NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2014

NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Feel Golf Co., Inc. (the "Prior Company") was incorporated on February 14, 2000 under the laws of the State of California in the United States of America. The Company designed, manufactured, and conducted international marketing and sales of its golf clubs and golf club grips. On April 5, 2013, the Company (or FGC) acquired Intelligent Living Inc., a Florida corporation (ILI), for the transfer of all of the issued and outstanding capital stock of ILI owned by the Shareholders, in exchange for the Acquisition Consideration. FGC issued 35,714,286 shares of its common stock (18.6% of the common stock outstanding at the transaction date) for all of the issued and outstanding capital stock of ILI, thereby making ILI a wholly-owned subsidiary of FGC. See Note 4. Concurrently, FGC changed its name to Intelligent Living Inc.

On or about March 21, 2013 the Company redeemed 2,148,200 preferred shares held by former officers Otterbach, Worrell, and Cottingham.

Up until April 5, 2013, the Miller Family Trust with Lee Miller as their Trustee, held the majority voting power in the Company. The Trust held 4,680,000 of Class A Preferred Shares and the Miller Family Trustee agreed to retire 4,673,400 shares of their Class A Preferred held in the Company. The Miller Family Trust retained 6,600 of the Class A Preferred and concurrently agreed to convert the 6,600 balance of the Class A Preferred Shares (500:1 conversion) into 3,300,000 common shares in the Company. In turn, the Company's new Board of Directors agreed in consideration and for the retirement of the Miller Family Trust Class A Preferred shares, to sell certain golf related assets and certain liabilities to a newly formed private corporation, called Feel Golf Products, Inc. Concurrent with this transaction, the Company changed its name to Intelligent Living Inc.

Intelligent Living Inc. (the "Company") was incorporated on March 25, 2011 under the laws of the State of Florida in the United States of America. On August 12, 2013, the Company re-domiciled in the State of Nevada. The Company is a health and wellness holding company that specializes in the acquisition and integration of internet and web based technologies, hosting and cloud based infrastructure services, e-Commerce, and nutraceuticals based products. We provide nutraceuticals products, wellness products and services, and create mobile and digital health apps, cognitive exercise and brain games as well as platforms for emerging demand markets and other value creation opportunities all relating to our core values. Some of our brands include: Mind360games.com, DrLarryDirect.com, Social420.com and Provectus IT.

Basis of Presentation

The accompanying consolidated financial statements are prepared on the accrual basis of accounting and in accordance with generally accepted accounting principles (GAAP) in the United States of America.

Year-End

The Company has selected December 31 as its year end.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the balance sheets and cash flow statements, the Company considers all highly liquid investments with original maturities of three months or less at time of purchase to be cash equivalents.

Concentrations of Risk

The Company s bank accounts are deposited in insured institutions. The funds are insured up to \$250,000 USD. At March 31, 2014, the Company s bank deposits did not exceed the insured amount.

NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Consolidation

The consolidated financial statements for the three months ended March 31, 2014 include the operations of the Company and its wholly-owned subsidiaries, Intelligent Living Inc. and Health and Beyond, LLC. All significant intercompany accounts and transactions have been eliminated in consolidation.

Trade Accounts Receivable

The Company does not currently carry trade accounts receivable. The allowance for doubtful accounts totaled \$0 as of March 31, 2014 and December 31, 2013, respectively.

Inventory

Inventory is valued at the lower of cost or market, on an average cost basis.

Property and Equipment

Property and equipment is located at the Company's headquarters in Miami, FL and is recorded at cost less accumulated depreciation. Depreciation and amortization is calculated using the straight-line method over the expected useful life of the asset, beginning on the date that the asset is placed in service. The Company generally uses the following depreciable lives for its major classifications of property and equipment:

Description	Useful Lives
Computer hardware	3-7 years
Computer software	3-5 years
Furniture and Office Equipment	7 years
Production Equipment	7 years

Leasehold improvements

10 years

Website Development

The Company capitalizes the costs associated with the development of its websites. Other costs related to the maintenance of the website are expensed as incurred. Amortization will be provided over the estimated useful life of 3 years using the straight-line method for financial statement purposes.

