Concurrent Offering:

On February 4, 2016, we offered \$550 million of 1.200% Notes due 2024 (the euro offering) pursuant to a prospectus supplement dated February 4, 2016. The euro offering is expected to close on February 12, 2016.

****We expect that delivery of the notes will be made to investors on or about February 11, 2016, which will be the fifth business day following the date of this final term sheet (such settlement being referred to as T+5). Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes prior to the delivery of the notes hereunder will be required, by virtue of the fact that the notes initially settle in T+5, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes prior to their date of delivery hereunder should consult their advisors.**
