March 16, 2018

Dear Fellow Stockholder:

It is my pleasure to invite you to the Unisys 2018 Annual Meeting of Stockholders. This year's meeting will be held on Thursday, April 26, 2018, at the Courtyard Philadelphia Downtown, which is located at 21 North Juniper Street in Philadelphia, Pennsylvania. The meeting will begin at 8:00 a.m., local time.

Unisys entered 2017 with the momentum of a full year of executing on our strategy developed in 2015 and further refined in 2016. We achieved significant progress against that plan, as shown by our strong full year results. For the second straight year, we provided guidance for revenue, non-GAAP operating profit margin and adjusted free cash flow. We exceeded our guidance on non-GAAP operating profit margin and adjusted free cash flow, and achieved the high end of our revenue guidance. This marked the second straight year we met, or exceeded, all guidance metrics since we re-established the process of issuing it last year. We have demonstrated continued progress on our key goals of using our industry go-to-market focus to drive improvements in revenue trajectory. We launched or refreshed our industry application products during the year, grew our focus industry revenue and saw total Company revenue growth in the fourth quarter. Our non-GAAP operating profit margin meaningfully expanded, helped by improvements in both our Technology and Services operating margins. Additionally, we took proactive steps to strengthen our working capital and reduce our pension deficit. Both of these initiatives support a stronger balance sheet and improve our cash flow.

We are pleased to continue our practice of making proxy materials available to our stockholders over the Internet. We believe that doing so allows us to provide our stockholders with the information they need, while reducing our printing and mailing costs and helping to conserve natural resources. Stockholders who continue to receive paper copies of proxy materials may help us to reduce costs further by opting to receive future proxy materials by email. You may register for electronic delivery of future proxy materials by following the instructions on either the enclosed proxy/voting instruction card or the Notice of Internet Availability of Proxy Materials that you received in the mail.

Your vote is important. Whether or not you plan to attend the annual meeting, I urge you to take a moment to vote on the items in this year's proxy statement. Voting takes only a few minutes, and it will ensure that your shares are represented at the meeting.

Sincerely,

Peter A. Altabef

President and Chief Executive Officer

UNISYS CORPORATION

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

April 26, 2018

The Board of Directors of Unisys Corporation solicits your proxy for use at the 2018 Annual Meeting of Stockholders to be held on April 26, 2018 and at any adjournments or postponements thereof. At the annual meeting, stockholders will be asked to (1) elect directors, (2) ratify the selection of the Company's independent registered public accounting firm, (3) approve, on an advisory basis, the compensation of the Company's named executive officers and (4) transact any other business properly brought before the meeting.

The record date for the annual meeting is February 26, 2018. Only holders of record of Unisys common stock as of the close of business on the record date are entitled to vote at the meeting. On the record date, 50,639,210 shares of common stock were outstanding. The presence, in person or by proxy, of a majority of those shares will constitute a quorum at the meeting.

This proxy statement, the proxy/voting instruction card and the annual report of Unisys, including the financial statements for 2017, are being made available to stockholders on or about March 16, 2018.

Internet Availability of Proxy Materials; Multiple Sets of Proxy Materials

Pursuant to the notice and access rules adopted by the Securities and Exchange Commission (the "SEC"), the Company has elected to provide stockholders access to its proxy materials over the Internet. Accordingly, the Company sent a Notice of Internet Availability of Proxy Materials (the "Notice") to most stockholders (other than those who previously requested electronic or paper delivery of proxy materials). The Notice includes instructions on how to access the proxy materials over the Internet, how to vote online and how to request a printed copy of these materials. In addition, by following the instructions in the Notice, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Choosing to receive your future proxy materials by email will save the Company the cost of printing and mailing documents to you and will reduce the impact of the Company's annual meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

If you hold shares of Unisys common stock in more than one account, you may receive more than one Notice or more than one set of proxy materials. Please be sure to vote all the shares that you own.

Table of Contents

Voting Procedures and Revocability of Proxies

Your vote is important. Shares may be voted at the annual meeting only if you are present in person or represented by proxy. You can vote by proxy over the Internet by following the instructions provided in the Notice, or, if you request printed copies of the proxy materials by mail, you can also vote by submitting a proxy by mail or by telephone by following the instructions provided on the proxy/voting instruction card. If you have previously elected to receive proxy materials over the Internet, you should have already received email instructions on how to vote electronically.

You may revoke your proxy at any time before it is exercised by writing to the Corporate Secretary of Unisys, by timely delivery of a properly executed later-dated proxy (including an Internet or telephone vote) or by voting in person at the meeting.

The method by which you vote will in no way limit your right to vote at the meeting if you later decide to attend in person. If you are the beneficial owner of shares held in street name by a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record if you wish to vote in person at the meeting.

If you are a stockholder of record and you properly complete, sign and return your proxy, and do not revoke it, the proxy holders will vote your shares in accordance with your instructions. If your signed and returned proxy gives no instructions, the proxy holders will vote your shares (1) FOR the election of directors, (2) FOR the ratification of the selection of independent registered public accounting firm, (3) FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers, and (4) in their discretion on any other matters that properly come before the annual meeting.

If you are a beneficial owner of shares held in street name and you do not provide specific voting instructions to the organization that holds your shares, the organization will be prohibited under the current rules of the New York Stock Exchange (the NYSE) from voting your shares on non-routine matters. This is commonly referred to as a broker non-vote. The election of directors and the advisory resolution regarding the compensation of the Company's named executive officers are considered non-routine matters and therefore may not be voted on by your bank or broker absent specific instructions from you. The ratification of the selection of independent registered public accounting firm is considered routine and therefore may be voted on by your bank or broker without instructions from you. Please instruct your bank or broker so your vote can be counted.

If you are a participant in the Unisys Savings Plan, the proxy/voting instruction card will serve as voting instructions to the plan trustee for shares of Unisys common stock credited to your account as of February 26, 2018. The trustee will vote those shares in accordance with your instructions if it receives your completed proxy by April 23, 2018. If the proxy is not timely received, or if you give no instructions on a matter to be voted upon, the trustee will vote the shares credited to your account in the same proportion as it votes those shares for which it received timely instructions from other participants.

Required Vote

Each share of Unisys common stock outstanding on the record date is entitled to one vote on each matter to be voted upon.

Table of Contents

Election of Directors (Item 1). Directors will be elected by the vote of a majority of the votes cast at the meeting. This means that a nominee will be elected if the number of votes cast FOR his or her election exceeds 50% of the total number of votes cast with respect to that nominee's election. Votes cast with respect to the election of directors do not include abstentions and broker non-votes.

Independent Registered Public Accounting Firm (Item 2). The proposal to ratify the selection of the Company's independent registered public accounting firm will be approved if it receives the affirmative vote of a majority of shares present, in person or by proxy, and entitled to vote on the matter. Any shares not voted by abstention or otherwise will have the same effect as a vote Against the proposal. There will be no broker non-votes for the proposal to ratify the selection of the Company's independent registered public accounting firm since brokers will be entitled to vote on this routine proposal.

Advisory Vote to Approve Executive Compensation (Item 3). The advisory resolution to approve executive compensation will be approved if it receives the affirmative vote of a majority of shares present, in person or by proxy, and entitled to vote on the matter. Any shares not voted by abstention or otherwise will have the same effect as a vote Against the proposal. Broker non-votes will not be included in the vote totals and therefore will have no effect on the advisory vote on executive compensation.

The advisory vote to approve executive compensation (Item 3) is not binding on the Company. However, the Company will review and consider the results of this advisory vote when making future executive compensation decisions.

ELECTION OF DIRECTORS

(Item 1)

Summary

The Board of Directors of Unisys Corporation (the Board of Directors or the Board) currently consists of eleven members, each of whose term expires at the annual meeting. Mr. Paul Weaver and Ms. Alison Davis each will retire from the Board at the annual meeting. Each of the remaining nine directors has been nominated for reelection for a term expiring at the 2019 annual meeting. Each of the nominees has agreed to serve as a director if elected, and the Company believes that each nominee will be available to serve. However, the proxy holders have discretionary authority to cast votes for the election of a substitute should any nominee not be available to serve as a director.

Board Meetings; Attendance at Annual Meetings

The Board of Directors held five meetings in 2017. During 2017, all directors attended at least 75% of the total number of meetings of the Board and standing committees on which they served (held during the period when the director served).

It is the Company's policy that all directors should attend the annual meeting of stockholders. All of the Company's current directors who were directors at the time of the 2017 annual meeting attended that meeting.

Independence of Directors

All of the Company's directors and nominees for director other than Mr. Altabef meet the independence requirements prescribed by the NYSE and, in the case of members of the Audit and Finance Committee, also meet the audit committee independence requirements prescribed by the SEC. In assessing whether a director or nominee has a material relationship with Unisys (either directly or as a partner, stockholder or officer of an organization that has a relationship with Unisys), the Board uses the criteria outlined below in paragraph 2 of Corporate Governance Guidelines. All non-employee directors met these criteria in 2017.

Table of Contents

Committees

The Board of Directors has a standing Audit and Finance Committee, Compensation Committee and Nominating and Corporate Governance Committee. The specific functions and responsibilities of each committee are set forth in its charter, which is available on the Company's web site at www.unisys.com/governance and is also available in print to any stockholder who requests it.

The current composition of each standing committee is set forth below:

Director	Compensation Committee		Nominating and Corporate Governance Committee	
	Audit and Finance Committee			
Peter A. Altabef				
Jared L. Cohon		X		X
Alison Davis	X	X		
Nathaniel A. Davis				Chair
Denise K. Fletcher	Chair			
Philippe Germond				X
Deborah Lee James				X
Paul E. Martin	X			
Regina Paolillo ⁽¹⁾				
Lee D. Roberts	X		Chair	
Paul E. Weaver			X	

(1) Ms. Paolillo was elected to the Board of Directors on March 13, 2018 and has not yet been appointed to a standing committee.

AUDIT AND FINANCE COMMITTEE

Members: Ms. Davis, Ms. Fletcher (chair), Mr. Martin and Mr. Roberts

Number of Meetings: 7

Independence and Qualifications: The Board has determined that each of Ms. Davis, Ms. Fletcher, Mr. Martin and Mr. Roberts qualifies as independent under the listing standards of the NYSE and is financially literate and that each of Ms. Davis, Ms. Fletcher and Mr. Roberts is an audit committee financial expert as defined by the SEC.

Purpose: The Audit and Finance Committee assists the Board in its oversight of (1) the integrity of the Company's financial statements and its financial reporting and disclosure practices, (2) the soundness of its systems of internal controls regarding financial reporting and accounting compliance, (3) the independence and qualifications of the Company's independent registered public accounting firm, (4) the performance of the Company's internal audit function and its independent registered public accounting firm, (5) the Company's compliance with legal and regulatory requirements and the soundness of its ethical and environmental compliance programs, (6) the Company's risk assessment and risk management policies, (7) the Company's financial affairs, including its capital structure, financial arrangements, capital spending and acquisition and disposition plans and (8) the management and investment of funds in the pension, savings and welfare benefit plans sponsored by the Company. The Audit and Finance Committee is also responsible for preparing the report required by the SEC to be included in the Company's annual proxy statement.

COMPENSATION COMMITTEE

Members: Dr. Cohon, Ms. Davis, Mr. Roberts (chair) and Mr. Weaver

Number of Meetings: 5

Independence and Qualifications: The Board has determined that each of Dr. Cohon, Ms. Davis, Mr. Roberts and Mr. Weaver qualifies as independent under the listing standards of the NYSE.

