**PROXY STATEMENT
FOR THE
ANNUAL MEETING OF SHAREHOLDERS TO BE HELD
May 14, 2008**

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Trustees (["Board of Trustees," "Trustees" or "Board"]) of the Company for use at the Annual Meeting of its shareholders scheduled to be held on Wednesday, May 14, 2008, at 10:00 a.m., local time, at the offices of Paul, Hastings, Janofsky & Walker, LLP, which are located at Park Avenue Tower, 75 East 55th Street, New York, NY 10022, or any postponement or adjournment thereof. This Proxy Statement and accompanying form of proxy were first sent to shareholders on or about April 9, 2008.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to be Held on May 14, 2008 - This Proxy Statement and the Company's 2007 Annual Report to shareholders are available at www.acadiarealty.com/proxy.

The Company will bear the costs of the solicitation of its proxies in connection with the Annual Meeting, including the costs of preparing, assembling and mailing proxy materials and the handling and tabulation of proxies received. In addition to solicitation of proxies by mail, the Company's Board of Trustees, officers and employees may solicit proxies in connection with the Annual Meeting by telephone, telegram, personal interviews or otherwise. Trustees, officers and employees will not be paid any additional compensation for soliciting proxies. Arrangements have been made with brokerage firms, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of common shares of beneficial interest, par value \$.001 of the Company, (the ["Common Shares"]) held of record by such persons or firms with their nominees, and in connection therewith, such firms will be reimbursed for their reasonable out-of-pocket expenses in forwarding such materials.

All properly executed and unrevoked proxies in the accompanying form that are received in time for the Annual Meeting will be voted at the Annual Meeting in accordance with the specification thereon. If no specification is made, signed proxies will be voted ["FOR"] each of the proposals set forth in the Notice of Annual Meeting. Any shareholder executing and delivering a proxy has the right to revoke such proxy at any time prior to the voting thereof by notice to the Company. In addition, although mere attendance at the Annual Meeting will not revoke a proxy, a person present at the Annual Meeting may withdraw his or her proxy and vote in person at that time. Any written notice revoking a proxy should be delivered at or prior to the Annual Meeting to the attention of the Secretary, Acadia Realty Trust, 1311 Mamaroneck Avenue, Suite 260, White Plains, New York 10605.

The Board of Trustees recommends a vote ["FOR"] each of the proposals.

OUTSTANDING SHARES AND VOTING RIGHTS

The outstanding capital shares of the Company as of March 31, 2008 consisted of 32,262,127 Common Shares. Holders of Common Shares are entitled to one vote for each Common Share registered in their names on the record date. The Board of Trustees has fixed the close of business on March 31, 2008 as the record date for determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. The presence, in person or by proxy, of the holders of Common Shares entitled to cast at least a majority of the votes of the outstanding Common Shares on March 31, 2008 will constitute a quorum to transact business at the Annual Meeting.

The approval of a plurality of the votes cast by holders of Common Shares in person or by proxy at the Annual Meeting in the election of Trustees will be required to approve the nominees for Trustees at the Annual Meeting. There is no cumulative voting in the election of Trustees. The approval of a majority of the votes cast by holders of Common Shares in person or by proxy at the Annual Meeting will be required for the ratification of the appointment of the independent registered public accounting firm of BDO Seidman, LLP as the independent registered public accounting firm.

Proxies marked abstain and which have not voted on a particular proposal are included in determining a quorum for the Annual Meeting. Abstentions are not treated as votes cast in the election of Trustees or in the ratification of the appointment of the independent registered public accounting firm, and thus are not the equivalent of votes against a nominee or against the ratification of the appointment of BDO Seidman, LLP as the independent registered public accounting firm, as the case may be, and will not affect the vote with respect to these matters. Because the proposals described in this proxy statement are considered [routine], there will be no [broker non-votes].

PROPOSAL 1 [ELECTION OF TRUSTEES

There are seven nominees for election as Trustees for one-year terms, expiring in 2009 or until their successors are elected. Election of each Trustee requires the approval of a plurality of the votes cast by the holders of Common Shares in person or by proxy at the Annual Meeting.

The Company's Bylaws provide that the Board of Trustees may be composed of up to a maximum of 15 members. The Board of Trustees currently consists of eight Trustees, each of whom serves until the next annual meeting of shareholders and until his or her successor is duly elected and qualified. As stated elsewhere herein, the enclosed proxy will be voted for the election as Trustee of each nominee whose name is set forth below unless a contrary instruction is given. All of the nominees currently serve as Trustees of the Company. Management believes that all of its nominees are willing and able to serve the Company as Trustees. If any nominee at the time of election is unable or unwilling to serve or is otherwise unavailable for election, and as a consequence thereof, other nominees are designated, the persons named in the enclosed proxy or their substitutes will have the discretion and authority to vote or refrain from voting for other nominees in accordance with their judgment. The Board of Trustees has a Nominating and Corporate Governance Committee.

Trustee Independence. With seven independent Trustees out of eight, the Board has satisfied its objective that a majority of the Board should consist of independent Trustees. The Board of Trustees has affirmatively determined that each of Messrs. Crocker, Forman, Kellar, Spitz and Wielansky and Mss. Hopgood and Luscombe is independent under the rules of the New York Stock Exchange. The Board of Trustees considered transactions and relationships between each Trustee or any member of his or her immediate family and the Company and its subsidiaries and affiliates. In determining Mr. Wielansky's independence, the Board of Trustees considered the fact that Mr. Wielansky is entitled to receive annual fees totaling \$100,000 for providing consulting services to the Company, including assisting with the underwriting and analysis of development and redevelopment opportunities as well as assisting with sourcing of direct acquisitions and identifying potential joint venture partners. The Board of Trustees did not consider this relationship to be material in determining Mr. Wielansky's independence because it believed the amount involved would not interfere with Mr. Wielansky's independent judgment. The Board of Trustees has determined that each member of the Audit, Compensation and Nominating and Corporate Governance committees is independent under the criteria for independence set forth in the listing standards of the New York Stock Exchange. Upon the election of all nominees, the Company will continue to meet the New York Stock Exchange requirement for a majority of independent Trustees serving on the Board of Trustees.

