Earnings as adjusted (Non-GAAP) is a measure of income that differs from earnings from continuing operations measured in accordance with generally accepted accounting principles (GAAP). Earnings as adjusted (Non-GAAP) is income from continuing operations per our consolidated results, adjusted for exclusion of restructuring and impairment (credits) charges. Management believes that both earnings from continuing operations and earnings as adjusted for exclusion of these special credits and charges assist the investor in understanding the results of operations of The Lubrizol Corporation. In addition, management and the Board of Directors of The Lubrizol Corporation evaluate results using the earnings from continuing operations and earnings as adjusted.

Item 8.01 Other Events

The Board of Directors of The Lubrizol Corporation has authorized a new share repurchase program that, combined with its existing repurchase program, permits The Lubrizol Corporation to repurchase up to \$300 million of its common shares, effective immediately.