Purpose: The Compensation Committee (1) oversees the compensation of the Company's elected executive officer and other executives who report directly to the Chief Executive Officer, (2) oversees the compensation-related policies and programs involving the Company's executive management and the level of benefits of officers and key employees and (3) reviews the senior executive succession plan and the senior executive leadership development process as presented by the Chief Executive Officer. The committee regularly reviews and approves the Company's executive compensation strategy and principles to ensure that they are aligned with the Company's business strategy and objectives and with stockholder interests. Under its charter, the Compensation Committee annually reviews and approves goals and objectives relevant to the compensation of the Chief Executive Officer, evaluates the performance of the Chief Executive Officer in light of those goals and objectives and makes recommendations to the independent members of the Board concerning the compensation level of the Chief Executive Officer. The committee also annually reviews and approves compensation levels of the other elected officers. In this regard, the committee solicits input from the Company's Chief Executive Officer regarding the compensation of those executives who report directly to him. The Compensation Committee also reviews and recommends to the Board the adoption of director compensation programs. The Company's guidelines regarding the compensation of directors are described more fully in paragraph 11 of Corporate Governance Guidelines below. Under its charter, the Compensation Committee also annually reviews management's assessment of risk as it relates to the Company's compensation arrangements. As is discussed more fully below in Compensation Discussion and Analysis, the Compensation Committee regularly receives reports and recommendations from management and from the committee's outside compensation consultant to assist it in carrying out its responsibilities. In 2017, the Compensation Committee engaged Pearl Meyer & Partners (Pearl Meyer) as its outside compensation consultant. During 2017, Pearl Meyer and its affiliates did not provide any additional services to the Company or its affiliates, and the work of Pearl Meyer has not raised any conflict of interest. Under its charter, the committee also may consult with legal, accounting or other advisors, as appropriate, and may form and delegate authority to subcommittees when appropriate.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

Members: Dr. Cohon, Mr. Davis (chair), Mr. Germond and Ms. James

Number of Meetings: 7

Independence and Qualifications: The Board has determined that each of Dr. Cohon, Mr. Davis, Mr. Germond and Ms. James qualifies as independent under the listing standards of the NYSE.

Purpose: The Nominating and Corporate Governance Committee identifies and reviews candidates and recommends to the Board of Directors nominees for membership on the Board of Directors. The director nomination process and the factors considered by the committee when reviewing candidates are described below in Director Nomination Process. It also oversees the Company's corporate governance. As a part of this responsibility, the Nominating and Corporate Governance Committee oversees the evaluation of the Board of Directors, including reviewing annually with the Board the independence of outside directors and annually facilitating the Board's self-assessment of its performance. Director Nomination Process

As part of the nomination process, the Nominating and Corporate Governance Committee is responsible for determining the appropriate skills and characteristics required of new Board members in the context of the current make-up of the Board and for identifying qualified candidates for Board membership. In so doing, the Nominating and Corporate Governance Committee considers, with input from the Board, those factors it deems appropriate, such as independence, experience, expertise, strength of character, mature judgment, leadership ability, technical skills, diversity, age and the extent to which the individual would fill a present need on the Board. The aim is to assemble a Board that is strong in its collective knowledge and that consists of individuals who bring a variety of complementary attributes and who, taken together, have the appropriate skills and experience to oversee the Company's business. Since the last annual meeting, the Nominating and Corporate Governance Committee recommended, and the Board elected, two new directors, Ms. James in August 2017 and Ms. Paolillo in March 2018. As part of the selection process, the Board considered Ms. James' unparalleled senior homeland and national security experience in the federal government and private sector and Ms. Paolillo's experience as a financial and operational leader with a broad understanding of the strategic priorities of technology and services organizations.

As set forth above, the Nominating and Corporate Governance Committee considers diversity as one of a number of factors in identifying nominees for director. It does not, however, have a formal policy in this regard. The committee views diversity broadly to include diversity of experience, skills and viewpoint as well as traditional diversity concepts such as race and gender.

The Nominating and Corporate Governance Committee receives suggestions for new directors from a number of sources, including Board members. It also may, in its discretion, employ a third-party search firm to assist in identifying candidates for director. The committee will also consider recommendations for Board membership received from stockholders and other qualified sources. Recommendations on director candidates must be in writing and addressed to the Chair of the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Unisys Corporation, 801 Lakeview Drive, Suite 100, Blue Bell, Pennsylvania 19422.

Table of Contents

The full Board is responsible for final approval of new director candidates, as well as the nomination of existing directors for reelection. With respect to existing directors, prior to making its recommendation to the full Board, the Nominating and Corporate Governance Committee, in consultation with the Chairman of the Board and Chief Executive Officer, reviews each director's continuation on the Board as a regular part of the annual nominating process. Specific information on the qualifications of each of the Company's directors is included above.

Communications with Directors

Stockholders and other interested parties may send communications to the Board of Directors or to the non-employee directors as a group by writing to them c/o Corporate Secretary, Unisys Corporation, 801 Lakeview Drive, Suite 100, Blue Bell, Pennsylvania 19422. All communications directed to Board members will be delivered to them.

Board Leadership Structure

The Board believes that it should have the flexibility to make the selection of Chairman of the Board and Chief Executive Officer in the way that it believes best to provide appropriate leadership for the Company at any given point in time. Therefore, the Board does not have a policy, one way or the other, on whether the same person should serve as both the CEO and Chairman of the Board or, if the roles are separate, whether the Chairman should be selected from the non-employee directors or should be an employee. The Company's corporate governance guidelines require the Board to elect a lead director from its independent directors whenever the Chairman is an employee of the Company.

When Mr. Altabef began as the Company's CEO in January 2015, the Board determined to separate the positions of Chairman and CEO as Mr. Altabef transitioned into the role and appointed Mr. Weaver as non-executive Chairman to provide the Board with independent leadership during the CEO transition and to enable Mr. Altabef, as incoming CEO, to concentrate on the Company's business operations.

In accordance with the Company's Bylaws, the current Chairman of the Board, Mr. Weaver, will not stand for reelection at the annual meeting because he has reached age 72. In preparation for this transition, the Board conducted an in-depth review of its leadership structure and considered the individuals best-suited to lead the Board as the Company implements and executes its business strategy. As a part of this review, the Nominating and Corporate Governance Committee hired a third-party firm to conduct interviews of each director to assess the skill set and qualifications that each director believed was important for the Chairman to possess and to discuss with each director who would most effectively lead the Board. In making its recommendation to the Board, the Nominating and Corporate Governance Committee also reviewed recommended best practices for corporate governance.

As a result of this process, based on the recommendation of the Nominating and Corporate Governance Committee, the Board determined that combining the positions of Chairman and CEO and electing Mr. Altabef to serve as the Chairman and Mr. Davis to serve as independent lead director upon Mr. Weaver's retirement best positions the Board and management to implement the Company's strategy and deliver value to the Company's stockholders going forward. The Board believes that adopting this leadership structure will provide independent board leadership and oversight while benefiting the Company by

Table of Contents

having Mr. Altabef also serve as Chairman following his transition as incoming CEO, during which he demonstrated the strong leadership and vision necessary to drive the Company's strategies and achieve its objectives.

Risk Oversight

In its oversight role, the Board of Directors annually reviews the Company's strategic and operating plans, which address, among other things, the risks and opportunities facing the Company. The Board also has overall responsibility for executive officer succession planning and reviews succession plans each year. The Board has delegated certain risk management oversight responsibility to the Board committees. As part of its responsibilities as set forth in its charter, the Audit and Finance Committee is responsible for discussing with management the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures, including the Company's risk assessment and risk management policies. In this regard, the Company's chief audit executive prepares annually a corporate risk assessment report and provides that report to the Board of Directors each year. This report identifies the material business risks (including strategic, operational, financial reporting and compliance risks) for the Company and identifies the controls and management initiatives that respond to and mitigate those risks. The Company's management regularly evaluates these controls, and the chief audit executive periodically reports to the Audit and Finance Committee regarding their design and effectiveness. The Audit and Finance Committee also receives annual reports from management on the Company's ethics program and on environmental compliance, regularly reviews with management the Company's financial arrangements, capital structure and the Company's ability to access the capital markets, and oversees the allocation policies with respect to the Company's pension assets, as well as the performance of pension plan investments. As part of its responsibilities as set forth in its charter, the Compensation Committee annually reviews management's assessment of risk as it relates to the Company's compensation arrangements. The Nominating and Corporate Governance Committee annually reviews the Company's corporate governance guidelines and their implementation. Each committee regularly reports to the full Board.

Compensation of Directors

The Company's non-employee directors receive an annual retainer of \$60,000. Mr. Weaver receives an additional \$100,000 annual retainer for serving as Chairman of the Board. The chair of the Audit and Finance Committee receives a \$26,000 annual retainer, the chair of the Compensation Committee receives a \$19,000 annual retainer and the chair of the Nominating and Corporate Governance Committee receives a \$16,250 annual retainer. Each other member of the Audit and Finance Committee receives a \$12,000 annual retainer and each other member of the Compensation Committee and the Nominating and Corporate Governance Committee receives a \$7,500 annual retainer. On February 9, 2017, each non-employee director at the time of the Board meeting on that date received an annual grant of 10,639 restricted stock units having a value of \$150,010 based on the fair market value of Unisys common stock on that date that vested immediately. On April 26, 2017, Mr. Martin received an annual grant of 12,500 restricted stock units having a value of \$150,000 based on the fair market value of Unisys common stock on that date that vested immediately. On October 20, 2017, Ms. James received a grant of 8,427 restricted stock units having a value of \$75,000 based on the fair market value of Unisys common stock on

Table of Contents

that date that vested immediately. Directors may defer receipt of these restricted stock units until termination of service, or until a specified date, under the Company's deferred compensation plan for directors.

The annual retainers described above are paid in monthly installments in cash. However, directors may defer until termination of service, or until a specified date, all or a portion of their cash fees under the Company's deferred compensation plan for directors. Under this plan, any deferred cash amounts, and earnings or losses thereon (calculated by reference to investment options available under the Unisys Savings Plan and selected by the director), are recorded in a memorandum account maintained for each director. Formerly, directors could choose, on an annual basis, to receive their fees in the form of common stock equivalent units under the Unisys Corporation Director Stock Unit Plan. The value of each stock unit at any point in time is equal to the value of one share of Unisys common stock. Stock units are recorded in a memorandum account maintained for each director. A director's stock unit account is payable in Unisys common stock, either upon termination of service or on a date specified by the director, at the director's option. Directors do not have the right to vote with respect to any stock units. This plan was terminated in 2004 and no shares (other than shares subject to outstanding awards previously received) are available for future issuance under this plan. The right to receive future payments of deferred cash accounts is an unsecured claim against the Company's general assets. Directors who are employees of the Company do not receive any cash, stock units, stock options or restricted stock units for their services as directors. The following table provides a summary of the 2017 compensation of current non-employee directors who served during 2017.