The following is a brief description of the nominees for election as Trustees of the Company:

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF AUDITORS

The Board of Trustees has selected BDO Seidman, LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008, and has directed that the selection of the independent registered public accounting firm be submitted for ratification by the shareholders at the Annual Meeting.

Shareholder ratification of the selection of BDO Seidman, LLP as the Company's independent registered public accounting firm is not required by the Company's Declaration of Trust, Bylaws or otherwise. However, the Board of Trustees is submitting the selection of BDO Seidman, LLP to the shareholders for ratification as a matter of what it considers to be good corporate practice. Notwithstanding the ratification of, or failure to ratify the selection, the Audit Committee of the Board of Trustees in its discretion may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its subsidiaries.

Representatives of BDO Seidman, LLP are not expected to be present at the Annual Meeting.

Vote Required; Recommendation

The approval of a majority of the votes cast by holders of Common Shares in person or by proxy at the Annual Meeting in the ratification of the appointment of the independent registered public accounting firm is required to ratify the appointment of BDO Seidman, LLP as the independent registered public accounting firm. The Board of Trustees unanimously recommends that the shareholders vote FOR the ratification of BDO Seidman, LLP as the independent registered public accounting firm.

MANAGEMENT**Meetings and Attendance**

During 2007, the Board of Trustees held seven meetings, the Audit Committee held nine meetings, the Compensation Committee held 12 meetings, the Nominating and Corporate Governance Committee held six meetings and the Investment/Capital Markets Committee had numerous telephonic discussions on transactions. The Board of Trustees believes consistent attendance with a minimum of missed meetings is important in carrying out the responsibilities of being a Trustee. The average attendance in the aggregate of the total number of Board of Trustees and committee meetings was 94%. No Trustee attended fewer than 90% of the aggregate of all meetings of the Board of Trustees and applicable committee meetings with the exception of Mr. Forman who attended slightly fewer than 75% of the aggregate of all meetings of the Board of Trustees and applicable committee meetings due to overriding time constraints of his employment. Due to these time constraints, Mr. Forman will not sit for re-election to the Board of Trustees.

The Company does not have a formal policy requiring Trustees to be present at annual meetings, although the Company does encourage their attendance. All of the Company's Trustees attended the 2007 annual meeting.

Furthermore, the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made must include their names and addresses as they appear on the Company's books, as well as the class and number of shares of the Company that they beneficially own. The Committee may identify other candidates, if necessary, through recommendations from directors, management, employees or outside consultants.

The Committee will review candidates in the same manner regardless of the source of the recommendation. Under the Company's Bylaws, a shareholder must deliver notice of nominees for Trustee to our Corporate Secretary not less than 60 days and no more than 90 days prior to the first anniversary date of the preceding year's annual meeting, provided, however, that in the event that the date of the annual meeting is advanced by more than 30 days

Investment/Capital Markets Committee

The Investment/Capital Markets Committee (the "Investment Committee") has been established for the primary purpose of (i) screening all transactions that are within certain defined pre-approval limits to ensure such transactions are within such limits, (ii) acting as the pricing committee for all equity offerings and (iii) for other investments and capital market transactions, and to exercise such authority as is given to it from time to time by the Board of Trustees. The Committee has the authority to obtain advice and assistance from outside legal, accounting or other advisors as deemed appropriate to perform its duties and responsibilities.

The Investment Committee charter requires that it be comprised of at least three members, each of whom is independent as defined by the listing standards of the New York Stock Exchange. The Company's Chief Executive Officer is an *ex-officio* member of the Investment Committee. Messrs. Crocker (Chair), Forman and Wielansky have served as the members of the Investment Committee since the 2004 Annual Meeting of Shareholders and Mr. Spitz has served since 2007. The Board of Trustees has determined that each of these members is independent within the meaning of the listing standards of the New York Stock Exchange. The Investment Committee had numerous telephonic discussions on transactions during the last fiscal year.

Lorrence T. Kellar
Douglas Crocker II
William T. Spitz

(1) Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate by reference this Proxy Statement or future filings made by the Company under those statutes, the Compensation Committee Report is not deemed filed with the Securities and Exchange Commission and shall not be deemed incorporated by reference into any of those prior filings or into any future filings made by the Company under those statutes.

COMPENSATION DISCUSSION AND ANALYSIS

Discussed and analyzed below are the Company's compensation programs for its Named Executive Officers whose total who are included in the Summary Compensation Table on page 23 (collectively, the "Named Executive Officers or NEOs").

I. Objectives of Acadia Realty Trust's Executive Compensation Program

The Company's success depends on developing, motivating and retaining executives who have the skills and expertise to lead a fully integrated, self-managed and self-administered equity REIT. In designing its executive compensation program, the Company seeks to give the Board of Trustees, the shareholders, and the management team a clear understanding of how total compensation is determined. The ultimate goals for all parties involved are fairness, transparency, predictability, retention and performance maximization.

The executive compensation program is designed to help the Company achieve the objectives that are reflected in the Compensation Committee's Charter which is available on our website at www.acadiarealty.com in the "Investors" "Corporate Governance" section.

The Compensation Committee's Executive Compensation objectives are as follows:

1. Motivating our Named Executive Officers in order to create maximum shareholder value

2. Providing incentives to our Named Executive Officers that reward dedication, hard work and success.
3. Aligning the interests of our Named Executive Officers and shareholders as closely as possible.
4. Creating the right mix of long-term incentives to motivate and to retain our Named Executive Officers
5. Creating an incentive compensation program that can go beyond our Named Executive Officers and be utilized throughout the organization.

