Table of Contents**Frequency of Say-on-Pay Vote**

In 2011, our stockholders indicated a preference for an annual Say-on-Pay vote. At last year's Annual Meeting of Stockholders, our stockholders approved the compensation of our named executive officers with a substantial majority of our stockholders (98% of votes cast) voting in favor. In evaluating this year's Say-on-Pay proposal, we recommend that you review the section entitled 2015 Compensation Discussion and Analysis (CD&A), which explains how and why the Compensation Committee arrived at its executive compensation actions and decisions for 2015.

Executive Compensation Advisory Vote (Proposal 2)

We are asking our stockholders to approve, on a non-binding advisory basis, the compensation of our Named Executive Officers. We believe that our compensation policies and practices are effective in achieving our Company's goals of rewarding sustained financial and operating performance, leadership excellence and aligning the executives' long-term interests with those of our stockholders. Our compensation philosophy is to set the fixed compensation of our Named Executive Officers competitively for their demonstrated skills and industry experience. Our variable compensation, both annual and long-term, reflects the results of performance against a combination of quantitative and subjective measures. The Compensation Committee targets the median of the market for all elements of pay, including base salary, annual incentive, long-term incentives and appropriate perquisites.

Compensation Components

Type	Form	Terms
Cash	Salary	Set annually based on market conditions, peer data and other factors
Cash	Annual Incentive	Linked to financial-based and mission-based goals. Discretionary factors are considered when appropriate
Equity	Long-Term Incentive Awards	Restricted stock with restrictions lapsing over a five-year period: 0%-40%-20%-20%-20%, to reward performance and promote retention of certain key employees
Other	Employment Agreements and Severance and Change of Control Arrangements	Change of Control payment equal to 30 months base salary for our President/CEO and our Senior Vice President/CFO and 15 months base salary for our Vice President/General Counsel, plus prior year's pro rata annual bonus
		Under certain circumstances (as more fully described beginning on page 45), our CEO and his spouse will receive continued medical coverage for a period up to 36 months
Other	Deferred Compensation Plan	Allows deferral of up to 50% base salary and 100% of incentive bonus
Other	Perquisites	Demonstrator vehicle(s) and/or vehicle allowance
		Our CEO may use our Company aircraft for up to 40 hours of personal use, provided he reimburses us based on the published standard industry fare level valuation method; we pay for club membership privileges that are used

for business and personal purposes by our CEO

Other	Benefits	On same terms as other employees, including our employee stock purchase plan
Other	Indemnification Agreements	Indemnification for our Named Executive Officers provided the executive was acting in good faith and in the best interest of our Company

Questions and Answers about the Annual Meeting

What is the purpose of the meeting?

At our Annual Meeting, stockholders will act upon the matters outlined in the notice of meeting, including the election of eight director nominees, the advisory vote to approve executive compensation, the ratification of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending

December 31, 2016, and the consideration of any other matters properly presented at the meeting. In addition, senior management will report on our business and financial performance during fiscal year 2015 and respond to your questions.

Who is entitled to vote at the meeting?

Only our stockholders as of 5:00 p.m., Central Daylight Time, on March 21, 2016 (the record date) are entitled to receive notice of the Annual Meeting and to vote at

the meeting. On March 21, 2016, there were 22,967,460 shares of Group 1 common stock issued and outstanding and entitled to vote at the meeting.

How many votes may I cast?

You are entitled to one vote for each share of Group 1 common stock you owned at 5:00 p.m., Central Daylight Time, on March 21, 2016, on all matters presented at the meeting.

What is the difference between a stockholder of record and a beneficial owner or street name holder?

If your shares are registered directly in your name with our registrar and transfer agent, American Stock Transfer & Trust Company, LLC, you are considered a stockholder of record with respect to those shares.

If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of those shares, and your shares are held in street name.

If you hold common stock in **BOTH** street name and as a stockholder of record, **YOU MUST VOTE SEPARATELY** for each position of common stock.

How do I vote my shares?

If you are a stockholder of record on the record date, you may vote in person at the Annual Meeting or by proxy using any of the following methods:

Internet visit the website shown on the proxy card (www.proxyvote.com) and follow the instructions at that website at any time prior to 11:59 p.m., Eastern Daylight Time, on May 17, 2016;

Telephone within the U.S. or Canada, call the toll-free telephone number shown on the proxy card and follow the instructions at any time prior to 11:59 p.m., Eastern Daylight Time, on May 17, 2016; or

Mail if you receive a paper copy of the proxy materials, complete, sign and date the proxy card and return the proxy card in the prepaid envelope. Your proxy card must be received by the Company before the voting polls close at the Annual Meeting.

If you vote by Internet or telephone, do not return your proxy card. The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly.

Submitting your proxy by Internet or telephone will not affect your right to vote in person should you decide to attend the Annual Meeting.

If you want to vote in person at the meeting, you must request a ballot. For directions to the Annual Meeting visit www.sterlingmccalllexus.com and click on the Map and Directions box.

If you hold your shares in street name, you will receive instructions from your broker, bank or other nominee describing how to vote your shares. Beneficial owners voting by telephone or Internet are subject to the same deadlines as described above for holders of record. If you want to vote in person, you must obtain a legal proxy from your broker, bank or other nominee and bring it to the meeting.

Questions and Answers about the Annual Meeting

Can I change my vote or revoke my proxy?

If you are a stockholder of record on the record date, you can revoke your proxy prior to the completion of voting at the Annual Meeting by:

delivering an executed, later-dated proxy that is received by the Corporate Secretary of the Company before the voting polls close at the Annual Meeting;

resubmitting your proxy by Internet or telephone at any time prior to 11:59 p.m., Eastern Daylight Time, on May 17, 2016;

delivering a written notice of revocation of the proxy to Beth Sibley, Corporate Secretary, Group 1 Automotive, Inc., 800 Gessner, Suite 500, Houston, Texas 77024 no later than May 17, 2016; or

voting in person at the Annual Meeting.

Only your latest dated proxy we receive prior to the Annual Meeting will be counted. Further, your attendance at the Annual Meeting will not automatically revoke your proxy.

If you are a street name stockholder you must follow the instructions of your broker, bank or other nominee to revoke your voting instructions. You may also vote in person at the Annual Meeting if you obtain a legal proxy from your broker, bank or other nominee.

What is the effect of broker non-votes and abstentions and what vote is required to approve each proposal?

If you hold your shares in street name, you will receive instructions from your broker, bank or other nominee describing how to vote your shares. If you do not instruct your broker, bank or other nominee how to vote your shares,

they may vote your shares as they decide as to each routine matter under the rules of the New York Stock Exchange.

If you do not provide specific voting instructions to your broker on non-routine matters, your broker may not cast a vote on the proposal, resulting in a broker non-vote. Although any broker

non-vote would be counted as present at the meeting for purposes of determining a quorum, it would be treated as not entitled to vote with respect to non-routine matters. If you are a beneficial owner holding shares through a broker, bank or other nominee and you do not vote on certain matters, your broker may cast a vote on your behalf for Proposal No. 3, but may not cast a vote on Proposals No. 1 or 2. Abstentions occur when stockholders are present at the Annual Meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the stockholders are voting.

Table of Contents**Questions and Answers about the Annual Meeting**

The table below describes the vote required for approval of each matter to be brought before the meeting, as well as the treatment of abstentions and broker non-votes as to each matter.

Proposal	Vote Required	Treatment of Abstentions	Treatment of Broker Non-Votes
1	Each nominee must receive the affirmative vote of a plurality of the votes cast. Nominees with the most votes are elected, subject to our majority voting policy described below	Not applicable	Not taken into account
2	The affirmative vote of the holders of a majority of the votes cast	Not applicable	Not taken into account
3	The affirmative vote of the holders of a majority of the votes cast	Not applicable	Not applicable

The Company's majority voting policy requires any director nominee in an uncontested election who receives a greater number of votes withheld than votes for his or her election to tender his or her resignation promptly following the certification of the election results. The Nominating/Governance Committee of the Board will consider all of the relevant facts and circumstances and make a recommendation to the Board with respect to whether to accept the resignation. Within 90 days, the Board is required to take action with respect to the recommendation and to promptly disclose its decision. The majority voting policy is more fully described in [Information about Our Board of Directors and Its Committees](#) - Majority Voting Policy.

Our Board has appointed Earl J. Hesterberg, our President and Chief Executive Officer, and John C. Rickel, our Senior Vice President and Chief Financial Officer, as the management proxy holders for the Annual Meeting. If you are a stockholder of record, your shares will be voted by the management proxy holders in accordance with the instructions on the proxy card you submit by mail, or the instructions provided for any proxy submitted by telephone or Internet, as applicable. For stockholders who have their shares voted by duly submitting a proxy by mail, telephone or Internet, the management proxy holders will vote all shares represented by such valid proxies as our Board recommends, unless a stockholder appropriately specifies otherwise.

How does the Board recommend I vote?

Our Board of Directors recommends that you vote your shares **FOR** each of the director nominees; **FOR** the approval, on a non-binding advisory basis, of our

executive compensation; and **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2016.

What is a quorum?

We need a quorum with respect to each proposal being submitted for stockholder vote. A quorum will be present for purposes of proposals 1, 2, and 3, if the holders of a majority of the shares of common stock entitled to vote are present in person or represented by proxy at the Annual Meeting. Our independent inspector of election, Broadridge Financial Solutions will determine whether or not a quorum is present. There must be a quorum for the Annual Meeting to be held. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of votes considered to be present at the Annual Meeting.

If less than a quorum is represented at the meeting, a majority of the shares so represented may adjourn the meeting from time to time without further notice, and the persons named as proxies will vote the proxies they have been authorized at the Annual Meeting in favor of such an adjournment.

In the event a quorum is present at the Annual Meeting but sufficient votes to approve any of the items proposed by our Board have not been received, the persons named as proxies may propose one or more adjournments of the meeting to permit further

Questions and Answers about the Annual Meeting

solicitation of proxies. A stockholder vote may be taken on one or more of the proposals in this proxy statement prior to such adjournment if sufficient proxies have been received and it is otherwise appropriate. Any adjournment will require the affirmative vote of the holders of a majority of those shares of common stock

represented at the meeting in person or by proxy. If a quorum is present, the persons named as proxies will vote the proxies they have been authorized to vote on any other business properly before the meeting in favor of such an adjournment.

Who will bear the cost of soliciting votes for the Annual Meeting?

We have engaged Alliance Advisors to assist with the solicitation of proxies for a fee not to exceed \$5,000, plus reimbursement for reasonable out-of-pocket expenses. We will bear all expenses of soliciting proxies. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of our common stock for their reasonable expenses in forwarding solicitation

material to such beneficial owners. Directors, officers and employees of Group 1 may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

Who will count the votes?

We have engaged Broadridge Financial Solutions to tabulate the votes and to serve as inspector of election at the Annual Meeting for a fee of approximately \$3,500. Broadridge will separately tabulate For,

Information about our Board of Directors and its Committees

In 2015, the Board held 10 meetings and acted by unanimous written consent twice. Committees of the Board held a combined total of 21 meetings. Each incumbent director attended 91% or more of the aggregate of all meetings of the Board and the committees on which he or she served during the periods in which he or she served during fiscal 2015, and, except for one director who was unable to attend one Board meeting, and one director who was unable to attend two committee meetings, attendance at such meetings was 100% for all directors then currently serving. Under our Corporate Governance Guidelines,

our directors are encouraged to attend the Annual Meeting of our stockholders. All of our directors attended our 2015 Annual Meeting of Stockholders. We currently expect all of our directors standing for election to be present at the 2016 Annual Meeting.

Our Board and each of its committees annually conduct a self-evaluation to assess, and identify opportunities to improve, their respective performance. The Nominating/Governance Committee leads our Board in its annual self-evaluation.

Corporate Governance

We are committed to good corporate governance which includes the highest standards of professional and personal conduct. Our Board has adopted several governance documents to guide the operation and direction of our Board and its committees, which include our Corporate Governance Guidelines, Code of Ethics, Code of Conduct and charters for the Audit Committee, Compensation Committee,

Nominating/Governance Committee and Finance/Risk Management Committee. Each of these documents is available on our website at www.group1auto.com and stockholders may obtain a printed copy, free of charge, by sending a written request to Group 1 Automotive, Inc., 800 Gessner, Suite 500, Houston, TX 77024, Attn: Corporate Secretary.

Board Leadership Structure

The Nominating/Governance Committee's charter provides that the committee will annually assess the leadership structure of the Board and recommend a structure to the Board for approval. In 2015, the Nominating/Governance Committee conducted that assessment, and determined that having an independent director serve as non-executive Chairman of the Board continues to be in the best interest of our stockholders at this time. Our Chief Executive Officer is responsible for setting our strategic direction and providing day-to-day leadership, while the Chairman of

the Board sets the agenda for Board meetings, presides over meetings of the full Board and provides guidance to our Chief Executive Officer. We believe this structure ensures a greater role for the independent directors in the oversight of our Company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of our Board. We discuss our directors' qualifications and characteristics under Proposal 1 Election of Directors.

Board Diversity

Our Nominating/Governance Committee is responsible for identifying and recommending to our Board qualified individuals to be nominated to serve on our Board. Our Board's objective is to select individuals that have a demonstrated record of integrity, sound business judgment, leadership, objectivity, independence of mind, and commitment. In selecting potential Board candidates, our Board seeks independent directors who represent a mix of

backgrounds and experiences that will enhance the quality of our Board's deliberations and decisions. Board membership should reflect diversity in its broadest sense, including persons diverse in perspectives, personal and professional experiences, geography, gender, and ethnicity. This process has resulted in a Board that is comprised of highly qualified directors that reflect diversity as we define it.

