PROXY STATEMENT

This proxy statement is being furnished in connection with the solicitation of proxies by the board of directors of First Solar, Inc., a Delaware corporation ("First Solar" or the "Company"), for use at the annual meeting of the Company's stockholders to be held on Wednesday, May 20, 2015 at the Desert Willow Conference Center, 4340 East Cotton Center Boulevard, Phoenix, Arizona 85040, commencing at 9:00 a.m., local time, and at any adjournment or postponement. The Notice of Internet Availability of Proxy Materials (the "Notice") relating to the annual meeting is first being mailed to stockholders, and this proxy statement is first being made available to stockholders, on or about April 8, 2015.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At the annual meeting, stockholders are being asked to consider and vote upon the following matters:

the election of eleven members of our board of directors to hold office until the next annual meeting of stockholders or until their respective successors have been elected and qualified;

the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2015; and

the approval of the adoption of the First Solar, Inc. 2015 Omnibus Incentive Compensation Plan.
The stockholders will also transact any other business that may properly come before the annual meeting.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the Securities and Exchange Commission (the "Commission" or the "SEC"), we may furnish proxy materials, including this proxy statement and our 2014 Annual Report to Stockholders (the "2014 Annual Report"), to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. You will not receive a printed copy of the proxy materials unless you specifically request one. Instead, the Notice instructs you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

How do I get electronic access to the proxy materials?

The Notice provides you with instructions regarding how to:

View our proxy materials for the annual meeting on the Internet; and

Edgar Filing: FIRST SOLAR, INC. - Form DEF 14A

Instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the environmental impact of printing and mailing these materials. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Table of Contents

How does the board of directors recommend that I vote?

Our board of directors recommends that you vote your shares (1) FOR each of the nominees to the board of directors, (2) FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2015 and (3) FOR the approval of the First Solar, Inc. 2015 Omnibus Incentive Compensation Plan.

Who is entitled to vote?

The record date for the annual meeting is March 31, 2015. Only stockholders of record at the close of business on that date are entitled to notice of and to vote at the annual meeting. Attendance at the meeting will be limited to such stockholders of record, their proxies, beneficial owners having evidence of ownership on that date and invited guests of the Company.

The Company's sole outstanding capital stock is its common stock, with a par value of \$0.001 per share. Each holder of the Company's common stock is entitled to one vote per share on each matter submitted at the annual meeting. At the close of business on the record date there were 100,791,414 shares of the Company's common stock outstanding and eligible to vote at the annual meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most First Solar stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the stockholder of record, and the Notice was sent directly to you by First Solar. As the stockholder of record, you have the right to grant your voting proxy directly to First Solar or to vote in person at the annual meeting. If you requested to receive printed proxy materials, First Solar has enclosed or sent a proxy card for your use. You may also vote on the Internet or by telephone, as described in the Notice and below under the heading *How can I vote my shares without attending the annual meeting?*

Beneficial Owner

If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust or other similar organization, like the vast majority of our stockholders, you are considered the beneficial owner of shares held in street name, and the Notice was forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, trustee or nominee how to vote your shares, and you are also invited to attend the annual meeting.

Since a beneficial owner is not the stockholder of record, you may not vote your shares in person at the annual meeting unless you obtain a legal proxy from the broker, bank, trustee or nominee that holds your shares giving you the right to vote the shares at the meeting. If you do not wish to vote in person or you will not be attending the annual meeting, you may vote by proxy. You may vote by proxy over the Internet or by telephone, as described in the Notice and below under the heading *How can I vote my shares without attending the annual meeting?*

How can I vote my shares in person at the annual meeting?

Shares held in your name as the stockholder of record may be voted by you in person at the annual meeting. Shares held beneficially in street name may be voted by you in person at the annual meeting only if you obtain a legal proxy from the broker, bank, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

Table of Contents

How can I vote my shares without attending the annual meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the annual meeting. If you are a stockholder of record, you may vote by proxy. You can vote by proxy over the internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you can also vote by mail or telephone pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may also vote by proxy over the Internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you can also vote by telephone or mail by following the voting instruction card provided to you by your broker, bank, trustee or nominee.

Can I change my vote after I submit my proxy?

Yes, you may change your vote at any time prior to the vote at the annual meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to First Solar's Corporate Secretary at 350 West Washington Street, Suite 600, Tempe, Arizona 85281 prior to your shares being voted, or by attending the annual meeting and voting in person. Attendance at the annual meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee following the instruction they provided, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the annual meeting and voting in person.

How many shares must be present to hold the annual meeting?

A quorum must be present at the annual meeting for any business to be conducted. The presence at the annual meeting, in person or by proxy, of the holders of a majority of the shares of voting stock outstanding on the record date, determined by voting power, will constitute a quorum. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum. If a quorum is not present, the chairman of the annual meeting may adjourn the annual meeting until a quorum is present.

What is the voting requirement to approve each of the proposals?

In the election of directors, pursuant to our by-laws, the affirmative vote of a plurality of the votes cast is required to elect the eleven nominees as directors, meaning that the eleven nominees will be elected if they receive more affirmative votes than any other person. You may not accumulate your votes for the election of directors. Note, however, that we have adopted a majority vote policy in connection with the election of directors, which generally provides that, in the context of an uncontested election (defined as an election in which the number of nominees is not greater than the number of Board seats open for election), any nominee who receives a greater number of votes withheld from his or her election than votes for his or her election is required to tender his or her resignation to the Chairman of the Board for consideration by the nominating and governance committee. See Directors Majority Vote Policy below for a more detailed description of this policy.

The proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2015 and requires the affirmative vote of holders of a majority of the stock represented and voting on such question.

The proposal to approve the First Solar, Inc. 2015 Omnibus Incentive Compensation Plan requires the affirmative vote of holders of a majority of the stock represented and voting on such question.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. Please note that brokers may not use discretionary authority to vote shares on the election of directors or the approval of

Table of Contents

the First Solar, Inc. 2015 Omnibus Incentive Compensation Plan if they have not received specific instructions from their clients. For your vote to be counted on those two matters, you will need to communicate your voting decisions to your bank, broker or other holder of record before the date of the annual meeting.

In tabulating the voting result for any particular proposal, shares that constitute broker non-votes and abstentions are not considered votes cast on that proposal. Thus, neither broker non-votes nor abstentions will affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the board of directors may either reduce the number of directors to be elected or cause a substitute nominee to be selected. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

Who pays for the costs of soliciting proxies?

The Company will pay the cost of soliciting proxies. The Company has retained Alliance Advisors, LLC (Alliance) to act as a proxy solicitor in conjunction with the annual meeting. Alliance may assist us in soliciting proxies by telephone and by other means. We anticipate paying Alliance a fee not to exceed \$10,500 plus reasonable out-of-pocket expenses for proxy solicitation services.

In addition, the Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of voting stock. In addition to solicitation by mail, directors, officers and associates (which is our term for employees and is used throughout this proxy statement to mean employees) of the Company may solicit proxies personally, by telephone or by electronic communication, without additional compensation.

Table of Contents

CORPORATE GOVERNANCE

We adopted corporate governance guidelines that address the governance activities of the board of directors and include criteria for determining the independence of the members of our board. These guidelines are in addition to the requirements of the Commission and The NASDAQ Stock Market (NASDAQ). The guidelines also include requirements for the standing committees of the board, responsibilities for board members and the annual evaluation of the board's and its committees' effectiveness. The corporate governance guidelines are available on our website at www.firstsolar.com under Investors Corporate Governance. At any time that these guidelines are not available on our website, we will provide a copy upon written request made to Investor Relations, First Solar, Inc., 350 West Washington Street, Suite 600, Tempe, Arizona 85281.

Independence

The board of directors has determined that the following directors are independent as required by the Sarbanes-Oxley Act of 2002, SEC rules and regulations, the listing standards of NASDAQ and our corporate governance guidelines (collectively, the Independence Criteria): Sharon L. Allen, Richard D. Chapman, George A. (Chip) Hambro, Craig Kennedy, James F. Nolan, William J. Post, J. Thomas Presby, Paul H. Stebbins and Michael Sweeney. The board of directors has also concluded that the members of each of the audit, compensation and nominating and governance committees are independent in accordance with the Independence Criteria and such other laws and regulations as may be applicable to those committees in accordance with their charter.

Code of Business Conduct and Ethics

We have a code of business conduct and ethics that applies to all directors and associates, including our chairman, chief executive officer, chief financial officer, other directors and executive officers and all of our associates in the global organization. These standards are designed to deter wrongdoing and to promote the honest and ethical conduct of all directors and associates. The code of business conduct and ethics is posted on our website at www.firstsolar.com under Investors Corporate Governance. Any substantive amendment to, or waiver from, any provision of the code of business conduct and ethics with respect to any director or executive officer will be posted on our website.

Board of Directors Composition

Our board of directors is currently composed of eleven directors: nine independent directors and two non-independent directors, our chairman of the board and our chief executive officer.

Board of Directors Leadership Structure

The board's current leadership structure separates the positions of chairman and chief executive officer. Although the roles of chief executive officer and chairman of the board are currently separated, the board has not adopted a formal policy regarding leadership structure and instead believes that the right structure should be based on the needs and circumstances of the Company, its board and its stockholders at a given point in time, and that the board should remain adaptable to shaping the leadership structure as those needs change. With the departure of Robert J. Gillette as chief executive officer in October 2011 and the willingness of Michael J. Ahearn, our chairman of the board, to serve as chief executive officer on an interim basis, the board determined that a structure, with the roles of chief executive officer and chairman of the board combined, was appropriate at the time based upon Company-specific circumstances. With the appointment of James A. Hughes as chief executive officer in May 2012, the board determined that the current structure, with the role of chief executive officer and chairman of the board separated, is appropriate under Company-specific circumstances.

The Board's Role in Risk Oversight

The Company has a comprehensive risk management process in which management is responsible for identifying and managing the Company's risks, and the board and its committees provide oversight in connection

Table of Contents

with these efforts. Risks are identified, assessed and managed on an ongoing basis and communicated to management during periodic management meetings or otherwise as appropriate. Existing and potential material risks are addressed during periodic senior management meetings, resulting in both board and committee discussions and public disclosure, as appropriate. Further, risk assessment is embedded in the Company's business decision making, business planning and strategic planning.

The board is responsible for overseeing management in the execution of its risk management responsibilities and for assessing the Company's approach to risk management. The board administers this risk oversight function either through the full board or through one of its five standing committees, each of which examines various components of the Company's enterprise risks as part of its responsibilities. The full board reviews enterprise-wide strategic risks and certain other higher risk areas on a regular basis. An overall review of risk is inherent in the board's consideration of the Company's long-term strategies and in the transactions and other matters presented to the board, including capital expenditures, manufacturing capacity expansions, acquisitions and significant financial matters. The audit committee oversees financial risks (including risks associated with accounting, financial reporting, enterprise resource planning system implementation, foreign currencies and the collectability of receivables), legal and compliance risks and other risk management functions. The compensation committee considers risks related to the attraction and retention of talent (including management succession planning) and risks relating to the design of compensation programs and arrangements, including a periodic review of such compensation programs to ensure that they do not encourage excessive risk-taking. The nominating and governance committee considers risks related to corporate governance practices. The project development committee considers risks related to our project development, project selling, and related project finance activities. The technology committee considers risks related to our products (such as product warranty and product quality and reliability) and to our ability to achieve the targets in our product and technology roadmaps.

Management regularly reports on risk-related matters to the board or the relevant committee thereof. Management presentations containing information regarding risks and risk management initiatives are given throughout the year in connection with board and committee quarterly and special meetings as well as other communications as needed or as requested by the board or committees. In addition, the Company's vice president of internal audit and risk management reports to the audit committee at least once per year, and has open access to the chair of the audit committee.

Policy Regarding Hedging of Company Securities

The Company's Insider Trading Policy prohibits its directors and all associates, including all named executive officers, from engaging in any short sales with respect to Company securities, buying or selling puts, calls or derivatives on Company securities and purchases of Company securities on margin.

Share Ownership Requirements

The Company remains committed to reviewing and tracking the implementation of share ownership guidelines pursuant to which the Company's executive officers and non-associate directors are required to achieve share holdings equal to three times their annual base salary or annual retainer, as applicable, and six times annual base salary for the chief executive officer. Under the guidelines, executives and directors have five years to obtain the required ownership levels.

Committee Composition

We have five standing committees of the board: the audit committee, the compensation committee, the nominating and governance committee, the project development committee and the technology committee. The committee membership and meetings during 2014 and the function of each of the committees are described below.

During 2014, the board of directors held 10 board meetings. Each director attended at least 75% of the aggregate of all board of directors meetings and committee meetings for the committees on which he or she serves.

The following is a list of all directors and the committees on which the directors serve as of March 31, 2015:

Audit Committee					

The audit committee oversees our financial reporting process on behalf of the board of directors and reports to the board of directors the results of these activities, including reviewing the systems of internal controls established by management, our audit and compliance process and financial reporting filings. The audit committee, among other duties, engages the independent registered public accounting firm, pre-approves all audit and non-audit services provided by the independent registered public accounting firm, reviews with the independent registered public accounting firm the plans and results of the audit engagement, considers whether any non-audit services provided by the independent registered public accounting firm conflict with the independence of such independent registered public accounting firm and reviews the independence of the independent registered public accounting firm. During 2014, the audit committee held nine meetings.

J. Thomas Presby (Chair), Sharon L. Allen, Craig Kennedy and Paul H. Stebbins serve on our audit committee. Each member of the audit committee meets the standards for financial knowledge for companies listed on NASDAQ. In addition, the board of directors has determined that Mr. Presby and Ms. Allen are qualified as audit committee financial experts within the meaning of Commission regulations.

The audit committee operates pursuant to a written charter and is of the view that it has complied with its charter. A copy of the audit committee's charter is available on our website at www.firstsolar.com under Investors Corporate Governance.

Compensation Committee

The compensation committee reviews and recommends compensation and benefit plans for the Company's officers and directors, including non-associate directors, reviews the base salary and incentive compensation for each executive officer, reviews and approves corporate goals and objectives relevant to our chief executive officer's compensation, administers our incentive compensation program for key executive and management associates and reviews at least annually the benefits strategy related to benefits for all associates. During 2014, the compensation committee held six meetings. In 2014, as in prior years, the compensation committee directly engaged Compensation Strategies, Inc. (Compensation Strategies), an independent compensation consulting firm, to provide data related to the compensation practices of our peer group and comparative analysis of our compensation practices with such practices at our peer group companies. The compensation committee reviews the information provided by Compensation Strategies and analyzes overall compensation to ensure that subjective factors such as responsibilities, positions and individual performance and other similar conditions are recognized, and also considers information and recommendations from management regarding past, present and future compensation of our named executive officers under various payment scenarios. For further discussion of the nature and scope of the

Table of Contents

independent compensation consultant's assignment, see Compensation Discussion and Analysis Compensation Committee Practices Review of Peer Company Data. The aggregate fees paid Compensation Strategies were \$231,128. The fees were incurred solely for services relating to executive and board compensation.

Pursuant to its charter, the compensation committee has implemented a number of safeguards to ensure that Compensation Strategies provides the compensation committee with independent and objective advice, including through directly retaining Compensation Strategies, having the sole authority to terminate Compensation Strategies and determining the terms and conditions of Compensation Strategies' engagement, including the fees charged. The compensation committee also considers the independence of its advisors, including Compensation Strategies, annually on the basis of the following six independence factors adopted by the listing of NASDAQ, as addressed in certifications provided to the compensation committee by its advisors:

whether the advisor provides other services to the Company;

the amount of fees received from the Company as a percentage of the advisor's total revenues;

whether the advisor has policies and procedures designed to prevent a conflict of interest;

whether a business relationship exists between the advisor and any member of the compensation committee or management;

whether a personal relationship exists between the advisor and any member of the compensation committee or management; and

whether the advisor owns Company stock.

During 2014, the compensation committee conducted an independence analysis of the relationship of Compensation Strategies to the Company, including a review of potential conflicts of interest, and concluded that Compensation Strategies is independent and no such conflicts existed.

Michael Sweeney (Chair), Richard D. Chapman, William J. Post and Paul H. Stebbins serve on our compensation committee.

The compensation committee operates pursuant to a written charter and is of the view that it has complied with its charter. A copy of the compensation committee's charter is available on our website at www.firstsolar.com under Investors Corporate Governance.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee has been an executive officer or associate of the Company during our last completed fiscal year. During our last completed fiscal year, none of our executive officers served as a member of the compensation committee of any entity that has one or more executive officers serving on our compensation committee.

Nominating and Governance Committee

The nominating and governance committee reviews the composition and performance of the board and its committees and leads the process to assess their performance, assesses candidates for appointment to the board and recommends to the board whether such candidates should stand for election at the next meeting of stockholders. During 2014, the nominating and governance committee held five meetings.

Paul H. Stebbins (Chair), J. Thomas Presby and Michael Sweeney serve on our nominating and governance committee.

The nominating and governance committee operates pursuant to a written charter and is of the view that it has complied with its charter. A copy of the nominating and governance committee's charter is available on our website at www.firstsolar.com under Investors Corporate Governance.

Nomination Procedures

Director nominees are recommended by the nominating and governance committee for selection by the board of directors. In considering new nominees for the board of directors, the nominating and governance committee considers qualified individuals who, if added to the board of directors, would provide the mix of director characteristics, experience, perspectives and skills appropriate for the Company. In accordance with the corporate governance guidelines adopted by the board and the nominating and governance committee charter, criteria for selection of candidates include, but are not limited to: (i) roles and contributions valuable to the business community; (ii) personal qualities of leadership, character, judgment and whether the candidate possesses and maintains a reputation in the community at large of integrity, trust, respect, competence and adherence to the highest ethical standards; (iii) relevant knowledge and diversity of background and experience in such areas as business, technology, finance and accounting, marketing, government relations and other disciplines relevant to the Company's business; and (iv) whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings.

As indicated by these criteria, the board and the nominating and governance committee seek a diversity of background and experience among board members. The nominating and governance committee does not follow any ratio or formula to determine the appropriate mix. Rather, it uses its judgment to identify nominees whose backgrounds, attributes and experiences, taken as a whole, will contribute to the high standards of board service at the Company. The effectiveness of this approach is evidenced by the directors' participation in the insightful and robust deliberation that occurs at board and committee meetings and in shaping the agendas for those meetings.

The board of directors does not have a specific policy for consideration of nominees recommended by security holders due to the fact that, as of March 31, 2015, JCL FSLR Holdings, LLC and its affiliates control approximately 25% of our outstanding common stock and their vote has a significant influence on whether any director nominee recommended by the board of directors or a security holder is elected to the board of directors. However, security holders can recommend a prospective nominee for the board of directors as described below. There have been no recommended nominees from security holders.

Our bylaws require that a stockholder who wishes to nominate an individual for election as a director at our annual meeting must give us advance written notice. The notice must be delivered to or mailed and received by the Corporate Secretary of the Company not later than 90 days or earlier than 120 days prior to the first anniversary of the preceding year's annual meeting. If the annual meeting for which the recommendation is submitted is more than 30 days before or more than 60 days after the first anniversary of the preceding year's annual meeting, such recommendation must be received by the Corporate Secretary of the Company not earlier than 120 days prior to the annual meeting and not later than 90 days prior to such annual meeting or the 10th day following the day on which public announcement of the annual meeting date is first made by the Company.

Stockholders may contact our Corporate Secretary at First Solar, Inc., 350 West Washington Street, Suite 600, Tempe, Arizona 85281 for a copy of the relevant bylaw provisions regarding the requirements for nominating director candidates and making stockholder proposals.

Majority Vote Policy

Our Board has adopted a majority vote policy in connection with uncontested elections of directors, as set forth in the Company's Corporate Governance Guidelines.

In an uncontested election of directors, any nominee who receives a greater number of votes withheld from his or her election than votes for his or her election will, within five days following the certification of the shareholder vote, tender his or her written resignation to the Chairman of the Board for consideration by the nominating and governance committee. As used herein, an uncontested election of directors is an election in which the number of nominees is not greater than the number of Board seats open for election.

The nominating and governance committee will consider such tendered resignation and, promptly following the date of the shareholders' meeting at which the election occurred, will make a recommendation to the Board concerning the acceptance or rejection of such resignation. In determining its recommendation to the Board, the nominating and governance committee will consider all factors deemed relevant by the members of the nominating and governance committee including, without limitation, the stated reason or reasons why shareholders who cast withheld votes for the director did so, the qualifications of the director (including, for example, the impact the director's resignation would have on the Company's compliance with the requirements of the Commission, NASDAQ and Delaware law), whether the director's resignation from the Board would be in the best interests of the Company and its shareholders and the director's performance and contributions to the Company.

The nominating and governance committee also will consider a range of possible alternatives concerning the director's tendered resignation as members of the nominating and governance committee deem appropriate including, without limitation, acceptance of the resignation, rejection of the resignation, or rejection of the resignation coupled with a commitment to seek to address and cure the underlying reasons reasonably believed by the nominating and governance committee to have substantially resulted in the withheld votes.

The Board will take formal action on the nominating and governance committee's recommendation no later than 90 days following the date of the shareholders' meeting at which the election occurred. In considering the nominating and governance committee's recommendation, the Board will consider the information, factors and alternatives considered by the nominating and governance committee and such additional information, factors and alternatives as the Board deems relevant.

Following the Board's decision on the nominating and governance committee's recommendation, the Company will promptly disclose, in a Form 8-K filed with the Commission, the Board's decision, together with an explanation of the process by which the decision was made. If the Board has not accepted the tendered resignation, it will also disclose the reason or reasons for doing so.

No director who, in accordance with this policy, is required to tender his or her resignation, shall participate in the nominating and governance committee's deliberations or recommendation, or in the Board's deliberations or determination, with respect to accepting or rejecting his or her resignation as a director. If a majority of the members of the nominating and governance committee received a greater number of votes withheld from their election than votes for their election, then the independent directors then serving on the Board who received a greater number of votes for their election than votes withheld from their election will appoint an ad hoc Board committee from amongst themselves (the Ad Hoc Committee), consisting of such number of directors as they may determine to be appropriate, solely for the purpose of considering and making a recommendation to the Board with respect to the tendered resignations. The Ad Hoc Committee shall serve in place of the nominating and governance committee and perform the nominating and governance committee's duties for the purposes of this policy. Notwithstanding the foregoing, if an Ad Hoc Committee would have been created, but fewer than three directors would be eligible to serve on it (including in circumstances where the entire Board receives a greater number of votes withheld from their election than votes for their election), the entire Board (other than the directors whose resignation is being considered) will make the determination to accept or reject the tendered resignation without any recommendation from the nominating and governance committee and without the creation of an Ad Hoc Committee.