- (2) Amounts shown are the aggregate grant date fair value of awards computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. For a discussion of the assumptions made in such valuation, see note 16 to the Company's 2017 financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2017. Amounts shown are in respect of the 10,639 restricted stock units granted to directors other than Mr. Martin and Ms. James on February 9, 2017 and in respect of the 12,500 restricted stock units granted to Mr. Martin on April 26, 2017 and 8,427 restricted stock units granted to Ms. James on October 20, 2017. Includes awards that have been deferred under the deferred compensation plan for directors.
- (3) At December 31, 2017, directors had outstanding stock units in respect of directors' fees as follows: Dr. Cohon 0; Ms. Davis 0; Mr. Davis 0; Ms. Fletcher 1,314.8; Mr. Germond 0; Ms. James 0; Mr. Martin 0; Mr. Roberts 0; Mr. Weaver 0.
- (4) At December 31, 2017, none of the directors had outstanding stock options. Under the Company's stock ownership guidelines, directors are expected to own Unisys stock or stock units having a value equal to five times their annual retainer within five years after the director's date of election to the Board. The number of shares owned by each director is set forth in the stock ownership table on page 26.

Code of Ethics and Business Conduct

The Unisys Code of Ethics and Business Conduct applies to all employees, officers (including the Chief Executive Officer, Chief Financial Officer and principal accounting officer or controller) and directors. The code is posted on the Company's web site at www.unisys.com/ethics and is also available in print to any stockholder who requests it. The Company intends to post amendments to or waivers from the code (to the extent applicable to the Company's Chief Executive Officer, Chief Financial Officer or principal accounting officer or controller) at this location on its web site.

Corporate Governance Guidelines

The Board of Directors has adopted Guidelines on Significant Corporate Governance Issues. The full text of these guidelines is available on the Company's web site at www.unisys.com/governance and is also available in print to any stockholder who requests it. Among other matters, the guidelines cover the following:

1. A majority of the Board of Directors shall qualify as independent under the listing standards of the NYSE. Members of the Audit and Finance, Compensation, and Nominating and Corporate Governance Committees must also meet the NYSE independence criteria, as well as any applicable independence criteria prescribed by the SEC.
2. The Nominating and Corporate Governance Committee reviews annually with the Board the independence of outside directors. Following this review, only those directors who meet the independence qualifications prescribed by the NYSE and who the Board affirmatively determines have no material relationship with the Company will be considered independent. The Board has determined that the following commercial or charitable relationships will not be considered to be material relationships that would impair independence: (a) if a director is an executive officer or partner of, or owns more than a ten percent equity interest in, a company that does business with Unisys, and sales to or purchases from Unisys are less than one percent of the annual revenues of that company and (b) if a director is an officer, director or trustee of a charitable organization, and Unisys contributions to that organization are less than one percent of its annual charitable receipts.

Table of Contents

3. The Nominating and Corporate Governance Committee is responsible for determining the appropriate skills and characteristics required of Board members in the context of its current make-up, and will consider factors such as independence, experience, expertise, strength of character, mature judgment, leadership ability, technical skills, diversity and age in its assessment of the needs of the Board.
4. The Board is free to make the selection of Chairman of the Board and Chief Executive Officer any way that seems best to assure the success of the Company so as to provide appropriate leadership at a given point in time. Therefore, the Board does not have a policy, one way or the other, on whether or not the role of the Chief Executive and Chairman of the Board should be separate and, if it is to be separate, whether the Chairman should be selected from the non-employee directors or be an employee. If the Chairman of the Board is not an employee of the Company, the Chairman should qualify as independent under the listing standards of the NYSE.
5. In accordance with the Company's Bylaws, no director shall stand for re-election at any annual stockholders' meeting following attainment of age 72 and no person shall be elected a director (as a result of an increase in the number of directors, to fill a vacancy or otherwise) if such person has attained the age of 72.
6. Directors should volunteer to resign from the Board upon a change in primary job responsibility. The Nominating and Corporate Governance Committee will review the appropriateness of continued Board membership under the circumstances and will recommend, and the Board will determine, whether or not to accept the director's resignation. In addition, if the Company's Chief Executive Officer resigns from that position, he is expected to offer his resignation from the Board at the same time.
7. Non-employee directors are encouraged to limit the number of public company boards on which they serve to no more than four in addition to the Company's and should advise the Chairman of the Board and the general counsel of the Company before accepting an invitation to serve on another board.
8. The non-employee directors will meet in executive session at all regularly scheduled Board meetings. They may also meet in executive session at any time upon request. If the Chairman of the Board is an employee of the Company, the Board will elect from the independent directors a lead director who will preside at executive sessions. If the Chairman is not an employee, the Chairman will preside at executive sessions.
9. Board members have complete access to Unisys management. Members of senior management who are not Board members regularly attend Board meetings, and the Board encourages senior management, from time to time, to bring into Board meetings other managers who can provide additional insights into the matters under discussion.
10. The Board and its committees have the right at any time to retain independent outside financial, legal or other advisors.
11. It is appropriate for the Company's staff to report once a year to the Compensation Committee on the status of Board compensation in relation to other large U.S. companies. Changes in Board compensation, if any, should come at the suggestion of the Compensation Committee, but with full discussion and concurrence by the Board. Particular attention will be paid to structuring Board compensation in a

Table of Contents

manner aligned with stockholder interests. In this regard, a meaningful portion of a director's compensation should be provided and held in stock options and/or stock units. Directors should not, except in rare circumstances approved by the Board, draw any consulting, legal or other fees from the Company. In no event shall any member of the Audit and Finance Committee receive any compensation from the Company other than directors' fees.

12. The Company will provide an orientation program for new directors. The Company will also provide directors with presentations from time to time on topics designed by the Company or third-party experts to assist directors in carrying out their responsibilities. Directors may also attend appropriate continuing education programs at the Company's expense.

13. The Board will conduct an annual self-evaluation to determine whether it and its committees are functioning effectively. In addition, each committee will conduct an annual self-evaluation of its performance and will make a report annually to the Board.

14. The non-employee directors will evaluate the performance of the Chief Executive Officer annually and will meet in executive session, led by the chairperson of the Compensation Committee, to review this performance. The evaluation is based on objective criteria, including performance of the business, accomplishment of long-term strategic objectives and development of management. Based on this evaluation, the Compensation Committee will recommend, and the members of the Board who meet the independence criteria of the NYSE will determine and approve, the compensation of the Chief Executive Officer.

15. To assist the Board in its planning for the succession to the position of Chief Executive Officer, the Chief Executive Officer is expected to provide an annual report on succession planning to the Board.

16. Members of the Board should at all times act in accordance with the Company's confidentiality policy for directors.

17. The Company's stockholder rights plan expired on March 17, 2006, and it has no present intention to adopt a new one. Subject to its continuing fiduciary duties, which may dictate otherwise depending on the circumstances, the Board shall submit the adoption of any future stockholder rights plan to a vote of the stockholders. Any stockholder rights plan adopted or extended without stockholder approval shall be approved by a majority of the independent members of the Board and shall be in response to specific, articulable circumstances that are deemed to warrant such action without the delay that might result from seeking prior stockholder approval. If the Board adopts or extends a rights plan without prior stockholder approval, the Board shall, within one year, either submit the plan to a vote of the stockholders or redeem the plan or cause it to expire.

Related Party Transactions

The Company is required to disclose any transactions since the beginning of 2017 (or any currently proposed transaction) in which the Company was a participant, the amount involved exceeds \$120,000 and a director or executive officer, any immediate family member of a director or executive officer or any person or group beneficially owning more than 5% of the Company's common stock had a direct or indirect material interest. The Company does not have any such transactions to report.

Table of Contents

Currently the Company has not adopted a policy specifically directed at the review, approval or ratification of related party transactions required to be disclosed. However, under the Unisys Code of Ethics and Business Conduct, all employees, officers and directors are required to avoid conflicts of interest. Employees (including officers) must review with, and obtain the approval of, their immediate supervisor and the Company's Corporate Ethics Office, any situation (without regard to dollar amount) that may involve a conflict of interest. Directors should raise possible conflicts of interest with the Chief Executive Officer or the general counsel. The code of ethics defines a conflict of interest as any relationship, arrangement, investment or situation in which loyalties are divided between Unisys interests and personal interests and specifically notes involvement (either personally or through a family member) in a business that is a competitor, supplier or customer of the Company as a particularly sensitive area that requires careful review.

Audit and Finance Committee Report

In performing its oversight responsibilities as defined in its charter, the Audit and Finance Committee has reviewed and discussed the audited financial statements and reporting process for 2017, including internal controls over financial reporting, with management and with KPMG LLP, the Company's independent registered public accounting firm. The committee has also discussed with KPMG LLP the matters required to be discussed by the Public Company Accounting Oversight Board (the PCAOB) Auditing Standard No. 1301, Communications with Audit Committees. In addition, the committee has received from KPMG LLP the written disclosures and the letter required by applicable requirements of the PCAOB regarding KPMG LLP's communications with the committee concerning independence and has discussed with KPMG LLP their independence. The committee has also considered the compatibility of audit-related services, tax services and other non-audit services with KPMG LLP's independence.

Based on the reviews and discussions referred to above, the committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC.

Independent Registered Public Accounting Firm Fees and Services

KPMG LLP was the Company's independent registered public accounting firm for the years ended December 31, 2017 and 2016. KPMG LLP has billed the Company the following fees for professional services rendered in respect of 2017 and 2016 (in millions of dollars):

	2017	2016
Audit Fees	\$ 8.9	\$ 8.8
Audit-Related Fees	1.7	2.3
Tax Fees	0.2	0.1
All Other Fees		

Table of Contents

Audit fees consist of fees for the audit and review of the Company's financial statements, statutory audits, comfort letters, consents, assistance with and review of documents filed with the SEC and Section 404 attestation procedures. Audit-related fees consist of fees for SSAE No. 16 engagements, employee benefit plan audits, accounting advice regarding specific transactions and various attestation engagements. Tax fees principally represent fees for tax compliance services.

The Audit and Finance Committee annually reviews and pre-approves the services that may be provided by the independent registered public accounting firm. The committee has adopted an Audit and Non-Audit Services Pre-Approval Policy that contains a list of pre-approved services, which the committee may revise from time to time. In addition, the Audit and Finance Committee has delegated pre-approval authority to the chair of the committee. The chair of the committee reports any such pre-approval decision to the Audit and Finance Committee at its next scheduled meeting.

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC

ACCOUNTING FIRM

(Item 2)

The Audit and Finance Committee has engaged the firm of KPMG LLP as the independent registered public accounting firm to audit the Company's financial statements for the year ending December 31, 2018. KPMG LLP has been the Company's independent registered public accounting firm since 2008. The Company expects that representatives of KPMG LLP will be present at the annual meeting and will have the opportunity to make a statement if they desire to do so and to respond to appropriate questions asked by stockholders. The Board of Directors considers KPMG LLP to be well qualified to serve as the independent registered public accounting firm for Unisys and recommends a vote for the proposal to ratify their selection.

The Board of Directors recommends a vote **FOR** the proposal to ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for 2018.

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

(Item 3)

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act), which was added under the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company is asking stockholders to approve an advisory resolution on compensation of its named executive officers, as described below in this proxy statement in Executive Compensation, Summary Compensation Table and the related compensation tables and narrative.

As described in detail in Compensation Discussion and Analysis beginning on page 27, the Company's executive compensation program is designed to attract, motivate and retain the executives who lead the Company's business, to reward them for achieving financial and strategic company goals and to align their interests with the interests of stockholders. The Company believes that the compensation of its named executive officers is reasonable, competitive and strongly focused on pay for performance principles, with a significant portion of target compensation at risk and performance based. The Company

Table of Contents

emphasizes compensation opportunities that appropriately reward executives for delivering financial results that meet or exceed pre-established goals, and executive compensation varies depending upon the achievement of those goals. Through stock ownership requirements and equity incentives, the Company also aligns the interests of its executive officers with those of stockholders and the long-term interests of the Company. The Company believes that the policies and procedures articulated in Compensation Discussion and Analysis are effective in achieving the Company's goals and that the executive compensation reported in this proxy statement was appropriate and aligned with 2017 results. Please read the Compensation Discussion and Analysis below, as well as the compensation tables and narrative that follow it, for additional details about the Company's executive compensation programs and compensation of the named executive officers in 2017.