Independence of the Members of our Board

The Board has analyzed the independence of each director. It has affirmatively determined that Ms. Wright and Messrs. Adams, Arnold, Quinn, Strange and Watson (all of our non-employee directors) are independent directors under the New York Stock Exchange's listing standards. As part of its analysis, the Board determined that none of these directors has a material relationship with our Company.

Mr. Hesterberg was determined not to be independent because he is our President and Chief Executive Officer, and Mr. Pereira, who was appointed to the Board following our acquisition of UAB Motors Participações, S.A. (UAB), was determined not to be independent because he is our Regional Vice President, Brazil and the Chairman of UAB.

Charitable Contributions

We have in the past, and may, in the future, make donations to various charitable organizations. From time to time, some of our directors, officers and employees have been, and in the future may be,

affiliated with such charities. During the annual independence review, our Nominating/Governance Committee determined that any such affiliations did not impact the independence of our directors.

Majority Voting Policy

Under our majority voting policy, in an uncontested election of directors, any nominee who receives a greater number of votes withheld than votes for his or her election will, promptly following the certification of the stockholder vote, tender his or her written resignation to the Board for consideration by the Nominating/Governance Committee. The

Nominating/Governance Committee will consider the resignation and will make a recommendation to the Board concerning whether to accept or reject it.

In determining its recommendation to the Board, the Nominating/Governance Committee will consider all factors it considers relevant, which may include:

the stated reason or reasons why stockholders who cast withhold votes for the director did so;

the qualifications of the director; and

the results of the most recent evaluation of the tendering director's performance by the Nominating/Governance Committee and other members of the Board.

Under our majority voting policy, the Board will take formal action on the recommendation no later than 90 days following the certification of the results of the stockholders' meeting. In considering the recommendation, the Board will consider the information, factors and alternatives considered by the Nominating and Governance Committee and any additional information that the Board considers relevant. The Company will promptly disclose the Board's decision whether to accept or reject the director's tendered resignation. If applicable, the Board will also disclose the reason or reasons for rejecting the tendered resignation.

Executive Sessions of our Board

The independent directors meet in executive session at each regularly scheduled meeting of our Board. Mr. Adams, our non-executive Chairman of the Board,

presides over these meetings and is responsible for preparing an agenda for the meetings of the independent directors in executive session.

Risk Oversight

Our Board, as a whole and through its committees, has broad responsibility for the oversight of risk management as well as specific risk management accountability for governance, overall operational risk, executive compensation, Chief Executive Officer succession planning and our system of internal controls, including financial reporting. In its risk management role, our Board has the responsibility to satisfy itself that our risk management processes and controls are adequate and functioning as designed and that our business is conducted wisely and in compliance with proper governance and applicable laws and regulations.

Much of our Board's oversight work is delegated to various committees, which meet regularly and report back to the full Board. All committees have significant roles in carrying out the risk oversight and management function. Each committee is comprised entirely of independent directors, except the Finance/Risk Management Committee, and is responsible for overseeing risks associated with its respective area of responsibility as further detailed below.

The Finance/Risk Management Committee is charged with oversight of our risk exposure related to our operations, including, among other things, cyber security and data protection and litigation management, enterprise risk management strategies, strategies for our insurance programs and our compliance with covenants of material debt instruments. The Finance/Risk Management Committee monitors our finance-related activities and provides guidance to management and the Board concerning our long-range financial policies and objectives.

The Audit Committee is responsible for oversight of Company risks relating to accounting matters, financial reporting (primarily internal control risks) and legal and regulatory compliance. In fulfilling these oversight responsibilities, the Audit Committee meets with our management and independent registered public accounting firm regarding the adequacy of our financial controls and our compliance with legal, tax and regulatory matters, as well as our significant financial and accounting policies. The Audit Committee also separately meets with our director of internal audit on a regular basis, and with other members of management, as deemed appropriate, to review, among other things, the identified risk areas and scope of the internal audit approach. The Audit Committee receives regular reports regarding the status and findings of audits being conducted by the internal auditors and independent registered public accounting firm, accounting changes that could affect our financial statements and proposed audit adjustments. Further, the Audit Committee chair routinely meets between formal Audit Committee meetings with our chief financial officer, corporate controller, director of internal audit and our independent registered public accounting firm.

The Compensation Committee is responsible for overseeing risks relating to employment policies, our compensation policies and programs and our benefits systems. To assist it in satisfying these oversight responsibilities, from time to time the Compensation Committee has retained its own compensation consultant and meets regularly with management to understand the financial, human resources and stockholder implications of compensation decisions being made. A separate discussion regarding the risk considerations in our compensation programs, including the

processes that are put in place by the Compensation Committee and management to identify, manage and mitigate potential risks in compensation, can be found on page 38 of this proxy statement.

The Nominating/Governance Committee is responsible for oversight of risks relating to succession planning for our Chief Executive Officer and other key officers, our corporate governance guidelines and practices and our corporate compliance program. To satisfy these oversight responsibilities, the Committee receives regular reports from our officers that are responsible for each of these areas on matters such as progress against succession planning programs and goals that could affect our operations. In addition, on an annual basis, the Nominating/Governance Committee conducts a review of the performance of the Board and its committees and reviews and reassesses the adequacy of the corporate governance guidelines and recommends any proposed changes to the Board.

In addition to reports from its committees, our Board receives regular reports directly from the officers responsible for oversight of particular risks within our Company. Specifically, our officers report to our Board regarding the Enterprise Risk Management Program that management has implemented to assess, manage and monitor areas of risk that are significant to our business, including safety and risk, strategic planning and operational risk, financial and accounting risk, and governance, regulatory and legislative risk. Risk profiles are updated annually to insure that all risks continue to be identified. Our officers also report to our Board on which risks management has assessed as the most significant, together with management's plans to mitigate those risks. Further, outside counsel reports in person to our Board periodically on an as-needed

basis to keep our directors informed concerning legal risks and other legal matters involving our Company. Finally, we have robust internal audit systems in place

to review adherence to policies and procedures, which are supported by a separate internal audit department.

Committees of our Board

Our Board has established four standing committees to assist it in discharging its responsibilities: the Audit Committee, the Compensation Committee, the Nominating/Governance Committee and the Finance/Risk Management Committee. The following chart reflects the current membership of each committee:

Audit Committee

Pursuant to its charter, the purposes and responsibilities of our Audit Committee are to:

oversee the quality, integrity and reliability of the financial statements and other financial information we provide to any governmental body or the public;

oversee our compliance with legal and regulatory requirements;

oversee the qualifications, performance and independence of our independent registered public accounting firm;

oversee the performance of our internal audit function;

oversee our systems of internal controls regarding finance, accounting, legal compliance and ethics that our management and our Board have established;

provide an open avenue of communication among our independent registered public accounting firm, financial and senior management, the internal auditing department, and our Board, always emphasizing that the independent registered public accounting firm is accountable to the Audit Committee; and

perform such other functions as our Board may assign to the Audit Committee from time to time.

In addition to, and in connection with, the purposes and responsibilities described above, the Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. The

Audit Committee also reviews our annual and quarterly financial statements and confirms the independence of our independent registered public accounting firm.

While the Audit Committee has the responsibilities and powers set forth in its charter, it is not the duty of the Audit Committee to plan or conduct audits, to determine that our financial statements are complete and accurate, or to determine that such statements are in accordance with accounting principles generally accepted in the United States and other applicable rules and regulations. Our management is responsible for the preparation of our financial statements in accordance with accounting principles generally accepted in the United States and our internal controls. Our independent registered public accounting firm is responsible for the audit work on our financial statements. It is also not the duty of the Audit Committee to conduct investigations or to assure compliance with laws and regulations and our policies and procedures. Our management is responsible for compliance with laws and regulations and compliance with our policies and procedures.

All members of the Audit Committee are independent as that term is defined in the New York Stock Exchange's (the NYSE) listing standards and by Rule 10A-3 promulgated under the Securities Exchange Act of 1934 (the Exchange Act). Our Board

has determined that each member of the Audit Committee is financially literate and that Mr. Strange has the necessary accounting and financial expertise to serve as Chairman. Mr. Strange also serves on the Audit Committees of New Jersey Resources Corporation, Newfield Exploration Company and BBVA Compass. Our Board has determined that Mr. Strange's simultaneous service on these other Audit Committees and our Audit Committee does not impair his ability to serve effectively on our Audit Committee.

Our Board has also determined that each of Messrs. Arnold, Quinn and Strange is an audit committee financial expert following a determination that Messrs. Arnold, Quinn and Strange met the criteria for such designation under SEC rules and regulations. For information regarding the business experience for Messrs. Arnold, Quinn and Strange, please read Proposal 1 Election of Directors. The Audit Committee held eight meetings during 2015, with all individuals who were members of the committee at such time attending each meeting, except for one director who was unable to attend one Audit Committee meeting.

The Report of the Audit Committee is set forth on page 24 of this proxy statement.

Compensation Committee

Pursuant to its charter, the purposes and responsibilities of our Compensation Committee are to:

review, evaluate, and approve our agreements, plans, policies, and programs to compensate our senior corporate officers;

review and discuss with our management the Compensation Discussion and Analysis to be included in our proxy statement for the Annual Meeting of Stockholders and to determine whether to recommend to our Board that the Compensation Discussion and Analysis be included in the proxy statement, in accordance with applicable rules and regulations;

produce the Compensation Committee Report for inclusion in the proxy statement, in accordance with applicable rules and regulations;

otherwise discharge our Board's responsibility relating to compensation of our senior corporate officers; and perform such other functions as our Board may assign to the Compensation Committee from time to time.

In connection with these purposes, our Board has entrusted the Compensation Committee with the overall responsibility for establishing, implementing and monitoring the compensation for our senior corporate officers (our executive officers and officers that report directly to our Chief Executive Officer). The Compensation Committee reviews and approves the compensation of our senior corporate officers and makes appropriate adjustments based on Company performance, achievement of predetermined goals and changes in an officer's duties and responsibilities. The Compensation Committee also approves all employment agreements related to the senior corporate officers and approves recommendations regarding equity awards for all employees. Together with management, and any counsel or other advisors deemed appropriate by the Compensation Committee, the Compensation Committee typically reviews and discusses the particular executive compensation matter presented and makes a final determination, with the exception of compensation matters relating to our Chief Executive Officer. In the case of our Chief

Information about our Board of Directors and its Committees

Executive Officer, the Compensation Committee reviews and discusses the particular compensation matter (together with our management and any counsel or other advisors deemed appropriate) and formulates a recommendation. The Compensation Committee's Chairman then generally reports the Compensation Committee's recommendation for approval by the full Board or, in certain cases, by the independent directors.

In general, executive compensation matters are presented to the Compensation Committee or raised with the Compensation Committee in one of the following ways: (1) at the request of the Compensation Committee Chairman or another Compensation Committee member or member of our Board, (2) in accordance with the Compensation Committee's agenda, which is reviewed by the Compensation Committee members and other directors on an annual basis, (3) by our Chief Executive Officer or Senior Vice President, Human Resources, Training and Operations Support or (4) by the Compensation Committee's outside compensation consultant.

The Compensation Committee works with the management team, our Chief Executive Officer and our Senior Vice President, Human Resources, Training and Operations Support, to implement and promote our executive compensation strategy. The most significant aspects of management's involvement in this process are:

preparing materials in advance of Compensation Committee meetings for review by the Compensation Committee members;

evaluating executive performance;

recommending our business goals; and

recommending the compensation arrangements and components for our executives.

Our Chief Executive Officer is instrumental to this process. Specifically, the Chief Executive Officer assists the Compensation Committee by:

evaluating senior corporate officer performance;

providing background information regarding our business goals; and

recommending compensation arrangements and components for our senior corporate officers (other than himself).

In addition, our Senior Vice President, Human Resources, Training and Operations Support is involved in the executive compensation process by:

providing the necessary compensation information to, and acting as our liaison with, the compensation consultant;

updating and modifying compensation plan policies, guidelines and materials, as needed; and

providing recommendations to the Compensation Committee and our Chief Executive Officer regarding compensation structure, awards and plan design changes.

Under its charter, the Compensation Committee has the sole authority to retain and terminate any compensation consultant to be used to assist in the evaluation of the compensation of our senior corporate officers and our directors and also has the sole authority to approve the consultant's fees and other retention terms. To the extent permitted by applicable law, the Compensation Committee may delegate some or all of its authority to subcommittees as it deems appropriate.

During 2015, the Compensation Committee engaged Pearl Meyer & Partners (PM&P) to conduct a compensation analysis which involved the comparison of long-term, short-term and total compensation of our Named Executive Officers with a selected group of peer companies. We generally compare compensation data at the 25th, 50th and 75th percentiles of the market and engage PM&P to review our analysis. While we do not think it is appropriate to establish compensation based solely on benchmarking, we believe that this practice is useful for two reasons.

First, our compensation practices must be competitive in order to attract and retain executives with the ability and experience necessary to provide leadership and to deliver strong performance to our stockholders. Second, benchmarking allows us to assess the reasonableness of our compensation practices. This process allows us to achieve one of our primary objectives of maintaining competitive compensation to ensure retention when justified and rewarding the achievement of Company objectives so as to align with stockholder interest. PM&P is an independent compensation consulting firm and does not provide any other services to us outside of matters pertaining to executive officer and director compensation. PM&P reports directly to the Compensation Committee, which is the sole party responsible for determining the scope of services performed by PM&P and the directions given to PM&P regarding the performance of such services.