Table of Contents**NON-ASSOCIATE DIRECTOR COMPENSATION**

We use a combination of cash and stock-based compensation to attract and retain qualified candidates to serve on our board of directors. When reviewing non-associate director compensation we are guided by three goals, as provided in our Corporate Governance Guidelines:

(i) compensation should fairly pay directors for work required for a company of our size and scope; (ii) compensation should align directors interests with the long-term interests of our stockholders; and (iii) the structure of the compensation should be clearly disclosed to our stockholders. The table below summarizes the 2014 non-associate director compensation.

2014 Non-Associate Director Compensation	
(paid in equal quarterly installments)	
	<u>\$225,000</u>
Annual Retainer	(consisting of \$125,000 stock and
	\$100,000 cash)
	<u>Chair's Additional Retainer</u>
Non-Executive Board Chair	+\$50,000 cash and \$75,000 stock
Audit Committee Chair	+\$35,000 cash
Other Committee Chairs	+\$10,000 cash

Cash Compensation

The annual cash compensation for our non-associate directors is \$100,000 (payable quarterly in four equal installments) plus an additional \$50,000 (payable quarterly in four equal installments) for the non-executive chairman of the board, an additional \$35,000 annual cash retainer (payable quarterly in four equal installments) for the chairman of our audit committee and an additional \$10,000 annual cash retainer (payable quarterly in four equal installments) for the other four committee chairs.

Equity Compensation

The annual equity compensation for our non-associate directors is a \$125,000 stock grant (granted quarterly in four equal installments), plus an additional annual \$75,000 (granted quarterly in four equal installments) for the non-executive chairman of the board. With respect to such quarterly stock grants, our practice is to issue the stock to our non-associate directors at the end of the quarter. Our practice is not to time the date of these awards to take advantage of announcements of undisclosed material facts, and we do not take into account any internal black outs, during which associates and directors are prohibited by our Insider Trading Policy from trading in our securities, without regard to whether they are in possession of undisclosed material facts or whether any undisclosed material facts could be perceived as potentially positive or negative.

Other

We reimburse all non-associate directors for reasonable and necessary expenses they incur in performing their duties as non-associate directors of the Company. We do not provide our non-associate directors with perquisites.

In 2014, the board of directors reviewed our director compensation and determined that the level of director compensation payable remained appropriate and consistent with market practice. Accordingly, we made no changes to our director compensation in 2014.

Shares of common stock subject to options or warrants that are currently exercisable or exercisable within 60 days of the date of this proxy statement are considered outstanding and beneficially owned by the person holding the options for the purpose of computing the percentage ownership of that person, but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

Unless otherwise indicated, each of the stockholders listed below has sole voting and investment power (or shares such powers) with respect to the shares beneficially owned. Except as indicated below, the address for each stockholder, director or named executive officer is c/o First Solar, Inc., 350 West Washington Street, Suite 600, Tempe, Arizona 85281.

This table assumes 100,791,414 shares of common stock outstanding as of March 31, 2015, assuming no exercise of outstanding options.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

First Solar is a leading global provider of comprehensive photovoltaic (PV) solar energy solutions. In response to a rapidly changing and highly-competitive solar industry, in late 2011 we began implementing a long-term strategic plan (Long Term Strategic Plan) that focuses on providing utility-scale solar solutions in sustainable markets, rather than subsidized ones. We endeavor to align our compensation decisions with our operating and strategic plans. As in prior years, the core philosophy underlying our compensation decisions remains unchanged: we pay executives for performance and seek to align their interests with those of our stockholders. Highlighted below are a number of key compensation-related decisions we made or advanced in 2014:

Double-Trigger Equity Vesting. In July 2013, our compensation committee determined that the change in control severance agreements (the CIC Agreements) which we enter into with newly hired executives will no longer provide for full vesting of unvested time-vested equity-based compensation upon a change in control of the Company and will instead provide for vesting of such equity-based compensation only upon a termination without cause or resignation for good reason within two years following a change in control of the Company. Consistent with that decision, the CIC Agreements entered into with Messrs. Kishkill and Kaleta effective September 2013 and March 2014, respectively, provide for such double-trigger equity vesting.

Elimination of Tax Gross-ups. In 2011, we determined not to provide any newly hired executives with 280G tax gross-ups, and, consistent with that decision, our employment agreements with executives hired thereafter do not provide this benefit. As of December 31, 2014, none of our named executive officers are entitled to excise tax gross-ups.

Clawback Policy. In 2012 and 2013, we included clawback provisions with respect to compensation awards and newly-entered employment agreements and CIC agreements which would allow us to recoup, to the extent required by applicable law, incentive and separation payments made to our named executive officers if we later determine that the basis on which such compensation was earned was erroneous. All awards and agreements with our named executive officers are subject to clawback in accordance with all applicable laws.

Hedging Policy. The Company's hedging policy prohibits our directors and associates, including all named executive officers, from (i) engaging in any short sales with respect to any Company securities, (ii) buying or selling puts, calls or derivatives on any Company securities and (iii) purchasing any Company securities on margin.

Share Holding/Ownership Guidelines. The Company remains committed to reviewing and tracking the implementation of the share ownership guidelines we previously adopted. We amended these guidelines in 2012 to increase the chief executive officer's required holdings from five times to six times base pay and, on the recommendation of our independent compensation consultant and to conform to market practice, to allow executives and directors five, rather than three, years to obtain the required ownership levels. First Solar and our independent compensation consultant routinely review the share ownership guidelines against evolving market practice. Currently, all executives and directors are either meeting the share ownership requirements or are on track to meet the requirements within the allowable timeframe. In addition, though we have not instituted formal share holding requirements, our practice is generally to call for each of our named executive officers to hold shares through at least the time that he or she meets the share ownership guidelines.

Commitment to Best Practices. Consistent with regulatory requirements and evolving best compensation practices, our compensation committee has determined to evaluate periodically, and not less than annually, the independence of its consultants. In 2014, the compensation committee again analyzed its consultant, Compensation Strategies, including the relationship of Compensation Strategies to the Company, and

Table of Contents

concluded that Compensation Strategies is independent. Further, in the context of the total compensation review and the adoption of our 2014 incentive programs, the compensation committee considered whether our compensation structure and programs encourage excessive or inappropriate risk taking and concluded that they did not do so.

Executive Perquisites. Consistent with our compensation philosophy, we do not typically provide our named executive officers with any perquisites not available to our associates generally.

2015 Omnibus Incentive Compensation Plan. The Board of Directors has adopted, subject to stockholder approval, a revised omnibus incentive compensation plan. The 2015 Omnibus Incentive Compensation Plan, which if approved by our stockholders, will replace our existing plan, reflects current compensation and governance best practices and changes in the law, including by increasing the percentage threshold for triggering a Change in Control, eliminating certain types of share recycling for purposes of determining the shares available for issuance under the plan and refining the list of metrics that may be applicable to performance-based awards granted under the plan.

Overview

The individuals in the Summary Compensation Table below are referred to in this Compensation Discussion and Analysis as the named executive officers. Our named executive officers for 2014 were:

Mr. James A. Hughes, chief executive officer;

Mr. Mark R. Widmar, chief financial officer and chief accounting officer;

Mr. Georges J. Antoun, chief operating officer;

Mr. Joseph G. Kishkill, chief commercial officer; and

Mr. Paul J. Kaleta, general counsel.

The solar power generation industry has been volatile in recent years, characterized by intense pricing competition, margin pressure and evolving financing models. In response to these industry conditions, the Company developed its Long Term Strategic Plan, which consists primarily of (i) a strategic focus on solar solutions in emerging regions and markets, thereby shifting emphasis away from subsidized markets towards more financially sustainable markets, and (ii) an organizational restructuring that, among other things, focused our efforts on providing a range of solar solutions through global business development initiatives. The ultimate aim of our Long Term Strategic Plan is to increase business growth, improve profitability and enhance liquidity.

Our Long Term Strategic Plan represents a comprehensive strategy for the Company, and, in order to ensure leadership alignment with that strategy, required us to reevaluate our approach to compensation beginning in 2012 to ensure that it reflected the elements needed to effectively compensate and retain the senior leadership team as well as recruit exceptional new talent during this challenging growth period. We continued to evaluate our approach to compensation in 2014, ultimately concluding that few changes to our revised compensation structure from 2012 were necessary to continue aligning our compensation structure with our Long Term Strategic Plan and stockholders' objectives. However, where such changes were made, they are noted below. We will continue to evaluate our approach to compensation to ensure it is fully aligned with our Long Term Strategic Plan, evolving market practices and legal requirements.

Context and Overview

- Calibrating Performance Metrics and Compensation Components in Light of our Long Term Strategic Plan. The compensation committee has adopted changes that are consistent with the Company's compensation philosophy in order to best align our compensation practices with our

Long Term Strategic Plan, including continuing to revise and refine our peer group in 2014 to better reflect the evolving profile of the Company and solar power industry. Accordingly, the Company continued to grant Key Senior Talent Equity Performance Program (KSTEPP) awards to newly hired executives as a performance component of their compensation package.

Table of Contents

- *We Consider our Stockholders' Feedback Regarding our Compensation Practices.* At the 2014 annual meeting, the stockholder advisory vote on the Company's executive compensation (say on pay) was approved by 97.6% of our stockholders voting. At the 2011 annual meeting, a triennial cycle for our executive compensation advisory votes was selected by 69.5% of the stockholders voting on the timing of such votes (say when on pay). The compensation committee, taking these results into account, adopted a triennial vote cycle and, for 2014, continued with its executive compensation philosophy. The next say on pay and say when on pay advisory votes will be held at the 2017 annual meeting. In addition, the Company routinely meets with investors to solicit feedback and recommendations to the Company, including on our compensation practices, though concerns with our program have not been raised in such meetings.

- *We Follow Best Compensation Practices in Planning for our Future Compensation.* In 2014, the compensation committee reviewed our 2010 Omnibus Incentive Compensation Plan (the 2010 Omnibus Plan) in light of best compensation practices and, together with Compensation Strategies, developed the 2015 Omnibus Incentive Compensation Plan (the 2015 Omnibus Plan). Subject to stockholder approval (see Proposal 3 Approval of Adoption of 2015 Omnibus Incentive Compensation Plan), the 2015 Omnibus Plan will replace the 2010 Omnibus Plan and further align our compensation structure with our Long Term Strategic Plan and operating plan, with particular focus on performance-based compensation. The 2015 Omnibus Plan (i) alters the definition of Change of Control to increase the percentage threshold for triggering a change of control and to better reflect the current ownership of our most significant stockholders, (ii) alters the number of, and manner in which we calculate, the 2015 Omnibus Plan share reserve (A) to eliminate recycling of shares surrendered or tendered to satisfy exercise price payments or applicable tax withholding with respect to options and stock appreciation rights (SARs) and (B) to count each share in respect of which a stock-settled SAR was exercised against the maximum aggregate limit of shares that may be awarded under the 2015 Omnibus Plan, regardless of the number of shares actually delivered upon settlement of such stock-settled SAR, (iii) reflects changes (actual or anticipated in the near future) in the law (such as clawback provisions that would satisfy Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, as codified in Section 10D of the Exchange Act, (Section 954) and Section 304 of the Sarbanes-Oxley Act of 2002 (Section 304)), (iv) clarifies that, to satisfy the exercise price due upon a participant's exercise of a vested option under the 2015 Omnibus Plan, the Company may withhold from the shares otherwise deliverable to such participant a number of shares with an equivalent fair market value to such exercise price, (v) clarifies that for any awards under the 2015 Omnibus Plan that are subject to vesting based on the achievement of performance goals (or any performance compensation awards as described below) and for which the compensation committee has provided for the payment of dividends or dividend equivalents, participants would not be entitled to payment of such dividends or dividend equivalents unless and to the extent that such performance goals are achieved or otherwise deemed to be satisfied and (vi) responds to other compensation and governance trends.

First Solar Compensation Philosophy

First Solar's compensation philosophy rests on foundational principles that inform the way we design our compensation programs and pay our named executive officers. This philosophy can be understood in the following ways:

- *First Solar Pay is Simple and is Designed to Align the Interests of Executive Management and Stockholders.* The Company's approach to compensation is straightforward, and this is reflected in the components of our executive's aggregate annual pay. The three primary components of First Solar executive compensation are: (1) base salary, (2) cash incentive compensation (short-term incentive) and (3) equity compensation (long-term incentive). Our named executive officers have the largest percentage of total compensation at risk (i.e., the portion of compensation that is not payable to such executives unless certain performance targets are achieved) with a heavy weighting towards equity compensation to align their interests with stockholders. There are no supplemental executive retirement programs or other deferred compensation arrangements and generally no perquisites that are available solely for the named executive officers.

- *Our Compensation Levels are Consistent with Market Levels, and We Apply Discretion to Conform to, or Reward, Actual Performance.* We believe that our named executive officers should be compensated at a level that

Table of Contents

ensures their continued dedication to the Company and creates potential rewards for extraordinary results when advancing the goals and strategy of the Company, particularly with respect to the furtherance of our Long Term Strategic Plan. The Company works with an independent compensation consultant, Compensation Strategies, who regularly compiles and analyzes market data to determine the pay practices of our peer group, which we use in determining the level of our named executive officers' pay (generally targeted at the 50th percentile, with deviations possible when warranted by role, skill set, performance or other extraordinary considerations). See Compensation Committee Practices Total Compensation Review. Similarly, our choice of metrics (both financial and operating) related to our annual incentive plan and KSTEPP, and the compensation committee's discretion to reduce awards granted under the annual incentive plan, are meant to ensure that our named executive officers are not rewarded unless performance goals are achieved and that operational metrics are not achieved at the expense of financial performance.

Executive Compensation Principles

The compensation committee has responsibility for establishing and overseeing our compensation program as it applies to our named executive officers. The compensation committee bases its executive compensation programs on the principles set forth below, which have generally remained constant from prior years:

Pay to Market

Compensation should be based on the level of job responsibility, individual performance and Company performance. Compensation should also reflect the value of the job in the marketplace. To attract and retain a highly skilled work force, we must provide pay that remains competitive with the pay of other employers who compete with us for talent.

More Responsibility, More Pay at Risk; We Pay for Performance

As associates progress to higher levels in the organization, an increasing proportion of their pay should be linked to Company performance and stockholder returns; our senior executives are better able, relative to other associates, to affect the Company's results.

Metrics Should Motivate Associates to Achieve the Mission

To be effective, performance-based compensation programs should enable participants to easily understand how their efforts can affect their pay, both through individual performance and through contributions to the Company's achievement of its strategic and operational goals.

Evaluating the Market. Although our determination of the amount and mix of compensation elements for our named executive officers is generally not influenced by short-term market shifts, when extraordinary business changes occur, we believe that our compensation practices should include the requisite flexibility to respond to those changes while remaining consistent with our compensation philosophy.

When setting compensation, we review compensation paid by other companies of comparable size in the same or similar industries, as well as where our compensation falls within our peer group. Our objective is to generally pay median compensation while providing an opportunity to increase compensation further through successful performance in our incentive compensation programs. Depending on the role, the experience an individual brings to the role, and individual performance, we broadly aim to set our executive total cash targets (base salary and incentive targets) at the 50th percentile of our peer group, and continued our efforts in this regard in 2014, favoring performance bonus opportunities as the means by which our executives may earn higher pay.

We do not exclusively rely on market data to determine executive compensation. Instead, we incorporate flexibility into our compensation program and in our assessment process to respond to and adjust for the dynamic business environment in which we operate. As the solar industry and our operating initiatives evolve, we will continue to evaluate our approach to compensation to ensure it is fully aligned with both the business environment and any future updates to our strategic plans.

Equity Policies. To better align the interests of executives with those of our stockholders, we previously adopted share ownership guidelines that cover our officers, including the named executive officers, and certain other members of senior management. As noted previously, we amended these guidelines during 2012 to, among other changes, increase the chief executive officer's required holdings from five times to six times base pay. We also prohibit our associates from engaging in hedging transactions with respect to our shares. We continue to periodically assess our policies in order to ensure that they are consistent with our philosophies and best practices in the market.

Components of 2014 Executive Compensation

For 2014, the compensation of named executive officers consisted primarily of three components: base salary, short-term cash incentive compensation (i.e., an annual bonus) and long-term equity-based compensation (i.e., a multi-year equity award). These components are described in the chart below, including how each fits into our overall executive compensation package (i.e., the particular objectives and the specific elements that our compensation programs are designed to address).

Component	Objective	Focus
Base Salary	<ul style="list-style-type: none"> ü Provides fixed portion of compensation ü Paid in cash 	<ul style="list-style-type: none"> ü Compensates based on market value for position, individual performance, level of experience and importance of role to the Company
Cash Incentive Compensation	<ul style="list-style-type: none"> ü Provides at-risk variable compensation linked to short-term corporate, organizational and strategic goals without sacrificing long-term Company performance ü Paid in cash 	<ul style="list-style-type: none"> ü Compensates based on performance on shorter-term objectives
Equity-Based Compensation	<ul style="list-style-type: none"> ü Provides at-risk variable pay compensation linked to long-term performance of the Company, individual performance and critical nature of role ü Paid in restricted stock units including KSTEPP performance units 	<ul style="list-style-type: none"> ü Aligns the long-term interests of our stockholders and our named executive officers ü Assists in attracting and retaining qualified executives ü Compensates for overall Company performance

Each of our named executive officers is party to an employment agreement and a CIC Agreement that protect him or her in the event of certain employment terminations, as well as agreements related to restrictive covenants including confidentiality, non-competition and director and officer indemnification agreements. The employment and CIC Agreements provide severance in exchange for a release of claims and equity vesting acceleration under certain circumstances. Beginning in July 2013, employment agreements and CIC Agreements entered into with newly hired executives, including Messrs. Kishkill and Kaleta, provide for equity vesting acceleration only upon a

termination without cause or resignation for good reason following a change in control of the Company, as described in more detail in Employment Agreements and Related Arrangements and Change in Control Severance Agreements.

Generally, the types of compensation and benefits provided to the named executive officers are similar to those provided to other members of our senior executive team.

Compensation Committee Practices*Selection of Peer Companies*

In 2014, the compensation committee retained Compensation Strategies as a consultant to provide data and analysis regarding the selection of companies in our peer group, the pay practices of such companies and results of a comparison of each of the components of the compensation of our named executive officers against the compensation paid to executives in similarly-situated positions at our peer group companies. Compensation Strategies also advised the compensation committee on such matters in prior years. The consultant's benchmarking services in 2014 were limited to comparing each element of compensation for a particular position against similar elements in the peer group.

The compensation committee routinely analyzes our peer group to determine if it accurately reflects our competitors in the industry, and we have made considerable changes to our peer group makeup over the last two years in order to conform the group to include companies comparable in size and revenue to us, and with whom we compete for talent. In 2013, as part of a more comprehensive review of our compensation program, the compensation committee adopted a revised peer group developed and recommended by Compensation Strategies, determining that such peer group was more closely aligned with our size and industry than our previous peer group. The revised peer group was used for compensation decisions made in 2014. Our revised peer group is comprised of U.S.-based public companies with 2014 estimated annual revenues generally greater than \$1 billion that are (i) engaged in the solar, energy, semiconductor, high-tech, engineering, construction, independent power production or energy service sectors, (ii) our vendors or suppliers falling within the above parameters whose business has some comparability to ours, (iii) companies with whom we compete for executive talent and/or (iv) the companies who comprise the peer groups of the companies with whom we compete for executive talent, if relevant. We believe the revised peer group includes companies that are generally reflective of a company of our size, and whose executive pay levels are generally lower than those of the companies in our peer groups from prior years. Our revised peer group had annual 2013 revenues generally ranging from \$332 million to \$11.8 billion, with the exception of Fluor Corporation at \$27.4 billion, and May 31, 2014 market capitalizations ranging from \$553 million to \$27.9 billion.

The 2014 peer group consisted of:

Review of Peer Company Data

On at least a biennial basis, but typically annually, the compensation committee evaluates the compensation payable to our named executive officers against data regarding the pay practices of companies in our peer group, looking at individual components of pay, including total amount paid or payable. In addition, the compensation committee annually reviews any payments to our named executive officers that would be required under various severance scenarios. When conducting this review, the compensation committee also considers information and recommendations from management regarding past, present and future compensation of our named executive officers under various payment scenarios.

Based on its review and analysis of the pay practices of our peers, Compensation Strategies concluded, and our compensation committee agreed, that the compensation paid to our named executive officers was consistent with our stated compensation objectives regarding our target pay as compared to our peer group, and was thus reasonable in the aggregate as compared to the peer group above. See Executive Compensation Principles Evaluating the Market.

Consultant Fees and Independence Review

The aggregate fees paid to Compensation Strategies in 2014 were \$231,128. The fees were incurred solely for services relating to executive and board compensation. During 2014, the compensation committee conducted an independence analysis of the relationship of Compensation Strategies to the Company, including a review of potential conflicts of interest, and concluded that Compensation Strategies is independent and no such conflicts existed.

Individual Compensation Review

The individual performance of each of our named executive officers has been, and continues to be, a major factor in the compensation committee's decision regarding such executive's level of compensation. Absent unusual circumstances, our process for review of individual compensation of our named executive officers is generally as follows. After the completion of each year, our independent directors (meeting in executive session under the direction of the chair of the compensation committee) review the performance of our chief executive officer for the prior year, evaluating his achievement against individual and Company objectives (which objectives were agreed upon between him and the compensation committee early in the prior year), his contributions to the Company's performance and other leadership accomplishments.

Our chief executive officer provides the compensation committee with an assessment of prior year performance of, and a recommendation for compensation changes with respect to, our other named executive officers, evaluating each executive based on achievement of pre-set objectives by the executive and his or her organization, his or her contribution to the Company's performance and other leadership accomplishments. Based on these considerations, and following an exercise of its independent judgment on the board's interactions with the named executive officers, the compensation committee (i) sets base salary and target bonus percentages for the current year and (ii) determines the appropriate level, if any, of equity and cash-incentive compensation for the prior year.

