ 1,139	\$ 2,278	\$ 2,278
---	----------	----------	----------	----------

Under the terms of the 2021 Asset-Backed Notes, the Company is required to maintain a reserve cash balance, funded through interest and principal collections from the underlying securitized debt portfolio, which may be used to pay monthly interest and principal payments on the 2021 Asset-Backed Notes. The Company has segregated these funds and classified them as restricted cash. There was approximately \$3.6 million and \$9.2 million of restricted cash as of June 30, 2016 and December 31, 2015, respectively, funded through interest collections.

**Table of Contents****Index to Financial Statements*****Convertible Senior Notes***

In April 2011, the Company issued \$75.0 million in aggregate principal amount of 6.00% convertible senior notes due 2016 (the Convertible Senior Notes). The Convertible Senior Notes were fully settled on or before their contractual maturity date of April 15, 2016.

Prior to the close of business on October 14, 2015, holders were able to convert their Convertible Senior Notes only under certain circumstances set forth in the indenture governing the Convertible Senior Notes. On or after October 15, 2015 until the close of business on the scheduled trading day immediately preceding the maturity date, holders were able to convert their Convertible Senior Notes at any time. Throughout the life of the Convertible Senior Notes, holders of approximately \$74.8 million of the Convertible Senior Notes exercised their conversion rights. These Convertible Senior Notes were settled with a combination of cash equal to the outstanding principal amount of the Convertible Senior Notes and approximately 1.6 million shares of the Company's common stock, or \$24.3 million.

The Company recorded a loss on extinguishment of debt for the proportionate amount of unamortized debt issuance costs and original issue discount. The loss was partially offset by a gain in the amount of the difference between the outstanding principal balance of the Convertible Senior Notes and the fair value of the debt instrument. The net loss on extinguishment of debt the Company recorded for the year ended December 31, 2015 was \$1,000. The Company did not record a loss on extinguishment of debt in the three and six months ended June 30, 2016. The loss on extinguishment of debt was classified as a component of net investment income in the Company's Consolidated Statement of Operations.

The Convertible Senior Notes were accounted for in accordance with ASC Subtopic 470-20 (Debt Instruments with Conversion and Other Options). In accounting for the Convertible Senior Notes, the Company estimated at the time of issuance that the values of the debt and the embedded conversion feature of the Convertible Senior Notes were approximately 92.8% and 7.2%, respectively. The original issue discount of 7.2% attributable to the conversion feature of the Convertible Senior Notes was recorded in capital in excess of par value in the Consolidated Statement of Assets and Liabilities. As a result, the Company recorded interest expense comprised of both stated interest expense as well as accretion of the original issue discount resulting in an estimated effective interest rate of approximately 8.1%.

As December 31, 2015, the components of the carrying value of the Convertible Senior Notes were as follows:

<b>(in thousands)</b>	<b>December 31, 2015</b>
Principal amount of debt	\$ 17,604
Unamortized debt issuance cost	(44)
Original issue discount, net of accretion	(82)
<b>Carrying value of Convertible Senior Notes</b>	<b>\$ 17,478</b>

For the three and six months ended June 30, 2016 and 2015, the components of interest expense, fees and cash paid for interest expense for the Convertible Senior Notes were as follows:

<b>(in thousands)</b>	<b>Three Months Ended</b>		<b>Six Months Ended</b>	
	<b>June 30,</b>		<b>June 30,</b>	
	<b>2016</b>	<b>2015</b>	<b>2016</b>	<b>2015</b>
Interest expense	\$ 88	\$ 264	\$ 352	\$ 479
Accretion of original issue discount	21	62	82	123
Amortization of debt issuance cost (loan fees)	11	33	43	66
<b>Total interest expense and fees</b>	<b>\$ 120</b>	<b>\$ 359</b>	<b>\$ 477</b>	<b>\$ 668</b>
Cash paid for interest expense and fees	\$ 440	\$ 529	\$ 440	\$ 529

---

**Table of Contents**

**Index to Financial Statements**

The estimated effective interest rate of the debt component of the Convertible Senior Notes, equal to the stated interest of 6.0% plus the accretion of the original issue discount, was approximately 8.1% for the three and six months ended June 30, 2016 and 2015.

***Wells Facility***

On June 29, 2015, the Company, through a special purpose wholly owned subsidiary, Hercules Funding II LLC ( Hercules Funding II ), entered into an Amended and Restated Loan and Security Agreement (the Wells Facility ) with Wells Fargo Capital Finance, LLC, as a lender and as the arranger and the administrative agent, and the lenders party thereto from time to time.

The Wells Facility matures on August 2, 2019, unless terminated sooner in accordance with its terms.

Under the Wells Facility, Wells Fargo Capital Finance, LLC made commitments of \$75.0 million, Alostar Bank of Commerce made commitments of \$20.0 million, and Everbank Commercial Finance Inc. made commitments of \$25.0 million. The Wells Facility contains an accordion feature, in which the Company can increase the credit line up to an aggregate of \$300.0 million, funded by additional lenders and with the agreement of Wells Fargo and subject to other customary conditions. The Company expects to continue discussions with various other potential lenders to join the facility; however, there can be no assurances that additional lenders will join the Wells Facility. Borrowings under the Wells Facility generally bear interest at a rate per annum equal to LIBOR plus 3.25%, and the Wells Facility has an advance rate of 50% against eligible debt investments. The Wells Facility is secured by all of the assets of Hercules Funding II. The Wells Facility requires payment of a non-use fee on a scale of 0.0% to 0.50% depending on the average monthly outstanding balance under the facility relative to the maximum amount of commitments at such time. For the three and six months ended June 30, 2016, this non-use fee was approximately \$115,000 and \$181,000, respectively. For the three and six months ended June 30, 2015, this non-use fee was approximately \$94,000 and \$188,000, respectively.

The Wells Facility also includes various financial and other covenants applicable to the Company and the Company's subsidiaries, in addition to those applicable to Hercules Funding II, including covenants relating to certain changes of control of the Company and Hercules Funding II. Among other things, these covenants also require the Company to maintain certain financial ratios, including a maximum debt to worth ratio, minimum interest coverage ratio, minimum portfolio funding liquidity, and a minimum tangible net worth in an amount, when added to outstanding subordinated indebtedness, that is in excess of \$500.0 million plus 90% of the cumulative amount of equity raised after June 30, 2014. As of June 30, 2016, the minimum tangible net worth covenant increased to \$612.4 million as a result of the March 2015 follow-on public offering of 7.6 million shares of common stock for total gross proceeds of approximately \$100.4 million and the 2.1 million shares of common stock issued under the At-The-Market ( ATM ) equity distribution agreement with JMP Securities ( JMP ) for gross proceeds of \$24.5 million during the six months ended June 30, 2016. The Wells Facility provides for customary events of default, including, without limitation, with respect to payment defaults, breach of representations and covenants, certain key person provisions, cross acceleration provisions to certain other debt, lien and judgment limitations, and bankruptcy.

