PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
MAY 17, 2011

This proxy statement is furnished to stockholders of SIGA Technologies, Inc. (“SIGA”, the “Company” or “we”) in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of SIGA (the “Board of Directors”) for use in voting at the Annual Meeting of Stockholders (the “Annual Meeting”) to be held at the offices of Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, 29th Floor, New York, New York 10036, on Tuesday, May 17, 2011, at 10:00 a.m. (local time), and at any adjournment or postponement thereof.

This proxy statement and the accompanying form of proxy are first being mailed to stockholders on or about April 12, 2011.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Purpose of the Annual Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this proxy statement.

Record Date and Outstanding Shares

The Board of Directors has fixed the close of business on March 31, 2011 as the record date (the “Record Date”) for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting or any and all adjournments or postponements thereof. As of the Record Date, SIGA had issued and outstanding 50,381,142 shares of common stock, par value \$.0001 per share (“Common Stock”).

Voting at the Annual Meeting

Each share of Common Stock outstanding on the Record Date will be entitled to one vote on each matter submitted to a vote of the stockholders. Cumulative voting by stockholders is not permitted.

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast by the stockholders entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions will be counted as shares present for purposes of determining the presence of a quorum on all matters. Brokers holding shares for beneficial owners in “street name” must vote those shares according to specific instructions they receive from the owners of such shares. If instructions are not received, brokers may vote the shares, in their discretion, depending on the type of proposals involved. Broker “non-votes” result when brokers are precluded from exercising their discretion on certain types of proposals. Brokers have discretionary authority to vote under the rules governing brokers to vote without instructions from the beneficial owner on certain “routine” items, such as the ratification of the appointment of the independent registered public accounting firm (Proposal No. 4) and, accordingly, your shares may be voted by your broker on Proposal No. 4. However, brokers do not have discretionary authority to vote on the other proposals included herein. Shares that are voted by brokers on some but not all of the matters will be treated as shares present for purposes of determining the presence of a quorum on all matters, but will not be treated as shares entitled to vote at the Annual Meeting on those matters as to which authority to vote is withheld by the broker.

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

For the election of directors, a plurality of the votes cast is required. Abstentions and broker “non-votes” are not considered to have been voted for the purpose of the election of directors.

For the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of SIGA for the fiscal year ending December 31, 2011, the affirmative vote of a majority of the total votes cast on such proposal in person or by proxy at the Annual Meeting is required. Abstentions and broker “non-votes” are not considered to have been voted on this proposal. Brokers and other nominees continue to have discretionary voting power to vote without instructions from the beneficial owner on the ratification of the appointment of the independent auditor and, accordingly, your shares may be voted by your broker on this proposal.

Dissenters' Rights

Proposals 1, 2, 3 and 4 do not give rise to any statutory right of a stockholder to dissent and obtain the appraisal of or payment for such stockholder's shares.

Revocability and Voting of Proxies

Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to the Annual Meeting or at the Annual Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by any of the following methods:

1. writing a letter delivered to Daniel J. Luckshire, Secretary of SIGA, stating that the proxy is revoked;
2. submitting another proxy with a later date; or
3. attending the Annual Meeting and voting in person.

Please note, however, that if a stockholder's shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the Annual Meeting, the stockholder must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming that stockholder's beneficial ownership of the shares.

Unless we receive specific instructions to the contrary or unless such proxy is revoked, shares represented by each properly executed proxy will be voted: (i) FOR the election of each of SIGA's nominees as a director; (ii) FOR the approval of SIGA's compensation philosophy, policies and procedures described in the CD&A; (iii) FOR a vote on executive compensation to occur once every THREE YEARS; (iv) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of SIGA for the fiscal year ending December 31, 2011; and (iv) with respect to any other matters that may properly come before the Annual Meeting, at the discretion of the proxy holders. SIGA does not presently anticipate that any other business will be presented for action at the Annual Meeting.

Solicitation

SIGA will pay the costs of soliciting proxies. SIGA may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to beneficial owners. Directors, officers and regular employees may also solicit proxies by telephone, facsimile or other means or in person. They will not receive any additional payments for the solicitation.

PROPOSAL No. 1

ELECTION OF DIRECTORS

Eleven directors are to be elected at the Annual Meeting to hold office until the next Annual Meeting of Stockholders and until their successors have been duly elected and qualified. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the election of the eleven persons named in the table below as directors of SIGA. Proxies cannot be voted for a greater number of persons than the nominees named. In the event that any of the below listed nominees for director should become unavailable for election for any presently unforeseen reason, the persons named in the accompanying proxy form have the right to use their discretion to vote for a substitute.

Meetings of the Board of Directors

During 2010, the Board of Directors held twelve meetings. Those members of the Board of Directors who are independent as defined by Rule 5605 of the NASDAQ Marketplace Rules (the "Independent Directors") are also required, pursuant to Rule 5605(b)(2) of the NASDAQ Marketplace Rules, to regularly convene executive sessions where only such Independent Directors are present. Such meetings may be in conjunction with regularly scheduled meetings of the Board of Directors. Each member of the Board of Directors is also urged to attend the Annual Meeting. Ten members of the Board of Directors as of May 2010 attended SIGA's 2010 annual meeting of stockholders.

Committees of the Board of Directors

The Board of Directors is responsible for appointing the members of the standing Audit, Compensation and Nominating and Corporate Governance Committees. Each member of the Audit, Compensation and Nominating and Corporate Governance Committees is an Independent Director. Each of these committees has a written charter that was approved by the Board of the Directors in March 2004. A copy of each charter is posted on SIGA's website at www.siga.com under the "Corporate Governance" section.

Audit Committee. The Audit Committee, which currently consists of directors Paul G. Savas, James J. Antal, and Bruce Slovin, held seventeen meetings during 2010. The Board of Directors has determined that each of the members of the Audit Committee is "independent" under the applicable laws, rules and regulations. Moreover, the Company has determined that Mr. Savas is an "audit committee financial expert" within the meaning of Regulation S-K promulgated by the Securities and Exchange Commission (the "SEC"). The purpose of the Audit Committee is to assist the Board of Directors in the oversight of the integrity of SIGA's financial statements, SIGA's compliance with legal and regulatory matters, the independent registered public accounting firm's qualifications and independence, and the performance of SIGA's independent registered public accounting firm. The primary responsibilities of the Audit Committee are set forth in its charter and include various matters with respect to the oversight of SIGA's accounting and financial reporting process and audits of the financial statements of SIGA on behalf of the Board of Directors. The Audit Committee also selects the independent registered public accounting firm to conduct the annual audit of SIGA's financial statements; reviews the proposed scope of such audit; reviews the Company's accounting and financial controls with the independent registered public accounting firm and our financial accounting staff; and reviews and approves transactions, if any, between us and our directors, officers, and their affiliates. A copy of the Audit Committee charter is available on SIGA's website at www.siga.com under the "Corporate Governance" section. Also see the section of this proxy statement entitled "Report of the Audit Committee".

