PROPOSAL THREE:

APPROVAL OF THE AMENDMENT OF 2007 EQUITY INCENTIVE PLAN TO INCREASE THE MAXIMUM NUMBER OF SHARES OF COMMON STOCK OF THE COMPANY THAT MAY BE ISSUED AND SOLD

On June 2, 2010, the Board of Directors approved the amendment and restatement of the 2007 Network CN Inc. Equity Incentive Plan (the “Amended 2007 Plan”), with the only change being to increase the maximum number of shares of common stock of the Company, par value \$0.001 per share that may be issued and sold under the 2007 Plan from 7,500,000 to 107,000,000, and recommended approval of the amendment by the Stockholders in accordance with the 2007 Plan. The Board of Directors believes that such arrangements will be instrumental for us to be able to continue to attract and retain outstanding employees. The Amended 2007 Plan was approved pursuant to the Written Consent. A copy of the Amended 2007 Plan is attached as Exhibit A to this Information Statement.

Reason for Amendment

The Company has already issued the maximum amount of shares of common stock issuable under the current 2007 Plan. During July 2009, the Board of Directors approved the issuance of 36,997,260 shares in excess of the number of shares of common stock available for issuance under 2007 Plan, and in accordance with the 2007 Plan, the Company is required to seek stockholder approval within twelve months after the date of such excess grant. The Board of

Directors has no immediate plans to issue additional shares under the 2007 Plan, however, the Board of Directors believes that increasing the maximum number of shares of common stock that may be issued under the Plan will be instrumental for us to continue to attract and retain outstanding employees.

Summary of the Amended 2007 Plan

Purpose. The purpose of the Amended 2007 Plan is to promote the interests of the Company, by providing eligible persons employed by or serving the Company or any subsidiary or parent with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in the Company as an incentive for them to continue in such employ or service.

Table of Contents

Administration of the Plan. The Amended 2007 Plan may be administered by either the Board of Directors or, at the discretion of the Board, a committee of the Board (the “Administrator”). The Administrator has broad discretion and authority in administering the Amended 2007 Plan, including the right to reduce the exercise price of any option, or to accelerate vesting.

Types of Awards. The Administrator may authorize the following types of awards under the Amended 2007 Plan: (1) the grant of “incentive” stock options which are options intended to satisfy the requirements of Section 422 of the Internal Revenue Code of 1986, as amended (“ISOs”); and (2) the grant of options which do not meet those requirements (“Non-Qualified Options”).

Eligible Participants. All employees, directors, consultants and advisors of the Company and any of its subsidiaries are eligible to receive awards under the Amended 2007 Plan.

Shares Subject to the Plan. We may issue up to 107,000,000 shares of our Common Stock pursuant to the Amended 2007 Plan. Any share subject to an option that terminates or expires without being exercised becomes available for future awards under the Amended 2007 Plan. No eligible person shall be granted options during any twelve-month period covering shares of common stock with the aggregate fair market value of more than \$100,000.

Terms and Conditions of Options. The exercise price of any option, may not be less than the fair market value of the Common Stock on the date of grant (110% of the fair market value for options granted to 10% stockholders). No option may be exercised more than 10 years after the date of grant (five years with respect to options granted to 10% stockholders). No option may be transferred or assigned without the consent of the Administrator except by will or the laws of descent and distribution. The exercise price of options may be paid in cash or, with the consent of the Administrator, by a full recourse promissory note, delivery of other shares of Common Stock (including shares acquired upon exercise of the related options), or by cashless exercise, to the extent and subject to applicable regulations.

Amendments to the Plan. The Board may amend, alter, suspend or discontinue the Plan at any time. No amendment, alteration, suspension or discontinuance requires stockholder approval unless such approval is required to preserve incentive stock option treatment for federal income tax purposes or the Board otherwise concludes that stockholder approval is advisable or required by law.

Termination of the Plan. The Plan shall terminate upon the earlier of (1) the expiration of the ten year period measured from the date the Plan is adopted by the Board or (2) termination by the Board. All options and unvested stock issuances outstanding at the time of the termination of the Plan shall continue in effect in accordance with the provisions of the documents evidencing those options or issuances.

Certain U.S. Federal Tax Consequences

The following is a brief summary of the principal federal income tax consequences of awards under the Amended 2007 Plan based on applicable provisions of the Internal Revenue Code and Treasury Regulations now in effect.

General. A recipient of an award of options under the Amended 2007 Plan realizes no taxable income at the time of grant.

