Item 2.05. Costs Associated With Exit or Disposal Activities.

Consistent with its previously-announced plans intended to accelerate the transformation to a cloud-based subscription business, increase strategic focus, and improve operational efficiency, on October 4, 2017, Citrix Systems, Inc. (the Company) announced a restructuring program to support these initiatives (the Restructuring Program). The Restructuring Program will include, among other things, the elimination of full-time positions and facilities consolidation. Any position elimination proposals in countries outside the United States will be subject to local law and consultation requirements.

The Company currently expects to record in the aggregate approximately \$60 million to \$100 million in pre-tax restructuring charges associated with the Restructuring Program. Included in these pre-tax charges are approximately \$55 million to \$70 million related to employee severance arrangements and approximately \$5 million to \$30 million related to the consolidation of leased facilities and other charges associated with the Restructuring Program. Substantially all of these charges will result in future cash expenditures. The Company currently anticipates completing the majority of the activities related to the Restructuring Program during the fourth quarter of 2017 and during fiscal year 2018.

This report contains forward-looking statements which are made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933 and of Section 21E of the Securities Exchange Act of 1934. Readers are cautioned not to place undue reliance on any forward-looking statements, which only speak as of the date made. The Company assumes no obligation to update any forward-looking information contained in this report.