Compensation Committee. The Compensation Committee, which currently consists of directors Steven L. Fasman, Paul G. Savas, Bruce Slovin, and Michael A. Weiner, held five meetings during 2010. The Board of Directors has determined that each of the members of the Compensation Committee is "independent" within the meaning of the NASDAQ listing standards. The Compensation Committee functions include reviewing and approving the compensation and benefits for SIGA's executive officers, administering SIGA's stock plans and making recommendations to the Board of Directors regarding these matters. A copy of the Compensation Committee charter is available on SIGA's website at www.siga.com under the "Corporate Governance" section. Also see the section of this proxy statement entitled "Compensation Discussion and Analysis".

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee (the "Nominating Committee"), which currently consists of directors Michael J. Bayer, James J. Antal and Michael A. Weiner, held four meetings in 2010. The Board of Directors has determined that each of the members of the Nominating Committee is "independent" within the meaning of the NASDAQ listing standards. The Nominating Committee is responsible for searching for and recommending to the Board of Directors potential nominees for director positions, making recommendations to the Board of Directors regarding the size and composition of the Board of Directors and its committees, monitoring the Board of Director's effectiveness and developing and implementing SIGA's corporate governance procedures and policies. A copy of the Nominating and Corporate Governance Committee charter is available on SIGA's website at www.siga.com under the "Corporate Governance" section.

In selecting candidates for the Board of Directors, the Nominating Committee begins by determining whether the incumbent directors, whose terms expire at the annual meeting of stockholders, desire and are qualified to continue their service on the Board of Directors. SIGA is of the view that the continuing service of qualified incumbents promotes stability and continuity of the Board of Directors, giving SIGA the benefit of familiarity and insight into SIGA's affairs that its directors have accumulated during their tenure, while contributing to the Board of Director's ability to work as a collective body. Accordingly, it is the policy of the Nominating Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating Committee's criteria for membership on the Board of Directors, whom the Nominating Committee believes will continue to make important contributions to the Board of Directors and who consent to stand for re-election and, if re-elected, to continue their service on the Board of Directors. If there are positions on the Board of Directors for which the Nominating Committee will not be re-nominating an incumbent director, or if there is a vacancy on the Board of Directors, the Nominating Committee will solicit recommendations for nominees from persons whom the Nominating Committee believes are likely to be familiar with qualified candidates, including members of the Board of Directors and management of SIGA. The Nominating Committee may also engage a professional search firm to assist in the identification of qualified candidates, but did not do so in 2010. As to each recommended candidate that the Nominating Committee believes merits serious consideration, the Nominating Committee will collect as much information including, without limitation, soliciting views from other directors and SIGA's management and having one or more Nominating Committee members interview each such candidate, regarding each candidate as it deems necessary or appropriate in order to make an informed decision with respect to such candidate. The Nominating Committee considers the overall qualifications of prospective nominees for director, including the particular experience, expertise and outlook that they would bring to the Board of Directors. While diversity may contribute to this overall evaluation, it is not considered by the Nominating Committee as a separate or independent factor in identifying nominees for director. Based on all available information and relevant considerations, the Nominating Committee will select, for each directorship to be filled, a candidate who, in the view of the Nominating Committee, is most suited for membership on the Board of Directors. In making its selection, SIGA will evaluate candidates proposed by stockholders under criteria similar to the evaluation of other candidates, except that the Nominating Committee may consider, as one of the factors in its evaluation of stockholder recommended nominees, the size and duration of the interest of the recommending stockholder or stockholder group in the equity of SIGA. This consideration may also include how long the recommending stockholder intends to continue holding its equity interest in SIGA.

The Nominating Committee has adopted a policy with regard to the minimum qualifications that must be met by a Nomination Committee-recommended nominee for a position on the Board of Directors. Pursuant to this policy, the Nominating Committee generally requires that all candidates for the Board of Directors be of high personal integrity and ethical character and not have any interest that would, in the view of the Nominating Committee, materially impair the candidate's ability to (i) exercise independent judgment or (ii) otherwise discharge the fiduciary duties owed as a director to SIGA and its stockholders. In addition, candidates must be able to represent fairly and equally all stockholders of SIGA without favoring or advancing any particular stockholder or other constituency of SIGA. Candidates must have demonstrated achievement in one or more fields of business, professional, governmental, communal, scientific or educational endeavor. Candidates are expected to have sound judgment and a general appreciation regarding major issues facing public companies of a size and operational scope similar to SIGA, including contemporary governance concerns, regulatory obligations of a public issuer, strategic business planning, competition in a global economy, and basic concepts of corporate finance. Candidates must also have, and be prepared to devote, adequate time to the Board of Directors and its committees. It is expected that, taking into account their other business and professional commitments, including their service on the boards of other companies, each candidate will be available to attend meetings of the Board of Directors and any committees on which the candidate will serve, as well as SIGA's annual meeting of stockholders. SIGA also requires that at least a majority of the directors serving at any time on the Board of Directors are independent, as defined under the rules of the NASDAQ stock market and that at least three of the directors satisfy the financial literacy requirements required for service on the Audit Committee under the rules of the NASDAQ stock market.

The Nominating Committee has adopted a policy, summarized in this paragraph, with regard to the consideration of director candidates recommended by stockholders. The Nominating Committee will consider recommendations for the nomination of directors submitted by holders of SIGA's shares entitled to vote generally in the election of directors. The Nominating Committee will give consideration to these recommendations for positions on the Board of Directors where the Nominating Committee has not determined to re-nominate a qualified incumbent director. While the Nominating Committee has not established a minimum number of shares that a stockholder must own in order to present a nominating recommendation for consideration, or a minimum length of time during which the stockholder must own its shares, the Nominating Committee may take into account the size and duration of a recommending stockholder's ownership interest in SIGA. The Nominating Committee may also consider whether the stockholder making the nominating recommendation intends to maintain an ownership interest in SIGA of substantially the same size as its interest at the time of making the recommendation. The Nominating Committee may refuse to consider recommendations of nominees who do not satisfy the minimum qualifications prescribed by the Nominating Committee for board candidates.