Incentive Stock Options. The holder of an ISO does not recognize taxable income upon exercise of the ISO. In order to retain this tax benefit, the holder must make no disposition of the shares so received for at least one year from the date of exercise and at least two years from the grant of the ISO. Assuming compliance with this and other applicable tax provisions, the holder will realize long-term capital gain or loss when he or she disposes of the shares, measured

by the difference between the exercise price and the amount received for the shares at the time of disposition. If a holder disposes of shares acquired by exercise of an ISO before the expiration of the above-noted periods, the gain arising from such disqualifying disposition will be taxable as ordinary income in the year of disposition to the extent that the lesser of (i) the fair market value of the shares on the date the ISO was exercised or (ii) the amount realized upon such disposition exceeds the exercise price. Any amount realized in excess of the fair market value on the date of exercise is treated as long-term or short-term capital gain, depending upon the holding period of the shares. If the amount realized upon such disposition is less than the exercise price, the loss will be treated as long-term or short-term capital loss, depending upon the holding period of the shares.

For purposes of the alternative minimum tax, the holder will recognize as an addition to his or her tax base, upon the exercise of an ISO, an amount equal to the excess of the fair market value of the shares at the time of exercise over the exercise price. If the holder makes a disqualifying disposition in the year of exercise, the holder will recognize taxable income for purposes of the regular income tax and the holder's alternative minimum tax base will not be additionally increased.

Table of Contents

Nonqualified Options. The holder of a Non-Qualified Option recognizes ordinary income at the time of the exercise in an amount equal to the excess of the fair market value of the shares on the date of exercise over the exercise price. This taxable income is subject to payroll tax withholding if the holder is an employee. When a holder disposes of shares acquired upon the exercise of a Non-Qualified Option, any amount received in excess of the fair market value of the shares on the date of exercise will be treated as long-term or short-term capital gain, depending upon the holding period of the shares, and if the amount received is less than the fair market value of the shares on the date of exercise, the loss will be treated as long-term or short-term capital loss, depending upon the holding period of the shares.

Deduction to the Company. The Company will be entitled to a deduction for federal income tax purposes at the same time and in the same amount as the recipient of an award is considered to have realized ordinary income as a result of the award, assuming that the limitation under Section 162(m) of the Internal Revenue Code is not applicable.

Outstanding Awards

The following table sets forth information regarding grants of awards to our Named Executives during the year ended December 31, 2009:

Name	Grant Date	All Other Stock Awards: Number of Shares of Stock or Units (#)	All Other Option Awards: Number of Securities Underlying Options (#) (1)	Exercise or Base Price of Option Awards (\$/share)	Grant Date Fair Value of Stock and Options Awards	Closing Price on Grant Date (\$/share)
Earnest Leung	July 15, 2009	30,000,000	-	-	-	900,000
Godfrey Hui	July 15, 2009	10,000,000	-	-	-	300,000
Jennifer Fu	July 15, 2009	1,000,000	-	-	-	30,000
Daley Mok	-	-	-	-	-	-

As described elsewhere herein, in July 2009, three of our Named Executives were granted certain shares of the Company's common stock for their first two years of service to the Company. Other than the foregoing, no other stock awards were granted to the Company's Named Executives during fiscal year 2009.

INTEREST OF CERTAIN PERSONS IN OR OPPOSITION TO MATTERS TO BE ACTED UPON

Except to the extent that our officers and directors will benefit from the receipt of grants under the Amended Plan, no person who has been our officer or director since January 1, 2009, or to our knowledge, any of their associates, has any substantial interest, direct or indirect, by security holdings or otherwise in any matter to be acted upon. None of our directors opposed the actions to be taken by the Company.

BOARD OF DIRECTORS MEETINGS AND COMMITTEES

The Board of Directors is presently composed of four (4) members: Earnest Leung, Godfrey Hui, Ronald Lee, and Gerald Godfrey. Dr. Leung serves as Chairperson of the Board of Directors.

Corporate Governance

Ronald Lee and Gerald Godfrey each serves on our Board of Directors as an “independent director” as defined by Rule 4200(a)(15) of the Marketplace Rules of The Nasdaq Stock Market, Inc., or the “Nasdaq Marketplace Rules”. The Board of Directors has determined that Mr. Lee possesses the accounting or related financial management experience that qualifies him as financially sophisticated within the meaning of Rule 4350(d)(2)(A) of the Nasdaq Marketplace Rules and that he is an “audit committee financial expert” as defined by the rules and regulations of the Securities Exchange Commission (the “SEC”).

Table of Contents

Our Board of Directors currently has three standing committees which perform various duties on behalf of and report to the Board of Directors: (i) audit committee, (ii) remuneration committee and (iii) nominating committee. From time to time, the Board of Directors may establish other committees. Each of the three standing committees is comprised entirely of independent directors as follows:

Name of Director	Audit	Nominating	Remuneration
Ronald Lee	M	C	M
Gerald Godfrey			C
Peter Mak**	C	M	

C = Chairperson

M = Member

** On December 31, 2009, Mr. Peter Mak resigned from the Board of Directors of the Company, effective immediately. Mr. Peter Mak's resignation was not because of any disagreement with the Company on any matter relating to the Company's operations, policies or practices.

The Board of Directors has adopted a written charter for each of these committees, copies of which can be found on our website at www.ncnmedia.com.