Table of Contents

Information about our Board of Directors and its Committees

In February 2016, the Compensation Committee considered the independence of PM&P in light of SEC rules and listing standards of the NYSE. The Compensation Committee requested and received a letter from PM&P addressing the consulting firm's independence, including the following factors: (1) other services provided to us by the consultant; (2) fees paid by us as a percentage of the consulting firm's total revenue; (3) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and a member of the Compensation Committee; (5) any company stock owned by the individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. The letter highlighted three additional factors that supported their independence: (1) PM&P has regular discussions with only the Compensation Committee (or select members of the Compensation Committee) present and where PM&P interacts with management, it is at the

Compensation Committee Chair's request and/or with the Chair's knowledge and approval, (2) PM&P has not provided any gifts, benefits or donations to our Company or received any gifts, benefits, or donations from our Company, and (3) PM&P is bound by strict confidentiality and information sharing protocols. The Compensation Committee discussed these considerations, among other things, and concluded that the work of PM&P did not raise any conflict of interest.

All members of the Compensation Committee are independent as that term is defined in the NYSE's listing standards. The Compensation Committee held five meetings during 2015 and acted by unanimous written consent once. All individuals who were members of the Compensation Committee at such time attended each meeting of the Compensation Committee.

The Report of the Compensation Committee is set forth on page 39 of this proxy statement.

Nominating/Governance Committee

Pursuant to its charter, the purposes and responsibilities of our Nominating/Governance Committee are to:

assist our Board by identifying individuals qualified to become members of our Board and recommend director nominees to our Board for election at the Annual Meetings of stockholders or for appointment to fill vacancies;

recommend to our Board the appropriate composition of our Board and its committees and Board committee membership and leadership;

advise our Board about and recommend to our Board appropriate corporate governance guidelines and practices and assist our Board in implementing those guidelines and practices;

lead our Board in its annual review of the performance of our Board and its committees;

direct all matters relating to the succession of our Chief Executive Officer and other key officers of the Company; and

perform such other functions as our Board may assign to the Nominating/Governance Committee from time to time.

In connection with these purposes, the Nominating/Governance Committee actively seeks individuals qualified to become members of our Board,

seeks to implement the independence standards required by law, applicable listing standards, our Amended and Restated Certificate of Incorporation, our Seconded Amended and Restated Bylaws and our Corporate Governance Guidelines, and identifies the qualities and characteristics necessary for an effective Chief Executive Officer.

In considering candidates for our Board, the Nominating/ Governance Committee will consider the entirety of each candidate's credentials. There is currently no set of specific minimum qualifications that must be met by a nominee recommended by the Nominating/Governance Committee, as different factors may assume greater or lesser significance at particular times and the needs of our Board may vary in light of its composition and the Nominating/Governance Committee's perceptions about future issues and needs. However, while the Nominating/Governance Committee does not maintain a formal list of qualifications, in making its evaluation and recommendation of candidates, the Nominating/Governance Committee may consider, among other factors, diversity, age, skill, experience in the context of the needs of our Board, independence qualifications, moral character and whether prospective nominees have relevant business and financial experience or have industry or other specialized expertise.

Table of Contents

Information about our Board of Directors and its Committees

The Nominating/Governance Committee may consider candidates for our Board from any reasonable source, including from a search firm engaged by the Nominating/Governance Committee or stockholder recommendations, provided that the procedures set forth below are followed. The Nominating/Governance Committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate is recommended by a stockholder or not. However, in evaluating a candidate's relevant business experience, the Nominating/Governance Committee may consider previous experience as a member of our Board. Any invitation to join our Board must be extended by our Board as a whole, by the Chairman of the Nominating/Governance Committee and by the Chairman of the Board.

Stockholders or a group of stockholders may recommend potential candidates for consideration by the Nominating/Governance Committee. For additional information on such requests and the applicable timing, please see Stockholder Proposals for 2017 Annual Meeting.

In addition to the purposes described above, our Board has entrusted the Nominating/Governance Committee with the responsibility for establishing, implementing and monitoring the compensation for our directors. The

Nominating/Governance Committee establishes, reviews and approves the compensation of our directors and makes appropriate adjustments based on Company performance, duties and responsibilities of the directors and competitive environment. The Nominating/Governance Committee's primary objectives in establishing and implementing director compensation are to:

ensure the ability to attract, motivate and retain the talent necessary to provide qualified Board leadership; and

use the appropriate mix of long-term and short-term compensation to ensure high Board/committee performance. All members of the Nominating/Governance Committee are independent as defined under the NYSE's listing standards. The Nominating/Governance Committee held four meetings during 2015, with all individuals who were members at such time attending each meeting, except for one director who was unable to attend one Nominating/Governance Committee meeting.

Finance/Risk Management Committee

Pursuant to its charter, the purposes of our Finance/Risk Management Committee are to:

review, oversee and report to our Board regarding our financial status and capital structure, debt and equity financings, cash management and other banking activities, compliance with covenants of material debt instruments, investor/stockholder relations, relationships with various financial constituents and securities repurchase activities, and authorize transactions related thereto within limits prescribed by our Board;

review and assess risk exposure, including cybersecurity, and insurance related to our operations and authorize transactions within limits prescribed by our Board; and

review capital expenditures and other capital spending plans, including significant acquisitions and dispositions of business or assets, and authorize transactions within limits prescribed by our Board.

In connection with these purposes, the Finance/Risk Management Committee reviews periodically our

financial status and capital structure and can authorize finance-related activities within limits prescribed by our Board. The Finance/Risk Management Committee reviews with management the status of current litigation matters and regularly reports to our Board on litigation and contingent liabilities. The Finance/Risk Management Committee also consults with management on matters that could have a significant financial impact on our Company and reviews our financial policies and procedures, our compliance with material debt instruments and our significant banking relationships. In addition, the Finance/Risk Management Committee reviews and assesses periodically the risk exposure of our operations, including cybersecurity, and plans and strategies for insurance programs, and authorizes risk management-related activities within limits prescribed by our Board. The Finance/Risk Management Committee also provides direction for the assessment of future capital spending and acquisition opportunities and reviews capital expenditure plans, including significant acquisitions and dispositions of businesses and assets and other specific capital projects.

At the request of the Finance/Risk Management Committee, management developed and presented to

the Board a robust Enterprise Risk Management Program, concentrating primarily in four principal areas that are significant to our business: (1) safety and risk; (2) strategic planning and operational risk; (3) financial and accounting risk; and (4) governance, regulatory and legislative risk. Risk profiles are updated annually to insure that all risks continue to be identified. Management updates the Finance/Risk Management Committee as new risks are identified, and the steps taken to mitigate such risks. On an annual basis, management reviews the testing results with the full

Board and steps taken to mitigate new risks which have been identified.

All members of the Finance/Risk Management Committee, except for Mr. Hesterberg, our President and Chief Executive Officer, and Mr. Pereira, our Regional Vice President, Brazil, are independent as defined under the NYSE's listing standards. The Finance/Risk Management Committee held four meetings during 2015, and all members were in attendance.

Communications with Directors

Our Board welcomes communications from our stockholders and other interested parties. Stockholders and any other interested parties may send communications to our Board, to any committee of our Board, to the non-executive Chairman of the Board (who presides over the executive sessions of our independent and non-management directors), or to any director in particular, to:

c/o Group 1 Automotive, Inc.

800 Gessner, Suite 500

Houston, Texas 77024

Any correspondence addressed to our Board, to any committee of our Board, to the non-executive Chairman of the Board, or to any one of the directors in care of our offices is required to be forwarded to the addressee or addressees without review by any person to whom such correspondence is not addressed.

Table of Contents**Proposal 1 Election of Directors**

At our 2015 Annual Meeting of Stockholders, we asked our stockholders to approve our Amended and Restated Certificate of Incorporation (Restated Certificate) and Second Amended and Restated Bylaws (Bylaws), which, among other things, declassified our Board of Directors. Our Restated Certificate and Bylaws currently provide for annual elections of directors.

Our Board of Directors has nominated eight directors for election at this Annual Meeting to hold office until the next annual meeting and the election of their

successors. All of the nominees are currently directors. Each agreed to be named in this Proxy Statement and to serve if elected. All of the nominees are expected to attend the 2016 Annual Meeting. All eight directors, then serving on the Board, attended the 2015 Annual Meeting.

The following table sets forth certain information, as of the date of this proxy statement, regarding our director nominees.

Director	Position and Offices with Group 1	Director Since	Age
John L. Adams	Director, Chairman of the Board	1999	71
Doyle L. Arnold	Director	2015	67
Earl J. Hesterberg	Director, President and Chief Executive Officer	2005	62
Lincoln Pereira	Director, Regional Vice President, Brazil	2013	56
Stephen D. Quinn	Director	2002	60
J. Terry Strange	Director	2003	72
Max P. Watson, Jr.	Director	2001	70
MaryAnn Wright	Director	2014	54

We have no reason to believe that any of the nominees will be unable or unwilling for good cause to serve if elected. However, if any nominee should become unable for any reason or unwilling for good cause to serve, proxies may be voted for another person nominated as a substitute by the Board, or the Board may reduce the number of directors.

The number of directors on our Board is reviewed annually and fixed by our Board from time to time. In February 2013, the Board approved the number of directors serving on the Board to be eight members. The Board will continue to evaluate the size of the Board and make adjustments as needed to meet the current and future needs of the Company.

Stockholders may not cumulate their votes in the election of our directors. Under Delaware law and our Bylaws, a plurality of the votes cast is required for the election of directors. This means that the director nominee with the most votes for a particular Board

position is elected for that position. You may vote for or withheld with respect to the election of directors. Only votes for or withheld are counted in determining whether a plurality has been cast in favor of a director. Abstentions are not counted for purposes of the election of directors.

Our majority voting policy requires, in an uncontested election, any nominee for director who receives a greater number of votes withheld from his or her election than votes for to promptly tender his or her resignation following certification of the election results. The Nominating/Governance Committee will promptly consider the resignation and a range of possible responses based on the circumstances that led stockholders to withhold votes, if known, and make a recommendation to the Board. The Board will act on the committee's recommendation within 90 days following certification of the results of the election.

Proposal 1 Election of Directors

John L. Adams

John L. Adams has served as non-executive Chairman of the Board since April 2005 and as one of our directors since November 1999. Mr. Adams served as Executive Vice President of Trinity Industries, Inc., one of North America's largest manufacturers of transportation, construction and industrial products, from January 1999 through June 2005, and as Vice Chairman from July 2005 through March 2007. Before joining Trinity Industries, Mr. Adams spent 25 years in various positions with Texas Commerce Bank N.A. and its successor, Chase Bank of Texas, National Association. Proposal 2 Advisory Vote on Executive Compensation

Pursuant to Section 14A of the Exchange Act, our stockholders are entitled to cast a vote at the Annual Meeting to approve, on a non-binding advisory basis, the compensation of our Named Executive Officers, as disclosed in this proxy statement. As an advisory vote, Proposal 2 is not binding on our Board or its Compensation Committee, will not overrule any previous decisions made by our Board or its Compensation Committee, or require our Board or its Compensation Committee to take any future or remedial action. Although the vote is non-binding, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions.

Our Board recognizes that executive compensation is an important matter for our stockholders. As described in detail in the CD&A section of this proxy statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy. The core of that philosophy has been and continues to be to pay our executive officers compensation that is competitive with amounts paid by our peer companies based on individual and Company performance. In particular, the Compensation Committee strives to attract, retain and motivate talented executives, to reward past performance measured against established goals and provide incentives for future performance, and to align executives' long-term interests with the interests of our stockholders. To do so, the Compensation Committee uses a combination of short- and long-term incentive compensation to reward near-term performance and to encourage our executives' commitment to our long-range, strategic business goals. It is always the intention of the Compensation Committee that our executive officers be compensated competitively and in a manner that is consistent with our strategy, sound corporate governance principles, and stockholder interests and concerns. Our Board believes that our compensation policies and practices are effective in achieving our Company's goals of rewarding sustained financial and operating performance, leadership excellence and aligning the executives' long-term interests with those of our stockholders.

We believe that it is appropriate to seek the views of stockholders on the design and effectiveness of our executive compensation program, and we value your opinion. Based on the stockholder vote on the frequency of an advisory vote on executive compensation that took place at our 2011 Annual Meeting of Stockholders, our Board determined to hold the vote on executive compensation annually until the next stockholder vote on the frequency of such advisory vote, which will be no later than the Company's 2017 Annual Meeting of Stockholders. Thus, the stockholder advisory vote to approve executive compensation currently takes place annually, and the next such vote will take place at our 2017 Annual Meeting of Stockholders.

As described in the CD&A, we believe our compensation program is effective, appropriate and strongly aligned with the long-term interests of our stockholders and that the total compensation package provided to our Named Executive Officers (including potential payouts upon a termination or change of control) is consistent with market practice. We also believe our executive compensation is reasonable and not excessive. As you consider this Proposal 2, we urge you to read the CD&A section of this proxy statement for additional details on executive compensation, including the more detailed information about our compensation philosophy and objectives and the past compensation of our Named Executive Officers, and to review the tabular disclosures regarding our Named Executive Officers' compensation together with the accompanying narrative disclosures in the Executive Compensation section of this proxy statement.

In light of these reasons, we are recommending that our stockholders vote **FOR** the following resolution:

RESOLVED, that the compensation paid to our Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby Approved.

Proposal 3 Ratification of the Appointment of Ernst & Young LLP as our Independent Registered Public Accounting Firm

The increase in the 2015 Tax Fees, reflected in the table on the preceding page, is related principally to tax planning and advice related to acquisitions in the UK and the restructuring of the Company's UK operations.