For the reasons set forth above, the Company is asking stockholders to approve the following advisory resolution at the annual meeting:

RESOLVED, that the stockholders of Unisys Corporation approve, on an advisory basis, the compensation of the Company's named executive officers set forth in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and narrative in the Proxy Statement for the Company's 2018 Annual Meeting of Stockholders.

This advisory resolution, commonly referred to as a say-on-pay resolution, is non-binding on the Company's Board of Directors. However, the Board and the Compensation Committee will review and consider the vote when making future executive compensation decisions.

The Board of Directors recommends a vote FOR the advisory resolution approving the compensation of the Company's named executive officers as described in this proxy statement.

<i>Executive Summary</i>	

Our Business

Unisys is a global information technology company that builds high-performance, security-centric solutions for clients across the government, financial services and commercial markets. The Company's offerings include security software and services; digital transformation and workplace services; industry applications and services; and innovative software operating environments for high-intensity enterprise computing.

The Company has gone through significant changes since the beginning of 2015. We have transformed the company structure to support an industry go-to-market effort to differentiate ourselves. We have streamlined our cost structure and increased liquidity. In 2017, the Company made substantial progress towards strengthening our go-to-market approach and delivered non-GAAP operating profit margin and adjusted free cash flow that exceeded our full year guidance range while achieving the high end of our revenue guidance for the full year. While more work remains to be done with our on-going strategic re-positioning, we believe we are on the right path to further improving our Services margins, growing revenue, strengthening our balance sheet and managing our pension obligations.

Our Transformation

We continue to execute against our business strategy and improve our financial performance as depicted below.

Since 2015, we have continued to improve the rate of revenue decline and believe we are making progress on driving to our revenue inflection point to grow our company. We believe that continued focus on increasing our services productivity and efficiency will drive a leaner competitive cost structure and improve our operating margin.

In 2017, we exceeded or achieved full-year guidance on all guidance metrics as shown below. Our 2017 results represent the second consecutive year of exceeding or achieving full-year guidance since we re-established the process of issuing guidance two years ago.

Table of Contents

As of the end of 2017, the pension deficit improved by \$390 million compared to the end of the prior year. This decline of 18% represented the largest percentage decline since 2013. The estimated required cash contributions over the next five years also declined by \$300 million compared to the estimates as of the end of the prior year. We are proactively addressing our pension obligation to strengthen our balance sheet. Effective January 1, 2018, the company approved an amendment to reorganize its U.S. defined benefit pension plan from one plan into two distinct plans. Participants were divided between plans to maximize administrative efficiencies in compliance with all regulations. The company estimates administrative costs, including Pension Benefit Guaranty Corporation premiums, and the resulting contributions to fund such costs, will be reduced by approximately \$10 million per year through 2021. Benefits offered to participants in the plans are unchanged. This amendment had no impact on the Company's consolidated results of operations and financial position for the year ended and as of December 31, 2017. In August 2017, a new Treasurer joined the Company who is focusing on funding and risk management for the corporate pension plans to continue strengthening the balance sheet.

Stockholder Feedback

The Company has undertaken a comprehensive approach to improving the results of the stockholder advisory vote on our executive compensation (say-on-pay), which includes:

Continuing our dialogue and engagement with stockholders regarding executive compensation

Continuing to incorporate stockholder feedback in developing the design and goal-setting process for 2018

Enhancing our proxy to continually improve transparency and presentation

The Compensation Committee, with input from its independent compensation consultant, regularly evaluates its compensation programs and considers the results of its most recent stockholder say-on-pay vote as well as feedback received directly from stockholders through our ongoing engagement. In 2017, a comprehensive effort was made to engage with many of our largest stockholders to discuss how our executive compensation program supports our strategy and our say-on-pay vote. At the April 2017 annual meeting, we received say-on-pay support from holders of approximately 68% of our shares of common stock present at the meeting. Following that meeting, we reached out to holders of over 85% of outstanding shares of our common stock to request a call to discuss corporate governance and executive compensation matters. Holders of over 60% of our shares responded to our request and either accepted our invitation for engagement or declined our invitation saying they had no concerns with our compensation program. During these calls, senior executives and directors of the Company provided information regarding our executive compensation programs, responded to questions and discussed investor feedback. This process resulted in valuable insight regarding stockholder views. Feedback received directly from stockholders, as well as from proxy advisory firms, is summarized below.

We will continue this dialogue with our stockholders and consider their perspectives regarding compensation and governance matters.

Overview of Our Compensation Programs

This section describes 2017 compensation and benefit programs for the executive officers listed in the Summary Compensation Table on page 52 and referred to as Named Officers .

Peter Altabef joined the Company in January 2015 to reposition our company by establishing our strategy with a focus on higher growth markets, building a management team that would have the full confidence of the Board to achieve our strategic priorities and, ultimately, creating the stockholder value that is expected from our investors. As our industry evolves and our opportunities for competitive business advantages change over time, we must likewise evolve in order to create value. Our compensation programs are tailored to our strategic priorities and our current outlook, while also motivating and retaining our management team.

Highlights of our compensation program include:

Strong emphasis on performance-based pay with the majority of target compensation (86% in the case of Mr. Altabef and 76% on average for the other Named Officers) at-risk

Incorporation of feedback from our stockholders with respect to performance measure selection and overall design of our incentive programs

Rigorous and progressively challenging performance goals that are aligned with our business strategy

Edgar Filing: UNISYS CORP - Form DEF 14A

Increase in the emphasis on performance-based incentives over time to align management long-term interests with the long-term interest of our stockholders

Programs designed so that our new leadership is both focused on and held accountable for execution relative to the turnaround strategy. Additional detail on each compensation element is provided starting on page 41.

Good Governance Practices

The Compensation Committee continually evaluates the Company's compensation policies and practices to ensure that they are consistent with good governance principles. The Committee receives regular updates on governance matters from its independent consultant. Below are highlights of our governance practices:

What We Do

Provide the majority of compensation in **performance-based pay**

Measure performance **over a three-year period** for performance-based LTI in support of our current turnaround strategy

Grant LTI awards which **vest ratably over 3 years** to promote retention

Set a **funding gate**, which requires a pre-defined level of profitability prior to any EVC payout

No payouts below threshold and **cap payouts at 2x target** on the long-term and short-term incentive plans

Maintain **stock ownership guidelines** for both officers and Directors;

Have change in control employment agreements with **double-trigger severance provisions** for Named Officers

Conduct annual **risk assessment** of our compensation programs and policies

Adhere to an **insider trading policy**

Maintain a **clawback policy**, which applies to all executive officers of the Company and covers cash and equity awards

Receive **advice from a compensation consulting firm that satisfies stringent independence criteria** and is engaged by the Compensation Committee

Limit discretionary bonuses; incentives are linked to performance relative to pre-established objectives

What We Don't Do

- × No **excise tax gross-ups** on a change in control for Named Officers

- × No **excessive severance** in a change in control or termination

- × No **excessive perquisites**

- × No hedging transactions or **pledging** Unisys securities

- × No **automatic vesting of equity** upon a change in control

- × No **liberal share counting**

- × No **stock option repricing, reloads, or cash buyouts**

- × No **discounted stock options or SARs**

- × No **liberal change in control definition**

How We Set Pay

This section describes how we set pay for our executive officers listed below, sometimes referred to as the Named Officers :

Named Officer	Role	In Role Since
Peter A. Altabef	President and Chief Executive Officer	2015
Inder M. Singh	Senior Vice President and Chief Financial Officer	2016
Eric Hutto	Senior Vice President and President, Enterprise Solutions	2015
Tarek El-Sadany	Senior Vice President, Technology, and CTO	2015
Jeffrey E. Renzi	Senior Vice President and President, Global Sales	2014

Our Compensation Strategy

Our executive compensation program is designed to:

Attract, motivate, and retain the leadership talent necessary to drive our business

Hold key leaders accountable for achieving financial and strategic Company goals

Align interests of leaders with those of our stockholders

A significant portion of target compensation for Named Officers is at-risk and performance-based. In order to maximize our ability to compete effectively, we maintain a strong pay-for-performance bias as described in the Executive Summary section. This focus is intended to 1) offer target total compensation opportunities which are competitive to attract and retain executive talent and 2) through incentives, focus executives on successful execution of the operating plan and actions which over time, are expected to lead to enhanced profitability and growth.

Total target compensation for Mr. Altabef and the average total target compensation for the other Named Officers are shown below.

Components of Compensation

* At-Risk Compensation is subject to performance and/or stock price fluctuation

Total Target Compensation	\$ 6,978,422	100%	\$ 5,995,261	

(1) Subject to performance and/or stock price fluctuation

(2) Threshold must be met to fund any other metrics under the EVC Plan

(3) Actual amounts are amounts which vested in 2018

(4) Threshold performance must be met for payout

While actual compensation reflects the performance of the Company, the Compensation Committee's goal is for total target compensation, as well as each element of total target compensation, to be at or around the median target compensation for executives with similar positions in the market as described beginning on page 38. The Committee incorporates flexibility into its compensation programs and into the assessment process to respond to changing business needs, to emphasize specific compensation objectives and to take into consideration individual performance, as well as the relative complexity and strategic importance of specific roles.

Given the Company's ongoing transformation, our executive compensation programs are designed to both hold executives accountable for meeting short-term objectives expected to result in long-term value creation and align realizable pay with long-term performance. We maintain a strong bias towards pay-for-performance principles and alignment of interests of executives and stockholders.

Table of Contents

The 2017 compensation program included the following performance-based elements:

Performance-Based Elements	EVC Plan	Performance-Based LTI	Time-Based RSU
Tied to achievement of targets related to non-GAAP pre-tax profit, revenue, and adjusted free cash flow			
Requires a pre-defined level of non-GAAP pre-tax profit for a payout to be made on any metric			
No payouts for performance below threshold			
Number of shares or cash value is capped at 200% of target			
Performance goals align to financial guidance provided to investors			
Earned over a three-year period based on operating profit in each of the three years			
Payout subject to stock price fluctuations until vesting

How We Measure Performance and Set Goals

The table below describes measures used in our incentive plans and the rationale for their inclusion.

Plan	Executive Variable Compensation (EVC)	Performance-Based LTI
	Non-GAAP Pre-Tax Profit (40% and funding gate)	Non-GAAP Operating Profit (100%)
Metrics	Revenue (35%) Adjusted Free Cash Flow (25%)	
Why They Are Important	Reflect both profitability and revenue Important to our stockholders Commonly used among the peer companies Measures provide strong line-of-sight for both line and staff executives to which they can influence and be held accountable Key measures used to manage the business and tracked regularly	Encompasses revenue and operating margin across the Company in a single measure Relevant to stockholders as it is an important measure commonly used among peer companies Consistent with current focus on improving margins while maintaining expected scale Measures provide strong line-of-sight for both line and staff executives to which they can influence and be held accountable Key measure used to manage the business and tracked regularly

Table of Contents

The Committee regularly assesses the Company's incentive plan measures in light of the current business plan, relevance to stockholders, and alignment with peer company practices. Measures used in the EVC Plan are important to our business and widely used in our industry. When the current LTI plan design was adopted in 2015, several measures were considered. Operating profit was selected as it offers a strong line-of-sight for plan participants, it is not influenced by pension expense, which is largely driven by interest rate fluctuations, and it reflects both top-line growth and bottom line profitability.