Audit Committee

Our Audit Committee currently consists of one member only: Ronald Lee, who is "independent" as that term is defined under the Nasdaq Marketplace Rules, as currently in effect. In addition, the Board of Directors has determined that Mr. Lee is an "audit committee financial expert" as defined by SEC rules. Mr. Lee is a qualified accountant with many years of finance and audit experience.

The Audit Committee (i) oversees our accounting, financial reporting and audit processes; (ii) appoints, determines the compensation of, and oversees, the independent auditors; (iii) pre-approves audit and non-audit services provided by the independent auditors; (iv) reviews the results and scope of audit and other services provided by the independent auditors; (v) reviews the accounting principles and practices and procedures used in preparing our financial statements; and (vi) reviews our internal controls.

The Audit Committee works closely with management and our independent auditors. The Audit Committee also meets with our independent auditors without members of management present, on a quarterly basis, following completion of our auditors' quarterly reviews and annual audit, to review the results of their work. The Audit Committee also meets with our independent auditors to approve the annual scope and fees for the audit services to be performed.

Remuneration Committee

Our Remuneration Committee consists of two members: Ronald Lee and Gerald Godfrey, each of whom is "independent" as that term is defined under the Nasdaq Marketplace Rules, as currently in effect. Mr. Godfrey serves as the chairperson of the Remuneration Committee.

The Remuneration Committee (i) oversees and makes general recommendations to the Board of Directors regarding our compensation and benefits policies; (ii) oversees, evaluates and approves cash and stock compensation plans, policies and programs for our executive officers; and (iii) oversees and sets compensation for the Board of Directors.

Our Chief Executive Officer may not be present at any meeting of our compensation committee during which his compensation is deliberated.

Nominating Committee

Our Nominating Committee currently consists of one member only: Ronald Lee who is “independent” as that term is defined under the Nasdaq Marketplace Rules, as currently in effect. Mr. Ronald serves as the chairperson of the Nominating Committee.

Table of Contents

The Nominating Committee (i) considers and periodically reports on matters relating to the identification, selection and qualification of the Board of Directors and candidates nominated to the Board of Directors and its committees; (ii) develops and recommends governance principles applicable to the Company; and (iii) oversees the evaluation of the Board of Directors and management from a corporate governance perspective.

Although our bylaws do not contain provisions which specifically address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at our annual meeting of stockholders, the Nominating Committee will consider director candidates recommended by stockholders. In evaluating candidates submitted by stockholders, the Nominating Committee will consider (in addition to the criteria applicable to all director candidates described below) the needs of the Board of Directors and the qualifications of the candidate, and may also take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held.

The Nominating Committee does not have any formal criteria for director nominees; however, it believes that director nominees should have certain minimum qualifications, including the highest personal and professional integrity and values, an inquiring and independent mind, practical wisdom and mature judgment. In evaluating director nominees, the Nominating Committee also considers an individual's skills, character, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria that may contribute to our success. This evaluation is performed in light of the skill set and other characteristics that would most complement those of the current directors, including the diversity, maturity, skills and experience of the Board of Directors as a whole, with the objective of recommending a group of persons that can best implement our business plan, develop our business and represent stockholder interests.

Board Meetings and Committees; Annual Meeting Attendance

During fiscal year 2009, the Board of Directors held seven (7) meetings and acted by written consent two (2) times. The number of meetings held by the three standing committees during fiscal 2009 was as follows:

Committee	No. of meetings
Audit Committee	3

Nominating Committee	-

All of our directors, except Gerd Jakob, Ronglie Xu and Gerald Godfrey, attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the committees on which they served during fiscal 2009. The Company does not have a policy on director attendance at the Company's annual meetings of stockholders. In 2009, 3 directors then serving on the Board attended the Company's 2009 Annual Meeting of Stockholders.

Communications with the Board of Directors

Although we do not have a formal policy regarding communications with the Board of Directors, stockholders may communicate with the Board of Directors by submitting an email to info@ncnmedia.com or by writing to us at Network CN Inc., Attention: Investor Relations, Suite 3908, Shell Tower, Times Square, 1 Matheson Street, Causeway Bay, Hong Kong. Compensation Discussion and Analysis

Overview

Our Board of Directors determines executive compensation. The Company's executive compensation program is generally designed to align the interests of executives with the interests of stockholders and to reward executives for achieving the Company's objectives. The executive compensation program is also designed to attract and retain the services of qualified executives.

In determining executive compensation, our Board of Directors considers the recommendations of its Remuneration Committee which bases its recommendations on input from the Chief Executive Officer, the officers' current compensation, changes in cost of living, our financial condition, our operating results and individual performance.

Executive compensation generally consists of base salary, bonuses and long-term incentive equity compensation such as stock grants or additional options to purchase shares of the Company's common stock as well as various health and welfare benefits. The Board of Directors has determined that both the base salary and long-term incentive equity compensation should be the principal component of executive compensation. The Board of Directors has not adopted a formal bonus plan, and all bonuses are discretionary.