On June 20, 2011 the Company paid \$1.1 million in structuring fees in connection with the original Wells Facility. In connection with an amendment to the original Wells Facility in August 2014, the Company paid an additional \$750,000 in structuring fees and in connection with the amendment in December 2015, the Company paid an additional \$188,000 in structuring fees. These fees are being amortized through the end of the term of the Wells Facility.

The Company had aggregate draws of \$146.0 million on the available facility during the six months ended June 30, 2016 offset by repayments of \$196.0 million. At December 31, 2015 there was \$50.0 million, respectively, of borrowings outstanding on this facility. There were no borrowings outstanding on the facility as of June 30, 2016

**Table of Contents****Index to Financial Statements**

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the Wells Facility are as follows:

(in thousands)	Three Months Ended		Six Months Ended	
	June 30,	June 30,	June 30,	June 30,
	2016	2015	2016	2015
Interest expense	\$ 226	\$	\$ 500	\$
Amortization of debt issuance cost (loan fees)	122	86	227	172
<b>Total interest expense and fees</b>	<b>\$ 348</b>	<b>\$ 86</b>	<b>\$ 727</b>	<b>\$ 172</b>
Cash paid for interest expense and fees	\$ 333	\$	\$ 577	\$

***Union Bank Facility***

On May 5, 2016, the Company, through a special purpose wholly owned subsidiary, Hercules Funding III, as borrower, entered into the credit facility (the Union Bank Facility) with MUFG Union Bank, as the arranger and administrative agent, and the lenders party to the Union Bank Facility from time to time. The Union Bank Facility replaced the company's credit facility (the Prior Union Bank Facility) entered into on August 14, 2014 (as amended and restated from time to time) with MUFG Union Bank, as the arranger and administrative agent, and the lenders party to the Prior Union Bank Facility from time to time. Any references to amounts related to the Union Bank Facility prior to May 5, 2016 were incurred and relate to the Prior Union Bank Facility.

Under the Union Bank Facility, MUFG Union Bank made commitments of \$75.0 million. The Union Bank Facility contains an accordion feature, in which the Company can increase the credit line up to an aggregate of \$200.0 million, funded by additional lenders and with the agreement of MUFG Union Bank and subject to other customary conditions. There can be no assurances that additional lenders will join the Union Bank Facility to increase available borrowings. Borrowings under the Union Bank Facility generally bear interest at either (i) if such borrowing is a base rate loan, a base rate per annum equal to the federal funds rate plus 1.00%, LIBOR plus 1.00% or MUFG Union Bank's prime rate, in each case, plus a margin of 1.25% or (ii) if such borrowing is a LIBOR loan, a rate per annum equal to LIBOR plus 3.25%, and the Union Bank Facility generally has an advance rate of 50% against eligible debt investments. The Union Bank Facility is secured by all of the assets of HT III.

The Union Bank Facility requires payment of a non-use fee during the revolving credit availability period on a scale of 0.25% to 0.50% depending on the average monthly outstanding balance under the facility relative to the maximum amount of commitments at such time. The Company paid a one-time \$562,500 structuring fee in connection with the Union Bank Facility. Although the Company did not incur any non-use fees under the Union Bank Facility prior to May 5, 2016, for the three and six months ended June 30, 2016, the company incurred non-use fees under the existing and previous Union Bank Facility of approximately \$87,000 and \$182,000, respectively. For the three and six months ended June 30, 2015, the non-use fee was approximately \$95,000 and \$189,000, respectively.

The Union Bank Facility also includes various financial and other covenants applicable to the Company and the Company's subsidiaries, in addition to those applicable to HT III, including covenants relating to certain changes of control of the Company and HT III. Among other things, these covenants also require the Company to maintain certain financial ratios, including a maximum debt to worth ratio, minimum interest coverage ratio, minimum portfolio funding liquidity, and a minimum tangible net worth in an amount that is in excess of \$500.0 million plus 90% of the cumulative amount of equity raised after June 30, 2014. As of June 30, 2016, the minimum tangible net worth covenant increased to \$661.4 million as a result of the March 2015 follow-on public offering of 7.6 million shares of common stock for total net proceeds of approximately \$100.1 million and the 2.1 million shares of common stock issued under the ATM equity distribution agreement with JMP for net proceeds of \$23.7 million during the six months ended June 30, 2016. The Union Bank Facility provides for customary events of default, including with respect to payment defaults, breach of representations and covenants, servicer defaults, certain key person provisions, cross default provisions to certain other debt, lien and judgment limitations, and bankruptcy.

**Table of Contents****Index to Financial Statements**

The Union Bank Facility matures on May 5, 2020, unless sooner terminated in accordance with its terms.

In connection with the Union Bank Facility, the Company and HT III also entered into the Sale Agreement, by and among HT III, as borrower, the Company, as originator and servicer, and MUFG Union Bank, as agent. Under the Sale Agreement, the Company agrees to (i) sell or transfer certain loans to HT III under the MUFG Union Bank Facility and (ii) act as servicer for the loans sold or transferred.

The Company had aggregate draws of \$25.0 million on the available facility during the six months ended June 30, 2016 offset by repayments of \$25.0 million. At June 30, 2016 there were no borrowings outstanding on the Union Bank Facility.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and related fees and cash paid for interest expense for the previous and current Union Bank Facility are as follows:

(in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Interest expense	\$ 55	\$	\$ 55	\$
Amortization of debt issuance cost (loan fees)	95	15	133	30
<b>Total interest expense and fees</b>	<b>\$ 150</b>	<b>\$ 15</b>	<b>\$ 188</b>	<b>\$ 30</b>
Cash paid for interest expense and fees	\$ 333	\$	\$ 577	\$

***Citibank Credit Facility***

The Company, through Hercules Funding Trust I, an affiliated statutory trust, had a securitized credit facility (the Citibank Credit Facility) with Citigroup Global Markets Realty Corp. (Citigroup), which expired under normal terms. During the first quarter of 2009, the Company paid off all principal and interest owed under the Citibank Credit Facility. Citigroup has an equity participation right through a warrant participation agreement on the pool of debt investments and warrants collateralized under the Citibank Credit Facility. Pursuant to the warrant participation agreement, the Company granted to Citigroup a 10% participation in all warrants held as collateral. However, no additional warrants were included in collateral subsequent to the facility amendment on May 2, 2007. As a result, Citigroup is entitled to 10% of the realized gains on the warrants until the realized gains paid to Citigroup pursuant to the agreement equal \$3,750,000 (the Maximum Participation Limit). The obligations under the warrant participation agreement continue even after the Citibank Credit Facility is terminated until the Maximum Participation Limit has been reached.