The Audit Committee considers whether the provision of these services is compatible with maintaining Ernst & Young's independence, and has determined such services for fiscal 2014 and 2015 were compatible. All of the services described above were pre-approved by the Audit Committee pursuant to paragraph (c)(7)(ii)(C) of Rule 2-01 of Regulation S-X under the Exchange Act, to the extent that rule was applicable during fiscal 2014 and 2015.

The Audit Committee has established a policy requiring pre-approval by the Audit Committee of all services (audit and non-audit) to be provided to us by our independent registered public accounting firm. In accordance with this policy, the Audit Committee has given its annual approval for the provision of audit services by Ernst & Young, and has also given its approval for up to a year in advance for the provision by Ernst & Young of particular categories or types of audit-related, tax and permitted non-audit services, in each case subject to a specific budget.

Any proposed services to be provided by the independent registered public accounting firm not

covered by one of these approvals, including proposed services exceeding pre-approved budget levels, requires special pre-approval by the Audit Committee. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management. All of the services listed on the preceding page were pre-approved pursuant to this policy.

The ratification of our Audit Committee's appointment of Ernst & Young as our independent registered public accounting firm for the fiscal year ending December 31, 2016 requires our receiving the affirmative vote of the holders of a majority of our common stock cast with respect to the proposal. Although ratification is not required, our Board is submitting the selection of Ernst & Young to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interest and the best interest of our stockholders.

Our Board of Directors Recommends a Vote FOR
Ratification of the Appointment of Ernst & Young LLP as
our Independent Registered Public Accounting Firm for

the Fiscal Year Ending December 31, 2016.

Role of the Compensation Committee, its Consultant and Management

Our Board has entrusted the Committee with overall responsibility for establishing, implementing and monitoring our executive compensation program. Our Chief Executive Officer and Senior Vice President of Human Resources also play a role in the implementation of the executive compensation process, by overseeing the performance and dynamics of the executive team and generally keeping the Committee informed. All final decisions regarding our Named Executive Officers' compensation remain with the Committee, except in the case of our Chief Executive Officer where the independent members of the Board makes all decisions with the benefit of recommendations from the Committee.

The Committee has historically engaged Pearl Meyer & Partners (PM&P) to serve as its compensation consultant and to advise on executive compensation matters. In 2015, PM&P was engaged to conduct a

competitive compensation analysis for the Named Executive Officers. During that time, PM&P reviewed compensation data for our peer companies in comparison to our current compensation practices and made recommendations to the Committee. The Committee retains PM&P directly, although in carrying out assignments PM&P may interact with our management when necessary and appropriate. PM&P does not provide any services to our Company other than its consulting services to the Committee, and the Committee determined that no conflict of interest exists between PM&P and our Company. Please see Information About our Board of Directors and its Committees Compensation Committee for additional information on the role of the Committee, its consultant and management in setting executive compensation.

2015 Compensation Discussion and Analysis

Objectives of Our Executive Compensation Program

Compensation Philosophy

The Committee believes that the most effective executive compensation program is one designed to recruit, retain and motivate capable leadership and reward those individuals upon the achievement of their personal and departmental objectives as well as upon our Company's achievement of specific annual, long-term and strategic goals. The Committee evaluates both market competitiveness as well as individual and Company performance to ensure that we maintain our ability to attract, retain and motivate talented employees in key positions. By maintaining competitive compensation and rewarding for performance, the Committee strives to support our overall business objectives and provide our stockholders with a superior rate of return over time.

Our strategic business focus during the fiscal year ended December 31, 2015 consisted of the following objectives:

- ü increasing same store sales performance in new and used vehicle sales as well as parts and service;

- ü continuing to consolidate key operating processes and systems to improve our customer responsiveness, efficiencies and reduce expenses;

- ü maintaining a cost level that aligns with the anticipated level of business activity; and

- ü seeking new business opportunities within the automotive retail market so that we can continue to expand our business operations both in the United States (U.S.) and abroad.

Our Named Executive Officers' individual or departmental goals for the fiscal year ended December 31, 2015 generally consisted of one or more of the following criteria, which provide support for our business objectives:

- ü sustain sales momentum;

- ü continue to strengthen our processes and management for improved operating effectiveness and efficiency;

- ü control costs and expenses as sales levels fluctuate to maximize and leverage our scale;
- ü accelerate the redeployment of capital and management resources away from underperforming dealerships into business operations with better return potential; and

- ü drive the capital allocation process, which balances the mix between investments in sustainable growth and investments that maximize return to stockholders.

Stockholder Input on Executive Compensation Matters

In accordance with applicable law and as described in more detail in Proposal 2 above, our stockholders have the right to vote, on an advisory non-binding basis, on the approval of the compensation of our Named Executive Officers at specified intervals (the say-on-pay vote). Stockholders last voted on this matter at the 2015 Annual Meeting of Stockholders, and in accordance with a vote at the 2011 Annual Meeting of Stockholders on the frequency of say-on-pay votes, stockholders currently will vote on such compensation every year.

At our 2015 Annual Meeting of Stockholders, 98% of the shares voted on the say-on-pay vote were in favor of the compensation paid to our Named Executive Officers. The Compensation Committee believes this vote strongly endorses the compensation philosophy, policies and practices of the Company and, therefore, it did not make any significant changes in the structure of our executive compensation program as a result of this say-on-pay vote. The Compensation Committee will continue to consider on an annual basis the vote results for say-on-pay proposals when making compensation decisions for our Named Executive Officers.

In addition to such consideration given to the results of the say-on-pay vote, at various times throughout the year the Compensation Committee considers any input it may receive from stockholders and other stakeholders, and more general developments in executive compensation principles, in the development and implementation of the Company's executive compensation philosophy, policies and programs. For additional information on the say-on-pay vote with respect to the compensation paid to our executive officers in 2015, see Proposal 2 above.

2015 Compensation Discussion and Analysis

Market Analysis

We again engaged PM&P to conduct an independent market-based analysis of our executive compensation program in 2015. The market analysis process involved the comparison of long-term, short-term and total compensation with a selected group of peer companies (Peer Companies). Compensation data was compared at the 25th, 50th and 75th percentiles of the market.

While we do not think it is appropriate to establish compensation based solely on benchmarking, we believe that the practice of comparing our compensation program to the programs of our peers can be useful for two reasons. First, our compensation practices must be competitive in order to attract and retain executives with the ability and experience necessary to provide leadership and to deliver strong performance to our stockholders. Second, comparison analysis allows us to assess the reasonableness of our compensation practices. This process allows us to achieve one of our primary objectives of maintaining competitive compensation to ensure retention and assists in aligning compensation with stockholder interests.

Our Peer Companies remained unchanged for 2015, and include all of the publicly-traded automotive consolidators and specialty retailers associated with automotive sales, and automotive parts and service against whom we most directly compete for executive talent. The list of our Peer Companies is

periodically reviewed and updated by the Committee. Our 2015 Peer Companies were:

Advance Auto Parts, Inc.

LKQ Corp.

Asbury Automotive Group, Inc.

O Reilly Automotive, Inc.

AutoNation, Inc.

Penske Automotive Group, Inc.

AutoZone, Inc.

The Pep Boys Manny, Moe & Jack

CarMax, Inc.

Rush Enterprises, Inc.

Genuine Parts Co.

Sonic Automotive, Inc.

Lithia Motors, Inc.

When evaluating the compensation data and making compensation decisions, the Committee has taken into consideration the variance in revenue size among the entities comprising our Peer Companies. Additionally, the Committee has considered other differences between us and our Peer Companies such as corporate structure, tenure of officers, variance in scope of duties for each officer and other factors when calculating a benchmarking value. This value is used as the basis of comparison of compensation provided by us and our Peer Companies. However, any application of benchmarking data is tempered by our basic staffing philosophy, which is to remain as lean as practical. This guiding principle results in certain of our executive officers having a broad range of job responsibilities, which, at certain of our Peer Companies, may be divided among multiple executive officers. The Committee's use of benchmarking for specific compensation components is described in more detail below.

Tally Sheets

In 2015, compensation tally sheets for the Named Executive Officers were prepared by our Compensation Manager and reviewed by the Committee. This review consists of a twelve month summary of cash compensation earned, employee benefits provided, stock granted (with value at grant), and value of stock released (with value at release). Total shares and present value of unvested restricted stock is also presented for review. In addition to the PM&P benchmarking analysis, information from these tally sheets was also considered by the Committee in making compensation decisions for the Named Executive Officers, as well as guiding the design of cash and non-cash compensation and benefit programs. The Committee specifically used tally sheets in the following contexts for each Named Executive Officer:

To determine the historical value of compensation paid;

To determine the value of restricted stock awards forfeited in the event of a voluntary termination when making decisions regarding grants to encourage retention;

To understand total compensation potentially payable to the Named Executive Officers under all possible scenarios, including death/disability, retirement, voluntary termination, termination with and without cause and changes of control; and

To ensure that the structure of pay at different levels is fair and appropriate.

2015 Compensation Discussion and Analysis

Compensation Components

Our compensation program for executive officers includes annual cash compensation and long-term equity-based compensation. Annual cash compensation consists of annual base salary and payments under our annual cash incentive plan. Our long-term equity-based compensation consists of equity awards made under our long term incentive plan.

In addition, our Named Executive Officers are eligible to (i) participate in our health and welfare plans, our

Employee Stock Purchase Plan and our retirement plans (401(k) Savings Plan and Deferred Compensation Plan), (ii) receive a vehicle allowance and/or demonstrator vehicle(s), depending on the position held, and (iii) receive perquisites and other personal benefits as described under **Other Benefits** below.

Base Salary

Design. We provide our Named Executive Officers with an annual base salary to compensate them for services rendered during the year. Our goal is to set base salaries for our Named Executive Officers at levels that are competitive with comparable companies for the skills, experience and requirements of similar positions, using benchmarking as previously discussed, in order to attract and retain top talent. In order to achieve this goal, we have generally sought to provide base salaries that fall near the 50th percentile of our Peer Companies. We believe that this range supports competitive compensation and ensures retention. In order to ensure that each officer is appropriately compensated, the Committee, when setting base salaries, considers individual performance, tenure and experience and our financial performance in addition to the compensation review of the Peer Companies. Individual base salary levels are generally reviewed each November and are adjusted as appropriate based on an analysis of current market salary levels at the Peer Companies, individual performance and experience and our financial performance.

Results. Effective January 1, 2015, the base salaries for Messrs. Rickel, Burman, DeLongchamps and O Hara were \$583,500, \$440,300, \$465,300 and \$318,400 respectively, which was approximately a 3.0% increase from the prior year. Mr. Hesterberg's base salary was increased by 10% to \$1,100,000 for 2015. Prior to this increase, Mr. Hesterberg's

base salary had not been increased since he joined us in 2005. In determining the base salaries for 2015, the Committee reviewed their salaries using the criteria described above and determined to make the increases to position

them closer to the 50th percentile of the Named Executive Officers of our Peer Companies.

Compensation Changes for Fiscal 2016. In November 2015, the Committee elected to increase base salaries for Messrs. Rickel, Burman and DeLongchamps, effective January 1, 2016. In determining the base salaries for 2016, the Committee reviewed their salaries using the criteria described above in an effort to position them closer to the 50th percentile of the Named Executive Officers of our Peer Companies. The 2016 base salaries of Messrs. Rickel, Burman and DeLongchamps were scheduled to be increased by approximately 3.0% to \$598,500, \$453,300 and \$469,300, respectively. Mr. Hesterberg's base salary was not scheduled to be increased. Mr. O'Hara transitioned to a new role at the end of 2015, and his new role and compensation structure are described in greater detail within the Potential Payments upon Termination or Change in Control section. However, in light of challenging economic conditions in some of the Company's key markets including Texas, Oklahoma and Brazil, the approved 2016 salary increases for the Named Executive Officers were deferred. Their base salaries for 2016 will remain at the 2015 levels.

Annual Incentive Compensation Plan

Annual cash incentive awards are intended to align our annual performance and results with the compensation paid to persons who are most responsible for such performance, and to motivate and reward achievement of Company and individual or departmental performance objectives. Meaningful, performance-related goals are established so that

attaining or exceeding the performance targets is not assured, requires significant effort by each of our Named Executive Officers, and if accomplished, contributes to the ongoing overall improvement and success of the Company.

Table of Contents**2015 Compensation Discussion and Analysis**

For 2015, the annual incentive compensation plan was based upon achievement of financial and individual, or departmental, goals approved at the beginning of the year by the Committee. The financial and mission-based portions of the annual incentive awards could be awarded independently so that achievement of one was not predicated on the achievement of the other. There is, however, a minimum earnings per share goal established by the Committee at the beginning of each year which has to be achieved before any incentive award is paid. See page 33 for more detail.

The following is a description of the 2015 performance metrics under the plan:

Financial Goal. For 2015, the financial goal portion of our annual cash incentive plan was based on achievement of diluted earnings per share (EPS). Diluted earnings per share is generally defined as our net income available to diluted common shares divided by the sum of the weighted average number of common shares outstanding during the period plus those that would have been outstanding, assuming issuance for all dilutive potential common shares. Under the 2015 annual incentive compensation plan, the Committee may, in its sole discretion, adjust the Company's EPS when determining achievement of the financial goal metric for extraordinary or unusual items that would be included in our annual operating results, but not typically considered at the time the targets were set, such as stock repurchases, certain asset

impairments or extraordinary dilutive events which materially affect EPS.

