Invesco CurrencyShares® Swedish Krona Trust

Notes to Financial Statements

(Unaudited)

1. Background

On September 28, 2017, Guggenheim Capital, LLC (Guggenheim) and Invesco Ltd. entered into a Transaction Agreement (the Transaction Agreement), pursuant to which Guggenheim agreed to transfer all of the membership interests of Guggenheim Specialized Products, LLC (the Sponsor) to Invesco Capital Management LLC (Invesco Capital Management).

The Transaction Agreement was consummated on April 6, 2018 (the Closing) and immediately following the Closing, Invesco Capital Management changed the name of the Sponsor to Invesco Specialized Products, LLC.

2. Organization and Description of the Trust

The Invesco CurrencyShares® Swedish Krona Trust (the Trust) was formed under the laws of the State of New York on June 8, 2006 when the Sponsor deposited 1,000 Swedish Kronor in the Trust 's primary deposit account held by JPMorgan Chase Bank, N.A., London Branch (the Depository). The Sponsor is a Delaware limited liability company whose sole member is Invesco Capital Management. The Sponsor is responsible for, among other things, overseeing the performance of The Bank of New York Mellon (the Trustee) and the Trust 's principal service providers, including the preparation of financial statements. The Trustee is responsible for the day-to-day administration of the Trust.

The investment objective of the Trust is for the Trust 's shares (the Shares) to reflect the price in U.S. Dollars (USD) of the Swedish Krona plus accrued interest, if any, less the Trust 's expenses and liabilities. The Shares are intended to provide investors with a simple, cost-effective means of gaining investment benefits similar to those of holding Swedish Kronor. The Trust 's assets primarily consist of Swedish Kronor on demand deposit in two deposit accounts maintained by the Depository: a primary deposit account which may earn interest and a secondary deposit account which does not earn interest. The secondary deposit account is used to account for any interest that may be received and paid out on creations and redemptions of blocks of 50,000 Shares (Baskets). The secondary account is also used to account for interest earned, if any, on the primary deposit account, pay Trust expenses and distribute any excess interest to holders of Shares (Shareholders) on a monthly basis.

The accompanying unaudited financial statements were prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for interim financial information and with the instructions for Form 10-Q and the rules and regulations of the U.S. Securities and Exchange Commission. In the opinion of management, all material adjustments, consisting only of normal recurring adjustments, considered necessary for a fair statement of the interim period financial statements have been made. Interim period results are not necessarily indicative of results for a full-year period. These financial statements and the notes thereto should be read in conjunction with the Trust 's financial statements included in the Form 10-K as filed on January 11, 2018.

3. Significant Accounting Policies

A. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of the assets, liabilities and disclosures of contingent liabilities at the date of the financial statements, the reported amounts of revenue and expenses during the period and the evaluation of subsequent events through the issuance date of the financial statements. Actual results could differ from those estimates.

B. Foreign Currency Translation

For NAV calculation purposes, Swedish Krona deposits (cash) are translated at the Closing Spot Rate, which is the Swedish Krona/USD exchange rate as determined and published by The WM Company at 4:00 PM (London time / London fixing) on each day that NYSE Arca, Inc. (NYSE Arca) is open for regular trading.

Table of Contents

The Trust maintains its books and records in Swedish Kronor. For financial statement reporting purposes, the U.S. Dollar is the reporting currency. As a result, the financial records of the Trust are translated from Swedish Kronor to USD. The Closing Spot Rate on the last day of the period is used for translation in the statements of financial condition. The average Closing Spot Rate for the period is used for translation in the statements of comprehensive income and the statements of cash flows. Any currency translation adjustment is included in comprehensive income.

C. Federal Income Taxes

The Trust is treated as a grantor trust for federal income tax purposes and, therefore, no provision for federal income taxes is required. Interest, gains and losses are passed through to the Shareholders.

Shareholders generally will be treated, for U.S. federal income tax purposes, as if they directly owned a pro-rata share of the assets held in the Trust. Shareholders also will be treated as if they directly received their respective pro-rata portion of the Trust's income, if any, and as if they directly incurred their respective pro-rata portion of the Trust's expenses. The acquisition of Shares by a U.S. Shareholder as part of a creation of a Basket will not be a taxable event to the Shareholder.