Valuation of Long-Lived Assets

Long-lived tangible assets and definite-lived intangible assets are reviewed for possible impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. The Company uses an estimate of undiscounted future net cash flows of the assets over the remaining useful lives in determining whether the carrying value of the assets is recoverable. If the carrying values of the assets exceed the expected future cash flows of the assets, the Company recognizes an impairment loss equal to the difference between the carrying values of the assets and their estimated fair values.

Impairment of long-lived assets is assessed at the lowest levels for which there are identifiable cash flows that are independent from other groups of assets. The evaluation of long-lived assets requires the Company to use estimates of future cash flows. However, actual cash flows may differ from the estimated future cash flows used in these impairment tests. As of March 31, 2014, management does not believe any of the Company's long-lived assets require impairment.

INTELLIGENT LIVING INC.**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS****MARCH 31, 2014****NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**Valuation of Long-Lived Assets (continued)

Below is a table identifying the intangible assets subject to amortization and estimated amortization over the next two years and thereafter. At March 31, 2014, management determined that the remaining net book value of its purchased patents, copyrights, and Intellectual property related to the Intelligent Living, and Mind360 acquisitions should be valued as follows:

Original values of Intangible assets		
Purchased patents, copyrights and IP Intelligent Living	\$	464,788
Purchased patents, copyrights and IP Mind360	\$	916,667
Purchased IP, Health & Beyond	\$	150,000
Estimated future amortization (years)		1 - 3 years
To-date accumulated amortization	\$	175,587

Fair Value of Financial Instruments

In accordance with ASC 820, the carrying value of cash and cash equivalents, accounts receivable and accounts payable approximates fair value due to the short-term maturity of these instruments. ASC 820 clarifies the definition of fair value, prescribes methods for measuring fair value, and establishes a fair value hierarchy to classify the inputs used in measuring fair value as follows:

Level 1-Inputs are unadjusted quoted prices in active markets for identical assets or liabilities available at the measurement date.

Level 2-Inputs are unadjusted quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, inputs other than quoted prices that are observable, and inputs derived from or corroborated by observable market data.

Edgar Filing: Intelligent Living Inc. - Form 10-Q

Level 3-Inputs are unobservable inputs that reflect the reporting entity's own assumptions on what assumptions the market participants would use in pricing the asset or liability based on the best available information.

The following table presents assets and liabilities that are measured and recognized at fair value as of March 31, 2014

Assets and liabilities measured at fair value on a recurring and nonrecurring basis at March 31, 2014:

Recurring:	Level 1	Level 2	Level 3
Derivative liability	\$ -	\$ -	\$ 5,531,933
Total	\$ -	\$ -	\$ 5,531,933

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The following is a description of the valuation methodology used to measure fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2014

NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Company analyzes all financial instruments with features of both liabilities and equity under ASC 480,

Distinguishing Liabilities from Equity and ASC 815, Derivatives and Hedging. Derivative liabilities are adjusted to reflect fair value at each period end, with any increase or decrease in the fair value being recorded in results of operations as adjustments to fair value of derivatives. The effects of interactions between embedded derivatives are calculated and accounted for in arriving at the overall fair value of the financial instruments. In addition, the fair value of free standing derivative instruments such as warrant and option derivatives are valued using the Black-Scholes model.

The Company uses Level 3 inputs for its valuation methodology for the embedded conversion option liabilities as their fair value as their fair value were determined by using the Black-Scholes option-pricing model based on various assumptions. The Company's derivative liabilities are adjusted to reflect fair value at each period end, with any increase or decrease in the fair value being recorded in results of operations as adjustments to fair value of derivatives.