Elements of Compensation

The executive compensation for (i) the Company's Chief Executive Officer and Chief Financial Officer and (ii) the Company's compensated executive officer who were serving as executive officers (collectively "Named Executives") for fiscal year 2009 primarily consisted of base salary, long term incentive equity compensation, income tax reimbursement, and other compensation and benefit programs generally available to other employees.

Base Salary. The Board establishes base salaries for the Company's Named Executives based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies in the Company's peer group for similar positions. Generally, the Board believes that executive base salaries should be targeted near the median of the range of salaries for executives in similar positions and with similar responsibilities at comparable companies in line with our compensation philosophy.

Base salaries are reviewed annually, and may be adjusted to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

Bonuses. Bonuses are intended to compensate the Named Executives for achieving the Company's financial performance and other objectives established by the Board each year. The Board currently does not adopt a formal bonus plan and all bonuses are discretionary.

Long-Term Incentive Equity Compensation. The Board believes that stock-based awards promote the long-term growth and profitability of the Company by providing executive officers with incentives to improve stockholder value and contribute to the success of the Company and by enabling the Company to attract, retain and reward the best available persons for executive officer positions. The Named Executives were eligible to receive certain number of shares of common stock of the Company. On July 15, 2009, the Company agreed to grant certain number of shares of common stock of the Company to each of Earnest Leung, Godfrey Hui and Jennifer Fu in the following amounts: Dr. Leung : 30,000,000 shares; Mr. Hui: 10,000,000 shares and Ms Fu: 1,000,000 shares for their first two years service to the Company. The Company cannot currently determine the number or type of additional awards that may be granted to eligible participants under the long-term incentive equity compensation plan in the future. Such determination will be made from time to time by the Remuneration Committee or Board of Directors.

NETWORK CN INC.

AMENDED AND RESTATED 2007 EQUITY INCENTIVE PLAN

ARTICLE ONE

GENERAL PROVISIONS

1.1 PURPOSE OF THE PLAN

This Plan is intended to promote the interests of Network CN Inc. (the “Corporation”), by providing eligible persons employed by or serving the Corporation or any Subsidiary or Parent with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in the Corporation as an incentive for them to continue in such employ or service.

Capitalized terms herein shall have the meanings assigned to such terms in the attached Appendix.

1.2 STRUCTURE OF THE PLAN

1.2.1 The Plan shall be divided into two separate equity programs:

- (a) the Option Grant Program under which eligible persons may, at the discretion of the Plan Administrator, be granted options to purchase shares of Common Stock, and
- (b) the Stock Issuance Program under which eligible persons may, at the discretion of the Plan Administrator, be issued shares of Common Stock directly, either through the immediate purchase of such shares or as a bonus for services rendered the Corporation (or any Parent or Subsidiary).

1.2.2 The provisions of Articles One and Four shall apply to both equity programs under the Plan and shall accordingly govern the interests of all persons under the Plan.

1.3 ADMINISTRATION OF THE PLAN

1.3.1 The Board shall administer the Plan. However, any or all administrative functions otherwise exercisable by the Board may be delegated to a Committee. Members of the Committee shall serve for such period of time as the Board may determine and shall be subject to removal by the Board at any time. The Board may also at any time terminate the functions of the Committee and reassume all powers and authority previously delegated to the Committee. The initial Committee and Plan Administrator shall be the Chief Executive Officer of the Corporation; provided that he/she remains a director of the Corporation.

1.3.2 The Plan Administrator shall have full power and authority (subject to the provisions of the Plan) to establish such rules and procedures as it may deem appropriate for proper administration of the Plan and to make such determinations under, and issue such interpretations of, the Plan and any outstanding options or stock issued under the Plan as it may deem necessary or advisable. Decisions of the Plan Administrator shall be final and binding on all parties who have an interest in the Plan or any option grant or stock issued under the Plan.

1.3.3 The Plan Administrator shall have full authority to determine, (1) with respect to the grants made under the Option Grant Program, which eligible persons are to receive such grants, the time or times when those grants are to be made, the number of shares to be covered by each such grant, the status of the granted option as either an Incentive Option or a Non-Statutory Option, the time or times when each option is to become exercisable, the vesting schedule (if any) applicable to the option shares and the maximum term for which the option is to remain outstanding, and (2) with respect to stock issuances made under the Stock Issuance Program, which eligible persons are to receive such issuances, the time or times when those issuances are to be made, the number of shares to be issued to each Participant, the vesting schedule (if any) applicable to the issued shares and the consideration to be paid by the Participant for such shares. Each option grant or stock issuance approved by the Plan Administrator shall be evidenced by the appropriate documentation.

1.4 ELIGIBILITY

1.4.1 The persons eligible to participate in the Plan are as follows:

- (a) employees;
- (b) members of the Board and the members of the board of directors of any Parent or Subsidiary; and
- (c) independent contractors who provide services to the Corporation (or any Parent or Subsidiary).