During the six months ended June 30, 2016, the Company reduced its realized gain by approximately \$146,000 for Citigroup's participation from the acquisition proceeds received on equity exercised from warrants that were included in the collateral pool. The Company recorded a decrease in participation liability and an increase in unrealized appreciation by a net amount of approximately \$32,000 primarily due to depreciation of fair value on the pool of warrants collateralized under the warrant participation and the acquisition proceeds received on the Company's Ping Identity Corporation equity investment. The remaining value of Citigroup's participation right on unrealized gains in the related equity investments is approximately \$79,000 as of June 30, 2016 and is included in accrued liabilities. There can be no assurances that the unrealized appreciation of the warrants will not be higher or lower in future periods due to fluctuations in the value of the warrants, thereby increasing or reducing the effect on the cost of borrowing. Since inception of the agreement, the Company has paid Citigroup approximately \$2.4 million under the warrant participation agreement thereby reducing realized gains by this amount. The Company will continue to pay Citigroup under the warrant participation agreement until the Maximum Participation Limit is reached or the warrants expire. Warrants subject to the Citigroup participation agreement are set to expire between August 2016 and January 2017.

---

**Table of Contents****Index to Financial Statements****5. Income taxes**

The Company intends to operate so as to qualify to be taxed as a RIC under Subchapter M of the Code and, as such, will not be subject to federal income tax on the portion of taxable income and gains distributed as dividends to stockholders. Taxable income includes the Company's taxable interest, dividend and fee income, reduced by certain deductions, as well as taxable net realized securities gains. Taxable income generally differs from net income for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized appreciation or depreciation, as such gains or losses are not included in taxable income until they are realized.

To qualify and be subject to tax as a RIC, the Company is required to meet certain income and asset diversification tests in addition to distributing dividends of an amount generally at least equal to 90% of its investment company taxable income, as defined by the Code and determined without regard to any deduction for distributions paid, to its stockholders. The amount to be paid out as a distribution is determined by the Board of Directors each quarter and is based upon the annual earnings estimated by the management of the Company. To the extent that the Company's earnings fall below the amount of dividend distributions declared, however, a portion of the total amount of the Company's distributions for the fiscal year may be deemed a return of capital for tax purposes to the Company's stockholders.

During the three months ended June 30, 2016, the Company declared a distribution of \$0.31 per share. The determination of the tax attributes of the Company's distributions is made annually as of the end of the Company's taxable year generally based upon its taxable income for the full taxable year and distributions paid for the full taxable year. As a result, a determination made on a quarterly basis may not be representative of the actual tax attributes of the Company's distributions for a full taxable year. If the Company had determined the tax attributes of our distributions taxable year-to-date as of June 30, 2016, 100% would be from our current and accumulated earnings and profits. However, there can be no certainty to stockholders that this determination is representative of what the actual tax attributes of the Company's 2016 distributions to stockholders will be.

As a RIC, the Company will be subject to a 4% nondeductible U.S. federal excise tax on certain undistributed income unless the Company distributes dividends in a timely manner to our stockholders in respect of each calendar year of an amount at least equal to the sum of (1) 98% of the Company's ordinary income (taking into account certain deferrals and elections) for each calendar year, (2) 98.2% of the Company's capital gain net income for the 1-year period ending October 31 of each such calendar year and (3) any ordinary income and capital gain net income realized, but not distributed, in preceding calendar years. The Company will not be subject to excise taxes on amounts on which the Company is required to pay corporate income tax (such as retained net capital gains).

Depending on the level of taxable income earned in a taxable year, the Company may choose to carry over taxable income in excess of current taxable year distributions from such taxable income into the next taxable year and incur a 4% excise tax on such taxable income, as required. The maximum amount of excess taxable income that may be carried over for distribution in the next taxable year under the Code is the total amount of distributions paid in the following taxable year, subject to certain declaration and payment guidelines. To the extent the Company chooses to carry over taxable income into the next taxable year, dividend distributions declared and paid by the Company in a taxable year may differ from the Company's taxable income for that taxable year as such dividend distributions may include the distribution of current taxable year taxable income, the distribution of prior taxable year taxable income carried over into and distributed in the current taxable year, or returns of capital.

The Company has taxable subsidiaries which are designed to hold certain portfolio investments in an effort to limit potential legal liability and/or comply with source-income type requirements contained in the RIC tax provisions of the Code. These taxable subsidiaries are consolidated for U.S. GAAP financial reporting purposes and the portfolio investments held by the taxable subsidiaries are included in the Company's consolidated financial statements, and recorded at fair value. The taxable subsidiaries are not consolidated with the Company for

---

**Table of Contents****Index to Financial Statements**

income tax purposes and may generate income tax expense, or benefit, and tax assets and liabilities as a result of their ownership of certain portfolio investments. Any income generated by the taxable subsidiaries would be taxed at normal corporate tax rates based on its taxable income.

Taxable income for the six months ended June 30, 2016 was approximately \$43.8 million or \$0.61 per share. Taxable net realized losses for the same period was \$2.4 million or approximately \$0.03 per share. Taxable income for the six months ended June 30, 2015 was approximately \$32.0 million or \$0.48 per share. Taxable net realized losses for the same period were \$3.0 million or approximately \$0.05 per share.

For the six months ended June 30, 2016, the Company paid approximately \$18,000 of tax expense and had approximately \$498,000 of accrued but unpaid tax expense as of the balance sheet date. For the six months ended June 30, 2015, the Company paid approximately \$696,000 of tax expense and did not have an accrued but unpaid amount as of the balance sheet date.