16

The following sections describe the components of the Company's executive compensation program and its process for determining the compensation of the Named Executive Officers by the Chief Executive Officer (the "CEO"), the Compensation Committee and the Board of Trustees, based upon input from our CEO for Named Executive Officers (other than himself) and a subjective review of the Company's performance, the individual's performance and the individual's unit performance. For a discussion of compensation for the members of the Board of Trustees, see Board of Trustees Compensation.

II. Specific Elements of Acadia Realty Trust's Executive Compensation Program

The Company's executive compensation program reflects the Company's desire to have a compensation structure that has sufficient depth to encourage its management team to meet the short-term and long-term objectives described above (see the discussion under Objectives of Acadia Realty Trust's Executive Compensation Program), but also sufficient clarity to ensure that the Board of Trustees, shareholders and the management team have an understanding of how total compensation is determined. The Company's executive compensation program consists of four main elements:

- | | |
|---|--|
| A | Competitive base salaries |
| B | Performance-based Incentive Compensation |
| C | Post-employment severance and Change in Control payments |
| D | Standard Employee Benefit Plans |

A. Competitive Base Salaries

The starting point for the Company's executive compensation program is a competitive annual base salary. The Compensation Committee recommends to the full Board of Trustees the base salaries for the Named Executive Officers as fixed amounts to provide a reliable indication of the minimum amount of compensation that a Named Executive Officer will receive in a given year. Base salaries are reviewed annually and adjusted to reflect market data and individual circumstances, such as promotions.

The Compensation Committee's base salary recommendations for the Named Executive Officers are generally made on a discretionary basis from year to year, with the objective of being in line when compared to our competitors. Market data provided by ECG Advisors, LLC (the "ECG" or "Compensation Committee Consultant") related to the Company's peer group is also used by the Compensation Committee to determine base salary recommendations. The Compensation Committee does not think narrow quantitative measures or formulas are sufficient for determining the Named Executive Officer's compensation. The Compensation Committee has decided to compensate the Named Executive Officers, with the exception of the CEO and the Executive Vice President (the "EVP"), with comparable levels of base salary and to differentiate for individual performance through Performance Incentive awards. The Compensation Committee evaluates the CEO's compensation by taking into consideration the salary of CEOs among our peer group, Mr. Bernstein's contributions to the Company's business, the Company's success and his career experience. The Compensation Committee does not give specific weights to the factors considered, but the primary factors are the CEO's contributions and business results.

B. Performance Incentive Compensation

The Compensation Committee and the Board of Trustees have sought to emphasize long-term performance through shifting the emphasis for executive compensation from cash bonuses to Restricted Shares and long term restricted partnership units (LTIP Units), but implemented this in part by taking into consideration individual circumstances in determining whether performance-based incentive awards are paid partly in the form of cash bonuses. Incentive awards reflect the Compensation Committee's recommendations to the full Board of Trustees based on the committee's subjective assessment of corporate, unit and individual performance of each Named Executive Officer (with the

17

assistance of the CEO for NEO's other than himself). The Compensation Committee makes incentive compensation recommendations at its December meeting for approval at that time by the Board of Trustees, with incentive awards being made in the first quarter of each year for the prior year performance.

In keeping with the long-term and highly technical nature of the Company's business, the Compensation Committee places significant emphasis on a long-term approach to executive compensation. Its incentive awards are consequently intended to develop and retain strong management through share ownership and incentive awards whose value will vary, depending on future corporate performance. These ownership opportunities and awards also provide a retention benefit, as they vest in the future. The Company has historically used Restricted Shares and Options to purchase Common Shares issued under its 1999, 2003 and 2006 Share Incentive Plans, principally through its Restricted Share Bonus Program (described below) as its primary form of long-term incentive compensation. Because the Company's long-term incentive program is designed to motivate our Named Executive Officers, the Company does not consider prior amounts realized in setting future compensation levels.

(1) Long Term Incentive Program Units

In 2007, the Compensation Committee recommended and the Board of Trustees approved a program to issue LTIP Units to the Named Executive Officers as part of an LTIP Unit program that replaced most executive cash bonuses for 2007. LTIP Units are similar in many ways to restricted shares but provide for a quarterly partnership distribution in a like amount as paid to holders of common partnership units. The LTIP Units are convertible into common partnership units and Common Shares upon vesting. Vesting, which is subject to the recipient's continued employment with the Company through the applicable vesting dates, ranges from five to ten years from the date of grant.

(2) Restricted Shares

Restricted Shares generally carry many of the rights of unrestricted Common Shares, but may not be transferred, assigned or pledged until the recipient has a vested, non-forfeitable right to these shares. Vesting, which is subject to the recipient's continued employment with the Company through the applicable vesting dates, ranges from the grant date up to five years from the date of grant. In addition, the vesting of a certain portion of the Restricted Shares is contingent upon the Company's shareholder return exceeding certain thresholds in the year such vesting is scheduled to occur. (See the discussion below under "Method for Determining Executive Compensation").

(3) Stock Options

The Company has the discretion to award Options pursuant to the 1999, 2003 and 2006 Share Incentive Plans, it has not done so in the last two years and does not intend to do so in the future consistent with industry and marketplace practices, which are moving toward Restricted Shares and LTIP Unit awards.

C. Post-employment Severance and Change in Control Payments; Recoupment of Awards

The Company offers post-employment severance and change in control (within the meaning of the 1999, 2003 and 2006 Share Incentive Plans "Change in Control") payments to its Named Executive Officers based on the circumstances of termination. The Company includes severance and Change in Control payments as an element of its executive compensation structure to support the compensation elements described above. These payments

provide an incentive for Named Executive Officers to achieve the performance goals described above by providing assurance that past achievements will be recognized in certain circumstances in which the Company experiences a Change in Control or the Named Executive Officer experiences a separation from service. However, the Company's severance and Change in Control payment structure also serves an important retention function by providing for forfeiture of awards in appropriate circumstances, such as in the event of a termination for cause.