Balance of derivative liabilities at December 31, 2013	\$ 951,267
Change in fair value	4,580,666
Balance of derivative liabilities at March 31, 2014	\$ 5,531,933

Revenue Recognition

In accordance with ASC 605, the Company recognizes revenues from the sale of its products when the following fundamental criteria are met: (i) persuasive evidence of an arrangement exists, (ii) delivery has occurred or services have been rendered, (iii) the price to the customer is fixed or determinable and (iv) collection of the amount due is reasonably assured.

Shipping and Handling Costs

Shipping and handling costs billed to the customer are classified in revenues. Such costs incurred to ship our products are included in cost of sales.

Advertising Costs

The Company expenses the costs of advertising as advertising is normally in short-term publications. Total advertising costs for the three months ended 2014 and 2013 were \$5,546 and \$0, respectively, from continuing operations.

Stock-Based Compensation

The Company follows the provisions of ASC 718, which requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. The Company uses the Black-Sholes pricing model for determining the fair value of stock based compensation.

Equity instruments issued to non-employees for goods or services are accounted for at fair value and are marked to market until service is complete or a performance commitment date is reached, whichever is earlier, in accordance with ASC 505-50.

Software Development Costs

Capitalization of software development costs for products to be sold to third parties begins upon the establishment of technological feasibility and ceases when the product is available for general release. As a result of the Company's practice of releasing source code that it has developed on a weekly basis for unrestricted download on the Internet, there is generally no passage of time between achievement of technological feasibility and the availability of the Company's product for general release.

INTELLIGENT LIVING INC.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2014

NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company accounts for income taxes under the asset and liability method. Deferred tax assets and liabilities are determined based on differences between the financial reporting and tax bases of assets and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse.

In July 2006, the FASB issued ASC 740, Accounting for Uncertainty in Income Taxes, which clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a return. ASC 740 provides guidance on the measurement, recognition, classification, and disclosure of tax positions, along with accounting for the related interest and penalties. ASC 740 became effective as of January 1, 2007 and had no impact on the Company's financial statements.

The charge for taxation is based on the results for the year as adjusted for items, which are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Basic and Diluted Net Income (Loss) per Share

Basic earnings per share is computed by dividing net income by the weighted average number of shares of common stock outstanding during the period.

Diluted earnings per share is computed by dividing net income by the weighted average number of shares of common stock, common stock equivalents and potentially dilutive securities outstanding during each period. Diluted loss per common share is not presented because it is anti-dilutive.

The Company's common stock equivalents include the following:

**March 31,
2014**

**December 31,
2013**

Shares for convertible promissory notes	1,839,748,874	3,705,486,960
---	---------------	---------------

Recently Issued Accounting Pronouncements

The Company has adopted all recently issued accounting pronouncements. The adoption of the accounting pronouncements, including those not yet effective, is not anticipated to have a material effect on the financial position or results of operations of the Company.

Convertible Debt Instruments

The Company records debt net of debt discount for beneficial conversion features and warrants, on a relative fair value basis. Beneficial conversion features are recorded pursuant to the Beneficial Conversion and Debt Topics of the FASB Accounting Standards Codification. The amounts allocated to warrants and beneficial conversion rights are recorded as debt discount and as additional paid-in-capital. Debt discount is amortized to interest expense over the life of the debt.

Derivative Instruments

The Company enters into financing arrangements that consist of freestanding derivative instruments or are hybrid instruments that contain embedded derivative features. The Company accounts for these arrangements in accordance with Accounting Standards Codification topic 815, Accounting for Derivative Instruments and Hedging Activities (ASC 815) as well as related interpretation of this standard. In accordance with this standard, derivative instruments are recognized as either assets or liabilities in the balance sheet and are measured at fair values with gains or losses recognized in earnings. Embedded derivatives that are not clearly and closely related to the host contract are bifurcated and are recognized at fair value with changes in fair value recognized as either a gain or loss in earnings. The Company determines the fair value of derivative instruments and hybrid instruments based on available market data using appropriate valuation models, giving consideration to all of the rights and obligations of each instrument.