1.5 STOCK SUBJECT TO THE PLAN

1.5.1 The shares issuable under the Plan shall be shares of authorized but unissued or reacquired shares of Common Stock. The maximum number of shares of Common Stock that may be issued and outstanding or subject to options outstanding under the Plan shall not exceed One hundred and Seven Million (107,000,000) shares.

1.5.2 Shares of Common Stock subject to outstanding options shall be available for subsequent issuance under the Plan to the extent (1) the options expire or terminate for any reason prior to exercise in full or (2) the options are cancelled in accordance with the cancellation and re-grant provisions of Article Two. Unvested Shares issued under the Plan and subsequently repurchased by the Corporation, at a price per share not greater than the option exercise or direct issue price paid per share, pursuant to the Corporation's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for reissuance through one or more subsequent option grants or direct stock issuances under the Plan.

1.5.3 Should any change be made to the Common Stock by reason of any stock split, stock dividend, reverse stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration, appropriate adjustments shall be made to (1) the maximum number and/or class of securities issuable under the Plan and (2) the number and/or class of securities and the exercise price per share in effect under each outstanding option in order to prevent the dilution or enlargement of benefits thereunder. The adjustments determined by the Plan Administrator shall be final and binding. In no event shall any such adjustments be made in connection with the conversion of one or more outstanding shares of the Corporation's preferred stock into shares of Common Stock.

1.5.4 The grant of options or the issuance of shares of Common Stock under the Plan shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

ARTICLE TWO

OPTION GRANT PROGRAM

2.1 OPTION TERM

2.1.1 Exercise. Each option shall be in such form and shall contain such terms and conditions as the Board or Committee shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Non-Statutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. The provisions of separate Options need not be identical, but each Option shall be subject to the terms and

conditions of the Plan:

2.1.2 Exercise Price. The Plan Administrator shall fix the exercise price per share, subject to any requirements of U.S. federal and state securities laws. However, with respect to Incentive Stock Options, (a) if the option is granted to a 10% Stockholder, the exercise price per share must not be less than 110% of the Fair Market Value per share of Common Stock on the date the option is granted, and (b) if the option is granted to an Optionee who is not a 10% Stockholder, the exercise price per share shall not be less than 100% of the Fair Market Value per share of Common Stock on the date the option is granted. Notwithstanding the foregoing, options may be granted with a per share exercise price other than as required above pursuant to a merger or other corporate transaction. The exercise price shall become immediately due upon exercise of the option and shall, subject to the provisions of Section 4.1 and the documents evidencing the option, be payable in cash or check made payable to the Corporation. Should the Common Stock be registered under Section 12 of the 1934 Act at the time the option is exercised, then the exercise price (and any applicable withholding taxes) may also be paid as follows:

- (a) in shares of Common Stock held for the requisite period, if any, necessary to avoid a charge to the Corporation's earnings for financial reporting purposes and valued at Fair Market Value on the Exercise Date, or
- (b) to the extent the option is exercised for Vested Shares, through a special sale and remittance procedure pursuant to which the Optionee shall concurrently provide irrevocable instructions (i) to a Corporation-designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable income and employment taxes required to be withheld by the Corporation by reason of such exercise and (ii) to the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

2.1.3 Exercise and Term of Options Each option shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the option grant. However, no Incentive Stock Option shall have a term in excess of ten years measured from the option grant date.

2.1.4

Effect of Termination of Service.

- (a) The following provisions shall govern the exercise of any options granted to the Optionee that remain outstanding at the time the Optionee's Service ceases:
 - (i) Should the Optionee cease to remain in Service for any reason other than death, Disability or Misconduct, then each option shall be exercisable for the number of shares subject to the option that were Vested Shares at the time the Optionee's Service ceased and shall remain exercisable until the close of business on the earlier of (i) the three month anniversary of the date Optionee's Service ceased or (ii) the expiration date of the option.
 - (ii) Should the Optionee cease to remain in Service by reason of death or Disability, then each option shall be exercisable for the number of shares subject to the option which were Vested Shares at the time of the Optionee's Service ceased and shall remain exercisable until the close of business on the earlier of (i) the twelve month anniversary of the date Optionee's Service ceased or (ii) expiration date of the option.
 - (iii) No additional vesting will occur after the date the Optionee's Service ceases, and the option shall immediately terminate with respect to the Unvested Shares. Upon the expiration of any post-Service exercise period or (if earlier) upon the expiration date of the term of the option, the option shall terminate with respect to the Vested Shares.
 - (iv) Should the Optionee's Service be terminated for Misconduct or should the Optionee otherwise engage in Misconduct, then each outstanding option granted to the Optionee shall terminate immediately with respect to all shares.