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

The Nominating Committee has adopted procedures to be followed by stockholders in submitting recommendations of candidates for directors. The procedures are posted on SIGA's website at www.siga.com under the "Corporate Governance" section. Pursuant to these procedures, a stockholder (or group of stockholders) wishing to submit a nominating recommendation for an annual meeting of stockholders should arrange to deliver it to SIGA not later than 120 calendar days prior to the first anniversary of the date of the proxy statement for the prior annual meeting of stockholders. All stockholder nominating recommendations should be in writing, addressed to the "Nominating and Corporate Governance Committee" in care of SIGA's Chief Financial Officer at SIGA's principal headquarters, 35 East 62nd Street, New York, NY 10065. Submissions should be made by mail, courier or personal delivery. A nominating recommendation should be accompanied by the following information concerning each recommending stockholder:

The name and address, including telephone number, of the recommending stockholder;

The number and class of SIGA's shares owned (beneficially or of record) by the recommending stockholder and the time period for which such shares have been held;

A statement from the stockholder as to whether the stockholder has a good-faith intention to continue to hold the reported shares through the date of SIGA's next annual meeting of stockholders;

Sufficient information about the proposed nominee for the Nominating Committee to make an informed decision regarding the qualifications of the proposed nominee;

Any relationship between the proposed nominee and the recommending stockholder; and

Such other information as the Nominating Committee may reasonably request.

The nominating recommendation must be accompanied by the consent of the proposed nominee to be interviewed by the Nominating Committee, if the Nominating Committee chooses to do so in its discretion (and the recommending stockholder must furnish the nominee's contact information for this purpose), and, if nominated and elected, to serve as a director of SIGA.

Compensation Committee Interlocks and Insider Participation

None.

Code of Ethics

SIGA has adopted a Code of Ethics and Business Conduct that applies to its officers, directors and employees including, without limitation, our Chief Executive Officer, Chief Financial Officer, and Chief Scientific Officer. The Code of Ethics and Business Conduct is available, free of charge, on SIGA's website at www.siga.com under the "Corporate Governance" section. In the event that there is any amendment to or waiver from any provision of the Code of Ethics and Business Conduct that requires disclosure under Item 5.05 of Form 8-K, SIGA intends to satisfy these disclosure requirements by posting such information on its website, as permitted by Item 5.05(c) of Form 8-K.

Stockholder Communications with the Board of Directors

SIGA stockholders may send communications to the Board of Directors, any committee of the Board of Directors or an individual director. The process for so communicating is posted on SIGA's website at www.siga.com under the "Corporate Governance" section.

Board Leadership Structure

The Board of Directors believes that our CEO is best situated to serve as Chairman because he is the director most familiar with our business and industry and most capable of effectively identifying strategic priorities and leading the discussion and implementation of strategy. Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight skills and expertise from outside our organization and industry, while the CEO brings company-specific experience and expertise. The Board of Directors believes that the combined role of Chairman and CEO promotes strategy development and implementation, and facilitates information flow between management and the Board of Directors, which are essential to effective governance.

One of the principal responsibilities of the Board of Directors is to develop strategic direction and hold management accountable for implementing the strategy once it is developed. The Board of Directors believes the combined role of Chairman and CEO, together with an informed and engaged Board, is in the best interest of stockholders because it provides the appropriate balance between strategy development and independent oversight of management. The Board of Directors has no independent director permanently designated as a “Lead Director”, although the independent directors designate a leader for that meeting each time that they go into executive session. The Board of Directors intends to review its leadership structure periodically and consider whether other structures might be appropriate.

The Board’s Role in Risk Oversight

The Board of Directors has an active role, as a whole and at the committee level, in overseeing management of our risks. The Board of Directors regularly reviews information about our financial condition and operations, and the risks associated with each. Our Board’s Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee oversees management of financial reporting risks and considers the effects of systemic risks inherent in our business. The Nominating Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. Although each committee is responsible for evaluating certain risks and overseeing the management of those risks, the entire Board of Directors is regularly informed about them through committee reports.

REPORT OF THE AUDIT COMMITTEE

The members of the Audit Committee have been appointed by the Board of Directors. During the 2010 fiscal year, the Audit Committee consisted solely of independent directors, as defined in Rule 5605(a)(2) of the NASDAQ Marketplace Rules. The Audit Committee operates under a written charter that was amended and restated by the Board of Directors in March 2004 in order to assure continued compliance by SIGA with SEC and NASDAQ rules enacted in response to requirements of the Sarbanes-Oxley Act. The Audit Committee reviews and reassesses the adequacy of its written charter on an annual basis.

The Audit Committee assists the Board of Directors in monitoring the integrity of SIGA's financial statements, the independent registered public accounting firm's qualifications and independence, the performance of the independent registered public accounting firm, and SIGA's compliance with applicable legal and regulatory requirements. Management is responsible for SIGA's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of SIGA's financial statements in accordance with generally accepted auditing standards and for issuing a report on those financial statements. The Audit Committee monitors and oversees these processes.

In this context, the Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2010 with management and with PricewaterhouseCoopers LLP, SIGA's independent registered public accounting firm. The Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Oversight Board in Rule 3200T, which includes, among other items, matters related to the conduct of the audit of SIGA's annual financial statements.

The Audit Committee has also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP the issue of their independence from SIGA and management. In addition, the Audit Committee has considered whether the provision of non-audit services by the independent registered public accounting firm in 2010 is compatible with maintaining the auditors' independence.

Based on its review of the audited financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in SIGA's Annual Report on Form 10-K for the year ended December 31, 2010. The Audit Committee has also recommended, subject to stockholder ratification, the selection of SIGA's independent registered public accounting firm for the year ending December 31, 2011.

Respectfully submitted by the Audit Committee,
Paul G. Savas, Chairman
James J. Antal
Bruce Slovin

As of March 15, 2011, a total of 50,346,142 shares of Common Stock were outstanding. The number of shares beneficially owned is determined under rules promulgated by the Securities and Exchange Commission, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under those rules, beneficial ownership includes any shares as to which the individual has sole or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days of March 15, 2011, through the exercise or conversion of any stock option, convertible security, warrant or other right. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee of the Board of Directors is responsible for implementing the Board of Directors' directives relating to the compensation of our named executive officers, as well as our other key employees. In this regard, the Compensation Committee has the responsibility to establish a compensation policy for officers and key employees designed to (i) attract and retain the best possible executive talent; (ii) tie annual and long-term cash and stock incentives to achievement of measurable corporate and individual performance objectives; and (iii) provide competitive compensation to our officers and key employees to align executives' incentives with the creation of stockholder value.

