Enbridge Gas Distribution Adjusts Rates

TORONTO, ONTARIO (June 24, 2015) Enbridge Gas Distribution Inc. (Enbridge) has received approval from the Ontario Energy Board (OEB) for new rates, effective July 1, 2015.

Typical residential customers* who buy their gas supply from Enbridge will see a total bill increase of about one per cent or about \$8 a year. As a result, their total bill will be about \$942 a year. Natural gas remains the most economical choice for home and water heating in Ontario. Over the past five years, natural gas has been on average over 60 per cent less expensive than electricity and oil**.

The OEB also approved a Rate Adjustment charge for the difference between 2015 interim rates and final approved rates. For typical residential customers*, this will result in a total charge of about \$9 (\$3 per month) that will be included in the Delivery to You charge on the July, August and September bills only.

Natural gas continues to provide the best value to our customers, with the typical customer's total annual bill still less than it was 10 years ago. says Jamie LeBlanc, Director of Energy Supply and Policy at Enbridge.

Enbridge submits rate adjustment applications every three months to reflect changes in the market price of natural gas and transportation services. The applications are reviewed and approved by the OEB.

For more information on how natural gas rates are set, watch our [video](#).

Enbridge reminds customers that there are options to help manage energy bills:

The Home Winterproofing Program helps eligible low-income customers lower their energy costs and make their homes healthier and more energy efficient. Qualifying customers may have free energy efficiency improvements, such as insulation, installed to reduce their energy costs. Learn more at enbridgegas.com/winterproofing.

Customers who are having trouble paying their bills should call Enbridge as soon as possible to set up payment arrangements.

Customers can find energy efficiency tips at enbridgegas.com/energyefficiency.

Customers who have signed up for myEnbridge can now access their personalized *My Home Health Record*, which provides natural gas consumption comparisons to similar homes, along with energy saving tips and advice.

Customers can register for myEnbridge at enbridgegas.com/myenbridge

Enbridge Gas Distribution Inc.

*Calculations are based on the assumption that typical residential customers, who buy their gas supply and transportation from Enbridge, use about 2,400 cubic metres of natural gas a year for home and water heating.

**Natural gas rates are based on Enbridge Gas Distribution Inc.'s residential rates effective July 1, 2015. Electricity rates are based on Toronto Hydro's Ontario Energy Board approved rates effective as of May 2015 and do not include the Ontario Clean Energy Benefit. Oil prices are based on publicly posted Statistics Canada historical prices as of May 2015. Costs have been calculated for the equivalent energy consumed by a typical residential customer and include all service, delivery and energy charges. HST is not included.