Consistent with its approach in 2013, the compensation committee's decision regarding pay increases and awards in 2014 was influenced in part by prospective considerations regarding the measures that would most effectively ensure the uninterrupted focus of our named executive officers during this key growth period for the Company.

Compensation Risk Analysis

In the context of the total compensation review and the adoption of our 2014 incentive programs, the compensation committee considered whether our compensation structure and programs encourage excessive or inappropriate risk taking and concluded that they did not do so.

2014 Compensation Decisions

The following is a discussion of the considerations taken into account in establishing compensation for our named executive officers in 2014.

Base Salary

Base salary is the fixed element of our named executive officers' annual cash compensation. The value of base salary for each named executive officer reflects the requirements of such executive's employment agreement, and his or her individual performance and skill set, including the market value of that skill set. The Company seeks to maintain base salary levels for our executives at the 50th percentile of our peer group (with the expectation that generally any compensation paid at a level above the 50th percentile is warranted only due to extraordinary performance, critical skill sets or similar considerations). The base salaries for each of our named executive officers, including our CEO, are generally positioned at or below the 50th percentile.

The compensation committee evaluates market data and the individual performance of executives during our regular annual salary review process, which we refer to as our annual pay cycle. At the beginning of 2014, the base salaries of our named executive officers (other than Mr. Kaleta, who is discussed below) were as follows: Mr. Hughes (\$750,000); Mr. Widmar (\$550,000); Mr. Antoun (\$550,000); and Mr. Kishkill (\$400,000). None of these salaries were increased during the 2014 annual pay cycle and in fact have not been increased since 2012 (or, for more recent hires, since the date of hire).

Mid-Year Hires. The Company hired Mr. Kaleta as general counsel, effective March 3, 2014, at a base salary of \$475,000.

Cash Incentive Compensation

Our cash incentive compensation consists primarily of our annual bonus program designed under our 2010 Omnibus Incentive Compensation Plan (the 2010 Omnibus Plan) and cash sign-on bonuses that we use to create incentives for individuals to join our Company, including to compensate such individuals for payments forfeited upon leaving their prior employment to join us or to offset relocation costs.

Annual Bonus Program. We use our annual bonus program to encourage achievement of specified strategic and operational objectives and focus on those objectives to help us achieve our mission of enabling a world powered by clean, affordable solar electricity. On February 19, 2014, the compensation committee adopted a 2014 bonus program (the 2014 Bonus Plan) for executives, including our named executive officers, with a single threshold operating income metric as well as various performance metrics, each of which is weighted equally, to strengthen the connection between executive performance and incentive pay, which is one of our core executive compensation principles. The compensation committee selected the metrics and weighting applicable to the 2014 Bonus Plan with the Long Term Strategic Plan in mind, believing that these metrics correlated directly with the current year milestones set under the Long Term Strategic Plan. Upon achievement of the threshold operating income metric, the maximum bonus pool may be funded, but the amount of each participant's actual bonus will be determined based on the achievement of the various performance metrics, which will result in actual payouts less than the maximum bonus pool. Allocation of the bonus pool among various regions and among the individual named executive officers will additionally be subject to the discretion of Mr. Hughes (and the compensation committee, in the case of Mr. Hughes), but will not result in payment to any of the named executive officers of a bonus amount greater than the maximum bonus amount approved by the compensation committee with respect to each of our named executive officers. Furthermore, the compensation committee retains discretion to reduce any award achieved under the program to the extent appropriate. All bonus payments will be subject to clawback to the extent required by applicable law.

- Bonus Program Targets, Objective and Calculation. The 2014 Bonus Plan, as applicable to our named executive officers, had a \$180 million adjusted operating income¹ minimum threshold level and a matrix of the

¹ In order to determine adjusted operating income, we take the Company's operating income (as defined by U.S. GAAP and described in the Company's 2014 Annual Report on Form 10-K filed with the Securities and Exchange Commission (the Financial Statements)) and adjust for (i) stock-based compensation expense, (ii) bonus expense and (iii) foreign currency (gain)/loss.

following four performance metrics, which were established based on the goals set forth in our confidential annual operating plan for 2014: (i) operating cash flow, (ii) cost per watt, at both the module and balance of system levels (CPW), (iii) stabilized efficiency and (iv) sales metrics (i.e., bookings and gross margins on bookings; O&M bookings and O&M margins). We believe that these four metrics are key drivers of the Company's long-term success by aligning directly with our Long Term Strategic Plan, and are a critical measure of success with respect to our annual operating plan. The relative achievement of these performance metrics is linked to enhancing our competitive position in the marketplace by reducing our variable costs, reducing manufacturing and fixed spending and increasing our product efficiency. We also established sales metrics that would ensure we were selling the right mix of product in sustainable markets at a reasonable gross margin profile, which increases the Company's future profitability and sustainability while acknowledging the pricing pressure of the current environment. By recognizing achievement of these performance metrics, we ensure that bonuses correlate to overall Company goals.

Each performance metric was weighted equally because each was equally important in achieving the goals laid out in our confidential annual operating plan. Additionally, the compensation committee considered how these metrics, taken together, would provide proper incentives supplemental to the KSTEPP awards and further concluded that the 2014 Bonus Plan did not involve unnecessary risk for the Company. Performance levels were set for each performance metric ranging from a threshold level of 0.5 in cases of weaker performance to 2.0 in cases of stronger performance. A 0.5 multiplier was assigned to performance at a level that, while not certain at the time targets were set, we considered likely that such performance would be achieved by the end of the year. A 1.0 multiplier was assigned to performance at a level that, while not certain at the time targets were set, aligned with the goals in our confidential annual operating plan, and thus was a level that we expected we could achieve by the end of the year. A 2.0 multiplier was assigned to a performance level that was substantially more uncertain (i.e., that we expected we would have approximately a 50% chance of achieving by year end). If the minimum threshold level of performance was not achieved for a specific metric, the multiplier for that metric would be zero. The maximum bonus percentage payable under this formula in the 2014 Bonus Plan was approximately 200% of target.

Based on an assessment of the 2014 Company results against the criteria described above, the 2014 Bonus Plan results were:

2014 Bonus Plan Threshold Metric Results				
Threshold Metric	Minimum Threshold Level (must be met for <i>any</i> bonus payout to occur)			2014 Result

Sales metrics (Bookings and gross margins on bookings; O&M bookings and O&M margins)		25%	Growth/Profitability	0.93
2014 Bonus Plan Payout Level			.98	

- **2014 Bonus Payout Results.** The 2014 Bonus Plan yielded a 98% payout level. The Compensation Committee exercised its downward discretion to reduce the bonus payout for Mr. Hughes by approximately 5%. Since Mr. Kaleta did not complete a full year of service in 2014, his bonus payout was prorated based on his period of service during 2014. See Summary Compensation Table Non-Equity Incentive Plan Compensation for specific payout levels for each named executive officer.

- **Target Bonus Percentage.** Target bonus percentages are established based on job responsibilities, internal equity and peer group data. Our objective is to generally set bonus targets to be consistent with total cash payments at the 50th percentile of our peer group. The target bonus percentage is evaluated during our annual pay cycle on the same basis as annual base salary (as discussed above in 2014 Compensation Decisions Base Salary). As of early 2014, the target bonus percentages of our named executive officers (other than Mr. Kaleta, who is discussed below) were as follows: Mr. Hughes (145%); Mr. Widmar (90%); Mr. Antoun (90%); and Mr. Kishkill (70%).

Table of Contents

These target bonus percentages represent, for each of Messrs. Hughes and Antoun, an increase of 20 and 5 percentage points, respectively, from the target bonus percentages applicable to each such executive during the 2013 pay cycle, consistent with our objective to set bonus targets in recognition of the key roles and responsibilities of each such named executive officer.

- *Mid-Year Hires.* We hired Mr. Kaleta as general counsel, effective March 3, 2014, with a target bonus percentage of 70%.

- *Sign-On Bonuses.* We granted Mr. Kaleta a sign-on bonus of \$200,000, less applicable withholdings, to partially offset the relocation costs he would incur to join the Company. Because this payment was meant to offset the cost of relocation for Mr. Kaleta, it did not include a performance component, however, this bonus was repayable to the Company in full if Mr. Kaleta resigned or was terminated for cause (as defined in his employment agreement, as described further below in Other Executive Compensation Arrangements Employment Agreements and Related Arrangements) on or prior to March 3, 2015.

Equity-Based Compensation

We have always been a firm proponent of equity-based compensation. With the transition of our Company from hi-tech growth to a sustainable provider of solar energy solutions, we adjusted our historical broad-based granting practices to those that are more consistent with our evolving business model. Notably, we (i) continue to use awards granted under the KSTEPP program, which we adopted in 2012, to incentivize performance over an exceptionally long performance period, based on metrics tied to our Long Term Strategic Plan and (ii) grant time-based restricted stock units with varying vesting schedules to address both short-term and long-term retention concerns, while tying realizable compensation to the returns of our stockholders.

In 2014 we granted restricted stock units with time-based vesting criteria to each of our named executive officers, and made no additional KSTEPP grants (other than a new-hire grant to Mr. Kaleta), given the unusually long vesting and overall term of the KSTEPP awards and consistent with our 2012 compensation decisions. KSTEPP awards are consistent with the Company's Long Term Strategic Plan, and thus the compensation committee continues to believe that granting restricted stock units furthers the Company's goal of aligning executive and stockholder interests and relieving anxiety and mitigating any distractions that our executives may feel regarding KSTEPP's potential for full vesting as a result of the Company's ongoing redirection and volatility in the solar industry.

Our practice is to grant our equity awards relatively early in the year. We do not time our grants specifically to avoid any internal blackouts or other periods during which our executives and directors may be prohibited by our Insider Trading Policy or applicable law from trading in our securities, or otherwise to provide any preferential benefit to our executives and directors. Equity grants to our named executive officers are described in greater detail in the Grants of Plan Based Awards table and the Outstanding Equity Awards at Fiscal Year-End table.

Long-Term Incentive Program. We believe that a long-term incentive program provides significant benefit to the Company and routinely re-evaluate the components of our long-term incentive program. Awards under the long-term incentive program (i) represent the largest component of executives' compensation (see Components of 2014 Executive Compensation), (ii) serve as a retention tool and (iii) ensure that our executives' compensation is linked to the long-term interests of our stockholders and our Company performance, consistent with our compensation philosophy. Currently, our long-term incentive program is comprised of a one-time grant of KSTEPP awards, which reward our named executive officers' contributions toward key elements of our Long Term Strategic Plan, and annual awards of time-based restricted stock units, which are intended to provide some certainty to our named executive officers, to ensure, during their employment, their focus on our Long Term Strategic Plan, as a complement to the performance-based character of the KSTEPP awards. While the KSTEPP awards remain outstanding, the number of restricted stock units with time-based vesting criteria granted annually will vary, based in part on the compensation committee's view of the annualized value of outstanding KSTEPP units, with the aggregate annual equity award for named executive officers targeted at the 50th percentile of our peer group (with some flexibility to increase that target based on extraordinary contributions by the executive).

Table of Contents

Other than Mr. Kaleta, who received a KSTEPP grant on his hire date in 2014, the Company did not grant KSTEPP awards to our named executive officers in 2014, consistent with the atypically long minimum vesting and overall term applicable to the KSTEPP awards, described in greater detail below. Unlike a typical performance-based equity compensation program in which awards are made each year, we expect that once we have granted our named executive officers a KSTEPP award (which, for Messrs. Hughes, Widmar and Antoun, occurred in 2012, and for Messrs. Kishkill and Kaleta, occurred upon their hires in 2013 and 2014, respectively), no additional performance-based awards will be granted until the outstanding KSTEPP awards vest or are forfeited during the performance period (which varies based on the date of grant, but generally begins on the first day of the quarter in which the award was granted and ends in 2020).

In determining the 2014 grants of time-vested restricted stock units, the compensation committee considered the value of each named executive officer's outstanding KSTEPP awards and determined to grant each named executive officer an award of time-vested restricted stock units with a value that was at or near the 50th percentile.

Annual Equity Grant. For 2014, the compensation committee granted our named executive officers restricted stock units that vest 25% per year, beginning on the first anniversary of the grant date.

The grant value for our named executive officers (other than Mr. Kaleta) was: Mr. Hughes (\$2,000,000); Mr. Widmar (\$800,000); Mr. Antoun (\$800,000); and Mr. Kishkill (\$610,000).

KSTEPP. In May 2012, the compensation committee approved and adopted the KSTEPP, a performance unit program under the 2010 Omnibus Plan. This program is intended to link the compensation of the Company's senior executives with the success of our Long Term Strategic Plan by rewarding achievement of key performance objectives over an extended period of time. The goals of our Long Term Strategic Plan are to increase the Company's growth, profitability and liquidity, which results in greater return to our stockholders. Consistent with our compensation philosophy, the KSTEPP metrics were derived from our Long Term Strategic Plan in order to align the interests of our executives with those of our stockholders, and the compensation committee believes that the use of rigorous performance objectives over a relatively long performance period encourages sustained focus on our long-term strategy. The provisions allowing for partial vesting described below provide our executives with some benefit for partial achievement of performance goals made during this extended period, given the uncertainty of full vesting of the KSTEPP awards, and mitigate anxiety that could otherwise distract from focus on our Long Term Strategic Plan. Because the KSTEPP awards vest over an extended period, as further described below, the value of such awards is considered annually during the period they are outstanding in determining overall compensation for our named executive officers.

Each KSTEPP award (or portion thereof) is subject to a threshold performance goal. The awards will not vest unless and until the compensation committee certifies that the Company has achieved the applicable level of KSTEPP adjusted operating income² within a rolling annual period during the performance period applicable to such award (which for Messrs. Hughes, Widmar and Antoun, is at least \$400 million, for Mr. Kishkill, is \$350 million and for Mr. Kaleta, is \$175 million). In 2014, the compensation committee certified achievement of this threshold goal for Messrs. Hughes, Widmar, Antoun and Kishkill and in February 2015, the compensation committee certified achievement of this threshold goal for Mr. Kaleta.

A named executive officer will receive one share of Company common stock for each performance unit that vests. Assuming achievement of the threshold performance goal, vesting may occur in one of two ways. First, the KSTEPP awards may vest in full, reduced by any previously vested portion, upon the Company's achievement in any 12-month period beginning and ending on a calendar quarter (which we refer to as a rolling annual period) that occurs within the performance period specified for each grant (which we refer to as the performance period, and which varies based on the date of grant, but generally begins on the first day of the quarter in which the award was granted and ends in 2020) of at least 2.8 gigawatts DC sold in sustainable markets and 15% cash adjusted return on

² In order to determine KSTEPP adjusted operating income applicable to a given award we take the Company's operating income (as defined by U.S. GAAP and described in the Financial Statements) for a rolling annual period during the KSTEPP performance period, and adjust for (i) extraordinary, unusual and nonrecurring items including restructuring expenses and (ii) KSTEPP related stock based compensation expense.

Table of Contents

invested capital³ (which we refer to as the full vesting condition). Second, one-third of the KSTEPP award can vest sooner, upon the Company's achievement in any rolling annual period during the performance period of at least 1.35 gigawatts DC sold in sustainable markets and 13% cash adjusted return on invested capital (which we refer to as the partial vesting condition). The KSTEPP award, or a portion thereof, can vest on the last day of a rolling annual period ending on or after December 31, 2014.

KSTEPP awards are subject to the named executive officer being continuously employed by the Company or an affiliate through the applicable vesting date, except if the named executive officer is eligible for a pro-rata settlement as described below. Additionally, KSTEPP awards are forfeited upon termination of employment, unless employment is terminated due to death, disability, retirement or termination without cause, and thereafter either the partial and/or full vesting condition is achieved, in which case the named executive officers are eligible for a full settlement of their vested awards, if any, and a pro-rata settlement of their non-vested awards. The pro-rata settlement will be based on the length of the named executive officer's tenure with the Company during the performance period. Additionally, KSTEPP awards will expire and be forfeited with respect to the unvested portion thereof if the vesting condition(s) are not satisfied and the Company has not achieved in any rolling annual period during the performance period the applicable KSTEPP adjusted operating income goal, in each case, as of the last day of the performance period.

Notwithstanding the foregoing, in the event of a change of control (as defined in the 2010 Omnibus Plan) that occurs during the performance period, regardless of whether the Company has achieved in any rolling annual period during the performance period the applicable KSTEPP adjusted operating income goal, 25% of the then-unvested portion of the award will accelerate and become vested, in order to allow our executives to share in the gains that would, at such time, be realized by our stockholders. The 25% vesting provision supersedes the change of control provisions in the CIC Agreements between the Company and the named executive officers, which would otherwise provide for, in the case of the named executive officers whose employment with the Company commenced prior to 2013, full acceleration of the award in the event of a change of control. See Change in Control Severance Agreements.

In addition, the compensation committee has discretion to further accelerate the vesting of the award in connection with a change of control, including to amend the award to increase the vested percentage payable upon the occurrence of a change of control, which discretion is expected to be exercised based on the Company's actual performance tracking relative to the vesting conditions, providing some flexibility to reward our named executive officers at a level that is consistent with our stockholders if the Company is performing well in advance of any such change. Periodically throughout the performance period and at any time when a change of control is anticipated, the compensation committee will review the Company's progress towards achievement of either the partial or the full vesting condition and evaluate whether it is appropriate to amend the award to provide accelerated vesting of a higher portion of the award, effective in all cases only upon an actual change of control.

Sign-On Grants. Upon his appointment as general counsel, the Company granted Mr. Kaleta restricted stock units having an aggregate fair market value on the date of grant equal to \$700,000, which will vest commencing on the first anniversary of the grant date at an annual rate of 25% per year, and 60,000 KSTEPP units, with a threshold KSTEPP operating income goal of \$175 million. The grant of time-based vesting restricted stock units was designed to link Mr. Kaleta's compensation to the long-term interests of our stockholders and our Company performance, consistent with our compensation philosophy, as well as to serve as a retention tool to complement the long-term performance aspect of his KSTEPP award.

Double-Trigger Equity Vesting. Prior to 2013, the CIC Agreements entered into with newly hired executives provided for full vesting of unvested equity-based compensation (other than KSTEPP awards) upon a change in control of the Company. As of July 2013, our compensation committee determined that the CIC Agreements entered into with newly hired executives will instead provide for vesting of equity-based compensation (other than

³ Cash adjusted return on invested capital for the Company is calculated as follows: (i) we take the Company's Operating Income (as defined by U.S. GAAP and described in the Financial Statements) for a rolling annual period during the KSTEPP performance period minus income tax expense to arrive at net operating profit after tax, plus depreciation and amortization expense divided by (ii) stockholder's equity plus debt plus accumulated depreciation minus cash (excluding any impaired/written-off assets or assets not placed in service).

KSTEPP awards, which have separate CIC vesting provisions described above) only upon a termination without cause or resignation for good reason within two years following a change in control of the Company. Consistent with that decision, the CIC Agreements entered into with Messrs. Kishkill and Kaleta effective September 2013 and March 2014, respectively, provide for such double-trigger equity vesting.

Other Executive Compensation Information

Broad-based Benefit Programs and Other Compensation

Our named executive officers are entitled to participate in the various benefit programs we offer to all of our associates, including a 401(k) plan, medical plan, dental plan, life insurance plan and long-term and short-term disability plans. Under our 401(k) plan, we make a matching contribution equal to 100% of our associates' contributions to the plan up to a maximum of 4% of an associate's plan-eligible compensation. In 2014, each of Messrs. Hughes, Widmar, Antoun, Kishkill and Kaleta received the maximum matching contribution of \$10,400. Our named executive officers each have vacation entitlements of four weeks per year.

Employment Agreements and Related Arrangements

We have entered into employment, confidentiality, non-competition and non-solicitation agreements, and director and officer indemnification agreements with each of our named executive officers. The compensation committee believes these contracts are fair, reasonable, appropriate and necessary to attract and retain the executives who are party to these agreements.

The employment agreements generally provide that if the executive's employment is terminated without cause (as defined therein) (or, in the case of Messrs. Hughes and Antoun if they resign for good reason (as defined therein)), then the executive shall be eligible for (i) salary continuation for a severance period subject to the execution of a release of claims in favor of the Company and subject to a reduction based on earnings during the severance period, (ii) health benefit coverage for the severance period, subject to certain contingencies and (iii) an additional 12 months' service credit for purposes of determining vesting of equity-based compensation awards (this service credit will not have an effect on KSTEPP awards). The employment agreements also provide for an additional 12 months' service credit for purposes of determining vesting of equity-based compensation in the event employment terminates due to the executives' death or disability (as defined therein).

Severance benefits, by their nature, require compensation payments without the receipt of corresponding services. We believe that our employment agreements set a proper balance between providing sufficient protection on employment termination and ensuring the executive has sufficient personal investment with respect to his or her employment with the Company and generally provide severance benefits consistent with market practice.

We consistently review the employment agreements we enter into with our named executive officers to address market changes and, in July 2013, our compensation committee adopted a number of changes to be applied prospectively when entering into agreements with newly hired executives to more closely align with market practice. Included among such changes is the elimination of severance benefits upon a resignation for good reason (except in connection with a change in control of the Company), the addition of provisions that make clear that all payments to our executives under such agreements other than base salary are subject to the Company's clawback policy, all severance payments and benefits are subject to the execution of an irrevocable release of claims in favor of the Company and sign-on bonuses are subject to recoupment in the event of a termination for cause within one year of the executive's start date. These provisions apply to our agreements with Messrs. Kishkill and Kaleta.

The confidentiality agreements describe the Company's expectations of the executives regarding the Company's proprietary and confidential information. The non-competition and non-solicitation agreements establish a protected period that generally matches the severance period. During the protected period, the senior executives are subject to restrictive covenants as described in the agreement.

For more details on these employment agreements and the compensation and benefits payable or to be provided in the event of a termination of employment, see *Executive Compensation Employment Agreements and Arrangements* and *Executive Compensation Potential Payments Upon Termination or Change in Control Potential Payments Upon Termination of Employment (Other Than in the Context of a Change in Control)*.