The Compensation Committee is considering the adoption of a policy relating to the recoupment of stock awards and their proceeds if an NEO's fraud or misconduct triggers a material financial restatement. No such policy currently exists.

18

D. Standard Employee Benefit Plans

The Company provides a variety of medical, dental, life, disability and accidental death and dismemberment insurance policies that are generally available to all of its full-time employees. The Company also provides a contributory 401(k) savings plan to employees of the Company (the "401(k) Plan"), which provides for matching contributions of 50% up to the first 6% of the participant's base salary. The All Other Compensation Table summarizes the matching contributions that the Company made to the Named Executive Officers under the 401(k) Plan during the fiscal year ended December 31, 2007 and December 31, 2006. The costs of these benefits constitute only a small percentage of each of our Named Executive Officer's total compensation.

In 2003, the Company instituted the Acadia Realty Trust Employee Share Purchase Plan (the "Share Purchase Plan"). The Share Purchase Plan allows eligible employees of the Company and its designated affiliates to purchase, through payroll deductions, Common Shares of beneficial interest in the Company. The Share Purchase Plan is designed to retain and motivate the employees of the Company and its designated affiliates by encouraging them to acquire ownership in the Company. The Company has reserved 100,000 Common Shares for issuance under the Share Purchase Plan. The Share Purchase Plan is intended to be an "employee stock purchase plan" within the meaning of Section 423 of the United States Internal Revenue Code, as amended, which allows an employee to defer recognition of taxes when purchasing Common Shares under such a plan. During 2007, 2006 and 2005, 7,123, 5,307 and 6,412 Common Shares, respectively, were purchased by employees under the Share Purchase Plan.

III. Method for Determining Executive Compensation

In evaluating executive compensation, the Compensation Committee considers an annual report and recommendations that the Company's CEO provides (other than for himself) for our Named Executive Officers and other senior officers. In addition, the Compensation Committee Consultant advises the Compensation Committee on executive compensation. The Compensation Committee is responsible for recommending to the full Board of Trustees the CEO's compensation. The Compensation Committee continually focuses on attaining the right balance between company size and performance, and considers peer group data provided by compensation consultants and surveys with respect to other publicly-traded REIT's of comparable size to the Company. The Compensation Committee uses the peer group data to compare the companies' executive compensation programs as a whole and the pay of individual executives. The Committee does not identify a particular level of competitiveness with other companies, but tries to attain a target and range of compensation for each position that was competitive in the marketplace.

The Company's size can impact management's scope of responsibility and, thus, should be a component of the compensation analysis, but absolute and relative performance is also a critical component. The Compensation Committee also takes into account the complicated fund structure and the value-added nature of the Company's business when comparing executive compensation with companies of similar market capitalization but with less of a growth and redevelopment focus.

IV. How the Elements of Executive Compensation Interact and Affect Each Other

The Company believes the four elements of its executive compensation structure — competitive base salary, performance incentive compensation and post-employment severance and Change in Control payments — are well aligned with the Company's five overall executive compensation objectives (listed above under "Objectives of Acadia Realty Trust's Executive Compensation Program"). We believe that a well-proportioned mix of reliable

compensation (in the form of a base salary) with compensation intended to provide incentives and rewards for dedication, hard work, and success (in the form of performance incentive compensation) will produce a high level of performance for the Company.

Overall, the Company's Compensation Committee has endeavored to structure the total compensation of the Company's Named Executive Officers in a manner that is competitive in the REIT industry, while emphasizing performance-based compensation more heavily than base salaries and fixed retirement benefits. In this way, the Company's Named Executive Officers receive compensation that is as closely aligned as feasible with the interests of the Company's shareholders. Further, our executive compensation structures advance our overall objectives by (i) maximizing retention, (ii) increasing motivation and (iii) aligning the Named Executive Officer with overall shareholder interests.

V. Benchmarking

The Compensation Committee obtains comparative market data from numerous sources. The primary source of data for 2007 is a peer group report prepared for the Company by the Compensation Committee Consultant in all years since 2006. To prepare this report, the Compensation Committee Consultant considered data from the Proxy Statements of the REITs in the Company's peer group, as well as survey data on executive pay from the NAREIT Compensation Survey and the CEL National Real Estate Compensation Survey, for companies in the retail sector with comparable market caps and numbers of employees. The composition of the peer group may change from year to year based on market developments. The Compensation Committee Consultant prepares this data and advises the Compensation Committee and the Board of Trustees as to what is consistent with the Company's philosophy on executive pay and to what is reasonable under the circumstances.

2007 Peer Group

Listed below are the 20 publicly-traded shopping center REITs in Acadia Realty's peer group, with assets ranging from about \$0.3 to \$7.0 billion and market capitalization ranging from about \$0.5 to \$10 billion. Acadia's assets and market capitalization put the Company at about the 29th and 43rd percentile, respectively, of the REIT peer group.

