FORWARD-LOOKING STATEMENTS

Certain statements contained in this Form 6-K may be viewed as forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. These forward-looking statements are, by their nature, subject to significant risks and uncertainties, and include, without limitation, statements relating to:

our business and operating strategies and our ability to successfully execute these strategies;

our network expansion and capital expenditure plans;

our operations and business prospects;

the expected benefit of any acquisitions or other strategic transactions;

our financial condition and results of operations;

the expected impact of new services on our business, financial condition and results of operations;

the future prospects of and our ability to integrate acquired businesses and assets;

the industry regulatory environment as well as the industry outlook generally; and

future developments in the telecommunications industry in the People's Republic of China, or the PRC.

The words anticipate, believe, could, estimate, expect, intend, may, plan, seek, will, would and they relate to us, are intended to identify a number of these forward-looking statements.

These forward-looking statements are subject to risks, uncertainties and assumptions, some of which are beyond our control. In addition, these forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. We are under no obligation to update these forward-looking statements and do not intend to do so. Actual results may differ materially from the information contained in the forward-looking statements as a result of a number of factors, including, without limitation, the following:

any changes in the regulations or policies of the Ministry of Industry and Information Technology (prior to March 2008, the Ministry of Information Industry, or the MII), or the MIIT, and other relevant government authorities relating to, among other matters:

the granting and approval of licenses;

Table of Contents

tariff policies;

interconnection and settlement arrangements;

capital investment priorities;

the provision of telephone and other telecommunications services to rural areas in the PRC;

the convergence of television broadcast, telecommunications and Internet access networks, or three-network convergence; and

spectrum and numbering resources allocation;

the effects of competition on the demand for and price of our services;

any potential further restructuring or consolidation of the PRC telecommunications industry;

changes in the PRC telecommunications industry as a result of the issuance of the fourth generation mobile telecommunications, or 4G, licenses by the MIIT;

the development of new technologies and applications or services affecting the PRC telecommunications industry and our current and future business;

changes in political, economic, legal and social conditions in the PRC, including changes in the PRC government's specific policies with respect to foreign investment in and entry by foreign companies into the PRC telecommunications industry, economic growth, inflation, foreign exchange and the availability of credit;

results and effects of any investigation by the relevant PRC regulatory authorities; and

the development of our mobile business is dependent on the Tower Company.

Total Liabilities	(320,485)	(334,497)	(4.2%)

Total Equity²	335,381	326,697	2.7%
---------------------------------	---------	---------	------

- * Certain figures for the first quarter of 2017 were retrospectively restated due to the acquisition of satellite communications business and Shaanxi Zhonghe Hengtai Insurance Agent Limited by the Group in year 2017. Please refer to note 1 to the audited consolidated financial statements in 2017 Annual Report for details.
1. Service revenues were calculated based on operating revenues minus sales of mobile terminals (first quarter of 2018: RMB7,490 million; first quarter of 2017: RMB8,233 million), sales of wireline equipment and other non-service revenues (first quarter of 2018: total RMB1,156 million; first quarter of 2017: total RMB1,121 million).
 2. The Group adopted IFRS 15 Revenue from Contracts with Customers and IFRS 9 Financial Instruments since 1 January 2018. For IFRS 15 and IFRS 9, the Group applied the limited retrospective method choosing not to restate the comparative information for prior periods in accordance with the requirements under the accounting standards. The adjustments from the adoption of IFRS 15 and IFRS 9 resulted in an increase of the opening balance of retained earnings of the Group as at 1 January 2018 by approximately RMB3.1 billion in aggregate.