Change in Control Severance Agreements

We have entered into CIC Agreements with each of our named executive officers. These agreements are intended to align the interests of the executives with our stockholders in a potential change in control situation by mitigating the uncertainty and questions a potential change in control may raise among such executives, allowing them to focus their continued attention and dedication to their assigned duties.

Equity Vesting. The CIC Agreements with Messrs. Hughes, Widmar and Antoun, entered into prior to July 2013, provide for full vesting of unvested equity-based compensation upon a change in control of the Company. While such vesting ensures that the executives are fairly compensated for the lost opportunity to realize the value of awards that is typically precipitated by a change in control, which is particularly salient for our named executive officers who receive a substantial portion of their income in equity-based compensation that vests over time (see Components of 2014 Executive Compensation), the compensation committee determined that the CIC Agreements entered into with newly hired executives on or after July 2013 will provide for vesting only upon a termination without cause (as defined therein) or a resignation for good reason (as defined therein) within two years following a change in control of the Company, which is reflected in our agreements with Messrs. Kishkill and Kaleta. While our equity plans also contemplate vesting of equity if such equity is not assumed by a successor entity (see Executive Compensation Potential Payments Upon Termination or Change in Control Potential Payments Upon a Change in Control 2010 Omnibus Incentive Compensation Plan), the CIC Agreements address vesting whether or not the equity-based awards are assumed for executives with these arrangements; however, the provisions of the award agreements for KSTEPP awards supersede the change of control provisions in the CIC Agreements. See Equity Based Compensation KSTEPP.

Severance Benefits. The CIC Agreements provide a double-trigger severance package for all of our named executive officers in the event their employment is terminated without cause or they resign for good reason within two years following a change in control. A resignation for good reason includes any material reduction in the authority, duties or responsibilities held by the executive immediately prior to the CIC date, any material reduction in the annual base salary or annual incentive opportunity of the executive as in effect immediately prior to the CIC date or any change of the executive's principal place of employment to a location more than fifty miles from the executive's principal place of employment immediately prior to the CIC date. We believe this standard benefit reinforces the notion that in a change in control situation, all of the executives are similarly situated and must remain focused. The standard benefit is two times their base salary; two times a bonus amount (which is defined as the greater of (i) the executive's target annual bonus for the year of termination and (ii) the average of the annual cash bonuses payable to the executive in respect of the three full calendar years immediately preceding the calendar year that includes the termination date or, if the executive has not been employed for three full calendar years preceding the calendar year that includes the termination date, the average of the annual cash bonuses payable to the executive for the number of full calendar years prior to the termination date that he or she has been employed); a pro-rated target bonus; 18 months' health benefit continuation and outplacement benefits (maximum of \$20,000). Severance benefits are subject to the executive's execution of a release in favor of the Company.

Tax Gross-Ups. None of the CIC Agreements in effect with our named executive officers provide a parachute tax gross-up and gross-ups with respect to taxes related to legal fees or expenses incurred in connection with disputes related to the CIC Agreements are not provided in agreements with executives hired on or after July 2013, including Messrs. Kishkill and Kaleta.

Evaluation by the Compensation Committee. When the Company enters into CIC Agreements, the compensation committee reviews the terms of the CIC Agreements in consultation with its independent compensation consultant, assesses the impact of possible payouts under the CIC Agreements in the event of a change in control and confirms that the CIC Agreements are fair and reasonable to both the executive and the Company. The change in control payment estimates are presented to, and reviewed by, the compensation committee each time compensation is evaluated. Based on its most recent annual review of the CIC Agreements, the compensation committee continues to believe the payments are fair and reasonable. For a further description of compensation provided in the event of a change in control, see Executive Compensation Potential Payments Upon Termination or Change in Control Potential Payments Upon a Change in Control.

Tax and Accounting Implications

Section 162(m) of the Code. With certain material exceptions, Section 162(m) of the Internal Revenue Code (the *Code*) limits the deductibility of compensation paid by a public company in any year to \$1 million to each of the chief executive officer and the next three most highly paid executive officers other than the chief financial officer. A transition rule generally applies to compensation paid under plans and arrangements in existence on the date of an initial public offering, pursuant to which such compensation will not be subject to the \$1 million limit.

The 2010 Omnibus Plan is designed to enable most executive compensation to be deductible by the Company under Section 162(m) of the Code; however, the compensation committee has not adopted a policy that all compensation must be deductible, particularly where additional compensation may be needed to attract or retain executives for key leadership positions in the Company.

Accounting for Equity-Based Compensation. The Company uses ASC Topic 718 for purposes of determining the fair value of its equity-based compensation. The assumptions used in the calculations of these amounts are included in Note 18, *Share-Based Compensation*, to the Company's audited financial statements for the fiscal ended December 31, 2014, included in the Company's Annual Report on Form 10-K filed with the Commission on February 25, 2015. The fair value of awards made to each named executive officer in 2014 is set forth under *Summary Compensation Table*.

COMPENSATION COMMITTEE REPORT

The following report of the compensation committee is not soliciting material, is not deemed filed with the Commission and is not to be incorporated by reference into any other of the Company's filings under the Securities Act or the Securities Exchange Act of 1934, as amended (the Exchange Act), except to the extent we specifically incorporate this report by reference therein.

Since the formation of the compensation committee in October 2006, Michael Sweeney has served as chair of the compensation committee. Paul H. Stebbins has served on the compensation committee since his appointment to the board of directors on December 19, 2006. William J. Post has served on the compensation committee since July 26, 2010. Richard D. Chapman has served on the compensation committee since July 31, 2012.

The compensation committee is comprised solely of non-associate directors who are each: (i) independent as defined under the NASDAQ listing standards, (ii) a non-associate director for purposes of Rule 16b-3 of the Exchange Act and (iii) an outside director for purposes of Section 162(m) of the Code.

With a keen sense of awareness of its fiduciary obligations, the compensation committee actively engages management and reviews data on (i) the relationship between the Company's incentive compensation programs and the Company's long-term strategic goals, (ii) the impact of any individual compensation changes on total compensation (including reviewing executive tally sheets) and (iii) the possibility that any particular program or arrangement could incentivize inappropriate risk-taking behaviors. The compensation committee believes that the Company's compensation philosophy is appropriate and that the Company's incentive compensation programs are important tools that allow all associates, including management, to successfully focus on matters critical to the Company's long-term success.

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement on Schedule 14A and incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

- (1) Salary represents actual salary earned during each applicable year, and includes base salary and actual payments for accrued vacation and holidays.
- (2) The amounts reported in these columns reflect the aggregate grant date fair value of these awards computed in accordance with ASC Topic 718 excluding the effect of estimated forfeitures. The assumptions and methodologies used in the calculations of these amounts for 2014 are set forth in Note 18, Share-Based Compensation, to the Company's audited financial statements for the fiscal year ended December 31, 2014 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission (or, in the case of grants made prior to 2013, the corresponding footnote in the Company's Form 10-K for the applicable year). Under generally accepted accounting principles, compensation expense with respect to stock awards granted to our executive officers is generally recognized over the vesting periods applicable to the awards. The Securities and Exchange Commission disclosure rules require that we present the stock award amounts in the applicable column of the table above using the grant date fair value of the awards granted during the corresponding year (regardless of the period over which the awards are scheduled to vest). For a discussion of specific stock awards granted during 2014, see also Grants of Plan-Based Equity Awards below and the narrative discussion that follows.

Potential Payments Upon Termination or Change in Control

Potential Payments Upon Termination of Employment (Other Than in the Context of a Change in Control)

The table below reflects the estimated amount of compensation payable to each of the named executive officers in the event of termination of such executive's employment as of December 31, 2014. The amount of compensation payable to each named executive officer upon involuntary termination without cause (or, for Messrs. Hughes and Antoun, a resignation for good reason) and termination due to disability or death of the executive, in each case, other than in connection with a change in control, is shown below. The amounts shown assume that such termination was effective as of December 31, 2014, and thus include amounts earned through such time and are estimates of the amounts that would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of the executive's separation from the Company. As noted above, KSTEPP awards may remain outstanding and eligible to vest upon achievement of the performance criteria following a qualifying termination (i.e., due to disability, death of the executive, involuntary termination without cause or retirement); however, any payout to terminated participants would be pro-rated, taking into account the portion of the performance period during which such executive was employed. See Compensation Discussion and Analysis 2014 Compensation Decisions Equity-Based Compensation KSTEPP. Because it is not possible at this time to estimate whether such awards will vest (in full or part), for the purposes of this table, the awards are assumed to vest in full on December 31, 2014. Moreover, because the SEC rules require us to assume that the named executive officers were terminated on such date, no proration has been applied to such assumed payouts. These amounts are not necessarily indicative of actual payouts for the KSTEPP awards, which are not now known but will ultimately be determined based on our certification of performance through the entire performance period (and actual payout may range from \$0 to the maximum payout). Unless noted below, for purposes of the calculations below, we have used a share value of \$44.60 per share, which was the closing price of our common stock on December 31, 2014, the last trading day in 2014. None of the named executive officers are entitled to compensation upon a termination for cause (except for the value of any earned and unused (and unforfeited) vacation).

For descriptions relating to these payments and benefits, including any release, non-competition, non-solicitation or similar requirements, see Employment Agreements and Arrangements. The amounts do not include amounts payable pursuant to the Company's contracts, agreements, plans or arrangements to the extent they do not discriminate in scope, terms or operation, in favor of executive officers of the Company and that are available generally to all salaried associates, including payment of accrued rights such as payment for accrued and unpaid vacation.

have vested in full on December 31, 2014. - (5) Our 2014 annual cash incentive compensation plan requires that all associates be employed on the bonus payout date with the following exceptions: retirement, death and long-term disability. These exceptions allow eligibility for a pro-rated award based on days of service completed during the performance year. Calculation is shown as target payout of 1X assuming employment through the bonus payout date.

Potential Payments Upon a Change in Control

KSTEPP

In the event of a change of control (as defined below) that occurs during the performance period for our KSTEPP awards granted under the 2010 Omnibus Plan, 25% of the then-unvested portion of each award will accelerate and become vested without regard to achievement of the performance goal as of such time, in order to allow our executives to share in the gains that would, at such time, be realized by our stockholders. The 25% vesting provision supersedes the change of control provisions in the CIC Agreements between the Company and the named executive officers (described below). For more detail about our KSTEPP program, see Compensation Discussion and Analysis 2014 Compensation Decisions Equity-Based Compensation KSTEPP.

In addition, the compensation committee has discretion to further accelerate the vesting of the KSTEPP awards in connection with a change of control, including to amend an award to increase the vested percentage payable upon the occurrence of a change of control, which discretion is expected to be exercised based on the Company's actual performance relative to the vesting conditions. Periodically (and at any time when a change of control is anticipated), the compensation committee will review the Company's progress towards achievement of either the partial or the full vesting condition and evaluate whether it is appropriate to amend the award (or, if a change of control is expected, to exercise its discretion) to provide accelerated vesting of a higher portion of the award, effective in all cases only upon an actual change of control.

The term "change of control" in the 2010 Omnibus Plan is defined generally as the occurrence of any of the following events:

during any period of 24 consecutive months, a change in the composition of a majority of our board of directors that is not supported by a majority of the incumbent board of directors;

the consummation of a merger, reorganization or consolidation or sale or other disposition of all or substantially all of the total gross fair market value (determined without regard to liabilities) of our assets, subject to certain exceptions for transactions that would not constitute a change in control;

the approval by our stockholders of a plan of our complete liquidation or dissolution; or

an acquisition by any individual, entity or group of beneficial ownership of a percentage of the combined voting power of our then outstanding voting securities entitled to vote generally in the election of directors that is equal to or greater than the greater of (a) 20% or (b) the percentage of the combined voting power of the outstanding voting securities owned by certain specified stockholders, with exceptions for certain acquisitions.

Change in Control Severance Agreements

The Company has entered into CIC Agreements with its executive officers and certain senior management, including each of its named executive officers. As of July 2013, our compensation committee determined that such CIC Agreements will no longer provide for full vesting of unvested time-vested equity-based compensation upon a change in control of the Company and will instead provide for vesting of such equity-based compensation only upon a termination without cause or resignation for good reason within two years following a change in control of the Company. Consistent with the decision, pursuant to the CIC Agreement entered into with Messrs. Kishkill and Kaleta, if a change in control occurs (substantially as defined in the 2010 Omnibus Plan, except that a change in control will only be deemed to have occurred if such change in control constitutes a change in the ownership or effective control of the Company or a change in the ownership or a substantial portion of the assets of the Company within the meaning of Section 409A of the Code), Messrs. Kishkill and Kaleta will only become entitled to accelerated vesting of all equity-based, long-term incentive awards (other than awards which by their express terms do not accelerate under the CIC Agreements) upon termination without cause or resignation for good reason within two years following a change in control of the Company. Under the legacy CIC Agreements with Messrs. Hughes, Widmar and Antoun, if a change in control occurs (substantially as defined in the 2010 Omnibus Plan, except that, pursuant to an August 2013 amendment to such CIC Agreements, a change in control will only be deemed to have occurred if such change in control constitutes a change in the ownership or effective control of the Company or a change in the ownership or a substantial portion of the assets of the Company within the meaning of Section 409A of the Code), the executive would become immediately entitled to accelerated vesting of all equity-based, long-term incentive awards (other than awards which by their express terms do not accelerate under the CIC Agreements).

Named executive officers who are party to a CIC Agreement will also be entitled to severance payments and benefits if, in the case of each named executive officer other than Messrs. Kishkill and Kaleta, the executive's employment with the Company is terminated in anticipation of a change in control or if, with respect to each named executive officer, during the two-year period after a change in control, the executive's employment is terminated without cause or the executive resigns for good reason (which includes material changes in an executive's duties, responsibilities or reporting relationships, failure to provide equivalent compensation and benefits and being required to relocate 50 or more miles) (such termination, a qualifying termination). If terminated or separated from the Company under those circumstances, the executive would be entitled to the following additional benefits under the CIC Agreement:

a lump-sum cash severance payment equal to two times the sum of (i) the executive's annual base salary (without regard to any reduction giving rise to good reason) and (ii) the greater of -

the executive's target annual bonus for the year of termination; or

the average of the annual cash bonuses payable to the executive in respect of the three full calendar years immediately preceding the calendar year that includes the termination date or, if the executive has not been employed for three full calendar years preceding the calendar year that includes the termination date, the average of the annual cash bonuses payable to the executive for the number of full calendar years prior to the termination date that he or she has been employed;

a pro-rated target annual bonus;

the continuation of, or reimbursement for, medical and dental benefits for 18 months after termination of employment; and

reimbursement for the cost of executive-level outplacement services (subject to a \$20,000 limit).

Pursuant to Messrs. Kishkill and Kaleta's CIC Agreements as well as the August 2013 amendment to the legacy CIC Agreements, the lump-sum cash severance payment and the 18-month medical and dental reimbursement period will be reduced by the severance payments payable and the period of time in which each executive receives benefits following termination, as applicable, pursuant to each executive's employment agreement.

Table of Contents

To obtain severance benefits under a CIC Agreement, an executive must first execute a separation agreement with the Company that includes a waiver and release of any and all claims against the Company. For terminations other than a qualifying termination following a change in control, the executive is entitled to accrued rights only.

As a result of our compensation committee's decision in 2011 to no longer provide any newly hired executives with 280G tax gross up payments, we no longer have any legacy employment agreements with our named executive officers that allow for 280G tax gross up payments.

The table below shows the amounts that would be payable to each of the named executive officers who is party to a CIC Agreement in the event of a qualifying termination following a change in control, if a change in control and the qualifying termination had occurred on December 31, 2014, using a share value of \$44.60 per share, which was the closing price of our common stock on December 31, 2014, the last trading day in 2014.

The amounts do not include amounts payable pursuant to the Company's contracts, agreements, plans or arrangements to the extent they do not discriminate in scope, terms or operation, in favor of executive officers of the Company and that are available generally to all salaried associates, including payment of accrued rights such as payment for accrued and unpaid vacation.

Paul J. Kaleta	1,947,500	1,226,901		20,000	3,194,401

- (1) The Company will pay the executive an amount equal to two times the sum of (a) the executive's annual base salary (without regard to any reduction giving rise to "good reason") and (b) the greater of (i) the annual bonus or (ii) the average annual cash bonuses payable to the executive in respect of the three calendar years immediately preceding the calendar year that includes the termination date, or if the executive has not been employed for three full calendar years preceding the calendar year that includes the termination date, the average of the annual cash bonuses payable to the executive for the number of full calendar years prior to the termination date that he/she has been employed. In addition, the Company will pay the executive a prorated bonus based on the number of days the Executive was employed by the Company in the fiscal year containing the termination date.
- (2) All time-based equity awards for Messrs. Hughes, Widmar and Antoun vest upon a change in control. The vesting of all time-based equity awards for Messrs. Kishkill and Kaleta is a "double-trigger" benefit; the time-based equity awards vest upon a termination without "cause" or for resignation for "good reason" within two years following a change in control (without regard to any qualifying termination) of the Company. The KSTEPP performance grant would vest at 25% upon a change in control assumed to occur on December 31, 2014 with additional vesting subject to Compensation Committee discretion. Because the compensation committee has not applied discretion to date, KSTEPP vesting is reflected at 25%. For information about full vesting of the KSTEPP awards upon termination, see "Potential Payments Upon Termination of Employment (Other Than in the Context of a Change in Control)".
- (3) Estimated value of 18 months continued health benefits based on 2015 costs for these benefits. Mr. Kaleta received health coverage under a plan other than the Company provided health coverage and waived this benefit.
- (4) Assumes a maximum payment of \$20,000 which may be made for outplacement assistance.

PROPOSAL NO. 3

APPROVAL OF THE FIRST SOLAR, INC.

2015 OMNIBUS INCENTIVE COMPENSATION PLAN

General

The board of directors has adopted, subject to stockholder approval, the First Solar, Inc. 2015 Omnibus Incentive Compensation Plan (the "2015 Omnibus Plan"). The board of directors has adopted the Omnibus Plan in order to update the First Solar, Inc. 2010 Omnibus Incentive Compensation Plan (the "2010 Omnibus Plan"), among other reasons, to comply with the requirements under Section 162(m) of the Code regarding stockholder approval of the performance criteria that may apply to performance compensation awards, as well as to reflect current compensation and governance trends and pay practices and conform to recent changes in law. The purpose of the 2015 Omnibus Plan is to promote the interests of the Company and its stockholders by (i) attracting and retaining exceptional directors, officers, employees and consultants (including prospective directors, officers, employees and consultants) of the Company and its affiliates and (ii) enabling such individuals to participate in the long-term growth and financial success of the Company. The 2015 Omnibus Plan is intended to replace the 2010 Omnibus Plan, which replaced the 2006 Omnibus Incentive Compensation Plan (the "2006 Omnibus Plan"), which was adopted prior to our initial public offering. If approved by stockholders, the 2006 Omnibus Plan and 2010 Omnibus Plan share reserves, respectively, will be transferred to the 2015 Omnibus Plan and any forfeitures under the 2006 Omnibus Plan and 2010 Omnibus Plan will become available for grant under the 2015 Omnibus Plan. Notwithstanding the foregoing, through the effective date of the 2015 Omnibus Plan (or, through the expiration date of the 2010 Omnibus Plan, in the event the 2015 Omnibus Plan is not approved), (i) the 2010 Omnibus Plan shall remain in effect pursuant to its terms and (ii) any awards granted under the 2006 Omnibus Plan and 2010 Omnibus Plan shall remain in effect pursuant to their respective terms.

The 2010 Omnibus Plan is currently the sole plan for providing equity incentive compensation to eligible associates and non-associate directors. As noted above, the Company believes that equity-based awards are an important part of its overall compensation program, and wants to ensure that there is a sufficient number of shares available to adequately incentivize its associates, directors and consultants. The Company anticipates that it could exhaust the shares available under the 2010 Omnibus Plan within the next year. On December 31, 2014, the 2010 Omnibus Plan had 3,383,172 shares of common stock available for issuance. On March 5, 2015, the Company made a grant of restricted stock units to our executives and many of our associates with respect to 410,180 shares of common stock, after which, the plan balance was 3,008,669. The board of directors is requesting that stockholders approve the 2015 Omnibus Plan to increase the maximum number of shares of stock for which awards may be granted by 1,800,000 shares. If this proposal is approved, the total number of shares of common stock that may be delivered pursuant to awards granted under the 2015 Omnibus Plan will be (A) 1,800,000 plus (B) any shares that remain available under the 2010 Omnibus Plan as of the date of approval. We currently estimate that this increase in shares will allow the 2015 Omnibus Plan to operate for approximately the next three to five years. Stockholder approval of the Plan is intended to, among other things, comply with the rules and regulations of the NASDAQ and permit certain awards, as discussed below, to qualify for deductibility under Section 162(m) of the Code.

Equity is a significant component of total compensation for our associates (and the largest component of our executives' compensation) and the board of directors continues to believe that it should remain so because it is in the best interests of stockholders. Equity awards granted under the plan (i) induce talented associates to join our Company, (ii) help us retain those talented associates who are critical to our operation, (iii) align associate and stockholder interests, and (iv) directly link compensation with Company performance.

Comparison of 2015 Omnibus Plan to 2010 Omnibus Plan

The 2015 Omnibus Plan differs from the 2010 Omnibus Plan primarily in that the 2015 Omnibus Plan:

- i. alters the definition of "Change of Control" to increase the percentage threshold for triggering a change of control from 20% to 30% and to better reflect the current ownership of our most significant stockholders,
- ii. alters the number of, and manner in which we calculate, the 2015 Omnibus Plan share reserve (A) to eliminate recycling of shares surrendered or tendered to satisfy exercise price payments or applicable tax

Table of Contents

withholding with respect to options and stock appreciation rights (SARs) and (B) to count each share in respect of which a stock-settled SAR was exercised against the maximum aggregate limit of shares that may be awarded under the 2015 Omnibus Plan, regardless of the number of shares actually delivered upon settlement of such stock-settled SAR,

- iii. reflects changes (actual or anticipated in the near future) in the law (such as clawback provisions that would satisfy Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, as codified in Section 10D of the Exchange Act, (Section 954) and Section 304 of the Sarbanes-Oxley Act of 2002 (Section 304),
- iv. clarifies that, to satisfy the exercise price due upon a participant s exercise of a vested option under the 2015 Omnibus Plan, the Company may withhold from the shares otherwise deliverable to such participant a number of shares with an equivalent fair market value to such exercise price,
- v. clarifies that for any awards under the 2015 Omnibus Plan that are subject to vesting based on the achievement of performance goals (or any performance compensation awards as described below) and for which the Committee (as defined below) has provided for the payment of dividends or dividend equivalents, participants would not be entitled to payment of such dividends or dividend equivalents unless and to the extent that such performance goals are achieved or otherwise deemed to be satisfied and
- vi. responds to other compensation and governance trends.