VI. Timing of Equity Grants

The Company does not in any way time its stock awards to the release of material non-public information. The CEO meets with the Compensation Committee in December of each year and recommends the stock awards to be granted for the current year. The Compensation Committee reviews the recommendations and then recommends the awards

20

to the full Board of Trustees for approval. The awards are granted in January of the following year. There is no consequence for selling vested grants but the Company does encourage Named Executive Officers and Trustees to hold and has approved guidelines for ownership for Named Executive Officers and Trustees as follows:

(a) Stock Ownership Policy for Named Executive Officers and Trustees

The Board of Trustees has instituted a stock ownership policy (["SOP"]), containing guidelines for Named Executive Officers and Trustees to own at all times a certain level of the Company's Common Shares. This policy further aligns Named Executive Officers and Trustees' interests with those of shareholders. The SOP has the additional purpose of helping the Company's Named Executive Officers build wealth that they may use as a source of supplemental retirement income. Although not mandatory, the recommended targets are as follows and were satisfied by all Named Executive Officers in 2007:

- Ten times salary plus bonus for the Chief Executive Officer
- Four times salary plus bonus for the Chief Investment Officer
- Three times salary plus bonus for other Named Executive Officers
- Three times total annual fees for non-employee Trustees

The other provisions of the policy are:

- Shares, Restricted Shares, LTIP Units and Operating Partnership Units count toward the standard. Options do not count toward the standard.
- It is recommended that incumbent Named Executive Officers and Trustees achieve the target within three years, if they have not already done so. Newly Named Executive Officers and Trustees have five years to reach the standard that applies to them.
- Named Executive Officers and Trustees are encouraged to achieve and maintain the target level of ownership until they leave the Company or Board, as applicable.

- The policy constitutes a set of guidelines. As such, it does not set forth any penalties for non-compliance. The treatment of non-compliance shall be left to the discretion of the Board, in collaboration with the CEO and through the Compensation Committee.

VII. Impact of Accounting and Tax Treatment

Accounting Treatment

The Company expenses the cost of stock-based compensation, including LTIP Units, in its financial statement in accordance with Statement of Financial Accounting Standards (□SFAS□) 123R accounting rules. The fair value of each award is estimated on the date of grant, using the binominal method option pricing model. This amount is then expensed in the income statement ratable over the vesting period.

Tax Treatment

The Compensation Committee has reviewed the Company□s compensation policies in light of Section 162(m) to the Internal Revenue Code, as amended, which generally limits deductions for compensation paid to certain executive officers to \$1,000,000 per annum (although certain performance based compensation is not subject to that limit), and determined that the compensation levels of the Company□s CEO and EVP (but not other Named Executive Officers) could be affected by such provisions. The Compensation Committee intends to continue to review the application of Section 162(m) to the Company with respect to any future compensation programs considered by the Company. In view of its overall executive compensation structure, the Compensation Committee has determined that it is appropriate for the CEO and EVP to have the potential to receive compensation which is not deductible under Section 162(m).

VIII. Specific 2007 Decisions and 2008 Changes

Salary

Working with ECG, the Compensation Committee reviewed the base salaries of the Named Executive Officers in January 2007. Based on market data supplied by ECG, the Compensation Committee determined that Mr. Bernstein□s 2006 salary of \$440,000 approximated the 50th percentile of CEO salaries in the Company□s peer group, which is the primary metric used to determine competitive norms for executives□ salaries. Consistent with the Company□s philosophy to offer competitive salaries to its key executives and Mr. Bernstein□s solid performance, in 2007, the Compensation Committee increased Mr. Bernstein□s annual salary to \$460,000. In addition, in 2007, the Committee increased the base salary of Mr. Braun to \$300,000 in connection with his promotion to Executive Vice President and increased the base salaries of each of the other Named Executive Officers to \$235,000 in order to keep base salaries competitive with those of its competitors.

On January 31, 2008, the Board of Trustees, upon the recommendation of the Compensation Committee, approved increases in annual base salaries for 2008. The annual base salary for Mr. Braun increased to \$307,500 and the annual base salaries for Mr. Masters and Mr. Hogan increased to \$240,850 based on the subjective determination made by the Compensation Committee.

Performance Incentive Awards

On January 31, 2008, the Board of Trustees approved annual cash bonus and bonus units for 2007 performance as well as long-term incentive awards as follows:

Name	Annual		Long-term Incentive	
	Cash Bonus	Bonus Units	Time-Based	Performance-Based
Kenneth F. Bernstein	\$ □	\$774,107	\$536,000	\$ 536,000
Michael Nelsen	50,000	44,688	79,625	79,625
Joel Braun	□	271,875	188,500	188,500

Joseph Hogan (1)	□	118,125	81,900	81,900
Robert Masters	□	114,844	79,625	79,625

Notes:

(1) Mr. Hogan was also awarded \$300,000 as an additional incentive bonus by the Board of Trustees.

The following awards reflect the subjective evaluation of the CEO, the Compensation Committee and the Board of Trustees based on Company performance, individual performance and individual's unit performance. In addition, the Compensation Committee considered the Compensation Committee Consultant's recommendations in determining the awards.

The annual bonus unit awards consist of non-vested Restricted LTIP Units. The LTIP Units will vest as follows: 14.286% will vest on January 6, 2009 and 14.286% will vest on each anniversary thereof until January 6, 2015; except for Kenneth F. Bernstein, for whom vesting will be 10% on January 6, 2009 and 10% on each anniversary until January 6, 2018.

The total long-term incentive awards consist of non-vested Restricted LTIP Units and were allocated 50% as time-based awards and 50% as performance-based awards. The LTIP Units will vest as follows: 14.286% will vest on January 6, 2009 and 14.286% will vest on each anniversary thereof until January 6, 2015; except for Kenneth F. Bernstein, for whom vesting will be 10% on January 6, 2009 and 10% on each anniversary until January 6, 2018, provided that with respect to each year and each recipient, 50% of the awards require the Company to achieve the benchmarks established by the Board of Trustees.

The target incentive opportunity for the Company's Named Executive Officers was set within the range of competitive norms for competitive market levels of total cash compensation. The Compensation Committee determined the vesting schedules for awards based on the vesting schedules for the Named Executive Officer's existing equity awards, with due regard for competitive norms on vesting of equity awards for executives.

Post-Employment Severance and Change in Control Payments

In 2007, the Company entered into amendments to each of the severance agreements with the Named Executive Officers, and a fourth amendment to the CEO's employment agreement to provide a so-called "double trigger," which means that in order to qualify for change of control payments two events must occur: (1) a change of control must have occurred and (2) the affected Named Executive Officer must have been terminated from employment. The change occurred to reflect market practices and corporate best interests.