Wireline Local Voice Usage (Billion Pulses)	15.22	17.59	19.06
Wireline Long Distance Usage (Billion Minutes)	3.15	3.64	3.97

For the first quarter of 2018, facing the increasing intensified market competition, the Group stepped forward with keen determination to surmount tough difficulties. With thorough exploitation of all-rounded competitive capabilities persistently constructed and accumulated over the years as well as increased efforts in promotion of comprehensive in-depth reforms, the Group fully leveraged the advantages of multi-mode handsets, promoted large data traffic products and insisted on integrated operation strategy. As a result, mobile services maintained rapid growth momentum. The number of mobile subscribers reached approximately 265 million, representing a net addition of 15.34 million; of which the number of 4G users reached 200 million, representing a net addition of 18.22 million. The handset data traffic³ increased by 343% over the same period of last year and continued to maintain rapid growth. The monthly average data traffic per 4G user reached 3,907 MB. The Group continued to deepen the integration of Fibre-to-the-Home (FTTH) and Smart Family products and fully promoted the rapid growth of emerging businesses including e-Surfing HD, IDC, cloud and Big Data. The wireline services achieved healthy growth momentum. The

wireline broadband subscribers reached 137 million, representing a net addition of 3.76 million; of which FTTH subscribers reached a total of 130 million. The net addition of e-Surfing HD subscribers was 7.62 million, reaching a total of 93.38 million.

3. Handset data traffic represents the data traffic generated from 3G and 4G handset internet access.

A-3

Table of Contents

For the first quarter of 2018, the Group had solid performance in its overall results with steady enhancement in operating revenues and net profits. The operating revenues were RMB96,613 million, representing an increase of 5.6% over the same period of last year; of which the service revenues were RMB87,967 million, representing an increase of 7.1% over the same period of last year. The operating expenses increased by 5.6% over the same period of last year. Of which, the depreciation and amortisation expenses increased by 7.1% over the same period of last year which was mainly due to the corresponding increase brought by the investment in 4G and fibre broadband in recent years. The network operations and support expenses increased by 14.5% over the same period of last year which was mainly attributable to the increase in operating and maintenance expenses to assure for high-quality network services and the write-off of certain obsolete network equipment. The selling, general and administrative expenses decreased by 1.4% over the same period of last year as a result of the optimisation of the Group's sales and marketing model and the impact on the implementation of new revenue recognition standard. The personnel expenses increased by 5.0% over the same period of last year whereas the growth magnitude was lower than the revenue growth rate. During the period, the net finance costs decreased by 5.8% over the same period of last year as a result of the increased efforts in stringent control over capital centralisation and scale of interest-bearing debts as well as the optimisation of debts structure. The profit attributable to equity holders of the Company was RMB5,698 million, representing an increase of 6.5% over the same period of last year. EBITDA⁴ was RMB26,508 million, representing an increase of 6.8% over the same period of last year. EBITDA margin⁵ was 30.1%.

In the future, the Group will promote deepened supply-side structural reform and accelerate transformation and upgrades, fostering quality reform, efficiency reform and impetus reform. Leveraging all-round competitive capabilities and insisting on integration and innovation, the Group will implement a more proactive marketing strategy to accelerate efficient scale development and persistently promote cost reduction and efficiency enhancement, while appropriately responding to the changes of regulations as well as maintaining good growth momentum. Meanwhile, with the Group's devoted efforts to deeply promote network intelligentisation, service ecologicalisation and operation intellectualisation, a new generation of informatisation fundamental infrastructure featuring Internet of everything, human-computer interaction as well as integration of satellite with existing network as a whole is being created and built. With the establishment of integrated ecology between information technology and various sectors and industries, the Group will enhance corporate total factor productivity and march towards the three major goals of construction of Cyberpower, building a first-class enterprise, co-establishment of better living, endeavouring to continuously create new value for shareholders.

The Board wishes to remind investors that the above financial and business data are based on the Group's unaudited management accounts. Investors are cautioned not to unduly rely on such data.

In the meantime, investors are advised to exercise caution in dealing in the securities of the Company.

By Order of the Board

China Telecom Corporation Limited

Yang Jie

Chairman and Chief Executive Officer

Beijing, China, 27 April 2018

4. EBITDA was calculated based on operating revenues minus operating expenses plus depreciation and amortisation.
5. EBITDA margin was calculated based on EBITDA divided by service revenues.