Dilution

Our capital structure consisted of 100,348,869 shares of outstanding common stock as of March 6, 2015. The table below presents our potential overhang levels based on our fully-diluted common stock outstanding, as shown above, and our request for 1,800,000 additional shares to be available for awards pursuant to the 2015 Omnibus Plan.

Potential overhang with 1,800,000 additional shares:	
Equity awards outstanding as of March 6, 2014	4,635,052
Grants under the 2006 Omnibus Plan	10,000
Grants under the 2010 Omnibus Plan	4,625,052
Shares available for grant under the 2010 Omnibus Plan	3,008,669
Additional requested shares	1,800,000
Total Potential Dilution, or Overhang	9,443,721
Potential Dilution as a Percentage of Fully-Diluted Common Stock Outstanding	9.29%

As of March 6, 2015, a total of 3,008,669 shares of common stock were available for issuance under the 2010 Omnibus Plan. Our burn rate for each of the last three years (the Burn Rate), which is the percentage of common stock underlying equity awards granted in one year (as measured from January 1 of each of 2014, 2013 and 2012 until December 31 of each such year), is 0.60%, 2.21% and 5.24% and the average burn rate over the last three years is 2.68%. We expect that, if the 2015 Omnibus Plan is not approved, the common shares that are currently available under the 2010 Omnibus Plan could be exhausted within one to two years. This would have a detrimental effect on our ability to attract, retain and motivate officers, employees, directors and consultants. We estimate that the 2015 Omnibus Plan share reserve (1,800,000 shares) together with the transferred reserve from the 2006 and 2010 Omnibus Plans will be sufficient for approximately three to five years worth of grants. Our board of directors believes that the potential dilution from equity issuances to be made under the 2015 Omnibus Plan is reasonable. Approval of the 2015 Omnibus Plan is important in that it allows us to continue awarding equity incentives, which are an important component of our overall compensation program.

Table of Contents

Summary of the Plan

The following is a summary of the principal features of the 2015 Omnibus Plan. This description is qualified in its entirety by the terms of the 2015 Omnibus Plan, a copy of which is attached to this Proxy Statement as Appendix A and is incorporated by reference herein.

Types of Awards. The 2015 Omnibus Plan would provide for the grant of options intended to qualify as incentive stock options under Section 422 of the Code (ISOs), nonqualified stock options (NSOs), SARs, restricted share awards, restricted stock units (RSUs), performance units, cash incentive awards, performance compensation awards and other equity-based and equity-related awards. Awards may be granted in tandem with other awards.

Plan Administration. The 2015 Omnibus Plan would be administered by the Compensation Committee of our board of directors or such other committee as our board of directors designates to administer the 2015 Omnibus Plan (the Committee). Subject to the terms of the 2015 Omnibus Plan and applicable law, the Committee would have sole and plenary authority to administer the 2015 Omnibus Plan, including, but not limited to, the authority to (i) designate plan participants, (ii) determine the type or types of awards to be granted to a participant, (iii) determine the number of shares of our common stock or dollar value to be covered by awards, or which payments, rights or other matters are to be calculated in connection with, awards, (iv) determine the terms and conditions of awards (provided, however, that the exercise price of any ISOs, NSOs and SARs will be determined as specified in the 2015 Omnibus Plan, as described below), (v) determine the vesting schedules of awards and, if certain performance criteria were required to be attained in order for an award to vest or be settled or paid, establish such performance criteria and certify whether, and to what extent, such performance criteria have been attained, (vi) determine whether, to what extent and under what circumstances awards may be settled or exercised in cash, stock, other securities, other awards or other property, or canceled, forfeited or suspended and the method or methods by which awards may be settled, exercised, canceled, forfeited or suspended, (vii) determine whether, to what extent and under what circumstances cash, shares, other securities, other awards, other property and other amounts payable with respect to an award shall be deferred either automatically or at the election of the holder thereof or of the Committee, (viii) interpret, administer, reconcile any inconsistency in, correct any default in and/or supply any omission in, the 2015 Omnibus Plan, (ix) establish, amend, suspend or waive such rules and regulations and appoint such agents as it should deem appropriate for the proper administration of the 2015 Omnibus Plan, (x) accelerate the vesting or exercisability of, payment for or lapse of restrictions on, awards, (xi) amend an outstanding award or grant a replacement award for an award previously granted under the 2015 Omnibus Plan if, in its sole discretion, the Committee determines that (A) the tax consequences of such award to the Company or the participant differ from those consequences that were expected to occur on the date the award was granted or (B) clarifications or interpretations of, or changes to, tax law or regulations permit awards to be granted that have more favorable tax consequences than initially anticipated and (xii) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the 2015 Omnibus Plan.

Shares Available for Awards. Subject to adjustment for changes in capitalization and similar events, the aggregate number of shares that would be available to be delivered pursuant to awards granted under the 2015 Omnibus Plan would be equal to (i) 1,800,000 plus (ii) any shares that remain or otherwise become available under the terms of the 2006 Omnibus Plan and the 2010 Omnibus Plan (including as a result of forfeiture, expiration, termination, cancellation or settlement other than by the delivery of shares of awards outstanding under such plans) following the date that the 2015 Omnibus Plan is approved by the Company's stockholders, of which 4,000,000 shares could be granted pursuant to ISOs. As of March 6, 2015, a total of 4,635,052 shares of common stock were subject to outstanding awards under the 2006 Omnibus Plan and the 2010 Omnibus Plan. The closing price per share of our common stock on the NASDAQ on March 6, 2015 was \$60.61.

If, after the effective date of the 2015 Omnibus Plan, any award granted under the 2015 Omnibus Plan is forfeited, or otherwise expires, terminates or is canceled without the delivery of all shares subject thereto, or is settled other than by the delivery of shares (including cash settlement) and any shares surrendered or tendered in payment of any taxes required to be withheld in respect of an award, other than an option or SAR, granted under the 2015 Omnibus Plan, then the number of shares subject to such award that were not issued would not be treated as issued, and the aggregate number of shares that may be delivered pursuant to the 2015 Omnibus Plan would be

Table of Contents

increased by the number of shares so forfeited, expired, terminated, canceled or settled. Upon exercise of a stock-settled SAR, each share with respect to which such stock-settled SAR is exercised will be counted as one share against the maximum aggregate number of shares that may be delivered pursuant to awards under the 2015 Omnibus Plan, regardless of the number of shares actually delivered upon settlement of such stock-settled SAR. Awards that are required to be settled in cash will not reduce the aggregate number of shares that may be delivered pursuant to awards granted under the 2015 Omnibus Plan.

Subject to adjustment for changes in capitalization and similar events, the maximum aggregate number of shares of our common stock that would be available for grant under the 2015 Omnibus Plan pursuant to awards settled in stock to any (A) participant (other than a member of our board of directors who is not an employee of us or our affiliates (an Independent Director)) in any fiscal year would be 1,000,000 and (B) Independent Director in any fiscal year would be 50,000. For awards settled in cash based on the fair market value of a share, the maximum aggregate amount of cash that would be permitted to be paid to any participant under the 2015 Omnibus Plan in any fiscal year pursuant to such awards would be the per-share fair market value as of the relevant vesting, payment or settlement date multiplied by the maximum number of shares that could be granted, as described in the preceding sentence. The maximum aggregate amount of cash and other property (valued at fair market value) that would be permitted to be paid or delivered (1) to any participant (other than an Independent Director) under the 2015 Omnibus Plan in any fiscal year pursuant to awards, the value of which is not determined by reference to the fair market value of our shares would be \$20,000,000 and (2) to any Independent Director under the 2015 Omnibus Plan in any fiscal year pursuant to awards, the value of which is not determined by reference to the fair market value of our shares would be \$1,000,000.

Adjustments for Changes in Capitalization and Similar Events. In the event of any extraordinary dividend or other extraordinary distribution (whether in the form of cash, shares of our common stock, other securities or other property), recapitalization, stock split, reverse stock split, split-up or spin-off affecting the shares of our common stock, the Committee would, in order to preserve the value of the award and in the manner determined by the Committee, adjust any or all of (A) the number of shares of our common stock or other securities of the Company (or number and kind of other securities or property) with respect to which awards could be granted, including (1) the maximum aggregate number of shares of our common stock that could be delivered pursuant to awards granted under the 2015 Omnibus Plan (including pursuant to ISOs) and (2) the maximum number of shares of our common stock or other securities of the Company (or number and kind of other securities or property) with respect to which awards could be granted to any participant in any fiscal year of the Company, and (B) the terms of any outstanding award, including (1) the number of shares of our common stock or other securities of the Company (or number and kind of other securities or property) subject to outstanding awards or to which outstanding awards relate, (2) the exercise price, if applicable, with respect to any award and (3) the performance goals, if applicable, with respect to any award.

If the Committee were to determine that any reorganization, merger, consolidation, combination, repurchase or exchange of shares of our common stock or other securities of the Company, issuance of warrants or other rights to purchase shares of our common stock or other securities of the Company, or other similar corporate transaction or event would affect the shares of our common stock such that the Committee determines that an adjustment is appropriate or desirable, then the Committee could (A) in such manner as it would deem equitable or desirable, adjust any or all of (1) the number of shares of our common stock or other securities of the Company (or number and kind of other securities or property) with respect to which awards may be granted, including (x) the maximum aggregate number of shares of our common stock that may be delivered pursuant to awards granted under the 2015 Omnibus Plan (including pursuant to ISOs) and (y) the maximum number of shares of our common stock or other securities of the Company (or number and kind of other securities or property) with respect to which awards could be granted to any participant in any fiscal year of the Company, in each case, and (2) the terms of any outstanding award, including (x) the number of shares of our common stock or other securities of the Company (or number and kind of other securities or property) subject to outstanding awards or to which outstanding awards would relate, (y) the exercise price, if applicable, with respect to any award and (z) the performance goals, if applicable, with respect to any award, (B) if deemed appropriate or desirable by the Committee, make provision for a cash payment to the holder of an outstanding award in consideration for the cancellation of such award, including, in the case of an outstanding option or SAR, a cash payment to the holder of such option or SAR in consideration for the

Table of Contents

cancellation of such option or SAR in an amount equal to the excess, if any, of the fair market value (as of a date specified by the Committee) of the shares of our common stock subject to such option or SAR over the aggregate exercise price of such option or SAR and (C) if deemed appropriate or desirable by the Committee, cancel and terminate any option or SAR having a per share exercise price equal to, or in excess of, the fair market value of a share of our common stock subject to such option or SAR without any payment or consideration therefor.

Substitute Awards. The Committee would be permitted (subject to the restrictions on repricing of ISOs, NSOs and SARs provided in the 2015 Omnibus Plan) to grant awards in assumption of, or in substitution for, outstanding awards previously granted by us or any of our affiliates or a company that we acquired or with which we combined. Any shares issued by us through the assumption of or substitution for outstanding awards granted by a company that we acquired or with which we combined would not reduce the aggregate number of shares of our common stock available for awards under the 2015 Omnibus Plan, except that awards issued in substitution for ISOs would reduce the number of shares of our common stock available for ISOs under the 2015 Omnibus Plan.

Source of Shares. Any shares of our common stock issued under the 2015 Omnibus Plan would consist, in whole or in part, of authorized and unissued shares or of treasury shares.

Eligible Participants. Any director, officer, employee or consultant (including any prospective director, officer, employee or consultant) of us or our affiliates would be eligible to participate in the 2015 Omnibus Plan. As of December 31, 2014, this class of persons numbered approximately 5,950.

Stock Options. The Committee would be permitted to grant both ISOs and NSOs under the 2015 Omnibus Plan. Generally, the exercise price for options would not be less than the fair market value of common stock on the grant date or, for certain ISOs, less than 110% of such fair market value. The Committee would not reprice any option granted under the 2015 Omnibus Plan without the approval of our stockholders. All options granted under the 2015 Omnibus Plan would be NSOs unless the applicable award agreement expressly stated that the option was intended to be an ISO. Stock options may qualify as performance-based compensation under Section 162(m) of the Code.

Subject to the provisions of the 2015 Omnibus Plan and the applicable award agreement, the Committee would determine, at or after the grant of an option, the vesting criteria, term, methods of exercise, methods and form of settlement and any other terms and conditions of any option, but, as noted above, the exercise price will be not less than the fair market value of common stock on the date of grant or, for certain ISOs, less than 110% of such fair market value, except, in each case, for certain substitute awards or adjustments for changes in capitalization or similar events as provided under the 2015 Omnibus Plan. Unless otherwise set forth in the applicable award agreement, each NSO and ISO would expire immediately and without any payment upon the earlier of (i) the tenth anniversary of the date such option was granted and (ii) 180 days after the participant who was holding such option ceased to be a director, officer, employee or consultant for us or one of our affiliates for any reason (including death). The exercise price would be permitted to be paid (A) with cash (or its equivalent) or (B) in the sole discretion of the Committee, (1) with previously acquired shares of our common stock or through delivery of irrevocable instructions to a broker to sell our common stock otherwise deliverable upon the exercise of the option (provided that there was a public market for our common stock at such time), (2) by having us withhold the number of shares of common stock that is equivalent (based on the fair market value of such share at the time) to the exercise price from the number of shares of common stock otherwise issuable pursuant to the exercise of the option (for the avoidance of doubt, such shares withheld would be counted against the maximum number of shares that may be delivered pursuant to the awards granted under the 2015 Omnibus Plan) or (3) a combination of any of the foregoing, provided that the combined value of all cash and cash equivalents and the fair market value of any such shares so tendered to us as of the date of such tender, together with any shares withheld by us in respect of taxes relating to an option, was at least equal to such aggregate exercise price.

Stock Appreciation Rights. The Committee would be permitted to grant SARs under the 2015 Omnibus Plan. Generally, the exercise price for SARs would not be less than the fair market value (as defined in the 2015 Omnibus Plan) of our common stock on the grant date. The Committee would not reprice any SAR granted under the 2015 Omnibus Plan without the approval of our stockholders. Upon exercise of an SAR, the holder would receive cash, shares of our common stock, other securities, other awards, other property or a combination of any of the foregoing, as determined by the Committee, equal in value to the excess, if any, of the fair market value of a share of our

Table of Contents

common stock on the date of exercise of the SAR over the exercise price of the SAR. SARs may qualify as performance-based compensation under Section 162(m) of the Code. Subject to the provisions of the 2015 Omnibus Plan and the applicable award agreement, the Committee would determine, at or after the grant of an SAR, the vesting criteria, term, methods of exercise, methods and form of settlement and any other terms and conditions of any SAR, but, as noted above, the exercise price will be not less than the fair market value of common stock on the date of grant, except for certain substitute awards or adjustments for changes in capitalization or similar events as provided under the 2015 Omnibus Plan. Unless otherwise set forth in the applicable award agreement, each SAR would expire immediately and without any payment upon the earlier of (i) the tenth anniversary of the date such SAR was granted and (ii) 180 days after the participant who was holding such SAR ceased to be a director, officer, employee or consultant for us or one of our affiliates for any reason (including death).

Restricted Shares and Restricted Stock Units. Subject to the provisions of the 2015 Omnibus Plan, the Committee would be permitted to grant restricted shares and RSUs. Restricted shares and RSUs would not be permitted to be sold, assigned, transferred, pledged or otherwise encumbered except as provided in the 2015 Omnibus Plan or the applicable award agreement, except that the Committee could determine that restricted shares and RSUs would be permitted to be transferred by the participant for no consideration. Restricted shares could be evidenced in such manner as the Committee would determine.

An RSU would be granted with respect to one share of common stock or have a value equal to the fair market value of one such share. Upon the lapse of restrictions applicable to an RSU, the RSU could be paid in cash, shares of our common stock, other securities, other awards or other property, as determined by the Committee, or in accordance with the applicable award agreement. In connection with each grant of restricted shares, except as provided in the applicable award agreement, the holder would be entitled to the rights of a stockholder (including the right to vote) in respect of such restricted shares. If a restricted share or RSU were intended to qualify as performance-based compensation under Section 162(m) of the Code, the granting or vesting of such award would be conditioned on satisfaction of performance criteria and the other requirements described below in Performance Compensation Awards being satisfied.

Performance Units. Subject to the provisions of the 2015 Omnibus Plan, the Committee would be permitted to grant performance units to participants. Performance units would be awards with an initial value established by the Committee (or determined by reference to a valuation formula specified by the Committee) at the time of the grant. In its discretion, the Committee would set performance goals that, depending on the extent to which they were met during a specified performance period, would determine the number and/or value of performance units that would be paid out to the participant. The Committee, in its sole discretion, would be permitted to pay earned performance units in the form of cash, shares of our common stock or any combination thereof that would have an aggregate fair market value equal to the value of the earned performance units at the close of the applicable performance period. The determination of the Committee with respect to the form and timing of payout of performance units would be set forth in the applicable award agreement. The Committee would be permitted to, on such terms and conditions as it might determine, provide a participant who holds performance units with dividends or dividend equivalents, payable in cash, shares of our common stock, other securities, other awards or other property (which dividends or dividend equivalents, as the case may be, would not be payable unless and to the extent that the underlying performance units are earned). If a performance unit were intended to qualify as performance-based compensation under Section 162(m) of the Code, the requirements below described in Performance Compensation Awards would be applicable.

Cash Incentive Awards. Subject to the provisions of the 2015 Omnibus Plan, the Committee would be permitted to grant cash incentive awards payable upon the attainment of performance goals. If a cash incentive award were intended to qualify as performance-based compensation under Section 162(m) of the Code, the requirements described below in Performance Compensation Awards would be applicable.

Other Stock-Based Awards. Subject to the provisions of the 2015 Omnibus Plan, the Committee would be permitted to grant to participants other equity-based or equity-related compensation awards, including vested stock. The Committee would be permitted to determine the amounts and terms and conditions of any such awards. If such an award were intended to qualify as performance-based compensation under Section 162(m) of the Code, the requirements described below in Performance Compensation Awards would be applicable.

Dividends and Dividend Equivalents. Subject to the provisions of the 2015 Omnibus Plan, the Committee would be permitted to provide participants with dividends or dividend equivalents in respect of awards other than options, SARs or cash incentive awards. The dividends or dividend equivalents could be payable in cash, shares of our common stock, other securities, other awards or other property, on a current or deferred basis, on such terms and conditions as may be determined by the Committee in its sole discretion, including, without limitation, (i) payment directly to the participant, (ii) withholding of such amounts by the Company subject to vesting of the award or (iii) reinvestment in additional shares of our common stock, restricted shares or other awards. Participants holding awards granted under the 2015 Omnibus Plan that are subject to vesting based on the achievement of performance goals (or any performance compensation awards as described below) and for which the Committee has provided for the payment of dividends or dividend equivalents would not be entitled to payment of such dividends or dividend equivalents unless and to the extent that such performance goals are achieved or otherwise deemed to be satisfied.

Performance Compensation Awards. The Committee would be permitted to designate any award granted under the 2015 Omnibus Plan (other than ISOs, NSOs and SARs) as a performance compensation award in order for such award to be eligible for qualification as performance-based compensation under Section 162(m) of the Code. Awards designated as performance compensation awards would be subject to the following additional requirements:

Recipients of Performance Compensation Awards. The Committee would, in its sole discretion, be required to designate within the first 90 days of a performance period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) the participants who would be eligible to receive performance compensation awards in respect of such performance period.

Establishment of Performance Compensation Award. When establishing a performance compensation award, the Committee, in its sole discretion, would determine the length of performance periods, the types of awards to be issued, the performance criteria that would be used to establish the performance goals, the kinds and levels of performance goals and any performance formula to be used to determine whether a performance compensation award is earned for the performance period.

Performance Criteria Applicable to Performance Compensation Awards. The performance criteria would be based on attainment of specific levels of performance of the Company or any of its subsidiaries, affiliates, divisions or operational units, or any combination of the foregoing and would be limited to the following (which, for the avoidance of doubt, can be considered alone or in combination): (A) net income before or after taxes, (B) earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization), (C) operating income, (D) earnings per share, (E) return on shareholders' equity, (F) return on investment or capital, (G) return on assets, (H) net assets, (I) level or amount of acquisitions, (J) share price, (K) market capitalization, (L) profitability and profit margins, (M) market share (in the aggregate or by segment), (N) revenues or sales (based on units or dollars), (O) costs (including bill of material costs), (P) cash flow, (Q) working capital, (R) cost per watt, (S) watts produced, (T) watts shipped, (U) watts per module, (V) conversion efficiency, (W) modules produced, (X) modules shipped, (Y) production throughput rates, (Z) solar project velocity, (AA) solar project volume, (BB) production yields, (CC) solar projects developed (number or watts), (DD) solar projects financed (by value or watts), (EE) solar projects sold (by value or watts), (FF) operation or maintenance contracts signed or maintained (by value or watts), (GG) production expansion build and ramp times, (HH) module field performance, (II) average sales price, (JJ) budgeted expenses (operating and/or capital), (KK) inventory turns, (LL) accounts receivable levels, (MM) completion of projects within a specified time frame and/or within a specified budget, (NN) development of product, (OO) installation of product, (PP) levelized cost of electricity (LCOE), (QQ) cost per kilowatt hour, (RR) balance of systems cost, (SS) power plant cost, (TT) energy yield, (UU) energy density, (VV) module long-term performance (stability, useful service life), (WW) power plant useful service life and terminal value (XX) system reliability, (YY) system availability, (ZZ) component reliability (component-predicted failure rates), (AAA) operations and maintenance cost, (BBB) operations and maintenance revenues, (CCC) module form factor (size, weight mounting method), (DDD) gross profit, (EEE) current ratio, (FFF) working capital ratio, (GGG) return measures based either on income or cash, and (HHH) dividend per share. These performance criteria would be permitted to be applied on an absolute basis or relative to one or more peer companies or indices or any combination thereof or, if applicable, be

computed on an accrual or cash accounting basis. The performance goals and periods could vary from participant to participant and from time to time. To the extent required under Section 162(m) of the Code, the Committee would, within the first 90 days of the applicable performance period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), define in an objective manner the method of calculating the performance criteria to be used for the performance period.