The Company intends to distribute approximately \$8.2 million of spillover earnings from ordinary income from the year ended December 31, 2015 to the Company's stockholders in 2016.

**6. Stockholders' Equity**

On August 16, 2013, the Company entered into an ATM equity distribution agreement (the "Equity Distribution Agreement") with JMP and on March 7, 2016, the Company renewed the Equity Distribution Agreement. The Equity Distribution Agreement provides that the Company may offer and sell up to 8.0 million shares of its common stock from time to time through JMP, as its sales agent. Sales of the Company's common stock, if any, may be made in negotiated transactions or transactions that are deemed to be "at the market," as defined in Rule 415 under the Securities Act, including sales made directly on the NYSE or similar securities exchange or sales made to or through a market maker other than on an exchange, at prices related to the prevailing market prices or at negotiated prices.

During the three and six months ended June 30, 2016 the Company sold 1.0 million and 2.1 million shares of common stock for total accumulated net proceeds of approximately \$11.3 million and \$23.7 million, respectively, including \$420,000 and \$822,000 of offering expenses, respectively. The Company did not sell any shares under the program during the year ended December 31, 2015. The Company generally uses net proceeds from these offerings to make investments, to repurchase or pay down liabilities and for general corporate purposes. As of June 30, 2016 approximately 5.3 million shares remain available for issuance and sale under the equity distribution agreement. See "Note 12 - Subsequent Events".

On February 24, 2015, the Company's Board of Directors authorized a stock repurchase plan permitting the Company to repurchase up to \$50.0 million of its common stock. This plan expired on August 24, 2015. On August 27, 2015, the Company's Board of Directors authorized a replacement stock repurchase plan permitting the Company to repurchase up to \$50.0 million of its common stock. On February 17, 2016 the Board of Directors extended the program until August 23, 2016. The Company may repurchase shares of its common stock in the open market, including block purchases, at prices that may be above or below the net asset value as reported in the most recently published financial statements. The Company expects that the share repurchase program will be in effect until August 23, 2016, or until the approved dollar amount has been used to repurchase shares. During the six months ended June 30, 2016 the Company repurchased 449,588 shares of its common stock at an average price per share of \$10.64 per share and a total cost of approximately \$4.8 million. The Company did not make any repurchases during the three months ended June 30, 2016. As of June 30, 2016 approximately \$40.6 million of common stock remains eligible for repurchase under the stock repurchase plan. See "Item 2. Unregistered Sales of Equity Securities and Use of Proceeds" for further information on the repurchases made during the period.

---

**Table of Contents**

**Index to Financial Statements**

The Company anticipates that the manner, timing, and amount of any share purchases will be determined by management based upon the evaluation of market conditions, stock price, and additional factors in accordance with regulatory requirements. Pursuant to the 1940 Act, the Company is required to notify stockholders when such a program is initiated or implemented. The repurchase program does not require the Company to acquire any specific number of shares and may be extended, modified, or discontinued at any time.

On March 27, 2015, the Company raised approximately \$100.1 million, after deducting offering expenses of \$323,000, in a public offering of 7,590,000 shares of its common stock.

At the 2015 Annual Meeting of Stockholders on July 7, 2015, the Company's common stockholders approved a proposal to allow the Company to issue common stock at a discount from its then current net asset value ( NAV ) per share, which was effective until the 2016 annual meeting of stockholders. In connection with the receipt of such stockholder approval, the Company will limit the number of shares that it issues at a price below NAV pursuant to this authorization so that the aggregate dilutive effect on the Company's then outstanding shares will not exceed 20%. The Company's Board of Directors, subject to its fiduciary duties and regulatory requirements, has the discretion to determine the amount of the discount, and as a result, the discount could be up to 100% of NAV per share. During the three and six months ended June 30, 2016 the Company has not issued common stock at a discount to NAV. The Company did not issue common stock at a discount to NAV during the year ended December 31, 2015.

The Company has issued stock options for common stock subject to future issuance, of which 635,557 and 622,171 were outstanding at June 30, 2016 and December 31, 2015, respectively.

**7. Equity Incentive Plan**

The Company and its stockholders have authorized and adopted the 2004 Equity Incentive Plan (the 2004 Plan ) for purposes of attracting and retaining the services of its executive officers and key employees. Under the 2004 Plan, the Company is authorized to issue 12.0 million shares of common stock.

The Company and its stockholders have authorized and adopted the 2006 Non-Employee Director Plan (the 2006 Plan ) and, together with the 2004 Plan, the Plans ) for purposes of attracting and retaining the services of its Board of Directors. Under the 2006 Plan, the Company is authorized to issue 1.0 million shares of common stock. The Company filed an exemptive relief request with the Securities and Exchange Commission ( SEC ) to allow options to be issued under the 2006 Plan which was approved on October 10, 2007.

On June 21, 2007, the stockholders approved amendments to the 2004 Plan and the 2006 Plan allowing for the grant of restricted stock. The amended Plans limit the combined maximum amount of restricted stock that may be issued under both Plans to 10% of the outstanding shares of the Company's stock on the effective date of the Plans plus 10% of the number of shares of stock issued or delivered by the Company during the terms of the Plans. The amendments further specify that no one person shall be granted awards of restricted stock relating to more than 25% of the shares available for issuance under the 2004 Plan. Further, the amount of voting securities that would result from the exercise of all of the Company's outstanding warrants, options and rights, together with any restricted stock issued pursuant to the Plans, at the time of issuance shall not exceed 25% of its outstanding voting securities, except that if the amount of voting securities that would result from such exercise of all of the Company's outstanding warrants, options and rights issued to the Company's directors, officers and employees, together with any restricted stock issued pursuant to the Plans, would exceed 15% of the Company's outstanding voting securities, then the total amount of voting securities that would result from the exercise of all outstanding warrants, options and rights, together with any restricted stock issued pursuant to the Plans, at the time of issuance shall not exceed 20% of the Company's outstanding voting securities.