As a general matter, the compensation policy for officers and key employees includes:

- base salary, which is determined on an annual or semi-annual basis,
- annual or other time-based cash incentive compensation, and
- long-term incentive compensation in the form of equity participation awards.

This section discusses the principles underlying our executive compensation policies, our decisions to date and the principles that we expect to use in coming years.

Our Named Executive Officers

For 2010, our Named Executive Officers and their titles were:

Name	Title
Dr. Eric A. Rose	Chief Executive Officer and Chairman of the Board
Ayelet Dugary (1)	Chief Financial Officer and Secretary
Dr. Dennis E. Hruby	Vice President and Chief Scientific Officer

- (1) On April 29, 2009, Ms. Dugary became Chief Financial Officer. On February 25, 2011, the Company and Ms. Dugary agreed not to extend the terms of Ms. Dugary's employment agreement, and effective as of the same date, Ms. Dugary's employment as Chief Financial Officer ceased.

Our Executive Compensation Decision Process

Overview

Our Compensation Committee reviews and approves on a periodic basis the corporate goals and objectives with respect to the compensation for the executive officers, including the Chief Executive Officer. In its discretion, the Committee may establish cash incentive programs and otherwise award bonuses to executive officers and key employees. Annual incentive compensation to our executive officers is payable pursuant to contractual provisions with certain executives that provide eligibility to receive discretionary bonuses at the sole discretion of the Board of Directors, based on the executives' performance, economic and business conditions affecting the Company, and the financial condition of the Company. The Board's decisions in such matters have been delegated from time to time to the Compensation Committee. In connection with its review of compensation matters for the Company's executive officers, the Compensation Committee reviews information regarding the compensation of similarly situated executives at peer companies. The Compensation Committee either makes such awards or makes recommendations to the Board of Directors with respect to the amounts of such awards based on the foregoing criteria.

Role of Executive Officers in Setting Compensation Decisions

Regarding most compensation matters, the Chief Executive Officer has historically provided recommendations to the Compensation Committee relying on his personal experience with respect to evaluating the contribution of our other executive officers. Dr. Eric A. Rose, our Chief Executive Officer and Chairman of the Board of Directors, is involved in compensation recommendations, with input from our Chief Financial Officer and Chief Scientific Officer, as it relates to the compensation of other key employees. The Compensation Committee considers, but retains the right to reject or modify, such recommendations. Although the Chief Executive Officer may attend a portion of the meetings of the Compensation Committee, neither he nor any other member of management may be present during executive sessions of the

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

Compensation Committee. Moreover, the Chief Executive Officer may not be present when decisions with respect to his compensation are made. On more than one occasion, the Committee has used a third-party compensation consultant.

Compensation Advisors

The Compensation Committee has the authority to retain compensation consultants to advise the Compensation Committee as it deems necessary to carry out its duties. In 2010, the Compensation Committee retained the services of Compensation Advisory Partners LLC as its independent executive compensation consultant. In connection with this engagement, the Compensation Committee requested that Compensation Advisory Partners LLC review the fairness of the compensation package for Dr. Rose, Dr. Hruby and Ms. Dugary in relation to a peer group comprised of comparable biotechnology companies.

Competitive Market Analysis and Benchmarking

In reviewing and recommending the compensation of the Chief Executive Officer and other executive officers, the Compensation Committee considers the compensation awarded to officers of similarly situated companies, our performance, the respective individual's performance, compensation given to our officers in past years, anticipated changes to future duties and other factors the Compensation Committee deems appropriate. As a framework for the Compensation Committee's decisions regarding the compensation of the Company's named executive officers during 2010, the Compensation Committee evaluated aggregate executive compensation data from the fiscal years 2008 and 2009 regarding the chief executive officer, chief financial officer, and chief scientific officer of Alexion Pharmaceuticals, Inc., Cubist Pharmaceuticals, Inc., Dynavax Technologies Corp., Emergent Biosolutions Inc., Enzon Pharmaceuticals, Inc., Hemispherx Biopharma Inc., Human Genome Sciences, Inc., PharmAthene, Inc., SciClone Pharmaceuticals, Inc., and ViroPharma Inc. SIGA's third-party compensation consultant selected these companies as similarly situated because they are all biotechnology companies specializing either in small-molecule drugs or solutions to bioterrorism and, with the exception of Human Genome Sciences and Alexion Pharmaceuticals, have comparable market capitalizations. The Committee found the aggregate compensation paid to each of the Company's named executive officers, in general, was consistent with the compensation paid to executive officers of the selected peer group after taking into account differences, such as product sales, total research revenue, scope of supervisory responsibility of employees and nature of other commitments, between the Company and the peer group.

Evaluations

The Compensation Committee evaluates, at least once a year, the performance of our officers and other key employees in light of goals and objectives established by the Committee. Based upon these evaluations, the Compensation Committee either adjusts the compensation of such personnel as appropriate or recommends to the full Board of Directors any adjustment for such personnel, including any change to base salary, bonus, incentive and equity compensation. In its evaluation of the Chief Executive Officer, the Compensation Committee considers overall management of the Company, the progress achieved by our drug candidates, the establishment and maintenance of successful relationships with the Company's various funding and research partners and potential customers and successful relations with the Board of Directors and the shareholders. In its evaluation of the Chief Financial Officer, the Committee considers the Company's financial performance, the Chief Financial Officer's role in achieving our financial goals, the Chief Financial Officer's relationships with the shareholders and potential investors, the Chief Financial Officer's efforts with respect to financial regulatory compliance (including compliance with NASDAQ rules, the securities laws and all related regulations), and the preparation of and compliance with the Company's budget. In its evaluation of the Company's Chief Scientific Officer, the Committee considers achievement of program objectives within budgetary requirements, new grants and other third-party funding obtained, relationships with regulators and current and possible future scientific partners, compliance with grant requirements and management of the Company's research facility located in Corvallis, OR.