Modification of Performance Goals. The Committee would be permitted to adjust or modify the calculation of performance goals for a performance period to the extent permitted under Section 162(m) of the Code, including (i) in the event of, in anticipation of, or in recognition of, any unusual or extraordinary corporate item, transaction, event or development or any other unusual or extraordinary corporate item, transaction event or development affecting the Company, any of its affiliates, subsidiaries, divisions or operating units (to the extent applicable to such performance goal) or (ii) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company, any of its affiliates, subsidiaries, divisions or operating units (to the extent applicable to such performance goal) or the financial statements of any of its affiliates, subdivisions or operating units (to the extent applicable to such performance goal), or of changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange, accounting principles, law or business conditions.

Requirements To Receive Performance Compensation Awards. Except as otherwise permitted by Section 162(m) of the Code, to be eligible for payment in respect of a performance compensation award for a particular performance period, participants would need to be employed by us on the last day of the performance period (or such date determined by the Committee and not inconsistent with the requirements of Section 162(m) of the Code), the performance goals for such period would need to be satisfied and certified by the Committee and the performance formula would need to determine that at least such portion of the performance compensation award had been earned for such period.

Negative Discretion. The Committee would be permitted to, in its sole discretion, reduce or eliminate the amount of a performance compensation award earned in a particular performance period, even if applicable performance goals had been attained.

Limitations on Committee Discretion. Except as otherwise permitted by Section 162(m) of the Code, in no event could any discretionary authority granted to the Committee under the 2015 Omnibus Plan (i) be used to grant or provide payment in respect of performance compensation awards for which performance goals had not been attained, (ii) increase a performance compensation award for any participant at any time after the first 90 days of the performance period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) or (iii) increase a performance compensation award above the maximum amount payable under the 2015 Omnibus Plan.

Time and Form of Payment. Performance compensation awards granted for a performance period would be paid to participants as soon as administratively possible following Committee certification unless the Committee determined that payment of the award should be deferred. Performance compensation awards would be paid in the form established by the Committee based on the terms of the underlying award so designated (e.g., cash, restricted shares, RSUs, fully vested shares). The number of restricted shares, RSUs or shares determined to be equivalent to a dollar amount would be determined in accordance with a methodology to be specified by the Committee within the first 90 days of the relevant performance period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code).

Amendment and Termination of the 2015 Omnibus Plan. Subject to any applicable law or government regulation, to any requirement that must be satisfied for the 2015 Omnibus Plan to be treated as a shareholder approved plan for purposes of Section 162(m) of the Code and to the rules of the NASDAQ or any successor exchange or quotation system on which the shares of our common stock are listed or quoted, the board of directors could amend, modify or terminate the 2015 Omnibus Plan without the approval of our stockholders, except that stockholder approval would be required for any amendment that would (i) increase the maximum number of shares of our common stock available for awards under the 2015 Omnibus Plan or increase the maximum number of shares of Company common stock that could be delivered pursuant to ISOs granted under the 2015 Omnibus Plan, except for adjustments for changes in capitalization and similar events as provided in the 2015 Omnibus Plan, or

Table of Contents

(ii) change the class of employees or other individuals eligible to participate in the 2015 Omnibus Plan. No modification, amendment or termination of the 2015 Omnibus Plan that would materially and adversely affect the rights of any participant would be effective without the consent of the affected participant, unless otherwise provided by the Committee in the applicable award agreement.

The Committee would be permitted to waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate any award previously granted, prospectively or retroactively. However, unless otherwise provided by the Committee in the applicable award agreement or in the 2015 Omnibus Plan, any waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would materially and adversely impair the rights of any participant to any award previously granted would not to that extent be effective without the consent of the affected participant.

The Committee would be authorized to make adjustments in the terms and conditions of awards in the event of (i) any unusual or nonrecurring corporate event affecting us (including the occurrence of a change of control of us), any of our affiliates or our financial statements or the financial statements of any of our affiliates, or (ii) changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange, accounting principles or law were the Committee, in its discretion, to determine those adjustments were appropriate or desirable. Such adjustments could include (A) the substitution or assumption of awards, (B) acceleration of the exercisability of, lapse of restrictions on, or termination of, awards, (C) provision of a period of time to exercise an award prior to the occurrence of such event, (D) provision for a cash payment to the holder of an outstanding award in consideration for the cancellation of such award, including, in the case of an outstanding option or SAR, a cash payment to the holder of such option or SAR in consideration for the cancellation of such option or SAR in an amount equal to the excess, if any, of the fair market value (as of a date specified by the Committee) of the shares of our common stock subject to such option or SAR over the aggregate exercise price of such option or SAR or (E) cancellation and termination of any option or SAR having a per share exercise price equal to, or in excess of, the fair market value of a share of our common stock subject to such option or SAR without any payment or consideration therefor.

Change of Control. The 2015 Omnibus Plan would not provide for automatic (i.e., single trigger) vesting of awards in the event of a change of control of the Company; however, if no provision is made in connection with the change of control for assumption of, or substitution for, all such awards outstanding on the date of the change of control, then, unless otherwise required to comply with Section 409A of the Code, all such awards shall be treated as follows as of the date immediately prior to the change of control: (i) awards subject only to time-based vesting criteria would become (or would be deemed) fully vested and/or exercisable, and all restrictions and forfeiture provisions related thereto would lapse, as applicable, and (ii) all performance units, cash incentive awards and other awards designated as performance compensation awards would be paid out as if the date of the change of control were the last day of the applicable performance period and target performance levels had been attained.

Except as more specifically enumerated in the 2015 Omnibus Plan's definition, a change of control would occur on any of the following events:

During any period of 24 consecutive months, individuals who were members of the board of directors at the beginning of such period cease at any time during such period for any reason to constitute at least a majority of the board of directors;

The consummation of (i) a merger, consolidation, statutory share exchange or similar form of corporate transaction involving (x) the Company or (y) any of its subsidiaries, (but in the case of this clause (y) only if voting securities of the Company are issued or issuable in connection with such transaction) or (ii) a sale or other disposition of all or substantially all the assets of the Company, in each case, unless following which (A) the stockholders of the Company as of just prior to such consummation continue to own in substantially the same proportions more than 50% of the combined voting power of the surviving entity (disregarding any interests in the surviving entity that such stockholders owned before such consummation), (B) no person (excluding employee benefit plans or related trusts and specified shareholders (defined below)) owns 20% or more of the combined voting power of the surviving entity and (C) a majority of the members of the board of directors of the surviving entity were members of the Company's board of directors as of the time such transaction was agreed upon or approved;

Table of Contents

The approval by the stockholders of the Company of a plan of complete liquidation or dissolution of the Company, unless such liquidation or dissolution is part of a transaction or series of transactions described in the preceding bullet that does not otherwise constitute a change of control; or

The date that any legal person, corporation or other entity or group (as defined) other than any specified shareholder becomes the beneficial owner, directly or indirectly, of securities of the Company representing a percentage of the combined voting power of that is equal to or greater than 30 %. For this purpose, the specified shareholders are (i) JCL FSLR Holdings, LLC and its beneficiaries, (ii) JTW Trust No. 1 UAD 9/19/02 and its beneficiaries, (iii) any legal person directly or indirectly controlled by any of the foregoing and (iv) any trust for the direct or indirect benefit of any of the foregoing.

Clawback. Notwithstanding anything in the 2015 Omnibus Plan to the contrary, awards granted under the 2015 Omnibus Plan will be subject to the Company's clawback and recoupment policies, as may be in effect from time to time and subject to applicable law, and any clawback to the extent necessary to comply with applicable law (including the requirements of Section 954 or Section 304).

Term of the 2015 Omnibus Plan. No award would be permitted to be granted under the 2015 Omnibus Plan after the tenth anniversary of the date the 2015 Omnibus Plan was approved by the Company's stockholders.

Effect of Non-approval of the 2015 Omnibus Plan. Notwithstanding anything in the 2015 Omnibus Plan to the contrary, in the event that the 2015 Omnibus Plan is not approved by the Company's stockholders, the 2010 Omnibus Plan shall remain in effect pursuant to its terms.

Certain Federal Tax Aspects of the 2015 Omnibus Plan

The following summary describes the federal income tax treatment that would apply to awards under the 2015 Omnibus Plan. The summary is based on the law as in effect on March 31, 2015. The summary does not discuss state or local tax consequences or non-U.S. tax consequences.

Incentive Stock Options. Neither the grant nor the exercise of an ISO would result in taxable income to the optionee for regular federal income tax purposes. However, an amount equal to (i) the per-share fair market value of a share of our common stock on the exercise date minus the exercise price at the time of grant multiplied by (ii) the number of shares with respect to which the ISO is being exercised would count as alternative minimum taxable income which, depending on the particular circumstances of the optionee, could result in liability for the alternative minimum tax or AMT. If the optionee did not dispose of the shares issued pursuant to the exercise of an ISO until the later of the two-year anniversary of the date of grant of the ISO and the one-year anniversary of the date of the acquisition of those shares, then (a) upon a later sale or taxable exchange of the shares, any recognized gain or loss would be treated for tax purposes as a long-term capital gain or loss and (b) the Company would not be permitted to take a deduction with respect to that ISO for federal income tax purposes.

If shares acquired upon the exercise of an ISO were disposed of prior to the expiration of the two-year and one-year holding periods described above (a disqualifying disposition), generally the optionee would recognize ordinary income in the year of disposition in an amount equal to the lesser of (i) any excess of the fair market value of a share of our common stock at the time of exercise of the ISO over the amount paid for the shares or (ii) the excess of the amount recognized on the disposition of the shares over the participant's aggregate tax basis in the shares (generally, the exercise price). A deduction would be available to the Company equal to the amount of ordinary income recognized by the optionee. Any further gain recognized by the optionee would be taxed as short-term or long-term capital gain and would not result in any deduction by the Company. A disqualifying disposition occurring in the same calendar year as the year of exercise would eliminate the alternative minimum tax effect of the ISO exercise.

Special rules could apply where all or a portion of the exercise price of an ISO is paid by tendering shares, or if the shares acquired upon exercise of an ISO were subject to substantial forfeiture restrictions. The foregoing summary of tax consequences associated with the exercise of an ISO and the disposition of shares acquired upon exercise of an ISO assumes that the ISO would be exercised during employment with us or within three months following termination of employment. The exercise of an ISO more than three months following termination of employment would result in the tax consequences described below for NSOs, except that special rules would apply

Table of Contents

in the case of disability or death. An individual's stock options otherwise qualifying as ISOs would be treated for tax purposes as NSOs (not as ISOs) to the extent that, in the aggregate, they first become exercisable in any calendar year for stock having a fair market value (determined as of the date of grant) in excess of \$100,000.

Nonqualified Stock Options. An NSO (that is, a stock option that does not qualify as an ISO) would result in no taxable income to the optionee or deduction to the Company at the time it is granted. An optionee exercising an NSO would, at the time of exercise, recognize ordinary income equal to (i) the per-share fair market value of a share of our common stock on the exercise date minus the exercise price at the time of grant multiplied by (ii) the number of shares with respect to which the option is being exercised. A corresponding deduction would be available to the Company. If the NSO were granted in connection with employment, this taxable income would also constitute wages subject to withholding and employment taxes. The foregoing summary assumes that any shares acquired upon exercise of an NSO are not subject to a substantial risk of forfeiture.

Stock Appreciation Rights. The grant of an SAR would result in no taxable income to the holder or a deduction to the Company. A holder of an SAR would, upon exercise, recognize taxable income equal to (i) the per-share fair market value of a share of our common stock on the exercise date minus the exercise price at the time of grant multiplied by (ii) the number of shares with respect to which the SAR is being exercised. If the SAR were granted in connection with employment, this taxable income would also constitute wages subject to withholding and employment taxes. A corresponding deduction would be available to the Company. To the extent the SAR is settled in shares of our common stock or property, any additional gain or loss recognized upon any later disposition of the shares or property would be capital gain or loss.

Restricted Stock Awards. A participant acquiring restricted stock generally would recognize ordinary income equal to the fair market value of the shares on the date the shares are no longer subject to a substantial risk of forfeiture (and are freely transferable) unless the participant had elected to make a timely election pursuant to Section 83(b) of the Code, in which case, the participant would recognize ordinary income on the date the shares were acquired. If the participant is an employee, such ordinary income generally would be subject to withholding and employment taxes. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value upon which the participant recognized ordinary income, would be taxed as a capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date.

Restricted Stock Units, Performance Units, Cash Incentive Awards or Other Stock-Based Awards. The grant of RSUs, performance units, cash incentive awards or other stock-based awards would result in no taxable income to the participant or deduction to the Company. A participant awarded one of these awards would recognize ordinary income in an amount equal to the fair market value of the compensation issued to the participant on the settlement date. If the participant were an employee, such ordinary income generally would be subject to withholding and employment taxes. Where an award settled in the shares of our common stock or other property, any additional gain or loss recognized upon the disposition of such shares or property would be capital gain or loss.

Other Compensation Arrangements. Nothing in the 2015 Omnibus Plan will prevent the Company or any of its affiliates from adopting, or continuing in effect, other compensation arrangements, including arrangements that provide for the grant of options, restricted stock, shares, other types of equity-based awards (subject to stockholder approval, if required) and cash incentive awards, and such arrangements may be generally applicable or applicable only in specific cases. However, unless expressly stated otherwise in the applicable award agreement, equity grants of the Company to any individual eligible for grants under the 2015 Omnibus Plan will be presumed to have been made under the 2015 Omnibus Plan.

Section 162(m). Section 162(m) of the Code currently provides that if, in any year, the compensation that is paid to our Chief Executive Officer or to any of our three other most highly compensated executive officers (excluding our Chief Financial Officer) exceeds \$1,000,000 per person, any amounts that exceed the \$1,000,000 threshold will not be deductible by us for federal income tax purposes, unless the compensation qualifies for an exception to Section 162(m) of the Code. Certain performance-based awards under plans approved by stockholders are not subject to the deduction limit, and the Company intends that specified performance compensation awards granted under the 2015 Omnibus Plan may be eligible for this favorable qualification under Section 162(m) of the Code. The Company may also elect to provide for non-deductible awards under the 2015 Omnibus Plan. In

Table of Contents

addition, stock options and SARs that would be awarded under the 2015 Omnibus Plan, although not performance compensation awards under the 2015 Omnibus Plan, may be eligible for this performance-based exception.

Section 409A. Section 409A of the Code imposes restrictions on nonqualified deferred compensation. Failure to satisfy these rules results in accelerated taxation, an additional tax to the holder of the amount equal to 20% of the deferred amount and a possible interest charge. Stock options and SARs granted on shares of our common stock with an exercise price that is not less than the fair market value of the underlying shares on the date of grant will not give rise to deferred compensation for this purpose unless they involve additional deferral features. Stock options and SARs that would be awarded under the 2015 Omnibus Plan are intended to be eligible for this exception.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, requires our directors, executive officers and holders of more than 10% of our common stock to file with the Commission reports regarding their ownership and changes in ownership of our securities. We believe that, during the fiscal year ended December 31, 2014, our directors, executive officers and 10% stockholders complied with all Section 16(a) filing requirements.

In making these statements, we have relied upon examination of the copies of Forms 3, 4 and 5 provided to us and the written representations of our directors, executive officers and 10% stockholders.

OTHER MATTERS

It is not anticipated that any matters other than those described in this proxy statement will be brought before the annual meeting. If any other matters are presented, however, it is the intention of the persons named in the proxy to vote the proxy in accordance with the discretion of the persons named in the proxy.

HOUSEHOLDING

The Commission permits companies to send a single set of certain disclosure documents to any household at which two or more stockholders reside, unless contrary instructions have been received, but only if the Company provides advance notice and follows certain procedures. In such cases, each stockholder continues to receive a separate notice of the meeting and proxy card. This householding process reduces the volume of duplicate information and reduces printing and mailing expenses. We will promptly deliver a separate copy of the proxy materials to each stockholder who has been householded if he or she requests the Company to do so. If you desire to receive separate copies of any of our future proxy materials, or if you are receiving multiple copies of such proxy materials and would like to receive only one copy for your household, you should contact your brokerage firm, bank, broker-dealer, trust or other similar organization, or you may contact us by telephone (602) 414-9300 or by mail at First Solar, Inc., 350 West Washington Street, Suite 600, Tempe, Arizona 85281, Attn: Investor Relations. Our proxy materials are also available on the internet free of charge at <http://www.envisionreports.com/FSLR>.

STOCKHOLDER PROPOSALS

A stockholder who would like to have a proposal considered for inclusion in our 2016 proxy statement must submit the proposal so that it is received by us no later than December 10, 2015. Commission rules set standards for eligibility and specify the types of stockholder proposals that may be excluded from a proxy statement. Stockholder proposals should be addressed to the Corporate Secretary, First Solar, Inc., 350 West Washington Street, Suite 600, Tempe, Arizona 85281.

If a stockholder does not submit a proposal for inclusion in next year's proxy statement, but instead wishes to present it directly at next year's annual meeting of stockholders, our bylaws require that the stockholder notify us in writing on or before February 20, 2016, but no earlier than January 21, 2016, to be included in our materials relating to that meeting. Proposals received after February 20, 2016 will not be voted on at the annual meeting. In addition, such proposal must also include, among other things, a brief description of the business desired to be brought before the annual meeting; the text of the proposal or business (including the text of any resolutions proposed for consideration) and the reasons for conducting such business at the annual meeting; the name and address, as they appear on the Company's books, of the stockholder proposing such business or nomination and the name and address of the beneficial owner, if any, on whose behalf the nomination or proposal is being made; the class or series and number of shares of the Company which are beneficially owned or owned of record by the stockholder and the beneficial owner; any material interest of the stockholder in such business; and a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such annual meeting and intends to appear in person or by proxy at such meeting to propose such business. If the stockholder wishes to nominate one or more persons for election as a director, such stockholder's notice must comply with additional provisions as set forth in our bylaws, including certain information with respect to the persons nominated for election as directors and any information relating to the stockholder that would need to be disclosed in a proxy filing. Any such proposals should be directed to the Corporate Secretary at First Solar, Inc., 350 West Washington Street, Suite 600, Tempe, Arizona 85281.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following report of the audit committee is not soliciting material, is not deemed filed with the Commission and is not to be incorporated by reference into any other of the Company's filings under the Securities Act or the Exchange Act, except to the extent we specifically incorporate this report by reference therein.

The Audit Committee is comprised of four non-management directors, each of whom is independent as that term is defined in the NASDAQ Marketplace Rules and satisfies the audit committee independence standard under Rule 10A-3(b)(1) of the Exchange Act.

The Audit Committee was formed by a resolution of the board of directors on October 3, 2006 and held nine meetings during 2014.

The Audit Committee operates under a written Audit Committee Charter that was approved by the Audit Committee and approved by the board.

The Audit Committee has reviewed and discussed with management of the Company and PricewaterhouseCoopers LLP, the independent registered public accounting firm for the Company, the audited financial statements of the Company for the fiscal year ended December 31, 2014 (the Audited Financial Statements). The Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (as amended by SAS 89 and SAS 90), as in effect on the date of this proxy statement.

PricewaterhouseCoopers LLP provided to the Audit Committee the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board (PCAOB) regarding the independent accountant's communication with the Audit Committee concerning independence, and the Audit Committee discussed with PricewaterhouseCoopers LLP the latter's independence, including whether its provision of non-audit services compromised such independence.

Based on the reviews and discussions described above, the Audit Committee recommended to the board of directors of the Company that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the Securities and Exchange Commission.

Section 1. Purpose. The purpose of this First Solar, Inc. 2015 Omnibus Incentive Compensation Plan (the "Plan") is to promote the interests of First Solar, Inc., a Delaware corporation (such corporation, together with any successor thereto, the "Company"), and its stockholders by (a) attracting and retaining exceptional directors, officers, employees and consultants (including prospective directors, officers, employees and consultants) of the Company and its Affiliates (as defined below) and (b) enabling such individuals to participate in the long term growth and financial success of the Company. (b) Authority of Committee. Subject to the terms of the Plan and applicable law, and in addition to other express powers and authorizations conferred on the Committee by the Plan, the Committee shall have sole and plenary authority to administer the Plan, including, but not limited to, the authority to (i) designate Participants, (ii) determine the type or types of Awards to be granted to a Participant, (iii) determine the number of Shares or dollar value to be covered by, or with respect to which payments, rights or other matters are to be calculated in connection with, Awards, (iv) determine the terms and conditions of any Awards (for the avoidance of doubt, the exercise price of any Options or SARs shall be determined as described in Section 6(b)(ii) and 6(c)(ii), respectively), (v) determine the vesting schedules of Awards and, if certain performance criteria must be attained in order for an Award to vest or be settled or paid, establish such performance criteria and certify whether, and to what extent, such performance criteria have been attained, (vi) determine whether, to what extent and under what circumstances Awards may be settled or exercised in cash, Shares, other securities, other Awards or other property, or canceled, forfeited or suspended and the method or methods by which Awards may be settled, exercised, canceled, forfeited or suspended, (vii) determine whether, to what extent and under what circumstances cash, Shares, other securities, other Awards, other property and other amounts payable with respect to an Award shall be deferred either automatically or at the election of the holder thereof or of the Committee, (viii) interpret, administer, reconcile any inconsistency in, correct any default in and supply any omission in, the Plan and any instrument or agreement relating to, or Award made under, the Plan, (ix) establish, amend, suspend or waive such rules and regulations and appoint such agents as it shall deem appropriate for the proper administration of the Plan, (x) accelerate the vesting or exercisability of, payment for or lapse of restrictions on, Awards, (xi) amend an outstanding Award or grant a replacement Award for an Award previously granted under the Plan if, in its sole discretion, the Committee determines that (A) the tax consequences of such Award to the Company or the

Participant differ from those consequences that were expected to occur on the date the Award was granted or (B) clarifications or interpretations of, or changes to, tax law or regulations permit Awards to be granted that have more favorable tax consequences than initially anticipated and (xii) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Plan.

