A Letter to Hudson Global, Inc. Stockholders

April 18, 2019

Dear Stockholder,

Ahead of Hudson Global's 2019 annual meeting of stockholders on May 6, 2019, we wanted to highlight the current Board's history of commitment to growing stockholder value and improving stockholder rights. We continue to be encouraged by the progress being made on these two fronts and are very excited about our future.

Originating from a collection of 67 recruitment agency acquisitions by TMP Worldwide in the early 2000's, Hudson Global became an independent, publicly-held company in 2003. From 2003 to 2013, poor business structure and very poor leadership led to an 11% absolute decline in Hudson Global's stock price over this 11-year period, significantly underperforming all relevant peers and stock market indices. Our current CEO, Jeff Eberwein, invested in Hudson Global shares in 2013 and launched a proxy contest in 2014 along with current Chairman of the Board, Rick Coleman, in order to improve the Company's performance, as well as to improve stockholder rights. As a reflection of stockholders' belief in our vision and capabilities, Messrs. Eberwein and Coleman were elected to the Hudson Global Board in an 80% to 6% vote.

Following the 2015 annual meeting of stockholders, all legacy Board members left the Board and Mr. Eberwein was named Chairman of the Board. At that time, the new Board implemented a series of measures designed to enhance stockholder rights and improve the leadership's responsiveness to stockholders, including:

- Declassified the Board so all director positions would be elected annually

- Eliminated all supermajority voting requirements

- Enabled stockholders to call special meetings

- Enabled stockholders to act by written consent

Eliminated cash compensation to directors

Implemented a plan to protect Hudson Global's valuable NOL asset

In 2015, the Board announced a \$10 million share buyback plan and made two cash dividend payments to stockholders in 2016 totaling \$3.4 million. Through December 31, 2018, the Company had repurchased 3.8 million shares for a total of \$7.6 million under this buyback plan.

Starting in 2015, the new Board initiated a strategic review process to explore options to enhance stockholder value, including the potential sale of non-core businesses. This process culminated with the announcement on December 17, 2017 of three divestitures to exit our agency recruitment business so that going forward we could instead focus on our high-potential global RPO business. Since that announcement, our stock price has risen almost 20%. Following the successful close of the three divestiture transactions in March 2018, Hudson Global's then CEO, Stephen Nolan, retired, was replaced by Chairman of the Board, Jeff Eberwein, and Rick Coleman was named Chairman of the Board.

Thereafter, management reviewed the Company's corporate costs on a line-by-line basis and we made difficult decisions to shed personnel and reduce expenses. We believe the run rate for corporate costs in 2019 should approximate \$4 million, which is about 50% lower than in 2018, including severance costs, or about one-third lower, excluding severance costs. This cost reduction has come without any negative impact on our operating business.

Additionally, earlier this year, the Company completed a tender offer for 2.5 million shares at a purchase price of \$1.50 per share, representing almost 8% of our shares outstanding, which accelerated our ongoing effort to buy back stock and increase intrinsic value per share.

As outlined in this year's proxy statement, the Board commenced a process in 2018 to identify potential new additions to the Board who met the following criteria:

· Human resources experience in the Company's business areas

· Ability to add value to the Company and assist in the growth of its business

· Enhance the Board's composition in a manner compliant with the guidelines of Institutional Shareholder Services, including guidelines regarding gender diversity in Board composition

As a result of this process, we added two highly-qualified, independent directors to our Board, Mimi Drake and Connia Nelson. During the search for potential new directors, we interviewed a number of candidates, some of whom were suggested by stockholders, and decided that Mses. Drake and Nelson best met the criteria outlined above.

As always, we thank you for your continued support of Hudson Global, and we welcome all stockholder feedback. We strongly encourage you to complete, sign, and date the WHITE proxy card to vote for the leadership team that has the best interests of all stockholders in mind.

Sincerely,

/s/ Rick Coleman