Our Compensation Philosophy and Program Objectives

The overall objectives of the Company's compensation program are to attract and retain the best possible executive talent, to motivate these executives to achieve the goals inherent in the Company's business strategy, to maximize the link between executive and stockholder interests through a stock incentive plan and to recognize individual contributions as well as overall business results. To achieve these objectives, the Company has developed an overall compensation strategy and specific compensation plans that tie a substantial portion of an executive's compensation to performance.

Our Executive Compensation Program

Overview

The key elements of the Company's compensation program consist of fixed compensation in the form of base salary, and the discretion to award variable compensation in the forms of incentive compensation and stock option awards. The Compensation Committee's policies with respect to each of these elements are discussed below. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package offered by the Company to the individual, including pension benefits, insurance and other benefits, as well as the programs described below.

Base Salary

The compensation philosophy of the Company is to maintain executive base salary at a competitive level to enable the Company to attract and retain executives and key employee talent needed to accomplish the Company's goals. In determining the appropriate base salary levels and, to a lesser extent, other compensation elements, the Compensation Committee considers the scope of responsibility, prior experience and past accomplishments, and anticipated changes to future job responsibilities, as well as historical practices within the Company. Economic and business conditions affecting the Company are also considered. The Compensation Committee also considers historical levels of salary paid by the Company as well as the provisions in the various executive's employment contracts with the Company, which contracts are more fully discussed elsewhere in this proxy statement.

Periodic adjustments in base salary may be merit-based with respect to individual performance or tied to the Company's financial condition or other competitive factors. The Compensation Committee takes into account the effect of any transaction outside of the ordinary course of business that has been consummated during the relevant year and, where appropriate, also considers non-financial performance measures. These include the Company's competitive position, scientific developments and improvements in relations with employees and investors.

For Dr. Rose, Ms. Dugary and Dr. Hruby, we paid as base salary in 2010 the amounts required under their employment agreements. These amounts were reviewed and set by our Compensation Committee. These base salary levels reflect our Compensation Committee's subjective judgment, which took into account each executive's respective position and tenure, our present needs, the executive's individual performance, achievements and prior contributions and anticipated performance levels.

Annual Incentive Compensation

The Compensation Committee, in its discretion, may establish cash incentive programs and otherwise award bonuses to executive officers and key employees. Annual incentive compensation to our executive officers is payable pursuant to contractual provisions with certain executives that provide eligibility to receive discretionary bonuses, in the sole discretion of the Board of Directors or Compensation Committee based on the executives' performance, economic and business conditions affecting the Company, and the financial condition of the Company. The Compensation Committee approves or makes recommendations to the Board of Directors with respect to such amounts. Dr. Hruby was contractually entitled to certain guaranteed cash bonus payments each year of his current employment agreement. His guaranteed cash bonus for 2010 was \$75,000. Also in 2010, Dr. Hruby received a discretionary bonus of \$75,000; no other executive officers received a discretionary bonus. In its evaluation of Dr. Hruby, the Compensation Committee did not have any pre-established goals or targets identified, however, in its determination as to the amount of discretionary bonus to be awarded, the Compensation Committee considered Dr. Hruby's achievement of program objectives within budgetary requirements, new grants and other third-party funding obtained, relationships with regulators and current and possible future scientific partners, compliance with grant requirements and management of the Company's research facility located in Corvallis, Oregon and the announcement by the Biomedical Advanced Research and Development Authority ("BARDA") of a Request for Proposal ("RFP") for the acquisition of a smallpox antiviral, the response to which required Dr. Hruby to expend additional significant efforts on the Company's behalf. Specifically, the Compensation Committee took Dr. Hruby's contributions to the following achievements into consideration in making the \$75,000 discretionary award:

- Continued leadership in interactions with the FDA to develop a plan to achieve the regulatory approval of ST-246.
- Successful leadership of the negotiation and implementation of the NIH/BARDA contracts for ST-246 therapeutic development, IV formulation and prophylaxis that resulted in achievement of programmatic milestones and awarding of funding.
- Leadership of the broad-spectrum antiviral program that has resulted in the declaration of a lead compound.

Ms. Dugary was also contractually entitled to certain guaranteed cash bonus payments. Her guaranteed cash bonus for 2010 was \$50,000. Dr. Rose's employment agreement does not provide for guaranteed bonus payments.

We believe that the annual incentive bonuses can motivate and encourage our executives to fulfill our objectives and provide us with the opportunity to recognize superior individual performance.

Long-Term Incentive Awards

The Compensation Committee believes that granting stock options and other equity-based incentives can provide officers and employees with a strong economic interest in maximizing stock price appreciation over the long term. The Committee also believes that the practice of granting stock options can be useful in retaining and recruiting the key talent necessary to ensure the Company's continued success. This element of compensation is governed by the 2010 Stock Incentive Plan (the "2010 Plan") adopted in April 2010 to supersede the previous plan, which provides for grants of incentive stock options, non-qualified stock options and shares of restricted and unrestricted stock to our executives, directors and employees. Prior to that date, the Amended and Restated 1996 Incentive and Non-Qualified Stock Option Plan (the "1996 Plan") was in effect. The 2010 Plan is administered by our Compensation Committee, which reviews management's recommendations concerning persons to be granted awards, and determines the number of stock options or shares to be granted to each such person, and the terms and conditions of any grant as permitted under the 2010 Plan. The exercise price of stock options is set by the Compensation Committee and has been at a price at least equal to the market price of the Common Stock on the date of the grant. Options granted by SIGA therefore do not have any value to the executive unless the market price of our Common Stock rises, which ensures that the interests of our executives are aligned with those of our stockholders. Through these equity awards, we seek to emphasize the importance of improving the performance of our stock price, increasing shareholder value over the long-term.

Both incentive options ("Incentive Options") and nonqualified options ("Nonqualified Options") may be granted under the 2010 Plan. An Incentive Option is intended to qualify as an incentive stock option within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). As such, any Incentive Option granted under the 2010 Plan will have an exercise price of not less than 100% of the fair market value of the shares on the date on which such option is granted. With respect to an Incentive Option granted to an employee who owns more than 10% of the total combined voting stock of SIGA or of any parent or subsidiary of SIGA, the exercise price for such option must be at least 110% of the fair market value of the shares subject to the option on the date the option is granted.