The above performance metrics include non-GAAP financial measures, which will therefore differ from the amounts shown in the Company's financial statements. The Company defines adjusted free cash flow as cash from operations less capital expenditures. Non-GAAP pre-tax profit, adjusted free cash flow, and non-GAAP operating profit exclude payments and charges related to defined benefit pension expense and restructuring and other charges which are not indicative of our ongoing operating performance. Non-GAAP pre-tax profit and adjusted free cash flow exclude interest expense and interest payments on new debt in the given year and redemption costs. The interest expense and interest payments associated with the issuance by the Company of \$440 million of senior secured notes were excluded from the calculation of achievement of the Company's performance metrics in 2017 in order to evaluate ongoing operating performance to which both line and staff executives have line-of-sight and separate it from financing decisions.

In setting performance targets for both our short-term and long-term incentive goals, the business planning process and factors considered are depicted below:

Based on this process and factors considered, a range of performance scenarios is developed. Goals are then set at the threshold, target, and maximum performance levels with the target goals aligning with our operating plan and the financial guidance we provide externally. The Committee considers probability of achievement of different levels of performance. Based on market practice described by the Committee's consultant that we

Table of Contents

believe to be consistent with practices at other companies with size and complexity similar to our own, the targeted probability of meeting or exceeding each level is shown below:

Performance Level	Approximate Probability of Achievement	Payout at Level
Maximum	10%	200% of Target
Target	60%	100% of Target
Threshold	90%	50% of Target

Due to the volatility and transition of our business, we set a relatively wide range of performance between threshold and target and target and maximum, specifically regarding profitability and free cash flow measures. This is because a significant portion of profit and cash are generated by our Technology business, which is less than 20% of our total revenue. A single technology deal can generate significant revenue, in excess of 10% of profit or free cash flow in a given year. It is challenging to predict the timing of technology deal closures, and a delay or loss can significantly swing profitability. For example, a delay in closing a technology deal worth 1% of total revenue could reduce pre-tax profit by 10%. A 5% decline in revenue from technology deals could cause a 50% reduction in profitability. Additional detail regarding specific performance ranges for 2017 as well as our performance against the targets is discussed beginning on page 42.

Role of Compensation Consultants and Management

The Compensation Committee retains and regularly consults with an independent compensation consultant, which in 2017 was Pearl Meyer & Partners (Pearl Meyer). To ensure the Committee receives independent and unbiased advice and analysis, the consultant is prohibited from providing services of any nature to the Company's officers and directors personally, and is prohibited from providing advice to the Company related to executive and director compensation, employee compensation, and employee benefits, other than the advice provided in service to the Committee. Under its charter, the Compensation Committee has sole authority to retain and terminate outside compensation consultants, including authority to approve the consultant's fees and other retention terms. The Committee annually reviews the independence of the consultant's work under rules adopted by the SEC and NYSE and found no conflicts.

The independent compensation consultant performed duties requested by the Committee including:

Providing recommendations on the composition of the peer group described under Market References below

Analyzing executive and director compensation in comparison to the market references described below

Updating the Compensation Committee on executive compensation and governance market trends

Advising the Committee on the 2017 short-term and long-term incentive designs

The consultant spoke with the chair of the Compensation Committee, as well as with management, in preparing for committee meetings, regularly attended committee meetings and met from time to time in executive session with the Compensation Committee without the presence of management.

Table of Contents

The Compensation Committee also receives reports and recommendations from management. In particular, throughout 2017 the committee solicited input from Mr. Altabef regarding the compensation of those executives who reported directly to him. In addition, Mr. Altabef provided recommendations, based on the Company’s operating and strategic plans, to the Compensation Committee related to the performance measures used in the Company’s short-term and long-term incentive plans, as well as the recommended threshold, target and maximum performance levels.

The Compensation Committee met from time to time in executive session without the presence of Mr. Altabef or any other members of management to consider the Chief Executive Officer’s compensation package and discuss other matters. The Committee uses data, analysis and advice provided by the independent compensation consultant in reviewing Mr. Altabef’s compensation, which is then recommended to and approved by the independent members of the Board of Directors.

Market References

The executive compensation program takes into account the compensation practices of companies with which the Company competes or could compete for executive talent. In its review of 2017 executive compensation, the Compensation Committee compared the Company’s overall compensation structure (mix of pay) and levels for the Chief Executive Officer, Chief Financial Officer and business unit leaders (total annual compensation, as well as each component of their total compensation) with the peer group companies.

The list of peer group companies was developed with input from the Committee’s consultant using a selection process as follows:

1. Identify the universe of potential publicly-traded peer companies in the broader information technology sector including companies identified as self-reported peers of current peers, companies that name the Company as a peer, companies considered key product/service offering competitors, and companies identified by major proxy advisory firms as peers
2. Target companies that are generally similar to us with regard to revenue, employee population and enterprise value
3. Select companies that are generally similar to us in terms of services, technology offerings and end markets served having generally similar business models of IT infrastructure, cloud infrastructure, application services, business process outsourcing, and/or high-end server technology

Based on the above methodology, in the summer of 2016 the Committee approved the peer group below:

	Summer 2016 Peer Group	
Booz Allen Hamilton Corporation	CSRA Inc.	Lexmark International Inc.
CACI International Inc.	EPAM Solutions	ManTech International Corporation
CGI Group Inc.	Fiserv Inc.	NCR Corporation
Computer Sciences Corporation	Leidos Holdings	Rackspace Hosting
Convergys Corporation		ServiceNow

The Compensation Committee regularly reviews the composition of the peer group and its selection criteria to ensure that they remain appropriate in light of the evolving

Table of Contents

competitive landscape including consideration of merger and acquisitions activity. In October 2017, the Committee’s consultant recommended, and the Committee approved, revisions to the 2016 Peer Group, which are shown in the table below. The peer group selected in the summer of 2016, which was used for setting compensation for 2017, is referred to as the 2016 Peer Group and the revised peer group selected in October 2017 is referred to as the 2017 Peer Group.

	Added to Peer Group	Removed from Peer Group
DST Systems, Inc.		Computer Sciences Corporation (acquired by HPE’s Enterprise Services division)
ICF International, Inc.		Lexmark (acquired by Apex Technology)
MAXIMUS, Inc.		Rackspace (went private in 2016)
Science Applications International Corporation		

Teradata Corporation

The Compensation Committee believes that the 2017 Peer Group comprises companies with a size, complexity and business mix comparable to that of the Company. A graphic illustrating how the Company compares with the 2017 Peer Group in terms of revenue and number of employees is shown below.

Graph data from materials reviewed by the Committee in October 2017

When determining 2017 compensation for other executive officers, the Committee considered information compiled by its independent compensation consultant from the 2016 Towers Watson CDB High Tech Survey and the 2016 Radford Global Technology Survey. These surveys show compensation levels across a broad spectrum of technology companies and are used to inform the Compensation Committee regarding market executive compensation levels, particularly for positions other than Chief Executive Officer, Chief Financial Officer and business unit leaders.

Comparisons to market in the Executive Compensation section of this proxy statement generally are based on the market consisting of the 2016 Peer Group when referring to the Chief Executive Officer, Chief Financial Officer, business unit leaders and compensation practices are based on the companies included in the Towers Watson and Radford surveys discussed above when referring to other executive officers.

Table of Contents*Risk Assessment and Mitigation of Compensation Policies and Practices*

Our Compensation Committee has reviewed our incentive compensation programs, discussed the concept of risk as it relates to our compensation program, considered various mitigating factors and reviewed these items with its independent consultant, Pearl Meyer. In addition, our Compensation Committee asked Pearl Meyer to conduct an independent risk assessment of our executive compensation program. Based on these reviews and discussions, the Compensation Committee does not believe our compensation program creates risks that are reasonably likely to have a material adverse effect on our business.

We evaluated the program to assess if features in the program design mitigated risk including:

compensation mix that balances at-risk pay opportunity with fixed pay sufficient to promote basic financial security and discourage excessive risk-taking;

performance metrics which align with our business strategy and long-term stockholder value creation;

performance ranges, including appropriate caps and thresholds, to motivate desired behavior and ensure payouts are fiscally prudent;

performance and vesting periods to encourage a long-term view and promote retention; and

the existence of other risk mitigating factors such as stock ownership guidelines.

Stock Ownership Guidelines

Since 1998, the Company has had stock ownership guidelines in place for elected officers in order to more closely link their interests with those of stockholders. Elected officers are expected to own Unisys stock or stock units (including the in the money portion of vested stock options, unvested Time-Based RSUs and earned Performance-Based RSUs that have not yet vested) having a value equal to or greater than a multiple of their annual base salary, as follows:

Role	Stock Ownership Guide
CEO	3x
CFO & Sr. Vice Presidents of a business unit	1.5x
Other Sr. Vice Presidents	1x
Elected Officer Vice Presidents	.5x

Unvested stock options, vested under water stock options and Performance-Based RSUs that have not yet met the performance criteria do not count toward fulfillment of the ownership guidelines. Officers are expected to meet the ownership guidelines within five years of election. The Compensation Committee reviews the adequacy of and compliance with the guidelines on an annual basis. The number of shares owned by each of the Named Officers is set forth in the stock ownership table on page 26.

Table of Contents

Clawback Policy

The Company maintains a clawback policy, which applies to all the Named Officers and other executive officers of the Company. Under the clawback policy, the Company will seek to recover incentive-based compensation (including cash and equity) if the Company's financial statements are required to be restated as a result of the Company's material non-compliance with the financial reporting requirements under U.S. securities laws and if the executive officer engaged in fraud or intentional misconduct that caused or otherwise contributed to the need for the restatement.

Insider Trading, Anti-Hedging, and Anti-Pledging Policy

The Company maintains an Insider Trading Policy, which applies to all the employees, officers and directors of the Company and its subsidiaries. The policy prohibits trading in securities of the Company while aware of material non-public information. Individuals identified as key persons, including Named Officers, are subject to further restrictions, which among other things, limits them to trading during quarterly trading windows with pre-clearance and prohibits derivatives trading, short sales, margin transactions and pledges relating to Unisys securities at any time.

Principal Components of Executive Compensation

As set forth above, the principal elements of our executive compensation program consist of base salary, short-term variable cash incentives and long-term incentive compensation, shown as follows:

Table of Contents*Base Salary*

Elected officers' base salaries are determined by evaluating factors such as the responsibilities and complexity of the position, the experience and performance of the individual, market data for similar roles, overall Company performance, and internal equity within the Company. In its annual review at the December 2016 meeting, the Committee considered the relationship of executive compensation at the Company to the market compensation data and determined that salaries that had been in effect for 2016 for the Named Officers were generally at or competitive with (i.e., within 15%) the market median. Modest merit increases reflecting the considerations outlined above were approved for most of our Named Officers. Further increases were given to Mr. Singh and Mr. Hutto in July 2017 to reflect increased levels of responsibility and complexity of their positions during our transformation. Base salaries for each named officer are shown below:

Named Officer	Role	2016 Base Salary	2017 Base Salary
Peter A. Altabef	President and Chief Executive Officer	\$ 972,000	\$ 991,000
Inder M. Singh ⁽¹⁾	Senior Vice President and Chief Financial Officer	\$ 525,000	\$ 595,000
Eric Hutto ⁽²⁾	Senior Vice President and President, Enterprise Solutions	\$ 500,000	\$ 595,000
Tarek El-Sadany	Senior Vice President, Technology, and CTO	\$ 465,000	\$ 485,000
Jeffrey E. Renzi	Senior Vice President and President, Global Sales	\$ 475,000	\$ 475,000

(1) Salary was increased from \$555,000 effective July 3, 2017 due to the complexity of his role and criticality to the organization.