The Sponsor's fee accrues daily and is payable monthly. For U.S. federal income tax purposes, an accrual-basis U.S. Shareholder generally will be required to take into account as an expense its allocable portion of the USD-equivalent of the amount of the Sponsor's fee that is accrued on each day, with such USD-equivalent being determined by the currency exchange rate that is in effect on the respective day. To the extent that the currency exchange rate on the date of payment of the accrued amount of the Sponsor's fee differs from the currency exchange rate in effect on the day of accrual, the U.S. Shareholder will recognize a currency gain or loss for U.S. federal income tax purposes.

The Trust does not expect to generate taxable income except for interest income (if any) and gain (if any) upon the sale of Swedish Kronor. A non-U.S. Shareholder generally will not be subject to U.S. federal income tax with respect to gain recognized upon the sale or other disposition of Shares, or upon the sale of Swedish Kronor by the Trust, unless: (1) the non-U.S. Shareholder is an individual and is present in the United States for 183 days or more during the taxable year of the sale or other disposition, and the gain is treated as being from United States sources; or (2) the gain is effectively connected with the conduct by the non-U.S. Shareholder of a trade or business in the United States.

A non-U.S. Shareholder's portion of any interest income earned by the Trust generally will not be subject to U.S. federal income tax unless the Shares owned by such non-U.S. Shareholder are effectively connected with the conduct by the non-U.S. Shareholder of a trade or business in the United States.

D. Revenue Recognition

Interest on the primary deposit account, if any, accrues daily as earned and is received or paid on a monthly basis. Any interest below zero for the period is reflected as interest expense. The Depository may change the rate at which interest accrues, including reducing the interest rate to zero or below zero, based upon changes in market conditions or based on the Depository's liquidity needs. Interest charged on the primary deposit account will be disclosed as interest expense.

E. Dividends

To the extent that the interest earned by the Trust, if any, exceeds the sum of the Sponsor's fee for the prior month plus other Trust expenses, if any, the Trust will distribute, as a dividend (herein referred to as dividends or distributions), the excess interest earned in Swedish Kronor effective on the first business day of the subsequent month. The Trustee will direct that the excess Swedish Kronor be converted into USD at the prevailing market rate and the Trustee will distribute the USD as promptly as practicable to Shareholders on a pro-rata basis (in accordance with the number of Shares that they own).

Table of Contents**4. Swedish Krona Deposits**

Swedish Krona principal deposits are held in a Swedish Krona-denominated, interest-bearing demand account. The interest rate in effect as of July 31, 2018 was an annual nominal rate of -1.25%. For the nine months July 31, 2018, there were no Swedish Krona principal deposits, Swedish Krona principal redemptions of 47,249,522 and Swedish Krona withdrawals (to pay expenses) of 2,331,750, resulting in an ending Swedish Krona principal balance of 141,623,845. This equates to 16,118,254 USD. For the year ended October 31, 2017, there were no Swedish Krona principal deposits, no Swedish Krona principal redemptions and Swedish Krona withdrawals (to pay expenses) of 3,216,593, resulting in an ending Swedish Krona principal balance of 191,205,117. This equates to 22,839,188 USD.

Net interest, if any, associated with creation and redemption activity is held in a Swedish Krona-denominated non-interest-bearing account, and any balance is distributed in full as part of the monthly income distributions, if any.

5. Redeemable Capital Shares

Shares are classified as redeemable for financial statement purposes, since they are subject to redemption. Shares are issued and redeemed continuously in Baskets in exchange for Swedish Kronor. Individual investors cannot purchase or redeem Shares in direct transactions with the Trust. Only Authorized Participants (as defined below) may place orders to create and redeem Baskets. An Authorized Participant is a Depository Trust Company (DTC) participant that is a registered broker-dealer or other institution eligible to settle securities transactions through the book-entry facilities of the DTC and which has entered into a contractual arrangement with the Trust and the Sponsor governing, among other matters, the creation and redemption process. Authorized Participants may redeem their Shares at any time in Baskets.

Due to expected continuing creations and redemptions of Baskets and the two-day period for settlement of each creation or redemption, the Trust reflects Shares created as a receivable on the trade date. Shares redeemed are reflected as a liability on the trade date. Outstanding Shares are reflected at a redemption value, which is the NAV per Share at the period end date. Adjustments to redeemable capital Shares at redemption value are recorded against retained earnings or, in the absence of retained earnings, by charges against the cumulative translation adjustment.