The Committee believes that EPS is the best metric for our financial goal portion of the plan because it incentivizes our executive officers to maximize stockholder return and only rewards executive officers if our stockholders are rewarded. Further, no payments are made under the financial goal portion of the award unless a threshold level of EPS is achieved. The threshold, target and maximum levels of performance for the EPS metric set by the Committee for 2015 were as follows: Threshold \$6.16; Target \$6.46; and Maximum \$6.75.

Mission-based Goals. Mission-based goals typically include four to six specific goals that are normally related to the individual's functional area and are established at the beginning of each fiscal year jointly by the executive officer and our Chief Executive Officer and reviewed by the Committee, or in the case of the Chief Executive Officer, by the Committee and the Board. These goals are integral toward achieving key business objectives, such as those listed on page 29 which help improve our financial performance, promote corporate efficiencies and contribute to the growth of our Company. In 2015, the following mission-based goals were assigned to each of our Named Executive Officers:

Name	Individual/Departmental Performance Targets
Earl J. Hesterberg	Improve long term growth prospects in Brazil
	Continue to expand business in the UK with specific profit targets

Continue to drive gross profit growth and used vehicle growth in the U.S.

Achieve selling, general and administrative cost reduction target

John C. Rickel

Reduce Brazilian financial controls cost

Improve financial internal controls in Brazilian operations

Prepare cost reduction plans in the event of lower sales due to regional economic issues

Lead efforts on data security

Achieve selling, general and administrative cost reduction target

Darryl M. Burman

Reduce labor and employment legal fees

Develop web based support system for use by General Managers

Integrate legal reporting for recent International acquisitions

Achieve selling, general and administrative cost reduction target

2015 Compensation Discussion and Analysis

Name	Individual/Departmental Performance Targets
Peter C. DeLongchamps	Enhance relationships with key manufacturers and members of the investment community
	Maintain capital expenditure projects within budget
	Maintain minimum vehicle service contract penetration rate
	Achieve F&I growth target
	Implement further enhancements to the Company's Fair Credit Policy process
	Achieve selling, general and administrative cost reduction target
J. Brooks O Hara	Achieve specified recruiting targets focusing on technicians
	Align the Company's efforts to comply with all provisions of the Affordable Care Act and remarket all benefit offerings to ensure competitiveness
	Complete EV5.4 payroll conversion
	Redesign employee training program

Achieve selling, general and administrative cost reduction target

For 2015, the Committee decided that at achievement of threshold or target performance for EPS, each of the performance metrics financial and mission-based should be weighted 50%, with the award payout based on 100% of base salary for Messrs. Hesterberg and Rickel and 60% of base salary for Messrs. Burman, DeLongchamps and O Hara. The Committee also determined that: (i) if the threshold EPS goal was attained, the executive officers would receive one-third of the financial goal portion of their award; and (ii) if the target EPS goal was attained, the executive officers would receive two-thirds of the financial goal portion of their award. In addition, the Committee decided that for 2015 as long as earnings per share was at least \$6.16, the mission-based portion of the award would be payable from 0% to 100% according to individual goal achievement levels.

The Committee also decided that at achievement of maximum level of performance for EPS, the total possible cash incentive plan payout for each executive

should be increased and such increase would be entirely attributable to the financial performance metric. As such, the executive officers would be eligible to receive the same mission-based award discussed above, however Messrs. Hesterberg, Burman, DeLongchamps and O Hara would receive 150% of the financial portion of their awards as otherwise described above and Mr. Rickel would receive 130% of the financial portion of his award as otherwise described above. As a result, assuming all mission-based goals were attained, the following table sets forth the threshold, target and maximum annual incentive compensation plan potential payouts for 2015, as a percentage of base salary. The target performance level was set such that, if attained, the total cash compensation paid to our executive officers would approximate the median paid to executive officers at our Peer Companies.

Named Executive Officer	2015 Incentive Payout as a % of Base Salary		
	Threshold Performance	Target Performance	Maximum Performance
Earl J. Hesterberg	67%	83%	125%
John C. Rickel	67%	83%	115%
Darryl M. Burman	40%	50%	75%
Peter C. DeLongchamps	40%	50%	75%
J. Brooks O Hara	40%	50%	75%

Results. For 2015, we achieved the maximum level of our financial goal (EPS) which resulted in the financial goal portion of the annual incentive compensation being paid at the maximum level.

In connection with its review of the performance of our Chief Executive Officer, the Committee determined that Mr. Hesterberg had achieved 90% of his 2015 mission-based goals, resulting in a 90% payment of the mission based payout. Following extensive discussion with our Chief Executive Officer regarding his evaluation of the performance of our Named Executive Officers, the Committee determined that

Messrs. Rickel, Burman and DeLongchamps met or surpassed their individual and departmental goals, resulting in 100% payout of the mission-based payout. Mr. O Hara achieved all but one of his assigned goals resulting in a 90% payout of the mission based payout. In making these determinations, the Committee specifically considered each executive's leadership in achieving each of the goals. Based on the Committee's evaluation of the performance of each of our Named Executive Officers, it determined the degree to which each officer had achieved his goals and the following amounts of incentive compensation were paid:

Annual Incentive Compensation Plan

Named Executive Officer	2015 Mission Based Award Earned \$	2015 Financial Based Award Earned \$	2015 Incentive Payout as a % of Base Salary	Amount Paid \$
Earl J. Hesterberg	495,000	825,000	120	1,320,000
John C. Rickel	291,750	379,275	115	671,025
Darryl M. Burman	132,090	198,135	75	330,225
Peter C. DeLongchamps	136,890	205,335	75	342,225
J. Brooks O Hara	86,000	143,280	72	229,280

Long-Term Equity Incentive Compensation

Design. To align the compensation of our corporate officers with the attainment of our business goals and an increase in stockholder value, we award long-term equity incentive grants to our executive officers as part of our total compensation package. These awards have been made pursuant to the Group 1 Automotive, Inc. 2014 Long Term Incentive Plan and the 2007 Long Term Incentive Plan.

We believe that restricted stock, subject to time-based vesting requirements, appropriately align management's interests with those of our Company and our stockholders, while helping to motivate and retain key members of our management team.

When determining the size of the awards, we typically consider amounts that would provide our executive officers with long-term incentive opportunities that, when combined with base salary and annual cash incentive opportunities, result in total direct

compensation within the 50th to 75th percentile of our Peer Companies. We then take into account individual performance, the position and value of the Named Executive Officer to our Company, experience and length of service to us, our desire to incentivize the officer to remain with our Company, and the amount of equity previously awarded to the officer.

Vesting of these awards is intended to facilitate retention, and the shares vest over a five-year period with the restrictions relating to the awards lapsing 40% after two years and 20% in each year thereafter. Since 2008, our vesting provisions have been based on the passage of time. Under the terms of the current award agreements, in the event of death or disability of any employee with unvested awards, all granted but unvested awards will automatically vest.

In addition, in the event of a qualified retirement, which is a retirement after a minimum of ten years of

Table of Contents

2015 Compensation Discussion and Analysis

service with our Company and the executive attaining the age of 63, upon satisfaction of a two year non-compete and certain non-disclosure covenants, all unvested shares of restricted stock or restricted stock units (granted in prior years) held by the executive officer as of his retirement date will vest.

2015 Awards. In February 2015, the Committee reviewed the tally sheets and the competitive analysis prepared by PM&P to determine how each Named Executive Officer's base and total compensation compared to their peers and in order to assess all elements of each executive's pay relative to total compensation. The Committee also considered each executive's current equity position for purposes of reward and retention and considered other factors, such as size of previous awards, contribution to corporate results, leadership and Company performance during the year when making the decision as to the size of the equity award for each Named

Executive Officer. Based on the analysis and review described above, on February 24, 2015, the Committee granted the following restricted stock awards to the Named Executive Officers: Mr. Hesterberg (35,000 shares), Mr. Rickel (14,430 shares), Mr. Burman (9,140 shares), Mr. DeLongchamps (9,620 shares) and Mr. O Hara (7,340 shares).

For more information on the 2015 equity awards, please see the section entitled "Executive Compensation - Grants of Plan Based Awards in 2015."

Compensation Changes for Fiscal 2016. The Committee has made no material changes to our long-term incentive compensation strategy for fiscal 2016.

401(k) Plan

We maintain the Group 1 Automotive, Inc. 401(k) Savings Plan (the "401(k) Savings Plan") to assist all employees in providing for their retirement. Matching contributions may be in the form of cash or shares of our common stock or a combination of both, as

determined by the Committee. All of our matches have been in cash for all employees. Amounts that we contributed to each Named Executive Officer's 401(k) Savings Plan account are disclosed within the Summary Compensation Table.

Employee Stock Purchase Plan

Generally, under the Group 1 Automotive, Inc. Employee Stock Purchase Plan, all employees, including our Named Executive Officers, are offered the opportunity to purchase up to \$25,000 annually of our common stock at a 15% discount to market, provided that the maximum number of shares that may be purchased by an employee shall not exceed

3,000 shares of common stock per quarter. This is an additional equity incentive we offer to all of our employees to further promote their interest in enhancing stockholder value. These shares may not be sold by the employee for a minimum of six months following purchase.

Deferred Compensation Plan

The Group 1 Automotive, Inc. Deferred Compensation Plan (Deferred Compensation Plan) is designed as a retention tool for our corporate and regional officers, dealership general managers, other key employees and non-employee directors. It allows participants the opportunity to accumulate additional savings for retirement on a tax-deferred basis. Participants can choose from various defined investment options in which the deferred compensation is notionally

invested. Pursuant to the Deferred Compensation Plan, certain corporate officers, including our Named Executive Officers, may defer up to 50% of their base salary and up to 100% of their incentive compensation and we may make matching contributions to the participants' accounts. For a more detailed discussion of the Deferred Compensation Plan, please see the section entitled Executive Compensation Nonqualified Deferred Compensation.

Other Benefits

Health and Welfare Benefits. Our Named Executive Officers are eligible to participate in our standard medical, dental, vision, disability insurance and life insurance plans to meet their health and welfare needs. These benefits are provided so as to assure that we are able to maintain a competitive position in terms of attracting and retaining executive officers and other employees. This is a fixed component of compensation and the benefits are provided on a non-discriminatory basis to all of our full-time employees.

Vehicle Allowance. Our Chief Executive Officer, under his employment agreement, is provided with two vehicles for his use. Our senior vice president and Chief Financial Officer receives a vehicle allowance of \$15,000 per year and the use of one vehicle. Vice presidents are provided with a vehicle allowance of \$11,300 per year, a vehicle, or in certain limited cases, both. We have not modified these amounts since 2005.

Other Perquisites and Personal Benefits. We provide certain Named Executive Officers with perquisites and other personal benefits that the Committee believes are reasonable and consistent with our overall compensation programs and philosophy. These benefits are provided in order to enable us to attract and retain these executives. For example, we pay for club membership privileges that are used primarily for business but also for occasional personal purposes by our Chief Executive Officer, Mr. Hesterberg. In addition, we own a fractional interest in an aircraft which is primarily used for business purposes. However, we make a portion of our time available to Mr. Hesterberg for personal use during the year. In 2015, Mr. Hesterberg was allowed a maximum of 40 flight hours for personal use; however, his actual personal usage was 23.6 hours. Mr. Hesterberg reimburses us for his personal use based on the published standard industry fare level valuation method. We provide this benefit to Mr. Hesterberg because it optimizes the use of his time and is consistent with similar benefits provided by our Peer Companies.

Employment Agreements, Severance Benefits and Change in Control Provisions

We maintain employment and other compensatory agreements with certain Named Executive Officers to ensure they will perform their roles for an extended period of time. Certain provisions contained in these agreements, such as non-competition and non-solicitation provisions, as well as change in control payments, are essential to retaining our talent and protecting our stockholders. We believe that it is appropriate to compensate individuals to refrain from working with competitors following termination, and that compensation enhances the enforceability of such

agreements. These agreements and our severance terminology are described in more detail elsewhere in this proxy statement. Please read [Executive Compensation Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table](#) [Employment, Incentive Compensation and Non-Compete Agreements](#). These agreements provide for severance compensation to be paid if the officer's employment is terminated under certain conditions, such as following a corporate change, involuntary termination, termination by us for cause, death or disability, each as defined in the applicable executive's agreement. The employment and other compensatory agreements between our Company and our Named Executive Officers and the related severance provisions are designed to meet the following objectives:

Corporate Change. In certain limited scenarios, the potential for merger or being acquired may be in the best interests of our stockholders. As a result, we provide severance compensation to certain Named Executive Officers if the officer's employment is terminated following a corporate change transaction. Our intent is to promote the ability of the officer to act in the best interests of our stockholders even though his or her employment could be terminated as a result of the transaction. However, as previously discussed, we do not provide any excise tax gross-ups to any of our Named Executive Officers.

Termination without Cause. If we terminate the employment of certain corporate officers without cause as defined in the applicable agreement, we are obligated to pay the officer certain compensation and other benefits as described in greater detail in [Executive Compensation - Potential Payments Upon Termination or Change in Control](#). We believe these payments are appropriate because the terminated officer is bound by confidentiality, non-solicitation and non-compete provisions ranging from one to two years after termination. Both parties have mutually agreed to a severance package that would be in place prior to any termination event. This provides us with more flexibility to make a change in senior management if such a change is in the best interests of our Company and its stockholders.

Hedging and Pledging Prohibitions

Our Directors and Named Executive Officers are prohibited from engaging in short sales of our stock or otherwise hedging the risk of ownership of our stock. We have also adopted a policy that prohibits our

directors and officers from pledging their Company stock, or engaging in any other transaction of a similar nature that has the effect of using Group 1 securities as collateral.

