**Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.**

Historically, the Company has not allocated a portion of the Company's goodwill to the carrying value of real estate held for sale and real estate sold when determining gain or loss on sale, as is required under Accounting Standard Codification 350. These errors resulted in an overstatement of previously reported gains on dispositions of real estate or, in certain instances, an understatement of impairment charges in periods beginning in the third quarter of 2013 through the second quarter of 2016. The cumulative estimated impact of the non-cash adjustments to correct these errors will be a reduction in goodwill in the range of \$33 million to \$40 million and a corresponding increase in

accumulated deficit of a like amount as of June 30, 2016. The cumulative estimated impact to earnings from the third quarter of 2013 through the second quarter of 2016 is in the range of \$33 million to \$40 million.

The following tables summarize the maximum anticipated effects of these adjustments to amounts previously reported:

On October 17, 2016, the Audit Committee of the Board of Directors of the Company, acting on the recommendation of management, and after consultation with Ernst & Young LLP ( EY ), the Company's independent registered public accounting firm, concluded that the Company should amend and restate its previously issued audited consolidated financial statements and other financial information contained in its Annual Report on Form 10-K for the fiscal year ended December 31, 2015, and the previously issued interim financial statements and other financial information contained in the Company's Quarterly Reports on Form 10-Q for the fiscal periods ended March 31, 2015, June 30, 2015, September 30, 2015, March 31, 2016 and June 30, 2016. Consequently, EY's reports on the consolidated financial statements as of and for the year ended December 31, 2015 and the effectiveness of internal control over financial reporting as of December 31, 2015, and management's report on the effectiveness of internal control over financial reporting as of December 31, 2015 should no longer be relied upon.

We intend to timely file our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2016 (the Q3-2016 Form 10-Q ). Amendments to our Annual Report on Form 10-K for the year ended December 31, 2015 (the Form 10-K/A ), and the Company's Quarterly Reports on Form 10-Q for all quarterly periods within the year then ended and for the quarters ended March 31, 2016 and June 30, 2016 (the Form 10-Q/As ), are expected to be filed prior to or concurrently with the filing of our Q3-2016 Form 10-Q. This restatement will apply to all quarterly periods in 2015 and the first two quarterly periods of 2016. Errors related to 2013 and 2014 were immaterial in each of those periods and cumulatively through December 31, 2014. However, those periods will be revised when the amended reports are filed.