(2) Salary was increased from \$555,000 effective July 3, 2017 with increased responsibility for the Services segment and better alignment with market.

Short-term Incentive Compensation

During 2017, the Company's elected officers were eligible to receive an annual cash incentive through the EVC Plan. Compensation under the EVC Plan is at-risk compensation intended to motivate and hold executives accountable for the attainment of short-term performance goals. The Compensation Committee has the discretion to determine the criteria applicable to incentive payments and the amounts of such payouts. For 2017, the amount of incentive compensation awards paid to the Named Officers under the plan depended upon (a) the officer's target annual bonus amount and (b) the degree to which Company's performance goals were met.

The EVC Plan design for 2017 remained unchanged from 2016 and performance measures were as follows:

Measure	Weight
Non-GAAP Pre-Tax Profit (funding gate)	40%
Revenue	35%
Adjusted Free Cash Flow	25%

Table of Contents

In order to promote profitable growth, a funding gate based on a pre-defined level of performance on non-GAAP pre-tax profit must be met before paying any portion of the award on any metric. The Committee set threshold, target, and maximum performance levels for each measure as shown below.

Performance Level	Payout Percent (as a % of Target)
Below Threshold	0%
Threshold	50%
Target	100%
Maximum	200%

Target annual bonus amounts for elected officers are approved by the Committee and are intended to be competitive in the market in which the Company competes for talent and reflect the level of responsibility of the role. They are therefore set at or around the median for comparable positions in the market. For 2017, increases in target incentives were given to certain Named Officers based on the following considerations:

Named Officer	2016 EVC Total Target Amount as a % of Base Salary	2017 EVC Total Target Amount as a % of Base Salary	Considerations for Increase		
			Reinforce Urgency of Near-Term Performance Objectives	Recognize Increased Scope of Accountability	Improve Alignment with Market Pay Opportunities
Peter A. Altabef	125%	140%			
Inder M. Singh	90%	95%			
Eric Hutto	90%	95%			
Tarek El-Sadany	70%	95%			

The EVC Plan performance goals were set to hold management accountable for the achievement of our strategic objectives at the time the goals were set, which are described more fully under [Our Transformation](#) beginning on page 28. The Committee considered estimated probability of achievement of different levels of performance as well as the uncertainty concerning our performance in 2017 when setting these goals. Our goal setting process is described in more detail beginning on page 35.

Goals for 2017 align with the financial guidance we provided externally. Based on the outlook at the time the goals were set and with input from the independent compensation consultant, the Committee concluded these performance goals struck an appropriate balance in providing both a reasonable probability of attainment and sufficient rigor and motivation for superior performance.

Table of Contents

In order to receive any payments, the threshold level of non-GAAP pre-tax profit must be attained. The table below summarizes the threshold, target, and maximum performance levels and our results for each performance measure for 2017 based on the results announced in our earnings release on February 8, 2018, which we refer to as our earnings release results .

Metric				Earnings Release Results	% Funding	Weighted Payout
	Threshold (\$M)	Target (\$M)	Maximum (\$M)	(\$M)		
Non-GAAP Pre-tax Profit	\$ 99	\$ 198	\$ 248	\$ 205	114.1%	45.6%
Revenue	\$ 2,580	\$ 2,715	\$ 2,850	\$ 2,744	121.5%	42.5%
Adjusted Free Cash Flow	\$ 88	\$ 176	\$ 220	\$ 222	200.0%	50.0%
					Total	138.2%

In 2017, the EVC Plan funded on all performance measures based on our earnings release results. The aggregate percentage of target bonus amounts paid with respect to all three performance measures, after taking into account the weightings of performance measures discussed above, was approximately 138.2%. Non-GAAP pre-tax profit and revenue were above target and adjusted free cash flow was at the maximum performance level. Following the announcement of our earnings release results and the payout of bonuses under the EVC Plan and the distribution of LTI awards, small adjustments were made to the results in our annual report on Form 10-K filed with the SEC on March 12, 2018, as a result of which revenue was decreased by less than \$2 million and non-GAAP operating profit was decreased by less than \$1 million. If the results reported in our annual report on Form 10-K had been used, the aggregate percentage of target bonus paid would have been approximately 137.7%, or a difference of 0.5%. The Company expects to deduct this difference from any payments to be made to impacted individuals under the EVC Plan as a result of the Company's performance in 2018.

The graphs below show the threshold, target and maximum performance levels and our earnings release results, in millions:

Table of Contents

Over the last five years, total payouts under the plan based on corporate performance have averaged 89% of target, demonstrating our track record of setting rigorous goals:

The above performance measures include non-GAAP financial measures and will differ from amounts shown in the Company's 2017 financial statements included in the Annual Report on Form 10-K for the year ended in December 31, 2017. Additional information is described beginning on page 35.

The following table shows incentives paid to the Named Officers under the EVC Plan. Total target amounts for each individual represent the percentage of base salary referred to above in this section. The EVC Plan gives the Compensation Committee discretion to consider individual performance and to adjust awards accordingly. In 2017, payout levels were based on plan funding levels and no discretion was applied. Bonus awards to the Named Officers for 2017 were determined by formula based on the Company's earnings release results relative to performance goals. Target amounts for each Named Officer were determined in December 2016, and assume that each Named Officer remained employed by the Company through December 31, 2017.

Named Officer	Total Actual Amount	
	Total Target Amount	Paid
Peter A. Altabef	\$ 1,387,400	\$ 1,916,971
Inder M. Singh	\$ 565,250	\$ 781,006
Eric Hutto	\$ 565,250	\$ 781,006
Tarek El-Sadany	\$ 460,750	\$ 636,618
Jeffrey E. Renzi	\$ 451,250	\$ 623,492

Long-Term Incentive Awards

Long-term incentives (LTI) are intended to provide executives with a continuing stake in our long-term success and to align their interests with those of our stockholders. LTI are also used to attract, retain and motivate executives responsible for our long-term success.

Table of Contents

The Committee evaluates the LTI program annually relative to its objectives as well as practices within the peer group. In 2016, changes were made to better reflect the Company's strategic direction and priorities, including consideration of share availability and potential dilution, current stock price, and information provided by the Committee's consultant on market practice and current trends. The Company stopped granting options and strengthened the emphasis on performance-based LTI with approximately 2/3 of the LTI target value linked to achievement of non-GAAP operating profit performance objectives. The 2016 program included performance-based LTI, with stock and performance cash components, and Time-Based RSUs. The 2016 program was designed to reduce potential stockholder dilution while increasing emphasis on achievement relative to our operating profit performance goals. The Compensation Committee believes that using different types of awards provides balance to the Company's LTI program and mitigates risk.

The following table shows how our LTI program evolved over prior years to increase the focus on long-term goals:

Year	Change made	Why change was made
2015	Increased stock option term from 5 to 7 years	g Promote longer-term focus and align with practices of our peer group
	Increased Performance-Based RSU performance period from 1 to 3 years (prior to 2015, earned based on performance in year of grant with vesting over 3 years)	g Foster urgency to meet near term goals and reward consistent performance over time in order to drive long-term value creation
	Replaced technology revenue and services operating margin for earning Performance-Based RSUs with company non-GAAP operating profit	g Address both revenue and profitability in a single measure
2016	Removed stock options	g Limit potential dilution to stockholders
	Increased emphasis on performance-based LTI, delivered through stock and performance cash	g Strengthen focus on operating profit
		g Better align with market practice

Table of Contents

The above changes resulted in a LTI plan program that remained the same in 2017 as shown below:

Vehicle	Proportion		Performance			Design
	LTI Value	Payout	Metric	Period		
Performance Based LTI	2/3	Threshold:	Non-	2017	Includes RSU component and performance cash component	
		50%	GAAP	2018		
		Target:	Operating	2019		
		100%	Profit			
		Maximum:			Approximately 1/3 of total LTI value delivered through Performance- Based RSUs and 1/3 through performance cash	
		200%			Linked to specific 2017, 2018, and 2019 performance objectives with 1/3 of the target value tied to each year	
					Vesting / payout per achievement of specific performance objectives for each year on the 1st, 2nd, and 3rd anniversary of grant	
Time-Based RSUs	1/3	100%	N/A	N/A	Vest 1/3 annually	

Performance-based LTI vests over 3 years, with distinct goals for each fiscal year within the vesting period, in order to measure performance over the entire three-year period while creating a strong focus on execution. Due to the challenges of setting three-year performance goals in the current environment of transformation, goals were set separately for each year in the performance period. The design is intended to foster a sense of urgency to meet near term goals and reward consistent profitable performance over time, which is expected to drive long-term value creation. The Company's operating profit is the performance measure on which the current LTI plan is based. The Committee considered operating profit preferable to other alternatives because it offers a strong line-of-sight for plan participants; it is not influenced by pension expense, which is largely driven by interest rate fluctuations; and it reflects both top-line growth as well as bottom line profitability.

Time-Based RSUs, which vest over a 3-year period, serve as a retention vehicle and align the recipients' interests with those of stockholders because the value of the RSUs, after grant, varies directly based on the Company's stock price. Time-Based RSUs comprised approximately 1/3 of the target LTI grant date value.

The third tranche of the 2015 Performance-Based RSUs, the second tranche of the 2016 performance-based LTI and the first tranche of the 2017 performance-based LTI grants are based on 2017 non-GAAP operating profit. Goals are set for all three years at the time of grant for each cycle and vary for different grant years. The goals are set to progressively

Table of Contents

increase each successive year within a grant. The table below illustrates goals and achievement for performance periods completed through 2017:

Grant Year	Vesting Period	Performance Year	Non-GAAP Operating Profit				
			Threshold (\$M)	Target (\$M)	Maximum (\$M)	Earnings Release Results (\$M)	Payout
2015	Tranche 1	2015	90	180	205	183	107.2%
2015	Tranche 2	2016	103	205	255	217	123.4%
2015	Tranche 3	2017	128	255	308	233	91.2%
2016	Tranche 1	2016	113	226	283	217	95.9%
2016	Tranche 2	2017	134	268	335	233	86.8%
2017	Tranche 1	2017	108	216	270	233	130.9%

Goals are aligned with the Company's operating plan and financial guidance at the time of the grant. The Committee also considered the probability of achieving different performance levels at the time of grant as well as the uncertainty in the Company's near-term performance.

Performance-based LTI is earned for each year in the three-year performance cycle at a rate ranging from 50% of the target number of shares or cash units for performance at threshold level to 200% of the target number of shares or cash units for performance at or above maximum level. If the Company's performance for a given year is below the threshold level, no shares or cash units will be earned for that year, and the related RSUs or cash units will be cancelled. Based on 2017 non-GAAP operating profit of \$233 million as reported in the Company's earnings release results, the first tranche of the 2017 grant was earned at 130.9%, the second tranche of the 2016 grant was earned at 86.8%, and the third tranche of the 2015 grant was earned at 91.2%. If the results reported in the Company's annual report on Form 10-K had been used, the first tranche of the 2017 grant would have been earned at 129.6% (or a difference of 1.3%), the second tranche of the 2016 grant would have been earned at 86.6% (or a difference of 0.2%), and the third tranche of the 2015 grant would have been earned at 90.9% (or a difference of 0.3%). The Company expects to deduct an amount equal to the value of these differences from any payments to be made to impacted

individuals under the EVC Plan as a result of the Company's performance in 2018. The table below summarizes the threshold, target and maximum performance levels, earnings release results, and awards earned for 2017 performance.