Policy on Payment or Recoupment of Performance-Based Cash Bonuses and Performance-Based Stock Bonuses in the Event of Certain Restatements (Clawbacks)

The Committee has adopted a policy on payment or recoupment of performance-based cash bonuses and performance-based stock bonuses in the event of certain restatements, excluding those required by a change in generally accepted accounting principles, which provides that we will require the payment or reimbursement (to the extent permitted by governing law) of all or a portion of any performance-based cash or performance-based stock bonus where: (a) the payment was predicated upon the achievement of certain financial results that were subsequently the subject of a material restatement and (b) a higher or lower payment would have been made to the

employee based upon the restated financial results. In each of these instances, we will, to the extent practicable: (a) either make a payment of, or seek to recover, the cash amount by which the individual employee's annual performance-based bonus was recalculated based on the restated financial results; provided that we will not pay or seek to recover bonuses paid more than three years prior to the date the applicable restatement is disclosed; (b) cause the award or cancellation of any performance-based stock awards; and (c) seek reimbursement of any unearned gains realized on the vesting of performance-based stock attributable to such awards.

Stock Ownership Guidelines

Our Board has adopted Stock Ownership Guidelines that apply to our Named Executive Officers, as well as other officers within our Company. The guidelines require our Named Executive Officers to maintain a minimum number of shares of our common stock while they are employed by us. The guidelines reinforce the importance of aligning the longer-term

interests of our executive officers with the interests of our stockholders and are expressed in terms of the dollar value of their equity holdings as a multiple of each Named Executive Officer's base salary. In February 2014, the Board increased the Stock Ownership Guidelines, as follows:

Name	Prior Stock Ownership Guidelines	Current Stock Ownership Guidelines
Earl J. Hesterberg	4×annual base salary	6×annual base salary
John C. Rickel	2×annual base salary	3×annual base salary
Darryl M. Burman	1×annual base salary	2×annual base salary
Peter C. DeLongchamps	1×annual base salary	2×annual base salary
J. Brooks O'Hara	1×annual base salary	2×annual base salary

The dollar value of stock ownership is based on base salary times a multiple divided by the previous 36-month average stock price as calculated on December 31st of each year. Unvested restricted stock awards or restricted stock units are counted towards each Named Executive Officer's ownership

requirement. Stock ownership levels should be achieved by each officer within five years of the adoption of these guidelines, or within five years of the individual's appointment as an officer. Each of our Named Executive Officers is in compliance with current guidelines.

Tax Deductions for Compensation

In conducting our executive compensation programs, the Committee considers the effects of Section 162(m) of the Internal Revenue Code, which denies publicly held companies a tax deduction for annual compensation in excess of \$1 million paid to their chief executive officer or any of their three other most highly compensated corporate officers, other than the chief financial officer, who are employed on the last day of a given year, unless their compensation is based on performance criteria that are established by a compensation committee which is made up of outside directors and approved, as to their material terms, by

their stockholders. The Committee considers its primary goal to design compensation strategies that further the best interests of our stockholders. In certain cases, it may determine that the amount of tax deductions lost is not significant when compared to the potential opportunity a compensation program provides for creating long-term stockholder value. The Committee therefore retains the ability to evaluate the performance of our executive officers and to pay appropriate compensation, even if some of it may be non-deductible, to ensure competitive levels of total compensation is paid to certain individuals.

Risk Assessment

We have reviewed our compensation policies and practices for all employees, including executive officers, and determined that our compensation programs are not reasonably likely to cause behaviors that would have a material adverse effect on our Company. Moreover, we believe that several design features of our compensation programs and policies reduce the likelihood of excessive risk-taking:

- ü The program design provides a balanced mix of cash and equity, annual and longer-term incentives, and performance metrics.

- ü We currently do not grant stock options.

- ü The Compensation Committee has discretion over incentive program payouts.

 - ü The compensation recovery policy (which extends to all employees participating in the incentive plan) allows our Company to claw back payments made using materially inaccurate financial results.
 - ü Executive officers are subject to robust stock ownership guidelines.

 - ü Compliance and ethical behaviors are integral factors considered in all performance assessments.

 - ü We set the proper ethical and moral expectations through our policies, values and procedures and provide various mechanisms for reporting issues.

 - ü We maintain an evaluation program, utilizing internal and third-party resources, which enables us to verify that our compensation policies and practices are aligned with expectations, including periodic reviews and audits of our dealership sales and finance departments.
- We believe that, for all employees, our compensation programs do not encourage excessive risk and instead encourage behaviors that support sustainable value creation.

- (1) The amounts in the "Stock Awards" column reflect the required accounting expense for these awards and do not correspond to the actual value that may be recognized by our Named Executive Officers. These amounts represent the grant date fair value of awards computed in accordance with FASB ASC Topic 718 in connection with restricted stock awards granted under the Group 1 Automotive, Inc. 2014 Long Term Incentive Plan and the Group 1 Automotive, Inc. 2007 Long Term Incentive Plan. Assumptions made in the calculation of these amounts in fiscal years 2013, 2014 and 2015 are included in Note 5 to the audited financial statements included in our Annual Reports on Form 10-K for the fiscal years ended December 31, 2013, December 31, 2014 and

December 31, 2015, respectively. Certain of these awards have no intrinsic value to the recipient until the performance or vesting schedule is met. For example: As of December 31, 2015, our Named Executive Officers had not realized any value from their 2015 awards because vesting will not begin until 2017, when forfeiture restrictions will lapse as to 40% of the awards. Forfeiture restrictions will lapse as to the remaining 60% of the 2015 awards in 20% increments in 2018, 2019 and 2020. Vesting schedules for equity awards can be found in the footnotes to the Outstanding Equity Awards as of December 31, 2015 table.

- (2) Amounts reflect above-market earnings on the Deferred Compensation Plan. Amounts are reflective of earnings in excess of 120% of the applicable federal long-term rate, with compounding, of 3.24%. We do not offer a pension plan.
- (3) The following table contains a breakdown of the compensation and benefits included under All Other Compensation for 2015:

Name	Year	401(k)		Use of Demonstrator Vehicle ^(a)	Airplane Use ^(b)	Club Membership and Dues	Total
		Savings Plan Matching Contribution	Automobile Allowance				
		(\$)	(\$)	(\$)	(\$)	(\$)	(\$)
Earl J. Hesterberg	2015	7,950		26,080	134,869	10,847	179,746
John C. Rickel	2015	7,950	15,000	2,635			25,585
Darryl M. Burman	2015	7,950	11,300	9,206	38,380		66,836
Peter C. DeLongchamps	2015	7,950	11,300	4,269	38,380		61,899
J. Brooks O Hara	2015	7,950	11,300				19,250

- (a) Represents the incremental cost for personal use of one or more Company demonstrator vehicles. The incremental cost is determined by multiplying the annual lease value of the vehicle by the percentage of personal use, which we track through travel logs.
- (b) Represents the difference between the amount paid by the executive for the use of our leased airplane under the standard industry fare level (SIFL) method and the lease cost to us for such use. The SIFL method calculates the executive's use by multiplying the SIFL cents-per-mile rates applicable for the period during which the flight was taken by the appropriate aircraft multiple (a factor that is determined by using the weight of the aircraft being used, and is also dependent upon whether Mr. Hesterberg is considered a control employee, or an officer of our Company, which he is) and then adding the applicable terminal charge. The SIFL cents-per-mile rates in the formula and the terminal charge are calculated by the Department of Transportation and are revised semi-annually.

- (1) Estimated possible payouts under the 2015 annual incentive compensation plan. The Threshold column shows dashes because the ultimate value of the annual incentive compensation payouts could be reduced to effectively zero. The amounts shown in the Target and Maximum columns assume achievement of 100% of the mission-based goals for each Named Executive Officer. See the Non-Equity Incentive Plan Compensation column of the 2015 Summary Compensation Table for actual amounts paid to Named Executive Officers under the annual incentive compensation plan for 2015 and 2015 Compensation Discussion and Analysis Annual Incentive Compensation Plan beginning on page 31 of this proxy statement for a description of the annual incentive compensation plan and how the payouts were determined.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The following is a discussion of material factors we believe are necessary to an understanding of the information disclosed in the Summary Compensation Table and the Grants of Plan-Based Awards Table for 2015.

Employment, Incentive Compensation and Non-Compete Agreements

Earl J. Hesterberg. Effective May 19, 2015, we entered into an employment agreement with Mr. Hesterberg. Mr. Hesterberg's annual base salary under the employment agreement is \$1,100,000 (retroactive to January 1, 2015), subject to increase by the Compensation Committee from time to time.

Subject to the terms and conditions of the agreement, we have agreed to employ Mr. Hesterberg through May 18, 2018. At that time, the employment agreement will automatically convert to a month-to-month relationship terminable at any time by either employer or employee for any reason upon one year advance written notice.

John C. Rickel. Effective January 1, 2009, we entered into an employment agreement with Mr. Rickel. Subject to the terms and conditions of the agreement, we agreed to employ Mr. Rickel through December 31, 2010. Mr. Rickel's employment agreement automatically renews for successive one-year periods unless either party prior to the expiration of the term provides 60 days prior written notice of termination to the other party. Provisions of Mr. Rickel's employment agreement related to termination and change in control are discussed in Potential Payments upon Termination or Change in Control beginning on page 45 of this proxy statement.

Darryl M. Burman. Effective December 1, 2009, we entered into an employment agreement with Mr. Burman. Subject to the terms and conditions of the agreement, we agreed to employ Mr. Burman through November 30, 2011. Mr. Burman's employment agreement automatically renews for successive one-year periods unless either party prior to the expiration of the term provides 60 days prior written notice of termination to the other party. Provisions of

Mr. Burman's employment agreement related to termination and change in control are discussed in Potential Payments upon Termination or Change in Control beginning on page 45 of this proxy statement.

J. Brooks O Hara. We did not maintain an employment agreement with Mr. O Hara for the majority of the 2015 year. Effective December 18, 2015, we entered into a transition agreement and an employment agreement with Mr. O Hara which provided for his continued employment as Vice President, Human Resources through March 31, 2016. Subject to the terms and conditions of the agreements, effective April 1, 2016, Mr. O Hara ceased to serve as Vice President, Human Resources of Group 1 and transitioned into the role of Director, Special Projects. Additional provisions of Mr. O Hara's transition and employment agreements are discussed in Potential Payments upon Termination or Change in Control beginning on page 45 of this proxy statement.

Messrs. Hesterberg, Rickel, Burman, DeLongchamps and O Hara are also entitled to participate, on the same basis generally as our other employees, in all general employee benefit plans and programs that are made available to all or substantially all of our employees. In addition, Mr. Hesterberg is entitled to the use of two demonstrator vehicles of his choice, Mr. Rickel is entitled to one demonstrator vehicle of his choice and a vehicle allowance totaling \$1,250 per month, and Messrs. Burman and DeLongchamps are entitled to one demonstrator vehicle of his choice and a vehicle allowance totaling \$941.66 per month.

All incentive compensation awards payable to Messrs. Hesterberg, Rickel and Burman will be determined by the Committee in its sole discretion in accordance with the terms of our annual incentive compensation program, and all payments pursuant to this program shall be made on or before March 15th of the year following the year of service to which the incentive compensation relates. Payment to Mr. O Hara of his compensation awards is described more fully in the transition agreement description below.

We have not entered into an employment or non-compete agreement with Mr. DeLongchamps.

Table of Contents**Executive Compensation**

Pursuant to the Deferred Compensation Plan, certain corporate officers, including Named Executive Officers, may defer up to 50% of their base salary and up to 100% of their incentive compensation. Deferral elections are to be made no later than the last day of the calendar year immediately preceding the calendar year in which such compensation is earned. At the plan administrative committee's discretion, deferral elections with respect to certain performance-based compensation may be made not later than six months prior to the end of the performance period in which such compensation is earned. In addition, for each calendar year, we contribute an amount on behalf of each executive equal to the amount of the employer match the executive forfeited under the 401(k) Savings Plan in order for the 401(k) Savings Plan to comply with the nondiscrimination requirements of the Internal Revenue Code. Currently, 100% of each Named Executive Officer's account is vested. We may also make discretionary credits to an officer's account from time to time, which credits will be subject to a vesting schedule established by us at the time of such credit. We did not make any discretionary contribution credits during the 2014 or 2015 year. If no vesting schedule is established, the officer will be vested in a percentage of the discretionary employer deferral equal to the officer's vested interest in his employer contribution account under the 401(k) Savings Plan. If we undergo a corporate change, the officer will become fully vested in his account under the Deferred Compensation Plan.

Benefits under the Deferred Compensation Plan will be paid no earlier than upon the executive's termination of service, or, upon a certain date elected by the officer. Benefits will be paid, at the participant's election, in a lump sum or in annual installments, although all distributions will be paid in cash. Payments upon an executive's termination of service may be delayed for six months to the extent necessary to comply with the requirements of Section 409A of the Internal Revenue Code. Except in the event of unforeseeable financial emergencies, in-service withdrawals are generally not permitted in the Deferred Compensation Plan, although the necessary portion of a participant's vested account balance may be distributed in order to satisfy certain employment, federal or state taxes. An unforeseeable financial emergency shall allow a participant to access vested funds in his accounts upon the occurrence of: (1) a severe financial hardship of the participant that results from an illness or accident of the participant, or the participant's beneficiary, spouse or dependent; (2) loss of the participant's or the beneficiary's property due to casualty; or (3) a similar extraordinary and unforeseeable circumstance as described in Section 409A of the Internal Revenue Code arising as a result of events beyond the participant's control.