Activity in redeemable capital Shares is as follows:

	Nine months ended		Year ended	
	July 31, 2018 (Unaudited)		October 31, 2017	
	Shares	U.S. Dollar Amount	Shares	U.S. Dollar Amount
Opening Balance	200,000	\$ 22,806,848	200,000	\$ 21,520,432
Shares issued				
Shares redeemed	(50,000)	(5,593,844)		
Adjustment to period Shares due to currency movement and other		(1,117,573)		1,286,416
Ending Balance	150,000	\$ 16,095,431	200,000	\$ 22,806,848

The Trustee calculates the Trust's NAV each business day. To calculate the NAV, the Trustee subtracts the Sponsor's accrued fee through the previous day from the Swedish Kronor held by the Trust (including all unpaid interest, if any, accrued through the preceding day) and calculates the value of the Swedish Kronor in USD based upon the Closing Spot Rate. If, on a particular evaluation day, the Closing Spot Rate has not been determined and announced by 6:00 PM (London time), then the most recent Closing Spot Rate will be used to determine the NAV of the Trust unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate to use as the basis for the valuation. If the Trustee and the Sponsor determine that the most recent Closing Spot Rate is not an appropriate basis for valuation of the Trust's Swedish Kronor, they will determine an alternative basis for the valuation. The Trustee also determines the NAV per Share, which equals the NAV of the Trust, divided by the number of outstanding Shares. Shares deliverable under a purchase order are considered outstanding for purposes of determining NAV per Share; Shares deliverable under a redemption order are not considered outstanding for this purpose.

Table of Contents

6. Related Party Agreements

The Sponsor is a related party of the Trust. The Sponsor's fee accrues daily at an annual nominal rate of 0.40% of the Swedish Kronor in the Trust (including all unpaid interest but excluding unpaid fees, each as accrued through the immediately preceding day) and is paid monthly.

The Sponsor assumes and pays the following administrative and marketing expenses incurred by the Trust: the Trustee's monthly fee, NYSE Arca listing fees, SEC registration fees, typical maintenance and transaction fees of the Depository, printing and mailing costs, audit fees and expenses, up to \$100,000 per year in legal fees and expenses, and applicable license fees.

In certain exceptional cases the Trust will pay for some expenses in addition to the Sponsor's fee. These exceptions include expenses not assumed by the Sponsor (i.e., expenses other than those identified in the preceding paragraph), expenses resulting from a negative interest rate, taxes and governmental charges, expenses and costs of any extraordinary services performed by the Trustee or the Sponsor on behalf of the Trust or action taken by the Trustee or the Sponsor to protect the Trust or the interests of Shareholders, indemnification of the Sponsor under the Depository Trust Agreement, audit fees and legal expenses in excess of \$100,000 per year.

7. Concentration Risk

All of the Trust's assets are Swedish Kronor, which creates a concentration risk associated with fluctuations in the price of the Swedish Krona. Accordingly, a decline in the Swedish Krona to USD exchange rate will have an adverse effect on the value of the Shares. Factors that may have the effect of causing a decline in the price of the Swedish Krona include national debt levels and trade deficits, domestic and foreign inflation rates, domestic and foreign interest rates, investment and trading activities of institutions and global or regional political, economic or financial events and situations. Substantial sales of Swedish Kronor by the official sector (central banks, other governmental agencies and related institutions that buy, sell and hold Swedish Kronor as part of their reserve assets) could adversely affect an investment in the Shares.

All of the Trust's Swedish Kronor are held by the Depository. Accordingly, a risk associated with the concentration of the Trust's assets in accounts held by a single financial institution exists and increases the potential for loss by the Trust and the Trust's beneficiaries in the event that the Depository becomes insolvent.

8. Commitments and Contingencies

Under the Trust's organizational documents, the Sponsor is indemnified against any liability or expense it incurs without negligence, bad faith or willful misconduct on its part. The Trust's maximum exposure under this arrangement is unknown, as this would involve future claims that may be made against the Trust that have not yet occurred.