(b) Understanding that there may be adverse tax and accounting consequences to doing so, the Plan Administrator shall have the discretion, exercisable either at the time an option is granted or at any time while the option remains outstanding, to:

(i) extend the period of time for which the option is to remain exercisable following the Optionee's cessation of Service for such period of time as the Plan Administrator shall deem appropriate, but in no event beyond the expiration of the option, and/or

(ii) permit the option to be exercised, during the applicable post-Service exercise period, not only with respect to the number of Vested Shares for which such option is exercisable at the time of the Optionee's cessation of Service but also with respect to one or more additional installments in which the Optionee would have vested under the option had the Optionee continued in Service.

2.1.5 Stockholder Rights. The holder of an option shall have no stockholder rights with respect to the shares subject to the option until such person shall have exercised the option, paid the exercise price and become the recordholder of the purchased shares.

2.1.6 Unvested Shares. The Plan Administrator shall have the discretion to grant options that are exercisable for Unvested Shares. Should the Optionee's Service cease while the shares issued upon the early exercise of the Optionee's option are still unvested, the Corporation shall have the right to repurchase, any or all of those Unvested Shares at the lower of (1) the exercise price paid per share, or (2) the Fair Market Value per share on the date the Optionee's Service ceased. Once the Corporation exercises its repurchase right, the Optionee shall have no further stockholder rights with respect to those shares. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right. Any such repurchase must be made in accordance with applicable corporate law. The Plan Administrator may set the vesting schedule, subject to applicable U.S. federal and state securities laws.

2.1.7 Limited Transferability of Options. An Incentive Option shall be exercisable only by the Optionee during his or her lifetime and shall not be assignable or transferable other than by will or by the laws of inheritance following the Optionee's death. A Non-Statutory Option may be assigned in whole or in part during the Optionee's lifetime to one or more members of the Optionee's family (as defined in Rule 701 promulgated by the Securities and Exchange Commission) or to a trust established exclusively for one or more such family members or to the Optionee's former spouse, to the extent such assignment is in connection with the Optionee's estate plan or pursuant to a domestic relations order. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate.

2.2

INCENTIVE OPTIONS

The terms specified below shall be applicable to all Incentive Options. Except as modified by the provisions of this Section 2.2, all the provisions of Articles One, Two and Four shall be applicable to Incentive Options. Options that are specifically designated as Non-Statutory Options shall not be subject to the terms of this Section 2.2.

2.2.1 Eligibility. Incentive Options may only be granted to Employees.

2.2.2 Dollar Limitation. The aggregate Fair Market Value of the shares of Common Stock (determined as of the respective date or dates of grant) for which one or more options granted to any Employee under the Plan (or any other option plan of the Corporation or any Parent or Subsidiary) may for the first time become exercisable as

Incentive Options during any one calendar year shall not exceed \$100,000.

2.2.3 Term of Option Granted to a 10% Stockholder. If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the option term shall not exceed five years measured from the date the option is granted.

2.3

CHANGE IN CONTROL

- 2.3.1 The shares subject to each option outstanding under the Plan at the time of a Change in Control shall automatically become Vested Shares, and each such option shall, immediately prior to the effective date of the Change in Control, become exercisable for all of the shares of Common Stock at the time subject to that option. However, the shares subject to an outstanding option shall not become Vested Shares on an accelerated basis if and to the extent: (1) such option is assumed by the successor corporation (or parent thereof) or otherwise continued in full force and effect pursuant to the terms of the Change in Control transaction or (2) such option is to be replaced with a cash incentive program of the Corporation or any successor corporation which preserves the spread existing on the Unvested Shares at the time of the Change in Control and provides for subsequent payout of that spread no later than the time the Optionee would vest in those Unvested Shares or (3) the acceleration of such option is subject to other limitations imposed by the Plan Administrator.
- 2.3.2 All outstanding repurchase rights under the Option Grant Program shall also terminate automatically, and the shares of Common Stock subject to those terminated rights shall immediately become Vested Shares, in the event of any Change in Control, except to the extent: (1) those repurchase rights are assigned to the successor corporation (or parent thereof) or otherwise continued in effect pursuant to the terms of the Change in Control transaction, (2) the property (including cash payments) issued with respect to Unvested Shares is to be held in escrow and released in accordance with the vesting schedule in effect for the Unvested Shares pursuant to the Change in Control transaction or (3) such accelerated vesting is precluded by other limitations imposed by the Plan Administrator.
- 2.3.3 Immediately following the consummation of the Change in Control, all outstanding options shall terminate, except to the extent assumed by the successor corporation (or parent thereof) or otherwise continued in effect pursuant to the terms of the Change in Control transaction.
- 2.3.4 Each option that is assumed in connection with a Change in Control or otherwise continued in effect shall be appropriately adjusted, immediately after such Change in Control, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Change in Control, had the option been exercised immediately prior to such Change in Control. Appropriate adjustments shall also be made to (1) the number and class of securities available for issuance under the Plan following the consummation of such Change in Control and (2) the exercise price payable per share under each outstanding option, provided the aggregate exercise price payable for such securities shall remain the same. To the extent the holders of the Common Stock receive cash consideration for their Common Stock in consummation of the Change in Control, the successor corporation may, in connection with the assumption of the outstanding options under this Plan, substitute one or more shares of its own common stock with a fair market value equivalent to the cash consideration paid per share of Common Stock in such Change in Control.
- 2.3.5 The Plan Administrator shall have the discretion, exercisable either at the time the option is granted or at any time while the option remains outstanding, to structure one or more options so that the option shall become immediately exercisable and some or all of the shares subject to those options shall automatically become Vested Shares (and some or all of the repurchase rights of the Corporation with respect to the Unvested Shares subject to those options shall immediately terminate) upon the occurrence of a Change in Control or another specified event, or the Optionee's Involuntary Termination within a designated period following a specified event.
- 2.3.6 In addition, the Plan Administrator may provide that one or more of the Corporation's outstanding repurchase rights with respect to some or all of the shares held by the Optionee at the time of a Change in Control or other specified event, or the Optionee's Involuntary Termination following a specified event, shall immediately