**Table of Contents****Index to Financial Statements**

The following table summarizes the common stock options activities for the six months ended June 30, 2016 and 2015:

	Six Months Ended June 30,			
	2016		2015	
	Common Stock Options	Weighted Average Exercise Price	Common Stock Options	Weighted Average Exercise Price
<b>Outstanding at December 31,</b>	622,171	\$ 14.25	695,672	\$ 14.58
Granted	128,000	\$ 11.32	78,500	\$ 14.04
Exercised	(11,113)	\$ 10.61	(36,331)	\$ 10.81
Forfeited	(57,948)	\$ 14.16	(155,280)	\$ 14.77
Expired	(45,553)	\$ 15.01	(4,610)	\$ 12.28
<b>Outstanding at June 30,</b>	635,557	\$ 13.68	577,951	\$ 14.71
Shares Expected to Vest at June 30,	325,833	\$ 13.68	405,484	\$ 14.71

The following table summarizes common stock options outstanding and exercisable at June 30, 2016:

(Dollars in thousands,

except exercise price)

	Options Outstanding				Options Exercisable			
	Number of shares	Weighted Average Remaining Contractual Life	Aggregate Intrinsic Value	Weighted Average Exercise Price	Number of shares	Weighted Average Remaining Contractual Life	Aggregate Intrinsic Value	Weighted Average Exercise Price
<b>Range of exercise prices</b>								
\$9.25 - \$14.02	285,140	6.14	\$ 302,934	\$ 11.49	63,597	3.57	\$ 79,734	\$ 11.52
\$14.60 - \$16.34	350,417	5.08		\$ 15.46	246,127	4.83		\$ 15.42
\$9.25 - \$16.34	635,557	5.56	\$ 302,934	\$ 13.68	309,724	4.57	\$ 79,734	\$ 14.62

Options generally vest 33% one year after the date of grant and ratably over the succeeding 24 months.

All options may be exercised for a period ending seven years after the date of grant. At June 30, 2016 options for 309,724 shares were exercisable at a weighted average exercise price of approximately \$14.62 per share with a weighted average remaining contractual term of 4.57 years.

The Company determined that the fair value of options granted under the 2006 and 2004 Plans during the six months ended June 30, 2016 and 2015 was approximately \$46,000 and \$30,000, respectively. During the six months ended June 30, 2016 and 2015, approximately \$100,000 and \$137,000 of share-based cost due to stock option grants was expensed, respectively. As of June 30, 2016 there was approximately \$133,000 of total unrecognized compensation costs related to stock options. These costs are expected to be recognized over a weighted average remaining vesting period of 1.41 years.

The Company follows ASC Topic 718 ( Compensation – Stock Compensation ) to account for stock options granted. Under ASC Topic 718, compensation expense associated with stock-based compensation is measured at the grant date based on the fair value of the award and is recognized over the vesting period. Determining the appropriate fair value model and calculating the fair value of stock-based awards at the grant date requires judgment, including estimating stock price volatility, forfeiture rate and expected option life. The fair value of options granted is based upon a Black Scholes option pricing model using the assumptions in the following table for the six months ended June 30, 2016 and 2015:

	Six Months Ended	
	June 30,	
	2016	2015
Expected Volatility	23.73%	18.94%
Expected Dividends	10%	10%
Expected term (in years)	4.5	4.5
Risk-free rate	0.93% - 1.63%	1.08% - 1.64%

F-151

**Table of Contents****Index to Financial Statements**

During the six months ended June 30, 2016 and 2015 the Company granted 547,214 shares and 602,916 shares, respectively, of restricted stock pursuant to the Plans. The Company determined that the fair value of restricted stock granted under the 2006 and 2004 Plans during the six months ended June 30, 2016 and 2015 was approximately \$6.6 million and \$8.4 million, respectively. During the six months ended June 30, 2016 and 2015, the Company expensed approximately \$4.1 million and \$4.9 million of compensation expense related to restricted stock, respectively. As of June 30, 2016, there was approximately \$10.7 million of total unrecognized compensation costs related to restricted stock. These costs are expected to be recognized over a weighted average remaining vesting period of 2.08 years.

The following table summarizes the activities for the Company's unvested restricted stock for the six months ended June 30, 2016 and 2015:

	2016		Six Months Ended June 30, 2015	
	Restricted Stock Awards	Weighted Average Grant Date Fair Value	Restricted Stock Awards	Weighted Average Grant Date Fair Value
Unvested at December 31,	850,072	\$ 13.59	1,302,780	\$ 13.23
Granted	547,214	\$ 12.01	602,916	\$ 13.98
Vested	(421,223)	\$ 13.68	(587,095)	\$ 13.31
Forfeited	(10,638)	\$ 13.36	(267,656)	\$ 13.26
<b>Unvested at June 30,</b>	<b>965,425</b>	<b>\$ 12.65</b>	<b>1,050,945</b>	<b>\$ 13.62</b>

The SEC, through an exemptive order granted on June 22, 2010, approved amendments to the Plans which allow participants to elect to have the Company withhold shares of the Company's common stock to pay for the exercise price and applicable taxes with respect to an option exercise (net issuance exercise). The exemptive order also permits the holders of restricted stock to elect to have the Company withhold shares of the Company's stock to pay the applicable taxes due on restricted stock at the time of vesting. Each individual can make a cash payment at the time of option exercise or to pay taxes on restricted stock.

**8. Earnings Per Share**

Shares used in the computation of the Company's basic and diluted earnings per share are as follows:

(in thousands, except per share data)	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
<b>Numerator</b>				
Net increase in net assets resulting from operations	\$ 9,475	\$ 2,752	\$ 23,770	\$ 24,670
Less: Distributions declared-common and restricted shares	(22,836)	(22,501)	(45,206)	(42,766)
Undistributed (distributions in excess of) earnings	(13,361)	(19,749)	(21,436)	(18,096)
Undistributed (distributions in excess of) earnings-common shares	(13,361)	(19,749)	(21,436)	(18,096)
Add: Distributions declared-common shares	22,519	22,154	44,494	41,867
<b>Numerator for basic and diluted change in net assets per common share</b>	<b>\$ 9,158</b>	<b>\$ 2,405</b>	<b>\$ 23,058</b>	<b>\$ 23,771</b>
<b>Denominator</b>				
Basic weighted average common shares outstanding	72,746	71,368	71,959	67,596

Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

Common shares issuable	16	225	6	305
<b>Weighted average common shares outstanding assuming dilution</b>	<b>72,762</b>	<b>71,593</b>	<b>71,965</b>	<b>67,901</b>

**Change in net assets per common share**

Basic	\$ 0.13	\$ 0.03	\$ 0.32	\$ 0.35
Diluted	\$ 0.13	\$ 0.03	\$ 0.32	\$ 0.35

In the table above, unvested share-based payment awards that have non-forfeitable rights to distributions or distribution equivalents are treated as participating securities for calculating earnings per share.