(c) Committee Decisions. Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations and other decisions under or with respect to the Plan or any Award shall be within the sole and plenary discretion of the Committee, may be made at any time and shall be final, conclusive and binding upon all persons, including the Company, any Affiliate, any Participant, any holder or beneficiary of any Award and any stockholder.

(d) Indemnification. No member of the Board, the Committee or any employee of the Company (each such person, a Covered Person) shall be liable for any action taken or omitted to be taken or any determination made in good faith with respect to the Plan or any Award hereunder. Each Covered Person shall be indemnified and held harmless by the Company against and from (i) any loss, cost, liability or expense (including attorneys' fees) that may be imposed upon or incurred by such Covered Person in connection with or resulting from any action, suit or proceeding to which such Covered Person may be a party or in which such Covered Person may be involved by reason of any action taken or omitted to be taken under the Plan or any Award Agreement and (ii) any and all amounts paid by such Covered Person, with the Company's approval, in settlement thereof, or paid by such Covered Person in satisfaction of any judgment in any such action, suit or proceeding against such Covered Person; provided that the Company shall have the right, at its own expense, to assume and defend any such action, suit or proceeding, and, once the Company gives notice of its intent to assume the defense, the Company shall have sole control over such defense with counsel of the Company's choice. The foregoing right of indemnification shall not be available to a Covered Person to the extent that a court of competent jurisdiction in a final judgment or other final adjudication, in either case not subject to further appeal, determines that the acts or omissions of such Covered Person giving rise to the indemnification claim resulted from such Covered Person's bad faith, fraud or willful criminal act or omission or that such right of indemnification is otherwise prohibited by law or by the Company's Certificate of Incorporation or Bylaws. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which Covered Persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any other power that the Company may have to indemnify such persons or hold them harmless.

(e) Delegation of Authority to Senior Officers. The Committee may delegate, on such terms and conditions as it determines in its sole and plenary discretion, to one or more senior officers of the Company the authority to make grants of Awards to officers (other than any officer subject to Section 16 of the Exchange Act), employees and consultants of the Company and its Affiliates (including any prospective officer (other than any such officer who is expected to be subject to Section 16 of the Exchange Act), employee or consultant) and all necessary and appropriate decisions and determinations with respect thereto.

In any such case, the Board shall have all the authority and responsibility granted to the Committee herein.

Section 4. Shares Available for Awards; Cash Payable Pursuant to Awards. (a) Shares and Cash Available. Subject to adjustment as provided in Section 4(b), the maximum aggregate number of Shares that may be delivered pursuant to Awards granted under the Plan shall be equal to (i) 1,800,000 plus (ii) any Shares that remain or otherwise become available under the terms of the Prior Plans (including as a result of forfeiture, expiration, termination, cancellation or settlement other than by delivery of Shares of Awards outstanding under the Prior Plans) following the date that the Plan is approved by the Company's stockholders. The maximum number of Shares that may be delivered pursuant to Incentive Stock Options granted under the Plan shall be 4,000,000. If, after the effective date of the Plan, any Award granted under the Plan or the Prior Plans (A) is forfeited or otherwise expires, terminates or is canceled without the delivery of all Shares subject thereto or (B) is settled other than wholly by the delivery of Shares (including cash settlement), then, in the case of clauses (A) and (B), the number of Shares subject to such Award that were not issued with respect to such Award shall again become available to be delivered pursuant to Awards under the Plan. SAR are, or Shares owned by a Participant are, surrendered or tendered to the Company in payment of any taxes required to be withheld in respect of such Award, in each case, in accordance with the terms and conditions of the Plan and any applicable Award Agreement, such surrendered or tendered Shares shall again become available to be delivered pursuant to Awards under the Plan; provided, however, that in no event shall such Shares increase the number of Shares that may be delivered pursuant to Incentive Stock Options granted under the Plan and, for the avoidance of doubt, no Shares that are surrendered or tendered to the Company in payment of the exercise price of an Option or any taxes required to be withheld in respect of an Option or SAR shall again become available to be delivered pursuant to Awards granted under the Plan. Upon exercise of a stock-settled SAR, each Share with respect to which such stock-settled SAR is exercised shall be counted as one Share against the maximum aggregate number of Shares that may be delivered pursuant to Awards granted under the Plan as provided above, regardless of the number of Shares actually delivered upon settlement of such stock-settled SAR. Awards that are required to be settled in cash will not reduce the aggregate number of Shares that may be delivered pursuant to Awards granted under the Plan. Subject to adjustment as provided in Section 4(b), (1) in the case of Awards that are settled in Shares, the maximum aggregate number of Shares with respect to which Awards may be granted under the Plan (x) to any Participant (other than an Independent Director) in any fiscal year of the Company shall be 1,000,000 and (y) to any Independent Director in any fiscal year of the Company shall be 50,000, and (2) in the case of Awards that are settled in cash based on the Fair Market Value of a Share, the maximum aggregate amount of cash that may be paid pursuant to Awards granted under the Plan to any Participant in any fiscal year of the Company shall be equal to the per Share Fair Market Value as of the relevant vesting, payment or settlement date multiplied by the number of Shares described in the preceding clause (1). In the case of all Awards other than those described in the preceding sentence, the maximum aggregate amount of cash and other property (valued at its Fair Market Value) other than Shares that may be paid or delivered pursuant to Awards under the Plan (I) to any Participant (other than an Independent Director) in any fiscal year of the Company shall be \$20,000,000 and (II) to any Independent Director in any fiscal year of the Company shall be \$1,000,000.

(b) Adjustments for Changes in Capitalization and Similar Events. (i) In the event of any extraordinary dividend or other extraordinary distribution (whether in the form of cash, Shares, other securities or other property), recapitalization, stock split, reverse stock split, split up or spin off, the Committee shall, in order to preserve the value of the Award and in the manner determined by the Committee, adjust any or all of (A) the number of Shares or other securities of the Company (or number and kind of other securities or property) with respect to which Awards may be granted, including (1) the maximum aggregate number of Shares that may be delivered pursuant to Awards granted under the Plan (including pursuant to Incentive Stock Options) and (2) the maximum number of Shares or other securities of the Company (or number and kind of other securities or property) with respect to which Awards may be granted to any Participant in any fiscal year of the Company, in each case as provided in Section 4(a), and (B) the terms of any outstanding Award, including (1) the number of Shares or other securities of the Company (or number and kind of other securities or property) subject to outstanding Awards or to which outstanding Awards relate, (2) the Exercise Price, if applicable, with respect to any Award and (3) subject to Section 6(i)(v), the Performance Goals, if applicable, with respect to any Award.

(ii) In the event that the Committee determines that any reorganization, merger, consolidation, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event affects the Shares such that an adjustment is determined by the Committee in its discretion to be appropriate or desirable, then the Committee may (A) in such manner as it may deem equitable or desirable, adjust any or all of (1) the number of Shares or other securities of the Company (or number and kind of other securities or property) with respect to which Awards may be granted, including (x) the maximum aggregate number of Shares that may be delivered pursuant to Awards granted under the Plan (including pursuant to Incentive Stock Options) and (y) the maximum number of Shares or other securities of the Company (or number and kind of other securities or property) with respect to which Awards may be granted to any Participant in any fiscal year of the Company, in each case as provided in Section 4(a), and (2) the terms of any outstanding Award, including (x) the number of Shares or other securities of the Company (or number and kind of other securities or property) subject to outstanding Awards or to which outstanding Awards relate, (y) the Exercise Price, if applicable, with respect to any Award and (z) subject to Section 6(i)(v), the Performance Goals, if applicable, with respect to any Award, (B) if deemed appropriate or desirable by the

Committee, make provision for a cash payment to the holder of an outstanding Award in consideration for the cancelation of such Award, including, in the case of an outstanding Option or SAR, a cash payment to the holder of such Option or SAR in consideration for the cancelation of such Option or SAR in an amount equal to the excess, if any, of the Fair Market Value (as of a date specified by the Committee) of the Shares subject to such Option or SAR over the aggregate Exercise Price of such Option or SAR and (C) if deemed appropriate or desirable by the Committee, cancel and terminate any Option or SAR having a per Share Exercise Price equal to, or in excess of, the Fair Market Value of a Share subject to such Option or SAR without any payment or consideration therefor.

(c) Substitute Awards. Subject to the restrictions on repricing of Options and SARs as set forth in Section 7(b), Awards may, in the discretion of the Committee, be granted under the Plan in assumption of, or in substitution for, outstanding awards previously granted by the Company or any of its Affiliates or a company acquired by the Company or any of its Affiliates or with which the Company or any of its Affiliates combines (Substitute Awards). The number of Shares underlying any Substitute Awards shall be counted against the maximum aggregate number of Shares available for Awards under the Plan; provided, however, that Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding awards previously granted by an entity that is acquired by the Company or any of its Affiliates or with which the Company or any of its Affiliates combines shall not be counted against the maximum aggregate number of Shares available for Awards under the Plan; provided further, however, that Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding stock options intended to qualify for special tax treatment under Sections 421 and 422 of the Code that were previously granted by an entity that is acquired by the Company or any of its Affiliates or with which the Company or any of its Affiliates combines shall be counted against the maximum aggregate number of Shares available for Incentive Stock Options under the Plan.

(d) Sources of Shares Deliverable Under Awards. Any Shares delivered pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares or of treasury Shares.

Section 5. Eligibility. Any director, officer, employee or consultant (including any prospective director, officer, employee or consultant) of the Company or any of its Affiliates shall be eligible to be designated a Participant.

Section 6. Awards. (a) Types of Awards. Awards may be made under the Plan in the form of (i) Options, (ii) SARs, (iii) Restricted Shares, (iv) RSUs, (v) Performance Units, (vi) Cash Incentive Awards, (vii) Performance Compensation Awards and (viii) other equity based or equity related Awards that the Committee determines are consistent with the purpose of the Plan and the interests of the Company. Awards may be granted in tandem with other Awards. No Incentive Stock Option (other than an Incentive Stock Option that may be assumed or issued by the Company in connection with a transaction to which Section 424(a) of the Code applies) may be granted to a person who is ineligible to receive an Incentive Stock Option under the Code.

(b) Options. (i) Grant. Subject to the provisions of the Plan, the Committee shall have sole and plenary authority to determine (A) the Participants to whom Options shall be granted, (B) subject to Section 4(a), the number of Shares subject to Options to be granted to each Participant, (C) whether each Option will be an Incentive Stock Option or a Nonqualified Stock Option and (D) the conditions and limitations applicable to the vesting and exercise of each Option. In the case of Incentive Stock Options, the terms and conditions of such grants shall be subject to and comply with such rules as may be prescribed by Section 422 of the Code and any regulations related thereto, as may be amended from time to time. All Options granted under the Plan shall be Nonqualified Stock Options unless the applicable Award Agreement expressly states that the Option is intended to be an Incentive Stock Option. If an Option is intended to be an Incentive Stock Option, and if, for any reason, such Option (or any portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Option (or portion thereof) shall be regarded as a Nonqualified Stock Option appropriately granted under the Plan; provided that such Option (or portion thereof) otherwise complies with the Plan's requirements relating to Nonqualified Stock Options.

(ii) Exercise Price. Except for adjustments or Substitute Awards made in accordance with Section 4 above, the Exercise Price of each Share covered by an Option shall be not less than 100% of the Fair Market Value of such Share (determined as of the date the Option is granted); provided, however, that in the case of an Incentive Stock Option granted to an employee who, at the time of the grant of such Option, owns stock

Table of Contents

representing more than 10% of the voting power of all classes of stock of the Company or any Affiliate, the per Share Exercise Price shall be no less than 110% of the Fair Market Value per Share on the date of the grant. Options may qualify as qualified performance based compensation under Section 162(m) of the Code.

(iii) **Vesting and Exercise.** Each Option shall be vested and exercisable at such times, in such manner and subject to such terms and conditions as the Committee may, in its sole and plenary discretion, specify in the applicable Award Agreement or thereafter. Except as otherwise specified by the Committee in the applicable Award Agreement, an Option may only be exercised to the extent that it has already vested at the time of exercise. An Option shall be deemed to be exercised when written or electronic notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment pursuant to Section 6(b)(iv) for the Shares with respect to which the Award is exercised has been received by the Company. Exercise of an Option in any manner shall result in a decrease in the number of Shares that thereafter may be available for sale under the Option and, except as expressly set forth in Sections 4(a) and 4(c), in the number of Shares that may be available for purposes of the Plan, by the number of Shares as to which the Option is exercised. The Committee may impose such conditions with respect to the exercise of Options, including, without limitation, any conditions relating to the application of Federal or state securities laws, as it may deem necessary or advisable.

(iv) **Payment.** (A) No Shares shall be delivered pursuant to any exercise of an Option until payment in full of the aggregate Exercise Price therefor is received by the Company, and the Participant has paid to the Company (or the Company has withheld in accordance with Section 9(d)) an amount equal to any Federal, state, local and foreign income and employment taxes required to be withheld up to the employee's minimum required tax withholding rate. Such payments may be made in cash (or its equivalent) or, in the Committee's sole and plenary discretion, (1) by exchanging Shares owned by the Participant (which are not the subject of any pledge or other security interest), (2) if there shall be a public market for the Shares at such time, subject to such rules as may be established by the Committee, through delivery of irrevocable instructions to a broker to sell the Shares otherwise deliverable upon the exercise of the Option and to deliver promptly to the Company an amount equal to the aggregate Exercise Price, (3) by having the Company withhold such number of Shares as is equivalent (based on the Fair Market Value of such Share at such time) to the Exercise Price from the Shares otherwise issuable pursuant to the exercise of the Option (for the avoidance of doubt, the Shares withheld shall be counted against the maximum number of Shares that may be delivered pursuant to the Awards granted under the Plan as provided in Section 4(a)) or (4) through any other method (or combination of methods) as approved by the Committee; provided that the combined value of all cash and cash equivalents and the Fair Market Value of any such Shares so tendered to the Company, together with any Shares withheld by the Company in accordance with Section 9(d), as of the date of such tender, is equal to such aggregate Exercise Price and the amount of any Federal, state, local and foreign income and employment taxes required to be withheld.

(B) Wherever in the Plan or any Award Agreement a Participant is permitted to pay the Exercise Price of an Option or taxes relating to the exercise of an Option by delivering Shares, the Participant may, subject to procedures satisfactory to the Committee, satisfy such delivery requirement by presenting proof of beneficial ownership of such Shares, in which case the Company shall treat the Option as exercised without further payment and shall withhold such number of Shares from the Shares acquired by the exercise of the Option.

(v) **Expiration.** Except as otherwise set forth in the applicable Award Agreement, each Nonqualified Stock Option and each Incentive Stock Option shall expire immediately, without any payment, upon the earlier of (A) the tenth anniversary of the date such Option is granted and (B) 180 days after the date the Participant who is holding the Option ceases to be a director, officer, employee or consultant of the Company or one of its Affiliates for any reason (including the Participant's death). In no event may an Option be exercisable after the tenth anniversary of the date the Option is granted.

(c) **SARs.** (i) **Grant.** Subject to the provisions of the Plan, the Committee shall have sole and plenary authority to determine (A) the Participants to whom SARs shall be granted, (B) subject to Section 4(a), the number of SARs to be granted to each Participant, (C) the Exercise Price thereof and (D) the conditions and limitations applicable to the exercise thereof.

(ii) Exercise Price. Except for adjustments or Substitute Awards made in accordance with Section 4 above, the Exercise Price of each Share covered by a SAR shall be not less than 100% of the Fair Market Value of such Share (determined as of the date the SAR is granted). SARs may qualify as qualified performance based compensation under Section 162(m) of the Code.

(iii) Exercise. A SAR shall entitle the Participant to receive an amount upon exercise equal to the excess, if any, of the Fair Market Value of a Share on the date of exercise of the SAR over the Exercise Price thereof. The Committee shall determine, in its sole and plenary discretion, whether a SAR shall be settled in cash, Shares, other securities, other Awards, other property or a combination of any of the foregoing.

(iv) Other Terms and Conditions. Subject to the terms of the Plan and any applicable Award Agreement, the Committee shall determine, at or after the grant of a SAR, the vesting criteria, term, methods of exercise, methods and form of settlement and any other terms and conditions of any SAR. Any determination by the Committee that is made pursuant to this Section 6(c)(iv) may be changed by the Committee from time to time and may govern the exercise of SARs granted or exercised thereafter.

(v) Expiration. Except as otherwise set forth in the applicable Award Agreement, each SAR shall expire immediately, without any payment, upon the earlier of (A) the tenth anniversary of the date the SAR is granted and (B) 180 days after the date the Participant who is holding the SAR ceases to be a director, officer, employee or consultant of the Company or one of its Affiliates for any reason (including the Participant's death). In no event may a SAR be exercisable after the tenth anniversary of the date the SAR is granted.

(d) Restricted Shares and RSUs. (i) Grant. Subject to the provisions of the Plan, the Committee shall have sole and plenary authority to determine (A) the Participants to whom Restricted Shares and RSUs shall be granted, (B) subject to Section 4(a), the number of Restricted Shares and RSUs to be granted to each Participant, (C) the duration of the period during which, and the conditions, if any, under which, the Restricted Shares and RSUs may vest or may be forfeited to the Company and (D) the other terms and conditions of such Awards.

(ii) Transfer Restrictions. Restricted Shares and RSUs may not be sold, assigned, transferred, pledged or otherwise encumbered except as provided in the Plan or as may be provided in the applicable Award Agreement; provided, however, that the Committee may in its discretion determine that Restricted Shares and RSUs may be transferred by the Participant. Restricted Shares may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Shares are registered in the name of the applicable Participant, such certificates must bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Shares, and the Company may, at its discretion, retain physical possession of such certificates until such time as all applicable restrictions lapse.

(iii) Payment/Lapse of Restrictions. Each RSU shall be granted with respect to one Share or shall have a value equal to the Fair Market Value of one Share. RSUs shall be paid in cash, Shares, other securities, other Awards or other property, as determined in the sole and plenary discretion of the Committee, upon the lapse of restrictions applicable thereto, or otherwise in accordance with the applicable Award Agreement. A Restricted Share or an RSU intended to qualify as qualified performance based compensation under Section 162(m) of the Code shall provide that the restrictions of the Award lapse and/or vesting occurs (or the grant of the Award is contingent) upon the satisfaction of the requirements for the payment of qualified performance based compensation under Section 162(m) of the Code (whether through the application of Section 6(i) of the Plan or otherwise).

(e) Performance Units. (i) Grant. Subject to the provisions of the Plan, the Committee shall have sole and plenary authority to determine the Participants to whom Performance Units shall be granted and the terms and conditions thereof.

(ii) Value of Performance Units. Each Performance Unit shall have an initial value that is established by the Committee at the time of grant. The Committee shall set Performance Goals in its discretion that, depending on the extent to which they are met during a Performance Period, will determine, in accordance with Section 4(a), the number and value of Performance Units that will be paid out to the Participant.

(iii) Earning of Performance Units. Subject to the provisions of the Plan, after the applicable Performance Period has ended, the holder of Performance Units shall be entitled to receive a payout of the number and value

Table of Contents

of Performance Units earned by the Participant over the Performance Period, to be determined by the Committee, in its sole and plenary discretion, as a function of the extent to which the corresponding Performance Goals have been achieved.

(iv) Form and Timing of Payment of Performance Units. Subject to the provisions of the Plan, the Committee, in its sole and plenary discretion, may pay earned Performance Units in the form of cash or in Shares (or in a combination thereof) that have an aggregate Fair Market Value equal to the value of the earned Performance Units at the close of the applicable Performance Period. Such Shares may be granted subject to any restrictions in the applicable Award Agreement deemed appropriate by the Committee. The determination of the Committee with respect to the form and timing of payout of such Awards shall be set forth in the applicable Award Agreement. A Performance Unit intended to qualify as qualified performance based compensation under Section 162(m) of the Code shall provide that the restrictions of the Performance Unit lapse (or the grant of the Performance Unit is contingent) upon the satisfaction of the requirements for the payment of qualified performance based compensation under Section 162(m) of the Code (whether through the application of Section 6(i) of the Plan or otherwise).

(f) Cash Incentive Awards. Subject to the provisions of the Plan, the Committee, in its sole and plenary discretion, shall have the authority to grant Cash Incentive Awards. Subject to Section 4(a), the Committee shall establish Cash Incentive Award levels to determine the amount of a Cash Incentive Award payable upon the attainment of Performance Goals. A Cash Incentive Award intended to qualify as qualified performance based compensation under Section 162(m) of the Code shall provide that the Award vests (or the grant of the Award is contingent) upon satisfaction of the requirements for the payment of qualified performance based compensation under Section 162(m) of the Code (whether through the application of Section 6(i) of the Plan or otherwise).

(g) Other Stock Based Awards. Subject to the provisions of the Plan, the Committee shall have the sole and plenary authority to grant to Participants other equity based or equity related Awards (including, but not limited to, fully vested Shares) (whether payable in cash, equity or otherwise) in such amounts and subject to such terms and conditions as the Committee shall determine. An Award under this Section 6(g) intended to qualify as qualified performance based compensation under Section 162(m) of the Code shall provide that the Award vests (or the grant of the Award is contingent) upon satisfaction of the requirements for the payment of qualified performance based compensation under Section 162(m) of the Code (whether through the application of Section 6(i) or otherwise).

(h) Dividends and Dividend Equivalents. In the sole and plenary discretion of the Committee, an Award, other than an Option, SAR or Cash Incentive Award, may provide the Participant with dividends or dividend equivalents, payable in cash, Shares, other securities, other Awards or other property, on a current or deferred basis, on such terms and conditions as may be determined by the Committee in its sole and plenary discretion, including, without limitation, (i) payment directly to the Participant, (ii) withholding of such amounts by the Company subject to vesting of the Award or (iii) reinvestment in additional Shares, Restricted Shares or other Awards. For the avoidance of doubt, in the case of any Awards that are subject to vesting based on the achievement of performance goals or any Performance Compensation Awards, a Participant shall not be entitled to receive payment for any dividends or dividend equivalents with respect to such Awards unless and to the extent that the performance goals applicable to such Awards are achieved or are otherwise deemed to be satisfied.