Table of Contents**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations****Cautionary Statement Regarding Forward-Looking Information**

This report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as anticipate, expect, intend, plan, believe, outlook and estimate and other similar words. Forward-looking statements are based upon our current expectations and beliefs concerning future developments and their potential effects on us. Such forward-looking statements are not guarantees of future performance. Various factors may cause our actual results to differ materially from those expressed in our forward-looking statements. These factors include fluctuations in the price of the Swedish Krona, as the value of the Shares relates directly to the value of the Swedish Kronor held by the Trust and price fluctuations could materially adversely affect an investment in the Shares. Readers are urged to review the Risk Factors section contained in the Trust's most recent annual report on Form 10-K for a description of other risks and uncertainties that may affect an investment in the Shares.

Neither Invesco Specialized Products, LLC (the Sponsor) nor any other person assumes responsibility for the accuracy or completeness of forward-looking statements contained in this report. The forward-looking statements are made as of the date of this report, and will not be revised or updated to reflect actual results or changes in the Sponsor's expectations or predictions.

Trust Overview

The Invesco CurrencyShares® Swedish Krona Trust (the Trust) is a grantor trust that was formed on June 8, 2006. The Trust issues shares (the Shares) in blocks of 50,000 (a Basket) in exchange for deposits of Swedish Kronor and distributes Swedish Kronor in connection with the redemption of Baskets. The Shares commenced trading on the New York Stock Exchange under the ticker symbol FXS on June 26, 2006. The primary listing of the Shares was transferred to NYSE Arca on October 30, 2007.

The investment objective of the Trust is for the Shares to reflect the price of the Swedish Krona plus accrued interest, if any, less the expenses of the Trust's operations. The Shares are intended to offer investors an opportunity to participate in the market for the Swedish Krona through an investment in securities. The Shares are intended to provide institutional and retail investors with a simple, cost-effective means of gaining investment benefits similar to those of holding the Swedish Krona. The Shares are bought and sold on NYSE Arca like any other exchange-listed security. The Shares are backed by the assets of the Trust, which does not hold or use derivative products. The Trust is a passive investment vehicle and does not have any officers, directors or employees. The Trust does not engage in any activities designed to obtain profit from, or ameliorate losses caused by, changes in the price of the Swedish Krona. Investing in the Shares does not insulate the investor from certain risks, including price volatility.

Definition of Net Asset Value

The Trustee calculates, and the Sponsor publishes, the Trust's Net Asset Value (NAV) each business day. To calculate the NAV, the Trustee adds to the amount of Swedish Kronor in the Trust at the end of the preceding day accrued but unpaid interest, if any, Swedish Kronor receivable under pending purchase orders and the value of other Trust assets, and subtracts the accrued but unpaid Sponsor's fee, Swedish Kronor payable under pending redemption orders and other Trust expenses and liabilities, if any. The NAV is expressed in USD based on the Swedish Krona/USD exchange rate as determined by The WM Company as of 4:00 PM (London time / London fixing) (the Closing Spot Rate) on each day that NYSE Arca is open for regular trading. If, on a particular evaluation day, the Closing Spot Rate has not been determined and announced by 6:00 PM (London time), then the most recent Closing Spot Rate is used to

determine the NAV of the Trust unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate to use as the basis for the valuation.

The Trustee also determines the NAV per Share, which equals the NAV of the Trust divided by the number of outstanding Shares. The NAV of the Trust and NAV per Share are published by the Sponsor on each day that NYSE Arca is open for regular trading and are posted on the Trust's website, www.invesco.com/etfs.

Table of Contents

Movements in the Price of the Swedish Krona

The investment objective of the Trust is for the Shares to reflect the price in USD of the Swedish Krona plus accrued interest, if any, less the expenses of the Trust's operations. The Shares are intended to provide institutional and retail investors with a simple, cost-effective means of gaining investment benefits similar to those of holding Swedish Kronor. Each outstanding Share represents a proportional interest in the Swedish Kronor held by the Trust. The following chart provides recent trends on the price of the Swedish Krona. The chart illustrates movements in the price of the Swedish Krona in USD and is based on the Closing Spot Rate:

Table of Contents

NAV per Share; Valuation of the Swedish Krona

The following chart illustrates the movement in the price of the Shares based on (1) NAV per Share, (2) the bid and ask midpoint offered on NYSE Arca and (3) the Closing Spot Rate, expressed as a multiple of 1,000 Swedish Kronor:

Table of Contents

Liquidity

The Sponsor is not aware of any trends, demands, conditions or events that are reasonably likely to result in material changes to the Trust's liquidity needs. The Trust's Depository, JPMorgan Chase Bank, N.A., London Branch, maintains two deposit accounts for the Trust, a primary deposit account that may earn interest and a secondary deposit account that does not earn interest. Interest on the primary deposit account, if any, accrues daily and is paid monthly. The interest rate in effect as of July 31, 2018 was an annual nominal rate of -1.25%. The following chart provides the daily rate paid by the Depository since July 31, 2013:

In exchange for a fee, the Sponsor bears most of the expenses incurred by the Trust. As a result, the only ordinary expense of the Trust during the period covered by this report was the Sponsor's fee. Each month the Depository deposits into the secondary deposit account accrued but unpaid interest, if any, and the Trustee withdraws Swedish Kronor from the secondary deposit account to pay the accrued Sponsor's fee for the previous month plus other Trust expenses, if any. When the interest deposited, if any, exceeds the sum of the Sponsor's fee for the prior month plus other Trust expenses, if any, the Trustee converts the excess into USD at the prevailing market rate and distributes the USD as promptly as practicable to Shareholders on a pro rata basis (in accordance with the number of Shares that they own). The Trust did not make any distributions during the quarter ended July 31, 2018.

Critical Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Sponsor's management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period covered by this report.

In addition to the description below, please refer to Note 3 to the financial statements for further discussion of our accounting policies.

Table of Contents

The functional currency of the Trust is the Swedish Krona in accordance with ASC 830, Foreign Currency Translation.

Results of Operations

As of October 31, 2017, the number of Swedish Kronor owned by the Trust was 191,205,117, resulting in a redeemable capital share value of \$22,806,848. During the nine months ended July 31, 2018, no Shares were created and 50,000 Shares were redeemed in exchange for 47,249,522 Swedish Kronor. In addition, 2,331,750 Swedish Kronor were withdrawn to pay the portion of the Sponsor's fee that exceeded the interest earned. As of July 31, 2018, the number of Swedish Kronor owned by the Trust was 141,623,845, resulting in a redeemable capital Share value of \$16,095,431.

A decrease in the Trust's redeemable capital Share value from \$22,806,848 at October 31, 2017 to \$16,095,431 at July 31, 2018, was primarily the result of a decrease in the number of Shares outstanding from 200,000 at October 31, 2017 to 150,000 at July 31, 2018, and a decrease in the Closing Spot Rate from 0.11945 at October 31, 2017 to 0.11381 at July 31, 2018.

No interest income was earned during the three months ended July 31, 2017, the three months ended July 31, 2018, the nine months ended July 31, 2017 and the nine months ended July 31, 2018, due to an annual nominal interest rate which remained at or below 0.00% through those periods, as set forth in the chart above.

The Sponsor's fee accrues daily at an annual nominal rate of 0.40% of the Swedish Kronor in the Trust. Due primarily to a decrease in the weighted-average Swedish Kronor in the Trust, the Sponsor's fee decreased from \$22,549 for the three months ended July 31, 2017 to \$18,711 for the three months ended July 31, 2018, and decreased from \$65,097 for the nine months ended July 31, 2017 to \$64,337 for the nine months ended July 31, 2018. Because the annual interest rate paid by the depository remained at or below 0.00%, the Trust incurred interest expense. Due primarily to a decrease in the weighted-average Swedish Kronor in the Trust, interest expense decreased from \$71,499 for the three months ended July 31, 2017 to \$59,517 for the three months ended July 31, 2018, and decreased from \$206,405 for the nine months ended July 31, 2017 to \$204,181 for the nine months ended July 31, 2018. The only expenses of the Trust during the three months and nine months ended July 31, 2018 were the Sponsor's fee and interest expense.

The Trust's net loss for the three months ended July 31, 2018 was \$78,228 due to the Sponsor's fee of \$18,711 and interest expense of \$59,517 exceeding interest income of \$0. The Trust's net loss for the nine months ended July 31, 2018 was \$268,518 due to the Sponsor's fee of \$64,337 and interest expense of \$204,181 exceeding interest income of \$0.

Cash dividends were not paid by the Trust for the three months ended July 31, 2017, the three months ended July 31, 2018, the nine months ended July 31, 2017 and the nine months ended July 31, 2018, as the Trust's interest income did not exceed the Trust's expenses during those periods.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Except as described above with respect to fluctuations in the Swedish Krona/USD exchange rate and changes in the nominal annual interest rate paid by the Depository on Swedish Kronor held by the Trust, the Trust is not subject to market risk. The Trust does not hold securities and does not invest in derivative products.