F-152

**Table of Contents****Index to Financial Statements**

Unvested common stock options are also included in the denominator for the purpose of calculating diluted earnings per share. For the three and six months ended June 30, 2015, the dilutive effect of the Convertible Senior Notes under the treasury stock method was also included in this calculation because the Company's share price was greater than the conversion price in effect (\$11.21 as of June 30, 2015) for the Convertible Senior Notes for such periods. The Convertible Senior Notes were fully settled on or before their contractual maturity date of April 15, 2016, as such there is no potential additional dilutive effect for the three and six months ended June 30, 2016.

The calculation of change in net assets resulting from operations per common share assuming dilution, excludes all anti-dilutive shares. For the three months ended June 30, 2016 and 2015, the number of anti-dilutive shares, as calculated based on the weighted average closing price of the Company's common stock for the periods, was approximately 673,654 shares and 588,498 shares, respectively. For the six months ended June 30, 2016 and 2015, the number of anti-dilutive shares, as calculated based on the weighted average closing price of the Company's common stock for the periods, was approximately 695,667 shares and 620,124 shares, respectively.

At June 30, 2016, the Company was authorized to issue 200.0 million shares of common stock with a par value of \$0.001. Each share of common stock entitles the holder to one vote.

**9. Financial Highlights**

Following is a schedule of financial highlights for the six months ended June 30, 2016 and 2015:

	<b>Six Months Ended June 30,</b>	
	<b>2016</b>	<b>2015</b>
<b>Per share data<sup>(1)</sup>:</b>		
<b>Net asset value at beginning of period</b>	\$ 9.94	\$ 10.18
Net investment income	0.60	0.44
Net realized gain on investments	(0.06)	0.03
Net unrealized appreciation (depreciation) on investments	(0.21)	(0.09)
<b>Total from investment operations</b>	0.33	0.38
Net increase (decrease) in net assets from capital share transactions <sup>(1)</sup>	(0.04)	0.26
Distributions of net investment income <sup>(6)</sup>	(0.63)	(0.63)
Stock-based compensation expense included in investment income <sup>(2)</sup>	0.06	0.07
<b>Net asset value at end of period</b>	\$ 9.66	\$ 10.26
<b>Ratios and supplemental data:</b>		
Per share market value at end of period	\$ 12.42	\$ 11.55
Total return <sup>(3)</sup>	7.24%	(18.82%)
Shares outstanding at end of period	74,320	72,493
Weighted average number of common shares outstanding	71,959	67,596
Net assets at end of period	\$ 717,795	\$ 743,691
Ratio of total expense to average net assets <sup>(4)</sup>	10.82%	11.46%
Ratio of net investment income before investment gains and losses to average net assets <sup>(4)</sup>	12.05%	8.36%
Portfolio turnover rate <sup>(5)</sup>	18.61%	14.42%
Average debt outstanding	\$ 595,652	\$ 611,061
Weighted average debt per common share	\$ 8.28	\$ 9.04

- (1) All per share activity is calculated based on the weighted average shares outstanding for the relevant period, except net increase (decrease) in net assets from capital share transactions, which is based on the common shares outstanding as of the relevant balance sheet date.
- (2) Stock option expense is a non-cash expense that has no effect on net asset value. Pursuant to ASC Topic 718, net investment income includes the expense associated with the granting of stock options which is offset by a corresponding increase in paid-in capital.
- (3) The total return for the six months ended June 30, 2016 and 2015 equals the change in the ending market value over the beginning of the period price per share plus distributions paid per share during the period, divided by the beginning price assuming the distribution is reinvested on the date of the distribution. As such, the total return is not annualized. The total return does not reflect any sales load that must be paid by investors.

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

- (4) All ratios are calculated based on weighted average net assets for the relevant period and are annualized.
- (5) The portfolio turnover rate for the six months ended June 30, 2016 and 2015 equals the lesser of investment portfolio purchases or sales during the period, divided by the average investment portfolio value during the period. As such, portfolio turnover rate is not annualized.
- (6) Includes distributions on unvested shares.

F-153

**Table of Contents****Index to Financial Statements****10. Commitments and Contingencies**

The Company's commitments and contingencies consist primarily of unused commitments to extend credit in the form of loans to the Company's portfolio companies. A portion of these unfunded contractual commitments are dependent upon the portfolio company reaching certain milestones before the debt commitment becomes available. Furthermore, our credit agreements contain customary lending provisions which allow us relief from funding obligations for previously made commitments in instances where the underlying company experiences materially adverse events that affect the financial condition or business outlook for the Company. Since a portion of these commitments may expire without being drawn, unfunded contractual commitments do not necessarily represent future cash requirements. As such, the Company's disclosure of unfunded contractual commitments includes only those which are available at the request of the portfolio company and unencumbered by milestones.

At June 30, 2016, the Company had approximately \$71.2 million of unfunded commitments, including undrawn revolving facilities, which were available at the request of the portfolio company and unencumbered by milestones.

The Company also had approximately \$115.0 million of non-binding term sheets outstanding at June 30, 2016. Non-binding outstanding term sheets are subject to completion of the Company's due diligence and final investment committee approval process, as well as the negotiation of definitive documentation with the prospective portfolio companies. These non-binding term sheets generally convert to contractual commitments in approximately 90 days from signing. Not all non-binding term sheets are expected to close and do not necessarily represent future cash requirements.

The fair value of the Company's unfunded commitments is considered to be immaterial as the yield determined at the time of underwriting is expected to be materially consistent with the yield upon funding, given that interest rates are generally pegged to a market indices and given the existence of milestones, conditions and/or obligations imbedded in the borrowing agreements.

As of June 30, 2016, the Company's unfunded contractual commitments available at the request of the portfolio company, including undrawn revolving facilities, and unencumbered by milestones are as follows:

(in thousands)

<b>Portfolio Company</b>	<b>Unfunded Commitments<sup>(1)</sup></b>
Paratek Pharmaceuticals, Inc.	\$ 20,000
NewVoiceMedia Limited	15,000
Aquantia Corp.	11,500
Bellicum Pharmaceuticals, Inc.	5,000
Genocea Biosciences, Inc.	5,000
Druva, Inc.	5,000
Flowonix Medical	5,000
Quanterix Corporation	3,000
Achronix Semiconductor Corporation	1,657
<b>Total</b>	<b>\$ 71,157</b>

(1) Amount represents unfunded commitments, including undrawn revolving facilities, which are available at the request of the portfolio company. Amount excludes unfunded commitments which are unavailable due to the borrower having not met certain milestones.

