This Report of Foreign Private Issuer on Form 6-K is deemed filed for all purposes under the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended.

On December 7, 2017, KEPCO disclosed that it was selected as the preferred bidder to acquire shares in NuGen, which has been carrying out a nuclear power project at Moorside, United Kingdom.

NuGen, which is currently wholly-owned by Toshiba, a Japanese corporation, has been pursuing the construction of a nuclear power plant with capacity of three gigawatts at Moorside in northwest England for target completion by 2030.

As the preferred bidder, KEPCO will be negotiating the purchase of shares in NuGen on an exclusive basis with Toshiba. Definitive acquisition of such shares will be subject to a number of factors, including satisfactory completion of negotiation with Toshiba, favorable outcome for a preliminary feasibility study to be conducted by the Korean government, and the approval by the U.K. government of the transaction.