In determining the size of a stock grant, including stock options and restricted stock, to a named executive officer, the Compensation Committee considers not only competitive market factors, changes in responsibility and the executive officers' achievement of pre-established goals, but also the number, term and vesting of stock-based awards previously granted to the officer. The Compensation Committee may also consider the total compensation package or changes made thereto, when determining whether to make a stock-based award. The number of shares granted to each named executive officer is determined by the Compensation Committee based on its consideration of the named executive officer's individual responsibilities and ability to significantly enhance key company initiatives. In connection with its review of compensation matters for the Company executive officers, the Compensation Committee also reviews information regarding the overall compensation, including stock-based awards, of similarly situated executives at peer companies. The Compensation Committee makes recommendations to the Board of Directors with respect to such awards based on the foregoing facts. For 2010, there were no such awards made to the named executive officers.

Additional Benefits and Perquisites

Our officers and key employees are entitled to participate in the benefit plans which are generally available to all employees, including health, dental, life, and accidental disability. For each of these benefit plans, the Company makes contributions to the premiums paid to the plans. The Company also offers a 401(k) defined contribution plan, but it makes no contribution to the 401(k) plan. In each case, we provide these benefits to our executive officers on the same basis as our other employees.

Severance and Change in Control Agreements

We also provide some of our executive officers with severance and change in control arrangements in their employment contracts. We believe that severance and change of control packages are a common characteristic of compensation for key executive officers. They are intended to provide our executive officers with a sense of security in making the commitment to dedicate their professional careers to our success. Due to our size relative to other public companies and our operating history, we believe that severance and change in control arrangements are necessary to help us attract and retain necessary skilled and qualified executive officers to continue to grow our business.

Our Compensation Policies

Section 162(m) Policy

The Compensation Committee has found it unnecessary to consider the applicability of Section 162(m) of the Code because no executive officer receives compensation in excess of one million dollars.

Common Share Ownership Requirements

While we have not adopted a formal written policy on common share ownership requirements, part of our compensation philosophy involves common share ownership by our executive officers, because we believe that it helps to align their financial interests with those of our stockholders. We also recognize, on the other hand, that our executive officers cannot acquire more than 10% of our common shares without triggering adverse tax consequences. In addition, we expect our executive officers to abide by the provisions of our 2004 Policy on Confidential Information and Insider Trading.

Timing of Awards

Our Compensation Committee has the authority to issue equity awards under our incentive plan. We expect that the Compensation Committee will continue making equity awards to our executive officers and key employees when appropriate. The Compensation Committee strives to ensure that any award is made in such a manner to avoid even the appearance of manipulation because of its award date.

Financial Restatement

Although we have not adopted a formal written policy, it is our Board of Directors' informal policy that the Compensation Committee will, to the extent permitted by governing law, have the sole and absolute authority and discretion in consultation with the Board of Directors, to make retroactive adjustments to any cash or equity based incentive payments to executive officers where the payment was based upon the achievement of certain financial results that were subsequently the subject of a restatement, without regard to misconduct being involved. If the Compensation Committee chose to exercise this discretion, we would seek to recover any amount determined to have been improperly paid to the executive officer.

Stock-Based Awards

The 1996 Plan was adopted in 1996 and amended in 2001, 2004 and 2005. In April 2010, the 2010 Plan was adopted to update and supersede the 1996 Plan. The maximum number of shares of Common Stock available under the 2010 Plan is 2,000,000. Stock options may be granted to key employees, consultants and outside directors pursuant to the 2010 Plan.

The 2010 Plan is administered by our Compensation Committee, which reviews management’s recommendations concerning persons to be granted stock awards, and determines the number of stock awards to be granted to each such person, and the terms and conditions of any stock options as permitted under the Plan. The members of the Compensation Committee during 2010 were Steven L. Fasman, who served as Chair, Paul G. Savas, Bruce Slovin, and Michael A. Weiner, M.D. See “Committees of the Board of Directors” above for more information.

The 2010 Plan provides for the grant of any or all of the following: Incentive Options, Nonqualified Options, restricted stock, and unrestricted stock. An Incentive Option is intended to qualify as an incentive stock option within the meaning of Section 422 of the Code. Any Incentive Option granted under the 2010 Plan will have an exercise price of not less than 100% of the fair market value of the shares on the date on which such option is granted. With respect to an Incentive Option granted to an employee who owns more than 10% of the total combined voting stock of SIGA or of any parent or subsidiary of SIGA, the exercise price for such option must be at least 110% of the fair market value of the shares subject to the option on the date the option is granted.

Grants of Plan Based Awards

During the year ended December 31, 2010, there were no grants of plan-based awards made to the Executive Officers. During the year ended December 31, 2009, the Compensation Committee recommended the award of 50,000 options to each of Ayelet Dugary, Chief Financial Officer, and Dennis Hruby, Chief Scientific Officer. For each award, the Compensation Committee recommended that the options become exercisable according to vesting as follows: one-third on each annual anniversary of the date of grant (March 5, 2009). The Board of Directors approved the award, and all of the aforementioned options have an exercise price of \$4.70 per share.

The Compensation Committee determined that it was in the best interest of our Company to issue stock options to motivate the aforementioned executive officers to contribute to our growth and to continue their service with our Company. The number of shares granted to each named executive officer was determined by the Committee based on its consideration of the named executive officer’s individual responsibilities and ability to significantly enhance key company initiatives.

Employment Agreements

We currently have employment agreements with Dr. Rose, Dr. Hruby and Mr. Luckshire. Dr. Rose’s employment agreement became effective as of March 1, 2007. We have included below descriptions of the current employment agreements of each of these officers, as amended. On February 10, 2011, SIGA and Ms. Dugary agreed not to extend the current term of Ms. Dugary’s employment agreement, and therefore her employment with SIGA terminated effective February 25, 2011.

Dr. Rose is also eligible to receive bonus payments (in either cash or stock options) as may be approved by the Board of Directors in its sole discretion. We may terminate his employment agreement (with or without cause), provided that upon any termination by us without cause (including, without limitation, termination without cause upon a change in control), or termination by Dr. Rose for good reason, we will be obligated to continue to pay Dr. Rose’s base salary for one year, and all stock options and other stock-based grants to Dr. Rose shall immediately and irrevocably vest and become exercisable upon the date of termination and shall remain exercisable for a period of not less than one (1) year from the date of termination. In connection with Ms. Dugary's departure, the Company entered into a Separation and Consulting Agreement (the "Dugary Separation Agreement") with Ms. Dugary on the Separation Effective Date. Pursuant to the Dugary Separation Agreement, Ms. Dugary resigned as Chief Financial Officer and Secretary effective immediately.