**Table of Contents****Index to Financial Statements**

Certain premises are leased under agreements which expire at various dates through March 2020. Total rent expense amounted to approximately \$436,000 and \$872,000 during the three and six months ended June 30, 2016. Total rent expense amounted to approximately \$409,000 and \$818,000 during the same periods ended June 30, 2015. The Company's contractual obligations as of June 30, 2016 include:

	Total	Payments due by period (in thousands)			
		Less than 1 year	1 - 3 years	3 - 5 years	After 5 years
<b>Contractual Obligations</b> <sup>(1)(2)</sup>					
Borrowings <sup>(3)(4)</sup>	\$ 674,809	\$	\$ 212,189	\$ 107,425	\$ 355,195
Operating Lease Obligations <sup>(5)</sup>	4,071	1,628	2,266	177	
<b>Total</b>	\$ 678,880	\$ 1,628	\$ 214,455	\$ 107,602	\$ 355,195

(1) Excludes commitments to extend credit to the Company's portfolio companies.

(2) The Company also has a warrant participation agreement with Citigroup. See Note 4 to the Company's consolidated financial statements.

(3) Includes \$190.2 million in principal outstanding under the SBA debentures, \$110.4 million of the 2019 Notes, \$244.9 million of the 2024 Notes, and \$129.3 million of the 2021 Asset-Backed Notes as of June 30, 2016.

(4) Amounts represent future principal repayments and not the carrying value of each liability. See Note 4 to the Company's consolidated financial statements.

(5) Long-term facility leases.

The Company may, from time to time, be involved in litigation arising out of its operations in the normal course of business or otherwise.

Furthermore, third parties may try to seek to impose liability on the Company in connection with the activities of its portfolio companies. While the outcome of any current legal proceedings cannot at this time be predicted with certainty, the Company does not expect any current matters will materially affect the Company's financial condition or results of operations; however, there can be no assurance whether any pending legal proceedings will have a material adverse effect on the Company's financial condition or results of operations in any future reporting period.

**11. Recent Accounting Pronouncements**

In January 2016, the FASB issued ASU 2016-01, Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities, which, among other things, requires that (i) all equity investments, other than equity-method investments, in unconsolidated entities generally be measured at fair value through earnings and (ii) an entity to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk when the entity has elected to measure the liability at fair value in accordance with the fair value option for financial instruments. Additionally, the ASU changes the disclosure requirements for financial instruments. ASU 2016-01 is effective for annual reporting periods, and the interim periods within those periods, beginning after December 15, 2017. Early adoption is permitted for certain provisions. The Company is currently evaluating the impact that ASU 2016-01 will have on its consolidated financial statements and disclosures.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842), which, among other things, requires recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases under previous GAAP. Additionally, the ASU requires the classification of all cash payments on leases within operating activities in the Consolidated Statement of Cash Flows. ASU 2016-02 is effective for annual reporting periods, and the interim periods within those periods, beginning after December 15, 2018. Early adoption is permitted. The Company is currently evaluating the impact that ASU 2016-02 will have on its consolidated financial statements and disclosures.

In March 2016, the FASB issued ASU 2016-09, Compensation – Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting, which, among other things, simplifies several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. ASU

**Index to Financial Statements**

2016-09 is effective for annual reporting periods, and the interim periods within those periods, beginning after December 15, 2016. Early adoption is permitted. The Company is currently evaluating the impact that ASU 2016-09 will have on its consolidated financial statements and disclosures.

**12. Subsequent Events**

*Dividend Distribution Declaration*

On July 27, 2016 the Board of Directors declared a cash dividend distribution of \$0.31 per share to be paid on August 22, 2016 to stockholders of record as of August 15, 2016. This dividend distribution represents the Company's forty-fourth consecutive dividend declaration since the Company's IPO, bringing the total cumulative dividend declared to date to \$12.16 per share.

*ATM Issuances*

Subsequent to June 30, 2016 and as of August 1, 2016, the Company sold 529,000 shares of common stock for total accumulated net proceeds of approximately \$6.5 million, including \$83,000 of offering expenses, under its ATM equity distribution agreement with JMP. As of August 1, 2016 approximately 4.8 million shares remain available for issuance and sale under the equity distribution agreement.

*Union Bank Facility*

On July 18, 2016, we entered into the First Amendment to the Loan and Security Agreement, dated as of May 5, 2016 with MUFG Union Bank, N.A. The Amendment amends certain definitions relating to borrowings which accrue interest based on the London Interbank Offered Rate ( LIBOR Loans ) and (ii) the method(s) for calculating interest on and the paying of certain fees related to such LIBOR Loans.

*Portfolio Company Developments*

As of August 1, 2016, the Company held warrants or equity positions in four companies that have filed registration statements on Form S-1 with the SEC in contemplation of potential initial public offerings. All four companies filed confidentially under the Jumpstart Our Business Startups Act. There can be no assurance that companies that have yet to complete their initial public offerings will do so in a timely matter or at all. In addition, subsequent to June 30, 2016 the following portfolio companies completed liquidity events:

1. On May 1, 2016, the Company's portfolio company, BIND Therapeutics, Inc. ( BIND ), filed for Voluntary Chapter 11 Bankruptcy Protection in the District of Delaware. On July 27, 2016, the U.S. Bankruptcy Court approved a \$40.0 million offer from Pfizer Inc. to buy the assets of BIND. The Company has fully recovered its outstanding obligation from BIND.
2. In July 2016, Nuance Communications, Inc. announced that it has entered into a definitive agreement to acquire the Company's portfolio company TouchCommerce, Inc. for approximately \$215.0 million. The Company held warrants for 2.3 million shares of Preferred Series E stock as of June 30, 2016.
3. In July 2016, the Company's portfolio company TPI Composites, Inc. completed its initial public offering.