The Summary Compensation Table below shows, for the fiscal year ended December 31, 2007, the total annual and long-term compensation awarded to the Named Executive Officers.

- (2) In August of 2004, the Company allowed elections pursuant to the 1999 Share Incentive Plan and 2003 Share Incentive Plan, whereby the participants elected to defer receipt of 190,487 Common Shares (□Share Units□) that would otherwise be issued upon the exercise of certain Options. There were three participants, Mr. Bernstein with 129,110 Share Units, Mr. Braun with 36,981 Share Units and Mr. Masters with 24,396 Share Units. The payment of the option exercise price was made by tendering Common Shares that the participants owned for at least six months prior to the option exercise date. The Share Units are equivalent to a Common Share on a one-for-one basis and carry a dividend equivalent right equal to the dividend rate for the Company's Common Shares. The deferral period is determined by each of the participants and generally terminates after the cessation of the participants continuous service with the Company. In December 2004, participants exercised 346,000 Options pursuant to the Deferred Share Election and tendered 155,513 Common Shares in consideration of the option exercise price. The Company then issued 190,487 Share Units to the participants. During 2006 and 2005 there were no additional Share Units contributed to the plan. The amounts included above reflect Share Unit dividends paid by the Company in 2007.
- (3) There is no compensation cost (calculated pursuant to SFAS No. 123R) associated with the purchase of securities from the Company at a discount by a Named Executive Officer that is not available generally to all salaried employees.

Kenneth Bernstein Employment Agreement

In August of 1998, the Company entered into an employment agreement with Kenneth F. Bernstein, pursuant to which Mr. Bernstein served as President. The employment agreement was amended by a first amendment dated January 1, 2001, a second amendment dated January 1, 2004, a third amendment dated January 1, 2006 and a fourth amendment dated January 19, 2007. The employment agreement provides for a three-year term, is renewable for successive daily periods, and is subject to termination in accordance with the terms and conditions of such agreement. Under the terms of the employment agreement, Mr. Bernstein is subject to an annual review and upward adjustment by the Compensation Committee.

Each year during the term of Mr. Bernstein's employment, the Compensation Committee considers Mr. Bernstein for an incentive bonus (to be determined by the Compensation Committee) and discretionary bonuses payable in cash, Restricted Shares issued under the Restricted Share Bonus Program and Options, or any combination thereof, as the Board of Trustees and the Compensation Committee may approve. The employment agreement also provides for an annual car allowance plus insurance costs for Mr. Bernstein to be maintained by the Company. Mr. Bernstein is also entitled to participate in all benefit plans, health insurance, disability, retirement and incentive compensation plans generally available to the Company's executives, and is subject to certain non-competition and confidentiality requirements.

The Company has not entered into employment agreements with the other Named Executive Officers. See the discussion before the Potential Payments Upon Termination or Change in Control table for information regarding severance benefits for each of the Named Executive Officers.

Other Post-Employment Payments

The following section describes potential payments and benefits to the Named Executive Officers under the Company's compensation and benefit plans and arrangements upon termination of employment or a Change in Control of the Company.

The Company has entered into an employment agreement with Mr. Bernstein that provides for certain termination or severance payments to be made by the Company in the event of his termination of employment as the result of his death, disability, discharge without cause, his resignation or termination for Good Reason, or without Good Reason or Change in Control and termination. The Company has also entered into severance agreements with each of the other Named Executive Officers. These arrangements provide for certain termination or severance payments to be made by the Company in the event of his termination of employment as the result of his death, Disability, discharge with or without cause, his resignation or termination for Good Reason or without Good Reason or Change in Control and termination.

The specific circumstances that would trigger payments under the employee and severance agreements are as follows:

For Cause

The Company shall have the right to terminate Named Executive Officer's employment for "Cause" upon the Named Executive Officer's: (A) deliberate misrepresentation in connection with, or willful failure to cooperate with a bona fide internal investigation or an investigation by regulatory or law enforcement authorities, after being instructed by the Company to cooperate, or the willful destruction or failure to preserve documents or other materials known to be relevant to such investigation or the willful inducement of others to fail to cooperate or to produce documents or other materials; (B) failure to perform his duties hereunder (other than any such failure resulting from Named Executive Officer's incapacity due to physical or mental illness) which failure continues for a period of three (3) business days after written demand for corrective action is delivered by the Company specifically identifying the manner in which the Company believes the Named Executive Officer has not performed his duties; (C) conduct by the Named Executive Officer constituting a material act of willful misconduct in connection with the performance of his duties,

29

including, without limitation, misappropriation of funds or property of the Company other than the occasional, customary and de minimis use of the Company's property for personal purposes; (D) disparagement of the Company, its officers, Trustees, employees or partners; (E) soliciting any existing employee of the Company above the level of an administrative assistant to work at another company; or (F) the commission by the Named Executive Officer of a felony or misdemeanor involving moral turpitude, deceit, dishonesty or fraud.

Death

The Named Executive Officer's employment shall terminate upon his death.

Disability

The Company shall have the right to terminate Named Executive Officer's employment due to "Disability" in the event that there is a determination by the Company that the Named Executive Officer has become physically or mentally incapable of performing his duties under the agreement and such Disability has disabled the Named Executive Officer for a cumulative period of one hundred eighty (180) days within a twelve (12) month period.

Good Reason

The Named Executive Officers shall have the right to terminate their employment for "Good Reason": (A) upon the occurrence of any material breach of the agreement by the Company which shall include but not be limited to: a material, adverse alteration in the nature of Named Executive Officer's duties, responsibilities or authority; (B) upon a reduction in Named Executive Officer's annual base salary or a material reduction in other benefits (except for bonuses or similar discretionary payments) as in effect at the time in question, or a failure to pay such amounts when due which is not cured by the Company within ten (10) days after written notice of such default by

the Named Executive Officer, (C) if the Company relocates Named Executive Officer's office requiring the Named Executive Officer to increase his commuting time by more than one (1) hour, or (D) the Company's failure to provide benefits comparable to those provided the Named Executive Officer as of the effective date, other than any such failure which affects all comparably situated officers, then the Named Executive Officer shall have the right to terminate his employment, which termination shall be deemed for Good Reason.