INTELLIGENT LIVING INC.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2014

NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

We estimate fair values of derivative financial instruments using various techniques (and combinations thereof) that are considered to be consistent with the objective measuring fair values. In selecting the appropriate technique, we consider, among other factors, the nature of the instrument, the market risks that it embodies and the expected means of settlement. For less complex derivative instruments, such as free-standing warrants, we generally use the Black-Scholes model, adjusted for the effect of dilution, because it embodies all of the requisite assumptions (including trading volatility, estimated terms, dilution and risk free rates) necessary to fair value these instruments. Estimating fair values of derivative financial instruments requires the development of significant and subjective estimates that may, and are likely to, change over the duration of the instrument with related changes in internal and external market factors. In addition, option-based techniques (such as Black-Scholes model) are highly volatile and sensitive to changes in the trading market price of our common stock. Since derivative financial instruments are initially and subsequently carried at fair values, our income (expense) going forward will reflect the volatility in these estimates and assumption changes. Under the terms of the new accounting standard, increases in the trading price of the company's common stock and increases in fair value during a given financial quarter result in the application of non-cash derivative expense. Conversely, decreases in the trading price of the Company's common stock and decreases in trading fair value during a given financial quarter result in the application of non-cash derivative income.

NOTE 2 - GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. During the three months ended March 31, 2014, the Company realized an operating loss of \$574,998, and had a working capital deficit and stockholders' deficit of \$6,803,770 and \$10,992,526, respectively, as of March 31, 2014. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from investors and/or revenue sufficient to meet its minimal operating expenses and seeking equity and/or debt financing. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3 PROPERTY AND EQUIPMENT CONTINUED

The Company entered into a Software Development Agreement on May 6, 2013 with ScheduleMorePatients LLC, (Developer), a Montana limited liability company. The Developer will develop a software platform for the Company in the amount of \$80,000 to develop electronic medical records software. The company and developer have agreed on a payment plan of \$5,000 for the first nine (9) months and \$25,000 for the 7th and 8th month thereafter. The software is to be incorporated into the business model and utilized by the physicians in conjunction with the hormone treatment therapy treatments.

Depreciation and amortization expense for the three months ended March 31, 2014 and 2013 was \$181,790 and \$21,310 respectively. Depreciation expense for the three months ended March 31, 2013 is included as part of discontinued operations.

Note 4 - ACQUISITIONS

Acquisition of Health and Beyond, LLC

On January 4, 2014, Intelligent Living Inc. (Buyer) entered into an Asset Acquisition Agreement with Health and Beyond LLC (Seller), a Florida corporation. The Agreement calls for Intelligent Living to pay \$200,000 to Health and Beyond for the assets, payable as follows:

Promissory note	\$ 100,000
Issuance of 35 million shares of common stock	21,000
Accounts payable	79,000
	\$ 200,000

The \$100,000 promissory note is in the form of a Revenue Assignment Agreement in which the Company will pay down the note using the proceeds from the revenues earned from the Health and Beyond assets acquired.

Edgar Filing: Intelligent Living Inc. - Form 10-Q

The 35,000,000 restricted common shares issued were valued at \$0.0006 per share, the fair market value on the date of the transaction.

In addition to the above consideration, the Company entered into a Royalty Agreement with the seller, whereby we will pay the seller not less than 10% on any formulary product delivered, 20% for any special products delivered and \$30 for any test kit processed under the Health and Beyond label.

The Company also entered into a 5 year employment agreement with Dr. Larry LeGunn for a salary of \$96,000 per year to become the VP, Alternative Medicine and President of Health and Beyond Nutra Company Inc.