- (1) Stock and warrants are generally non-income producing and restricted. The principal amount for debt is shown in the Consolidated Schedule of Investments as of June 30, 2016.
- (2) Represents the total amount of interest or dividends credited to income for the period an investment was an affiliate or control investment.
- (3) Gross additions include increases in the cost basis of investments resulting from new portfolio investments, paid-in-kind interest or dividends, the amortization of discounts and closing fees and the exchange of one or more existing securities for one or more new securities.
- (4) Gross reductions include decreases in the cost basis of investments resulting from principal repayments or sales and the exchange of one or more existing securities for one or more new securities. Gross reductions also include previously recognized depreciation on investments that become control or affiliate investments during the period.
- (5) As of June 30, 2016, the Company's investments in SkyCross, Inc. became classified as a control investment as a result of obtaining more than 50% representation on a portfolio company's board. In addition, as of June 30, 2016 the Company owned 100% of the equity of Achilles Technology Management Co II, Inc. and classified it as a control investment in accordance with the requirements of the 1940 Act. During the three months ended June 30, 2016, Achilles Technology Management Co II, Inc. acquired the assets of a global antenna company that produces radio frequency system solutions as part of an article 9 consensual foreclosure and public auction for total consideration in the amount of \$4 million. The Company's investment in Achilles Technology Management Co II, Inc. is carried on the consolidated statement of assets and liabilities at fair value.

Title of Class	Number of Record Holders
Common stock, par value \$.001 per share	44,600

**Item 30. Indemnification**

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active and deliberate dishonesty established by a final judgment as being material to the cause of action. The Registrant's charter contains such a provision which eliminates directors' and officers' liability to the maximum extent permitted by Maryland law, subject to the requirements of the 1940 Act.

---

**Table of Contents**

**Index to Financial Statements**

The Registrant's charter authorizes the Registrant, to the maximum extent permitted by Maryland law and subject to the requirements of the 1940 Act, to obligate itself to indemnify any present or former director or officer or any individual who, while a director or officer of the Registrant and at its request, serves or has served another corporation, real estate investment trust, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner or trustee, from and against any claim or liability to which that person may become subject or which that person may incur by reason of his or her service in any such capacity and, under certain circumstances and provided certain conditions have been met, to pay or reimburse their reasonable expenses in advance of final disposition of a proceeding. The Registrant's bylaws obligate the Registrant, to the maximum extent permitted by Maryland law and subject to the requirements of the 1940 Act, to indemnify any present or former director or officer or any individual who, while a director or officer of the Registrant and at its request, serves or has served another corporation, real estate investment trust, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner or trustee and who is made, or threatened to be made, a party to the proceeding by reason of his or her service in any such capacity from and against any claim or liability to which that person may become subject or which that person may incur by reason of his or her service in any such capacity and, under certain circumstances and provided certain conditions have been met, to pay or reimburse their reasonable expenses in advance of final disposition of a proceeding. The charter and bylaws also permit the Registrant to indemnify and, under certain circumstances and provided certain conditions have been met, advance expenses to any person who served a predecessor of the Registrant in any of the capacities described above and any of the Registrant's employees or agents or any employees or agents of its predecessor. In accordance with the 1940 Act, the Registrant will not indemnify any person for any liability to which such person would be subject by reason of such person's willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his office. Additionally, the Registrant will not indemnify any person with respect to any matter as to which such person shall have been finally adjudicated in any proceeding not to have acted in good faith in the reasonable belief that their action was in the best interests of the Registrant.

Maryland law requires a corporation (unless its charter provides otherwise, which the Registrant's charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made, or threatened to be made, a party by reason of his or her service in that capacity. Maryland law permits a corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made, or threatened to be made, a party by reason of their service in those or other capacities unless it is established that (a) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (1) was committed in bad faith or (2) was the result of active and deliberate dishonesty, (b) the director or officer actually received an improper personal benefit in money, property or services or (c) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. However, under Maryland law, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that a personal benefit was improperly received, unless in either case a court orders indemnification, and then only for expenses. In addition, Maryland law permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (b) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers and controlling persons of the Company pursuant to the provisions described above, or otherwise, the Company has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Company of expenses incurred or paid by a director, officer or controlling person in the successful defense of an action, suit or proceeding) is asserted by a

director, officer or controlling person in connection with the securities being registered, the Company will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The Company carries liability insurance for the benefit of its directors and officers (other than with respect to claims resulting from the willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office) on a claims-made basis of up to \$3,000,000, subject to a \$250,000 retention and the other terms thereof.

The Company has agreed to indemnify the underwriters against specified liabilities for actions taken in their capacities as such, including liabilities under the Securities Act of 1933, as amended.

#### **Item 31. Business and Other Connections of Investment Advisor**

Not applicable.

#### **Item 32. Location of Accounts and Records**

The Company maintains at its principal office, 400 Hamilton Avenue Suite 310 Palo Alto, CA 94301, physical possession of each account, book or other document required to be maintained by Section 31(a) of the 1940 Act and the rules thereunder.

#### **Item 33. Management Services**

Not applicable.

#### **Item 34. Undertakings**

The Registrant undertakes:

1. to suspend the offering of shares until the prospectus is amended if (a) subsequent to the effective date of its registration statement, the NAV declines more than ten percent from its NAV as of the effective date of the registration statement or (b) the NAV increases to an amount greater than the net proceeds (if applicable) as stated in the prospectus.
2. Not applicable.
3. Not applicable.
4.
  - a. to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
    - i. to include any prospectus required by Section 10(a)(3) of the Securities Act;

## Edgar Filing: CleanTech Innovations, Inc. - Form PRER14C

- ii. to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; and
  
- iii. to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

- b. that, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of the securities at that time shall be deemed to be the initial bona fide offering thereof;
  - c. to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;
  - d. that, for the purpose of determining liability under the Securities Act to any purchaser, if the Registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 497(b), (c), (d) or (e) under the Securities Act as part of a registration statement relating to an offering, other than prospectus filed in reliance on Rule 430A under the Securities Act, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness, provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supercede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use;
  - e. that for the purpose of determining liability of the Registrant under the Securities Act to any purchaser in the initial distribution of securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to the purchaser:
    - i. any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 497 under the Securities Act;
    - ii. the portion of any advertisement pursuant to Rule 482 under the Securities Act relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
    - iii. any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.
  - f. to file a post-effective amendment to the registration statement, and to suspend any offers or sales pursuant the registration statement until such post-effective amendment has been declared effective under the Securities Act, in the event the shares of the Registrant are trading below its NAV per share and either (a) the Registrant receives, or has been advised by its independent registered accounting firm that it will receive, an audit report reflecting substantial doubt regarding the Registrant's ability to continue as a going concern or (b) the Registrant has concluded that a fundamental change has occurred in its financial position or results of operations; and
5. Not applicable.
6. Not applicable.