Performance-Based RSU awards are settled in stock and performance cash awards are paid in cash on the anniversary of grant. The actual financial measure results and conversion rates for the target shares and cash units tied to 2018 and 2019 performance will be determined based on financial results for those years.

Long-term incentive awards granted to each Named Officer in 2017 are set forth in "Grants of Plan-Based Awards" on page 53. In 2017, the grant date value of the awards to each Named Officer was generally below the market median.

Long-Term Incentive Granting Practices

Most awards are granted at the time of the annual grant in the first quarter of the year, although awards may be granted as part of the hiring process or in connection with a change in responsibility. Annual grants are approved at a specified, regularly scheduled meeting of the Compensation Committee. The Compensation Committee approves the type and number of awards to be granted and the performance criteria for performance-based awards. For grants in the United States, the grant date is no earlier than the date of the meeting. The dates of regularly scheduled Board and Committee meetings are generally determined many months in advance as part of the normal Board calendaring process.

LTI awards granted during the year have a grant date no earlier than the date of approval. Grants that require the approval of the Compensation Committee are typically reviewed and approved at a regularly scheduled Compensation Committee meeting or by written consent in advance of the individual's employment commencement or promotion date. For these awards, typically the grant date is the date of the meeting if the individual receiving the grant has already commenced employment. If the individual has not yet commenced employment, the date of grant is the business day following the individual's first day of employment.

Table of Contents

The Compensation Committee has delegated to the Chief Executive Officer the authority to grant a limited number of RSU awards as part of the annual grant process and during the year to eligible individuals (other than the Chief Executive Officer, his direct reports and employees subject to Section 16 of the Securities Exchange Act of 1934). The Committee's delegation of authority specifies that for these RSUs the grant date will be either (a) the first business day of the month following the date of the Chief Executive Officer's approval, if the individual has commenced employment at the Company, or (b) if the individual has not yet commenced employment, the first business day of the month following the individual's date of hire. Grants made as part of the annual grant process are made at the same time as the Committee approves grants to the Named Officers. The Chief Executive Officer has no discretion with respect to choosing the grant date, and in all cases, the date of grant occurs after the date the grantee commences employment with the Company.

Other Bonuses

The Company has a strong bias towards incentives based on pre-established goals and limits use of discretionary bonuses. In limited cases, the Company has provided modest sign-on bonuses to executives to compensate for value forgone at a prior employer or in order to attract a new executive to join the Company. Sign-on bonuses are often paid in installments to mitigate risk if the executive leaves the Company.

Other Benefits

Elected officers participate in the retirement programs discussed below under "Defined Contribution Plans" on page 57. In addition, subject to underwriting approvals and applicable corporate governance requirements, officers elected prior to February 2015 are eligible for supplemental death benefits under the Unisys Corporation Executive Death Benefit Only Program, which provides a death benefit equal to four times an elected officer's base salary plus target bonus during active employment and a death benefit equal to two and one-half times an elected officer's base salary immediately prior to retirement for retired elected officers who remain eligible for the benefit. The Company increases the benefit payable to the elected officer's beneficiary to cover any income and employment taxes due. This benefit was eliminated and is no longer available to newly elected officers. Of the Named Officers, only Mr. Altabef and Mr. Renzi participate in this program.

Perquisites available to executive officers primarily consist of financial counseling/tax preparation services and an annual physical examination. These benefits are designed to promote executive wellness and financial security. See the Summary Compensation Table on page 52 for additional detail.

In order to attract and retain key executives, the Company has entered into severance and change in control agreements with the Named Officers. The severance agreements were put in place in December 2014 with input from the Committee's independent consultant. The agreements are intended to support management continuity and retention and align with market practice. The change in control agreements are intended to provide retention and management continuity in the event of an actual or threatened change in control. More detail is provided under "Termination Arrangements" beginning on page 57.

Deductibility of Executive Compensation

The Compensation Committee annually reviews and considers the deductibility of the compensation paid to our executive officers, which includes each of the Named Officers, under Section 162(m) of the Internal Revenue Code. Pursuant to Section 162(m), compensation paid to certain executive officers in excess of \$1 million generally is not deductible. However, before the effective date of the 2017 tax reform legislation, amounts in excess of \$1 million were deductible if they qualify as performance-based compensation. The Committee has considered the impact of the deduction limitation and the Company's current financial context and has determined that it is not in the best interests of the Company or its stockholders to base compensation solely on objective performance criteria. Rather, the Committee believes that it should retain the flexibility to base compensation on its subjective evaluation of performance as well as on the attainment of objective goals.

The exemption for qualifying performance-based compensation was repealed by recent tax legislation effective for taxable years beginning after December 31, 2017. As a result, compensation paid to our executive officers in future years in excess of \$1 million may not be deductible unless it qualifies for certain transition relief (with the scope of such transition relief being uncertain at this time). While the Company will monitor guidance and developments in this area, the Compensation Committee believes that its primary responsibility is to provide a compensation program that attracts, retains and rewards the executive talent necessary for our success. Consequently, the Compensation Committee may pay or provide, and has paid or provided, compensation that is not tax deductible or is otherwise limited as to tax deductibility.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with management. Based on such review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

(1) Amounts shown for 2017 include final installment of sign-on bonus of \$40,000 to Mr. Singh.

(2) Amounts shown are the aggregate grant date fair value of awards computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. For a discussion of the assumptions made in such valuation, see note 16 to the Company's 2017 financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2017. For more details on grants in 2017, see "Grants of Plan-Based Awards" below.

(3) Amounts shown for 2017 represent the aggregate grant date fair value of the Performance-Based RSUs, assuming that target performance levels are met, and the Time-Based RSUs granted to each Named Officer in 2017. Assuming that maximum performance levels are achieved, the value of the awards at date of grant would be as follows: Mr. Altabef \$4,600,083; Mr. Singh \$900,060; Mr. Hutto \$900,060; Mr. El-Sadany \$700,530; Mr. Renzi \$700,530.

(4) Amounts include short-term incentives under the EVC Plan and long-term cash incentives under the 2010 Plan and the 2016 Plan.

(5) Effective December 31, 2006, the Company's U.S. defined benefit pension plans were frozen, and benefits thereunder ceased to accrue. No Named Officer participates in these plans.

Edgar Filing: UNISYS CORP - Form DEF 14A

- (6) For 2017, amounts consist of the following: Mr. Altabef matching contributions of \$11,095 and perquisites of \$10,993, which include financial planning, spousal travel, and physical; Mr. Singh matching contributions of \$8,100 and perquisites of \$6,250, which include financial planning; Mr. Hutto matching contributions of \$8,100 and perquisites of \$114, which include spousal travel; Mr. El-Sadany matching contributions of \$10,165 and perquisites of \$7,837, which include financial planning and physical; Mr. Renzi matching contributions of \$8,100 and perquisites of \$8,060, which include financial planning and physical.

Awards shown under Estimated Future Payouts Under Non-Equity Incentive Plan Awards are annual bonuses in the form of cash incentive compensation through the EVC Plan. As discussed more fully in Compensation Discussion and Analysis above, the amount of incentive compensation paid to the Named Officers under the EVC Plan generally depends upon (a) the officer's target annual bonus amount and (b) the degree to which the Company's performance goals were met.

Long-term performance-based awards include performance cash awards shown under Estimated Future Payouts Under Non-Equity Incentive Plan Awards and equity awards shown under Estimated Future Payouts Under Equity Incentive Plan Awards. These awards are long-term cash awards and Performance-Based RSUs granted under the 2016 Plan. These awards, which are discussed more fully in Compensation Discussion and Analysis above, are earned one-third annually over a three-year period to the extent the Company achieves a performance goal relating to operating profit in each of 2017, 2018 and 2019, respectively, and then such earned awards vest on the first, second and third anniversary of grant, respectively, if the Named Officer is then employed by the Company. Based on the Company's 2017 non-GAAP operating profit as reported in the Company's earnings release results, 130.9% of the target number of shares or cash value that was tied to 2017 performance was earned. Awards made at the time of the 2017 annual grant vested on February 9, 2018.

Awards shown under All Other Stock Awards are Time-Based RSUs granted under the 2016 Plan. These RSUs will vest one-third per year beginning on the first anniversary of the date of grant if the individual is then employed by the Company.

Defined Contribution Plans

The Named Officers based in the U.S. are eligible to participate in the Unisys Savings Plan, which is a tax-qualified defined contribution plan with a matching contributions feature. In 2017, the Company made matching contributions under the plan of 50% of each 1% of eligible pay contributed by a participant on a before-tax basis, up to the first 6% of eligible pay contributed.

Potential Payments upon Termination or Change in Control

Under the agreements and plans discussed below, the Named Officers would be entitled to the following payments and benefits upon termination of employment and/or a change in control of the Company.

*Termination Arrangements**Mr. Altabef's Letter Agreement*

Under the letter agreement covering the terms and conditions of Mr. Altabef's employment as President and Chief Executive Officer, if Mr. Altabef's employment is terminated by the Company without cause or by Mr. Altabef for good reason (defined generally as a reduction in aggregate compensation target, a material reduction in duties or authority or removal as Chief Executive Officer) prior to a change of control of the Company, Mr. Altabef will be entitled to receive an amount equal to two times the sum of (1) his base salary (at its then current rate) plus (2) his target bonus amount (as in effect on the date of termination), and monthly payments for up to 24 months equal to the difference between the monthly COBRA rate and the monthly active employee contribution rate applicable to Mr. Altabef, subject to his execution of a release of claims in favor of the Company. The letter agreement includes non-compete, non-solicitation and non-disparagement provisions effective for 12 months from the date of termination of employment for any reason. If Mr. Altabef materially breaches any of these provisions, the Company has the right to terminate any payments described above that have not yet been made and to seek the recoupment of any such payments that were previously made.

Table of Contents*Executive Officer Severance Agreements*

The Company has entered into letter agreements with certain of its executive officers, including the Named Officers other than Mr. Altabef, providing that if any such executive officer's employment is terminated by the Company without cause or by such executive officer for good reason (defined generally as a reduction in duties or authority, a reduction in annual base salary or a requirement that an executive relocate from their principal residence or perform their principal duties in a new location), that executive officer will be entitled to receive an amount equal to the sum of his or her annual base salary plus his or her annual target bonus, payable in substantially equal installments during the twelve month period following the date of termination. Each such executive officer will also be entitled to continued medical, dental and vision coverage for up to one year at the same costs applicable to active employees. In addition, if such executive officer is a participant under the Unisys Corporation Executive Death Benefit Only Program at the time of termination, the executive officer will be deemed to have met the age and service requirements for retirement as set forth in the program and, upon the executive officer's death, his or her beneficiary shall be entitled to the post-retirement death benefits provided under the program.

The amount of the termination payments to which the Named Officers would be entitled if their employment had terminated on the last business day of 2017 under circumstances entitling them to the payments above are set forth below, along with the total amounts that would have been payable to them in respect of medical, dental and vision coverage under the terms of their respective agreements.