terminate on an accelerated basis, and the shares subject to those terminated rights shall become Vested Shares at that time.

2.3.7 The portion of any Incentive Option accelerated in connection with a Change in Control shall remain exercisable as an Incentive Option only to the extent the applicable \$100,000 limitation set forth in Section 2.2.2 is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such option shall be exercisable as a Non-Statutory Option under the federal tax laws.

2.4 CANCELLATION AND RE-GRANT OF OPTIONS

The Plan Administrator shall have the authority to effect, at any time and from time to time, with the consent of the affected option holders, the cancellation of any or all outstanding options under the Plan and to grant in substitution therefor new options covering the same or different number of shares of Common Stock.

ARTICLE THREE

STOCK ISSUANCE PROGRAM

3.1 OPTION TERM

3.1.1 Stock Awards. Each stock bonus agreement and restricted stock purchase agreement shall be in such form and shall contain such terms and conditions as the Board or Committee shall deem appropriate. The term and conditions as the Board shall deem appropriate. The terms and conditions of such stock bonus and restricted stock purchase agreements may change from time to time, and the terms and conditions of separate stock bonus or restricted stock purchase agreements need not be identical, but each stock bonus and restricted stock purchase agreement shall be subject to the terms and conditions of the Plan.

3.1.2 Purchase Price.

- (a) The Plan Administrator shall fix the purchase price per share, subject to any requirements of U.S. federal and state securities laws.
- (b) Shares of Common Stock may be issued under the Stock Issuance Program for any of the following items of consideration which the Plan Administrator may deem appropriate in each individual instance:
 - (i) cash or check made payable to the Corporation,
 - (ii) past services rendered to the Corporation (or any Parent or Subsidiary), or
 - (iii) a promissory note to the extent permitted by Section 4.1.

3.1.3 Vesting Provisions.

- (a) Shares of Common Stock issued under the Stock Issuance Program may, in the discretion of the Plan Administrator, be Vested Shares or may vest in one or more installments over the Participant's period of Service or upon attainment of specified performance objectives.
- (b) Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to the Participant's Unvested Shares by reason of any stock dividend, stock split, reverse stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration shall be issued subject to (a) the same vesting requirements applicable to the Participant's Unvested Shares treated as if acquired on the same date as the Unvested Shares and (b) such escrow arrangements as the Plan Administrator shall deem appropriate.
- (c) The Participant shall have full stockholder rights with respect to any shares of Common Stock issued to the Participant under the Stock Issuance Program, whether or not the Participant's interest in those shares is vested. Accordingly, the Participant shall have the right to vote such shares and to receive any regular cash dividends paid

on such shares.

- (d) Should the Participant cease to remain in Service while holding one or more Unvested Shares issued under the Stock Issuance Program or should the performance objectives not be attained with respect to one or more such Unvested Shares, then the Corporation shall have the right to repurchase the Unvested Shares at the lower of (a) the purchase price paid per share or (b) the Fair Market Value per share on the date Participant's Service ceased or the performance objective was not attained. The terms upon which such repurchase right shall be exercisable shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right. Any repurchase must be made in compliance with applicable law.
-

(e) The Plan Administrator may in its discretion waive the surrender and cancellation of one or more Unvested Shares (or other assets attributable thereto) which would otherwise occur upon the non-completion of the vesting schedule applicable to those shares. Such waiver shall result in the immediate vesting of the Participant's interest in the shares of Common Stock as to which the waiver applies. Such waiver may be effected at any time, whether before or after the Participant's Service ceases or he or she attains the applicable performance objectives.

3.2 CHANGE IN CONTROL

3.2.1 Upon the occurrence of a Change in Control, all outstanding repurchase rights under the Stock Issuance Program shall terminate automatically, and the shares of Common Stock subject to those terminated rights shall immediately become Vested Shares, except to the extent: (1) those repurchase rights are assigned to the successor corporation (or parent thereof) or otherwise continued in effect pursuant to the terms of the Change in Control transaction, (2) the property (including cash payments) issued with respect to the Unvested Shares is held in escrow and released in accordance with the vesting schedule in effect for the Unvested Shares pursuant to the terms of the Change in Control transaction, or (3) such accelerated vesting is precluded by other limitations imposed by the Plan Administrator.