Pursuant to the Dugary Separation Agreement, Ms. Dugary will continue to receive her base salary for a period of one year following the Separation Effective Date. The Dugary Separation Agreement further provides that any unvested stock options would vest immediately and become exercisable. Furthermore, all outstanding stock options granted to Ms. Dugary under the 1996 Plan and the 2010 Plan were extended for a period of not less than one year from the Separation Effective Date (to the extent they would have expired earlier).

Finally, pursuant to the Dugary Separation Agreement, Ms. Dugary has been engaged as a consultant to SIGA for a period that will continue until 90 days from the date of termination for a fee of \$45,000.

Dennis E. Hruby – Chief Scientific Officer

On March 15, 2011, we further amended Dr. Hruby's base salary to an annual amount of \$338,680. In addition, unless either party provides notice of its desire not to renew the Hruby Employment Agreement thirty (30) days prior to the expiration of the then-current term, the Employment Agreement shall automatically renew for additional one (1) year periods. In the event that Dr. Hruby's employment is not renewed by SIGA upon the expiration of its term, Dr. Hruby will receive severance in an amount equal to his annual base salary at the time of such non-renewal. The agreement also provides that Dr. Hruby shall report to the Board of Directors, SIGA's Chief Executive Officer or any other executive officer in a position senior to him. All other material terms of the original employment agreement remain unchanged. Pursuant to his Employment Agreement, we may terminate his Employment Agreement (with or without cause), provided that upon any termination by us without cause (including, without limitation, termination without cause upon a change in control), or termination by Dr. Hruby for good reason, we will be obligated to continue to pay Dr. Hruby's base salary for two years, and all stock options and other stock-based grants to Dr. Hruby shall immediately and irrevocably vest and become exercisable upon the date of termination and shall remain exercisable for a period of not less than two (2) years from the date of termination. All other members of the respective committees will receive \$500 per meeting for meetings of the committees.

Non-employee directors will receive an initial grant of 25,000 options upon such non-employee director's first election to the Board of Directors, which such options will be granted under the Company's incentive plan. TRANSACTIONS WITH RELATED PERSONS

Review, Approval or Ratification of Transactions with Related Persons

The Company's policies and procedures for reviewing, approving, and ratifying transactions with related persons are set forth in a written policy.

Under these procedures, at each calendar year's first regularly scheduled Audit Committee meeting, management recommends related party transactions be entered into by the Company for that calendar year, including the proposed aggregate value of such transactions, if applicable. After review, the Audit Committee either approves or disapproves such transactions, and at each subsequently scheduled meeting, management is required to update the Audit Committee as to any material change to those proposed transactions.

Further, in the event management recommends any further related party transactions subsequent to the first calendar year meeting, such transactions may be presented to the Audit Committee for approval or preliminarily entered into by management subject to ratification by the Audit Committee; provided that, if ratification shall not be forthcoming, management shall make all reasonable efforts to cancel or annul such transactions.

In addition, with respect to any related party transaction that includes a compensation component, management will submit the terms of such proposed compensation (or any subsequent material changes to such compensation) to the Compensation Committee for its review. After its review, the Compensation Committee either approves or disapproves the compensation component of the related party transaction and informs management and the Audit Committee of such approval or disapproval.

Transactions with Related Persons

Based on information provided by the directors and the executive officers, the Audit Committee determined that there were no related person transactions to be reported in this proxy statement other than:

Kramer Levin Naftalis & Frankel LLP, the Company's legal counsel, billed the Company for legal services provided to the Company. One of our directors, Thomas Constance, is a partner at Kramer Levin Naftalis & Frankel LLP.

On June 19, 2008, SIGA entered into a letter agreement (as amended, the "Letter Agreement") that expired on June 19, 2010, with MacAndrews & Forbes LLC ("M&F"), for M&F's commitment to invest, at SIGA's discretion or at M&F's option, up to \$8 million in exchange for (i) SIGA common stock and (ii) warrants to purchase 40% of the number of SIGA shares acquired by M&F. On June 18, 2010, M&F notified SIGA of its intention to exercise its right to invest \$5.5 million, the remaining amount available under the Letter Agreement and entered into a Deferred Closing and Registration Rights Agreement dated as of June 18, 2010 with the Company. On July 26, 2010, upon satisfaction of certain customary closing conditions, including the expiration of the applicable waiting period pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, M&F funded the \$5.5 million purchase price to SIGA in exchange for the issuance of (i) 1,797,386 shares of common stock and (ii) warrants to purchase 718,954 shares of common stock at an exercise price of \$3.519 per share. The number of shares issuable pursuant to the warrants granted under the Letter Agreement, as well as the exercise price of those warrants, may be subject to adjustment as a result of the effect of future equity issuances on certain anti-dilution provisions in the related warrant agreements.

In 2009, SIGA issued to M&F 816,993 shares of common stock and 326,797 warrants to acquire common stock in exchange for total proceeds of \$2.5 million. The warrants are exercisable for a term of four years from issuance for an exercise price of \$3.519 per share. The number of shares issuable pursuant to the warrants granted under the Letter Agreement, as well as the exercise price of those warrants, may be subject to adjustment as a result of the effect of future equity issuances on certain anti-dilution provisions in the warrant agreements.

On December 1, 2009 the Company entered into an Office Service Agreement with an affiliate of M&F to occupy office space for approximately \$8,000 per month. The agreement is cancelable upon 60 days notice by SIGA or the affiliate.

PROPOSAL No. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Executive compensation is an important matter for our stockholders. The core of SIGA's executive compensation philosophy and practice continues to be pay for performance. SIGA's executive compensation programs are designed to attract, motivate and retain highly qualified executive officers who are able to achieve corporate objectives and create stockholder value. SIGA's executive officers are compensated in a manner consistent with SIGA's strategy, competitive practice, sound governance principles, and stockholder interests and concerns. The Compensation Committee believes that SIGA's executive compensation programs reflect a strong pay-for-performance philosophy and are well aligned with the long-term interests of our stockholders. We urge you to read the Compensation Discussion and Analysis ("CD&A") section of this proxy statement for additional detail on SIGA's executive compensation, including our compensation philosophy and objectives and the 2010 compensation of the named executive officers.

In accordance with recently enacted legislation, stockholders are being asked to vote on the following resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as described in the Compensation Discussions and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in the Company's 2011 Proxy Statement.

As an advisory vote, this proposal is non-binding. Nevertheless, the Board of Directors and the Compensation Committee value the opinions of our stockholders, and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" PROPOSAL No. 2 (ITEM 2 OF THE ENCLOSED PROXY CARD).