Without Cause

The Company shall have the right to terminate the Named Executive Officer's employment Without Cause.

Change in Control and Termination

Change in Control shall mean that any of the following events has occurred: (A) any person or group of persons, as such terms are used in Sections 13 and 14 of the Securities Exchange Act of 1934, as amended (the Exchange Act), other than any employee benefit plan sponsored by the Company, becomes the beneficial owner, as such term is used in Section 13 of the Exchange Act (irrespective of any vesting or waiting periods) of (i) Common Shares in an amount equal to thirty percent (30 %) or more of the sum total of the Common Shares issued and outstanding immediately prior to such acquisition as if they were a single class and disregarding any equity raise in connection with the financing of such transaction; provided, however, that in determining whether a Change of Control has occurred, outstanding shares or voting securities which are acquired in an acquisition by (i) the Company or any of its subsidiaries or (ii) an employee benefit plan (or a trust forming a part thereof) maintained by the Company or any of its subsidiaries shall not constitute an acquisition which can cause a Change of Control; or (B) the approval of the dissolution or liquidation of the Company; or (C) the approval of the sale or other disposition of all or substantially all of its assets in one (1) or more transactions; or (D) a turnover, during any two (2) year period, of the majority of the members of the Board, without the consent of the majority of the members of the Board as to the appointment of the new Board members.

Kenneth Bernstein Employment Agreement

Mr. Bernstein's employment agreement provides for certain termination or severance payments to be made by the Company to Mr. Bernstein in the event of his termination of employment as the result of his death, disability, discharge without cause, his resignation or a termination by Mr. Bernstein for Good Reason. If Mr. Bernstein's employment is terminated either because he is discharged without cause or due to a termination by Mr. Bernstein for Good Reason, the Company will be required to make a lump sum payment equal to among other things, unpaid salary and bonus, and severance salary and bonus, each paid in accordance with the terms and conditions of such agreement.

Other Post-employment Severance and Change in Control Payments Agreements

The Company has entered into severance agreements with each of the other Named Executive Officers. These agreements provide for certain termination or severance payments to be made by the Company to the Named Executive Officer in the event of his termination of employment as the result of his death, Disability, discharge with or without cause, his resignation or a termination by the Named Executive Officer for Good Reason. If the Named Executive Officer's employment is terminated either because he is discharged without cause (as defined below) or due to a termination by the Named Executive Officer for Good Reason, the Company will be required to make a lump sum payment equal to among other things, unpaid salary and bonus, and unpaid severance salary and bonus, each paid in accordance with the terms and conditions of such agreements. These payments will be reduced to the extent that they would otherwise be considered parachute payments within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended.

Acceleration of Vesting

In addition, the 1999, 2003 and 2006 Share Incentive Plans provide for accelerated vesting of awards in certain circumstances involving a Change in Control of the Company. These plans also provide for forfeiture of awards in certain circumstances, such as in the event of a termination for cause.

The amount of compensation that would be paid by the Company based on the specific circumstances detailed above are as follows:

Compensation upon Termination of Employment by the Trust for Cause or Voluntarily By the Named Executive Officer

In the event the Company terminates the executive's employment for Cause, or the executive voluntarily terminates his employment, the Company shall pay the executive any unpaid annual base salary at the rate then in effect accrued through and including the date of termination and any accrued vacation pay. In addition, in such event, the executive shall be entitled to exercise any options which, as of the date of termination, have vested and are exercisable in accordance with the terms of the applicable option grant agreement or plan. All options and all restricted stock granted to the executive which have not vested on the date of termination shall automatically terminate.

Compensation upon Termination of Employment upon Death, Disability, Without Cause or by Mr. Bernstein, for Good Reason or Change in Control and Termination of Employment of Mr. Bernstein

In the event of termination of Mr. Bernstein's employment as a result of his death, Disability, without Cause or for Good Reason by Mr. Bernstein, the Company shall pay to the Mr. Bernstein, his estate or personal representative, the following: (i) any unpaid accrued salary through and including the date of termination; plus (ii) an amount equal to three times his current salary; (iii) an additional amount equal to three times the average of the cash value of the bonuses (whether awarded as cash incentive bonuses or in Restricted Stock, the value of the latter to be calculated as of the date of the award) awarded to the executive for each of the last two years immediately preceding the year in which Mr. Bernstein's employment is terminated; (iv) a further amount computed at an annualized rate equal to

31

the average of the cash incentive bonuses awarded to the executive for each of the last two years; (v) reimbursement of expenses incurred prior to date of termination; (vi) all incentive compensation payments whether stock based or otherwise that are subject to a vesting schedule including Restricted Shares, LTIP Units and Options shall immediately vest as of the date of the termination; (vii) continuation of health coverage through the unexpired employment period with the exception of termination upon Death; and (viii) if it is determined by the Company's tax preparer that as a result of any payment in the nature of compensation made by the Company to the executive, an excise tax may be imposed on the executive. The Company will provide the executive with a full tax gross-up so that on a net after-tax basis, the result to the executive shall be the same as if the excise tax had not been imposed.

Compensation upon Termination of Employment upon Death, Disability, Without Cause or By Other Named Executive Officers for Good Reason

In the event of termination of the executive's employment as a result of the executive's Death, Disability, Without Cause or by the executive for Good Reason, the Company shall pay to the executive, the following: (i) any unpaid accrued salary through and including the date of termination; (ii) an amount equal to one year's salary at the then current annual base; (iii) reimbursement of expenses incurred prior to date of termination; (iv) the executive's car allowance, if any, for one year ; and (v) a pro rata portion of the executive's bonus (based upon the average of the last two years' bonuses).