(i) Performance Compensation Awards. (i) General. The Committee shall have the authority, at the time of grant of any Award, to designate such Award (other than Options and SARs) as a Performance Compensation Award in order for such Award to qualify as qualified performance based compensation under Section 162(m) of the Code.

(ii) Eligibility. The Committee shall, in its sole discretion, designate within the first 90 days of a Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) which Participants will be eligible to receive Performance Compensation Awards in respect of such Performance Period. However, designation of a Participant as eligible to receive an Award hereunder for a Performance Period shall not in any manner entitle such Participant to receive payment in respect of any Performance Compensation Award for such Performance Period. The determination as to whether or not such Participant becomes entitled to payment in respect of any Performance Compensation Award shall be decided

Table of Contents

solely in accordance with the provisions of this Section 6(i). Moreover, designation of a Participant as eligible to receive an Award hereunder for a particular Performance Period shall not require designation of such Participant as eligible to receive an Award hereunder in any subsequent Performance Period and designation of one person as a Participant eligible to receive an Award hereunder shall not require designation of any other person as a Participant eligible to receive an Award hereunder in such period or in any other period.

(iii) *Discretion of Committee with Respect to Performance Compensation Awards.* With regard to a particular Performance Period, the Committee shall have full discretion to select (A) the length of such Performance Period, (B) the types of Performance Compensation Awards to be issued, (C) the Performance Criteria that will be used to establish the Performance Goals, (D) the kinds and levels of the Performance Goals that are to apply to the Company or any of its Subsidiaries, Affiliates, divisions or operational units, or any combination of the foregoing, and (E) the Performance Formula. Within the first 90 days of a Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), the Committee shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence and record the same in writing.

(iv) *Performance Criteria.* Notwithstanding the foregoing, the Performance Criteria that will be used to establish the Performance Goals with respect to Performance Compensation Awards shall be based on the attainment of specific levels of performance of the Company or any of its Subsidiaries, Affiliates, divisions or operational units, or any combination of the foregoing, and shall be limited to the following (which, for the avoidance of doubt, can be considered alone or in combination): (A) net income before or after taxes, (B) earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization), (C) operating income, (D) earnings per share, (E) return on shareholders' equity, (F) return on investment or capital, (G) return on assets, (H) net assets, (I) level or amount of acquisitions, (J) share price, (K) market capitalization, (L) profitability and profit margins, (M) market share (in the aggregate or by segment), (N) revenues or sales (based on units or dollars), (O) costs (including bill of material costs), (P) cash flow, (Q) working capital, (R) cost per watt, (S) watts produced, (T) watts shipped, (U) watts per module, (V) conversion efficiency, (W) modules produced, (X) modules shipped, (Y) production throughput rates, (Z) solar project velocity, (AA) solar project volume, (BB) production yields, (CC) solar projects developed (number or watts), (DD) solar projects financed (by value or watts), (EE) solar projects sold (by value or watts), (FF) operation or maintenance contracts signed or maintained (by value or watts), (GG) production expansion build and ramp times, (HH) module field performance, (II) average sales price, (JJ) budgeted expenses (operating and/or capital), (KK) inventory turns, (LL) accounts receivable levels, (MM) completion of projects within a specified time frame and/or within a specified budget, (NN) development of product, (OO) installation of product, (PP) levelized cost of electricity (LCOE), (QQ) cost per kilowatt hour, (RR) balance of systems cost, (SS) power plant cost, (TT) energy yield, (UU) energy density, (VV) module long-term performance (stability, useful service life), (WW) power plant useful service life and terminal value (XX) system reliability, (YY) system availability, (ZZ) component reliability (component-predicted failure rates), (AAA) operations and maintenance cost, (BBB) operations and maintenance revenues, (CCC) module form factor (size, weight mounting method), (DDD) gross profit, (EEE) current ratio, (FFF) working capital ratio, (GGG) return measures based either on income or cash, and (HHH) dividend per share. Such performance criteria may be applied on an absolute basis and/or be relative to one or more peer companies of the Company or indices or any combination thereof. To the extent required under Section 162(m) of the Code, the Committee shall, within the first 90 days of the applicable Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), define in an objective manner the method of calculating the Performance Criteria it selects to use for such Performance Period.

(v) *Modification of Performance Goals.* The Committee is authorized at any time during the first 90 days of a Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), or any time thereafter (but only to the extent the exercise of such authority after such 90 day period (or such shorter period, if applicable) would not cause the Performance Compensation Awards granted to any Participant for the Performance Period to fail to qualify as qualified performance based compensation under Section 162(m) of the Code), in its sole and plenary discretion, to adjust or modify the calculation of a

Performance Goal for such Performance Period to the extent permitted under Section 162(m) of the Code (A) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development affecting the Company or any of its Affiliates, Subsidiaries, divisions or operating units (to the extent applicable to such Performance Goal) or (B) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company or any of its Affiliates, Subsidiaries, divisions or operating units (to the extent applicable to such Performance Goal), or the financial statements of the Company or any of its Affiliates, Subsidiaries, divisions or operating units (to the extent applicable to such Performance Goal), or of changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange, accounting principles, law or business conditions.

(vi) Payment of Performance Compensation Awards. (A) Condition to Receipt of Payment. A Participant must be employed by the Company or one of its Subsidiaries on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period. Notwithstanding the foregoing, in the discretion of the Committee, Performance Compensation Awards may be paid to Participants who have retired or whose employment has terminated prior to the last day of the Performance Period for which a Performance Compensation Award is made, or to the designee or estate of a Participant who died prior to the last day of a Performance Period; provided, however, that any such payment shall be subject to Section 6(i)(vi)(B).

(B) Limitation. Except as otherwise permitted by Section 162(m) of the Code for qualified performance based compensation, a Participant shall be eligible to receive payments in respect of a Performance Compensation Award only to the extent that (1) the Performance Goals for the relevant Performance Period are achieved and certified by the Committee in accordance with Section 6(i)(vi)(C) and (2) the Performance Formula as applied against such Performance Goals determines that all or some portion of such Participant's Performance Compensation Award has been earned for such Performance Period.

(C) Certification. Following the completion of a Performance Period, the Committee shall meet to review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, to calculate and certify in writing that amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee shall then determine the actual size of each Participant's Performance Compensation Award for the Performance Period and, in so doing, may apply negative discretion as authorized by Section 6(i)(vi)(D).

(D) Negative Discretion. In determining the actual size of an individual Performance Compensation Award for a Performance Period, the Committee may, in its sole and plenary discretion, reduce or eliminate the amount of the Award earned in the Performance Period, even if applicable Performance Goals have been attained.

(E) Discretion. Except as otherwise permitted by Section 162(m) of the Code for qualified performance based compensation, in no event shall any discretionary authority granted to the Committee by the Plan be used to (1) grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained, (2) increase a Performance Compensation Award for any Participant at any time after the first 90 days of the Performance Period (or, if shorter, the maximum period allowed under Section 162(m) of the Code) or (3) increase a Performance Compensation Award above the maximum amount payable under Section 4(a) of the Plan.

(F) Timing of Award Payments. The Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively possible following completion of the certifications required by Section 6(i)(vi)(C), unless the Committee shall determine that any Performance Compensation Award shall be deferred.

(G) Form of Payment. In the case of any Performance Compensation Award other than a Restricted Share, RSU or other equity based Award that is subject to performance based vesting conditions, such Performance Compensation Award shall be payable, in the discretion of the Committee, in cash or in

Table of Contents

Restricted Shares, RSUs or fully vested Shares of equivalent value and shall be paid on such terms as determined by the Committee in its discretion. Any Restricted Shares and RSUs shall be subject to the terms of this Plan (or any successor equity compensation plan) and any applicable Award Agreement. The number of Restricted Shares, RSUs or Shares that is equivalent in value to a dollar amount shall be determined in accordance with a methodology specified by the Committee within the first 90 days of the relevant Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code).

Section 7. Amendment and Termination. (a) Amendments to the Plan. Subject to any applicable law or government regulation, to any requirement that must be satisfied if the Plan is intended to be a shareholder approved plan for purposes of Section 162(m) of the Code and to the rules of NASDAQ or any successor exchange or quotation system on which the Shares may be listed or quoted, the Plan may be amended, modified or terminated by the Board without the approval of the stockholders of the Company, except that stockholder approval shall be required for any amendment that would (i) increase the maximum number of Shares for which Awards may be granted under the Plan or increase the maximum number of Shares that may be delivered pursuant to Incentive Stock Options granted under the Plan; provided, however, that any adjustment under Section 4(b) shall not constitute an increase for purposes of this Section 7(a), or (ii) change the class of employees or other individuals eligible to participate in the Plan. No amendment, modification or termination of the Plan may, without the consent of the Participant to whom any Award shall theretofore have been granted, materially and adversely affect the rights of such Participant (or his or her transferee) under such Award, unless otherwise provided by the Committee in the applicable Award Agreement.

(b) Amendments to Awards. The Committee may waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate any Award theretofore granted, prospectively or retroactively; provided, however, that, except as set forth in the Plan, unless otherwise provided by the Committee in the applicable Award Agreement, any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would materially and adversely impair the rights of any Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective without the consent of the applicable Participant, holder or beneficiary. Notwithstanding the preceding sentence, in no event may any Option or SAR (i) be amended to decrease the Exercise Price thereof, (ii) be cancelled at a time when its Exercise Price exceeds the Fair Market Value of the underlying Shares in exchange for another Option or SAR or any Restricted Share, RSU, other equity based Award, award under any other equity compensation plan or any cash payment or (iii) be subject to any action that would be treated, for accounting purposes, as a repricing of such Option or SAR, unless such amendment, cancellation or action is approved by the Company's stockholders. For the avoidance of doubt, an adjustment to the Exercise Price of an Option or SAR that is made in accordance with Section 4(b) or Section 8 shall not be considered a reduction in the Exercise Price or a repricing of such Option or SAR.

(c) Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. Subject to Section 6(i)(v) and the penultimate sentence of Section 7(b), the Committee is hereby authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4(b) or the occurrence of a Change of Control) affecting the Company, any Affiliate or the financial statements of the Company or any Affiliate, or of changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange, accounting principles or law (i) whenever the Committee, in its sole and plenary discretion, determines that such adjustments are appropriate or desirable, including, without limitation, providing for a substitution or assumption of Awards, accelerating the exercisability of, lapse of restrictions on, or termination of, Awards or providing for a period of time for exercise prior to the occurrence of such event, (ii) if deemed appropriate or desirable by the Committee, in its sole and plenary discretion, by providing for a cash payment to the holder of an Award in consideration for the cancellation of such Award, including, in the case of an outstanding Option or SAR, a cash payment to the holder of such Option or SAR in consideration for the cancellation of such Option or SAR in an amount equal to the excess, if any, of the Fair Market Value (as of a date specified by the Committee) of the Shares subject to such Option or SAR over the aggregate Exercise Price of such Option or SAR and (iii) if deemed appropriate or desirable by the Committee, in its sole and plenary discretion, by canceling and terminating any Option or SAR having a per Share Exercise Price equal to, or in excess of, the Fair Market Value of a Share subject to such Option or SAR without any payment or consideration therefor.

Section 8. *Change of Control*. Except to the extent necessary to comply with Section 409A of the Code, in the event of a Change of Control after the date of the adoption of the Plan, unless provision is made in connection with the Change of Control for (a) assumption of Awards previously granted or (b) substitution for such Awards of new awards covering stock of a successor corporation or its parent corporation (as defined in Section 424(e) of the Code) or subsidiary corporation (as defined in Section 424(f) of the Code) with appropriate adjustments as to the number and kinds of shares and the Exercise Prices, if applicable, (i) any outstanding Options or SARs then held by Participants that are unexercisable or otherwise unvested shall automatically be deemed exercisable or otherwise vested, as the case may be, as of immediately prior to such Change of Control, (ii) all Performance Units, Cash Incentive Awards and Awards designated as Performance Compensation Awards shall be paid out as if the date of the Change of Control were the last day of the applicable Performance Period and target performance levels had been attained and (iii) all other outstanding Awards (i.e., other than Options, SARs, Performance Units, Cash Incentive Awards and Awards designated as Performance Compensation Awards) then held by Participants that are unexercisable, unvested or still subject to restrictions or forfeiture, shall automatically be deemed exercisable and vested and all restrictions and forfeiture provisions related thereto shall lapse as of immediately prior to such Change of Control.

Section 9. *General Provisions*. (a) *Nontransferability*. Except as otherwise specified in the applicable Award Agreement, during the Participant's lifetime each Award (and any rights and obligations thereunder) shall be exercisable only by the Participant, or, if permissible under applicable law, by the Participant's legal guardian or representative, and no Award (or any rights and obligations thereunder) may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant otherwise than by will or by the laws of descent and distribution, and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or any Affiliate; provided that (i) the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance and (ii) the Board or the Committee may permit further transferability, on a general or specific basis, and may impose conditions and limitations on any permitted transferability; provided, however, that Incentive Stock Options granted under the Plan shall not be transferable in any way that would violate Section 1.422-2(a)(2) of the Treasury Regulations. Notwithstanding the foregoing, in no event shall any Award (or any rights or obligations thereunder) be transferred to a third party for value unless such transfer is specifically approved by the Company's stockholders. All terms and conditions of the Plan and all Award Agreements shall be binding upon any permitted successors and assigns.

(b) *No Rights to Awards*. No Participant or other person shall have any claim to be granted any Award, and there is no obligation for uniformity of treatment of Participants or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant and may be made selectively among Participants, whether or not such Participants are similarly situated.

(c) *Share Certificates*. All certificates for Shares or other securities of the Company or any Affiliate delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan, the applicable Award Agreement or the rules, regulations and other requirements of the SEC, NASDAQ or any other stock exchange or quotation system upon which such Shares or other securities are then listed or reported and any applicable Federal or state laws, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(d) *Withholding*. The Company or any Affiliate shall have the right and is hereby authorized to withhold from any Award, from any payment due or transfer made under any Award or under the Plan or from any compensation or other amount owing to a Participant, the amount (in cash, Shares, other securities, other Awards or other property) of any applicable withholding taxes in respect of an Award, its exercise or any payment or transfer under an Award or under the Plan and to take such other action as may be necessary in the opinion of the Committee or the Company to satisfy all obligations for the payment of such taxes.

(e) *Section 409A*. (i) It is intended that the provisions of the Plan comply with Section 409A of the Code, and all provisions of the Plan shall be construed and interpreted in a manner consistent with the requirements for avoiding taxes or penalties under Section 409A of the Code. In that regard if the application of Section 8 causes an

Award determined by the Committee to be nonqualified deferred compensation (within the meaning of Section 409A of the Code) to become payable on a Change of Control which is not a permissible payment date (as described in § 1.409A-3) then for purposes of payment of such Award, no Change of Control shall be deemed to have occurred with respect to that Award unless and until there occurs a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company (within the meaning in accordance with § 1.409A-3(i)(5)).

(ii) No Participant or creditors or beneficiaries of a Participant shall have the right to subject any deferred compensation (within the meaning of Section 409A of the Code) payable under the Plan to any anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, attachment or garnishment. Except as permitted under Section 409A of the Code, any deferred compensation (within the meaning of Section 409A of the Code) payable to any Participant or for the benefit of any Participant under the Plan may not be reduced by, or offset against, any amount owing by any such Participant to the Company or any of its Affiliates.

(iii) If, at the time of a Participant's separation from service (within the meaning of Section 409A of the Code), (A) such Participant shall be a specified employee (within the meaning of Section 409A of the Code and using the identification methodology selected by the Company from time to time) and (B) the Company shall make a good faith determination that an amount payable pursuant to an Award constitutes nonqualified deferred compensation (within the meaning of Section 409A of the Code) the payment of which is required to be delayed pursuant to the six month delay rule set forth in Section 409A of the Code in order to avoid taxes or penalties under Section 409A of the Code, then the Company shall not pay such amount on the otherwise scheduled payment date but shall instead pay it, without interest, on the first day of the seventh month following such separation from service.

(iv) Notwithstanding any provision of the Plan to the contrary, in light of the uncertainty with respect to the proper application of Section 409A of the Code, the Company reserves the right to make amendments to any Award as the Company deems necessary or desirable to avoid the imposition of taxes or penalties under Section 409A of the Code. In any case, a Participant shall be solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on such Participant or for such Participant's account in connection with an Award (including any taxes and penalties under Section 409A of the Code), and neither the Company nor any of its Affiliates shall have any obligation to indemnify or otherwise hold such Participant harmless from any or all of such taxes or penalties.

(f) Award Agreements. Each Award hereunder shall be evidenced by an Award Agreement, which shall be delivered to the Participant and shall specify the terms and conditions of the Award and any rules applicable thereto, including, but not limited to, the effect on such Award of the death, disability or termination of employment or service of a Participant and the effect, if any, of such other events as may be determined by the Committee.

(g) No Limit on Other Compensation Arrangements. Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other compensation arrangements, which may, but need not, provide for the grant of options, restricted stock, shares, other types of equity based awards (subject to stockholder approval if such approval is required) and cash incentive awards, and such arrangements may be either generally applicable or applicable only in specific cases; provided, however, that unless specifically stated otherwise in the Award documentation, equity grants of the Company to any individual eligible for grants under this Plan shall be presumed to have been made under this Plan.

(h) No Right to Employment. The grant of an Award shall not be construed as giving a Participant the right to be retained as a director, officer, employee or consultant of or to the Company or any Affiliate, nor shall it be construed as giving a Participant any rights to continued service on the Board. Further, the Company or an Affiliate may at any time dismiss a Participant from employment or discontinue any directorship or consulting relationship, free from any liability or any claim under the Plan, unless otherwise expressly provided in the Plan or in any Award Agreement.

(i) No Rights as Stockholder. No Participant or holder or beneficiary of any Award shall have any rights as a stockholder with respect to any Shares to be distributed under the Plan until he or she has become the holder of such Shares. In connection with each grant of Restricted Shares, except as provided in the applicable Award Agreement, the Participant shall be entitled to the rights of a stockholder (including the right to vote) in respect of such

Restricted Shares. Except as otherwise provided in Section 4(b), Section 7(c) or the applicable Award Agreement, no adjustments shall be made for dividends or distributions on (whether ordinary or extraordinary, and whether in cash, Shares, other securities or other property), or other events relating to, Shares subject to an Award for which the record date is prior to the date such Shares are delivered.

(j) Governing Law. The validity, construction and effect of the Plan and any rules and regulations relating to the Plan and any Award Agreement shall be determined in accordance with the laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.

(k) Severability. If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction or as to any person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be construed or deemed stricken as to such jurisdiction, person or Award and the remainder of the Plan and any such Award shall remain in full force and effect.

(l) Other Laws: Restrictions on Transfer of Shares. The Committee may refuse to issue or transfer any Shares or other consideration under an Award if, acting in its sole and plenary discretion, it determines that the issuance or transfer of such Shares or such other consideration might violate any applicable law or regulation or entitle the Company to recover the same under Section 16(b) of the Exchange Act, and any payment tendered to the Company by a Participant, other holder or beneficiary in connection with the exercise of such Award shall be promptly refunded to the relevant Participant, holder or beneficiary. Without limiting the generality of the foregoing, no Award granted hereunder shall be construed as an offer to sell securities of the Company, and no such offer shall be outstanding, unless and until the Committee in its sole and plenary discretion has determined that any such offer, if made, would be in compliance with all applicable requirements of the U.S. Federal and any other applicable securities laws.

(m) No Trust or Fund Created. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate, on one hand, and a Participant or any other person, on the other hand. To the extent that any person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company or such Affiliate.

(n) No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash, other securities or other property shall be paid or transferred in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

(o) Requirement of Consent and Notification of Election Under Section 83(b) of the Code or Similar Provision. No election under Section 83(b) of the Code (to include in gross income in the year of transfer the amounts specified in Section 83(b) of the Code) or under a similar provision of law may be made unless expressly permitted by the terms of the applicable Award Agreement or by action of the Committee in writing prior to the making of such election. If an Award recipient, in connection with the acquisition of Shares under the Plan or otherwise, is expressly permitted under the terms of the applicable Award Agreement or by such Committee action to make such an election and the Participant makes the election, the Participant shall notify the Committee of such election within ten days of filing notice of the election with the IRS or other governmental authority, in addition to any filing and notification required pursuant to regulations issued under Section 83(b) of the Code or any other applicable provision.

(p) Requirement of Notification Upon Disqualifying Disposition Under Section 421(b) of the Code. If any Participant shall make any disposition of Shares delivered pursuant to the exercise of an Incentive Stock Option under the circumstances described in Section 421(b) of the Code (relating to certain disqualifying dispositions) or any successor provision of the Code, such Participant shall notify the Company of such disposition within ten days of such disposition.

(q) Headings. Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

(r) Construction. As used in the Plan, the words *include* and *including*, and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words *but not limited to*, and the word *or* shall not be deemed to be exclusive.

(s) Clawback. Notwithstanding anything to the contrary contained herein, any portion of the payments and benefits provided in connection with any Award granted pursuant to the Plan shall be subject to the Company's clawback and recoupment policies, as may be in effect from time to time and subject to applicable law, and any clawback to the extent necessary to comply with applicable law (including the requirements of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, as codified in Section 10D of the Exchange Act, or Section 304 of the Sarbanes-Oxley Act of 2002).

Section 10. Term of the Plan. (a) Effective Date. The Plan shall be effective as of the date of its adoption by the Board and approval by the Company's stockholders.

(b) Effect of Non-approval of the Plan. Notwithstanding anything to the contrary contained herein, in the event that the Plan is not approved by the Company's stockholders, the 2010 Plan shall remain in effect pursuant to its terms.

(c) Expiration Date. No Award shall be granted under the Plan after the tenth anniversary of the date the Plan is approved by the Company's stockholders under Section 10(a). Unless otherwise expressly provided in the Plan or in an applicable Award Agreement, any Award granted hereunder, and the authority of the Board or the Committee to amend, alter, adjust, suspend, discontinue or terminate any such Award or to waive any conditions or rights under any such Award, shall nevertheless continue thereafter.