Deferred amounts will be deemed to be notionally invested in such fund as the participants shall designate. Most of the funds are also available in the Group 1 401(k) Savings Plan except for the Group 1 Guaranteed Crediting Rate investment option which is the default investment option. The Group 1 Guaranteed Crediting Rate investment option is a declared interest rate, which was set by the Committee at 8% for 2015.

Potential Payments upon Termination or Change in Control

We believe providing certain executive officers with severance payments and accelerating the vesting of equity awards in certain circumstances are important retention tools. In addition, we believe that providing for double-trigger payments and equity award vesting to certain key executives in connection with a change in corporate control helps maximize stockholder value by encouraging our executives to objectively review any proposed transaction, whether or not that executive will continue to be employed. Executive officers at other companies in the general market against which we compete for executive talent commonly have equity compensation plans that provide for accelerated vesting upon a corporate change and post-termination payments, and we have consistently provided this benefit to certain executive officers in order to remain competitive in attracting and retaining skilled professionals.

The following discussion discloses the amount of compensation and/or other benefits that would be

payable to each of our Named Executive Officers in the event of termination of their employment under the following scenarios: death, disability, with and without cause, for certain constructive termination events, and following a corporate change. All potential payments to the executive officers upon termination of their employment or upon a corporate change that could have occurred on December 31, 2015 are governed by the 2014 Long Term Incentive Plan and the 2007 Long Term Incentive Plan pursuant to which various equity incentive awards were issued and, with respect to Messrs. Hesterberg, Rickel and Burman, the terms of employment agreements as described below and with respect to Mr. O Hara, the Transition Agreement. None of our Named Executive Officers is entitled to an excise tax gross-up payment. For additional information regarding the employment agreements, see 2015 Compensation Discussion and Analysis Employment Agreements, Severance Benefits and Change in Control Provisions.

Executive Compensation

Employment Agreements

We maintained employment agreements with Messrs. Hesterberg, Rickel and Burman during 2015. Each agreement provides that in the event the executive is terminated due to an Involuntary Termination or the executive terminates his employment following a Constructive Termination Event, the executive will be entitled to the following:

a lump sum payment equal to the executive's base salary divided by 12 and multiplied by a severance multiplier. The severance multiplier in the case of Mr. Hesterberg, Mr. Rickel or Mr. Burman, is the greater of 12 months or the remaining months in the term of the employment agreement. The payment will be made on the first day of the seventh month following the termination of employment;

a pro rata bonus calculated in accordance with our Annual Incentive Compensation Plan, paid in a single lump sum payment at the later of (1) the first day of the seventh month following the executive's separation from service, or (2) March 15th of the year following the release of earnings for the year in which the separation of service occurred;

immediate vesting of all unvested restricted stock awards or stock options, which will be exercisable as if the executive had continued to be employed by us for the full term of his employment agreement;

the use of a demonstrator vehicle for a period of six months; and
in the case of Mr. Hesterberg, continued medical coverage for Mr. Hesterberg and his spouse until (1) Mr. Hesterberg receives comparable coverage at a new employer, (2) Mr. Hesterberg's death, or (3) a period of 36 months has passed, beginning on July 1, 2015.

In the event that the executive terminates employment following an involuntary reduction of his salary or incentive compensation targets within six months after a Corporate Change, the executive will be entitled to the same payments and benefits as described in the first three bullets above, except the severance multiplier will be 30 months for Messrs. Hesterberg and Rickel and 15 months for Mr. Burman. Each agreement further provides that if the executive's employment is terminated due to death or Disability, then the executive is entitled to:

his pro rata salary through the date of such termination and a pro rata bonus (based on his termination date), calculated in accordance with our Annual Incentive Compensation Plan, paid in a single lump sum payment at the later of (1) the first day of the seventh month following the executive's separation from service, or (2) March 15th of the year following the release of earnings for the year in which the separation of service occurred;

immediate vesting of all unvested restricted stock awards or stock options, which will be exercisable as if the executive had continued to be employed by us for the full term of his employment agreement;

in the case of Disability, the use of a demonstrator vehicle for a period of six months, or in the event of the executive's Death, for Messrs. Hesterberg and Rickel, the use of the vehicle would go to the surviving spouse, if any, for a period of twelve months; and

in the case of Mr. Hesterberg, continued medical coverage for Mr. Hesterberg and his spouse until (1) Mr. Hesterberg receives comparable coverage at a new employer, (2) Mr. Hesterberg's death, or (3) a period of 36 months has passed, beginning on July 1, 2015.

Mr. Hesterberg's agreement also provides that if he resigns at any time after May 18, 2018, all unvested equity awards held by Mr. Hesterberg will vest upon satisfaction of certain post-termination employment obligations set forth in his non-compete agreement (discussed below). In addition, if Mr. Hesterberg's employment is terminated for any reason after May 18, 2018, he will receive his pro rata bonus through the date of his termination, calculated in accordance with the annual incentive compensation plan and paid in a single lump sum payment.

In the event of a termination by the Company for Cause or a Voluntary Termination by the executive, all compensation and benefits will cease as of the respective date of termination. In these circumstances, the executive officers would only receive base salary earned but not yet paid.

The employment agreements contain a covenant that the executives will not sue or lodge any claim against us based upon an Involuntary Termination for any payments in addition to those described above. In the event that the executive breaches this covenant, we will be entitled to recover from that executive all sums we or any of our subsidiaries or affiliates have expended in relation to such action. We will also be entitled to offset any amounts expended in relation to defending such claim against any amounts owed to the executive prior to a final determination of the arbitration provisions provided for in the employment agreement.

Executive Compensation

The executives have agreed not to disclose, during or at any time after their employment with us, any of our confidential information or trade secrets. The executives will return all proprietary materials, and all copies thereof, to us upon a termination of employment for any reason, and all copyrighted works that the executive may have created during his employment relating to us or our business in any manner shall remain our property.

These agreements generally contain the following terms, except where noted otherwise below, and the following provisions that could impact the amount of compensation that the executives receive at or following their separation from service from us:

Cause shall mean any of the following: (1) conviction or plea of nolo contendere to a felony or a crime involving moral turpitude; (2) breach of any material provision of either an agreement with us or our Code of Conduct; (3) the use, for his own benefit, of any confidential or proprietary information of ours, or willfully divulging for his benefit such information; (4) fraud or misappropriation or theft of any of our funds or property; (5) willful refusal to perform his duties or (6) gross negligence; provided, however, that we, before terminating the executive under (2) or (5), must first give written notice to him of the nature of the alleged breach or refusal and must provide him with a minimum of fifteen days to correct the problem. Before terminating him for purported gross negligence we must give written notice that explains the alleged gross negligence in detail and must provide him with a minimum of 20 days to correct the problem, unless correction is inherently impossible.

Corporate Change shall mean the first to occur of any of the following events: (1) any person acquires 50% or more of our common stock or voting securities, other than (a) any acquisition directly from or resulting from an acquisition of our shares by us, (b) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by us or any entity controlled by us, or (c) any acquisition by any entity pursuant to a transaction which complies with clauses (a) or (b); (2) the occurrence of a merger, reorganization, consolidation or disposition of all or substantially all of our assets, unless our stockholders prior to such transaction hold more than 50% of the equity and voting power of the resulting entity or entity holding such assets, no person (other than benefit plans of such entity) holds 50% or more of the equity or voting power of such entity and at least a majority of the board of directors of such entity were members of the Incumbent Board; or (3) our stockholders approve our complete liquidation or dissolution.

Constructive Termination Event shall occur upon: (1) the failure by us to pay the executive's compensation as provided in the applicable agreement; (2) relocation without his consent of his primary employment location of more than 50 miles; (3) our request that the executive perform any illegal activity or sign-off on any inappropriate financial statement or acknowledgement; (4) a material diminution in the executive's position, duties, responsibilities, reporting status, or authority; or (5) a material negative reduction in base salary or incentive compensation targets within six months after a Corporate Change, except that before exercising his right to terminate the employment relationship pursuant to any of the previous provisions, he must first give

written notice to our Board of the circumstances purportedly giving rise to his right to terminate and must provide us with a minimum of thirty days to correct the problem, unless correction is inherently impossible.

Disability shall mean the executive's becoming incapacitated by accident, sickness or other circumstance that in the reasonable opinion of a qualified doctor approved by our Board, renders him mentally or physically incapable of performing the essential functions of the executive's position, with or without reasonable accommodation, and that will continue, in the reasonable opinion of the doctor, for a period of no less than 180 days.

Involuntary Termination shall mean a termination by the executive due to a Constructive Termination Event by itself or in relation to a Corporate Change, or by us for any reason without Cause, at the discretion of our Board; an Involuntary Termination also includes the nonrenewal of the executive's employment agreement by the Board.

Voluntary Termination shall mean a termination by the executive other than for a Constructive Termination Event.

Group 1 Automotive 2014 Long Term Incentive Plan

The 2014 Long Term Incentive Plan provides that, upon a Corporate Change (as defined below), the Compensation Committee may accelerate the vesting and exercise date of options and stock appreciation

rights, cancel options and stock appreciation rights and make payments in respect thereof in cash, adjust the outstanding options and stock appreciation rights as appropriate to reflect the Corporate Change, or provide

Table of Contents

Executive Compensation

that each option and stock appreciation right is exercisable for the number and class of securities or property that the optionee would have been entitled to had the option or stock appreciation right already been exercised. Upon the occurrence of a Corporate Change, the Compensation Committee may fully vest any restricted stock awards then outstanding and, upon such vesting, all restrictions applicable to the restricted stock will terminate. Further, if the Corporate Change constitutes a change in the ownership or effective control of us or of a substantial portion of our assets, within the meaning of Section 409A of the Code, the Committee may require the mandatory surrender of phantom stock awards upon payment of the maximum value of such awards to their holders.

The 2014 Long Term Incentive Plan provides that a Corporate Change occurs if (1) we are dissolved and liquidated; (2) we are not the surviving entity in any merger or consolidation (or we survive only as a subsidiary of an entity); (3) we sell, lease or exchange all or substantially all of our assets to any other person or entity; (4) any person, entity or group acquires or gains ownership or control of more than 50% of the outstanding shares of our voting stock; or (5) after a contested election of directors, the persons who were directors before such election cease to constitute a majority of our Board of Directors.

Our Named Executive Officers do not currently, and at December 31, 2015 did not, hold any unvested stock options or phantom stock awards, and therefore there are no amounts to report with respect to acceleration of

stock option awards or payment of phantom stock awards by the Compensation Committee in connection with a Corporate Change.

The award agreements for restricted stock under the Company's 2014 Long Term Incentive Plan also establish vesting provisions applicable to termination of employment. The award agreement for all grants of restricted stock to our executive officers, except restricted stock granted to Mr. O Hara in February 2014 and February 2015, provides for accelerated vesting if the executive officer's employment is terminated due to death or disability. The award agreements for the restricted stock granted to Mr. O Hara since February 2014 provides for accelerated vesting in the case of death or disability and in the case of a qualified retirement. A qualified retirement is the termination of employment on a date that is on or after the employee's attainment of age 63 and following the employee's completion of a least ten years of service with the Company and upon satisfaction of a two year non-compete and certain non-disclosure covenants. In connection with the execution by Mr. O Hara of his transition agreement, the Compensation Committee waived the age requirements for Mr. O Hara to terminate under a qualified retirement, entitling Mr. O Hara to continued vesting under his awards if he complies with certain confidential information, non-competition and non-solicitation provisions associated with those awards.

Non-Competition Agreements

Along with their respective employment agreements, Mr. Hesterberg has entered into a non-compete and Messrs. Rickel and Burman have entered into Incentive Compensation and Non-Compete agreements with us, each of which provide that for a period of two years with respect to Messrs. Hesterberg and Rickel, and one year with respect to Mr. Burman following the executive's termination of employment, the executive will not compete with us or induce any of our employees to leave his or her employment with us or hire any of our employees. However, upon such termination, Mr. Burman shall not be prohibited from immediately engaging in the practice of law, independently or with a law firm, or from performing legal services on our behalf or any business competitive with any line of business conducted by us or any of our subsidiaries or affiliates (including, without limitation, any public or private auto retailer), regardless of termination for Cause, Voluntary

Termination, Involuntary Termination, or expiration of his agreement.

If Mr. Hesterberg violates this agreement, he will also forfeit his rights to any restricted stock and stock options granted pursuant to his employment agreement, and we will have the right to refrain from making any further payments under that agreement, as well as to receive back from Mr. Hesterberg the full value of any payments which were made to him in the previous twelve months as well as the value of any restricted stock or stock options that may have vested during the past twelve months from the date of Mr. Hesterberg's termination. If Messrs. Rickel or Burman violate their respective agreements, we will have the right to demand forfeiture of any cash or equity award realized during the twelve months prior to the violation.

Transition Agreement

On December 18, 2015, we entered into a Transition Agreement with Mr. O Hara pursuant to which he ceased serving as our Vice President, Human Resources effective as of April 1, 2016 (the Transition Date) and instead serves as our Director, Special Projects. Effective as of the Transition Date, Mr. O Hara also ceased serving as one of our executive officers.

Pursuant to the terms of the Transition Agreement, through the Transition Date Mr. O Hara would, subject to certain events described below, continue to serve as our Vice President, Human Resources and would (1) continue to be paid his regular salary, (2) remain eligible for any bonuses for which he was currently eligible and (3) continue to participate in and receive the health and welfare benefits to which he was entitled prior to his entry into the Transition Agreement.