Item 4. Controls and Procedures.

The Trust maintains disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) designed to ensure that material information relating to the Trust is recorded, processed and disclosed on a timely basis. The Trust's disclosure controls and procedures are designed by or under the supervision of the Sponsor's principal executive officer and principal financial officer, who exercise oversight over the Trust as the Trust has no officers. The principal executive officer and principal financial officer of the Sponsor have evaluated the effectiveness of the Trust's disclosure controls and procedures as of July 31, 2018. Based on that evaluation, the principal executive officer and principal financial officer of the Sponsor have concluded that the disclosure controls and procedures of the Trust were effective as of the end of the period covered by this report.

Table of Contents

There were no changes in the Trust's internal control over financial reporting that occurred during the Trust's last fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Trust's internal control over financial reporting.

PART II OTHER INFORMATION**Item 1. Legal Proceedings**

None.

Item 1A. Risk Factors***Current Discussions between the SEC and PricewaterhouseCoopers LLP regarding PricewaterhouseCoopers LLP's Independence Could Have Potentially Adverse Consequences for the Trust.***

PricewaterhouseCoopers LLP informed the Trust that it has identified an issue related to its independence under Rule 2-01(c)(1)(ii)(A) of Regulation S-X (referred to as the Loan Rule). The Loan Rule prohibits accounting firms, such as PricewaterhouseCoopers LLP, from being deemed independent if they have certain financial relationships with their audit clients or certain affiliates of those clients. The Trust is required under various securities laws to have its financial statements audited by an independent accounting firm.

The Loan Rule specifically provides that an accounting firm would not be independent if it or certain affiliates and covered persons receives a loan from a lender that is a record or beneficial owner of more than ten percent of an audit client's equity securities (referred to as a "more than ten percent owner"). For purposes of the Loan Rule, audit clients include the Trust as well as all registered investment companies advised by the Sponsor and its affiliates, including other subsidiaries of the Sponsor's parent company, Invesco Ltd. (collectively, the "Invesco Fund Complex"). PricewaterhouseCoopers LLP informed the Trust it and certain affiliates and covered persons have relationships with lenders who hold, as record owner, more than ten percent of the shares of certain funds within the Invesco Fund Complex, which may implicate the Loan Rule.

On June 20, 2016, the SEC Staff issued a "no-action" letter to another mutual fund complex (see Fidelity Management & Research Company et al., No-Action Letter) related to the audit independence issue described above. In that letter, the SEC confirmed that it would not recommend enforcement action against a fund that relied on audit services performed by an audit firm that was not in compliance with the Loan Rule in certain specified circumstances. On May 2, 2018, the SEC proposed amendments to the Loan Rule that, if adopted as proposed, would address many of the issues that led to issuance of the no-action letter. In connection with prior independence determinations, PricewaterhouseCoopers LLP communicated, as contemplated by the no-action letter, that it believes that it remains objective and impartial and that a reasonable investor possessing all the facts would conclude that PricewaterhouseCoopers LLP is able to exhibit the requisite objectivity and impartiality to report on the Trust's financial statements as the independent registered public accounting firm. PricewaterhouseCoopers LLP also represented that it has complied with PCAOB Rule 3526(b)(1) and (2), which are conditions to the Trust relying on the no action letter, and affirmed that it is an independent accountant within the meaning of PCAOB Rule 3520. Therefore, the Sponsor, the Trust and PricewaterhouseCoopers LLP concluded that PricewaterhouseCoopers LLP could continue as the Trust's independent registered public accounting firm. The Invesco Fund Complex relied upon the no-action letter in reaching this conclusion.

If in the future the independence of PricewaterhouseCoopers LLP is called into question under the Loan Rule by circumstances that are not addressed in the SEC's no-action letter, the Trust will need to take other action in order for

the Trust's filings with the SEC containing financial statements to be deemed compliant with applicable securities laws. Such additional actions could result in additional costs, impair the ability of the Trust to issue new shares or have other material adverse effects on the Trust. The SEC no-action relief was initially set to expire 18 months from issuance but has been extended by the SEC without an expiration date, except that the no-action letter will be withdrawn upon the effectiveness of any amendments to the Loan Rule designed to address the concerns expressed in the letter.