The intellectual assets purchased under the Agreement comprise the following:

1. Formulary Assets: Pressure Norm, Advanced HCG, Heart Helper, Neuroease, Metal Tox, Sweet Dreams, Gastric LG, Arthro Assist, Cranberine, Betaine HCL, Multi-mineral complex without Iron, Bi-Carb, Pycnogenol, Chrom mate, Hepato Thera, Theragest, Magnesium Chelate, Alpha Ketoglutaric Acid, Pyridoxal 5 phosphate, Calcium Citrate, Antioxthera Pack, Borage Oil, and Ester C Bio.
2. Specialty Assets: Oxy Cell, Oxy colonease, Dermis, Osseo, Allergen, Canderill, Climateric, Perk up, Relax, Focal Point, Happy Go Lucky, Immunostat, Prostical, Thyrocal, Circulase, Diabtrol, and Flora.

The Company accounted for the acquisition utilizing the purchase method of accounting in accordance with ASC 805 Business Combinations. The Company is the acquirer for accounting purposes and Intelligent Living Inc. is the acquired Company.

Acquisition of Mind360

On July 16, 2013, the Company modified its acquisition agreement with New Castle County Services, Inc. (NCCS), a Delaware corporation, for the purchase of all assets related to cognitive brain training games websites and blog (including the website Mind360.com). Originally, as consideration for the acquisition of the assets, the Company was to pay \$150,000 in cash to NCCS, no later than November 14, 2014 and to deliver to NCCS a promissory note in the amount of \$850,000. The Company and NCCS subsequently agreed that the Company will issue to NCCS 50,000,000 million shares of its common stock in exchange for \$50,000 of the \$150,000 that was due to be paid in cash. Various payments of cash were made throughout the year totaling \$50,000. The balance of cash due as of December 31, 2013 is \$50,000.

The Company accounted for the acquisition utilizing the acquisition method of accounting in accordance with ASC 805 "Business Combinations".

The net purchase price, including acquisition costs paid by the Company, was allocated to the intangible assets acquired from NCCS:

Intangible asset (Mind360 website)	1,000,000

NOTE 8 DERIVATIVE LIABILITYDerivative Liability

At March 31, 2014 and December 31, 2013, the Company had \$5,531,933 and \$951,267 in derivative liability pertaining to the outstanding convertible notes. Due to the issuance of a convertible note that was convertible at a percentage of the market price the Company could not determine if it had sufficient authorized shares. Therefore, the Company calculates the derivative liability using the Black Sholes Model which takes into consideration the stock price on the issuance date, the exercise price with discount to market conversion rate, stock volatility, expected life of the note, risk-free rate, annual rate of quarterly dividends call option value and put option value. The material increase

in the derivative liability recorded at March 31, 2014 was primarily due to the dramatic increase in the Company's stock price from December 31, 2013.

NOTE 9 - STOCKHOLDERS' EQUITY (DEFICIT)

Preferred Stock

On March 10, 2010, the Company authorized the creation of Series A Preferred Stock. The Company was authorized to issue 10,000,000 shares of its Series A Preferred stock at a par value of \$0.0001 per share. The Series A Preferred Stock have the following rights and provisions:

Company Overview

Overview

Based in Florida, we are a health and wellness holding company that specializes in the acquisition and integration of Internet and web technologies, hosting and cloud based infrastructure services, eCommerce, and nutraceutical based products. We provide nutraceutical products, wellness products and services, and create mobile and digital health apps, cognitive exercise and brain games as well as platforms for emerging demand markets and other value creation opportunities all relating to our core values. Some of our brands include: Mind360, DrLarryDirect, Social420 and Provectus IT.

The mission of Intelligent Living is to build the Digital Health and Wellness Company of the 21st Century. Within this mission we consider mind, body, soul, and a person's digital life to be all connected in our value chain; therefore we offer products and services that will take care of the whole mind/body ecosystem, improving a person's quality and function of daily living over a span of many years.