The Transition Agreement provides that Mr. O Hara's service during the transition period would not terminate prior to April 1, 2016 except upon (1) Mr. O Hara's death or disability (as defined in his restricted stock agreements) (the Award Agreements); (2) a breach by Mr. O Hara of the material terms of the Transition Agreement or the confidentiality, non-competition or non-solicitation provisions of the Award Agreements; (3) the commission of an act of fraud, embezzlement or other dishonesty by Mr. O Hara during the transition period; or (4) the commission of any illegal and/or unethical act by Mr. O Hara in connection with his business activities and which has an adverse and material effect on us. Prior to termination due to any event described in numbers 2-4, above, we must provide Mr. O Hara with written notice of the event(s) warranting termination and provide him with at least 10 days to respond.

In the event that Mr. O Hara's employment is terminated for any reason during the transition period, Mr. O Hara will receive (subject to his execution of a release of claims): (a) payment of the remainder of his base salary through the Transition Date, (b) a cash payment of \$252,000 and (c) any bonus payable with respect to services to the Company in 2015 (to the extent unpaid) and 2016 (pro-rated to reflect the partial year). In addition, unless such termination was due to (i) Mr. O Hara's breach of the Transition Agreement or his Award Agreements, (ii) Mr. O Hara's commission of an act of fraud, embezzlement or other dishonesty or (iii) the commission by Mr. O Hara of any illegal and/or unethical act in connection with his business activities (collectively, Cause), Mr. O Hara may elect to continue receiving coverage under our health insurance plans for himself and his qualified dependents, and will be reimbursed for the employer portion of the cost of coverage (or, in the event that such coverage is not available, Mr. O Hara will receive a cash payment equal to the employer portion of the cost of coverage). Additionally, the Transition Agreement modified the terms of certain restricted stock awards held by Mr. O Hara, as described above within Group 1 Automotive 2014 Long Term Incentive Plan.

In connection with the Transition Agreement, we also entered into an employment agreement with Mr. O Hara which became effective April 1, 2016. That employment agreement governs the terms of Mr. O Hara's continued employment with us following the Transition Date in his role as Director, Special Projects, which, as described above, is not an executive officer position.

Termination and Change in Control Tables for 2015

The following tables summarize the compensation and other benefits that would have become payable to each Named Executive Officer assuming his employment had terminated for the reasons specified below on December 31, 2015, given, if applicable, the Named Executive Officer's base salary as of that date and the closing price of the Company's common stock on December 31, 2015, which was \$75.70. In addition, the following tables summarize the compensation that

would become payable to Messrs. Hesterberg, Rickel and Burman assuming that a Corporate Change of the Company coupled with an involuntary reduction of his salary or incentive compensation target had occurred on December 31, 2015. With respect to Mr. O Hara, the tables represent payments that he could receive under his Transition Agreement as of December 31, 2015 for a termination of employment.

The forfeiture restrictions on restricted stock lapse fully after six months. Pursuant to the 2014 Long Term Incentive Plan, restricted stock units held by a director may be settled in cash or shares of our common stock upon the termination of the director's membership on our Board. All unvested restricted stock or restricted stock units held by a director vest upon the retirement, death or disability of the director. - (1) All cash retainer amounts and meeting fees are paid quarterly. Abbreviated meetings, as determined at the discretion of the chair, result in the payment of one-half of the regular fees for the meeting.
- (2) The equity portion of the retainer is paid annually in restricted stock or restricted stock units valued at approximately \$110,000 at the time of the grant pursuant to the 2014 Long Term Incentive Plan.
- (3) The use of one vehicle, or the economic equivalent.

Equity-Based Compensation

The equity portion of non-employee directors' retainers is paid annually in restricted stock or restricted stock units valued at approximately \$110,000 at the time of the grant pursuant to the 2014 Long Term Incentive Plan. Directors can elect whether to receive the equity retainer in restricted stock or restricted stock units. In 2015, all of our then current Directors elected to receive their annual retainer in restricted stock, except for Ms. Wright, who elected to receive restricted stock units. The grant was effective January 2, 2015 and was determined based on the average of the

high and low market price of our common stock on that date. Accordingly, each non-employee director received 1,236 shares of restricted stock or restricted stock units in payment of the equity portion of the 2015 annual

retainer. Mr. Arnold was elected to the Board on February 25, 2015. Upon his election, he received a pro rata annual retainer of 1,133 shares of restricted stock.

The restricted stock or restricted stock units vest fully after six months. All unvested restricted stock or restricted stock units held by a director vest upon the retirement, death or disability of the director. The vested restricted stock units held by a director are settled in cash or shares of our common stock upon the termination of the director's membership on our Board of Directors. In the event that a director's membership on our Board of Directors is terminated for any reason other than retirement, death or disability, the director, for no consideration, forfeits to us all of his unvested shares of restricted stock or restricted stock units. Any unvested restricted stock and any restricted stock units may not be sold or otherwise transferred.

Director Compensation

Stock Ownership Guidelines

Our Board has adopted Stock Ownership Guidelines that apply to our non-employee directors. The guidelines currently require our non-employee directors to own and hold 10,000 shares of our common stock. The holding requirement was determined based on competitive market practice. Stock ownership levels should be achieved by each director within five years of first appointment to the Board. Stock that applies toward satisfaction of these guidelines includes:

(1) shares of common stock owned outright by the director and his or her immediate family members who share the same household, whether held individually or jointly and (2) awarded restricted stock and restricted stock unit shares. With the exception of Ms. Wright who joined our Board in August 2014, and Mr. Arnold who joined our Board in February 2015, each of our directors is currently in compliance with these guidelines.

Nonqualified Deferred Compensation

Messrs. Adams, Arnold, Quinn and Strange have elected to participate in the Deferred Compensation Plan, described in greater detail above. The plan provides those directors who elect to participate an opportunity to accumulate additional savings for retirement on a tax-deferred basis. The non-employee directors may defer any portion of the cash compensation (annual retainer or meeting fees) that he or she receives with respect to the services provided to our Board, including any committee services, and the

director will be 100% vested in his account at all times. We have complete discretion over how the deferred funds are utilized and they represent our unsecured obligation to the participants.

Ms. Wright, while not an elected plan participant, has the cash portion of a marginal share from her annual equity retainer deferred into the Deferred Compensation Plan.

Certain Relationships and Related Transactions

Policies and Procedures

We review all relationships and transactions in which we and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Our General Counsel's office is primarily responsible for the development and implementation of procedures and controls to obtain information from the directors and executive officers with respect to related person transactions and for subsequently determining, based on the facts and circumstances disclosed to them, whether we or a related person has a direct or indirect material interest in the transaction. As required under the SEC's rules, transactions that are determined to be directly or indirectly material to us or a related person are filed with the SEC when required, and disclosed in our proxy statement.

Our Code of Conduct discourages all conflicts of interest and provides guidance on handling conflicts of interest. Under the Code of Conduct, conflicts of interest occur when private or family interests interfere in any way, or even appear to interfere, with the interests of our Company. Our restrictions on conflicts of interest under the Code of Conduct include related person transactions.

We have multiple processes for reporting conflicts of interests, including related person transactions. Under the Code of Conduct, all employees are required to report any actual or apparent conflict of interest, or potential conflict of interest, to their supervisors and all related person transactions involving our regional or market executives must be communicated in writing as part of their quarterly representation letter. This information is then reviewed by our Internal Audit Department, General Counsel, Audit Committee, our Board or our independent registered public accounting firm, as deemed necessary, and discussed with management. As part of this review, the following factors are generally considered:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance of the transaction to the related person;

the importance of the transaction to a third party;

the importance of the transaction to us;
whether the transaction would impair the judgment of a director, executive officer or employee to act in the best interest of our Company;

whether the transaction might affect the status of a director as independent under the independence standards of the New York Stock Exchange; and

any other matters deemed appropriate with respect to the particular transaction.

Ultimately, all such transactions must be approved or ratified by our Board. Any member of our Board who is a related person with respect to a transaction is recused from the review of the transaction.

In addition, our legal staff annually distributes a questionnaire to our executive officers and members of our Board requesting certain information regarding, among other things, their immediate family members, employment and beneficial ownership interests. This information is then reviewed for any conflicts of interest under the Code of Conduct. At the completion of the annual audit, our Audit Committee and the independent registered public accounting firm review with management, insider and related person transactions and potential conflicts of interest. In addition, our internal audit function has processes in place, under its written procedure policies, to identify related person transactions and potential conflicts of interest and report them to senior management and the Audit Committee.

We also have other policies and procedures to prevent conflicts of interest, including related person transactions. For example, our Corporate Governance Guidelines require that our Board assess the independence of the non-management directors at least annually, including a requirement that it determine whether or not any such directors have a material relationship with us, either directly or indirectly, as defined therein and as further described under *Information about our Board and its Committees* Independence of the Members of our Board.

The following table shows the amount of our common stock beneficially owned (unless otherwise indicated) by our directors, our Named Executive Officers, our current directors and Named Executive Officers as a group, and any stockholders with over 5% of our common stock. A person is also deemed to be the beneficial

owner of any security of which that person has a right to acquire beneficial ownership (such as by exercise of options) within 60 days. Under such rules, more than one person may be deemed to be a beneficial owner of the same securities, and a person may be deemed to be a beneficial owner of securities as to which he or she may disclaim any beneficial interest. Except as otherwise indicated, directors and executive officers possessed sole voting and investment power with respect to all shares of common stock in the table. Stockholder Proposals for 2017 Annual Meeting

Pursuant to the various rules promulgated by the SEC, stockholders interested in submitting a proposal for inclusion in our proxy materials and for presentation at the 2017 Annual Meeting of Stockholders may do so by following the procedures set forth in Rule 14a-8 under the Exchange Act. In general, to be eligible for inclusion in our proxy materials, stockholder proposals must be received by our Corporate Secretary no later than December 9, 2016. No stockholder proposal was received for inclusion in this proxy statement.

In addition to the requirements of Rule 14a-8, and as more specifically provided for in our Amended and Restated Bylaws, in order for a nomination of persons for election to our Board or a proposal of business to be properly brought before our Annual Meeting of Stockholders, it must be either specified in the notice of the meeting given by our Corporate Secretary or otherwise brought before the meeting by or at the direction of our Board or by a stockholder entitled to vote and who complies with the notice procedures set forth in our Amended and Restated Bylaws. Subject to the exception described below, a stockholder making a nomination for election to our Board or a proposal of business for the 2017 Annual Meeting of Stockholders must deliver proper notice to our Corporate Secretary at least 70 days but not more than 90 days prior to the anniversary date of the 2016 Annual Meeting of Stockholders. In other words, for a stockholder nomination for election to our Board or a proposal of business to be considered at the 2017 Annual Meeting of Stockholders, it should be properly submitted to our Corporate Secretary no earlier than February 17, 2017 and no later than March 9, 2017.

If we increase the number of directors to be elected at an Annual Meeting and do not make a public announcement naming all of the nominees for director and specifying the size of the increased Board at least

80 days prior to the first anniversary of the preceding year's Annual Meeting, a stockholder's notice regarding the nominees for the new positions created by the increase will be considered timely if it is delivered to our Corporate Secretary not later than the close of business on the 10th day following the day on which the public announcement is first made.

For each individual that a stockholder proposes to nominate as a director, the stockholder's written notice to our Corporate Secretary must include the candidate's name, contact information, biographical information and qualifications. The request must also include the potential candidate's written consent to being named in our proxy statement as a nominee and to serving as a director if nominated and elected. From time to time, the Nominating/Governance Committee may request additional information from the nominee or the stockholder. For any other business that a stockholder desires to bring before an Annual Meeting, the stockholder notice must provide a brief description of such business, the reasons for conducting the business and any material interest in the business of the stockholder and any beneficial owner on whose behalf the stockholder has made the proposal. Finally, if a stockholder provides notice for either event described above, the notice must also include the following information in addition to any other information required by Rule 14a-8:

Householding

We may send a single Notice of Internet Availability or set of proxy materials, as applicable, and other stockholder communications to any household at which two or more stockholders with the same last name reside, unless we have received contrary instructions from those stockholders. This process is called householding. This reduces duplicate mailings and saves printing and postage costs as well as natural resources. The Notice of Internet Availability, proxy materials and other stockholder communications may be household based on your prior express or implied consent. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you wish to opt out of householding, and would like to have separate copies of the Notice of Internet Availability or proxy materials, as applicable, mailed to each stockholder sharing your address, or if you are receiving multiple copies and would like to receive a single copy, please contact Broadridge Financial

Solutions, Inc., by calling 1-800-542-1061 or by writing Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, NY 11717. Broadridge will promptly deliver the requested materials. Beneficial owners (street name stockholders) sharing an address who are receiving multiple copies of the Notice of Internet Availability or proxy materials, as applicable, and other stockholder communications and who wish to receive a single copy of such materials in the future will need to contact their broker, bank or other nominee to request that only a single copy of such materials be mailed to all stockholders at the shared address in the future.

However, please note that if you want to receive a paper proxy card or other proxy materials for purposes of this year's meeting, you should follow the instructions included in the information that was sent to you.

Other Matters

As of the date of filing this proxy statement, our Board is not aware of any other business or nominee to be presented or voted upon at the Annual Meeting. If any other business or nominee is properly presented, the proxies solicited by our Board will provide the proxy

holders with the authority to vote on those matters and nominees in accordance with such persons' discretion. Where a stockholder has appropriately specified how a proxy is to be voted, it will be voted by the proxy holders in accordance with the specification.