Compensation upon Change in Control and Termination of Employment for Other Named Executive Officers

In the event of termination of other Named Executive Officer's employment as a result of a Change in Control and Termination, the Company shall pay to the Named Executive Officer, the following: (i) any unpaid accrued salary through and including the date of termination; (ii) an amount equal to one year's salary at the then current annual base salary; (iii) reimbursement of expenses incurred prior to date of termination; (iv) the Named Executive Officer's car allowance, if any, for one year; (v) a pro rata portion of the Named Executive Officer's bonus (based upon the average of the last two years' bonuses); (vi) the Company shall pay to the Named Executive Officer an amount equal to six months' base salary; and (vii) the Company shall continue the Named Executive Officer's base salary and medical benefits for a period not to exceed the earlier of (a) six months from the date of such termination or (b) the date when Named Executive Officer becomes reemployed.

Edgar Filing: ACADIA REALTY TRUST - Form DEF 14A

The following table estimates the potential payments and benefits to the Named Executive Officers upon Termination of employment and Change in Control, assuming the event occurred on December 31, 2007. These estimates do not reflect the actual amounts that would be paid to such persons, which would only be known at the time they become eligible for payment and would only be payable if the specified event occurs.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company earns fees in connection with its rights to provide asset management, leasing, disposition, development and construction services for an existing portfolio of retail properties and/or leasehold interests in which Klaff Realty L.P. (Klaff), a preferred OP Unit holder, has an interest. Net fees earned by the Company in connection with this portfolio were \$2.1 million, \$3.5 million and \$3.6 million for the years ended December 31, 2007, 2006 and 2005, respectively.

On March 22, 2005, the Company completed a transaction with Klaff pursuant to which the Company acquired the balance of Klaff's retail management business which it had not previously purchased on January 27, 2004. The consideration for the acquisition was \$4.0 million in the form of 250,000 restricted common OP Units (\$16 per unit). These OP Units may not be sold for five years, subject to a carveout for a change of control, including a change in the chief executive officer. The effective date of the purchase and issuance of the OP Units was February 15, 2005.

During March of 2005 the Company invested \$20.0 million in a preferred equity position (Preferred Equity Investment) in Levitz SL, L.L.C. (Levitz SL), the owner of fee and leasehold interests in 30 current or former Levitz Furniture Store locations (the Levitz Properties), totaling 2.5 million square feet.

During June 2006, the Company converted the Preferred Equity Investment to a first mortgage loan and advanced additional proceeds bringing the total outstanding amount to \$31.3 million. The loan matures on May 31, 2008 and bears interest at a rate of 10.5%. During 2006, Levitz SL sold one of the Levitz Properties located in Northridge, California and used \$20.4 million of the proceeds to pay down the loan. During 2007, Levitz SL sold an additional Levitz Property located in St. Paul Minnesota and used \$4.8 million of the proceeds to pay down the first mortgage loan. As of December 31, 2007, the loan balance amounted to \$6.1 million and was secured by fee and leasehold mortgages as well as a pledge of the entities owning 13 of the remaining Levitz Properties totaling

1.3 million square feet. Although Levitz Furniture filed for Chapter 7 bankruptcy protection during November 2007, the Company believes the underlying value of the real estate is sufficient to recover the principal and interest due under the mortgage.

Review and Approval of Related Person Transactions.

We review all relationships and transactions in which the Company and our Trustees and Named Executive Officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Our legal staff is primarily responsible for the development and implementation of processes and controls to obtain information from the Trustees and Named Executive Officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether the Company or a related person has a direct or indirect material interest in the transaction. In addition, pursuant to its charter, the Audit Committee reviews and approves all related party transactions, which we interpret to include any transaction that is required to be disclosed under SEC rules. The Company does not have any written standards for approving related party transactions. However, the Audit Committee only approves a related party transaction if it believes the transaction is in the best interest of the Company and its shareholders. While the Company has disclosed the transactions with Klaff in this section for the sake of full disclosure, since Klaff does not own more than 5% of any class of our voting securities, disclosure of this related party transaction is not required under SEC rules. The transactions between the Company and Klaff noted above were approved by our Board of Trustees, which consists of seven trustees who are considered independent under the rules of the New York Stock Exchange and our Chief Executive Officer.

DELIVERY OF DOCUMENTS TO SHAREHOLDERS SHARING AN ADDRESS

The Company has adopted a procedure called "householding," which has been approved by the Securities and Exchange Commission. Under this procedure, the Company is delivering only one copy of its annual report and proxy statement to multiple shareholders who share the same mailing address and have the same last name, unless the Company has received contrary instructions from an affected shareholder. This procedure reduces the Company's printing costs, mailing costs and fees. Shareholders who participate in householding will continue to receive separate proxy cards.

The Company will deliver promptly, upon written or oral request, a separate copy of the annual report and proxy statement to any shareholder at a shared address to which a single copy of either of those documents was delivered. A Shareholder who wishes to receive a separate copy of the proxy statement and annual report, now or in the future, should submit a request in writing to Acadia Realty Trust, 1311 Mamaroneck Avenue, Suite 260, White Plains, NY 10605, Attention: Robert Masters. You may also call (914) 288-8100 to request a copy of the proxy statement and annual report. You may also access the Company's annual report and proxy statement at www.acadiarealty.com/proxy.

If you are a shareholder of record and would like to revoke your householding consent and receive multiple copies of the annual report or proxy statement in the future, or if you currently receive multiple copies of these documents and would like only to receive a single copy, please contact the Company at the address listed in the preceding paragraph.

A number of brokerage firms have instituted householding. If you hold your shares in "street name," please contact your bank, broker or other holder of record to request information about householding.

By order of the Board of Trustees,

Robert Masters, Secretary