Our consolidated financial statements for the three months ended March 31, 2014 and 2013 reflect net losses of \$5,195,998 and \$134,905, respectively. Revenues were \$32,267 and \$40,312, which was included in discontinued operations, for the three months ended March 31, 2014 and, 2013, respectively. Included in our net loss are various non-cash expenses related to the change in the balance of the derivative liability related to our convertible debt, depreciation and amortization expense, and other stock based expenses.

Plan of Operation

The focus of our operating areas are: Mobile and Gaming, Wellness Products and Services and Healthcare and IT Cloud Services. Our cooperative development agreement with Monster Arts Inc. (APPZ) has resulted in the release of several health and wellness mobile applications and more releases in both health and wellness and gaming are scheduled for 2014. During the first quarter of 2014, we acquired Health and Beyond LLC. This acquisition and the February launch of the DrLarryDirect.com website has resulted in our first significant reporting of revenues from the Intelligent Living family of companies since inception and we expect it to continue to provide increasing revenue growth throughout the year as we continue to introduce new all natural products aimed at achieving optimal health and wellness along with the recently announced CBD product line called Serene of which sales should begin during June of 2014. On April 28, 2014, Intelligent Living announced the acquisition of not only Venturian Group, but also A-1 Perfect Solutions as part of the creation of its Provectus, LLC wholly owned subsidiary. This subsidiary will provide our entry into the Healthcare and IT Cloud services segment of our business and along with the launch of our Intelligent EMR program will provide significant and immediate revenue and income improvements from the combination of these complimentary companies into one robust, full service Managed IT and Private Cloud services

company that will expand our market presence within the eHealth and Wellness markets.

In order to fully implement our business plan, we will require additional debt or equity financing. Currently, we have no current financing in place and there can be no assurance that we will obtain additional financing on terms acceptable to the Company.

Revenues

For the three months, ended March 31, 2014, revenues decreased \$8,045, from the three months ended March 31, 2013. The decrease in fiscal 2014 net sales from fiscal 2013 is due to our exit from the Feel Golf business in April, 2013. Revenue for the three months ended March 31, 2014 was derived from our Health & Beyond subsidiary. Prior year revenue relates to the former Feel Golf business segment.

Cost of Sales and Gross Profit

For the three months ended March 31, 2014, our costs of sales decreased \$9,193, or 39%, from the same period in 2013. For the three months, ended March 31, 2014, overall gross profit decreased \$1,148 (6.8%), as compared to the same three-month period in 2013.

Operating Expenses

For the three months ended March 31, 2014, our overall operating expenses increased by \$486,523, or 455%. For the three months ended March 31, 2014 and 2013 operating expenses consisted of the following:

	Fiscal Q1 2014	Fiscal Q1 2013
Occupancy	\$ 3,198	\$ 5,670
Employee compensation	146,715	38,334
Professional fees	108,032	31,212
Internet/Phone	9,690	-
Travel/Entertainment	8,256	-
Premium expense	110,000	-
Advertising/Marketing	5,546	582
Depreciation	-	21,310
Amortization	181,790	-
Other	18,335	9,624
	\$ 591,562	\$ 106,732

For the three months ended March 31, 2014, Occupancy expense decreased to \$3,198 as compared to \$5,670. Occupancy expense is lower due to the exit of the Feel Golf business segment in fiscal 2013.

Edgar Filing: Intelligent Living Inc. - Form 10-Q

For the three months ended March 31, 2014 Employee compensation expense increased to \$146,715 as compared to \$38,334, an increase of \$108,381. The increase is due to higher headcount in the current fiscal period as compared to the prior year.

For the three months ended March 31, 2014 Professional fee expense increased to \$108,032, as compared to \$31,212, an increase of \$76,820. The increase is due to increased M&A expense and related activity in the current year.

For the three months ended March 31, 2014 Internet and phone expense increased to \$9,690, as compared to \$0.