Name	Aggregate Termination Payments (\$)	Aggregate Medical, Dental and Vision Payments (\$)
Peter A. Altabef	4,756,800	34,306
Inder M. Singh	1,160,250	16,581
Eric Hutto	1,160,250	18,789
Tarek El-Sadany	945,750	18,773
Jeffrey E. Renzi	926,250	11,404

The Named Officers are also each party to a change in control agreement with the Company, as described below. They are not entitled to receive duplicate payments under their change in control agreement and the above-described agreements. In the event of a conflict, they will be entitled to the benefits under their change in control agreement.

Change in Control Agreements

The Company has entered into change in control employment agreements with its executive officers, including the Named Officers. The agreements are intended to retain the services of these executives and provide for continuity of management in the event of any actual or threatened change in control. Mr. Altabef's change in control employment agreement is substantially similar to the other executive officer's change in control employment agreements except that the lump sum payment relating to annual salary and bonus will be equal to two and a half times the sum of his annual base salary plus the higher of his target bonus prior to the change of control, the highest annual bonus paid in the three years prior to the change of control or the annual bonus paid after the change of control. The material terms of each of the change in control employment agreements with the Named Officers are summarized below.

Table of Contents

A change in control is generally defined as (1) the acquisition of 20% or more of Unisys common stock, (2) a change in the majority of the Board of Directors unless approved by the incumbent directors (other than as a result of a contested election) and (3) certain reorganizations, mergers, consolidations, liquidations or dissolutions. Each agreement has a term ending on the third anniversary of the date of the change in control and provides that in the event of a change in control each executive will have specific rights and receive certain benefits. Those benefits include the right to continue in the Company's employ during the term, performing comparable duties to those being performed immediately prior to the change in control and at compensation and benefit levels that are at least equal to the compensation and benefit levels in effect immediately prior to the change in control. For purposes of determining compensation levels, base salary must be at least equal to the highest salary paid or payable to the executive during the 12 months preceding the change in control, and bonus must be at least equal to the highest bonus paid or payable to the executive under the EVC Plan (or any comparable bonus or retention amount under any predecessor or successor plan or retention agreement) for the three fiscal years preceding the change in control (the Recent Annual Bonus).

If, following a change in control, the Company terminates the executive without cause or the executive terminates employment for good reason (generally defined as a reduction in the executive's compensation or responsibilities or a change in the executive's job location), the terminated executive will be entitled to receive special termination benefits. These benefits are as follows: (1) a pro-rated bonus for the year in which the termination occurs (based on the higher of (a) the Recent Annual Bonus and (b) the annual bonus paid or payable for the most recent fiscal year during the term of the agreement (such higher amount, the Highest Annual Bonus)), (2) a lump sum payment equal to two years of salary and bonus (based on the highest salary paid or payable during the term of the agreement and the Highest Annual Bonus) (or, in the case of Mr. Altabef, as described above), (3) a lump sum payment equal to the amount of premiums the Company would have paid to continue the executive in the Company's welfare (other than health) plans for the two-year period, (4) for two years following the termination of employment, continued eligibility for coverage under the Company's health plans at the same premium rates applicable to active employees and (5) outplacement services. To receive health coverage, the executive will be required to pay the full premium charged for the coverage. The Company will then reimburse the executive the amount of the premium that exceeds the amount the executive would have paid as an employee. Except as described below, if any payment or distribution by the Company to the executive is determined to be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, the payment or distribution will be reduced to avoid the imposition of the excise tax if doing so would result in greater after-tax benefits to the executive. The executive is under no obligation to mitigate amounts payable under these agreements.

Table of Contents*Summary*

If the Named Officers had become entitled to the special termination benefits described above on the last business day of 2017, they would have received the following:

Name	Pro-Rata Bonus (\$)	Lump Sum Payment for Salary and Bonus (\$)	Value of Outplacement Services (\$)(1)	Welfare Benefit Plan Premiums (\$)	Health Coverage Payments (\$)	Total \$(2)
Peter A. Altabef	1,551,555	6,356,388	50,000	20,264	34,306	8,012,513
Inder M. Singh	459,777	2,109,554	50,000	13,543	34,306	2,667,180
Eric Hutto	574,650	2,339,300	50,000	13,820	38,877	3,016,646
Tarek El-Sadany	415,664	1,801,328	50,000	11,384	38,842	2,317,218
Jeffrey E. Renzi	576,246	2,102,492	50,000	9,789	23,596	2,762,123

(1) The agreements provide for reasonable outplacement services directly related to the termination of the executive's employment. The executive may select the provider of outplacement services, and therefore, the costs actually incurred will vary by individual. The Company believes that the amounts shown in this column are a reasonable estimate of the potential costs of outplacement services.

(2) Amounts shown in this column do not include the value of the vested awards shown in the tables below *Long-Term Incentive Plans*.

Under the Company's long-term incentive plans, if a change in control occurs and a participant's employment terminates for good reason or other than for cause within 24 months of the change in control, all stock options and Time-Based RSUs will become fully vested, a pro-rata portion (based on the completed portion of the related performance cycle) of the target amount of Performance-Based RSUs granted under the Unisys Corporation 2003 Long-Term Incentive and Equity Compensation Plan, and the full amount of the target amount of Performance-Based RSUs granted under the Unisys Corporation 2010 Long-Term Incentive and Equity Compensation Plan and the 2016 Plan will vest. If a change in control and a termination of employment had occurred on the last business day of 2017, the Named Officers would have become vested in the following number of RSUs, having the following values, and would have become entitled to receive the following amount of long-term performance cash:

Name	Vested Restricted Stock Units (#)	Value of Vested Restricted Stock Units (1)(\$)	Value of Vested Long-Term Performance Cash (\$)
Peter A. Altabef	440,869	3,593,082	2,489,300
Inder M. Singh	66,522	542,154	426,000
Eric Hutto	75,856	618,226	444,467

CEO Pay Ratio

Pursuant to Item 402(u) of Regulation S-K, the Company is required to provide the following information with respect to the year ended December 31, 2017:

The median of the annual total compensation of all employees of the Company (other than Mr. Altabef, the Company's Chief Executive Officer) was \$30,381.

The annual total compensation of Mr. Altabef, the Company's Chief Executive Officer, was \$7,530,080.

Based on this information, the ratio of the annual total compensation of the Company's Chief Executive Officer to the median of the annual total compensation of all employees is 248 to 1.

To identify the median paid employee and determine such employee's annual total compensation, the Company assessed its employee population as of December 31, 2017 and determined employee compensation using the 12-month period ending December 31, 2017. On this date, the Company's employee population consisted of 20,593 individuals. Approximately 75% of the Company's employees are based in countries in which the average pay is less than the average pay of the Company's associates in the United States. The Company also calculated the Chief Executive Officer pay ratio using its U.S. population. The median of the annual total compensation of the Company's U.S. employees (other than Mr. Altabef) was \$85,201 as of December 31, 2017. Based on this information, the ratio of total annual compensation of the Company's Chief Executive Officer to the median of the annual total compensation of the Company's U.S. employees is 88 to 1.

The Company determined its median employee by: (i) calculating total target cash compensation as the sum of salary and target variable compensation, including target sales bonus, for each of the Company's employees, (ii) ranking the total target cash compensation of all employees except for the Chief Executive Officer from lowest to highest, and (iii) picking the employee who was in the middle of the list.

GENERAL MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

The Company's directors and officers are required to file reports with the SEC concerning their ownership of Unisys equity securities. During 2017, no officers or directors had any late filings.

Policy on Confidential Voting

It is the Company's policy that all stockholder proxies, ballots and voting materials that identify the vote of a specific stockholder shall, if requested by that stockholder on such proxy, ballot or materials, be kept permanently confidential and shall not be disclosed to the Company, its affiliates, directors, officers and employees or to any third parties, except as may be required by law, to pursue or defend legal proceedings or to carry out the purpose of, or as permitted by, the policy. Under the policy, vote tabulators and inspectors of election are to be independent parties who are unaffiliated with and are not employees of the Company. The policy provides that it may, under certain circumstances, be suspended in the event of a proxy solicitation in opposition to a solicitation of management. The Company may at any time be informed whether or not a particular stockholder has voted. Comments written on proxies or ballots, together with the name and address of the commenting stockholder, will also be made available to the Company.

Stockholder Proposals and Nominations

Stockholder proposals submitted to the Company pursuant to Rule 14a-8 of the Exchange Act (Rule 14a-8) for inclusion in the proxy materials for the 2019 annual meeting of stockholders must be received by the Company by November 16, 2018.

Any stockholder who intends to present a proposal at the 2019 annual meeting and has not sought to include the proposal in the Company's proxy materials pursuant to Rule 14a-8 must deliver notice of the proposal to the Company no later than January 25, 2019.

Any stockholder who intends to make a nomination for the Board of Directors at the 2019 annual meeting must deliver to the Company no later than February 8, 2019 (a) a notice setting forth (i) the name, age, business and residence addresses of each nominee, (ii) the principal occupation or employment of each nominee, (iii) the number of shares of Unisys capital stock beneficially owned by each nominee, (iv) a statement that the nominee is willing to be nominated and (v) any other information concerning each nominee that would be required by the SEC in a proxy statement soliciting proxies for the election of the nominee and (b) the directors' questionnaire, representation and agreement required by Article I, Section 8 of the Company's Bylaws.

Householding of Proxy Materials

This year, a number of brokers with accountholders who are owners of Unisys common stock will be householding our proxy materials. This means that only one copy of the Notice and/or this proxy statement and the 2017 annual report may have been sent to you and the other Unisys stockholders who share your address. Householding is designed to reduce the volume of duplicate information that stockholders receive and the Company's printing and mailing expenses.

If your household has received only one copy of the proxy materials, and you would prefer to receive separate copies of these documents, either now or in the future, please call us at 215-986-6999, or write us at Investor Relations, Unisys Corporation, 801 Lakeview Drive, Suite 100, Blue Bell, PA 19422. We will deliver separate copies promptly. If you are now receiving multiple copies of our proxy materials and would like to have only one copy of these documents delivered to your household in the future, please contact us in the same manner.

Forward-Looking Statements

These proxy materials contain information that may constitute forward-looking statements, as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements provide current expectations of future events and include any statement that does not directly relate to any historical or current fact. Words such as anticipates, believes, expects, intends, plans, projects and similar expressions may identify forward-looking statements. All forward-looking statements rely on assumptions and are subject to risks, uncertainties and other factors that could cause the Company's actual results to differ materially from expectations. Factors that could affect future results include, but are not limited to, those discussed under Risk Factors in Part I, Item 1A of the Company's 2017 Form 10-K. Any forward-looking statement speaks only as of the date on which that statement is made. The Company assumes no obligation to update any forward-looking statement to reflect events or circumstances that occur after the date on which the statement is made.

Other Matters

At the date of this proxy statement, the Board of Directors knows of no matter that will be presented for consideration at the annual meeting other than those described in this proxy statement. If any other matter properly comes before the annual meeting, the persons appointed as proxies will vote thereon in their discretion.

The Company will bear the cost of soliciting proxies. Such cost will include charges by brokers and other custodians, nominees and fiduciaries for forwarding proxies and proxy material to the beneficial owners of Unisys common stock. Solicitation may also be made personally or by telephone by the Company's directors, officers and regular employees without additional compensation. In addition, the Company has retained Alliance Advisors to assist in the solicitation of proxies for a fee of approximately \$22,500, plus expenses.

By Order of the Board of Directors,

Gerald P. Kenney
