Item 1.01 Entry into a Material Definitive Agreement

On August 31, 2004, we entered into a series of agreements with Laurus Master Fund, Ltd. ("Laurus") whereby we issued to Laurus (i) a secured convertible term note ("Note") in the principal amount of \$5.5 million and (ii) a five-year

warrant ("Warrant") to purchase up to 1,600,000 shares of our common stock at a price of \$0.81 per share. Of the Note proceeds, \$4,491,000 was deposited in a restricted account as security for the total loan amount and for use by us to make acquisitions as approved by Laurus. We also agreed to pay, out of the Loan proceeds, the sum of \$214,500 to Laurus Capital Management, LLC, the manager of Laurus, and the sum of \$44,500 to Laurus as reimbursement for Laurus' legal fees and expenses incurred in connection with the transaction.

The principal amount of the Note carries an interest rate of prime plus two percent, subject to adjustment, and we must make monthly payments of at least \$22,000, commencing November 1, 2004, toward the outstanding non-restricted principal amount. This monthly payment amount will be increased proportionately if and when funds are released from the restricted account. The Note is secured by all of our assets and the assets of our U.S. subsidiary, TouchVision, Inc. and by a pledge of our stock in TouchVision, Inc.

The principal amount of the Note and accrued interest thereon is convertible into shares of our common stock at a price of \$0.72 per share, subject to anti-dilution adjustments. Under the terms of the Note, the monthly principal payment amount of approximately \$22,000.00, plus the monthly interest payment (together, the "Monthly Payment"), is payable in either cash or, if certain criteria are met, including the effectiveness of a current registration statement covering the shares of our common stock into which the Note is convertible, through the issuance of our common stock. Laurus has the option to convert the entire principal amount of the Note, together with interest thereon, into shares of our common stock, provided that such conversion does not result in Laurus beneficially owning more than 4.99% of our outstanding shares of common stock. We have agreed to register all of the shares that are issuable upon conversion of the Note or exercise of the Warrant.

We have granted Laurus a right of first refusal with respect to any debt or equity financings, and Laurus has the right to loan to us up to an additional \$2.2 million, within 270 days of closing, on the same terms and conditions as contained in the Laurus agreements pertaining to the Note and Warrant.

### Item 3.02 Unregistered Sales of Equity Securities

On August 31, 2004, we issued the Note and the Warrant described under Item 1.01 above. The issuance of these securities was made in reliance on Section 4(2) of the Securities Act as a transaction not involving any public offering. No advertising or general solicitation was employed in offering the securities, the offerings and sales were made to one entity, and we restricted transfer of the securities in accordance with the requirements of the Securities Act. The recipient of the securities represented its intention to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof, and appropriate legends were affixed to the instruments issued in such transactions.

### Item 7.01 Regulation FD Disclosure

On August 13, 2004, we filed a registration statement on Form SB-2 with the Securities & Exchange Commission, covering the resale of approximately 27 million common shares held by a number of our stockholders. We currently expect the registration statement to go effective shortly after the filing of our annual report on Form 10-KSB, which is due to be filed in late September.