For the three months ended March 31, 2014 travel and entertainment expense increased to \$8,256, as compared to \$0. The increase is due to increased M&A activity in the current year.

For the three months ended March 31, 2014 Premium expense increased to \$110,000, as compared to \$0. The increase is due to the convertible debt transactions in the current year. There were no similar transactions in the prior year.

For the three months ended March 31, 2014 Advertising and marketing expense increased to \$5,546, as compared to \$582.

For the three months ended March 31, 2014 Depreciation expense decreased to \$0, as compared to \$21,310, due to the exit of the Feel Golf business segment in fiscal 2013.

Edgar Filing: Intelligent Living Inc. - Form 10-Q

For the three months ended March 31, 2014 Amortization expense increased to \$181,790, as compared to \$0, due to the amortization of intangible assets in the current fiscal year.

For the three months ended March 31, 2014 Other expense increased to \$18,335, as compared to \$9,624, or an increase of \$8,711.

Loss From Operations

We reported a loss from operations of \$574,998 for the three months ended March 31, 2014 as compared to a loss from operations of \$89,748 for the three months ended March 31, 2013, an increase of \$420,450 or approximately 468%.

Other Income (Expenses)

Interest expense. For the three months ended March 31, 2014, interest expense amounted to \$40,335 as compared to \$31,879 for the three months ended March 31, 2013, an increase of \$8,456, or 26.5%. The increase in interest expense is primarily attributable to higher amortization of debt discount, and the increase in borrowings and certain interest bearing liabilities.

Gain on change of fair value of derivative liability. For the three months ended March 31, 2014 we incurred an increase in the value of the derivative liability of \$4,580,666. We had no similar liability for the three months ended March 31, 2013.

Net Loss

For the three months ended March 31, 2014, our net loss was \$5,195,998, an increase of \$4,996,293 over the three months ended March 31, 2013.

Discontinued operations

In fiscal 2013 we exited the Feel Golf business segment, in order to focus on creating a bridge between technology, product branding and social networking in a cloud based environment.

LIQUIDITY AND CAPITAL RESOURCES

Liquidity is the ability of a company to generate funds to support its current and future operations, satisfy its obligations and otherwise operate on an ongoing basis.

We had cash of \$10,122 as of March 31, 2014 as compared to cash of \$85,695 as of December 31, 2013. Net cash used in operating activities for three months ended March 31, 2014 and 2013 was \$73,273 and \$27,945 respectively.

At the present level of business activity, our ongoing monthly gross operating cash disbursements are expected to average approximately \$45,000. As of March 31, 2014, we had a working capital deficit of \$6,804,090.

Off-balance Sheet Arrangements

We have no off-balance sheet arrangements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Smaller reporting companies are not required to provide the information required by this item.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms. Disclosure and control procedures are also designed to ensure that such information is accumulated and communicated to management, including the chief executive officer and principal accounting officer, to allow timely decisions regarding required disclosures. As of the end of the period covered by this quarterly report, we carried out an evaluation, under the supervision and with the participation of management, including our chief executive officer and principal accounting officer, of the effectiveness of the design and operation of our disclosure controls and procedures. In designing and evaluating the disclosure controls and procedures, management recognizes that there are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their desired control objectives. Additionally, in evaluating and implementing possible controls and procedures, management is required to apply its reasonable judgment. Based on the evaluation described above, our management, including our principal executive officer and principal accounting officer, have concluded that, as of March 31, 2014, our disclosure controls and procedures were not effective due to a lack of adequate segregation of duties.

Remediation of Material Weaknesses in Internal Control over Financial Reporting

In order to remedy our existing internal control deficiencies, and as our finances allow, we will hire additional accounting staff.

Changes in Internal Control over Financial Reporting

Management has evaluated whether any changes in our internal control over financial reporting as of March 31, 2014 were made. Based on its evaluation, management, including the chief executive officer and principal accounting officer, has concluded that there has been no change in our internal control over financial reporting during the period covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