3.2.2 The Plan Administrator shall have the discretionary authority, exercisable either at the time the Unvested Shares are issued or any time while the Corporation's repurchase rights with respect to those shares remain outstanding, to provide that those rights shall automatically terminate in whole or in part on an accelerated basis, and some or all of the shares of Common Stock subject to those terminated rights shall immediately become Vested Shares, in the event of a Change of Control or other event or the Participant's Service is terminated by reason of an Involuntary Termination within a designated period following a Change in Control or any other specified event.

ARTICLE FOUR

MISCELLANEOUS

4.1 FINANCING

The Plan Administrator may permit any Optionee or Participant to pay the option exercise price under the Option Grant Program or the purchase price for shares issued under the Stock Issuance Program by delivering a full-recourse, interest bearing promissory note secured by the purchased shares. The Plan Administrator, after considering the potential adverse tax and accounting consequences, shall set the remaining terms of the note. In no event may the maximum credit available to the Optionee or Participant exceed the sum of (A) the aggregate option exercise price or purchase price payable for the purchased shares (less the par value of those shares) plus (B) any applicable income and employment tax liability incurred by the Optionee or the Participant in connection with the option exercise or share purchase.

4.2 FIRST REFUSAL RIGHTS

Upon the grant of options or shares, the Corporation may impose a right of first refusal with respect to any proposed disposition by the Optionee or Participant (or any successor in interest) of any shares of Common Stock issued under the Plan. Such right of first refusal shall be exercisable and lapse in accordance with the terms established by the Plan Administrator and set forth in the document evidencing such right.

4.3 SHARE ESCROW/LEGENDS

Unvested Shares may, in the Plan Administrator's discretion, be held in escrow by the Corporation until the Unvested Shares vest or may be issued directly to the Participant or Optionee with restrictive legends on the certificates evidencing the fact that the Participant or Optionee does not have a vested right to them.

4.4 EFFECTIVE DATE AND TERM OF PLAN

4.4.1 The Plan shall become effective when adopted by the Board, but no Incentive Stock Options granted under the Plan may be exercised until the Corporation's stockholders approve the Plan. Subject to such limitation, the Plan Administrator may grant options and issue shares under the Plan at any time after the effective date of the Plan and before the date fixed herein for termination of the Plan.

4.4.2 The Plan shall terminate upon the earlier of (1) the expiration of the ten year period measured from the date the Plan is adopted by the Board or (2) termination by the Board. All options and unvested stock issuances outstanding at the time of the termination of the Plan shall continue in effect in accordance with the provisions of the documents evidencing those options or issuances.

4.5 AMENDMENT OR TERMINATION OF THE PLAN

4.5.1 The Board shall have complete and exclusive power and authority to amend or terminate the Plan or any awards made thereunder in any or all respects. However, no such amendment or termination shall adversely affect the rights and obligations with respect to options or unvested stock issuances at the time outstanding under the Plan unless the Optionee or the Participant consents to such amendment or termination. In addition, certain amendments may require stockholder approval pursuant to applicable laws and regulations.

4.5.2 Although there may be adverse accounting consequences to doing so, options may be granted under the Option Grant Program and shares may be issued under the Stock Issuance Program which are in each instance in excess of the number of shares of Common Stock then available for issuance under the Plan, provided any excess shares actually issued under those programs shall be held in escrow until there is obtained stockholder approval of an amendment sufficiently increasing the number of shares of Common Stock available for issuance under the Plan. If such stockholder approval is not obtained within twelve months after the date the first such excess grants or issuances are made, then (1) any unexercised options granted on the basis of such excess shares shall terminate and (2) the Corporation shall promptly refund to the Optionees and the Participants the exercise or purchase price paid for any excess shares issued under the Plan and held in escrow, together with interest (at the applicable Short Term Federal Rate) for the period the shares were held in escrow, and such shares shall thereupon be automatically cancelled.

4.6 USE OF PROCEEDS

Any cash proceeds received by the Corporation from the sale of shares of Common Stock under the Plan shall be used for any corporate purpose.

4.7 WITHHOLDING

The Corporation's obligation to deliver shares of Common Stock upon the exercise of any options granted under the Plan or upon the issuance or vesting of any shares issued under the Plan shall be subject to the satisfaction of all applicable income and employment tax withholding requirements.

4.8 REGULATORY APPROVALS

The implementation of the Plan, the granting of any options under the Plan and the issuance of any shares of Common Stock (A) upon the exercise of any option or (B) under the Stock Issuance Program shall be subject to the Corporation's procurement of all approvals and permits required by regulatory authorities having jurisdiction over the

Plan, the options granted under it and the shares of Common Stock issued pursuant to it.

4.9

NO EMPLOYMENT OR SERVICE RIGHTS