PROPOSAL No. 3

VOTE ON FREQUENCY OF EXECUTIVE COMPENSATION VOTE

As discussed in Proposal No. 2, executive compensation is an important matter for our stockholders. Consequently and in accordance with recently enacted legislation, we are asking stockholders to vote on the frequency of SIGA's solicitation of a non-binding stockholder vote on executive compensation (commonly known as the "say-on-pay" vote). Stockholders may select from the following four options: (i) one year (ii) two years (iii) three years or (iv) abstain from voting.

The Board of Directors believes a frequency of once every three years is the optimal frequency for the say-on-pay vote for a number of reasons including:

- Our compensation programs do not encourage significant risk taking that might create adverse consequences for the Company;
- A longer frequency is consistent with long-term compensation objectives; and
- Our compensation programs are designed to reward and incent long-term performance and a triennial vote allows for changes to the Company's compensation programs to be functioning for an ample period to evaluate whether the changes were effective.

Although this advisory vote on the frequency of the say-on-pay is not binding on the Company's Board of Directors or Compensation Committee, the Board of Directors and the Compensation Committee will consider the result of this vote when determining the frequency of future say-on-pay votes.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR A VOTE FOR ONCE EVERY "THREE YEARS" FOR PROPOSAL No. 3 (ITEM 3 OF THE ENCLOSED PROXY CARD).

PROPOSAL No. 4

RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed the firm of PricewaterhouseCoopers LLP as SIGA's independent registered public accounting firm to audit the financial statements of SIGA for the fiscal year ending December 31, 2011, and recommends that stockholders vote for ratification of this appointment. PricewaterhouseCoopers LLP has audited SIGA's financial statements since January 1997. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions. The affirmative vote of a majority of the total votes cast on such proposal in person or by proxy at the Annual Meeting will be required to ratify the selection of PricewaterhouseCoopers LLP.

If the stockholders fail to ratify the selection, the Audit Committee will reconsider its selection of auditors. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year, if it determines that such change would be in the best interests of SIGA and its stockholders.

Principal Accountant Fees and Services

	Year ended December 31,	
	2010	2009
Audit Fees	\$ 413,300	\$ 390,600
Audit Related Fees	57,600	230,800
Tax Fees	71,000	-
All Other Fees	8,600	2,400
Total Fees	\$ 550,500	\$ 623,800

Audit Fees. Consists of fees billed professional services rendered and expenses incurred for the integrated audit of SIGA's annual financial statements and of its internal control over financial reporting, reviews of the interim financial statements included in quarterly reports and for services normally provided by PricewaterhouseCoopers LLP in connection with statutory and regulatory filings or engagements.

Audit Related Fees. Consists of fees billed that are related to the performance of the audit or review of SIGA's consolidated financial statements and are not reported under "Audit Fees." These services are related to the audit of our federal expenditures.

Tax Fees. Consists of fees billed for tax compliance, tax advice or tax planning. These services related to assistance with our federal tax compliance.

All Other Fees. Consists of fees billed for products and services other than the services reported above. These services included miscellaneous services.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services, and other services.

SIGA did not make use in fiscal year 2010 of the rule that waives pre-approval requirements for non-audit services in certain cases if the fees for these services constitute less than 5% of the total fees paid to the auditor during the year.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" PROPOSAL No. 4 (ITEM 4 OF THE ENCLOSED PROXY CARD).

STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Exchange Act, stockholder proposals submitted for inclusion in our proxy materials for the 2012 Annual Meeting of Stockholders must be received at our principal executive offices, 35 East 62nd Street, New York, New York 10065, Attention: Secretary, not later than December 14, 2011. In order to avoid controversy, shareholders should submit proposals by means, including electronic, that permit them to prove the date of delivery. Such proposals must comply with SIGA's By-Laws and the requirements of Regulation 14A under the Exchange Act.

If a stockholder intends to present a proposal for consideration at the next annual meeting outside of the processes of Rule 14a-8 under the Exchange Act, we must receive notice of such proposal at the address given above by February 27, 2012. If not received by such date, such notice will be considered untimely under Rule 14a-4(c)(1) under the Exchange Act, and our proxies will have discretionary voting authority with respect to such proposal, if presented at the annual meeting. We will not be required to include any such proposal in our proxy materials.

The deadlines described above are calculated by reference to the mailing date of the proxy materials for this year's annual meeting. If the date of next year's annual meeting is more than 30 days earlier or later than the anniversary of this year's meeting, SIGA will, in a timely manner, inform stockholders of such change and the effect of such change on the deadlines given above by including a notice in our Annual Report on Form 10-K, one of our Quarterly Reports on Form 10-Q, a Current Report on Form 8-K or by any other means reasonably calculated to inform stockholders.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires SIGA's officers and directors, and persons who own more than ten percent of a registered class of SIGA's equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish SIGA with copies of all Section 16(a) reports that they file.

Based solely upon review of the copies of such reports furnished to SIGA and written representations from certain of SIGA's executive officers and directors that no other such reports were required, SIGA believes that during the fiscal year ended December 31, 2010, no director failed to file on a timely basis a report relating to a transaction as required by Section 16(a) of the Exchange Act.

AVAILABILITY OF ANNUAL REPORT AND FORM 10-K TO STOCKHOLDERS

SIGA's Annual Report to Stockholders for the year ended December 31, 2010 accompanies this proxy statement. SIGA will provide to any stockholder, upon written request and without charge, a copy of its most recent Annual Report on Form 10-K, including the financial statements, as filed with the SEC. All requests for such reports should be directed to the Chief Financial Officer, 35 East 62nd Street, New York, New York 10065, telephone number (212) 672-9100.

OTHER MATTERS

At the date of this proxy statement, management was not aware that any matters not referred to in this proxy statement would be presented for action at the Annual Meeting. If any other matters should come before the Annual Meeting, the persons named in the accompanying proxy will have discretionary authority to vote all proxies in accordance with their best judgment, unless otherwise restricted by law.

“Householding” of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding”, potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household proxy materials, delivering a single proxy statement or annual report to multiple stockholders sharing an address, unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or annual report, please notify us by sending a written request to SIGA Technologies, Inc., 35 East 62nd Street, New York, New York 10065 or by calling us at (212) 672-9100. You may also notify us to request delivery of a single copy of our annual report or proxy statement if you currently share an address with another stockholder and are receiving multiple copies of our annual report or proxy statement.
